Plans Are Complete For C-C Banquet March 1st

Arrangements have been completed for the annual Farmer-Businessman banquet of Tahoka Chamber of Commerce Friday night, March 1, at 7:30 o'clock in the school cafeteria.

An outstanding program has been arranged for the event. A. C. Verner will be the master of ceremonies, announces E. L. Short, C. of C. president the past two years. Special guests will be farmers and members of Tahoka Fire Department and wives.

Featured speaker will be Dr. John C. Stevens, assistant president of Abilene Christian College, nationally known for his talks which feature a mixture of humor and serious thoughts. Special music will be by the Tahoka High School Combo orchestra, directed by Vic Klyer, a highly entertaining group.

Special awards will be presented the Conservation Farmer of the Year in Lynn County by "Mack" Mauldin, the three winners of the Soil and Water conservation essay contest for high school students which had 37 entries this year, the "most courteous employee of the year" in Tahoka, and possibly others.

The new C. of C. president and directors will be presented, also. Dr. Stevens, a native Texan, was a 1961 recipient of the George Washington Honor Medal, Freedoms Foundation, Valley Forge, Pa. for public addresses, and has speaking engagements in New York City the week following his address here. He is active in Abilene Chamber of Commerce work, past president of the Kiwanis Club, past president of Abilene Boys' Ranch, and is active in many other affairs.

Born at Richland, Navarro county, Dr. Stevens took his B. A. degree from A. C. C. and his M. A. and Ph. D. degrees from University of Arkansas, was a chaplain during World War II with the U. S. Army and participated in the European campaigns of Normandy, Northern France, the Rhineland, the Ardennes, and Central Europe with an infantry regiment.

He joined the faculty of ACC in 1948 in the history department, became dean of men in 1950, dean of students in 1952, and assistant president in 1956. He and his wife, Ruth, have a son and a daughter. He is a friend of Don Browning, local Church of Christ minister. Tickets for the banquet may be obtained from Mrs. Retha Dunn, C. of C. secretary, at the City Hall or from local C. of C. officers and directors.

Committees making banquet arrangements are: Food: Messrs and Mesdames Turner Rogers, G. H. Chestnut, and Calloway Huffaker. Tables and chairs: H. B. McCord Jr., Granvel Ayers, Jack Jaques, Alton Cain, and Bob Haney. Decorations: Messrs and Mesdames Urban Brown, A. M. Bray, and A. C. Verner. Program: Clint Walker, Frank Hill, and Harold Roberts.

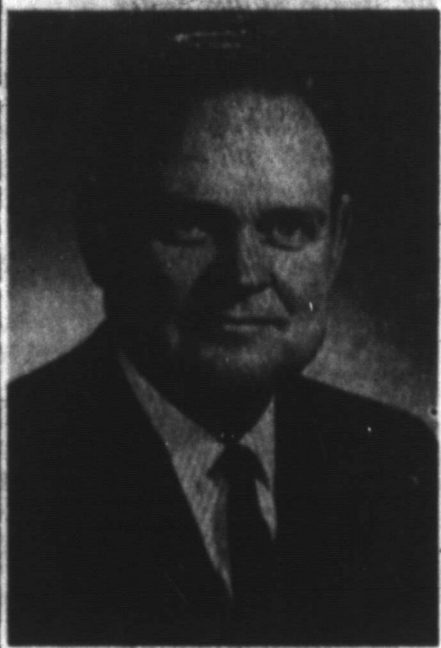

No Names Filed For Tahoka City Posts

No names had been filed on Tuesday morning for Mayor of Tahoka or for the two councilmen positions that will be vacated this spring.

Mayor Meldon Leslie and Councilmen Borden Davis and Charles Oliver are finishing their terms in office and deadline for filing for the places is March 2, only one week from this Saturday.

The City election will be held on Tuesday, April 2. Holdover members of the City Council are H. W. Edwards Jr., J. E. Nance Sr., and James F. (Sonny) Roberts.

Mrs. Ravis Isbell is in Tahoka Hospital where she was admitted Monday. She is receiving treatment for pneumonia.

DR. JOHN C. STEVENS

A. R. Kimbrell, 91, Dies Suddenly

A. R. Kimbrell, 91 year old Lynn county pioneer farmer and rancher of route 1, O'Donnell, died Sunday at 8:30 p. m. in Methodist Hospital. He became choked while eating supper, and was rushed to the hospital.

Funeral services were held in the First Baptist Church in O'Donnell at 2:30 p. m. Tuesday with the pastor, Rev. Calvin Partain, officiating. Burial was in O'Donnell Cemetery under direction of White Funeral Home.

Born Nov. 10, 1871, in Mississippi, Mr. Kimbrell came to Texas as a young man. He attended school in Bell county and was a good friend of the late Governor Jim Ferguson. He married Miss Ella Foster in Bell county and the couple celebrated their 69th wedding anniversary last Christmas eve.

Coming to Lynn county in 1907 from Concho county, the Kimbrells first farmed the Dr. Campbell place where Graham Tyler now lives. Three years later O'Donnell was established. In 1917 they bought a section of land three and a half miles east of O'Donnell and moved there in 1928, where they have lived since. Mr. Kimbrell farmed and ranched until retiring at about the age of 80.

Survivors include his wife; one sister, Mrs. Tom Bingham of Eden, Texas; one brother, Preston Kimbrell of Shadrum, Nebraska; a number of nieces and nephews including J. R. Kimbrell of Lubbock and Price Kimbrell of Klondyke.

Three Cars Wrecked In Collision Here

Two local ladies, Dixie Newsom and Frances Clinton, received minor injuries Monday night in an automobile accident on U. S. 87 in front of White Funeral Home about 9:15 p. m.

The car in which they were riding collided with the rear of a car owned by Buford Kay of O'Donnell, parked in front of the funeral home, which in turn rammed another parked car belonging to Ronnie Gass, also of O'Donnell. The Kay car was reported to be a total loss.

The ladies were treated for minor lacerations and bruises at Tahoka Hospital and released. They were traveling south when the collision occurred. The two O'Donnell men were inside the funeral home and no one was in the parked automobiles.

NEWS OUT EARLY

The News is being published early this week because of the fact that rural mail routes will not be running Friday morning, Washington's Birthday.

Jimmy Bragg Jr., five year old son of Mr. and Mrs. Jimmy Bragg, underwent a tonsillectomy in Tahoka Hospital Tuesday morning.

Postoffice Gets New Equipment

The U. S. Postoffice in Tahoka received a complete interior facelift this week with the installation of new fixtures and furniture being made in two days.

New boxes, windows, and metal facing with light wood grain finish were installed within sight of post office customers. Behind the windows new cases and mail handling equipment were installed, as well as some new furniture, including desks and chairs.

Post office officials stated that all new boxes will have the same numbers, except in Section A. Heretofore, box numbers in Section A ended with the letter A. This will be changed so that these boxes will drop the A and add the number 1 before the original number. In other words, Box 301-A will become 1301.

However, all boxes will have new combinations. These will be given to the head of the family, who will in turn be asked to convey the information to other members of his or her family.

Work on changing the fixtures began on Tuesday morning and was expected to be completed by Wednesday night. The changeover did not hamper local mail service, which continued as usual.

Father-in-Law Of Mickey Mantle Is Livin' In Tahoka

The identity of a construction worker employed by R. H. Fulton, pipeline contractor here, was made known to The News this week which should be one of excitement for local Yankee baseball fans.

Giles Johnson is the father-in-law of the famous slugger, Mickey Mantle, and is making his home at the Sunshine Inn while in Tahoka.

However, all information about Mr. Johnson is not good news. Last Saturday he lost the tip of his fifth finger and received a fractured ring finger when they were caught in the fan of a power shovel while working on the pipeline job between here and Lubbock.

Mr. Johnson is from Picher, Okla., near Miami, Okla., where his son-in-law Mickey Mantle was reared.

Uniforms Needed For Cub Scouts

Probably there are some former Cub Scouts or Cubs who have outgrown their uniforms and will never use them again.

E. B. Gaither, local Scout leader, says there are several Cubs in need of uniforms and asks anyone having such surplus uniforms to contact him.

Mrs. R. V. Long is receiving treatment for pneumonia at Tahoka Hospital, where she entered Wednesday of last week.

New Home Show Winners Listed

The New Home Community Livestock Show was held Saturday in the Macha warehouse when 4-H and FFA members entered—48 swine, three calves, and two lambs.

Bill Jackson, vocational agriculture teacher from Lubbock High School, was the judge. Winners in nine classes of livestock follow:

All gilts: 1, Dickie Turner; 2, Kenneth Timmons; 3, Lonnie Ford; 4, Duane Wyatt; 5, Terry Brown; 6, Calvin Timmons.

Chester Whites and Berkshires: 1, Larry Holtzclaw; 2, Jimmy Fillingim; 3, Holtzclaw.

Durocs: 1, Adrian Hill; 2, Henry Rodriguez; 3, Amador Cantu; 4, Bacyle Salmon; 5, Roy Fred Draper; 6, Calvin Timmons.

Hampshires: 1, Amador Cantu; 2, Alton Ernst; 3, Ricky Haley; 4, Alton Ernst; 5, Kenny Fillingim; 6, Jimmy Fillingim.

Spotted Poland Chinas: 1, 2, 3, and 4, Terry Brown; 5, Mike Padon.

Champion barrow was a Hampshire shown by Amador Cantu. Reserve champion was a Duroc shown by Adrian Hill.

All lambs: 1 and 2, Bruce Franklin. All steers: 1, Stanley Gill; 2 and 3, James Smith.

These animals will be shown in the New Home-Wilson Livestock Show this Saturday in the Lynn County Livestock building.

Two Stock Shows This Week End

Wilson-New Home and O'Donnell community junior livestock shows will be held this week end.

The Wilson-New Home show is being held this Friday and Saturday in the Lynn County Exhibition Hall in Tahoka under a committee of citizens from the two communities. Vocational Agricultural teachers Bobby Lee of Wilson and Leonard Wilson of New Home, and County Agent Bill Griffin.

O'Donnell's community show is being held at the same time in the O'Donnell Livestock Exhibition Hall, with Vocational Agricultural teacher James Reed and the O'Donnell Livestock Association in charge. Judges will be Paul Gross, Gaines county assistant county agent, and Bill Roach, Scurry county agent.

The following week end Feb. 28, March 1 and 2, the annual Lynn County Junior Livestock Show will be held here in Tahoka. O'Donnell junior showmen will also show in the Dawson county show on March 7, 8 and 9.

W. A. Reddell continues to improve in Tahoka Hospital, where he has been a patient since suffering a heart attack.

County, Community Junior Stock Shows In Limelight

SAN ANTONIO WINNER—Valton Macker, Wilson FFA Chapter member, exhibited the reserve champion Poland China Barrow in the Boys' Market Barrow Show of the San Antonio Livestock Show. Bobby Lee is the Wilson High School vocational agriculture teacher and FFA chapter advisor.

The annual Lynn County Junior Livestock Show here on Thursday, Friday and Saturday of next week, Feb. 28, March 1 and 2, is expected to be the largest and best ever, states County Agent Bill Griffin.

All swine and lamb entries must be made by next Thursday before 5:00 p. m., and steer entries must be in not later than 9:00 a. m. Friday.

Judging of swine will begin at 10:00 a. m. Friday, March 1, lambs at 10:00 a. m. Saturday, March 2, and steers at 2:00 p. m. Saturday.

One change being made in the show this year places Hereford and Angus steers in separate classes.

Prizes for the show and most other expenses are being furnished by Tahoka Chamber of Commerce, with help from Tahoka Rotary Club. Total prizes and expenses run about \$800.00.

Prizes on calves range from \$2.00 to \$10.00, on swine and lambs from \$1.00 to \$6.50.

Showmanship awards will be presented by Lynn County Farm Bureau.

In addition, each animal making the show will draw a bonus from a fund raised by local business men and interested individuals of the county. Usually approximately \$1,800 to \$2,000 is raised for this fund, and thereby every boys showing gets a premium for his efforts, not just a few top winners.

159 Animals Shown In City FFA, 4-H Event Saturday

Tahoka's Community FFA and 4-H Livestock Show, held Saturday in the Lynn County Agricultural Exhibition Hall, is declared by many to have been the finest ever held here—equal to many of the county shows a few years back.

Entries totaled 130 pigs and 29 steers.

Grand champion steer was shown by Rex Hamilton, and the reserve champion was shown by Dean Hamilton. Both were heavyweight animals.

Phil Adams made a clean sweep of the pig championships, taking grand champion and the reserve championship on both barrows and gilts.

The show was sponsored by Tahoka Young Farmers and the Vocational Agriculture teachers, V. P. Carter and Lester Adams, as a preliminary event to the annual county show Feb. 28 and March 1 and 2.

Walton Terry was general superintendent, Robert Draper was steer superintendent, and Charles Brookshire served as swine superintendent.

Also helping were: Wayne Huffaker, Young Farmer president; Milt Draper, the vice president; (Cont'd. on Back Page)

Trustee Election Set For April 6th

Two members of the school board of Tahoka Independent School District will be named Saturday, April 6 and deadline for filing for the two positions is March 7, or 30 days prior to election.

The terms of Clint Walker, current board president, and Clint Sikes expire this spring.

Holdover members of the board are Maurice Huffaker, Wilton Payne, J. T. Miller, Cleve Littlepage and Olen Renfro.

E. E. Perry Rites Set For Friday

Elmer Everett Perry, 69 year old resident of Englewood, Colo., and resident of Lynn county from 1927 to 1935, died at about 2:30 a. m. Wednesday in San Saba. He was the father of Mrs. J. D. Adams of Tahoka.

Funeral services will be held in White Funeral Home Chapel at 2:00 p. m. Friday, Feb. 22, with Don Browning, minister of Tahoka Church of Christ, officiating. Burial will be in Tahoka Cemetery.

Mr. Perry was born Oct. 30, 1893, in Navarro county and came to Lynn county in 1927. He farmed here several years in the T-Bar and Dixie communities, left here in 1935, and later moved to Rails where he operated a laundry. After moving to Colorado, Mr. Perry served as school custodian in Englewood for about eight years before retiring. He was a member of the Church of Christ.

He was married to Orah Cayce May 18, 1913, in Navarro county, and she passed away in February of last year and was buried here.

Survivors include two daughters, Mrs. J. D. Adams of Tahoka and Mrs. Elmer Owens of Littlefield; three sons, W. C. of Denver, Colo., G. H. of Artesia, N.M., and J. M., who is in the Navy stationed at Seattle, Wash.; two sisters, Mrs. G. C. Scott of Dallas and Mrs. O. W. Owens of Dawson; one brother, J. D. of Wichita Falls; 16 grandchildren and four great grandchildren.

Rogers Curry of The News has been ill with the flu this week.

McNeely Heads Tahoka Jaycees

Tahoka Jaycees elected W. H. McNeely its new president at its meeting Tuesday night when 27 members attended. He succeeds Jesse Dorman.

Harry Lee Short is first vice president succeeding Wiley Curry; Wayne Huffaker, second vice president, succeeding Bert Stevens; Ed Redwine succeeds Binie White as secretary; Charles Osborn, treasurer, succeeds Willis McNeil; and J. D. Atwell is executive director succeeding Harry Short.

New directors are Binie White and Bert Stevens, succeeding J. E. Nance and Wayne Huffaker. Relected directors are Dan Lockaby and Ike Carter.

The new slate of officers will take office at the first meeting in April, and an installation banquet has tentatively been set for March 30.

In order that the Jaycees will not become a delinquent club, dues must be sent in by March 1. All those unable to attend Tuesday night's meeting are urged to pay their dues to Dorman, White or McNeil immediately.

In other business before the organization, the Jaycees voted to donate \$50.00 to be used toward the bonus for the Lynn County Stock Show fund.

Proposed Bonds For School Explained By Local Board

In order that voters may more clearly understand the proposed tax rate changes proposed in connection with the proposed \$550,000 bond issue for a new high school building and other plant improvements in the March 2 election, Tahoka School Board offers the following explanation.

The first proposition on the ballot would permit raising the local maintenance rate to a maximum of \$1.50 per \$100 valuation. The second proposition is the actual bond issue proposal.

Present total tax rate is \$1.70, of which amount \$1.28 is for operating and maintaining the school and 32 cents is for bond and interest payments. The board proposes voting a

rate not to exceed \$1.50 for operation and maintenance. However, actually \$1.09 will be required for operation and maintenance and 61 cents for bond and interest payments, or a total rate of \$1.70.

Due to the low basis of assessment of property in Tahoka district, the assessed valuation will have to be increased by 324 percent, but an actual tax increase of 28 percent.

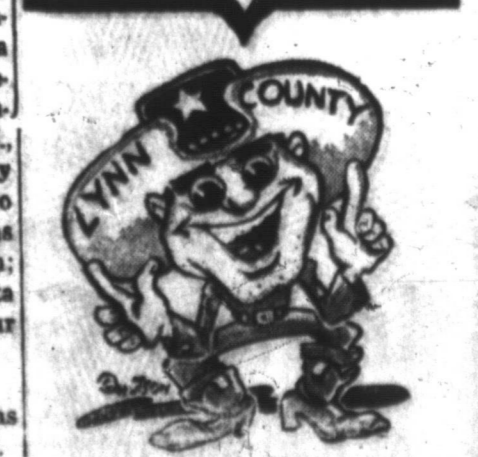

Effect on the average home or farm owner will be as follows: Assuming a home or farm on the tax roll at \$1,000 (assessed value, not actual value) the present tax rate of \$1.75 costs the taxpayer \$17.50 in taxes. The proposed new financing plan would raise the value to \$1,533.33 and reduce the

tax rate to \$1.70 and produce taxes of \$22.66 on the \$1,000 valuation, or a net increase in taxes of 28 percent.

Tahoka's present school plant has become so crowded that State Education authorities have issued the second warning that the condition must be relieved or accreditation threatened.

If voters approve, the board proposes a new high school building "wrapped around" the present building, one story in height, separated by landscaped patios, containing modern science laboratories, separate library and study hall, classrooms, band hall, and other modern facilities. By this arrangement, the district can be (Cont'd. on Back Page)

Cotton Micronaire Readings In 1963 Planned By USDA

Micronaire readings on samples of cotton submitted for classification under the Smith Doxey Program will be available on a fee basis during the 1963-64 season, according to the U. S. Department of Agriculture.

This service provides a measure of fiber fineness of cotton as determined by air flow instruments. Fiber fineness is a quality factor important in spinning. Testing for micronaire readings is authorized under the Cotton Testing Service Act.

The micronaire reading service was introduced beginning November 1, of the 1962-63 season and was used extensively by farmers in West Texas and Oklahoma. A fee of eight cents per sample was charged for this service. The fee for the coming season will be determined by the U. S. Department of Agriculture and will be announced about May 1.

Applications for the testing service must be submitted by a gin-ner to the Agricultural Marketing Service, Cotton Classing Office serving the territory in which the gin is located. All samples submitted for classification from a gin that files an application for the micronaire service will be tested. Applications should be submitted as soon as possible but no later

The Lynn County News, Tahoka, Texas Friday, February 22, 1963

than July 1. Several weeks are required to install equipment and train personnel to provide the testing service to gins submitting applications after July 1, if a shortage of equipment and trained personnel occurs.

The gin that submits application for the service will be responsible for payment of the testing fee. Applications for micronaire readings and additional details regarding the service may be obtained from the Lubbock Cotton Division Classing Office of the Agricultural Marketing Service.

Michigan was the first state to ratify the amendment repealing prohibition.

Only Three of Eight Navy Hikers Make It As Far As Tahoka

Three members of the U. S. Navy arrived in Tahoka at 2:15 p. m. Wednesday on the first leg of a 75-mile hike that began at 8:00 a. m. in Lubbock. Only two were able to continue on the route from Tahoka to Wilson, Slaton and back to Lubbock.

Arriving first at Tahoka City Limits was IC-2 Raymond Allen, a native of Oklahoma, and youngest of the trio. Also making it to the City limits were Commander Warren Hewitt and Chief John Hampton, a physician. Chief Hampton and IC-2 Allen continued from Tahoka and expected to reach Lubbock about 10:00 p. m. Wednesday night.

Originally, eight began the hike, but AO-2 Earl Maples of Lubbock, who drove a station wagon alongside the group, said two dropped out after 13 miles, one after 16 miles and two more after 22 miles. Allen told a News reporter that he did not tire after setting the pace the first five miles.

However, the trio bucked a heavy wind coming to Tahoka and Commander Hewitt was suffering from extreme exhaustion. Allen and Hampton thought the hike back would be easier with the wind behind them.

A television crew was on hand just north of town while they were resting before the return trip.

Kind words never die—they just become victims of ingratitude.

Farm Facts

An analysis of components included in the cost of living shows that the cost of food and clothing has risen only about 5% in the past 10 years.

Consumer durable goods—refrigerators, washers, TV's, etc.—cost less than they did 10 years ago. The big increase—over 30%—has been in the broad category of "services." This includes such items as housing, transportation, medical care, personal care, etc.

There has been an increase in the quantity and in the character of such services as well as a steady upward trend in wages and fringe benefits.

Over the past decade, taxes have risen 121%. Taxes take a larger proportion of our income than food, clothing, and medical care combined.

The rising cost of government is paid for primarily by taxes on personal income. Taxes are not included in the federal government's "cost of living index."

Food and clothing costs have risen only 5% in the past ten years.

The real rise in living costs is illustrated by the fact that a worker who earned \$5,000 in 1949 would have to earn \$7,870 today just to stay even with the toll taken by taxes and inflation.

Changes Made in '63 Feed Grain

College Station, Feb. 20.—Texas farmers are now nearing the midway point in the February 1 to March 22 sign-up dates for the 1963 Feed Grain Program. Though it is very similar to the 1962 program, Tom Aaron, extension grain marketing specialist, says changes have been made which could affect a farmer's decision on whether or not to participate.

He lists these significant changes. A direct price support payment of 18 cents per bushel on corn, 14 cents on barley and 29 cents per hundredweight on grain sorghum has been added. This amount to be paid participating farmers on the normal yield of their seeded acreage. For the first time, a farmer receives this payment even if he feeds his grain. Secondly, rates of payment on diverted acres have been reduced to 20 percent of the value of a normal crop on the first 20 percent diverted and to 50 percent of the value on all or any part of the second 20 percent diverted.

Thirdly, price support loans will be available to participating farmers on total yield this year instead of only normal yield as in the past. Fourthly, the grazing period for diverted acres has been set in advance. Diverted acres may be grazed until May 1 and again after November 1. Fifthly, after the sign-up period has ended on March 22, there can be no reduction in diversion without losing all price support benefits, Aaron said.

The change in compliance regulations makes it all the more important for a feed grain producer to make his decision before March 22 since he can change his intentions until that date.

As an aid to farmers in determining the financial returns from participating or not in the program, Aaron said county agents

have budget forms available for doing the necessary figuring. Several alternatives are available and growers will find the budgeting forms very useful in determining the best arrangement for their particular operation whether as a participant or non-participant.

Bulldogs Close Season With Victory Over Wink, 19-8 Record, Third Place

The 1963 Bulldog basketball team closed out its season here Tuesday night by adding another game to its "win" column in defeating Wink 36 to 48, and winding up with an impressive 19 victories against eight losses for the season, including tournaments, and 7-3 in district competition. The "B" team also won its game 51 to 32.

Five seniors, all starters this year, were playing their last game, including Craig Leslie, Billy Clinton, Tony Spruill, Andy Bray and Jerry Forsythe. Seagraves will represent District 5-A as the champions, but suffered its only conference defeat Tuesday night at the hands of the O'Donnell Eagles, who finished their district play with an 8-2 record.

The Wink team held the Bulldogs off the first quarter, the score standing 7-7 at end of that period, but the local quintet pulled ahead 27-20 at the half, and stayed ahead 40-31 at the end of the third. Several times the Bulldogs enjoyed a 11 point margin. Billy Clinton poured in 22 points and Andy Bray had a suc-

cessful night at the basket scoring 17 points. Craig Leslie added nine more. Herbert Emmier tossed in 11 for the losers.

The "B" team took an early lead in the first game of the evening and held a margin throughout. Quarter period scores were shooters with 15 points while Ter- Stanley Renfro led Tahoka's shooters with 15 points while Terry Harvick and Jose Cervantes made seven each. DeWitt was high for Wink with nine.

HEROISM AWARD

Time is running out for making nominations for the Texas Farm and Ranch Council's Rural Heroism Award. Deadline will be March 1, 1963. Local county agents and farm safety leaders can supply details on the program.

NO GRASSHOPPERS

U. S. Department of Agriculture surveys indicate that grasshopper infestations in Texas will be less in 1963. Infestations were found on only 67,130 acres in the 1962 survey as compared with 577,300 acres in 1961.

7th Grade Boys District Champs

Seventh grade boys basketball team won the district tournament at Slaton Saturday night, giving themselves the district title after also winning the round robin schedule. Eighth grade boys won the consolation title in their bracket of the tournament.

Milt Pitt's team defeated Slaton 27-5 in the tournament finals and Gilbert Hough's eight graders beat Abernathy for consolation honors 42-19.

In the championship finals, Tahoka seventh graders led Slaton 14-2 at halftime. Cliff Thomas scored 10 points for the winners and Richard White six.

Consolation game saw Tahoka in front of Abernathy 18-1 at the half. Mitchell Williams tossed 23 points through the hoop and Wayne Thurman made nine.

Both seventh and eighth grade girls won a game and lost one in the tournament, both losses coming in the semi-finals.

The seventh grade girls gained the finals by first defeating Idalou 24-13 and Post 25-20. The first round game saw Thomas score 15 and John Tyler nine and both also led the scoring in the second round with 10 and six, respectively.

Seventh grade girls defeated Abernathy 21-3 in their first game with Brenda Drager and Loretta Webb each making six points and Quaydene Pool making five. In the semi-finals Tahoka led Idalou at halftime 12-0, but the game was tied up at the end 18-18. In an overtime period Idalou won 22-18. Loretta Webb scored eight points and Brenda Drager six.

Post won the first round eighth grade boys game 44-36 after leading 31-19 at halftime. Mitchell Williams hit the basket for 23 points and Milton Miller seven. In consolation semi-finals Tahoka won over Idalou 37-22 with Williams and Miller scoring 15 and 10 points each.

Eighth grade girls won their first game 18-17 over Slaton when Marla Bray was responsible for six points and Sue Woodall five. The semi-finals game was lost to Post 16-6 with Chloe Jan Huffaker making four points.

Knox Manages Tatum Elevators

Mr. and Mrs. Leighton Knox have been operating Tatum Bros. Elevators, Inc., in Tahoka since the firm acquired the business in June, 1955, which had been operated for many years by Jim Burleson and later by Hubert Tankersley.

The firm has insured and bonded storage for 35,000 bushels, and also deals in a number of other lines, including bulk feeds and seeds, Caprock fertilizers, feed mixing to meet the farmers desire, veterinary and farm supplies.

Last year, a new feed mixing plant was installed capable of handling any size order promptly. Not only does Tatum grind and mix feeds for cattle, but they feature Economy Protein Pig-2-Hog and Sow & Pig special concentrates with the farmer's own milk, ground or steam rolled, to make a balanced ration. A complete line of dairy and poultry feeds is carried.

Bulk feeds are mixed to specifications at no charge for mixing, and the firm has bulk feed delivery service.

Golden Acre hybrid grain seeds are also a feature line at Tatum's. Mr. Knox has been with Tatum Bros. since 1939 and in Tahoka since 1955.

He was born at Charlie, Clay county, but grew up and married at Mangum, Okla., where both he and his wife, Helen, attended school. They are members of the Nazarene Church at Grassland, and have had a hand in the erection of the beautiful new and modern church building there. Leighton is an ardent trout fisherman, and when he can slip off to the Conejos River in Southern Colorado.

NEW PLANTING IDEA

What could prove to be a major break through in more efficient cotton production has been demonstrated at the Lubbock sub-station of the Texas Agricultural Experiment Station. Cotton planted in 9-inch rows produced more than two bales an acre without a single cultivation. It was irrigated and a pre-emergence herbicide was used to control weeds. It was mechanically harvested.

Mrs. Melba Clem is back at work at the First National Bank after undergoing surgery in a Lubbock hospital on Feb. 7.

Juniors Sweep Four Games With Idalou

Tahoka junior teams made a clean sweep of Idalou's four teams here Monday night in make-up games, postponed earlier because of bad weather.

The eighth grade boys won 32 to 28; seventh boys 23-18; eighth girls, 12-8; and seventh girls, 24 to 15.

Idalou led the eighth grade boys game until the final quarter, when Tahoka pulled from behind to win by six points. Milton Miller scored 12 points and Jerry Jolly 11 for the winners.

The seventh grade boys led from the first and controlled the game with Gary Brooks tossing in eight points and Richard White six to continue winning as district champions.

Eighth grade girls also led throughout the game with Marla Bray, playing forward and guard, taking scoring honors with six points. Carolyn Cox and Sue Woodall each scored four.

The seventh grade girls gave themselves a tie in the round robin schedule by defeating Idalou, with Tahoka, Idalou an 1 Post all ending with two losses. Idalou, however, won the district tournament and whether there will be any further games is not known at this time. Brenda Foster, newcomer to Tahoka's team, scored 10 points as the girls stayed ahead of the losers all the way. Loretta Webb added six more.

Girl Scout News

Girl Scout Troop 401 met Thursday with 19 girls and three leaders attending, and were served special refreshments.

Pam Raindl served cake, Cindy Gibson and Sharon Thuren served punch and ice cream. Afterwards the girls sang "Happy Birthday" to Pam Raindl.

The troop elected officers for each patrol. A game was taught by Betty Owen and Linda Mullins, and the troop had a nice Valentine party.

CARD OF THANKS

I wish to say "thank you" to everyone who sent cards, flowers, and who did so many nice things during my illness. Friends like you mean so very much.—Melba Clem. Itc.

Bulldogs Defeat Plains 59 to 39

The Bulldogs took another basketball victory over the Plains Cowboys there Friday night defeating the host team 59-39 after the "B" team lost 39-30.

Led by the shooting of Billy Clinton and Craig Leslie who tossed in 19 and 15 points, respectively, all players seeing action scored during the game. High point man for Plains was Anderson with eight.

The Bulldogs sped ahead at the opening of the game and overwhelmed Plains from the beginning. First period score was 17-6; halftime 33-20; and third period 46-28.

The first quarter of the "B" game was a close match, and Plains led by only 11-8 at the end, but Tahoka went cold in the second and the Cowboys leaped to a 22-10 margin. The Bulldogs pulled up to narrow it by 29-21 at the end of the third but were unable to catch up in the final stanza.

Jose Cervantes scored 10 points for Tahoka and Stanley Renfro added six more. Lowe was the Plains leading scorer with 17.

Friends Plow Land For Jack Smith At Lakeview Monday

Neighbors northwest of New Home on Monday plowed 230 acres of land for H. G. (Jack) Smith, victim of the recent unfortunate accident that claimed his wife and injured Mr. Smith.

Men doing the plowing or furrowing tractors were: Foy and Thurl Swinson, A. C. Hodges, Lit H. Moore Jr., A. C. Fillingim Jr., Jimmy Jenkins, Mack Harmonson, Melvin Newman, C. B. Newlin, Bob Poer, Morris Russell, W. P. Thompson, D. B. Wheeler, Cecil Yeatts, D. W. Hancock, Frank Timmons, O. K. Briggs, Billy Timmons, and Rev. Phillip Goodrum, Baptist pastor at Lakeview.

At noon ladies of the community brought dinner to the D. B. Wheeler home, and these ladies included: Miss Ellen Hickman, Mmes. Cecil Yeatts, D. W. Hancock, O. K. Briggs, Gilbert Northam, Frank Timmons, Billy Timmons, Willard Brent and Jeana, and Phillip Goodrum.

Huge Gas Pipe Line Ditch Nearing City

Work of laying the 20-inch gas line for Pioneer Natural Gas Co. between Lubbock and Tahoka is progressing rapidly, company officials report, and the big ditch is now being covered in the north part of the county.

Ditch-digging machines are now approaching Tahoka and the big booster plant west of town.

A 20-inch main line is being laid between the Tahoka booster station and Lubbock. A 10-inch line is being taken up and will be laid between Tahoka and Lamesa. The 12-inch line north will be left in service.

Farm Facts

Worldwide, the typical family spends 60% of its income for food.

Dr. Herrell DeGraff, Professor of Food Economics at Cornell University, notes that on a worldwide basis the typical family spends about 60% of its income for food (devotes about 60% of its productive effort to securing food).

"In this country, by contrast," he said in an address to the Super Market Institute, "the typical family acquires a large portion of the food preparation done by the food industries instead of burdening the homemaker."

"Moreover," says Dr. DeGraff, "ours is a food supply without limitations of geography or seasonality, and with a large portion of the work of preparation done by the food industries instead of burdening the homemaker."

"We eat as well and as cheaply as we do only because of the enormous contributions which science has made to food production, processing, and distribution."

"Fully a third of the quantity of food available to us has resulted directly from new contributions of science that have been discovered and applied during our own lifetimes."

Dr. DeGraff observes that we are feeding 70% more people than in 1950, although there has been no increase in cropland.

Inman Brothers Buy Proffitt Gulf Station

Joe Phil and Wyndell Inman have bought the Gulf service station business from Mr. and Mrs. D. R. Proffitt, and took charge of the business last Thursday.

Mr. and Mrs. Proffitt are moving to Dublin, route 1, where he will operate his son's stock farm. D. R. (Profit and Loss) said he has been in the service station business 35 years, eight years in Tahoka, and is tired and wants to do something else for a while.

Joe Phil and Wyndell, sons of Mr. and Mrs. Travis Inman, recently returned home from California, where they attended college and worked the past few months. They attended Barstow Junior College, where Joe Phil was a junior and Wyndell was a freshman.

L. D. Gildersleeve, Former Carrier at Tahoka, Retiring

L. D. Gildersleeve, rural mail carrier in Tahoka from 1933 to 1937, attained the mandatory retirement age of 70 in January at Northheim, Texas and received a long "write-up" in the Dewitt County View.

Tahoka was his longest route, he stated, and consisted of 92 miles. The route was a combined run of route 3 and route 5, the later run only three times a week. His shortest run was 25 miles in Minnesota. He has also carried the mail in Kansas. In Texas his routes have been out of post offices in Mercedes, Tahoka, Yorktown and Northheim.

Mr. Gildersleeve told of many modes of transportation in delivering mail in rural areas, consisting of two buggies, two sleds, a jeep, seven pickups and six cars. Recently he had driven a specially designed right-hand wheel which he had installed in his cars.

Upon retirement he received a commendation for 45 years of service from his postmaster, Bruno H. Morris, under whom he has served for eight years, and from Postmaster General J. Edward Day of Washington, D. C.

J. H. Huddleston Is Hurt In Wreck

J. H. (Mutt) Huddleston of Grassland received lacerations on the forehead and a slight concussion when his car and another carrying three Post persons hit head-on on U. S. Highway 380 near the Claude Donaldson insurance office at about 11:00 a. m. Saturday.

The three Post people, two women and a man, received emergency treatment and were released from Tahoka Hospital. Mr. Huddleston was admitted to the hospital for a few days.

Mr. Huddleston was traveling west and the other car east when the accident occurred. One unusual aspect of the accident was that both automobiles were the same make, model and color.

D. C. Davis' Sister Dies In Knox City

Mrs. Martha Denton, 90, sister of D. C. Davis, died Monday following an illness of two years. Funeral services were held Tuesday in Knox City.

She is survived by three daughters, one son, and a brother, Mr. Davis, who is now the only living member of his immediate family of brothers and sisters.

Mr. Davis was unable to attend the services, having been released from the hospital here just recently and recuperating at his home.

Tahoka FFA Leaders Tell History And Objectives Of Organization

Tahoka High Future Farmers of America officers presented the program at the Rotary Club last Thursday noon. The boys not only imparted a lot of interesting information about FFA work, but demonstrated the local high school has a lot of excellent public speakers.

FFA officers are: Jerry Forsythe, president; Billy Wallace, vice president; Gary Grogan secretary; Ronnie Hart, treasurer; Macky Joe McWhirter, reporter; Stanley Price, historian; A. G. Cook, parliamentarian; Jack Woods, sentinel; and teachers are V. P. Carter and Lester Adams.

Forsythe presided over the program, introduced the speakers, and presented the FFA creed.

In a talk on the history of FFA, Ronnie Hart said the national organization was formed in 1928 at a meeting in Kansas City, and the annual convention is held there annually. Today, there are 400,000 FFA members in the nation. Texas has the largest membership of any state, 40,000, or a tenth of the entire nation. There are 10 areas in Texas, Tahoka is in Area II, and has 70 boys enrolled in the local chapter. There are 76 vocational agriculture departments in Area II, and there are only seven departments, including such towns as Lubbock and Odessa, which have a larger enrollment of

agriculture students than Tahoka. Billy Wallace presented interesting facts about the Tahoka department. Although agriculture was offered in the Tahoka schools back in the 1920s, the first FFA chapter was not organized until 1934, when Taylor White was the teacher. J. D. Strickland, teacher from 1934 to 1936, is now head of the agriculture department in Odessa Junior College. The next teacher, Cecil Ayers, is now professor of agronomy in Texas Tech. While Ayers was here Truett Cooper, now a colonel in the Army, was FFA president and a Texas delegate to the National FFA Convention. While J. D. Huffstodler was teacher in 1937, Bryan Wright was the president and State delegate. Leslie (Broadway) Browning was teacher from 1938 to 1942, and Lester Adams was president and delegate to the National FFA Convention. Tom Seay was the teacher from 1942 to 1944.

During the war years 1944-1946, no teacher was available, but V. P. Carter became the teacher in 1946 and has been here ever since. Lester Adams joined the department in 1953. This year, Mr. Carter will receive his 20-year teacher tenure award pin, and Mr. Adams will receive his 10-year pin.

Over the years, a total of 28 boys have advanced to receive the Lone Star Farmer award. Rev. Boyce Evans, now Baptist pastor at Abbeville, being the first. In 1956, Walton Terry received the American Farmer Degree, the highest award an active FFA member can receive. Gary Grogan outlined the plan of work of FFA, which includes training through projects, contests, development of leadership, citizenship, and scholarship. Macky Joe McWhirter told of the junior livestock shows, with emphasis on the FFA and 4-H Tahoka community show, started three years ago to show parents and friends what the boys are doing and to gain experience for future shows. Through these projects, he said, the boys "learn by doing." The community show is sponsored by the Young Farmers, headed by Wayne Huffaker. Fred McGinty arranged the pro-

Local Couple Gives Books To Library

Several new books have been received by the Lynn County Library, according to Mrs. A. J. Kadatz, librarian.

Latest arrivals include: "The Cape Cod Lighter" by John O'Hara, "Madame Castiel's Lodger" by Frances Parkinson Keyes, "Fail Safe" by Eugene Burdick, "Hornstein's Boy" by Robert Tarver, "Point of Origin" by Redmond Wallis, and "Thomas Alva Edison" by H. Gordon Garbedian. Dr. and Mrs. K. R. Durham gave the book by Keyes in honor of the late Mrs. R. W. (Mary) Fenton, Sr., long a local leader in church, study club and Home Demonstration work.

Otis Hillhouse was back on the job barbering at Proctor and Bragg shop this week after having been laid up with the flu again. He says this is the third "spasm" with the flu this winter.

Help keep Tahoka clean.

Kay K. Moore Here From Colorado

Mr. and Mrs. Kay K. Moore of Durango, Southwestern Colorado, are here visiting his parents, Mr. and Mrs. L. H. Moore Sr. of New Home and other relatives and old friends.

The Moore were planning a fishing trip to Falcon Lake this week end.

Kay operates a catering service and restaurant known as the "Red Barn" on the outskirts of Durango which has become known over the West and has received some national publicity.

Located beside the tracks of the historic Denver & Rio Grande Railway, a narrow gauge line now

ridden daily during summer by tourists up scenic Las Animas Canyon and over the mountains to old Silverton, his place attracts many of these tourists. Each day on the train's return trip past the Red Barn, Kay races the "iron horse" aboard his pony, and the Easterners get a big kick out of seeing this "cowboy."

Kay says traffic has become so heavy on the little passenger train that reservations must be made in advance, and the railroad is planning on putting on a second train.

Facts—not "chin music"...
2,193 cattle furnish

"Built-in Roughage" facts!

An average of 47 actual field demonstrations show the kind of results the average feeder should expect on Purina's revolutionary "Built-in Roughage" Program with milo and cottonseed hulls, barley or ground ear corn.

Cattle (both heifers and steers) in these demonstrations were fed an average of 123 days. They went into the feedlot at an average weight of 893.3 lbs. and finished at an average of 935 lbs.

Their average daily gain for the period was 2.70 lbs. A pound of beef was produced on only 7.99 lbs. of total feed. These are facts—not "chin music."

Regardless of your feeding program—remember the supplement holds the key! Others have tried to duplicate our results—but only Purina Dealers have Special Steer Fatena, designed especially for "Built-in Roughage" feeding.

Purina Special Steer Fatena is the original "Built-in Roughage" supplement. Ask for it at our store with the Checkerboard Sign. Proves to yourself Purina feeding can cost you less!

Salvation Army Work Is Outlined

The local Salvation Army committee met with the new field representative, Joe Moore of Midland, and with Gilbert Muddell, who has served this area several years, Friday morning in Al Smith's Cafeteria.

Under discussion were several services offered by the Salvation Army for local people, as well as those throughout the state. Muddell said that eight boys from the Tahoka chapter will be invited to attend the Salvation camp at Midlothian in June and told of the strong influence the camp has on many of those attending each summer.

Also discussed was the service of Men's Social Centers in cities and towns over the state that are set up for rehabilitation for those seeking to help themselves. Muddell explained that men entering the program are from all walks of life with many and various problems. The program, usually extending for three years, provides room, board, work and helpful guidance in rehabilitating these men to a useful life.

Evangeline homes for girls seeking careers in cities, homes for unwed mothers, and various other aspects of the Salvation Army, including local aid also came under discussion.

Heretofore, this area has consisted of the South Plains and Panhandle, and because of its size has been split into two areas with Muddell representing the Panhandle and Moore the South Plains.

Local members of the Salvation Army committee include Rev. Aubrey White, chairman, Mrs. Florence McCracken, treasurer, Mrs. A. M. Bray, Charles Verner, Wynne Collier, W. T. Kidwell, W. M. Mathis, Norvell Redwine, Mrs. Jake Jacobs, A. L. Holder of Wilson, Mrs. Wilmer Smith of New Home, and Mrs. Roy LeMond of Grassland.

Dale Thuren and E. L. Short announced the coming county show and issued a plea for contributions to the "bonus fund," in which merchants and interested individuals help encourage the boys with a contribution to every boy showing in the county show.

Dr. Skiles Thomas, vice president, was in charge of the meeting in the absence of Calloway Huffaker, president.

Sir Walter Raleigh, an English courtier of Queen Elizabeth's time, paved the way for the settlement of America.

FINNEYS IN CALIFORNIA VISITING FOR TWO WEEKS

Mr. and Mrs. C. Edmund Finney expect to leave Sunday night to spend 10 days or two weeks visiting in California, and their photography shop will be closed during this time.

A nephew of Mr. Finney is getting married at Santa Anna, and he had promised him long ago to take the wedding pictures for the occasion. Finney said this is the first real vacation they have had since opening the store several years ago.

E. D. Cummings of Gordon says he has rented out his place for this year and expects to do a little more fishing. Mr. Cummings says he had a fine crop this last year, some of his cotton making two bales to the acre.

are 3,888,000 farms. The Department of Agriculture has 81,872 full-time and 16,688 part-time employees, not including county committeemen "and such like."

Sen. Harry Byrd of Virginia is authority for the statement that there were 4,837 federal employees in 1816. Since then, our population has increased 22-fold, but the number of federal employees has increased in the same period 500-fold to a total of 2,471,061. That doesn't include the armed forces, part-time employees, and the 198 million taxpayers who work three to nine months out of the year to pay income taxes. Soon, we'll all be working for the government and everything will be hunky-dory.

Tahoka Young Farmers deserve a pat on the back for a wonderful job in staging the Tahoka-FFA and 4-H Livestock show Saturday. Also, a bouquet to V. P. Carter and Lester Adams for their good job with the boys and their animals. But, "top credit" goes to the boys for the long hours of work and study they put in producing about the finest bunch of animals that would be found anywhere in a community show. In fact, those supposed to know, said the Tahoka community show was better and bigger than many county shows of this area.

Enjoyed a visit with Mr. and Mrs. Alvin Schoppa from out Petty way the other day, who know a lot of folks the Printer was reared with down at old Rescoe, particularly the German and Czech families, many of whom were among the finest people we ever knew. We'll never forget the light-breed Mrs. Rannefeldt baked, the "goodies" Mrs. Pietzsch used to cook, our starting to school with Albert Hrbacek, picking cotton with the Zetsman boys, Ben Mueller getting run over and near-

is killed by a section harrow, and the Hackfelds, Althofs, Coldeweys, Crimineks, Olenbuschs, and others.

Once we worked for Mr. Rannefeldt, from whom we learned a lot, not the least being a hand's obligation to his employer. He never heard of the 40-hour week. We got "out of the hay" at 4:00 a. m., fed the stock, milked, cut stove wood for the day, ate a big breakfast of the best German cooking in the world, then either sat around a while or mended harness until nearly daylight. We hitched up the teams, and drove out to the turn-row, where sometimes we waited again until it was light enough to see how to plow. Week days we worked until noon, had an hour to eat and rest, and back to the field we went until too dark to plow. About mid-afternoon, Mrs. Rannefeldt would bring The Printer a crock jar of lemonade and Mr. Rannefeldt a jug of cold wine. After a big supper, it was to bed—and up again before the rooster crowed. Saturday at noon, Mr. Rannefeldt would always say, "Well, boys, let's get back to the field, get through early, go to town and have a big time." We'd quit about 4:00 p. m., take a shower under the windmill barrel, go to town, he'd pay us \$7.00 for a week's work and then hand us 15 cents and tell us to get a bottle of red soda pop or a sack of popcorn, go to the "jitney" theatre and have a big time.

He used to tell us his experiences as a youth in Germany. On reaching teen age, his parents smuggled him to America partly to avoid military service. He hated the Kaiser, but naturally had strong feeling for his people in the "old country." Raised almost as a slave on a big estate in East Prussia, he had never seen a coin or been to a town until he left for America. As a farmer, his dad took the fruits of the harvest to the landlord, and the latter gave him a portion of the potatoes and small grain the family had raised on which to exist.

"For 800 years, possibly," he once told us, "My ancestors lived like this in Germany. We had no conception of equality, or money, or democracy." Can you imagine how lost an immigrant to this country was for years to come? "Even now," he told us in about 1918 while we were in World War I and many people in our little community were suspecting such men as Mr. Rannefeldt of being sympathetic to the Huns, "I have trouble realizing that in this great country my vote is as good as Mr. Norris' (a neighbor)." But, we'll never forget the day of a big Liberty Loan drive in the old Star Theatre that Mr. Rannefeldt was the only man present to buy \$5,000 in bonds to the embarrassment of many who had been

calling him a "Kaiser sympathizer." He confided in The Printer that he was a little mixed up for a while—our soldiers killing his own kinfolks who were in the German army through no choice of their own.

Every industry, every union, every professional organization has its public relations expert. No industry in the nation needs a public relations adviser more than does the farmer.

Ever hear how Slide, up in Lubbock county north of New Home, got its name? The story is told that early in the century, when the Plains began booming, a community grew up in Block Twenty. A new survey brought the horrifying news that the 200 sections of Block Twenty were two miles too far east. There was nothing for settlers to do but "slide over."

A politician thinks only of the next election—a statesman of the next generation. — Zebulon, Ga., Journal.

Cal Freley says: A young boy's character is like good clay. The hands that mold it determine the shape of the man. It's the bumps in the road that makes men out of boys. In working with boys be fair, be firm, be one of them. Showing distrust of a boy you are trying to help is like calling a dog and then throwing rocks at him.

Mrs. W. M. (Clara) Harris, in a San Angelo hospital, is still performing good deeds in spite of age and ill health. She asked Mrs. A. G. Cawthron to see that The News goes to K. F. (Buddy) Knight, who is a former Tahokan now living in San Angelo.

Ruel Smith found the following "letter to the editor" in The Farm and Ranch magazine:
Dear Uncle Sam:
I didn't balance my budget either, so I can't pay the income tax you claim I owe you. Sorry, but I know you will understand.

P. S. — If you need it before I can get it, you might ask the Red Poles, Yugoslavs and Indonesians for it. I didn't ask them to be my dependents.

Two grizzled mountaineers came down from the hills and met in town. "How's things at home?" asked one. "Well, my wife ain't talkin' to me this morning, and I ain't in the mood to interrupt her."

Wife: "You don't love me anymore. When you see me crying now you don't ask why." Husband: "I'm awfully sorry, my dear, but these questions have already cost me an awful lot of money."

Hostess: "Our dog is just like one of the family." Bored visitor: "Which one?"

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Editor, The News:
I have just been re-reading the papers I have received over here, and feel compelled to write you a note letting you know how much I enjoy reading The News. Of course I have always enjoyed the home paper, but when I have no other means of finding out what is happening back home, The News

finds a special place in my heart. I especially look forward to those wonderfully-written Printer's Inkings. In my opinion, your column of January 4 was the best of them all. The other men in this outfit have no interest in the rest of the paper, but there are a great many who await the arrival of The News just as eagerly as I do. Why? To read Printer's Inkings, of course. Because of the fact that I have "the honors" — guard duty — I have no more time. I will say, however, that I consider The News the best 'lil' old paper anywhere!

Sincerely,
Pfc. Lowell M. Bryan,

Four different ways to make going more fun than getting there

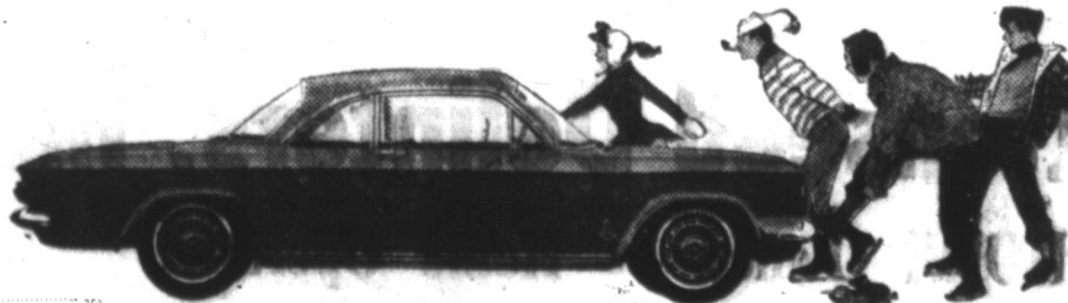

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the Jet-smooth Chevrolet, about as luxurious as you can go without going overboard in price; the low-cost Chevy II, a good-looking car that would send any family packing; another family favorite, the sporty Corsair, whose rear-engine traction will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, Corvete—now in two all-new versions with looks that can stop traffic like a rush-hour blizzard. Picked your favorite already? The next thing is to take the wheel at your Chevrolet dealer's. If that doesn't have you thinking of places to go, maybe you'd rather just have a ball around town!

General Telephone towns on the move

Things are happening in General Telephone towns—big things.

On Highway 290 near Sonora, Texas, the new tourist facilities at the Caverns of Sonora are a typical example.

This masterpiece of Nature, 60 million years old and still in the making, is now attracting thousands of people. Tourists from all over

the Nation are visiting, spending money, and adding a new factor to the local economy.

General Telephone towns are on the move. Local resources are being developed, new industries are coming in. If your town seeks additional information about this expansion, we are at your service. Just write our Community Development Dept., Box 1001, San Angelo, Texas.

New Highway Maps Published

Austin, February 21, 1963 — The strikingly colorful 1963 edition of the Official Highway Travel Map of Texas is ready for the asking.

Designed to show Texans and tourists how to discover the Lone Star State's vacation "fun-tier," the Texas Highway Department publication is free to the public. Copies may be obtained by writing the Texas Highway Department, Travel Division, Austin. It is also available at the 25 highway district offices and eight Tourist Bureaus operated by the department. County tax offices have special cards for ordering copies of the map.

Within the year, 750,000 or more of the free maps depicting Texas delights in vivid full-color photographs will find their way to glove compartments all over the United States—and the world.

Keyed to the swelling Texas tourist industry—up 14 per cent in visitor volume last year—the new travel map urges users to "Discover Texas — Today's Fun-tier." The map and its "fun-tiers" theme are links in a promotional package of publications and other materials at enhancing the image of Texas as a vacation paradise.

Purpose of the map is to stimulate travel in Texas by both Texans and visitors, and to make it easier for motorists to get from place to place. Scenic and cultural diversification of Texas is captured in a message by Governor John Connally urging prospective visitors to "visit our historical sites, vacation playgrounds, inland lakes and Gulf Coast beaches—our mountains, plains and piney woods—our cities and towns. The Texas Highway Department will be happy to provide you with any information you may need for your visit."

Eighteen full-color photographs illustrate the Governor's description of Texas' varied vacation lands. Depicting activities ranging from big-league baseball to bass fishing, the photographic cross section and easy-to-read map comprise a useful showpiece of the many-splendored charms of Texas. The 28 x 36-inch map shows

Cicero Smith Co. Moves To Lubbock

Headquarters of the Cicero Smith Lumber Co. will be moved to Lubbock from Fort Worth, Albert M. (Bert) Wolford, new general manager of the company, has announced.

"This move is being made to centralize our general office in the area in which we do business," Wolford said, "and it also expresses our confidence in the future economic growth of Lubbock and the South Plains area." The move is expected to be completed in March.

Cicero Smith, which currently operates 18 yards in three states, has had its general office in Fort Worth throughout its 60-year history.

The firm was organized in 1903 by J. L. Johnson, father of J. Lee Johnson Jr., the immediate past president; W. E. Connell, Cicero Smith and Capt. M. B. Boyd.

Recent Sale
Stock has been handed down principally in families through the years until recent sale in which 50 stockholders sold their interests to W. H. Hudson, of Dallas, and H. R. Hudson, Brownsville.

Current officers of the company are Robert R. Smith, Houston, president; W. H. Hudson, secretary-treasurer; and Wolford, vice president and general manager.

Wolford is to move from Houston to Lubbock when the headquarters change is made in March.

The Lubbock Cicero Smith yard, at 44th St. and Ave. A. is expected to house the general office facilities as soon as alteration on the local office space has been completed. These alterations already are in progress.

Some changes in the local operation are expected as emphasis is shifted from retail sales to a wholesale yard arrangement designed to service volume buyers such as builders, industrial and commercial concerns, farmers in the South Plains area and other lumber yards.

Highways have been growing with Texas and contributing to the growth of its tourist industry. Multi-lane-divided highways miles now completed and indicated on the new map total 2,806 miles.

Nearly 50,000 miles of highways are shown on the current map. Some 22,000 miles of Farm and Ranch to Market roads are shown and all Interstate, U. S. and State highways are indicated. Located on the new map are 854 Roadside Safety Rest Areas.

The 1963 map lists 1,837 towns and cities. Major routes in the state's twelve largest cities (over 100,000 population) are shown in inset maps. Cities covered: Amarillo, Austin, Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Lubbock, San Antonio, Waco, and Wichita Falls. Elevations and population symbols are also given for cities.

WASHINGTON AND "SMALL BUSINESS"

BY C. WILSON HARDER

While a chap like Newton Minow, currently head of the Federal Communications Commission, may throw out all kinds of smoke screens to scare the broadcast industry into devoting hours upon hours to pumping out the propaganda for whatever line government wants to take at any given time, no bureaucrat so far has succeeded in controlling independent thought.

This was made apparent in a recent nationwide poll conducted by the National Federation of Independent Business.

In fact, an analysis of the returns could well indicate nation's independent business and professional people are of the opinion there is a lot of "muddle" going on.

By an overwhelming 88% the nation's independent business people express approval of the measure by Sen. Burke which gives Congress power to veto any trade deals entered into by administration, which actually means State Dept.

In the same ballot, the nation's independent businessmen also by a majority of 90% approved a bill by Sen. Curtis to permit business to discharge wildcat strikers, and by a vote of 95% approved a bill by Sen. Tower to prohibit unions from forcing on employers union rules prohibiting use of time saving methods of production, or new equipment designed to save production costs.

The question in many minds seems to be, whose kidding who?

In fact, the question before the house seems to be "Why not some leadership in pulling our own house in order before getting so concerned over what is going on in Brussels? In Big Labor, or common sense, shaping the destiny of America?"

Somewhere around 100 years ago, a famous U. S. President said "You can fool all the people part of the time, part of the people all the time, but you cannot fool all the people all the time."

There is perhaps an awareness that there is need for some changes in the U. S. foreign trade policies. But they do not want the control to slip away from the people they elect from their local districts. Why?

The answer to this could be quite involved, but could perhaps best be summed up by a statement that the nation's businessmen are not sure whether the nation is governed for the welfare of all, or completely dominated by Big Labor on the assumption that Big Labor controls the votes to perpetuate any group in office.

All the yammer that U. S. must produce more to compete with the European Common Market seems to fall on deaf ears when the entire system appears to be based on producing less.

Wildcat strikes disrupt American production. Featherbedding increases the cost, especially in competing with nations like Spain where coal miners get \$41 per month.

The question in many minds seems to be, whose kidding who?

In fact, the question before the house seems to be "Why not some leadership in pulling our own house in order before getting so concerned over what is going on in Brussels? In Big Labor, or common sense, shaping the destiny of America?"

Southwestern Life Reaches New Highs In 1962 Operations

Southwestern Life Insurance Company of Dallas advanced to new record highs in all major phases of operations during 1962, according to a report received by Mrs. Gladys M. Stokes, the local Southwestern Life representative.

The Company's 1962 year-end figures reflected record-breaking highs for new insurance sales, assets, insurance in force, investments and benefit payments.

Sales of new insurance in 1962 were greater than in any previous year in Southwestern Life's history—totaling \$398,777,328. This was an increase of more than \$75 million or 23 percent over 1961's new business.

Assets increased during 1962 by \$28,772,880 and at year end totaled \$662,167,530—a new record high amount. The 1962 gain in assets further strengthened Southwestern Life's position in the top three percent of the nation's more than 1,450 life insurance firms, as measured by assets.

Insurance in force rose steadily during 1962 and at the end of the year hit a record peak of \$2,843,641,945, an increase of more than \$133 million over the total in force at year end 1961.

New investments made by Southwestern Life in 1962 totaled a record \$74,584,161, providing

at the end of 1962.

It was also reported that the company expanded its sales territory during 1962 to include three more states — Alabama, Georgia and Kentucky, and now is licensed to operate in 22 states and the District of Columbia.

Another significant highlight of Southwestern Life's record year was the ground breaking for the company's new home office building and parking garage in north downtown Dallas. Completion of the \$6 million project is scheduled for mid-1964.
