## Showers Big Help In Area

Rain showers which fell over the county Wednesday and Wednesday night were light but farmers say the moisture will be of much benefit.

Tahoka received a total of .54 inch, which is just about average for the month of March. This brought the total for 1964 to 1.43, which is .37 inch under the 50-year average.

In spite of the light moisture since early last fall, farmers say the soil is in better condition than it was last year at this time. Light snows in January and February were some help in preserving the bottom season.

Most irrigation farmers have been pre-watering for some time.

## C-C Directors In Busy Session

Officers and directors of Tahoka Chamber of Commerce, headed by President Harold Roberts, had a busy session Monday night at which a number of projects were acted upon and committees named by the year's work.

The body voted to invite the 52-county Soil Conservation banquet to be held in Tahoka school cafeteria on May 14.

Printing of 5,000 additional picture brochures advertising the town and county was authorized, similar to those printed two years ago but with minor changes.

Membership dues in the Highway 87 Association, which promotes travel along the route from Alaska to Central America were authorized to be paid.

Secretary Retha Dunn reported on recent stock show expenses, and directors discussed at considerable length means of reducing the cost to the C. C. of the annual shows because of the in-

## Mrs. Overman's Rites Wednesday

Mrs. C. M. Overman, 73 year old resident of Lynn county on route 1, Wilson for 20 years, died at 4:00 p. m. Monday in Methodist Hospital in Lubbock. She had been a patient there since the previous Wednesday but had been in ill health for about 10 years.

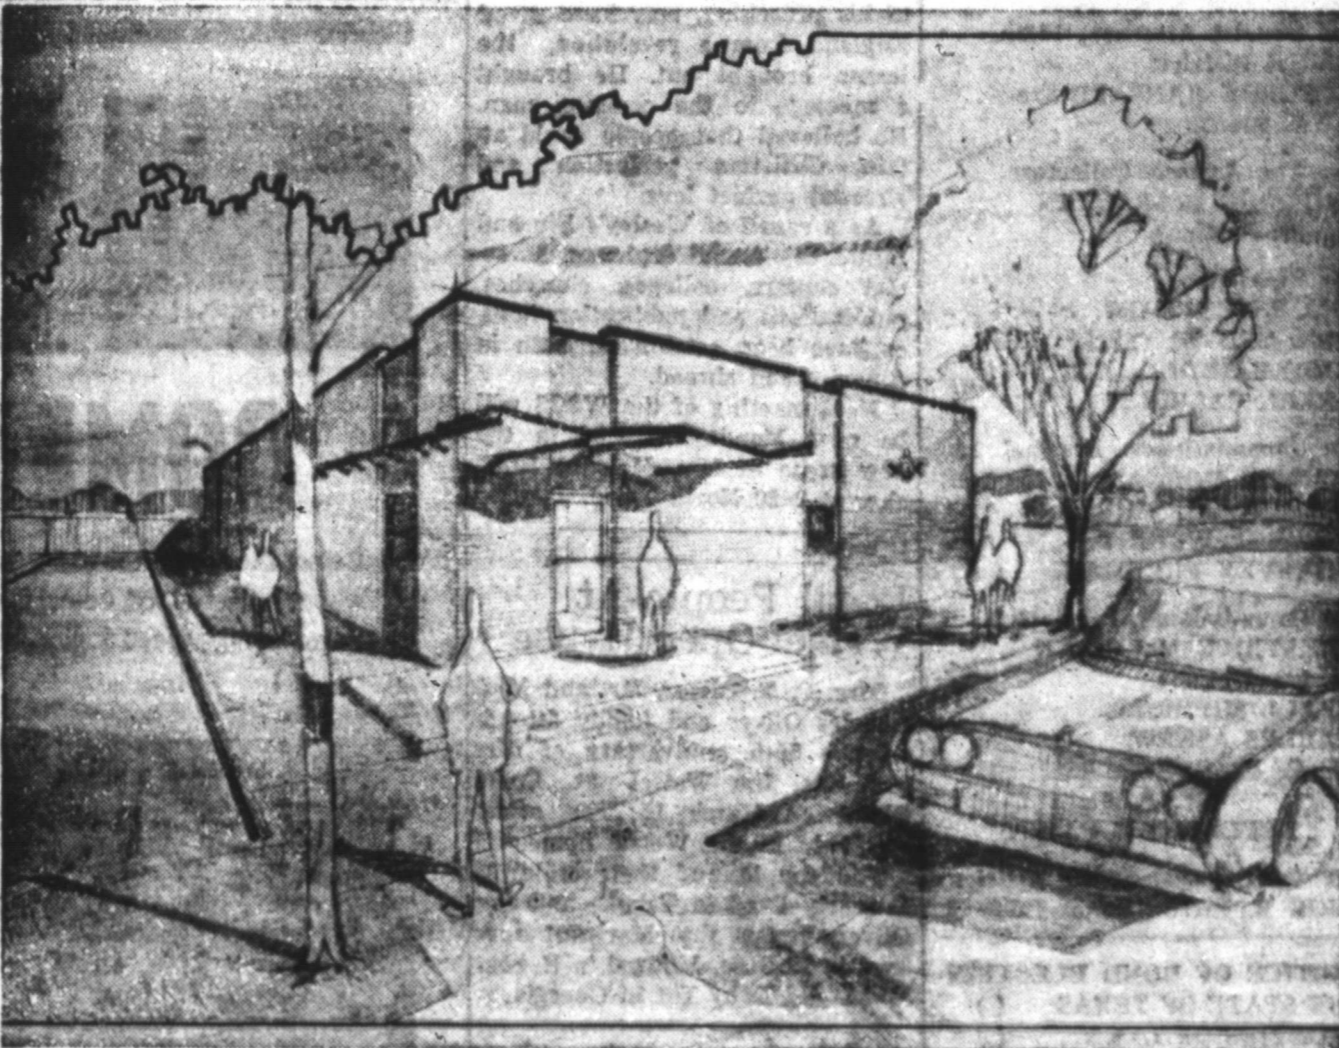

Funeral services were held in the New Home Baptist Church at 2:30 p. m. Wednesday with Rev. Paul McClung, pastor, and Rev. O. H. Hendon of Sweetwater officiating. Burial was in Tahoka Cemetery.

Mrs. Florence Overman was born Dec. 18, 1890 in Goldswaithe, Texas. She was married to C. M. Overman on Jan. 20, 1909 at Newton. They lived in Haskell about 25 years and came to Lynn county from there. The couple bought their home place 11 miles north and one mile west of Tahoka and had lived there since that time.

A member of the Baptist Church, Mrs. Overman was very active in church work until a heart condition developed in 1954.

Survivors include her husband; one daughter, Mrs. Hillary Smith, Jr. of Farmington, N. M.; one son, C. C. Overman of route 1, Wilson; one brother, Alvin Hardin of Abernathy; three sisters, Mrs. Grover Baker of Houston, Mrs. Alma Overman of Hale Center, and Mrs. Inora Duggan of Plains; 10 grandchildren and two great grandchildren.

Members of the family state that a portion of Mrs. Overman's heart "died" 10 years ago and the fact that she lived was considered rare. At the time of her death, doctors were given permission to study her heart and later informed the family they had learned a great deal through the study, made by leading heart specialists who came to Lubbock from over the nation for that purpose.

NEW MASONIC HALL (architect's drawing) is going up rapidly at the Northwest corner of the old City park. The \$28,000 building containing nearly 4,000 square feet of floor space, will face west, and will contain a large meeting room, foyer, kitchen, ante-rooms, rest rooms, and storage rooms. The building will be faced in white brick with pink trim.

## Spelling Bee Is Held Here

Students from Lynn county schools will compete in the annual Spelling Bee this morning at 9:00 a. m. in the high school auditorium and the winner will participate in the Avanti-Journal regional bee, according to County Superintendent J. P. Hewlett.

J. B. Howell will be the pronouncer and judges will be representatives from each school participating. Two spellers from each school, Tahoka, O'Donnell, New Home and Wilson are expected to enter and will be students from the fifth through eighth grades.

Tahoka had its school bee here Tuesday afternoon when Debbie Wright emerged the victor. She and Jack Collier, runner-up, will represent Tahoka in the county event. The local bee went further into the word list than any previous contest. After going 199 rounds, Jack misspelled the word "apparel".

With three students participating from each grade, entrants included Debbie Wright, Beverly Falls and Quaydene Pool, eighth grade; Jack Collier, Bonnie Edler and Michael Glenn, seventh grade; Yolanda Chapa, Jan Miller and Carla Swann, sixth grade; Becky Jacobs, Helen Pena and Elda Cruce, fifth grade.

## Three Filed For O'Donnell Trustees

Three candidates have been filed for two places on the O'Donnell school board in the trustee election set for Saturday, April 4.

Names of Julian Pirtle and Dick Franklin have been filed for reelection, and a new candidate is Glen B. Brewer.

Holdover trustees are W. W. Emerson, B. B. (Shorty) Vestal, W. H. Cook, D. J. (Bud) Besire, and Jack M. Wood.

Absentee voting will be permitted through Monday, March 30.

## "Good Neighbors" Help For Tanners

E. J. Tanner, former Tahoka garage operator, has been in very ill health for several years and unable to do much work. Recently, Mrs. Tanner became ill, but is now reported to be improving.

Last week, Rudy Chapa, who operates a garage near their residence, came to their aid. The News is informed, and raised a total of \$117.00 to help them meet medical and other expenses.

Mrs. Gilbert Steinhauser was released Friday from Tahoka Hospital, where she had been a medical patient.

## Local Boys, Girls Place In Area Livestock Show

Lynn county boys and girls came home with some ribbons from the South Plains Junior Livestock Show, with some earned in the barrow division as the champions and reserve champions in their breeds.

The first 10 places were named in each of the contests in barrow, and 25 in lamb and steer judging.

Mary Jean Moore of O'Donnell 4-H exhibited the champion Poland China in the barrow show and Kent Wood, O'Donnell 4-H showed the champion Chester White. Reserve champions were taken by Carol Ann Moore, O'Donnell 4-H on her Chester White; Valton Maeker, Wilson FFA, on his Duroc; and Ronnie Wood, O'Donnell 4-H, on his Hampshire.

Following is a list of those placing in the top 10 in each class of the barrow judging. Mediumweight Berkshires: 3, and 4, Ray Ehlers, Wilson FFA. Heavyweight Berkshires: 3, Jim Wells, Tahoka FFA.

Lightweight Chester Whites: 1, Kent Wood; 2, Carol Ann Moore; 4, Harold Besire, O'Donnell 4-H. (Continued on Back Page)

## Local Negro Draws Heavy Fines Here

Jerry Harris, local Negro, was fined on two counts in County Court here Monday following an escapade Saturday night in which he unsuccessfully tried to escape City Police in a car.

Jerry was finally corraled, but as the officer was attempting to jail him he is said to have threatened the officers with an illegal knife with a blade more than six inches long.

On being brought into court, he was fined \$256 and costs for carrying an illegal knife, and \$250 and costs and 10 days in jail for driving while intoxicated.

Robin Harvick, nine year old son of Mr. and Mrs. Robert Harvick, underwent an appendectomy in Tahoka Hospital Saturday. He was admitted on the day before and was released Wednesday.

Mrs. Othell Meeks was released Monday from Tahoka Hospital. She had been a medical patient since Tuesday of last week.

## Work Progresses On Major Building Projects In Tahoka

### Few Receiving Vehicle Plates

For some unknown reason, issuance of car license plates is far behind normal in Lynn county, according to George McCracken, county tax assessor and collector. Through Wednesday, only about 2,200 license plates for 1964 had been issued from his office, 3,000 short of the 5,478 issued on March 31 last year.

He reports a total of 11,781 license tags were issued during the entire year 1963, including tags for 4,331 passenger cars, 1,165 commercial pickups and trucks, 1,417 farm trucks, 70 truck tractors, 14 farm truck tractors, 494 trailers, and 4,087 farm trailers.

Following is a distribution of the number issued through Wednesday as compared to March 31, 1963:

	3-18-'64	3-31-'63
Passenger cars	1,257	3,297
Commercial	305	791
Farm trucks	362	1,029
Truck tractors	3	13
Farm truck tractors	2	4
Trailers	396	205
Farm trailers	21	90
Total	2,040	5,478

Mr. McCracken advises vehicle owners to get their tags now and avoid the last minute rush. 1964 tags, by law, must be on vehicles by April 1.

### Few People Apply For Free Votes

Apparently there were not too many people in Lynn county wanting to vote free in national elections who were not willing to pay the \$1.75 poll tax fee as required in Texas.

Only 11 citizens applied for free receipts as a prerequisite for voting marked "poll tax not paid," according to Tax Assessor and Collector George McCracken.

There were 2,736 people who paid the poll tax fee so they could vote in all elections, local, state and national. Citizens over 60 on January 1 a year ago do not have to pay a poll tax or register.

Mrs. Maurice Small was released as a medical patient from Tahoka Hospital Saturday.

Mrs. Mattie Jackson was a medical patient in Tahoka Hospital Monday and Tuesday.

### Tahoka Invites Soil Meeting

Soil conservation leaders of Northwest Texas are being invited by Tahoka Chamber of Commerce to hold their annual 52-county awards presentation banquet in Tahoka on May 12, which would be co-sponsored by Lynn County Soil Conservation District.

Last year, the annual banquet was held in Plainview and attended by about 200 people. E. R. Blakney, chairman of the Lynn County Board of Supervisors, and David Unfred, second place area essay contest winner, both of New Home, were honored at the Plainview banquet.

This is the annual affair at which the Fort Worth Press honors outstanding conservation leaders and contest winners of the 52-county district.

### Child Welfare Office Opened

Mrs. V. W. Crump of the Lynn-Dawson Child Welfare office, here Wednesday on her second weekly visit, told The News prospective foster homes are needed in Lynn county to care for indigent children on a temporary basis.

Homes will be approved by the State Welfare Agency before children are assigned to them, and care will be paid for by the county at the rate of \$2.00 per day, plus any necessary clothing and medical expense. Homes are needed on the list for Anglo, Latin, and Colored children.

Anyone having business in reference to child welfare may see Mrs. Crump each Wednesday from 9:00 a. m. to 4:00 p. m. in her office in the east end of the court house basement or call her at Tahoka 998-4440 on Wednesdays.

During office hours 8:00 a. m. to 5:00 p. m. Monday through Friday, her office in the Dawson county court house may be reached at Lamesa Phone 7924, or nights she may be reached at Patricia, near Lamesa, phone number 6527.

A former Tahoka girl, Mrs. Peggy (Nowlin) Rogers, is secretary in the child welfare office at Lamesa.

### Absentee Voting Gets Underway

Absentee voting is underway in the four school districts of the county for school trustees and will continue through next week. The trustee election is on Saturday, April 4.

Such balloting became possible Wednesday in the Tahoka City election which will be held on Tuesday, April 7. Absentee ballots may be cast through Friday, April 3.

Absentee voting in the First Primary election scheduled for May 2 will not get underway until April 12 and will continue through April 28.

### Baptist Revival At Wilson Continues

(Margret Bartley) The spring revival of the First Baptist Church in Wilson will continue through Sunday, March 22, and services are being held at 11:00 a. m. and 7:30 p. m.

Rev. Alfred Richard of the First Baptist Church in Ruidoso, N. M. is the evangelist.

Rev. Vernon Scott is leading the singing.

Everyone is invited to attend the remainder of the meetings. Mrs. Reuben Gandy entered Tahoka Hospital Tuesday where she is a medical patient.

Work is going forward on several large and small construction projects in Tahoka.

Walls are going up on the new \$28,000 Masonic Hall, started only Monday of last week. Completion is expected within 60 days.

Workmen are preparing to start up soon on the walls and steel framework of the new \$155,000 Methodist Church building.

Work is progressing more slowly on the \$125,000 homes for aged project on South Second Street of the Housing Authority of the City of Tahoka.

City Secretary J. M. Uzzle, who is also manager for the Housing Authority, says some people have a mistaken idea about the function of these homes. This will not be a nursing or rest home, as some seem to think, but will be homes for aged couples or single people on low-rent basis. There will be eight units for single persons and four units for couples. A number of applications have been filed with him by single persons to rent the house, but there have been few couples making application.

Most of the brick work has been completed on the new \$550,000 school improvement program. Major outside work will soon be completed on the new high school building, and inside work will start before too long.

Major construction has been completed on both the cafeteria and vocational agriculture buildings.

Repair work on North Elementary building is proceeding slowly, as a lot of this work, as well as that on the old high school building, will have to be done during the coming summer so as not to interfere with school.

Three homes are under construction on North Eighth, one nearing completion in the Roberts Addition, one on North Sixth, and several other homes are being remodeled or enlarged. Several other new homes are expected to be constructed this spring and summer. The News is informed.

## James Bowlin Jr. Buried Sunday

James Preston Bowlin, Jr., 41, native of O'Donnell and well known over the area died in Bristol General Hospital in Dallas Friday at 12:15 p. m. He was a resident of LaFeria at the time of his death.

Born May 5, 1922 in Bridgeport, Mr. Bowlin was raised at O'Donnell. He married the former Miss Dorothy Fulkerson of Tahoka and they lived in O'Donnell for several years where he was owner of a cotton gin. He moved to LaFeria six years ago and also owned a gin there.

Mr. Bowlin had been in ill health for several years and had been hospitalized for the past five weeks.

Funeral services were held at 2:30 p. m. Sunday in the O'Donnell Methodist Church with Rev. David Hamblin, pastor, and Dr. J. O. Haynes officiating. Burial was in O'Donnell cemetery.

Survivors include his wife; one daughter, Virginia, of the home; his mother, Mrs. J. P. Bowlin, Sr. of O'Donnell; two sisters, Mrs. Harvie Jordan of Sargent and Mrs. Paul Morris of Houston.

### PARKERS REMODELING

Mr. and Mrs. Reid Parker have added a den and bedroom to their home on North Fifth street and the remodeling includes a new roof and dashing the exterior.

Mrs. Hattie Yates' condition remains about the same at Tahoka Hospital, attendants say. She has been in serious condition for the past few months.

## Jaycee Banquet Held Saturday

Seventy-six people were present for the annual Jaycee installation banquet Saturday night in the City-Legion building when Dr. Jim Granberry, 31, Lubbock's "outstanding young man of 1963", was the principal speaker.

Charles Osborne was installed as the new Jaycee president, succeeding W. H. McNeely, as the latter presented the president's pen to the new club head. Osborne then presented McNeely a plaque on behalf of the club in appreciation for his leadership the past year.

Mel Lichman of Lubbock Jaycees was the installing officer.

Other officers are: Clifton Clark, first vice president, succeeding Wayne Huffaker; Ike Carter, sec-

and vice president, succeeding Harry L. Short; Wayne Huffaker, secretary, taking over from Ed Redwine; and Milton Reynolds, treasurer, succeeding Osborne. Directors are Charles Brookshire, Leonard Dunn, and Morris Bingham. W. H. McNeely becomes the inter-club director.

Ike Carter was presented by McNeely as the "1963 Jaycee of the year." Ike has given freely of his time and money far beyond the call of duty on almost any project the Jaycees undertook. His deep interest in civic affairs sponsored by the club was outstanding over the year.

In reviewing "highlights of 1963," Morris Bingham pointed to the local Jaycees' work in the Sabin Oral Sunday, the TB test program, painting parking stripes on downtown streets, helping with roping, decoration of downtown streets at Christmas, and many other projects.

In his talk, Dr. Granberry, Lubbock orthodontist, stressed the gradual loss of individual rights in the United States as the federal government gradually infringes on almost every phase of life and government.

He decried the fact that the U. S. is the only country in the world where a person can not possess gold coins. On the brighter side, he pointed out that this is the greatest country in the world, the U. S. possessing only six percent of the land mass, only seven percent of the population, while producing 44 percent of all the world's goods.

His talk was a strong plea for citizens to stand up for individual freedoms, the principles which have made America great, the free enterprise system.

Special music at the meeting was presented by the very popular "Rhythm Riders," Tahoka High's combo orchestra directed by Vic Klyer.

During a social hour following the banquet, Jaycees and guests who desired to do so remained by dancing.

The spoked wheel was invented for war chariots to give speed, lightness and ease of control.

## Billy Graham Film March 25

The new Billy Graham feature length sound-color motion picture, "LUCIA" will be shown at 7:30 p. m. March 25 at the First Baptist Church.

This is the story of "Lucia" coming to the motion picture screen with all the pathos and pathos that transcends the Latin setting, to embrace the spiritual needs that are common to every culture and clime around the world.

"Lucia" was made in its entirety in Buenos Aires, directed by World Wide Pictures' President, Dick Ross. The fire and excitement of gaucho folk music, South America's unmatched scenic grandeur and the excitement that belongs to one of the world's largest cities, are all enriched by full color and authentic sound.

But the real impact of "Lucia" is to be found in its intimate, utterly honest treatment of an individual's emptiness and frustration apart from the filling of the "God-shaped vacuum" with which all mankind is born. With this newest of the Billy Graham Films, "Lucia" enters into the area of domestic discord and the romantic triangle—and what the Bible has to say in resolving the emotional problems that are the hallmark of 20th Century living.

As long as you live you will never forget "Lucia."

### John Wesley's Life Subject Of WSCS

Womans Society of Christian Service of the Methodist Church met Monday in the home of Mrs. J. W. (Jack) Fenton, when Mrs. A. M. Bray continued the study of three "Spiritual Classics," discussing John Wesley.

Mrs. R. M. Stewart told of the life of John Wesley, and Mrs. V. F. Jones brought questions from "Christian Perfection," Wesley's book.

John Wesley, through influence of his preaching, may have saved England from a revolution, the lesson brought out. He brought a message to the common man. He believed that people could attain Christian perfection and stressed perfect love.

As a result of Wesley's life and influence, many orphanages, social centers, colleges, churches, publications and publication houses have been established both in America and abroad.

Next meeting of the WSCS will be next Monday at 9:30 in the new home of Mrs. Maurice Huffaker at 2429 North Third.

### Local People At Wetsel Open House

Mrs. C. T. Oliver, Mr. and Mrs. Charles Oliver and family attended the 50th anniversary of Mr. and Mrs. Jim Wetsel at Cross Plains on March 15. The event was held in the Wetsel home.

The couple and their children formerly lived in Tahoka and the Olivers report that Margaret now lives in El Paso, Mildred in Hobbs, N. M. and Baby Tot in Georgia.

### Girl Scout News

At Girl Scout Troop 401 meeting last Thursday, March 12, the girls planned for their "Scouts Own." Each patrol will have a different subject.

These subjects are Easter, patriotism and the beauty of nature. The girls report success in their cookie sales which ended Thursday, according to troop scribe, Sherman Thuren.

Kind words never die—they just become victims of ingratitude.

## Special Subject At Church Of Christ

Don Browning, minister, expects to present a most unusual lesson Sunday morning at 11:00 o'clock services at the local Church of Christ.

His message will be based on the little booklet by David Roper entitled "The Day Christ Came (Again)." He declares the theme will not be like the ordinary sermon but should have some worthwhile thoughts to all interested in a non-denominational subject.

### Mrs. A. N. Norman Honored At Party

Mrs. A. N. Norman, Jr. of Tahoka was one of three new Life Master duplicate bridge players honored at a dinner and bridge party Saturday night at the Johnson House in Lubbock. The other two honored were Mrs. Glenna Esmond and "Butch" Adams, both of Lubbock.

A number of duplicate bridge players from Tahoka and from over this area attended the event. In a brief program following the dinner, Mrs. J. T. (Abbie) Whorton of Tahoka presented a bit of verse entitled "Ode to Audie" honoring the new Tahoka Life Master. The two ladies were presented Life Master charms. The man a pen, and each a gold membership card.

The ranking Life Master is the highest rating attained in the American Contract Bridge League. Three other local ladies, Mrs. Charles Verner, Mrs. Winston Wharton, and Mrs. D. W. Gagnat have previously reached the rank, and several others are near. To attain the rank, one must win 300 master points, a method of scoring wins, including 50 points which have been reached in national or regional tournaments.

### New Home Girl Married Saturday

Miss Betty Louise Taylor and Barry Gene Eisenberg exchanged double ring marriage vows at 7:30 p. m. Saturday in the New Home Baptist Church. Rev. Paul McClung read the ceremony.

Parents of the couple are Mr. and Mrs. L. F. Taylor of route 4, Tahoka and Mr. and Mrs. Yale Eisenberg of Kansas City, Mo.

Miss Nellie Flick, organist, played traditional wedding music and accompanied Miss Sherry Burgamy, soloist.

Given in marriage by her father, the bride wore a floor length gown of white organza fashioned with a lace trimmed oval neckline, fitted bodice with a lowered waistline in back and long petal-point sleeves. Alencon lace garlands and seed pearls enhanced the bodice, waistline and skirt. A chapel train extended from a controlled skirt. The bride's veil of illusion fell from a crown of tulle flowers outlined with leaf petals adorned with pearls. She carried a cascade bouquet of white roses and cattleya orchid.

Mrs. Gerald Huffaker of Austin was matron of honor and bridesmaids were Misses Sandra Bingham of Dallas, Carol Shands of Lufkin, and Carol Taylor. They wore forest green formal-length dresses of delustered satin featuring oval necklines, elbow-length sleeves and bell skirts. White gloves and veils of green silk illusion attached to clusters of green leaves completed the ensembles.

They carried bouquets of pink and white feathered carnations.

Jerry Williams of Tahoka served as best man and groomsmen were Sheldon Eisenberg and Ronnie Eisenberg of Kansas City, Randy Taylor, Dennis Haley and Russell Balch were ushers.

Candlelighters were Carol Taylor and Randy Taylor and flower girl was Deborah Williams.

For a wedding trip to Hot Springs, Ark., the bride chose a raw silk jacket dress of blue, green and gold, complemented with a hat of green fruit, leaves and veil. She wore an orchid corsage.

The bride is a graduate of New Home High School and attended Texas Tech. She has been employed as an airline hostess for Braniff Airways.

The bridegroom is a graduate of Southwest High School and attended Kansas City University and Kansas City Junior College.

The couple will make their home at 405 W. 80th St., Kansas City.

### Duplicate Bridge Results Announced

Winners in duplicate bridge at T-Bar Country Club Tuesday night were Mrs. Meldon Leslie and Mrs. Bill Lumsden.

Second place went to Mrs. Clint Walker and Mrs. J. T. Whorton; and third place, Mrs. Jess Gurley and Mrs. D. W. Gagnat.

Next week will be master point play.

Mrs. M. M. Davis, who has been in and out of the hospital for several weeks, was released again last Saturday and had been doing better. The News is informed.

### Spruiells Observe 60th Anniversary Here Last Sunday

Mr. and Mrs. S. P. Spruiell of Tahoka celebrated their 60th wedding anniversary Sunday at the home of their daughter and family, Mr. and Mrs. Jim Lane of Wilson.

The couple married March 13, 1906 at Dawson in Navarro county. Mr. Spruiell is 80 years old and Mrs. Spruiell is 76. They farmed in the Hubbard area, Hill county before coming to Lynn county in 1925. After moving to the Plains, Mr. Spruiell farmed in various parts of the county, including north of Tahoka and at Draw. He is now retired.

Seven children were born to the couple, although one son died in infancy. These include E. E. and Clyde Spruiell, both of Tahoka, Fred Spruiell of Levelland, Mrs. Jim (Billie) Lane of Wilson, Mrs. J. D. (Lorene) Hodge of Belen, N. M. and Mrs. Mart (Alene) Smith of Albuquerque. All were here to celebrate the anniversary with their parents, except Fred, who was unable to attend. However, he had spent the preceding week end with them.

Grandchildren attending the observation were Donald Wayne Stewart of the Air Force stationed in Louisiana, Vickie, Jimmie Gayle and Susan Lane of Wilson and Bruce Spruiell of Tahoka. On Monday the couple received visits from other grandchildren, Jesse Spruiell of the Air Force, Tony Spruiell and Mr. and Mrs. Larry Spruiell and Todd, all of Lubbock.

### Pythian Sisters Planning Events

Lynn Temple No. 45 Pythian Sisters met in the WOW Hall Tuesday night with Most Excellent Chief Elsie Dee Brooks presiding.

A group of sisters attended the meeting in Lubbock when the District Deputy made her official visit to Friendship Temple and made a report to Senior Dorothy Kidwell.

The Pythians express their appreciation to the Downtown Bible Class and to Horace Rogers for their support in helping get the new stoves paid for.

A bake sale will be held in Piggly Wiggly No. 1 on Saturday, March 26, and all members are urged to bring a cake, pie or

cookies so that enough money can be raised to finish paying for the stoves.

Other plans include initiation scheduled for April 7.

At this week's meeting the table was laid with a white embroidered cloth in white, centered with a basket representing the wearing of the green. Eighteen members were present. Refreshments were served by hostesses Gertie McFadden, Ruth Benson and Lura Mae Gaither.

Every day is safety day.

### Textile Mill Is Planned At Ralls

Ralls, March 19—Construction of the Texas High Plains first textile mill was announced today by Jean D. Smith, president of Ralls Tex Mill, Inc.

The Ralls Tex firm is owner of the new building which will house a modern automated textile mill. The masonry and steel structure will include over 50,000 square feet for manufacturing and packaging.

The primary product of Ralls Tex Mill will be the production of cotton bale bagging. Smith said, "At long last a dream of the cotton industry will be a reality—to wrap cotton with cotton competitively."

Ralls Tex recently acquired manufacturing rights to a blending process from Ronald H. Marks of Dallas which will enable them to produce a material using seven parts cotton and five parts other

### Unfreds Attend Relative's Rites

Vince Unfred, about 65, well known to a number of Lynn county people, died from a heart attack Tuesday night at his home in Groesbeck. Mr. Unfred formerly farmed at Key, Dawson county, and has been a frequent visitor with Lynn county relatives.

He was the last and youngest brother of J. P. Unfred, now of Lubbock, and uncle of L. C. and Joe D. Unfred of New Home.

Funeral services were being held at the First Baptist Church in Groesbeck Thursday.

Joe D. and Mrs. L. C. Unfred flew down to Austin Wednesday, where they were met by L. C., and they were to proceed from there to Groesbeck for the services. Mr. and Mrs. J. P. Unfred were in Big Sandy, and were going from there to Groesbeck.

Mrs. J. P. Unfred's father, T. J. Hawkins, who is 94, has been in a Texarkana hospital for three weeks, and surgeons expect to amputate one of his legs soon. Her mother is 89.

Mrs. Joe D. Unfred could not attend services as their son, David, 17 and a senior in New Home High School, had a re-injury of his old knee injury and had to have blood drained from the member Tuesday.

Vince Unfred is survived by his wife, a son in Houston and a daughter in Austin.

He is the son of Mr. and Mrs. S. A. Mensch of Lubbock and a brother of Mrs. W. E. Pierce of Tahoka and Leroy Mensch of O'Donnell.

### "One Man's Way" Coming To Rose

"One Man's Way," starring Don Murray as Norman Vincent Peale, is the candid story of a man who deeply feels that the ministry need not be dull. Opening Sunday, March 22 at the Rose Theatre, through United Artists release, the Frank Ross production co-stars William Windom, Carol Ohmart and introduces Diana Ryland. Academy Award winner Denis Sanders directed.

Peale's writings via syndicated news features, major magazines and, to date, 13 books (including "The Power of Positive Thinking") have profoundly affected millions of lives and at the same time earned him charges of heresy, blasphemy and commercialization of religion. The one-time police reporter has never pulled his punches, and neither does this exciting film spanning forty years of Dr. Peale's highly controversial life.

Frank Ross' determination to film "One Man's Way" as his first major undertaking since bringing "The Robe" to the screen, was sparked when he read, in The Readers Digest, excerpts from Arthur Gordon's best-selling book, "Minister To Millions." The film, like Peale's life, emerges as a fast-paced and suspenseful chronicle of a man who has had great influence upon our age. It also recounts the offbeat and charming courtship Dr. Peale had with his wife Ruth.

"One Man's Way" was filmed entirely in Southern California, except for location shots in New York's Marble Collegiate Church, where Dr. Peale has been minister for over 31 years. All other interiors were made on the studio sound stages.

### HOWLES VISIT RELATIVES IN ALABAMA, GEORGIA

Mr. and Mrs. E. A. Howle returned Thursday of last week from a 10-day trip to Cleburne county, Alabama, where they visited her parents and his father, who will be 90 in April, and over into Georgia, where they visited an aunt.

E. A. reports there seems to have been plenty of rain over most of the country from Abilene eastward.

He brought back a stalk of "rabbit tobacco," which he smoked as a kid out behind the barn when his parents weren't looking. The weed smells and tastes somewhat like tobacco, and The Printer tried a little of the foul stuff in his pipe. E. A. says anyone wanting to quit smoking will be broken from the habit by smoking "rabbit tobacco" for a while.

## Song Is Recorded For John Pinkston

John Pinkston, whose wife is the former Miss June Philpot of Tahoka, is the co-writer of a song, "Forty Steps", which has recently been recorded by Ray Baker on a United Artists record.

A grocer in Crosbyton, Pinkston is the son-in-law of Mr. and Mrs. Elvis Philpot of Tahoka. He wrote the song with Tommy Williamson of Ralls.

The two are members of a musical group who play for public appearances as a hobby. Other members of the group are Lawayne Tolbert of Levelland, Olen Pinkston, John's brother, of Tahoka, and Euel Daniels of Floydada.

The Crosbyton Review said recording of the song was one of those rare instances in which the composer's first song sent in was chosen for recording. The chances of this happening are about one in a million.

Pinkston has never had formal music lessons, plays by ear and although he composes both lyrics and music, he is unable to read or write music and must have someone else put it on paper.

He plays an electric standard guitar, left-handed, and also plays the mandolin.

This however, was not his first song to be recorded. Mrs. Philpot says. Another record company has recorded two compositions, "We Both Love the Same Girl" and "If You're After My Heart."

He and June have one daughter, Cathey.

Mr. and Mrs. Ed Crooks and little daughter of Brownfield, formerly of New Home area, were here Tuesday on business.

Mrs. Crooks and Kathleen in February flew up to Dover, Delaware, to be with her other daughter, Mrs. Keith Whitfield, who was in the hospital five days. Mrs. Crooks says the first thing Mrs. Whitfield said on getting home from the hospital was "Where's my Lynn County News?"

The two flew up to Dover and say they had to wait longer in the Dallas air terminal than the four-hour trip from Dallas to Delaware.

They visited Washington, D. C., while up there and saw President Kennedy's grave. They were highly impressed by the beauty of the

## A. L. Pace Was Buried Monday

A. L. Pace, 56, former Tahoka elementary school principal and former New Home superintendent, died Friday at 12:35 p. m. in Methodist Hospital in Lubbock from a heart attack he had suffered about three hours earlier at Frenship (Wolforth), where he was elementary school principal.

He and his family had lived in Lubbock at 2906 20th street the past 17 years, and Mrs. Pace teaches in the Lubbock schools. He had been troubled with a heart ailment several years.

Born at Glen Rose and reared at Memphis, Pace graduated from Texas Tech in 1930, where he was a member of the varsity basketball team. He had taught school for 33 years. He was North Elementary principal here in the early 1940s, and was the first Tahoka coach actually trained for basketball coaching. While here, he was elected superintendent of the New Home Schools in about 1943, and served in this capacity several years. He owned farm land in Youkum county.

Funeral services were held Monday at 4:00 p. m. in the First Baptist Church of Lubbock with the pastor, Dr. J. Ralph Grant, officiating, assisted by Rev. J. T. Bolding, assistant pastor. Burial followed in Resthaven Memorial Park.

Survivors include the wife; a daughter, Anita, and a son, Rodney, both Tech students; his father, A. O. Pace of Memphis; a brother, A. O. (Buddy) Pace of Abilene; and a sister, Mrs. Robert Wells of Memphis.

At least 32 Texas streams are known as Spring Creek.

## GI Forum Asks District Meeting

Arrangements are underway for a district meeting of GI Forum chapters of Northwest Texas to be held in Tahoka on the afternoon and evening of April 19, according to Rudy Chapa of the local organization.

Plans were discussed at a meeting of the GI Forum board of directors Tuesday night, headed by Leonard Benitez.

Ladies Auxiliary of the GI Forum is sponsoring a supper this Saturday night, beginning at 6:00 p. m., in the Perez Hall here for benefit of the ladies projects.

Next regular meeting of the GI Forum will be next Tuesday night at 8:00 o'clock in the City-Legion building.

Principal object of the GI Forum organization is to develop better citizenship among Spanish speaking people and to be of service to the community, state and nation. The organization is supposed to be strictly non-partisan in political affairs, Chapa says.

Mr. and Mrs. Uris Howard, Mrs. Guy Reeves, and Mrs. J. N. Payne of Lubbock and Mrs. John Reagan of Floydada visited here Sunday with their sisters, Mrs. Harley Henderson and Mrs. Frank Hill.

Mrs. I. I. Gattis is a medical patient in Tahoka Hospital, having been admitted Wednesday of last week.

FRI. & SAT., March 20 & 21 SUNDAY & MONDAY — MARCH 22 & 23

LOOK AT THIS 'MAN' and BEWARE... there is nothing human about him... except his desires!!

What a wonderful time for a movie like this!

In a world where people rush too fast, drive themselves too hard, and say so little to each other...  
In a world where people want to reach for love but have forgotten how... what a refreshing experience this movie will be for you!

Here is a motion picture that is not ashamed of its heart... whose people are not sick of soul.  
It is the story of a man who fought for what he believed in... sometimes with passion... sometimes with laughter... and always with the love of the exciting woman who shared his exciting dreams!

## Rev. Gruber Talks Here On Communist Doctrine

Rev. Carlos Gruber, reared in Latvia, one of the three first countries to fall to Communist Russia, who was here speaking in the First Baptist Church revival, was the speaker at Tahoka Rotary Club Thursday.

There are many people talking about the Communist threat, he said, but he brought a little different angle to the problem from personal experiences.

He opened his part of the program by playing on the violin the Latvian national anthem, now prohibited in that country because it is a prayer to God.

He said too many people do not understand the true facts and objectives of International Communism.

Visitors to Russia see only what the Soviets want them to see, the bright side of Communism. Russian people are told all American visitors are spies.

We hear much in the press of this country about how solidly the Russian people vote for their leaders, but the truth is people are virtually forced to vote, are handed ballots in sealed envelopes with names of candidates inside. Any one opening and marking out names on a ballot is subject to purge.

The Communists came to power through a blood revolution. Any one even making jokes about the leaders, and those who do are branded as enemies and are watched by secret police. So-called progress inside Russia is not what we are told, and the situation is much worse than most Americans imagine.

The speaker declared we are not just facing military power,

social or economic problem. Communism is a religion, an evil spiritual power.

Rev. Gruber said our American pacifists are either fools or agents of the Communists. Our defense program is necessary, for power is the only thing the Communists understand.

Quoting Ex-President Eisenhower, he said, "Greatest need of the world today is a religious revival, a spiritual awakening." When it comes to the impossible, to a miracle, that's where God comes in. The time has come when each individual has a responsibility before God and America. "In God We Trust is not enough—we must put hope and trust in God as individuals and the problem with Communism will be solved."

The speaker was introduced by Rev. T. James Efrid.

Prior to the talk, Robert Abbe was elected club secretary to succeed Maurice Small, Pete Hewlett was re-elected treasurer, and Ross Smith, Steve Thompson, and Dayton Parker were elected directors to succeed Alton Cain, Calloway Huffaker and Dale Thuren. Hold-over directors are Harold Roberts, Wilton Payne, and Don Browning. The directors expect to announce a president to succeed Don Browning this Thursday.

Gary Weaver was introduced as a new member of the club.

Harold Green announced Frank Hill as having been selected by a committee as "Rotarian of the Month."

Student guests for the month of March are Terry Harvick and Eddie Howard and were introduced by the club sweetheart, Montie

## 333 Lynn People Are In Public Employment

(Special to The News)  
New York — How many Lynn county residents are holding down government jobs—Federal, state and local? How many of them are connected with the public administration part of government?

A special report, just released by the Department of Commerce, presents a social and economic portrait of workers in the United States and of the hundreds of types of work they perform. It is called "Occupational Characteristics."

From this and from other data on the subject, compiled by the Census Bureau, it appears that there are 333 local residents employed in civilian capacities by various governmental bodies.

Of these, 95 work for agencies of government—whose activities come under the head of public administration. Included in this category are those with legislative, judicial and executive functions and, in addition, those in the postal service.

In terms of the total number of working people in Lynn county, the proportion in public administration is equivalent to 26 per 1,000 workers.

There are many local people, besides these, who are in government employ in other capacities, outside the field of public administration.

In these other groups are school teachers, public health workers and those connected with municipally-operated services, to mention a few.

The number of Lynn county residents holding down government jobs that are not related to public administration is 238.

The overall total of those in public employment locally is given as 333.

As a proportion of the entire working force, it amounts to one person locally on a government payroll out of every 11 who are employed.

Throughout the rest of the United States, by way of comparison, the ratio is one government worker out of every 8 and, in the State of Texas, one out of 8 also.

Special importance is attached to the survey because of the finding that government, at nearly every level, has been growing larger and larger in terms of number of people employed.

McGinty, President Browning said new club officers would be expected to attend the District Conference in Sweetwater April 9-11.

## Randall Hinkle Navy Commander

Mr. and Mrs. Wayne Hinkle, two daughters and two sons, were here last week end from Garden Grove, California, visiting his uncle, R. B. Hinkle, and old friends.

They had brought his mother, Mrs. Marvin D. Hinkle of Portland, Oregon, to Clovis to visit her mother, who has been seriously ill, and came on down to Tahoka for a visit. His father did not make the trip.

Wayne is now a building contractor living at 11291 MAC street in Garden Grove, and his parents live at 11347 S. E. Sherman in Portland. He met his wife in Portland, Oregon, where the family moved from here.

Wayne told The News his brother, Randall, is now a U. S. Naval Commander and is second in command aboard the USS Haddo, a nuclear submarine known as a "hunter-killer." He says Randall married a New Jersey girl and they have three daughters.

Randall is a 1946 graduate of Tahoka High School, attended Wayland College at Plainview a half year. After going to Oregon, he entered the U. S. Navy and while in the service made such a high record that he passed the examinations for appointment to the U. S. Naval Academy. He graduated from Annapolis in 1954 as an Ensign, and has now risen to the rank of Commander.

The Hinkle boys have many old friends here who will be interested to know of their success.

Pullets will lay about five dozen more eggs than old hens, according to most poultrymen and it is therefore a better practice not to keep laying hens for a second year of production. The egg quality from pullets is undoubtedly better than from older birds.

A diamond will burn if heated to 1600 degrees F.

## W. T. Hines Now At Texarkana

W. T. Hines and family are now living in Texarkana, Ark., where he is field supervisor for Continental Oil Co., with which firm he has been several years and in several states while advancing to his present top job.

Mrs. Hines is the former Imogene Hargett, daughter of Mr. and Mrs. H. O. Hargett, and W. T. is the son of City Water Supt. and Mrs. Pat Hines.

Another Hargett son-in-law is Rev. Boyce Evans, pastor of the First Baptist Church at Abernathy. Both he and his wife were reared here.

## Special Services At Wilson Church

St. John Lutheran Church in Wilson will have special services during Holy Week preceding Easter.

On Wednesday, March 25, there will be a public confessional service at 7:30 p. m.

At 7:30 p. m. on Maunday Thursday, March 26, services with Holy Communion will be held as the congregation remembers the institution of the Holy Supper.

Good Friday services will be at 10:30 a. m. on March 27.

"All families of the community are invited to attend the Holy Week services as we look forward to the resurrection of Jesus Christ on Easter morn," Rev. John Onda, pastor, said.

## Little Change Expected In Congressional District

Although there should not be much change made in the county make-up of the 19th Congressional District in the proposed redistricting program, recent Census Bureau figures released present some interesting statistics concerning the 20-county district.

There are 22 districts in Texas with a total population of 9,579,677, by the 1960 census, when the 19th District had a population of 424,774. Average population in 1960 of the 22 districts was 433,440, but even then there were vast discrepancies in population due to long-delayed redistricting legislation. Texas gained a congressman after 1960, and a congressman-at-large was elected.

Due to growth of metropolitan areas, redistricting now will bring a great reduction of representation from the rural areas, but there are few who argue the present distribution of representation is just.

For example, the 4th District,

the late Sam Rayburn's old district over in Northeast Texas has one representative for only 216,371 people (1960 census), only half the population of the 10th, but the 5th district (Dallas county) had 951,527 population, clearly an injustice.

Between 1950 and 1960, the 1st District, extreme Northeast Texas lost population by 11.2 percent, while the 8th District (North Houston) gained 41.5 percent, the 16th (El Paso) 63 percent, and the 19th, the South Plains, gained 30.3 percent in population.

The 7th District in East Texas has the largest percentage of non-white, 27.7 percent, the 15th (Laredo) the lowest 0.5, and the 19th has 62 percent non-white, 12.6 percent of the Texas population is non-white.

The Texas Department of Public Health was established in 1903.

Almost every week the pages of The News record the successes of one or more young men who grew up here, went out elsewhere to attain some measure of achievement. We enjoy writing these stories more than any other, for we take pride in the youth of Tahoka and all Lynn county.

While talking with H. O. Hargett the other day, we both became impressed by the large number of young men and women remaining here at home to meet success, some not quite so glamorous, perhaps, as some others, but surely just as important. There are opportunities right here at home, and those taking advantage of them are many. Just look at the young men farming, some who started on a shoestring, that now are county leaders. There are others in business. There's a whole flock of deserving young men in Tahoka Jaycees working to make their community a better place in which to live. Our hats are off to the

many young men making a place for themselves here at home and the many young wives making such successful housewives and mothers.

We got a big kick out of Sam Levinson, the ex-New York school teacher, now a TV humorist, the other night in poking fun at modern students who slug, sass, spit on, beat up, and even knife their teachers. We got a big kick out of Robert Ruark's half humorous column last Friday in the Evening Journal about the old days when teacher was boss in the classroom, when a kid who got a whipping at school later got a real whipping at home. But, times have changed, Ruark says, in this day of free lunches, staff psychiatrists, over-sympathetic parents who give their kids everything.

Our schools and homes and churches must be doing a pretty fair job.

Not long ago, there was a big push nationally for more and better education, a stepped-up program all the way up from the first grade. The local schools have intensified the program, stiffened up the requirements, and have been demanding more from students. Classroom teachers tell us the result has been that many children can't keep up with the program, their grades have fallen, and some parents don't realize the reason.

A major problem in the local schools is the Spanish children whose parents speak Spanish at home. These children are at a distinct disadvantage in schools because of a lack of proper understanding due to the language barrier. These children can never advance in our schools until their parents start speaking English at home, teachers tell us.

A Tahoka lady teacher told us a while back: "Kid trouble? What do you mean? The only trouble we have is parent trouble."

Walter Josey, from out on the Lynn-Garza line, was an interesting visitor at The News one day recently. Although not an old man, Walter knows a lot first-hand about early day cow history of the county. He first came to Lynn with his father, John Josey, in 1906, went back to Bosque county, but left home at the age of 13 and came West again to stay. In fact, he came back on a saddle horse leading a pack mule.

Mr. Josey worked for about all the area ranches as a youth, including T-Bar, Brownfield, Singleton, Slaughter, Double-U, and others. He was working on the Windham Ranch in 1923 when Dr.

Windham was murdered. We'd like to get with Walter one of these days for a little more history.

Walter's second son, R. E. Josey, is quite a cowboy himself and has won a total of 16 saddles in calf roping. Walter says he never had time for roping in competition; he was kept too busy on the ranch working at 50 cents a day.

Dean Thomas of Texas Tech has stated that "if the present population explosion continues, the U. S. will barely be able to raise enough food and fibre for its own use by 1975, just 11 years away. Maybe, there's still hope for South Plains agriculture."

One day, if the water holds out, Gaines county may be the top agricultural county in Texas. It is half as big again as most other Plains counties. Lynn has less than 600,000 total acres. Gaines has 900,000 total acres, 465,000 in cultivation now, more than 400,000 still in pasture. In 1960, Gaines had 49 irrigation wells watering 4,900 acres; today it has 1,850 wells watering 180,000 acres, according to Calvin Holcomb, the county agent of Gaines.

No live boll weevils have been found up to the present time this spring above the caprock. Entomologist W. L. Owen of Lubbock Experiment Station is quoted as having said recently at Crosbyton. Many trash samples have been examined but hibernation cages will not be examined until all danger of frost or killing freeze is past.

"Mack" McAllister, the old Draw professor now on KSEL radio, predicted a three-inch rain by Sunday. If it didn't come (it didn't), he has promised to wear a Beetle wig until it does. We'd like to see old "Mack" now. Give him credit, though, he tried his best.

Quotes from Cal Farley of Boy's Ranch fame: Only the people who do things get criticized. . . . A genius is somebody shrewd enough and lazy enough to do things right the first time. . . . Some men work hard and save their money so their sons won't have the problems that made men of their fathers.

At a recent meeting in Post, the Dispatch says, Mrs. C. I. Dickinson recounted some early day Garza school history, telling of the first school held in a tent in 1907 to which she rode horseback three miles from her ranch home carrying her lunch in a Cottolene lard bucket. Then, C. W. Post rented the school a frame building it used until sold to Gary White family, later of Tahoka. There were six students. Mrs. C. R. Thaxton told the history from 1929 to date, and said for entertainment most of the teachers and their dates drove over dirt roads to Tahoka to attend the new English Theatre.

A young school boy is supposed to have written the following little theme on "Anatomy": "Your head is kind of round and hard, and your brains are in it. Your hair is on it. Your face is in front of your head where you eat and make faces. Your neck is what keeps your head out of your collar. It is hard to keep clean. "Your stummick is something that if you don't eat it hurts, and spinach don't help none. Your spine is a long bone in your back that keeps you from folding up. Your back is always behind you no matter how quick you turn around.

"Your arms you have to pitch with and so you can reach the butter. Your fingers stick out of your hand so you can throw a curve and add up arithmetic. Your legs is what if you have not got two of you can't get to first base. Your feet are what you run on; your toes are what always get stubbed. "And that's all there is to it except what's inside and I never saw it."

The following statement was made by a 14 year old junior high school student: "Ladies and gentlemen, I am not advocating a policy of complete pugnacity. I am, rather, recommending that the American people cease to back off and give up their liberty. We saw in Cuba what the Russian backbone is composed of. Instead of negotiating and co-existing, why not declare complete war on the communist forces all over the world, even in the U. S. I don't know about you, but, as for me, I do not intend to be buried, but intend to bury."

"I got this hat free," she told her husband proudly. "How?" he asked. "Well, the hat was reduced from \$30 to \$15. That meant I saved \$15. So I paid for it with the money I saved."—Santa Fe Magazine.

This is supposed to be a true story. A local grocer gave an indigent customer a sack of groceries. She then asked for some trading stamps.

### State Board Lists Qualifications For School Trustees

Governor John Connally has proclaimed April as "School Board Month," and the Texas Association of School Boards has sent out two little booklets outlining the basic responsibilities, qualifications, and importance of school board members.

For information of new school board members, as well as to the general public, the press is asked to present the following "Do's and Don'ts for the School Board Member":

1. Keep foremost always in your thinking the good of all school children, whether they be normal, healthy children, or handicapped.
2. Confine your time and energies to policy making and the evaluation of the school system—not to details that are the business of the staff.
3. Use all available sources to inform yourself as a new board member, and continue to use these sources as long as you serve.
4. Ask questions to learn, for all board members and the staff are willing to help, as it is in the beginning necessary to absorb much from watching the operation of the board, administration, and teaching staff. (One finds that he thinks he knows about the school system, but whatever contacts he has had with schools and however broad he may think his knowledge of school problems, he will find that actually he knows little and gradually learns there are many phases he didn't know existed.)
5. Spend as much time on the instructional phases of the system as on buildings.
6. Listen and take into account the knowledge and judgment of the more experienced board members.
7. Think carefully and objectively on any and all problems.
8. In trying to make a decision on problems, think carefully as to whether or not a precedent will be set. No one case or plea from patrons can be decided on the merits of the case alone.
9. Respect the opinions and decisions of the staff. They are trained people in technical school affairs and usually know more about education than board members who are not trained to operate schools. Delegate the detailed and technical duties to the staff.
10. Regard the superintendent as the community's educational leader.
11. Give the superintendent and his staff the benefit of community feelings and ideas, but weigh in each case whether or not these

represent a small segment of the community. Make your decision in such cases as to whether the solution is best for ALL the children, or only a FEW.

12. Use community groups to weigh new ideas or changes.

13. Never make decisions on the basis of personal prejudice (or that of friends). Serving on the school board requires the ability to give and take. Decisions are the results of the considered judgment of all.

14. Support the majority decision even if it is contrary to your personal opinion.

15. Always remember that you are a school board member only when the board is in session. You can never speak for the board, only for yourself as a citizen.

16. If you are absent from a board meeting, feel responsible to catch up before the next meet-

ing. Do not take up the board's time to bring you up-to-date.

17. Weigh carefully the advisability of practicing excess economics in initial school costs. False economy may cause expense later.

18-Keep the interest of children ahead of all other interests!

19. KEEP THE PUBLIC INFORMED.

Lubbock — One of the most current and relevant questions to reach this office lately has been: "How did such and such county get more cotton acres from the Release and Reapportionment program than my county?" After much discussion with ASC officials on both local and state levels, we will attempt to explain here the "how" of release and reapportionment for 1964.

The number of cotton acres allocated to a given High Plains county through Release and Reapportionment in 1964 was determined by (1) the total acreage available for reallocation to the High Plains, (2) the total acreage requested by the High Plains, (3) the number of acres the county itself requested and (4) a set of rules drawn up by the State ASC Committee.

Only two of the State Committee's rules had any significant effect on High Plains counties. One of these prohibited an individual farmer from requesting acres that would bring his total acres in cotton to more than 50 percent of his total land in cultivation. The other stated that a county could not request acres in excess of 50 percent of its base allotment. Therefore a farmer with 200 acres in cultivation and a 90 acre cotton allotment could request only 10 additional acres to bring his total to 50 percent of cultivated land. True, he could file for more than that but his county ASC was required to adjust his request back to 10 acres before including it in the total county request to the State Committee.

By the same token, a county with a 50,000 acre allotment could request 100,000 additional acres but the State Committee would consider only 50 percent of the county's base allotment, or 25,000 acres.

After all county requests were adjusted in this manner, the total was compared to the total acres available for distribution on the High Plains. It was found that the total available acres came to approximately 20.62 percent of the total asked for, and this factor was impartially applied to each county's adjusted request. Thus if a county's adjusted request came to 1,000 acres, it received 206.2 acres.

Consider three actual examples, in which counties received 3.7 percent, 8.9 percent and 10.2 percent of their base allotments.

Lubbock County farmers filed requests with the local ASC office totaling 234,391 acres. But, Lubbock county cotton allotments already average about 42 percent of cultivated land, so the county office was required to adjust these requests (individually, to keep each within the "50 percent of cultivated land" provision) down to a total county acreage request of only 35,948 acres. When applied to the 20.62 factor Lubbock county got only 7,395 reapportioned acres, or 3.7 percent of its 215,704 acre base allotment. Castro County farmers request-

ed 56,296 acres from the county ASC office at Dimmitt. After application of the "50 percent of cultivated land" limitation, only 22,790 acres could be requested from the State Committee. This time 20.62 percent gave the county 4,701 acres, or 8.9 percent of its 52,905 acre base allotment.

Terry County requests to the county ASC office came to 259,480 acres. But in this case the county limitation to "50 percent of base allotment" came into play. Terry county's base allotment was only 141,347 acres, and the county office could therefore request only 50 percent of that amount, or 70,673 acres. After this adjustment was made and the 20.62 factor applied Terry county was given 14,472 acres, or 10.2 percent of base allotment.

These examples, plus the explanation, should help clear the air as to "how" reapportioned acres were divided among High Plains counties. As to the "why" of it, members of the State ASC Committee contend that this was the most fair and equitable system that could be found and have expressed their willingness to hear suggestions from anyone who has found a better way.

Before leaving the subject, however, it might be well to note that this program of Release and Reapportionment, especially from the High Plains viewpoint, has been one of the better things to come from Washington in recent years. Since its beginning in 1961 the program has brought a total of almost 300,000 acres of cotton to the High Plains over and above the area's base allotment.

Multiply that figure by an average of a bale per acre and a gross sale price for each bale and its seed of \$150.00 and you have a "pay raise" for High Plains farmers of \$45 million in the four years. Then, consider that each dollar of this gross income circulates seven times before leaving the High Plains and farmers and merchants together, by the end of this year, will have enjoyed an increase in gross income amounting to over \$300 million.

And, even that impressive figure is not the whole story of Release and Reapportionment, because the program is also responsible for keeping the base cotton allotment for Texas as high as it has been since 1960. The way the national allotment (now at the statutory minimum of 16 million acres) is divided among the states, any state which has not planted all of its available acres in previous years automatically loses some of those acres to states which have compiled a better cotton "history."

There are some areas of East and South Texas where farmers do not plant all of their allotted cotton acres, usually because they have found it more profitable to raise some other commodity. Release and Reapportionment allows these farmers to release unwanted acreage to their ASC Committee for transfer to other farmers, within the state, who will plant them

### WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

The American problem with the Panama Canal is perhaps just another example of chickens coming home to roost.

The American use of billions of tax dollars in foreign give aways to try to buy friends is often negated by attempts to meddle in other people's affairs.

Not too long ago, an upstart in Egypt named Nasser stirred up quite a fuss in regard to the Suez Canal. Now the Suez Canal is owned by a stock company of British and French. Nasser also took on the Israelis, then calmly expropriated the Suez Canal. Suez was and is as vital to British and French economics as Panama is to U.S.

So the British and French landed an armed force to deal with Mr. Nasser, and in the meantime, the small but rugged army of Israel, tired of his depredations in their nation, charged in from the other side. Within another 48 to 72 hours, the Kremlin loving Nasser would have been out.

But the United States government had to interfere, and threatened action unless Britain and France withdrew.

This resulted in the fall of the resolute, able Anthony Eden as Prime Minister of England, a protégé of Winston Churchill. It must be remembered if during World War II, Churchill's view had prevailed, the Balkans would have never been over run by the communists.

let herds of Russia. Eden's fall opened door to more socialism in England.

Now the big outcry among many in Washington is that General Charles DeGaulle has turned his back on U.S. leadership, despite the fact that billions were taken from American taxpayers to give to France in the monster foreign giveaway program. As one of the staunchest Catholics in Europe, DeGaulle is not soft on communists.

But he is a realist. In 1946, the State Department broke his neck to recognize the Nazi puppet government set up in Vichy, which had sentenced DeGaulle to death. It was not until Pearl Harbor reluctant recognition was given to the Free French forces.

Then besides the Suez meddling, he was U.S. pressured to abandon colonies, which he did, and has subsequently seen them go communist. He has also seen the U.S. give billions to communist Tito, help the Kremlin bail out of a food crisis by permitting wheat to be sold to Russia, not to mention a few other inconsistent odds and ends.

Undoubtedly the General became a little confused, and has thus reached a decision that if France is going to be secured from communism, France will have to go it alone, and work out the best deals possible to keep it economically healthy. While only the future will reveal the soundness or folly of his position, it does not seem difficult to understand why at long last he reached this position. An earlier French leader once said "When you have allies you don't need enemies."

and in this way preserve the state's history. Otherwise the unwanted acres would be lost to other sections of the country—at the expense of Texas farmers who want and need larger cotton allot-

ments. Release and Reapportionment is a good program and well worth working to keep alive.

### Four Rural Car Wrecks In Month

The Texas Highway Patrol investigated four accidents on rural highways in Lynn county during the month of February, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

These wrecks accounted for three persons killed, four persons injured and an estimated property damage of \$1,520.00.

The rural traffic accident summary for this county for the first two months of 1964 shows a total of six accidents resulting in three persons killed, nine persons injured and an estimated property damage of \$2,680.00.

"Fantastic? Yes, but true," stated the veteran patrol supervisor of this area. In all of its glorious history Texas reached its darkest hour in traffic fatalities during 1963, with the preliminary death count now standing at 2,703, which is 282 more lives lost than in 1962. Also, this is 92 greater than the previous all time high of 2,611 in 1956. It is estimated that when all reports are received for the year 1963, the death figure from traffic accidents in Texas will reach a staggering count of 2,725.

"The death count for the year 1964 now exceeds 400 which is an 11 percent increase over the same period for 1963. With these facts in mind, we wish to appeal to all Texans to recognize the seriousness of the traffic situation with which we are faced. If the present 11 percent increase continues we will kill in excess of 3,000 persons in traffic accidents in the year 1964," said the patrol supervisor.

J. R. Smith, who formerly worked at the ASCS office here a few weeks ago, was here last week end. He is now in the carpet business at Lamesa.

Texas is the leading agricultural state in the nation.
