HAROLD PAYNE
BOYD BARNES
JIGGS SWANN

Farmers on the High Plains are faced with decreasing water supplies. Strong wells are getting weaker each year. There are more smaller wells drilled each year. Farmers may be wondering what they can do with a number of low producing wells.

The Soil Conservation Service technicians have assisted farmers who have had this problem of multiple wells to establish what is known as a Collector Irrigation System. With this system all the wells are pumped independently to a central gathering tank and a booster pump builds pressure for the irrigation system. This gathering tank is usually a used oil tank that has the capacity to hold about thirty minutes pumping from all the wells.

The advantages of the collector system are numerous. For one thing, each well will produce its maximum output at all times. Usually each well discharges its water into the gathering tank separately and its flow can be observed every day. If one well were to fail for some reason, it does not shut down the entire operation so there is less loss time during the irrigation season.

Another advantage is the lower installation cost of a collector system. All that is needed in each well is a pump and motor big enough to surface the water. Pressure will be built up in the

booster pump which consists of a centrifugal pump and motor just to build pressure in the irrigation system. Farmers have found that their power requirements are low in comparison with a high pressure system.

Less skill is required to operate a collector system than a system where several wells are tied together under pressure. Once the wells are adjusted for maximum flow into the gathering tank, only seasonal changes need to be made, whereas with wells tied to gather, adjustments need to be made frequently.

The greatest advantage to the collector system is that the sprinkler irrigation system can be operated at the designed pressure at all times. The sprinkler system is designed to utilize the combined production of all the wells. This usually gives the owner of several small wells the same capacity irrigation system as he would have with one strong well.

Farmers who have more than two wells tied together under pressure, may find that they have plenty of water when they change over to a collector system. Some of their wells may not be pumping to capacity under pressure. Farmers who are drilling more wells to get enough water to irrigate should use the collector system to get the most efficient use of the available water.

THE NEWS

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

After the outcry, the shrill claims and counter-claims, a stillness settles over the nation. A decision has been made as to who will occupy the White House for the next four years, who will sit in the House and Senate. But yet to be decided is the really important question facing the nation.

That question is this? How is the American economy going to meet the challenge of unemployment present? C. W. Harder called by need for jobs for young people entering working force, jobs for those forced out of work by automation? All year long the National Federation of Independent Business, through its field forces, has been conducting a survey on this matter and other issues. The results from more than 40,000 signed respondents so far are most illuminating.

But the huge industrial complexes, seeking to compete with low labor cost nations are automating more and more.

It is quite obvious that if new jobs are to be provided, if workers are to be employed and not kept on some sort of public dole, independent enterprise will have to do the job.

Most economists have not caught up with the facts of modern life. Too many of them point to capital expenditure by big industry as a sign of continued good times. At one time the more big plants being built, the more jobs for the future. However, today, situation is reversed. Every new plant is designed to use automated equipment and thus obsolete and close up an older plant.

Today the nation must look for new jobs from the independent business proprietor who will feel justified in buying a new truck to add another route, who is able to add a few more feet of floor space.

There can be no employees without an employer. And if there are not enough new employees, there will be bigger relief rolls.

Therefore the challenge of 1965 is clear.

Because far greater than the threat of the atom bomb, or any communist coalition is the threat of millions of unemployed in America. This can create a force so explosive that its affect defies measurement in terms of megatons, or any other yardstick. The question thus becomes this. Can the new Congress measure up to the responsibilities it faces?

O'Donnell Men Wreck Victims

One man was killed and another died at the scene of the accident Sunday night on Farm Road 1210 southwest of O'Donnell.

Albert Lon Dempsey, 66, owner of County Line Gin, died at the scene from a heart attack.

Emilio Garza Ruiz Jr., 18, native of O'Donnell, was killed in a two-car crash. His sister, Lorena Ruiz, 22, was injured but was reported in good condition in a Lamesa hospital.

Driver of the second car, Eddy Dempsey, 42, also of O'Donnell and son of the heart attack victim, was not injured.

Mr. and Mrs. A. L. Dempsey drove by the accident about 15 minutes after it occurred. Mr. Dempsey stopped the car upon recognizing his son's vehicle, raced to the scene and collapsed. He was pronounced dead on arrival at a hospital where he was taken by Dawson county sheriff's deputies after they were summoned by Mrs. Dempsey.

Ruiz was dead on arrival at a Lamesa hospital. Funeral services for Mr. Dempsey were held at 2:30 p. m. Tuesday in the First Baptist Church in O'Donnell with Rev. Ray Martin of Wells, Rev. Bernie Caloway of Fort Worth, and Rev. Calvin Partain, pastor, officiating. Burial was in O'Donnell Cemetery.

Raised at Marlow, Texas, Mr. Dempsey had lived in Borden county since 1958. He was a veteran of World War I and served in the U. S. Navy. He was a member of the Baptist Church.

Survivors include his wife; two sons, Richard of Lubbock and Eddy of O'Donnell; two brothers, Tom of Silverton, Jess of Hale Center; and five grandchildren.

Services for Ruiz were conducted at 4:30 p. m. in the Assembly of God Church in Lamesa and burial followed in Lamesa Cemetery.

Ruiz was born in 1946 at O'Donnell. He was employed as a farm worker.

Survivors are his parents, Mr. and Mrs. Emilio Garza Ruiz of

facilities, farm products sold, and use of fertilizers, insecticides, and herbicides.

Local Agricultural Agencies Working On Joint Project

The Lynn County Technical Action Panel held its regular monthly meeting on Wednesday, and discussed the progress of the county project.

Technical Action Panel members are representatives of the local agriculture agencies working together for a community approach to the specific problems of the people and the use of their own resources.

The Technical Action Panels' responsibilities may be summed up in four major areas:

1. Assisting the county Program Building committees—local development groups and organizations in developing overall economic development programs for their area and for putting them together and implementation of plans projected.

2. Assuring that the county Program Building committees are making maximum utilization of the local leadership and encouraging participation by citizens of the entire community.

3. Providing technical "know-how" to assist the local committee to solve overall economic development problems in the area. What the Technical Action Panel can do is to bring to bear the training, the experience, and the analytical ability and planning skills of its members plus the resources and services of the various agencies represented in helping promote economic development. Panel members analyze data on the area and suggest alternate courses of action and obtain outside technical assistance from other agencies when needed. Furthermore, the Panel works closely with the County Program Building Committee and provides the proper resources person to the committee or subcommittee to solve the given problem.

4. The Technical Action Panel meets monthly and discusses and agrees upon courses of action that would promote economic development. They make such findings available to the County Program Building Committee in order that the Committee may choose those

programs, projects, or practices that they are willing to support.

The Technical Action Panel is working with the County Program Development Committee in promoting the local project, Better Utilization and Management of Brownfield Sand Areas of Lynn County.

Panel members are Billy H. Stewart, Farmers Home Administration, Donald R. Saverance, Agriculture Stabilization & Conservation Service, Blake Lovelace, Soil Conservation Service, Merrill R. Riggin, Rural Electrification Administration and Lester Adams, Vocational Agriculture teacher.

County Residents Above Average In Insurance Coverage, Report Shows

(Special to The News)
New York—Residents of Lynn county began the current year with more protection in the form of life insurance than they ever had. Per family, their coverage rose to an all-time high.

Total holdings of life insurance locally are now placed at more than \$33,895,000.

Data on the number of policy holders and on the amount of insurance in force are detailed for the nation as a whole and for each of the states in the 1964 Life Insurance Fact Book and in other reports.

They show that the amount of life insurance in this country at the beginning of the year had reached an astounding \$795 billion. That is more than double what it was eight years ago.

Not included in the total is the insurance coverage provided by the Federal government for veterans and others and the insurance issued by fraternal organizations.

In the State of Texas, the figures show, the amount in force adds up to \$35,824,000,000.

The average family in the state has insurance equivalent to its net income, after taxes, for a period of 22.9 months.

Adapting this ratio to Lynn County, where family income in the past year averaged \$475 per month, the indicated life insurance holdings locally are \$10,950 per family.

This is more than the average holdings throughout the West Central States, \$10,530 per family.

The grand total, for the entire local population, comes to \$33,895,000. Most of it is in ordinary

life insurance. Group insurance is in second place.

The big expansion in life insurance coverage in the past year is attributed, to a large degree, to the fact that the American people have been saving at a great rate.

Last year, despite the fact that they increased their debt load by \$23.6 billion, they ended up with \$20.4 billion in added savings.

Enlarging their insurance coverage was only one of the steps taken by families to add to their financial security. Other steps were to increase their bank deposits and to put more money into investments.

New Home HD Club Has Regular Meeting

The New Home Home Demonstration Club met Thursday, Nov. 12, with Mrs. Donald Hancock presiding.

Mrs. Wayne Tekell gave some pointers on making fruit cakes. She stressed the importance of properly wrapping and storing the cakes, and to allow several weeks for the cakes to cure for the best flavor.

Mrs. Robbie Gill and Mrs. E. R. Blakney were guests and showed a number of holiday decorations they had made including centerpieces, wreaths, candle holders and decorative bottles, which were made by painting ordinary bottles were crystal case. By using styrofoam as a foundation a nut tree or candy tree may be made for holiday atmosphere.

Hostesses for the meeting were Mrs. G. B. Mayfield and Mrs. M. S. Renfro. Members and guests attending were Mmes. David Alhart, Bill Ueckert, Wayne Tekell, J. W. Edwards, Freddie Kiehl, Jerry Brown, Leland White, Charles Louder, Robbie Gill, J. B. Edwards, R. C. Carroll, Jr., F. P. Liseby, E. R. Blakney, George Sealy, W. A. Nieman, Sam Pridmore, Harold Crooks, O. R. Philter, Jr., B. A. Norman, Kesly Halford, Paul McClung, Don Hancock, Bobby Fillingim, Bill Balch and Mrs. Billie Carr.

DIXIE HOME DEMONSTRATION CLUB MEETS WEDNESDAY
Dixie Home Demonstration Club met Wednesday in the home of Mrs. E. J. Cooper with nine members present.

The club will have only one meeting in December, which will be on Dec. 16th for the annual Christmas program at the home of Mrs. E. R. Tunnell.

WASHINGTON AND "SMALL BUSINESS"

Ever since the U.S. State Dept. has been permitted to play an increasingly dominant role in setting U.S. tariffs, astute foreign businessmen chuckle up their sleeves at the crazy Americans, then proceed to enjoy a field day.

Increasing imports of fabrics made from the synthetic yarns have been damaging the interests of the huge domestic complex engaged in these man-made materials.

Italy developed a flannel made of 75% wool and 25% ramie fiber. Ramie fiber, a vegetable product, is an expensive fiber, and for the wool content they are using reprocessed wool. Inasmuch as the value of the fiber is more than the value of the reprocessed wool, under the new tariff act, it pays only a 10% duty.

Although the fabric has 25% vegetable fiber content, experts say it is practically indistinguishable from all-wool cloth. Since last March over a million yards have been imported.

If the material were charged the duty that it would be assessed by U.S. Customs except for this legal loophole, it could not compete with American-made all-wool cloth.

Obviously, no businessmen advised the Congress on the ruinous provisions of the new Tariff Act, which is just another strong argument why State Dept. activities should be confined to attendance at tea parties, but when it comes to commercial and business activity, government should have businessmen calling the shots.

For in the long run, if foreigners, as in this case, find Americans are pretty stupid in business they are naturally led to conclude they must be stupid in all other matters.

O'Donnell Loses To Wink 20 To 0

O'Donnell Eagles closed out the season Friday night with a loss to the Wink Wildcats 20 to 0 in a game played at O'Donnell.

The Eagles held Wink scoreless for the first half, but in the third period Curtis Northcutt broke away 55 yards to score, and the Wildcats added two more touch downs in the fourth quarter.

Coach Allen Holliday is in a rebuilding job at O'Donnell, the Eagles having lost heavily from last year's team.

Seniors from this year's squad are Gary Reeves, Ellis Tredway, Don Richardson, Johnny Anderson, Bill Cook, James White, Darrell Greelee, Jimmy Barton, Fen Taylor, and Louie Birdwell, although two or three of the boys were lost early by injuries or ailments.

Wherever he travels, the President has the world's fastest and most reliable communications available.

Let Her Winterproof the Porch with FLEX-O-GLASS This Year

Any little lady can enclose a porch or breezeway with Warp's FLEX-O-GLASS. It's so easy! Just cut with shears and tack over screens. Makes a warm, sunlit room, flooded with healthful Ultraviolet rays, where the children can play all winter long—or use as an extra Store-room. Genuine, crystal-clear FLEX-O-GLASS lasts for years at a fraction the cost of glass. Only 90¢ a sq. yd. at your local hdwre. or lmbr. dealer.

Ropes Winner Over Wilson

Wilson Mustangs wind up the 1964 football season tonight at Cooper in District 3-B competition.

The Mustangs, 1963 champions and winners of three Class B titles, went down before the high-flying Ropesville Eagles 34 to 14 at Wilson last Friday night. If the Eagles take New Home tonight, they will have undisputed claim to the title, and regardless of the outcome will represent the district.

Friday night's game was more interesting than the score would indicate, but Coach Doug Duncan's Lynn county boys were just outmanned by a strong Ropesville team.

The first quarter was scoreless, then in the second Wilson's high-scoring Sammy Crowson got away on a 22-yard scoring jaunt. Conversion try failed. Ropes, however, bounced right back as Ronald Sedwick got away for 53 yards to score, Virgil Wright ran the conversion, and Ropes led 8-6 at half-time.

Then, in the third, Ropes Mike Timmons broke loose on a 56 yard scoring run, and Wright ran the conversion to make it 16-6. Not to be outdone, Wilson's Crowson went 90 yards to score and then ran the conversion to make it 16-14—and the home crowd went wild.

Then, the roof fell in on the Mustangs. Following a blocked punt, Sedwick scored on a seven yard run. In the fourth, Ray Witt scored twice, once from seven yards out and once from four yards away.

In scoring 14 points, Sammy Crowson increased his Plains scoring record for the year to 134 points.

Also outstanding for Wilson were Delbert McCleskey, Royce Baker, and Johnny Nava.

TOTAL RECEIPTS FROM SEAGRAVES GAME

Supt. Harold Reynolds announces Tahoka had \$709.10 remaining after expenses and guarantee of \$50.00 to the visiting team as a result of gate receipts from the Seagraves game Friday night.

Officials were paid \$90.00, travel expenses were \$4.80, and Seagraves part \$50.00. Total receipts were \$853.90.

Athletic Director Jake Jacobs says the Athletic Fund will end the season "in the black."

Earliest method of plating gold on a base metal was by using an amalgam of gold and mercury.

First bicycles were called "dandy-horses" in England.

Bulldogs Lose Final Game To Seagraves 42 to 16

Seagraves Eagles took the Tahoka Bulldogs 42 to 16, scoring 22 points in the final quarter to make the last part of the game a run-away. For two quarters, the second and third, Tahoka gave the Eagles a run for their money and threw a scare into the visitors. This last game was dad's night, and one of the biggest crowds of the season was on hand.

But, the explosive Seagraves offense proved just a bit too much for the Bulldogs as little Halfback Bo Faulkenberry ran for 126 yards, Fullback Ronnie Huffman for 117, and Halfback Skeeter Reed 65 of the total 340 yards rushing.

The Bulldogs didn't do so poorly, though, on offense during the two middle quarters, and HB Gary Tomlinson ran for 86 and FB Danny Coburn ran for 87 yards as the Bulldogs made 200 yards rushing. Both boys are juniors.

Seagraves meets Coahoma of District 6-A Friday night at 7:30 in Andrews. Wink, Plains, and Seagraves ended the season tied for first place and are co-champions. 5-A District officials decided in a meeting Saturday morning at Seagraves. At the same meeting school superintendents drew to see which team would represent the district, and Seagraves was the winner.

The Eagles got off to a fast start and scored three times before the Bulldogs found out they weren't super-men and that they could move against the champs.

The visitors took the opening kickoff, and on four first downs marched in for the first TD with QB Danny Rosson bucking over

Tahoka	Seagraves
14	21
200	340
58	67
4	4
7	4
4	3
3 for 40	2 for 28
2 for 20	1 for 5

Coburn ran the kickoff to the 35, but the Bulldogs couldn't move, Harvick's punt sliced out of bounds on the Seagraves 44. On third down, Rosson passed to Reed 15 yards, Huffman made 17, and then Faulkenberry skirted his right end after some tricky fakes in the backfield and raced 19 yards to score. Reed failed to run the conversion. Score, 12-0 Seagraves.

Eddie Howard brought the kickoff from the 20 to the 35, but Tahoka couldn't move, and Harvick got off a great 51-yard punt over the head of the Eagle safety. Faulkenberry made 29 yards on the first play, but the Bulldogs held the visitors this time, forced a 30-yard punt. On the first play from scrimmage, Tomlinson ran 25 yards around right end to the Tahoka 37.

But, on the next play, Tahoka lost the ball on a fumble. Two plays later, opening the second quarter, Huffman went right through the middle of Tahoka's (Continued on back page, Sec. 2)

New Home Wins Meadow Game

New Home Leopards won their third game in seven starts Friday night at Meadow, when they skunked their old rivals 14 to 0.

This Friday the Leopards journey to Ropesville to battle the Eagles. Although given little chance to win, Coach Maurice Warren's boys are not the type to give up and quit before the game is played.

Friday night at Meadow, the Leopards scored in the first and fourth quarters while holding the Bronchos scoreless.

ten yards in the first quarter to score the first touchdown as McClung ran the conversion for two points.

Late in the fourth, McClung went 11 yards for the clincher. A running try for conversion failed.

President Jefferson had Congress authorize the first survey of the coasts and harbors of the U. S. in 1807.

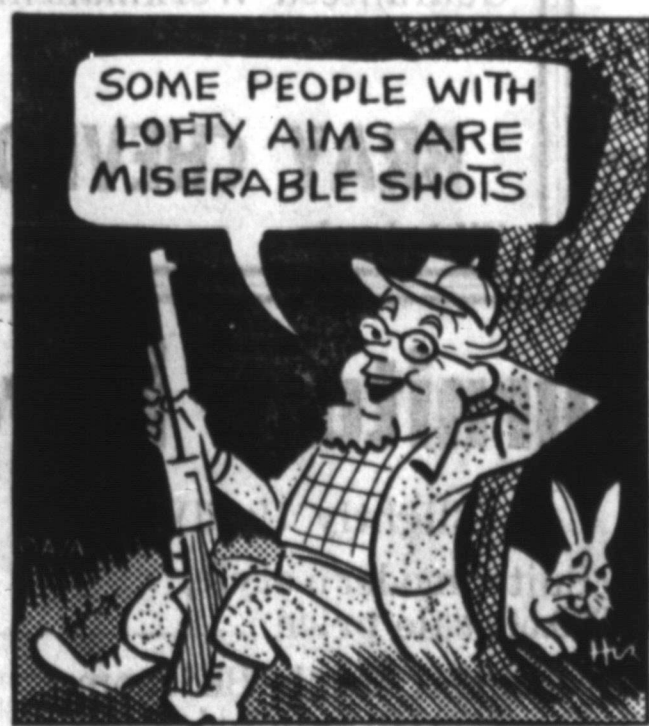

Yellowstone Park is the world's first national park.

Bulldogs Honored By Mothers After Final Game Of Season Friday Night

Fully 200 people were present Friday night following the Tahoka-Seagraves football game at the dinner honoring the Bulldogs, this one dedicated to the 16 boys who had just played their last grid

game for Tahoka High. This dinner following each home game is sponsored by the Bulldog Mothers for squad members and their families, coaches and their families. Mrs. Elnora Curry was a leader in starting this event years ago, and the meetings have been a great influence in the lives of a lot of Tahoka kids. This was the last meeting of Mrs. Curry's current term, and she was largely responsible for making this the most impressive of all.

Place cards for 16 boys who will not be back next year featured pictures of them as 2 to 4-year-olds, and most of the program was in their honor.

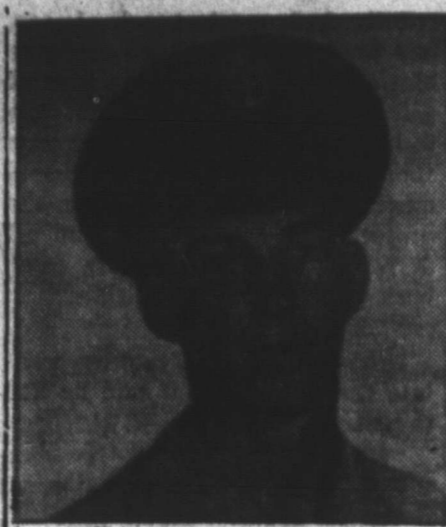

Boys honored were: Jim Crawford, out with injuries; and Mike Reid, who also missed the last few games; Frankie Ferrera, Jim Wells, Dennis Clem, Stanley Price, Jack Edwards, Adolph Chapa, Jack Jaquess, Jesse Limon, Terry Harvick, Eddie Howard, Mike Curry; and Larry Jolly, James Moffitt, and Freddie Pierce, juniors, who will not be eligible next year. Glenn Riddle, manager was also honored, as well as his assistants, Bill Thomas and Greg Thomas.

In an impressive talk, Mrs. Curry expressed appreciation to the help and encouragement given the boys by Supt. Harold Reynolds and Prin. Clifton Gardner; Athletic Director Jake Jacobs, Coaches Gilbert Hough, Dave Easterday, C. L. Rogers and Don Gresham; Vic Kyler and the T.H.S. band; Clint Walker, game announcer, and his "assistant" Maurice Bray; Rufus and Nina Slover, most loyal fans; Dr. Skiles Thomas; Joe Durham, who has furnished bread for the suppers; Horsee Rogers, for furnishing supplies; mothers for the cooperation; and The News for favorable publicity.

The crowd gave standing ovations to Coach Hough, the senior boys, and Mr. and Mrs. Slover.

When Coach Hough was called to the microphone, he paid tribute to each of the boys individually and declared this had been his finest year, in spite of only three victories, for the boys' attitude and cooperation had been wonderful and he felt their accomplishments had been great. He, too,

DON SCHNEIDER

Don Schneider At Lackland Base

San Antonio—Airman Don E. Schneider, son of Mr. and Mrs. Willie J. Schneider of Rt. 2, Wilson, has completed the first phase of his Air Force basic military training at Lackland AFB, Tex.

Airman Schneider has been selected for technical training as a communications-electronics specialist at the Air Training Command (ATC) school at Keeler AFB, Miss. His new unit is part of the vast ATC system which trains airmen and officers in the diverse skills required by the nation's aerospace force.

The airman is a 1963 graduate of Wilson High School.

paid touching tributes to his associates and to their parents.

Coach Hough also praised the boys returning next year, said their attitude is fine, they have learned a lot, and prospects are bright for a bunch who will be giving their all to the team.

From the A squad, these include Gary Tomlinson, Danny Coburn, Stanley Renfro, Mike Davis, Rett Patterson, Benny Limon, Tommy Kidwell, Robert Adams, Cliff Thomas, Milton Edwards, Mitchell Williams, and Dean Hamilton. Most of these boys have come a long way this year, and others could develop.

Speaking for the boys, Jack Edwards said this was "very close to our hearts" and that "even though we didn't win, we learned a few things about life." He then presented gift certificates to five members of the athletic staff.

Mrs. Olen Renfro and Mrs. Neely Brooks each expressed thanks of the group for Mrs. Curry's leadership of the Bulldog Mothers.

Mrs. Roy (Opal) Harvick was in charge of a fun program which followed the tributes.

Mrs. J. C. (Earlene) Womack presented a comic reading, "Bulldog Tale—1964"; Jackie Burnett, accompanied at the piano by Jean Flippin, sang song parodies to individual Bulldogs; and Charles Reid read "letters from players and coaches" and Ann Flanders (Slick Clem, dressed as a woman) gave the "answers". The three numbers brought hilarity to the boys, as well as the rest of the crowd.

Many special guests were present, including the boys' girl friends.

Football . . .

(Continued from Page 1, Sec. 2) line 25 yards to score. Reed ran over the conversion, and Seagraves led 20-0.

Now, Tahoka decided to try to go places. Adolph Chapa ran the kickoff from the 5 to the 35. Tomlinson, learning how to run and follow his blockers, carried to the 50. Two more plays made six, and then Tahoka lost the ball again on a fumble.

But Tahoka stopped Seagraves cold, once for a 10 yard loss on a fine defensive play by End Dean Hamilton, forced a punt—25 yards—and Tahoka took over on its own 20, moved up to the 33, lost 8, and then Mike Davis got away a long quick kick good for 51 yards. Two plays later Tomlinson pounced on a Seagraves fumble on the Seagraves 31 to set up Tahoka's first score.

Tomlinson lost 3, then Harvick hit Howard on a 14-yard pass play to the Eagle 20. Coburn went through the middle for three, Tomlinson hit right guard for one. Then, Harvick passed again, the ball was deflected, but Howard made a great effort and caught the deflected ball for an 11-yard gain to the Eagle 5. Tomlinson hit the left side of the line three times in moving to the one, and then the Bulldogs caught the Eagles by surprise as Coburn circled left end untouched for Tahoka's first score. Harvick then found Jim Wells open in the end zone on a perfect conversion pass. Score, Seagraves 20, Tahoka 8.

The half ended two plays after the kickoff.

Tahoka received opening the second quarter, Stanley Renfro ran the ball from the 20 to the 37, and Chapa and Coburn moved the ball down field, Coburn getting away on one run around left end for 26 yards. Chapa made 10 to the Eagle 6, and later to the one, where it was fourth down. With the Seagraves defense bunched in the middle and the linebackers pulled in close, Harvick called a pass play to Howard, but the ball was deflected.

On Seagraves' first play, there was a fumble and it was Tomlinson again on the loose ball at the Eagle 8. Chapa bulled to the Eagle 4, but a clipping penalty was called on the Bulldogs back to the 23. Three passes were incomplete, and on fourth Tomlinson was run out of bounds on the 12 after an 11-yard gain.

The Eagles moved for 16 yards on four plays, but fumbled again and Harvick covered for Tahoka on the Eagle 30 to set up the Bulldogs' second TD.

Tomlinson made six on two carries, then Coburn broke loose for 17 to the Eagle 7. On the next play, Tomlinson went off right tackle seven yards to score. Coburn again dodged the opposition by skirting left end for the two-point conversion. Score, Seagraves 20, Tahoka 16.

Now, Seagraves came to life and marched in for another score, Faulkenberry going the last seven and Rosson ran right tackle for the two point conversion. Score 26-16.

This was not too bad, Tahoka fans thought, but then the roof fell in on the Bulldogs as the Eagles were to score twice more in a disastrous fourth quarter for the home team.

After the kickoff, Tahoka lost the ball on a fumble on its own 27. Reed made 8 yards, then raced 19 yards to score. Huffman ran the points. Score 36-16.

Tahoka got a drive going, as Chapa, Coburn and Tomlinson moved to the Eagle 35, only to lose the ball on another fumble. Eight plays later, second string

Life In Japan Program Talk

"Life in Japan and Hong Kong" was the subject of a talk, illustrated by many colored picture slides, by Rev. James Efird at the Rotary Club meeting Thursday.

Rev. Efird spent several weeks in Japan and in the city of Hong Kong last year holding meetings sponsored by the Southern Baptist Convention.

His pictures of Japan included some of farm lands and homes, but he said only 17 percent of the land in Japan is tillable. Others presented home life, dress and customs, churches and church services, plus many street scenes, views of the small towns and the great cities, old buildings and the most modern, the mountains and harbors, the fast trains which he said are very modern and efficient.

Rev. Efird said the city of Tokyo has a half million college students.

Most residences are built of wood, covered with tile. Cedar wood is used, unpainted but highly polished and beautiful.

Pictures of Hong Kong, where he also preached at a church, included those of the modern city, the hill with their shacks occu-

Ronny Loyd circled left end, seemed hemmed in a couple of times, but finally broke loose on a 42-yard scoring run. Conversion failed and the final score was 42-16.

Mike Davis ran the kickoff to the 37, and two plays later, Harvick found Jim Wells on a 36-yard pass play to the Eagle 30, but the game ended on that play.

ried by thousands of refugees from Red China, and the harbor and its thousands of little boats; to aircraft carriers. He said 148,000 people live in boats in Hong Kong harbor.

George McCracken introduced the speaker.

A. C. Bishop, Brownfield Chamber of Commerce manager, announced the meeting held there on Tuesday of this week in which E. H. Danner of San Angelo was the speaker on findings of the

Governor's Committee on Higher Education, and invited Tahokans to attend.

Student guests for the month, Jesse Limon and Jack Jaquess, were introduced by Clifton Gardner, high school principal.

Highest clouds known are the noctilucent clouds at 55 miles altitude.

The sun travels through space at a speed of 170 miles a second.

YOUR FRIEND FOR LIFE

Mrs. Gladys M. Stokes

Is this lady a friend of yours already? If so, you have a valuable friend indeed.

Southwestern Life agents are highly skilled in the business of planning for the future. The Company requires them to complete a graduate-level life insurance education which requires over 500 extra hours of study.

So, when you marry, when a baby comes along, when you begin planning for retirement, the counsel of this well-trained lady can be of great importance to you.

If you do not know your Southwestern Life agent yet, talk to her when she calls: Your Southwestern Life Agent . . . your friend for life.
