Christmas Cantata Will Be Presented Sunday

The annual Community Christmas Cantata will be presented by the combined choirs of the First Methodist and the First Baptist Churches Sunday at 7:30 p. m. in the auditorium of the Methodist Church. The cantata was originally scheduled to be held in the Baptist Church, but due to incomplete remodeling work in that church's auditorium, it has been moved to the Methodist Church.

"Born a King" by John W. Peterson is the work to be presented this year. This marks the third successive year that a cantata by Mr. Peterson has been used. Peterson, one of the nation's leading contemporary composers of religious music, writes with a distinctive style that has met with the approval of Tahoka audiences the past two years.

The forty voice choir has been rehearsing for the past two months under the direction of James Hollars, minister of music and education of the First Baptist Church. The organist for the cantata will be Mrs. Clay Bennett and Mrs. John Wells will play the piano.

Soloists will be Mrs. E. W. Patterson, P. D. Kenley, John Wells, Mrs. Bob Haney, Miss Sharon Patterson, and Mrs. Truman Johnson.

The public is cordially invited to attend.

School Program Is Next Tuesday

The Tahoka Public School annual Christmas program will be presented at 8:00 p. m. Tuesday in the North Elementary gymnasium.

Always one of the highlights of the Christmas season, nearly 400 students will participate in the event. Mrs. Joe Webb, public school music teacher, is director of the event and will be aided by teachers.

All students from the fourth, fifth and sixth grades will take part in the presentation, as well as the seventh grade girls choir, and the seventh grade girls octette, and the high school group, "The Dreamers."

The program this year will include popular Christmas songs, traditional Christmas songs and a pantomime of the Christmas Story.

Following the presentation of the popular and traditional Christmas songs, the Christmas Story will be told by both reading and singing choirs. Participating in the pantomime will be Lexi Adams as Mary; Buz Owens as Joseph; Gary Brooks, Gary Gunnells and Randy Wood, shepherds; fifth grade girls, angels; Richard White, Bill Brock and Charles Isbell, wise men.

Accompanists for the event will be Mrs. Lillian McCord and Mrs. Nan Adams.

Everyone in the area is invited to attend.

Enlarging Office Of County Clerk

Workmen this week are enlarging the county clerk's office in the court house, taking in the room formerly used by W. S. Taylor as an abstract office.

County Clerk C. W. Roberts says the enlargement became necessary because of the constantly growing number of permanent records which must be available for use.

As a result of the remodeling, the clerk's office will be rearranged for better convenience of workers and the public.

Mrs. Bill (Corene) Cathcart has been resting better the past three or four days at Tahoka Hospital, where she has been a patient for some time.

Cody Bragg was released from Tahoka Hospital Monday where he had been treated for pneumonia.

Beef Calf Show Held Saturday

Thirty beef calves were exhibited by Lynn county 4-H club boys and girls Saturday morning in the annual prelude held at Lynn County Agriculture Exhibit building.

Showmanship awards were presented Harold Bessire of O'Donnell in the senior division and Charlotte Vestal of O'Donnell in the junior division.

Ronnie Wood of O'Donnell placed second and Stanley Gill of New Home third in the senior division. Placing second and third, respectively, in the junior division were Bobby Martin of Tahoka and Mike Emerson of O'Donnell.

Large Crowd At Christmas Event

Floats, bands and other entries paraded through the streets of Tahoka Saturday before a large crowd of people who had come to town to enjoy the "Christmas In Song" parade, and to try for one of the turkeys thrown from the top of the court house by the Jaycees, or to catch gift certificates released by an airplane.

The day's event was sponsored by the Tahoka Chamber of Commerce and was made successful by the cooperation of many organizations and businessmen.

Winning trophies in the parade were three floats, all 12 of which were decorated to carry out the theme of a Christmas song. First place winner was the Brownie float, "Twas the Night Before Christmas" depicting Santa going head first down the chimney, the mama and papa in their nightcaps, the children snuggled in their beds, and even the mouse that was not stirring. Second place went to a group of teenagers sponsored by Vic Kyler and Bland Draper in a living room scene before a fireplace depicting "I'll Be Home For Christmas." Third place winner was the Pythian Sisters float of "White Christmas" that featured a member playing the song on the accordion.

The floats included those of carollers, snowmen, the Nativity scene and others. The parade was led by the Lubbock Christian College Band, which was presented an appreciation trophy, and other bands included the Tahoka High School Band and the Tahoka Junior Band, which were hosts to a coker party held for the visiting band in the Legion Hall following the parade.

Color bearers on horse back were Billy Miller, Don and David Stephens and Leah Short. Six new cars appeared in the parade, three carrying the football and basketball teams.

Winners Named In Essay Contest On "Value of Trading At Home"

Glen Riddle, son of Mr. and Mrs. A. D. Riddle and student in Tahoka High School, is the first place winner in the essay contest, "The Value of Trading At Home," sponsored by C. Edmund Finney, local photographer, and the Lynn County News.

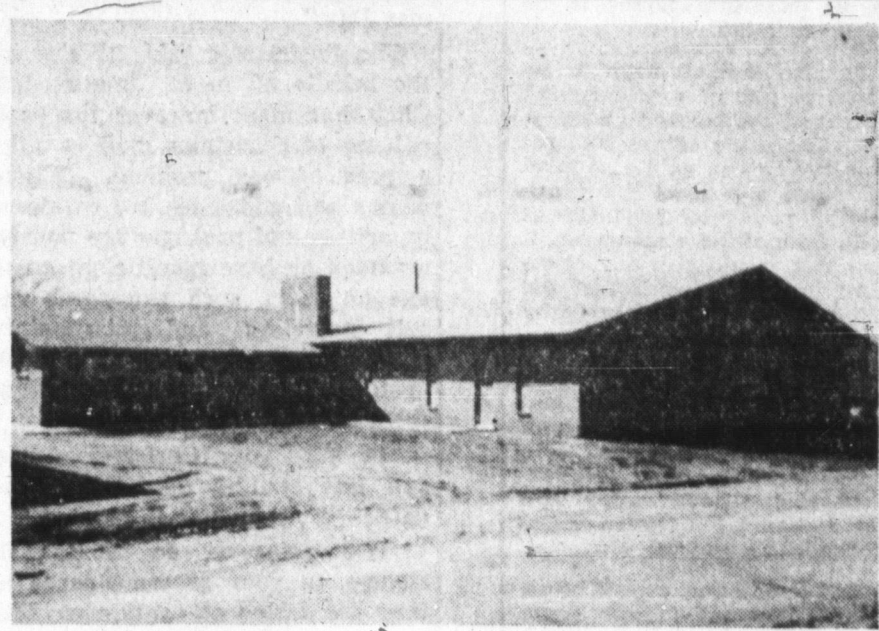

He will receive a \$17.95 Kodak Starflex camera outfit.

Second place winner is Jean Flippin, daughter of Mr. and Mrs. Welch Flippin, and third place went to Dusty Walker, son of Mr. and Mrs. Garland Walker of route 1, Wilson. Both are also students in the Tahoka schools.

Jean receives a \$12.50 Starflex camera outfit and Dusty a \$12.50 Starlet camera outfit. All three prizes include flash equipment.

Grassland Will Dedicate Church

Dr. Hardy C. Powers, general superintendent of the Church of the Nazarene, will deliver the dedication address Sunday morning when dedication services are held for the new Grassland church.

Those that composed the building committee were E. B. Gregg, B. R. McDonald, W. G. McCleskey, C. O. McCleskey and James Murray.

Members of the church did much of the work on the construction of the new sanctuary and Sunday School class rooms.

This is to be a public service, and is a dedication service of the new building.

Wallet Lost In Alaska Returned To Tahoka Address

A wallet lost in Alaska has been returned to its owner, after traveling to Tahoka and back.

Mrs. Bill Cain lost her wallet in that new state where her husband is stationed in the Army. The only identification was that of her maiden name, Miss Sue Renfro and the address within was Tahoka.

The finder mailed the wallet to Tahoka. It was received by her parents, Mr. and Mrs. Herman Renfro, who promptly mailed it to Sue in Alaska.

Brazils Expecting Call From Germany

The Woodrow Brazils expect to celebrate Christmas this Saturday—and they have a special reason.

Their son, Sp/4c Gary Brazil, stationed in Saarlouis, Germany, with the 16th Missile Detachment of the U. S. Army, expects to call them over long distance telephone that day. Gary has been in Germany a year.

Home for Christmas will be the Brazils' daughter, Mrs. Don Carlisle, and family from Seagraves.

Bragg Moves To Lubbock ASCS

Charles G. (Buddy) Bragg has been named office manager of the Lubbock County ASCS, effective Dec. 31. He succeeds Jim Whitfield, who has been made area supervisor of the Alpine area.

No successor to Bragg has been named for office manager of the Lynn County ASCS, but the county committee and area supervisor are in the process of selecting a man for the local position.

Bragg has been manager of the local ASCS for about three years, coming here in November, 1959. He was born and raised on a Lynn county farm and graduated from Tahoka High School. He attended Texas Tech for two years, served in the Army Signal Corps from 1948 to 1954, and trained as an office manager in this county for eight months during 1956-'57 under Dee Green. He went to Hutchinson county as office manager in 1957, where he stayed three years. In addition, he attended night school in Borger and later again attended Texas Tech.

He and his wife, Anita, have two daughters, Sandra, 12 years of age, and Carol, nine. His family plans to stay in Tahoka until school is out in the spring.

During his youth, as a student in Tahoka High School where he was president of the Student Council, and during his three years as office manager, Bragg has become a highly respected county leader. He has been active in civic affairs and has backed many organizations for the good of the community and the county.

During his youth Bragg was an outstanding 4-H Club member and was selected the top 4-H Club boy in Texas in 1945.

J. C. Hamm Hurt In Car Wreck

J. C. Hamm, 62 year old state highway employee of Tahoka, was seriously injured Saturday and is in Methodist Hospital where his condition was reported to be improved this week.

He received head injuries and lacerations when he was thrown into the windshield of his car, when it was in collision with a pickup truck driven by Thomas Craft of Post at the intersection of U. S. 87 and FM 1585.

Highway Patrolmen said Hamm was driving south on the highway and the pickup was headed east on the farm road. Craft had stopped at a stop sign, but not seeing the approaching car, pulled into the intersection.

"Neighbors On Job" Advertising Features County's 60th Anniversary

This week The News begins a new advertising series featuring "Neighbors on the Job" in observance of Lynn county's 60th anniversary, arranged and sold by "Hut" Hutson of Amarillo, famed for 36 years in the Southwest as a cartoonist and caricaturist. The series will continue throughout the year 1963.

The advertising is designed to better acquaint people of the area with the owners and employees of Tahoka and Lynn county business institutions. In addition to caricatures of the owners and personnel, the series will give a little personal history of these people and the services offered by the various businesses.

First of the series is Gilmore & Jaquess, John Deere dealers, since this year, 1962, is the 125th anniversary of John Deere. Jack

Connie Anderson Resigns As Agent

Mrs. Connie Anderson, Lynn county home demonstration agent for the past three years and three months, has resigned, and she and her husband, Larry, are moving to Lubbock, where he is employed and where they are building a new home.

Mrs. Aubrey Russell, district agent, had not announced a replacement for Mrs. Anderson this week, states County Judge W. M. Mathis, but hopes to do so at an early date.

Building Permits Reach \$415,000

Building in the City of Tahoka has almost slowed to a halt during the past three months, with only \$24,880 being let in permits at City Hall since Sept. 14, and most of this additions to existing dwellings.

Total for the year is \$415,080.00. Permits issued follow:

Bland Draper, \$1,000, addition of garage.
Jack Waldrip, \$250, addition of room.
Mrs. Wiley Curry, \$3,000, addition of room and remodel.

Gordon Arnold, \$2,000, addition of garage.
A. B. Henry, \$2,000, addition of one room.

Frank Smith, \$500, addition of bathroom and porch.
R. A. Taylor, \$3,000, addition of room.

L. P. Thompson, \$1,500, addition of garage and den.
Higginbotham Bartlett (Harold Rowe) \$7,380, new home on North Second.

Alfred Crumbley, \$250, addition of garage.
Travis Inman, \$1,000, addition of room.

M. F. Jones, \$3,000, house on South Eighth.

School Holidays Begin December 21

Classes will be dismissed for the Christmas holidays in the Tahoka schools at 2:00 p. m. Friday, Dec. 21, and buses will run at that time, according to school officials.

Students will go back to school on Wednesday morning, Jan. 2.

Mrs. Lewis (Dot) Allsup is not improved at West Texas Hospital, according to last reports. She was recently transferred there from a Houston hospital.

Lynn county has ginned approximately 54,000 bales, less than half of the crop, according to an estimate made by The News Thursday morning following a spot-check of county gins.

Tahoka had ginned a total of 9,726 bales up to Thursday morning. But, the ginning season is now in full swing, gins are running around the clock, and most gins are from one to several days behind.

Most gingers agreed that the crop is less than half harvested, one estimated less than 40 percent, and another estimated his ginning at about 45 percent including several hundred bales on the yard.

Mechanical harvesters are running full time as weather permits. However, harvest has not started in many fields, especially in the east half of the county, where the crop was late.

First hard freeze of the year came on Tuesday, Dec. 11, when the temperature in Tahoka dropped to 16 degrees, according to the U. S. Weather Bureau thermometer, three degrees below that reported at Lubbock.

Farmers welcomed the hard freeze, since it was necessary to crack green bolls in late cotton. Although there had been a number of light frosts since Nov. 7, these had not been sufficient to dry out late cotton bolls sufficient for harvest.

An O'Donnell farmer had reported blooms as late as last week, and a peach tree in the Louie Weathers yard here in Tahoka was blooming last week.

Local gingers say that the crop will now be harvested very rapidly, as fast as the gins can handle it, and the ginning season should be just about over by mid-January.

Some farmers, however, have already completed their harvest and are listing their land.

Because of the peculiar circumstances of the weather and the wide variance in progress of crops, total cotton production for the year in the county is very hard to estimate, but the total is expected to run in the neighborhood of 130,000 bales.

Some farmers in the east half, where cotton was very late, report their production is much better than expected. Also, much of the irrigated cotton in the north half of the county is reported to be turning out very good. In fact, some farmers report production is better than last year.

Mrs. J. L. Nevill Hurt In Wreck

Mrs. Jodie Nevill is in fair condition in Tahoka Hospital after receiving injuries in a car-pickup collision Saturday at 2:30 p. m. at the intersection of U. S. 380 and Ave. L.

She is being treated for a broken collar bone, eight fractured ribs, and lacerations and bruises on the head and face. Mr. Nevill and Pedro Dimas, driver of the pickup, received minor bruises.

Mr. Nevill was driving the car south on Ave. L and Dimas was driving east on Highway 380 when the collision occurred. The sedan was hit just behind the front seat on the right side and the impact somehow threw Mrs. Nevill out the door on the driver's side, the freakish aspect being that she passed between Mr. Nevill and the steering wheel.

The couple were on their way to town to see the Christmas parade when the accident happened.

Mrs. Milton Evans of New Home was admitted to Tahoka Hospital Tuesday as a medical patient.

Mrs. Mary Stewart was a medical patient in Tahoka Hospital from Saturday through Monday.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

While much has been claimed about the progress, or lack of progress made by the 87th Congress, the actions of the session that ended late in the year does give some harbinger of a return of sanity along the Potomac.

Presumably, in a true, democratic form of government, no legislative body is going to be perfect, and thus the 87th Congress passed a great deal of legislation. C. W. Harder, who has been quoted as saying that undoubtedly will turn out to have been quite unwise.

On the other hand, the Congress, against quite stubborn opposition, did pass legislation permitting self-employed to start tax free retirement funds. This principle was asked for by a majority of the nation's independent business and professional people, voting through the National Federation of Independent Business. Thus, there has now been recognized that the self-employed have a right to seek equality on retirement with labor and government employees. This in itself is a major forward step.

It also passed a measure which will permit a better system of depreciation for tax purposes on new equipment bought by business. While the measure as passed did not afford the full relief asked by independent businessmen through the National Federation of Independent Business, the compromise measure as adopted was approved by the majority as a step in right direction.

And while the Congress did pass many expensive measures, it did take some negative actions which indicates the tide may be running against the trend towards socialism.

For one thing, almost a billion dollars was slashed out of the foreign give away appropriations. This was done at the insistence of the House, which is an important factor to be borne in mind.

It also turned down a request to permit any incoming president the power to name a new Chairman of the Federal Reserve Board, as it also turned down a request for presidential power to cut taxes at will. Both of these measures, it was felt, would give any president too much control of the nation's currency and economy with which to play politics.

It also turned down proposals for federal aid to schools and the plan to withhold taxes on interest and dividends, both opposed by nation's independent businessmen voting through the National Federation of Independent Business.

The interesting aspect of all this is that relief from some past evils and from some proposed future evils was due to House action, not the Senate. This can only be attributed to the fact that the members of the House of Representatives are much closer to Main Street, and are thus more conscious of the viewpoint of the people who are furnishing employment, operating independent enterprise. The sessions prove it is possible for the voice of reason to combat the daily flow of influence poured upon Congress by professors and other economic theorists.

Postoffice Urges Quick Mailing

"While it's too late to talk about early mailing of Christmas gifts and cards," the postoffice crew said today, "we are grateful for your excellent cooperation to date on our 'Mail Early for Christmas' Campaign."

"Time means everything now—even a few hours delay in getting your cards and gifts mailed may mean disappointment to your friends and loved ones on Christmas Day."

The Postmaster said, "We're in the middle of an all time record Christmas mail; however the vast volume of Christmas mail is only a part of our problem. When names and addresses are carelessly written and packages are poorly wrapped or have insufficient postage on them, such oversights result in delays and disappointments, most of which can be avoided if everyone will follow these simple requirements."

*Be sure your Christmas cards and gift mailing lists are up-to-date.

*Use the new 4c Christmas stamps on your greeting cards if they are sealed or contain written messages. Of course, 3c postage will still carry unsealed cards with no writing other than sender's name.

ter, Mrs. Bill Moore and family in Seagraves.

Kind words never die—they just become victims of ingratitude.

*Pack your Christmas gifts securely in sturdy containers.
 *Separate your "local" and "out-of-town" cards.
 *Use complete addresses—including street number, rural route or post office box number. Be sure street names are complete with avenue, parkway, road or drive. Avoid abbreviation of street and state names.
 *And most important of all—Mail your cards and gifts as soon as you can.

Santa Claus will visit members of the First Methodist Church next Wednesday night in Fellowship Hall when family night is held.

This year the occasion will be a covered dish supper. No program will be presented preceding Santa's arrival.

However, on Sunday evening, Dec. 23, children of the church will present their regular monthly evening service when Rev. Aubrey White delivers a children's sermon.

Everyone is urged to attend both events.

Guild Entertains At Dinner Party

The Wesleyan Service Guild will entertain its members and their husbands with a Christmas dinner Thursday night at 7:30 p. m.

Miss Lois Montgomery, president of the organization, will be the hostess.

On Friday, Dec. 21, the organization will give the annual Christmas parties for the Latin-American classes in the Tahoka schools.

Master Point Play Set For Tuesday

Master point play will be held next Tuesday night at T-Bar Duplicate Club since the regular night comes on Christmas this year.

Winners in play last Tuesday night were Mrs. A. N. Norman and Mrs. D. W. Gagnat, first, and Mrs. Jess Gurley and Mrs. Bill Lumsden and Mrs. L. C. Haney and Frank Hill, tied for second.

THE NEWS

'Soil' Has Many Different 'Names'

College Station.—Soil is earth to some and dirt to others; a nuisance to mothers and a necessity to farmers. All people have different impressions when they hear the word soil, says L. P. Pittard, extension soil and water conservation specialist at Texas A&M College.

To the small child, soil is mud pies and fun; and to his mother it is the material which is tracked on the carpet, Pittard observes. To the geologist, soil is the barrier between him and the material he is trying to study, and to the construction engineer it is sometimes a good and sometimes a bad place to build a home. To the home owner, soil is an unmanageable mixture of clay, cement and stones on which grass will not grow and weeds will not stop, he says.

To the farmer, soil is a precious mixture of mineral and organic matter, aid and water on which life depends. He considers soil the medium through which he earns his living and produces food and fiber for the world, and also believes that its wise use is basic to the economy of the nation, explains the specialist.

According to agronomists, work is done every year to learn more about soils and their management to contribute to a stable and permanent economy. Studies are being made of ways to use soil to the best advantage of agriculture and for other purposes.

Can we use our soils wisely and make them last? This is the great challenge today, says Pittard, and the answer may determine if children have mud pies and farmers have land to farm.

Christmas Party At Country Club

T-Bar Party Bridge Club is holding its annual Christmas Party this Thursday night, which is also guest night, and Mr. and Mrs. Jack Fenton are hosts.

Winners Thursday night of last week were Mrs. Calloway Huffaker and Frank Hill, tied for first.

No One Hurt In Three Wrecks Here

Three collisions within Tahoka City limits have resulted in approximately \$850 to vehicles, but luckily, no one was injured.

On Tuesday of last week John E. Walker, driving north in his car on Highway 87, collided with a truck driven by James Lester Porter of Chelsea, Okla. at the intersection of North Seventh Street at 6:25 p. m. Walker was attempting to turn left. Both vehicles received about \$450 damage.

Wednesday at 8:45 p. m. a car-truck collision resulted in \$120 damages on Highway 87 at Chaney's Service Station. A car driven by Buck Baugh of Tahoka collided

with a truck driven by a Lubbock Negro, William Henry Tyron when Baugh pulled onto the highway from the service station.

A head-on collision at North Second and Highway 87 caused \$250 damages to cars driven by Mrs. Bess Reid of Tahoka and Estevan Vaquez of route 1, Tahoka. Mrs. Reid was travelling north and Vaquez south when the accident occurred.

All three accidents were investigated by Tahoka police.

Young Homemakers' Christmas Dinner

The Young Homemakers Demonstration Club met last Nov. 1, 1962 in the home of Nettie Hollars. Among members present were Mrs. Marvin Hagans, a new member, and Mrs. Truman Johnson, a visitor.

Mrs. Charles Louder presented the program on "Child Raising". Plans were made by the club to have a Christmas dinner and party December 13 in the Legion Hall. Committees were appointed for this occasion.

Mrs. Walter Bertsch received the hostess gift which was an apron.

Refreshments were served and the meeting adjourned.

On December 6, 1962 the Young Homemakers Demonstration Club met in the home of Mrs. Donald Williams.

Every member was asked to bring Christmas tree balls, from which the members made beautiful ornaments for a Christmas tree.

Business meeting was held and the club agreed to sponsor a girl from Buckner's Girls Home in Lubbock; and also to help the Tahoka Special School.

Mrs. Bob Pennington received the hostess gift which was a pair of knitted house shoes.

CARNIVAL SHOWING AT LUBBOCK DECEMBER 22

"Carnival," the New York drama critics award winning musical is coming to the stage of the Lubbock Auditorium, replete with clowns, roustabouts, acrobats, jugglers, a midget and a forty foot tent on Saturday, December 22, for two performances. Special arrangements have been made with the company for a 3 P. M. matinee when all reserved seats will be sold to children under 15 years of age for \$1.00.

Elaine Malbin, beautiful young star of the San Francisco Opera, NBC Opera television and top Broadway musicals, will star in the stage version of the famed motion picture LILLI. Co-starring will be David Daniels in the role of the crippled puppet-master Paul.

Carnival is a tender love story about a crippled, embittered puppeteer and a shy young wife who comes enchanted by a touring European carnival. To the romantic story there is added all the excitement of a Gallic traveling circus.

After more than two and a half years CARNIVAL is still thrilling Broadway audiences, and the touring company will feature a huge cast of excellent performers.

Only once has the speaker of the house ever become president, when James K. Polk was elected in 1894.

QUESTIONS, PLEASE

WHAT IS THE MEANING OF "LEAD US NOT INTO TEMPTATION?"

Many have asked the question: Why does Jesus teach his disciples to pray "lead us not into temptation," when in James 1:13 it says "Let no man say when he is tempted, I am tempted of God: for God cannot be tempted with evil, neither tempteth he any man?"

We understand from the prayer that Jesus taught his disciples to use that the true meaning is that God would enable them to avoid temptation, though the form of words is not such as to convey exactly that idea, except as modified by other passages on the same subject. We think the following is an explanation of it: "Watch and pray, that ye enter not into temptation; the spirit indeed is willing, but the flesh is weak."

(Matt. 26:41). Here the language is, "Pray, that ye enter not into temptation"; and this we understand and to be an explanation of the other. From this passage in James, where it says God does not tempt any man, we understand that God never lays any temptation or inducement before any man with the design to induce him to do evil. The devil is the one that tempts us to do evil. God suffers us to be tried, that by the trial we may be strengthened; and hence he says: "Knowing this, that the trying of your faith worketh patience." (James 1:3.) Peter says: "Think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you." (1 Pet. 4:12.) God suffers his children to be tried for their good, but never tempts them to evil.

You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

Don Browning may be heard Sunday mornings at 11:00 and evenings at 7:00 at 750 on your radio dial.

Tahoka Loses Slaton Games

Tahoka basketball teams met their match Tuesday night at Slaton and lost three games, the Tigers taking the Bulldogs 53-40, the Slaton girls winning by a close 34-30, and the "B" team defeating Tahoka 42-36.

The varsity girls are playing in the Abernathy tournament this week end and the Crosby "A" and "B" boys and "A" girls come here tonight with games beginning at 5:30. Monday night Frenship "A" and "B" boys and "A" girls play in Tahoka at 5:30 and on Thursday of next week varsity boys and girls go to Post for games starting at 6:30. Those will be the final games until the varsity boys enter the Caprock tournament in Lubbock on Dec. 26, 27, 28.

The Bulldogs couldn't hit in the first half at Slaton, making only 15 points to the Tigers 19 after the winners led 9-6 at the end of the first quarter. The game picked up in the second half but the Bulldogs were unable to take over and the third quarter ended 33-25. Craig Leslie fouled out in the third period and Billy Clinton and Tony Spruiell were lost via the foul route in the fourth quarter.

W. Tefertiller led Slaton's scoring punch with 16 points and L. Burk and L. Smith made 10 each. Tony Spruiell made 10 for Tahoka with Billy Clinton adding nine.

The girls game was actually won in the first half, Slaton leading 7-2 and 19-7 at the end of the first two periods. Tahoka finally got into the ball game in the third narrowing the margin 27-18 and almost caught up in the fourth.

Marilyn McSween was high point with 19 for the winners and Glenda Bownds made 11. Louella Tomlinson was responsible for 18 of Tahoka's points and Marlene Pitts and Carla McNeely made eight and four, respectively.

Tahoka's "B" team led 11-9 at the end of the first quarter and the score was tied 18-18 at half-time. Slaton edged ahead in the third to lead 29-23 and held onto their lead the remainder of the game.

Larry Gamble and Jerry Tefertiller scored 14 and 11, in that order, for the Tigers while Stanley Renfro made 11 and Jose Cervantes made nine for Tahoka.

Help keep Tahoka clean.

Tahoka Juniors Win One At Post

The seventh grade boys was the only team winning in junior basketball games at Post Monday night, taking a 16-11 victory. Seventh grade girls were defeated 16-11, eighth grade boys 35-26, and eighth girls 22-13.

Games scheduled next Monday night will be played later in the season because of varsity games scheduled in Tahoka on that date, according to school officials.

In a low scoring game, seventh grade boys led 2-0, 7-5, 12-8 at the end of the first three quarters. Chris Roberts and Cliff Thomas each made six points.

The seventh girls trailed from the beginning 6-1, 9-7, 12-9 during the first three periods as well as the fourth. Loretta Webb made eight and Quaydene Pool three for the losers.

Eighth grade boys held a 7-7 tie at the end of the first quarter, but fell behind 19-12 and 29-18 at the half and the end of the third. Mitchell Williams and Raymond Chapa made 12 and 10 points, respectively.

Sue Woodall led the scoring with five points in the eighth girls game. First three period scores with Post leading were 10-2, 12-3, 18-11.

WILSON GIRLS HAVE WON COUNTY TITLES

Mrs. Bill Lumsden of Wilson says The News left a wrong impression in the story last week about the basketball tournament, in which the paper stated "the titles have remained in Tahoka until this year, when it should have been stated "recent years."

Wilson girls had in the recent past emerged the champions. Back in the 1920's and early 1930's, also, Wilson boys held the county championship seven years in succession.

An English brewery offered to help the Red Cross blood donor drive by exchanging beer, pint for pint, for blood.

Schedule For New Home Play

New Home boys took a 45 to 31 victory at New Deal Friday night, but the girls lost a 43-31 encounter. Terry Brown was high point man in the boys game with 16 points, and Gailyn McMillan was the leading point-maker for the girls with 11.

The New Home boys and girls won two over Southland Tuesday night, the boys taking a 44-37 win and the girls an easy 37-18 victory. Terry Brown was high scorer in the boys game with 13 points, and in the girls game Treva Kieth and Peggy Marshall each had 13 points.

Following is the New Home schedule as furnished The News by James Farr:

Family Night, Fourth Wednesday

WCSA First Monday

A young father, seeking for something for his small son to do, tore a map of the world out of a magazine and cut it up like a picture puzzle. "Here, son, let's see you put this together," he suggested. In a few minutes the boy pointed to a completed task. "How ever did you do that so quickly?" asked the father. "See, daddy, there's a picture of a boy on the back. I knew if I could build the boy right, the world would come out all right too."—Boys Ranch Roundup.

THANKS TO EVERYONE

Tahoka Jaycees extend thanks to the following for their cooperation in the Christmas Decorations program. Funds raised will be returned to the community through our projects for the betterment of Tahoka and Lynn county.

We missed contacting some businesses. We want these folks to know we did not miss you intentionally, but we had to work mostly at night on the project and it was a little hard to contact every business in town.

ARTIST AT WORK—In the accompanying picture, "Hut" Hutson, widely known cartoonist and caricaturist is shown preparing some of the panels of his art which will appear in advertisements in The News during the coming year. The series not only features the friendly merchants but also spotlights attention on Lynn county's 60th anniversary.

"Hut" has lived in Amarillo since 1926, worked for many years with the Amarillo News-Globe, and has become well known over the Southwest for his caricatures and unique advertising program which helps introduce merchants and their employees to their neighbors.

Aerial Photos Reveal Fancy Plowing And Oddity In Soil On Farms

Aerial pictures of two New Home-Petty area farms have revealed some fancy plowing on the part of Jerry McNeely and an oddity of the soil on the farm of Joe D. Unfred.

McNeely's field, "shot" by a photographer Ed Toler Jr. in an airplane from Roanoke, Va., taking an aerial survey of Lynn county for the U. S. Dept. of Agriculture, bore the name "Jerry" written in 100-yard long letters across one end. The name was written by McNeely one afternoon as a greeting to a group of neighbors who were flying over in an airplane.

Later in the afternoon the survey plane took its pictures, and after the negatives were developed in Virginia the one of McNeely's farm was sent to the Lubbock Avalanche-Journal whose regional reporter, Tanner Laine, tracked down the story.

McNeely had been pulling a tandem disc with his tractor to break ground for the windbreak to his wheat field when the plane carrying his friends flew overhead. On an impulse, he wrote out his name with the tandem disc. His farm is located north of FM 211 about one mile west of New Home.

On Monday, Joe D. Unfred and Buddy Bragg brought into The News an aerial survey map taken in 1956 of the Unfred farm three miles south and one mile east of Petty. In the direct center of a 42 acre field, a 660-foot arrow shows up on the picture. The perfect arrow shows the point, shaft, and even the feathers. Through a magnifying glass can be seen the rows plowed through the arrow.

What has caused the arrow is a mystery, and whether or not it will show up on the pictures made in October remains to be seen. However, it did not show in the 1950 survey maps. The arrow is definitely a soil discoloration, but how it became so perfectly formed is not known. Bragg says the arrow could have coincidentally been made in plowing or deep breaking, or it could have been uncovered by deep breaking. Speculation is whether or not it could have been made by Indians. Comanches, who roamed this country, were not much hands at leaving signs, but Unfred has

found Indian artifacts in two nearby places, one 500 feet to the north of the arrow and one a quarter-mile southwest, as well as all along the west side of the arrow. There are dry lakes near by that probably provided a camp ground for Indians.

At any rate, Unfred and Bragg are anxious to see whether or not the arrow appears in the survey maps which will probably be sent here in the spring.

Cotton Samples Back To Normal

Sample receipts are back to normal according to W. K. Palmer, Officer-in-Charge of the Lubbock Cotton Classing Office. Classing totals were small over the past week due to bad weather. With the help of the excellent harvesting conditions that have prevailed for the past few days sample receipts are back to 25,000-30,000 per day.

Classing totaled on 56,000 samples at the Lubbock office. The Lamesa office reported 3,200 samples classed. The Brownfield office classed 9,000 samples. The three offices reported a total carry-over of 19,000 samples.

To date 792,000 samples have been classed for the South Plains. At this time last year, 1,204,000 samples had been classed. A total carry-over of 73,000 samples was reported at that time. Strict Low Middling accounted for 33 percent of the cotton classed. Middling Light Spotted and Strict Low Middling Light Spotted accounted for 24 and 22 percent respectively. Other percentages were: Middling 2 percent, Low Middling Plus 5 percent, Low Middling 10 percent, and Low Middling Light Spotted 2 percent.

The average staple length for the week was 15/16 of an inch. The percentages of the various staple lengths were as follows: 7/8" 1 percent, 29/32" 20 percent, 15/16" 65 percent, 31/32" 12 percent and 1 inch and longer 2 percent.

The micronaire readings continued to decline this week. The amount of samples reading 3.4 or below increased 6 percent this week with a percentage of 31 percent. The range of 3.5-3.9 accounted for 40 percent. Twenty-nine percent milked 4.0 or better. One percent of the samples classed was wastey.

Aunt of Whortons Buried Saturday

Mrs. R. E. Whorton, aunt of two local men, died Thursday in Corsicana, where funeral services were held Saturday afternoon.

Her nephews are J. T. Whorton and Winston C. Whorton, both of Tahoka. Winston and Mrs. J. T. Whorton went to Corsicana by way of Albany, where they picked up J. T. and Joe Whorton and the men's mother, Mrs. W. T. Whorton, and the group attended the services, returning home Saturday night.

The aunt was the younger sister of Mrs. W. T. Whorton, the two sisters having married cousins.

Plains Boys, Cooper Girls Win Wilson Tournament

Plains boys and Cooper girls were winners of championship trophies in the annual Wilson invitational basketball tournament which ended Saturday night, while Sudan boys won the consolation finals and Wilson girls salvaged a place by winning consolation.

Plains boys defeated Petersburg 36 to 33 in the finals, while the Cooper girls nosed out Sudan 45 to 52.

Anton boys took third place honors, defeating Wellman 45 to 44, and in the consolation bracket Sudan eked out a 49 to 45 victory over Cooper.

Ropes girls took third place with a 40 to 36 win over Petersburg, and Wilson girls took consolation honors with one-sided 35 to 19 victory over Cooper.

Most of the boys games were very close and were as good as anyone could expect to see anywhere, and some of the girls games were likewise very close.

Lynn County Above U. S. Average In Buying Power of Consumers

(Special to The News)
New York—Although the average Lynn county family requires more money to pay for the necessities of life than it did a year ago and still more than it needed in the 1957-59 period, it is better off today.

That two-year period is the new reference point that is being used by the Government in determining changes in the Consumer Price Index.

The latest report shows that it now takes \$1 to buy what could have been bought for 94 cents at that time.

The figures, based on average September prices, were compiled by the Bureau of Labor Statistics.

The monthly rise was the biggest in four years. It was due chiefly, states the bureau, to increases in food costs, especially meat, and to higher prices for apparel.

Despite the creeping rise in living costs, consumer buying power in Lynn county is comparatively high.

The average local family has more money left, after taking care of its food, clothing, housing and tax needs, than it had in 1958.

From Government reports and from local economic data, it appears that it takes only 30 percent of the net income of the average Lynn county family, after payment of taxes, to cover its food, clothing and shelter bills.

In general, in the United States 32 percent of income is used for these necessities and, in the West South Central States, 33 percent.

The breakdown locally shows 17 percent of net income going for food purchases, 3 percent for apparel and an estimated 10 percent for housing, including utilities and fuel.

That leaves 70 percent of their after-tax income available to them for discretionary spending. It is used to pay for insurance, car operation, education, travel, entertainment, medical care and the many other items of daily life.

Thanks to rising incomes, which were more than enough to offset the increases in living costs, the average Lynn county household had \$4,139 for such optional spending from the past year's income.

This compared with \$3,818 per household in the rest of the West South Central States and \$4,080 in the State of Texas.

It is possible to leave Wake Island on January 21 and arrive at Midway Island on January 20.

Rev. Tad Corbett Entertains Rotary

Rev. Tad Corbett, Lubbock Baptist minister and husband of the former Joann Bennett of Tahoka, presented a ventriloquism act at Tahoka Rotary Club Thursday noon.

Tad and his dummy, Johnny, carried on a running conversation of jokes, wisecracks and songs for nearly thirty minutes that rivaled or surpassed the famed Edgar Bergen and Charley McCarthy and kept the crowd roaring.

Rev. James Efrid, program chairman, introduced the speaker, declaring that he wanted to prove some preachers were versatile at things other than preaching. Rev. Corbett has related hobbies of hypnotism, magic, and sleight-of-hand tricks.

Dr. Skiles Thomas, club vice president, conducted the meeting in the absence of the president, Caloway Huffaker.

Members absent from the previous meeting were required to eat their lunch at an "isolation table" as a penalty for not making up their attendance at some other club.

Student guests for the month of December, Alfred Lawrence and Larry Price, were introduced by Clint Walker and Jake Jacobs, respectively.

The News' big annual Christmas greeting edition will come out next week, and this one promises to be as big or bigger than ever. This paper, contrary to the policy of many other weekly papers, solicits the merchants for very little special advertising—that is, advertising that does not sell merchandise or services. Mae works very hard on this one edition, and tries to help firms select advertisements that truly reflect their feelings at Christmas-time. If you like next week's issue, she's almost solely responsible. We think she does a great job on this Christmas edition, and we hope

most of you think so, too. We're bound to have missed some who would like a greeting; if we have, call The News, and Mae will come to see you.

In the news story last week about Mrs. Jessie Jewel Stevens being selected as "most courteous employee" for the month of November, we omitted the fact that she is an employee of Rutherford's Department Store.

What do ants do for pastime when the picnic season is over?

Less than two years ago, President Kennedy said he could operate the nation and keep it out of the "red." In fact, he estimated a half billion surplus for 1962. Now, government officials tell us the deficit for 1962 may exceed \$7 billion.

Seven billion would buy a lot of real balogna to feed we suckers.

We were impressed, while watching the proceedings of the last Democratic National Convention, when one delegate had the audacity to come to the platform and propose a resolution that the Party favor a balanced budget. His motion was drowned in a crescendo of "Noes." Our national leaders, right down to our own congressman, speak in lofty terms about economy in government—but actually, by their votes, any such aim toward a balanced budget and economy is a big joke. As an example, we cite that \$10 million aquarium (fish show place) Congress voted to build in Washington, D. C., for the edification and pleasure of we yokels from Lynn county who visit the Nation's capital. How, oh how, do they expect us taxpayers to continue respect for our leaders?

The farm program is expensive, but, if you remember, Sec'y. Freeman was going to reduce its cost. Instead, costs have risen. Just one

example is the report of Commodity Credit Corporation, which shows a net loss of \$1.1-billion in 1962, \$1 billion in 1961, \$1.1 billion in 1960, \$1.9 billion in 1961, \$2.6 billion in 1962.

The vote on cotton quotas is almost a joke. The referendum is loaded for a "yes" vote, and any producer voting against it would seem to be committing economic suicide, although this is not necessarily true. Sec'y. Freeman, when the feed-grain program came up for a vote, left the farmers only one alternative—a "yes" vote—when he told us if we didn't vote for the program he would throw all the stored grain he could on the market to depress the price to a minimum. Is this democracy?

America's crying need is for more statesmen and fewer partisan politicians.

Sen. George Mahon has a letter out to his constituents concerning the cotton problem—the two million acre cut for 1963, proposed changes in legislation, and a request for an expression of views from citizens on both the cotton program and the feed-grain program.

He points out the inroads synthetics are making on cotton because of the increased support price (use of synthetics equal 7 million bales of cotton), the failure of cotton to move into world trade (a loss of 2 million bales), high cost of the 8.5 cent subsidy on export cotton, the howl of American textile industry that it is going out of business because it has to pay this 8.5 cents more for cotton than do foreign mills, and the upswing in carry-over expected to reach 9 million bales in August while the American consumption is only 9 million.

George raises the question as to whether or not we can produce cotton for less, whether a modest reduction in price could be made for an allotment increase to stim-

ulate possible consumption. Also, he wonders if cotton could stand a 7 or 8 cent decrease in price for a material increase in acreage.

Mr. Mahon says a so-called trade incentive plan of cotton is in the talk stage. Under this plan, the farmer would still get his support as he does now, cotton would move into the domestic and world market at the world price and not into warehouse, mills would get their cotton at about 7 cents a pound less, and the shipper would be compensated for the difference.

The Congressman also wants views on feed grain, now a one year program which Congress will probably extend or modify, and your views on controls versus a voluntary feed grain program.

Like most others, The Printer cursed "old man" Benson, mainly because he laid the blame for the farm problem on the door-step of the farmer. But just three short years ago all cotton industry men said cotton was in the best shape it had been in many years. With a new administration, the politicians think they've got to do something different—and right soon we are in trouble again. Unlike some of our friends, we don't give a hang for partisan politicians—Democrat or Republican. We are interested in democratic principles, which we are fast losing, and in a sane, sensible long range cotton program that will enable us to plan for next year and the next, to stay in business and move cotton into world trade. We'd like to have .50 cents a pound, but we'd rather have 25 cents than go out of business.

Also, we'd like to see our government quit sending farm experts to Russia, Argentina, Mexico, and Timbucto to teach them how to raise better cotton to compete with American farmers. We wish the boys in Washington would quit being so all-fired generous with the rest of the world and start

taking care of the boys at home who pay the freight.

Back in November, 1960, Mr. Kennedy charged that during eight years of the Eisenhower administration 106,000 new federal employees were added. During the first 17 months of Mr. Kennedy's administration, to June, 1962, 143,618 new federal employees were added, and according to estimates based on the budget 88,000 more will have been added by Jan. 1, 1963.

M. F. Jones dropped the remark the other day to The Printer that he had been directly related to the grocery business for 47 years, starting out with A&P and Safeway stores and for many years with some kind of a store of his own in one place or another in Tahoka. M. F. is not one to sit on the porch and swat flies. He also looks after his cattle and hogs, farming, rent houses, rent buildings, etc. among other things, including attending auction sales. A sharp buyer and seller, M. F. would buy a battleship stranded on an Arizona desert if he thought he could use it or trade it for a profit.

An exchange says perhaps we should be thankful we are not getting as much government as we are paying for.

There was a lot of excitement out at the Joe D. Unfred home early Monday morning. As she started to school, Betty backed into Joe D.'s car, and the howl was so great, The News is informed, that the combined Civil Defense forces of New Home, Lakeview and Petty turned out to see what was going on.

Save a little cheerfulness to scatter through the year. Save a few kind words to say, such as dry a tear. Save a few kind deeds to do when chance comes by and by. You can use a little Christmas—if you have it next July.—Louis E. Thayer.

The Echo of Texas Prison System says: A little more determination, a little more pluck, a little more work—that's LUCK. Blowing out the other fellow's candle won't make yours any brighter.

T-Bar Country Club allows local ministers to play golf at the club free of charge. The other day Mrs. Charles (Fredda) Townes, secretary, who handles the club finances, said she received a very appreciative letter from a local minister in which there was a check for the club, and the minister told her how much the op-

portunity to relieve tensions by playing a little golf had meant to him. Such words of appreciation, she says, renews faith in humanity and makes up for a lot of those who are prone to criticize or take privileges for granted.

Club members hope to do something about the road from the highway to the club within the next year. There is probably no country road in the county which is traveled as much by as many cars as the three-fourths mile of road to the country club.

Every day is a safety day.
