## Farm Bureau Holds Annual Meet Here

Fifty Lynn County Farm Bureau members attended the organization's annual meeting Monday night in Lyntegar conference room, elected directors, passed resolutions, and heard several talks.

President Lloyd R. McCormick of Wilson presided, and Secretary Earl Cummings, also of Wilson, read the minutes of last meeting and presented the financial report. Lloyd Christopher gave the invocation, and Newman Bartley the benediction.

L. C. Unfred was elected a new director succeeding Don R. Smith, who asked for retirement. Re-elected to the board were McCormick, Howard Moore, Leiland White, and Milton Evans. Hold-over directors are T. B. Mason, Ward Eakin, A. L. White, Lois Smelser, and Woodrow Brewer.

Milton Evans read the Farm Bureau Preamble, and in a brief talk pointed out that decisions made in grass-roots meetings such as this determine the policies of the State and National organizations.

Two of the four Lynn county high school students sent to the recent Citizenship Seminar by the local Farm Bureau were present and made talks.

Diehl Ashcraft of Tahoka, whose recent talk was published in The News, expressed thanks for the rare opportunity of attending the State meeting.

Bennie Woods of O'Donnell, another student, made an interesting report on the seminar, which he said was designed to awaken young people to the dangers of Communism, meant to spread the Communist theory, and to awaken more interest in our American heritage.

Charles Reid, office manager, said the Farm Bureau building will be paid out within about four and a half years, and told of the insurance program. He said \$1,245,000 in life insurance alone has been sold so far this year. He said Billy Rhoads has opened a

Mr. Weaver, who is the manager in active charge of the business, is no stranger to Lynn county. He was born at Gordon on the farm of his maternal grandparents, Mr. and Mrs. J. O. Reed Sr., now of Lubbock, graduated from high school at Southland, and attended Abilene Christian College. His paternal grandfather was W. M. His wife is a native of Monday.

Mr. Weaver has had nine years experience as manager of gins, including Crosbyton Farmers Co-op Gin. At Crosby, he was agricultural director of the Chamber of Commerce, was a director of Crosby Livestock Show, and coached Pony League baseball. The family attends the Church of Christ.

## Police Give Warning On "Spook" Damage

"Have a good time Halloween, but please refrain from damaging or destroying property," Police Chief Jack Miller advises young people of Tahoka.

Special officers will be on duty Halloween night, he warns, and stern measures will be taken with those guilty of damaging property. Furthermore, parents of children damaging property will be held liable for such loss. Mr. Miller advises parents to make sure their children refrain from acts that cause loss or damage to others.

## Bulldogs Play At Wink Today, Buses Chartered

Tahoka Bulldogs make the long journey today to Wink for their second 5-A conference game with the Wildcats there at 7:30 p. m. The Bulldogs are seeking to avenge a 6-0 defeat handed them here last year by the Winkler county boys.

Two chartered busses will carry Tahoka fans to the game, leaving here at 4:00 p. m., and returning immediately following the game. Tahoka's band will go in a school bus. Many others will go in cars. Distance to Wink is about 135 miles by way of Lamesa, Andrews, and Kermit.

Hurt by injuries last week, the Bulldogs lost to Plains here 14 to 0, but expect to be in better shape for tonight's game.

Wink has won over Jal 14 to 0, Eunice 22 to 14, McCamey 21 to 20, and has lost to Crane 22 to 6 and to Seagraves 14 to 6.

At least five boys are due to see action in the backfield, including Quarterback Butch Price, 162, as good passer as Tahoka found out last year; Fullback Amalio Losoya, 162; Halfbacks Tommy Mitchell, 144, Colored, and Bobby Tidwell, 140; and also Frank Lane, 190, a combination fullback, halfback, end. All of these boys ran against Tahoka last year.

Probable starters in the line are: David DeWitt, 160, and Billy Jenkins, 155, ends; Johnny Bradberry, 193, and Wendel Holcombe, 170, tackles; Gary Dudley, 193, and Earl Caperton, 155, guards; and Randall Dennis, 142, center. All the starters are juniors and seniors.

## Interest High In Boys Ranch

Mrs. Bill Davis of O'Donnell, recently elected the new president of South Plains Boys Ranch, reports she is finding much interest in reviving the ranch under the new organization. Many of the Federated Women's clubs of this district have taken on the ranch as a special project.

Principal hold-up in the ranch revival is the securing of a suitable permanent site, and officers and directors are hoping that someone will see fit to contribute land for the project.

## Salvation Army Drive Next Week

The annual Salvation Army Drive will begin in Tahoka, Wilson, New Home, Grassland and West Point on Tuesday morning with a kick-off coffee to be held in Tahoka Cafeteria at 9:00 a. m., announces Harold Roberts, drive chairman.

It is hoped the area can be canvassed and completed that week.

Team captains include Ross Smith, J. D. Atwell, Dr. Gerald Wood, Leighton Knox, C. W. Roberts, Mrs. Truett Smith and Mrs. Larry Hagood, all of Tahoka, A. L. Holder of Wilson, Mrs. Roy LeMond of Grassland, L. K. Nelson of New Home and Roy Stephens of West Point.

Each team captain will obtain about five workers and with that number of volunteers the drive should progress rapidly, Roberts said.

Funds obtained from the drive will be used locally, with the exception of that going to state headquarters which finances rehabilitation centers, homes for un-wed mothers, boys camps, etc. and reimburses local chapters when additional local funds are needed.

Everyone is urged to contribute generously to the campaign.

Those not contacted who wish to make a contribution may mail or give such to Mrs. Florence McCracken, committee treasurer, or to a community chairman.

## Vandalism Must Stop, Police Say

Some one threw a beer bottle through the glass door of the new Robert Abbe building on the south side of the square Sunday night.

This is the third act of vandalism in Tahoka the past few weeks. Chief Jack Miller says the Police Department apprehended three young men who recently threw soft drink bottles through plate glass windows. Building owners affected agreed not to prosecute if the boys paid for the damages. However, these damages have not been paid off, and the boys are still in trouble with the law until the losses are paid for.

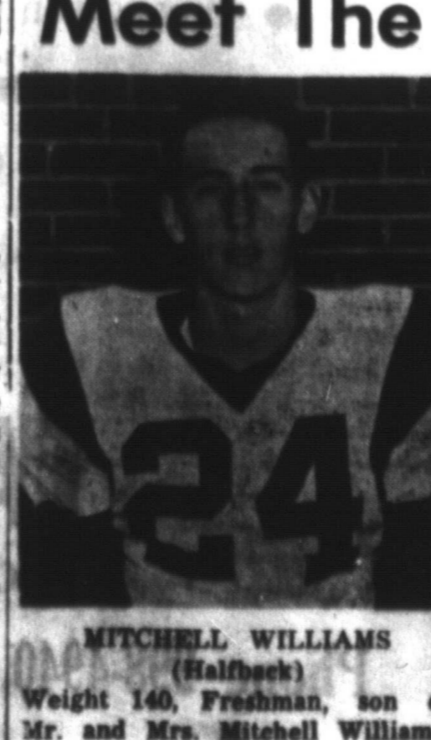

He also says some children, ages seven, nine and ten years of age, were found to have damaged the house on North First Street, and their parents have restored the damaged property.

Local property owners are growing tired of the sudden rash of acts of vandalism here, and several have said that unless property destruction is stopped they will take more drastic action.

Binie White was an overnight medical patient in Tahoka Hospital Wednesday night.

## Cotton Crop Rolling To Gins, Turn-Out Surprisingly High

Tempo of the Lynn county harvest jumped considerably this week, and many farmers are reporting the crop is turning out much better than they had expected.

Up until Thursday morning, Tahoka gins had turned out 3,672 bales, an increase of 1,747 over the past seven days.

Based on reports from 20 of the county's 30 gin plants, The News estimates that between 14,000 and 15,000 bales have been ginned to date, and a majority of the farmers have not started. Last week's estimate of 10,000, according to more definite reports gathered this week, was probably a little too high.

Ginning in the north part of the county has been a little slower than in the south and west, since most of this is irrigated. Also, ginning is still slow at Grassland, where production is light.

O'Donnell reported approximately 3,600 bales ginned there, of which the Co-op gin has handled 1,828 bales.

Weldon Martin of O'Donnell said turn-out is much better than last year when 21 to 22 turn-out was the rule, whereas this year 28 to 30 percent is average.

Wilson ginnings were estimated at 1,600 bales. New Home and Lakeview reported a total of 1,950 bales. Wells 560, Draw 591, Grassland only 373, and other gins at West Point, Petty, Newsum, New Lynn, and Gordon running from 200 to 300 bales.

Some farmers are already using strippers, others will start soon on defoliated cotton, but most will wait until a killing frost before starting stripping operations.

One ginner said most of the cotton he had received had been hand pulled. He estimated there are not more than 1,500 hands in the county, however.

Milo is also continuing to come in at the elevators, and one operator said there is still considerable milo over the county to be harvested. Milo production is also turning out somewhat better than expected on many farms, but is very light in some localities, particularly in the O'Donnell area and the east and southeast part.

Freeman Coming To Area Soon

Washington, Oct. 24—Secretary of Agriculture Orville L. Freeman began Sunday, September 8, a series of 11 "Report and Review" meetings with farmers and other citizens in rural America in nearly every section of the country.

The meeting in Texas will be Monday, November 4, 1963, at the Municipal Auditorium, Lubbock, Texas, at 2:00 p. m.

"I intend to get out and talk with dirt farmers throughout the country. I want to listen to what farmers are saying and thinking, and to find out what individual attitudes are toward the way programs are being administered, toward farm legislation, and toward the Department of Agriculture," Freeman said.

Here in Washington, the grass roots thinking from rural America is being drowned in a babble of voices. Farm organizations disagree as to what the farmer is saying as well as the kind of program—or absence of program—he wants. The Congress is sharply divided on legislation, and has been for years. Newspapers and magazines claim they know what the farmer is thinking and what is good for him, but you can get almost as many different opinions as there are magazines and newspapers.

"As a result, we are hearing more today from those who say they know what the farmer wants than we are from the farmer himself. Since I have been in public life, I have learned the best way to find the most practical program is to go to the people directly. Personally, I look forward to these meetings with great pleasure and expectation.

"And I hope that as I listen to farmers, other people also will listen to what the farmer on the land is thinking and saying. The farmers of this Nation—who feed us better and cheaper in proportion to our income than in any Nation today or in history—have earned the sympathetic attention of the American people.

"We are moving through a period of profound and irreversible change in American history, not only in the city and factory, but in the towns and on the farms as well.

These changes flow from the same root cause—automation and mechanization, products of an age of science and technology—but the meaning and impact of these changes on the farmer are even less well understood than the changes in the industrial segment of our society.

"Few Americans understand the dilemma of a farmer who wants to use all his land efficiently and to produce food to his maximum ability—and yet who knows that if he does, he will produce more than can be sold at a fair profit. Yet this dilemma is being distorted, for the farmer is far too

often pictured not in relation to the economic crisis he faces, but rather as a man who wants to be subsidized and pumped. The farmer wants to resolve his dilemma—and he wants to do this even more strongly than do those who enjoy the benefits of our super-efficient agriculture."

The meetings will be geared toward dirt farmer participation. The program will be organized both to encourage questions from farmers which I will try to answer and to provide time for farmers to give me their advice and recommendations."

Mike Spears arrived home recently from Fort Lewis, Washington after serving three years with the Army. He is the son of Mr. and Mrs. T. W. Spears and is presently employed in Tahoka.

Washington and "SMALL BUSINESS" BY C. WILSON HARDIE

It would seem that every time the Federal Trade Commission goes into the field of advertising, it displays a vast ignorance of what is going on in the world. It is perhaps fortunate that these certain Senate and House Small Business Committees that can show up the error of the FTC ways.

Recently the FTC came out with a big blatant attempt at the price of the product of independent merchants running joint ads in newspapers advertising the same items at the same price. The FTC, with the usual bureaucratic usual wording, warned that this might be illegal.

This somewhat incensed Rep. Joe Ewins, chairman of House Small Business Committee. A study was made.

The result was that Chairman Ewins issued a statement telling small businessmen to ignore FTC on this matter.

And now the Senate Small Business Committee, under the chairmanship of Senator John Sparkman is going quite thoroughly into this whole matter of cooperative advertising practices, and it can well be that out of this investigation will come some revelations that will turn red the faces of FTC chair warming legions.

The principle of cooperative advertising has been a long established principle in American marketing. While a manufacturer will use national advertising to point out the merits of his product, he will use local advertising to point out the merits of his product.

of his products, that does not tell the consumer where such products can be bought.

Thus, as a part of the entire marketing effort, the independent retailers have been given a small allowance, based on their purchase amounts, to advertise themselves as places where these products can be bought, so the consumer does not have to hunt around. Under the law, the allowance was supposed to be equal on a pro rata basis.

But as evidenced by the nationwide surveys conducted by the National Federation of Independent Business, this honest and above board procedure has been subverted to engage in all kinds of nasty games.

Money collected for cooperative advertising is supposed to be spent on legitimate newspaper advertising. But a few big detailing outfits have put pressure successfully to collect the advertising money, but never spend it on advertising, using it instead to enhance their profit picture or cut prices below independent competition.

This is not true with all big retailers. Many are most careful to see that every dollar collected for advertising is spent for advertising. But there are bad apples in the barrel.

With few exceptions, the FTC has never lifted its collective bottom off executive chairs to find out what is going on.

Then, it is possible, that between them, the House and Senate Small Business Committees will dig up enough disclosures to cause these chair-bound investigators to wear out their leather instead of treading bottom.

## Lynn County Soil Conservation District News

E. R. BLAKNEY HAROLD PAYNE  
WARD EAKIN BOYD BARNES  
MELVIN WUENSCHÉ

Getting grass up to a good stand is a difficult task that requires a great deal of time and patience. But all of the effort is wasted unless the grass is managed properly. Only through management can grass become permanent.

The functions of a plant must be understood before the importance of proper management can be fully realized. In any plant, the top growth supports the root system and in turn the root system supports the top growth. If either is retarded for any length of time, the plant will die. The top growth produces food that is stored in the root system. This food plus water and essential elements taken up by the roots is then used to produce new top growth.

If a new plant is grazed too soon then the plant cannot establish a large enough root system to support much top growth the next year. The plant is in a weakened condition and if overgrazing is continued, the plant will no longer be able to support itself and will die.

Grass should not be grazed the first year or until it is fully established. Once it is established

it should not be over grazed. Then no more than 50 percent of the growth at this stage removed. This will insure a strong plant that will sustain itself and furnish grazing year after year.

If livestock are to remain on the grass through the winter, supplemental forage such as good quality hay or silage should be provided so that the grass will be in a condition to make rapid growth the following spring.

# Visitor From Oklahoma Tells of First Honor Roll For Settlement And School At Draw

Mrs. Sadie Vandaveer, a student in Draw's first school and an early-day correspondent to The News from that community, was here last week from her home in Goodwell, Okla., where she is a cletician at Panhandle A&M College.

She is a daughter of the late Mr. and Mrs. W. W. Waller, early settlers, and was visiting her sisters, Miss Emily Waller at Draw and Mrs. Maude Cook at O'Donnell, and also a brother, Bryan Waller of near O'Donnell.

She told The News her dad came out from Knox county in 1905 and built their home about two miles east of Draw, where the family settled the next year, October, 1906.

There was no school at Draw, and Mr. Waller interested Roy Duckworth of Knox county, who wanted to come West anyway, in starting a school. Men of the community erected a one-room frame building, and the first school opened early in July of 1907 so that children could take a "vacation" in the fall to help with the crops.

Until desks could arrive, Mrs. Vandaveer says the seats were 1x12-inch planks propped up on rocks. There were about fifty students coming from a wide area. Equipment was pretty primitive, but she says they had a lot of fun and learned a lot of the basic studies, reading, writing, and arithmetic.

Only two original students she knows of still in the Draw community are her sister, Miss Emily, and Mrs. A. Z. (Dee LeMond) Sewell.

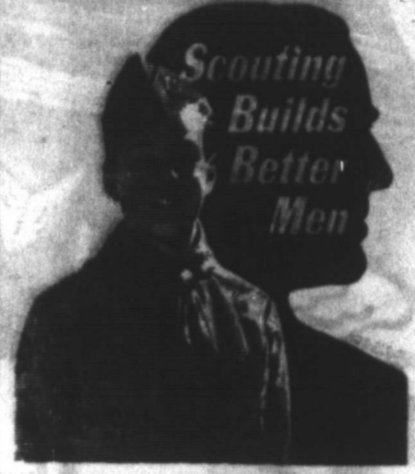

Mrs. Vandaveer, then Sadie Waller, was Draw correspondent to The News during the period of about 1907 to 1909.

Life on the farm was a little primitive, too, but folks didn't crave too much then and were happy with what they had.

When they first came, a herd of antelope watered at their house, and Mr. Waller always cautioned the children not to scare them away.

Miss Emily has lived in the same house on the same farm all of the 57 years.

Dave Sherrill of Lubbock, Extension Service irrigation specialist, was a visitor in Tahoka Tuesday.

# Plans Complete For Scout Drive

More than 50 citizens in this area have volunteered to help the Tahoka Boy Scouts conduct its 1963 fund raising campaign which opens on November 7th, it was announced today by L. A. Forsythe, finance chairman of Tahoka.

The Scout Units of Tahoka expect to expand the program and enroll more boys than ever who want to be Scouts.

Among those working with Mr. Forsythe in heading up the campaign in committees are: H. B. McCord, Jr., special gifts chairman; Frank Hill, publicity; Don Browning, general solicitations; E. B. Gaither, arrangements chairman; and Mrs. Elnora Curry of Federal Land Bank, audit chairman.

The Scout finance campaign will open November 7th with a breakfast to be held at Tahoka Cafeteria, it was announced by Forsythe.

"The Boy Scouts of America is an independent national agency operating under a federal charter granted by the Congress of the United States in 1916," said Mr. Burnett Roberts, district chairman.

In turn, Tahoka receives the charter each year from the National Council of the Boy Scouts of America. We are responsible to see to it that every boy in Tahoka is given the opportunity of enjoying the "game of Scouting".

"Our council is made up of volunteers who have organized to bring Scouting to the boys of this area and give them a satisfying experience."

Mr. Roberts said the units in this area, as elsewhere in America, need the supporting organization of a local council with its qualified council and promotional aids.

"Our area Scouters", he said, "is made up of outstanding leaders throughout this area who determine how much money is needed to continue and strengthen the Council program for the coming year. That figure becomes the budget that must be raised in all our communities."

"These same volunteers," Mr. Roberts continued, "who provide so many of these services through their own time and effort secure funds for the local budget through the Boy Scout finance campaign."

"Thus, large numbers of citizens in the area have the opportunity to have a part in supporting this character-building, citizenship-training program. They must feel as I do that an investment in boys pays big dividends in men."

**GENERAL TELEPHONE TOWNS ON THE MOVE**

**Moorman Manufacturing comes to Comanche**

When a Texas town of about 4000 population gains a branch plant of one of the Nation's top manufacturers of livestock mineral and protein concentrates, it is a shining example of civic progress.

Because this is the heart of a vast market area, the Comanche Chamber of Commerce was able to secure a division of Moorman Manufacturing Company. In its new plant, Moorman makes a large number of products with other products warehoused and distributed from the Comanche facility. This is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

## Tahoka Juniors Win Over Post

Junior high football teams first ramped over and then stomped the Post Antelope juniors here Tuesday night, the seventh grad-

ers taking an easy 22-0 victory and the eighth grade team winning by a 54-0 margin. Greg Thomas crossed the goal line for two of the seventh grade touchdowns, once on a 60-yard run and again on a 10-yard run. Charlie Brown made another on a one-yard plunge. Larry Arnold was responsible for two successful tries in running across conversions.

Outstanding on defense were Jody Edwards, Donnie Fitts, Larry Arnold, Mike Mayo and Murray Arbuckle. Offensive blocking was well taken care of by Jim Adams, Michael Glenn, Jody Edwards, Mike Mayo, Randy White, and Joel Inkelbarger.

Outstanding effort on the part of the entire team helped the eighth graders take a lopsided victory. Gary Brooks scored first on a one-yard plunge and then ran across the conversion after receiving a pass from John Tyler.

Richard White scored on a 15 yard run around left end and ran the conversion. Third scoring play came from Tyler on a 20-yard run with White running the conversion. White again hit paydirt on a 10-yard run and a pass from Tyler to Brooks was successful for extra points. Brooks then took a pass from Tyler to cross the goal line again on a 40-yard play with White making the two points after.

A pass interception by White was responsible for another touchdown when he took the ball and ran back 60 yards. Doyle Schneider scored the final tally on a 30-yard pass play from Tyler.

Outstanding on defense were Roger Williams and Charles Isbell.

## League Award Rules Explained

Since the public generally does not understand rules of Texas Interscholastic League in regard to awards and help to athletes, Athletic Director Jake Jacobs of the local schools has asked The News to publish the following clarification from Dr. Rhea H. Williams, state athletic director, Interscholastic League, Austin.

"If history repeats itself, numerous boys will forfeit their eligibility and some high schools will face penalties because of violation, usually unknowingly, of the Awards Rule.

"These awards usually consist of gifts to athletes in the form of tie clasps, fountain pens, watches, clothes, or other such articles which have a merchantable value. "Such awards are more commonly given by civic organizations, service clubs, booster clubs, or other groups of well-wishers of the team. The State Executive Committee has ruled that Article XVI applies only to awards given by the school, or awards received by a pupil from any source whatsoever for participating in interschool athletics.

"Awards, rewards, gifts, or other valuable consideration received for participation in athletic contests other than interschool events, are to be covered by the provisions of the Amateur Rule. Fans Must Know "It is not enough for principals and coaches to know these rules. They must see to it that the information reaches players, fans, and local organizations. In fact, practically all of the violations of this rule in Texas have resulted from well-meaning fans and clubs which have persisted in giving plaques and trophies to various members of athletic teams for individual achievement. It is the responsibility of the coach and the administrator to see that these fans and organizations are informed about the Awards Rule.

**Play For Fun** "The League has exerted, and will continue to exert, every possible effort to preserve and promote a high standard of amateurism in its athletic program. It is operating on the premise that the presenting of material

rewards to players for athletic achievement is non-essential and, if not rigidly controlled, would often place a heavy financial burden on the school and the community. We believe this position to be educationally sound, and we urgently request the cooperation of principals, coaches, citizens and clubs, in maintaining it. Let's keep in mind that in cases where violations occur, the boy or the school is usually the loser."

Mrs. Claude Meeks entered Tahoka Hospital Wednesday as a medical patient.

Mrs. Rita Farias of New Home was released from Tahoka Hospital Saturday.

## Farm Bureau ...

(Cont'd from Page 1)  
Farm Bureau office in New Home; Jimmy Schneider, who has been operating the Wilson office, has gone to Denver; J. D. Atwell was recently honored as one of top five agents making the "King's Roundtable"; and arrangements have been made for Leon Coburn to work the O'Donnell area.

Principal talk of the evening was by County Agent Bill Griffin on the boll weevil infestation of the county, found principally along the "breaks" near Grassland and Draw, but more lately found at Gordon and east of New Lynn. Until now, boll weevils, it has been believed, could not winter on the Plains due to altitude and weather. Although not wishing to alarm farmers unduly, he said this area now has a real problem. The weevil has put large areas of Alabama, Mississippi, East and Central Texas out of the cotton business. So far, eradication is next to impossible, and effective control by poisoning requires 14 to 17 applications, every five days, at a cost of \$2.00 to \$3.00 each application.

This winter, 150 cages containing weevils will be put out over the Plains area to see if they can live through the winter or if the migration from below the caprock is necessary.

He said Weldon Martin, O'Donnell ginners-farmer, is the Lynn county representative on the area committee studying the boll weevil problem.

T. B. Mason presented resolution proposals, which were discussed, amended and passed as follows:

- Resolved that the Secretary of Agriculture set price support on cotton competitive with synthetic fibres, with a corresponding increase in acres, as the present prices will call for continued reduction of acres.
- Resolved that farm products be sold to Communist nations on a cash basis.
- Resolved that all temporary farm workers from foreign countries be handled by the U. S. Immigration Service.
- Farm Bureau is opposed to it being necessary for a farmer to participate and actively support all farm programs to qualify as community or county committee-man.
- Farm Bureau advocates farms with volume enough for efficient operations, income enough for a decent standard of living, and opposes farming that depends on government hand-outs for its existence.
- In order to strengthen our auto liability insurance law in the state, we would suggest a resolution to require proof of liability insurance before registering an auto in this State.
- To continue skip row planting as a permanent program as allowed in 1962 and '63.
- We support legislation that would automatically abolish the office of County School Superintendent when the County no longer has Common School Districts.
- Resolved that the local organization pledge full support to solve the boll-weevil situation.
- Resolved to retain poll tax.
- Keep farm labor prices in line with farm prices.

# Plains Takes Bulldogs In Conference Opener 14-0

Tahoka Bulldogs lost their District 8-A conference opener here Friday night to the rangy and rugged Plains Cowboys 14 to 0, which dimmed hopes of finishing the season with an even break in games won and lost.

Five regular Bulldog starters were sidelined by injuries and grades, although their replacements showed promise of developing later this year and for next season. Coach Gilbert Hough had been forced to shift the line-up around, and several boys were playing in positions to which they were not accustomed.

But, Plains also had at least one key player. Quarterback Mike Field, on the sidelines with an injury. Although, like Tahoka, Plains had a young team, all their boys ranged from 185 to 190 and simply out-did the Bulldogs.

Neither team could move in the first quarter. Tahoka holding Plains on the first series. After the Bulldogs lost ground on two running plays, QB Terry Harvick, who saw little action except on punts because of a leg injury, got off a 50-yard quick kick. Each team made only one first down in the quarter. Tahoka on a 15-yard run by Adolph Chapa, operating in the game from halfback; and one 15-yard gain by Plains fullback Joe Dan Cook.

Early in the second, Tahoka seemed to have a drive going as FB Dean Hamilton, playing his first game on offense, made 6

and HB Gary Tomlinson 11 on one run as the Bulldogs moved 32 yards only to lose the ball on a fumble at the Plains 44. But, here Cook, HB Dennis Crutcher, and QB John Robertson alternated in moving to the Tahoka 15, and on a roll-out around left end Robertson went over the goal line for the first score. Right End Jack Lowe kicked the conversion.

Tahoka seemed to have another drive started late in the second quarter, after QB Stan Renfro passed 9 yards to End Eddie Howard, and Chapa and Tomlinson moved the ball to the Plains 40, but another fumble grabbed by the Plains had stopped that drive.

Early in the third, neither team could move, then late in the quarter, Plains got its second scoring drive started which moved 85 yards to paydirt in four first downs to Tahoka's two, from which point Robertson sneaked over and Lowe's kick was again good for the conversion. Final score, 14-0.

Tahoka got one unsuccessful drive underway in the fourth as Chapa moved from its own 43, including a 14-yard pass from Harvick to End Relt Patterson, also playing his first offensive game, but the Bulldogs bogged down on the Plains 25. Near game's end, Tahoka again moved to the Plains 25, where the second Tahoka pass was intercepted by Linebacker Fred Blount, and the game ended five plays later.

Outstanding on defense for Tahoka were Chapa, Jim Wells, Gary Grogan, and Eddie Howard, Milton Edwards, Larry Jolly, and Jack Edwards also came up with some good defensive plays. End Freddie Pierce was moved to halfback in this game.

Out for the season with a leg injury is Hugh Jack Norwood, and missing this game were Mitchell Williams, Macky Joe McWhirter,

## Wilson, New Home Meet In Annual Battle Tonight

The championship of Northern Lynn county is on the line tonight at 7:30 in Wilson when the Mustangs meet the New Home Leopards in a gridiron clash that should bring out the largest crowd of the season for both teams.

Coach Paul Kitchens' New Home boys, down for several years, are flying high this season, having rolled up 238 points to 74 for the opposition in winning five games out of six starts.

New Home has defeated Christ the King 60-0, Whitharral 40-20, Roosevelt 68-6, New Deal 46-28, and Cooper 18-6, while losing only to Lubbudde in an upset 6-12.

Coach Doug Duncan, in his first year at Wilson, has coached the Mustangs to four victories in six starts but the Mustangs possibly have played a somewhat tougher schedule so far. The Mustangs have scored 168 points to 46 for their opponents, winning over Lubbudde 34 to 6, Anton 32 to 6, Whiteface 42 to 0, and Sands 42 to 0, while losing to Amherst 6-13 and O'Donnell 12-21.

Although previous games mean little in this battle of the two Lynn county District 8-B teams, Wilson must have the nod because of its 36-6 victory over Lubbudde, to which team New Home lost its only game 6-12, although the Leopards had a lot of hard luck in this one.

## O'Donnell Loses District Opener

Sundown Roughnecks dimmed O'Donnell's homecoming Friday night as their hard rushing backs raced to a 24 to 13 Conference 8-A opener victory over the Eagles.

O'Donnell goes to Plains tonight to test the Plains Cowboys, who won their conference opener 14 to 0 over Tahoka here Friday.

In the Sundown game, O'Donnell scored the first time it had the ball in a 61-yard drive climaxed by a seven yard slant off left tackle by Jesse Lopez, 120-pound Eagle tailback. Donald Richardson kicked the conversion for a 7-0 lead.

But, Sundown bounced right back with a scoring drive, and helped by penalties against the Eagles, Quarterback Dub Holly sneaked over for the last three yards. Conversion failed and O'Donnell led 7-6, but in the second period Fullback Howard Phillips raced 30 yards through right guard for another Sundown score and a 12-7 lead.

O'Donnell's next drive was hampered by penalties and a pass interception, and a few minutes later Sundown's Wingback Jimmy Morgan got away on a 46-yard scoring run around right end. The Eagles came right back to narrow the margin on a touchdown set up by a 24-yard pass Fen Taylor to Tailback Jimmy Barton, and Taylor went over on a keeper from two yards out for an 18-13 Sundown halftime score.

Third period was scoreless, but in the fourth O'Donnell moved to the Roughneck 12, lost the ball on a fumble, and a few plays later Phillips again broke through right guard and raced 80 yards for the final score.

Outstanding on defense for the Eagles were Gary Reeves, Lyndol Askew, and Don Richardson.

The Eagles were badly hurt by two fumbles lost, a pass intercep-

## New Home Takes Cooper 18 to 8

New Home Leopards went to Cooper (Woodrow) Friday night and came home with an 18 to 8 victory to get ready for a crucial game with Wilson Mustangs at Wilson tonight at 7:30.

In the game at Cooper, Quarterback Elton George got away on a 31-yard gallop in the first quarter for a 6-0 Leopard lead, which was the halftime score.

Then, in the third period, Kenneth McClung intercepted a Cooper pass and raced 79 yards to make the score 12-0.

In the final quarter, Ken Walker scored from four yards out for Cooper's only touchdown and Buz Whitted ran the conversion to narrow the margin to 12-8. But, the Plains leading scorer, not to be denied, got loose on a 58-yard scamper to end the scoring and give New Home an 18-8 victory, its fifth in six starts.

New Home had 15 first downs and 243 yards from scrimmage to 11 first downs and 176 yards for Cooper.

## Wilson Winner At Sands 42 to 0

Wilson Mustangs won their opening 3-B conference game Friday night at Ackerly, when they stamped over hapless Sands 42 to 0. The Mustangs entertain the high-flying New Home Leopards this Friday night at 7:30 o'clock.

At Sands, Fullback Gary Herzog scored on seven- and 48-yard runs, Quarterback Joe Mason from 50 and three yards out, and Halfback Sammy Crowson also scored twice on a one-yard plunge and a 54-yard dash. Wilson ran up 288 yards in taking the victory.

Talk is never cheap when you have to take some of it back.

But, Plains also had at least one key player. Quarterback Mike Field, on the sidelines with an injury. Although, like Tahoka, Plains had a young team, all their boys ranged from 185 to 190 and simply out-did the Bulldogs.

Neither team could move in the first quarter. Tahoka holding Plains on the first series. After the Bulldogs lost ground on two running plays, QB Terry Harvick, who saw little action except on punts because of a leg injury, got off a 50-yard quick kick. Each team made only one first down in the quarter. Tahoka on a 15-yard run by Adolph Chapa, operating in the game from halfback; and one 15-yard gain by Plains fullback Joe Dan Cook.

Early in the second, Tahoka seemed to have a drive going as FB Dean Hamilton, playing his first game on offense, made 6

Out for the season with a leg injury is Hugh Jack Norwood, and missing this game were Mitchell Williams, Macky Joe McWhirter,

and Jack Wood, and Harvick saw very limited action, but had a respectable 37-yard average on five punts.

Jim Smith, Richard Spencer, Jim Kerby, and Jack Lowe were outstanding on defense for Plains.

New... new name, new size, new style, new spirit, new car!

**New CHEVELLE! by Chevrolet**

Only this could come between Chevrolet and Chevy II. The Chevelle is a highly polished car on a trim 115-inch wheelbase. Remarkably agile and easy to handle and park. But it's roomy inside, with many of the comforts you'd expect in a bigger car.

Its ride comes from the people who developed the Jet-smooth kind. Its four engines—V8 or 6—carry that irrepressible Chevrolet spirit all the way up to 230 hp\*. Its lively, graceful styling and body by Fisher craftsmanship make its modest price all the more remarkable. And it comes in three series and eleven models—wagons, sedans, sport coupes, convertibles.

Want to check further? Consider this your invitation for a real hood-raising, door-slamming, seat-bouncing, wheel-turning time of it at your Chevrolet dealer's.

"Smitty" Smith in his Country Editor column of the O'Donnell Index-Press says: We visited Tahoka's Sidewalk Sale last Saturday and enjoyed it greatly. The spirit was festive and cordial, and large crowds were in evidence. Tahoka is making giant strides in growth and is a most attractive town. Much of her vigor is probably due to her Chamber of Commerce. We can do the same if we back Weldon Martin and our own C. C.  
In regard to the boll weevils found in Lynn county, "Smitty" also says: As a yearling in Leon

# Gain In Child Health Is Noted In Lynn County

(Special to The News)  
New York, Oct. 24 — Marked gains in child health have been achieved in Lynn county over a 12-year period, according to the latest Government figures.

As a result, a baby born in the local area today has a much better chance of weathering his first year of life and of coping with the hazards of early childhood than did his father and mother, when they were born.

Special interest attaches to the matter of infant mortality at this time because of the recent loss of the Kennedy baby, shortly after birth.

The nationwide figures, released by the National Office of Vital Statistics, reveal that there has been a drop of 28.4 percent since 1946 in the mortality rate among Lynn county children under the age of one.

At that time, exclusive of stillbirths and deaths of non-residents, 22.1 out of every 1,000 local children died before reaching their first birthday.

By way of comparison, the figures show that the rate had been brought down to 44.5 per 1,000 by 1960.

Throughout the rest of the coun-

try, the infant death rate varies over a wide range. The state with the best record is Utah, with a rate of 19.6 for every 1,000 live births. Lowest on the list is Mississippi, with 41.6. Alaska is next, with 40.5. The United States average is 26.0. For the West South Central States it is 29.0.

While great progress has been made over the years in reducing the toll, there is still a long way to go, points out the report.

We now lag behind 10 other nations, notably the Netherlands and Sweden, who lead the world with a rate of 15.3. Among the others are Norway, with 18.9, Australia, 19.5, and the United Kingdom, 22.1. Those with poorer records than ours include Japan, Canada and Germany.

According to Mrs. Katherine B. Oettinger, chief of the U. S. Children's Bureau, inadequate prenatal care is a major factor in our failure to reduce infant mortality more rapidly.

The 28.4 percent reduction recorded in Lynn county in a period of 12 years is relatively good. It compares favorably with the 18.7 percent drop in the United States.

## Rotarians See "Hunger" Film

"Hunger", a picture depicting the need for help by starving millions around the world, was shown at Tahoka Rotary Club last Thursday by Rev. James Efrid as a part of the CROP (Christian Rural Overseas Program) being spotlighted here this month.

Rev. Efrid stated he had seen first hand a lot of the privation depicted in the movie on his trip to Japan and the Far East last summer. He asked Rotarians and others to help out when young church people take the collection for CROP around Halloween. Funds raised are used wholly in foreign countries to help those starving peoples and to augment the program of Christians in spreading "The Word."

There are three billion people in the world. A large majority are hungry and live in poverty. They get up hungry and go to bed hungry; they are born hungry and die hungry. They not only hunger for food; they hunger for life, health, freedom, knowledge, and the Word of God.

Supt. Otis Spears and Senior student Allen Cox reported on the proposal to form an Interact Club in Tahoka High School, actually a Junior Rotary Club to which boys of the top three grades with good scholastic records would belong. The Rotary Club has proposed organization of such a club in the school if sufficient boys are interested. Purpose of such a club is to develop community leaders among high school boys and to render service to the community.

H. B. McCord Jr. introduced visiting Rotarians from Brownfield, O'Donnell, Lamesa, and one from a California club.

Montie McGinty introduced the student guests, Allen Cox and Macky McWhirter.
