"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire

Volume 59

Tahoka, Lynn County, Texas, Friday, July 5, 1963

Number 40

Serving Tahoka and Lynn County Since 1903!

## Positive TB Reactors Get Free X-ray Examination

The 300-plus Lynn county people who received positive reactions from the Heaf-gun tuberculosis tests given here last April, may now receive free X-ray examinations to determine if the disease is active.

The Tuberculosis Division of the State Department of Health has just sent 300 X-ray films specifically for Lynn county people to the office of Dr. John H. Selby in Lubbock.

Positive reactors will receive a letter from Mrs. Lillian McCord, Tahoka school nurse, and this letter must be taken to Dr. Selby's office in order to get the free X-ray.

Lynn county people who had positive reactions will go to the office of Dr. Selby in the Methodist Hospital-Clinic, Lubbock, between the hours of 9:00 a. m. and 12:00 on Monday, Wednesday or Friday during the next two or three weeks. There will be no waiting X-rays will be taken promptly, and a report will be sent the patient.

Dr. Selby told The News by telephone Monday the Texas State Department of Health, Lubbock County Tuberculosis Association, himself, a director of the State Department and a volunteer worker in the Lubbock TB Association, are deeply interested in the Lynn county situation and are giving their full cooperation.

He said, however, a mobile X-ray unit was not being sent to Lynn county simply because as a contract of insurance and X-rays by a mobile unit do not give conclusive evidence of tuberculosis, and therefore further X-rays would be necessary, anyway.

He told The News that it is very important both to the individual and to his associates because one person infected can give the disease to nine others as an average.

Mrs. McCord says 170 people took the Heaf-gun tests here in April. Many children had taken the tests in the four schools in the county.

Many cases have been found, especially among Latin-Americans, who have spread the disease to Anglo also.

An unusual number of TB cases are indicated by the tests, and people having positive reactions should get busy as soon as possible and have further tests made to be sure, Mrs. McCord says.

Anyone desiring further information may call Tahoka Hospital, phone 999-4921, or Mrs. Lillian McCord, phone 999-4881.

## 40 Girls To Model In 4-H Dress Revue

Approximately 40 4-H members will be modeling at the Lynn County 4-H Dress Revue at 7:30 p. m. next Thursday in the board room of the Lyntegar building, according to Mrs. Billie Carr, home demonstration agent.

The garments to be modeled have been made by the members during the past six weeks. The dress revue is held to help each 4-H girl develop leadership talents and to work toward the broad objectives of character and effective citizenship.

The girls are also helped to select and make clothing which is becoming and to add becoming accessories. The revue is an effort to develop grace, poise, good posture and habits of good grooming.

Each contestant will be judged according to her personal appearance, her records, the garment on the girl and its construction, said Mrs. Carr.

## VISIT IN EL PASO

Mr. and Mrs. Winston C. Wharton and Ann and the latter's fiancé, James House of Lubbock, visited in El Paso over the week end with Jim's parents, Mr. and Mrs. James F. House, and brothers and sisters.

## Braves Winners In Pony League

The Tahoka Braves, with an admirable 13-2 record, took first place in the Lynn County Pony League after two games last Friday night closed out regular season play.

Playing their last game on the schedule, the Braves won easily over the Wilson Red Sox, 23-4, with Gary Brooks credited with the win after pitching five innings. Brooks and Mitchell Williams shared home-run honors with one each. Manager Thomas Jolly expressed pleasure with the team's effort this season.

In a game also played Friday night, the Tahoka Orioles took a 10-9 victory over the O'Donnell Dodgers at Tahoka Pony League Park. After trailing at one point, 7-0, the Orioles came from behind with good hitting. Ken Sayles got a three-run homer and Charles Sayles' two-run double cinched the win. Creath Arbuckle was the winning pitcher in relief.

The Orioles won five of their last six games and finished third in the league with a 7-7 record. A meeting of Pony League officials and managers has been called for 7:30 p. m. Friday in the County Courtroom at the Court house to discuss business matters and play-offs, according to Mitchell Williams, league president.

## Giants Champs In Little League

The Giants sewed up the Tahoka Little League championship in the past week with two victories over the Cardinals.

Regular game play ends Monday night, and all-star players will begin work-outs Tuesday for the district tournament here July 19, 20, and 21. The Cards are in second place, Yanks third.

Thursday night, the Yankees nosed out the Cubs 7 to 6 behind the pitching of Tim Walker. Billy Curry was tagged with the loss.

The same night, the Giants-Cardinals game went eight innings before the Giants managed to break the tie for a 5 to 3 victory. Charley Brown was winning pitcher and Greg Thomas losing pitcher.

Monday night, Randy White pitched the Yankees to a 7 to 4 win over the Cubs. Willie Brown was the losing pitcher.

The Giants took a 6 to 2 win over the Cards with Charley Brown again on the mound for the winners and Greg Thomas hurling for the losers.

## Wilson Youth Is Buried On Friday

Joe Vasquez, 17, Wilson farm laborer, was found dead at his place of abode early Wednesday of last week.

Justice of the Peace H. L. Roddy ruled his death self-inflicted by hanging and set the time at about midnight the night before.

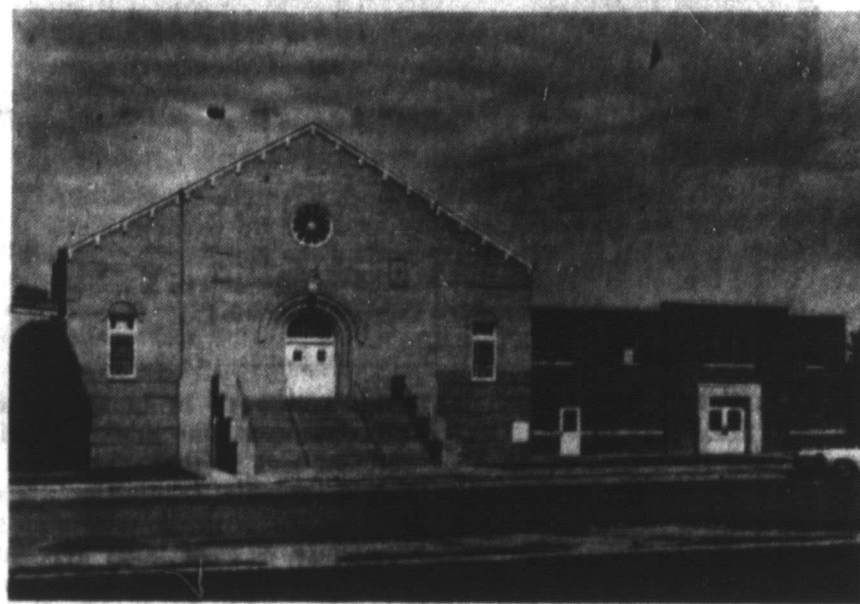

Funeral services were held Friday at 9:00 a. m. in the local Mexican Baptist Mission with Rev. Victory Ortiz of Wilson and Rev. Joel Pistone officiating. Burial followed in Anton Cemetery under direction of White Funeral Home.

Joe was born at Bryan on Sept. 23, 1945, and had been working at Wilson about two and a half years. He was a member of the Catholic Church.

Among the survivors were his parents, Mr. and Mrs. John Barron of Caldwell and a sister, Frances Hernandez of Oklahoma.

Maurice Small entered Tahoka Hospital Wednesday morning as a medical patient. He was reported resting well that afternoon.

Talk is never cheap when you have to take some of it back.

First Baptist Church as it looks today. (Photo by Finney)

## First Baptist Observing 60th Birthday Sunday

Sunday will be a big day for members of the First Baptist Church of Tahoka, for the congregation will be celebrating with an all-day program the 60th anniversary.

Founded on July 5 as the First Missionary Baptist Church, the afternoon program here Sunday beginning at 2:15 o'clock will feature a musical program, a memorial service in honor of past members and pastors who have passed away, a brief recital of the church's history by Dr. K. R. Durham, and a talk by Dr. Melvin Rathael, pastor of Trinity Baptist Church in Lubbock and a former music and education director of the local church.

Following morning Sunday School, a former pastor, Rev. George A. Dale, now retired and living in Lubbock, will bring the message.

The evening service speaker will be a "son of the church", Rev. Gordon Smith, son of Judge and Mrs. Truett Smith, a student in Southwestern Seminary in Fort Worth, and associate pastor of Rosen Heights Baptist Church in that city.

Former members, present members, and all other people interested are invited at all the services. A number of former members and some of the former pastors are especially expected for the afternoon meeting, states the pastor, Rev. T. James Efrid.

Mrs. Graham Tyler was admitted to Tahoka Hospital on Thursday, June 27 as a medical patient. Mrs. Tyler was released the following day.

Mrs. Leslie Paris was admitted to Tahoka Hospital last Friday as a medical patient and was released on Saturday.

Miss Ethel Calahan was dismissed from Tahoka Hospital on Thursday of last week.

STERILE SCREWORM FLIES are being dropped on L. O. Sparks' Nevels Ranch 100,000 each week for three weeks, the first case reported in Lynn county. Men in picture above are holding boxes, each containing 400 flies, dropped from airplane last Thursday. Shown in picture, left to right, are Sam Bartley, G. M. Stewart, Jack Benton (pilot), Bert Dollins, Robt. Williams (dispenser), and Irving Stewart.

## New Lynn Holds Reunion Here

New Lynn, second oldest community in Lynn county, held its first annual reunion here Sunday in the City-Legion building, at which 162 people registered representing 76 families, according to Mrs. Johnny (Ina Lou Newman) Raindl.

Started in 1901, the community was first settled prior to Tahoka, and the settlement was preceded only by Grassland.

The group had a great time visiting, Mrs. Raindl says, and decided to meet again on the last Sunday in next June. Dinner was spread at noon, and a brief business session was held in the afternoon.

Mrs. Raindl was elected president; Othell Meeks, vice president; Mrs. James (Earlene) Fenton, secretary and treasurer; and T. A. Stone, reporter.

Mrs. C. F. Carmack of San Fernando, Calif., was the person present from the greatest distance. She is a former teacher at New Lynn, and Newman Bartley, the earliest day student present at New Lynn, who started to school in 1912, recalled that he was one of her pupils.

Mrs. Susie Bartley, beloved pioneer resident of the community, was the eldest person present.

Mrs. Mary Newman Ray of Fort Worth was the person coming the greatest distance specifically for the reunion.

(Cont'd. On Back Page)

## H. L. Short Named Jaycee Of Month

Harry Lee Short was named Jaycee of the Month when the civic organization met Tuesday night in a regularly scheduled meeting.

The honor went to Short for his untiring efforts to obtain free chest X-rays for persons showing positive reactions to the Heaf-gun TB tests.

Plans were also discussed for the Jaycee sponsorship of the coming Little League play-offs. J. D. Atwell will head this committee. Work night will be held at the hall park 6:30 p. m. Tuesday night to get the field ready for tournament play. Members are requested to bring their own tools and equipment.

## O'Donnell Elects New Superintendent

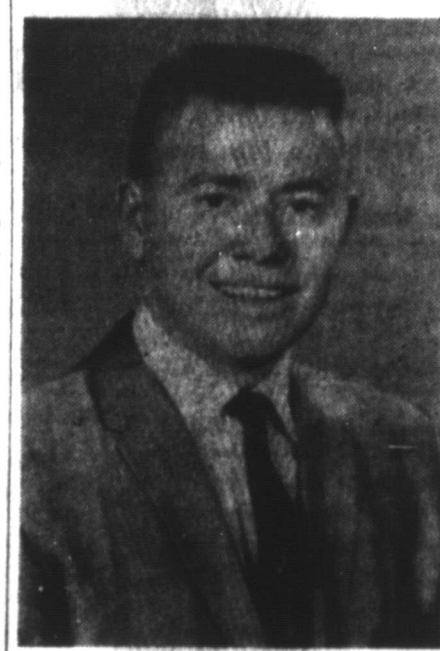

A Plainview school principal, Charley White, has been named as superintendent of schools at O'Donnell to succeed John Criner, who will head the Hale Center schools next year.

The announcement was made last week and was to be effective July 1st. White is a member of the Baptist Church, married and father of two sons and a daughter. He will move to O'Donnell in the near future.

## SOLDIER BACK TO BASE

Sgt. and Mrs. Charles Pennington and family of Ft. Meade, Maryland, have been here visiting his sister, Mrs. Corine Izard and other relatives. Sgt. Pennington has returned to Ft. Meade, but his family is visiting in Lockney.

## Fair Weather Big Boon To Lynn Crop

DON BROWNING

## Rotary Installs New Officials

Seventy people were present Monday night when Don Browning was installed as new president of Tahoka Rotary Club in a ladies' night covered-dish meeting in the back yard of Mr. and Mrs. Calaway Huffaker. Featured speakers were the new president and David Bray, Rotary Foundation fellow to Oxford, England.

Mr. Huffaker, outgoing president, became the new vice president; Maurice Small, secretary, succeeding Ronald Sherrill; J. P. Hewlett, treasurer, re-elected; and Dale Thuren, Wilton Payne, Harold Roberts, and Alton Cain, directors.

Dr. K. R. Durham, who served as installing officer, led members and officers in taking pledges of cooperation in work of the club, a ceremony which members declared was one of the most impressive ever held by the club.

The new president, minister of Tahoka Church of Christ, has been an outstanding young citizen since coming here two years ago, both in his church and in civic work. Club members gave him a standing ovation.

In his acceptance talk, Don said (Cont'd. On Back Page)

## Mrs. S. R. Kemp Rites Thursday

Mrs. Sarah Elizabeth (Sallie) Kemp, 88, a Lynn county resident 43 years, died Tuesday at about 9:15 p. m., apparently of a heart attack, in a Post nursing home. She had been ill about a month.

Funeral services were being held Thursday at 10:00 a. m. in First Baptist Church with Rev. T. James Efrid, pastor, officiating. Burial was to follow in Tahoka Cemetery under direction of White Funeral Home.

Mrs. Kemp was born Oct. 22, 1875, in Williamson county. She was married to John C. Skaggs in 1892 at Lampasas, and was married a second time in 1918 to S. K. Kemp at Ballinger. The couple came to Lynn county in 1920 from Fisher county, moved to Tahoka in 1924 and operated a variety store here several years.

A former school teacher, Mrs. Kemp was long active in her church, the Baptist, Eastern Star, club and charity work. She maintained a fine sense of humor up until the last, and was loved and respected by all who knew her.

She is survived by one daughter, Mrs. Beulah (Applewhite) Rutledge; two sons, J. S. Skaggs of Oklahoma City and Simeon Kemp of Monahan; one step-daughter, Mrs. Lucille Foster of Las Vegas, Nev., and one step-son, Keith Kemp of Post; two brothers, Zack B. Kemp of Brownwood and W. F. Kemp of California; 18 grandchildren, 23 great grandchildren, and four great great grandchildren.

Lynn county crops are finally on the way this week, as virtually all farmers have their cotton up and growing. Only unplanted land is that under water in the north and east part of the county.

Age of cotton will range from a little planted in April up to cotton coming up today, the Fourth of July, a large portion being June cotton. Some farmers have feed yet to plant, while others have milo heading out. Some have a terrific battle with the weeds.

Many crops this year have been planted four to seven times, and therefore these farmers stand little chance to make a big profit this year.

Due to planting in wet soil, some farmers tell The News they will need rain late this month and good showers in August to carry cotton through since the plants will probably get rank and tender and subject to excess burning.

Following the first four dry months of this year during which only 2.02 inches of moisture were recorded in Tahoka, 8.24 inches fell in May and 4.22 in June for a total of 14.46 for the first half year.

Strangely, in spite of the rain, May was a hotter month than June. During May there were 11 days of rain and 14 days on which the temperature was 90 degrees or above. The U. S. Weather Bureau high thermometer hit 96 degrees twice, and 97 twice, and 98 once.

During June, there were 11 days of rain and 15 days in which the temperature exceeded 90 degrees. The thermometer rose to 95 degrees only once.

## Josh Rumbo Rites Held Saturday

Josh L. Rumbo, 72, a resident of Dixie community 32 years, died at 5:35 p. m. Thursday of last week in Tahoka Hospital, where he had been a patient for about two weeks. He had been in ill health several years following a stroke.

Funeral services were held Saturday at 2:00 p. m. in the First Methodist Church with the pastor, Rev. Aubrey White, officiating, assisted by Dr. J. Chess Lovern of Lubbock and Rev. David Hamblin of O'Donnell. Burial followed in Tahoka Cemetery under direction of White Funeral Home. Grave-side rites were conducted by Tahoka Masonic Lodge.

Josh was born May 15, 1891, at Bristol, Ellis county. He moved here in 1931, and farmed until illness forced his retirement. A number of years following death of his first wife, he was married on Nov. 26, 1955, at Clovis, N. M., to Mrs. Mary E. Browning.

He was a veteran of World War I, a long-time member of the Methodist Church, holding his membership at Wilson, and a member of Tahoka Masonic Lodge.

Survivors include a son, Dr. Noble Rumbo of Richardson; one daughter, Miss Sara Lou Rumbo of Austin; his mother, Mrs. G. A. Rumbo of Dallas; two brothers, Earl of Harlingen and Ralph of Ennis; a sister, Mrs. Roland Wheeler of Dallas; a step-brother, O. A. Fuquay of Dallas; a step-sister, Mrs. E. M. Herndon of Dallas; two step-children, Clyde Browning of Lubbock and Mrs. Robert Flynn of San Francisco; three grandchildren and several step grandchildren.

## C. OF C. MEETING NEXT WEDNESDAY

Tahoka Chamber of Commerce directors will meet next Wednesday night in the conference room of the City Hall at 7:30 p. m.

President Turner Rogers says the board has several projects and problems to discuss and on which to take action.

# Guy LeMond Writes Of Early Days In County

Guy LeMond of Snyder, retired rural mail carrier, formerly of Draw and Tahoka has written the following for The News which he calls "Rambling Reminiscences of Early Days in Lynn County":

Our family came to south of Sweetwater in 1901. We were heading for Lubbock county, as it was advertised as the land for new settlers. We again headed for Lubbock county in 1906, but stayed a short year in Scurry county.

We bought land in the Draw community in 1906. Wonderful crops were made—as fine as water would make them. Land was broken out with a sod plow and planted with knife planter, maybe harvested once, and we made a bale of cotton per acre, fine corn, milo, all grain crops, and watermelons as long as short posts.

There were hundreds of ant-

lope, and they would come up close and ate up the crops a lot.

We received our mail on a Star Route out of Big Spring and north by way of Lubbock by mail hacks pulled by mules or horses. If it rained, we were lucky to get mail once a week; twice a week, if roads were dry, but we considered this good service. The mail man would drive in a gallop when he could. Relay stations were every 15 miles from Gail to DeShazo place, then by Draw, Grassland and then to Tahoka. Grassland had a postoffice in the earlier days.

As years went by, new people came in from different counties, especially from 1916 on through the 1920's. Usually some came and others would follow.

We had a few good years and a lot of bad years.

Small schools were built, and

all churches would hold services in the school until they built their own churches. Draw Methodist Church started in 1907, Redwine and Berry Flat, both Baptist, about the same time, and others sprang up over the county, likewise.

**Cotton At Four Cents**  
In 1914 a big crop was made, but the World War broke out in Europe and cotton was four to five cents per pound. We picked a bale to the acre but left a lot. Making a half bale was not worth picking, left for fertilizer in 1915. Tahoka was a small place of around 300 to 400 people, Lubbock around 1,500 population.

Several people freighted lumber and supplies to Post City, as most houses were built from this lumber hauled from Big Spring. Also, freight was hauled west from Tahoka to points west until Brownfield got the railroad there. One man freighted west out of Tahoka with 40 donkeys—some sight!

**Earl Businesses**  
In 1907, the First National Bank was started and the late Walter Slaton was working in the bank when organized by his uncle, O. L. Slaton of Lubbock, main stockholder. Others had interest later, including the late Ance Lockwood and Bill Nevels.

Some of the first merchants were the late J. S. Wells & Sons, H. M. Larkin, and many others followed as the town grew. When the first railroad came to Tahoka in 1910, some people gave notes to help get the railroad in Lynn county; they probably received little interest on the principal, as there were so many hard years before the notes were paid off.

**First Gin Built**  
Mr. Charley Brown took the contract to clear off the right-of-way for the railroad from Slaton to Lamesa. Some of us thought we were making good money at \$2.50 per day, 10 hours a day, with board. Ground would be frozen during early part of day in February. We slept on the ground in pup tents.

Wells & Welcher established the first gin, and I believe they were followed by Jack Edwards, but the gin was operated by gas engine and was broke down about half the time. People would haul cotton up day and night, and sometimes it would take a week to get the cotton ginned.

The late Ed Redwine appointed me to hold the draft at Draw box in 1917. One boy said, "Now, you won't have to go as you are holding the draft." I replied I would sign up No. 1 or 13 and he could take his choice. He refused and we both went to the Army in 1917.

One thing I would like to comment on is that people rah-rahed the boys when they went away. Some didn't come back. I have seen some of the cemeteries in parts of Europe and in parts of the Pacific area. They are well kept—but, many people soon for-

SANTA ELENA CANYON — Thousands of Texans are still "discovering" the awesome wonders of Big Bend National Park, south of Alpine, Brewster County. Here the Rio Grande cuts a 1,500-foot-deep canyon, with Mexico on right and U. S. on left. (Photo Courtesy National Park Concessions, Inc.)

get in any war unless blood kin or close kin.

**Tells Of Prairie Fires**  
In the early days, there were a lot of prairie fires set off by lightning most of the time, some times by careless people with fires.

One time when up in the country north of the Elton George ranch and northwest of New Home, near the Lubbock county line, I came up to a place with my hack and team where some men were ready to leave in a "tin Lizzy." They told me to come on, I left my team with some people, and we fought fire until 1:00 a. m. Then the wind changed and sent the fire the other way, and other men took up the fight. We usually fought fires with brooms and tow sacks, wet when they could get water. Cowboys would kill a cow, disembowel her, tie lariats to the horns and feet and drag the carcass through the fire. Cowboys and most men carried 30-30 rifles on saddles. We were 10 miles from where we slept-out, with nothing to eat, some water.

**Community Picnics**  
We often had old-fashioned picnics. Men would barbecue a yearling and make coffee in a pot. Women would bring cakes, pies, and home-made light bread.

We also had many spelling bees. Some of us thought we were good until we encountered an Old Blue Back Speller.

Some people lived in dugouts and some in half-dugouts.

In the old days we had good men for law officers, and some good doctors, among them Doctors Calloway, Turrentine, Townes, and Windham, also Dr. Singleton, dentist, and many followed them.

Among the early "laws" were Ed Redwine, Sam Sanford, and many officials later like Judge Jim Elliott and C. H. Cain. I would like to say Postmaster Happy Smith was once a good "flunky" in his father's blacksmith shop.

One thing you could say, most men were good on their word and would help a man in distress more so than at present. Of course, there are exceptions now in all cases and conditions.

**Town Grows Fast**  
After the railroad came to Tahoka, the town grew gradually more as the years came; then rural routes came, which was a boon for the country people; then electricity came, followed by phones, radio and TV, which is the fastest growing industry, more so than car production.

In 1920, I was appointed to take the county census. I took the south part of the county, Hansford Tunnel the north part, and the late H. W. Calaway took the town; there were some 4,000 or more people in the county.

Some of the old days were good, but most of us would not care to live through the time again. In later years, about 1910, Slaton was built and Wilson and O'Donnell. The late Mr. Charley Doak helped promote O'Donnell.

**Times Have Changed**  
In our day, we are now thinking of the past and all the growth in the 57 years we have known Lynn county and as fine a people as you will find anywhere. The horse and buggy days, then on to King Lizzie, through the years to the Jet age is something to think about—now the missile age and orbiting the earth is common conversation.

For me, I put in carrying the mail, and some Army service, 29 years, starting the second rural route in June, 1930, with wagon roads to run our "Lizies" on. On some trips, you had to cross fences to get around lakes full of water, one time 18 fences. The boys now have much better roads. I am glad for them to have the better roads now, but pioneers had to blaze a hard trail.

**Rage Government Trend**  
We would have no trouble in Cuba, or not so much with Russia, if we had not appeased in every way. We need a man like Teddy Roosevelt to lead our country, about gone but worth saving from the noted Harvard boys, who are spending more all the time.

Some of our congressmen are good men, but most are "yes men" for convenience and expediency in both so-called parties.

The UN is a hotbed for Communism, for Russia and others, maybe of some good, but like most all new-fangled ideas indicated, it has boomeranged back to hurt the ones who thought of the good it might do for the world.

With the atheistic teachers in our schools and colleges and the law forbidding reading the Bible, Communists have a ring seat in decisions of our Supreme Court, which has not one constitutional lawyer—all appointees politically as liberals.

Decisions by the Supreme Court

are favorable to Communists in several rulings, and our State Department seems to be infiltrated by Commies.

The direction we are going is not for the best interest of our country, and we pray the day will come when conditions will be for the better for all Americans.

**DOUGLAS HENDERSON WRITES FROM WARSAW, POLAND**

Douglas Henderson, traveling in parts of the Iron Curtain countries, wrote a card to The News this week from Warsaw, Poland, as follows:

"Arrived here from USSR. Been quite a trip, 1800 miles by bus. I have two papers for you printed in English from Moscow. Will send from home. No trouble of any kind at border, in or out. I don't care to go back any more. This piece is wonderful in comparison."

Kind words never die—they just become victims of ingratitude.

WASHINGTON AND  
**"SMALL BUSINESS"**  
By C. WILSON HARDER

Down in Texas they sometimes smoke the raccoon out of the bushes. And that is what Rep. Wright Patman from Lone Star state seeks to do with a bill he has introduced in Congress known as H. R. 3228.

The nation's independent businessmen, voting through the National Federation of Independent Business, have gone on record by a majority of 875 favoring the bill.

Briefly the measure would require any manufacturer to announce to all his trade any special deal, discount, or promotion allowance he has made to any single customer within five days of making such a deal, and permit all customers to obtain the same deal.

One of the big problems in enforcement of the present antic-trust laws when they apply to complex deals is that unless a special deal is made a competitor's line.

Some of course, the huge retailer knows that it cannot accept a special deal unless it is being made available to all.

So the manufacturer is also compelled to write them a letter stating the offer is available to all on an equal basis. This letter is carefully tucked into huge retailer's files.

Thus, if the Federal Trade Commission should get wind of the deal, the huge retailer

merely shrugs his shoulders and says, "there ain't nobody here but us chickens, boss, and we just suppose that the manufacturer let the other folks in competition to us know that such deals are going on."

Of course, the manufacturer does not inform the other customers that Customer X blackballed them out of many thousands of dollars to help celebrate their birthday, the wedding anniversary of the chairman of the board, or any of the many other pretexts used to slug the manufacturer. Of course, if some other customer knows the exact deal given and asks about it, the manufacturer is bound to give it to him, but who can ferret out under-the-counter deals.

Most manufacturers do not like the present system of extortion used by big retailing complexes on them. Yet, in most instances they are powerless to do anything about it. They can, of course, stand on principle, and go bankrupt.

But the measure by Rep. Patman would restore honesty in the marketplace and end the "untouchable" type of black-jacking that has been going on. For if the huge retailer knows that any deal has to be announced to the rest of the supplier's customers, he is no longer interested in deals.

For after all, the only reason a huge retailing complex wants a lower price is to be able to undercut independent competition.

Passage of the Patman measure would probably also end discount house problems, as discount house operations cannot exist without special considerations from the suppliers.

**Grassland News**

By Mrs. Lucille Walker

Measuring cotton acreage is "a big headache" to many farmers in the Grassland community this week. They have planted little patches here and there to get in their allotted acres, and it makes a problem for the person who has to try and figure it all out and especially hard on the "poor old farmer." He will still be trying to figure a way out at the end of the year.

Mr. and Mrs. J. C. Allen, Mr. Emery Wiley and Mrs. Hettie Johns are leaving Monday on a cross-country sight seeing trip. They plan to be gone several days.

The people of the Grassland community were saddened by the death of Mr. O. R. Cook, one of our pioneer citizens. May God comfort them in time of sorrow.

Visitors in the home of Mrs. Ada Oden the first of the week were her brother and his wife, Mr. and Mrs. Carroll Potter of Ft. Worth.

Those attending a luncheon at the J. C. Allen home in Lubbock Sunday were: Mr. and Mrs. W. L. Gribble, Mr. and Mrs. C. O. McCleskey and son, Mr. and Mrs. C. L. McCleskey and family, Mr. and Mrs. Harold Allen and daughter, Mr. and Mrs. J. W. Warrick, Mrs. Lucy Cunningham, Mr. and Mrs. J. C. Warrick and family, Mr. Emery Wiley and Mrs. Hettie

Johnson, Mr. and Mrs. Elmer Rash and two children visited in the afternoon.

Visitors in the E. B. Gregg home Sunday were Mrs. Myrtle Hoover; Mr. and Mrs. Jess Gregg, Ropesville; Mr. and Mrs. Frank Gregg, Abernathy; and Mr. and Mrs. G. R. Smith.

Mr. and Mrs. Huston Hoover of Littlefield spent the day with his mother, Mrs. O. H. Hoover, Sunday.

Mr. and Mrs. H. E. Huffaker visited in Lamesa Sunday.

Friday afternoon visitors in W. G. McCleskey home were Rev. and Mrs. Ira Campbell. Visiting there Sunday were Clifton York of Post and Mr. and Mrs. W. L. Gribble.

Mrs. Bernice Gribble had surgery Wednesday in West Texas Hospital in Lubbock. She is at home now and doing nicely.

Mrs. Doyle Terry, Jerri Lou and Mrs. Inez McGrew of Lamesa visited in the C. A. Walker home Thursday afternoon.

Mrs. Christine Jones and daughters of Coleman visited her parents, Mr. and Mrs. T. M. Alford last week.

Odie Campbell, who has been a patient in Methodist Hospital in Lubbock for several days, had major surgery Saturday morning. He is reported to be doing very well.

Mr. and Mrs. Robert Donnell of Lubbock visited the L. B. Burks, B. A. Normans and C. M. Greens Friday of last week.

Mr. Emery Wiley of San Benito and Mrs. Hettie Johns visited the M. C. Richeys Wednesday.

Mrs. Inez McGrew was in Plainview last week for minor surgery.

Mr. and Mrs. Regan Reed and children dropped in on her parents, the B. A. Normans, Sunday before starting on their vacation to points in Colorado.

The C. A. Walkers visited relatives in Lamesa and Seagraves over the week end. Sure saw some beautiful crops.

The H. B. McCord Jr. family returned last week end from a short vacation trip to Corpus Christi.

David and Marla Bray visited relatives in Ennis last week end, and their cousin, Jan Sullivan, returned home with them for a visit.

**VISITS IN DALLAS**  
Mr. and Mrs. Charles Hill and Jenny of Amarillo, were accompanied by Mrs. C. A. Thomas to Dallas to visit Mrs. Hill's aunt, Mrs. W. O. Thomas and other relatives.

**Col. Cooper Draws Service in Turkey**

Lt. Col. Truett Cooper of the U. S. Army of Fort Monroe, Va., will go on a new assignment this fall in his line of duty to Turkey, where he will be in charge of the U. S. Missiles Program there.

Lt. Col. Cooper, wife, and two children, returned to Fort Monroe Monday following a visit here with his mother, Mrs. E. J. Cooper, and other relatives.

Once before, Truett saw service in Turkey, next door to the Iron Curtain, where he was military advisor to the Turkish government.

He entered the Army as a second lieutenant following graduation from Texas A&M at the start of World War II, was attached to Gen. Douglas MacArthur's staff as an observer in the invasion of the Philippines, saw service in Japan, was food administrator for Korea following the war, attended War College, and had an assignment in East Germany.

**Legal Notices**

### Young Homemakers Have New Member

Mrs. Pat Hall was hostess for the regular meeting of the Young Homemakers Club Tuesday, with nine members and one new member, Mrs. Patsy Eidleman, present.

Presiding over the business session, Mrs. Patsy Dunlap explained further the requirements for the TH-DA pin. Mrs. Dunlap also presented the program on safety seat belts.

The new member, Mrs. Eidleman received the hostess gift of a crystal candy dish. Refreshments of cookies and punch were served. Three visitors also attended the meeting, Earlene Hoffman, Kitty Good, and Carolyn Dunn.

The next meeting will be with Mrs. Truman Johnson on Friday, July 19, at 3:00 p. m.

Mrs. Nell Newman was admitted to Tahoka Hospital on Friday, June 28, after having suffered a heart attack. Mrs. Newman is reported to be doing nicely.

### Joe Stokes Club Hears Mrs. Dulin

The Joe Stokes Home Demonstration Club met Tuesday, July 2, in the home of Mrs. C. M. Overman. Mrs. Kenneth Braddock presided over the meeting with eight members and one visitor present. Mrs. Bonnie Dulin was nominated as a state delegate. Mrs. Dulin also gave the program which was on safety belts and the gums and teeth. This meeting was closed with refreshments.

### Large Crowd At Duplicate Play

T-Bar Duplicate Club had six tables of players Tuesday night. Winners were: Mrs. A. C. Verner and Gayler Kesle of Lubbock, first; Mrs. Wilson Edwards of Floydada and Mrs. D. W. Gagnat, second; Mrs. L. C. Haney and Mrs. O. C. Roberts, third; Mrs. Winston Wharton and Frank Hill, fourth; Miss Echo Milliken and Mrs. Frank Hill, fifth.

### Luncheon Held By Methodist WSCS

The Woman's Society of Christian Service met Monday in Fellowship Hall of the Methodist Church for the monthly luncheon.

During the business session, Mrs. Hattie Mullins, wife of the pastor of the Negro Methodist Church in Lamesa, gave a report on Camp Buckman Mission School. The local society helped finance Mrs. Mullins' trip to Merkel.

Part of the program was a talk by the summer youth director, Thomas Bormann, who spoke on the mission field, telling some of the experiences of his brother who is a missionary. Part of their work is financed by the sale of unusual postage stamps and Thomas would be glad to take donations of this kind.

"Why Worry about Christ?" was the theme of the rest of the program, using the study book, "Come and See."

### Verner, Rogers At WTCC Meeting

Charles Verner, Tahoka director in the West Texas Chamber of Commerce, attended a meeting in Lubbock Monday of directors from this area.

The program of work of the body was outlined and discussed by the group.

Verner was accompanied to the meeting by Turner Rogers, president of the Tahoka Chamber of Commerce.

Kind words never die—they just become victims of ingratitude.

### LOCAL TEAM WINS

The Tahoka Thunderbirds beat the Lorenzo team 15-7 Sunday afternoon here with Robert Hood winning pitcher, and Jimmy Green hitting a home run when bases were loaded.

Keith Stone, age 5 and son of Mr. and Mrs. Joe Stone of New Lynn, was admitted to Tahoka Hospital Sunday morning and was released that afternoon.

Mrs. James Fenton was admitted to Tahoka Hospital on Sunday, June 30, for minor surgery and was released Monday.

### Mr. and Mrs. Tom Gill returned

home early this week from a two weeks vacation trip during which they visited in New Mexico, Arizona, and Colorado.

Mrs. Sarah (Beale) Williams of Lakeview moved to Graham this week where she will reside at 405 Tennessee street.

## Tea In Lubbock For Miss Blakney

Miss Sharon Blakney, daughter of Mr. and Mrs. E. R. Blakney of New Home, was honored with a tea last Friday afternoon in the home of Mrs. Howard Alford of Lubbock. Miss Blakney is the bride-elect of Gerald Ince.

Miss Blakney, Mrs. Blakney and Mrs. Earl Ince Sr., mother of the prospective bridegroom, greeted guests.

The couple plan to marry August 2 in St. John's Methodist Church in Lubbock.

## Jamie Norman Is Honored At Party

By Lucille Walker  
Jamie Norman was honored Tuesday, June 25, on her sixth birthday with a party in the park at Post.

Those attending were: Joe, Bob and Al Craig; Judy and Jody Norman; Barbe and Jenda Gilmore; Randy and Kelly Baker; Jan and Gary Bilbo; Terry and Mike Aten; Kelvin Thomas; Mary Ann Norman; Beth Ann and Bill Aten; Traci and Dannie Fleming of Brownfield and Jimmy Norman.

Several mothers were also present for the event.

## Short And Holland Winners At Bridge

Winners in bridge Thursday night at T-Bar Country Club were E. L. Short, first; and Mrs. Wade Holland, second.

The club is not meeting this Thursday, since this is the Fourth of July holiday.

## Students Attending Tech Music Camp

Among the 340 junior high and elementary music students participating in Texas Tech's annual Summer Music Camp this week are five Lynn county musicians.

Enrolled in the band section from Wilson are Carolyn Baker, Sharmyn Lumsden and Valetta Peterson. Tahoka students also in the band are Linda Kay Schneider and Martin Warren.

## Pennington Hosts Here July Fourth

Mr. and Mrs. Garland Pennington held their sixth annual family barbecue in the backyard of their residence on July Fourth.

They had barbecue with all the trimmings, homemade ice cream and cake for about 40 of the Pennington and Milliken families.

## Rev. Pistone Plans Lebanon Visit

The Youth World Baptist Congress, in Beirut, Lebanon will be the destination of the Rev. Joel Pistone when he leaves Tahoka Thursday morning.

The personable young pastor of the Mexican Baptist Mission will attend the Youth World Baptist Congress held July 15 through 21 as the only Texas representative of the Mexican Baptist Convention. However, he will register as a delegate of the Tahoka First Baptist Church.

Rev. Pistone will travel by bus to New York City where he will join a tour under the direction of Dr. J. B. Adair, professor of theology at Baylor University. The group will fly by jet direct to Amsterdam, Holland. In addition to attending the Congress the touring group will visit the following countries: Israel, Jordan, Syria, Egypt, Greece, Italy, Austria, Switzerland, Germany, France, Belgium, England, Luxembourg, and Liechtenstein. While traveling in the Biblical lands, Dr. Adair will direct a study of historical background of various places mentioned in the Bible. In the other countries, the tour will focus on Baptist mission work.

If time and distance permit, Rev. Pistone may have the opportunity to visit with relatives of his father in Italy and his mother's family in England. During his absence, Rev. Pistone's pulpit will be filled by his father and his brothers who are ministers in the surrounding area.

The group will return by jet and Rev. Pistone expects to be home about August 11.

## Rex Webster On National Board

Rex Webster, Lubbock advertising and public relations man, has been appointed chairman of the Public Relations Committee of Rotary International by President Carl P. Miller of Los Angeles who assumed office today.

Webster will be chairman of a special committee which will have the responsibility of developing a plan of follow-through for President Miller's world-wide district-to-district program of Rotary International for this Rotary year.

A Lubbock Rotarian since 1941, Webster has been president and secretary of the local club, has served as District Governor and Rotary Information Counselor, and was a member of the Rotary Magazine Committee from 1959 to 1962.

Long active in civic affairs, Webster is a director of the Lubbock Council of Camp Fire Girls and president of the Lubbock Cerebral Palsy Treatment Center.

Senior partner in the Lubbock firm of Webster-Harris-Welborn Advertising Agency, Webster is Chairman of the Southwest Council of the American Association of Advertising Agencies, and is a director of the Texas Public Relations Association.

## Mrs. Hoover Tells Of Trip To West

Cheesi, my little dog and I, left Clovis, New Mexico, 12:40 p. m. May 28th for sunny California. We arrived at Pinola at 2:20 Saturday afternoon May 27th. Had a lovely trip out. I rode in the observation car. While we were in the mountains, we could see the engine and the rear car of the train and at the same time, made a perfect S.

The scenery was beautiful, there was drifting fog on the mountains and the valleys.

When we arrived at Pinola, my son Jack and his family were there to meet us.

We stayed with the Jack Hoover's in Vacaville a week, then Billie Bob, who lives in Mountain View, came after us on Wednesday. We traveled to Mountain View by way of the Bay Bridge. There was a good view of the Alcatraz Rock. The Rock is no longer a prison. The prisoners have all been moved to Vacaville and San Quentin.

On Friday, Billie, Betty, Kelli and I went to Santa Cruz out on the pier and had a wonderful sea food lunch. We also saw and visited the wonderful wax museum, with wax figures from Abe Lincoln, to Ike and Mamie Eisenhower. Even an old fashioned one room school. The figures were all life size, even a boy sitting behind a girl putting her long braids into an ink well.

There was also Billy the Kid and his hide-out home, Florence Nitengale, and Jennie Lind.

You could almost hear them sing, they looked so real.

From there we went down to the beach, but it was so cold that we couldn't stay. We decided to take some pictures since we were unable to stay, then we returned home by way of the scenic ocean. This road was so crooked that you would almost meet yourself coming back.

Next day Betty and I went to San Francisco. We had lunch and shopped at the City of Paris. Then we made a tour of the shops in China town. We also enjoyed a little snack at a Chinese restaurant.

The following day we drove all over Palo Alto, Los Altos, Sunny Vale, and Mountain View. Only streets separate these four towns.

While in Mountain View we went through the Methodist Church, which was very beautiful. Then we drove on back to Vacaville and went sight seeing with the Jack Hoover family.

We went through the Travis Air Force base. Went through those big planes, that carry three hundred men with all their equipment. My son, Jack, flies a C-124. It is also a very huge plane.

Jack got a few days off and we went sight seeing up through the Red Wood forests. I couldn't see the top of the trees for they were very large as well as being tall. We ate our picnic lunch among the trees. We drove from the Red Wood Forrest over to San Francisco. We went through the science and planetarium buildings, also the reptile gardens. We saw huge Pythons, and all kinds of other reptiles. We didn't get to visit the aquarium here, because it was not open, however we saw one at Santa Cruz.

Another interesting thing we saw was the Japanese Tea Gardens. Then we went to the Museum and saw many beautiful tapestries and paintings.

We went out to Fishermans Wharf and had a delicious sea food dinner. Then on home, a tired but happy bunch.

The highlights of my trip I believe was seeing my son, Jack and his wife, Jean, initiated into the Order of the Eastern Star, and my grandson, Mark, installed as Chaplain of DeMolays.

## MILLIKENS HAVE VISITORS

Mr. and Mrs. Bud Milliken had three daughters and their families visiting over the July Fourth holiday. They are Mr. and Mrs. F. C. Williamson of Carlsbad, New Mexico, Mr. and Mrs. Wilson Edwards and Craig of Floydada, and Mr. and Mrs. Al Gardner, Susan and Gary of Lubbock.

Mrs. Gerald Wood and two children, Dana and Phillip, flew to Little Rock, Ark., Tuesday morning for a visit with her parents, Mr. and Mrs. J. O. Murphy.

## ATTENDS REUNION AT OLD FURVES COMMUNITY

Mrs. John Toler on Sunday attended the annual reunion at old Furves, in Erath county southeast of Dublin along with 500 other residents and former residents of the former town.

Mrs. Toler was called on to give the response to the address of welcome.

She says Furves was once a nice little town, now degenerated into a country community with the coming of paved roads and consolidated schools. It was here that she and her husband met, grew up together, and were married. Mr. Toler could not attend for business reasons.

Buddy and Billy Knox, sons of Mr. and Mrs. Leighton Knox, spent last weekend visiting in Lubbock with a sister, Mrs. Marti Cowman and her family.

## COONS HAVE VISITORS

Mr. and Mrs. Kenneth Lyons, Mrs. Thomas O. Tuttle and son Ken, and Bill of San Angelo, were Bruce, from San Antonio, Texas week guests in the home of Dr. were visitors in the G. L. Cobb and Mrs. Skiles Thomas.

### Rotary . . .

(Cont'd. from Page 1)  
"The greatest fortune of my life was my coming to Tahoka." He pointed out that Rotary is a way of life. And, he said, life is a four-sided project to develop men physically, mentally, socially and spiritually. He promised the club his administration would be a work-year and every member would be expected to fly in and help.

"We must use our talents, he said, and to use these tools not as a task but as an opportunity. "The more you give, the more you get, the more you give, the more you have to give again," he pointed out in regard to this work program and the Rotary ideal of "service above self—he profits most who serves best."

In thanking Huffaker for his fine leadership during the past year, Dr. Durham presented the outgoing club head a diamond-studded past president's pen, and jokingly declared Calloway "is the only president the club has ever had who gave the club members a catfish dinner."

Ronald Sherrill, outgoing secretary, reported good attendance the past year, during which the club was in the "high ten" among 40 clubs in the district five times, was never below the district attendance average for any month, took in 12 new members, lost five,

and had two members take "senior active" membership.  
Mr. Huffaker said he had never in his year's work called on a member to carry out any assignment who had failed to do so. He praised members highly for their cooperation.

Wynne Collier put on the impressive induction ceremonies for three new members, Turner Rogers, Tom Hale, and George McCracken. Departing from the usual ceremony, he had these men's wives come forward to stand beside them while being inducted.

Dr. Emil Prohl, who introduced Bray, told of the work of Rotary Foundation, an organization set up by Rotary International to send top college graduates to some other nation other than their own for a year's graduate study and travel as a contribution to better international understanding.

Pointing out high requirements for the honor, he said one student is selected every two years from the Northwest Texas district, must be 20 to 28 years of age, a college graduate, and must have superior rank in scholarship, character, personality, and leadership ability.

While a junior in high school six years ago, he said, David Bray came to his house to inquire about the Foundation, and had been shooting toward this goal ever since. David was an outstanding student at SMU, where he was president of the student body and leader in other campus affairs, ranked high scholastically, and won out over very stiff competition for the honor. He said David is one of the most outstanding students ever selected from this district for a Rotary Foundation scholarship. He will study a year in Oxford University in England.

In a very interesting talk, David, son of Mr. and Mrs. A. M. Bray, declared the honor was a dream come true. He said he had been impressed since a small boy with the Rotary ideals and the high type of members, that the men of the local club have been his ideal and the greatest influence on his life. He said he thought the local club was a great influence on the lives of many other Tahoka young people.

David said he and John Hegi, son of Mr. and Mrs. "Pete" Hegi who is graduating from Baylor University this summer, will leave Sept. 1 aboard a German ship from New York for England, and the two will travel the country until Oct. 10, when he enters Oxford.

Oxford, he said, is one of the oldest universities in the world, established in the 10th century, has 35 colleges, and the college he will enter, St. Edmund Hall, was begun in the 13th century.

Unlike American universities, he said work at Oxford is very specialized, and one or two tutors are assigned a student, who reads everything possible on a given subject, takes a test, and then argues reasons for his answers with his professors. He will study politics, philosophy, and economics, and hopes to obtain a master's degree.

He said he would travel England as much as possible, meet as many people as possible, and seek to know the English mind and way of life. When he returns, it will become his duty to report his observations to clubs over the area. While there, he will make frequent reports to readers of The News.

He hopes to tell the English about the U. S., Texas, and Tahoka. He is taking 100 packages of Tahoka Daisy seed, which he says will be planted in English gardens.

He said his selection for the year at Oxford is the greatest honor a student can get. Few Americans are admitted to the university.

Fred Hegi furnished organ music during the dinner. Guests were introduced by Clint Walker.

### Youth Week . . .

(Cont'd. from Page 1)

Jackie Burnett, educational director, will be in charge of visitation

on Thursday evening. The young people plan to cover the entire town between 8:00-8:45 p. m. to extend invitations to the revival meeting.  
The week's activities will be

climaxed Sunday morning with the youth-led Sunday School and morning worship service. At the close of the service, Allen Cox will return the symbol of church leadership to Rev. James Efrd.

# Tahoka Firemen Have First Class Equipment

Tahoka's volunteer firemen are one of the best trained and best equipped departments in this entire area. Rotarians were told Thursday at a program honoring the 20 men of this City department. They not only serve Tahoka, but three-fourths of the calls they make are outside Tahoka City limits.

In brief talks, Dr. Emil Prohl and E. L. Short, in charge of the program, revealed interesting facts about work of the firemen.

Dr. Prohl said volunteer firemen fight 60 percent of the fires in this county. The 20 local firemen are paid \$7.50 per month each by the City, but these men have donated this salary back to the community by purchasing with these funds a station wagon used principally by the chief. This station wagon, used to carry life-saving and fire-fighting equipment to fires, has resulted in a saving of \$1,200 a year on insurance to citizens.

Local firemen, he said, meet each Monday night for training sessions, and stand ready day or night to risk their lives, give their time, be away from their families, and ruin their clothes for the protection of the community.

In his talk, Short pointed out that 75 percent of Tahoka Fire Department's calls are to Lynn county rural fires or other towns. The Department furnishes its own expenses on calls to such places as Lake Thomas, Lamesa, Post, Brownfield, and Buffalo Lakes—all places it has served—and Lubbock, for instance charges \$125.00 minimum for such runs. The county helps out some on rural calls outside Tahoka.

The Fire Department not only makes fire runs, but is equipped for other emergency types of work, such as storm watching, aid to smoke, wreck, and drowning victims. It has assisted in eight drownings, three times in the last year its resuscitator has been used on ill people en route to a hospital, once from Lamesa to Lubbock.

He said every citizen should know the Fire Call telephone number—988-4122.

Fire Chief Pat Patterson, the next speaker, told of the equipment while department members demonstrated some of it, and club members were amazed at the amount of emergency equipment

and the firemen's knowledge of its usage.

The men demonstrated use of the portable respirator, which can be used on two patients at a time and has six jacket sizes to produce artificial respiration; the intermittent oxygen resuscitator, or portable lung, to give oxygen and sustain breathing to heart patients, those overcome by smoke, and drowning victims, also; the Scott air pack, a mask carrying pure air to firemen entering smoke-filled rooms; drag hooks, for use in lakes in search of bodies of drowned people; skin-diver equipment, used principally by the local skin-divers club; salvage covers, used for taking water during fires out of houses and buildings, covering furnishings, which may also be converted into stretchers; and other equipment.

Patterson said, with the new fire truck on order, Tahoka has fine firefighting equipment. Even the old 1937 Ford pumper, which was demonstrated for the Rotarians following the meeting, still meets state requirements and is in fine condition. In addition, the City has the new small pumper used principally for rural fire runs.

Members of the Volunteer Fire Department are: E. W. (Pat) Patterson, chief; Clyde Spruiell and Charlie Boswell, assistant chiefs; Alton Kelley and Troy Havins, captains; Roy Harvick and Evon Wilson, lieutenants; Pat Chambliss, Dan Curry, Albert Curry, Bill Cathcart, Gravel Ayer, Bill Craig, Bobby Ham, Edgar Hammonds, Charles McClellan, J. T. Miller; Lynn Seales, Marvin Hagens; Fred McGinty, chaplain; and Johnny Raindl, City fire marshal and also member of department.

Mr. and Mrs. Durwood Howard and family had as their week end visitor Miss Linda Dutton, from near Lubbock.

TAHOKA, TEXAS

"Heart of the South Plains"

FRIDAY, JULY 5, 1963

## First Baptist Church Growth Traced From Start In 1903

From a small beginning on July 5, 1903, meeting in a tent and then in the new little county court house until a church building was erected, the First Baptist Church of Tahoka has in 60 years undergone all the hardships of the pioneer community and its citizens. But, in these sixty years, this church has become one of the strongest for a town this size in the area.

Tahoka's first church actually grew out of two organizations back in that summer of 1903, according to the late E. I. Hill, News publisher, who wrote the history of the church back in 1937, before his death.

Before the county was organized on April 7, 1903, a Dr. Pharr, a physician who was ranching in the present Wilson area, started holding Baptist services in 1902 and organized a church in the W. T. Fenn home, about eight miles north of present Tahoka, attended by cowboys, ranchers, and settlers from the Millwee, Rev. J. R. Miller, Dixie, T-Bar and other ranches of the north part of the county.

About the same time Rev. Miller was holding services in the W. C. Cowan home south of the present town, which other cowboys, ranches and "nesters" attended.

A Fourth of July Picnic was held in Tahoka celebrating the organization of the town and county, and the two groups got together for a meeting on the following day, July 5, and in a meeting in a tent on the north side of the square, the First Baptist Church of Tahoka was formed and Rev. Ira Parrack, a young minister at Estacado, was called as the first pastor.

Charter members included Mr. Cowan, a deacon, and wife, Miss Ella Fenn, church clerk, Dr. Pharr and wife and two daughters, Mrs. J. H. Lea, Mrs. W. T. Fenn, Rev. and Mrs. J. R. Miller, Mrs. M. C. Sherrod, Mrs. Pearl Brown,

Miss Iva Sherrod, (Mrs. G. C. Shaffer), Mrs. Charley Doak, Mrs. S. N. McDaniel, and others now unknown.

A revival meeting soon followed and a baptismal service was held on August 1, 1903 at Chimney Mills, southwest of Tahoka, the first recorded such service in the county.

First edition of The News, published October 9, 1903, reports there were three organized churches in the new town at that time, Baptist, M. E. Church, South, and Cumberland Presbyterian. All held services in the little courthouse. Prof. Norton was teaching the first school, also in the courthouse.

Rev. Parrack left the church on July 4, 1904, being succeeded by Rev. J. R. Miller, who was still pastor in August, 1906, when a building fund drive was started with H. C. Smith, father of Postmaster "Happy" Smith, as chairman and B. L. Shook as secretary.

For \$125.00, the church bought lots east of the square, now occupied by the Mexican Baptist Mission, on which to erect a church building, although the first church was not erected until the next fall, 1907. In the meantime, the Methodists had built the first church building in Tahoka in 1906.

Rev. M. C. Bishop of Abilene followed Rev. Miller on Dec. 8, 1907, and during his pastorate the building was paid out. Rev. J. T. McKenzie came from Cordell, Okla., as pastor in 1910, and he was followed a few months later by Rev. A. R. Tyson from Snyder, followed later that year by Rev. J. R. Balch from New Home.

Rev. J. H. Vinson of Post was called on Nov. 6, 1912, and Rev. J. T. Nicholson came from Austin in the fall of 1913, and the first church piano was bought while he was here.

Next pastor was Rev. W. J. Durham, a school teacher, who was the first full-time pastor, coming first on a part-time basis in 1915. He stayed here until 1917, when Rev. L. L. F. Parker was called and was pastor until Sept. 1, 1920. Rev. J. H. Hunt was next, and was followed on Oct. 11, 1923, by Rev. J. M. Doshier.

With the coming of Rev. B. N. Shepherd in the fall of 1924, there was talk of a building program, and the basement to the present main building was erected the next year at a cost of about \$15,000. Brother Shepherd was one of the most popular of the pastors along the line, and under him many of the differences the congregation had suffered were united and forgotten.

Next came Rev. O. J. Hull early in 1930, probably one of the most powerful pastors the church has ever had, and under his pastorate membership grew from 400 to 900 members. In fact, since the coming of Rev. Shepherd, most of the pastors have been strong preachers and strong leaders in the church and community.

Rev. Hull died suddenly on May 8, 1932, and Rev. Lawrence Hays from Irving was called shortly afterward and the church finished paying for the basement building before he moved on to Snyder in July, 1934.

Rev. George Dale came in the following September from Madill, Okla., and during his eight years in the pulpit the church grew further and erected the present sanctuary at a cost of about \$17,000 and paid all debts. Melvin Rathel was his assistant a part of the time.

Retiring on account of his health, Rev. A. C. Hardin was called from Post early in 1943.

He was succeeded a year and a half later by Rev. Levi Price of

Merkel on July 2, 1944. During his pastorate, the remainder of the half block now occupied was purchased, the Mexican Mission was initiated, and the Sweet Street Mission started.

Rev. C. T. Aly became pastor in July, 1946. The \$17,000 parsonage was built, a building was bought for the Sweet Street Mission, and then the Sweet Street Church was organized as an independent body.

Rev. Aly succeeded in the summer of 1950 by Rev. Lee Ramsour, and during his stay the church acquired a small building at the encampment near Floydada.

Rev. Clifford Harris came in January, 1954, and during his ministry the Sunday School reached a new attendance record of 510, and the new \$62,000 education building was erected. He was succeeded by W. R. (Bill) Brooks from Hughes Springs in December, 1957.

The present pastor, Rev. T. James Efrid came to the church from El Paso four years ago this month, July, 1959, and he has proved to be one of the top all-around pastors the church has had, members say. Just recently, he returned from Japan, having been selected to do missionary work in that country for several weeks.

James Hollars is the education and music director, and Mrs. Betty Curry is the church secretary.

Sunday's all-day program will observe the 60th anniversary of the start of the church. Guests are welcome to all services.

### Caprock Tourney Set For July 6, 7 Play

Local men golfers are invited to participate in the Caprock Golf Course Tournament Saturday and Sunday, July 6 and 7, along with players from Post, Floydada, and Lorenzo country clubs.

The tournament will be 36 hole medal play, a handicap affair divided into 16-player flights. Entry fee is \$12.50 and all entries must be turned in to Jimmy Hundley of Post by 7:00 p. m. today, Friday.

First prize in each flight will be a certificate for a set of four woods; runners-up, three woods; and third place, a dozen golf balls.

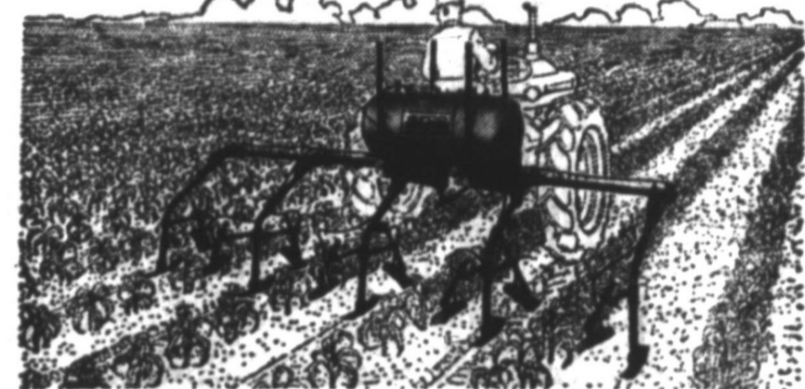

### Fred Hegi Makes SMU Dean's List

Fred Hegi, freshman student this last year in Southern Methodist University, was named to the "Dean's List," university honor roll, the second semester, his parents, Mr. and Mrs. Fred B. (Pete) Hegi were notified this week by Mack C. Adams, assistant dean of University Life.

Fred is working at First National Bank this summer.

More than 276,000 veterans have been trained in medicine and related fields under GI Bills supervised by the Veterans Administration.

## McCord Butane & Oil Co. RECOMMENDS AFCO FLAME CULTIVATION

### FOR WEED-FREE CROPS

Time-tested and proved, AFCO Flame Cultivation is the best answer yet for complete weed, grass and vine control in rowcrops.

Weed control means higher yields — flaming means less weeds. Gas costs average less than \$1 per acre. Crops can be flamed at 4 to 10 acres per hour. And flaming does not harm the crop when used as recommended.

You owe it to yourself to learn more about AFCO Flame Cultivation. Let us discuss flaming with you, or better yet we can arrange a demonstration.

Just for curiosity, the other day we looked in the telephone directory for the number to call in case of a fire—998-4122—and fumbled around a minute or two finding it. Whereon, we took a red pencil and wrote the number in big letters on the outside of our telephone directory. You might do the same. If you're like the Printer and ever needed the Fire Department quickly, it might take us several valuable minutes in our excitement fumbling around hunting the number to call.

Wilson has a somewhat difficult problem in case of fires. They have to call "Operator" at Brownfield and the turns in the alarm at Tahoka. As a result, some Wilson men have installed two-way radios, connected with Slaton, for such calls—or they may call Tahoka.

A mother whose son swims in the Municipal Pool on occasion calls attention to the need of a telephone at the pool—not just for convenience of telephone users, but just in case of an emergency need for a resuscitator.

"Skip" Taylor thinks the man in the old wrecking yard picture

printed in The News two weeks ago wearing the cowboy hat was Hub Clark. But, Mrs. Marvin Wood is almost positive the man is her late husband.

Later, Mrs. Marshall Stewart says her husband definitely declares the man Clarence Brock of O'Donnell, and the man in the cap is Henry McDaniel.

Mrs. Florence Davies of New Home informs us that Mrs. Bertie Cowan Humphries, who married Will Humphries here in 1903, the first Lynn county marriage license issued, is very much alive and lives in Downey Grove, Illinois. Florence says Mrs. Humphries is still very active in church work, in spite of her age. Another daughter of the late Mr. and Mrs. Cass Cowan, Mrs. Chas. (Linnie) Harter, lives on a farm between Canyon and Happy. "Miss Linnie" was associated with West Texas State College (now university) for many years.

"Toe" Roberts and The Printer were recalling a while back some of the Kangaroo Courts held here back 30 to 40 years ago, when one big diversion was practical jokes and various other stunts pulled by some of our town jesters.

Kangaroo Court became almost a custom here for newly-married men. Word of mouth got around a big "trial" was to come off down town a certain night, and almost everybody turned out. Usually "Judge" Henry Calaway or, on occasion "Uncle Ike" Metcalf, set up court on a wagon or truck bed. Ovid Luallin, Carl Griffing, Emory Nance, "Casey" Jones, or some other bridegroom was charged with "profligating" and brought before the bar of "justice." Jake Leedy usually did the prosecuting, Happy Smith and Dr. L. E. Turrentine usually had a hand in the proceedings, and Ray Weathers, or even serious-minded Judge C. H. Cain on occasion, and later Truett Smith "defended" the accused. The "criminal" always got "justice," and the town had a lot of fun at his expense.

One bridegroom was locked in a Slaton hotel room (minus his clothing); another was left out on a country road, in similar fix; one man was put in one of those large old-time baby buggies and pulled around the square a few times behind a Model T; another was handcuffed and chained to a fire plug and forced to stay there until he sold a dozen rolls of bathroom tissue at a \$1.00 a roll. The stunts broke the monotony for the people, but it was a little hard on the brides.

Then, there were the "snipe hunts," in which some new-comer was the victim. One such was when "Buster" Fenton and probably some of the above built-up Harley Sadler, of tent show fame, for such a hunt one dark night after the show out in T-Bar pasture. Harley was given the "honor" of holding the tow sack

The Sheet Anchor

while the rest of the bunch went out to round up the snipes so Harley could bag 'em. The pranksters, as soon as out of sight and hearing distance, lit out for town. Left with the howling coyotes, but no signs of snipes, Harley finally reasoned he was the victim of a prank, and came panting into town afoot.

Then, there was the "badger fight" prank played on new-comers, sometimes promoted by Ruby Wells or Dr. E. E. Calloway and others. The badger was supposed to be under a tub, a dog was on hand to engage the trapped animal in fight as soon as released from under this tub. The stranger was given the dubious honor of taking hold of the rope, supposedly tied to the badger, and carefully instructed to give the badger a jerk when the tub was lifted so the dog would pounce on the animal. With the plot all laid, and a big crowd on hand, the Tenderfoot would jerk the rope, and out would come an old-fashioned chamber pot. This was great fun!

There were many, many more original practical jokes hatched up by Jake Leedy, who was always as full of ideas as a cur dog has less, as were Joe Bovell, Ira Doak, Charley Shook, Skip Taylor, Dr. C. B. Townes, Jack Applewhite, and a dozen others. We'll try to tell some more of them one of these days—just to get our minds off the trend of government in Washington.

"Cotton" Carter thinks these next three jokes funny:

The greatest surgeon in town was performing a difficult operation before a gallery of fascinated interns. At the most crucial mo-

ment, another doctor tapped the first on the shoulder and asked, "May I cut in?"

A man went to see his boss and asked him for the day off to celebrate his silver wedding anniversary. "Okay," said the boss, after much deliberation. "But I hope I'm not going to have to put up with this every 25 years."

A 6-year-old was called upon to give the blessing at dinner, but he forgot the words. He stuttered for a moment until he remembered the commercial on one of his favorite television programs. Then, in a clear voice, he said: "This food comes to you through the courtesy of God Almighty."

Nearly 80 percent of the farm operators in this country owned their own farms in 1950 as compared to only 80 percent self ownership in 1935. And about twice as many farmers rented additional land in 1950 as in 1935.

Claudia Ann Chapman of Plainview is here this week visiting her grandparents, Mr. and Mrs. Harley Henderson.

## O'Donnell Reader Writes of Early Day Experiences

George Lightfoot of O'Donnell, route 2, writes The News he had to miss the Pioneer Reunion on account of Mrs. Lightfoot's illness, and sent along the following story about the early days in Lynn.

I will tell you about visiting an old couple living in a new dugout southeast of Guthrie Lake, on the hill across the road from Matt Williams, in the summer of 1901.

I had helped move a herd of cattle to Ranger Lake, N. M., and was coming back across the country through the T-Bars. I saw this dugout and thought I could get a drink, so rode up and called out. A man came out, and I asked if I could get a drink. He said, "Sure, get off and rest a while."

While we were talking, a fellow came riding up from the southeast, and the man said, "That's Jack Alley." (Alley was manager of the Col. C. C. Slaughter Tahoka Lake Ranch.) I had seen Jack before, so when he rode up we spoke.

Alley said, "I'm in a hurry,"

and said something to the man and called him Mr. Richards and handed him some gold pieces; then turned to me and said, "Which way are you going?" I told him to Gail, and he asked me to go to the camp and take an early start in the morning, so I went.

As you know, the camp was on the west side of Tahoka Lake. I got two good meals and went on to Gail the next day. That was the last time I saw Jack. (Mr.

Alley passed away in the late 1930s.)

**MRS. J. V. HUDDLESTON STILL HOEING WEEDS**  
Mrs. J. V. Huddleston, 85, beloved pioneer Grassland lady, says she is still able to hoe weeds just about every day. She told The News Monday she regretted missing the Pioneer Reunion but just didn't feel up to coming.

# Lynn County Governed By 10 Agencies, Bodies

(Special to The News)  
New York—Local governmental processes are found to be less streamlined in Lynn county than they are in most parts of the United States.

The business of government is being carried on through the use of a larger number of agencies and official bodies than is the case elsewhere.

The facts and figures are brought out in a special survey made by the Department of Commerce and released under the title "Census of Governments, 1962." It is the first national study of the kind since 1957.

Such surveys are made periodically to determine what it takes, in number of governmental agencies, to provide school services,

water supply, sanitation, police and fire protection, health and welfare and the many other services a community needs.

In Lynn county, it is shown, these functions are carried on through 10 governmental units, eight of which have property-taxing power.

A breakdown of this total reveals that there are three municipal governments in the county, no township governments, four fiscally independent school districts, two special districts and the county government itself.

The survey shows that the number of these public agencies locally, in terms of population, is above that in most communities. There is one such agency for every 1,967 people in the United States as a whole and one per 2,380 throughout the West South Central States.

Nationally, according to the report, there were 91,185 local governments in operation at the beginning of 1962. They had the authority to levy taxes or spend public funds or issue regulations or otherwise govern and provide for their areas.

Included in this total were 34,678 school districts. This is nearly 30 percent less than there were in 1957, mainly the results of widespread efforts to reorganize and consolidate school systems.

A comparison of the number of government units in the United States in 1962 with the number tallied in 1957 reveals an 11 percent reduction in the period.

In Lynn county, there were 10 in 1957, the same number as is currently recorded.

**Standard BOORUM & PEASE**  
**Visible RECORD BINDERS**  
With Conventional Type AUTOMATIC HINGE SHIFT

Standard Boorum & Pease Visible Record Equipment reduces cost of record keeping, and enables the user to "put his finger" instantly on any item or classification desired. The improved Standard Boorum & Pease prong type Visible Record Binder is the most efficient equipment ever developed for the housing of records. It is compact, portable, and provides maximum visibility, greater durability, and increased accuracy. Automatic shift lock eliminates the possibility of covering up records as a result of accidental shifting. Durable construction of binder insures lasting security for records.

## WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

One of the great fallacies carefully nurtured is that a monopoly type of business benefits the consumer because it operates with such efficiency that savings to the public are possible. This has long been the argument advanced by the major oil corporations who are engaged in producing, refining, wholesaling, and retailing.

If it were not for these so-called integrated operations in petroleum, it is possible C.W. Harder, average motorist might drive for 20% or more less cost.

The Federation has received a very comprehensive report from a state group of dealers and distributors. It is impossible to mention the people who worked on the report, or even the state in which it originated, as such is the secret service of Big Petroleum, that given an inkling of origin, those responsible for releasing the data would find themselves the object of reprisals.

How much should one pay for gasoline? Nobody can give the answer.

An independent service station operator leasing facilities from major oil pays one price for gasoline. An operator who owns the facilities, and they are fast disappearing, is given a discount of a cent or more per gallon below this price.

The completely Company owned and operated stations are subsidized, and they are National Federation of Independent Business

charged for gasoline about four cents under the retail price.

But a major oil company will sell to a chain of service stations for four to six cents per gallon less than to their independent dealers.

For a fleet operator, the major oil firms will also sell for less, even though the oil company must make long hauls, and often supplies the storage tanks, pumps, meters and other equipment needed by the customer.

At intersection after intersection in the nation, the four corners are occupied by competitive gasoline stations to keep anyone from getting the benefit of the business at any given intersection.

And if one company at the intersection rebuilds a more modern looking station, the other three in short order follow suit, which adds to the overall selling cost, and thus the price the public must pay.

If the major oil companies were out of the wholesaling and retailing of petroleum, and the marketing job in the hands of independent jobbers or distributors, it is predicted that almost half the nation's gasoline stations would be closed.

But the stations remaining, all independent, would be profitable, and the public would buy gasoline for a lot less than at present. As it is now, the public is paying through the nose to finance the subsidies the major oil firms pay to their wholly owned and operated service stations in the constant warfare being waged by the oil giants to maintain absolute control over the pricing of their products.

## Bowling Results Of New Home League

Bowling results last week in New Home's Summer League were as follows:

New Home Farm Store, 3-1, New Home Butane, Jennie Halford, 382, Farm Store; Bobby Blakney, 387, Butane.

Farr Texaco, 3-1, Coop No. 4, Charlene Farr, 466, Texaco; Della Halford, 421, No. 4.

Petty Gin, 4-0, Coop No. 7, Lil Todd, 455, Petty; Joyce Swinson, 356, No. 7.

Edwards Shop, 3-1, Follis Conoco, Nona Nieman, 439, Edwards, Adrina Clem, 437, Conoco.

Pridmore Spraying, 4-0, New Home Gin, Bea Follis, 456, Pridmore; Billie Rudd, 321, New Home Gin.

High games were Bea, 188; Babe Evans, 180; Adrina, 177.

High series were Charlene, 466; Bea, 456; Lil, 455.

Bowler of the week was Zana Stamford.

About 5,500 persons visit the White House daily.

## Contract Is Let On Highway 84

Contract has been let by Texas Highway Department for construction of four-lane highway on US 84 in the extreme northeast corner of Lynn county, near Southland, District Engineer O. L. Crain of Lubbock announces.

The project calls for grading, structures, line stabilizing base, highway overpass and one course surface treatment from 1.3 miles northwest of Slaton to the Garza county line, a total distance of 10.21 miles in Lubbock and Lynn counties for a contract price of \$820,798.00.

The job is subject to concurrence of the Bureau of Public Roads, Boswell & Crafton, Inc., and J. O. Boswell, and 300 working days are allowed for completion of the project. Julian F. Smith, resident engineer at Post, will be in active charge of the project.

## Duey C. Riddle In Officer Training

Cadet Duey C. Riddle, attending Hardin-Simmons University in Abilene, is one of 1891 Reserve Officer Training Corps cadets attending the General Military Science ROTC Camp at Fort Sill, Okla., to become future Army officers.

He is the son of Mr. and Mrs. Archie D. Riddle of Tahoka.

The cadets began active training on Monday, June 17, and will spend six weeks in intensive training in use of modern weapons. When the cadets complete four years of college military science studies, they will be commissioned as second lieutenants in the Army.

Mrs. W. F. Knox of Lubbock has rented her home there and is now residing here with a son, Leighton Knox and his family.

## O'Donnell Girl Is Named Miss Lamesa

Miss Daphne Hogg, 18, daughter of Mr. and Mrs. J. A. Hogg of O'Donnell, route 2, was named Miss Lamesa of 1963 in the contest held in the latter city Saturday night.

A feature of the program was the appearance of Miss America,

Jacquelyn Jeanne Mayer of Ohio. In addition to a trophy, Miss Hogg received a \$350.00 scholarship from the Lamesa Jaycees.

**SOL-U-PHOS LIQUID FERTILIZER**  
"The SOLUTION For Your Fertilizer Problem"

Side dressing with SOL-U-PHOS Liquid Fertilizer will give your crops the plant nutrients needed now—at "Dinner Time"—and will carry them on to a fruitful harvest. By side dressing with SOL-U-PHOS, which is a chemical combination of plant nutrients forming a neutral SOLUTION, insures balanced fertility for your crops. Now, when your crop has gotten to the point that you are making your money, increase your crop yield and maintain a high fertility by side dressing with SOL-U-PHOS Liquid Fertilizer.

Everywhere you look more farmers are going "modern"—They are switching to SOL-U-PHOS Liquid Fertilizer . . . Why? The meter pictured above makes sure that your dealer—Livingston Storage delivers to you the exact gallage of SOL-U-PHOS. Then by use of pumps the handling of SOL-U-PHOS is a "filling station" type of operation. There is no heavy lifting, you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients. SOL-U-PHOS doesn't require you to have a field full of farm labor to get the job done. One man can easily side dress and cultivate 50 acres or more per day and you pay only for the plant nutrients delivered by your dealer. That's why we say—

Go modern... See the man who Sells
