Bulldogs Meet Frenship In Game Here Tonight

Tahoka Bulldogs meet the Frenship Tigers here tonight in the last non-conference game for the home team. The Bulldogs have an open date next week, and will be preparing to start District 5-A play at Plains on October 9.

Losers in four starts, the Bulldogs looked improved in holding the strong Idalou Wildcats to a 14-0 score last Friday, and have a good chance for victory this week against the Frenship team, which has moved up to Class AA competition.

The Tigers, however, have more incentive for victory, having been defeated by the Bulldogs there last year 14 to 12, and will possibly be fired up from a taste of victory last Friday over O'Donnell 22 to 0.

Frenship lost to Abernathy 20 to 0, to Sudan 13 to 12, and to Seagraves 41 to 0 before getting into the win column at O'Donnell.

Coach Norman Roberts can start an all-lettermen team, names familiar to local players and fans.

Backfield starters are likely to be: Robert Parham, 155, quarterback; Dale Cook, 163, fullback; Royce Wittie, 140, and Danny Lara, 160, halfbacks. All backfield starters are seniors. In fact, all lettermen but two on the team are seniors.

In the line, possible starters are: Bobby Kindred, 178, tackles; Eddie McGinnis, 140, and Bobby Fletcher, 150, or Jerry Kindred, 150, guards; and at center will be Danny Coleman, 140, or Arthur Garcia.

Coach Gilbert Hough's boys have been playing excellent defensive ball for the most part, but are still trying to get a consistent offensive game to working. After an impotent first half at Idalou in which the Bulldogs failed to make a first down, they came back in the second half with much better offense and drove to two yard line, although they failed to score.

Methodists Hold Church Opening

The new First Methodist Church was filled to capacity Sunday morning when the congregation attended the first worship service held in the new sanctuary.

Rev. Aubrey White, pastor, welcomed about 350 persons attending and District Superintendent H. DeWitt Seago of the Brownfield District delivered the sermon.

Although the new sanctuary and Sunday School class rooms are not complete, the move to the new building was made last week so that contractors could begin tearing down the old building this week to make room for the remainder of the new plant and a parking lot.

Pulpit furniture will arrive about the middle of October and the carpet installed at that time.

Most of the Sunday School rooms are completed and classes were held in them, also for the first time, on that day. Quarterly conference was held in the afternoon.

The \$150,000 plant is being constructed by the Gordon Construction Co. and includes 15,000 square feet of floor space.

Special recognition was given the building committee of which A. M. Bray is chairman, as well as to the contractors.

Mrs. Harold Green presented a soprano solo, "Bless This House," accompanied by Mrs. E. W. Patterson, choir director, at the piano. Organ and piano selections were given by Mrs. Bess Reid and Marla Bray.

Dedication services of the church will be held when the new plant is free of debt.

Mrs. W. W. Brazil entered Tahoka Hospital Saturday as a medical patient.

Queen Crowning Event Tonight

Queen crowning ceremonies will be featured at Tahoka-Frenship game halftime tonight by Tahoka High band.

Candidates chosen by secret ballot of band members are: Patricia Falls, senior, daughter of Mr. and Mrs. C. J. Falls, a twirler last year and the present head twirler; Jackie Burnett, daughter of Mr. and Mrs. A. L. Burnett, senior, cornet player; Layce Walker, sophomore, daughter of Mrs. Ruth Walker, a twirler last year and flute player.

Miss Falls will be escorted by Ronnie Hudgens; Miss Burnett by Carroll Curry, and Miss Walker by Richard White. They will be chauffeured around the field in a white 1965 Impala Chevrolet furnished by Bray Chevrolet.

Early Day Resident Here For First Time In Fifty Three Years

The faces she met on the streets of Tahoka Wednesday afternoon were strange to Mrs. Nina Lois Curtis Perry of Orange, Calif., but the depot looked the same.

The last time she looked at Tahoka was in 1911 when she boarded a train at the Santa Fe depot, built one year before. The young Miss Curtis, not much older than six years at the time, remembers the depot, but recalls no names of local residents except those of her foster parents, a Mr. and Mrs. Womack, their sons, Carl, now of Slaton, twin boys, Horace, now of Tulsa, Morris of Lubbock, and daughter Beulah Shaddock of Lubbock.

Nina Lois came to Tahoka with the family in 1907 after she had joined them two years before. The Womacks farmed six miles southeast of Tahoka, she said, and the young girl lived with them until 1911 when Mrs. Womack died. She then went to live with her father's family.

Accompanied by her husband, Mrs. Perry returned to Tahoka Wednesday afternoon for the first time in 53 years, after visiting the Womack families in Slaton and Lubbock.

Mrs. Pete Coleman Dies At Temple

Mrs. Pledger (Pete) Coleman, formerly of Tahoka, died Monday in a Temple hospital, where she had been a patient most of the summer, according to information received here Thursday morning by Mrs. Maurice Huffaker.

Funeral services were held Wednesday at Bronte, where she was buried beside the grave of her husband, who died last January 28.

She is survived by a sister living at DeLeon and a brother at Bronte.

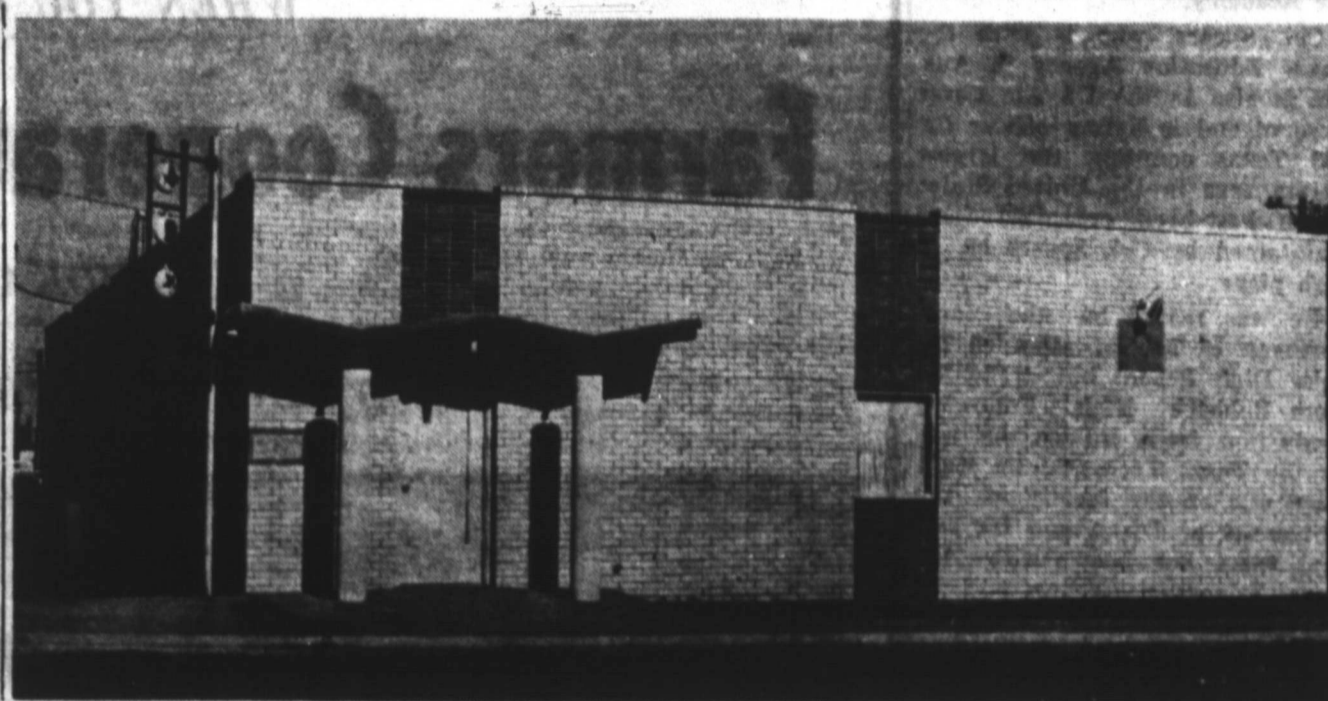

The Colemans lived here approximately 20 years, moving to El Paso in about 1941. He operated a service station and was chief of the Fire Department many years.

Gordon Arnold is a medical patient in Tahoka Hospital, having been admitted Monday.

LYNDELL WOOD

Lyndell Wood Is Named "Young Farmer Of Month"

Lyndell Wood has been named "Young Farmer of the Month" for September by the Tahoka Young Farmer Chapter.

Lyndell rents 500 acres of land at New Lynn, all dryland, has 200 acres of cotton and the rest in feed grain. He has started a practice of breaking about one-fifth of his acreage and chiseling the rest. He also does a considerable amount of contour plowing to conserve water. He does all of his own work. This year his crop was hailed out twice. This is his second year at full time farming.

Age 28, he has been a resident of Tahoka area all his life, he is a 1953 graduate of Tahoka High School, has served in the Armed Forces, and is now in the inactive Reserves. He and his wife, the former Miss Norma Terry, have two children.

The Woods attend Sweet Street Baptist Church, where he is superintendent of the Young People's Department of the Sunday School, his wife teaches in the Junior Department, and he is active in other affairs of the church.

Donald Williams, reporter for the Young Farmers Chapter says, "The Chapter will select a Young Farmer each month to be recognized for his activities and accomplishments in farming and to help the people of the county know them better."

Deep Water Wells Subject Of Talk

Don Ruddle of High Plains Underground Water Conservation District spoke on deep wells and the prospects of getting irrigation water from the deeper strata at the regular meeting of New Home Young Farmers Monday night.

A business meeting followed at which plans for a donkey ball game and pancake supper were discussed. Future projects for the club were planned.

Next meeting will be the fourth Monday night in October. All young farmers interested in joining the club are urged to attend, according to R. L. Dulin, reporter.

Tahoka Teachers Honored At Annual Banquet Given By Rotary Club

Paul New, Denver City attorney, said that "No profession has more to do with today than teachers of the past, or will have more to do with tomorrow than teachers of today" when he spoke to about 200 teachers, Rotarians, wives and husbands at the annual Rotary-Teacher banquet held Tuesday night in the school cafeteria.

Introduced by District Judge Truett Smith, Mr. New reminded the audience that "the nation is only as strong as its weakest link and if the youth of America does not come forth as in the past, we are doomed to step backward."

Wilton Payne, president of Tahoka Rotary Club, served as master of ceremonies and introduced the "Debonairs" of Lubbock Christian College who provided several musical numbers.

Superintendent Harold Reynolds introduced the members of the school board, and the principals of local schools, who in turn introduced the teachers.

Group singing was led by Dr. Emil Froh, accompanied by Marla Bray, Rotary Sweetheart. The invocation was given by Ralph

Warning Issued On Farm Trailers

Texas Highway Patrol is again warning farmers about use of trailers on public roads and highways for farm purposes. Where the gross weight exceeds 4,000 pounds, these trailers must have license tags.

Farm trailer license plates are now on sale for \$5.00 per set at the county tax office of George McCracken, tax assessor and collector. For convenience of citizens over the county, these tags may also be secured at Moore Insurance Agency in O'Donnell, at the co-op gins in Wilson and New Home, and at Tahoka Auto Supply.

Rains Past Week Help Coming Year

Girl Is Winner In Gilt Contest

Diane Rash of Grassland, daughter of Mr. and Mrs. Elmer Rash, showed the champion gilt Saturday in the annual Sears Gilt Contest at Lubbock.

Diane is 10 years of age, is a fifth grade student, and has been raising pigs two years. She is a member of Tahoka 4-H Club, under County Agent Bill Griffin.

Not too many years ago, her daddy had swine projects under direction of Mr. Griffin, won a number of top prizes.

Elmer is said to have bragged to his daughter, Diane, that as a 4-H boy he had a gilt that won \$100.00 in prizes and then sold for \$100.00.

Alton Cain Will Attend Baseball Team's Reunion

Alton Cain will attend Happy High School homecoming tonight when the Cowboys meet the Kress Kangaroos.

Alton was a member of the Happy baseball team in 1924, and team members are coming back for a 40th anniversary. Cain, then a sophomore, played short stop on the team. A picture of that team appeared in last week's Canyon News, and Alton, minus the cigar but plus a lot more hair than he has now, was prominent in that picture.

He says he attended school at Happy only one year, 1923-24, living with an aunt, Mrs. Charles Harter, the former Miss Linnie Cowan, daughter of the W. C. Cowans of Tahoka. In fact, Alton's mother was the former Miss Annie Cowan of Tahoka. Alton finished high school at Canyon and attended West Texas State.

State And County Tax Deductions Offered Citizens

By paying state and county taxes in October, Lynn county taxpayers may save three percent on these taxes, announced George McCracken, Lynn county tax assessor and collector.

The deduction will be reduced to two percent for November and to one percent for December. In January, the full price will be applicable, and after January 31, penalty and interest must be added according to state law.

Citizens are reminded that poll tax fees were not included in tax statements mailed out to property owners.

Texas' citizens still pay poll taxes to vote in state, county, city and school district elections. A person may vote in federal elections by registering as a voter.

Civic Club Plans Officer Election

New Home Civic Club will elect new officers and directors at its supper meeting Monday night at 7:00 o'clock in the Community Center, according to Leland White, president.

Directors whose terms expire are James Farr, O. R. Phifer Jr., John Edwards, and Marlin Maloney. Holdover directors are White, Lit Moore Jr., Willie Nieman, and Gene Eades.

Outgoing officers are: Leland White, president; Lit Moore Jr., vice president; James Farr, secretary-treasurer; and Willie Nieman, reporter.

Allen Curry, two year old son of Mr. and Mrs. John Curry, was released from Tahoka Hospital Saturday as a medical patient. He was admitted the preceding Thursday.

Most farmers were made happy by rains the past week or two, although some were beginning to get uneasy lest there not be time for much cotton to ripen. Skies cleared Monday, and ground was beginning to dry.

A low reading of 41 degrees Monday morning, however, caused further fears of an early freeze, a circumstance many farmers do not want.

Tahoka has received 1.01 inch the past week, added to the moisture of the week preceding Thursday, Sept. 24, bringing the total fall in town for the month to 1.43 inches and the total for the year to 10.05 inches.

Rains were much heavier in the north part of the county, parts of the eastern section, and also parts of the Draw, O'Donnell, Wells and Newmoore communities. Up to three or four inches were reported in spots in the north half.

Although the rains came too late to do any good to crops this year, farmers say they welcome the moisture to start putting a deep season in the ground.

Farmers of dryland are concerned about blowing land this winter and next spring unless sufficient moisture falls for them to do something to the soil to prevent blowing.

Only a very small amount of cotton has been harvested to date. Local observers say, with favorable weather, the crop will run about 100,000 bales, about two-thirds of normal.

There is some milo to cut, but the milo crop is far below normal. Many farmers have sold all the acreage they could, both milo and cotton, to the government and plowed up scanty dryland acreage.

600 Boys, Girls In 4-H Work

Lynn county has 600 boys and girls in 4-H Club work, state County Agent Bill Griffin and Mrs. Billie Carr, Home Demonstration Agent, sponsors respectively of boys' and girls' 4-H clubs for the Extension Service.

Of the actual 599 enrolled, 310 are in girls' clubs and 289 in boys' club.

This week, Sept. 26-Oct. 3, is 4-H Week in Texas, officially designated by proclamation of Governor John Connally, who says "The 4-H program stresses the four-fold development of Head, Heart, Hands and Health as well as teaching the latest practices in Agriculture and Home Economics."

Since inaugurated in 1914, the 4-H movement has spread across this nation and into 76 foreign nations. By carrying out projects, 4-H members put into action the things they learn, have a hand in improving homes and communities and are furnished a proving ground as training for future agricultural progress, citizenship, and leadership.

Mr. Griffin says 4-H club members will enter 42 pigs and 11 lambs in the State Fair of Texas junior livestock show. Also, Miss LaNita Wood of O'Donnell will represent this county in the State Dress Revue at the Fair.

Game Party Set Saturday Night

Men and women, young and old, are invited to a free game party Saturday night at 7:30 in the City-Legion building, sponsored by Tahoka Jaycees as a community entertainment feature.

Blinie White of the Jaycees says games of "42", dominoes, canasta, bridge, or other such games will be played to suit the participants. Admission is free, there will be refreshments of coffee and cookies, and everyone is invited to come out for a good time.

Col. Lewis Spears Winner Of Award

Lt. Col. Lewis M. Spears, of Austin, son of G. H. Spears of Grassland and brother of Watson and Carl Spears, has been awarded the Continental Air Command's Certificate of Recognition for his work as liaison officer for the Air Force Academy for "superior initiative, outstanding leadership, and personal endeavor in improving the quality of applicants to the Academy."

Col. Spears, who is with the Texas Education Agency in Austin, is also in the US Air Force Reserve and is liaison officer for 103 Texas counties, the largest liaison area in the United States which has been organized and maintained by Col. Spears on a high plane.

He was reared on the farm northeast of Tahoka, attended Tahoka High School but graduated from Lubbock High. Following graduation from college, he was on the Texas Tech athletic staff, later was on the faculty of the University of Texas, and for several years has been with the Texas Education Agency.

Marlin Patterson, Blind All Life, Business Success

Marlin Patterson, a Tahoka native, came back home this week and while here discovered the unusual fact that four generations of the Frank M. Sherrod family had been married on the same date, August 29.

Marlin and wife live in Houston, where they own and run a lunch room, own a nice three bedroom home, and other property.

For the ordinary person, this is not too unusual, but Marlin has been blind since birth.

He was born here in 1917, a twin, son of the late Fisher and Mae (Sherrod) Patterson. His twin brother is Harlon, also lives in Deer Park, a Houston suburb, and was a major in the Army in World War II.

The Pattersons moved to O'Donnell in 1924. Mrs. Patterson died that summer, and a few years later Marlin went to the School for Blind in Austin, where he learned to be self-sufficient and independent, married, and he and his wife now have two grown children.

This is the first time he has been in Tahoka in 26 years, and he and wife took pictures of his birthplace, now the I. B. Hill residence on South First, built by his dad.

The Sherrod family was one of the first in Tahoka, operated the old Sherrod Hotel here, and Marlin and wife enjoyed visiting Miss Floyce Sherrod, Mrs. Pearl Brown, Mrs. Jewel Connolly, G. B. Guy, and Beecher Sherrod and other relatives.

Looking in the family Bible while here, Marlin Patterson learned for the first time that four generations had by some coincidence married on the same day, August 29. Mr. and Mrs. Frank M. Sherrod were married August 29, 1883. Their daughter, Mae, married Fisher Patterson on August 29, 1905. This may have been planned, but Marlin says he and his wife did not know this when they married on August 29, 1940. Their daughter, however, deliberately married on August 29, 1957.

Miss Beazley And David Crooks Are Married Recently

Before an altar of white gladioli and candelabra Miss Pamela Jane Beazley and James David Crooks repeated wedding vows at 7:00 p. m. Sept. 4 in the Crescent Heights Baptist Church, Abilene. Dr. W. O. Beazley, father of the bride, and Burl Bumpus of Estelline read the double ring ceremony.

Parents of the couple are Dr. and Mrs. W. O. Beazley of Abilene and Mr. and Mrs. J. Ed Crooks of Brownfield and formerly of New Home.

Given in marriage by her father, the bride wore a gown of Chantilly lace designed with a scalloped Sabrina neckline highlighted with scattered iridescent sequins and seed pearls. The long sleeves tapered to petal points complimented by side panels of alternating ruffles of lace and tulle. Her waist-length veil of pure silk English illusion fell from a pill box hat of lace studded with seed pearls. She carried a white orchid with French carnations atop a white Bible. The bride wore an heirloom gold bracelet and platinum pearl pendant necklace, both having been worn by her two grandmothers in their weddings.

Miss Martha Ann Beazley, sister of the bride, was maid of honor and Miss Joyce Hylton of Lynchburg, Va. was bridesmaid. They wore dresses of baby blue crystalline with the bridesmaid's dress being a lighter shade than the maid of honor. Their headpieces were blue crowns with matching complexion length veils. Each carried a single stemmed carnation.

Miss Deborah Vernon of Abilene lighted the candles: Flower girl was Miss Kathleen Crooks, sister of the bridegroom, and ring bearer was William Franklin Beazley, brother of the bride. J. Ed Crooks served his son as best man. Groomsman was Wendell Newman of Brownfield and ushers were James Hopper of Abilene and Gerald Saffel of Rule.

Dr. W. S. Mathis of Abilene, organist, played traditional wedding music and accompanied vocalists Howard Timmons of Brownfield and Mr. and Mrs. Kenneth Hill of Abilene.

For a wedding trip to various points in Texas the bride wore a navy blue and white checked suit with red accessories. Her corsage was a white orchid.

The bride is a graduate of Abilene High School and is a senior at Hardin Simmons University. She was a freshman class officer, member of the BSU council and Hunter Hall secretary.

Mr. Crooks graduated from New Home High School and is also a senior at Hardin Simmons University. He was a member of the freshman football team, has served on the BSU council, Ministerial Alliance and as president of Ranger Service organization for two years.

Wedding Pictures Must Be Turned In Early To News

Wedding pictures, in fact all pictures, must be turned in to The News not later than Monday, preferably by Saturday morning, to appear in Friday's paper.

Each photograph has to be sent to an engraver, made into a "cut", then sent back to The News before it can be printed. Therefore, the pictures have to be mailed Monday to be returned in time for publication. To make sure of receiving pictures back in time for publication, The News would prefer to send them to the engraver not later than Saturday.

Wedding stories and pictures for Sunday's Lubbock Avalanche-Journal can be turned in to The News not later than Monday, or to the Lubbock newspaper office not later than Tuesday noon.

The News has explained this several times, but many people still do not realize the time element involved in publishing pictures.

Miss Lynda Kay Driver, Fred W. Martin Take Wedding Vows Here Saturday Eve

Miss Lynda Kay Driver and Fred Wright Martin exchanged double ring wedding vows at 7:30 p. m. Saturday in the First Baptist Church when Rev. James Efford, pastor, read the candlelight ceremony.

The bride is the daughter of Mrs. William E. Overacker of Washington, D. C. and William L. Driver of Lubbock. Parents of the bridegroom are Mr. and Mrs. J. Weldon Martin.

Given in marriage by her stepfather, Capt. William E. Overacker, the bride wore a formal length gown of silk organza over taffeta featuring a scalloped Sabrina neckline and bracelet-length sleeves of re-embroidered Alencon lace. The scissor pleated skirt was enhanced by bands of lace motifs in front and back and flowed into a chapel train. The bride's veil of imported silk illusion fell from a tiny crown of pearls and crystals atop an Alencon lace caplet. She carried a cascade bouquet of stephanotis and a white cattleya orchid atop a white Bible.

Miss Judy Terry was maid of honor and wore a street-length empire dress of pale pink wool. A circular maline veil with matching pink silk organza bows was her headpiece. She carried a bouquet of pale pink bellies and red roses. Mrs. Billie Ledbetter of Carlsbad, N. M. was bridesmaid and bridesmaid was Miss Yvonne Morehead of Post. Junior bridesmaid was Miss Deborah Scott,

cousin of the bride, of Lovington, N. M. They wore shocking pink wool ensembles similar to the maid of honor and carried bouquets of pale pink feathers and pale pink carnations.

Miss Debbie Martin was flower girl and Mike Edwards was ring bearer.

Wayne Martin served his brother as best man. Ushers and groomsmen included Ronny Driver, Bobby Martin, Melvin Edwards and Tommy Jones.

Miss Rhonda Littlepage and Mrs. Melvin Edwards lighted the candles. Mrs. Clay Bennett, organist, accompanied Miss Jackie Burnett, soloist, and played traditional wedding music.

Following the ceremony a reception was held in Fellowship Hall.

For a wedding trip to Colorado, the bride chose a pink wool A-line coat dress with matching accessories. Her corsage was an orchid taken from her bridal bouquet.

Both bride and bridegroom attended Tahoka High School and the couple will make their home on route 2, Tahoka where Mr. Martin is engaged in farming.

Mrs. Wm. Lumsden Honored By Area Duplicate Players

Mrs. Wm. G. (Wanda) Lumsden of Wilson was honored here Tuesday night at a party given by T-Bar Duplicate Club and attended by bridge players and guests from this area. She has recently received the coveted "gold card" as a Life Master in the American Contract Bridge League, the goal of better bridge players of the nation.

Mrs. Lumsden, the former Wanda Tinsley, attended high school in Tahoka. She has been playing duplicate bridge only about six years.

Life Master means she has scored 300 points in the game, 50 of which were red points won in National or Regional tournaments. There are about 4,000 Life Masters, and the Tahoka club is said to have more Life Masters than any town its size in the world. There are now five, Mrs. A. C. Verner, Mrs. W. C. Wharton, Mrs. D. W. Gaigast, Mrs. A. N. Norman Jr., and Mrs. Lumsden. At least two others, Mrs. Meldon Leslie and Mrs. Jess Gurley, have more than 300 points but need red points to become Life Masters.

Points are awarded players in Duplicate Bridge. Wagering on games or money prizes are prohibited. Accumulation of points is a means of ranking players of the nation.

Following a buffet luncheon served about 65 players and guests, Mrs. Jess Gurley made an appropriate humorous talk on Wanda's trail to the high honor, recounting some of strange and funny situations in which she had been involved in at the bridge table. Mrs. Lumsden responded with a brief expression of thanks.

Three ladies from Wilson, Mrs. Luke Coleman, Mrs. Sam Gatzki, and Mrs. A. L. Holder, with whom Wanda first started playing bridge, were special guests. Other special guests were present from Tahoka.

Mr. and Mrs. John Wells, club directors, did most of the work arranging the party. In a brief talk of thanks, Mrs. Meldon Leslie said the club's success was due largely to their efforts.

Winners in the special game, participated in by 13 tables of players, were:

East and West: Bill Swart and "Butch" Adams of Lubbock, first; Mrs. W. C. Wharton and Mrs. D. W. Gaigast, second; Mr. and Mrs. Jack Cleenden, Lubbock, third; Mrs. Jess Gurley and Mrs. Meldon Leslie, fourth.

North and South: Weldon Wells and Al Gardner of Lubbock, first; Mrs. D. V. Streetman and Mrs. Lou Chauncey, of Lubbock, second; Mr. and Mrs. Frank Hill, third; Mrs. Hunter and Mrs. J. Ray Dickey of Lubbock, fourth.

THE NEWS

By E. M. Schmitt, noted Texan
"REMEMBER THE ALAMO"
— the cry that fanned Texas' defeat to victory!
On March 1, 1836, thirty men from Gonzales broke through the lines of Mexican Army Commander Santa Anna to increase the Alamo's defenses to 187. This little band of heroes held the Alamo against overwhelming odds for five more days in one of the most heroic struggles to be found in the annals of man.
On March 6 Santa Anna with over 4,000 troops stormed the Alamo, and the last of the heroic band of Texans died fighting. Names like William Barret Travis, James Bowie, Davy Crockett and James B. Bonham became immortal.
The massacre at the Alamo inspired General Sam Houston's men at the battle of San Jacinto. Crying "Remember the Alamo!", the Texans sprang upon Santa Anna's soldiers and in a swift bloody fight won Texas its freedom.

Through the years that have followed, other "Alamos" and "San Jacintos" have inspired Americans to lead and win the fight for Freedom — Pork Chop Hill, Iwo Jima, the Meuse-Argonne Forest.

Loans Made To Local Farmers

Credit to purchase livestock and equipment and meet other farm operating costs helped 46 Lynn County families increase their income in 1964, Billy H. Stewart, County Supervisor of the Farmers Home Administration, reported this week. Mr. Stewart said that his agency made operating loans totaling \$976,760 to farmers in the county during 1964. The amount of operating loans made to Lynn County farmers in 1964 increased ten percent over that of 1963, Mr. Stewart reported.

FHA makes operating loans to eligible farm families who cannot obtain credit from conventional lenders. They may be used to buy machinery and equipment, livestock, feed, seed and fertilizer, to pay other farm and home costs, and to refinance debts. Interest rate is 5 percent, to be repaid over a period of from 1 to 7 years.

Mr. Stewart reported the FHA Operating Loan program in 1964 was of particular benefit to three groups of farmers in Lynn County, (1) Farmers who need credit to make major changes in their farm operations to do a successful job of farming, (2) Young farmers who have an opportunity of taking over the farming operations of older farmers wanting to retire, and (3) Farmers working part-time at another job who need operating credit to realize the maximum return from their limited farming operations. Operating credit from FHA is helping farmers overcome a serious problem that is facing farmers throughout the nation. This problem is how to acquire enough land to make modern machinery and farm technology pay off.

Mr. Stewart stated that a review of the FHA Operating Loan program for 1964 in Lynn County shows that most of the agency's borrowers using this type of credit are able to rent additional land under equitable leasing arrangements with landowners. Most operating loan borrowers of FHA in the county are renting at least a part of the land they farm. They also are successfully combining credit management assistance provided by Farmers Home Administration, and improved landlord-tenant arrangements to develop a successful farming operation.

Farmers who lease land on a crop-share basis need to have up to date modern machinery and equipment in order to make satisfactory rental arrangements with

Science Award To O'Donnell Youth

Dennis Woolam, 17, O'Donnell High School senior, is one of two outstanding Texas high school science students selected by Texas Aeronautics Commission to attend this year's flight seminar in Washington, D. C., December 15-17. The other student is from Houston.

He was notified of his selection Friday in a telephone call from Jack Ball, Austin, of Texas Aeronautics Commission. The seminar is held annually for outstanding science students of the nation.

Hallie Gee, Dennis' high school principal, said the O'Donnell student was doubtless chosen for the honor because of high grades on science tests administered by National Science Foundation. Last summer, Dennis was selected for six weeks training in science at Texas A&M.

He is the son of Mr. and Mrs. J. T. Woolam, and his father is an O'Donnell ginmer. An older brother, Tommy, is a business administration major at McMurry College, and two sisters, Cathy and Nancy, attend O'Donnell schools.

He is president of the Student Council in O'Donnell High, is on the annual staff, and has a scholastic average of "about 96," his superintendent, Charley White reported.

farm land owners in the county. Credit from conventional lenders or, where this is not available, from FHA can provide capital for these items. FHA Operating Loan applications are acted upon by a committee composed of Joseph D. Martin, Clint M. Walker and Nolan E. Wood.

Information on Operating Loans may be obtained at the Farmers Home Administration office in Tahoka, 1656 Ave. J.

Boll Weevil Story Told By O'Donnell Exhibit At Fair

O'Donnell Young Farmers had one of the most outstanding exhibits at the Dawson County Fair in Lamesa last week, and the display attracted much attention.

The exhibit graphically depicted the movement of the boll weevil to the Plains by means of a large map showing the affected area and the area that could be affected, and the warfare that has been started this fall to prevent the weevil spread.

Harold Sanders, reporter for the O'Donnell Young Farmers, says the group is indebted to Plains Cotton Growers, Inc., for information in building the booth.

Cotton is the life-blood of Lynn County economy. Why not use more of it?

Some 47,000,000 Americans participate in the sport of fishing.

Chemical finishing can impart high luster to cotton fabrics.

Rotary . . .

(Cont'd. from Page 1)

Beistle, minister of the Church of Christ.

Payne welcomed the guests and said that the Rotary Club was established in 1936 in Tahoka and that a Rotary-Teacher banquet had been held since most members could remember, making this year's about the 28th annual event.

In his speech, Mr. New compared the trends of youth of Japan, England and America and stated that the latter is not making any more headway than the others. He declared that all trends indicate that the youth of today is trying to escape the problems of the present and the future.

"The greatest single opportunity to meet the needs of youth lies with the teacher," the speaker said, but requires understanding and education on all levels. All the problems facing the teacher, escapism, drop-outs, salary, increased enrollment, etc. all increase the teacher's responsibilities.

However, he said there is one thing in the teacher's favor—the greatest power of teaching and impressing youth. Mr. New told of a college newspaper that boldly told of the death of a former athlete and in a long dissertation told of his conquests. In a small space in a lower corner was a notice of the death of a former English teacher, a Miss Kennedy, one highly respected by the speaker. Mr. New said that the teacher had left a great imprint on his life, and on the lives of many, but received barely a notice at the time of her death.

Knowing that she had obscurely passed through life, he was gratified to find, one day, in a lonely deserted one-room school in the middle of a Panhandle ranch carved upon an old desk the words "I love Miss Kennedy."

A meal of turkey and dressing was served by Al Smith's Cafeteria with the help of members of the Tahoka FFA Chapter.

Tables were decorated by some of the Rotary Anns with autumn flowers, ivy and candles.

Idalou Wildcats Defeat Tahoka Bulldogs 14-0

Tahoka Bulldogs lost a 14 to 0 decision to the Wildcats at Idalou Friday night, a team rated some time back as one of the strongest Class A teams in the state, next to Petersburg.

The Bulldogs had a little consolation by holding the Wildcats to a low score, even though Idalou's great halfback ran for 181 of the team's 318 yards rushing. Especially in the second half, an alert bunch of Bulldogs kept Idalou away from scoring territory and matched them 5-5 in first downs. In the first half, Tahoka made not one first down while Idalou was racking up 12.

Idalou took the opening kickoff to its own 30, made only five yards in three plays, but Tahoka gave the Wildcats a first down on a 5-yard penalty, and on the next play Weems ran 51 yards for the first score and then kicked the extra point.

Tahoka couldn't move, and Mike Davis got away a 44 yard kick. Idalou moved up the field

in nine plays to the Tahoka 10, where the Bulldogs held, made three yards on two plays, and then Davis got away a fabulous 66-yard quick kick.

In the second quarter Idalou moved up field again to the Tahoka 11, where the Bulldogs held again, but couldn't move, and this time Davis' kick went 28 yards and Idalou was back in business. QB Ater hit Weems with a long pass to the Tahoka 14, and this time Weems carried five of the six times, the last good for the second score. Weems again made good on the conversion. Score, 14-0. There was barely time for the kickoff before the half.

Tahoka took the second half kickoff, but drew a 15-yard penalty back to the 11. Davis kicked out to the Idalou 45, and Freddie Pierce covered the ball when an Idalou boy fumbled.

Danny Coburn and Adolph Chapa alternated in carrying the ball for nice gains and three first downs to the Idalou 11. Coburn drove to the 6, but Tahoka ran out of gas on the Idalou two. The Wildcats moved out for six, punted only 18 yards, and two plays later Tahoka lost the ball on a fumble, and Idalou moved up field again but was stopped on the 1. Tahoka 29. After another exchange of the ball, Tomlinson intercepted an Idalou pass, but couldn't move, and Davis got off a 44 yard punt

Wilson Winner Over Levelland B

Wilson Mustangs have an open date this Friday and will play at Whiteface on next Friday, October 9.

Friday night, Coach Doug Duncan's Mustangs of District 3-B stomped the Class AAA Levelland B team 28 to 16 before a thrilled home crowd.

However, Wilson had to come from behind in the fourth quarter to gain the victory. The Mustangs had taken a first quarter 12-0 lead from about 10 yards out by Halfback Sammy Crowson and Royce Baker. Conversions failed.

Levelland B came back in the second to score on a 10-yard run by QB Mike Pynes, followed by a 15-yard scoring pass from Gary Hudson to Kenny Pirtle. Jimmy Howard ran for one conversion and Udson passed to Rex Smith for the other to give the visitors a 16-12 lead at halftime.

Wilson got its offense going successfully in the fourth, when Baker ran 40 yards to score, and Johnny Nava ran 15 yards for the other. Nava and Baker ran the conversions to make the final score Wilson 28, Levelland 16.

Keep to the right or you will be left.

as the quarter ended.

In the fourth, Tahoka got one more drive started and moved to the Idalou 30, where Harvick's pass was intercepted by Ater. A few plays later, Tahoka returned the compliment by fumbling an Idalou punt, and the game ended four plays later with the Wildcats in possession.

On defense, Freddie Pierce, out for some time with a shoulder injury, Dennis Clem and Jack Edwards played excellent ball games for Tahoka.

New Home Wins First Ball Game

Encouraged by a 12-0 victory over Christ the King school Friday night, the New Home Leopards journey to New Deal tonight to see if they can take the Lions.

New Deal dropped a game last week to tough Lorenzo 10 to 6, but the week before took Hart by 24 to 6 margin.

Coach Maurice Warren's boys lost to strong Amherst in their opener 6 to 27 and stand 1-1 for the season.

In the game Friday at New Home, the Leopards defeated the Christ the King Trojans 12 to 0 as Kenneth McClung got away on a thrilling 72-yard run in the third quarter and again in the fourth on a 55-yard scoring dash, and personally accounted for 218 yards rushing in spite of the muddy field.

New Home had two other scoring plays nullified by penalties.

O'Donnell Will Play At Slaton

O'Donnell Eagles, trying to rebuild with a bunch of young and inexperienced players, go to Slaton tonight to take on the up-and-coming Slaton Tigers, who have won over Tahoka and Crosbyton and dropped games to Petersburg and Idalou.

Last Friday night at O'Donnell, the visiting Frenship Tigers took advantage of the breaks to defeat the Eagles 22 to 0.

The Tigers took a 6-0 second quarter lead when Carmon Turnbow ran an Eagle punt back 35 yards to score.

In a hectic fourth quarter, the Tigers got a 2-point safety on a bad pass from O'Donnell's center into the end zone. Then, HB Danny Lara passed to End Bobby Kindred for 47 yards, and Turnbow bucked over two yards to score, and then ran for the conversion. With less than a minute in the game, O'Donnell fumbled on its own 7-yard line, and Frenship QB Robert Parham passed to HB Royce Wittie to the 1-foot line, and Parham bucked over for the score.

The game was Frenship's first victory of the season. The Eagles are still looking for their first win.

New Minister Rotary Speaker

"We should understand the Bible in such a way that we can apply its teachings to our every day lives," was the theme of a talk by Ralph Beistle, minister of the Church of Christ at the Rotary Club last Thursday.

Beistle told the story of a young man who learned the Bible and to quote from its word and passages. But he learned only the words because he was given a piece of candy by his teacher for each passage learned. But this boy failed to understand or apply the Scriptures to his daily life. His name is Nikita Khrushchev.

He said the Bible must remain the guide and authority on which we live, and we must to survive as a civilization understand the teachings set forth therein and apply them to every day life.

Following the talk, Beistle conducted a little contest of questions to club members, divided into two groups, on quotations from the Bible and there were a surprising number of correct answers from club members.

A. M. Bray, in charge of the program, introduced the speaker.

Student guests for September, Dennis Clem and Mike Curry, were introduced by Clint Walker, and Mike expressed thanks to Rotarians for the privilege.

Ross Smith, club vice president, was in charge of the meeting in the absence of Wilton Payne, out of town on business.

Henry Douthit Is Tennessee Visitor

Henry Douthit returned home last week from Oak Ridge, Tenn., where he spent nearly three weeks with Mr. and Mrs. Clinton (Eva) Walker. He says that is a fine country to visit, but an old Plains farm boy wouldn't like it too long—too much climbing up or down because of the hills.

For the first time in his life, Mr. Douthit traveled by plane, and was astounded at the speed. Going up to Oak Ridge he had bad connections, but still he left Lubbock at 7:05 a. m. stopped in Dallas three hours, also stopped in Little Rock, Memphis, and Nashville, and still arrived in Knoxville at 5:32 p. m. Coming back, he made only two stops, Memphis and Dallas.

Just 100 years ago the Civil War was in progress. Only 90 years ago the Comanches and the buffalo roamed this country. And, 80 years ago this year the first permanent rancher, Cass O. Edwards, settled in Lynn county. Seventy years ago, Grassland was the only postoffice south of Lubbock, and 60 years ago Tahoka was just a year old. Settlers kept coming to this "Great American Desert," and 40 years ago farming had replaced ranching as our principal vocation. Thirty years ago, the tractor began to take the place of horses and mules. And, only 10 years ago, the age of irrigation and modern farming methods began to make their impact on old Lynn's economy.

Today, we produce a 100,000-bale cotton crop in spite of drouth and we think it's a bad year. In fact, it is a bad year. There have been many much worse. There will be more in the future. Who can forecast what the next hundred years has in store for this area?

When one stops to think about the transformation in such a short time, the progress is almost amazing. Just 40 years ago—that's how long The Printer has been here—the present school campus was a part of T-Bar Ranch. The area of North Tahoka, about where Pete Hegl and many others now have modern homes, was a holding ground for T-Bar cattle awaiting shipment from the stock yards, then located on the site of the present Tahoka Compress. Many citizens today can remember hearing the bellowing steers being held there in a herd for shipment the next day on Santa Fe freight trains. Many can still remember hearing coyotes howl at the lights in town.

This great transformation was impressed on us last Friday while we were visiting with "Little Cass" Edwards and wife of Fort Worth, two of our favorite "characters." In some respects, "Little Cass" is a chip off the old block. We had the privilege of interviewing his grandfather a few times, and one of these days we're going to work up our notes into a story which should be interesting. The Edwards family dates back to the days before Fort Worth was even dreamed of as a town.

Like his grandd, Cass O. Edwards, and his dad, Crawford O. Edwards, Cass is gushy about publicity, but we did corkscrew out of Mrs. Edwards the fact that their son, Cass III, (or is it C. O. IV?) has newspaper ambitions and is a reporter on a prize-winning junior high school newspaper in Cowntown.

Some reader sent us this clipping from some paper which the caption says was written by a Virginia Negro and originally printed in The Christian Science Monitor:

"Members of my race have made tremendous progress since they came to live in this country. I own my home, which is neatly furnished and is fitted out with all modern electrical appliances. My three children graduated from college, have good jobs, and live in homes of their own. After years of steady employment and hard work as a section hand, I shall retire next year on a good pension from the railroad. I enjoy good health and have no grievances.

"Had my ancestors not been slaves, life for me would be different. I would be living in the

jungles of tropical Africa exposed to the diseases and insects found in that region. I would walk around in my bare feet with a metal ring in my nose, and around my waist I would wear a loin-cloth. At night I would try to sleep on a dirt floor of a one-room mud hut.

"Members of my race have traveled from the status of head-hunters and cannibals to that of members of Congress. There should be no question about the abundance of opportunity for the Negro in America."

There's some question about the sanity of a lot of people—for instance, the 47,101 football fans who got soaked Saturday night to see the Raiders make two first downs. Some of us have sat on juries that judged other men insane.

Joe D. Unfred came home from the game, pulled off his rain-soaked best suit in the garage and threw it in the back of the pick-up. Sunday morning, he found the dog playing with his still-dripping suit on his front lawn.

Some unknown lady, after wading water ankle deep in high-heeled shoes to get to her car, pulled the shoes off and pitched them out of the window as she drove away from the parking lot.

(P. S.—The Printer left his rain-coat at home.)

J. D. Atwell, former coach who officiates a lot of ball games in the fall, says Sammy Crowson and Royce Baker are about as good halfbacks as there are in the area.

Otis Hillhouse thinks the B team should have a little lung support from fans. These boys will be the A team in the future, he says, and need a little encouragement.

O. A. Crotwell brought The News a Texas-size "dry weather" bean Monday raised in his garden which measured 11 inches long and four inches in diameter. He didn't know the variety, but said the vine climbed over a peach tree and each bean weighs possibly a quarter pound. Incidentally, Crotwell recently had reunion with his brothers and sister, the first time they had all been together at the same time in 43 years.

Mrs. W. H. Fulkerson, 1050 E. Mossman, Tucson, Ariz., sends best regards to old friends whom she says she keeps up with through The News, and doesn't want to miss a single copy.

Polly Ingle, 36 N. Cardinal Ave., Stockton, Calif., writes: "Couldn't do without The News. I really enjoy the old time stories. Would like to attend an old fashioned singing at Edith school house. But,

Lubbock College Plans Building

Contributions to replace fire-damaged buildings at Lubbock Christian College may be made locally to Lois Smelser, L. A. Forsythe, or Cecil Hammonds, the first two directors of the Development Board of the college.

A disastrous fire Thursday of last week destroyed the kitchen and badly damaged the dining hall, book store, and student center, all in the same large building.

A fund is already being started for a permanent building to replace the one destroyed, Smelser says, and local contributions will be welcomed.

Lubbock Christian College has enrolled 635 students this fall, 167 increase over the previous semester.

they tore down the school."

Mrs. Annie Childs has moved from Nacogdoches to 306 West Hanson, Cleveland, Texas, and says, "I don't want to miss a paper, for it's like getting a letter from home."

And Mrs. G. F. Childress writes from Levelland, "We enjoy the Lynn county paper so much: it's like getting a letter from home."

4-H Club Week National Event

College Station—National 4-H Club Week will be observed September 28 through October 3 and about 84,000 boys and girls throughout Texas will boast the theme, "4-H: Learning for Living."

This year's observance also marks the 50th anniversary of legislation that made 4-H Clubs a part of the educational program of land grant colleges and universities.

Since 1914, when the Smith-Lever Act authorized the Cooperative Extension Service, the 4-H Club movement has spread across our nation and 72 countries, with more than 214 million members active in 4-H work in every state and Puerto Rico. Latest figures show 48 percent of members coming from farm homes, 31 percent from rural non-farm homes and 21 percent from urban homes. All backgrounds and levels of living are represented.

The Head, Heart, Hand and Health program which is open to all youth between the ages of nine and 20 provides opportunities for members to grow in citizenship, leadership and practical skills.

Projects and activities, based on "learning to do by doing," offer practical instruction in the sciences and arts related to agriculture and home economics. Personal development and career exploration are emphasized.

Mrs. E. A. Thomas Visits New Jersey, Historic Places

Mrs. E. A. (Suella) Thomas of Grassland returned Friday from Lawrenceville, New Jersey, where she attended a meeting of the Mershon Association, a reunion of her mother's family which dates back to 1683 in the New World.

Mrs. J. W. Fox, 77, mother of Mrs. Thomas and Miss Gladys Fox, also of Grassland, is the eighth generation of Mershons and is a native of Texas.

Henri Mershon came to America in 1683, a Huguenot leaving France to avoid persecution, and

settled in New Jersey and became one of the prominent early day American families.

Mrs. Thomas says she did not know of the line of descent until a couple of years ago, and on learning more of the family history she decided to attend the annual reunion, which proved to be the most interesting trip she ever made.

About sixty people, mostly from the northeast, attended the meeting on Saturday, Sept. 19, in the old church where her ancestors worshipped, made a tour of the area visiting former Mershon homes, dating back to 1700. One Mershon home is now the governor's mansion in Trenton. They gave part of the land for Prince-

ton University. She also visited the former homes of Presidents Woodrow Wilson and Grover Cleveland.

She attended the funeral of a distant relative on Sunday in the First Presbyterian Church of Cranbury, N. J., founded in 1734 by the Presbyterian Church of Scotland and others to obtain freedom of worship in the new land. She had dinner at the old Cranbury Inn, built in 1781.

Mrs. Thomas also spent a day at the World's Fair, but said this was a sort of anti-climax to her trip.

She flew up by jet plane, one hour from Lubbock to Dallas, and less than four hours Dallas to Newark Airport, including a stop

in Washington, D. C.

JOIN THE BATTLE OF THE BOLL WEEVIL!

We urge every person, directly or indirectly connected with the cotton industry, to help wage war on the boll weevil. Widespread infestation of the area would produce an economic disaster that is frightening... yes, FRIGHTENING! The economic base of our High Plains area could be eaten away by the boll weevil. High Plains bankers urge YOUR support of the Diapause Control Program to protect your income and that of every High Plains resident. JOIN THE BATTLE.

THE ENEMY — BOLL WEEVILS... Invading the High Plains... If they succeed will cost about \$30.00 per acre, every year, for control... Millions more in lost yields and quality, plus reduced value of investments.

BATTLE PLAN — ATTACK AND KILL WEEVILS IN FALL, before they hibernate (Diapause Control)... Spray every acre of infested cotton... 50¢ A BALE FROM PRODUCERS, collected 100% at every compress... Supplemented by matching Federal funds.

WAR CHEST — PRODUCER'S CHOICE, 50¢ now or \$50.00 later. For complete information, see your County Agent, ASC office, Vocational Agriculture teacher, or contact Plains Cotton Growers, Inc.
