Graduation Closes Out School Year

Commencement exercises for seniors from Tahoka High School, New Home High School and Wilson High School will be held in their respective auditoriums tonight and O'Donnell High School seniors will have Baccalaureate services Sunday night with commencement planned for the following night, Monday, May 25.

Tahoka's graduation is set for 7:30 p. m. and all others in the county are scheduled to begin at 8:30 p. m.

Only a total of 88 seniors are graduating in Lynn county, with 25 each finishing high school at Wilson and O'Donnell. Tahoka is graduating one of its smallest classes, 23, and New Home seniors total 13.

Tahoka seniors will hear addresses from the honor students, Allen Cox, valedictorian, whose topic is "Culmination of Knowledge," Janis Gattis, salutatorian, "Application of Knowledge," and Steve Greer, who ranks third in his class, "Accumulation of Knowledge." Theme of commencement is "Threshold of the Future."

Diplomas will be presented by school board chairman, Clevé Littlepage, after Supt. Otis Spears presents the class. Also on the program will be "Moments to Remember" sung by the class, as well as the "Alma Mater." Macky McWhorter will give the invocation and Johnny Long the benediction. Mrs. Harold Green will play the processional and recessional.

Last Sunday night Rev. T. James Efrid, pastor of the First Baptist Church, delivered the class sermon, with Don Browning, minister of the Church of Christ, giving the invocation and Rev. Aubrey White, pastor of the First Methodist Church, pronouncing the benediction.

A customary candle lighting service will end commencement exercises at Wilson tonight.

Addressing the class will be Valton Maeker, valedictorian, and Janet Gindorf, salutatorian.

Supt. Leroy Scott will present service awards and Principal D. H. Koeninger will announce recipients of school awards. Edmund Maeker, president of the school board, will make the presentation of diplomas.

Joe Mason will conduct the impressive candle lighting service when he lights a large candle, in the darkened auditorium, then lights smaller candles taken by each senior as the recessional is played and the class marches out of the building.

Max Blakney will deliver the valedictory address and Dave Hancock the salutatory when New Home seniors hold commencement exercises in the new high school building there.

The last will and testament of the class will be read by David Unfred and Elton George will speak on "Opportunity."

The class sermon was delivered Sunday night by Rev. Hardy Cole, pastor of the New Home Methodist Church. Lonzell Ross, minister of the New Home Church of Christ, and Melvin Newman gave the invocation and benediction, respectively.

O'Donnell Sunday night Baccalaureate speaker will be Rev. Ray Martin, pastor of the Wells Baptist Church, when O'Donnell seniors begin final school exercises.

On Monday night commencement ceremonies will be held with Dr. B. J. Fallon of Texas Tech delivering the address. Diplomas will be presented by Dick Franklin, chairman of the school board.

Honor students of the class are Sandra Garrett and Bonnie Wood.

Both events for the 23 graduating seniors will be held at 8:00 p. m. in the high school auditorium.

Absentee Voting Starts Wednesday

Absentee voting for the June 8th Democratic primary election will be possible from May 27 through June 2 in the office of County Clerk C. W. Roberts.

Due to the short time people living at a distance, entitled to vote here should get their applications, in proper order, to the Clerk's office immediately—and even then it may not be possible for some to get their ballots back in time to be counted. However, mail postmarked by June 2 containing ballots will be counted. Applicants should also be certain to designate their voting precinct in Lynn county.

Four races are to be decided, one on a state-wide basis, one for a county office, and two for precinct offices.

S. M. Clayton Jr., chairman of the Lynn County Democratic Executive Committee, announces the following as the order in which names were drawn to appear on the ballot:

Congressman-at-Large: Joe Pool and Robert W. Baker.

Sheriff: Carl C. Spears and Earl Calhoun.

County Commissioner, Precinct 1: Clarence Church and Curtis Morgan.

County Commissioner, Precinct 2: Beatrice McLaurin and Paul W. Sherrill.

Three Graduate At Texas Tech

Among the 1100 students receiving diplomas of graduation from Texas Tech at 8:00 p. m. Monday, May 20, in Lubbock Municipal Coliseum, will be three Lynn county people.

James Edwards Hollars, music and educational director of First Baptist Church in Tahoka, will receive the bachelor of science degree in education with a major in English from the School of Arts and Sciences.

Bobby Dean Wied of Wilson will receive the bachelor of science in education degree, with a major in art from the School of Arts and Sciences.

Audrey Fern Klaus, also of Wilson, will receive her B. S. degree in general home economics from the School of Home Economics.

Featured address at the graduation exercises will be by Dr. Joseph Royall Smiley, president of the University of Colorado, Boulder.

United Fund Meet Set Next Tuesday

A meeting of the board of directors of the United Fund will be held Tuesday, May 26, at 8:00 p. m. in the Reddy Room of Southwestern Public Service Company, according to Dr. Gerald E. Wood, president of the board.

All members are urged to attend. Directors will set up the budget for the agencies participating in United Fund, Dr. Wood said.

James Gage underwent minor surgery Friday in Tahoka Hospital. He was released Saturday.

Mrs. Fred Roper of New Home entered Tahoka Hospital Saturday as a medical patient.

ENTOMOLOGY TEAM—Lynn County's 4-H Club entomology team composed of Dean Hamilton of Tahoka, LaNita Wood, Katie Garrett and Frankie Scott of O'Donnell, coached by County Agent Bill Griffin, will represent District II in the State contests at College Station June 2 and 3. Lynn county has been state champion in the event the past two years, has had a team in the state contest ever since the event has started, and has always finished high in the competition.

Annual Pioneer Reunion Date Is Set For June 20

Slovers Get Money From Estate Of Distant Relative

Organization plans for the annual Lynn County Pioneer Reunion here on Saturday, June 20, were completed at a meeting of officers and directors Thursday night, May 14. "Booger" Redwine is the president, and "Sonny" Roberts is the vice president.

Mr. and Mrs. Clint Walker and Mr. and Mrs. Irvin Dunagan were named to plan the program for the afternoon with Clint serving as master of ceremonies.

Mr. and Mrs. Eldon Carroll will be in charge of the dance that night in the City-Legion building.

"Sonny" Roberts was named to see if the school cafeteria and South Elementary campus might be used for the meeting place again this year.

Maurice Small was named head of the finance committee.

Dan Curry, Walthal Littlepage, and "Buster" Fenton were named to be in charge of getting wood for cooking.

Mrs. O. F. Rutledge was named head of the committee for serving of aged visitors, W. H. Norman, head of the Old Fiddler's contest, Belton Howell in charge of the window displays; Frank Hill, publicity; Mrs. Ethel Robinson, to see about the trophies; Cap Rowe to be in charge of cold drinks, and Wiley Lee Curry to see about the barrels and lumber.

Radio-Active Cones Should Be Turned In To Fire Department

Two "radio-active" cones have been turned in to Tahoka Fire Department and will be given to Texas Health Department for tests and destruction, states Fire Chief Pat Patterson.

Anyone having such cones, sold about 20 years ago for placing in drinking water as a treatment for rheumatism and arthritis is urged to turn the same in to the local Fire Department.

Mrs. Woodrow Brazil and Don Bradley each found one of these cones at their homes, and have turned them in to Mr. Patterson. The cones contain a small amount of radio-active material that could be harmful if the cones are broken open, and the State Health Department is trying to get all possible collected following the finding of some in Lubbock recently.

The cones are of concrete, about six inches high and four inches in diameter at the bottom, and most are stamped on the bottom "Radioactive Cone." The maker recommended they be placed in a crock of water for 24 hours. Then, when drunk, the water was supposed to have healing and soothing qualities.

Anyone knowing of such cones should contact Fire Chief Pat Patterson at his home or at Southwestern Public Service Co. or call Tahoka Fire Department.

Eight Indicted By Grand Jury

Eleven indictments against eight men were returned Tuesday by the Lynn county grand jury, according to County Attorney Harold Green.

Heading the list is a bill against Frutoso Valencia of New Home, charged with murder with malice. He is alleged to have shot and killed Reyes Herschets, 24, at New Home with a .22 calibre pistol on March 29.

Dwayne Jolly was billed on a charge of swindling by worthless check, given a local automobile dealer.

C. L. McCaleb of Lubbock was indicted for theft in connection with the sale of securities.

Other indictments are: Robert Lee Hood, Negro, burglary of Wayne Waters Ford.

Lawrence Carter, Negro, charged with burglary of old telephone building at O'Donnell owned by Mrs. Bill Davis.

Julio Calvillo, three counts, burglary of Stanley Army Surplus, C. Edmund Finney Photo Studio, and The Short Company.

Guadalupe Bermudez, two counts, burglary of Santa Fe depot and Jack Adams Grocery.

Steve Valdez, five counts, burglary of Santa Fe depot, Adams Grocery, Stanley Army Surplus, C. Edmund Finney, and The Short Co.

J. D. Platt, swindling by worthless check.

School Personnel To Other Cities

Several Tahoka teachers are leaving this year in addition to Supt. and Mrs. Otis Spears, who are moving to Bovina.

Mrs. Lillian McCord, school nurse here for several years, left this week for California where she will make her home with her sister, Mrs. Dub (Jean) Harvick, who has been school nurse in O'Donnell, has been elected to the Tahoka position.

Milt Flitts, basketball coach the past year and assistant for two years preceding will go to Bovina as basketball coach. Jake Jacobs will resume the basketball duties as well as assistant football coach.

Miss Marlene Seegins, girls basketball coach, has accepted a similar position in Mineral Wells. Coach Gilbert Hough will take over the girls basketball job next year.

Miss Carol Pearson, homemaking teacher, has also submitted her resignation, as well as Cecil Bradford, who has taught science here the last semester of school.

Mrs. Hattie Yates remains a patient in Tahoka Hospital, where her condition is reported to be about the same.

The Girl Scouts of the USA was founded in 1912.

Swimming Pool Open For Season

The City swimming pool will be opened for the summer Saturday, May 23. Hours will be 1:30 p. m. until 6:00 p. m. For the benefit of the business men the pool will be open until 7:30 on Thursday evenings. Admission is 40¢ for adults and 20¢ for children under 12 years of age. Small children admitted to wading pool free when accompanied by an adult.

To reserve the pool for special parties contact Mickey Owens at 2301 Lockwood or call 998-4106.

Each person entering the big pool must have on a bathing suit and not Levis or other type of clothing.

Mickey Owens, who will run the pool this year, has just finished taking a course in safety and sanitation in Lubbock the past week.

Salvation Army Summer Camp

The Salvation Army Service Unit in Tahoka is in the process of selecting eight boys for summer camp which will be held this year from June 28 through July 5 near Midlothian.

In addition to the eight boys from the Tahoka area, which includes Wilson, New Home, West Point, Grassland, etc., two boys will also attend from O'Donnell, bringing the total to 10 from the county.

Believing that prevention is better than cure, the Salvation Army stresses much of its activities to youth work.

The Salvation Army program guides the moral, spiritual and physical development of youngsters of all ages as one of the most important aspects in its work. Camp Hoblitzelle, located between Waxahachie and Midlothian, is a summer wonderland for youngsters on 240 acres of rolling, wooded countryside. The camp features a non-denominational chapel in the woods, a paddock swimming pool, riding horses, a lake for boating, water skiing and fishing, a gymnasium, playground equipment and many other attractions.

Hundreds of youngsters from Texas attend the camp each summer.

This, however, is only a small portion of work done with youth, and results have been tremendous. That includes glasses, shoes, lunch programs, clothing, dental care, Christmas toys, among others that have brought about a sharp decline in school absenteeism. These services are performed every day in some community or city in the State of Texas.

Contributions to the Tahoka United Fund will assure continuation of these services in Tahoka and surrounding area.

Rev. Aubrey White is the local Salvation Service Unit chairman.

Cancer Fund Drive Near Completion

County Chairman J. F. Hewlett is hoping for a wind-up by workers in the annual Cancer Fund drive within the next few days.

Tahoka Boy Scouts were scheduled to complete their house-to-house canvass this Thursday night. No reports have been received from the drive at Wilson or in the Colored section of Tahoka.

Mr. Hewlett this week received an additional \$25.00 from local business firms, bringing the total received so far to about \$1,000.

Mrs. Homer Young of Wilson, who had major surgery about two weeks ago in Tahoka Hospital, is reported to be improving steadily.

Many farmers over the county are busy this week planting crops following spotted rains that ranged from a sprinkle up to five or six inches.

Some observers estimate at least forty percent of the dryland had enough rain for some kind of chance in getting up cotton.

Rain Friday night of last week ranged from a deluge of 6.27 inches in a small area of north-eastern Lynn county to only a sprinkle in the northwestern section. Heavy rain fell east and southeast of Tahoka ranging up to 3.5 to 4 inches.

Rainfall was spotted in the O'Donnell, Wells, New Home and Three Lakes areas. Light from Tahoka to West Point and over most of the northwestern quarter of the county.

Tahoka received .70, which brought the total for the year to 2.20 inches, far below normal.

Wilson reported 1.25 to 1.5, but east of there most areas received 2.5 up, sufficient for planting. Toward Tahoka the fall grew lighter.

East and southeast of Tahoka the rain was heavier, up to three or four inches, but Grassland reported about 1.5. Draw 1 to 1.5, heavier west of Draw, light in the O'Donnell area, up to 1.5 in spots in the southwest quarter. Light to none from West Point north through the Petty, Lakeview, and New Home areas.

Some of the rainfall, particularly in the eastern half of the county, was extremely heavy. High winds accompanied the rain, and damage was done to many out-buildings and a few homes over the area.

However, in some areas east and southeast of Tahoka where two or three inches of rain fell the water ran off without soaking the beds, and many farmers are having to plant in the water furrows. Planting is spotted over the southwest quarter. Irrigation farmers also hampered by dry weather and high winds have also been hampered in getting crops planted, and many farmers are having to re-water before planting.

A heavy deluge had fallen on Thursday, preceding the Friday rain, in the Midway and T-Bar areas in the vicinity of the Cleve Littlepage and Fred McGinty lands.

Light showers again on Wednesday of this week were of some help south of Tahoka and west and southwest of town.

Possible showers were predicted for Thursday, but the country still needs a good general rain.

The recent rains were of great benefit to much of Lynn county, as well as all or parts of Lubbock, Crosby, Floyd, and Garza county. Otherwise, much of the Plains is still dry, as in the country from here west to California.

Seniors On Trip To Galveston

Parents of members of the Senior Class are sponsoring a trip for the class to Galveston next week. The group will leave here Tuesday and return home Friday.

Accompanying the seniors will be Mr. and Mrs. George Wright and Pat Patterson. The class has also asked Mr. and Mrs. Clifton Gardner and Mrs. Ray Adams to take the trip as guests of the seniors.

In the past several years, such trips have been parent-sponsored since the school here no longer sponsors senior trips.

Mrs. M. M. Davis was a medical patient in Tahoka Hospital from Thursday until Monday, when she was released.

Mrs. Jack Curry was released from Tahoka Hospital Friday as a medical patient.

New Home High School Honor Graduates

Max Blakney, valedictorian, son of Mr. and Mrs. E. R. Blakney, grade average of 95.6, will major in business or pre-law at Tech.

Dave Hancock, salutatorian, son of Mr. and Mrs. Billy Hancock, grade average 92.75, will major in pre-med at Tech.

Mrs. Homer Young of Wilson, who had major surgery about two weeks ago in Tahoka Hospital, is reported to be improving steadily.

Safety Program At Rotary Club

Importance of use of safety belts in automobiles was vividly brought to Tahoka Rotarians at their meeting last week when Harold Roberts showed a color-sound movie, "Broken Glass."

The film featured California road accidents tests, using dummies in place of people in cars intentionally wrecked. Instruments and movie cameras in the cars depicted what takes place during collisions and how safety belts help prevent many fatal or critical injuries to car occupants.

E. L. Short arranged the program.

President Don Browning announced he will have to leave the club before expiration of his term in July 1 by reason of the fact that he has been granted a fellowship for special study at Abilene Christian College from June 3 until July 11, when he will become minister of a Church of Christ in Snyder.

Browning will be succeeded as president of the club by Wilton Payne, assistant manager of Lyntegar. The club is changing its policy of electing presidents, and in the future the vice president will automatically become the club president the following year. The club expects to elect a new vice president soon, who will become president in 1965.

In his announcement, Browning stated service as head of the local club, living in Tahoka and being

Student guests for the month, Macky Joe McWhirter and Allen Cox, were introduced by Montie McGinty, club sweetheart.

Hints Given On Insect Control

Every area has certain peculiarities when it comes to the control of an insect pest. Based upon observations and tests, the following considerations may be helpful in sorghum midge control in this region.

1. Effective chemical control is dependent upon killing the midge before eggs are laid. Insecticides should be applied when the heads have completely emerged from the boot or no later than the initiation of blooming. Proper timing assures the presence of the insecticide on the head when midge infestations occur. Two applications, 3 to 5 days apart, will probably be necessary for effective control under conditions of heavy midge infestations.

2. Under conditions of heavy midge infestations experienced in 1963, one application of most of the recommended insecticides failed in some cases to give significant increases in grain yields.

Application of carbofenthiol (Trithion) in all tests and diazinon in two grain sorghum plots. Trithion can be used only once on a grain crop. Since two applications are usually needed, the second application of another material should be selected from the recommended list.

Parathion was used in one replicated test and was not any more effective for midge control than carbaryl (Sevin) based on one application.

All insecticides recommended have shown poor control in some tests, probably due to a continuation of heavy midge infestations.

3. Applications of certain insecticides may cause moderate to severe leaf discoloration or burn on some varieties and hybrids. A grower may consult with his seed dealer as to the phytotoxicity of insecticides to certain grain sorghum varieties. If there is any doubt in an established crop, spray a few rows a week or so before booting with the intended insecticide at the recommended rate. No data is available relative to economic loss of grain yields due to the phytotoxic effects.

Mr. and Mrs. Sam Floyd of Lubbock were down Saturday visiting the Slover families and to see how much it rained south-east of town.

GRASSLAND NEWS

(Mrs. O. H. Hoover)

Boy, Oh Boy, wasn't the rain fine? We need some more, though. The wind blew so hard in our community it unroofed some small houses and tore the porch off a house in Grassland, blew off lots of tree limbs, but there was no hail, for which we are thankful. The rain measured from 1.3 to 2 inches. The tractors are sure humming.

Mr. and Mrs. M. C. Ritchey and J. F. Moore visited the W. G. McCleskeys Sunday afternoon.

Congratulations to Mr. and Mrs. Johnston of Colorado Springs on the birth of a son. The mother is Norma Lou Huffaker Johnston, daughter of Mr. and Mrs. H. E. Huffaker. Mrs. Huffaker is staying with them.

Visitors in the Bob Norman home Sunday were their daughter Wanda and family of Midland and Mr. and Mrs. Ruel Smith. Wanda brought her new baby to show her parents.

H. E. Huffaker and Gene Parrish have been on a fishing trip to Falcon Lake recently. They had fair luck.

Rev. and Mrs. Randy Clifton and family of Spur visited the Bud Inklebarger family Sunday.

Mr. L. G. Woods, who lived in the Grassland community for a number of years, passed away Saturday morning in the Medical Arts Hospital in Lamesa. Mr. and Mrs. Woods operated a helpy-selly laundry in Grassland at one time.

The family had many friends in the Grassland community. Survivors include his wife, Mittie; two sons, Henry and H. W., all of Lamesa.

Attending services from Grassland were Mr. and Mrs. C. A. Walker and daughter, Kathy, Mr. and Mrs. Bob Norman, and Mr. and Mrs. Ruel Smith went down to Lamesa to the funeral home Saturday.

Mrs. Eva Childs called on Mrs. C. A. Walker Monday afternoon.

Nancy Norman had a piano recital Saturday. Mrs. J. A. Wright of Slaton is her teacher. Mrs. Norman told me they were in Slaton during the storm and she thinks she never saw so much water.

Rev. J. E. Yeatts, pastor of the Methodist Church in Grassland, has an infection in one of his eyes. Mr. Gus Porterfield took him and Mrs. Yeatts to an eye specialist Monday morning. His eye is better.

Mrs. Lucy Cunningham is spending the week with her daughter, Mrs. Sylvia Reed, in Crosbyton this week.

Mr. and Mrs. V. L. Melton and Mr. and Mrs. Marshall Dubree have been gone for about two weeks on a vacation in East Texas. They came home Sunday.

Mr. H. W. Mershon of El Paso visited his sister, Mrs. Ethel Fox, and his nieces, Mrs. E. A. Thomas and Miss Gladys Fox, over the week end.

Mr. and Mrs. H. C. Gribble and children visited in the Kelly Laws home Sunday afternoon.

Mrs. C. B. King, her sister-in-law and grandson, Gary Don, spent the week end in Fort Worth visiting relatives and working in the cemetery.

Mrs. C. C. Jones tell us that her son, Marion, will have to go to the Mayo Brothers Hospital in Rochester, Minn., for an operation on his face. It is a very serious operation that they can't do in Lubbock. You remember, he was hit in the face when a valve blew up with about 70 lbs. pressure. We wish for him a successful operation.

Mrs. C. C. Jones went to Post to a family gathering at the home of her son, Carl, and family. Attending were her sisters, Mrs. Ivy Young, Mrs. Calvin Cooper and a cousin from Dallas, Norman Bullock.

Mr. and Mrs. Harve Shannon visited in Mrs. E. A. Thomas' home recently. Other visitors with Mr. and Mrs. Happy Smith and Mr. and Mrs. Buel Draper of Tahoka.

Prometryne sprays control weeds in growing cotton

New Prometryne® 80W herbicide not only controls most annual broadleaf weeds and grasses when applied as a preemergence spray, it does the same job when applied after weeds and cotton are up.

Postemergence applications
Put Prometryne to work any time after cotton is six inches in height . . . and before weeds are about two inches high. Direct the spray at the base of the cotton plant so that weeds are thoroughly sprayed . . . while at the same time minimizing contact of the spray with cotton foliage. At the low rates used in postemergence applications before layby, Prometryne kills on direct contact with the weeds.

Layby spray works all season
Keep Prometryne working for your crop all summer with a spray at layby. In this application, the rates of Prometryne go up . . . to extend weed control right on through the growing season. At these higher rates, Prometryne kills existing weeds and remains to pick off later germinating ones as well. Carried down to the weed root zone by rainfall or overhead irrigation, Prometryne is absorbed by the roots of germinating weeds. Soon after the weeds break ground, they yellow and die.

Controls weeds and grasses
Three years of research by State and Federal experiment stations proved the effectiveness of Prometryne in controlling most annual broadleaf weeds and grasses. Among the problem species handled by Prometryne are: pigweed or carelessweed, annual morning glory, crabgrass and goosegrass.

Safe to use
Prometryne is safe to cotton when used according to label directions. It leaves no residue in cotton seed. It can be applied safely and is non-irritating to humans and animals. Do not, however, plant a fall seeded crop the year you use Prometryne.

Fits your conditions
Prometryne works with you . . . whatever your cultural practices and weed conditions may be. Use it as a post-emergence spray after both weeds and cotton are up. Use it at layby to give protection through the season. Use it both ways if the weed situation so dictates.

Plan to use Prometryne for post-emergence and/or layby weed control on at least a portion of your cotton acreage this year. See for yourself what outstanding, economical weed control it can provide.

About 100 guests attended a reception Sunday afternoon honoring Mrs. Fred E. Hegi, recently named Texas Teacher of the Year, and Mrs. W. E. Cantrell, Caprock District's Mother of the Year, by the Texas Federated Women's Clubs.

The Phebe K. Warner Study Club sponsored the reception when guests attended from over the Caprock District and Tahoka.

Yellow and white daisies centered the serving table, which was laid with a white net cloth. Crystal appointments were used when Mrs. G. M. Stewart, Mrs. Skiles Thomas and Mrs. Roy Edwards served.

The welcoming committee was composed of Mrs. Truett Smith and Mrs. Ivan McWhirter. The honorees were in the receiving line, as well as Mrs. Bill Davis, state treasurer from O'Donnell, and Miss Lois Montgomery. All members of the local study club participated in the event.

Out-of-town guests attending were from San Angelo, Big Spring, Plainview, Petersburg, Denver City, Levelland, Lubbock, Lamesa, Seminole and Seagraves. The honorees were sponsored for Teacher of the Year and Mother of the Year by the local club.

Methodists' Youth Camp Is June 1-5

Members of the Junior and Intermediate Departments of the Methodist Church are making plans to attend camp at Ceta Canyon near Canyon, Texas from June 1-5.

Registration blanks have been turned in for the Junior Department to Mrs. John Wells and those in the Intermediate Department must have theirs turned in to Mrs. Jake Jacobs by Sunday. The latter may obtain the blanks from Mrs. Jacobs also.

BARBARA WUENSCHÉ

Barbara Wuensche Planning Marriage

Mr. and Mrs. Albert Wuensche of Wilson announce the engagement of their daughter, Barbara Jane, to Ray Weldon Ehlers, son of Mr. and Mrs. Herbert Ehlers, also of Wilson.

Both the prospective bride and groom are members of this year's senior class at Wilson. They have set their wedding date for September 5.

Miss Nancy Inman Sets Wedding Date

Mr. and Mrs. Travis Inman announce the engagement of their daughter, Nancy Elaine, to C. Daniel (Danny) Uzzle, son of Mr. and Mrs. J. M. Uzzle of Tahoka.

The bride elect is a member of the 1964 graduating class of Tahoka High School and will attend Jessie Lee's Institute of Hair Design.

The prospective bridegroom, also a graduate of Tahoka High School, is a senior park administration student at Texas Tech and plans to do graduate work in landscape design.

A winter wedding is being planned.

Style Show Held By FHA At Wilson

Recently, the Wilson FHA had their annual style show and installation service. The theme of the style show was "Over the Rainbow" and was successfully carried out with a large rainbow made of tissue across the stage.

Claudia Stoker was narrator of the style show, which had four divisions: sportswear, casual wear, dress and formal wear. The FHA members modeled the garments that they had made during the year. Awards were given to those girls in each class who were judged as the best models. The winners were: Junior, Kathy Cummings; Sophomore, Ruth Rucker; Freshman, Jeanie Hewlett; Freshmen, Vickie Rhoads.

As a part of the program Barbara Wuensche awarded the FHA members who had accomplished their degrees of achievement with certificates. Those members receiving Chapter Degrees were: Ruth Rucker and Marilyn Wuensche.

Mr. N. A. Rodgers, who farms four miles north and one east of New Home, is putting in 20 acres of grass through the Great Plains Conservation Program. Ten acres have been seeded to blue panic and Midland bermuda will be sprigged on ten acres in the near future.

Mr. Rogers' program includes a conservation cropping system consisting of cotton rotated with grain sorghum. Cotton-burs are used for supplemental residue.

Ches Swope, who farms the Hardy-Pearce land three miles east of Wilson, recently drilled sidecasts grams on 35 acres. Next year the seedling will be increased

by 65 acres. The additional acreage will consist of 25 acres of blue panic, 25 acres of Klein grass, and 15 acres of Midland bermuda.

Klein grass is an introduced grass from Africa similar to blue panic. It is believed that it is more water tolerant for longer periods than most other grasses and will be better suited for planting in the playa lakes.

Horace Strickland, who farms the C. C. Coffee place seven miles south and four miles south of Tahoka, will seed 70 acres of blue panic and 10 acres each of sidecasts grams and plains bristle grass this week. Additional land will be

Forage Testing Pays Dividends

Forage testing pays big dividends. Texas cattlemen now have such a service available to them through the local Extension Service office, according to county agent Bill Griffin. The Texas A&M University Forage Testing Service operation has just been initiated, says Griffin.

Beef cattle producers, feeders and dairymen can take advantage of the new service—and they should. Research shows there are vast differences in the nutritive value and quality of forages used in feeding programs throughout the state. A ration cannot be properly balanced when the nutritive value of a forage is not known. If the forage is not properly utilized and supplemented according to its feeding value, this will be quickly reflected in beef and milk production—and ultimate profits.

The Texas A&M Forage Testing Service is available to anyone who desires to have dry forage or silage tested. Tests cannot be made of other types of feed such as grain or concentrates.

Tests will be made for protein contents only if the producer prefers. Protein test charges are \$2 per hay sample and \$3 per silage sample. When more complete information is desired, the charge is \$6 for each hay and pelleted or wafered forage sample. Each silage sample analysis will cost \$7. The more complete analysis will consist of determining crude protein and crude fiber, calculation of digestible protein, total digestible nutrients and net energy. Moisture in silage will also be determined.

As an added benefit—with the more complete analysis—balanced feeding program suggestions will be given those requesting it. Suggested feeding programs will be offered for three types of operations—for beef breeding cattle, fattening beef cattle and dairy cattle feeding.

As with the present Extension Soil Testing Service, all forms, mailing bags, instructions and other information are available from the county agents office.

E. L. Brosch Reports Torrential Rainfall

E. L. Brosch, who keeps the Government rain gauge out in the northeast part of Lynn county, reports the rain out there Friday night was about the biggest he ever saw.

From 5:00 p. m. Friday until Saturday morning, he measured 6.29 inches of rain.

Mr. Brosch says the heaviest rainfall, however, covered a limited area of about four or five miles in diameter. The Stegmaeller place three miles to the west of Brosch's received 1.3 inches, and Southland, to the east, received 1.5 inches. Mr. Brosch lives nine miles northeast of Wilson and five and a half miles southeast of Slaton.

Brosch says the torrential rain washed his fields badly, and washed out about 100 acres of crops he had planted.

seeded to grass next year. Both the C. C. Coffee farms and the Hardy-Pearce farm are participants in the Great Plains Conservation Program.

St. Paul School Starts Enrollment

St. Paul Lutheran School of Wilson is presently accepting applications for the 1964-1965 school year.

The aims and objectives of St. Paul Lutheran School are to give the children in attendance a Christian Education, according to Principal Carl W. Bielefeldt.

The day is begun with religion, which is Bible based, and this Christian atmosphere is adhered to throughout the day. State adopted texts are used in all other subject areas.

Deadline for enrollment is August 15.

Age policy for enrollment in the first grade: a. Children who are six before October 1, will be enrolled without question; b. Children who became six between October 1 and January 1 will be taken only on a six week trial basis at which time the teacher of the child will determine whether the child is ready to go ahead with first grade work or should wait one more year.

Should further information be desired, Principal Bielefeldt will be happy to accommodate you at St. Paul Lutheran School.

KELLY HILL HERE

Mr. and Mrs. Kelly Hill of Green River, Wyoming arrived Saturday for a two weeks visit here with his parents, Mr. and Mrs. I. B. Hill. Kelly is with the pipeline division of El Paso Natural Gas Co. He attended the Tahoka schools and in the early 1930s played football with James Minor, Ben Floyd, Dorsey Allison, and others of the area.

HAIL

AN IMPORTANT MESSAGE TO THE FARMER FOR 1964

The PANHANDLE MUTUAL HAIL ASSOCIATION is NOT a RECIPROCAL and the farmers do not have to sign a "POWER OF ATTORNEY" to anyone when buying hail insurance.

REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:

- All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
- Only PANHANDLE MUTUAL offers the complete "PACKAGE OF STEP LADDER" cotton coverage, the age of cotton STEP LADDER (PANHANDLE SPECIAL), the 10% STEP LADDER (FB-10), and the 5% STEP LADDER (FB-5). The whole package and combination of all the STEP LADDER policies are necessary to fit the West Texas farming conditions.
- The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 84¢ of each premium dollar over the last 4 years for HAIL LOSSES. The loss benefits is the important and simple crux of any insurance policy, and much sweeter than any token dividend or deviation.
- A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT".
- Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
- The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
- The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tascosa and beardless wheat, only 48 hour waiting period and a nice premium saving in most counties.
- Free cancellation on crop failures (See Dates) ... arbitration clause.
- Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE".

Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverages and rates, because of the many coverages that are now being offered, you need to know about the complete "PANHANDLE STEP LADDER PACKAGE".

Baseball Games Resume Monday

No Pony or Little League games have been scheduled since early last week because of school closing activities.

In Little League, the Yankees and Giants and the Cubs and Cards were scheduled to play this Thursday night. Next Monday, the Cards meet the Giants and Cubs play the Yanks. Next Thursday, the Cards play the Yanks and the Cubs meet the Giants.

In Pony League, this Friday night the Dodgers are scheduled to meet the Orioles, and the Braves play the Red Sox. Tuesday, the Red Sox play the Eagles and the Braves the Orioles.

Tahoka REA Team Defeats Post 14-12

Tahoka's REA team defeated the Post Colored team 14 to 12 in a baseball game here Sunday afternoon. Denver Merriman was on the mound for the Tahoka crew.

This was the first official game for the local team, although they have had some warm-up tilts.

This Sunday afternoon, the same two teams will cross bats at Post.

Ladies Golf Day Winners Listed

T-Bar winners of ladies play day, Tuesday, May 19, were Glenda Dunagan with low putts; Jeane McCord with long drive; Jody McNeil with short drive; low scores, Doris Ashcraft and Vinita Hamilton tied for first; Jeane McCord tied with Wanda Glenn for third and fourth.

Tahoka Tigers In Victory At Post

The Tahoka Tigers beat the Post Parrots 11-3 Sunday evening in a game at Post, when winning pitcher, Robert Lee Hood, struck out 19 men and walked five.

The team will play next Sunday at Abernathy. Max Siller is manager.

Lillian McCord Thanks People On Leaving Tahoka

Editor The News:
I am leaving Tahoka for California after living here thirty years. It is much harder for me to leave than I had thought it would be.

I need to thank so many people and it would be impossible to see each one individually, so would you mind printing this letter in your paper.

Thank you kind people who helped in the Christmas program—the high school boys and girls, giving their time and gifts, Rainbow girls, mothers, Scouts, merchants and fire boys.

Thanks to the merchants who gave in time of disasters that occurred to families—generosity never ending.

Thanks to the mothers who took crippled children to Lubbock for treatment and for glasses.

Thanks especially to the secret committee of men who are buying glasses for children whose families cannot buy same. God bless you, whoever you are.

Thanks to Tahoka Clinic for the help in time of emergency.

Thanks to the Methodist Kum Duble class for the hundreds of pairs of shoes they purchased during my seven years of school work.

Thanks to Al Lehman for the wholesale price on shoes, which made it possible for the Church to buy.

Thanks to the mothers who donated much needed clothing for the needy.

Thanks so very much to Mr. Spears, who presented the idea to the school board to hire me as school nurse when I needed the job so badly so I could be with Mary Jane after school hours. Without his trust in me, I could not have had the security I badly needed.

Without all these people's help, I could not have done my work. May all of you have all the good things coming your way.

Sincerely,
Lillian McCord.

Chas. Reid Wins Trip For Family

Charles Reid and family left Wednesday for Jackson, Mississippi, to attend the "Billion Dollar Celebration" of Southern Farm Bureau Insurance services Friday and Saturday.

Charles won the expense-paid trip for himself and family for having written a million dollars in insurance the past year, as he did the year before.

J. D. Atwell also qualified for the same trip, but could not go to Jackson on account of Mrs. Atwell's school duties.

Reid and Atwell won similar trips to New Orleans last year, and Charles said Alice and the children decided to chaperone him this trip.

Among the speakers at the meeting will be President Charles B. Shuman of the American Farm Bureau, the governor of Mississippi, and other prominent men.

H. D. Club Ladies Tour Warehouse

About 30 Lynn county Home Demonstration members attended a tour of the South Plains Associated Grocers warehouse Tuesday as guests of W. T. Kidwell.

Mrs. Billie Carr, home demonstration agent, said the tour was a big success and the ladies returned to Tahoka to have dinner at Tahoka Cafeteria.

Thursday the Lynn county clubs were celebrating their 40th anniversary.

Soil Maps Will Be Explained At Plains

Lynn county people who own farm land in Yoakum county should be interested in a meeting which will be held in the district court room in Plains, Yoakum county, on June 8 at 8:00, states W. S. Goodlett, Jr., of Big Spring, area conservationist with the Soil Conservation Service.

The meeting is for training in use of the Yoakum County Soil Survey Report, just recently published in book form, which concerns the various soil types on individual farms of the county, similar to the one published on Lynn county a few years ago.

New Home Seniors Leaving On Trip

New Home seniors, accompanied by Principal and Mrs. Willard Hedges and Vocational Agriculture Teacher and Mrs. Leonard Wilson, will leave by chartered bus tonight at 11:00 p. m. following graduation for a week's trip to Redondo Beach, Calif.

While there the group plans to visit Disneyland, Knott's Berry Farm, Marineland, a wax museum and other points of interest.

The seniors have raised money for the trip through their school annual, a volleyball tournament, magazine sales, bake sales and several other projects. There are 13 members in the class.

Notice To Cotton Farmers

FARMERS COOP. ASS'N. NO. 1 OF TAHOKA

OFFERS EXPORT PLAN

The new Agricultural law permits farmers who wish to plant 5% above their allotted acres of cotton for export. Details of the plan may be obtained at your Farmers gin office.

High points of the plan are: farmers must sign up at the County ASC office prior to June 1, declaring their intention to over plant. They must arrange a bond to guarantee that the poundage grown on the excess acres will be exported.

Through the cooperative gins and the Plains Cotton Cooperative Association, the bond can easily be arranged. The Marketing Association is engaged in exporting cotton and can see that this is properly done.

The program is flexible permitting farmers to wait as late as August to decide which way they will go. If the crop is promising, it can be left and harvested. If not, he can plow back to his allotted acres or even to his domestic allotment.

Outstanding Farmers Are Honored Meeting Here

Tahoka was host Thursday night to 135 people attending the Fort Worth Press' 51-county Region I soil and water conservation banquet at which winners in contests were honored.

The Press, represented at the meeting by Marvin Garrett, one of the editors, has sponsored the "save the soil and save Texas" contests for 19 years among the various soil conservation districts of the state.

Lynn County Soil Conservation District and Tahoka Chamber of Commerce were the hosts and Clint Walker served as master of ceremonies. Arrangements were made by E. R. Blakney, chairman of the SCS board of supervisors and last year's winner of the "outstanding farmer" award, and Harold Roberts, C. of C. president.

"The world's greatest need today is food," stated Mr. Garrett in his talk preceding presentation ceremonies. He declared that feeding the hungry world would lead to peace.

Pointing out the recent progress in agriculture, he said our farmers are producing more and more food and fiber on less land, and as land disappears for other uses, the farmer will in the future during our population explosion have to produce even more.

Today, the American farmer is producing enough for himself and 26 others, not too far in the future he must produce enough for 42 others. By comparison, the Soviet farmers produce only enough for himself and four others, and women and children do much of the farming.

Importance of saving soil and water is becoming of increasing importance in our country. Soil science has made great progress. Science and industry and business working together are already producing an over-abundance, but this increase will soon become a necessity as our population grows.

"We are here to honor the people who have done such an outstanding job in producing this food and fibre, conserving the soil and water for future generations."

Mr. Garrett was assisted in making the presentations and in interviewing the winners by Blakney and Gene Linn of TV station KSEL.

Top award went to Terry County District, a check for \$300 received by Bruce Zorn, board chairman.

"Outstanding farmer" of the year was Wade Mills of Nazareth, in Runningwater District, who received a plaque.

"Comback farmer" receiving a plaque was Austin (Polly) O'Neil of Shamrock, Salt Fork District, a plaque.

"Outstanding service by business or professional man or woman" was a plaque presented Franklin Baer of Dumas, an implement dealer.

"Homemaker" of the year award, a silver tray, went to Mrs. Ray Wiese of Petersburg.

Winner of the trophy in the student essay contest was David Barringer of Lamesa High School, and the young man read his essay before the group.

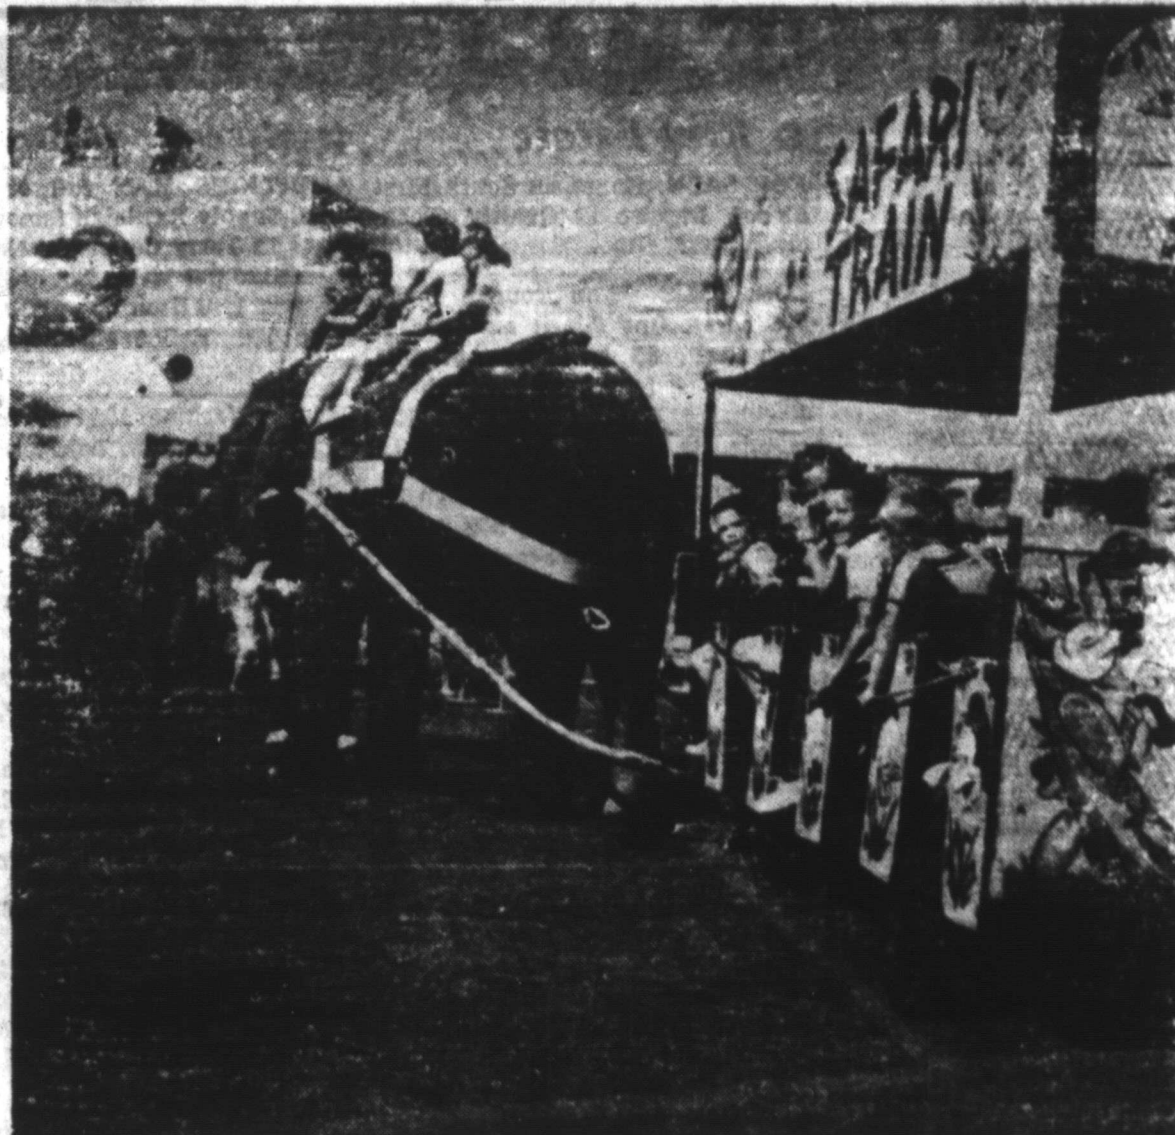

Trophies were presented run. (Continued on back page, Sec. 2)

FRIDAY, MAY 22, 1964

ELEPHANT SAFARI RIDE which will be in Tahoka June 5 and 6 with the free circus being sponsored by Tahoka Chamber of Commerce. Performances will be free, a small charge along with discount tickets will be made for kiddie rides. Local merchants have the tickets to give to customers.

Free Circus Is Coming June 5-6

Four free circus performances will be presented in Tahoka on Friday and Saturday, June 5 and 6, through courtesy of Tahoka Chamber of Commerce and local merchants, President Harold Roberts of the C. of C. announces.

The show is Miller Bros. Circuses and America's Animal Wonderland, and will present two performances daily, at 2:30 and 7:00 p. m. Friday, June 5, and 10:30 a. m. and 3:30 p. m. Saturday, June 6.

There will be free elephant, pony and dog acts, comedy by clowns, and 20 cages of wild animals that will be of interest to young and old.

In addition to the free acts, there will be five kiddie rides, including the elephant safari ride which will be paraded around town, and also rides such as ponies, cars, tub-of-fun, and a miniature ferris wheel.

There will also be cotton candy, snow cones, and other confections.

The Chamber of Commerce and local merchants are cooperating in trying to make these two days a pre-summer circus of values, and will have many special prices during the event.

Merchants have on hand now free discount tickets for rides, which may be secured free in stores where the circus poster is displayed in the show window. With a discount ticket, rides for children will be 15 cents each. Rides will be in operation all day, animals on display, and performances at the times indicated above.

Sulphuric acid was one of the first chemicals made in America.

ATTENTION PARENTS
Mr. J. P. Hewlett, County Superintendent of Schools, calls your attention to the fact that June 1 is the last day that parents, wishing to do so, can transfer their children from one district to another.

Local People Met President On Trip To Washington, D. C.

Wilton Payne, assistant manager, Roger Blakney of Wilson, director, and Calloway Huffaker, attorney of Lyntegar Rural Electric Cooperative had the pleasure of shaking hands with President Lyndon B. Johnson last week while in Washington for a dinner of the Texas Delegation on Congress.

The three flew to Washington on Monday, attended the dinner Tuesday night, and flew home Wednesday.

At about 9:00 p. m. in the middle of the program at the dinner, President Johnson, unannounced, walked into the banquet room to speak a few minutes to his Texas friends.

The Lynn county men happened to be sitting next to the aisle down which Mr. Johnson walked to the platform, and the President stopped to shake hands with them along with others.

Probably the first incendiary weapon was invented by ancient Romans who mixed brimstone with tar, resin, bitumen, or similar combustible materials.

In March, 1853, Congress ordered an exploration at public expense to find the best route for a railroad to the Pacific Ocean.

Isn't it wonderful what a little water will do? We knew it would rain some, at least, about graduation time. One of the most frequently heard expressions in dry times is: "I know exactly when it will rain—at the end of this long, dry spell."

A weather forecaster is one that even the weather doesn't agree with.

Last week, we heard conflicting opinions about Tahoka. A man from another Lynn county town declared Tahoka is a cold and unfriendly town that resents newcomers and anyone with an idea for progress. A man with the construction firm told us Tahoka is the friendliest town he was ever in. He was almost shocked that a local lady, Mrs. George Wright, had taken him in her car and went to a lot of trouble to find a place for him to live—and her husband had just been defeated in a race for Commissioner. Other strangers of the town had been

so nice to him, he said he'd like to live permanently in Tahoka. Well, regarding the progressive spirit here, we'll let the actions speak for themselves.

There's something "rotten in Denmark" about that Bobby Baker case. Unfortunately, politicians try to make these things a partisan political issue. Until and unless the scandal is cleared up, the taint will remain on the escutcheon of the President, members of the Senate, and many other government officials. No man can legally become wealthy in such a short time working as a hired hand of any agency of the government. Party affiliation should have nothing to do with it.

Congressman George Mahon, as would any other representative from our district, has and is drawing a lot of criticism from the man on the street in this area. We have criticized him, too, when we thought he cast too many votes with the Northern liberals. But, we critics need to take stock of the overall picture.

With the death of Rep. Cannon, George became head of the powerful House Appropriations Committee, one of the most powerful in Congress. He was already head of the Sub-Committee on Military Appropriations. He is considered by his colleagues to be one of the strongest and best members of the Congress. His honesty has never been questioned at home or in Congress. He neither smokes or drinks at any time. We never heard him use a byword or tell an off-color story. He is deeply religious, long has taught Sunday School classes, and is frequently a lay speaker at churches. His wife, Helen, a teacher at Tahoka when she married George, is the highest type of womanhood. When you disagree with George, write him and tell him so, but we should not make unwarranted charges against our representative. He has told us many times he welcomes letters from constituents on pending issues. We could do a lot worse.

Home's voting bonds to build a water and sewer system, for which plans have been drawn and work will get underway soon. The other, Mrs. Bill W. Davis, owner of O'Donnell Telephone Co., Caprock District chairman, was elected state treasurer of the Texas Federation of Women's Clubs in the recent state convention.

Incidentally, Mrs. Davis is head of the now-inactive South Plains Boys Ranch. But, she has not been inactive. She has been responsible for raising funds to pay off the ranch debts, is in the process of securing some land for the boys project, and prospects are good that the Boys' Ranch will be reactivated on a sound and permanent basis.

Rev. James E. Fird says a recent speaker in Tahoka pointed out that no nation in the history of the world has ever survived after the tax "take" reached 35 percent. The average taxpayer in the United States is now paying 36 percent of his income in direct or hidden taxes.

Mrs. C. B. Harston apologized to us for habitually calling The News "the Lynn county headache," and said she wanted us to know she didn't mean to be derogatory but really enjoys the home paper. Don't worry a bit, Mrs. Harston, we're accustomed to be called a lot worse things than that. We don't care what you call us—just as long as you read it.

Joe Warf of Corona, New Mexico, here last week end, says he is still harvesting a few rattlesnakes off his rancho, it's still dry out there, and "the difference between a snake and a flea is that a snake crawls on its own belly."

Tahoka will miss Lillian McCord, school nurse, who is moving to California. Not only has she looked after ill children as though they were their own, but she has worked like a bee taking care of indigent children. We'll bet she comes back home some day.

In the rush of rodeo news, the election, Mother's day, and graduation, The News overlooked a couple of important stories, maybe more. One was City of New

While fishing at the lake with Mother and Dad, little Patsy Anne suddenly threw her fishing pole into the water and exclaimed, "I quit!"

"Why, Patsy, what is the matter?" asked Mother.
"Well, Mother," the little girl pouted, "I just can't seem to get waited on."

Ed Eakin in The Chief column of the Quanah Tribune-Chief, quoting Joe Evans, a Spearman rancher, says "There are as many mule moods and ideas as there are mules. A mule will team up with anything a man hitches him with and would make a good quarter-horse if he wasn't a mule. He'll run and won't stop till he feels like it. Then he'll shift his weight to three legs and doze until he's unhitched from the wreck. Mules aren't stupid. They know directions in pitch dark or a storm. Give them their reins and they'll head for home. If they stop, get out and strike a match—they're probably on the edge of a canyon or on a barbed wire fence."

The late Ben Moore once told this story of how the trees came to be planted on the court house square, many of which were cut down years ago:

The nationally known Abe Mulkey was conducting a revival here in August of 1910. The last night of the meeting a bucket of honey and a sack of flour disappeared from a buggy at a hitching post on the east side of the treeless square. The whole county felt the disgrace. Such things were not being done in those days. Threats were made and the few members of the public discussed the overt act in undertones. As a result, some of the present trees

were set out on the courthouse lawn—just in case.

To ensure the education of teen-agers, parents need to pull a few wires—television, telephone, and ignition.—Clipped.

Another old 'un:
A flea and a fly were imprisoned in a flue. Said the flea: "Let us fly!" Said the fly: "Let us flea!" So they flew through the flue in the flue.

Arthur Brisbane once said: "Doing business without advertising is like winking at a girl in the dark."

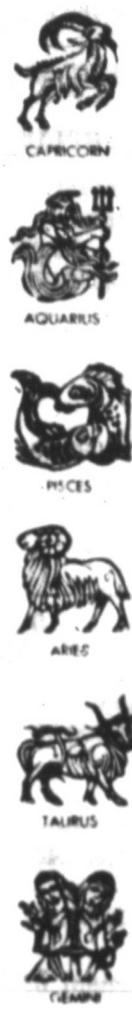

Hargraves Visit Son In California

Mr. and Mrs. E. A. Hargrave of 1821 N. 6th, Tahoka, left Thursday, May 21, at 7:00 a. m. for a three week trip to Tujunga, Calif., 30 miles from Los Angeles, where they will visit their son, Mr. and Mrs. Kenneth Hargrave and sons, Marty and Kenny.

Kenneth is an accounting man for Marshall Stevens Valuation Engineers.

Mr. Hargrave hasn't seen his son and family for two years. Mrs. Hargrave made the trip last year.

SCS Banquet

(Continued from Page 1, Sec. 2) ners-up in the essay contest, Jerry Letimer of Crowell, second, and Cathy Wilson of Lubbock, third; and medals went to Kate Thompson of Matador, Beverly Kelley, Jack King, and Danny Byers of Springlake, Nell Davidson of Abernathy, Gloria Ricketts and Margot Kilgore of Spearman. Bertice Askew of Wells was among the outstanding District farmers receiving plaques. Mr. Garrett injected added interest in the program by reading a number of humorous quotations gleaned from some of the 50,000 essays entered by students from over the state. Dinner music was furnished by the Rhythm Riders, high school students, directed by Vic Kyler. Rev. Aubrey White, local Methodist pastor, gave the invocation. The dinner was served by A. L. Smith and lunchroom ladies, and tables were appropriately decorated with candles, small bales of cotton, cottonseed, etc. Local C. of C. directors welcomed guests, and the visitors were high in their praise of the reception given them by Tahoka.

Mr. and Mrs. J. O. King of Wilson were visited recently by their children, J. L. King and daughter of Panhandle, Mr. and Mrs. Lonnie King of Plainview, and Mrs. Lee Taylor of Morton.

NOW... GREAT NEW ENCO EXTRA!

PUT A TIGER IN YOUR TANK!

New Power-formula Enco Extra gasoline boosts power three ways... preserves the power of new engines... restores lost power to many older engines:

- 1. Cleaning Power!** Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits to improve power and mileage.
- 2. Firing Power!** Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits to help your engine fire smoothly and efficiently.
- 3. Octane Power!** Octane requirements for new cars are up again this year. New Enco Extra has the high octane that most cars now need for full performance, smooth acceleration and passing power without knocking. You'll get something extra for your money with New Power-formula Enco Extra—it's like putting a tiger in your tank! *Happy Motoring!*
