## Tahoka Opens Grid Play Here Tonight

Tahoka Bulldogs of District 5-A open the season tonight at 8:00 on the home field with the Friendship Tigers of District 4-AA and will journey to Crosbyton Friday of next week.

The B team game scheduled with Plains here Thursday was postponed.

Although Coach Gilbert Hough has only seven returning lettermen, he has a large squad of hustling boys and expects improvement over last year's record in spite of the fact that most of his boys are inexperienced in varsity competition.

Friendship, defeated by Tahoka 8 to 0 in the opener last year, like Tahoka, had a losing season but also expects considerable improvement this season.

The Tigers, coached by Norman Roberts, include 17 returning lettermen, having lost only four by graduation from last year's squad. The Tigers can start lettermen in every position and still have lettermen for reserves. The Friendship starters will out-weigh Tahoka's starters 10 pounds per player.

Following are the possible start ers:

The bale was ginned by Farmers Co-op., and produced 500 pounds of lint and 900 pounds of seed from 2300 pounds of seed cotton. The cotton was raised on the D. W. Gaignat farm at Draw from Gregg cotton planted on April 25.

Mr. Knight said he had eight or ten bales picked by Thursday morning from the field, but the dryland crop has burned badly and will not produce more than a bale to six or eight acres.

## Top Photos Will Be Shown Here

People of this area will have the rare opportunity next week of viewing the 50 best natural color photographs of the past few years in the C. Edmund Finney Photo Studio.

This is the first time such an exhibit has ever been shown in a town the size of Tahoka, Finney says.

The group of pictures is the traveling loan exhibition of the Professional Photographers Association of America. The pictures were recently displayed in Lubbock, and due to a mix up of dates in the nation-wide series of exhibitions, Finney was able to schedule the showing here.

### Methodist Church Plans Proposes

Proposed floor plans and drawings were received from the Northwest Texas Conference architect, Rev. Hugh Hunt, by the First Methodist Church here Sunday and are on display in the foyer of the church.

The plans include a complete new ground-level church plant proposed to be constructed at the present location of the Methodist Church.

However, plans are far from complete, building committees state, since members of the church must first approve them. Anyone interested in seeing the plans is invited to do so.

Members of the building committee are Maurice Bray, chairman, Maurice Huffaker, W. W. Hagood, Earl Tunnell, Mrs. Harold Green, V. F. Jones, Mrs. R. H. Gibson, Calloway Huffaker and H. W. Carter.

Last spring members of the church rejected a proposal to remodel the present sanctuary and build a new educational building.

The new proposed plans are of contemporary design in a "T" shape with the sanctuary backed by two wings of class rooms with 15,000 square feet floor space. Included in the plans are a cry room, a small chapel, a parlor, choir room, kitchen, fellowship hall, office and library, pastor's study and with four of these doubling as classrooms, a total of 28 rooms for Sunday School classes.

### SCS Tour Set For Wednesday

The annual Soil Conservation District tour will be held on next Wednesday, Sept. 11, according to Mack Mauldin of the local office.

The tour will leave from the north side of the court house square at 8:00 a. m., and lunch will be served at noon. Farmers and business men and others interested are not only invited but urged to make the tour.

Soil and water conservation projects, as well as crop demonstrations of this year will be visited and explained to those on the tour.

### Jaycee Rest Stop Is Big Success

Rest stops sponsored by Tahoka Jaycees over the Labor Day week end were a big success, and approximately 500 travelers were served free drinks, states Bob Pennington, chairman of the Jaycee "rest stop" committee.

The project was designed to make motorists more safety conscious and perhaps save lives.

Almost every part of the nation was represented by motorists. Travelers stopped from New York, California, North Carolina, Nebraska—almost every state.

All were very appreciative. Almost all stopping at the roadside rest station north of town on US 37 were highly complimentary of "Munsell Park," and many said it is the most beautiful roadside park they had seen across the land.

One family from Denver, Colo., especially praised the Tahoka Roadside Park, took several color pictures, and told Leonard Dunn their home state, recognized as one of the most scenic states in the Union, had nothing to compare to this park.

Jaycees feel they not only helped promote traffic safety but gave Tahoka and Lynn county some worth-while publicity.

On the other hand, the rest stop east of town on US 390 was not such a big success, as few motorists stopped at the stand there.

### 52 Members In Band This Year

THE Band will make its first appearance of the fall tonight at the football game with 52 members in the marching unit, Director Vic Kyler states.

Likewise, Kyler has exactly the same number, 52, in the Junior Band, made up of sixth and seventh grade students. He is very happy with the turn-out this year and increased interest.

Plans are being made to get the fifth grade beginners band started, and an instrument display is being set up in the Band Hall Monday from 4:00 to 9:00 p. m. to help students and parents determine what instruments they may be fitted to play. All parents and students in the fifth grade who wish to take band are urged to attend this instrument display and consult with Mr. Kyler and Earl Ray Band Co. on instruments.

### Local Food Store Has New Owner

Effective Tuesday, Bob Anderson and Rayford Bates of Seminole became the new owners of Nance Super-Save food store here, and the business is now known as A&B Food-Way.

In announcing sale of the store, J. E. Nance Sr. and J. E. Nance Jr. said they deeply appreciate the kindness and patronage of the people of this area during the more than three years they have been in business here. Both will continue to reside here, looking after farming interests.

Bob Anderson, wife, and two small children are moving here to operate the store, and Roy Bradshaw, also from Seminole, will be manager of the meat department. Anderson has had eight years experience in the food market business.

His partner, Rayford Bates, was formerly with Mansell's in O'Donnell, and owns two stores in Seminole and one in Andrews.

### Mahon Reports On Legislation

Lubbock, Sept. 5.—Congressman George Mahon spent the first part of the week in the District, stating that the House was marking time for a few days.

Mahon said that the issues in Congress were being hard fought in the best American tradition and that the indications were that Congress would be in session until much later in the year. He said that it was the duty of Congress to remain in session until the work was completed.

Mahon agreed the legislative output of Congress this year has not been very great, but added that he felt Congress should be judged not only by the legislation it passed, but also by the legislation it did not pass. He pointed out that a considerable volume of work would have to be completed before Congress could adjourn later in the year.

He said that the most important pending legislation directly affecting West Texas was cotton legislation designed to deal with the crisis in cotton. The outcome of such legislation, he explained, was uncertain at this time.

With respect to pending Bracero legislation, he indicated that the chances were fairly good that Congress would agree on a single one-year extension of the present law. In late May the House, in a surprise move, voted down a two-year extension.

Mahon stated that if the legislative program in Congress permitted he would return to Texas next week to attend the annual meeting of the Plains Cotton Growers at Lubbock and the Field Day program of High Plains Re-

### Anderson-Crowson Rites Saturday In Church At Slaton

By Margaret Bartley  
A home in Albuquerque, N. M. awaits Mr. and Mrs. Bobby Gene Crowson who were married at 7:30 p. m. Saturday, in First Methodist Church, Slaton. The Rev. Fred A. Ryle Jr. read the double ring ceremony.

Mrs. Crowson is the former Nancy Nel Anderson, daughter of Mr. and Mrs. H. E. Anderson, Slaton. Her husband is the son of Mr. and Mrs. Sam Crowson of Wilson.

As the bride was given in marriage by her father, she wore a floor-length gown of silk faced peau de soie, featuring a portrait necklines, elbow length sleeves, fitted bodice and dome shaped skirt. Floral appliques of rem-embroidered Alencon lace accented the bodice and skirt. A soft bow and fabric rose accented the back from which a detachable chapel length train flowed. A headpiece of silk petals and orange blossoms held the tiered veil of imported silk illusion. She carried a crescent bouquet of roses atop a white Bible.

Miss Sue Reed was maid of honor. Bridesmaids were Misses Betty McSwain and Jane Thompson. They wore identical dresses of soft yellow brocaded taffeta featuring portrait necklines, elbow length sleeves and dome shaped skirts. They carried crescent arrangements of daisies centered with lighted candles.

Sammy Crowson, brother of the bridegroom, served as best man. Ushers and groomsmen were Alvin Ford of Slaton, Floyd Bartley, James Parker of Wilson and Glenn Crowson of Sulphur Springs, Texas.

Candles were lighted by Miss Carole White and Miss Susan Lovelady. Wedding music was provided by Mrs. C. W. Space, organist, and Miss Neida Ray soloist.

A reception followed the ceremony, in Fellowship Hall. The three tiered wedding cake was decorated with yellow roses. Mrs. Richard Thomas registered guests. For their wedding trip to Santa Fe, N. M. the bride wore a navy blue sheath dress complimented by black accessories. She added a corsage from her bridal bouquet.

The bride is a graduate of Slaton High School and attended West Texas State University. Her husband is a 1961 graduate of Wilson High School and attended WTSU. He is employed by Santa Fe Railway Co.

# Costs County \$136,200 Federal Highway System

(Special to The News)  
New York — To what extent is the nation's road-building program digging into the pocketbooks of Lynn county motorists? How much are local car owners paying toward it per year through their gasoline taxes? The cost of the program and who is paying for it are of particular interest at this time because of a protest made by Congressman Oliver P. Bolton of Ohio to the "myth" that the 41,000-mile highway system is being built with Federal funds.

He asked that the thousands of signs along the highways that make that statement be removed as "clearly misleading." Actually, he pointed out, the money comes from special taxes collected from the nation's motorists.

The cost, for the average Lynn county driver, who clocks 10,000 miles annually and gets around 14

miles to the gallon, is a little over \$30 a year. This is based on figures compiled by the Bureau of Public Roads.

For those who use their cars to the extent of 15,000 miles a year, the bill is about \$45.

The total amount being contributed by local passenger car owners to the Highway Trust Fund is estimated at \$136,200 a year.

Most of it is raised through the 4 cents-a-gallon levy on gasoline. The balance comes principally from taxes on tires and tubes, on diesel fuel and oil and on vehicles over a certain weight.

All this is exclusive of the gas tax and other auto taxes being collected by the state.

The Federal taxes were increased in October, 1950, when it was found that the trust fund was running low. Higher road construction costs and changes in plans made it necessary to raise more money if the pay-as-you-build policy was to be maintained.

As a result, the motor fuel tax, which had been 3 cents a gallon, was boosted to 4 cents. It meant an increase of more than \$8 a year for the average driver.

Lynn county's car owners are now paying approximately \$34.100 more per year because of the change.

In the nine years remaining to 1972 at which time the Interstate Highway System is supposed to be finished, it is expected that an additional \$1,225,800 will be collected from local car operators in the form of Federal auto use taxes.

Mrs. Frank Decker entered Tahoka Hospital Friday as a medical patient and was released Wednesday.

LOCAL PEOPLE ATTEND RAMBLER MEETING

Mr. and Mrs. Woodrow Brazil and daughter, Susan, last week met in Dallas with top executives of American Motors Corporation at the company's annual dealership conference. Mr. Brazil is sales manager of Wharton Motor, Inc., local Rambler dealer.

Mr. Brazil says Rambler shattered all-time sales marks this year, and said that on the basis of the company's product program and a booming automobile market, he anticipated new records for this fall and the coming year.

CARD OF THANKS

We deeply appreciate the many wonderful friends for the kind words of comfort, the flowers, prayers, cards, the food brought in by ladies at Mrs. Charlie Terry's home, and other kindnesses on the loss of our husband and father. It's nice to live among such fine people. May God bless each of you.—Mrs. G. C. Grider and family. Itp.

It hereby declares it would have passed such remaining portions of the ordinance despite such invalidity.

## Litterbugs Cost Miles Of Paving

Austin, Sept. 5—An indignant cartoon character and a revised highway sign have joined the Texas Highway Department's efforts to quell the mounting cost of litter pickup along Texas highways—a cost which jumped another \$100,000 last year.

The Department disclosed today it had to spend \$1.4 million to pick up litter during 1962, an increase of about a hundred thousand dollars over 1961. Repair of vandalism damages added another \$485,000 to bring the total figure for litter pickup and vandalism to a whopping \$1.9 million.

These funds could have built 76 miles of Farm to Market Roads or 25 miles of two-lane primary highways.

The cartoon character, called informally the "Litter Longhorn," is printed on the 1963 Official Highway Travel Map published by the Department to remind the public in a lighthearted way not to litter the roadsides and Safety Rest Areas.

The Lynn County News, Tahoka, Texas Friday, September 6, 1963

The sign being revised throughout the state reminds drivers sternly that littering is a violation of a state law, and that a litterbug can be fined from \$10 to \$200.

The next time you take a trip, take a close look at the 1963 Travel Map. In bright colors you will see the Highway Department's comical new "Litter Longhorn." Garbed in cowboy duds, complete with a 10-gallon hat, the Litter Longhorn wears an indignant look as he puffs and stomps on a heap of litter.

The cartoon caption, printed on a red stop sign behind the longhorn, pleads with the public to "Help Stomp Out Litter."

Drivers have long been familiar with the signs along the highway that read, "Throwing Trash on Highway Prohibited—State Law." But these signs are taking on a new look—and a new meaning—as supplementary signs are added below them as a reminder that a person can be fined \$10-\$200 for violating this state law.

"Wildcat" wells were drilled in 220 of Texas' 254 counties during 1961.

## Mrs. Jones Raises Fine Prunes Here

Mrs. V. F. Jones brought The News proof of her success in raising prunes in Tahoka.

Although she was advised against it, Mrs. Jones planted prune trees in her yard on North Second Street a few years ago. She was told they wouldn't do well in West Texas.

However the prune trees ignored the advice, and are not only growing but are loaded with fruit.

### First Baptist Will Feature Music In September Program

"September — Church Music Month."

This motto will be the theme of the First Baptist Church during the month as emphasis is placed upon all areas of the music ministry.

Highlighting the month will be the beginning of Fall rehearsals for all the choirs of the church. The church choir began practicing again last Wednesday evening, and the Junior, Youth and Primary choirs will be organized for the Fall term during the week of September 15-22.

Sunday School assembly programs and inserts in the church bulletin will be used to acquaint church members with the plans and purposes of the music ministry. Special music will be provided in Sunday School departments during the month by members of the Church Choir and the other graded choirs.

On September 22, members of the Church Choir will conduct a church music survey in each Sunday School department. The survey will be in the form of a questionnaire designed to discover unused musical talent.

The climax of "September — Church Music Month" will be Choir education day on September 28. During the morning worship service, members of the various choirs will dedicate themselves to using their voices in the service of God.

**Bow And Arrow Hunters Get Deer**

Two members of Lynco Bowmen, Norman Williams and Richard Montgomery, both of Lubbock, were among the five-man party on a successful deer hunt at Lake City, Colo., in Gunnison National Forest, according to John Ed Redwine of the archery club.

The five men killed five deer, three bucks and two does, with bows and arrows. Williams shot a 10-point buck mule deer that dressed 200 pounds at 50 yards with a 50-pound bow that penetrated the animal 14 inches. Montgomery shot a 11-point mule buck.

Williams won 12 broadheads as the prize for the first deer of the season killed with bow and arrow in the Gunnison area.

Redwine reports Lynco Bowmen recently signed two new members. The club will shoot this Sunday afternoon at 2:00 o'clock at the range south of town. Visitors are welcome.

As the bumper post war baby crop comes of working age, new investments will be needed to create an average of 1.5 million jobs a year during the next 7 years. In the last 10 years, the country needed only an average of 900,000 new jobs a year to keep up with the growth in the labor force.

Mrs. Simon Martinez was an overnight patient Monday in Tahoka Hospital.

### Japanese Student Visiting Friends In Wilson Area

Visiting in Wilson the past several days has been an interesting young man, Kiko Nishikawa, 22, Japanese college senior, who met a group of Wilson Baptists, Rev. and Mrs. H. F. Scott, Mr. and Mrs. Charles Baker, and George Williamson while they were over in that country a few months ago.

He has been staying in the home of Mr. and Mrs. Baker since Wednesday of last week, and Thursday Charles accompanied him to Abilene to make arrangements for him to spend a year in study at Hardin-Simmons University.

Last Sunday night, he sang at the evening services of Wilson Baptist Church.

Kiko was converted to the Christian religion while the Wilson group was holding services in his home town, Sapporo, capital of the northern Japanese island of Hokkaido, a city of 800,000.

A senior in Do Shisha University at Kyoto, Kiko has been majoring in business administration and hopes to enter the hotel management field. He felt a need for mastering the English language, and last June 30 came to the U. S. and has been attending an English Language Institute at University of Michigan at Ann Arbor.

Naturally, he wanted to see his Lynn county friends, and on completion of his work at the University came down to Wilson for a visit.

**CALIFORNIA AND COLORADO RELATIVES VISIT HERE**

Visitors from Colorado and California were guests in the I. B. Hill and Chester Short homes.

Mr. and Mrs. Lige Holley and daughter, Mrs. Clifton (Patsy Ann) McMillan and Mrs. Lee Holley, all of Pueblo, Colorado, Mr. and Mrs. Jay Gould and son Edwin and Mrs. Gould's sister, Mrs. Jewell Hunt, all cousins of the Short, Holley and Hill families from Glendale, Calif. visited here. All had an enjoyable get-together, the Tahoka group said, since they had not all been together for a long time.

About 5,500 persons visit the White House daily.

# Mauldin, Verner New T-Bar Golf Champions

Trophies were awarded winners of the annual club golf tournament at T-Bar Country Club Sunday evening after finals were played that day.

The week-long tourney saw Mack Mauldin win the championship flight defeating G. W. White in the last round. Myrna Verner took top honors in the women's division.

At a dinner served, awards were made to Thomas Jolly, medalist; Mauldin, tournament champion; White, runner-up; and Willis Mc-

Neil, consolation, all in the championship flight.

First flight winner was Reble Thomas. Others taking trophies were Jack Robinson, runner-up; and Irvin Dunagan, consolation.

Second flight, Walton Terry, winner; J. E. (Red) Brown, runner-up; and Wade Holland, consolation.

Third flight, J. D. Atwell, winner; Clifton Hamilton, runner-up; and Jake Jacobs, consolation.

Fourth flight, Harry L. Short, winner; James Brookshire, runner-up; and Joe Bob Billman, consolation.

Mrs. Verner took medalist honors as well as winning the championship flight; Jo Belle Robinson, runner-up; and Glenda Dunagan, consolation.

First flight, Anita Bragg, winner; Vinita Hamilton, runner-up; and Melba Clem, co-consolation.

Second flight, Anita Billman, winner; Joy Brookshire, runner-up; and Eloise Griffin, consolation.

Several oddities during the tournament occurred and included unusual shooting on the part of Mauldin during his second round while playing Robert Harvick. Mauldin played 18 holes, parring every hole.

Three husbands and wives received trophies in the event, the Jack A. Robinsons, the Clifton Hamiltons and the Irvin Dunagans.

Another unusual match was when a pair of brothers-in-law, Sam Edwards and Bryan Wright, went 22 holes before a winner was decided.

Defending champions in the annual event were Robert Harvick and Mrs. Irene Spears.

**TEACHING AT COPPERAS**  
Mrs. Harold Smith, daughter of Mr. and Mrs. Buel Draper, is teaching this year at Copperas Cove while her husband is overseas in the Army. Her brother, Joe Draper, stationed at nearby Fort Hood, is also staying at Copperas Cove with her.

## O'Donnell Opens With Crosbyton

Allen Holliday of Colorado City is the new head coach for the O'Donnell High School Eagles. The News is informed, having been selected early last week.

He succeeds Charley Beaton, who recently resigned to become assistant football and basketball coach at Tascosa High School in Amarillo. He was assistant coach at O'Donnell two years before being named head coach to succeed Clyde Blair.

The Eagles have been working out daily for the opening game tonight, Friday, with Crosbyton.

Following is the O'Donnell football schedule for the fall:

- Sept. 6, Crosbyton at home.
- Sept. 13, Ralls at home.
- Sept. 20, Wilson at home.
- Sept. 27, Frenship there.
- Oct. 4, Spur there.
- Oct. 11, open date.
- \*Oct. 18, Sundown at home (homecoming).
- \*Oct. 25, Plains there.

## O'Donnell Gets First 1964 Cotton

James W. (Willie) Gates of O'Donnell ginned the first bale of 1963 Lynn county cotton on Wednesday, Aug. 22, at the Woolam gin in that city, according to the Index-Press.

The bale ginned out 505 pounds of lint and 850 pounds of seed from 2200 pounds of seed cotton. The first bale was picked from 20 acres of the Gates farm at the south Y in the outskirts of O'Donnell from a field planted in April.

First bale last year was grown by Olin Johnson, also of O'Donnell, and ginned a day earlier, August 21.

For many years, Tahoka Chamber of Commerce has been sponsoring the raising of a considerable premium for the first bale raised and ginned in the county, but this year the body decided not to offer a first bale premium.

The county-wide premium has been discontinued because of dissatisfaction among ginners, growers, county communities, and others. Turner Rogers, C. of C. president states. Instead of a first bale premium, the C. of C. board is trying to work out details on a premium for quality cotton.

The number of young persons—ages 16 to 21 years—out of work and looking for jobs was estimated at 800,000 in January 1963. Investment to create one new job averages around \$15,000.

## Wilson Mustangs At Lazbuddie

Wilson Mustangs hope to get away to a running start tonight when they journey to Lazbuddie to open the non-conference football season.

Last year, the Mustangs beat Lazbuddie 18 to 8 on the Wilson field, then lost three games in a row before getting back into the win column.

The Mustangs showed they are a dangerous outfit and will again be in contention for the 3-B district title this fall. The small squad, only 17 players, gave the Tahoka Bulldogs quite a tussle in a scrimmage there Tuesday of last week. Although the Tahoka boys had the edge, Wilson showed promise of being a tough outfit, gave ground grudgingly, and showed at least two good break-away runners.

Coach Doug Duncan, new at Wilson this year, said he has some weak spots but seemed pleased with the way the boys were developing.

**Wilson Schedule**

- Sept. 6—Lazbuddie there 8:00
- Sept. 13—Amherst here 8:00
- Sept. 20—O'Donnell there 8:00
- Sept. 27—Anton here 8:00
- Oct. 4—Whiteface here 7:30
- Oct. 11—Open
- Oct. 18—Sands there 7:30
- Oct. 25—New Home here 7:30
- Nov. 1—Meadow there 7:30
- Nov. 8—Ropesville there 7:30
- Nov. 15—Cooper here 7:30
- \*Conference games

## New Home Opens Season Tonight

New Home Leopards open the new football season tonight at 8:00 o'clock with Christ the King parochial school of Lubbock.

Little is known of the Lubbock team, as it is participating in sports competition for the first time.

Fans report the New Home boys looked very good Friday night in a scrimmage session with the Roosevelt B team, but the Leopards lost one player, Rickie Haley, 140-pound sophomore guard, who received a broken collar bone.

Coach Paul Kitchens and assistant Billy Harwell expect to field a much-improved ball team this year, at least a team that has potentialities and will be interesting to watch. They have ten lettermen returning, ten squadmen, and were hoping for two or three other boys to be out with the start of school Tuesday.

This is the third year in a row, however, that New Home has lost one or more key boys at season's opening.

New Home offensive attack will be led by such ball carriers as Terry Brown, Dave Hancock, Jerry Todd, Lonnie Ford, and Don Rudd.

**New Home Schedule**

- Sept. 6—Christ the King 8:00
- Sept. 13—Whitharrel there 8:00
- Sept. 20—Roosevelt here 8:00
- Sept. 27—Open
- Oct. 4—New Deal here 8:00
- Oct. 11—Lazbuddie there 8:00
- Oct. 18—Cooper there 7:30
- Oct. 25—Wilson there 7:30
- Nov. 1—Sands here 7:30
- Nov. 8—Meadow here 7:30
- Nov. 15—Ropesville here 7:30

## New Feed Grain Rule Changes

College Station — Major provisions of the 1964 Feed Grain Program have been announced by the U. S. Department of Agriculture and basically will be the same as in 1963.

The major change is an increase in the top limit on diversion from a farm's base acreage with an increase in the rate of payment for maximum diversion. This, the USDA said, is intended to encourage producers to divert additional feed grain acres and to increase their income.

Under the 1964 program a producer may divert as much as 50 percent of his feed grain base acreage compared with a top of 40 percent in 1963. Those who divert from 40 to 50 percent will receive diversion payments at the maximum rate for all acres diverted. As before, the maximum acreage diversion will be 25 acres if this is more than 50 percent of the base.

Producers who divert at least 20 percent of their feed grain base will be eligible for payments computed by multiplying the number of acres diverted times 20 percent of the normal yield times the

county total price support rate for the grain diverted. For acres diverted between 20 and 40 percent of the base, payments will be based on 50 percent of the normal yield times the total county support rate. A diversion from the base between 40 and 50 percent (or 25 acres if this is larger) will earn payments for the producer of 50 percent times the normal yield times the total county support rate. Payments may not exceed 20 percent of the value of the land diverted.

The total national average price-support levels in 1964 will be the same as in 1963, but a slightly larger proportion of the support will be made available through loans. Payments-in-kind for both diversion and the non-loan part of price support will again be made in the form of negotiable certificates. The signup period for both fall and spring sown crops is expected to be early in 1964.

It's better to know what the income tax consequences are before you buy or sell than to be surprised by the amount of tax.

defraud if he does not make a bad check good in 10 days after being notified it was bad by certified letter or telegram by the person or business receiving the check. Writer of the check must have his mailing address on the face of the check. Worthless check complaints of under \$50 will be handled in county court, more than this amount in district court. First conviction penalty is imprisonment in county jail up to two years and a fine of up to \$1000; second conviction, 30 days to two years in jail and a fine of not more than \$2,000; third offense, penitentiary sentence of from two to ten years. Better be sure you've got the money when you write a check!

Another new Texas law requires schools to fly the Lone Star flag of Texas directly beneath old Glory of the U. S. every day school is in session or the school will be threatened by withdrawal of state funds.

A white back Tahoka Chamber of Commerce decided to do away with the premium for the first bale of cotton. There are several reasons behind the move, not the least being "you are damned if you do and damned if you don't." The body has been trying to figure out some scheme for offering prizes for production of quality cotton.

The C. of C. has tried about everything else. One method of first bale premium was pleasing to some, distasteful to others. They tried a premium for the first bale in the community, but outlying gins and communities didn't like this. They tried a premium for the first bale in the county, with all

## THE AMERICAN NEWS

Already Too High!

gins in the county cooperating, plus a fund from local merchants, and for several years the first bale in Lynn county brought the highest premium of any county on the Plains. But, then, a majority of the ginner failed to contribute to the fund, and the program got right back where it started with the C. of C. and businessmen down-town picking up the whole tab. Then came a conflict of premiums—a community premium and a county premium—and some more people didn't like that. So, the board got disgusted and just dropped the whole matter. But, the C. of C. is still open for suggestions to promote cotton.

By the way, are the clothes you are wearing made of cotton or synthetics? A local merchant says he is astounded at the number of farmers who buy shirts, socks, and pants made from synthetic fibers—and he carries these in stock principally because COTTON producers depending on COTTON for a living demand synthetic fibre goods.

President Kennedy got very mad and blasted Congress when the House cut his proposed appropriation for foreign aid from \$4.1 billion to \$3.5 billion. He said the action was "shortsighted, unwise and dangerously bi-partisan." But, the truth of the matter is that 66 House Democrats disagreed with the President on size of the foreign aid appropriation needed, and Democrats outnumbered Republicans in the House 258 to 177. Not all Democrats

agree with the President. We are no expert, but we are think \$3.5 billion is too much.

We are now helping 101 nations of the world, some of whom refuse to pay assessments to the United Nations. The U. S. national debt is more than the total national debt of all these countries combined. We're getting tired of Congress taking our little bit of money and sending it away to help foreigners who don't even appreciate the help and even send emissaries over here to try and wrangle more money out of generous old Uncle Sam. In fact, we don't know a man in Lynn county who favors such excessive foreign aid. If there is such, let us hear from you!

J. L. Suits in Petersburg Journal says: "The whole smear (Civil Rights demonstrations) looks like it is a little bit too big for the Kennedy boys to handle. People are becoming more and more convinced every day as to whether the Kennedys are 'heavy enough on the pump-handle' to pump enough water or not. Poppa Kennedy, the brains of the Klan, is out of running, and that may mean the difference of a good business-like administration and a flop. We don't and can't stand for a flop, and if Jack and Bob will settle down to a 'dog trot' and not try to go so fast, they may make the grade in fine shape."

J. L. King, deputy sheriff at Panhandle, recently sent his parents, Mr. and Mrs. J. O. King of Wilson, an interesting little leaflet telling about Thomas Cree's tree, now honored with a historical monument. This early settler on the treeless Plains in 1888 transplanted a Bois d'arc, or Osage Orange, tree in a buffalo wallow a mile from the present Panhandle next to the wagon trail, now a four-lane highway, against the advice of other settlers who said no tree could grow on the plains. This tree, 75 years after being transplanted from Turkey Track Ranch, 35 miles away, is still living as a symbol of the early-comers who lived in dugouts and had a desire to beautify their premises.

Mrs. Gilbert Lamb of Muleshoe, whose husband operates Radio Station KMUL in that city, writes that they enjoy each issue of The News. She was reared here the daughter of a pioneer Tahoka dentist and mayor, the late Dr. J. B. Singleton, and with Gilbert, also a former Tahokan who once was with the old Harley Sadler show, is reputed to be doing a real fine job in radio.

The former Mrs. T. L. Fortenberry of New Home, who lost her husband in 1960, has married a Mr. Sam Wilborn and now gets her mail at Box 572, Kerrville. Her subscription to The News had run out, and she writes us she misses the paper very much and wants it started again to her address.

Rayford Smith called us a few days ago and reported that Jim Bob Porterfield of Grassland had backed into the car of Mrs. O. H. Hoover while the latter was visiting at the Gus Porterfield home. Rayford thought the public ought to be informed that Jim Bob wasn't drinking. Jim Bob says Rayford had better be speaking for himself.

## Defoliation Is Delicate Decision

College Station — Getting the Texas cotton crop ready for machine picking or stripping is no small operation. Last year 77 percent of the state's crop was harvested by mechanical means and the use of defoliant or desiccants reached an all-time high, reports Fred C. Elliott, extension cotton specialist.

To emphasize the importance of this phase of cotton production, Elliott said that in 1948 only 2,000 farms in 50 Texas counties used these harvest aids. In 1962 they were used on 82,219 farms in 164 counties and on 4,750,000 acres of cotton at a cost of more than \$17 million.

In order for cotton producers to have the latest information on the recommended harvest aid chemicals, Elliott has recently released the 1963 "Cotton Defoliation Guide for Texas." Copies of the leaflet are available from the offices of local county agents or from the Agricultural Information Office, College Station.

The guide, Elliott has listed the recommended defoliant and desiccants along with their chemical and trade names and the amounts of each which should be used per acre. Both dusts and

Today's young generation is going to have a real problem trying to find something to tell their children they had to do without. —Santa Fe Magazine.

The family household in the old days was a busy place, with the big kids taking care of the little kids, mother busy in the kitchen cooking, sewing, ironing, peeling and cooking vegetables out of the garden or cellar and chopping off a chicken's head and picking it. The old man worked 12 hours a day for three bucks to keep the household going. For some reason, in those days people were paying their bills, the divorce courts had no business, folks were not suing each other for an easy buck, no one was having a nervous breakdown, and nobody knew what a tranquilizer was. Isn't it odd how they lived?—Moody Courier.

## Student From Sweden Tells U. S. Impressions

Miss Aina Högland, summer guest of Tahoka Rotary Club as an ambassador under the Experiment in International Living program, left for her home in Sweden Friday after having made her farewell talk at the local club Thursday noon.

"This has been the most wonderful two months of my life," the young lady declared as she told some of her impressions of the United States, and life in her home country.

Before coming here, she said she had heard of the Texas oil millionaires, cowboys and the wild west, and the Alamo. She went to see some Western movies to prepare herself for life in Texas, and was just a wee bit scared.

However, she thought Texans would be ordinary people, just like those the world over, but she had found them not to be ordinary people but a wonderful bunch of people. She had been impressed with the American way of living, the easy and natural life as compared to more formal living in Europe, and had learned to see many of our problems from another point of view.

She found Texans are not all oil millionaires and cowboys, but from visiting a ranch and a rodeo, she found "the old west still lives."

She was highly impressed by our vast landscape on the Plains, farming, but hinted she didn't like our sun and heat. She found from TV commercials a person can't live without a certain brand of corn flakes and a certain brand of tea, she said jokingly. They have few TV commercials in her country.

### WHAT IS AN INDEPENDENT AGENT?

HELPING MAKE THE CLAIM

There are company agents and independent agents. A company agent sells insurance policies for the one company he represents. Ordinarily he does not concern himself with claims.

Your local independent agent represents more than one company. He recommends policies according to your individual needs, based on the greatest protection at the most reasonable cost — regardless of company. Should a claim arise your independent agent helps you with the details. He represents you — not the company.

Rely on your LOCAL INDEPENDENT INSURANCE AGENT who represents one or more companies of The MILLERS Insurance Group of Texas.
