\$125,000 Housing Project For Elderly Started Monday

Construction officially got underway on Saturday, Feb. 1, for the 12-unit housing for elderly people on South Second Street in Tahoka.

Completion date has been set for May 30, according to J. M. Uzzle of the local Housing Authority. Total cost of the construction is \$123,450.00 and has been made possible by the Housing and Home Finance Company under the Public Housing Administration.

Persons 62 years of age and older are eligible to rent the units. Those wishing to apply for residence should contact Mr. Uzzle at the City Hall.

Eight of the units are designed with a partially partitioned bedroom, or called no-bedroom, and are suitable for single persons. Four units are one bedroom and can be utilized by couples. The project also calls for a sheltered recreation area, a utility room, a maintenance office and a garden area, all connected by walks.

Rent of the units will be required to pay expenses of the project's maintenance and to help pay off the long-term bonds, which will be subsidized by the government.

Boy Scouts Patrol Traffic Saturday

Tahoka Boy Scouts this Saturday will serve as honorary City officials and patrol the streets to call attention of local citizens to minor traffic violations.

The "fines" they assess citizens will be for promotion of Scout activities in Tahoka.

Two weeks ago the Tahoka Boy Scout troop received its new charter, and Monday of this week Charley Jaquess took over as the new Scoutmaster.

At a recent Scout meeting, outgoing Scoutmaster Rush Dudgeon was honored by the scouts. Johnny Hillhouse, on behalf of the troop, presented Mr. Dudgeon with a watch in appreciation of his long service to the Boy Scout organization.

"Your vote and influence will be greatly appreciated."

Vehicle Licenses Now Available

New 1964 vehicle license plates went on sale Saturday at the Lynn county Tax office and must be on cars and trucks by April 1.

This year's tags are black with white numerals and are manufactured by the Texas Department of Corrections and distributed by the Texas Highway Department, state George McCracken, Tax assessor-collector.

Lynn county's passenger car numbers range from CC-10 to CC-3399 and CB 8930 to CB 9999. Commercial numbers are IL 4475 to IL 5749, and pick-up numbers are 8F 1175 to 8F 2649.

For convenience of vehicle owners, plates and license receipts are available at the tax office in Tahoka, at Moore's Insurance Agency in O'Donnell, at New Home Cooperative Gin and at Wilson Cooperative Gin.

Tag purchasers are requested to bring their current license receipts and vehicle titles when applying for 1964 tags.

The new driver responsibility law goes into effect this year. The Department of Public Safety is required by the new law to suspend the driver's licenses and all motor vehicle registration plates of both the operator and owner of vehicles involved in an accident coming under the Safety Responsibility Law unless one or more of several requirements is met. Several damages to \$25 or more are reported.

An accident involving a fatality, or injury, also comes under the law. Some pamphlets explaining the new law are available at the tax office.

Ted Rogers Seeks Precinct Office

J. G. (Ted) Rogers of Newmoore last week end entered the race for County Commissioner from Precinct 3.

He has been a resident of the county and precinct for 35 years, during which time he has farmed and operated Newmoore store. Before coming to Lynn he had experience building roads in Ellis County.

Mr. Rogers says he feels he is qualified to fill the job by reason of his experience in meeting the public, operating a business, and being acquainted with the problems of the precinct and county.

"If elected," he says, "I will try to run the affairs of the county and precinct in a business-like manner, showing partiality to no one but fairness to all, and to welcome at all times helpful suggestions from our people. I will try to see every voter before election day, but in the meantime I will appreciate your giving my candidacy careful consideration. I will sincerely appreciate your vote, and I appreciate the friendship of the people of the county and precinct."

Dates Announced For Annual Rodeo

Dates for the annual Tahoka Rodeo have been set for April 23, 24, and 25, according to "Dub" Powers, secretary of the rodeo association.

Bids are being received this week from men who propose to furnish the stock for the event.

Also, rights to the concessions during the event are being offered for sale this time. Powers says, and anyone interested should contact him.

Mrs. Bill Lumsden of Wilson is recuperating from surgery she underwent recently in St. Mary's Hospital in Lubbock.

Community Chest Meeting Called

Organization of a Community Chest for Tahoka, or for Lynn county, will be proposed at a meeting of all people interested next Thursday night, Feb. 13, at 7:30 o'clock in the City-Legion building.

Harold Roberts, Don Browning, and Johnny Wells, members of a committee appointed by Chamber of Commerce President Turner Rogers to study the pooling of the numerous fund drives, will make a report at the meeting.

Representatives of Red Cross, Salvation Army, Girl Scouts, Boy Scouts, and other such organizations raising funds for support each year are requested to be present; also, business people and other interested citizens are requested to attend.

If a Community Chest is approved, the committee hopes the group will go right into the election of officers and directors.

At least ten drives a year are made in Tahoka for various civic and charitable groups of the county. Under the Community Chest plan, most of these drives can be combined in one major effort.

George Wright In Commission Race

George Wright, a resident of Lynn county practically all his life, tossed his hat in the ring as a candidate for Commissioner, Precinct 1, last week end.

His statement to the voters follows: "After much thought, I have decided to enter the race for Commissioner of Precinct 1, Lynn county.

"I am 44 years old and have lived in this precinct 38 years, except for three and one-half years in the service during World War II. I am married and have three children.

"I have had no other previous experience in this position. However, if elected, I will do my job with honesty, give my very best to the affairs of all the precinct and county, and will welcome any suggestions from the people of my precinct.

"Your vote and influence will be appreciated."

(Signed) George Wright.

Four Candidates For Sheriff, Four Each For Precinct Jobs

Four candidates each had filed for Sheriff and Commissioner of Precincts One and Three Monday midnight, deadline for filing for a place on the primary election ballot, Sumner M. Clayton of O'Donnell, Lynn county Democratic chairman, informed The News.

The four filed for Sheriff in the May 2, Democratic Primary to succeed Sheriff Norvell (Booger) Redwine, who is not asking re-election, are: Carl C. Spears, farmer northeast of town; Roland W. (Slick) Clem, a former sheriff; Joe Raindl, a former deputy at Tahoka and Wilson; and Earl Calhoun, a former deputy at O'Donnell.

In Commissioner's Precinct 1, Curtis Morgan, present incumbent, is opposed by Clarence Church, a former commissioner; George Wright, farmer; and Harvey Freeman, farmer.

In Commissioner's Precinct 3,

Mrs. Beatrice McLaurin, the present commissioner, is opposed by Paul Sherrill, Arlys Askew, and J. G. (Ted) Rogers, all farmers.

Only other contest is for the no-salary job of Lynn County Democratic Chairman. Sumner Clayton Jr., present chairman, is being opposed by John F. Thomas.

Congressman George H. Mahon of the 19th District is unopposed, but a Lubbock man, Joe B. Phillips, has announced as a Republican candidate for the office.

State Senator H. J. (Doc) Blanchard of Lubbock of the 28th Senatorial district; R. G. (Randy) Pendleton of Andrews, state representative of the 75th Legislative district; and District Attorney George Hansard of Lamesa of the 106th Judicial District, have all filed for re-election and have no opposition.

County officers who have no opponents are County Attorney Harold Green and County Tax Assessor and Collector George McCracken.

Larry Hagood, Lynn county Republican chairman, states the Republican party will hold a primary election although there is only one district candidate filed.

The first primary election is set for May 2, and precinct conventions will be held the same day, followed by the county convention on May 9, and the state convention on June 15.

February 15 is the last day for candidates to pay their primary election assessment costs to the county chairman.

Absentee voting in the first primary is by law from April 13 through 20.

Date for the Second or Run-Off Primary is June 6, and absentee voting will be May 27-June 2.

The General or "Presidential" election day is November 3.

2736 Poll Taxes Paid By Deadline Monday

A last minute rush resulted in 2,736 poll taxes being paid in Lynn county this year before the deadline at midnight Monday, announces George McCracken, county tax assessor and collector. This is the most since the last presidential election year.

In addition, 94 underage exemption receipts were issued to have a poll tax receipt.

A poll tax receipt still is required for voting in all state and local elections in Texas, in spite of the repeal of the requirement on a national level.

However, citizens who failed to secure a poll tax receipt still will be able to vote in federal elections—if they register for a free receipt—but they will not be able to vote in state and local elections.

Those who did not get poll tax receipts can now register at the county tax office and will be issued a free receipt on which is stamped the words "Poll Taxes Not Paid" and this receipt will permit them to vote for president and other federal offices only in the November general election.

February 5 through March 6 is the dates for such registration.

Those who have a 1963 poll tax receipt need not register, for this receipt is good for a vote during 1964 in federal, state and local elections.

Rev. Joe Webb Leaving Tahoka

Rev. Joe A. Webb, pastor of the Sweet Street Baptist Church here for the past six years, has accepted a call to the Melwood Baptist Church in Brownwood.

He and his family will move on Monday. This Sunday will be his last time to hold services in the Tahoka church.

Melwood Baptist Church is two blocks from the campus of Howard Payne College. It is the church he and Mrs. Webb attended when they were students at Howard Payne, and the church in which they were married. Although Rev. Webb regrets leaving Tahoka, they are looking forward to returning to Brownwood.

Rev. Webb was reared in Coryell county, came to Lynn county with his parents and attended Draw school two years, spent three years in the Navy during World War II, and graduated from Howard Payne.

Mrs. Webb, the former Miss Delores Nowlin, is a Tahoka native, an ex-student of the local

Some of the group flew to Washington and back home, leaving here Jan. 25 and returning Jan. 31. Others went by car and returned home this week.

Mr. and Mrs. Williams reported that they saw many persons of importance within 24 hours in Washington. While visiting in Georgetown, they had walked by the home of Mrs. John F. Kennedy and she came out of the house and walked to the house down the street into which she was moving. They attended church services where President Lyndon Johnson and his family were attending and stood within three feet of him. In addition, Mrs. Williams was also given a pencil by a Republican presidential candidate, Senator Margaret Chase Smith.

Mrs. Nellie Yates, who has been critically ill in Tahoka Hospital, was reported to have had a good day on Wednesday. She has been a patient for several weeks.

C. of C. Banquet Is Set February 25th

An outstanding entertainment program has been arranged for the annual Farmer-Businessman banquet sponsored by Tahoka Chamber of Commerce here on Tuesday, Feb. 25, at 7:30 p. m. in the newly-enlarged school cafeteria. There will be no banquet speaker this year.

The notorious "Slumfunny Symphony," headed by Banker Richard Crawley and made up of Lamesa business and professional people, will stage an hour's show featuring instrumental music, comedy, barbershop singing, etc. Those who have seen the amateur show say it is tops.

As usual, awards will be presented by Lynn County Soil Conservation District to the "conservation farmer of the year," and to the winners of the school student conservation essay contest.

Heretofore, tickets for the annual occasion have been limited to 200, but the enlarged cafeteria

will seat about 350 for this year. Tickets will be on sale Monday at the C. of C. office in the Federal Land Bank building and at the two drug stores.

Calloway Huffaker is in charge of the program, President Turner Rogers announces. Committees on arrangements were announced in these columns last week.

Holdover directors are: Turner Rogers, who becomes vice president automatically; Charles Verner, Allan Cain, Frank Hill, Charles Townes, John Wells, and Leighton Knox Sr.

President of Tahoka Jaycees is an honorary member of the C. of C. board.

Race Problem In England Discussed By David Bray

Following is another of the series of articles being written for The News by David Bray of Tahoka, Rotary Foundation student doing a year of graduate study in Oxford University in England.

An English friend I know told me the other day that he had taken a Negro friend into a London nightclub and was told when he left: "Please don't bring a Negro in here again."

There's a lot of that here and it's growing. While the United States wrestles with an equal-rights bill and with its conscience, the race problem is just beginning to lap around the ankles of the rest of the world.

There is an immigration bill, which is a thinly disguised race bill aimed at keeping Caribbean and African Negroes out of England, that was only narrowly defeated in the English Parliament. Sentiment seems to be rising for its passage.

The English used to look down their long noses at our treatment of Negroes and condemn us in succinct, witty, musical prose for our racial intolerance. But that was before they had any Negroes or any problem. It's very easy to be tolerant about a problem you haven't got. But since then, colored people have poured in here: there've been race riots in London. If there is a difference between the race problem here and at home, it's one of degree only and I think that might disappear shortly.

In employment, when there's a choice between white and colored, guess who gets the job? In buses, people move away from Negroes just as they do in Alabama. On the upper levels of society where intelligence wrestles with prejudice, even the language and the emotional squirming resemble our own almost exactly.

At Cambridge, the head of the African Students Council says that educated Englishmen have prejudices but suppress them when sober. "If they get drunk, they say things like: 'You're so sensible, old boy, you realize it wouldn't

work if you married my sister.' The "my sister" bit doesn't change wherever you are. Negroes here will tell you privately (the same as he will in the States) that an educated Englishman showing off his tolerance is almost more unbearable than the other kind—so forced and phony it is.

As in America, it's the lower-class whites that fear the Negro most. Here it is an economic fear, the fear that the Negro will take the jobs. It's this group that were behind the London disorder just as the poor whites are the militants in American disorders. The parallels are very close.

Russia had its first taste of racial violence several weeks ago when 700 Africans marched on the Kremlin in protest against what they called the murder of one of their number found dead outside Moscow. An English newspaper reports that Africans are turned away from hotels on flimsy pretexts just as in our South, that cab drivers won't drive the Negroes who are there as students.

Traveling around Europe, I have discovered that the color bar or its absence is exactly proportionate to the number of colored people you have in the community. If you have none at all, you have a superb tolerance and great indignation at lynchings in Alabama in 1880.

"If you get five Negroes or a hundred Negroes, you get a high degree of acceptance. The colored people are a curiosity. When their numbers climb into the thousands, the trouble begins—and in the same way, with the same insults, and in the same places—the hotels, the restaurants, the buses.

The situation can only get worse. More and more Africans are going to come to Europe in search of education. Many will stay on. Already they are refused housing and jobs, as well as admission to swank nightclubs.

In about twenty years—I'm just guessing here—there will be enough Negroes, both educated and self-assured, to make their weight felt politically and economically. Then they'll demand a civil-rights bill, and in fact, far from being well behind the world in race relations we may be ahead of it. We Americans have suffered from the peculiarly virulent color bar for 100 years. But we are, I think, on the road to recovery, whereas the Europeans are just coming down with the disease.

Don't lose faith in humanity; think of all the people in the United States who have never played you a single nasty trick.—Eibert Hubbard.

Miss Sherry Jan Harris And Mickey Pearce Exchanged Wedding Vows Last Saturday

Miss Sherry Jan Harris and Mickey Cleo Pearce exchanged wedding vows Saturday (Feb. 1) at 8:00 p. m. in the First Methodist Church in O'Donnell. Rev. David Hamblin, pastor, read the marriage ceremony.

Parents of the couple are Mrs. Otis Harris and the late Mr. Harris and Mr. and Mrs. C. M. Pearce, all of O'Donnell.

Given in marriage by her brother, Slaton D. Harris, the bride wore a formal length gown of chiffon taffeta designed with a sculptured bodice and adorned with lace motifs, studded sequins and seed pearls, a portrait neckline and long petal-point sleeves. The bouffant skirt was highlighted by a lace panel cascading down the front and a chapel length train caught at the waist line with an obi bow. Her veil of French illusion fell from a silk and lace pillbox. She carried a bridal bouquet of stephanotis centered with an orchid atop a hymnal that belonged to her great grandmother. She also carried a handkerchief that her grandmother carried in her wedding.

Miss Sherlyn Barnes of O'Donnell was maid of honor and brides-

maids were Misses SuEarl Bullock of Lubbock and Shannon Harris of Lamesa, both cousins of the bride. They wore street-length dresses of treasure blue brocaded satin designed with sculptured bodices, portrait necklines, and bouffant skirts. Their headpieces were of matching color and each carried a long stemmed white rose.

Dan Brown of Lubbock served as best man. Groomsmen, who also lighted the candles, were Dennis Jordan of Brownfield and Danny Furlow of O'Donnell.

A reception followed the ceremony in Fellowship Hall of the church.

For travelling the bride chose a brown suit trimmed with mink and brown patent accessories. She wore the orchid corsage from her wedding bouquet.

The bride is a graduate of O'Donnell High School and attended South Plains College. Mr. Pearce, also a graduate of O'Donnell High School, attended Texas Tech. He is now engaged in farming. The couple will make their home in O'Donnell.

Statistics are no substitute for judgment.—Henry Clay.

Miss Patricia Phillips And James Bingham Married Thursday

Miss Patricia Phillips and James Wesley Bingham exchanged marriage vows at 8:30 p. m. Thursday, Jan. 30, in the Knapp Baptist Church at Ira, Texas. Rev. D. W. Copeland, pastor and formerly of Tahoka, read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Thomas M. Phillips of route 1, Tahoka. Parents of the bridegroom are Mr. and Mrs. James Vernon Bingham of 1917 North Third Street in Tahoka.

The bride wore a street-length dress of beige linen fashioned with a princess waistline. The bodice featured a round neckline and three-quarter length sleeves. She chose dark brown accessories.

Mrs. Bingham attended Tahoka High School and Mr. Bingham also attended school in Tahoka. He returned from Germany after serving three years in the U. S. Army and is now employed at Farmers Seed and Delinters two miles north of Tahoka.

The couple will make their home at 1910 North Third Street here.

Relatives Attended Swann Anniversary

Many friends and relatives called at the golden wedding anniversary of Mr. and Mrs. Pat Swann at Wilson Sunday, according to Mr. and Mrs. B. R. Tate.

In addition to the immediate family, relatives from a distance included Mr. and Mrs. Emmett Ahrens of Grand Prairie, Mrs. Gussie Bates of Levelland, Clem Swann of Clovis, Mr. and Mrs. Kirk Pitts and children of Earth, and some old friends, Mr. and Mrs. Charley L. Tate of Brady.

Hosts for the open house were the Swann children, Mrs. Jack Blevins of Wilson, Lloyd of Idalou, Garland of Plains, Jiggs of Wilson, and Bobby of Lubbock, and members of their families.

The Kirk Pitts family also visited here with her parents, Mr. and Mrs. B. R. Tate, and Mr. Tate's brother and wife, Mr. and Mrs. C. L. Tate, spent the week end here.

Bob says the Pitts had a pretty good crop up at Earth this year, where they raise a little cotton, maize, alfalfa and a lot of hogs. In fact, he says Kirk must have 300 or 400 head of hogs.

Mr. and Mrs. Pat Swann moved to Lynn county in 1915, shortly after their marriage, and have lived here ever since.

Local Consumer Spending Shows Healthy Increase

(Special to The News) New York — Lynn County was a strong market in the last fiscal year, with a level of income and spending that was well above that of previous years.

The rise is credited to local consumers, who gave business a big push forward with their increased purchases of goods and services.

The restraints under which they had been holding themselves for some time all but disappeared. Not only did they spend a larger proportion of their current income in local retail stores for cars, home furnishings, food and other commodities, but they took on added installment debt in connection with purchases of big-ticket items, a sign of their confidence in the economy.

The facts and figures are contained in the new market survey released by the Standard Rate and Data Service. It indicates just how people in each area of the country apportioned their retail dollar during the fiscal year.

In Lynn County, it shows, a large part of the dollar was used to buy cars, other automotive equipment and food. They accounted for 50 percent of all retail spending locally.

Combined sales of these products in the year amounted to \$8,491,000, as against the previous year's \$8,021,000.

Some \$3,236,000 of the total was garnered by stores selling food for home consumption.

Another \$4,154,000 went for purchases of new and used cars, motorcycles, boats and other automotive equipment.

An additional \$1,101,000 was spent in gas service stations.

Good business was also reported locally for most other retail lines.

Sales of general merchandise, in department stores and variety stores, came to \$397,000 in the year.

Apparel shops, defined as those specializing in articles for personal wear, grossed \$500,000.

Sales of home furnishings, which include furniture, household appliances and other equipment, totaled \$124,000.

Drug store sales amounted to \$366,000.

The grand total for the fiscal year, taking into account all retail establishments in Lynn County, was \$14,440,000, an increase over the prior year's \$13,714,000.

It was at the rate of \$4,570 per local household, which compares favorably with the \$4,298 rate for the United States.

More Uses Seen For Cotton Goods

College Station—By spring, men will be wearing stretch cotton shirts and slacks, fabric industry leaders predict.

There should be a variety of men's clothing made from the new all-cotton stretch fabrics by fall. The fabrics, developed by U. S. Department of Agriculture utilization research, were used initially for women's and children's wear, says Rhea Merle Boyles, Extension clothing specialist.

The stretch-cotton invasion of the men's wear field is just beginning, however leaders say. Two companies will market dress shirts made of cotton oxford cloth this spring, and a third manufacturer will market men's slacks in cotton stretch fabrics.

Dozens of other firms are testing fabrics for use in men's socks, sport shirts, sport jackets, as well as shirts and slacks.

The Lynn County News

"SMALL BUSINESS"

Largely unnoticed, Congress has passed a bill which in effect does not require certain states to raise the taxes to employers to meet the high costs of unemployment payments to reimburse the Federal government for the extra contributions to these plans.

California, a leader in welfare payments, was one of the states affected. This means that the state will not have to pay the cost of the products.

But California was in trouble. Due to the unions constantly pushing up and up the wages that must be paid to these seasonal workers, unemployment payments to them also increased.

Thus, for the Federal government to get back the money it has paid out in extra funds to California, it would be incumbent on the California state government to raise the maximum rates on employers.

This, of course, would create substantial embarrassment to the state government, especially if it became public knowledge that the tax increases were necessary to keep sending checks for 33 weeks to people who do not want to work except during the season.

Thus, like the Seventh Cavalry used to sweep across the Western plains to save the settlers from having their scalps lifted, the Congress, armed with the U.S. Treasury, swept across the Sierras to prevent scalps from being lifted in Sacramento. It is a truly touching display of the principle of "all for one, and one for all," as long as the employers, food consumers, and all other taxpayers foot the bill. There is nothing that cannot be accomplished if the public can be gagged deeply enough.

Hints Given On Stored Grains

College Station—Farmers who experience trouble maintaining quality in farm stored grain are advised by W. S. Allen, agricultural engineer for the Texas Agricultural Extension Service, to consider grain aeration.

Aeration is simply a matter of forcing air through the grain, and only a small air flow is required to do the job, Allen says. The air is supplied with a motor-driven fan. Allen describes the process as a practical way to improve grain storage conditions.

But the engineer points out aeration and grain drying are not the same. The purpose of grain drying is to remove moisture. Large volumes of air must be forced through grain to dry it. Aeration is not used to dry grain, but mainly to cool it. The initial and operating costs of aeration equipment are relatively low.

A motor and fan unit is the heart of a grain aeration system. A duct system distributes the air. An air flow of only a fifth to a twentieth cubic foot of air per minute per bushel is adequate—only a fraction of air needed for drying.

Allen says the aeration fan should run when the air temperature is 10-15 degrees below the grain temperature. Cool the grain to about 50 degrees, he says. Cooling below this point is usually not advisable, especially if the bin will be unloaded in the summer.

Aeration helps grain quality without moving the grain. Handling damage is reduced, and there is less wear and tear on conveying and elevating equipment. Too, a good system will help to remove off-odors, retard mold growth, reduce insect activity and prevent moisture accumulation, Allen explains.

The ant has two stomachs. One he uses for himself. In the other, he stores food which is to be shared with other ants in the nest.

Lubbock Honors Homer Harrison

Homer Harrison, 68, formerly of Tahoka, retired last week from the Lubbock Police Department, with which he had served as a patrolman for the past 24 years. He had never taken sick leave from his job until last March 8, when he underwent throat surgery in a Houston hospital. He joined the Lubbock police on Oct. 19, 1939, served under eight police chief administrations, and in 1956 was selected the outstanding patrolman on the force, was honored at a banquet and presented an award by Col. Homer Garrison, director of the Texas Department of Public Safety.

There were 29 men on the Lubbock force when he joined and 182 on the force when he retired. Police Chief J. T. Alley Jr. says, "Homer was always on the job, attended every police school held here, and was never reprimanded or called on the carpet for mishandling an assignment during his 24 years of service."

Although born in Indian Territory (Oklahoma) on Oct. 20, 1895, most of his life was spent in Texas. He came to Tahoka in the early 1920s, and moved to Lubbock in 1939.

Mrs. Tunnell Gives Talk At Rotary On Africa

Life in Central Africa was the subject of a talk, accompanied by color slide made at the Rotary Club last Thursday by Mrs. Lenore M. Tunnell, Texas Tech English teacher and a former local teacher and county school superintendent.

Last summer Mrs. Tunnell made a trip to Burundi, a tiny country in central Africa hemmed in by the Congo, Kenya, Tanganyika and Uganda, where her son-in-law, J. W. Walker, American consul, daughter Savannah, and children were living in the Capital city of Usumbra, just 14 miles from the point where Stanley met Livingston.

Leaving in May and returning in September, Mrs. Tunnell flew to Spain, Italy, the Holy Land, and Egypt before proceeding to the African country.

She showed a number of pictures in and around Cairo, including the Pyramids, the Sphinx, camel caravans, and scenes on the Nile.

She was met at the airport by her family and two or three government officials. All natives she met were most interested in her views on our racial problems.

The people are fairly intelligent but most have little education. They like to be called Africans, not Negroes. There are no newspapers and no telephones. Most news comes in through the Embassy.

Although near the equator, the climate is relatively pleasant, be-

ing located in the hills. Temperatures are rather steady the year around, and the day is 12-hours and the night 12 hours.

The country has a king, who has two wives and is also "married" to a drum. Living is somewhat primitive. Only one woman in the entire country is able to drive a car. There are several missions seeking to educate, doctor, feed and clothe the poor. She found that our "Care" packages arriving there are labeled and the people know the U. S. is helping them.

However, there is turmoil or threats of turmoil in this and neighboring countries, and some white people have been killed. She was glad the Walkers were called back to the States in September, before the situation became so serious. She says she saw no evidence of Communist activity, but doubts the people are ready for self-government.

She showed pictures she took from a car of wild lions, leopards, wildebeasts, an elephant, rhinoceros, hippopotamus, a crocodile, and others.

The Walkers returned to the States last September and he was assigned to duty in the State Department in Washington and Savannah is a secretary in the office of Congressman George Mahon.

STRENGTHEN AMERICA

SCOUT FEB. 15-22 WEEK 1964 BOY SCOUTS OF AMERICA

February 15-22 Is Boy Scout Week

Governor John Connally has proclaimed the week of February 15-22 as FFA Week in Texas.

After presenting the proclamation to Benny Mays, Texas FFA President from Sulphur Springs, the Governor pointed out that the importance of agriculture in our state increases as Texas progresses, and it is vital to our well being that we train skilled farmers and ranchers to provide a plentiful supply of food in years to come.

President Benny Mays explained to the Governor the ideals and principals of the FFA assuring him that FFA members in Texas were striving for improved agriculture conditions and preparing themselves for roles in leadership. By studying the science of agriculture, Future Farmers are striving to improve this great industry for the welfare of all citizens.

After four months in office, President James A. Garfield was assassinated by a man whom he refused to appoint to office.

W. B. (Bill) Strange Jr. of Richardson, formerly of Tahoka, is the new president of the giant Texas Municipal League, according to the Itasca Item, a copy of which was brought The News by Callaway Huffaker.

Bill was reared at Itasca, and his parents returned to that town when they sold the local Ford agency to Fred Shipley.

Bill Jr. is a licensed stockbroker and branch manager of Goodbody Co. of Dallas. He has served as mayor of the City of Richardson, member of the city council, and now is mayor pro tem.

Texas Municipal League is a research organization which studies newest city practices, links cities together, and is a go-between of cities and the legislature. Vice president is Mayor Earle Cabell of Dallas.

Bill and his wife Marjorie have two children, W. B. (Bill) Strange III, who is 15, and a daughter, Dra. who is 12 years old.

Texas Tech's Denny Anderson, sophomore back of the year in the Southwest Conference last fall, finished second only to All-America Tommy Ford among the SWC rushing leaders. Anderson, 6-3, 200, from Stinnett, Tex., also led the conference in kickoff returning, was third in punting, tied for fifth in interceptions, sixth in total offense. P. S., he still had time to catch 15 passes, second only to All-America David Parks among the Red Raiders, and play defense.

Two In Family Undergo Surgery

Sharman Thuren, 11 year old daughter of Mr. and Mrs. Dale Thuren, underwent an appendectomy in West Texas Hospital Friday. She was reported to be doing fine on Monday, although she was still confined to the hospital.

PRINTER'S INK-LINGS
 We had a visit one day recently from a couple of our local Spanish (Latin-American) friends, who pointed out some of the difficulties they have in Spanish-Anglo relations, in gaining acceptance in American life and recognition of a man for what he is and is trying to be. They pointed out some regrettable facts.

We believe every man should take pride in his race, in his family, seek to improve himself and his race and his position in society. We have some fine Spanish citizens, and we need more of the same calibre. Mostly, these people want to be recognized as good American citizens. Most of them are ambitious to advance in life. These two men think, as Frank Gonzales of Lubbock has said in at least three speeches in Tahoka, that we should not refuse service to Latins because they are Latins. Refuse service because a man is not clean, Anglo or Latin, but not because of his race.

Our Spanish people don't like to be called Mexicans. In the first

place, most of them never saw Mexico, were born and reared in the U. S., and are American citizens. In fact, Spanish people were in Texas even before the Anglo settlers came. Some of them fought for Texas at the Alamo, at Goliad, at San Jacinto. Since, they have fought in the Civil War, Spanish-American War, World War I and II and in Korea. Although some have Indian blood, so do many of us, and the Indian is the only true American.

Our Spanish people are proud people, although often humble citizens, patriotic, happy, and have very close family ties. But, they feel they don't receive just recognition in American life.

One of our Spanish friends says he came here from Houston, where he had a good job as a parts man and through experience he thought he was thoroughly capable for this type work. There was a parts job open in Lubbock, but when he applied for the job at the employment office the person who waited on him told him there was no use for him to meet the would-be employer because a Spanish man would not be accepted.

The last 10 or 20 years has seen a big increase in the Spanish population of our town and county and a resultant increase in number of school students. Most Spanish students drop out of school in the middle and upper grades. Most Spanish parents, we are told, want their children to get an education, to finish school if possible. But, working against his goal is the fact that these older Spanish parents don't have too much education. They experience humiliation and discrimination in jobs, and finally come to the conclusion, "What's the use?" and let their children drop out of school to work at day labor. "They're not going to be able to get better jobs even with an education."

We don't believe the latter is entirely true. We believe the skilled Spanish people will be more and more in demand. We know a few who are rising to the top. We have some highly respected Spanish people right here in Tahoka, in spite of the fact they are victims of prejudice by some Anglos.

We don't want to get into a controversy with our Spanish friends, but we still think many local Spanish people need to improve their living conditions, do more for themselves, hold their heads high, be good citizens, get all the education they can, make good workers, and they will in turn finally come to be recognized for the men and women they are.

People Who Work May Get Increase In S.S. Payments

People who work after applying for social security old age benefits may often qualify for higher benefits because of their additional work. If you have earned over \$1200 in any year since retirement, there is a possibility that your check can be increased. Anyone who became entitled to social security old age benefits before 1959, and who has earned \$4,800 a year since that time can, definitely get a raise.

To have your benefit amount recomputed, you must apply for the increase. You may also need proof of your income. If you work for someone else, your Form W-2 (Withholding Tax Statement) will be proof. If you are self-employed, your federal income tax return, Schedule C (Schedule F if you are a farmer), and a cancelled check or money order stub as proof of your tax paid will be needed.

A brief visit to your social security office will help you deter-

mine whether or not your benefit can be increased. The office in Tahoka is located at the courthouse, and is opened at 9:00 a. m. Monday, February 17.

W. T. Hanes Gets Freedom Award

School superintendent W. T. Hanes of Irving, formerly of Tahoka, was to receive the American Educators' Medal of the Freedoms Foundation at Valley Forge at a luncheon in Irving Thursday noon, according to The Dallas News.

Hanes is one of 20 school men over the nation selected for the award who "have done the most within their schools in bringing about educational programs which build a better understanding of the freedoms and responsibilities on which our American way of life is based," the citation states.

Freedoms Foundation, founded in 1949, is a nonpolitical and non-sectarian organization dedicated to the preservation of the "American way of life" through the process of awards and citizenship education.

Hanes is a veteran of over 40 years in the teaching field, in his eighth year at Irving. He is credited with straightening out the Irving school system when he followed the controversial Dr. John L. Beard in the position when the community was torn asunder by dissension over the school situation. Since then, the Dallas suburb has grown to a city of more than 50,000, and its school system is recognized as one of the most modern in Texas.

Walter F. Vaughn underwent surgery Wednesday of last week in Brownwood Memorial Hospital. He is reported to be doing nicely.

CHEVELLE! MALIBU SUPER SPORTS by CHEVROLET

What's so super about the Chevelle Malibu Super Sports?

Let's start with the inside. You get individually adjustable front bucket seats, soft, color-keyed leather-grain vinyl. Special instrumentation—ammeter, oil pressure and water temperature gauges. Bright metal console panel with either sporty 4-speed* stick shift or Powerglide* floor-mounted straight-line shift.

Under the hood? Lots of choice. Two Sixes—standard 120-hp and optional 155-hp*. Three V8's from the standard 283-cu.-in. job up to (you're reading it right!) 327-cu.-in.* Try this one to flatten out hills!

Some mighty appealing options*, too. Electric tachometer, Positraction rear axle, sintered metallic brake linings

and sports-styled simulated walnut steering wheel, to name a few. Even the exterior says it's super—special moldings and emblems, special wheelcovers that define the highly maneuverable Chevelle 115-inch wheelbase. (Chevelle is smaller than the Jet-smooth luxury Chevrolet, bigger than the popular Chevy II, and fits beautifully in between them.)

Actually, about all that's not super about these Malibu SS Coupes and Convertibles is their price. And there's so much more to find out about them, the only right way to take it all in is to drive one. Your Chevrolet dealer can take care of that, too.
