Serving Tahoka and Lynn County Since 1908!

New School Plant Is Started Monday

Preliminary construction work on Tahoka's new \$350,000 school building program got underway here Monday when the general contractor, V&N Construction Company of Lubbock moved in small office building, equipment, and started clearing ground for both the new high school and cafeteria addition.

First construction work will be the cafeteria addition, for which the contractor is preparing to lay the foundation, and completion of this building is expected by Christmas.

A larger kitchen will be added to the west side of the property acquired from J. W. Jaques. This kitchen will be more fully equipped than the old and have two serving lines for faster service. The old kitchen will be incorporated into the main dining room to seat about 500 children.

The contractor has also begun cleaning the ground to start the new high school building, "wrapped around" the present high school building, which will become the junior high building. One of the two concrete tennis courts is being torn up for the building site.

North from the present auditorium and south of the gymnasium will be a large band hall, convenient to the auditorium rear stage entrance, the gymnasium and football field. Also in the north wing will be classrooms and science laboratories, the building will extend around the east of the present building, and partially around the south. Architecture will blend in with the present high school building and gymnasium.

Included in the building will be, in addition to classrooms and laboratories, separate library and study hall, office, storage room, conference room, teachers' room, commercial department, rest rooms, principal's and superintendent's offices.

Remodeling work on the old high school and north elementary buildings will be delayed until after the close of school next spring.

Foods Meeting Is Set For October 24

Plans are being made for food demonstration program to be held on Thursday, Oct. 24, at 3:00 p. m. in the board room of Lyntegar NEA, according to Mrs. Billie Carr, home demonstration agent.

The program is under sponsorship of the Program Building committee, an important phase of extension work over the state. This demonstration will be the committee's main project of the year.

Mrs. Vivian Limer of the Southwestern Public Service Company in Lubbock will give the demonstration in cooperation with the local office.

A door prize will be given by Piggly Wiggly No. 1. The Program Building committee is composed of Mrs. J. O. Allen, chairman, Mrs. Leland White, Mrs. W. C. Maeker and Mrs. Frank Greenhouse. The public is urged to plan to attend the event.

Jerry Kellum Baby In Critical Condition

Jerry Dean Kellum, young son of Mr. and Mrs. Jerry Kellum, underwent surgery in Children's Hospital in Dallas Tuesday. He is in serious condition and relatives say there is little hope for his recovery. The child has been in ill health since birth.

Tracy White, one year old son of Mr. and Mrs. T. C. White, was an overnight medical patient in Tahoka Hospital Monday.

Sidewalk Sales Day Is Planned

Another Sidewalk Sales Day is being planned in Tahoka for Saturday, October 12, announces Turner Rogers, Chamber of Commerce president.

Tahoka merchants will move out to the sidewalk a lot of bargain merchandise, some of which will be useful and some for fun. There will be everything from ice cream cones and popcorn to ladies dresses and hats, from tools to horse collars, and from tires to tractors.

Sales clerks and businessmen will again be asked to dress in old time clothes such as worn in days past.

Last year, shoppers and merchants and salespeople all had a lot of fun, while at the same time the shoppers were able to pick up many bargains which merchants wished to clear from their shelves.

Girl Scouts In Need Of Backers

Girl Scout work in Tahoka is threatened with abandonment unless more workers, financial and moral support can be made available. The News is informed by local Girl Scout workers.

There are now 60 girls in three troops and a potential of 150 members if workers and finances were available.

In an attempt to do something about the situation, the Girl Scout Neighborhood committee has called a meeting of parents and other interested parties in the City- Legion building Monday night, Sept. 30, at 7:30 o'clock.

At this meeting, there will be a panel discussion, featuring a panel of citizens and a panel of Girl Scout workers.

On the citizens panel will be: Turner Rogers, Don Browning, Mrs. A. M. Bray, E. L. Short, and Mrs. Lillian McCord.

On the Girl Scout worker panel will be: Mrs. Irene Beck, district Girl Scout executive, and Henry Austin, district finance chairman, both of Lubbock; and Mrs. Hick Gibson, Mrs. E. W. Roe, Mrs. Blain Draper, Mrs. Charles McClellan, and Mrs. Ruth Akin.

All people interested in keeping the Girl Scouts active in Tahoka are requested to attend this meeting.

Rites Are Held For Bednarz Baby

Funeral services were held Tuesday at 2:00 p. m. in St. Joseph's Catholic Church in Slaton for 18-month old Gary Eugene Bednarz of route 2, Wilson, who was killed Monday morning when he was run over by a grain truck at his home.

He was the son of Mr. and Mrs. Tommy Bednarz. The youngster was dead on arrival at Mercy Hospital Monday morning at 10:30 a. m. Services were conducted by the Rev. Peter Morsch. Burial was in Englewood Cemetery in Slaton.

Survivors include his parents, five brothers, two sisters and both maternal and paternal grandparents, Mr. and Mrs. Joe Heinrich and Mr. and Mrs. A. B. Bednarz of Slaton.

MARTIN (JUNIOR) WUENSCHKE IS REPORTED AS IMPROVING. Martin Wuenschke, formerly of Wilson, critically injured in a tractor mishap at Bismark, Ark., where he moved last winter, was reported early this week to be improving.

The News is informed his doctor now says he will "make it" barring unforeseen complications.

Re-elect County ASC Committee

The present Lynn county ASCS county committee was re-elected Friday at a meeting of community committeemen held in the County Agricultural building here, according to Don Severance, office manager.

Membership of the county committee is: Wayman Smith of New Home, chairman; Clarence Church of Wilson, vice chairman; and Ellis Barnes of O'Donnell, member. Alternates also remain the same. Carl Sanders of O'Donnell is first alternate, and Claude Scholter of O'Donnell is second alternate.

Community committeemen had been elected two weeks ago by a mail vote of farmers of the county. Mr. Severance says final payments are now being made by the ASCS office in the feed-grain program. However, an estimate on how much will be paid out was hard to arrive at this week. Possibly, by next week some pretty close figures may be available, Mr. Severance said.

New Home Sets Up City Council

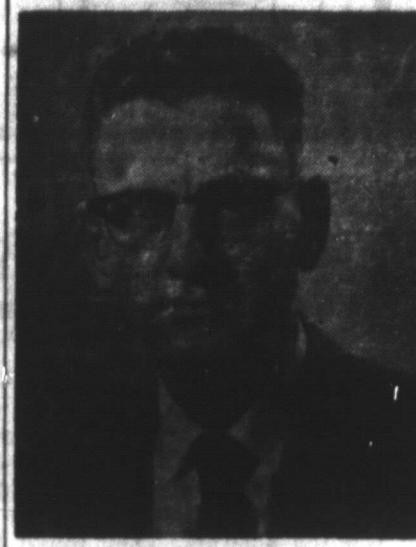

New Home City Council held its first meeting Monday night, and plans for a proposed bond election for installation of sanitary sewer and a water system were discussed. A number of other problems, including setting up of a book-keeping system, naming a book-keeper and secretary, etc., were discussed.

Sworn in as aldermen were Robbie E. Gill, M. S. Renfro, Winston Davis, O. R. Puffer Jr. and G. B. Mayfield. Mayor J. W. Edwards had previously taken the oath of office from County Judge W. M. Mathis. Don K. Sharp was named city marshal in the recent election.

Dr. Prohl Breaks Hip In Fall Here

Dr. Emil Prohl received a broken left hip Tuesday night when he slipped and fell at his home on North Second when he made a dash for the house when rain began falling.

He underwent surgery in Methodist Hospital Wednesday afternoon to have the fracture pinned.

C. W. ROBERTS Opens New Nursing Home

Nursing Home Opening Held

Approximately 400 people attended the open house Sunday afternoon of LaVoy's Nursing and Convalescent Home, owned by Mr. and Mrs. C. W. Roberts.

A dedication prayer, delivered by Don Browning, minister of Tahoka Church of Christ at 3:00 p. m. officially opened the home.

The new building, located on South Seventh, is a modern brick, equipped with most modern facilities for caring for the aged and ill. Capacity of the home is 30 people.

Mr. Roberts says the home is now open to patients, and people of the area who did not have a chance to visit the place during the formal opening are invited to inspect the facilities at any time.

Plan Chartered Bus To Game At Wink

Anyone wishing to obtain tickets on the round-trip chartered bus for the Wink-Tahoka football game in Wink on Oct. 25, may contact Mrs. Leonard (Betha) Dunn, secretary of Tahoka Chamber of Commerce at 808-4296.

Mrs. Dunn says there may be persons wishing to obtain tickets who do not find it convenient to pick them up. She will take the tickets to those wishing them, or pick up their money for them, if they will call her.

The round-trip to Wink is being offered for \$3.00 per person. Time of departure will be announced later, Mrs. Dunn said.

One-fourth of gasoline tax is used for public education; balance for roads.

Late Crop Moves Slowly As Fall Weather Reaches Area

Whether To Pay Or Not Pay 1963 Poll Taxes Is Question

Some people have been inquiring as to whether or not they should pay 1963 poll taxes as a qualification for voting in 1964 elections, states George McCracken, county tax assessor and collector.

Texas voters will go to the polls on November 9th to decide on several proposed amendments to the Texas Constitution, one of which proposes doing away with the poll tax as a requirement for voting.

If voters turn down the poll tax amendment, each voter not eligible for exemption, will still be required to have a poll tax receipt costing \$1.75 each.

If voters approve the amendment abolishing the poll tax law, each voter will be required to secure a registration receipt from the county tax assessor and collector at 25 cents each. However, McCracken says, voters may go ahead and purchase a poll tax receipt now, if they desire, and those having such poll tax receipts will not have to register in case the poll tax is abolished.

Most prospective 1964 voters will doubtless wait until the fate of the poll tax amendment is determined in the Nov. 9 election.

Vandals Strike Twice In Town

Two sprees of vandalism were reported to police here last week.

Friday night, during or following the football game with Slaton, some vandals engaging in a rare bit of "fun" went down North Third Street at the schools breaking radio aerials from cars.

Then, early Monday morning some young men with various mentalities engaged in a spree of "fun" by tossing coke bottles through plate glass windows at Alton Cain Hardware and Furniture and Wharton Motor, Inc., and also breaking out the glass in a soft drink dispenser at G. H. Chestnut Service Station.

Fingerprints were taken from the bottles, and Police Chief Jack Miller said they was a good chance of running down the guilty parties.

Billy Tomlinson underwent an appendectomy in Tahoka Hospital Saturday. He was released Wednesday.

CROP Program Plans Are Made

Plans were made at a meeting here Tuesday night for participation next month at Hallowe'en time in the CROP (Christian Rural Overseas Program) to help starving people in foreign lands.

Rev. Norman H. Sundwall, Texas director of CROP, met at First Methodist Church here with a group of county ministers to plan the program locally, and all ministers and churches of the county are invited to participate.

In Tahoka, young people of all churches will take up a collection in a city-wide canvass on the Sunday before Hallowe'en.

In Wilson, young people will make the collection on Hallowe'en in lieu of the usual "trick or treat."

Plans are incomplete for the New Home program.

Rev. Robert Kamrath, pastor of St. Paul Lutheran Church in Wilson, the county CROP chairman, said "We need to get behind this program, if for no other reason, to back up our church missionaries in foreign lands who have to preach to hungry people. Food for people these missionaries are trying to reach will help make the Christian program more effective."

An interesting sound film, "Hunger", will be available for showing at churches, civic clubs, and other groups, arrangements for which may be made by contacting Rev. Robt. Kamrath, Wilson.

Also, churches at O'Donnell, Grassland, Draw, Wells, and Lakeview are invited to join the program and should contact Rev. Kamrath.

Attending the planning session here Tuesday night were: Rev. Kamrath; Rev. Aubrey White, Rev. T. James Efrid, Rev. John Onda, and Mrs. A. M. Bray, Rev. Joe Webb and Minister Don Browning were unable to be present but expressed interest.

Indian Summer weather finally arrived on the South Plains this week after a light shower Tuesday night, followed by cooler weather and a tinge of fall atmosphere.

Tahoka received only .13 inch of rain, bringing the total precipitation for the year to 17.34 inches. Although total rainfall is slightly above normal for this time of year, rainfall has not been spread out for proper benefit of crops.

Cotton has been moving in slowly to gins, principally from early-planted and "burned-up" fields, but the fall harvest rush still lies in the future.

Milo has also been moving in to elevators, but this has also been slow due to the various stages of development of the crop and to the light harvest in many fields.

Few hands are available for hand harvest of cotton, although a few are coming in. A large majority of the farmers will await full maturity of the crop and harvest with machines. Some expect to defoliate, but many say they will "let nature take its course."

Some irrigated cotton is better than usual, and such is poorer due to insect damage and weather conditions.

County Agent Bill Griffin warns farmers to keep a close look-out for a new hatch of bollworms which must be controlled in early stages for best effect.

Estimates on this year's cotton crop vary widely, with more conservative observers guessing the crop at about 120,000—but a few holding out for as much as 140,000. Spotted conditions make an estimate this year hard to determine.

O'Donnell Lady Buried Sunday

Mrs. Sue Allabelle Clark, 54, retired school teacher and member of the pioneering J. W. Gates family of O'Donnell, passed away last Friday in a Big Spring hospital.

Born at Canyon on January 9, 1909, she had been a resident of O'Donnell since 1916.

Funeral services were held Sunday at 2:30 p. m. in First Methodist Church of O'Donnell with the pastor, Rev. David Hamblin, officiating. Burial followed in O'Donnell Cemetery.

Survivors include one son, Norman S. Clark of New Orleans, La.; her mother, Mrs. J. W. Gates of O'Donnell; four sisters, Mrs. J. R. Morgan of Denver, Mrs. C. W. Foote of Perryton, Mrs. John Towles of Gunnison, Colo., and Mrs. J. W. Taylor of Colorado Springs; and one brother, James W. Gates of O'Donnell.

Food Poisoning Victims Improve

Mr. and Mrs. L. B. Thompson, and son Kenneth, and Mr. and Mrs. Wayne Vandergriff, victims of food poisoning last week, have been released from Tahoka Hospital.

Mr. and Mrs. Thompson were the first to be stricken, then Kenneth and Mrs. Vandergriff. Mr. Vandergriff was an overnight patient Thursday of last week here. The most seriously ill, Mr. Thompson, was released Sunday and the others released previously.

MOVE TO TAHOKA

Mr. and Mrs. M. M. Shearer and Mr. and Mrs. Curtis Shearer and boys have moved to Tahoka this past week. M. M. formerly manager a gin here, and the family home has been in Colorado City for some years although they have recently been living in Uvalde.

Mida Cruce, 10, granddaughter of Mr. and Mrs. Elmer Spolen, was admitted to Tahoka Hospital Tuesday as a medical patient.

Bulldogs Meet Idalou Here

Tahoka Bulldogs meet another toughie, the Idalou Wildcats, one of the top 20 ranked Class A teams in the state, on the local gridiron tonight, after having lost a close game last Friday to Slaton Tigers 16-15.

Friday of next week, the Bulldogs go to Ralls for a game, have an open date on October 11, and open their 5-A Conference season here on October 18 with the Plains Cowboys.

Idalou, operating its first year under Coach Bob Baker, won its first game over Sundown 26 to

6, the second over Slaton 34 to 0, and the third over Frenship 21 to 6.

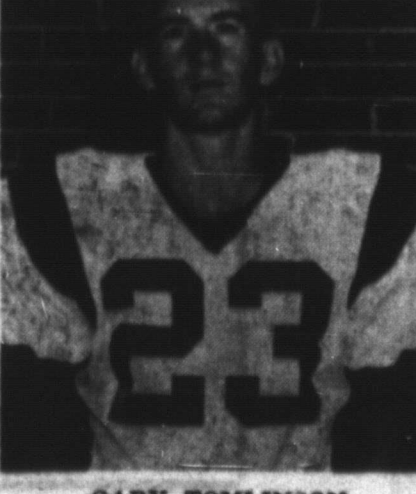

Tahoka has won over Frenship 14 to 12, over Crosbyton 7 to 6, and lost to Slaton 15 to 16.

Coach Gilbert Hough's young and inexperienced squad, however, has been showing steady improvement, have a lot of desire, and go out to win. Last Friday they ran up against a fired-up Slaton team which they outplayed and still lost because of three miscues. Hough says the boys are eager, working hard, in reasonably

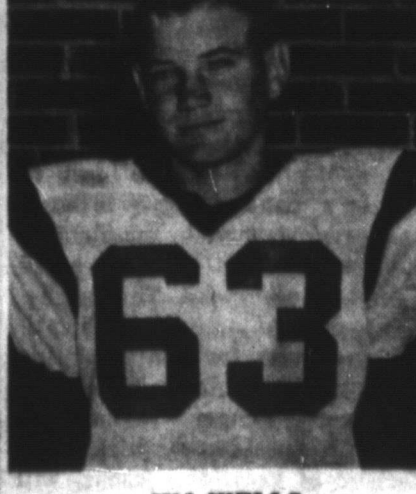

good shape, and expect to give their best against Idalou. Although picked as underdogs, they expect to win. At any rate, this year's Bulldogs can be depended upon to put on a good show.

Halfback Hugh Jack Norwood, a top Tahoka offensive and defensive player, received a badly bruised leg last Friday, but is a hard boy to stop, and has been scrimmaging this week. He and stellar guard, Gary Grogan, also injured two weeks ago, expect to see action. (Cont'd On Back Page)

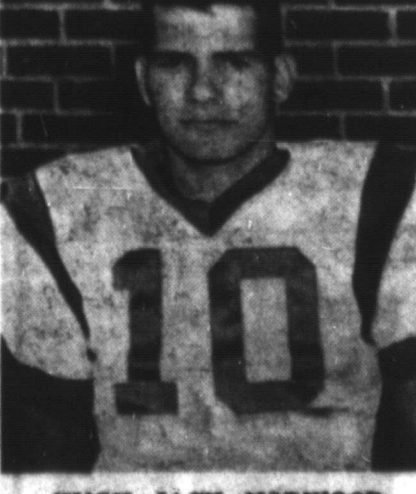

Meet The Tahoka Bulldogs . . .

GARY TOMLINSON (Halfback) Weight 190, Sophomore, son of Mr. and Mrs. G. B. Tomlinson.

Seventh Grade Wins 16-0 Over Slaton And Eighth Wins 14-0 Here Tuesday

Tahoka Seventh and Eighth grade football teams took decisive victories over Slaton's junior teams from the same grades here Tuesday night by 16 to 0 and 14 to 0 scores, respectively.

Cocher Dave Easterday's Eighth Grade boys had the game under control all the way, although

fumbling frequently, and the score could easily have been greater.

Fullback Cliff Thomas scored for Tahoka near the end of the second quarter to end a sustained drive, and Quarterback John Tyler ran the extra points for a 8-point halftime lead.

In the third, Halfback Dicky Van Hoose got away on a 66-yard Tahoka gallop, but the score was nullified by an offside penalty on Tahoka. However, in the fourth quarter Van Hoose broke through left guard and raced 30 yards for a TD to make the final score 14-0.

The Seventh Grade tilt was likewise lop-sided, with Coach Milt Fitts' boys stopping Slaton cold virtually every time they had the ball, but scored two touchdowns and two conversions for the 16-0 victory.

Tahoka's first score came on the first play from scrimmage as the game started when FB Larry Arnold raced around end 50 yards to paydirt. Halfback Greg Thomas scooted over for the conversion.

Later in the game, Billy Applewhite intercepted a Slaton pass and darted 65 yards for an apparent score, but the ball was brought back to the Slaton 25 on a clipping penalty against Tahoka.

The second half was scoreless as Tahoka played all its 28 boys in uniform.

Vic Kyler's 50-piece junior high band made its first appearance of the season, marching on the field and also playing several numbers.

Seventh and Eighth Grade pep squads were also on hand to cheer their teams.

Seventh Grade Cheerleaders are: Janice Renfro, daughter of Olen Renfro; Melanie Leverett, daughter of Tommy Leverett, and Karen Elliott, daughter of Mrs. Peggy Elliott.

Eighth Grade cheerleaders are: Vicki Jacobs, daughter of Jake Jacobs, Debi Thomas, daughter of Reble Thomas, and Brenda Drager, daughter of Ernest Drager. Junior cheerleaders are Georgia Thomas, daughter of Reble Thomas, and Jo Anna Adams, daughter of Ray Adams.

National 4-H Electric program sponsored by Westinghouse Educational Foundation

How many ways is electricity used in this picture? How many ways is it used in your home? Do you ever wonder what happens when you plug into a wall outlet? Where does the power come from? You usually can't see it unless it is in a light. Why do fuses blow? Why should you NEVER touch an electrical object with wet hands? Scores of 4-H Club members could tell you the answers. They found them while working in the 4-H electric program. Through the Cooperative Extension Service and sponsoring groups, the young people have access to some of the best personal guidance and informative literature in the electrical field. Boys and girls interested in electricity should see the county extension agent.

Cotton Classing Office Opened

Serving cotton farmers in this area for the seventh season, the Lamesa cotton classing office of the U. S. Department of Agriculture opens Monday, Sept. 30.

Operated by USDA's Agricultural Marketing Service, the Lamesa cotton office serves 43 West Texas gins—26 in Dawson County, 9 in Lynn, 4 in Martin, 3 in Howard and 1 in Borden County.

Joseph N. Brevard, native of Panola County and graduate of Sam Houston State College, will be in charge of the office. He has been with the AMS cotton division for five years, having served as assistant officer in charge of the Austin classing office for the last two years.

During the peak ginning season, the Lamesa office has facilities for classing about 5,000 samples per day.

Last year the Lamesa office classed 207,429 samples for cotton farmers belonging to Smith-Doxey improvement groups, Mr. Brevard reports.

Early ginned cotton in the Lamesa territory was classed in Lubbock. Should a farmer want a review on any of these classifications, the request for review and samples should be sent to Lamesa, points out Mr. Brevard.

Cotton is classed without cost for farmers belonging to organized Smith-Doxey cotton improvement groups.

Farmers who know the grade and staple of their cotton are in a good position to get the best market price for it.

"That is why farmers in this area have nearly all of their cotton classed by USDA," Mr. Brevard says.

In addition to classing cotton, the AMS cotton office releases every Friday the "Texas-Oklahoma Cotton Market Review," describing local, state and national market conditions, trends and quotations plus facts on picking, defolating, machine harvesting and ginning.

During the harvesting season, AMS issues a cotton quality report by classing offices every Monday and a quality report by districts, monthly.

During the ginning season, it releases a cottonseed review every Thursday.

Persons wanting these cotton reports can get them without cost by writing to Mr. Brevard at P. O. Box 196, Lamesa, Texas, 79831.

VACATION VALUES

Dana L. Farnsworth, M. D., Director of Harvard University Health Service, believes vacations have definite therapeutic value. While many administrators scoff at vacations, in his opinion: "... the use of time off does serve to increase a man's capacity to withstand pressure and to enable him to do more work than he could accomplish otherwise. The balancing of intense activity with privacy and time for contemplation should occur regularly during the work year. Longer periods of purely pleasurable activities, characteristic of vacation seasons, will go far to promote the objectivity and perspective so necessary for good judgment in the capable executive."

When managed properly, the residue of grain sorghum provides an excellent means of controlling wind erosion. In addition it is a cheaper method than using tillage in controlling erosion.

The USDA Experiment Station at Big Spring has found that the most effective method of managing residue is by chiseling following harvest. Discing is not recommended because this pulverizes the clods and reduces the effectiveness of the residue.

Listing between the rows is also a recommended practice for managing stubble, or if desired, the stubble may be left undisturbed.

It has been determined that if the residue crop is planted in 40 inch rows, that fine sandy loam soils require at least 1,250 pounds of residue per acre to effectively control blowing, while loam soils need 1,000 pounds of residue per acre.

Cotton burrs are recommended for land planted to cotton. Burrs applied at the rate of at least three tons per acre will not only return residue to the soil but will also protect the soil from blowing.

Contrary to what some believe, meat-type hogs can be as efficient producers of pork as other types. Research has shown that inheritance plays a key role in the efficiency of any type hog. But the producer must remember that lean pork is in demand and the meat-type hog provides it.

In 1960, firearms accidents killed more than 1,300 Americans. Nearly one-fourth of these were in the age group from five to 14 years old.

Glenn Wells Weds Betty Lou Steele In Ft. Worth Ceremony

Miss Betty Lou Steele of Fort Worth became the bride of Glenn Darrell Wells, formerly of Tahoka, when wedding vows were exchanged Saturday, Sept. 21, at 3:00 p. m. in the home of the bride's mother.

Rev. Gordon Smith, assistant pastor of Rosen Heights Baptist Church in Fort Worth, read the marriage ceremony.

The bride is the daughter of Mrs. John Russell Steele and the late Mr. Steele of 4706 Washburn, Fort Worth. The bridegroom, who lives at 600 Monticello Drive in Fort Worth, is the son of Mrs. Ruby Wells and the late Mr. Wells of Tahoka.

Given in marriage by her uncle, Tom Steele, of Houston the bride wore a gown of antique ivory peau de soie and beaded Chantilly lace fashioned with a molded bodice and bell skirt appliqued with jeweled scrolls of lace. She carried a bridal bouquet of two white orchids and English ivy atop a white Bible.

Mrs. Bill Aaron of Austin was matron of honor. John Wells of Tahoka, brother of the bridegroom, served as best man.

A reception was held in the home following the ceremony.

Mrs. Wells is a graduate of the University of Texas and Mr. Wells, a graduate of Tahoka High School and Texas Technological College.

Methodist WSCS Continues Study

The W.S.C.S. of the First Methodist Church met for its second session of study on "Christian Mission in Southern Asia" Monday afternoon in Fellowship Hall.

Mrs. H. W. Carter is leader of the course.

The devotional was presented by four ladies, Mrs. G. M. Stewart, Mrs. Georgia Cook, Mrs. C. A. Thomas and Mrs. Bland Ramsey. The life of Dr. Ida Scudder and the life of Clara Sawain, both missionary doctors in India, were related to the group by Mrs. Stewart. A discussion of the Nepal situation and need for missions was led by Mrs. R. H. Gibson.

The next session will be held on Monday, Sept. 30, in Fellowship Hall.

Visitors In Tie At Duplicate Play

Two couples tied for first place and two couples tied for second and third places Tuesday night at master point play of the duplicate bridge club of T-Bar.

Mrs. Bill Swartz and Mrs. Gene Anderson tied with Mr. and Mrs. Bill Anthony for first place. Both couples are from Lubbock.

Mrs. Jess Gurley and Mrs. Larry Hagood tied for second and third with Mr. and Mrs. John Vickers of Lubbock.

Next week the duplicate club is especially inviting members of the party bridge club to attend the weekly Tuesday night event at the country club.

Tailoring Class Is Being Opened Here

All ladies of the area interested in an adult tailoring class are asked to meet at 2:30 p. m. Wednesday in the homemaking cottage.

A class will again be offered this year, but a time will have to be worked out for those enrolling. There will be no charge for taking the course.

Those interested who cannot attend the meeting are asked to call Mrs. Pete Hegl.

has served four years in the Navy. Following a wedding trip to New Mexico, the couple will be at home at 600 Monticello Drive in Fort Worth.

Sylvia Lee Newby, Harold Don Owens Take Double Ring Vows At O'Donnell

Miss Sylvia Lee Newby and Harold Don Owens, both of O'Donnell, exchanged double ring wedding vows at 5:00 p. m. Friday, Sept. 20, in the First Methodist Church there. The Rev. David Hamblin, pastor, read the marriage ceremony.

The bride is the daughter of Mr. and Mrs. W. L. Newby. Parents of the bridegroom are Mr. and Mrs. Howard Owens, Jr. of route 1, O'Donnell.

Miss Elaine Clayton, organist, accompanied Mrs. Bobby Cox, soloist, in wedding selections.

Given in marriage by her father, the bride wore a formal-length gown of lace over taffeta. The fitted bodice, overlaid with lace, featured a scalloped neckline and long sleeves tapering to petal points at the wrists. She carried a bouquet of a white orchid surrounded by pink rose buds.

Miss Sharon Morrison, maid of honor, wore a pink dress of polished cotton and carried a pink rose bud. Miss Therria Owens, sister of the bridegroom, was flower girl.

David Gary of O'Donnell served as best man. Ring bearer was Sam Mench. Guests were seated by Venson Caswell and Alton Newby. A reception was held in Fellowship Hall of the church following the ceremony.

For traveling the bride chose a suit of pink with white accessories. She added a corsage of orchids.

The bride is a senior student in O'Donnell High School. The bridegroom is a graduate of the same school.

The couple will make their home in O'Donnell following a wedding trip.

Pierce-Arnold Set Date For Wedding

MYF Discussion On Gangs, Cliques

Townes Walker presented the program to the junior and senior high MYF jointly Sunday evening. The program, "Password: Chicken," was concerned with gangs, cliques and "going along with the crowd."

The members present divided into three discussion groups to discuss a set of situations on group behavior. In the situation, a problem was presented and three alternatives were suggested. In choosing one of these solutions, the group could be considered a complete conformist, a semi-nonconformist, or a complete nonconformist.

Seven situations were presented to the group, and an average was made of the answers. On a whole, the entire M.Y.F. could be considered semi-nonconformist in that they would not go along with the

Farm Income Here Is Higher Than In Most U. S. Areas

(Special to The News)
New York—Farmers in Lynn county were better off last year, from an income standpoint, than were farmers in most parts of the United States.

Their overall receipts, on a per capita basis, were above average, according to a national report on farm incomes.

They were able to produce and market more, despite their reduced acreage, than they had in other years. The gain in production is attributed to more efficient operation, made possible by the use of highly-mechanized farm equipment.

Just how the local farm community made out, compared with others, is detailed in the annual report on farm incomes, issued by the Standard Rate and Data Service. It presents figures for all sections of the country.

It shows that gross farm receipts in Lynn county during 1962 amounted to \$27,364,000, as against the previous year's \$26,027,000. Expressed in terms of the local farm population, it was equivalent to \$4,896 per person.

This topped the returns reported for most areas of the United States, where they averaged \$2,969 per farm resident. It exceeded, also, the \$3,954 in the State of Texas.

The figures on income take into account all receipts, including the cash proceeds from farm marketings, Government payments and

the value of home-grown products that are consumed on the farm. Of the amount received from farm marketings, Department of Agriculture figures indicate that 94 percent of it came from the sale of crops and 6 percent from the sale of livestock, poultry and dairy products.

Nationally, according to Government reports, the face of farming continues to change. The drive by farmers to increase their acreage goes on, forcing the price of rural land higher and higher.

They have found that the big, mechanized units can be brought in on a paying basis only on the larger farms. Wherever they are put to use, however, production efficiency rises.

Sales of such machinery are reported increasing for the second year in a row. Last year they amounted to \$1.9 billion.

As a result of this mechanization, output per man-hour on the farm has been going up at the rate of 6.5 percent a year, which is twice as fast as in manufacturing.

Audrey McKee In Houston University

Audrey McKee, a well known Tahoka native, has enrolled in the University of Houston where he is attending night classes intending to major in electronics and engineering. Audrey, a television repairman here since graduating from Tahoka High School, will also work in Houston.

Tahoka Co-op Gin Improves Plant

Wiley Lee Curry, manager of Tahoka Co-op gin, says the gin plant has been thoroughly renovated and some new equipment added for the current ginning season.

Recently installed is a new Bruton green boll and rock catcher, manufactured at Lamesa to take care of this particular area's ginning problems, and he thinks the equipment is the best so far devised for this type work.

Curry thinks this year's cotton crop may prove, county-wide, almost as good as last year's. He bases this statement on the belief that the turn-out this year promises to be very good.

Last year, an unprecedented amount of seed cotton from many fields was required to produce a normal 500-pound bale. Although he has ginned only a few bales so far, the turn-out has been excellent in spite of the fact some of that ginned has been "burned-up" cotton. He thinks the better turn-out this year will make a material difference in the number of bales ginned, at least in some areas of the county.

Congratulations—

Mr. and Mrs. Martin White on the birth of a daughter Saturday at 4:47 p. m. in Tahoka Hospital. Weighing nine pounds, seven ounces, she has been named Kimberly Ann. She has three big brothers, Richard, Randy and Gary.

Mr. and Mrs. James Ralph Ferguson of Tahoka on the birth of a son Thursday, Sept. 19, at 8:33 p. m. in Tahoka Hospital. Michael Dane weighed six pounds, 15 ounces.

Mr. and Mrs. Joe Estrado on the birth of a daughter Friday at 6:19 a. m. Anita weighed seven pounds, three ounces when she was born in Tahoka Hospital.

Mr. and Mrs. Adolfo Valdez on the birth of a daughter weighing eight pounds, seven ounces in Tahoka Hospital on Saturday at 7:20 a. m. She has been named Mary Sandy.

CORRECTION:

Recently the News reported the birth of a son to Mr. and Mrs. Walton Terry. However, an error was made in reporting the new born's paternal grandparents, who are Mr. and Mrs. O. E. Terry.

Mrs. Mary Benivides underwent major surgery in Tahoka Hospital Tuesday. She is reported to be improving.

VISIT IN COLORADO

Mr. and Mrs. L. H. Moore Sr. of New Home expect to leave today to spend a few weeks with their son and wife, the K. K. Moores, in Durango, Colorado. Mr. and Mrs. Lit Moore Jr. are accompanying them and will stay a few days. Mr. Moore hopes to get in a bit of big game hunting while there.

Jodie Nevill is feeling much better now, he reports, following a serious illness while in Arizona.

He spent three months in Flagstaff, Ariz. San Pedro and Sanger, Calif. visiting his children. While in Flagstaff he became very ill with an enlarged liver. He returned home about two weeks ago and now feels like getting around some.

Guest Speaker At Rotary Club

Western Toastmasters Club of Lubbock presented the program at Tahoka Rotary Club Thursday noon, and following the program Rotary members voted to sponsor a similar club in Tahoka if sufficient men are interested.

Three Lubbock men, Tommy Dunn, Elmer Herbert, and Jack Parker, made talks outlining the purposes of Toastmasters International, one main purpose being to learn to talk before an audience, how to make a speech that is effective on the audience, and how the program helps develop ability in members to organize their thinking.

Also present and answering questions from Rotarians following the talks were Dr. Gordon Climer, area governor, and Ted Monroe, assistant governor.

The program was arranged by Dayton Parker and J. D. Atwell on suggestion from the Rotary Club's special projects committee.

The club sweetheart, Montie McGinty, introduced the student guests for the month, Gary Grogan and Jack Wood, both seniors.

H. B. McCord Jr. introduced visiting Rotarians.

Fort Knox, Ky. (AHTNC) — Army National Guard Pvt. Don L. Childs, 22, son of Mr. and Mrs. Carlos W. Childs, Route 2, O'Donnell, Tex., completed eight weeks of advanced armor training under the Reserve Forces Act program at The Armor Center, Fort Knox, Ky., Sept. 14.

During the course Childs received instruction in the duties of the members of a tank crew: the loader, gunner, driver and commander.

He completed basic training at Fort Polk, La. He is a 1930 graduate of Lamesa High School and attended Abilene Christian College.

The best defense against a farm fire is a good fire extinguisher located in the right place. Every farm and home should be equipped with suitable hand extinguishers that are properly maintained and can be easily reached if needed.

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

With the wheat harvest either in, or practically in, it will be most interesting to see what price level will be reached following the wheat farmers' rejection of the proposed plan to reduce acreage and uphold prices.

It is also interesting to realize that during the year, the program was extended to include those farmers growing 15 acres or less of wheat.

There were 558,790 so-called "regular" wheat farms, and 733,500 small farms. It is generally believed the small growers defeated the plan.

Actually, no one makes a living from 15 acres of wheat. These growers planted wheat to feed to their poultry or livestock. The government estimates that the number of farmers who took advantage of the previous exemption from controls on 15 acres or less grew from nothing to over a million in ten years.

Obviously, these farmers balked at paying government set prices for feed grains, and they also balked at curtailing their small plantings to force them to buy more feed grain.

Actually, in the past, a few huge corporate farms have been tapping the treasury for the lion's share of the money paid out for surplus wheat. And they could also well afford to take acreage reductions, because their checks from the proposed government plan would have been substantial.

For the second straight summer the high scorer in the Texas Coaching School All-Star basketball game was a Texas Tech prospect. Last year John (Dub) Malaise of Odessa led pointmakers with 15. This August Bob Glover of Dallas Jefferson sank the North's first three field goals en route to tying the All-Star game

On other hand, government could not continue on the old basis, because every bushel of wheat raised on exempt plantings of 15 acres or less to food on the farm stock merely resulted on less miles of wheat grown under controls, because most farmers can grow their own feed for less than government supported prices.

Thus, the wheat referendum result may be called the revolt of the independent farmer.

Government, however, is now worried as to the repercussions a flood of low price American wheat may have on foreign nations under the International Wheat Agreement whereby the government is pledged to hold up price on U.S. wheat for export.

This preoccupation with what foreigners will think is not new in history. After Imperial Rome spread all over the then existing world, and "big shots" of the Empire were given big holdings overseas, it became policy, as a means of keeping tranquility in rest of the world, to import grain at prices so low the small Italian farmer could not compete.

So by the thousands the small farmers gave up their plot of land and came to Rome where they lived on a dole. The rest is history. In time the people across the waters became restless, anyway, and they moved in to sack a demoralized Rome.

It is possible many wheat farmers know much more about Roman history than many government theorists.

After all, much took place in Rome that teaches lessons in economics long before Elizabeth Taylor arrived there.

THE NEWS

Don't you read before you buy?
Most people do. They want an advertising in print to give them the information they want on products and services. Information on features, designs, and prices, for example.
People not only read about products and services, they also read to their family and friends. They like to know what is going on in the world and to talk about it.
When you add it all up, print advertising—the kind you read in the pages of this newspaper—makes sense.
And because it measures up to the buying habits of most consumers, print makes sense.
Most people read—and then buy. Don't you?

Lynn County Wins Top Places At Panhandle South Plains Fair

As the Panhandle-South Plains Fair got underway Monday in Lubbock, a sizable group of Lynn county people placed in the top three in various divisions when results of the judging was announced.

Wilson High School Band won first place in Class B during the morning downtown parade. Other county bands marching in the parade were from Tahoka and O'Donnell.

The New Home FFA chapter placed ninth in the FFA educational booths, of which Monterey of Lubbock won first.

In the area crop exhibits, under the division of vegetables, Miss Jeannette Brosch of Wilson placed third on her onions. Weldon Fannon of O'Donnell took first place on his cottonseed in the cotton division and placed third on sweet sorghum in the grass and seeds division.

The culinary division included

the following winners: muffins, Mrs. Leland White, New Home; yeast coffee cake, Mrs. White; divinity, Mrs. Hilton Wood, Tahoka, third; drop cookies, Mrs. Wood, first, Mrs. Leonard Dunn, Tahoka, second; biscuits, Jeanie Hewlett, Wilson, first; plain muffins, Miss Hewlett, second; brownies, Miss Brosche, first; Gini Gatzki, Wilson, second; chiffon cake, Marilyn Wuensche, Wilson; German chocolate cake, not iced, Vickie Young, Wilson, second; chocolate fudge marshmallow candy, Miss Young, third.

In the textile division, Mrs. Billy Jack Dunlap of Tahoka won third in child's coat exhibit; Mrs. Preston Hall of Tahoka, second, throw pillows; Jeanie Hewlett, Wilson, third, embroidered cup towel; Christi McCormick of Wilson, first, guest towel, and first, lunch cloth; Linda Romines of Wilson, third, lunch cloth; Ruth Rucker of Wilson, second, apron; Miss Hewlett, third, blouse, Dee Thurman of Wilson, first, best dress; Miss Hewlett, first, cotton school dress.

The relics and antiques division was Mrs. Clyde Fannon of O'Donnell winning several places, third, trays; second, covered jars; third, small bowl cut glass; second, butter pat and bone dish; first, small bowl ironstone, semi-porcelain, stoneware or crockery; third, bone dish and butter pat of same composition; and third, small metal tool. Weldon Fannon of O'Donnell won first household item of any metal.

Winners in the canned fruits and vegetables section of the culinary division were Mrs. Leland White, first, plums, and third, pineapple; Kay Steele, Wilson, first, mature string beans; Mrs. Jack Dulin, Tahoka, second, pinhead string beans; Lynda Heck, Wilson, third, peas; Weldon Fannon, second and Mrs. W. W. Brazil, Tahoka, third, peach sweet pickles; Fannon, third, bread and butter pickles, and second, green tomato pickles; Mrs. Dunlap, first, chow chow;

Mrs. Dulin, third, peach butter. In the youth culinary division Kay Stell, Wilson, third, black-eyed peas; Lynda Heck, first, chow chow.

Dee Thurman of Wilson was second on a hat in leatherwork and Christi McCormick of Wilson, second, Christmas stocking. In the crochet division Mrs. Clyde Fannon won third on buffet and vanity set; third, edging and insertion; third, handkerchief; and third, pot holder and hot plate mat.

Mrs. Claude Conway of Seminole, formerly of Tahoka, is here this week visiting her sister-in-law, Mrs. Roy Poer, and many old friends.

THE NEWS

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

According to Greek mythology, the city kingdom of Troy was well nigh impregnable. The Trojan warriors were skilled and brave, the defense works well engineered.

But the Trojans, despite their bravery and engineering ingenuity, had some curious weaknesses. One was that in their highest government circles there was quite a fondness for good looking women, usually without benefit of clergy. The other weakness was a great gullibility.

Hence, when the Greeks built a great wooden horse and set it before the gates, the Trojans could not resist taking this horse in to get a better look.

There are many who feel that the location of the United Nations headquarters in New York is working out to be something of a 20th Century Trojan horse. This belief is held by many who do not necessarily condemn the principle of the U. N. but believe it should be in some place like Switzerland.

Largely due to the very vigilant work of the FBI, Russian spies are being picked up in the United States who are actually officially credited to the Russian delegation at the UN. There is also a bit of talk around that some of the more attractive members of the Russian fair sex have no qualms about accepting an invitation to "look at some etchings," as the

polite phrasing goes, if there is a chance to latch on to some security secrets.

It seems quite fruitless to rail at any questions of morality involved. This is a matter on which attention has been focused since Adam and Eve, without too great an effect. Thus, from a standpoint of realism, it is to be recognized when there are a lot of well paid bureaucrats with little to do, and lots of leisure in juxtaposition with attractive and dedicated women-stale, things are bound to happen.

Thus, moving U.N. out of the U.S. seems logical.

It remained recently for Congressman H. E. Gross of Iowa to really point up the silliness of the situation. The Congressman reports, due to Russian insistence, U.S. taxpayers pay major share of cost of operating a school in Moscow for Russian spies.

The United States pays, Congressman Gross says, 22% of the entire cost of operating the UN operations. Part of this cost is maintaining a school in Moscow to teach Russians the English language for jobs at U.N. in New York.

Thus, perhaps the American people are even more stupid than the long destroyed Trojans, as there is no record that the Trojans put up one drachma to help the ancient Greeks build their wooden horse. But today the American taxpayer is being forced to pay the major part of the cost to train Russian spies in methods of destroying the United States. This is somewhat akin to the common sense being forced to pay a part of the hangman's fee.

Abandoned O'Donnell Baby Subject of Court Controversy

A hearing has been set on Oct. 5 in 140th District Court in Lubbock where the Lubbock City County Welfare unit was called, who came to take the baby to that city.

The Welfare unit then filed its proceedings in Lubbock 140th District Court and then Saleh filed the habeas corpus proceeding here.

Assistant Lubbock County Attorney Broadus A. Spivey and Attorney John Saleh were present for the hearing here, although Lynn County Attorney Harold Green was in grand jury and was not informed the hearing was to be held.

Valton Maeker of Wilson exhibited the champion Duroc in the divisions for 4-H Club and FFA members at the Panhandle South Plains Fair this week.

The Duroc barrow show also saw Maeker place third in Produce of dam and second in breeder-feeder litter.

Caron Koeninger, also of Wilson, showed the reserve grand champion sow and the reserve junior champion sow in the Spotted Poland China division of the swine show. He also placed second in the junior spring sow pigs.

E. L. Farmer of O'Donnell placed third in young herd of the Hampshire division.

Astronaut Has Kin In Tahoka

One of the nine newly named Astronauts in training for the U. S. Gemini space program, preparatory to an attempted flight to the moon in about 1968, has Lynn county kin and has been a visitor here as a youth.

He is Lt. John W. Young, 33, only child of Mr. and Mrs. Robert Young of Dallas, a cousin of the late J. Owen Young of New Lynn, a second cousin of both Mrs. A. G. Cawthron and Mrs. E. T. Cawthron, and a great nephew of Mrs. W. M. (Clara) Harris.

Mrs. A. G. Cawthron told The News the first they knew of John being selected as one of the Astronauts was Tuesday when she received her copy of Life Magazine. The current issue of Life features the nine new Astronauts.

According to Life, Lt. Commander John W. Young is a Georgia Tech man who set jet climbing records in the Navy. He and his wife, Barbara, have two children Sandra (Sandy), age six, and John, age four.

These nine Astronauts join the seven other veteran Astronauts in training for flights next summer in two-man capsules in which experiments will be made in eating upside-down, use of tools for repairs, leaving the capsule to "float in space" for a period, etc.

Life carries several pages of pictures "and stories, including articles by Young and each of the other eight new Astronauts.

Slaton Tigers Nip Bulldogs 16 to 15

Tahoka Bulldogs had a game all wrapped up against the fired-up Slaton Tigers here Friday night, but then let victory slip through their fingers 16 to 15 in the last three minutes and 30 seconds in a hard fought game that had just about everything an impartial fan would want to see.

Two or three miscues were the difference, but the inexperienced Bulldogs are trying to profit from mistakes and seem to be improving with each game. Basically, the boys played a fine game most of the way. But, as predicted, Coach "Bing" Blingham had his boys ready for upsetting Tahoka, and this they did.

Slaton's first score was set up midway in the first quarter after Tahoka had stopped a Slaton drive on the home 41. FB Adolph Chapa made five, Norwood one, and End Eddie Howard caught a 7-yard pass for a first down on Slaton's 46, but Slaton held, and on fourth down a bad pass from center and fumble put Tahoka back on its own 35.

Slaton's backs, Hennington, Pember, Martin and Gamble moved to the Tahoka 18, where, on fourth down FB Bruce Pember went over right guard, cut to the outside and went over for the first score, and Pember then circled right end for the conversion and an 8-0 lead.

Tahoka couldn't move, punted, and Hennington ran back to the Tahoka 40 but a clipping penalty set Slaton back to its own 39. Including a 39-yard pass to Randy Martin, Slaton moved to Tahoka's 13, but an offensive penalty and a 17-yard loss by Pember back to pass, when rushed by Hugh Jack Norwood and Jack Edwards, wiped out the threat.

Norwood moved the ball to the

home 46, but lost the ball on a fumble. However Slaton couldn't move, punted to the Tahoka 7, where Stanley Renfro took the ball and ran it out to the Tahoka 22. Chapa broke through the line, almost getting away on a 28-yard run to midfield. Norwood made three, Harvick hit Howard with a 9-yard pass, then on perfect faking by Harvick, Chapa ended up with the ball, went through left guard, and jitterbugged 38 yards for a TD as Tahoka fans went wild. On some more fine faking, Norwood went around left end for the conversion to tie the score at 8-8.

Slaton, after the kick-off, opened up with two pass plays for 11 and 18 yards, one was incomplete, and then Freddie Pierce intercepted a Slaton pass on his 20 and ran to the 27. After an exchange of punts, Norwood ran for seven, Gary Tomlinson for 19, and Tahoka was passing as time for the first half ran out.

Opening the second half, Tahoka drove for its second score. Norwood ran the kickoff from the 10 to the 35. Then, came three Tahoka first downs, including a 28-yard run by Freshman HB Mitchell Williams, consistent gains by Chapa, Norwood, and Tomlinson, and Tahoka had a first down

B Team Winner Over Slaton B

Tahoka's B team took a convincing 34 to 6 victory over Slaton's B team Thursday night of last week in Slaton, which victory helped morale of the squad a bit from the next night's varsity loss to Slaton 16 to 15.

Bennie Limon, speedy 128-pound Tahoka sophomore halfback, scored three touchdowns, the first in the first quarter on a 15-yard end sweep, the next on the first play of the second quarter and then ran the extra point conversion, and scored his third in the third quarter on a 60-yard run from a reverse.

Dannie Coburn, 190-pound tackle, irrefragible this year for varsity play, shifted to halfback and ran over two touchdowns, one from 10 yards out in the second quarter and one for five yards up the middle in the third. HB Charles Sayles, 135-pound freshman, ran one of the conversions.

Outstanding on defense for Coach Dave Easterday's B-team boys were Coburn and James Moffitt, 170-pound freshman tackle.

Mickey Fitts Gets Bid By College

Mickey Fitts, son of Tom Fitts of Canyon and brother of Milt Fitts of Tahoka, has received a first semester basketball scholarship at West Texas State University.

Mickey played football most of his high school career and in his senior year joined the basketball squad at Canyon High School. He tried out for a freshman basketball scholarship at West Texas and was accepted.

An outstanding student in academic fields, Mickey plans to major in English.

Anton At Wilson On Friday Night

Wilson Mustangs hope to get back in the victory column this Friday when they entertain the Anton Bulldogs.

Coach Doug Duncan's boys have won over Lazbuddie 34 to 8, and lost to Amherst 6 to 13 and to O'Donnell 12 to 21.

Anton lost to Sundown last Friday 26 to 6, and the week before to Ropesville 32 to 0.

O'Donnell Takes Wilson 21 to 12

O'Donnell Eagles of Class A had trouble with the stubborn Wilson Mustangs of Class B at O'Donnell last Friday night in an intra-county tussle, but managed to emerge with the long end of a 21-12 score.

Wilson's little Johnny Nava got away for the first score on a 60-yard gallop, but the Eagles bounced right back as Jesse Lopes scored on a run for a similar distance for a 6-6 halftime score.

But, Eagle QG Fen Taylor, in the third period, passed to Charles Gardenhire to take the lead, the play good for 44 yards, and Gary Reeves ran the conversion to lead 14-6. Taylor then scored on a keeper from one yard away, and heaves kicked the 1-point conversion.

Wilson's Johnny Koenig ran 30 yards for the visitors' other score. Nava and Tommy Swann were outstanding on defense for Wilson, while Lopez, Reeves and Donald Richardson were given credit for defensive work for the winners.

This week, the O'Donnell Eagles

New Home Runs Scoring to 168-26

New Home Leopards have now run wild to score 168 points to 26 for their first three opponents, having taken hapless Roosevelt last Friday at home in a 68-6 run-away. The Lynn county team has an open date this week before testing New Deal on Oct. 4.

In the rampage Friday night, Halfback Terry Brown scored five times, first on a 20 yard run then on passes from QG Elton George for 47, 30, and 25 yards, finally four yards, and ran over one conversion. Kenneth McClung went 14 yards for one TD, intercepted a Roosevelt pass and went 55 yards for another and ran over two conversions. Dave Hancock scored from four yards out and then from 56 yards, rammed through to force a 2-point safety, and ran over three conversions.

Roosevelt's only score came in the fourth quarter on a 20-yard pass play.

New Home has had a long drought, fans are elated with this year's team, and Coach Paul Kitchens' boys hope to keep up their winning ways. The Leopard's won only one game last year, none in 1961, but won four in 1960.

The Flying Matadors, trampoline artists from Texas Tech, put on a half-time show, sponsored by Joe D. Unfred's New Home Farm Store, which proved to be fine additional entertainment for the crowd.

Lynn Bond Sales Nearing Quota

Savings Bond sales in Lynn county during August totaled \$31,756, ninth in state in percentage of quota, according to A. C. Verner, chairman of the Lynn County Savings Bonds Committee. Total sales in Lynn county for the year reached \$228,152, of 99.2 percent of the \$230,000 quota.

Edwards county leads the state in percentage of quota sold with 165.4, and Crosby county ranks second with 147.4 percent. Lynn's 99.2 percent places it ninth in state rankings, but the overall total for Texas is only 66.2 percent of the goal.

The 1963-64 School Savings Stamp Program is again in full swing. This has been an important feature of the bond program since

1941. All children buying their first U. S. Savings Stamp this Fall—whether at school or at the post office—will receive certificates signed by the seven Mercury Astronauts, making them "Junior Astronauts." Chairman Verner announced.

TRACTOR TIRE CUTS

Small cuts in tractor tires can be prevented from becoming big ones by first cleaning stones or foreign matter from them with a screwdriver, and then beveling the edges of the cut with a sharp knife to make a cone-shaped hole. This tapered hole will not fill up with dirt and stones which would spread the cut and make it more damaging.

Doing good turns for others is an everyday occurrence in this rural area. Almost habitually, when misfortune befalls some person or family, neighbors and friends in this friendly western country come to their aid. This is frequently commented upon by almost unbelieving residents of the cities who hear of some of these acts. We are happy to live among people who volunteer help for those who have lost everything by fire, sit up and even furnish financial aid to the ill and infirm, plow the land for a neighbor who has illness in the family, and other such acts.

But, there has come to our at-

ention a family at Wilson which is going far beyond the call of duty, in the true Christian spirit, in service to humanity. We have gleaned the story from Charles Reid, Melvin Wuensche, and Rev. Robert Kamrath, pastor of St. Paul Lutheran Church—and we think the public needs to know some of the good deeds of the family.

Past midnight early in August of 1962, two cars met head-on on US 87 south of Lubbock, and the lives of six adult Wilson Latin-Americans were snuffed out. Seven little children were left orphans, and four more with only one parent left. Luciano (Chano) Ortiz and wife, Silvidia Bustamante and wife, and Nieves Mendez, all in one car, and Santiago Martinez, in the other, all of Wilson, were killed instantly or almost instantly. Relatives took the Bustamante children to rear, and the two widows of the other men were left with two children each.

But, there was no place for three little children to go. So, Mr. and Mrs. Monroe Talkmitt, modest farmers of the community, took the three children into their home, although of an entirely different nationality, and are raising them as they would their own. They are the three Ortiz children, Rosario 7, Luciano Jr., 5, and Robert, 2. Furthermore, the Talkmitts have four little children of their own to raise, Janis, 11, Darrow, 9, Twilla, 8, and Quintin, 2.

But, that's not quite all. Along in November, Monroe's brother, Jeff, suffered a stroke, so Monroe took over the responsibility of looking after Jeff's farming operations.

The milk of human kindness flows strong from the hearts of Mr. and Mrs. Monroe Talkmitt of Wilson.

Recently, we were listening to one of Rev. Billy Graham's programs from the coliseum in Los Angeles over television and Stuart Hamblen made a talk on the program. Stuart is the son of a Meth-

odist minister, but what some local people probably don't know is that he is the brother of Dr. John Hamblen, now a Snyder dentist, who for two years or so was director of Tahoka High School band. Stuart Hamblen became famous as a singer of popular songs on radio, then went into the movies, became a gambler and addicted to drink, sank to pretty low depths, but finally turned to religion, and has used his music and song writing and speaking talents for the past several years to promote the Christian way of life.

Another cotton mill "bit the dust" last week because, it's owners said, they could no longer meet the competition of synthetics with cotton priced eight cents a pound higher. This was Whitney Mills' Spartanburg, S. C., plant, manufacturers of Pequet sheets. We've either got to compete some way or go out of business.

Progressive Farmer Says:
The framers of our Constitution were God-fearing men. They looked to Him for guidance. So we think they would be puzzled by the decision of the U. S. Supreme Court that Article I of the Bill of Rights prohibits prayer in public schools. They would wonder how the court could take Article I, which states, "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof" and twist it into a prohibition against voluntary participation in school prayers. They no doubt would recall that their purpose was to prohibit Congress from passing laws to force a belief upon us. They were determined to prevent the loss of freedom to worship and the right to communicate with God. They would be amazed that the court could so thoroughly misinterpret their intentions.

Your tax money is going to aid Communism! Just one little example: Since 1946, the U. S. has sent economic and military aid to Communist Yugoslavia in the total sum of \$2,500 million dollars (through June 30, 1963).

One man calls his flivver "True Love" because it never runs smoothly.—Moody Courier.

Under America's great free enterprise system, a priceless heritage, we are free to purchase ownership interest in a great American business. There is no Stock Exchange in Moscow. Once, a farmer could plant what he wanted to plant; now, like in Russia, he can plant only what the government says he can plant.

The fifth grade teacher asked her students what "tense" meant. A student raised his hand and said, "Well, yesterday in health class, we learned that the blood is nine-tense water."

Prosperity always is just around the corner—if you can only find the right corner.

Talk is never cheap when you have to take some of it back.

Why Newspapers?

The full value of a local newspaper is not often apparent until a community has been deprived of its paper for awhile.

This is true even in a great city served by many television and radio stations.

For instance, several years ago the newspaper plants of Pittsburgh were closed by a strike. Every type of business and the personal lives of millions were affected.

A local university had a winning football team, but attendance dropped 50 per cent. The community chest drive came to a halt. Clothing store business declined 25 per cent.

During the newspaper shutdown, night club business dropped to half its former volume. Automobile dealers reported a 42 per cent loss in business. Even attendance at funerals decreased sharply.

A Pittsburgh merchant commented: "Without newspapers people should save money all right. The trouble is, before long no one would be making any money to save."

Why have newspapers retained such an important place in American life in spite of the rise of new means of communications? Why has newspaper readership actually increased since the rise of television?

Bruce Barton, noted writer and advertising man, explains it this way:

There are a lot of reasons. Perhaps the most obvious is that newspapers perform a function no other medium has been able to perform as well—the dissemination of news about everything people are doing, and about everything there is to buy."

The Texas petroleum industry pays 27 percent of all the various local property taxes.

"I wanted summer and winter comfort for my family and our **ELECTRIC** heat pump system gives it to us!"

SAYS: Mr. Sam Dansby, Jr.
1717 SANDY LANE
CARLSBAD, N. M.

Winter, summer, spring or fall, the temperature in the Dansby home is always just right... automatically. With their electric heat pump the temperature is set... and then forgotten. No matter what the weather does, the Dansbys enjoy clean, comfortable, efficient year 'round air conditioning... and Mrs. Dansby enjoys the cleanliness afforded by their all-electric system.

Here, Mrs. Dansby helps daughter Margaret Ann with a piano lesson... just one of the many activities the Dansbys enjoy together. The Dansbys' son, Phil, is shown in the picture on the piano.

Horseback riding is a favorite pastime of the Dansby family. Here, Margaret Ann and Mr. Dansby show one of their favorite horses.

Slaton Game . . .

(Continued from page 1, Sec. 2) on the Slaton 6. Two plays lost five, and on fourth down Tomlinson made a beautiful run around left end for the score, and Norwood kicked the conversion to take a 15-8 Tahoka lead.

After the kick-off, Clem set the Slaton runner back for two yards, and on third down Pember got off a wonderful 61-yard quick kick, which Pierce ran from his 17 to the 23. Tahoka moved for 19 yards, Harvick got off a 40-yard punt, but Slaton couldn't move, and as the fourth quarter opened Tahoka had another drive going and moved to the Slaton 26 where a third down pass was intercepted by Pember on his own 5 and he ran the ball out to the 29, ending Tahoka's threat. After drawing a 15-yard intentional grounding penalty back to the Slaton 15, Pember quick-kicked again but this one was good for only 21 yards.

Chapa and Norwood moved the ball to the Slaton 20, and Tomlinson carried to the 14 but fumbled and Slaton recovered with 3:20 left of the scoreboard clock.

Pember made 5, then Martin got away on a 33-yard run, Pember turned an intended pass into a 13-yard run, Martin made five, and the ball was on the Tahoka 29.

Then, behind fine pass protection which the Tigers had given Pember all evening, the big Full-back faded to pass, End Leslie Brown evaded Tahoka defenders and took the heave and raced into the end zone to make the score 15-14. But, Pember ran the conversion for the 16-15 victory with 2:20 left.

Norwood ran the kickoff from the 9 to the 33, but after two incomplete passes and a six yard gain by Tomlinson, Norwood went out with a badly bruised leg, and on the next play Slaton's Randy Martin was carried to the hospital with an injured back. Tahoka got one more chance before time ran out, trying desperation passes.

The game was a hard loss for the Bulldogs, who seemed to have the game won in the late stages, but games are never over until the last whistle and every play counts, the young Bulldogs learned to their sorrow.

The first quarter and the last three minutes, especially, the Tahoka boys were not quite as sharp on defense as they might have been, but the rest of the game they played good ball.

Harvick's selection of plays was excellent. Those seeing action in addition to those mentioned above included Jack Wood, Cal Womack, Jim Wells, Larry Jolly, Macky McWhirter, Dean Hamilton, Dennis Clem, Gary Grogan, Roy Isham, Frankie Ferrera, Rett Patterson, and Mike Curry, who got two or more resounding tackles.

The middle of Slaton's line was tough on the Bulldogs most of the way, with Center Jim Chrisman

Cecil Hammonds Aboard Submarine

USS Grampus (FHTNC)—Cecil W. Hammonds, sonarman third class, USN, son of Mr. and Mrs. Cecil I. Hammonds of Route 2, Tahoka, is serving aboard the submarine USS Grampus, winner of the 1963 Battle Efficiency Pennant in Submarine Division 61 of the Atlantic Fleet Submarine Force.

Grampus won the award after a year of intra-type competition conducted to improve the overall readiness and to recognize outstanding units of the Submarine Force.

A submarine of the "Guppy" class, Grampus is the U. S. Navy's fifth ship to bear the name, which was derived from the name of a killer whale, "Grampus Orca."

The present Grampus is a member of Task Group ALFA, an antisubmarine warfare force composed of destroyers, submarine, and an aircraft carrier. Her crew consists of approximately 75 enlisted men and 10 officers.

Grampus operates out of Norfolk, Va.

TEXAS HIGHWAY DEPARTMENT EXPANDS ANTI-LITTER CAMPAIGN

The Texas Highway Department has added two new methods to its continuing anti-litter campaign: a cartoon character printed on its Official Highway Travel Map and revised highway signs reminding drivers they can be fined from \$10 to \$200 for littering. The cartoon character, "The Litter Longhorn," pleads with the public to "Help Stop Litter." The sign emphasizes that it is against the state law to litter. In 1962 the Highway Department had to spend \$1.4 million to pick up litter, an increase of about a hundred thousand dollars over 1961.

To the liberals who complain vociferously at every opportunity about a "do-nothing" or "stand-still" Congress, Senator Dirksen (R-Ill.), who has served 16 years in the House and 12 years in the

Senate, gives this advice: "I think, if we give the country a breather and keep some of the proposed legislation from appearing on the statute books, it will be good for our economy and the tranquility

of our people."—Industrial News Review.

Texas production taxes on oil raised \$121 million in 1961; on gas, \$38 million.

ABANDONED FREEZERS HAZARD TO CHILDREN

At the time this writer was discussing the dangers to children of discarded refrigerators, with the president of an Oregon organization to promote the removal of doors on such refrigerators, three boys between the ages of 5 and 12 died of suffocation in an

abandoned freezer in Independence, Oregon. Unused refrigeration units with doors on them are traps set for unsuspecting children.—Ernest Hofer.

Expect great things from Chevrolet again for '64

Now...Jet-smooth Luxury '64 CHEVROLET

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16-power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delco-Ronco generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all

four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost). Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe!)
