Burglars Strike Three Places In Muleshoe Tuesday Night

Burglars struck at three places in Muleshoe Tuesday night — at Bill's Drive-in, at the Corral Drive-in and the Dairy Mart.

At each place they broke in the building, then busted open the cigarette machines. No estimate has been made as to

the losses in each of these places.

Wednesday personnel at the Bailey County office said three young men were being held in Lamb County jail, who had pleaded guilty to the burglaries here, and also at Sudan and Anton the same night.

Anton Deputy Dan Blanch-

ard, Lamb County Sheriff's officers and the Bailey Sheriff and City officers all were working on the case.

The young trio, one of them a Muleshoe man, is also wanted in Farwell in connection with burglaries there, local officials said.

Mrs. Carey (Dess) Stafford To Seek Re-election

Mrs. Carey (Dess) Stafford informed the Journal this week that she would be a candidate for re-election to a full term as County Tax Assessor-Collector of Bailey County, in the forthcoming Democratic Primary in May, 1960.

Mrs. Stafford has held the office by appointment of the Commissioners Court, and by election, of the unexpired term of her late husband, Carey Stafford.

She states that she and her deputies have been on the job at all hours working for you the taxpayers of Bailey County, and have endeavored to give you the service that you should expect from this office at all times.

Mrs. Stafford believes that the experience that she has gained as your Tax Assessor-Collector will enable her to do a better job for you in the future.

This statement is to let you know that she is running for the office again and a formal announcement of her candidacy for the office will appear later in this paper.

Rodney Blackwood Elected District FFA Sentinel

Last Thursday, Sept. 24, 3 members of the Muleshoe FFA Chapter, Jackie Redwine, Stacy Lackey and Rodney Blackwood attended the Littlefield FFA district officers training school, along with Mr. Adams.

There are 18 schools in the Littlefield district.

Rodney Blackwood, son of Mr. and Mrs. Robert Blackwood, was elected Sentinel of the district. Some of the duties of Sentinel are:

1. Set up the meeting room and care for the chapter paraphernalia and equipment.
2. Attend the door during the meeting and welcome the visitors.
3. See that the meeting room is kept comfortable.
4. Take charge of candidates for degree ceremonies.
5. Assist with entertainment, features, and refreshments.

The boys elected to office for the Littlefield FFA district will attend all district meetings and transact the business of the district.

Jarman Cotton Yields More Than Bale Per Acre

If the Orby Jarman cotton field is any indication, Bailey County production this year will be high.

The Jarman's harvested 3.1 acres of cotton at the north edge of Muleshoe. The patch yielded a total of 1545 lbs. of lint cotton, or more than three good bales.

This early in the season, the first picking, there should be at least that much or more, yet left. The cotton, of course, was harvested by hand.

Mules Host Dimmitt In Game Friday Night

Coach H. W. Callan and the Muleshoe Mules really face a tough game here Friday night when they play host to the fast and tough Dimmitt Bobcats.

The Cats have been running wild over just about everyone they have played, while the Mules have not looked too effective in amassing a 2-2 record, winning over two very weak teams, Portales and Springlake.

The Mules will be the underdog by several touch downs but it is impossible to play football games on paper, so this one will be played just the same — and who knows what will happen, and which way the old pigskin will bounce?

LOCAL COUPLE FETED ON THEIR FIFTY NINTH WEDDING ANNIVERSARY

Mr. and Mrs. J. M. Simmons of Muleshoe were honored by their children Wednesday on their fifty-ninth wedding anniversary.

In addition to members of the family, a few close friends were invited in to visit with them.

GRAVESIDE RITES FOR MANREL INFANT

Graveside rites were held in Springlake Tuesday at 5 p.m. for the infant baby boy of Mr. and Mrs. Salamon.

The child was born Tuesday morning at 8:30 and died very shortly thereafter.

The T. O. Lesley's went to Hereford, Tex., Thursday to attend the funeral of T. O.'s grandmother Lemons.

Baptist Church Opening
The Lazbuddie Baptist Church had their opening of the new church Sunday with one hundred and seventy-four people at Sunday School and many more for church services. There were many visitors and friends. Several stayed for dinner and afternoon services, then went home around four. Then came back for Training Union at seven, and services afterward. Instead of service the different organizations and groups presented programs on "Stewardship and Tithes."

Students Attend Fair
Monday most all of the high school students went to the Lubbock South Plains Fair. They left school around eight forty-five and arrived in Lubbock around eleven. Everyone left the buses and had a big time. Everyone came home with more than two souvenirs. They met back at the bus at four fifteen and returned home around seven thirty.

Mr. and Mrs. Vance Crume and family visited in the home of Mr. and Mrs. Bernard Seay Sunday. The Vance Crumes are from Hereford, Texas.

Mrs. Nelly Worthington of Caushing, Oklahoma, is here visiting in the home of T. W. Burely.

L. L. Bewley Killed in Accident
Saturday morning Mr. L. L. Bewley was involved in a serious accident and killed. Mr. L. L. Bewley was here visiting for the past two weeks. He is survived by his wife, Mrs. L. L. Bewley; two brothers, Todd Bewley of Lazbuddie, and R. B. Bewley of Medford, Ore., and two sisters, Mrs. Seaton of Lazbuddie, and Mrs. Franklin of Tushka, Oklahoma; two sons, J. C. From The High School Principal's Office

School has now been in session four weeks. All students seem eager and ready for a year of work.

This past year we were able to add one teacher to the teaching staff of the school. This teacher was added to the elementary staff. We gained this teacher by having good attendance the past year. I hope that everyone will continue to be diligent in keeping our students in regular attendance.

I would like to urge all parents to consult with your children about bringing work home. The average student should be studying a minimum of two hours, four nights per week. This is in keeping with demands from the public that our schools strive to give students a better understanding education. The high school teachers are however willing and capable of directing the efforts of every student. However, their efforts will be futile unless the parents give them full support. Parents who are interested in helping, might make use of the following suggestions:

1. Require your student to spend two hours, four nights a week at the study table.
2. Sit down and talk with your boy or girl about their future, and school work.
3. Make it a personal obligation to keep informed on the progress of your children.
4. Do not be critical of the school in the presence of children.
5. Never hesitate to contact the school officials about matters concerning the school.
6. Be ready at all times to defend the American way of life and system of education.

I hope that you can agree with me when I say that our public schools represent and stand for all the freedoms that we cherish in America today.

Signed:
Jack N. Black.

Miss Gwenda Lee Parker Marries Mr. Jimmy Ray Martin In Farwell

Mr. and Mrs. Jimmy Ray Martin

—Cline Photo

The First Baptist Church of Farwell was the scene of a lovely informal fall wedding uniting Miss Gwenda Lee Parker and Mr. Jimmy Ray Martin Sunday, September 27. Nuptial vows were exchanged before a kneeling altar with white satin pillows tied with yellow ribbon bows and entwined with ivy runners. Palm branches, burning tapers, and tall baskets of yellow roses and bronze mums completed the setting.

Bro. Jerry Henson of Abilene, formerly of Farwell, performed the double-ring ceremony at 3:00 p.m.

Parents of the couple are Mr. and Mrs. W. T. Parker of 1701 S. Canal, Carlsbad, N.M., and Mr. and Mrs. Raymond Martin of Farwell.

Mrs. Sidney Cox, organist, provided traditional wedding selections for the occasion and accompanied soloist, Martha Blair who sang, "Walk Hand In Hand," "Whither Thou Goest," and "The Lord's Prayer."

Candlelighters were Shirlene Martin, sister of the bridegroom, and Tommy Parker of Carlsbad, brother of the bride.

The bride was given in marriage by her father. She wore a winter white street length dress of wool and nylon blend designed with princess lines and bolero jacket. Her shoulder length veil extended from a small hat made of lace and seed pearls. She carried a white Bible topped with a cascade bouquet of yellow roses and chrysanthemums.

Carolyn Langham, sister of the bride of Lubbock, was matron of honor and Juanita Range of Farwell was bridesmaid. They wore brown shirt-waist dresses fashioned with tucked bodices, push up sleeves, and full pleated skirt complemented by corsages of yellow chrysanthemums.

Larry Jesko of Muleshoe served the bridegroom as best man. Jerry Hardage of Farwell was usher.

The bride's mother attended the wedding wearing a beige cotton lace dress with brown green accessories.

Mrs. Martin chose a dusty rose dress with brown alligator accessories. Both ladies wore corsages of yellow mums tied with brown ribbon bows. Wedding guests attended a

reception immediately following the ceremony in the dining hall of the church. The bride's table was laid with a white crocheted cloth over yellow and centered with a fall arrangement and candles. The white three tiered wedding cake was decorated with yellow roses and topped with a miniature bride and groom. Kathy Martin, sister of the bridegroom, a n d LaOrchid Johnson served.

For travelling the bride wore a brown two piece suit with brown and black accessories. The couple will be at home in Lubbock at 3320 Indiana Ave. where Mr. Martin will attend Draughon's Business College. Both of the newly weds are '59 graduates of Farwell High School.

Rebekah State President Visits Hereford Lodge

Mrs. Bessie Clifton of Ft. Worth, president of the Rebekah Assembly of Texas visited with Hereford Lodge Tuesday evening. Sixty three of the members were present. Mrs. Clifton presented her program for the year and introduced her slogan "Love balances the scales of Justice."

The president gave an interesting talk on the work of Rebekah Odd Fellowship, also the Odd Fellowship of IOOF of Texas.

Two District Deputies were present: Ona Berry of District 7 and Linda Hopson of District 4.

Lodges represented were Muleshoe, newly organized Friona, Earth, Dimmitt, Littlefield and Hereford.

As usual, Hereford was a most hospitable host, serving a delicious supper prior to the meeting. The dining tables were decorated with red roses (the president's chosen flower) and small scales of styrofoam.

Those attending the meeting from Muleshoe were Mr. and Mrs. Tom Berry, Ina Ow-

MULESHOE, TEXAS

there was little boy blue who put down his horn; he went to the field and gathered the corn.

there once was a farmer who lived in a dell; around him were people who worked hard & well.

PIGGLY WIGGLY'S Harvest

and little bo-peep, she trained her sheep; together they worked and fine harvests reaped.

peter, pumpkin eater, was part of the crew; under his care, fine vegetables grew.

Jack of the beanstalk was part of the team; down on his crop the sun did beam.

**THIS WEEK
In Muleshoe**

by AFTON RICHARDS

A very colorful figure in the history of Texas passed off the scene of action the past week, in the death of Judge and former Governor James V. Allred.

This writer was not intimately acquainted with Governor Allred, but had met him a number of times, and was well acquainted with him by reputation, even before he became our Governor.

Back in the mid-twenties when we lived in Young Cotton, Jim Allred, living in Wichita Falls, was the District Attorney. He had quite a reputation as DA, and my father had done some jury work in court with him.

Allred in many ways was one of the State's best chief executives, even though he was a controversial figure all during his tenure.

It was chiefly through his efforts that the Old Age Assistance law was initiated. And, as such an organization would have, there were some evils in the program that had to be worked out, and many of the people that he was trying to help, were fighting him.

In the late thirties when he

was a candidate for the U. S. Senate, we lived in the small town of Meadow. As we walked down Main street one day we saw him standing on the sidewalk talking to three men. Recognizing him, we stopped, and shook hands addressing him as Governor Allred. The men he was visiting with were surprised, as he had not told them who he was.

James Allred served his state and country well. Texas grows very few sons of the calibre of Governor Allred.

An interesting piece of literature crossed our desk one day this week, coming from H. M. Wiley who is president of the Wheeler County school board.

Mr. Wiley claims that the number of left handed people in our ranks is rapidly growing.

Mr. Wiley has conducted quite a survey on the subject.

Mr. Wiley makes these observations: I believe our research shows our fathers were from 2 to 3% left handed. That from 1917 to 1927 we were about 5% left handed but the percentage of lefthandedness has increased rapidly since that time.

In a recent survey made in the Muleshoe schools, he reports 98% of the school students here are left handed.

Mr. Wiley says a verification of his figures with the Medical Journal shows:

A much higher percentage of left handers are born during years of stress and trouble, than in tranquil years.

A much lower percentage of left handers are found among the children of parents with certain religious beliefs.

Few Indians in their native environment are left handed, but that as they adopt the white man's culture they become more left handed.

He says no person, competent to do so, who has made a close study of the subject the past 15 or 20 years, has said our handedness is inherited, but on the contrary say it is not.

— And we always thought that you were either born left handed or right handed!

About the biggest bunch of left handed people we ever heard of, was the army of three thousand left handers, in olden Bible times.

Sickness has really crippled the Journal this week, H. B. Flannagin, shop foreman has been out since Monday on account of his mother suffering a stroke Monday night and being in critical condition.

Polly Otwell the bookkeeper has been out all week with strep throat, and the flu, and Waneen Ragsdale, the Society editor was out Monday on account of sickness.

There is a definite possibility that this issue of the paper just will not get out at all.

How the CO-OP's Clobbered the Clabber!

Yesterday... it seems there was an abundance of clabber on the farm not always produced through choice. The Independent Rural Electric Cooperatives changed all that and many other things as well.

Today... with almost a quarter century's experience... The Electric Cooperative serving your area stands as a tried and proven specialist in Rural Electrification owned and operated by those they serve.

Tomorrow... as Texas continues to grow and our rural economy expands, it is imperative that our electric cooperatives remain free and unfettered that they may sustain the noble purpose that brought them into being: a dependable electric service to our rural areas.

Mrs. A. T. Cocanougher Visits Muleshoe Study Club Thursday

"Life is an adventure, or should be," said Mrs. A. T. Cocanougher, 7th District Federated Clubs President, Thursday night, Sept. 17, when she visited with Muleshoe Study Club members in the home of Mrs. O. N. Jennings on the Plainview Highway. Mrs. Cocanougher continued, "It's easy to get in a rut and lose that marvelous sense of curiosity which helps us to explore the unfamiliar. A new club year offers a special challenge of doing something different, something new."

Mrs. Cocanougher stated that "America's greatest asset is not its material wealth, but the freedom its citizens enjoy. Let us not depend on the government to do everything for us... this freedom is the reason for America's high standard of living."

A delicious covered dish supper was enjoyed prior to the meeting. The beautiful floral arrangements of dahlias were made by the club vice president, Mrs. Glenn Dunn.

Present for this first meeting of the club year were Mrs. Thurman White, president, who presided over the business portion of the meeting, Mrs. Cocanougher, and members Mmes. Dunn, B. O. McDaniel, Lee Pool, Verney Towns, Ray Hughes, Ralph Douglas, Gil Lamb, and the hostesses Mrs. Jennings and Mrs. John Farley.

Next meeting will be Thursday night, Sept. 24, in the Production Credit Administration new building.

BLACK ROLLS—Lindel Black, Mule halfback, is shown here making a 50 yard punt return in the game with Springlake last Friday night. The run was called back on account of a clipping penalty charged against the Mules. White (12), Hawkins (38) and Walker (22) are seen coming over to block.

Three Way Gets Back in the Win Column Friday

The Threeway ball club got rolling again this week, outdistancing Smyer 18-14 in a good game on the home field. James Tarleton passed to Mike Flaniken for one score, Bailey Griffith scrambled 25 yards for another, and Virgil Thomas got the third tally.

Smyer scored their two touchdowns, one on a pass play, and the other on a 12 yard drive.

Three Way goes to Spade this week.

Tech Fights Back to Take Oregon Prepares for Battle With Tulsa

LUBBOCK — Texas Tech, with two startling upsets under its belt, tries to break University of Tulsa's domination in the series in a football game at 8 p.m. here Saturday.

It's to be a busy day on Texas Tech's campus. Saturday is Band Day, with a score or so high school bands scheduled to appear, and at 3:30 p.m. in the Coliseum, the St. Louis Hawks and the Wilt Chamberlain-led Philadelphia Warriors will play professional basketball. C. R. (Choc) Rutcherson is promoting the cage tilt.

Coach DeWitt Weaver warns that the miracle wins the numerically-thin Red Raiders

have been posting can't go on forever. But neither can he hide his admiration for the spunky play turned in by the determined Raiders.

Texas Tech overcame an Aggie lead to beat Texas A&M 20-14 two weeks ago, then fought from under a 14-0 halftime deficit to edge Oregon State 15-14. Ken Talkington scored the tying touchdown in the final 43 seconds, then kicked the winning point.

Tulsa has beaten the Raiders in their last three engagements — 10-7, 3-0, and 9-7. Coach Bobby Dobbs has 19 returning lettermen for his best squad in five seasons with the Golden Hurricane.

Lockney Edges Ralls 14-6

The Lockney Longhorns had a difficult time with the Ralls Jackrabbits, but finally pulled a victory out of the bag, Friday night, 14-6.

Lockney's first score came on a 23 yard drive. Terry Clark made the TD. Fullback Bill Bangfold made the second score for them.

Bovina Falls To Amherst

The Bovina Mustangs lost to the Amherst Bulldogs Friday night 14-0.

Amherst rolled up 250 yards net to 105 for the visitors. Amherst's Ronnie Schroeder was too classy for Bovina, they just could not hold him.

Mules Win Fumbling Victory Over Springlake Friday, 16-6

The Muleshoe Mules fumbled themselves into a 16-6 victory over the Springlake Wolverines Friday night at Springlake.

The Mules committed 10 fumbles, losing the ball eight times. However, Springlake gave it back to them five times. It was an unusual amount of fumbles, considering the fact it was a warm night, played on a dry field. Springlake won the toss and chose to receive. Camp kicked off for the Mules, the ball going to the 10, where the Wolverines took the ball and ran it up to the 30 where Dean got the tackle. On first down, Wright stopped it for no gain. On second down they fumbled and Julian recovered for Muleshoe.

Oliver made 3, Young 6, and Black 6 for a first down. Young lost a yard. Oliver made 4. Black got up to the line of scrimmage on third down. Oliver ran fourth down, picking up the 9 needed for a Muleshoe touchdown.

Oliver intended to kick, got a bad center on the ball, recovered and ran out for the 2 point conversion, giving them a 8-0 lead.

Camp kicked down to the 10, Springlake ran it up to the 23 where Camp got the tackle. Springlake made 4 yards, Julian and Hawkins tackling. Second down produced 4, and third down 1, but the Mules were offside, and this gave the Wolves a first down.

They made 5 and then 6 for a first. On first down they made 3, then hit the line for no gain. Third down produced 6, and running fourth down, Oliver and Black stopped them cold for no gain.

Muleshoe taking over on their own 44. Walker made 9, and then Young pitched out to Walker again for 14 yards

Oliver carried the ball 19 times for 148 net yards gained. Walker carried 7 times for a net yardage of 78. Black carried 12 times for 49 yards.

Young carried 8 times for 25 yards, and passed to Black for 15 yards gain. Oliver scored 8 points and Black 8 points.

Oliver led the group defensively with 11 tackles and assists, Black 10, White 9, Shepherd 9, and Hawkins 8. Others making good tackles were Wright, Julian, Camp, Walker, Patton and Gilbreath.

and a first down. On the third play of the series, Young fumbled the ball and Springlake covered.

First down made 12 and another first. They then ran for 1 gain, and then 15 and another new series. On the next play they fumbled and a Muleshoe man covered right in midfield.

For the Mules Black hit the line for no gain, and then Young passed to Black for 16 gain and a first down. Walker made 7 and Oliver 5 for a first. Oliver then made another with a 13 yard run. Then on a mix-up of signals Black missed the ball on a play he was supposed to carry, and Springlake recovered.

First down lost a yard, and second down produced 6. The next play made no gain and

Second Quarter

They punted to the 20. Walker took it, and was run out of bounds on the 30. However Springlake was offside, and they punted again, to the 30 where Walker moved up to the 38. Again Springlake was in violation, but the penalty was refused this time.

Oliver made 3, then Black lost 4. On the next play the handoff was fumbled and the home team took over.

First down made 5, and second down stopped cold for no gain. They then lost 2 yards, and Black took it at midfield, ran all the way across the goal line, but Muleshoe was offside. They punted again, getting off a terrific punt down to the 10. Black took it, ran it up to the 20, fumbled and then repossessed it at the 20. Oliver made 21 for a first down, Black made 5. Oliver lateraled off, made 5, fumbled, and then recovered for no gain. The next play was fumbled at the line of scrimmage and then covered. Then they punted to the 30.

Springlake ran 4, then 2, and third down lost 2 with Wright getting the tackle. They punted, but White blocked it and a teammate covered on the Springlake 25.

Oliver ran 1, but the Mules were offside. Young made 5, and Oliver made 20, setting up first down and goal to go. Black then ran it over. He missed the extra point, but Springlake was offside, so setting the ball on the 1 yard line. Black ran it for the 2 extra points making the score 16-0.

They kicked to the 23. Springlake ran it up to the 29. A pass failed, and the first half ended.

Second Half

Springlake trying an on-side kick. Hawkins took the ball on the 38. Black made 15 and a first down. Young lost 1, then a pass was intercepted by the home team, he took a step or two, lost the ball and Camp covered for the Mules.

Oliver made 6, Walker 3, and Black 1 for a first down. Oliver made 2, and then attempting to pitch out after getting in a trap, the Mules fumbled and lost the ball.

Springlake took over on their 22, made 2, 3, and then 6 for a first down. Then again, made 6, and 6 more, but took a 5 yard penalty. On the next play they made 4, then hit the line for no gain, and then punted to the 35. Oliver took the ball and ran it from the 35 to midfield. On the first down Oliver fumbled and Springlake covered on the Mules 48.

Springlake made 2, then 7, and then 3 for a first down. Then making 4, and passed for 15 and a first down. Then they hit the middle for no gain but the Mules were offside. Then they got off a nice play for 19 and a Springlake score. Black and Gilbreath held tight and the run for extra points was foiled.

Walker took the kickoff at the 30 ran it to the 40. Oliver made 4, two passes failed, then they punted to the 30.

Springlake made no gain on first down, then lost 3 as Bob White got in their backfield. Then they made 4 as the quarter ended.

Fourth Quarter

Springlake punted out of bounds on the 25. Oliver made 13 and a first down. Then they fumbled and Springlake took over. Not to be outdone, on the next play Springlake fumbled and Shepherd covered for the Mules on their own 40.

Walker made 5, a pass failed, Oliver made 2, and running fourth down Black made 3 necessary, on a measure.

Walker made 5, and Black 18 for a first down. The next play was fumbled and recovered. A pass failed and they punted to the

Dimmitt Bobcats Keep Rolling With 38-22 Victory

The Dimmitt Cats continued their steamroller tactics Friday night as they clobbered Abernathy, 38-22.

The Bobcats took to the air with pin-point effectiveness as quarterback Carlos Barnes completed 10 of 15 passes.

Barnes and Collins were also outstanding in the Cat backfield.

Abernathy put together several good plays, but just was not able to match the superb playing of Dimmitt.

Farwell Steers Top Rated Class A Team in the West Plains Area

The Farwell Steers started out early, and continued rolling in their game the past week with Morton, to take their measurement 16 to 6.

With this victory Farwell is perhaps the top rated Class A team in the entire West Plains area.

Farwell's four backs, Lovelace, Dial, Huggins and Hardage, all divided the chores, and they make a combination that will be hard to beat.

Morton was crippled by fumbles, losing the ball four times via this route.

Olton Gets Easy Victory Over Hale Center Owls

The Olton Mustangs won their easiest victory of the season Friday night as they rolled past the Hale Center Owls 27-6 in Hale Center.

The big wheel for Olton was their quarterback John Wayne Hair, who made three touchdowns.

Robert Duncan, middle line-backer was a defensive stand-out for the Olton team.

Good Games On Sports Calendar This Weekend

The Plains sports fans have perhaps the best slate of games of the year so far, on tap for them this Friday night.

Perhaps the toughest foe they will face all season is in store for the Mules, as they are hosts to the mighty Dimmitt Bobcats.

Sudan No Match For the Fast Sundown Team

The Sudan Hornets more than met their match Friday night, when they hit the Sundown Roughnecks, going down in defeat 52-15.

Haskell Davis, fleet Sundown back, made 14 points and added 252 yards to his gaining total. Also David McInturf turned in a fine night for the Necks.

Max Lynch intercepted a pitchout and ran 40 yards for a Sudan TD to give the visiting fans a thrill.

Babson Reports On Sweden

GOTEBORG, October 1 — I had been told by some of my Washington friends who have heard Premier Khrushchev that they forecast as follows: Russia will gradually become more conservative and the United States will gradually become more socialistic, "until they meet on a middle ground, like Sweden." With this in mind, I have looked forward with great interest to visiting Sweden, where I now am.

Swedish People Have Security
Stockholm — the capital — is a beautiful city with wide streets and handsome buildings. It has large supermarkets with co-operative managements. Railroads, utilities, and telephones are mostly government owned. The people have old-age assistance, free medical care, and many other things which give them "security." They seem happy, contented, and not overworked. They have only one complaint, namely, that "taxes are very high."

Not only is real estate heavily taxed, but excise taxes exist on most products used by the people from the "cradle to the grave." There also is an expensive bureaucracy of government employees. Even though these are poorly paid, they have "security." Rather than compete in private work or business, people seek these government jobs. Until well after World War I the heavy taxes were cheerfully accepted, as Sweden was very prosperous from 1912 to 1927. But World War II was a different story. Sweden then got little trade, there was much unemployment, and the country went heavily into debt.

Cannot Balance The Budget
We all know what happened to Germany, Poland, and many other European countries during World War II. They completely defaulted on their national debt and the value of their "dollars" declined greatly. The Swedish "dollar" — called a KRONA — is now worth only about 19c.

Sweden has not balanced its budget since 1952. In fact, the budgetary deficit has been in a decided uptrend, and in the year 1958 the deficit had risen to 15 billion Kronor, or to the equivalent of \$290 million in American funds.

Sweden's Economic System Discouraging To Executives
All the above is disappointing to me, especially as the Swedes do not admit that they are operating under a Socialistic Government. They talk only of a co-operative government. It is true that the Swedish people buy almost everything from the great "Co-operatives" which operate most of the factories and many of the farms and other producers.

Then what is the trouble? I hear no complaint of dis-

honesty; the workers are faithful and there is less "leaning on shovel" than in the United States. The difference is that the able Swedish executives leave the country, going largely to the United States where they can earn much more. Because of Sweden's economic system the country cannot get efficient managers; and this applies to the banks and all offices which receive high salaries in our country. The lid on executives' salaries is the great handicap to the Swedish Co-operatives, railroads, steamships, and utilities.

Our Capitalistic System Needs More Competition
I am sorry to find this state of affairs in Sweden. Government-operated businesses need the competition of privately owned, fairly taxed competition. But our privately owned companies also need more competition as they become bigger. This is especially true of the "Dow Jones Industrial" concerns, which have recourse to unlimited capital. We further can get the world's best managers, since we pay very high salaries. This, however, is not healthy. Our nation needs "small businesses," just as a church needs a Sunday School. Yet our good executives are being forced into the professions and government jobs because of the very high taxes levied on "big business."

Not only does the Swedish system lack the income to attract good managers, but Sweden is losing its best mechanics and artisans. Khrushchev may see this danger ahead for Russia. It may be his reason for keeping his workers at home and not letting them see how much better they could live in the United States than in Russia. This may be one reason why the Communistic nations want to make the whole world communistic, — namely, to prevent the moving of their best people to a so-called capitalistic country where business is privately owned.

The Flanikens moved to Maple in 1937.

Congressman Mahon Back in District Plans to Visit Among the People

LUBBOCK — Representative George Mahon, following the adjournment of Congress, has returned to Texas and opened his district office in Lubbock.

Mahon, in commenting on the session recently adjourned, said he felt a reasonably good job had been done, especially in view of the fact that we have a divided government with the Democrats in control of Congress and the Republicans in control of the Executive branch. "Generally speaking," Mahon said, "I believe both Democrats and Republicans put the welfare of the country first, as they saw it."

Mahon said that he hopes the new labor reform law will prove helpful to the rank and file of workers and to the general public. He expressed approval of the speed-up provided by Congress of the Intercontinental Ballistic Missile program, the Anti-ICBM Missile program, and the anti-submarine warfare effort.

"Congress," Mahon said, "continues to try to force upon the Department of Defense a more efficient operation. Mounding costs make this increasingly urgent. The reorganization law which we enacted last year should improve the situation."

The session was characterized by Mahon as a battle over spending. "Claims and counterclaims have been made," Mahon said, "but I

feel any impartial judge will agree that Congress not only did not go on a wild spending spree, but on the contrary, provided less money than had been requested by the Budget.

Mahon added, "Members of Congress generally, as well as the President and the people, are disturbed by high government spending, deficit financing and high taxes. It is true Congress refused to raise the postage rate as advocated by the Administration, but we did, upon the urgent appeal of the President, raise the federal gasoline tax rate by 1c per gallon in order to continue the rapid construction of the Interstate Highway System."

It did not prove possible to pass much significant farm legislation at the recent session, Mahon said. Two farm bills were vetoed. Lack of effective leadership by the Secretary of Agriculture has produced a stalemate situation which is bad for the country and for agriculture, Mahon said. "Those of us from farm districts are continuing to try to find a way to a better program — one which will enable people in agriculture to survive along with other segments of the economy and in the face of increasing costs."

As to the Khrushchev visit, Mahon said he would not have advocated the exchange of visits by the President and the Soviet Premier, but that this

decision was one for the President to make in the light of facts known to him and that he earnestly hoped something good would come of the experiment. "Khrushchev," Mahon said, "is a tough foe. This is no time for softness of attitude on our part." Mahon continued, "We have got to be strong morally, militarily and otherwise if we are to meet successfully the ever increasing threat of the Communists to U. S. security."

Mahon's Washington office will remain open through the fall. His district office, in the Post Office Building in Lubbock, will likewise be open. Mahon explained that he plans to spend most of his time among the people and not in his office, but his staff will be available.

Tax Information To Be Taught In Schools

Readin', writin', and income tax will be taught to thousands of high school and college students in Texas again this year, according to Howard O. Nichols, Administrative Officer of the Lubbock office.

Order blanks for the Teaching Taxes material has been forwarded to 1151 schools in the Dallas District area. Last year the Internal Revenue Service provided free income tax teaching material to 75,600 students in 771 schools. High

school and college students who have completed the short course in how to file their income tax returns make 25% fewer errors than their Dads.

Additional information on the program can be secured from Jim Hodges, Chief, Administration Division, 2101 Pacific Avenue, Dallas, Texas.

Here Friday from Chevrolet . . .

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that's new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance of its new Body by Fisher, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, it's got all the thrifty virtues that make it unmistakably a Chevrolet—with new economy of operation, new dependability new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the others can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified front grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, the solidly built new Body by Fisher surrounds you with finely tailored fabrics and spacious

elegance. There's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. Adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that

do an even more efficient job of isolating road shock and noise.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. There's also a choice of five other V8's and five transmissions, to assure the exact power combination to satisfy the itch in your driving foot. Chevy's accent on comfort and convenience even extends back to its easier-

to-load luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters out engine impulses more effectively than ever and new two-toning motif available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes . . . and that's to drop in on your dealer and drive one!

Kenny Sims underwent surgery Wednesday at Taylor Hospital in Lubbock to place a pin in his ankle. The ankle was fractured Sept. 25 during a

Mothers Advised To Use Care In Serving Foods Prepared In Advance

During summer days, anxious to enjoy picnics and outings, mothers prepare food in advance so they may have more free time at the outing. To often this early preparation of food leads to food poisoning.

Summer is just about over and there aren't too many outdoor picnics scheduled, but the season of church suppers, group suppers and the like is still with us. Food poisoning is an inconclusive term which in its broadest sense refers to disease conditions resulting from eating or drinking material in some way poisonous.

However, for our purposes, we will discuss only one of the major categories of food poisoning. This is bacterial contamination of foods — cases in which the food has become contaminated with one of four types of bacteria.

Four types of bacteria are the usual culprits. These are staphylococcus, clostridium botulinum, salmonella and streptococcus viridans. There are others, but these are the major offenders.

With reasonable care in foodhandling, the growth of these bacteria, germs, can be held to a safe minimum.

Everything should be kept refrigerated until the last possible moment before serving. That way, mass food poisoning will have less chance to occur.

Football game with Cotton Center.

Judge and Mrs. Glenn Williams and son of Muleshoe were at Three Way Friday evening for the Smyer-Three Way football game.

Soil Conservation Election October 6

COLLEGE STATION, Sept. 22—Zone 1 residents of the State's 175 soil conservation districts have an election date to keep on October 6.

Lynn Pittard, extension soil and water conservation specialist, says the election is very important and he urges all eligible voters to cast their ballot.

Zone 1 voters will elect a farmer or ranchman who will serve as their supervisor and representative on the Soil Conservation District Board for the next five years. Time and place for the October 6 balloting will be announced locally, says Pittard.

Pittard says a qualified voter is a zone 1 landowner who is over 21 years of age or older. Wives of eligible landowners can vote and should do

so since they have an interest in their soil conservation district.

Local county agents and soil conservation district supervisors can supply information of the election and also on how interested farmers or ranchers can become a district cooperators.

fresh point of VIEW...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

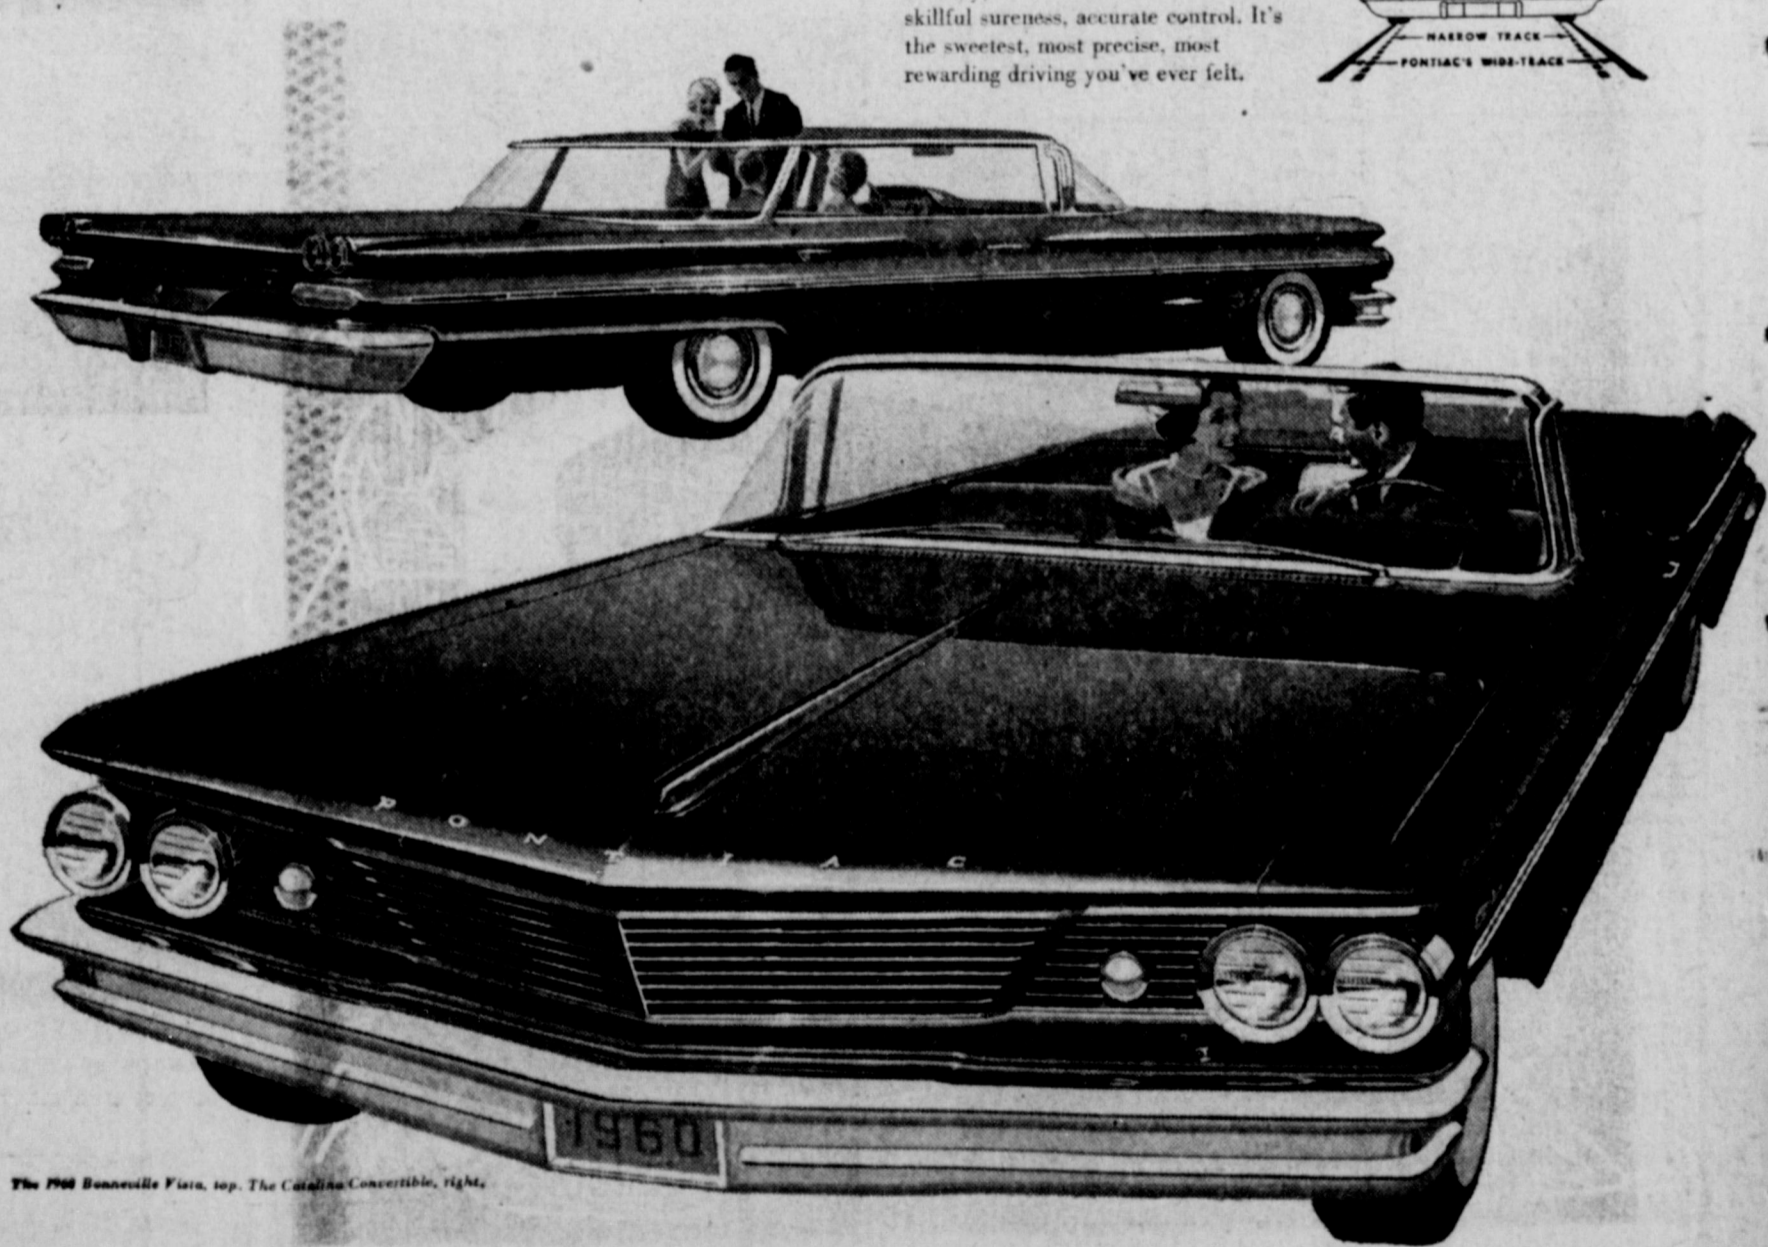

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

Parmer County Farm Bureau News

Next Thursday night, at the Bovina School Auditorium, Parmer County Farm Bureau members will hold their eleventh annual convention. It is here that policies to be recommended to the Texas Farm Bureau will be made. This year, there will not be any prepared resolutions presented. The directors and resolutions committee members decided that it might bring more discussion and actual grass roots talking and thinking into action if prepared resolutions were dispensed with. Therefore, plans are to ask you and your neighbor to say what you believe is important to you as a farmer and American Citizen. When you have stated your subject and beliefs on it, discussion will be called for, and then voted upon. These ideas, adopted by the membership, will become the county's resolutions for the year. This is the one time of year when your ideas have a very good opportunity to be put into action locally, on a state basis, or even on a national basis. You are urged to be present and take part in determining your future as farmers. The meeting is to start at eight, or as soon thereafter as a crowd is present. The Bovina School Band will present some numbers while you are congregating.

Several directors were out Monday getting more members for Farm Bureau, in an effort to earn one more vote in the state convention in November. If they missed you and your dues are not current, bring or send us the money before the last of October. Please do not pay them yet if they are not due before November. Three or four Farm Bureau leaders planned to attend a supper meeting in Muleshoe Tuesday night, where Representative Jesse Osborn was to give a run down on the last legislative session. Have you filed for state gasoline tax exemption in the last six months? CONSIDER THIS: There be four things which are little upon the earth, but they are exceeding wise. The ants are a people not strong, yet they prepare their meat in summer; The conies are but a feeble folk, yet make they their houses in the rocks; The locusts have poking, yet go they forth all of them by bands; The spider taketh hold with her hands, and is in kings' palaces. PROVERBS 30: 24-28.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The fiftieth Great Plains Conservation Program contract was signed in the Blackwater Valley Soil Conservation District Monday, 28th Sept., 1959. The contract is on the Elmer East farm, located on the highway near Stigall. The farm is operated by Byron Gunter. The terms of the contract extend through 1961 and include a conservation cropping system, a complete system of standard terraces, waterways and diversion terraces. The farm receives run-off water from several adjoining farms. In order to reduce erosion from this outside water, two grass stripes and three diversion terraces are planned. The waterways or grass strips will be seeded to grasses such as sideoats grama and when a food stand and growth is obtained, the diversions will be built. The diversions will be located so as to pick up the outside water, carry it at a non-erosion rate, and spill it out on the grassed waterways. Cost share paid under the Great Plains Conservation Program is 80% of the total cost of shaping the waterway, scribed preparation, addition of mulch litter, and grass seed. The waterway along the south side of the farm must be shaped which will destroy all the existing cover. In order for East to get the waterway in operation as soon as possible, he plans to cover the area with a layer of cotton burrs to provide protection for the new grass seedlings.

After the waterways are established and the diversion terraces installed, a system of level closed-end terraces will be built to hold the rainfall on the land where it falls. Cost-share under the Great Plains Conservation Program for standard terraces is 70% of the cost of construction.

Several gullies are present on this land and East says "I know the terraces are needed to stop further erosion and to help heal those gullies which have already started." Since the beginning of the Great Plains Conservation Program, Blackwater Valley District cooperators have used it as a way to get a complete conservation program on the land. For information concerning assistance which you might get through the Great Plains Conservation Program inquire at a U.S.D.A. office or see one of the Blackwater Valley Soil Conservation District supervisors.

Texas Prison Rodeo In October

HUNTSVILLE—Inmate contestants, plus a host of the nation's topflight television and recording stars will be the bill of fare for the 28th annual Texas Prison Rodeo here in the prison's \$1,000,000 stadium each Sunday in October.

Big name stars such as James Arness, of the TV series, "Gunsmoke," along with Johnny Cash, popular country-style singer, open the 1959 series on Oct. 4. Dale Robertson of "Tales of Wells Fargo," and Tommy Sands, sensational singing idol of the teenage crowd, appear on Oct. 11, while Steve McQueen of "Wanted — Dead or Alive," teams with singer Johnny Horton of "The Battle of New

Orleans' fame on Oct. 18.

For the October 25 performance, prison rodeo officials say they will produce two additional nationally-known stars for the closing of the 1959 series.

In addition, there will be other outside acts, rodeo clowns, inmate entertainment groups and mounted quadrilles from Pasadena and Bellville. The Houston Range Riders also will appear and for the first time the rodeo will feature a girl's barrel race event.

H. H. Coffield, Rockdale businessman, who serves as chairman of the Texas Board of Corrections and its rodeo committee, said, "We are doing everything possible to present the best entertainment feature found anywhere."

"We are of the opinion that a well-rounded show will attract more people to this unusual rodeo which benefits around 12,000 inmates of the Texas Department of Corrections."

Coffield explained that net proceeds from rodeo ticket sales are placed in the prisoners' welfare fund which is used to supply rehabilitative services not furnished by the Texas Legislature.

Reserved seat tickets at \$2.40 and \$4.40 each, tax included, may be obtained by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

Lazbuddie Boy Wins State Fair Award

A Lazbuddie boy, Richard Chitwood, has won the State Fair Award Honor for his work in 4-H Club. The announcement was made this week.

Richard, who is the 14-year-old son of Mr. and Mrs. Dee Chitwood of Route 3, Muleshoe, will represent District I at the State Fair of Texas October 16 and 17. He will be a special guest of the fair.

The Farmer County 4-H Clubber won his award on the record book he submitted, covering his activities in clubwork. He has been in 4-H work six years, and has had beef calves and cotton and grain sorghum crops as projects.

The Lazbuddie High School sophomore has assumed much responsibility in county club work, and has served on many committees and working teams. He has assisted with the tractor maintenance school, the county March of Dimes drive, recreation school, and other activities.

He will be chairman of the Farmer County 4-H Council in 1960.

There are 23 counties in District I. The only other time a Farmer County youth has ever won the honor was in 1955 when Leon Langford was winner.

COLORFUL HALFTIME PERFORMANCES BY BANDS

By Coralyann Hicks

Friday night's half-time performance was presented by Muleshoe High School and Springlake High School bands. The Muleshoe Marching Band performed first. The band began the show with a fanfare and a routine by the majorettes, all under the direction of Dolores Wagon, drum major. The band, in block formation, marching and playing, descended the field to the fifty yard line, then did a minstrel turn and marched to the home side. There, they did a counter march as the music ended.

The band then approached the Springlake side, did a break-out and formed two company fronts. Next, to the drum cadence, the company fronts joined and did a pass-through routine, playing as they marched. This led them into pin wheel formations, followed by one long company front on the fifty yard line. A Mystery "X" moved along the yard line, stepping high and playing.

Afterwards, they again formed the company fronts, and marched separate ways to the ends of the football field.

The band then formed one company front which stretched to both ends of the field. In this position, the group did a bow, then left the field.

The Springlake High School band, whose director is Norman Hemphill, then came on the field to perform.

The band began the show with a fanfare under the baton of their drum major, Ralph Wilson. The band did rank reverse, then marched down the field in block formation. Next, they did a reversal column movement. The group then made a salute to the Muleshoe side.

They broke into two company fronts and did diamond drills.

The Wolverine Band completed the excellent show by forming a double marching "W." The performance was highly enjoyed by everyone.

FRESHMEN HAVE IT ROUGH

By Magann Lamb

"You're just trying to scare me" was the reply of one freshman boy when told the rules and regulations for Freshmen Initiation. Yes, Muleshoe High School Student Council announces that Friday, October 2nd, will be initiation day for all freshmen students.

The initiation committee, composed of Sandra Darsey, chairman, and members Sue Logan, Robert Robinson, Robert Garlington and Todd Wilt set up the following rules for initiation:

All freshmen must wear an onion and garlic on a string around their neck. They must also carry shoe polish and a suede brush. Each one is to wear a demerit card, a flower, and a home-made "beat" card reading "Beat Dimmitt."

Also, books must be carried in a toe-sack, and their clothing should be in the school colors of black and white. And when answering upper classmen, freshmen must say "yes, sir" and "no, sir." Above all, the freshmen must know the Alma Mater.

Freshmen girls will look like "tough hoppers" in Dad's overalls, dress shirts, tie, socks, shoes and hat. Dad does not wear makeup; therefore, any freshman girl caught with makeup on must take it off. T-shirts must be worn under the dress shirts. The girls dressed in Dad's clothing must also have freckles, bright colored ribbons in their hair, and teeth blacked out.

Freshmen boys will wear dresses, complete with canans. Painted fingernails and painted toenails peeking through Mother's sandals will go well with the makeup on their faces. Of course, there is to be a beauty mark on every boy's face, too. He'll wear Mother's hat, and to complete his ensemble, toesack underwear with a T-shirt under her dress.

The 1959 Freshmen will meet in front of the High School at 12:30 Friday. A committee is to be appointed to select the Most Handsome "Boy" and the Most Beautiful "Girl."

GIRLS BASKETBALL

By Nancy Julian

Monday, September 21, the Muleshoe High School Girls Basketball team chose their captains. They are Mary Gross, a senior, and Janie Sanders,

a junior. These two girls are the only lettermen returning from last season. Mary is a 3 year letterman and Janie a 1 year letterman.

Girls Basketball season opens November 1 but the schedule has not been made public as of yet.

Coach Powers, formerly of Shamrock, is the coach. Rita Turner and Jana Goodwin will be this year's managers.

MARY DeSHAZO NEWS

By Mary Sanders

The pupils in Mrs. Sanders' first grade room have made some attractive splatter-paint pictures of leaves.

We continue to work on our leaf and seed collection for science.

There have been very few absentees in the first grade and the teachers appreciate the parents cooperation in keeping their children in school.

We are learning to play together, and also learning some new games in supervised physical education period.

The first day of fall has arrived and we are looking for signs of fall, especially Jack Frost.

The second grade is happy to welcome Christine Otte, Keith Ellis, Selso Ramon, and Janet Turner, to our school. We are sorry the David Williams, Dennis West, Cecelia Sandoual, Erlinda Heredia and Virginia Ybarra have had to be absent from school because of illness.

We have been very busy making folders to keep our daily work neat.

We have begun our science work. We are making a special study of Autumn at this time. Shades of orange and brown are the main colors in our room. We plan to put up exhibits in fall colors to carry out our science program.

The third grade at the DeShazo are continuing their unit on homes. They are learning about materials used in building and the work of contractors, architects, carpenters, plumbers, etc.

They are learning about the different shapes and sizes of animals in science.

The students are doing almost all their work in curative writing.

Peggy Williams of Mrs. Harless' room has been in the hospital this week. She has been dismissed but has not returned to school.

The birthdays in the third grade are Bobby Talley, Roger Swint, Linda Kerr and Bennie Slaughter.

TEACHERS MAKE TRIP

By Dorrell Lancaster

Mr. Frank Ford, principal of Richland Hills Grade School, and three other teachers went to Lubbock Friday, September 18, 1959, to hear Dr. Craig speak. Dr. Craig, a professor at Columbia University, writes science books for grades one through eight. Richland Hills uses science books written by Dr. Craig. The doctor, reared at Olton, attended high school at Plainview. After his first teaching assignment at Ballinger, he went to Pennsylvania before attending Columbia University at New York.

The three teachers making the trip were Mrs. Costen, a fourth grade teacher; Mrs. Beddingfield, a fifth grade teacher; and Mr. Frisen, a sixth grade teacher. The affair at Bayless Grade School started at 9:00 a.m. and was over by 10:00 a.m. The teachers also toured the school while they were here.

The Education Relations Committee made the trip possible without hiring substitute teachers to fill the positions vacated by asking mothers of school children to teach. The mothers who taught were Mrs. Joe Mack Wagon, fourth grade; Mrs. Bernard Phelps, fifth grade; and Mrs. Ed Edmiston, sixth grade. The Education Relations Committee is part of the Parent Teachers Association.

PRINCIPAL'S DUTIES

By Joanne Gray

Many events take place in our principal's very efficient office every day. These duties are performed by various office workers each hour.

An attendance record is kept each day through reports turned in every hour by the teachers. Three different records are kept of daily absentees. One is kept period by period, one on a daily register, and the third on a daily summary. When a student has been absent, he or she is required to report to the office in order to get a class admittance permit. Students are also required to get admittances if they happen to be tardy to any class during the day.

Grades are always kept on file in the office. There are three different sources to find grades in the event that one file should be misplaced. Files are kept in the teacher's grade book, the teacher's grade sheet, and on each individual student's permanent folder.

Approximately a dozen letters circulate through the office each day. They pertain mostly to the transcripts of

new students, students who have moved from Muleshoe, and those who have gone to college.

The office keeps a duty roster for the teachers who have hall and lunchroom duty, class schedules, and a record of fire drills on a very up-to-date bulletin board. Also, in the office, is a school calendar which records all school events in advance. All the football trips, band trips, and other school sponsored activities are recorded on the calendar.

It is the responsibility of the principal's office to keep inventory and to order all the textbooks. Supply requisitions for the teachers must pass through the office for approval.

Our active office is responsible for keeping a student roster and sometimes helps supply part-time work downtown for students. The office is also very cooperative with the Parent-Teachers Association and room mothers.

GOING STEADY PROS AND CONS

By Phyllis Milligan

Is there a meaning for "going steady"? "Going steady" is a teenage slang expression. An expression that has no meaning. If you take the two words and give the meaning of each one separately you arrive with only a "steady friendship".

Does this "steady friendship" mean only a friendship with one person? To a teenager, but not all, a "steady friendship" or "going steady" means keeping company with one person only.

Some of the youths take "going steady" very seriously. They may be planning on becoming engaged soon and feel that their steady compan-

ionship to be right. While others say "going steady" because they enjoy doing things together. And still others "go steady" because it is what everyone else is doing.

Is "going steady" good for a teenager? Some parents do not want their son or daughter to "go steady" because they feel that their children should get out and meet and mix with other boys and girls. Also to be sure of the one that they wish to spend the rest of their life with.

Most of the youth that "go steady" in high school usually marry young. Maybe while they're in high school or right after they have finished school.

"Going steady" may also be good for youth if they feel that there is no one else and they prove themselves true till they're grown men and women.

"Going steady" is a part in every youth's life. To them they must "go steady" before they can become engaged. It is a period where a boy and girl can come to understand each other.

"PERSONALITY OF THE WEEK"

By Priscilla Inman

"Personality of the Week" is Robert Garlington, sophomore at Muleshoe High School. He is the son of Mr. and Mrs. W. C. Garlington, Morrison Addition, Muleshoe.

Robert was born March 15, 1944, in Albuquerque, New Mexico. He moved from Albuquerque with his parents to Las Vegas, New Mexico, where he attended the first grade.

His family then moved to Muleshoe in 1950. Robert has attended the Muleshoe schools since that time.

During his seventh and eighth grade years Robert served as president of his class. At present he holds the office of Parliamentarian of the Student Council.

Roberts duties as Parliamentarian are to act as final authority on questions of parliamentary procedure; to serve as time keeper; to keep the book, Robert's Rules of Order, so as to refer to it, and to attend meetings of the Executive Committee.

JUNIOR CLASS NEWS

By Goldie Lowery

The Junior Class of Muleshoe High School met recently to discuss some important projects and to select a class party.

The class decided to sell both plain and personalized Christmas cards for a money making project. The class is to be divided into groups to sell the cards. Each group will be assigned a certain section of the town and a certain week to sell them. They are expecting to receive the cards soon.

The class also decided to have two rummage sales. These will be held on October 17th and 24th.

The class voted to have a lawn party, which is to be at Jana Goodwin's home. The exact date has not yet been decided. Todd Wilt, class president, appointed an entertainment committee for the party. Those on the committee are Leanna Montgomery, Linda Gillis, Lynda Lee, Kay Landers, and the chairman, Jana Goodwin.

The Junior Class is looking forward to both the money raising projects and the class party.

STUDENT COUNCIL

By Sue Logan

The play committee for the Student Council met Monday, September 21, at 12:30 in Mr. Dewayne Reeves' room to select a play for the Student Council.

The committee, consisting of Robert Garlington, Magann Lamb, Carolyn Burge, Todd Wilt, Doris Gregory, and Virginia Hickman selected a mystery play entitled "Pennington Case". Cast selection and presentation will be from the Student Council under the direction of Dewayne Reeves. The play will be presented to the public.

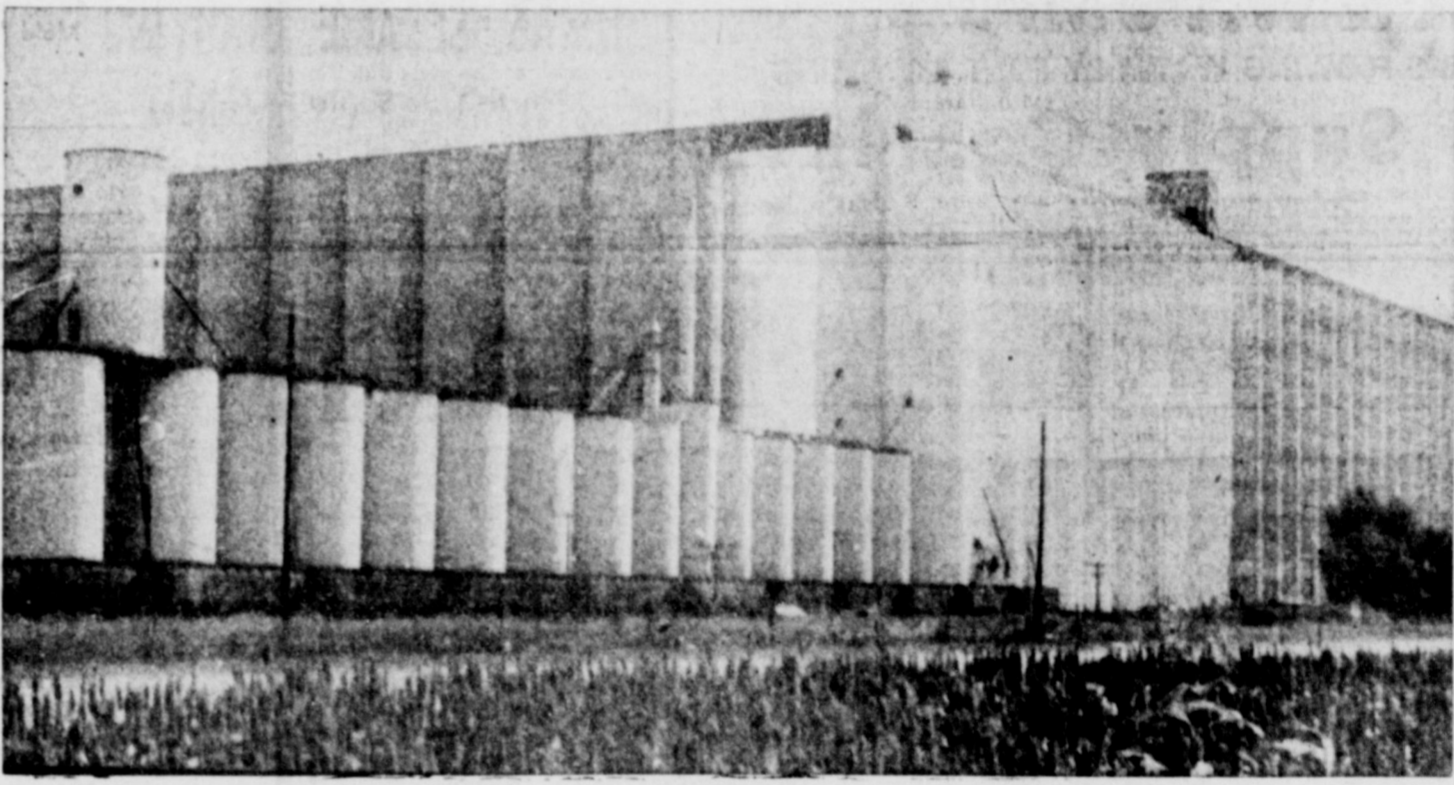

Last Thursday afternoon, September 17, the student directory committee with the chairman, Sharon Evans, met to begin work on the directory which is being published by the Student Council this year.

The directories will contain the name, addresses and phone numbers of the entire student body, faculty and administration of Muleshoe High School. The directories will be on sale this fall.

Sandhills Philosopher Wants . . . Time Payments For Wars and Cars Stretched out To a Hundred Years

Dear Editor:
Since me and the Federal government are in about the same shape in connection with debts — we both need the money worse when the time comes to pay it back than we did when we borrowed it, I was very interested in a new idea put forward by a Congressman the other day.
Studying the national debt, which now comes to 285 billion dollars and gets bigger all the time, this Congressman figured out a way to wipe it out.

All you have to do, he said, is pass a law making it mandatory to pay off one per cent of the debt each year. Regardless of how much we spend, every year we'd have to pay off one per cent of the total debt, and thus in 100 years we'd be in the clear.
This makes more sense than

it looks like, because at the rate we're going, the experts figure, a hundred years from now we may owe more money than the country's worth.
But I always like to bring things down to the personal level, and it seems to me there's a valuable idea in this Congressman's suggestion for everybody, including me, and possibly you, or at least some of The Journal's readers.

Time payments on everything ought to be stretched out over 100 years. This old idea of having to pay for a new car for example in 36 months is one thing that's holding back the automobile industry. If you're going to sell a man a car and take it back if he hasn't paid for it in 36 months and then sell it to somebody else, all you're doing is knocking yourself out of the

opportunity of producing one more new car. If I could go in and buy a new car and have 100 years to pay it off, at the rate of one per cent per year, which on say a \$3,000 car would come to \$30, or \$2.50 a month, I'd have me one of those shiny new things this very afternoon, provided of course I could buy gas and oil on the same terms.

I know some smart alec is going to say that a car wouldn't last a hundred years, but it's stumbling blocks like him that keep the automobile industry from selling 20 million cars a year instead of the present 4 or 5 million, or whatever the measly figure is. If a car is going to wear out before you pay for it anyway, why settle for 36 months to pay for it when you can get 100 years? If the Federal government has the right to be paying on a war fought 50 or 100 years ago, why can't I finance an automobile the same way?

Yours faithfully,
J. A.

Pleasant Valley Achievement Day Held Saturday

The Pleasant Valley 4-H Club held their 1959 Achievement Day Program last Saturday night, Sept. 26, at 8:30 p.m. in the Community Building. A large crowd enjoyed seeing the interesting exhibits which the boys and girls had prepared showing what they had accomplished on last year's projects.
The program began with Dub Hardin, past president of the local Farm Bureau, introducing and presenting corsages to two Pleasant Valley 4-H girls who were county Farm Bureau Queens this year. They were Sondra Broyles who was the Bailey County queen and Rita Turner, the Lamb County queen.

A march was then played by Kathryn West and 4-H members marched in led by flag bearers, Bobby Allison, Debby Bryant, and Sherri Turner; and 4-H Poster boys James and Duane Gable and Fred and Sam Allison. The Pledge of Allegiance was led by James Pitts, followed by Larry Allison leading the group singing America. The 4-H Motto was led by Rickey Stevens and Mack Allison led the 4-H Pledge.

Veta Allison, the past president, gave the welcome and made the introductions. Among those introduced were Mr. and Mrs. Gil Lamb from radio station KMUL, who made a tape recording of some of the program. Also introduced were Mrs. Lady Claire Phillips, the Lamb County Home Demonstration Agent; Mr. Herb Helbig, the Assistant County Agent who was unable to be present; local 4-H leaders for the past year, Mrs. Allen Haley who is also the chairman of the Lamb County 4-H Committee; Mrs. John West; Mrs. Elmo Stevens, Mrs. E. K. Angeley, Mrs. Harold Allison, Mr. and Mrs. Kirk Pitts, and Mr. Oscar Allison.

Lyna Pitts then gave a poem followed by Johnny West saying the Country Boy's Creed. Mike Bryant gave a talk on what the boys did last year, and Sheryl Stevens a talk on what the girls did. The 4-H girls then sang Tom Dooley and Lollipop. Lady Claire Phillips told of last year's 4-H accomplishments in the county. Oscar Allison told of some future plans for 4-H.

A Dress Revue was then presented with Mrs. Allen Haley as narrator. Girls modeling skirts were Lyna Pitts, Brenda Bills, and Ramona McMahan. Paula Holt was unable to model her skirts because of sickness. Girls modeling dresses were Carolyn Allison, Patsy Angeley, Sheryl Stevens, and Veta Allison.

Mrs. Haley then presented pins to members who had finished a year's project. Those receiving pins were: Ramona McMahan, James Gable, Duane Gable, Patsy Angeley, Sam Allison, Mack Allison, Diane Bryant, Ricky Stevens, Lyna Pitts, Mike Bryant, Carolyn Allison, Bobby Allison, James Pitts, Debby Bryant, Fred Allison, Sherri Turner, Kathryn West, Brenda Bills, Paula Holt, Freddy and Terry Stewart. Those receiving officers' pins were: Veta Allison, president; Johnny West, vice president; Rita Turner, secretary; Sheryl Stevens, reporter; and Larry Allison, song leader.

Mrs. Haley then installed the new officers for the coming year. Those installed were: Johnny West, president; Mack Allison, vice president; Sheryl Stevens, secretary; Veta Allison, reporter. The meeting was dismissed with the club prayer.

Mr. and Mrs. Ronnie Ethridge of Muleshoe visited her parents Sunday and attended church at the Bula Church of Christ.

A Texas Size Job

Texas' largest transportation system is now in full swing—the State's fleet of more than 8,000 school buses. Furthermore, for the next nine months, these buses will carry the bulk of nearly 2,000,000 pupils to and from school each week day.

It is truly a Texas-size task to transport all these pupils—it is an even greater task to transport them safely. No one will deny the school bus driver has a tremendous responsibility.
But, says the Texas Safety Association, motorists are also charged with the safety of our school bus riding pupils. The State law is very precise on this point and reads as follows:
Sec. 104. OVERTAKING AND PASSING SCHOOL BUS:

a. The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus, which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such bus at a speed which is prudent, not exceeding ten miles per hour, and with due caution for the safety of such children.

b. Every bus used for the transportation of school children shall bear upon the front

and rear thereon a plainly visible sign containing the words "school bus" in letters not less than eight inches in height.

c. The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school

bus which is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone which is a part of or adjacent to such highway and where pedestrians are not permitted to cross the roadway.
