Tahoka, Lynn County, Texas, Friday, February 15, 1963

Number 20

Tax Collections For '62 Are Average Or Above

Collection of 1962 taxes have been normal or above, in spite of the late crop, local tax collection agencies report.

Tahoka School District led in collections with 88.60 percent of the roll collected, City of Tahoka 83.1, and State and County 94 percent.

George McCracken, county assessor and collector, reported Wednesday a total of \$236,320.61 had been collected in 1962 state and county taxes. Of this amount, \$38,540.26 is in state taxes and the remaining \$197,780.35 is county taxes. The total roll is \$252,722.61. This is about the same as last year.

Tahoka School District has collected \$132,787.24 in taxes, although \$2,575.18 of this amount is in delinquent taxes but mostly for last year. The total roll is \$155,762.00. Maurice Small, school district tax collector, thinks this is an excellent percentage.

City collections have been about normal, according to J. M. Uzzie, city secretary and tax collector. A total of \$42,299.86 on a total roll of \$45,405.01 had been collected up until Wednesday.

Penalty and interest is now in effect on all taxes, the deadline for paying taxes having passed on January 31, but tax collectors point out the longer they run the more expensive unpaid taxes become to the property owner.

Lloyd A. Brown Buried Saturday

L. A. Brown, 57 year old New Home resident, died at 2:30 p. m. Thursday in Methodist Hospital. He had been ill with cancer for about six months and had entered the hospital on Thursday morning.

Funeral services were held in New Home Church of Christ at 2:30 p. m. Saturday with Gerald Paden, minister, and Orville Stanley of Grassland officiating. Burial was in Resthaven Memorial Park in Lubbock under direction of White Funeral Home.

Mr. Brown was born Feb. 12, 1905 in Jones county. He came to Lynn county in 1917 from Hamby and settled in the Grassland area.

Survivors include his wife; one daughter, Mrs. Odell (Doris) Blasingame of Amarillo; two sons, Dwayne of Artesia, N. M. and Charles of the home; six grandchildren; three sisters, Mrs. B. W. Bentley of Fort Worth, Mrs. Clema Maloney of Lubbock, and Mrs. Clarence Hart of Fort Worth; three brothers, Bryan of San Diego, Calif., Dewey and Claude, both of New Home.

Funeral services were held Thursday at 2:00 p. m. in the Post Church of Christ with Herb Smith, minister, officiating, assisted by Rev. Howell Waskins of Fluvanna Methodist Church. Burial followed in Grassland Cemetery.

Mrs. Roberts became ill last May with a kidney infection, and she and her husband moved to Post in October to be near her doctor. Saturday night she contracted pneumonia.

Members Voting On C-C Directors

Local Chamber of Commerce members this week are casting ballots by mail for seven new directors of the body, and a new president will be elected by the board to succeed E. L. Short, head of the organization the past two years. Ballots must be mailed in by February 17.

Nominees for seven places on the board are: Alton Cain, Dale Thuren, Leighton Knox, Grady Lankford, H. L. Short, Mrs. Mae Norman, Johnny Wells, Bill Griffin, Mrs. Abbie Whorton, Ronald Sherrill, Jimmie Dykes, and Bob Haney; and for re-election, Charles Townes, Frank Hill, and A. C. Verner.

Holdover directors are: E. L. Short, Turner Rogers, H. B. McCord Jr., Charles Brock, Clint Walker, James F. Roberts, Jack Jaques, Harold Roberts, Wilton Payne, and G. H. Chestnut.

Cotton Harvested By Neighbors For Mrs. A. C. Aycox

A group of neighbors harvested a cotton crop in one day recently for Mrs. A. C. Aycox following the death of her husband.

On a Monday morning, Jan. 14, the field was laden with a cotton crop and before nightfall, the crop had been harvested, was in trailers and on the gin yard.

Those responsible for getting in Mrs. Aycox's crop were Wallace White and his two sons, Travis and Glen, Elmer Sproules, G. L. Cobb and Harvey Lee Duckett.

The group machine harvested the 65 acres of cotton on that day and Mrs. Aycox said their deed "was just wonderful." Originally, 102 acres of cotton had been planted, but much of it was hailed out and had been plowed up. Then came Mr. Aycox's illness and death.

Mrs. Aycox said, "Lynn county people are the best in the world."

Mrs. H. A. Roberts Of Grassland Dies

Mrs. H. A. Roberts, 78, mother of County Clerk C. W. Roberts and a resident of Grassland community since 1915, died Tuesday night in Garza Memorial Hospital at Post.

Funeral services were held Thursday at 2:00 p. m. in the Post Church of Christ with Herb Smith, minister, officiating, assisted by Rev. Howell Waskins of Fluvanna Methodist Church. Burial followed in Grassland Cemetery.

Mrs. Roberts became ill last May with a kidney infection, and she and her husband moved to Post in October to be near her doctor. Saturday night she contracted pneumonia.

Mrs. Roberts, whose maiden name was Viola Gray, was born April 27, 1884, in Delta county. She and Mr. Roberts married October 25, 1903, and lived in Kiowa county, Okla., and Amarillo before coming to Lynn county in 1915 to settle on the Post lands.

Survivors include the husband; three daughters, Mrs. Jewel White of Post, Mrs. Viola Greer of Tahoka, and Mrs. Mildred King of Grassland; one son, C. W. Roberts of Tahoka; three brothers, J. F. and C. E. Gray, both of Post, and M. F. Gray of Granbury; three sisters, Mrs. Hilman Brooks of Post, Mrs. Clovis Ellis of Anton, and Mrs. Kate Speed of Granbury; 13 grandchildren and 16 great grandchildren.

Mrs. Ponella Anderson was a medical patient in Tahoka Hospital from Saturday until Tuesday.

Mrs. Jess Gurley was admitted to Tahoka Hospital Monday as a medical patient.

License Plates Going Slowly

Only 556 vehicle license plates had been issued up to Wednesday since sales began on February 1, states George McCracken, county tax assessor and collector, but sales are expected to pick up between now and the deadline of April 1.

Of the 556 total, 341 were for passenger cars and 215 for commercial and farm vehicles.

Last year, 1962, license plates were issued for 11,812 vehicles, including farm trailers.

Of the \$168,319.61 in license fees, \$59,295.94 went to the state and \$109,023.67 to the county. The latter figure is divided equally among the four commissioners precincts, each receiving approximately \$27,255.92.

Verner Honored At Bond Meet

Attending the 1963 Freedom Bond campaign kick-off dinner in Lubbock Tuesday night were A. C. Verner, F. B. Hegl, and Hubert Eudy, all of the First National Bank.

Verner, who is Lynn county U. S. Savings Bonds chairman, was recipient of an award for his work in putting Lynn county over its quota in bond sales during 1962, when local citizens bought \$229,421.00 in bonds or 119.8 percent of its quota.

Other counties in the 12-county area which exceeded the quota included Cottle, Crosby, Floyd, and Garza.

Speaker for the occasion was Ed Gossett, general attorney for Southwestern Bell Telephone Co. and state Savings Bonds chairman. Seated at Post, Gossett is a former congressman from Wichita Falls district.

Grassland Couple Named Missionaries

Mrs. Wanda Rogers, of Grassland, and her husband, the Rev. Kenneth Rogers, a native of Post, Texas, are among the 39 new missionaries appointed recently by the General Board of the Church of the Nazarene at its annual meeting in Kansas City, Mo.

Rev. and Mrs. Rogers are pastoring the Nazarene church in Rotan. They were given a general appointment for a 5-year term. Their country of service will be announced within a few weeks and they are expected to go abroad by early fall.

The Rogers also have pastored at Eastland and Wichita Falls.

Three Are Charged In Jones Burglary

A hearing in juvenile court before County Judge W. M. Mathis was completed Tuesday in which a local 14-year old youth was placed on probation to his father as a result of the burglary of the M. F. Jones store on January 18.

Two other young men, age 18 and 19 have been indicted in the case by the Lynn county grand jury, and one of these is in custody.

Wrenches, bicycles, BB guns, etc. were taken by the three Latin-American boys in the break-in.

Beaston Is New O'Donnell Coach

Charlie Beaston was promoted to head coach and athletic director of the O'Donnell schools at a meeting of the school board there last week.

He succeeds Clyde Blair who has resigned to enter business. Beaston has been basketball coach at O'Donnell.

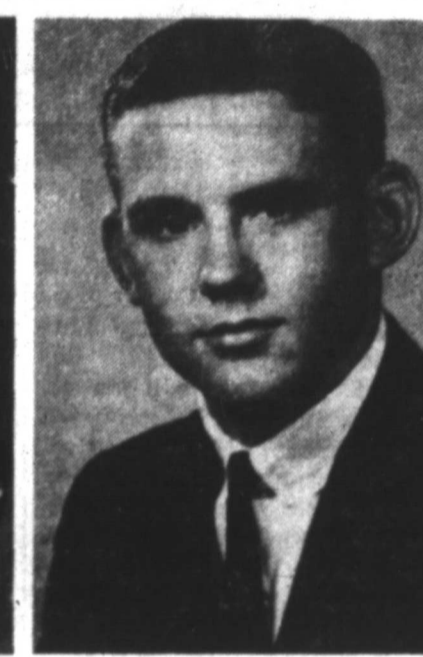

H. L. McMillan entered Tahoka Hospital Saturday where he is being treated for bronchial pneumonia. On Wednesday he was improving.

The "Great Plague of London" in 1665 caused 68,586 deaths.

Board Calls Election On Proposal For New High School Building Program

SARAH WELLS

ANDY BRAY

All-Around Boy, Girl Selected By Faculty

Miss Sarah Wells and Andy Eray, both students in Tahoka High School, were named Best All-Around Girl and Best All-Around Boy by faculty members, the highest honor bestowed upon students in the local school.

A list of 11 boys and girls were named to Who's Who, including eight seniors and three juniors.

Seniors are Tony Spruiell, Larry Price, Craig Leslie, Birger Oilrogge, Carolyn Howard, Brookshire Reece, Jerre Ann Wyatt and Patricia Hammonds.

Junior students are Allen Cox, Louella Tomlinson and Janis Gatlou.

Members of Who's Who are also named by the faculty on the basis of scholarship, leadership, dependability, attitude, service, and participation in school activities.

The same qualifications are required for the Best All-Around students. Miss Wells is a member of the National Honor Society, is editor of the Kennel school yearbook, has been named to Who's Who three times, is first vice president of the local FHA chapter, and fifth vice president of the Area II FHA. Last week she was named the winner of the Betty Crocker Homemakers of Tomorrow in the local schools. She is the daughter of Mr. and Mrs. George Claud Wells.

Bray, the son of Mr. and Mrs. A. M. Bray, is a letterman in both football and basketball, is president of the National Honor Society, was a member of last year's debate team, was chosen Most

Tahoka's Stock Show Saturday

Fully 150 animals are expected to be entered in the Tahoka Schools FFA and 4-H club livestock show here this Saturday in the County Livestock building, according to Lester Adams and V. P. Carter, local vocational agriculture teachers. Tahoka Young Farmers Chapter is sponsoring the show.

Entries expected include 20 steers, 100 barrows and 30 open gilts. Stock must be weighed in today, Friday, from 1:00 to 8:00 p. m.

Monte Griffin, Lamesa swine breeder, will start judging hogs at 9:30 a. m. Saturday.

Steer judging will begin at 1:00 p. m. Saturday, and the judging will be done by R. Syd Conner of Post, county agent of Garza county.

All Future Farmers of America and 4-H club members in Tahoka school district are eligible to enter their animals.

Lynn County Gets In On Billie Sol Estes Publicity

Lynn county has finally managed to get in on the Billie Sol Estes affair.

Saturday night a stolen 1959 International fertilizer truck was found abandoned at Wilson, reports Deputy Sheriff Tom Hale.

Registered in Hale county, the truck had been stolen from Harlingen, in the Lower Rio Grande Valley, belonged to Billie Sol Estes of Pecos, and was being held by American Grain Co., a trustee of the Estes property.

Mrs. Bill Cathcart Rites Saturday

Mrs. Corene Cathcart, 53, died in Tahoka Hospital at 7:20 a. m. Friday, Feb. 8, following an illness of two and one-half years. She had been in critical condition for over three months.

Funeral services were held in the First Baptist Church in Tahoka at 2:30 p. m. Saturday with the pastor, Rev. James Efrid, and Rev. Joe A. Webb, pastor of the Sweet Street Baptist Church, officiating. Burial was under direction of White Funeral Home in Tahoka Cemetery.

Born Corene Harvick on Jan. 23, 1910 at Stamford, she came to Lynn county in 1933 from there. She was married to W. J. (Bill) Cathcart Sept. 28, 1940 at Lubbock.

The couple operated a dry cleaning plant here for several years until Mrs. Cathcart became ill. She was a member of the First Baptist Church and Pythian Sisters and was active in many community affairs.

Survivors include her husband, one daughter, Mrs. Eloise Chamberlain of Tahoka; her mother, Mrs. Carrie Harvick of Tahoka; one sister, Mrs. Frankie Williams of Lubbock; six brothers, Elmer Harvick of Monahans, Lawrence, Roy, W. C. (Dub), Jr., Robert and Joe, all of Tahoka; and two grandchildren.

Pallbearers included W. T. Kidwell, Irvin Dunagan, Charlie Boswell, Alton Kelley, Evon Wilson and Pat Patterson. Honorary pallbearers were members of Tahoka Volunteer Fire Department.

Mrs. Ivan McWhirter entered Tahoka Hospital Monday evening as a medical patient.

Terry Noble was released from Tahoka Hospital Saturday, where he had been a patient for about 10 days.

Board Calls Election On Proposal For New High School Building Program

An election on a \$550,000 bond election for a prospective new school construction program was called Tuesday in a special meeting of the board of Tahoka Independent School District following presentation of a petition asking for such an election.

Date for the election has been set for Saturday, March 2, in Tahoka City Hall. J. M. Uzzie was appointed presiding judge of the election, and Mrs. H. B. Howell and Mrs. John Fulford his assistants.

Plans for proposed new construction, including a new high school building, have been under discussion and study by the board for several weeks, principally because of the present crowded condition of the schools and also because of pressure from the State Board of Education.

The State Board has recently given Tahoka Schools its second warning that certain standards must be met to comply with accreditation rules.

Actually, there will be two propositions on the ballot. The first proposition is to set the tax rate at a figure not to exceed \$1.50 on each \$100.00 valuation of taxable property in the school district.

Board President Clint Walker explains this lowers the rate from \$1.75, but says voters should know that valuations will have to be raised. If the bond issue is voted, these valuations will be raised to such an extent as to increase taxes about 26 percent in order to support the \$550,000 bond issue.

The second proposition is the \$550,000 bond issue scheduled to run 23 years, 1964 through 1986, drawing interest at not more than 5 percent. The bonds would range in interest rates of approximately 2.5 to 5 percent. The bond market is now said to be favorable and prospects are good for a low interest rate.

School enrollment has grown considerably the last two or three years, and this year has jumped to about 1,250 daily attendance. The present plant was designed to accommodate from 900 to 1,000 students, and many classrooms are now crowded far above state minimum standards.

Building plans under the bond issue call for a new high school building to be "wrapped around" the present high school, separated by landscaped patios, which arrangement would permit use of the present gymnasium, auditorium, vocational agriculture building, homemaking cottage, and cafeteria, whereas moving to a new site would require possibly a million dollar issue.

The old high school would be remodeled to blend with the new, and would become the junior high building, sixth and seventh grades (Cont'd. On Back Page)

Wilson Lions Plan Special Meetings

Wilson Lions Club will have a ladies night program next Thursday, Feb. 21, at 7:30 p. m. in the Wilson school cafeteria. Jim Schneider has arranged a musical program from Lubbock.

The club is planning a "42" party for March 7, open to all people of the area.

Thursday night of last week, "Mack" Mauldin of the Lynn county SCS office, presented a program on civil defense.

Roy Kahlich is club president, and Robert Lamb is secretary.

JEANNIE WHITE IN HOUSTON

Mrs. Roy (Jeannie) White is in Houston where she will receive treatment at M. D. Anderson Hospital. She and her husband arrived there Sunday night.

Latest reports were that her condition is not as serious as was first believed.

Featured in the "Neighbor on the Job" caricature advertisement series drawn by "Tim" Hutson this week are Lynn County Farm Bureau on the back page of Section Two and Federal Land Bank Assn. of Tahoka on page six.

Society & Club News

Miss Parker Will Marry March 1st

Mrs. N. S. Parker of 1203 South Second, Lamesa, announces the approaching marriage of her daughter, Judy Catherine, to L. C. Howle, son of Mr. and Mrs. E. A. Howle of Tahoka.

Vows will be exchanged in the home of the bride elect on March 1.

Miss Parker attended O'Donnell High School and was recently employed by Furr's. Howle attended Tahoka High School and is now employed by Morrow Thomas Hardware in Lubbock, where they plan to make their home.

J. D. Polk Weds Mrs. Rosa Jolly

Announcement has been made of the marriage of Mrs. Rosa Jolly and J. D. Polk on Monday, Feb. 4. The couple exchanged wedding vows at Post.

Both are long time residents of Tahoka and are well known in this area.

Mr. and Mrs. Olie Varhaug of Carrington, North Dakota visited here for a week with her parents Mr. and Mrs. "Cap" Rowe. Mrs. Varhaug is the former Miss Betsy Rowe. Accompanying them here were their friends, Mr. and Mrs. Merl Munson. The group left for home Wednesday morning.

Garden Club To Meet Tuesday

Tahoka Garden Club will meet Tuesday, February 19, at 3:30 p. m. in the home of Mrs. Calloway Huffaker, according to Mrs. Clarence Williams, club president.

Members are requested to note the change in meeting place, since Mrs. Emil Prohl's had previously been scheduled as the meeting place.

Mrs. Bray Speaker At Lamesa Meeting

Mrs. A. M. Bray presented the book review, "Beyond Ourselves" by Catherine Marshall Tuesday night in Lamesa.

Hosting the event was the Delta Gamma social sorority, which sponsored the book review to raise money to send a group of young people to Austin.

Mrs. Huffaker Is Winner At Bridge

Mrs. Calloway Huffaker was first place winner and E. L. Short second place at party bridge held at T-Bar Country Club Thursday night of last week.

Mr. and Mrs. Huffaker were hosts, and this Thursday night when guest night was being held Mr. and Mrs. Harry Lee Short were serving as hosts.

The Cradle of American Liberty is Faneuil Hall, in Boston.

MR. AND MRS. S. M. CLAYTON SR.

Open House For Claytons Sunday

O'Donnell (Special) — Mr. and Mrs. Sumner M. Clayton, Sr. will observe their 53rd wedding anniversary with an open house on Sunday, Feb. 17, from 2:00 to 5:00 p. m. at the community house in O'Donnell.

The former Julia Crie came to Lynn county with her parents, the late Mr. and Mrs. H. C. Crie from Floyd county when they moved to Tahoka to assume the publication of the Lynn County News in 1905.

Mr. Clayton came to Lynn county the same year with his father who bought land here. The family moved to Tahoka from Haskell to make their home in 1906. He is the youngest son of the late Mr. and Mrs. G. M. Clayton and the only living member of the immediate family.

Mr. and Mrs. Clayton were married in the Methodist Church in Tahoka on Feb. 13, 1910 by Rev. D. B. Doak. They lived in Tahoka until 1926 when they moved to their farm east of O'Donnell.

The couple raised five sons, who with their wives, will be hosts for the open house. They are Sumner Jr., Wayne and Bill of O'Donnell, Ted of Houston, and James of Kinnewick, Washington.

Mr. Clayton is a retired farmer, but worked as a barber in Tahoka for many years, and later at O'Donnell.

Grassland News

(By Mrs. O. H. Hoover)

There will be a revival at the Methodist Church in Grassland beginning Feb. 20 and continuing through Sunday, Feb. 24. Rev. Dorn of Whiteface will do the preaching and Zeb Robinson will lead the singing. No services will be held during the day, but night services will begin at 7:00 p. m. Everyone is urged and invited to attend.

Mr. and Mrs. Gus Sherrill spent most of last week in Oklahoma City. Gus went to have his hearing checked. Mr. and Mrs. J. E. Sherrill went with them and visited relatives while there.

Dr. D. D. Dennison, district superintendent of the Brownfield district, held quarterly conference and had an all day service at the Draw Methodist Church Sunday.

Rev. and Mrs. Smelser made a hurried trip to Morton last week to see their little grand daughter. She had been badly burned by the steam and beans in a pressure cooker. It seems the lid was not fastened down good causing the contents to blow on the child. She is doing fine now.

Mr. and Mrs. Carlos McCleskey moved into their new home on the Willis place last Thursday. Their grandparents, Mr. and Mrs. J. C. Allen of Lubbock, and her parents, Mr. and Mrs. Melton, helped them move while the great grandma kept the baby. We certainly have good neighbors in our community.

Rev. and Mrs. Campbell and the evangelist, Rev. Zumalt, had lunch Sunday with Mr. and Mrs. W. L. Gribble.

Mrs. A. Z. Sewell and her brother, Guy LeMond of Snyder, visited their brother and family, the Grady LeMonds in Lovington, N. M. over the week end.

Mr. and Mrs. George Langford attended services at the Nazarene Church in Grassland Saturday night and Sunday. Mr. and Mrs. J. T. Cunningham came by and spent the night with his mother, Mrs. Lucy Cunningham, one night last week. They were on their way to Abilene to see her father, who is ill. The Cunninghams live in Roswell, N. M.

Little Brigitte Blackstock of Morton stayed last week with her grandparents, Rev. and Mrs. Smelser, while her sister was sick.

Mr. and Mrs. W. G. McCleskey took the dinner they had prepared and went to their son's home Sunday and all had lunch together. The C. O. McCleskeys have been ill with the flu.

Mr. and Mrs. Hulene Murray, the newly married couple, have moved in the house on the Allen farm south of Grassland.

The following people have been down with the flu the past week: C. O. McCleskey family, Mr. Gartman, the A. E. Riley family, the Bert McDonalds, the Odie Campbell family and Tom Murray.

Mrs. H. D. Gartman's cousin, Lucy Rogers, of Midland, passed away and was buried at Gall Thursday. Mrs. Gartman and another cousin, Alma Love, attended the services at the Methodist Church in Gall. Lucy Rogers was the last charter member of the church.

Mr. and Mrs. Amos Gerner vis-

ited Mr. and Mrs. Peter Gerner in Post Sunday afternoon.

Mr. and Mrs. Glen Norman and children and Mrs. Norman's sister and husband, Mr. and Mrs. Shelly Camp of Post, went to Justiceburg Sunday and helped their aunt, Mrs. George Duckworth, celebrate her birthday.

Mr. and Mrs. C. A. Walker spent the day Sunday in Seagraves with their daughter and family.

Mr. and Mrs. Edd Ray, former residents of this community, visited Mr. and Mrs. C. A. Walker Saturday afternoon. They also visited Mrs. W. A. Odin.

Mrs. Farr and daughter Glenda and baby of Clayton, N. M. and Mr. and Mrs. James Farr of New Home spent the day Sunday with the L. B. Burks. The Farris lived here for many years.

Mrs. Amos Gerner visited her mother, Mrs. Haley, Wednesday and Friday afternoons.

We are glad to report Mrs. E. E. Gregg is much improved and may be able to come home from the hospital some time this week.

Mrs. L. S. Turner visited Mrs. Hoover and Mrs. E. M. Norman Tuesday afternoon.

Mrs. Will Wright entertained the ladies of the Thursday Club in her home Feb. 7. All members were present except Mrs. Jones and Mrs. Stevens. Mrs. Jones was ill with flu and Mrs. Stevens was at Lake Buchanan. Mrs. Wright served refreshments of pie, sandwiches and coffee. The evening was spent visiting. The next meeting will be with Iris McMahon Feb. 21. We had one visitor, Mrs. Steen.

Mrs. Hoover visited Mrs. Gus Porterfield Wednesday afternoon. W. J. Edwards of Dallas visited the Roy LeMonds Friday.

Farm Facts

Aircraft have been used to aid agriculture for nearly 40 years, but growth of the business was slow until the end of World War II. Now an average of more than 60 million acres annually receives aerial treatment.

With planes large areas can be covered in a short time, application can be carried out when the ground is wet, and the growing crop is not liable to damage from the transit of the aircraft as from ground-application vehicles.

Planes permit speedy application of insecticides during critical periods and are employed against pests which infest crops, orchards, rangelands, oaks, and forests and against insects like mosquitoes and flies.

Fungicides to destroy plant diseases such as wheat stem

Planes apply chemicals to more than 50 million acres a year.

rust and herbicides to kill weeds and brush also are applied from the air. Planes are playing a more and more important role also in the fertilization, defoliation, and seeding of crops.

Air Base Planning Training Course For City Firemen

Webb Air Force Base, Big Spring, will conduct a training session here on Monday, Feb. 25 on the procedures of combating fire in the event of an aircraft crash and personnel rescue, according to Fire Chief Pat Patterson.

The four-hour course, conducted in one meeting, was offered the local volunteer fire department and was originally scheduled for Feb. 11, but was postponed because of bad weather.

The Fire Department invites all Civil Defense members, State Highway Department, Sheriff's Department, City Police, and anyone else interested to attend the session to be held on the practice field west of the City swimming pool.

Webb will send an instruction team to Tahoka and will probably use their own equipment in conducting the following rescue procedures: A. Approaching scene of crash; B. Rendering engine inoperative; C. Gaining entry to cockpit; D. Rescue of pilot; E. Char-

acteristics of jet fuels, liquid oxygen, explosive weapons (such as rockets and missiles).

The course is expected to be helpful to the fire department and many phases of local safety in not only combating aircraft crashes, but in rendering aid in many possible situations.

CARD OF THANKS

May we take this means of saying "thank you" to everyone who was so kind and helpful during the illness and death of our husband and father. May God richly bless each of you.—Mrs. Bessie Williams, Mr. and Mrs. Cecil Williams and children, Mr. and Mrs. M. J. Williams and children. Itc

CARD OF THANKS

We wish to express our thanks and appreciation to our friends for the food prepared and served, the flowers and many other kind deeds shown us during the illness and passing of our loved one.—The family of L. A. Brown. Itc

Coach Gilbert Hough is in Kansas with his grandmother, who is seriously ill in a hospital there. She underwent major surgery recently.

Gordon - Southland

(By Mrs. Edgar Moseley)

Mr. and Mrs. Earl Morris have moved to Slaton. Mrs. Morris said she had been living in Lynn county for 58 years. She and Mr. Morris moved to this community in 1915 and have lived here for 48 years, where they raised six children. Their new address is 1520 West Lynn in Slaton. The Morris' daughter, Mrs. J. L. Gary of Ruidoso, N. M. helped them move, and her two sons, Jerry and Calvin, who attend Wayland College came down to visit.

Lester Hampton, a layman and a Gideon volunteer worker to Japan, spoke at the Southland Baptist Church Sunday morning.

Mrs. Don Pennell and her sister, Mrs. Carl Cedorhelm, visited Mrs. Pennell's nephew, Sterling Durry, in El Paso last week.

Robert Becker from Brownfield visited his parents, Mr. and Mrs. Willie Becker Sunday.

Mr. and Mrs. J. B. Jones, Mr. and Mrs. Bill Lumsden, Mr. and Mrs. Sam Gatzki spent a week of vacation in Monterrey, Mexico.

Mrs. Opal Pennell visited Ned Myers, who has been in the hospital at Post after being injured in a fall.

Hank Slaight of Slaton and Loney Mason of Lubbock visited Mr. and Mrs. Lee Mason Monday night.

District Superintendent and Mrs. Marvin Boyd attended the Methodist Church Sunday where he preached.

Mr. and Mrs. Kenneth Calloway and Jay visited Mr. and Mrs. Chub Kelly and two sons in Slaton Sunday.

Mr. and Mrs. H. S. Eubanks of Lubbock, Mr. and Mrs. Bedford Shearer of Texline, Mr. and Mrs. J. T. Davis and children of Lubbock and Dall Williams all visited in the homes of T. L. Barnes and Agnes Rinker Sunday and Monday.

Dolly and Monroe Shelton are moving to the home where Mrs. Effie Seals lived and will be there through spring. Their home is in Ruidoso, N. M.

Sussie Bradshaw visited Mattie Hairgrove at Spur last week.

Mr. and Mrs. Johnny Gilliam visited his parents, Mr. and Mrs. John Gilliam at Ozona over the week end.

Mr. and Mrs. Jesse Ward visited their daughter, J. R. Cook and children Mike and Regina at Levelland. The Stanley Smiths from Canyon joined them there. Debra Smith and Mr. and Mrs. Ward stayed with their grandchildren while the Cooks went on a vacation.

Blondie Ellis went to Dublin for the funeral of his brother, Frank Ellis, last week.

Mr. and Mrs. Edgar Moseley visited Mr. and Mrs. Leland Phillips in Abernathy Sunday evening.

Visiting in the Ed Milliken home last week were B. B. Shaw of Lubbock, G. H. Hatchett of Lubbock, George Baker of Wilson, Mr. and Mrs. Bill Eanes of Slaton, A. H. Moorman of Meridian, Jal Moorman of Houston, Mrs. Clyde Shaw of Levelland, Aleta Young of Slaton, Mr. and Mrs. Charley Logan of Christoval, Mr. and Mrs. D. P. Milliken of Wolf-orth, Fred Katta of Wilson.

Mr. and Mrs. Richard Lewis went to Fort Worth where her parents, Rev. and Mrs. Tucker, celebrated their 50th anniversary. Also attending were the Lewis' three children, Edwin, Troy and Theresa, Linda Gist of Post, and all Mrs. Lewis' sisters and brothers.

Mr. and Mrs. Edgar Moseley had a birthday supper for their son, Ed, Monday evening. Attending were he and his wife, Nedra, Rhonda and Rheta.

Mr. and Mrs. Hansell Hallman visited their family, Mr. and Mrs. H. D. Hallman, in Fort Worth last week.

Tommie Dearth and Becky of Amarillo flew to Lubbock to visit her parents, Mr. and Mrs. Noble Wynn. Mr. and Mrs. Wynn took them home last Sunday.

The District of Columbia was named in honor of Columbus.

Government Offers Crop Insurance

The program for insuring their cotton crops is being offered farmers of Lynn county again this spring, according to Joe L. Matthews, district director for the Federal Crop Insurance Corporation, an agency of the U. S. Dept. of Agriculture.

Matthews said FDIC representatives are visiting farms in the county now and will continue to do so for a few weeks, and that information also may be obtained from the district FCIC office at

Room 110, 1219 13th street, Lubbock.

Nearly 9,000 Texas farmers carry FCIC all-risk protection on either cotton, wheat, or grain sorghums, Matthews said, and this year more than a-fourth of them are being paid a total of nearly \$1,250,000 on 1962 crop damage.

"Federal All-Risk Crop Insurance is a non-profit government program offered to help farmers protect their crop-production investment against disastrous loss," Matthews said. "It isn't available elsewhere. It protects throughout the growing period against all

The Lynn County News, Tahoka, Texas Friday, February 15, 1963

hazards such as wind, hail, excessive moisture, insects, heat, freeze and many others. It gives a farmer peace of mind by assuring him it will return his approximate production cost if the crop doesn't, and that he can be back in business the next year come what may."

"As farming costs continue to increase, a farmer's high investment becomes more vitally important to his future. Today, with production costs at about 80 percent and normal profits cut to about

20 percent, it takes a farmer five years of good crops to recover from a crop failure," Matthews said.

"That's why Federal Crop Insurance is expanding nationally at the rate of about 100 counties per year, and why more and more farmers are turning to Federal Crop Insurance for protection of their investment dollar."

A massive chain prevented the British from sailing up the Hudson River during the Revolution.

Cotton Production 4.7 Million Bales

The 1962 cotton crop returned Texas farmers nearly \$800,000,000 and was again the State's principal cash crop. The December Cotton Report indicates the State produced 4,680,000 bales with an average of around \$120 per acre for lint and seed.

During the past five years the State's average annual production was 4,507,200 bales, produced on 6,214,000 acres. The acre yield in 1958 was 383 pounds per harvested acre, the first yield over 300 pounds since 1866 when the State average yield was 325 pounds. The average lint yield for the five year period was 349 pounds per acre.

Many growers have improved their soil's fertility and crop management in order to make higher yields and a greater net profit. The new wealth they created has done much to strengthen the State's overall economy.

Progressive cotton growers in Texas are striving hard to increase their net income from cotton while improving their soil's fertility. To get the most net profit from cotton, without depleting soil fertility, it is necessary to maintain adequate organic matter in the soil. You must, also, apply enough fertilizer to produce the desired yield and replace plant food nutrients removed by the crop.

The most practical way to maintain an adequate level of organic matter in the soil is to protect the land from erosion, apply fertilizer necessary to produce vigorous, high-yielding plants, then return

Lynn County Girl First Contest Entry

A Lynn county girl, Miss Muriel Swinson of New Home, Tahoka, route 5, is the first entry in the 1963 South Plains Junior Livestock Show Princess Contest set for March 16 in the Fair Park Roller Rink.

Miss Swinson is the daughter of Mr. and Mrs. F. R. Swinson, and is the nominee of New Home FFA chapter.

The area livestock show at Lubbock is set for March 18, 19, and 20.

all the crop residues to the soil. An average annual return of from 3600 to 4000 pounds of dry, above ground residue is required to maintain an adequate level of organic matter in the soil.

Since cotton is a low residue producing crop it must be grown in rotation with high residue producing crops like small grain, grain sorghum, etc.

Soils high in organic matter aid in preventing erosion because of greater water intake. They, also, allow for greater efficiency in the use of plant food, rainfall and irrigation water. Well fertilized fields produce a bale of cotton on from 10-15 inches of water as compared to 20-30 inches when unfertilized. Approximately 80 lbs. of nitrogen (N); 40 lbs. of phosphorus (P2O5), and 606 lbs. of potassium (K2O) are required to produce a bale of cotton.

It is estimated that a crop will recover plant food nutrients as follows, based on moisture, physical condition and organic matter content of the soil: Nitrogen—30-70 percent; Phosphorus—10-30 percent; Potassium—30-60 percent. The inability of the soil to get or retain moisture limits yield and amount of fertilizer that can be used gainfully.

The most successful cotton producers have proved that cotton can be grown while improving soil fertility. But, more growers must get on the right road in order to insure cotton a brighter future.

Pick up a U. S. Highway map and learn!

A question asked by your customer deserves an intelligent and careful answer.

Know where your customer can eat, sleep, and be entertained!

The most important words you can use are "Please" and "Thank you."

County judges and commissioners from every section of Texas will be on the A&M College of Texas campus, February 17-19, for their fifth annual conference. As in past years, the program has been developed around problems of current interest to the county officials. The conference is sponsored by the County Judges' and Commissioners' Association and the Texas Agricultural Extension Service.

Texas cotton growers in 1962 used 6,777 spindle-type pickers and 37,540 stripper-type machines to harvest about three-fourths of the planted acreage. The increase in acreage harvested by machines was considerable, according to Fred C. Elliott, extension cotton specialist. He added that lateral oiling for grass and weed control was used on three times as many acres in 1962 as in 1961. More than 44,000 growers were assisted in fitting cotton into a balanced farming program under the 7-Step Cotton Program, he said.

Farm Facts

Hogs are responsible for almost 10% of the income of the nation's farmers. And in the large grain-producing areas of the Corn Belt, as much as 33% of the farm dollar comes from hog marketings.

Hogs account for almost 10% of farm income.

"Farmers have a high regard for the hog because of the many advantages of swine raising," the American Meat Institute explains.

"Outproduced as a meat-making machine, a sow will produce two litters a year of seven or more pigs each under favorable conditions.

"Quick returns and flexibility are other desirable factors of swine production. Hogs may be sold six months or less after birth or ten months or less after the sows are bred.

"This relatively short pre-market interval enables hog raisers to expand or contract their herds to market and meet price change.

"Flexibility is possible because hogs can be marketed at a wide range of weights and ages. Adaptability to many types of farm and feed supplies makes hogs the product of every state and nearly every county in the nation."

Local Club Seeks Glasses For Needy

Phebe K. Warner Study Club is seeking contributions to New Eyes For The Needy, Inc., Short Hills, N. J. The organization is one of volunteer social service and provides glasses for those in need. Contributions needed are used metal and unbroken eye glass frames with or without lens, contact lens, colored lens, precious metal scraps, old watches and broken or outdated jewelry. Damaged silver may also be used.

Anyone wishing to donate the above items may leave them at the House of Flowers and the club will mail a package to the organization.

Mr. Joe Calvillo is a medical patient in Tahoka Hospital, where she was admitted Tuesday.

Mr. and Mrs. A. W. Bray returned home Monday from a trip to Dallas. They left here Saturday.

Mrs. Alton Kelley was a medical patient in Tahoka Hospital from Saturday until Wednesday.

Every day is a safety day.

Tommy Chandler At Ford School

Tommy Chandler, service manager at Shipley Motor Company, Tahoka Ford dealership, has been graduated from service merchandising course conducted by the Ford Marketing Institute in Dallas.

The course is one of a number offered at the Institute to dealers, their personnel and Ford Motor Company employees by professional, full-time instructors.

Subjects range from management and merchandising courses for dealers and their department managers to selling courses for salesmen. In addition, there are courses for selected Ford Motor Company personnel.

A New High in VISIBLE RECORD EFFICIENCY

Standard BOORUM & PEASE Visible RECORD BINDERS

With Conventional Type AUTOMATIC HINGE SHIFT

Standard Boorum & Pease Visible Record Equipment reduces cost of record keeping, and enables the user to "put his finger" instantly on any item or classification desired. The improved Standard Boorum & Pease prong type Visible Record Binder is the most efficient equipment ever developed for the housing of records. It is compact, portable, and provides maximum visibility, greater flexibility, and increased accuracy. Automatic shift lock eliminates the possibility of covering up records as a result of accidental shifting. Durable construction of binder insures lasting security for records.

Man of Pioneer Stock Declares He Is Sick of Nation's "Soft" Policies

An interesting letter written by a San Francisco citizen and printed in the Congressional Record is going the rounds of newspapers and should be of interest to all persons interested in good citizenship. The letter follows:

I am one of the Americans who heard Mr. Khrushchev tell our Nation that my great grandchildren will grow up in a Communist world. For some time now that has bothered me. I am not a brave man—not even a big one.

I suppose I would have to admit that I, am, among my own neighbors and in my own culture, the typical, average, well-educated, genteel, suburbanite to whom family, the mortgage, and security have been the all-important items.

I am now 50, and soon my wife and I will see the first of our three children married. I paint my own house, repair my own car, grub my own devil grass and nurse a modest savings account at the Bank of America. I am a law-abiding man on the quiet side, and dissension makes me terribly nervous. Frankly, I am the kind who simply doesn't have it in him to fight anyone, ever.

My wife had me cleaning out an old trunk in the storage room the other day, and I ran across the huge old family Bible that I had not thought about for years. My great grandmother had kept a journal of the trip across the Great Plains with a wagon and oxen when she and great grandpa were youngsters coming out to settle in California in the great migration. Great grandma wrote about it as the wild, new land rich and abundant in mythical proportions.

On the trail she wrote of sick-

ness and hunger, and heat and cold, and dust and thirst, and the deaths and births like beads strung together on a thread of hope, of freedom and a land of plenty for their children yet unborn. And when she viewed the new land she wrote in simple word pictures of the cities and farms and schools, and happiness that would some day bloom in the greatness of the vast new land. She wrote of her tomorrow and my today.

The ink was badly faded, but the message was clear. As I read, I began to think about America, and being an American and what it stands for; and I thought about our enemies and what they intend to do to America, to those rich lands and farms, to the cities and the people, to its freedom and its hope.

And, suddenly, I realized that I am a sick American. I mean really sick! I am sick of panaceas and of backing up. I am sick of reacting where there should be initiative. I am sick of bureaucrats who tell me that my enemy is not really my enemy, and that I should live together with murderers and tyrants.

I am sick of government that hasn't the guts to clean traitors out of its own offices. And I'm sick of being a nice, patient guy about it. I am sick of placidly accepting excuses instead of successes; of being a silent gentleman for fear of controversy. I am sick of my country being ridiculed all over the world. I am sick of pink-livered politicians who place personal career above the fate of the flag.

I am sick of 40 years of relentless, creeping, cancerous communistic godlessness that never once has wavered from its avowed purpose of conquering that flag and seeing it trampled in the mud under Russian boots. I am sick of my genteel desire to stand pat and pray while the enemy advances.

I am sick of educators who teach tolerance of subversion and of clergymen who would have me quail at the specter of battle and turn my cheek in fear of what our enemies might do.

In all honesty, the thing of which I am most sick of the man who let these things come to me—myself.

And by the living God who made me, sir, I am a sick American who intends to get well.

Have News? Phone 396-4888.

Federal Land Bank Formed Here In 1918

The Federal Land Bank Association of Tahoka, now managed by Ross Smith, was organized 45 years ago, in 1918, with "Uncle Ben" Rogers as manager and A. B. McGonigill, H. M. Larkin, J. W. Elliott, J. S. Wells, and T. B. Cowan as directors.

Records indicate that the late Mrs. Maude Donaldson was the first borrower.

Mrs. R. W. Lewis of Tahoka can claim the distinction of being a member of the Association longer than anyone else, as she and her late husband, "Rube," obtained a Federal Land Bank loan in 1924. Mrs. Lewis paid off this loan 36 years later without having ever missed a payment.

Possibly the greatest service rendered farmers of this area was during the early 1930s when Deen Nowlin was manager and R. C. Wood, G. M. Stewart, O. C. Roberts and a few others served as directors.

Oscar Roberts holds the distinction of serving longer on the board of directors than anyone else as he served for 26 years.

Here are the names of the managers in the order in which they served: Ben Rogers, Marshall Swan, followed by his wife, Thelma Swan, Deen Nowlin, Carl Griffing, and Ross Smith, the present manager.

Present officers and directors are Fred McGinty, president; Avery Moore, vice president; L. A. Forsythe, Vernon Willhoit, and J. D. Campbell.

The Association also maintains an office in Post, and serves farmers in three counties, Lynn, Garza, and Borden.

At the present time, there are 473 loans totaling approximately \$3,700,000.

Office manager Ross Smith was born and reared on a Stonehill county stock farm near Aspermont, worked in a grocery store and the Peacock Bank, married Elvira Smith, also reared there, and the couple came to Tahoka in 1942 when he became manager of the local Production Credit office, resigning as manager in 1952 to become manager of the Federal Land Bank Association of Tahoka. The Smiths have two grown sons, Bill Ross, married and living in Lubbock, and Robert, student in Sul Ross State at Alpine.

His assistant, Mrs. Elnora Curry, born in Temple, came here with her mother as a school girl, graduated from Tahoka High, and is still an avid football fan. In fact, she bragged to The News, "I am Tahoka's staunchest fan, next to Rufus and Ina Slover, having missed only five or six games in 12 years." She's rightly proud of her five children, Wiley Lee, John and Margie, all local school graduates, and Suzy and Mike, now sophomores; and her grandchildren, Lee, Denise, and Alan Curry.

The fast pace of modern living has much to do with the high cost

Cotton Planted In Narrow Rows

College Station — What could prove to be a major break through in more efficient cotton production has been demonstrated at the Lubbock station of the Texas Agricultural Experiment Station. The new production technique in narrow-row planting and the use of chemicals for weed control. Elmer Hudspeth, Jr., of USDA's Agricultural Research Service, stationed at the Lubbock Station planted cotton, under irrigation, in nine-inch rows and applied a pre-emergence herbicide for weed control. He harvested more than two bales from the one-acre plot without a single cultivation. A check planted in the usual 40-inch rows produced from one and a half to one and three-quarter bales an acre.
Further tests will determine whether narrow-row planting of irrigated cotton can help farmers cut production cost by increasing yields and eliminating cultivation. Hudspeth said weeds didn't have a chance in the narrow-row plots. The herbicide controlled their early growth and the plant shading took care of later growth.
The narrow-row planting was done with a grain drill. Hudspeth grew more than 200,000 plants on the acre compared with about 30,000 in 40-inch rows. Each plant produced only three or four bolls,

Tahoka Teams In Wilson Tourney

Tahoka eighth grade basketball team lost to Post 36-33 in the championship game of the Wilson Junior Basketball tournament last week end, but not before defeating New Home to win the Lynn county championship.
The seventh grade boys lost the consolation finals to Southland's eight graders 43-34, and the eighth grade girls lost consolation title to Post. Seventh grade girls lost their second game to Cooper eighth grade 36-19.
Coach Gilbert Hough's eighth boys defeated Southland 29-16 in the first round game, and downed New Home for the county title and the right to play in the finals. Southland defeated Tahoka's eighth grade girls 26-12 in the first game, but Tahoka bounced back to beat New Home before losing to Post. Marsha Scoggin coaches the team.
The seventh grade boys, coached by Milt Fitts, lost their initial game to Lamesa eighth graders 38-14, but defeated Cooper eighth grade 33-30 in the second round.
Irene Spears' seventh grade girls defeated a Wilson junior team 42-5 in their first game before meeting the Cooper eighth grade girls, who won 36-19.
Martin Van Buren was the first President born in the USA.

Bulldogs Upset O'Donnell Here

In a nip and tuck battle from start to finish, the Tahoka Bulldogs defeated O'Donnell here Friday night of last week 40-47. The local girls wound up their district games in a 56-22 win over O'Donnell, and the local "B" boys were victorious 33-15.
In a foul-riddled game, the Eagles jumped into the lead after the first few minutes of play and held a 14-10 first quarter margin. Still standing off the Bulldogs in scoring, the O'Donnell team led 27-33 at halftime.
The third quarter saw the fireworks begin as the Bulldogs overcame the margin, pulled ahead, and again dropped behind 37-36 at the end of the period.
The fourth quarter saw first one team ahead and then the other. O'Donnell was leading by two points with about a minute left in the game. Craig Leslie sank two free shots to tie up the game and then with the clock standing near 20 seconds, Jerry Forsythe was fouled while driving toward the goal and he sank two more shots to put the Bulldogs ahead.
The Eagles took the ball and with four seconds to go was in possession out of bounds near their own goal. Charles Burleson missed a shot, Tahoka's Allen Cox took the rebound and threw the ball away the length of the court as the final whistle sounded.
Billy Clinton scored 17 points before fouling out in the last period. Tony Spruiell sank 11 and Craig Leslie 10. Also playing a fine game was Andy Bray. O'Donnell's Charles Burleson made 21 and Fen Taylor 11.
The girls, coming out second behind Sundown in district play with a 2-2 record, led O'Donnell 9-4, 27-18, and 44-21 in the first three quarters in taking the 56-22 victory. Carolyn Howard and Louella Tomlinson were neck and neck in the scoring department, sinking 20 and 19, respectively. Carla McNeely added 11 more.

Bulldogs' Final Games Tonight, Tuesday Night

Tonight the Tahoka Bulldogs will play the "A" and "B" Plains Cowboys there with games beginning at 6:30 p. m. and the season will wind up its schedule Tuesday night when Wink boys come to Tahoka.
The varsity girls finished their season last Friday night.
Junior teams are entered in the district tournament being held in Slaton this week end and games began on Thursday for the three-day event. Winners of the tournament will play winners of the round-robin schedule for the district title in four divisions, seventh girls and boys, and eighth girls and boys.
Because of the tournament-freshmen games were called off on Thursday night with Idaho. Likewise, games were postponed on Monday night for junior teams with Idaho because of slick high-way conditions.

Tahoka Loses To Seagraves

The Tahoka Bulldogs went down fighting Tuesday night when the Seagraves Eagles won their eighth conference game 40-40, but not without being held down from their usual scoring capacity.
The "B" team also dropped its game 45-36.
Seagraves led 12-8 at the end of the first stanza and 26-19 at the half. Third period score was 38-31. Craig Leslie made 15 points for the Bulldogs and Tony Spruiell seven. James Petty and Monty Sanson scored 14 and 13 for the winners.
The Bulldogs threatened Seagraves several times in the second half but were cold and couldn't sink their shots. However, Andy Bray did an outstanding defensive job in smothering a Colored boy, Bean, who has been the Eagles leading scorer this year. In the two games played against Tahoka this year, Bean has scored only a total of 11 points. The Bulldogs put up a tight defense all night but were hurt by Petty's smooth shooting.
The Eagles cinched a tie in District 5A Tuesday night with an 8-0 record and two more games to play. Tahoka stands at 5-3 with two more to play. O'Donnell is second with 6-2, but still has Seagraves to contend with.
The "B" game score stood at 7-7 at the end of the first period, but Seagraves pulled ahead 22-16 at halftime and 37-25 in the third.
Terry Harvick scored eight for Tahoka with Stanley Renfro and Jim Wells making seven each. James Reed and Billy Joe Cathy made 11 each for Seagraves.
Elaine Clayton was high for the losers with 10.
Stanley Renfro made 17 points while the "B" team was leading throughout the game 6-2, 16-8 and 27-12 the first three stanzas. Reeves scored eight for O'Donnell.

Cotton Growers Cutting Costs

College Station—The 7-Step Cotton Program, initiated 17 years ago by the Texas Agricultural Extension Service, continues to play an important role in the agricultural economy of the state. The program brings together on the county and state levels committees representing every segment of the cotton industry and all have worked together for needed improvements, says Fred C. Elliott, extension cotton specialist.

A summary of Elliott's annual report points out a few of the outstanding results of the 1962 educational program. More than 44,000 growers were assisted in fitting cotton into a balanced farming program. A 7-Step or similar program building committee was used by 139 counties to carry cotton information to growers. More than 1,650 meetings attended by over 36,000 producers were held by county agents, committees and extension specialists at which latest information on production, harvesting and processing were discussed and field tours numbered well over 500 and were attended by almost 11,500 persons.

Elliott estimates that about three-fourths of the cotton acreage was harvested in 1962 by machines. He said 6,777 spindle-type pickers were used in 103 counties and 27,540 stripper-type machines used in 156 counties. The use of spindle pickers was up considerably from 1961.

A very noticeable jump in later

New Home Ladies High In Bowling

New Home Ladies Bowling League met Wednesday when New Home Butane won 3-1 over New Home Farm Store. Barbara White rolled a 350 for the farm store while Inez Smith had a 455.

Co-op No. 7 won three games over New Home Gin. Fernie Fillingim led the gin company with 364. Mentha Maloney rolled a 425 and Katie Clements 422.

Farr Texaco defeated J. W. Edwards 3-1 when La Juan McClintock had a series of 444 for the winners and Nona Nieman 410 for Edwards.

Co-op No. 4 downed Pridmore Spraying 4-0. Radene Turner of the co-op and Betsy Pridmore of the losers each rolled 435.

Follis defeated Petty 3-1 with Bennie Sealy and Lil Todd also scoring identically for their respective teams, 455.

High series were bowled by Lil Todd, Inez Smith and Bennie Sealy with 455, La Juan McClintock, 444, Radene Turner and Betsy Pridmore, 435.

High game was Lil Todd's 190. Inez Smith and Katie Clements both came in with 168 games. Bennie Sealy bowled a game of 166.

Oiling for grass and weed control from about 86,000 acres in 1961 to 283,388 acres in 1962 was listed as a major achievement. Other practices which aided in cutting production costs were listed by Elliott as 65,710 rotary-hoe equipped tractors; spot oiling on a quarter of a million acres for Johnsongrass control; dalapon was used on 122,000 acres to spot treat the same grass and defoliant or desiccants were used on more than 82,000 farms in 164 counties as an aid to mechanical harvesting.

Moisture meters were used in 37 counties as an aid to improve harvesting and ginning. The use of flame cultivators increased and more than 3,300 were used in 77 counties to control weeds and grass and pre-emergence chemicals were used on more than 46,800 acres in 68 counties.

President Tyler saw himself burned in effigy before the White House.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Washington is chucking over the discomfiture of the Federal Trade Commission. A university professor has taken what to the bureaucratic mind is the most treasonable stand possible in recommending that more practical businessmen be placed in key positions in a bureau.

This hereby is contained in the preliminary report on FTC operations on FTC operations by Prof. Carl A. Auerbach, of the University of Minnesota Law School.

He was appointed staff director of a committee to study the operations of the administrative branches of government.

Prof. Auerbach has recommended that fewer lawyers be in top spots in the FTC, and in their places, that actual businessmen be appointed. FTC officials are working day and night to suppress this draft.

Very bluntly, the report states that the FTC is not getting the job done its members are paid to do. In addition, it states that the members of this bureaucracy are spending entirely too much time "polishing" advertising instead of cleaning up the market place.

For some time, the enlarged FTC staff has been most busy engaged in analyzing advertising, probably because anybody can sit in an easy chair and pontificate on advertising. At the same time, according to the report on mergers released by the House Small Business Committee.

headed by Rep. Wright Patman, discrimination and preferential treatment in market place has hit all time high.

Recently in the Boston Federal Court of Appeals the FTC was slapped down in one of the cases it employed to make headlines. It took action against a shaving soap advertised on TV as effective in shaving sandpaper.

Of course, the commercial was quite silly as it can be assumed shaving soap is bought to shave heads, not sandpaper. But inasmuch as sandpaper does not photograph well, in making the commercial a simulated sandpaper, or what is known on stage and TV as a "prop" was used. This could not be done, the FTC ruled.

The court held otherwise, on the basis that deception is only concerned with what is seen on the screen, not what means are employed to achieve an effect to make up for deficiencies in photographic processes.

If the FTC had gotten way with this edict, it would have led to a whole series of rulings.

Of course, it is generally considered that attacks on advertising are merely a feint. The real objective is government control of all communication.

Recently there was the interesting development known as government "news management" followed by career assassination by news "leaks."

Thus, it is quite refreshing for a university professor to recommend FTC get busy solving evils existing in monopolistic trends and quit trying to be advertising experts.

Efird May Start Flying School Here

Jimmy Efird is interested in beginning a flying school for area residents if enough persons desire to enroll for a course, he said here Thursday morning.

The son of Rev. and Mrs. James Efird, Jimmy is a student at Wayland College and has been interested in flying for several years. He has received his commercial pilot and instructors rating and license.

If enough persons are interested in the school, Jimmy will bring an airplane to Tahoka from the Claude Hutcherson Flying Service in Plainview.

Those interested should contact Jimmy in care of that flying service, Box 950, Plainview. Rev. Efird may also be contacted for further information.

Congratulations—

Mr. and Mrs. Alfonso Bernal Mendoza of route 1, Tahoka on the birth of a son at 11:00 a. m. Tuesday in Tahoka Hospital. Paula Leandra weighed six pounds, 12 ounces.

CARD OF THANKS

There are no words to express the gratitude we feel for the many wonderful kindnesses shown us during the illness and death of our loved one, for the food, flowers, cards, hospital visits and so many kind deeds too numerous to name. Your sympathy, words of comfort and prayers have meant so much to us. God bless each of you.—Bill Cathcart, Eloise Chamberlee and the Harvick family. 1tp

Five Rural Wrecks During January

The Highway Patrol investigated five rural accidents in Lynn County during the month of January according to Sergeant A. E. Roberts, Patrol Supervisor of this area.

These wrecks accounted for one person killed, three persons injured and property damage of \$4,045.00.

The Highway Patrol Supervisor pointed out that rural motor vehicle traffic accidents in the 29 county North Texas district have declined slightly during January, 1963, as compared with the same month last year. Seven deaths were chalked up last month as compared to the nine that were recorded in January, 1962, 137 injuries compared to 147 for January, 1962. A total of 216 rural traffic accidents were investigated as compared to 217 for January, 1962. "This slight overall decrease of deaths, injuries and accidents is encouraging, but these figures must be greatly reduced for each of the following months of 1963 if we are to have a safe year in motor vehicle travel," the Sergeant stated.

The Veteran Patrol Supervisor reminded motorists that the law requires all Texas registered motor vehicles to have valid inspection April 15. The best way to avoid the long line expected in the last minute rush is to have your vehicle inspected now.

Dawson County Honors H. Hahn

Harold Hahn, 29, farmer in Dawson county near O'Donnell has been named the Outstanding Farmer of the Year by Dawson county's Soil Conservation District.

A graduate of O'Donnell High School and Texas Tech, he farms 456 acres, which consists of 297 acres of crop land, 11 acres of pasture, 144 acres of rangeland and four acres of farmstead. The honor was given him for his outstanding work in applying conservation practices.

Mrs. Jodie Nevill, a patient in Tahoka Hospital since Dec. 8, was reported resting better this week. She has been in serious condition for some time.

Bond Election . . .

(Cont'd. from Page 1)

moved here to make more room in crowded North Elementary.

The new building would contain a band hall, permitting disposal of the present wooden barracks, modern laboratories, separate library and study hall rooms.

Plans call for enlarging the school cafeteria by building a new kitchen on the west on property to be acquired from J. W. Jaquess, whose lots would be cleared and landscaped.

North Elementary would be thoroughly renovated to meet state requirements, including better lighting, plumbing, rest rooms, tile floors in hallways and possibly new ceilings in class rooms.

Bus parking would be moved to the lots east of the homemaking cottage, where a modern bus garage would be erected.

Members of the board told The News Tuesday they would welcome questions from patrons of the school district on the proposed program.

Property taxpayers citizens of the district who have rendered taxable property for the year are eligible to vote in the election, if qualified otherwise as voters.

CARD OF THANKS
We wish to express our appreciation for all the many nice things done for Terry while in the hospital, the flowers, food, cards, visits and countless other things.—Terry and Countess Noble. 1tp.

O'Donnell's March Of Dimes Saturday

O'Donnell will hold its annual March of Dimes Variety Show Saturday at 8:00 p. m. in the High School auditorium. Theme this year will be "American Music Through the Years."

The town is a strong contributor to the March of Dimes and the variety show is a major event in the drive. Tickets are \$1.00 and 50 cents.

Lynn Soil Test Results Revealed By Chemist

By William F. Bennett
Soil Chemist, Extension Service,
College Station, Texas

The soil test summary for Lynn County is based on 81 soil samples submitted from January 1955 to December 1959. This includes 8 samples classified as sand, 71 samples classified as sandy loam and loam and 12 samples classified as clay loam or clay. Since nearly all soils from Lynn County were classed as loams and sandy loams this soil test summary for this textured group will be the only one reported in this soil test summary. Amarillo and Brownfield series are two soils present in Lynn County.

The summary includes samples taken for field and vegetable crops and does not include samples taken from lawns, gardens and flower beds. It includes both upland and bottomland soils.

Most Lynn County soils are very low to low in organic matter and are very low in phosphorus. A very few soils in the coarse textured group show some slight deficiency in potassium. Other soils are well-supplied with potassium as well as calcium.

This summary indicates that nearly all Lynn County soils would respond to the application of nitrogen and phosphorus. A very few of the coarse textured soils might show some response to the application of potassium but most soils would have no need for potassium or calcium.

This summary indicates the importance of using a soil test to determine fertilizer need. Without a soil test, it is difficult to

determine the nutrient levels in soils.

Values on the table are in percent. The values in each column are the percent of soils which are in the VL, L, LM, and H levels.

Levels	O.M.	Phos.	Pot.	Cal.
VL	55	73	0	0
L	32	20	0	0
LM	14	3	1	0
H	1	1	6	3
	0	4	93	97

Only 8% of the soils tested in the neutral pH range of 6.5 to 7.3, 20% tested from 7.4 to 7.8, 57% were in the pH range of 7.9 to 8.3, and 17% tested greater than 8.3. The fact that 17% of the soils tested above 8.3 is indicative of the presence of sodium in some soils in Lynn County. This sodium has been applied and accumulated through the application of irrigation water containing this element. This also indicates that certain soils in Lynn County would respond to the application of gypsum.

ATTENDED CONVENTION

Mr. and Mrs. C. W. Stevens and Mr. and Mrs. T. D. Dunlap were among those attending the Coop convention in San Antonio early last week. Stevens is the manager of Farmers Cooperative Gin of Tahoka and Dunlap is a director.

Mr. and Mrs. A. G. Cawthon visited in San Angelo Thursday of last week with Mrs. W. M. Harris and report that she is liking her new home there in the hospital better all the time. She is also gaining some weight.

"Heart of the South Plains"

FRIDAY, FEBRUARY 15, 1963

Medicare Would Be Costly, Inefficient Car Inspections And Impractical, Dr. Durham States Lagging Here

"We need to talk less taxes, less government, and more free enterprise," stated Dr. K. R. Durham in a talk at Tahoka Rotary Club in presenting convincing arguments against the proposed "medicare" program of liberal politicians in Washington.

He pointed out that individual initiative was what had made America great, and our first settlers of this area asked help from no one but instead had a desire to make something for themselves.

"What has come over us; we want government help for everything we do?" he asked. We have social security, help to farm, to build stock tanks, and seem to want security from the government from the cradle to the grave. And, it's gotten to where now our politicians tell us what we need without even asking us.

He said the Medicare bill is the opening wedge for completely socialized medicine. Anything the government "gives" us, it soon expands and controls.

The income tax when passed 50 years ago has grown from a \$10,000 tax on a million dollars to where it is almost confiscatory, even to the small man. Individual initiative was further cut down for the Social Security law, originally small, but now due to reach nine percent of earnings by 1969, even without Medicare added to it.

Medicare would bring compulsory national health insurance, controlled by a government bureau, which would be inefficient and costly, destroy doctor-patient relationship, eventually place doctors and drug handlers in employ of the government, with all its red tape and inefficiency, take more controls away from individuals.

Dr. Durham cited purported facts regarding England's experiment with socialized medicine to show the cost and inefficiency of the program.

He said socialized medicine in England, a plan similar to Medicare, is costing that country two and a half times the originally planned cost. Based on the cost of the program in England, it would cost us \$22.5 billion a year, or \$657 for each household making \$5,000 a year.

We are already \$500 billion in debt without further spending programs. He pointed out that \$900 billion is three billion \$100 bills, and a string of this many \$100 bills would reach to the moon and 14,000 miles beyond. If we started paying off the national debt at the rate of \$9 million a day, it would take us 90 years and four months to catch up. If we started reducing the national debt \$1 billion a year,

it would take 300 years to pay off.

But, we have to pay interest of about 10 percent a year, which is \$275 per second, \$700 million a month, \$9 billion a year.

He cited the waste in programs operated by the government, and applied them to the medical profession, illustrating red tape getting in hospitals, getting medicines and treatment, how many people really needing medical care would be left out as those not needing care so badly would crowd the hospitals and doctors' offices for "free" attention.

In the period of 1948-1958, under socialized medicine, only one new hospital has been built in all of England. During nine years of this same period, without medicare, the U. S. has built 638 hospitals.

In England, the average stay of a patient in a hospital is 23 days and thousands who need to be there can not gain admittance. In the U. S. the average stay of a patient in the hospital is nine days.

H. B. McCord Sr., in charge of the program, introduced the speaker.

President Calloway Huffaker announced Tahoka Jaycees had contributed \$25.00 to the fund being raised by the Rotary Club for a new piano for the City-Legion building. A number of Rotarians made contributions to the fund being raised by Dr. Durham. Larry Hagood was delegated to go get the piano.

Former Citizen Is Death Victim

M. D. (Sharkey) Wampler, 54, one-time citizen of Tahoka, died suddenly Monday morning at his home on an oil lease between Denver City and Hobbs.

Reared at Lorenzo, he worked here in the late 1920s or early 1930s for Southwestern Public Service Co. and was a brother of the late Pfluger Wampler, who worked for The News. A veteran of the North African campaign of World War II, he lived in Seagraves for 14 years before moving to the oil lease. He is survived by his wife, a brother, and two sisters.

"With the deadline for obtaining inspection stickers drawing near, only 21 percent of the vehicles in Lynn County have been inspected,"

Captain Alan Johnson, Motor Vehicle Inspection Supervisor of the Texas Department of Public Safety, said this week.

Unless the number of inspections is increased appreciably soon, long waiting lines will be forming at inspection stations when the April 15 deadline approaches. "The authorized inspection stations are ready and capable of handling the inspection of Texas registered vehicles without delay if owners will not wait until just a few days before the deadline," Johnson said.

"Any driver operating a vehicle registered in Texas, that is required to be inspected, on public roads after April 15 will be operating in violation of the law," he said.

Reynolds Attend Nephew's Funeral

Mr. and Mrs. Jack Reynolds and their daughter, Mrs. Helen Marrett, attended funeral services for Mrs. Reynolds's nephew, Buin Claxton, at Loraine Sunday. He died in Sweetwater Saturday after an illness of five years.

Survivors include his wife and one son.

O'Donnell Stock Show Feb. 22-23

O'Donnell's annual community livestock show will be held Friday and Saturday in the O'Donnell show barn, and about 325 FFA and 4-H calves, pigs, and lambs will be shown. Jerald Barton is the superintendent, and his assistant is Raymond Hancock.

Judges will be Paul Gross, assistant county agent of Gaines county, and Bill Roach, Scurry county agent, calves and lambs.

Department superintendents are: Calves, Harold Mires and Bennie Clark; lambs, Bennie W. Edwards, Bill Gardenhire, and Bobby Cox; swine, Kenneth Pearson and Bart Anderson.

Weighing will be under supervision of E. E. Bates, superintendent, O'Dell Howard, Arol Moore.

Harold Sanders and Harold Brumlett, Bertice Askey and Andy Gardenhire will be ring superintendents.

Announcers will be David Hamblin and Jack Minter.

Harold Hohn is president of the sponsoring agent, O'Donnell Livestock and Fair Association.

Bobbie Swinson In ACC Social Club

Abilene (Spl.) — Bobbie Swinson, daughter of Mr. and Mrs. J. T. Swinson of Tahoka, has been made a member of Zeta Rho, Abilene Christian College women's Social club.

A senior, Miss Swinson, is a home economics major.

CHEVROLET TRUCK QUALITY

You can see the difference wherever you look

If you believe various makes of trucks are pretty much alike, you aren't doing justice to your pocket-book. There are differences.

A Chevrolet truck welcomes comparison. Look at the little things on it—latches, hinges, stitching in the upholstery. Notice how strong the tailgate is, the rubber enclosed chains that keep it from sagging.

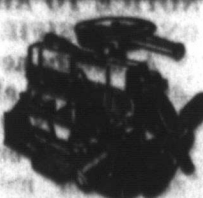

The body floor is made of select wood to eliminate the rust problem and give you better footing. The lower

side panels are double-walled; you might dent the inside but it won't show through.

Chevrolet designs suspension systems to fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense?

If you are going to need a new truck this year, you should look at the quality Chevrolet has to offer. May we bring over a new '63 so you can examine it?

2 NEW 6-CYLINDER ENGINES

New High Torque 230-cu.-in. Six—lighter but more powerful than its predecessor. It is standard in Series C10 through C60 models.

New High Torque 292-cu.-in. Six—most powerful truck 6 Chevrolet has ever built. Standard in Series C60, optional at extra cost in lighter models.

QUALITY TRUCKS COST LESS

Peace Corps Is Seeking Farmers

"I wish I knew more about agriculture so I could be of more help here," writes Peace Corps Volunteer William Weinhold from Kuala Lumpur, Malaya. Weinhold, whose home in Kobler, Wisconsin is a graduate of DeVry Technical Institute in Chicago. He is assisting a BBC expert from England design new studios and stations for Radio Malaya.

"Malaya is one of the fastest developing countries in all of Asia, but," says Weinhold, "it needs trained agronomists to conduct a soil survey of the country." In a letter to Mr. Evan Hirsch of Sheboygan Falls, Wisconsin, he asks his friend to do what he can to get 'ag' people to volunteer for the Peace Corps because of the great need in many countries.

"Some countries need people who can operate tractors and get up dairy farms. Some need skilled veterinarians. I believe there are wonderful opportunities for young agriculture graduates in the Peace Corps."

W. B. Griffin, County Agent of Lynn County, says the requests for volunteers with farm backgrounds and training in agriculture, forestry and homemaking are increasing with every new Peace Corps project.

The demand for college trained volunteers far exceeds the present number of qualified applicants. They are being requested to work in agricultural extension projects, in rural community action projects, as teachers in school systems, as instructors in colleges and universities, and, in some cases, as researchers.

There are also opportunities for men and women without college

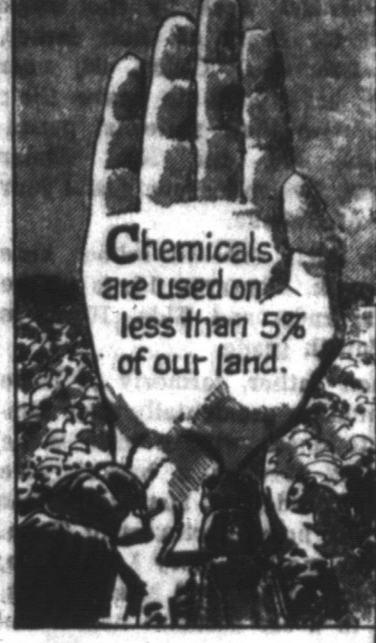

Farm Facts

While there is controversy concerning the use of agricultural chemicals and general agreement among scientists that more research is needed on their toxicology, there doesn't seem to be any justifiable reason for eliminating their use.

This is the opinion of Dr. V. H. Freed of the Department of Agricultural Chemistry, Oregon State University.

He notes that less than 5% of our land is receiving an appreciable amount of treatment with these materials, that the safety record has been remarkably good, and that there is no acceptable substitute for them.

"The choice that seems to be facing us," says Dr. Freed, "is whether we will continue to accept an insignificant risk in the use of these chemicals or face a disastrous loss in food production—resulting in high prices and the prospect of starvation and the threat

of virulent outbreaks of insect-borne disease.

"The intelligent use of chemicals can avoid this and at the same time offer no substantial hazard to wildlife or man."

Floyd Goad Sells Cicero Smith Stock

Headquarters of Cicero Smith Lumber Company is being moved from Fort Worth to Lubbock, according to announcement of officials of the firm.

Floyd E. Goad of Lubbock, a Lynn county boy who had become a vice president of the firm, while here last week for the funeral of his wife's grandmother, Mrs. S. N. McDaniel, told The News he has sold his stock in the firm and will leave Cicero Smith March 1.

Floyd expects to enter the building contracting business in Lubbock.

training, provided they have farm experience, vocational agricultural training, or good 4-H backgrounds.

Applicants are now being selected for projects starting training in late spring and summer for Malaya, Nepal, Pakistan, India, Colombia, Ecuador, Peru, Venezuela, Brazil, Guatemala, Uruguay, Chile, Jamaica, St. Lucia, Guinea and Togo.

Many Peace Corps Volunteers like William Weinhold wish they knew more about agriculture so they could make an even greater contribution to their host country.

Peace Corps application forms may be obtained from the local County Agent's office, or from Peace Corps, Washington 25, D.C. Atten: Agricultural Division.

Farm Bureau Was Formed In 1948

Lynn County Farm Bureau, organized in 1948, has grown steadily and ended the last year with 741 dues paying members. No figures are available for the first year, but in 1952 there were 325 members.

By far the largest organization of farmers in the nation, Farm Bureau has 84,842 members in Texas and 1,807,505 in 49 states and Puerto Rico.

As stated by Governor John Connally at the recent Texas state convention, the Farm Bureau represents one of the few truly democratic organizations left in the state and nation.

All policies originate at the county level, are discussed and voted on by county representatives. These are sent on to the state convention, where policies are again discussed and voted upon by dues-paying members. Then, these resolutions are taken to the national convention, where the nationwide thinking of members become national policies.

Not all these policies finally arrived at correspond to the thinking of individual farmer-members or even with county units, but they do represent the thinking of the majority.

Farm Bureau, through its organization, constantly seeks improvements in state and national affairs of interest both to farmers as good citizens and as tillers of the soil.

Lynn County Farm Bureau is a distinct unity within itself, affiliated with the State organization, which, in turn, is affiliated with the American Farm Bureau Federation. The local constitution and by-laws were adopted in 1951, when Wilmer Smith was the president.

Present officers are Loyd R. McCormick, Jr., Wilson, president; Leland White of New Home, vice president; and Earl Cummings of Wilson, secretary. Other members of the board include Don H. Smith, Milton Evans, Howard Moore, T. B. Mason, Ward Eakin, A. L. White, Lois Smelser, and Woodrow Brewer, representing every section of the county.

Charles Reid joined the Farm Bureau office on February 1, 1953, as office manager and is also general insurance agent. Mrs. Mary Nell Ashcraft is Farm Bureau office secretary, and Mrs. Alice Reid is insurance secretary.

Special insurance agents are J. D. Atwell, Jimmy Schneider, and Billy Rhoads.

The local group also served Garza county.

Agents have radio equipped cars for faster service, and handle life insurance, auto, fire, hail, Blue Cross, Blue Shield of Texas, and farm liability insurance.

In 1957 the growing Farm Bureau organization started making plans to own an office building of its own, and in 1950 bought the V. V. McElroy brick building, repaired and remodeled it, and plans are to have the debt on the building all paid within the next two years.

Charles Reid is one of the town's most active young businessmen, is an enthusiastic sports fan, and has been very active in the junior baseball program, as well as other civic affairs.

ATTENDS CONVENTION
Miss Echo Milliken, owner of Echo's Beauty Salon, attended the state convention of beauty operators in Dallas last week end.

NEIGHBORS ON THE JOB ROUNDUP

FARM BUREAU BLDG. TAHOKA, TEXAS

17th YEAR SERVICE

SERVING the FARM INTERESTS IN LYNN & GARZA COUNTIES SINCE 1946

Lynn County Farm Bureau — Texas Farm Bureau National Farm Bureau
