Serving Tahoka and Lynn County Since 1903!

Early Times At New Lynn Recalled At Annual Meet

Present and former New Lynn residents 200 strong held their annual community reunion here Sunday in the City Legion building, spread lunch together at noon, and enjoyed the day recalling old times.

Only entertainment consisted of musical numbers furnished by a Wilson string band composed of Ted Bartley, Keith Sander, Dick Standefer, and Gene Herzog.

Mrs. Susie "Ma" Bartley, 84, a Lynn resident since 1912, was recognized as the eldest person present. Newman Bartley was "honored" as the "oldest and dumbest" former New Lynn student present, but close behind him were Ed Stone, Grady Meeks and Dalmon Newman.

Officers elected for the coming year were Othel Meeks, president; T. A. Stone, vice president; and Mrs. Johnny (Ina Lou Newman) Raindl, secretary and reporter.

Former Lynn people were "back home" from as far away as California and Oregon.

Old Lynn, originally located northwest of the present site, had the first school in Lynn county and the second postoffice, the latter pre-dated only by Grassland. The first postoffice in 1901 was in a half dugout.

The first school, built in 1902, (Cont'd. on Back Page)

Cotton Week Is Set July 25-31

July 15-August 15 has been designated "Cotton Month" in Lynn county, and Tahoka Chamber of Commerce is planning some special promotion for "Cotton Week" July 25-31 to emphasize the importance of cotton in this area's economy.

Business institutions will be asked to cooperate with the special week and month by featuring cotton in their displays and advertising, and the town will be decorated with bales of cotton, states Harold Roberts, Chamber of Commerce president.

If merchants agree, another of the popular "Sidewalk Sales" days will be held on Saturday, July 25.

This newspaper will carry special features and advertising promoting use of more cotton and the importance of cotton to the country's economy.

Tahoka Compress will furnish bales of cotton to be placed on sidewalks of the down-town area.

"The entire economy of this area depends on cotton," Roberts says. "Lynn county is one of the nation's leading cotton producing counties. Therefore, we think it fitting that our Chamber of Commerce do everything possible to promote the use of more cotton."

Jack Jaquess is chairman of the C. of C. committee in charge of the cotton promotion.

Plan Youth Week At First Baptist

July 12th marks the beginning of Youth Week at the First Baptist Church in Tahoka. During this week the young people will conduct all church activities. They will take complete charge as teachers, directors, workers, and every other responsible capacity, in carrying on the church work.

They will hold a revival July 15 through 19, when Rev. Gordon Smith of Shallowater will be evangelist, and Hugh Sanders of Pampa, music director.

Everyone is invited to attend the meetings, as well as the social events that will be held throughout the week by the youth.

UNDERGOES SURGERY

Mrs. J. T. (Jack) Brice was scheduled to undergo major surgery in Methodist Hospital in Lubbock this Thursday.

The Texas Department of Public Safety appeals to all drivers to mark this Fourth of July weekend as a time to review their driving habits in light of the fact that traffic accidents are at an all-time high. Serious accidents are more frequent in holiday periods, and it is estimated that 32 persons will be killed in traffic from Friday, July 3, through Sunday, July 5. This doesn't have to happen! Tragedy can be averted by remaining constantly on the alert for dangerous situations, by not taking chances and by driving in accordance with laws of safety.

We Won Then . . . Don't Let Us Lose Now!

(By Jackie Burnett, 17, THS Student)

"Yes" is the answer to the question; yes, we won our independence, but "no" is the answer when asked if we have upheld it.

Every Fourth of July we celebrate, not because it is a great anniversary day for this nation, but instead we are out enjoying ourselves because it is a day off from work—an opportunity to rest or go somewhere with the family. We must not deny ourselves some relaxation . . . nor are we to deny our nation her just honor!

Pride in one's nation, her national anthem and flag, is to be held by all. A short prayer, a flag in front of our home, and perhaps the family singing one verse of the "Star Spangled Banner" would do a great deal to bring you and your family closer to our nation.

In times such as these we need to take time out of our busy schedules to pay tribute and honor to Of Glory and the nation for which it stands.

When you've stayed up late and the television is on, have you ever stopped to really listen as the national anthem began to play indicating that the station was signing off? Unfortunately we have not. Instead, we were getting ready for bed or changing channels to watch something we felt was better.

Our nation is not like the weather, for we can do something about how she lives. The things we do to help our nation may be small; but, multiplied by the many of her inhabitants, it can make her the very greatest of them all. This help may be a sincere pledge of allegiance, voting in November, or a good loyal American today.

As you read the following poem, decide how you are going to show America how very much you are proud to be an American.

I AM AN AMERICAN
Elias Lieberman
I am an American.
My father was an atom of dust,
My mother a straw in the wind,
To His Serene Majesty.
One of my ancestors died in the mines of Siberia;
Another was crippled for life by twenty blows of the knout.
Another was killed defending his home during the massacres.
The history of my ancestors is a trail of blood
To the palace-gate of the Great White Czar.
But them the dream came . . .
The dream of AMERICA.
In the light of the Liberty torch
The atom of dust became a man
And the straw in the wind became a woman
For the first time.
"See," said my father, pointing to the flag that fluttered near.
"That flag of stars and stripes is yours;
It is the emblem of the promised land.
It means, my son, the hope of humanity.
Live for it — Die for it!"
Under the open sky of my new country I swore to do so;
And every drop of blood in me will keep that vow.
I am proud of my future.
I am an AMERICAN.

Dan Cook Heads Bank At Wilson

Dan H. Cook was named president and Mrs. Johnne Mae Cook chairman of the board at a meeting of directors of Wilson State Bank Thursday night. All other officers remain the same.

The changes were made necessary by the recent death of Howard G. Cook, long-time head of the institution.

Dan H. Cook, new bank president and son of Mrs. Johnne Mae Cook and the late H. G. Cook, was born and reared at Wilson, graduated from Wilson High School, and attended Texas Tech before going to work at the bank in 1955. From 1956 until 1959, he served in the U. S. Air Force, and since that time has been with the bank as an officer.

Dan is married to the former Miss Jo Ann Barnes, and they have three children: two girls and a boy. Her parents are Mr. and Mrs. Crawford Barnes of 3106 1st Place, Lubbock, formerly of Quanah.

Mrs. Johnne Mae Cook has been a director of the bank since her late husband acquired the controlling interest in 1945.

Other present officers and directors are: A. L. Holder, executive vice president and cashier; Victor Steinhauser, vice president; Wm. G. Lumsden, vice president; H. B. Crosby, Nancy Cook Ross, and Mrs. Callie Lumsden. Mrs. Kathleen Sander is assistant cashier.

The bank is recognized as being unusual for a town the size of Wilson, has capital stock of \$100,000, surplus of \$100,000, and undivided profits of \$133,362.74 as of April 15.

Rotary Foreign Student Coming

Guido Pablis from Italy will be the Tahoka Rotary foreign student guest this summer and not Gunter Blum of West Germany, as announced two weeks ago, according to Harold Green, chairman of the foreign student committee of the local club.

Blum became ill and can not make the trip, Green was informed last week, and the Italian college student will come instead, arriving here the last of July to spend several weeks in homes of local Rotarians.

In ten years the club has had such foreign visitors through arrangements with The Experiment in International Living, this will be the first time Tahoka has had a guest from Italy. Outstanding college students of various nations are selected for the visits.

Guido Pablis, 22, is from Rome, the son of a lawyer, and is a third year student in college majoring in engineering. His religion is Catholic. He has traveled in France, England, Greece, Germany and Holland.

He writes that he likes Americans and would like to know more about us. He is interested in music, politics, philosophy, literature, and electronics. His hobbies include bridge, chess, football, swimming, and other sports.

Under this program, Tahoka Rotary Club has brought to this country students from France (2), Germany, Holland, Switzerland, Austria, England, Belgium, Finland, and Sweden.

Carolyn Howard Wins Scholarship

Plainview (Spl.) — Because of the high academic average maintained by two South Plains area students \$100 academic scholarships have been awarded Carolyn Ann Howard, Tahoka, and Sandra Gay Wilson, Lubbock, for the fall semester at Wayland Baptist College. These scholarships are subject to renewal for the spring semester if a 2.0 average is maintained as upperclassmen compete academically for these scholarships.

Miss Howard, daughter of Mr. and Mrs. O. D. Howard, Tahoka, is a sophomore. In her freshman year at Wayland she has been on the volleyball team and a member of Delta Chi, women's service club, for which she has been elected to serve as corresponding secretary during 1964-65. She was also named freshman class favorite.

Miss Wilson, daughter of Mr. and Mrs. Harley A. Wilson, 4516 46th Street, Lubbock, is also a sophomore, majoring in English and minoring in sociology. She is a member of Treble Tones, a select group of women singers.

Typical of colleges across the country, Wayland is experiencing a spiraling enrollment. Additional housing for young men is being provided for this fall and plans are being made for erection of another men's residence hall in the near future to match the residence for 100 women opened two years ago. During the summer a track and amphitheatre are being constructed as track is now a major intercollegiate sport at Wayland. Remodeling of administrative offices in Gates Hall will also provide better facilities and a new classroom.

Tahoka's ZIP Code is 79373.

Scattered light showers fell over the area Wednesday, but most farmers say they need a good rain or will need it very soon.

Cotton is up and looking good over the areas destroyed by hail. The News is informed. There are dry spots, especially south of Tahoka to T-Bar, where the situation is not good.

There is some seedling disease and blight damage, especially in the north part of the county, County Agent Bill Griffin says.

As whole, the crop prospects are fair to good, and many farmers are busy hoeing out cotton.

Much of the Draw area and other southeast county areas report crop prospects are better than they have been in many years.

Crops are spotted over the county, however, due to variances in rainfall and wind and hail damage.

In the showers Wednesday, Tahoka received 21 inch, bringing the total for the year to 6.43 in town or more than two inches below normal. Rainfall for June as recorded by the U. S. Weather Bureau gauge was 2.01 inches.

Verner Heads Lubbock Bank

A. C. (Charles) Verner, formerly of Tahoka, on Wednesday was announced as the new president of the First National Bank of Lubbock, largest bank in that city.

He succeeds Roy Riddle, Sr., who died unexpectedly Saturday of a heart attack while at his mountain cabin near Pecos, N. M.

Verner is president and a stockholder in the First National Bank of Tahoka, which institution he joined in 1956 and of which he has been president since 1961. Earlier this year, he left the local institution to become executive vice president of the Lubbock bank, and he and his family just this last week moved to 4602 17th street in Lubbock.

A native of South Carolina, Verner is a 1938 graduate of Clemson College, a veteran of World War II, and while working for cotton mills in an executive capacity came to Post. He met and married Myrna Verner, daughter of the D. W. Gagnats, and served as manager of Gagnat's varied enterprises until joining the bank.

He was a leading civic worker in Tahoka, served as president of the Chamber of Commerce, on the board of First Methodist Church, and was a charter director of Plains Cotton Growers.

He and his wife have three daughters, Paige, 15; Dean, 12; and Kay, 9.

New Rotary Officers Are Installed Monday Night

Hewlett, treasurer; Harold Roberts, director in charge of Club service; Dr. Gerald Wood, vocational service; Steve Thompson, community service; Dayton Parker, international service; and Lynn Seales, sergeant-at-arms.

Harold Green, installing officer, presented an impressive talk on the aims and objects of Rotary, emphasizing the close relationship between Christianity, American

ism, and Rotary ideals. He administered the pledges of service to members, officers, and the new president.

Calloway Huffaker, outgoing vice president, presented the past presidents pin to Browning, and Payne was presented the club gavel by Green.

Brief talks were made by Browning, Payne, and Huffaker.

Featured speaker for the occasion was David Bray, graduate of Tahoka High School and Southern Methodist University and nominated by the local club for a coveted Rotary Foundation scholarship to study a year abroad in some University. Yanks Take Lead In Little League

A Yankee win Monday night, coupled with a Cub loss, placed the Yanks in the lead of the second half of Little League summer play. The Cubs won the first half of the split-season.

In Monday night's action, the Cards beat the Cubs 4 to 2, and the Yankees won over the Giants 8 to 7 in an extra inning game.

In the first of two fine games, Larry Durham pitched a no-hitter for the Cards' 4-2 victory. The Cards scored one run in the first and one in the second and two in the third to ice away the game. The Cubs scored one run in the fourth when Rex Hamilton reached base on an error, went to second on a passed ball, to third on an infield out, and scored on another infield out. In the sixth inning, Ken Ghormley reached base on an error, and scored on two infield outs. Jeff Atwell was losing pitcher.

The second thriller of the night was reeled off as the Giants and Yanks battled eight innings before the Yanks pulled the game out with two runs in the bottom of the eighth. The game was tied up four times with the Yanks playing catch-up all the way. Trailing 7-6 going into the bottom of the eighth, the Yanks came up with two runs to win the game for Suzano De Jesus, the last of three Yank pitchers. The key blow was a single by Tim Walker with the bases loaded. Tabbed with the loss was Antonio Gutierrez, the third Giant pitcher.

In action Thursday night, there was also a couple of thrillers reeled off for the fans.

In the first game, the Yanks slipped by the Cubs 5 to 4. Tim Walker was the winning pitcher, and Willie Brown was tagged with the loss. With the score tied 4-4 after two innings, the Yanks scored in the top of the fifth to take the lead, and Walker pitched

Local Ball Game Ends In 34-2 Score

The final score was 34 to 2. The game was baseball, not football.

That's how the Lyntegar team trimmed the Post Tigers in the five hour rout played here Sunday afternoon.

The Tahoka boys led 7-0 at end of the first inning, but the visiting boys wouldn't concede defeat and the two teams played on—from 1:30 p. m. until 6:30 p. m.—as the locals continued to pile up the score.

The visitors used seven or eight pitchers, but it was no use. In the melee, Robert Hood hit a grand slam homer and Larry Thomas hit a home run with one on.

Jack Burk started on the mound for Tahoka and was relieved in the eighth by Hood. Post got their two runs on two hits. No one knows how many hits the Lyntegar boys got, but Gary Thomas had the most runs batted in.

Manager of the R. E. A. team is Denver Merryman, the coach is James Gage.

Bowmen Take Prizes At Post

Ten members of LynnCo Bowmen competed in the West Texas Archery Meet held at Post Sunday, and seven of them placed first or second in the contests.

"We are proud of our club," states Mrs. Madeline Rice, "bringing home seven ribbons from among the tough competition among the 32 entrants."

Ralph Davis won first place in the 400 instinctive contest; Richard Montgomery, Lubbock, first in 25 instinctive; George Reese, first in 175 instinctive; Charles Osborne of Levelland, first in 100 instinctive; and John Ed Redwine, first in 325 free style.

Stuart Rice placed second in 325 free style, and Don Musick of Lubbock was second in the junior boys shoot.

Other local club members competing were Hubert Sherman of Idalou, Ed Fasholtz of Lubbock, and Jack Roseberry. The latter had to drop out of competition when he broke some of his equipment.

Two wives, Louise Sherman and Madeline Rice, also attended but did not compete.

This Saturday and Sunday, several LynnCo Bowmen will compete in the Texas Invitational at Abilene.

Champion Braves Lose Post Game

Tahoka Braves, Lynn County Pony League champions, lost a practice game 6 to 2 here Monday night to the Post Babe Ruth League team, the White Sox, champions of this division in Garza county.

Pony League boys are 13 to 14 years of age, Babe Ruth boys are 13 to 15. The Post team is undefeated this year.

Thomas Jolly's Pony League Braves are also undefeated in League play, the Post game being the only one lost this year.

Winning pitcher for Post was Joe Pierce, and Tahoka's losing pitcher was Juan Morales. Gary Brooks hit a home run for the local team in the sixth.

Tahoka Orioles lost both ends of a double header Friday night at O'Donnell to the Dodgers, but The News was furnished no information on the game.

perfect ball, retiring nine straight in three innings for the victory. Brown also pitched three innings of no-hit ball, but a walk and an error cost him the ball game.

In the second game, the Cards beat the Giants 6-3. The game was tied 3-3 going into the fifth when the Cards scored three runs on three walks and two hits, and that was the difference as the Giants failed to score in the sixth. WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Although dramas of past wars are popular, why not a play about a future war. The scene: Somewhere in America in the paneled field headquarters of an advance G.I.Q. in the War on Poverty. Behind the Sector Commander at his Circassian walnut field desk is a framed motto:

"Ask not what you can do for your country; ask instead what the U. S. Treasury can do for you."

In order of rank around him, seated in leather upholstered campaign chairs are the deputy commander, battalion commanders. As curtain rises, Major X is reporting.

"Sir, all it would take to keep this family off poverty is permission to grow just five more acres of cotton."

Deputy: "That's ridiculous. Is this family Communist, or something?"

Commander (sternly): "Deputy, we don't use such terms. Deputy: 'Sorry sir, last my head. Meant are they Birchers, or something?' Commander:

"That's better. But I agree the request is fantastic. How can we war on poverty if people are permitted to do things themselves? Next report."

"Major Y, sir. Have case where man is starving to death doing odd jobs. But he is a journeyman mechanic with three firms wanting to hire him, but union will not permit it. Recommend National Labor Relations Board be asked to take action so man can work."

Commander (warily): "Major, watch you subversive attitudes. We are at war. If you don't restrain your extreme radical viewpoints I shall have to court-martial you. Next report."

"Major Z, sir. Poverty in my salient largely due leather craftsmen only working about day per week due to inability to compete with products imported from low labor wage Yugoslavia. People would like to have some tariff protection."

Commander: "If your people have those ideas, you are not properly educating them. You must explain to these people that this nation opposes Communism, and anything that would deprive Communist Yugoslavia of American Dollars would be a big victory for Communism. Next report."

"Major Q, sir. Many poverty stricken old people in my area would be comfortable, as their children could help them if they could take credit on their income tax for such help without having to prove that their contributions equalled half their parents support."

Commander (rising wrathfully, slipping boots with riding crop): "Enough, I've heard enough. Gentlemen, you must realize we are at war with poverty. And this war effort cannot be impeded by people helping themselves. I hate war, but I hate logic more. There is only one weapon to win this war... the U.S. Treasury. And I warn you, gentlemen, any ideas to the contrary are treasonable."

Agriculture Work Shop Held At Tech

California Man Visits Kin First Time In Years

(Editor's Note: The following story written for publication last week in some way got left out of The News in the last minute rush of putting the June 26 paper to press.)

A California man has been reunited with family members here following a span of more than 25 years, in which they had not seen him.

The man, Elmer Smith, of Friendly, Calif., didn't even recognize some family members when he arrived here for a two-week visit.

Smith's mother, Mrs. Minnie Lindsey, 84, of Tahoka, had not seen him in 26 years. His sisters, Mrs. Roy Miller and Mrs. Irene Garrison, both of Tahoka, had not seen him in 36 years.

Also, a brother, Junior Lindsey of Merkel, had not seen Smith in 36 years. Another sister is Mrs. Minnie Griffin, Lamesa.

The reunion came about after Mrs. Griffin took steps to locate Smith. She appealed to a Social Security representative but was informed the office did not give out information about persons on its rolls. However, she was told, if she wrote a letter to Smith and gave it to the Social Security office in this area, it would be forwarded to California's Social Security central office.

This was done and it was not long before Mrs. Griffin received an answer from Smith, saying he was coming to Texas. Indeed, he had received the forwarded letter.

Smith arrived here by bus and learned that a son, Ivy J. Smith of Amarillo, had been killed in a plane crash three years ago and another son, Vernon Smith of

Here it is the Fourth of July, again!

Steve Thompson, the barrister, deprecates the fact we no longer promote Americanism and patriotism by celebrating the Fourth. He suggests our town might do well to promote a big Fourth of July celebration annually, as of old, featuring a program with an outstanding speaker, maybe a barbecue with everyone paying for their own meal, band music, contests for the kiddies—just an old time patriotic community get-together. Steve says some of his fondest memories as a kid are the Fourth of July celebrations he looked forward to attending.

We get a little careless this fast pace of everyday living. Somewhere, we must be falling down in teaching love of country. For example, somebody swiped the

Rotary Club's American flag from the City-Legion building months ago. We've talked about the flag being gone for a long time, but no one of us has done anything about it. About twice a month, the club sings "America," and then everyone thinks about the flag being missing. But, nobody does anything about it. We ought to sing "America" every week, face the flag, and honor the flag for the freedom for which it once stood.

We're not gonna get in a controversy about women's clothes. But, a local man says the dress of some ladies is shocking. He doesn't think a lady should be seen in the stores and on the streets in light-tight short-short shorts.

The Star-Telegram's George Dolan, quoting a Dallas dentist: Two dogs were watching some teenagers do the twist. One dog mentioned to the other: "If we did that, they'd worm us."

The age of chivalry is not dead. If a teen-age girl drops one of her books, almost any boy in the class will kick it back to her.—Clipped.

A local wag commented the other day: "President Johnson's poverty program is wonderful. When I get my poverty aid, I'll be able to play more golf at T. Bar."

Since The Printer has been hobbling around with a sprained arch, T. Hale has been calling us Chester. This may not be of much interest to our readers, but The News has been in the process of expanding its plant space. The Printer got out of most of the work by falling off a table to receive a bad sprain of his right foot, and Rogers Curry and Larry Thomas and helpers have done most of the work—and there's more than you'd think, moving a five-ton press and other machinery. The News spent about 35 years in its cramped up little

building, several years ago expanded to the adjoining building on the south for the front office and office supply departments, then recently leased the Kidwell building on the north to double almost, our space.

In recent years, The News had added a Ludlow for making our own type faces, a strip-caster, and other pieces of equipment to make the shop modern; and Tony Spruiell, an experienced job printer, has joined us to handle commercial printing. We'll probably be all summer getting the improvements finished, but when we do we'd like for you to come in and look around.

This summer The News is having files of the paper dating from October, 1903, down to date micro-filmed for preservation as future historical reference.

Larry thinks we're getting "up-town" with a business and editorial department, office supply department, advertising department for Mae, composing room, job department, stercotyping department, press room, mailing room, and stock room. Sounds impressive, anyway.

Cleaning up junk and old papers, we've found such things as a 1927 Taboka annual, a 48-star flag, a sample jar of floor sweep made from Lynn county volcanic ash, some badly worn Confederate bills, a certificate for 25 shares of stock in Rich Strike Mining Co. of Oklahoma, a strand of barbed wire from the old Slaughter drift fence, a News ledger of 1922, a box of old pictures, another box of records of Lynn county service men in World War II, and still another of pictures of some of those service men. We've got a good start for a museum.

According to the 1927 annual, "The Skyline," M. L. H. Baze, now dead, was superintendent; Nat Williams, now head of the Lubbock schools, was high school principal; Mrs. L. C. Haney was seventh grade teacher; and seniors were R. E. Doak, Opal Denton, Leta Tarrance, Berta Hill, J. E. Ketter Jr., Lawrence Sanford, Lillie Mae Reid, Charlotte Barrett, Alice Small, Orvis Weathers, Burton Hackney, Helen Lee Maddox, Ruby Tredway, Winnie Spears, Ethel Kuykendall, Watson Spears, Clay Bennett, Jewell Minor, Evelyn Hatchett, Doris McGonagill, Burnett T. Georgia Flint of 2402 Irene Drive, Amarillo, writes she enjoys keeping up with the old home town and friends through The News. "No matter how far you move away, Taboka is still home," she says.

G. M. Upchurch writes he enjoys The News, and has moved to 2714 East 9th in Lubbock.

Wendell Tooley printed this joke in the Floydada Hesperian: A forgetful patient went to his doctor. The doctor wrote a prescription in the usual illegible hand doctors reserve for themselves.

The patient put the prescription in his cardcase, forgot to get it filled.

Every morning for two years he showed it to the conductor as a railroad pass. Twice it got him into Radio Music Hall, once into Yankee Stadium to see the Yankees play.

He got a raise from the cashier by showing it as a note from the boss. One day he mislaid it at home; his daughter picked it up played it on the piano and won a scholarship to a conservatory of music.

The Lockney Beacon: Senator Ralph Yarborough voted for the so-called civil rights bill as expected. In doing so, he voted for legislation that would not only allow but require federal intervention in many phases of the private life of individuals including employment, housing, schools, union membership and other phases and authorizing the attorney general of the United States to intervene and file suit himself where he deems advisable. This is a common pattern of Mr. Yarborough's voting record. He does not believe that the people of Texas are intelligent enough to handle their own affairs, spend their own money or govern themselves. He believes that we must have the help in these affairs of the liberal brain-trust in Washington. That, Mr. Texan, is your senator.

The Lockney Beacon: The civil rights bill is reconstruction days all over again. The bill was aimed primarily at southern states, no other section. The South may take comfort in the statement of one of the northern politicians who said, "We may have to amend the bill later." Personally, we see more possibility of this than, perhaps, the politician who was speaking. There has been much more race trouble in the North in recent months than in the South. We're thinking that the passage of this bill may lead to more and more trouble in Yankee-Land. We predict they will reap a big harvest for their labors.

Fun with words: Why is psychiatrist spelled with a "p"? It certainly does seem silly. Some more "Gus Says" from Graham Rotary Sheet: The more you think about some folks the less you think about them.

WAR IN SOUTHEAST ASIA

In Senator Strom Thurmond's view, "Years ago, the U. S. made the correct decision that Southeast Asia is vital to U. S. security and that the area must be defended from communist takeover. As a result, we have been supporting a "defensive" war—one in which the initiative has been intentionally forfeited to the communists and in which the communists have been permitted to make the ground rules of the war. In addition, the communist forces have been allowed to maintain a sanctuary in countries adjoining the South Vietnamese battlefield—in Laos, North Vietnam, and Cambodia. Under such circumstances, the American and Vietnamese forces fighting the communists have been virtually precluded from victory. The Americans fighting the war have been long aware that they were being required to fight with their hands tied behind their backs."

Since the end of World War II railroads have invested nearly \$18.5 billion in capital improvements—\$12.8 billion for new rolling stock and \$5.7 billion for improvements to roadway, yards and terminals. This represents more than half of the industry's total investment in transportation property.

Running into debt isn't as bad as running into the fellows you owe. You won't need a fifth to observe the Fourth. The army of unemployed sure seems to have lots of volunteers.

FREEDOM OF PRESS

Chester S. C. Reporter: "Freedom of Information: The U. S. State Department has been at loggerheads with the press in recent years over the question of how much the American public is entitled to know of foreign affairs. . . . Assistant Secretary of State Manning criticized the press recently for delving too deeply into this delicate area. He said newspapermen were indulging in 'exposure for exposure's sake.' The answer was given by Rep. John E. Moss, chairman of the House Government Information subcommittee: 'The nation's foreign policy,' he retorted, 'is endangered far more by lack of understanding than exploitation by the press.'"

Commercial slaughter plants in Texas during April produced 17.1 million pounds of red meat, reports the Texas Crop and Livestock Reporting Service. This is 7 percent above the 109.3 million pounds produced in April a year ago. Red meat production for the first four months of 1964 totaled 437.8 million pounds, 5 percent above the same period of 1963. Nationally, red meat production was up 10 percent in April over the same month in 1963 and the first quarter production in 1964 was up 8 percent with a total of 10,512 million pounds produced.

The Texas Safety Association has the following safety tips for bike riders: Ride with traffic and keep to the far right of the road; do not weave or stunt; obey all traffic signs, signals and regulations; and keep your bike in good condition at all times.

HELP TO UNEMPLOYED

Miles City, Mont., Star: "The city of Washington now has decided to provide delivery of surplus foods direct to the recipients, so that its relief clients may be fed without having to stir a muscle. The checks, of course, arrive by mail. Indigence becomes more attractive as a way of life all the time, particularly to those whose skills and accomplishments cannot command large wages in the labor market. The battle plans for the war on poverty seem now to lean too heavily on retraining programs for which few are qualified, on handouts which make dependency attractive, and on raising wage levels by law to price even more of those of limited capabilities out of the market. Can't the best brains in the Administration come up with something better than a plan for a permanent poor?"

FEDERAL SPENDING

Estimated federal defense spending for fiscal 1965 will mark a 35 per cent increase over 1964. By way of contrast, other federal spending has increased 128 per cent in the same 10 year period.

Mahon Seeking Funds To Fight Boll Weevil

Washington, D. C., July 1—Congressman George Mahon appeared Monday before the Senate Committee on Appropriations to urge the inclusion in a Senate money bill of \$1,000,000 to be used for the purpose of combatting the advance of the boll weevil into the High Plains area.

The President last week sent the \$1 million budget request to Congress for the boll weevil program. Mahon, Chairman of the House Appropriations Committee, had asked the President and the Secretary of Agriculture several weeks ago to approve the request for the necessary funds. The funds would be available only if matched by a similar sum from area farmers, and High Plains farm groups have made such commitments.

The House of Representatives on May 20, despite the absence of a budget request, approved for the same purpose a sum of \$200,000 in its Agriculture Appropriation bill. If the Senate approves the increase of \$800,000 above the House bill, it will then be sent back to the House for further consideration.

Actions taking place in Washington are an outgrowth of the

discovery last spring that the boll weevil had wintered on the fringes of the High Plains. Farmers became concerned and formed a boll weevil committee to push for action. Last April Mahon joined an area farm group, backed by the Plains Cotton Growers, and appeared with them before the House Appropriations Committee to ask support for a cooperative program between farmers and the Department of Agriculture to combat the weevil threat.

In view of the President's supplemental budget request, Mahon said he is optimistic that favorable action will be taken in the Senate and that the funds will be provided in the final version of the bill to be worked out in a House-Senate conference.

DURHAMS ARE ATTENDING REUNION IN LOUISIANA

Dr. and Mrs. K. R. Durham and granddaughter, Sharon Sparks, left Tuesday for Commerce, where they were joined by Mr. and Mrs. Jene (Dorothy) Sparks and family and will go from there to Louisiana for a Durham family reunion.

Hanes Speaker At Rotary Club

W. T. Hanes, superintendent of Schools at Tahoka from 1938 to 1945 and now head of the Irving school system, issued a strong plea for a return to constitutional government in a talk at Tahoka Rotary Club Thursday noon.

People of Europe, seeking freedom, gave up everything they had, came to a new land to form the greatest government the world had ever known, where "all men were born with certain inalienable rights—life, liberty and the pursuit of happiness."

Sole reason of this new government was to protect these rights. Our Constitution clearly says the Federal government must receive its authority from the people, and that authority not specifically designated to the Federal government is reserved by the states.

But, a "general welfare" clause intended to give the Federal government emergency authority, raising an army, for example, has now been expanded to include many things. By gradual invasion of more and more rights of the individual the Federal government is becoming so all-powerful and drifting into the idea that "might makes right."

The speaker raising the question whether the Federal government has the right to withhold money from the individual's paycheck in order "to give free lunches to the school children of Pakistan."

Hanes declared one can not kill a frog by throwing it in boiling water. The frog thrown in a boiling pot will immediately jump out. But, one may put the same frog in a pot of cold water, heat the water gradually to a boiling point, and the frog is too dumb to jump out. But the same token, he inferred, we are drifting into Socialism and all-powerful federal government that tells its subjects what they can and can not do.

Hanes went to Irving, a rapidly growing suburb of Dallas, follow-

Miss Janet Gindorf, James W. Wuensche Married Saturday At St. John Lutheran

Miss Janet Joyce Gindorf was escorted to the altar and presented in marriage by her father, in a double ring ceremony Saturday, June 27, as she became the bride of James Edward Wuensche.

Vows were repeated in St. John Lutheran Church, Wilson, with Rev. John W. Onda officiating.

Mr. and Mrs. Elmer Gindorf, and Mr. and Mrs. Wilbert Wuensche, all of Wilson, are the parents.

Cindy Hobbs and Karen Wuensche lighted candles for the occasion.

The bride was lovely in a formal-length gown of white organza over taffeta, with lace appliques, beaded with seed pearls. The gown featured a bateau neckline, extending into a deep "V" in the back, from which a full wattleau train fell over a controlled bell skirt.

An elbow-length veil of silk illusion fell from a Queen's crown of seed pearls, with crystal tear drops.

The bride carried a cascade bouquet of white rosebuds, atop a white Bible.

Miss Delphine Menzer served her friend as maid of honor, while Kay Stell and Elizabeth served as attendants. They wore identical sleeveless street length dresses of white lace over yellow cotton sateen, featuring controlled bell skirts and a bateau neckline. Headpieces were of yellow silk organza roses with short veils. Each carried a yellow and white nosegay of carnations, centered by a lighted candle.

Allen Wuensche served his cousin as best man. Roy Nolte and Donald Herzog were groomsmen. Nolte, and Milton Gindorf, cousin of the bride, ushered.

Lynn Stabeno was flower girl, and Junior Wuensche, carried the rings.

Mrs. Victor Steinhauser accompanied Miss Barbara Wuensche, sister of the groom, in traditional wedding music.

The couple was honored with a reception in the church educational building, following the ceremony.

For traveling, the bride wore a blue linen suit, with white accessories, and a corsage of white rosebuds, taken from here wedding bouquet.

The couple will make their home near New Home, where they will engage in farming.

Mrs. Wuensche is a 1964 graduate of Wilson High School and her husband is a 1968 graduate.

Mrs. J. E. Ramsey was admitted to Tahoka Hospital Wednesday.

Lynn County People Spend \$3,269,000 In Year For Food

(Special to The News) New York — Financially, the past year was a good one for most residents of Lynn County and they spent their money accordingly.

As a result, retail merchants had a banner year. Nearly all of them were able to report substantial gains over 1963.

Sales of cars, food, furniture, clothing, drugs and other items were at a high level.

The facts and figures on the local spending performance come from a nationwide survey made by the Standard Rate and Data Service. It shows how much was spent for various commodities by people in each section of the country.

In Lynn County, food was in a top position. The outlay in this direction amounted to \$3,269,000, exceeding the previous year's \$3,232,000.

It covered expenditures in grocery stores, butcher shops, supermarkets, bakeries and in other stores that sell food for home preparation and consumption.

Not included was the money spent in dining and drinking places.

The take-home food bill repre-

sented 23 cents of every dollar spent during the year in all the local retail stores.

If the \$3,269,000 food tab were divided equally among all the local households, each one would have a bill of \$1,022 for the year.

Elsewhere in the West South Central States, food bills averaged \$963 per household.

Consumer buying strength was in evidence in other retail lines also, the SRDS report shows.

Gross sales of automobiles, motorcycles, trailers, boats and other automotive equipment came to \$4,304,000 in the year. It was equivalent to 30 percent of all retail spending.

Department stores and variety stores carrying general merchandise recorded a total of \$779,000, equal to 5 cents of the retail dollar.

Apparel shops, including those selling hats, shoes and clothing, accounted for \$523,000, or 4 cents.

Stores selling home furnishings, furniture and household equipment had a \$125,000 year. They got almost 1 cent of the dollar.

Another good year appears to be in the making for the nation's retailers. Consumers, most of

NEW DISTRICT MANAGER FOR GENERAL TELEPHONE

Rex Bailey, formerly of Carlsbad, N. M., new district manager of General Telephone Company, and Wayne King, commercial manager, were visitors in Tahoka Tuesday.

Mr. Bailey succeeded Herb Emery, who died recently. Mr. King recently has been transferred from Lamesa to Brownfield.

They are armed with more money than they had in 1963, thanks partly to the tax cut, are continuing to spend freely.

Bray Area Director Of Car Dealers

A. M. Bray of Bray Chevrolet Co. has been honored with appointment as an Area Director of the Texas Automobile Dealers Association.

His appointment was announced by Cecil H. Elder of Midland. Elder is president of TADA, a statewide organization with a membership of more than 1,400 franchised new car and truck dealers.

As an Area Director, he will advise with the TADA Officers and Board of Directors on legislation, highway safety, and research designed for the benefit and protection of the motor vehicle buyers of Texas.

"These are important areas of our activity as an association," Elder pointed out. "We are fortunate to have men of this caliber working in our organization to strengthen laws affecting Texas motorists, and to help us provide maximum service and security for the motoring public."

Bray will serve as an Area Director of TADA until the Association's 1965 convention next May.

Brenda Drager, daughter of Mr. and Mrs. Earnest Drager, was a medical patient in Tahoka hospital Wednesday. She was transferred to a Lubbock hospital for further treatment.

Call the doctor at once.

Help the patient take the position that is most comfortable for him. (This will probably be halfway between lying and sitting. He usually cannot breathe comfortably if he lies flat.)

Do not attempt to carry or lift the patient without the doctor's supervision.

Loosen tight clothing such as belts and collars.

See that the patient does not become chilled, but do not induce sweating with too many blankets.

Do not give the patient anything to drink without the doctor's advice.

Nuptial vows were read at 7:30 p. m. by Rev. T. James Efrid, before an altar lighted with an arch of candles and flanked with baskets of white gladioli.

Lighting candles for the ceremony was Miss Linda Thomas.

The fitted bodice had petal point sleeves and terminated with a point at the center front waistline. The high neckline was enhanced with a Queen Anne's collar. The skirt was made entirely of alternating lace ruffles.

Her bridal veil was held by an open crown pillbox hat, accented by lace appliques, and featured a bluish veil over tiers of imported silk illusion.

She carried an arrangement of feathered carnations atop a white Bible.

Safe Driving On Holiday Urged

Austin—Two things—"caution" and "courtesy"—can keep a lot of motorists out of trouble in traffic during the holiday weekend, W. F. (Bill) Leonard Jr. of Dallas, Vice President for Traffic Safety for the Texas Safety Association, said today.

"Caution and courtesy can go a long way in cutting down traffic accidents and fatalities during the Fourth of July holiday weekend," he said.

To stay out of trouble in traffic Leonard advises drivers to put all their driving skills to work for them and be prepared for the unexpected. He also urges drivers to develop proper driving attitudes.

"Your attitude about your own driving and that of other drivers has a profound effect on the possibilities of your being involved in an accident. Treat other drivers the way you want to be treated—with courtesy," he said.

The traffic safety officer also warned drivers to drive at a speed prudent for existing conditions, noting that excessive speed is one of the major factors involved in the current increase in traffic accidents and fatalities in our state.

"If you are traveling in heavy traffic, take into consideration that you will have to adjust your speed to the flow of traffic. You also must slow down on sharp curves and in areas of road construction to be safe," he said.

Leonard explained that excessive speed was involved in 50 percent of the traffic fatalities last year on rural roads. He also said 37 percent of the traffic fatalities involved driving while drinking.

The Texas Safety Association is joining the Department of Public Safety and other state agencies in promoting safety on Texas' streets and highways during the July 4th holiday weekend. Regional officers of TSA will be working with local safety councils, civic groups and others throughout the state in promoting all phases of safety during the holiday.

Leonard, Manager of Insurance and Safety for The Southland Corporation, Dallas, heads all TSA traffic safety activities in the state.

Early Day Sheriff's Race Recalled By Local Lady

(By Nettie Wells Edwards)

I just read in The News where Newt Reynolds, the late Mike Redwine's brother-in-law, was here and told of the close sheriff's race in the year 1908 between my Dad, J. S. Wells, and D. N. Glass.

They did not tie, as was stated. Dad beat Mr. Glass one vote in the primary election and more than 40 votes in the general election.

Here is my story, and I know this to be a fact for I was right here through it all.

Dad came home one afternoon just before the primary election to be held. He was running for sheriff on his second term and said, "I've got to do some riding. There are some campaign lies being told over the county to try and defeat me."

So, I rode in the buggy with him to West Point, Three Lakes, and up to Lynn to see his friends.

When election day rolled around, Dad saw it was going to be a close race and maybe even defeat. At that time the county was pretty evenly divided between the "Reds" and the "Blues." The Reds were the "nesters," or the farmers. The Blues were the stockmen, many of whom were still a bit jealous of the farmers coming into the country.

Mr. Wells remembered Mr. J. F. Millman, who did all the freighting for the store, was on his way home from Big Spring but might not make it in time to vote. So, he sent a rider on a fast horse to drive Mr. Millman's wagon on into town and let him get on the horse and get here in time to vote.

Sure enough, Mr. Millman made it in time and cast a vote for Dad, and Dad beat Mr. Glass one vote in the primary election.

But, Mr. Glass wasn't satisfied with the election and decided to contest it.

Dad got a lawyer by the name of Lewis from Plainview to represent him in the contest.

A large crowd gathered in the court house for this contest, and Dad was declared the winner by one vote.

But, Mr. S. N. McDaniel, our county clerk at that time, did not accept the results and refused to put Dad's name on the ballot in the general election. So, a writ in for the office of sheriff by the people resulted in Dad winning by over 40 votes, a large majority for a candidate in our county at that time.

The Tahoka box, where Mr. Millman voted, was not even contested. It was the Lynn box in the northeast part of the county that was contested.

stove or water heater. The blast spread the walls, blew a window casement of the back bedroom 20 feet across a driveway, and flames quickly engulfed almost the entire house.

Mrs. Knight was born Corinna Ethlyn (Janie) Gray on January 5, 1882, at Killeen, Bell county. Mr. Knight was born at Frio on July 31, 1881. They met in Eastland county and were married at Curtis on November 26, 1899.

The couple moved to Tahoka in 1921. Mr. Knight farmed a few years, and for nearly twenty years was an automobile salesman here. They moved to Lubbock in 1943, and he engaged in the real estate business there.

One son, Summer, died here in the late 1930's.

Mrs. Knight is survived by her husband; two sons, Winter of Lubbock, 2712 60th street, and Lee Roy of Tahoka; three grandchildren, and five great grandchildren; and one sister, Mrs. Willard Garner of La Crescenta, Calif.

Funeral services were held at 10 a. m. Monday, July 27, at the funeral home of J. F. Roberts, A. C. Verner, and Temple Brashear.

In a letter accompanying the award, it was stated "as most outstanding soldier eligible to represent the Battalion, your abilities and demonstrated efforts in striving for this honor are very commendable and praiseworthy. As a token for a job well done you will be awarded a 3 day pass by your unit commander." The award was presented by Major Louis Wensman Jr., Ordinance Corps Commander.

Mix-Up Bowling At New Home

The Farr Bugs won 3 over the Halo's as Charlene Farr took high honors with 209 and 485. Her 209 was high game for the women. Virgil Haley took high game of 157 and series with 465 for the Halo's.

The Alley Cats won 3 over the Gutterers and Guys, as A. C. Fillingim took honors for the Cats with 192 and 504. His scores were high for the men. Jodie Halford took high game with 172 and Dela Haltea, coffee or ale. Deep down, he said, they are similar to Americans and it is not hard to see from where our heritage came.

But, by comparison, he came home impressed that we have the greatest system of government ever devised, where the common man can rise to president of the country.

We can still learn lessons from others, though, he said. The Rotary Foundation program for exchange of young students has great impact, he declared, and is creating a profound sense of better understanding among peoples.

Outgoing president, Don Browning, expressed the hope his policy of selecting an outstanding "Rotarian of the Month" be continued, and presented miniature gold loving cups to the six selected this year. Wynne Collier, Dr. Emil Prohl, Ernest Herring, Frank Hill, Happy Smith, and Calloway Huf-faker.

He presented a Rotary "Sweetheart" pin to Montie Ruth McGinty, outgoing club sweetheart. Past sweethearts, Susan Thomas and Lynetta Cain, were guests, as was Maria Bray, the new club sweetheart.

Dr. Prohl presided at the meeting as master of ceremonies, Fred McGinty led in the singing of several songs, and Rev. Aubrey White gave the invocation.

The Hawaiian theme was carried out in room and table decorations and even in the food served by Al Smith. Men wore sport shirts, and lei garlands were worn by both men and ladies. Mrs. A. M. Bray and Mrs. Skiles Thomas helped Mr. and Mrs. Browning with the decorations, and Dr. Gerald Wood helped make other arrangements.

Wilton (Jim) Payne, the new president, has been a Rotarian several years and is assistant manager of Lyntegar here.

Many declared the event was one of the most enjoyable the club has ever held.

served the entire county, and lumber was hauled from Big Spring for the building. Mrs. Jessie Randall was the first teacher. Lynn was attached to Lubbock county at the time for judicial purposes, and a county tax rate of 5 cents per \$100 valuation was set up to maintain the school.

In 1920, Lynn was consolidated with Needmore, which had been created in 1920, and some time later a \$16,000 seven-room brick building was erected. Still later, New Lynn consolidated with Wilson and the building abandoned.

"We're lucky to be in a country where we can say what we think without thinking."

All peoples throughout the world hunger for the freedom and equality which we take for granted in these United States. Let us be always mindful that we lead the world in its quest for freedom. All mankind looks to our example—let us never falter in honoring and extending our traditions of freedom.

Dayton Parker Is Home From Trip By Air To Europe

Dayton Parker, pharmacist at Wynne Collier Drug, returned Friday from a 17-day vacation trip by air to Europe.

Dayton flew to Frankfurt, Germany, where he was met by a former schoolmate teaching school at Mainz, Germany.

From there, he did his traveling by train, which he found to be the cheapest and best way to travel in Europe. He says one may go just about anywhere he wants, on time, to see most of the sights. Cost of the train travel in Italy is only one cent a mile and in the rest of Europe about two cents a mile.

In addition to some travel in Germany, he visited Zurich, Lucerne, the 25-year exposition in Lusanne, and Geneva, all in Switzerland; Milan, Venice and Padova in Italy. He also visited Munich, Germany.

He says the trip was a wonderful experience, although he did not have time to visit all the places he had hoped to visit.

J. B. Rackler of Gordon says cotton hailed out in that area recently has been replanted and is up to a stand. Some of the badly damaged cotton which was left still presents a question as to how well it will recover and grow off.

Mrs. Lawrence Harvick was admitted to Tahoka Hospital Saturday as a medical patient.
