USING LAKE WATER

Three Way Farmer Pumps 1400 Gallons Per Minute On Crops

Pictured above is Miss Sharon Evans, daughter of Mr. and Mrs. Leonard E. Evans, examining a patch of tomatoe in the Lewis Scoggin field west of Muleshoe. These tomatoes are being raised for seed, which is a "first" on the West Plains.

First Time In Texas . . .

Muleshoe Farmer Raising Tomatoes Will Sell the Seed

For the first time in Texas, Lewis Scoggin of Muleshoe is raising tomatoes for seed.

He is raising a new type of tomato to this country, which is extremely early maturing, but rather short producing.

He has an agreement with

Texas A. & M. College who will take the ripe tomatoes, and secure the seed from them. In turn they will furnish the seed for plants to be set.

J. K. Adams, Bailey County Agent, says this promises to be a very nice project.

PERHAPS A DINOSAUR?

Large Bone Unearthed by Muleshoe Farmer While Digging Earth Tank

There was excitement at the Adams farm, which is being farmed by Ed Little, back in the spring.

Mr. Little had a man with a bull-dozer building an earthen tank, and about the time the process was completed, at a point some 9 feet below the normal terrain of the earth, he plowed into a large bone.

Mr. Little told J. K. Adams, it seemed to be about a foot thick, or a foot in diameter, which is quite a bone indeed. Mr. Little mentioned it to a friend, but nothing was done to determine just what it was, and soon the spring rains came and the tank filled up

with water. The Journal editor heard about it, and in excitement, thinking it could possibly be the mortal remains of a prehistoric dinosaur, or some thing like that, we went out and looked it over.

We are told that these old bones, that have been buried for perhaps centuries will pretty well hold their form, until exposed to the atmosphere, then they disintegrate rapidly, and evidently this is what happened. The lake had gone dry, and at the point where the big bone had been uncovered, was only a large spot of yellowish bone meal, with a few small pieces that

ALL TEACHERS SIGNED BUT TWO . . .

Muleshoe Public Schools To Begin New Session August 31

Supt. Jerry Kirk Tuesday announced that the school has now filled all vacancies in the teaching staff with the exception of two places, a fifth grade science teacher, and a teacher for public school music.

New teachers employed since the close of school are:

Fern Friesen, first grade; Lois Jackson, second; Audrey Johnson, third; Ruby Lambert, fourth; Clarence Hawkins, sixth; Pete Friesen, fifth grade science; Vera McSpadden, language arts, junior high; M. C. Jackson, language arts, junior high; Harold Hurd, science, junior high; Melvin Mackey, social studies, jun-

ior high; Betty Jennings, English, high school; Milton Oyler, social studies, high school; W. O. Harrell, science, high school; H. W. Callan, coach; Lewis Powers, coach; Dean Bradley, homemaking, high school and Rosie Hurd, homemaking, high school.

Mr. Kirk said classes will begin Monday, August 31 at 9 in the morning. He added "We want to urge all students to be sure and register at the proper time and not wait until Monday morning."

The schedule of activities are: First general faculty meeting in high school auditorium,

Dolly Ann is one of the few farmers in this general West Plains area that is using lake water to irrigate with.

On his farm in the Three Way community near Stegall, he is watering more than 200 acres of land from a lake. He pumps as high as 1400 gallons per minute from the lake he reports. Pulling the water out of the lake area with an 8-inch pipe, he says he is getting fine results. He pipes some of it almost a mile, pours it out into a surface ditch and waters with tubes.

He has very little water loss in the ditch as the silt from the water lines the ditch, and stops seepage. He thinks that he is losing more water by evaporation than he is pumping from the lake.

Water Use Here At All-Time High

Muleshoe residents hit an all-time high in water consumption during the month of July, the city water department reports.

An average of around a million and a half gallons per day were pumped from four city wells, during the entire month. The previous high was around a million gallons.

This will average about 300 gallons of water per day per person, or more than a thousand gallons per day per family.

Quite a bit of water.

Lazbuddie Student Wins The Kuykendall Scholarship At Tech

Smithie Douglas Lawrence, Lazbuddie High School student, has been awarded the Kuykendall Foundation scholarship at Texas Tech, it was announced Sunday.

Young Lawrence was Salutatorian of the 1959 class at Lazbuddie. He was class president and a member of the National Honor Society, annual staff and the staff of the school paper.

The scholarship will be worth \$200 to him his freshman year at Texas Tech.

VISIT AT TRES RITOS

Mr. and Mrs. Major Wood, son Stanley, and daughter, Mrs. Preston Schriest and son of Crane, Texas, are meeting their other daughter and husband, Mr. and Mrs. Joe Don Jackson of Amarillo Thursday at Tres Ritos, N. M., for a family outing.

had any substance to them. It could not be told just what their form had been. The pieces that we did find, seemed to have come from a very large object.

In the bank of the excavation, some five feet under the regular surface of the earth, was found a large bone, that evidently came from a buffalo, and also a tusk-like piece of bone.

The location of this tank is about ten miles southwest of Muleshoe, in a pasture about a quarter of a mile from the

Muleshoe Population 5,346

Farm Bureau Queen To Be Named In Ceremonies at School Tuesday

"Cotton John" Smith, of KGNC radio and TV, Amarillo, has been selected to be the master of ceremonies for the Farm Bureau queen contest to be staged in the high school auditorium here next Tuesday night, it was announced today by Mrs. D. O. Burelsmith, who has been serving as chairman of the contest committee for the Bureau.

Mrs. Burelsmith said late Wednesday that 14 young ladies of the county have entered the contest; most of their pictures have appeared in the Journal in last week's issue and in this week's paper.

Others who wish to enter should contact Mrs. Burelsmith, phone 6084, or go to the Farm Bureau office in Muleshoe. Late entries will be accepted.

The Bailey County Farm Bureau is extending a welcome to the public to attend the queen crowning ceremony. There will be pre-program music, incidental music during the appearance and interview of the contestants, and during the time that the judges are deciding the contest there will be a short musical entertainment program. Three out-of-county people have consented to be judges. Their names not yet revealed.

Mrs. Burelsmith told The Journal that the number of entries this year has exceeded entries in former years. Serving with Mrs. Burelsmith on the contest committee is a list of three ladies from each Bailey County community.

Mrs. Burelsmith listed the following Bailey County beauties as contestants for Farm Bureau queen honors:

Sue Logan, Jana Goodwin, Shirley Burelsmith, Mary Jean Gross, JoQueta Nowell, Karen Stephens, Nelda Redwine, Ruby Kay Simmons, Kay Wilson, Janie Sanders, Goldilou Goucher, Sandra Broyles, Nancy Julian, Sandra Darsey, and Pat Thomson.

Muleshoe Man Charged With Jilting Lover

A Muleshoe man, Grover C. Gray, was served with a \$375,000 Alienation of Affection suit in Houston the first of the week. The suit was filed by Mrs. Vanita Hickman.

She asked for \$250,000 for intolerable humiliation and disgrace . . . grievous mental pain and anguish . . . and wounded pride." This plus \$125,000 Exemplary and punitive damages.

Mrs. Hickman was described as being in her late 40's. She alleged in her petition that they exchanged more than 50 letters. They first corresponded, she said through a lone-heart club at Palestine.

She said they first met last year at Truth or Consequences, and he proposed to her, but she turned him down. Then later she visited him at his ranch here in Muleshoe, where he proposed to her, and she accepted him. She charges that just before they were to have been married last fall, he backed out on her, and brought false charges against her.

A friend of Mr. Gray told a reporter of the United Press that Mr. Gray, about 75, was a fine old man, who spends much of his time at Truth or Consequences, N. M.

east side of the Muleshoe Ranch. It is approximately two miles southeast of Ranch headquarters.

Probably no one will ever know just what it was, but at least we can think it could have been part of some ancient dweller in these parts. The thing that puzzles us the most is the fact it was about nine feet deep, under the regular surface—something to think about anyway.

Whiskey Runners Run Into Deputy Sheriff

Two Muleshoe Negro men, commonly referred to as "runners", almost made it in with a load of beer, whiskey, and wine, but ran into Deputy Sheriff Bill Wilkerson, just before arriving at their destination. The sum results are they lost their merchandise and left about \$350 in cash at the Bailey County Court House.

Wilkerson and a city officer took 14 cases of Lager beer, 8 fifths of whiskey and a jug of wine from the pair, and filed charges of illegal possession against them in County Court. They entered pleas of guilty before Judge Glen Williams. Each was fined \$150 and court costs.

Neither of the men is a stranger in court Judge Williams said. One is now out on bond on a previous charge and the other has several convictions.

School to Open At Lazbuddie Monday, Aug. 31

James G. Ward, superintendent of the Lazbuddie schools said Tuesday that they will begin instruction on Monday, August 31.

Mr. Ward said he was in pretty good shape for teachers at the close of last term, but since then he has had some resignations. The system has a total of 20 teachers.

In a survey taken this week, it is estimated that the present population of the city of Muleshoe is 5346. The findings in this survey is based on the number of customers served by the municipal water system.

Specialists On Plant Diseases Here Wed.

Connie Garner, State Entomologist, and Dr. Harlan Smith, head of the plant disease laboratory at A. & M. College, were in Muleshoe Wednesday, August 5, where they met with area Agricultural agents, and Bailey County agent, J. K. Adams conducted the group on a tour of farms.

They were basically concerned with insects and diseases of vegetables, but also visited some fields of cotton, Adams said.

Mother of Bula Woman Is Buried In Crosbyton Tuesday

Funeral services were held at King Funeral Chapel in Crosbyton Tuesday for Mrs. Leola Dodson, 55, mother of Mrs. Paul Cody of Bula.

Mrs. Dodson had died Monday afternoon from a heart attack.

In addition to Mrs. Cody, she is survived by a son and five other daughters.

W. E. Young of the city water department says the city has more than 1300 water customers, and of this number about 200 are business connections, leaving at least 1100 residential customers.

The accepted average is that there are four and seven-eighths persons, served by each water meter. Figure it out, this comes to a total of 5,346 persons.

Next year will be the time for a national census. That will bear out, or spoil this estimation—we shall see.

Pressure Cooker Clinic Here Friday Morning

A pressure cooker clinic is scheduled in Muleshoe tomorrow (Friday) in the Home Demonstration Club Council room back of the Texas Employment office, on the square in Muleshoe.

Mrs. Harriette K. Jackson, Bailey County H. D. Agent, will conduct the clinic, which will begin at 9:30 a.m.

There will be no charge for the service, and there will be a free booklet on canning for all who attend. Read more about this event in Mrs. Jackson's column, "H. D. Club Clatter", on another page of this paper.

City Mail Delivery Is Given Final O. K.

Acting Postmaster Arnold Alcorn of Muleshoe informs The Journal, he has received final approval of city mail delivery.

Date for the service to begin will be determined when the new equipment to set up the program arrives. Alcorn said it has been ordered.

When the program gets underway, there will be three

carriers and a parcel post truck he said.

Postal officials are urging the people who wish to receive local delivery to be sure their houses are properly numbered.

Residential patrons will receive mail deliveries once each day, and the business district will get twice a day deliveries, he said.

PROSPECTS FOR 2-BALE PER ACRE . . . Local Farmers Getting Good Results From Planting Cotton on Top of Bed

Two brothers, Jack and Don Bruns, farmers just north of Muleshoe, are trying a new practice in the raising of cotton this year, and it seems now that it will pay off in increased yields.

They planted the seed in a narrow furrow on top of the bed, Jack says he harrowed and worked the beds down to suit him, then came back in a short time while the soil was warm, and planted his seed in a narrow furrow on top of the bed. Most of the seed he covered not more than one inch. The chief advantage to this method, he explains, is that if it gets dry, you can come right back anytime you wish and start watering.

Jack has a field of cotton on the Friona highway which,

right now looks like it will produce at least a bale and a half per acre. He has some disease in it, but it is fruited very heavy. Tuesday, a count showed one stalk with 25 bolls on it, many of them half grown. It was planted the last Saturday in April, and had a little hail on it.

In Don's field about a mile northwest of Jack's, he has cotton that could well make two bales per acre. He employed the same on-top-of-the-bed method, but his land is in better condition. In the past three years he has placed about 30 tons per acre of manure on his land.

They each have watered twice, one pre-watering and once since the crop was started.

Bailey County Cotton Crop Estimated at 90,000 Bales

J. K. Adams, Bailey County Agricultural agent told The Journal Tuesday he was going out on a limb and predict Bailey County cotton production this fall. He sets the estimate at 90,000 bales.

Adams bases his prediction on a number of factors. First, the acreage was raised to 114,000 acres. He thinks approximately 8 or 9 thousand acres were destroyed by hail, leaving the total acreage at about 105 or 106 thousand acres.

With the crops looking so good, and especially the non-irrigated lands, in the southern part of the county, he can see no reason why the yield this year should not exceed that of last year.

The 1958 cotton production for the county was about 87,000 bales.

Father of Muleshoe Doctor Says Report of Death was Exaggerated

Once again the old time-honored statement made by Mark Twain, has come alive. A newspaper story carried the details of Twain's death. He immediately wrote the paper that this story was greatly exaggerated.

The Lubbock Avalanche-Journal in its edition Sunday, July 26, made a reference to L. T. Green, Sr., of Kerrelle as being deceased. Promptly following this story, Mr. Green wrote the paper that this report was exaggerated—he is still very much alive. He is the father of Dr. L. T. Green, Jr., of Muleshoe, and of Dr.

M. F. Green of Clovis.

Mr. Green was in the first graduating class at Texas Tech in 1927.

He is a retired school teacher. He first received his B. A. degree at Tarleton in 1905 when it was a four year school. He entered Tech to get a Master, and had to do some of his work over, because Tech would not accept Tarleton credits, since Tarleton had been reduced to a 2-year school.

Pool, A Citizen of an Area

The Plainview Evening Herald, paid high tribute to Mart Pool, pioneer West Texan in its Sunday edition. He was a brother to Myron and Lee Pool of Muleshoe. We reproduce the editorial below:

In his years of residence in Plainview Mart Pool was entrusted with a lot of responsibility for other people's investments and property. He was a good custodian.

Few people knew more of the rank and file and of the responsible citizens of the area than did Mart Pool.

He was a choice person to negotiate with people. One of his fine services for the organization for which he worked was obtaining right of way for power lines, a difficult assignment. His knowledge and understanding of human nature, his aggressive and tenacious attention to the task at hand were characteristic. Whether a civic duty or in line of business Mart Pool was a good salesman. He sold himself first and his "deal" next. He knew he was working to sell his deal, but probably it never dawned on him that he was first selling himself. It was his nature, his way, his manner. He could deal again and again, with the same people.

Unconsciously to him, and to the folks for whom Mart Pool worked so diligently, Southwestern Public Service Company, Pool was so earnest, sincere and constant all the while that the utility company's attributes in the minds

of many of the people is to a greater degree than many of them realize, and to a greater degree than his employers probably realize, the attributes of Mart Pool.

Had it not been for tenacity and faith in himself he probably would not have overcome health difficulties in his young manhood that were unknown to many of his close friends. He never talked about it generally. It was just an episode in a courageous life. Probably it gave him some of that determination, patience and savvy which marked his action in whatever he undertook.

Failure seldom attended Mart Pool's efforts. In his home life and his community life are patterns which many a youngster of this area might well study. His is an example that doubtless will be inspiring to the fine young sons he leaves, who are presently preparing for responsible lives and are well on their way.

If one could list the community activities guided and pushed to success by Mart Pool most of us would realize that we've forgotten more of the good things he put over for the common good than most of us have ever attempted.

Babson Discusses Public Libraries

Babson Park, Mass., August 6—I am a great believer in public libraries; I believe every city should support a good one. I am especially interested in the work my friend Thomas Drier is doing to encourage such libraries. Andrew Carnegie showed wisdom in selecting public libraries for his gifts. Whether, however, he gifts, or not, the choice today, we do not know. Certainly, public libraries now have great competition from radio, television, and "paper back" books.

Radio and Television
I would not object to these new developments if they were putting out better material. The librarian can urge readers to take out good books; but listeners to radio and television get too much of the stuff which is thrown out on the air whether good or bad. Is such material making our people softer, or harder?

I wish that cities would support their public libraries thru paid advertisements in local papers. Working with the librarian, they could do much to improve their citizenry. Just think, one can get absolutely free the novels, histories, and life observations of the most prominent writers of the world; the life thoughts and life works of great teachers, preachers, scientists, bankers, merchants, manufacturers, and shopkeepers. The opportunity truly is terrific. For free material thereon, write Mr. Thomas Drier, St. Petersburg, Florida.

What Are People Reading?
We must encourage people not only to use their public libraries but to get the best reading material. In a recent trip to the Boston Public Library's periodical reading

room, I found 35% of the people there reading the funnies, 25% reading about sports, 20% accounts of murders and other crimes, 15% features and ads; while only 5% appeared to be reading editorials or other worthwhile material. According to ex-Governor Harriman who recently returned from Russia, a situation like this makes Mr. Khrushchev very happy.

What Makes Character
Psychologists tell us that most of what we hear and read "goes in one ear and out the other." This may be good news to educators and parents, but not to those who sponsor radio and TV programs. It is said that less than 20% of the possible television viewers see any given program, while less than 1% remember it or the name of the sponsor.

Although I am a great believer in intelligent advertising of all kinds (except billboards), I feel that there is a tremendous waste of money in much of the radio and television advertising. Unsounded material sent out over the air undermines American character, which is the real defense of the United States.

Needed: More Open Libraries and More Open Churches

When I was at Cape Canaveral in Florida a short time ago, I was astounded at the many billions we are spending on missiles compared with the 3 billion we are spending annually on Christian education. Furthermore, while these experimental missiles and anti-missiles are being sent up every hour of the day, comparatively few churches are open each day. The Roman Catholics set a good example in keeping their churches open; but of the 275,000 Protestant churches, only about 13,500 are registered as open every day. Those desiring detailed free information on keeping churches open should write the Open-Church Foundation at its National Headquarters in Gloucester, Mass.

America was built by church people. New England was settled by the Pilgrims and Puritans; Pennsylvania by the Quakers; Virginia by people from the Church of England. The first thing built in each new community was a church, and the next a schoolhouse. Academies and small colleges followed. Khrushchev hopes that we will kick down this ladder by which we climbed, but let us be careful not to do this.

Conclusion
Churches, schools, and governments must realize that we are living in a critical period. We must not let these organizations become social clubs. We must all work to make harder citizens, anxious to render service rather than to get profits or security. We must not let our children become "softies". If they can no longer work in the cornfield or at the woodpile or kneel at the church altar, we must give them something to take the place of these great fundamental educators.

tions on canning for all who attend the clinic. There will be no charge for the service.

District II 4-H Dress Revue

I wish you could have attended the District II 4-H Dress Revue at Lubbock July 31. You would be convinced that there are some excellent seamstresses in the making among the 4-H girls. The dresses in the revue showed that workmanship in the construction is of a high quality. Truly Davis and Judy Williams of the Progress 4-H Girls' Club represented Bailey county in the senior and junior divisions and both brought home red ribbons. These girls really met some stiff competition. Keep trying, girls, what you learn in 4-H is never lost.

THIS WEEK In Muleshoe

by AFTON RICHARDS

W. W. Clark of Maple was in town Wednesday morning. He reports crops are in good shape in that part of the county, but beginning to need rain. He thinks he has a potential of a bale per acre, if he can hold it.

And incidentally, Mr. Clark says he has been living in the county for 30 years and thinks it is time he has The Journal coming to his home, and made arrangements to that effect.

Pedestrian Jake made his last mistake—
In traffic's mad confusion; He went ahead when the light was red
And jumped to his own conclusion.

We ran into an old buddy the other day, C. A. Bundrant, whom we knew in Meadow some twenty years ago. We may get in trouble for telling this on him, but back about 1940 he took a little fling in politics. He was a candidate for Commissioner of Precinct 2, in Terry County. He got real close, but lacked a few votes making it. Mr Bundrant was an excellent farmer down there, and held in high esteem.

The greatest flaw in married life — the toughest problem that it hands me—is that alas, I have a wife — that understands me.

Muleshoe Coach H. W. Callan will begin his new season with the Mules in a very comfortable spot, behind the 8-ball so to speak. Conference 2-AA coaches got their heads together recently and picked Muleshoe to win the conference. This is a spot most coaches prefer not to be in.

Editor Troy Martin of Olton, in a recent editorial in the Enterprise, carried a lengthy feature article last week, pointing out the reasons for putting Muleshoe in top spot. He says in part,

"Coach Callan, an old Olton rival from LeFors will have 48 experienced Mules back in his stable this fall. This will be a third larger than Olton's entire roster, counting freshmen and all.

"True to nature of his profession, Coach Callan already has hoisted the crying towel. He says he lacks speed, depth, and experience."

Coaches are at the Texas Coaching school in Fort Worth this week.

My wife said to me the other day, "You are about the least hen-pecked husband in town."

I disagreed with her seriously. "That's not true. I know there are several hen-pecked husbands in town that are smaller than me."

We notice where the editor of a neighboring paper quotes our representative in the Legislature, Jess Osborn as saying he gets very little mail, and would like to hear from the people as to what they think about the bitter financial fight in the Legislature.

Actually the people are so confused about the whole mess, most of them, including this writer, could not write an intelligent suggestion on the matter. What we would like to know, is who the fight is between anyway? From where we sit it seems that the big gas lobby are the boys who are controlling the Legislature. Maybe we're wrong—as we said, it is so mixed up and confusing, who knows?

But one thing is certain, members of the Legislature on both sides of the aisle have definite fixed opinions, and will not concede a single point. Else they would have compromised long ago and

Bailey Pioneer is Honored By Her Friends and Neighbors on Birthday

Shown here is "Grandma" Shroeter, who recently celebrated her 84th birthday with her daughter Esther. An invalid for many years, her friends gave her a birthday party Thursday.

"Grandma" Shroeter celebrated her 84th birthday last Thursday when more than 40 of her friends and neighbors came in and gave her a housewarming in her new home in Muleshoe, in the 1600 block of Avenue B.

Mrs. Shroeter, with her daughter Esther, have recently moved into town.

The family came here from Altus, Okla., in 1925. For many years they lived at what is known as the Towne place. Her husband, Mr. Alfred Shroeter, died April 13, 1947. Grandma suffered a stroke on July 27, 1951 and has been an invalid since, not being able to talk, and severely paralyzed. The daughter Esther, has stayed with her and cared for her.

Recently she greatly enjoyed a ride through the country, out to Progress and Oklahoma Lane in an ambulance. An old time friend, Grandma Kaltwasser, rode with her.

gone home.

A man from the West Plains pulled up in front of Houston's plushy Shamrock Hotel in a swanky, air-conditioned pink limousine. He fished out a \$10 bill from his pocket and handed it to the doorman. "Take good care of my car", he said, rather fustily.

"I shore will" answered the doorman, "I own one just like it."

Rebekah Lodge Hold Interesting Course Tuesday

The Needmore Rebekah Lodge met Tuesday night with Noble Grand Beulah Kelton in charge. A very interesting school of instruction was held by Lodge Deputy Marie Allen. Thelma Gage gave a talk on her trip to the three state convolve held in Little Rock, Ark. The past weekend. She reported a wonderful program was presented.

Mobby Robinson will show pictures and talk about his trip to the United Nations at the high school auditorium in Muleshoe August 28 at 8 p.m. The public is invited to attend.

Refreshments of chocolate cake and punch were served to 13 members.

GRAVESIDE RITES FOR RAMIREZ INFANT MONDAY

Graveside rites were held Monday for infant Rogudio Ramirez, 9 day old son of Mr. and Mrs. Guadelupe Ramirez. The father is employed at State Line Farms.

The Rev. Vincent officiated with Singleton Funeral Home in charge of arrangements in Muleshoe Cemetery.

Sandhills Philosopher Chides... Visitor Who Criticized Him For Defending Laziness in the World

Editor's note, The Sand Hills Philosopher on his Johnson grass farm seems to be defending himself this week, which is a pretty good sized job.

Dear editor:
A man stopped by my place out here yesterday, said he was in a big hurry, had to get back to work, but took long enough to say he didn't approve of my letter to you last week, said I was defending laziness.

"Trouble with the world now is it's got too many lazy people in it", he said, and hurried off to work. Well, it may be that the trouble with the world today is it's got too many lazy people in it, but this is the first time I knew the hydrogen bomb was built by lazy people. Or guided missiles. Or bacteriological warfare.

Now I'm not saying everybody ought to be lazy, every time I turn on an electric light bulb I'm thankful Thomas Edison wasn't lazy, although it'd suit me if the light company was a little lazier about reading the meter, but on the other hand some of the world's greatest mischief has been caused by busy people. How much further along would the world be today if Hitler had been a lazy man? It all depends on what a man's busy at. I guess one of the busiest men I've ever read about was that burglar they arrested in California the other day who averaged breaking into a home six nights a week for two years in twenty states.

My position is, and understand I'm not defending it, I figure a man can take a position without defending it, is that if a man feels like keeping busy, he ought to, and if he feels like loafing, he ought to, if he can get by with it.

When Edison perfected the light bulb, I don't figure he objected to a man's switching it on and opening up a newspaper and sitting back and enjoying himself under it. You're not going to catch me getting so busy I don't have time to enjoy the results of some other man's work. It wouldn't be fair to him.

I guess I could find out the news of this part of the country by getting out and digging it up, but it's a whole lot better to sit back and let you and The Muleshoe Journal dig it up for me. And I have a notion you prefer it this way, too.

Yours faithfully,
J. A.

National Guard Men In Training Tour, Ft. Sill

The 502nd F. A. Battalion of the New Mexico National Guard will leave by truck convoy Saturday, August 8 for Fort Sill, near Lawton, Okla., for their annual two weeks field training. Included in Headquarters and Headquarters battery from the Muleshoe area are: Lt. Norman L. Thomas, M/Sgt. Ely J. Shafer, Sp5 Jarrell W. Pruitt, Pfc. Robert E. Wingo, Pvs. 2 Glen E. Stevenson. Others in Headquarters battery from the Muleshoe area currently taking 6 months active duty tours are: Pvt. 2 Jesse L. Stovall, Pvt. 2 Floyd J. Vandiver, Pvt. 2 Dabney Blylock, Pvt. 2 Lee B. Montgomery, Pvt. 2 Howard R. Barnes, and Pvt. 2 Thurman L. Adams.

Assigned to C. Battery of the 602nd are Sp5 James R. Jones and taking his 6 months tour is Billy L. Kelley, both from Muleshoe.

The two weeks will consist of extensive training on the 155 Howitzer artillery piece and other weapons used in combat. The first tactical field problem will evolve around the overnight bivouac near Hollis, Okla., Saturday night, with the battalion moving on into Ft. Sill Sunday morning.

Upon their return to home station the 502nd will be reorganized effective September 1, into a 90-mm AAA Battalion under the new Army reorganization plan. Headquarters and Headquarters Battery and Battery C are from Clovis.

H. D. CLUB Clatter

Let's Can Vegetables
The canning season has begun. I am sure that you are planning to can peas, beans, corn and other vegetables for your meals this winter. Some of you have already unpacked the pressure cooker to get it readiness for this canning season. Remember that the gauge should be tested each year before it is used.

I will conduct a pressure cooker clinic Friday, August 7 in the H. D. Council room back of the Texas Employment Office, beginning at 9:30 a.m. Bring your cooker and lid and attend the clinic. Be sure that your cooker is tested. I will have a bulletin of instruc-

'County Girls Win Red Ribbons In District 4-H Club Dress Revue

Both of Bailey County's entries in the District 4-H Dress Revue in Lubbock Friday brought home ribbons, it was announced here Saturday morning.

Miss Judy Williams, the junior representative, won a red ribbon on her entry. This contest was judged by Jewel Robinson, Hockley County HD agent, and Miss Clara Pratt, the Lubbock County Agent.

In the senior division Miss Trudy Davis of Bailey County also won a red ribbon. Her contest was judged by Dr. Graham Hard, a specialist from the extension service, and Mrs. Argen Draper of Deaf Smith County, and Miss Lou Ella Patterson of Gray County.

Following the program and presentation of awards, the group enjoyed a luncheon that was sponsored by the Plains Co-op Oil Mill.

The local girls were accompanied to Lubbock by Mrs. Harriette Jackson, Bailey County H. D. Agent.

Public Schools—

(Continued From Page 1)

run at regular time and return home at 11:00.

Richland Hills school will register on Friday morning, August 28 from 8:30 to 11:00. Buses for Richland Hills will run at regular time and return home at 11:00.

The formal hearing and adoption of the 1959-60 school budget will be held in the business office on August 10, 1959, at 8:00 p.m. Anyone who is interested please feel free to attend.

Three Way School Has Full Staff For New Term

The Three Way School Board met in regular session Thursday night, July 30, and transacted the following business:

Voted to elect a Tax Assessor-Collector for the 1959-60 school term on Thursday night, August 13. Anyone who is interested in this job is invited to meet with the board that night.

Elected the following teachers for the 1959-1960 school term. Mrs. Georgie Perkins to teach first grade. Mrs. Perkins has taught in Morton the past three years. She replaces Mrs. Cynthia Hughes who moved to Levelland. Mrs. Perkins has several years experience.

Mrs. Allsup of Morton will teach high school English and typing another year. Mrs. Allsup taught at Hart last year. She also has several years teaching experience.

Mr. Ray Ware, a graduate of Eastern New Mexico, will teach science in the 7th and 8th and high school. Mr. and Mrs. Ware have one child.

Mr. Keith Coburn, a graduate of Texas Tech, will teach Voc. Ag. Mrs. Coburn, also a teacher, will not teach next year.

Mr. David Neel will teach high school math and physics. He is a graduate of McMurry College of Abilene.

The board also elected Mr. Dave Poindexter as school custodian for another year. Mrs. Poindexter will drive the bus to Morton. They have two children.

The board okayed vouchers totaling \$5448.59. Salaries amounted to \$4,026.84, paid \$750 on transportation note and had \$671.75 other expense.

There will be a hearing on the Three Way school budget on Thursday night, August 13, 1959 at the Three Way School. Anyone who is interested in the budget is invited to come between the hours of 6 to 9.

The school expects to have most of the new science equipment installed by the beginning of school, August 31. Other improvements have been made.

Rites for Mother of Muleshoe Man In Petersburg 4th

Funeral services for Mrs. A. F. Byrd, 74, mother of Robert Byrd of Muleshoe, were to have been held Tuesday at the First Methodist Church in Petersburg.

She died at 5:05 a.m., Monday in Methodist Hospital in Lubbock, following a 4-week illness. She had lived in Petersburg for 41 years where her husband was a farmer.

The Rev. Jack Jeter, pastor of Bovina First Baptist Church, and Rev. Ellis Todd, pastor of Sudan First Baptist Church officiated.

She is survived by three daughters, and four other sons beside the Muleshoe son. Bob and Gerald Byrd of Muleshoe were among the grandsons who acted as pallbearers.

City Officers Are Kept Pretty Busy

Muleshoe Police Chief Bill Whalin reports his staff has been pretty busy the past week. They have handled a number of traffic cases, in addition to three drunks the past week.

The most recent drunk, paid fine Wednesday night and was released from jail.

ATTEND FUNERAL IN WHEELER

Mr. and Mrs. E. H. Kennedy returned Sunday from Wheeler, where they attended the funeral of an uncle of Mrs. Kennedy, Mr. W. M. McMurry. He was 89 years of age.

I'M BACK ON THE JOB!

During the past few weeks it has been necessary for me to be out of the office much of the time, for I was helping with the installation of Tri-Co Bowling Center and getting the operation organized. Now that our personnel is trained and everything is going along, I will be able to devote my entire time to my real estate business.

You will find me in the office, ready to accept your listings or to show you property on which we have sales listings. And I will appreciate your listings now because I have had to neglect this phase of the business. We still have buyers lined up, however, and will exert every effort to make a deal for you.

All Listings Appreciated

Senator Johnson Reports . . . Government Stands to Suffer Severely from Steel Strike

Dear Friends:
 The steel strike presents a situation which could have a heavy and adverse impact on our whole economy.

An industry that is basic to our economic welfare is locked in a bitter struggle. Each of us has a direct, personal interest in a solution of this grave dispute.

Our government depends for its financing upon taxes collected from wages, profits and other sources. If wages and profits decline, so does the revenue moving into the government treasury.

Because of this I wrote the Secretary of the Treasury. I asked for the best estimate available as to the effect of the steel strike upon Treasury revenue.

The reply made clear the major impact that is threatened.

The Secretary of the Treasury made his estimates in terms of the steel and related industries. He said loss in revenue to the government could go as high as \$45 million a week, if the strike is prolonged. But this is not all.

To this \$45 million estimate must be added losses in revenues that will result from the impact of the steel strike upon our entire economy.

mate. However, I'm told it could easily equal the losses in steel and the directly related industries.

I am not suggesting we can approach a dispute such as this solely on the basis of its effect upon the Nation's Treasury.

There are questions of justice and equity and fair deal that must be resolved. But the tremendous losses in revenue underline the clear public interest in the shutdown of the steel industry.

Every American has a personal interest in a just solution. I believe that no controversy is ever so deep that cool heads cannot reason together. I believe that no dispute is ever so bitter that common ground cannot be found.

LAZBUDDIE BOY HURT
IN NEW MEXICO MISHAP

A 6 year old Lazbuddie boy, Gaylor Templeton, is in a Taos hospital with injuries suffered when struck by a pickup truck Monday.

Relatives in Earth were informed that the boy suffered a fractured skull and a broken left arm in the accident while the family was on a camping trip near Taos.

Maple News

by Mrs. Oran Reaves

Undergoes Surgery
 Mrs. Albert Smyer underwent surgery last Thursday morning in the West Plains Hospital in Muleshoe. She is doing as well as could be expected at this time.

Visit Parents
 Guests in the Guy Gattis home Sunday were their children. Those present were Mr. and Mrs. Tommy Gattis and children of Griffith, Mr. and Mrs. Alton Lamb and Edward Gattis of Morton.

Attend Singing
 Mr. and Mrs. Oran Reaves and Shelia attended the singing at the East Side Church of Christ in Morton Sunday afternoon.

Mr. and Mrs. Dale Allen and children of Balmohea visited their parents, Mr. and Mrs. Albert Smyer and children. They came to be with Mrs. Oran when she was operated on.

Mr. and Mrs. Kenneth Persons and children of Phoenix, Ariz., are visiting with her parents, Mr. and Mrs. Kenneth Pyburn this week.

Mr. and Mrs. Bill Eubanks and Joy and Mr. and Mrs. R. L. Davis visited Mr. Davis' and Mrs. Eubanks' mother, Mrs. Davis, who is still in the Hale Center Hospital. She is much better at this time.

Mrs. Odell Ballard visited her parents, Mr. and Mrs. Polk of Levelland Saturday.

Guests in the Odell Ballard home over the weekend were her brother and family of Odessa.

Yarborough Sponsors Bill to Increase Income for Farmers

The Senate has passed and sent to the House for action a bill which can mean additional millions of dollars of income to our farmers each year.

This additional income from the farmer would come from finding and developing new uses for farm products.

It was my privilege to co-sponsor this bill with Senator Olin Johnston of South Carolina. It passed the Senate last session, but died for lack of House action.

Under this proposal an Agricultural Research and Industrial Administration would be established under the Department of Agriculture.

The Administration is charged with conducting basic research to find new industrial uses for our farm products, particularly those products which are in heavy surplus.

The proposal takes a realistic and scientific approach to helping solve some of our most pressing agricultural problems. With the hard times we have had on the farms in many areas, we are overdue in starting concerted scientific research programs to help meet the problem. We have scientific research programs to develop methods of farm production; we need scientific research methods to develop

Sharon Cousatte, Billy Bob Whatley Marry Here July 28

Sharon Cousatte, daughter of Mr. and Mrs. Bud Cousatte, became the bride of Billy Bob Whatley, son of Mr. and Mrs. Quint Whatley, July 28. The ceremony was performed in the home of the groom's pa-

Young Escapes Serious Injury From Chlorine

W. E. Young, street and water superintendent, spent several days in the hospital after being subjected to chlorine gas. He's on the job now but still under a doctor's care. A line blew up while he was replacing an empty drum with a full one at the Country Club swimming pool. Young stayed with the situation until he could cut off the flow of gas, because children were in the vicinity who might have been injured. Willard Parker, employe of the department, was given first aid at the hospital and released.

Methodist WSCS Plan Luncheon

Eight persons were present at the Executive Committee meeting of the WSCS of Muleshoe Methodist Church, at 1:30 August 4 in the Intermediate classroom. President, Mrs. Dean Bishop, presided over the meeting. They planned the September luncheon for members, guests and new members for 12 o'clock, September 1. Thirteen were present for the general meeting of all Circles 2:30, August 4 in the Youth Chapel. "Faith with works" was the theme of the program under the direction of Mrs. Paul Summersgill. Definition of a local church was given by Mrs. Joe Roark. Mrs. Claude Farrell read an article on the work of a local church. A film on the organization of a Methodist Church was shown. Mrs. Mervin Wilterding closed the meeting with a very timely devotional.

Miss Anita Bowers Jimmie E. Bynum Are Married 31st.

MRS. JIMMIE E. BYNUM

Miss Anita Louise Bowers, daughter of Mr. and Mrs. W. R. Bowers of 308 East Fifth Street, Muleshoe, became the bride of Jimmy Edward Bynum, son of Mr. and Mrs. Robert Bynum of Muleshoe in a double-ring ceremony at the home of the bride, July 31. The Rev. George Wilton read the double-ring ceremony in the family garden. The bride was given in marriage by her father.

Best man was Wendell Durrett of Muleshoe. Matron of honor was Mrs. Alvin Dalton of Fort Worth, and bridesmaid was Virginia Bowers of Muleshoe, both sisters of the bride. Flower girl was Sherree Dalton, niece of the bride, and ring bearer was Terry Dalton, her nephew. The usher was Alvin Dalton, a brother-in-law of the bride. The ring bearer carried a white satin open-heart shaped box, decorated with pearls, satin leaves and streamers of white ribbon. He wore white coat and short white pants. The yard decorations was a trellis of vines and pink grapes, pink bells hung over the fireplace with a basket of pink glads and purple asters at altar. Each side of the fireplace had graduated columns entwined with ivy, candles and rings of old aisles were setting on them. Miss Elbert Hamilton played traditional wedding marches. Vocalists Misses Virginia

Bennett-Harmon Wedding Plans Announced Here

MISS JO BENNETT
Mr. and Mrs. C. H. Bennett of El Paso, Texas, announce the engagement and approaching marriage of their daughter, Jo, to Mr. Bill Harmon, son of Mr. and Mrs. W. M. Harmon of Muleshoe. The date of the wedding has been set for August 14, in the North Loop Church of Christ, El Paso. Friends of the couple are invited.

and Dorothy Hackman sang "Forever and Ever." The bride wore white organdy basque waist, full waltz length skirt, with embroidered organdy medallion edged with lace at hem line, puff sleeves, and medallion and lace at the neck line. The matron of honor wore a yellow organdy squire neck basque waist full skirt, big sash. Bridesmaids wore green organdy and the flower girl wore orchid organdy and both made like the matron of honor. All wore hats trimmed in daisies. The wedding was followed by the reception in the yard at the home. The couple was assisted by the parents of each, in the receiving line. The serving table was covered with a white linen cloth with plumosis in scallops and pink grapes at each corner. Behind the table was a big mirror edged in fern and grapes. The bouquet was pink glads and purple asters. Two wedding rings of satin stood at the back of the bouquet. The bride's bouquet consisted of two large white satin rings with a corsage of yellow carnations and decorated around with pink and yellow flowers, pink ribbons, and net streamers. The matron of honors carried a white satin ring with yellow asters and yellow satin ribbon and net streamers. The bridesmaid carried a smaller satin ring decorated with white asters and green net and ribbon streamers. The flower girl carried a wee ring of white satin, purple asters and purple ribbon and net streamers. For tradition, the bride wore a gold brooch of the paternal grandmother, a new set of earrings, a hankie borrowed from the matron of honor, and a blue garter that was a graduation gift. The bridegroom's mother wore a pink batiste dress, and her corsage was of white asters. The bride's mother wore a blue linnen dress, and a corsage of white asters. The bridegroom graduated from Muleshoe High in 1958 and the bride was a graduate with the class of 1959. Following a wedding trip to Las Vegas, N. M., they are now at home at 302 East 5th Street in Muleshoe. He is a farmer.

At Muleshoe Center... Three New Bowlers Make the Top Ten

Five men in the top ten, improved their averages at Tri-Co the past week, and one new bowler appeared in the select group. Otherwise the standings remained about the same. Lee Kimbrough moved up in tenth place, Marion Waggoner, the leader, held his percentage, Horace Battenfield added 1 point, Benny Penna added 1. A. Williams 2, and Bill Smith, 2, and F. Myers 2. In the women's division none

Highway Patrol Check Three Wrecks in Week

Texas Highway Patrolmen Jim Freeman and John Bentley investigated three motor accidents the past week. Last Friday, at 6:30 p.m., on the West Camp road about 5 1/2 miles west of Muleshoe, Mrs. Novia Florene Roming of Rt. 2, Muleshoe, driving a '56 Olds, was sideswiped by a man in an old model yellow colored car. He passed her on the right, as she was meeting another car. Her car was damaged slightly. Patrolmen are looking for the driver of the other car, on a hit and run charge. So far they have very little to go on, they said.

Saturday night at 11:45, 7 miles south of Muleshoe, Robert Owens, driving a '55 Mercury, was in collision with Randall of Odessa, driving a '59 Thunderbird. Patrolmen said Owens' car suffered about \$700 in damages and Randall's probably \$1,000 in damages. Patrolmen thought the possible cause of the accident was that Owens was across the center stripe. Sunday afternoon at about 2:45 on U. S. 70 about 3 miles east of Muleshoe, James Wayland Johnson of Hale Center lost control of his car, and it overturned, pretty well demolishing the '58 Ford. He told the Patrol he fell asleep at the wheel. Bentley is a new Patrolman, who has just been assigned to this area, reporting Monday for duty.

LOK-RIB BUILDING

If it's storage space you need... then look first at the LOK-RIB BUILDING

You've got room—plenty of it—when you choose a LOK-RIB Steel Building. The exclusive V-Rib construction makes interior supports unnecessary—leaving the entire inside area free for storage space or working room. You eliminate the high cost of separate framing and covering, because LOK-RIB panels serve as exterior sheathing as well as structural panels. Every part is pre-punched at the factory—no field drilling or cutting necessary.

LOK RIB Buildings, made with heavy-duty 18 or 20 gauge steel panels, stand up under windstorms, heavy snow loads, or lightning. You choose your size from four widths—24, 32, 40, or 48 feet—all available in any length.

Needmore Revival Starts Sunday

Miss Mary June Miles

Sunday morning services will mark the beginning of the revival at the Needmore Assembly of God Church, the pastor, Donald Bell has announced.

Guest speaker for the meeting will be Miss Mary June Miles. There will be special music and singing at each service. The public is invited.

Wise County Reunion Set Sunday, Aug. 16

Former residents of Wise County will meet Sunday, August 16 at the regular meeting place in MacKenzie State Park, Lubbock, for the 10th annual reunion. Each family is requested to bring basket lunches and enjoy eating and sitting with friends. Officers will be elected for the coming year.

Methodist Church Reports Summer Youth Activities

There is just one month to go before M. Y. F. Summer Activities will be over, and it already has been a great success under the direction of Youth Director Ray Rochelle.

The summer started with the installation of new officers and a reception for the new Youth Director. The officers are: President, Magann Lamb; Vice-president, Don Gardner; secretary-treasurer, Sandra Howard; publicity, Annamary Elrod; Christian Faith, Tommy Thomson; Christian Citizenship, Pat Barrett; Christian Outreach, Kenneth LaRue; Christian Witness, Nancy Julian; Christian Fellowship, Sandra Darsey and Kenneth Evans, and the sponsors, Mr. and Mrs. Leon Blair.

On June 6 a group of our young people attended the Annual Conference Youth Meeting of the Methodist Youth Fellowship in Lubbock. June was a big month for the Youth. The month started with four of our officers attending the Youth Officers Training Camp at Ceta Canyon. The Youth Activity Week was the next big event. It was held from June 21 through the 27. There were six Methodist Churches from the area participating in the activities. The speaker for the week was the Rev. Calvin Froehner, pastor of St. John's Methodist Church in Lubbock. The song leader was Max Harrington of Anton.

Next among the activities of the summer was the annual Youth Assembly at McMurry College in Abilene. There were

Dr. Howard of Wayland College To Conduct Meeting in Muleshoe

DR. FRED D. HOWARD

Dr. Fred D. Howard, head of the Bible Department at Wayland Baptist College, will speak at the First Baptist Church in Muleshoe August 9 and 16, 11:00 a.m., and 8:00 p.m.

Dr. Howard, a native Mississippian, joined the Wayland faculty with the fall semester as head of the Bible Department and adviser to the ministerial students. He teaches philosophy and Greek, as well as advanced Bible courses.

Dr. Howard holds the Doctor of Theology degree from New Orleans Baptist Theological Seminary. His undergraduate work was done at Mississippi College from which he received the B. A. with distinction, with a major in English and minors in Bible and languages. At Mississippi he was awarded the Sadler Scholarship for high scholastic attainment. Dr. Howard is also the author of a book of poems, "Scrambled Eggs", and other writings have appeared in various publications. At one time he was editor of Itawamba County Times.

two young people and two adult instructors attending from Muleshoe. The dates of the Assembly were June 27 through July 3.

At the beginning of July we had one person to attend Senior Camp at Ceta Canyon.

At the beginning of the summer the young people of the Senior M. Y. F. began a series of money raising projects to finance the annual Youth Rumble which was held from July 15 through July 19. The destination of the Rumble was Holy Ghost Canyon located approximately 15 miles north of Pecos, N. M. The purpose of the trip was to plan the activities for the coming year. We would like to take this opportunity to thank all of those people who helped in any way to make this trip possible.

On July 26 the youth gave a surprise House Warming for their sponsors, Mr. and Mrs. Leon Blair and family.

We have enjoyed our activities this summer and are looking forward to more in the future. If you are a youth and not associated with another church we would like to extend to you an invitation to attend our meetings each Sunday evening at 6 p.m., in the Youth Chapel of the First Methodist Church.

Gorman Byrd On Honor Roll At Wayland

Plainview, Aug. 4 (Spl.)—Named to the Dean's Honor List for the first summer term at Wayland Baptist College is Gorman Byrd, Muleshoe.

Byrd, son of Mr. and Mrs. Robert Byrd, Rt. 2, Muleshoe, had a 2.57 average for the term placing him second on the list.

Wayland's fall enrollment, slated for September 7, is expected to be far in excess of 1958, reports Mrs. Roy Boles, registrar.

Rev. and Mrs. Hughes Honored At Maple

Maple Community is having a farewell party for Rev. and Mrs. W. H. Hughes, who are moving to Levelland.

The party will be next Thursday evening, August 13, from 8 to 10 o'clock at the community building in Maple. Everyone is invited.

Many Openings Are Available in Civil Service

Applications are being accepted for the following Federal positions, the United States Civil Service Commission announced today. Analytical and Survey Statisticians, Mathematical Statisticians, Equipment Specialist, and Engineer.

The Analytical, Survey and Mathematical Statistician positions are in various Federal agencies located principally in the Washington, D. C. area. The entrance salaries for Mathematical Statisticians are \$4,490 to \$12,770; for Analytical and Survey Statisticians, \$3,985 to \$12,770 a year. Applicants must have had appropriate education or a combination of education and experience. For positions in the Analytical and Survey options, appropriate experience alone may be qualifying. File applications with the Board of U. S. Civil Service Examiners, Bureau of the Census, Washington 25, D. C. Announcements 200B and 201B.

The Equipment Specialist positions are in the following optional fields: Surface-to-Air Missile Systems, Surface-to-Surface Missile Systems, Artillery and Rockets, Tactical Vehicles. The positions are located at Army Field Installations at various places throughout the United States, and pay entrance salaries of \$8,330 to \$9,530 a year. Applicants must have had appropriate experience. Interested persons should write to the Board of U. S. Civil Service Examiners, Raritan Arsenal, Metuchen, New Jersey, for further information, naming the optional field for which they wish to apply. Announcement No. 2-19-5159.

Engineers in a large number of fields are needed at Naval installations in the Pacific area. The entrance salaries range from \$4,490 to \$8,810 a year, plus additional allowance for cost of living differential. Applicants must have had appropriate education or experience. File applications with the Board of U. S. Civil Service Examiners for Pacific Overseas Employment, 45 Hyde Street, San Francisco 2, Calif.

Further information and application forms may be obtained from Arnold Alcorn located at Muleshoe Post Office, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted until further notice.

Alvin Matsler Rites Held In Plainview

Funeral services for Alvin Matsler, 81, were conducted Monday morning at 10:30 in the First Methodist Church of Plainview. Mr. Matsler, a pioneer of the Plainview area, was an uncle of Mrs. J. M. Forbes of Muleshoe.

He came to Plainview in 1887, the family being among the first to settle there. Mr. Matsler worked on ranches of this section as a cowboy, then homesteaded a half section of land in Happy Union community, and lived there 60 years until his death Saturday.

Surviving are his wife, four daughters, three sons, 15 grandchildren, 15 great grandchildren, and two sisters. Interment was in Plainview cemetery.

SON OF FORMER RESIDENT DIES IN LUBBOCK

Gilbert Neil Hawkins, six months old son of Mr. and Mrs. Kenneth Hawkins of Lubbock died July 21. He was born December 28. The Hawkins' formerly lived in Muleshoe.

Graveside rites were held at Resthaven. Arrangements were by McDonald of Lubbock. Rev. Ferguson officiated.

Attending the services were Mrs. Lena Hawkins of Muleshoe, and Mr. and Mrs. H. C. Becktoll of Sacramento, Calif. He is survived by four brothers as well as the parents.

MOVE HERE

Mr. and Mrs. John Bentley, and two sons, Johnny and Teddy have moved into the Bowers apartments at 304 East 5th Street. He is a highway patrolman recently stationed here.

NEPHEW OF LOCAL LADY IS KILLED

Donny Hart, from Phoenix, Ariz., was killed on a motor scooter late in June. He was a nephew of Mrs. Troy Hall. Mr. and Mrs. Hall and family attended the funeral.

MOTHER OF LOCAL MAN DIES IN PHOENIX

Mrs. A. C. Hall, mother of Troy Hall of Muleshoe, died in Phoenix, Ariz., July 8.

The son attended the funeral from Muleshoe.

WORK NEIGHBORS CROPS FOR THIRD TIME

One day recently there were 50 farmers with 33 tractors in the field of Mrs. Raymond Robinson of Three Way. They cultivated the cotton and feed. This is the third time neighbors have worked Mrs. Robinson's crops. Her husband passed away early in May.

WEEKEND IN DALLAS

Mr. and Mrs. John Farley spent the weekend visiting in Dallas with their daughter, Elizabeth Farley.

HERE FROM MARLOW

Mr. and Mrs. Penn Rabb and Mrs. Penn Rabb, Jr., of Marlow, Okla., visited Mr. and Mrs. Glenn Dunn here recently. The young Mrs. Rabb is going on to Oakland, Calif. The others are going to Ruidoso, N. M. Mr. Rabb is president of the First National Bank in Marlow.

VISITORS FROM VAN

Mr. and Mrs. Ray West and son Denzie from Van, Texas, have been visiting his parents, Mr. and Mrs. West for the past two weeks. They also have visited Mr. and Mrs. Mickey Pierce and new daughter the arrival of his new daughter. He is stationed at Goosebay, Labrador, S. A.

U. S. not worried by reported Krushchev threats.

Muleshoe TEC Office Handles 1653 Referrals In Month of May

The Muleshoe office of the Texas Employment Commission, reports the following referrals for the month of July: Agricultural, 1516 referrals, and 1146 placements. Non-agricultural, 52 referrals and 50 placement, 37 male, and 13 female.

There were 86 new applications taken, according to Joe Bradley.

Juniors Will Wash Autos Saturday, Aug. 8

Members of the junior class of MHS will hold a car wash the coming Saturday, August 8, to raise money for their activities next school term.

The autos will be washed at the home of Judy Kay Lambert in Lenau addition, and the telephone number at the Lambert home is 5169. The students will call for and deliver the cars if desired.

NATALIE GAYLE TAYLOR NEW CITIZEN OF DALLAS

Mr. and Mrs. Carter Taylor of Dallas, The Journal learns, are the parents of a baby daughter, Natalie Gayle, who was born July 11. The little lady has had some trouble with her formula, we hear, but that should soon be ironed out.

Proud grandparents are Mr. and Mrs. Lud Taylor, Muleshoe, and Mr. and Mrs. Ernest Head, La Junta, Colo. Congratulations all around.

...paired for pleasant living!

Like apple pie and ice cream an electric dishwasher and electric water heater go together. Your dishwasher does the dishes "on the double" — you're out of the kitchen in half the time. And you break fewer dishes, keep your hands lovelier, and keep those dirty dishes out of sight — in the dishwasher — between loads.

Fleets of hot water is what your dishwasher wants — and gets — from an electric water heater. You can put that electric water heater right where you want it — where you use the most hot water — because it has no vents — no flues.

Yes, the electric dishwasher and water heater go together. Try one now — add the other later. You'll like them both.

ATTENTION, HUSBANDS: Wouldn't you spend 11¢ a day to give your wife lovely hands? Of course you would — especially if you could get the dishes done for that price, too. You can! And electric water heating is inexpensive, too, with a big bargain rate.

Three Way Baptist Church Revival to Begin Sunday 9th

The Three Way Baptist Church announces its revival services to begin August 9

and continue through August 16. Rev. Howard Lyons, pastor of the College Heights Baptist Church of Plainview, will be the guest evangelist and his son, Tommy Lyons, will have charge of the music.

Rev. Lyons is a graduate of Hardin-Simmons University and has held pastorates at Paducah and White Deer, among other places. He is a former employee of the Phillips Petroleum Co., a position he left to enter the ministry.

Miss Nan Johnson, daughter of Mr. and Mrs. Baker Johnson of the Three Way community, will be the accompanist on the piano.

Time for the weekday services is set at 9:30 a.m., and 8:30 p.m. Sunday services will be at 11:00 a.m., and 8:00 p.m., with Sunday School at 10:00 a.m. and training Union at 7:00 p.m. An invitation to all to attend the services is extended by the pastor, Byron D. Hardgrove.

Mrs. Ted Marsh and three children from Artesia, N. M., spent the night with her aunt, Mr. and Mrs. Carl Evans.

The Legend of Tom Dooley Showing August 13 and 14 at Cox Drive-In

Hang down your head, Tom Dooley
 Hang down your head and cry
 Hang down your head, Tom Dooley
 Poor boy you're going to die.

So go the words of the ballad, recounting the sadness and the despair felt by one young North Carolina boy who went to the gallows almost one hundred years ago. Since, there has been a monument built for him, stories written about him and the words and music of the ballad that tells his story have swept across the nation finding their way into thousands of American homes. Now, finally, a motion picture, "The Legend of Tom Dooley" has been produced as a final tribute.

Tom Dooley (or Tom Dula as was his true name) lived in Wilkes County at Elkville, North Carolina. Laura, the girl he was accused of stabbing, lived six miles away. It all happened one sunny spring day in 1866, after the ending of the great War be-

tween the States. In the early years, there were two girls in Tom's life. One was Laura Foster, the other was her cousin, Ann. Both girls, charming and beautiful, decided, as youngsters, that Tom Dula was the man of their choice. Then, came the war and Tom went away.

While Tom was away in the army, Ann's love for him faded and she married Laura, however, never married in her devotion to Tom. All other suitors were rejected, even the most persistent of the lot, Bob Grayson, a school teacher.

When Tom returned, Laura was overjoyed. Now, she believed, at long last they could be married. Ann, however, still was there to keep the triangle intact for now, on seeing Tom again, her love for him returned.

As the story goes, a message was sent from Tom to Laura suggesting a rendezvous. Early that morning, she stole away into the rising sun. Never again was she to be seen alive.

As the weeks passed, rumors spread throughout the area and as the talk grew, so did the suspicion that Ann was involved in Laura's disappearance. Finally, under questioning, Ann accused Tom Dula of killing Laura. A search party went out and a short time later Laura was found in a shallow grave.

Bob Grayson was convinced that both Ann and Tom were responsible for Laura's death and, on his own, he set out to find Tom and bring him back. Three weeks later, on one hot day in July, Grayson returned with Tom a prisoner. The next day, Ann Melton was also imprisoned.

There followed a sensational trial and as it continued, the evidence against Tom mounted. Through it all, he proclaimed his innocence. But, despite all his pleas and expert legal defense, Tom was found guilty and sentenced to hang.

It was on May day, gay and strumming his guitar, that Tom Dula went to the gallows in Statesville. Right until the end, he insisted he was not guilty. His final words were, "I never hurt a hair on the girl's head."

Ann Melton went on trial also and, after lengthy legalities, was finally set free. Later, ironically, she was killed when an oxcart overturned.

Today, in retrospect, many believe that Tom Dula was innocent. The truth, of course, is sealed with Tom and Ann. And Laura.

See this stirring story August 13 and 14 at Cox Drive-In Theatre.

COOL—This slim shorts outfit is styled by Turner Togs for coolness and comfort. The colorful floral print of the cotton blouse is repeated in the belt and cuffs of the slim shorts.

picketing. 3. Strengthening law relating to secondary boycotts, and 4. Giving more authority to states to deal with unfair labor practices. Without these provisions, Farm Bureau says any labor reform legislation is reform in name only, and of no effect. So far as could be ascertained, Congressman Walter Rogers was already lined up on the farm-ers side of this question. Some other Texas Congressmen were apparently for the bill as it came out of the House Labor Committee.

The Texas Legislature finally came up with passage of a tax bill that will provide funds for the next two years of operation if inflation doesn't continue at a pace greater than expected and hoped for. So far as we can see, most of the items being taxed for the increase funds will suit most of the citizens who will contribute directly to them. We are not sure about the one on air conditioners and hotel occupancy, and we think the liquor lobby was able to get away with murder in the small increase placed in these industries which contribute nothing to the economy or welfare of any place.

Also on the State level, Farm Bureau is attempting to get SB 16, by Rogers and Moffett, passed. This bill would exempt farm trailers and semi-trailers from registration up to a gross weight of 10,000 pounds when used for hauling by a farmer hauling his own products to market, storage, process or distribution. It also provides that such trailers owned by cotton gins and grain elevators used by farmers without pay to such gin or elevators should also be exempt up to the gross weight of 10,000 pounds. Representative Bates and Farm Bureau contacted the governor last Thursday urging his favorable consideration of this bill.

Parmer County Farm Bureau News

Wednesday, August 5 was the date for Congressional consideration of a so-called labor reform bill in Washington. We think there have been a number of letters from individuals in the county urging opposition to passage of this bill in the hopes that one worth something may be substituted. We know that American Farm Bureau Legislative people are working to the end of getting a bill passed that will incorporate the following points considered necessary for any improvement in the situation: 1. Labor Bill of Rights. 2. Prohibiting of organization and recognition

Truckers Warned Duals Must Have Mud Guards On

Owners and operators of dual wheeled vehicles were warned today by Major R. A. Crowder, Commander of Region No. 5 Department of Public Safety, that certain vehicles must be equipped with guards or mud flaps on the rear axles or face enforcement action by the courts.

The new law requires flaps or guards on road-tractors, trucks, trailers, and semi-trailers operated on public highways if the rearmost axle of the vehicle has four tires or more.

Crowder instructed the DPS patrolmen in his region to start issuing traffic citations against all violators of this law immediately.

Vehicles exempt from the mandatory mud flap law are buses, school buses, truck-trailers, and pole trailers.

Crowder pointed out that mud flaps must be constructed of metal, rubber, rubberized material, or any other substantial substance. The safety guards or flaps must be at least as wide as the tires behind which they are suspended or attached and must be of sufficient rigidity to remain within 8 inches of the surface of the highway under any conditions of loading in order to prevent slush, mud, or gravel being transmitted from the vehicle's rear wheels to the windshield or any following vehicle.

The new law—requiring the full time use of mud flaps—supercedes an old mud flap law requiring the use of mud flaps in wet weather.

IN BIG SPRING

Mr. and Mrs. Harvey Bass and family, Mr. and Mrs. Morris Nowlin and family, and Mr. and Mrs. Afton Richards and family spent the weekend in Big Spring.

 THESE **BIG CHEVY VIRTUES!**

greater roominess
 Automobile Manufacturers Association records carry the facts on this. In a Chevy sedan, for example, you've got more front seat head room than all but one of the high-priced cars! And Chevy's front seat hip room spreads up to 5.9 inches wider than comparable cars.

bigger savings
 Here's solid proof that Chevrolet squeezes more miles out of a gallon: In the famous Mobilgas Economy Run, two Chevrolet sixes with Powerglide took the first two places in their class. Winning mileage: 22.38 m.p.g. And that, friends, took top honors for Chevy from every full-sized car!

full coil ride
 You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: "... the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

award-winning engines
 The NASCAR Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engines... for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

fresh styling
 POPULAR SCIENCE magazine gave Chevy's styling a thoughtful look, then said it this way: "In its price class, Chevy establishes a new high in daring styling..." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.

See how much more Chevy has to offer—visit your local authorized Chevrolet dealer!
