Christmas Parade Set December 7th

Plans for Christmas decorations, parades, Christmas trades days, and other projects were outlined by directors of Tahoka Chamber of Commerce in a meeting Tuesday night, presided over by Turner Rogers, head of the organization.

A big Christmas parade will be held again this year on Saturday, December 7, when the two school bands, floats, and other entries will be asked to participate. Don Browning is the chairman in charge of this event.

Merchants will cooperate in issuing tickets, with no strings attached, on the first two Saturdays of the month, Dec. 7 and 14, and on the following Saturday, Dec. 21, they will give away free prizes. Mrs. Rutha Dunn, C. of C. secretary, is in charge.

Jaycees will again sell and hang live cedar wreaths in decorating the town, as last year. W. H. McNeely, Jaycee president, is in charge of this. The Jaycees will also give away free turkeys on December 21.

Santa Claus is also expected to be present to delight the kiddies.

At the suggestion of several business people, the C. of C. board also discussed the feasibility of a United Fund or Community Chest organization in Tahoka to take the place of the many financial drives, putting them all into one big annual drive. At least five money-raising drives have been conducted in Tahoka in the last three weeks.

Rogers appointed a committee composed of Harold Roberts, Johnny Wells, and Don Browning to study the feasibility of uniting these drives and to make recommendations.

Plans were also made to move the Chamber of Commerce office to the Federal Land Bank building for more convenience to citizens, where Mrs. Dunn would maintain office hours from 1:30 to 5:30 p. m. five days a week.

Several other items of business were discussed on which action may be taken later.

Wilson Schools Plan Coronation

Wilson Public Schools will have a coronation ceremony and program Saturday night, Nov. 23, at the Wilson high school auditorium at 7:30 p. m. Proceeds will be divided equally between the annual staff and the classes represented.

Money for the annual fund will be used to cover a deficit in the annual from the past year, and the classes will use the money for worthy projects for the room.

Admission charges will be \$1.00 for adults and 50 cents for students.

Each ticket will entitle the bearer to one vote for a queen and king in each of the three school departments—Elementary, High School, and Junior High.

The program, commencing at 7:30 p. m. with 10 minutes of singing by Spears Barbershop Quartet, and will also feature a program of numbers from each of the classes in high school, including singing, piano, readings, and dancing, and will be concluded with the coronation.

Voting will end at 7:30 sharp. Those coming late will not get a vote.

The program will be under the direction of Mrs. Pearl Davidson, Mrs. Natalie Blankenship, and Mrs. Barbara Mayes.

NEW NURSE AT HOSPITAL

Mrs. James Reed of O'Donnell went to work Sunday as a nurse at Tahoka Hospital. Her husband is the vocational agriculture teacher in O'Donnell High School.

Mrs. George Short is a medical patient in Tahoka Hospital.

Voters Approve One Amendment

Lynn county voters voted overwhelmingly against doing away with the poll tax law as a requirement for voting in the off-year Constitutional election last Saturday. Two other proposed amendments to the Texas Constitution were rejected, but local voters approved the Veterans Land Program proposal.

The vote in Lynn county was 85 for and 567 against the poll tax amendment, 302 for and 312 against the welfare amendment, 159 for and 400 against the Jefferson county retirement program, but local voters approved the increase in funds for Veterans Land Program by a vote of 310 to 300.

Statewide, only one amendment was approved, the proposal which would eliminate residence requirements and allow expenditure of more state funds for needy aged, blind, children and disabled people. The state vote, almost complete, was 301,312 for and 177,525 against.

Statewide, the vote on the poll tax amendment was 237,524 for and 303,763 against; for the Jefferson county proposal, 199,865 to 234,777 against; and on the Veterans program, 240,944 for to 249,104 against.

Less than 850,000 votes were cast over the state, but some state observers considered this a fair turnout for an off-year election in which there was little interest among many people.

The total vote in Lynn county was 654, the county clerk's office reported.

Mrs. Elliott New School Secretary

Mrs. Peggy Elliott was elected the new school district secretary at a meeting of Tahoka school board Tuesday night, and will take over the books immediately which she will keep at the B. W. Fenton Insurance office, which she manages, next door north of the County ASCS building.

Mrs. Elliott succeeds Maurice Small, who resigned recently after several years serving in this capacity to devote his full time to his farming interests.

Until a few months ago the secretary job was a full-time one in conjunction with the assessing and collecting of taxes. Mr. Small asked to be relieved of some of these duties, and Robert Abbe was employed on a part-time basis to do the tax assessing and collecting from his office on the south side of the square.

GRAND JURY WILL MEET

Lynn county grand jury has been called into session next Monday morning by Judge Truett Smith of 106th District Court. At least 16 cases are to be investigated by the body, according to County Attorney Harold Green.

Tahoka Playing At Seagraves Tonight

Tahoka Bulldogs wind up their 1963 football season tonight at Seagraves with the high-flying District 5-A championship Eagles, who have already repeated as district champions.

The young Bulldogs turned in a fine performance last week in defeating the highly favored Sundown Roughnecks 14 to 6, and Coach Gilbert Hough and assistants feel they are in the frame of mind to put up another good battle this week.

Although the local team has won only three games this year, this is still the best record Tahoka has had in about six years of being a door-mat for opponents. Every game has been a tough one, but for the most part the Bulldogs have done a good job and lost about four games they could have won had the ball bounced in their favor.

Couch Hough says the boys are a wonderful group and have a fine attitude and lays some of their losses to youth and inexperience. He says a number of boys are developing into fine ball players.

The band, pep squad, and a large group of parents and fans will follow them to Seagraves as they have stayed behind the boys in previous games.

Coach A. D. Shaver at Seagraves has an excellent ball club in spite of losing two or three top boys to injuries.

Starters on the offensive line will probably be: Scotty Johnson, 138, and Chester Payne, 130, ends; Cleve Garrard, 200, and Robert (Continued on Back Page)

Rotary Governor Is Visitor Here

Jimmy Wilson of Floydada, governor of the 573 district of Rotary International, was visiting Tahoka Rotary Club here Thursday.

Wednesday night, he met with officers and committee chairmen to go over the club's work program and to offer suggestions. While this meeting was in progress, local Rotary Anas entertained Mrs. Wilson with a tea in the home of Mrs. Calloway Huffaker.

DR. HERSCHEL W. FORD

Baptist Revival Opening Sunday

Revival services will begin Sunday at the First Baptist Church and continue through November 24. Dr. W. Herschel Ford will be the evangelist. James Hollars, education and music director of the church, will direct the music accompanied by Mrs. Hazel Bennett and Mrs. Nan Adams.

Dr. Ford is a native of Monroe, Georgia. He graduated from Wake Forest College, North Carolina, with a Magna Cum Laude degree, and took his theological training at Southwestern Baptist Theological Seminary, Fort Worth. He received his Doctor of Divinity degree from Carson-Newman College of Tennessee.

He has held pastorates in North Carolina, Tennessee, Florida, Georgia and Texas. He was the first pastor of the Southside Baptist Church in Jacksonville, Florida, staying there for more than six years. For 16 years he served as pastor of the First Baptist Church, El Paso. During this time the church had a phenomenal growth and one of the most beautiful church auditoriums in the South was built and paid for. A new Sunday School annex was built and a new Chapel was erected and named in his honor. The church now has over 4,500 members. He retired from the active pastorate on July 1, 1963 and now serves as (Cont'd. on Back Page)

Bill Griffin In Service 20 Years

County Agent W. B. (Bill) Griffin was presented his 20-year service certificate and pin last week at the bi-district conference of Texas Agricultural Extension Service personnel in Lubbock.

The presentation was made by J. D. Prewitt, associate state extension director, College Station. Ollie Limer, county agent at Plainview, and Mrs. Jewell P. Robinson, home demonstration agent at Loveland, received similar awards.

Griffin graduated from Texas Tech in June, 1942, with a major in animal husbandry, where he was a member of winning judging teams. He entered the Army in July of that year and saw service during World War II in North Africa, Italy, and the British Isles. He was discharged May 15, 1945.

He became assistant county agent of Lubbock county on June 1, 1945, and came to Lynn as county agent on Jan. 1, 1947, and has served here since. He was married to Eloise Nettles on April 6, 1946.

As county agent here, he has coached many winning 4-H judging teams and livestock exhibitors, put the county show into one of the top county shows in Texas, and served as director of the Lubbock Junior and Panhandle South Plains shows, and the latter was dedicated to him in 1963. He received the Distinguished Service Award of the National County Agents Association in 1958, and in 1960 served as president of the Texas County Agents Association.

Mustangs, Dell City Will Play at Wilson

Wilson Mustangs, champions of District 3-B, will play Dell City of District 4-B in Wilson on Friday night of next week, Nov. 22, at 7:30 o'clock, for the right to advance in the Class B playoffs.

Wilson is playing Cooper at Wilson tonight, but cinched the play-off title game last Friday night by defeating Ropesville 29 to 16.

Dell City, in Hudspeith county, east of El Paso, was district champion last year and defeated Cooper Pirates, co-champion with Wilson, in the bi-district game played at Plains.

Wilson was selected as the play-off site this year, and plans are being made for a big crowd there Friday night of next week, states Supt. Leroy Scott of Wilson.

Tickets for the bi-district game will be \$1.50 for adults and 75 cents for students.

The News expects to have more details on the Dell City game next Friday.

O'Donnell Man Is Knifing Victim

Leo Bairrington, about 22, of O'Donnell, was slashed across the stomach and arms by a knife-wielding Mexican Saturday night in an altercation at a local filling station. Leo was taken to Tahoka Hospital, where 56 stitches were required to close the wounds.

County Attorney Harold Green said testimony showed Bairrington attacked the Latin, "Cowboy" Hernandez, whereon "Cowboy" defended himself. Neither party had filed a complaint against the other, Green said.

TURKEY SHOOT SATURDAY

New Home Civic Club is sponsoring a turkey shoot Saturday west of that community for benefit of the Boy Scout hut.

On Saturday, Nov. 23, New Home Senior Class is sponsoring another turkey shoot at the same site to help raise funds for the annual senior trip next spring.

38 4-H Members Get Awards Here

Thirty-eight Lynn county 4-H club boys and girls were honored Tuesday night at the annual 4-H awards banquet held in the Lyntegar conference room. Lyntegar sponsors the banquet each fall.

Approximately 110 people were served at the dinner.

L. H. Moore Jr. of New Home, an adult 4-H leader, was master of ceremonies in a brief program following the dinner and preceding the presentation of awards.

Bertice Askew of O'Donnell, also an adult leader, gave the invocation; the welcome address was by Charles Osborne of Lyntegar; and the response was by Ronnie Wood, O'Donnell 4-H club boy.

Awards were presented by Bill Griffin, county agent, and Mrs. Billie Carr, home demonstration agent.

Two youths, James White and Tonia Beckham, both of O'Donnell, received the Gold Star award.

White, 17, a junior in O'Donnell High School, is the son of Mr. and Mrs. J. F. White, and has been in 4-H work eight years. He has been active in swine, beefcattle, junior leadership, and entomology, and now is a junior leader for younger 4-H members in swine projects.

He received the county leadership award in 1962, has exhibited many champions in livestock shows, and has participated in beef cattle field days and showmanship contests. He was a member of the district and state championship entomology team in 1963 and was second high individual in the state contest.

Tonia Beckham, 14, a freshman in O'Donnell High School, is the daughter of Mr. and Mrs. Joe Beckham, and has been in 4-H work five years. She is active in home canning, gardening, home improvement, electric, entomology, dress revue, public speaking, recreation, cotton, sheep, and beef cattle demonstrations.

She was the 1961 county dress revue winner, the 1962 home eco (Cont'd. on Back Page)

GETS 20-YEAR SERVICE AWARD

BILL GRIFFIN

Close to 60,000 bales of cotton have been ginned to date in Lynn county. The News estimates, as many gins have been running around the clock the past week. Tahoka had ginned up until Thursday morning a total of 13,715 bales, an increase of 4,067 bales over the same period last week.

O'Donnell Index-Press reported 11,515 bales ginned in that city up to Tuesday morning, an increase of 3,000 bales the past week. O'Donnell giners estimated the crop 40 to 45 percent out in that section.

Local giners estimate the crop east of here 40 to 50 percent ginned, but a far lesser percent ginned over the north half of the county and other areas.

Ginning has been much slower in the northern half of the county, especially in irrigated and late-planted fields.

Farmers from all areas of Lynn county report the crop is turning out much better than most people had expected. Even in Grassland, Redwine and Draw areas, the crop is surprising many producers. Some farmers are still using defoliants and others are still waiting for a killing frost.

Very light frosts were reported in some sections on Nov. 1, again this Wednesday and Thursday mornings. Most farmers say they would welcome a hard freeze to permit machining cotton before possible wet weather.

The fall has been perfect for maturing the county's late cotton crop, but farmers say even the latest cotton has now done about all it can do and the freeze would help rush up the harvest.

Some hands are still being used to pull cotton, but the major portion of the crop this year is being machine harvested.

Guesses on the county's production this year have been raised, and guessing experts now estimate the crop all the way from 130,000 to 155,000 bales, but production is hard to estimate because of the extremely spotted conditions.

Elevators report milo receipts have dwindled to a trickle, although some maize remains to be harvested.

Former Citizen Killed In Kansas

Richard E. (Dusty) Rogers, 26, formerly of Tahoka, was killed from a blast from a shotgun at Sublette, Kansas, Sunday at about 4:15 p. m. Rogers worked here in 1958 for Gilmore & Jaquess John Deere firm.

His grandmother, Mrs. Grace Farris, uncle and aunts, Mr. and Mrs. Ward Farris, and Mrs. Jorene Wilmoth, all of Tahoka, attended funeral services held Wednesday at 10:00 a. m. in the Methodist Church at Sublette. He is survived by his wife, Frances Eleanor, and one son, Lee J., of the home.

Mr. Rogers was born Oct. 25, 1937, at Anadarko, Okla., had lived in Sublette only about six months, and was employed on a ranch near that town.

A farm hand, Bobby Lee Montgomery, 26, admittedly held the shotgun from which a blast entered Rogers' stomach, but claimed the shooting was an accident. There was no other witness. Rogers was killed in Montgomery's home. Officers have held Montgomery and were interrogating him. He has also been given a polygraph test, results of which were not known here Thursday morning.

The Tahoka relatives returned home Wednesday night from the funeral services.

ROBERTS IMPROVING

County Clerk C. W. Roberts, III at home here for about ten days, was able to come to his office for a short time Wednesday.

Tintype Picture Is Found Here

C. B. (Charley) Smith has given The News an old tintype picture possibly 80 or more years old which he thinks would be valued by the rightful owner.

He found the tintype some months ago in a door facing while remodeling the L. H. Bain home on South Third, east of the Santa Fe railroad.

The picture is of an elderly couple, and the man has a gray beard. The picture may be inspected at The News office.

Junior Choir Will Present Program At First Baptist

Let A Star, a Christmas cantata written especially for children's choir by Robert Graham, is being prepared by the Junior Choir of the First Baptist Church. Plans call for the presentation of the cantata during the church's annual Carol-sing on December 18.

The Junior Choir has an enrollment at present of 34 boys and girls. Director James Hollary emphasizes that membership in the choir is still open and that all boys and girls, age 9-12, are invited to join the choir regardless of their church affiliation. The choir will not meet this week because of the revival services scheduled at the church, but beginning November 27, the choir will resume its regularly scheduled meeting time of 7:15 - 8:30 p. m. each Wednesday in the First Baptist Church auditorium.

THE HAPPY DAYS

The family household in the old days was a busy, happy place, with the big kids taking care of the little kids, mother was kept busy in the kitchen, cooking, ironing, sewing and peeling and cooking vegetables out of the garden or cellar and cropping off a chicken's head and picking it. The old man worked twelve hours a day for three bucks to keep the household going. For some reason in those days folks were paying their bills, the divorce courts had no business, folks were not suing each other for an easy buck, and no one was having a nervous breakdown, and nobody knew what a tranquilizer was. Isn't it odd how they lived.—Artec, N. M. Independent-Review.

NAME-CALLING OFF!

The people who vote in presidential elections are, for the most part, not interested in such terms as "radical right" or "liberal left" or "moderates" or "middle-of-the-road" neutralists.

What the American people really want is to be confronted with a choice between constructive plans rather than derogatory labels. Name-calling doesn't solve rational problems. The main effort in political strategy of today seems to be to line up support among various minorities in the hope of getting a majority vote at the polls.—David Lawrence in U. S. The Short Co. Adds Dodge Cars And Trucks To Complete Chrysler Line

The Short Company this week announces the addition of the Dodge line of cars, pickups and trucks, giving this firm a complete line of Chrysler products.

Addition of Dodge gives The Short Co. the distinction of being one of the few dealers in Texas handling the entire Chrysler line, with more than 70 models to choose from.

These include the entire line of Chryslers, Dodge and Dart, Plymouth and Valiant, and Dodge trucks and pickups.

Harry L. Short says these automobiles are the only ones offering a five-year or 50,000-mile warranty.

Farm-City Week Is November 22-28

College Station — Accomplishments of farmers and agribusiness groups will be related to city dwellers as a part of the observance in Texas and other states of National Farm-City Week, November 22-28. Activities designed to give rural and urban residents a better understanding of their respective roles in today's complicated and competitive world will be included in the observance, reports the Texas Agricultural Extension Service.

Nationally, Kiwanis International is coordinating agency for the Farm-City Week observance. Dolph Briscoe, Jr. of Uvalde and Calvin Pigg of Renner have been named co-chairmen for Texas. They are encouraging widespread participation in activities which will encourage better understanding and neighborliness between urban and rural citizens.

Officials of the Extension Service point out that county Extension agents, 4-H Club members and leaders and county program building committees are putting the final touches on plans to participate in community and county activities. They will also cooperate with other groups and organizations, such as civic clubs, chambers of commerce, women's clubs, farm organizations, commodity groups and others.

The Extension officials and co-chairmen point out that agriculture in Texas, as well as the nation, is a dynamic industry. Last year in Texas the total value of agricultural products amounted to more than either the total manufacturing payroll, the total construction awards or the total retail trade payroll.

Texas annually produces crops valued at about one and a third billion dollars and livestock and livestock products with a value of more than one billion dollars. The total of all agricultural sales plus the value of products used at home brings the figure to \$2,447,000,000. Only oil produces a larger annual dollar, they say, and agriculture is the oil industry's largest customer.

First steam railroad was in 1830 between Baltimore and Ohio.

Garland Pennington Is Honored 25th Anniversary With Lyntegar

Garland Pennington received a big surprise Friday morning when he came to work at his office at Lyntegar Electric Cooperative, Inc., on his 25th anniversary as manager.

Awaiting him were friends, co-workers, and a decorated office in keeping with the occasion, and during the day fully 100 people called to extend him congratulations.

The surprise had been arranged unknown to Garland by Wilton

(Jim) Payne, assistant manager, and Lyntegar department heads. In addition to employees and local friends, among those dropping in were President Frank Harris of Ackerly, more than 20 years on the board; W. H. Moore, also of Dawson county, who has been on the board nearly 20 years; G. J. Hensley of Draw, whose dad was on the original board and whom he succeeded nearly 20 years ago; Ed Price of Lubbock, an early engineer on the project;

Glenn Newton and Jack Christian, manager and assistant of South Plains Electric, Lubbock; Roywood Basinger of Slaton, the original board secretary; and S. W. White of Meadow, another early director.

In Garland's office were his original desk and chair, the first maps, first check issued, early pictures, files of The News telling of his employment and the start of Lyntegar under direction of the late John Heck of Wilson and Attorney Tom Garrard, and on the wall a resolution from the present board in his honor. Also, there were many messages of con-

gratulations from high officials in Washington down to local friends. Employees served cake, coffee and cakes to visitors.

BARKER VISITS HERE

Fred Barker, formerly of Tahoka and now a Levelland banker, was here Monday visiting old friends. He said he got a big kick out of the recent column in The News as Tahoka was in the fall of 1923.

Area MYF Meeting Set At Sundown

The M.Y.F. program for Sunday, November 10 was presented by Bett Patterson and Dean Hamilton. It was entitled "One Nation Under God," and was concerned with the Christian awareness of our nation's abundance.

An important Brownfield District M.Y.F. meeting has been scheduled for Saturday, November 16 at Sundown. The meeting is to begin at 7:30 p. m. and the local M.Y.F. will leave by car from the church at 5:15 p. m. A speaker, meal, and recreation will be provided by the host church.

Beginning Sunday, November 17, will be a two-part program presented by the Rev. Aubrey White, pastor of the First Methodist Church. The program is entitled "Christianity and Other Religions" and will cover in detail the likeness and differences of Christianity and other major religions of the world.

The youth of the Methodist Church would like to extend an invitation to any and all youth of high school age in their area to be present for the first of these two interesting and important programs, at 5:30 Sunday evening.

Mrs. Maurice Small was released from Tahoka Hospital Thursday last week after having been a medical patient there several days.

Hard Work Pays Dividends For Top 4-H'ers

Learn by doing—a basic principle of the 4-H Club program, earned state honors and \$150 scholarships for two Lone Star State girls who put it into practice.

Winners selected by the Cooperative Extension Service are Rita Stubblefield, 18, Hale Center, and Carolyn Kay Sander, 16, Old Glory.

Miss Stubblefield, daughter of Mr. and Mrs. Joe M. Stubble-

field, won the scholarship, sponsored by the Sperry and Hutchinson Company, for her work in the home improvement program. The program teaches 4-H'ers the principles and materials involved in making the home more attractive and convenient at a minimum cost.

A veteran of 10 years of 4-H work, Miss Stubblefield has improved 10 rooms and made 178 articles in her home improvement projects. She has won three Hale County awards in the program and was named alternate in state competition.

A junior in Old Glory High School, Miss Sander, daughter of Mrs. P. A. Sander, won her scholarship for achievement in the 4-H Club health program. Her scholarship was donated by Eli Lilly and Company.

Runner-up winner in the State 4-H Health Contest in 1962, she has been chairman of the March of Dimes Drive in high school for two years.

Of the 2,225,000 4-H members directed by nearly 11,000 County Extension Agents, 197,700 are enrolled in home improvement programs, and 699,500 work on health projects.

New Home PTA Met Last Week

November 7th the New Home Parents-Teachers Club met with Mrs. Mary Louder presiding and minutes being read by Mrs. G. D. Mayfield. There were twenty-four members present.

The different committees which have been appointed in previous meetings reported on their different projects. The birthday calendars were reported to be at the printers and would be ready by Christmas, the patio of the new school will be landscaped by the Parent-Teachers Club as soon as possible. Mrs. Joe Mac Armontrout and Mrs. O. R. Phifer, Jr. are in charge of making arrangements for obtaining glasses and silverware for the cafeteria.

All New Home parents and teachers are urged to attend these meetings as they are important to the school and the students attending school.

Cafeteria Menus For Next Week

Menus at Tahoka school cafeteria for next week are announced as follows:

Monday: Barbecued weiners, cheese sticks, cream potatoes, green beans, tossed salad, rolls, butter, apple butter and milk.

Tuesday: Hamburgers, onions, tomatoes, pickles, lettuce, buttered potato, peach cobbler, and milk.

Wednesday: Chili beans, spinach, glazed carrots, pickled beets, cornbread, chocolate pudding, and milk.

Thursday: Meat loaf with cheese, buttered broccoli, buttered corn, fruit cup, cookies, and milk.

Friday: Fish, tartar sauce, English peas, buttered potatoes, carrot sticks, banana pudding, and milk.

Congratulations—

Mr. and Mrs. Ray Eidleman of T-Bar Ranch on the birth of a 6 pound 10 ounce daughter November 5 at Mercy Hospital in Slaton.

Mr. and Mrs. Rudy Roudolfo of Lubbock on the birth of a daughter, named Mario Andrew, and weighing six pounds, two ounces, in Tahoka Hospital on Sunday.

THE AMERICAN WAY

Don't You Mean Extreme Good Sense?

WILL RIGHT OF TRIAL BY JURY BE TAKEN AWAY?

For the first time in the peacetime history of the United States, it is proposed in legislation now pending before Congress to deny the right of trial by jury!

This is one of the more important (and least publicized) aspects of the S. 1731 and H.R. 7152. Under this insidious bill, the judgment of Federal inspectors, appointed to bring about social reforms, would supersede our traditional and Constitutional judicial processes.

Through the sly device of eliminating criminal penalties, those who drew the bill have made it so a violator of the "public accommodations" section (Title II), would be hauled without hearing before a judge and placed under Federal injunction to cease and desist whatever act of discrimination the Federal overseer may have charged him with. And the penalty would be fine or imprisonment for contempt of court—from which there is no appeal!—Chipley, Fla., News.

DON'T CHANGE AMMUNITION

You may ridicule the idea, but experts tell us that guns are highly sensitive to ammunition change.

For instance: If you have carefully sighted-in your rifle before deer season, using Brand X, then switch to Brand Z for the actual hunt, even though Z is of equal quality, your gun is apt to shoot off-target.

So the best bet is to stick to the same brand of cartridge throughout the season—unless you intend sighting-in the weapon again.

REMOVE RUST FROM GUN

After each trip in the field—especially after hunting over water—you will notice small pits of rust on your gun barrel. These are caused by sweat and other moisture.

If attended to at once, these pits can be removed by an ordinary typewriter eraser. Such an eraser won't damage gun bluing as steel wool or sandpaper will. When gun is badly rusted, soak well with rust solvent before using eraser.

Mrs. Junior Hardt was dismissed Sunday from Tahoka Hospital, where she was a medical patient.

Mrs. Cody Bragg, medical patient in Tahoka Hospital, is now at home.

COLD WEATHER CLOTHING

We Texans are so used to warm weather that when dressing for a winter hunting trip we either overdo it or underdo it. Then we spend the rest of the day roasting or freezing.

Try to remember, when selecting hunting clothes, that air space is very important. It gives more warmth with less weight. Two pairs of middle-weight woolen socks will keep your feet warmer than will one pair of heavy woolies. Two lightweight wool shirts will do better than one heavy garment.

A FEW HUNTING DON'TS

Never say anything against your hunting partner's dog. Also, don't pat it or feed it. And don't give the dog orders. If you kill a bird, tell the owner... not the dog. Follow these don'ts and you'll keep the respect and friendship of your partner.

Wendell Medlin, son of Mr. and Mrs. Glenn Medlin, a medical patient, was released from Tahoka Hospital last Friday.

Mrs. B. R. Tate went home Saturday from Tahoka Hospital, where she was a medical patient.

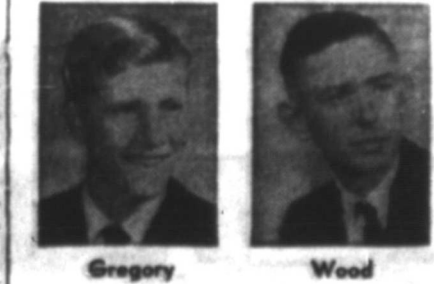

W. P. Scott was a recent patient in Tahoka Hospital.

Talented 4-H'ers Earn Honors For Best Projects

Two Texas teen-agers are among more than 25 members of the Texas delegation to the 42nd National 4-H Club Congress in Chicago.

Award winners, selected by the Cooperative Extension Serv-

ice, are D. N. Gregory Jr., 18, Paducah, and Ronnie Wood, 18, O'Donnell.

The youths were among 1,500 state winners staying on Chicago's lakefront at the Conrad Hilton, one of the world's largest hotels and the site for many years of the annual congress.

Gregory, son of Mr. and Mrs. Deward Gregory, won state honors and the trip, as guest of the Arcadian Products Department, Allied Chemical Corporation, for his field crop project.

President of the Paducah High School 4-H Club, he won the 1962 District Field Crops award and the Gold Star award at the 1962 Cattle-King 4-H Achievement Banquet.

Wood, son of Mr. and Mrs. J. M. Wood, won the trip, sponsored by Moorman Mfg. Co., as 1963 winner in the Texas 4-H swine program.

A senior in O'Donnell High School, he has shown the grand champion pen at the Three-Area Show two years and the reserve breed champion in the state show for three years.

"Ronnie has grown with his 4-H program," Mrs. Wood said. "As he has added new projects, he has become more dependable and responsible."

Queen Crowned At New Home

Miss Diane Corbell was crowned queen at Homecoming ceremonies Friday night prior to New Home's game with Meadow. A sophomore, Diane is the daughter of Mr. and Mrs. Dwight Corbell. She was crowned by James Smith.

Terry Brown, senior, who is the son of Mr. and Mrs. Claude Brown, was crowned pep squad "beau" by Miss Janie Milliken.

Princesses were Miss Milliken, daughter of Mr. and Mrs. Byron Milliken, and Gaylyn McMillan, daughter of Mr. and Mrs. P. D. McMillan. Both girls are seniors. Also honored were James Smith, son of Mr. and Mrs. Jim Bob Smith, and Dave Hancock, son of Mr. and Mrs. Billy Hancock.

At the annual Ex-Student banquet before the game, there was a fine turn-out and the teams of 1941 and 1951 were honored. Plans are already underway to honor the graduates of the first five years from New Home starting in 1950.

New Ex-Student officers are: Mrs. Sue Armontrout, president; Leland White, vice president; and

WILSON 4-H CLUB PLANS LIVESTOCK PROJECTS

The Wilson 4-H Club met on Tuesday, Nov. 12, with 22 members present.

Mr. Bill Griffin, county agent, and his assistant, Mr. DeBord, discussed the different types of 4-H Club work, and plans were made for securing livestock for the members. — Mike Coleman, Club reporter.

Why should you buy U.S. Savings Bonds when there are so many other good investments?

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either through the Payroll Savings Plan where you work by just asking your employer to put part of your wages aside towards a Bond or by buying Savings Bonds at your bank.

Another unique advantage of U.S. Savings Bonds is the way they stick with you. You can get your money any time. But if you're like most people, you'll hang onto your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks and savings institutions that sell them don't charge you a penny for the service.

Important facts about U.S. Savings Bonds

- You get \$4 for every \$5 at maturity
- Your Bonds are replaced free if stolen, lost or destroyed

Farmers May Clean Up Premises To Help Prevent Weevil Hibernation

College Station (Spl)—The only thing High Plains farmers can do now about boll weevils is to conduct a thorough cleanup around farms, gins, city dumps, and farm buildings after harvest. That's because officials of the Texas Agricultural Experiment Station say only an intensive research program—already planned—can provide definite answers to the control problem.

Such a cleanup program can reduce possible numbers of hibernating weevils and the elimination of such areas would also reduce possible habitats for weevil hibernation.

A basic question must be answered before the most effective control programs can be initiated, explains Dr. J. C. Gaines, head of Texas A&M University's Department of Entomology. That is, do boll weevils overwinter above the Caprock?

To get the answer, he says about 150 cages are to be placed in possible over-wintering areas—such as soil bank land, mesquite brush and shinnery areas. Locally collected weevils will be placed in the cages this fall and those surviving will be recorded next spring. If weevils survive in the cages, then the overwintering

question will have been answered, he says. W. L. Owens, associate entomologist at the Lubbock Substation is in charge of this phase of the research work. Dr. Gaines explains.

Negative results from these studies, however, he adds, will not necessarily be conclusive since additional overwintering studies will be necessary for a 3-5 year period in order to get a complete answer.

In addition to the cage studies, trash samples from possible overwintering sites will be examined during the coming winter to determine whether weevils are hibernating in the various habitats. This may also give the research workers an indication of the relative importance of the overwintering environments in the overwintering picture. Early spring examinations of early planted cotton for weevils will also contribute information regarding possible overwintering of weevils on the Plains.

If the research as planned indicates positive overwintering, Dr. Gaines says a fall control program offers the most logical approach to reduce the number of weevils above the Caprock. Significant reductions in overwintering populations are possible by controlling weevils in the fall before they en-

SMALL BUSINESS

Unless the Congress takes some immediate action, it is possible that in a short time it will find itself in the middle of another middle even more serious than the postponed railroad shutdown.

James Hoffa, the boss of the trucking union, has already made it plain that before this year is out, he is going for a master contract covering all trucking operations in the nation.

Since early in the year Congress has had before it a bill introduced by Rep. David Martin of Nebraska that would prohibit industry-wide labor bargaining.

Led down a primrose path by many issues of diversion, so far the Congress has failed to seriously face the problem which the nation faces.

The nation's independent business proprietors, voting through the National Federation of Independent Business, support this measure by a majority of 87%.

Obviously, as was quite widely discussed in the communist backed trade union movement in the early '30's, if control can be seized of the nation's transportation facilities, the nation is helpless.

Delay in acting can be dangerous. For example, in 1962, the Congress failed to take action on a bill introduced by Senator John Tower of Texas, which would have prohibited

unions from interfering with management decisions affecting the achievement of savings or economies from making use of modern developments. This, too, was supported by the nation's independent business proprietors by a majority of 93%.

Failure to act on this measure made it possible for the present railroad situation. And although no strike has taken place, the groundwork has been laid for extensive socialization of the nation's railroads.

Railroad management, with the diesel now replacing the coal fired locomotives, believes economies can be achieved by eliminating firemen, by changing some work rules. The unions threatened to strike. This would have paralyzed the nation.

So, an arbitration board is now at work, with the findings of this board binding on both sides. It is not conceivable that this board will turn down all of labor's demands to maintain "feather bedding," which only means higher freight rates to the consumer.

Thus, railroad management will end up with hands tied. Here then will be compounding of the evil that Senator Tower's bill was designed to correct. Not only will labor be compelling management to operate inefficiently, but it will now have government backing.

And if the Congress does not act on Rep. Martin's bill, there is nothing to stop Hoffa from becoming the most powerful man in America. It is little wonder that foreign dollar holders make greater demands on U.S. dwindling gold reserve in exchange. Nobody bets on a horse with three legs.

GRASSLAND NEWS

(Mrs. O. H. Hoover)
The old lady is tired this morning—had a party last night. The Past Matrons club of Post and Southland met in the Hoover home Monday night with Mrs. Willie Cross as co-hostess. We had a nice meeting with 15 present.

Rev. J. E. Yeats of Grassland held services in the LaVoy Nursing home in Tahoka Sunday.

Mr. and Mrs. Charles Jackson and children of Andrews and Mr. and Mrs. Harold Blackstock and girls of Morton were visitors in the home of Rev. and Mrs. C. R. Smelser Sunday.

Mrs. A. Z. Sewell, Mr. and Mrs. W. T. Luttrell and Mrs. C. R. Smelser left last Wednesday. Mrs. Sewell stopped at Aspermont and visited an old friend there, Mr. and Mrs. Luttrell spent four days in the home of their daughter in Olney and Mrs. Smelser visited in the home of her mother, Mrs. S. B. Box in Vernon.

Rev. and Mrs. Jane Harrell of Amarillo visited a while last Saturday with Rev. and Mrs. C. R. Smelser.

Visitors in the C. E. Short home last Sunday for lunch and afternoon were their two sons and families of Tahoka, E. L. Short and family and Harry L. Short and family.

Mr. and Mrs. Leroy have returned from their vacation in San Augustine, Texas.

Mr. and Mrs. Roy LeMond and Mr. and Mrs. Huston Hoover had lunch with their mother, Mrs. H. W. Edwards, in Tahoka Sunday.

Mrs. Roba Turner, Mrs. W. C. Bush and Mrs. O. H. Hoover attended the culture club banquet in Post Thursday night.

Attending the district W.S.C.S. conference in Sundown last Thursday were Mrs. Porterfield, Mrs. E. M. Walker, Mrs. Yeats and Mrs. Roy LeMond.

We extend our heartfelt sympathy to the family of Will Wright in their bereavement. May God bless and comfort all of you.

Mrs. Amos Gerner visited with her mother, Mrs. O. F. Haley last Friday. She is slowly improving. We wish her a speedy recovery.

Mrs. O. H. Hoover, Hervert C. Hoover and grandson, Doyle, spent the week end at Stamford Lake fishing but didn't get very many fish. We had a lot of fun boat riding and just plain resting.

Mrs. Amos Gerner visited Mrs. Faye Claborn and daughter, Mrs. Marie Anderson and children of Roswell, N. M. Friday. All of them attended the Post-Denver City football game in Denver City Friday night.

Mrs. Lawrence Gerner and Laura attended the Golden Wedding anniversary of Mr. and Mrs. C. E. Gray Sunday afternoon and visited with old school mates and friends they hadn't seen in 25 years or more.

Mrs. Amos Gerner, Laura and Peggy Claborn and Ester Carpenter visited Mr. and Mrs. Peter Gerner in Post Sunday afternoon and also visited awhile with Mrs. Faye Claborn and daughter and Mrs. Marie Anderson and children.

Those visiting Mrs. O. F. Haley Sunday afternoon were Mr. and Mrs. R. W. Haley of Tahoka, Mrs. Faye Claborn of Post and Mrs. Anderson and girls of Roswell.

Mrs. Lawrence Gerner visited Mr. and Mrs. J. M. Haley Monday morning.

Mr. and Mrs. Ralph Dean and family spent the day in Big Spring Sunday with Mr. and Mrs. B. W. Condron.

Jim Patterson had a heart attack Wednesday morning. He is on the critical list and under oxygen in Mercy Hospital at Slaton.

Rev. and Mrs. Ira Campbell had a steak lunch with the Pattersons on Tuesday.

Mr. and Mrs. Carlos McCleskey and Mr. and Mrs. W. G. McCleskey had supper Friday with the C. O. McCleskeys.

Mrs. G. H. Spears fell and broke her pelvic bone in two places. She is in Tahoka Hospital and is doing as well as can be expected.

The W. L. Gribbles, W. G. McCleskey, T. J. Murrays and Mrs. Lucy Cunningham attended the big singing in Slaton Sunday. This convention is held only twice a year, June and November. Singers come from far and near.

Herman Huffaker and E. B. Gregg have gone to Colorado Springs for Mrs. Huffaker. She has been there quite some time visiting her children.

There was a zone meeting of the Sunday School of the Nazarene Church, Lamesa Zone last Monday night. A large group attended.

Mr. Mac Ritchey went to church Sunday and led the singing. It was the first time he had tried that since he had trouble with his heart some years ago.

Mr. and Mrs. Morris Huff and Traci visited Mr. and Mrs. De

Grover Watson has returned home from the hospital and is doing fine.

Mrs. Calvin Cooper, Mrs. Bulard and granddaughter, Kathryn, of Post, visited Mrs. C. C. Jones. Another visitor was Mrs. Beulah Pridmore of Tahoka. Mrs. Jones also had a visitor whom she had not seen in 35 years, her cousin, Norman Bullock of Dallas. He has been out of Texas 35 years and just returned. He is a men's clothing salesman.

Mrs. Edith Inklebarger was honored Tuesday, Nov. 5, on her 75th birthday with a shower of lovely gifts and a birthday cake. Two of her daughters, Mrs. Virginia Terry and Mrs. Inez McGrew and granddaughters, Mrs. Ronnie McGrew and Mrs. Jerene Rains and great granddaughters, Sherri McGrew and Robin Rains, all of Lamesa, and sister, Mrs. O. H. Hoover, dropped in to see her. Although she was not at home when they arrived, they left their gifts and the cake on the enclosed back porch and was she surprised when she returned home later in the day! Incidentally, Mrs. Terry went back later and had coffee and cake with her mother. We wish for her many more enjoyable happy birthdays.

Visitors in the C. A. Walker home Sunday were Mr. and Mrs. L. J. Walker, Dennis and Tim of Littlefield.

Robin Rains, granddaughter of Mr. and Mrs. Jim McGrew, was admitted to the Medical Arts Hospital in Lamesa Thursday and has been very ill.

College Education Is Tremendous Help Toward A Lifetime Income

(Special To The News)
New York, Nov. 9 — From a purely dollars-and-cents standpoint, does it pay young men in Lynn county to stay in school longer?
How much more does the average person with a college background make, during his working career, than one who has not gone beyond high school? What advantage does a high school graduate have over an elementary school graduate?
These questions have come to the fore in connection with American Education Week, November 10th to 16th.
The measure of what the typical local man is worth these days, in terms of earning capacity, is based on special studies made by the Commerce Clearing House, the Department of Labor, the Department of Commerce and others.
They show that in Lynn county, taking into account the amount of education he is now acquiring and assuming no change in economic

conditions, he can expect to earn a total of \$196,000 during his working years.
This prospective lifetime income compares favorably with the expectations in many other parts of the country.
All the findings point to a direct relationship between the amount of schooling a person gets and the amount of money he will make during his lifetime.
There was a time, up to about 20 years ago, when experience was more important than education. Those days have passed. Not that experience is no longer a real factor in determining income. The studies show, rather, that education carries more weight.
It costs the average teenager in the United States some \$46,360 for failure to complete high school, according to the Commerce Clearing House.
The loss amounts to 22 percent of what might have been earned in his lifetime.
On the basis of annual income, it reports, the high school graduate can look forward to earning an average of \$5,567 a year. For the high school drop-out, the average is \$4,618.
The latest figures show the educational level of the adult population in Lynn county to be relatively good. The median years of schooling locally is 9.7.
Mrs. Jackie Condren is a medical patient in Tahoka Hospital.

Highway Patrol Reports Wrecks

The Texas Highway Patrol investigated eight accidents on rural highways in Lynn county during the month of August, according to Sergeant A. E. Roberts, Highway Patrol supervisor of this area.

These wrecks accounted for six persons injured and an estimated property damage of \$3,410.00.
The rural traffic accident summary for this county from January through October of 1963 shows a total of 64 accidents resulting in seven persons killed, 38 persons injured and an estimated property damage of \$39,455.00.

The Sergeant said, "Don't walk yourself to death," that is a slogan we would like for you to remember for the rest of the year. November and December are noted as dangerous months in traffic and especially for pedestrians. During these last two months of 1962 in Texas there were 65 pedestrians killed and 768 injured in collisions with motor vehicles. There are many reasons for this: longer hours of darkness, bad weather, pedestrians not visible to drivers, holidays and lack of drivers and pedestrians concentration.

The veteran patrol supervisor stated some tips to aid both the pedestrian and drivers. Always wear something light colored when walking after dark. If possible, carry some kind of light, walk on the left side of the road facing traffic day or night so that you can see approaching traffic. If you have a dark colored raincoat or overcoat, put a strip or two of reflectorized material along the back and front when walking on the highway or street.

Donkey Ball Game Set At New Home

There will be a benefit donkey basketball game Saturday night, Nov. 30, at 7:30 p. m. in the New Home School gymnasium sponsored by New Home Young Farmers for benefit of the FFA chapter.

R. L. Dulin of the Young Farmers says advance tickets will be 75 cents for adults and 25 cents for children but tickets at the door will be \$1.00 and 35 cents, respectively.

New Home Ladies Bowling Results

Bulldogs Take 14 to 6 Victory Over Sundown

Tahoka's young Bulldogs made a remarkable come-back Friday night at Sundown to prove to fans (and themselves) that they can get up off the floor and win ball games by aggressive play when they took the highly favored Roughnecks 14 to 6.

The game was even more one-sided than the score indicates, as the Bulldogs were within striking distance of the goal four times, one touchdown was nullified by an offside penalty, and except for one lapse completely stymied the Sundown team.

The boys, playing with only one senior in the line-up, dedicated the game to their stellar senior guard and linebacker, Gary (Barney) Grogan, in the hospital following an appendicitis operation.

Nine juniors, six sophomores, and three freshmen saw action in the game. Coaches Gilbert Hough, Dave Easterday and Mill Pitts were greatly encouraged by the performance and think these boys are going "to play a lot of football for Tahoka next year."

The game featured a hard-charging line, gang tackling, and fine blocking. The Bulldogs allowed Sundown only two first downs in the first quarter, one on a touchdown run, and not another first down until the fourth quarter. Sundown made four first downs in the fourth, two of these by penalties and one by a pass in the fading seconds.

Actually, the defense was outstanding, but HB Gary Tomlinson managed more yards rushing, 112, than the entire Sundown team, 102. Sophomore Freddie Pierce ran for 47 yards, and played great on defense, as did FB Adolph Chapa, who had only 32 as Sundown was jamming the middle of the line to stop him. QB Terry Harvick called a fine game, and may have found himself as a passer, completing seven for 76 yards.

Jim Wells, who played a great game as defensive end, covered

the on-side opening kick-off on the Tahoka 40. Tahoka made 9 yards in three plays, punted, and Sundown seemed to have a drive started as they went for one first down rushing, bogged down, punted, and Pierce fumbled the kick and Sundown recovered. One play made five, and then HB Jimmy Morgan broke through right tackle and raced 57 yards untouched for Sundown's only score with less than four minutes of the game gone.

Tahoka now went into business, rolled up four first downs in moving from the home 37 to the Sundown 9. Pierce, Tomlinson, Chapa, and Harvick ate up yardage, and Harvick passed 5 yards to End Eddie Howard, 11 to McWhirter, and finally 9 to McWhirter. But, Sundown defense stiffened and Tahoka lost seven yards on three plays.

The Bulldogs held Sundown to seven yards, although the Roughnecks got in one good run nullified by a clipping penalty, early in the second quarter.

Sundown's Decker got off a short punt, almost blocked, from his 18, and Mitchell Williams ran it back to the Sundown 38. Tomlinson made two, two passes were incomplete, and then Harvick hit Howard with a 26-yard pass on the 10. Pierce made two, Harvick one, and then Harvick tossed to Howard in the end zone to tie the score 6-6. Larry Jolly's place kick was low.

O'Donnell Ends Year At Wink

O'Donnell Eagles wind up their 5-A conference season tonight in an effort to upset the powerful Wildcats at Wink, and many Eagle fans will follow the team to Wink in a chartered bus to boost their "Lynn county champions."

Last Friday night, the Eagles lost to the 5-A championship Seagraves Eagles 32 to 12, but not before putting up a gallant fight. Seagraves' Clyde Keltner went five yards for the visitors' first score and then added the extra points. O'Donnell came back to score with QB Fen Taylor going the last yard on a successful drive but conversion failed.

But, in the second quarter, Seagraves took a 24-6 halftime lead on Keltner's second touchdown, another by Monty Sansom and Keltner running both conversions.

In the third, the home boys' Jimmy Barton ran 45 yards to score, but conversion again failed. Seagraves wound up scoring in the fourth with Sansom going over again and adding the conversion. Playing their last game tonight

Wilson Mustangs wouldn't be denied Friday night as they raced to a 20 to 16 victory over the favored Eagles at Ropesville. As a result, Coach Doug Duncan's boys gained no less than a tie for the District 3-B championship and the right to represent the district in the bi-district play-offs.

But, for a clear-cut championship, the Mustangs must win tonight at Wilson over the Cooper Pirates. Judging from past performances of the two teams, Wilson should take Cooper handily. Cooper has won over New Deal 8 to 0, Whiteface 14 to 8, and Sands 45 to 0, but has lost to Lorenzo 6 to 12, Lazbuddie 14 to 28, Whitharral 14 to 22, New Home 8 to 18, Meadow 14 to 31, and Ropesville 12 to 48.

The Mustangs have won all four conference starts over Sands 42 to 0, New Home 46 to 6, Meadow 12 to 6, and Ropes 20 to 16. They won their opener over Lazbuddie 34 to 6, dropped games to Amherst 6 to 13 and Class A O'Donnell 12 to 21, and defeated Anton 32 to 6 and Whiteface 42 to 0 before starting conference play.

Amherst upset Whitharral 42 to 12 Friday and will possibly represent District 2-B in the bi-district clash with Wilson.

Last Friday at Ropes, the Mustangs had to come from behind to win. Ropesville scored first in the second quarter when Mike Timmons bulled over from the three yard line and then ran the conversion. But, Wilson bounced right back to score when Sammy Crow

for O'Donnell will be seniors Larry Callaway, Jimmy Martin, Don Blair, Rosendo Luna, Lyndol Askew, Terry Phillips, Ray Casarez, V. J. Barrera, and Jesse Lopez.

New Home Ends Season Tonight

New Home Leopards will wind up tonight with Ropesville Eagles the most successful season the Lynn county team has had in many years.

Playing their last game for New Home will be six seniors, Elton George, Max Blakney, David Unfried, Terry Brown, Dave Honcock, and Jerry Todd. The boys say they expect to go all out in an effort to upset the favored Eagles.

Terry Brown, the Plains leading scorer this year, will be attempting to add to his point total which now stands at 140, as will Kenneth McClung, the sophomore break-away runner, who has 85 points.

The Leopards dropped a heart-breaking decision Friday night at home to their old rivals, the Meadow Broncos, by a 21 to 16 score.

Meadow scored first on a TD by Bill Sturdivant from three yards out and Don Carroll kicked the conversion. But, New Home came back to take an 8-7 lead as QB Elton George sneaked over from a yard out and Brown ran the conversion.

Sturdivant passed to Leonard Melcher 20 yards to regain the lead 13-8, but New Home got back

in the game as George went around end five yards for another score and Brown ran the conversion to go in front 16-13 going into the fourth quarter.

Meadow came back in the fourth to score on Carroll's 15 yard run, and Sturdivant passed to Richard Copeland on the conversion for the final score of 21 to 16.

B-TEAM TIES O'DONNELL 14-14 IN LAST SCHEDULED GAME

Tahoka "B" team tied O'Donnell 14-14 there Thursday night of last week in the local squad's last scheduled game of the season.

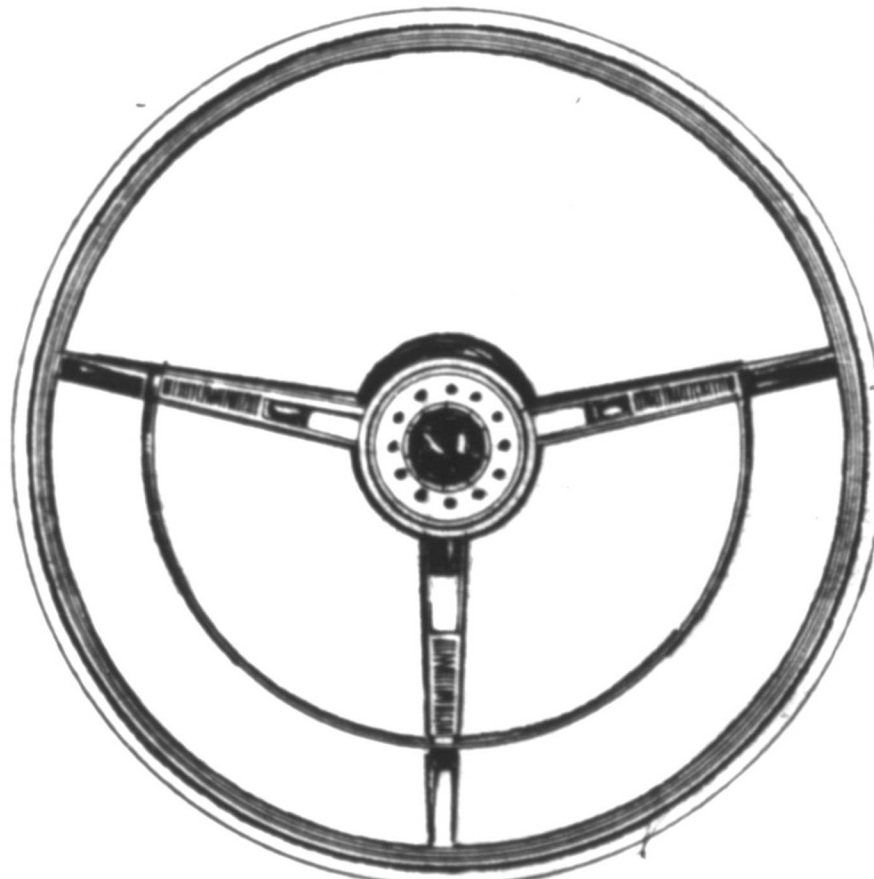

Bennie Limon was responsible for a Bulldog touchdown and Mike Davis ran across the other. Danny Coburn was successful in crossing the goal line for a conversion of two points.

Defensive standouts in the game were Coburn, James Moffitt and Mike Davis.

\$204,000 loan from REA, has grown into a multi-million dollar business with about 70 employees serving about 12,000 meters in all or parts of ten area counties and has become one of the top electric cooperatives among 937 such organizations in the nation.

Texas voted down the proposal to do away with the poll tax as a prerequisite for voting. Just another sign that Texas people are getting fed up with programs of the Liberals and don't "cotton-to" turning things over to the "have-nots."

Here's a rose for Garland Pennington, who on Friday completed 25 years as manager of Lyntegar. Garland went to work as manager on November 8, 1938, at a time when he knew a lot more about pigs than he did about electricity.

Fred McGinty thinks this is a small world. Last week, when his daughter Montie was honored at the Lubbock Rotary inter-city meeting as the third daughter of Fred's to serve Tahoka club as "sweetheart," J. Ed McLaughlin of Ralls, past president of Rotary International, arranged for Fred and Montie to have their picture taken with the speaker, Jeff Williams, nationally famous humorist-philosopher.

Here are a few quotes from Jeff Williams, the humorist-philosopher: Federal aid to education ought to start with arithmetic in Washington. The greatest race problem is the human race. There is only so much to provide as we can produce.

Sen. John J. Williams, R-Del., told the Senate recently that one Herbert K. May has been permitted an "honorable resignation" from the State Department despite eight years' income tax delinquencies.

We have received a formal invitation to the "Texas Welcome Dinner" in Austin Nov. 22 for our President and Vice-President. We appreciate the honor, but two tickets cost \$200.00 and we don't feel like eatin' that much at one sittin'.

Speaking of invitations, we never in our life had so many invitations from so many sources as we had to the recent called-off visit of Sec'y. Freeman to Lubbock—a half dozen from Lubbock, three or four in Lynn, and one each from Brownfield, Seminole, and Plains.

Seems like Mr. Kennedy, when running against Mr. Nixon, was pretty critical of the Republicans on their dealings with the Communists. Now it turns out, JFK really meant the Republicans were not soft enough on Communism and were not cooperating well enough with Khrushchev.

And, we people right here who depend almost entirely on cotton for a living buy synthetic socks and shirts and dresses, wrap cotton bales in burlap, and even this newspaper printed a Home Demonstration article recently on advantages of synthetic materials.

All of us need to accept Hockley county's challenge. Put our money where our mouth is... wear more cotton... use more cotton... talk cotton... down with synthetics... promote cotton or figure out a way to eat it!

Wilmer Smith has been doing what he can for Plains agriculture a long time. Among other things, since about 1958 he has been a member of a sort of advisory committee called the Cotton and Cottonseed Research Committee. Incidentally, this committee is being combined with, of all things, the Tobacco Committee, by Secretary Freeman. Word is out that present members appointed before 1960 will be "revolved," or left off.

We received this anonymous message in the mail: "There may have been some who came a great distance for the THS Homecoming—but I'll bet that none put out greater effort than Perry Flippen! He rode a bicycle from Abilene, Texas, to Tahoka to attend the Homecoming."

Dick Turner and Morris Renfro of New Home say John Miller, Lubbock barber and New Home pioneer, is making a list of pioneer New Home citizens and happenings. The News hopes to get some interesting history from him.

Kern Tipton who describes on radio Bill Chaney's Humble-sponsored Southwestern Conference football broadcasts is the best in the business. We like his unusual descriptive expressions. Here are some from Saturday's Baylor-Texas battle: "Bright-eyed and bushy-tailed" (broken-field runner); "Sugar-foot" Crosby (the Texas barefoot place-kicker); "Reading his mail" (diagnosed the upcoming play); "The game of musical chairs" (rash of fumbles and interceptions); "Adrenalin has flowed like water" (a tense game).

HERRING REGAINING SIGHT FOLLOWING EYE OPERATION

A. E. (Ernest) Herring, who lives in Lubbock but farms north of town and is a member of Tahoka Rotary Club, underwent surgery on both eyes in Methodist Hospital in Houston a few weeks ago. He says the operation was entirely successful, and he is steadily regaining his eyesight.

But, he says, no one knows how helpless one feels when he is deprived of eyesight even for a few weeks.

En route to Houston, he and Mrs. Herring made-up his attendance at the Rotary Club in Henderson, over in East Texas, and

several members of that club, total strangers, sent him best wishes while he was in the hospital. Likewise, he says he was never treated any better anywhere than he was by the staff and management of that hospital.

Kind words never die—they just become victims of ingratitude.

Sundown . . .

(Continued from Page 1, Sec. 2) half, two passes were incomplete, Chapa ran for 13 yards and Tomlinson for 16, but time ran out as Decker intercepted a Williams pass on the Sundown 20 to end Tahoka's second threat.

Early in the third quarter, Tahoka had another chance when Harvick punted 41 yards to the Sundown 20, where the ball was fumbled and Howard, the tackler, recovered. But, two running plays, a fumble, and an incomplete pass nullified Tahoka's threat on the Sundown 19.

But, Tahoka stopped the Roughnecks, took over on a short punt on Sundown's 40. Tomlinson and Pierce moved the ball to the 21, and it was then that Tomlinson raced around left end 21 yards into the end zone, but Tahoka was off sides. Pierce lost a yard, and then Harvick's fourth down pass to Chapa was good for six, but not enough for a first down. Next time in the quarter Tahoka had the ball, Sundown's Decker covered a

Tom Owens Will Move To Anson

Thomas L. Owens, who has been in Tahoka two and one-half years with the Soil Conservation Service, is moving to Anson where he will become assistant county manager of Farmers Home Administration.

He will attend an eight-week training meeting in Lubbock before assuming his new duties. Mr. Owens came to Tahoka from Mt. Calm, Texas.

Every day is safety day.

Tahoka fumble on the Sundown 44.

In the fourth quarter, Tahoka held, took over on its own 32, made two, then was penalized for clipping back to the 19, punted, and Sundown made one first down and another 15-yard penalty on Tahoka put the Roughnecks in business on the Tahoka 36. However, two plays later Tahoka's Jack Edwards covered a Sundown fumble on the Tahoka 26. Harvick completed a pass to McWhirter on the Sundown 26, nullified by a clipping penalty which moved the ball away back to the Tahoka 24. Tomlinson and Chapa carried for 17 yards, but Tahoka had to punt. The Bulldogs pushed Sundown back five yards on three plays, and then took over on the punt on the home 30. Tomlinson made four. Sundown was penalized 15 for tackling the Tahoka boy out of bounds, Pierce got away on a 12 yard run, and then Tahoka drew 15 yards for clipping.

With three minutes left, Tomlinson went around left end 16 yards, a pass was incomplete, and Chapa caught a 12-yard pass to the Sundown 28. Tomlinson again circled left end 22 yards out of bounds at the Sundown 6. Pierce lost a yard, and then Gary put all he had in a seven-yard scoring run to the flag in coffin corner for Tahoka's second TD. Chapa ran the conversion over left tackle for two points and the final score of 14-6, with 1:05 left of the scoreboard clock.

Decker ran Jolly's kickoff to the Sundown 44, a pass to Morgan was good for 9, and Tahoka drew its fifth 15-yard penalty for the fourth quarter on the next attempted pass for roughing the passer. Another pass was incomplete, and with three seconds left Sundown completed a second pass for 16 yards, and time ran out.

All the boys played great ball. It was a team victory. Fine moments were enjoyed by Jack Edwards, Mike Curry, Larry Jolly, Dennis Clem, and Roy Isham, Chapa played his usual good game. Jim Wells turned 'em in at end, and Howard and Pierce were in on a lot of tackles. McWhirter and Howard looked good on pass receptions, and Rett Patterson, Stanley Renfro, Dean Hamilton, Milton Miller, Milton Edwards and possibly others all had a hand in the victory.

Money On Move Rotary Subject

"Money On The Move" was the title of a color-sound movie shown by "Pete" Hegi of the First National Bank at Tahoka Rotary Club Thursday noon of last week.

The picture told the story of the Federal Reserve Bank system, and American banking, how money is handled, distributed, finances handled, etc., starting with trading of \$24.00 worth of trinkets to the Indians for Manhattan Island.

The first U. S. bank was established in Philadelphia in 1781. Today there are 13,000 banks. The Federal Reserve System was created by Congress in 1913 to supervise banking through a board of governors. Today, there are 12 Federal Reserve banks, plus a number of branches, in key cities of the nation.

Walter Mathis, chairman of the International Contacts committee, presented a proposal whereby local club members will write goodwill letters to members of another Rotary club in a foreign country. Tahoka members were assigned names and addresses of members of the Oxelosund, Sweden, Rotary Club to write.

Garland Pennington, observing his 25th anniversary of Lyntegar, was introduced as a special guest.

Ernest Herring, out several weeks for an operation on his eyes, was welcomed back.

Montie McGinty, club sweetheart, introduced the student guests for the month of November. Townes Walker and Tim Tippit.

Calloway Huffaker, vice president, presided in the absence of President Don Browning.

Cotton Fabrics Are Improved

College Station — Moldable cotton fabrics are the latest development in cotton utilization research by the U. S. Department of Agriculture.

The researchers see uses for these molded materials in the manufacture of upholstered furniture, hats, and many other consumer products. The fabrics, that can be molded into three-dimensional shapes, have been worked out as the result of a continuing effort to find new uses for agricultural products.

The idea for these molded cottons came from the research to develop stretch cottons, according to the USDA. Through a process called slack mercerization, the cottons were made to stretch more

than 30 percent. Since these stretched materials fitted contours well, the scientists decided that if the fabric were chemically treated and molded it would hold its shape permanently.

The molding process involves treating the fabric with a solution of sodium hydroxide, which gives it stretch by making the fibers and yarns twist and shrink. Next, the fabric is wet with chemicals of the type used to make wash-wear cotton and finally, it is stretched over a heated mold of the desired shape. The heat of the mold dries the fabric and causes the chemicals to lock it into the shape.

The new molded cotton has ad-

vantages for use in the toes of women's shoes and in the manufacture of sofas, chairs and other upholstered items, say the scientists.

Douglas Henderson left Tuesday for his home in Burbank, Calif., after spending several days here with relatives and friends and looking after his farm property.
