"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire

Volume 60

Tahoka, Lynn County, Texas. Friday, July 10, 1964

Number 41

Serving Tahoka and Lynn County Since 1903!

School Building Work Progresses

Work on the new high school building and repair of older buildings is progressing on schedule, and the contractor hopes to have the work completed in time for school opening in September.

The old high school and north elementary buildings are being completely reconitioned, new plumbing and electrical wiring installed, ceilings lowered, new window frames installed. In fact, these two buildings will be almost like new when completed.

The vocational agriculture building is also being enlarged and completely reconitioned. The school cafeteria was enlarged, a new kitchen added, and most of this work was completed some time ago.

New furniture is arriving for the new high school building, and science fixtures were being installed this week.

Patrons of the district will be surprised at the amount of room in the new high school, the library facilities, the outstanding band department, and other features.

Supt. Harold Reynolds says he thinks patrons will be very happy with the entire layout and the manner in which the board and architects planned the tie-in of the new buildings with the old. The new building, the old high school, which will become the junior high, and the gymnasium all are connected in a manner most convenient.

E. W. Medlin, 73 Dies Wednesday

E. W. (Weadell) Medlin, 73, former Lynn county citizen and father of Glen Medlin of Tahoka and Mrs. D. B. Morris of Wayside, died Wednesday afternoon at Long Beach, Calif.

Funeral services were to be held there and the body brought to Lubbock for burial beside his wife, who died at Wilson in 1925.

The Medlins came to Lynn county in 1916 from Haskell and lived in the Dixie, New Home and Wilson communities. He grabbed out the home place now farmed by D. B. Morris two miles west of Wayside in 1921. He was a member of the old Methodist Church at Dixie. Mr. Medlin moved to California in 1940.

He had suffered a stroke several weeks ago, but was seemingly much improved until early this week. Glen Medlin and Mrs. Morris arrived at his bedside Wednesday morning.

Survivors include three sons, Glen of Tahoka, Paul and Maurice of California; four daughters, Mrs. Lois Morris of Wilson route 1, Mrs. Ernestine Casse and Dorothy Hanna of California, and Mrs. Doris Lamb of Washington.

Rev. Clifford Harris Is Tahoka Visitor

Rev. and Mrs. Clifford Harris and Carol Sue of Sacramento, Calif., were here Monday en route home, and visited a few old Tahoka friends. He is a former pastor of the First Baptist Church of Tahoka.

They had been to San Antonio, where they visited their son, Larry, who is stationed there in the Air Force.

Rev. Harris says he has a fine church in Sacramento with about 900 enrolled in Sunday School.

STEWART MOVES HERE

Bill Stewart, wife and two small children, have moved from Lubbock to the Dr. Thomas rent house on North Fifth. He has been manager of the Farmers Home Administration office for some time but was unable to find a suitable place to live and had been living in Lubbock.

Mrs. Horace Rogers returned Monday from a week's visit with her parents, Mr. and Mrs. J. B. Elmore at Belen, New Mexico.

Use more cotton!

TAHOKA FFA AREA II CHAMPIONS in talent team contests, pictured above, will compete in the State contests at the Future Farmer convention in San Antonio next week. Members of the popular FFA orchestra, "The Sandstorms," are Ronny Hudgens, drums; Dean Hamilton, piano; Jack Flippin, bass; and Hugh Jack Norwood, guitar. Terry Barrington, guitar, was not present when picture was made. See story on Page 1, Section II. (Photo by Finney)

Plans Made For Cotton Week

July 15-August 15 has been designated Cotton Month in Lynn county.

The week of July 25-31 has been declared Cotton Week.

Tahoka Chamber of Commerce, headed by Harold Roberts, president, is sponsoring some special promotions for the period, and The News will feature cotton in a special Cotton Week edition on July 24 in which there will be news articles and advertising featuring cotton and cotton products.

Another one of the Sidewalk Sales days, popular with patrons of the town the past two years, will be staged on Saturday, July 25, when merchants will have special bargains out on the sidewalks in front of their stores.

During the period, Tahoka Compress will furnish bales of cotton to be placed on sidewalks around town.

Mrs. Roy Gibson Buried Tuesday

Mrs. Roy G. (Hoot) Gibson, 59, long-time O'Donnell resident and sister-in-law of R. H. (Hick) Gibson of Tahoka, died Monday at 11:15 at her farm home near Denver City.

Funeral services were held Tuesday at 4:00 p. m. in Denver City Methodist Church with the pastor, Rev. David Edens, officiating, and burial followed in the cemetery there.

Born and reared at Santa Anna, she moved to O'Donnell in 1925, and from there to Denver City, where she and her husband acquired farm land.

She was well known by a number of Tahoka people. Mr. and Mrs. "Hick" Gibson attended funeral services.

Survivors include her husband; a son, Roy Allen Gibson of Denver City; a daughter, Mrs. June Laster of Denver City; eight grandchildren, two great grandchildren, two brothers and a sister.

Don Reed Winner Of Jet Plane Trip

Don Reed, son of Mrs. Lillie Patterson, of Tahoka, has been selected as the Salesman of the Year by Pillsbury's, Inc. of Lubbock. His outstanding work has won him a trip by jet plane to Minneapolis, Minnesota.

Don lives in Albuquerque, New Mexico with his wife and two sons, Lance and Kevin. He is a 1954 graduate of Tahoka High School, and a graduate of Texas Tech.

Warren Embree was admitted as a medical patient at Tahoka Hospital last Friday. He was dismissed on Monday.

Cotton supports you. You support cotton!

City Tax Rates Remain The Same

No change was made in the city tax rate by the Tahoka City Council at its monthly meeting Monday night.

The rate remains at \$1.50 per \$100 valuation, 95 cents of which goes for general operation and 55 cents to the interest and sinking fund to retire bonds.

J. M. Uzzle informs The News the Council will sit as a board of equalization on Monday, July 20.

Dale Thurens Are Moving To Illinois

Dale Thuren, wife and two daughters, are preparing to move to Sherrard, Illinois, where Dale was reared and where he will become agent for State Farm Mutual Insurance.

Dale's father, S. A. Thuren, has been agent there for the same company for 36 years.

Thuren operated Dale Thuren Farm Store here for 15 years before selling out a few months ago. Before that, he farmed three years at Wells.

Since moving to Tahoka, he has been one of the leading promoters of the annual Junior Livestock Show, has been active in Chamber of Commerce, Rotary Club, and Methodist Church.

Reared at Sherrard, Ill., he is a graduate of Western Illinois State Teachers College, taught school and coached four years, was a captain and pilot in the U. S. Air Force during World War II, and came to Lynn county in 1946. He was married to Miss Billie Swafford, a Tahoka native, in 1947, and the couple has two daughters.

Dale says Sherrard is the center of a farming area but almost in a metropolitan area, since it is surrounded by four cities less than 20 miles distance, Rock Island, Moline, and East Moline, Illinois, and Davenport, Iowa.

Many friends here regret that the Thurens are leaving Tahoka but wish them luck in their new endeavors.

MAXINE BACK HAS SURGERY

Mrs. L. A. Back, of Waco, the former Maxine Oliver of Tahoka, daughter of Mr. and Mrs. J. B. Oliver, underwent critical major surgery two weeks ago in Hillcrest Hospital in Waco. She is reported to be doing fine and is in hopes of coming home on the weekend. Her parents left Thursday morning for Waco. Their daughter will spend some time with them, recuperating.

VISIT IN CALIFORNIA

Mr. and Mrs. Horman Renfro are in Seaside, Calif., visiting their son-in-law and daughter, Bill and Sue Cain. They were out there 19 years ago when Horman was in the Army.

James Gage underwent minor surgery Friday in Tahoka Hospital. He is reported to be doing very nicely.

New Oil Test For Wells Area

C. F. Wilson has staked a new Lynn county location for a Fusselman wildcat oil test to be known as the No. 1 Launa Thomas well, southwest of Tahoka between Wells and Newmoore.

The drillsite is 1,980 feet from the north and 680 feet from the east lines of Section 35, Block H, ELARR survey.

The Lone Star Drilling Co. oil test on the W. D. Nevels ranch a mile east of West Point was reported drilling at about 7,000 feet Wednesday. The prospector will test the Fusselman to 11,400 feet.

A second location is reported to have been staked nearby with drilling to begin soon. The Nevels test is east of the Cody Bragg test, abandoned as a dry hole but which is said to have had some shows of oil.

Terry Spears Gets Degree, Good Job

Terry Spears, who will graduate from Texas Tech this summer, has been accepted for a position as chemical engineer with Phillips Petroleum Company at the Cactus Plant, near Dumas, beginning August 3, at a very lucrative salary.

Terry will complete his work today at Texas Tech for his B. S. degree with a major in chemical engineering. He is a 1960 graduate of Tahoka High School.

A resident of Tahoka most of his life, Terry is the oldest son of Supt. and Mrs. Otis Spears, who recently moved from here to Bovina as superintendent of schools.

Terry is leaving today on a three weeks vacation trip to the West Coast before reporting for work at the Cactus plant.

RECOVERING SURGERY

Mrs. J. T. (Lucy) Brice, who underwent surgery in Methodist Hospital Thursday of last week, is reported to be recovering slowly but nicely.

NEW SERVICE STATION building, erected by McCord & Son and operated by J. E. Sessums, at highway intersection in Tahoka, will have its formal opening Saturday. (See story elsewhere on this page.)

Draw Reunion Set For July 19

Draw community will hold its annual reunion at the City- Legion building here all day Sunday, July 19, when present and former members of the community will meet for a day of visiting.

Attendees are invited to bring their own food, which will be spread family style at the noon luncheon.

No special program has been planned, but there will be much reminiscing about the old days.

Ronald Sherrill is president of the reunion organization, and Milton Uzzle is the secretary.

School District Values Increase

Tax valuations in Tahoka school district have risen about \$700,000 to a new total this year of \$12,769,482, mostly as a result of new construction, it was revealed at a meeting of the school board Tuesday night.

Supt. Harold Reynolds reported the State has approved two full units of Vocational Agriculture, increase of one-quarter unit, which means there will be full State allotment for two teachers instead of 1 1/4.

An additional half unit has been approved for Homemaking, bringing this to full allotment of two teachers, one of which will work half time in Homemaking and half time in 9th grade physical science.

Approval was also given by the State for a speech and therapy teacher in the field of Special Education, also provided by the State.

Three new teachers were approved at the meeting.

Mrs. Peggy Carter Beckum will teach high school English. She is a B. A. degree graduate from Texas Tech with majors in English and Journalism. She has done graduate work at University of Colorado and University of Texas.

Miss Joy Rogers of Lubbock will be the new girls physical education teacher. She will receive her B. S. degree in Physical Education from Texas Tech in August. Miss Rogers has worked with the Lubbock City Recreation Dept. while attending Tech.

Donald Futch, 27, will teach sixth grade work. He is from Lamesa, holds a B. A. degree with a major in Government from North Texas State University, and has spent three years in the Marines. Mr. Reynolds says the school will need a math teacher, a second Homemaking teacher, a speech and hearing therapist, one teacher each in the third and sixth grades, and two Colored school teachers, one a principal.

Mr. Paul Schmitz, brother-in-law to Mrs. Lena Behrend of Wilson, passed away on June 29th after a long illness. Mr. and Mrs. Alvin Kaatz, and Mr. and Mrs. Carl Gickhorn, Roger and Connie of Wilson went to Vernon for the funeral, July 1st.

Mrs. Walter Lee Stice underwent surgery Tuesday in Tahoka Hospital, and is reported in very good condition.

New Methodist Church Is Imposing Structure

REV. GORDON SMITH

Youth Revival Here Next Week

Rev. Gordon Smith, a native of Tahoka and now pastor of the First Baptist Church in Shallowater, will be the evangelist for the Youth-led Revival scheduled for July 15-19 at First Baptist Church. Services will begin each evening at 8:00 o'clock with the highlight of the Sunday evening service, which is set for 6:00 p. m.

The Youth-led Revival is the highlight of the annual Youth Week observance which will begin Sunday at the church. "We want to emphasize that this is not a youth revival, but a youth-led revival," stated James Hollars, First Baptist education director, in announcing the revival. "Our young people will be leading, but the services are for people of all ages. We want to extend a friendly invitation to all area residents to come and worship with us in the revival services."

Rev. Smith is well known in Tahoka as he was reared here and graduated from Tahoka High School, where he was an outstanding student leader. He is also a graduate of Baylor University and Southwestern Baptist Theological Seminary. While a student at Baylor, he was associate pastor of the Seventh and James Street Baptist Church, and he held a similar position at Rosen Heights Baptist Church in Fort Worth while earning his degree from the seminary. He has been pastor at Shallowater since the first of this year.

Directing the music for the revival will be Hugh Sanders of Pampa. Sanders is choir director at Pampa High School and also serves as music director at the Central Baptist Church in that city. He is a native of Portales, New Mexico, attended Hardin-Simmons University, and graduated from Baylor. While in Baylor, he was a member of the famous Baylor University Choir. Mr. Sanders will serve as pianist during the revival.

As a special feature, the Youth Choir from First Baptist Church, Shallowater, will sing for the Friday night service.

JERRY RICHARDSON WILL PLAY IN ALL-STAR GAME

Jerry Richardson, son-in-law of Mr. and Mrs. George Williamson of Wilson, left Thursday morning for Los Angeles, Calif., where he will spend a week before going to Chicago, where he will participate in the All Star-Pro football game. The game will be played August 7, and will pit the College all stars and the world champion Chicago Bears.

HINES VISITING HERE

Mr. and Mrs. W. T. Hines and two children, Judy and Pattie, of Texasana, have been here several days visiting their parents, the Pat Hines and H. O. Hargett. Mrs. Hines is the former Imogene Hargett. Susanne Evans, daughter of Rev. and Mrs. Boyce Evans of Abernathy, is also here visiting her grandparents, the Hargetts.

Work on the new \$156,000 Methodist Church building immediately north of the present building on North Ave. J (Sweet) street is on schedule and completion is expected in September, according to Hugh Hunt, architect.

The 65-foot steeple will be near completion this week, and will give the structure added prominence. Memorial art glass windows from the old building are being installed in the new this week. These are being placed in the educational part of the building.

The building, all on the ground level, will contain a total of nearly 15,000 square feet of floor space, and will have air conditioning and central heating.

The sanctuary will seat 400 people, about the same as the old building, with the main entrance on Ave. J. The entrance is into a large foyer, flanked on the north by a combination bride's room and cry room.

The fellowship hall, flanked by a kitchen, will seat 160 at tables. There will be about 20 Sunday School class rooms, office and storage rooms, and rest rooms.

The organ sound system will be increased, and chimes will be installed in the tower. A unique feature, Mr. Hunt says will be the public address system, which is a new voice production system with electronic sound columns at the front of the auditorium which are designed to eliminate feed-backs and extraneous noises.

When the major portion of the new structure is near completion, the congregation will move to the new building and the old will be wrecked. South end of the new building will extend 12 feet over onto the lot space now occupied by the present church building.

The new church is being erected by Gordon Construction Co. of Lubbock on a low bid of \$138,900, art glass will cost about \$2,000, furnishings about \$7,000, and the remaining cost is in architect's fees and other expenses.

The new building will replace the old building erected in 1924 which has had its interior remodeled several times since.

Formal Opening Sessums Station

Formal opening of the new J. E. Sessums 66 Service will be held Saturday in the new H. B. McCord & Son building at the intersection of Hwys. 87 and 380 in down town Tahoka.

The new, modernistic building replaces the brick building destroyed by fire last April. In the fire, the adjoining McCord buildings were damaged, and have since been thoroughly reconitioned. The old service station building was erected 40 years ago by F. O. Greathouse, and was acquired by McCord about ten years later.

Mr. Sessums was operating a station in the building when it was destroyed by fire, and has been in this same location for 12 years.

Several Phillips Company representatives will be here for the opening Saturday, and a number of premiums will be given customers and visitors, including Coca Cola six-packs and Double S&H stamps with fill-up, lubrication with return of bottles, and balloons and lollypops for the kiddies.

McCord became Phillips agent here in 1930, and was joined by his son, H. B. Jr., in 1952. Over the years the business has been expanded from wholesale oil, gas and butane, to the Pontiac agency, service department, boats and motors, and other lines.

BROTHER IS KILLED

Ira Collins, Colored, who works for Higginbotham-Bartlett Co., was called to Arisles, N. M., over the week end for the funeral of his brother on Tuesday. The brother was killed Saturday while working on an air conditioner.

Society & Club News

RECENT BRIDE—Mrs. George D. Adams, the former Miss Billie Faye Tompkins of McCamey, was married in the East Side Baptist Church in McCamey at 8:00 p. m. on May 28. She is the daughter of Mr. and Mrs. George J. Tompkins of that city, and her husband is the son of Mr. and Mrs. J. D. Adams of Tahoka. Following the wedding, the couple left on a wedding trip to Nashville, Tenn., and are now living in Ashville, N. C., where George is employed this summer by Southwestern Book Co. This fall, they will re-enter Howard Payne College, Brownwood, where both will be senior students.

Mrs. Ruby Burget Misses The News

Mrs. Ruby (Hatchett) Burget of Galveston missed a June 28 issue of The News telling about the Pioneer Reunion and has written for a copy of that issue, since she is deeply interested in keeping up with the old friends.

Mrs. Burget is the former Ruby Ketner, sister of Mrs. Happy Smith, and the two are daughters of the late Mr. and Mrs. J. E. Ketner, who settled in the Lynn area in 1901.

At the time, there were no farmers here, and settlers had just begun seeking to file on public lands in Lynn county.

Mr. Ketner's action was a key in opening up the country to settlers, as he filed and won a test case to break the so-called "lapse-lease" practice of area ranchers.

The practice was then for ranchers to lease state lands for grazing. Before the lease period ended, ranchers would re-lease the land before the old lease expired, thus preventing settlers filing on these lands.

After Mr. Ketner won his test case, there was a rush to Lubbock and Gail by settlers to file on the potentially fertile farm and grass lands. Sometimes, ranchers sent their cowboys to file on and keep for them as much of the land as they could. On at least one occasion there was quite a free-for-all between the opposing factions at Gail.

Penningtons Hold Annual Barbecue

Mr. and Mrs. Garland Pennington were hosts Saturday night, July 4, for their annual barbecue supper in their back yard for the Milliken, Pennington, and the Moman Johnson families.

About 65 or 70 people attended, enjoyed visiting, and the kids shot fireworks at the A. R. Milliken home.

On Sunday night, A. R. Milliken had another barbecue at his place, and he says a lot of sisters and "in-laws" smelled the food cooking clear across town and came in to help.

Two Wilson Girls At Glorietta Camp

Glorieta, N. M. (GBA)—Saundra Lumsden and Claudia Stoker, each 18, of Wilson, are serving on the staff at Glorietta (N.M.) Baptist Assembly, the first six weeks of this summer.

Saundra, the daughter of Mr. and Mrs. William G. Lumsden, is a sophomore at Baylor University, Waco. Claudia is the daughter of Mr. and Mrs. W. P. Stoker and a 1964 graduate of Wilson High School.

Milliken, Leslie Win At Duplicate

Winners in duplicate bridge Tuesday night at T-Bar Country Club were:

Miss Echo Milliken and Mrs. Meldon Leslie, first; Mrs. Bill Lumsden and Mrs. Winston Wharton, second; Al Armstrong of Lubbock and Mrs. D. W. Gagnat, third.

Mr. and Mrs. H. B. Howell spent the weekend with their son and family, the S. W. Howells of Odessa. They went especially to see their grandson, Sam Howell, off to the Boy Scout Jamboree. He will be there at Valley Forge for nine days, then spend three weeks on the tour.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Editor, The News:

I recently read about your Homemaking teacher, Mrs. Hegi, being named Teacher of the Year in The Texas Outlook.

Mrs. (Opal) Pittman, your former librarian and teacher who lives here now, told me your paper carried a lengthy article about it. Would you please send me a copy of it?

I am getting up a program on Women in Education for a Study Club. Since we have known her and were teachers (Mr. Jones and I were at Wilson from 1950 to 1958), we were very thrilled when we read about it. We admired her so very much and were happy to have been in school work in Lynn county and to have known her.

I would like for you to say hello to Mrs. Hegi and how proud we are. Also, give our best regards to Mr. J. P. Hewlett when you see him. We loved him, too.

Sincerely yours,
Mrs. W. Pretiss Jones,
1077 W. Sloan,
Stephenville, Texas.

HOSTS FOR BARBECUE

Mr. and Mrs. W. R. McNeely were hosts to about thirty people at a barbecue the Fourth of July at their home on North Fifth. Venison and all the trimmings, plus home made ice cream, were served the group.

NOTICE TO CLUBS

Any club or organization desiring to operate a booth on Sidewalk Sales day, Saturday, July 25, is requested to contact Mrs. Leonard (Retha) Dunn, Chamber of Commerce secretary, phone 948-4298 or 908-4761.

HEGIS BACK HOME

Mr. and Mrs. F. B. (Pete) Hegi and son, Fred, returned Tuesday from Kansas City, where they met their older son, John, and attended a reunion of Mrs. Hegi's family. John returned home with them and will be here a week before returning to his Army post.

Mr. and Mrs. Otis Hillhouse returned Tuesday from a 10 day vacation trip spent at Lake City, Colorado. Otis says they had intended on going to Yellowstone, but fishing was excellent and they enjoyed the little resort town so much they just spent the whole time there.

CARD OF THANKS

Thank you—all you wonderful friends of Tahoka and Lynn County for the many kindnesses shown us during my illness. For the flowers, the visits, the many cards and your prayers, we shall be forever grateful. We are home now and will enjoy and appreciate your visits. God bless you all.—Mr. and Mrs. W. C. Huffaker Sr. 1tp.

Youth Week At First Baptist

Youth Week 1964, the highlight of the youth activities for the year at First Baptist Church, will begin Sunday morning at the close of the morning worship service. At that time, Rev. James Eford will hand the symbolic key to the Youth Week pastor, Tony Spruiell, and Youth Week educational director, Curtis Harvick, and the young people of the church from age 13 to 24 will assume the responsibility of the work of the church for the next week.

The first official activity of Youth Week will be a combined meeting of the Youth Week de-

The Lynn County News, Tahoka, Texas Friday, July 10, 1964

DISCUSSING PLANS for Youth Week are three of the young people who will serve as leaders during the week of special activities at the First Baptist Church, July 12-19. From left to right, they are Tony Spruiell, son of Mr. and Mrs. Clyde Spruiell, who will serve as Youth Week pastor; Stella Howle, daughter of Mr. and Mrs. E. A. Howle, who will teach an adult Sunday School class; and Curtis Harvick, son of Mr. and Mrs. Roy Harvick, who will serve as educational director.

cons and the regular deacons at 2:00 p. m. Sunday afternoon. At 6:00 p. m., the young people will have charge of the evening worship with Spruiell and Harvick presiding. Special music and testimonies will be brought by the young people. Tim Tippitt will direct the music.

Monday morning, the youth week Brotherhood will get off to an early start with a 6:30 a. m. breakfast, open to all men and boys. Phil Adams will serve as Brotherhood president. Margaret Miller, Youth Week WMU president, will direct a program for all ladies and girls at 4:00 p. m. Monday afternoon. At 6:30 p. m., the youth will meet at the church and spread out over town to deliver handbills door-to-door, advertising the Youth-led Revival July 15-19.

Tuesday evening will be devoted to social activity in the form of a hayride to T-Bar Ranch. The hayride is scheduled for 7:30 p. m. Last year, over 80 youngsters, attended the hayride, and an equally large crowd is anticipated this year.

Wednesday, the Youth Week Sunday School officers and teachers will meet at 6:45 p. m. for a planning meeting. At 7:30, the members of the Youth Week Choir will meet for rehearsal, followed by the first service of the revival at 8:00 o'clock. The revival will

continue each night through Saturday and will close with two services, Sunday at 11:00 a. m. and 6:00 p. m. Gordon Smith of Shallowater will preach, and Hugh Sanders of Pampa will direct the music during the revival.

Sunday, July 19, will be the climactic day of the week, as the Youth Week Sunday School and Training Union officers assume their duties. They will have charge of departments and classes from the junior department through the adult departments.

Mrs. Joe Cervantes was admitted to Tahoka Hospital Sunday as a medical patient and was dismissed Tuesday.

At least 14 Texas streams are known at Salt Creek.

Officers Installed By Masonic Lodge

Installation of officers of Tahoka Lodge No. 1041, A.F. & A.M. was conducted at the Stated Meeting Tuesday night, July 7. C. K. Walling, Past Master of Dublin Lodge No. 504, now a member of Slaton Lodge No. 1094, was installing Master, assisted by L. M. Crowley, D.D.G.M. of Post Lodge No. 1058, and Beecher Sherrod, Past Master of Tahoka, as installing Marshal.

Those installed were: R. James White, W. M.; Billy Jack Dunlap, S. W.; Ronald Roberts, J. W.; Mill Draper, S. D.; Olan Pinkston, J. D.; Charlie Beckham, S. S.; C. W. Roberts, J. S.; Harvey Freeman, Chap.; Tom Hale, Tiler.

Joe B. Oliver, treasurer, and Harry L. Roddy, secretary, were holdover officers.

Bartley Family Holds Reunion

The family of Mrs. Susie Bartley of New Lynn held its annual reunion Sunday in Mackenzie State Park, with a family style luncheon and visiting.

Attending were Mrs. Susie Bartley, daughter Mrs. Jewell Reed Lubbock, son, Mr. and Mrs. Sears Bartley and Jan of Wilson, Mr. and Mrs. Roy Bankston of Lubbock, grandchildren, Mr. and Mrs. Gene Carpenter and family of Slaton, Mr. and Mrs. Micheal O'Thaxton and Kerry of Lubbock, Mr. and Mrs. Dan Minshew and family of Roby, Mr. and Mrs. Floyd Bartley and children of Wilson, Mr. and Mrs. Kenith Bullard of Post, and Thurman Bartley of Wilson.

HOME FROM RUIDOSO

Mr. and Mrs. C. E. McClellan returned home Tuesday from a month's stay at Ruidoso with their son, Charles McClellan and family. Charles' wife, Peggy, recently was in the hospital there 11 days with pneumonia.

Mrs. Lawrence Harvick, who was admitted to Tahoka Hospital June 27, as a medical patient, was released Friday.

G A Girls Attend Summer Assembly

Twenty six girls, ranging in age from 9 through 14 years, left the First Baptist Church at 10:00 a. m. Wednesday for GA camp at Plains Baptist Assembly near Floydada. Counselors accompanying the girls were Mrs. J. T. Miller, Mrs. Robert Edwards, Mrs. A. D. Riddle, and Mrs. Lennie Cox.

They will spend three days enjoying sessions of Bible Study and church services, recreation, and handwork. The group will return to Tahoka Friday afternoon.

Rev. Hank Scott of Wilson is the camp pastor this year.

DUWAINE TOWNSENS VISIT

Mr. and Mrs. Duwaine Townsen and family of El Cajon, California, are here visiting his parents, Mr. and Mrs. N. O. Townsen of Route 2, Wilson. Duwaine was admitted to Tahoka Hospital Monday as a medical patient.

Mrs. Pat Patterson was admitted to Tahoka Hospital Monday as a medical patient.

Mrs. Hattie Yates is reported doing just about the same as usual.

Mrs. Wendell Norman was admitted to Tahoka Hospital Friday as a medical patient, and dismissed on Sunday.

GRASSLAND NEWS

(Mrs. O. H. Hoover)

Wow, this is some hot weather! July 4th it registered 103 on my front porch at 4:30 in the afternoon, in the shade, too. I'll bet there were a lot of sun burned and blistered people after the holiday. Visitors in the C. A. and Lucian Walker homes this week are Mr. and Mrs. Weldon Tyler and three sons, Rickey, Dickey and Terry of Waco.

Mr. and Mrs. Paul York of Albuquerque, N. M., daughter and son-in-law of Mr. and Mrs. J. H. Huddleston, visited them several days recently.

Mrs. Carrie Walls enjoyed a barbecue supper in the back yard of her daughter, Mrs. Faye Ramsey. Attending beside Mrs. Walls were the couple's two daughters and families, the Don Dockerys and Richard Rays of Post.

Mrs. Lorene Gerner visited her mother, Mrs. O. F. Haley, last Thursday morning and mowed her lawn while she was there.

Mrs. Hoover spent the Fourth of July holiday with her niece, Mrs. C. A. Walker.

Mr. and Mrs. W. G. McCleskey spent the Fourth by helping their granddaughter put peaches in the deep freeze. They froze 26 packages.

The C. O. McCleskeys spent the Fourth in Lubbock with her parents, the J. C. Allens.

Mr. and Mrs. Marvin McDonald are in Selah, Wash., visiting the Ted McDonald family. They are missing this hot weather. Joe Nell called her mother, Mrs. McCleskey, Sunday morning and bragged about how cool it was there.

Mr. and Mrs. Tom Murray had lunch with the McCleskeys Sunday.

Correction: I stated last week Philip Murray was a pastor at Snyder. He is not. He is in service and stationed at Altus, Okla., and lives in Snyder, Okla.

Mr. and Mrs. W. L. Gribble spent the Fourth in Lubbock with her parents, the J. W. Warricks. Mr. Warrick is not feeling too well.

Guests in the home of Mrs. O. F. Haley last week were her daughter, Ruby Claborn of Post, granddaughter Mrs. Marie Anderson and granddaughters Terri and Vickie Anderson of Roswell, N. M.

The Nazarene Church entertained members with a social Friday night in the park north of Tahoka. They served sandwiches, home made ice cream, cookies, punch and iced tea.

Visitors in the home of Mrs. Ada

Oden the past few days have been her brother Carroll Potter and wife Peggy of Fort Worth. They are on vacation.

Modena Conrad, daughter of Mr. and Mrs. T. J. Murray, who with her husband, are missionaries in Lima, Peru, had major surgery June 27. The report is she is doing OK.

Mr. and Mrs. Amos Gerner and Laura gave a farewell dinner for Jerry Hill of Temple Sunday. He is leaving July 8 for service in the Navy and will be stationed in San Diego, Calif. He and Johnny Kuykendall were guests of honor at dinner. Lorene Gerner, Emma Mueller and Lee Mason planned a swimming and skiing party on Lake Thomas for Sunday afternoon. Attending were Mr. and Mrs. Amos Gerner and Laura, Johnny Kuykendall, Jerry Hill, Charles Huffman, Mr. and Mrs. Anton Mueller and Linda Kay, Mr. and Mrs. Ben Brewer, Debbie and Becky, Mr. and Mrs. Lee Mason, Mr. and Mrs. Benton Mason, Marcelle, Barbara, Theresa and Kathy of Shallowater, and Mrs. Benton Mason and mother Mrs. Huffman of Post, Moman Johnson and son and friends of Lubbock.

Taking their boats were Amos Gerner, Lee Mason and Mr. Johnson. After everyone was tired of swimming and skiing, they spread a lovely pot luck supper. Everyone came home tired but happy.

Mrs. Lorene Gerner visited Monday morning with Mrs. Naomi Norman.

Mrs. Bernice Propst entertained the Thursday Club with a rose bud gift party in her home July 2. Everyone received beautiful and useful gifts. Mrs. Propst served refreshments to visitors. Viva Davis, Maude Thomas and Pearl Wallace; members Sue Maxey, Minnie Wright, and the hostess. Next meeting is with Iris McMahon on July 16.

Mary Lee Laws' sister, Vera S. Weatherby of Hobbs, N. M., visited her last week.

Louise Gerner visited with the Al Smith family in Stamford over the week end and attended the Cowboy Reunion and rodeo. She came home Monday afternoon to spend two weeks vacation with her parents and sister.

Mrs. O. H. Hoover visited a while Monday afternoon with Lorene Gerner, Louise and Laura Pauline Riley is on vacation and is visiting points of interest in California.

Mr. and Mrs. James Murray and children, Arlie and Lavonia

RATE OF WATER USE IN RELATION TO PLANT DEVELOPMENT

Caution Urged On Irrigation

Don't start irrigating cotton too soon! County Agent Bill Griffin says, "Cotton that received a good pre-plant irrigation or has benefited from recent rains should have enough moisture in the ground to last until the first white blooms appear. Cotton at this stage of growth should be about 60 days of age."

Watering cotton prior to this time can lead to troubles, says Griffin.

1. If watered too early (before

white blooms appear) cotton tends to keep growing in a vegetative manner and doesn't start fruiting early.

2. Early irrigation can lower soil temperatures in the root zone of cotton plants. This encourages blights, wilts and seedling diseases. Above all, Griffin cautions, irrigation shouldn't be practiced when fields of young cotton are disease-ridden, as this tends to compound the problem.
3. Watering too early can also keep roots from penetrating deep in the soil. Especially in the tighter soils area north of Lubbock, this can create hazards. If roots haven't penetrated deep in the soil, the normally hot, dry weather of August will cause plants to become moisture-stressed. An inadequate root system means farmers won't be able to irrigate their cotton fields often enough at this time to keep plants adequately supplied with water, says Griffin.

If irrigation water is short, it might be necessary to start watering before the first white blooms appear. At this stage, cotton will use one-tenth to one-fourth inch per day. This compares to less than one-tenth to four-tenths inch per day for cotton plants from emergence to squaring stages. From white bloom

to peak blooming stage, cotton plants will utilize one-tenth to one-fourth acre-inches water daily.

Griffin points out that several years research at South Plains Research and Extension Center, Lubbock, has shown a six-inch pre-plant irrigation plus two four-inch postplants gives maximum yields with top net returns in normal growing seasons. A good rain, at the proper time can eliminate one of the post-plant irrigations.

100th FHA Loan Made For Water

L. J. Cappleman, State Director of the Farmers Home Administration, Temple, announced to the Press, "The 100th Water Distribution Association Loan has been made to the rural people of Texas."

The Green Valley Water Supply Corporation received this loan for \$696,000. This water system will service 518 families; over 2,000 individuals.

Mr. Cappleman stated, "These 100 loans total \$9,605,770. Over 9,047 families are now enjoying

good water for home use and for livestock, gardens etc. This number of families includes over 37,000 individuals.

These loans have had a great impact on the economy of the community and the county. The installation of bathrooms, kitchen facilities, landscaping of lawns and the building of new homes has increased business for merchants, increased tax payments, added to school tax payments, and contributions to churches.

Mr. and Mrs. Lewis Murray attended the Old Fiddlers' Contest in Hale Center Saturday.

Side Dress Time Is Here . . .

And the Fastest, Easiest, and Most Economical Way to Side-Dress Is With

SOL-U-PHOS LIQUID FERTILIZER

Side dressing with SOL-U-PHOS Liquid Fertilizer will give your crops the plant nutrients needed now — at "Dinner Time" — and will carry them on to a fruitful harvest. By side dressing with SOL-U-PHOS, which is a chemical combination of plant nutrients forming a neutral SOLUTION, insures balanced fertility for your crops. Now, when your crop has gotten to the point that you are making your money, increase your crop yield and maintain a high fertility by side dressing with SOL-U-PHOS Liquid Fertilizer.

Everywhere you look more farmers are going "modern" — They are switching to SOL-U-PHOS Liquid Fertilizer . . . Why? Your dealer delivers to you the exact metered gallonage of SOL-U-PHOS. Then by use of pumps the handling of SOL-U-PHOS is a "filling station" type of operation. There is no heavy lifting, you get the correct analysis of

plant nutrients without having to buy unwanted quantities of other nutrients. SOL-U-PHOS doesn't require you to have a field full of farm labor to get the job done. One man can easily side dress and cultivate 50 acres or more per day and you pay only for the plant nutrients delivered by your dealer. That's why, we say—

Go modern . . . See the man who Sells

Football Schedules For 1964 Released

Football schedules for the varsity, "B" team, and Seventh and Eighth grade teams for this fall have been released by Gilbert Hough, head football coach.

The Bulldogs will open away from home this year, meeting Lorenzo there on Friday, September 4. This will be the first time the two teams have met.

Stanton has been placed back in District 5-A, and Tahoka will meet the Buffaloes here on November 6.

The "B" team has six games scheduled, and the Seventh and Eighth grade teams are this year meeting Frenship, Slaton, Plains, and Post. These two teams meet both Slaton and Plains twice.

Coach Hough says his varsity boys appear to be eager already for the season to start, their spirits are high, and he is hopeful the team will have the best record this fall it has had in several years.

Following are the schedules for the four teams:

- Varsity**
 Non-conference games (start at 8:00 p. m.)
 Sept. 4—Lorenzo.
 Sept. 11—Crosbyton, here.
 Sept. 18—at Slaton.
 Sept. 25—at Idalou.
 Oct. 2—Frenship here. (Moms night).
 Oct. 9—open date.
 Conference games (start at 7:30 p. m.)
 Oct. 16—at Plains.
 Oct. 23—Wink, here (homecoming).
 Oct. 30—at O'Donnell.
 Nov. 6—Stanton, here.
 Nov. 13—Seagraves, here. (Dads night).
- "B" Team**
 Sept. 10—Plains, here.
 Sept. 17—at Slaton.
 Sept. 24—at Frenship.
 Oct. 1—at Plains.
 Oct. 15—at Post.
 Oct. 22—Post, here.
 Oct. 29—Christ the King, here.
 7th and 8th Grades
 Sept. 15—Frenship, here.
 Sept. 22—Slaton, here.
 Sept. 29—Plains, here.
 Oct. 13—at Slaton.
 Oct. 20—at Plains.
 Oct. 27—at Post.

Karl Prohl Here Over Week End

Karl Prohl, graduate student in Boston University, was home Sunday until Tuesday visiting his parents, Dr. and Mrs. E. Prohl, and sister, Mrs. Finis Botkin and family.

A graduate of North Texas State University, Karl is completing work at Boston for his master's degree in Public Relations. In fact he has already completed his class work. He had to fly down to Austin for some source material he needed for his Master's Degree thesis.

Rapid transmission of information by telegraph made modern scientific weather forecasting possible.

TAHOKA, TEXAS "Heart of the South Plains" FRIDAY, JULY 10, 1964

Star Route Carrier Retires At Age 80, Has Driven Truck Near 3 Million Miles

L. J. Hale, age 80, retired last week as star route carrier of the mail from Big Spring to Tahoka after establishing several fantastic records.

After 36 years carrying the mail, he has traveled almost three million miles and has never had an accident.

During the 22 years, five months, he has been coming to Tahoka, he has driven 2,200,000 miles, approximately 280 miles daily.

Before that, he carried the mail from Lamesa to Seagraves for 11 years, 115 miles daily, for a total of about 400,400 miles.

Still earlier, he was on the mail run from Snyder to Lamesa for three years, 152,880 miles, or 140 miles daily.

For the last 22 years, rain or shine, hot or cold, Mr. Hale met the 5:15 a. m. train in Big Spring, loaded his truck, drove to Lamesa, O'Donnell, Tahoka by 9:00 a. m. and then to Lubbock. He then drove back to Tahoka at 2:15 p. m., thence to Lamesa, then back to Tahoka by 6:00 p. m., and then hauled the mail to Big Spring, arriving home by 8:00 p. m. Thus, he was on the job nearly 15 hours daily, driving 280 miles, loading and unloading mail.

If this sounds like a big job for a man 80 years of age, he declares he worked hard as a young man when he hauled freight in a wagon pulled by six mules in all kinds of weather, camping out at night.

Later, he operated a grocery store, but didn't like being cooped up indoors, and applied for a star mail route contract.

Jesse Dorman, who recently resigned his position with Lyntegar here to join Lubbock Production Credit Association in Lubbock, has recently been transferred from that city to Levelland.

Mr. Hale used to accompany Mr. Hale quite often, but since suffering a heart attack she became a shut-in and could not make the run with her husband. She is recovering, however, and hopes to be more active soon. Many friends have sent her get-well cards.

New Star Route carrier on the run, succeeding Mr. Hale, is D. C. Duncan.

Greatest traffic menace on the highways is the slowpoke driver.

Tahoka's ZIP Code is 79073.

Weather Reports Available Daily

Daily reports of high and low temperature and rainfall are now being made from Tahoka to the U. S. Weather Bureau as a part of the new South Plains agricultural weather project which has headquarters in Lubbock.

Harold (Jack) Frost, meteorologist in charge of the U. S. Weather Bureau station in Lubbock, and Harold Springer, agricultural meteorologist in charge of the special project for this area, were in Tahoka Friday to make arrangements with Frank Hill, local cooperative observer of the U. S. Weather Bureau, for the added service.

Similar reports will be made each morning from all other cooperative weather stations on the South Plains to the Lubbock office.

The stepped-up program in this area is designed to give farmers a better picture of current and prospective future weather in planning farm operations. Also, data thus obtained will give the Weather Bureau more information for weather predictions.

OFF TO CALIFORNIA
 Paul Douglas Kenley expects to leave Saturday by bus to visit his aunt, sister of Dub Kenley, in San Diego, Calif. While there, he will visit Los Angeles, Disneyland, Knott's Berry Farm, Wax Museum, and other points of interest.

Mr. and Mrs. Bill Biggerstaff spent the Fourth of July week end at Stephenville visiting her parents, Mr. and Mrs. Fred House, formerly of Tahoka. Bill says that country is very dry and there are few good crops between here and there.

Gospel Meeting At New Home Church

Evangelist Clifford Newcomb of Perryton will do the preaching in the Gospel meeting beginning Sunday at New Home Church of Christ and continuing through Sunday, July 19, announces Lonzell Ross, New Home minister.

In addition to Sunday morning services, there will be services each Sunday night and each week day night at 8:00 o'clock.

A Bible correspondence course will be offered in connection with the meeting.

Vacation Bible school is being conducted at the same time for children two years of age up through adults with classes at 10:00 a. m. until 11:30 a. m. Monday through Friday.

"A cordial invitation is extended to all, and every visitor will be a welcomed guest," states Brother Ross.

Impulse buying can wreck your food budget. It's best to shop from a list and watch food advertisements for good buys, Marie Tribble, Extension nutritionist, says.

Ag. Teachers At Welding School

V. P. Carter and Lester Adams, Tahoka Vocational Agriculture teachers, left Sunday for College Station; where they are attending the Texas A&M welding short course Monday through Thursday. They expect to come home Friday.

REPORTS FINE SERVICES AT DRAW-GRASSLAND

Rev. Ray Forbes, new minister of the Draw and Grassland Methodist Churches, reports he has been having fine attendance and excellent interest among both congregations.

Rev. Forbes formerly was pastor of Trinity Methodist Church at Tulla before coming here.

Mr. and Mrs. Bill Biggerstaff spent the Fourth of July week end at Stephenville visiting her parents, Mr. and Mrs. Fred House, formerly of Tahoka. Bill says that country is very dry and there are few good crops between here and there.

- ★ DEPENDABLE
- ★ CLEAN
- ★ EASY TO INSTALL

The Electric Company

No man is indispensable. When W. B. Slaton was forced to retire as head of the First National Bank, many Lynn county people thought disaster had struck Tahoka. But, Charles Verner stepped into the position, and was doing a great job—so good that he was called to the First National in Lubbock, and now is its president. Again, people thought the bank was hurt. But now, after a few months, they are saying that "Pete" Hegi and Warren Embree are doing a top job in running

the banking affairs. O'Donnell had its banking troubles, but along comes Jimmy Forbes to take over in a capable manner. People at Wilson were jarred by the loss of Howard Cook, but we'll predict his son, Dan, will carry on in much the same manner. This county is fortunate in having good banks, staffed by outstanding men.

Golf is said to be the most rapidly growing participation sport in the nation, and more courses were built last year than ever before. Yoakum county recently voted bonds for a golf course and park between Denver City and Plains, 25 Slaton citizens are underwriting expense of building a municipal course there on city land to be watered from the sewer plant, Lorenzo and Abernathy have recently built golf courses, Post has a privately owned golf course, and Lamesa is agitating for a second course. Lubbock now has six courses. Gaines county built a county course and park that cost more than \$300,000.

But, Tahoka's T-Bar Golf course will long remain unusual in several respects. When Mrs. Mollie Edwards of Fort Worth donated 125 acres of land for the project in 1955, few thought the course could be built. Over a period of 35 years, there had been four sand green courses built here, each was popular a while and then each was abandoned. But several interested men went to work and ultimately raised about \$13,000 in memberships at \$100 each. Well drillers such as J. W. Edwards drilled some weak water wells, Pioneer Natural Gas donated some pipe and sold the club some more at cost, and members, using farm equipment, built the nine grass

THE AMERICAN WAY

The Bible - Divine and Melodius

greens which usually cost about \$1,500 each, planted grass on the fairways. Lumber yards sold material at cost, and a small clubhouse was built. Trees and shrubs were planted. A few years later, the present club house was added. Several individuals contributed to the cause, and the club was on a sound basis. Dues remain the lowest almost anywhere. There is no club professional, and the business is run more or less on the honor system. Secretaries like Peggy Elliott and Freddie Townes have kept a tight hold on purse strings, and G. S. Perez has done a fine job maintaining the grounds. Members still do a lot of work on the course when needed. Today, the club values its property at \$150,000 or more.

you must make \$7,451 today to live in the same manner . . . 2,465,805 Federal employees draw salaries totaling \$17 billion, before the present increase . . . One of every six people in the U. S. is now actually or potentially eligible for direct Federal hospital care or medical treatment.

Rep. O. C. Fisher (D-Tex.) says "There are now about 8 million receiving relief doles from Uncle Sam. That is a third more than in 1955. This relief bill costs taxpayers around \$400 million monthly, or nearly a fourth of what Americans pay each month through taxes for education."

The steeple of the new Methodist Church will be quite an addition to Tahoka's "skyline."

And the modernistic housing project for aged people, now rapidly taking shape, will be a distinct addition to the attractiveness of the town.

The next four are from The Texas Outlook:

The older a man gets the farther he had to walk to school as a boy.

The bank burglary went off smoothly. The thugs overpowered the guard and herded the employees in the back room and were about to take off with \$50,000 in cash.

The cashier made desperate, pleading noises through his mouth gag, and taken with curiosity, one thug leaned over to hear what he was saying.

"Take the books, too," the cashier pleaded. "I'm \$5,000 short!"

Usher: "How far down do you want to sit?" Old lady: "All the way down. I'm very tired."

"Where's that horse you were going to sell me?" the city dweller asked the farmer. "He got better," was the reply.

Cecil Waggoner tells this tale in The Claude News: A husband and wife were asleep. About 3 a. m. the wife dreamed of secretly meeting another man. Then she dreamed she saw her husband coming. In her sleep she shrieked, "Heavens! My husband!" Her husband, waking suddenly, leaped out of the window.

CARD OF THANKS
We hate farewells and goodbyes, and we have not had time to personally see all of our many friends and neighbors. We take this opportunity to say how great it has been to live with and among you—the finest people in the world. May God bless you all. Our new home will be at Sherrard, Illinois. Come see us—Dale, Billie, Sherman, and Shannon Thuren. 1tp

T-Bar Country Club has helped make Tahoka a more desirable place in which to live for a lot of folks.

John F. Thomas, a golf duffer, was playing a round with Calloway Huffaker, a little more of a duffer. John moved a pipe out of the way so he could hit his ball, and explained a man-made object in such a case could be moved. Calloway promptly moved a little dirt into a neat pile, teed his ball on top, and took a swing. Finally, Calloway's ball was near the green, and he picked up the little white ball and pitched it up close to the cup. When John F. objected, Calloway replied, "I read where, when close to the green, one could chip or pitch, and all it did was pitch." John says there's no way to win over Calloway.

Four and twenty are the most desirable ages—at four you know all the questions; at 20 you know all the answers.—Clipped.

Stanley Renfro says his mother wanted to know if he and his dad, Olen, couldn't plant their cotton sorter zig-zag or snakey and get more cotton on an acre.

Noticing J. C. Dunlap's crooked rows, Burl Moore is said to have asked J. C. "How come?" And, J. C. replied, "I plowed my cotton while the ground was too wet and the rows warped."

From the Texas Tax Journal: The Federal debt load is now \$5,042 per family . . . If your annual income was \$3,000 in 1940,

Lynn Working Man In Better Shape Than Ten Years Ago

(Special To The News)
New York—How is the average Lynn County working man making out financially?

His income has been going up and is now at a much higher level than it was ten years ago. From that standpoint, he is better off. Living costs, however, have also moved upward in the period. Rent, apparel, food, services and taxes, despite the recent Federal cut, are all higher than they were then.

Taking both the plus factors and the minus factors into consideration, where does he stand today?

From data compiled by the National Industrial Conference Board, by the United States Chamber of Commerce and others, he is well ahead of the game. He can buy more today with an hour of his labor than he ever could.

The answer is that his pay scale has moved up faster than his living costs have.

He is able now to buy a pound of American cheddar cheese or a pound of butter after putting in only 22 minutes of working time, which is much less than it took ten years ago.

A pound of round steak can be

Cotton Consumption Up
Representatives of the American Textile Manufacturers Institute have told Secretary of Agriculture Orville Freeman that the one-price cotton program passed by congress this year is already having a beneficial effect on the cotton industry, according to a report published in the Daily News Record — the textile industry's daily newspaper.

Heading up the group meeting with Mr. Freeman was William E. Reid, President of Riegel Textile Corporation and President-elect of ATMI. He told the Secretary that carded and combed yarn prices have fallen and that there has also been a decline in fabric prices.

Inventories throughout the industry were low in anticipation of one-price cotton, it was pointed out, and only the strong demand following institution of the program has kept prices from falling to even lower levels.

Reid said the cotton textile industry and the apparel industry

bought after 35 minutes on the job and an automobile tire, size 6.70 x 15, after about 12 hours.

Just how well the average production worker in the United States has fared in the ten-year period, taking into account the decline in the value of the dollar, is indicated by the figures.

A quart of milk costs six minutes of working time now, compared with eight minutes in 1953.

A pair of nylon stockings represents 23 minutes of work today, as against 37 minutes previously.

A pound of coffee may be bought after 18 minutes of work. The former price was 31 minutes.

An idea of how well off the American worker is, compared with workers in other free world countries, is given in the reports.

To buy 10 pounds of potatoes, for example, which involves 16 minutes of work in this country, requires 49 minutes in Tokyo, 31 minutes in Paris, 59 minutes in Rome and 134 minutes in Istanbul.

are so competitive that the lower raw cotton prices will be passed down the line, but there is a time lag before these lower prices will reach the consumer. Among the benefits coming to the industry, Mr. Freeman was told that the program has already caused increased cotton consumption and is resulting in new mills devoted to cotton fabric production.

Boll Weevil Education
A meeting July 1 with county agents from over the South Plains gave assurance of a full scale effort by the Extension Service to educate area farmers and businessmen on all phases of the coming boll weevil control program.

W. H. (Bud) Jones, District Extension Agent, told Plains Cotton Growers that the Extension Service would "be holding meetings with cotton producing counties to present the latest and most comprehensive information available on why the boll weevil must be controlled before it establishes a foothold on the Plains." In addition, Jones said County Agents would discuss and recommend weevil control measures in those counties already plagued with weevil infestations.

Also attending the meeting were Bill Gunter, Area Extension Agronomist of Lubbock, and V. G. Young, State Agricultural Agent from College Station. It was pointed out at the meeting that the possible \$2 million cost of the "diapause" control program to be initiated this fall figures to be only 6 of one percent of the lint and seed value of a normal crop produced in the 23-county area served by Plains Cotton Growers.

President Johnson has requested the Senate to include \$1 million in the 1965 fiscal year budget to provide funds for matching those put up by High Plains producers for weevil control, and Congress-

man George Mahon has testified in favor of the appropriation before the Senate Agricultural Appropriations Subcommittee.

Pfeiffenberger Back
George W. Pfeiffenberger, Executive Vice President of PCG since its inception in 1956, has returned to the office on a part time basis following recent surgery.

Quality Report
The comprehensive report on "Production and Quality" of the 1963 High Plains cotton crop soon to be published by PCG will show total production for the 23 counties of 2,097,995 bales; a per-acre yield average of 490 pounds lint; average fiber strength (Presley) of 78,000 pounds per square inch; micronaire average of 3.5, and an area staple average of 29.8 thirty-seconds of an inch. The complete report should be published this month.

New Weatherman Hits
Oliver Newton, who moved into South Plains Research and Extension Center offices in May as Area Agricultural Meteorologist, is so far batting pretty close to an even 1,000 on his 30-day forecast. For June he predicted from two to four inches of rain over the High Plains, and that rain would fall on each farm or community an average of five times during the month. It's hard to imagine how you could stick your neck out any farther on the High Plains—but the rain came through to save him. Hooray! We hope he has the same success with similar predictions in the future.

PCG CALENDAR OUT SOON

The calendar published each year by PCG, containing tips on farming practices and dates of important agricultural meetings plus the usual information, has gone to the printer and will be out before the current calendar runs out on July 31. A new feature this year

is the schedule of loan rates on will be printed on the last page of the calendar. Have News? Phone 698-4698.
