New Home Water-Sewer Plant Under Construction

Construction is already well under way on New Home's water and sewer systems for which \$125,000 in bonds were voted earlier this year, and a completion deadline has been set as March 2, according to Mayor J. W. Edwards.

Panhandle Construction Co., awarded the general contract in November on a low bid of \$112,000, already has about a half mile of pipe laid and the disposal plant near completion in the lake on the M. S. Renfro farm west of town.

R. B. Carter Drilling Co. has drilled three water wells on the land acquired from Aubrey Smith immediately south of town. Two wells have 65 gallon capacity each and one has 40 gallons, far more than enough needed by City of New Home people.

City taxes are due and should be paid in or before January 31, 1965, at the city office. After that date, penalty and interest will apply.

New Home City Council has passed an ordinance requiring all dogs in town be vaccinated and wearing dog tags by Jan. 15, 1965. A day will be set aside as soon as convenient when dogs can be vaccinated at New Home.

The City has also passed an ordinance prohibiting door-to-door salesmen and solicitors inside the city limits.

New Home was organized as a city largely in order to install a sanitary sewer system and safe water supply as a protection to health, to better enforce laws, and for the general betterment of the town, Council members state.

J. Fred Bucy Has Part In Success Of F-111 Jet Plane

J. Fred Bucy was instrumental in the success of the new F-111 jet aircraft that flies two and one-half times faster than the speed of sound and is capable of penetrating enemy radar defenses.

The Apparatus vice president of Texas Instruments, Bucy, a native of Tahoka, was on hand at the Oct. 15 "Roll Out" ceremony when General Dynamics unveiled the new jet in Fort Worth.

Texas Instruments was the subcontractor for the F-111 which provided critical components and systems for its manufacture.

J. Fred was responsible for selling and installing the radar equipment, or "Apparatus Division" terrain following radar, which permits the jet to safely penetrate enemy radar defenses by approaching them at low altitudes along the contour of the earth.

The F-111 can fly at its tremendous speed at any altitude.

The son of Mr. and Mrs. Fred Bucy of Brownfield, he was also instrumental in his division's successful United Fund appeal. Under his direction his division doubled its last year's contribution with a total of \$69,120.63.

Bucy grew up in Tahoka and graduated from Tahoka High School.

James Gage was released from Tahoka Hospital Thursday of last week where he was treated for injuries received in a car wreck Nov. 29.

Mrs. Laura Lewis is a medical patient in Tahoka Hospital, having been admitted Monday.

Light Contest Entries Short

While only eight entries have been received in the home Christmas lighting and decorations contest, several more entries are expected this week end, states Mrs. Hubert Tankersley, president of Tahoka Garden Club, sponsor of the contests this year.

"We would like to have at least 25 entries," she says.

Cash prizes totaling \$75.00 or more will be awarded first, second, and third places in three contests, best overall home exterior decoration and lighting, best door, and best window.

Also, Tahoka Chamber of Commerce, in addition to furnishing \$50.00 of the prize money, is offering trophies to the top three best decorated business houses.

"Everyone is invited to enter the 1964 Yule Trail contests and join in making Tahoka one of the most beautifully decorated towns in the area," Mrs. Tankersley says.

Citizens should call their entries to Mrs. Hubert Tankersley, Mrs. Weldon Martin, or Mrs. Leonard Dunn. Judging will be done by end of town people on Monday night, Dec. 21.

Two Get Gold Star Awards

Two Lynn county 4-H club members, LaNita Wood and Frankie Scott, were among about 40 youngsters from 20 counties receiving the Gold Star award Monday night at the District II banquet held in First Methodist Church, Lubbock.

District H. D. Agent Mrs. Aubrey Russell presented the award to Miss Wood of O'Donnell, and District Farm Agent Bill Griffin made the presentation to Frankie Scott, who recently moved to Sweetwater. They worked here under Mrs. Billie Carr and Bill Griffin, respectively.

About 500 people attended the banquet, at which Mrs. Roy Bass of Lubbock was the principal speaker. Among the special guests were Congressman and Mrs. George Mahon.

The Gold Star award is the highest a Texas 4-H club member can receive at the county level.

The News will publish children's letters to Santa Claus, but these should be mailed in next week, the earlier the better.

A slow rain Wednesday night amounting to .76 inch in Tahoka put a little needed moisture in the ground but halted harvest of the cotton crop, now estimated to be 75 to 85 percent complete.

Thursday at 10:00 a. m. Tahoka had ginned 14,031 bales, an increase of 2,400 since the same time a week before. This does not include 460 bales of cotton on the yards Thursday morning.

Based on a comparison of previous reports, this would indicate that the county has ginned between 75,000 and 80,000 bales of cotton from the 1964 crop.

Many farmers are through, many more are almost finished, but some have considerable cotton in the fields.

Rain during the night apparently was general over the county, with farmers to the southwest reporting up to .9 inch and to the southeast up to an inch of rain. The rain fell slowly and all soaked in the dry ground.

Tahoka has recorded only 11.48 inches of rain so far during the year. This added moisture will help, farmers say, many of whom have already listed or "done something" to land from which crops have been harvested to try to prevent blowing.

Tires Shot Off Tractor At Draw

Boyd Pebsworth almost lost faith in the human race last week.

First, he found two rear tires and a spare tire had been stripped from his pickup while parked on a farm near Newmoore, where he had been stripping cotton.

Then, on Sunday, he discovered all four tires had been shot off his tractor while parked at a farm northeast of Draw. Some one had deliberately shot holes in the tires with a .22 calibre gun.

He says there have been other reports of such destruction in the southeast part of the county.

Mrs. Jack Adams, a medical patient in Tahoka Hospital, was released Friday.

Tax Collection Falling Short

Tax collections during November this year have been far behind last year, possibly due to the late crop harvest, states County Tax Assessor and Collector George McCracken.

State and county taxes collected this year through November totaled only \$14,670 as compared to \$23,350 at the same time last year. Taxpayers get a three percent discount for paying in October, two percent in November, and one percent in December. Taxes become delinquent after January 31, and penalty and interest must be collected.

This year, 91 poll taxes have been paid through November. Many citizens mailing in property taxes fail to enclose \$1.75 for each poll tax receipt desired.

Also, due to the late crop and the shorter production, license tags for farm trailers are below last year. This year McCracken has licensed 2,714 farm trailers as compared to 3,500 in 1963.

Other canned goods may also be left at City Hall, sponsors say. Contributions this week:

A rather remarkable incident happened to Mr. and Mrs. L. B. Burk last week. Twenty-four years ago the Burks drove upon a car wreck on top of the cap on the Post-Tahoka highway. In the two cars were Nelsons and Garners and a young man named Wayne Martin. The Burks took four of the most seriously injured to Post. The Nelsons never knew who the good Samaritans were until recently. Wayne Martin and Miss Nelson later married, and when she came to Post to her mother's funeral services she found out who had helped them. Mrs. Martin came out and visited Mr. and Mrs. Burk to thank them for their kindness.

Tahoka And Slaton Split Junior Games

Tahoka junior high basketball teams won two games and lost two when Slaton played here Monday night.

The eighth grade boys emerged on top of a 26-25 game, the seventh boys won 19-12, while the eighth girls lost 30-17 and the seventh girls were defeated 47-29.

In the eighth grade boys game Slaton led 5-3, but Tahoka took over in the second quarter to lead by two points at the end of the next two quarters. Billy Applewhite scored 10 points for Tahoka with Larry Arnold making seven.

Tahoka led 12-0 at halftime of the seventh grade boys game and held on to a margin to win 19-12. Ray Chapa paced the winners with seven points, Tim Walker making five.

Slaton eighth grade girls led that game, holding Tahoka scoreless in the second quarter and were in front 22-5 at halftime. A second half rally was not enough for the local team to win, although Slaton did not score in the fourth. Robbie Biggerstaff was high scorer for Tahoka with nine points.

Although the local seventh grade girls made 28 points, it was not enough for a victory over the high scoring visitors, who made 47 points. The first quarter saw Slaton rack up 22 points and half-time score stood at 32-10. Sherry Schneider led Tahoka's scorers with 20 points.

Civil Defense And Fall-Out Dangers Explained By Short In Talk At Club

Importance of the Civil Defense program and the need for advance protection from nuclear fall-out were stressed in a talk at Tahoka Rotary Club Thursday noon by E. L. Short.

Proceeding the talk, the club paid silent tribute to the memory of Wynne Collier, charter member of the club, whose vacant chair at the head table cast a spell of sadness over the club in which he had perfect attendance for exactly 25 years.

President Wilton Payne read resolutions in his honor and memory; a copy of which was sent his wife and family.

In his talk, Short said advance plans are necessary in every successful event in life today. Thus, Civil Defense is making plans for disasters before they happen, nuclear explosions and fall-out as well as other community disasters.

For example, there was no advance plan by people in the famed Coconut Grove fire which took 450 lives, 100 of which bodies were found trampled on the floor at the door where all had tried to get out at the same time. Thus, at times, "we people are our own worst enemies."

There has been no shell of warfare fired in continental United States since the Civil War, but with the development of the atomic bomb, now in the hands of several nations, there could be a terrible holocaust at any time. A democracy, he said, is never ready for war. Since this is true, the Civil Defense set-up will give our people a little time in case of nuclear explosions.

In fact, there has already been a critical incident of nuclear fall-out, but fortunately this fall-out occurred over the Arctic region and a part of Alaska. No great harm was done, but scientists were able to study results, including deformed babies born to Eskimos, rash produced from exposure to the light fall-out, etc.

We now have a four-nation treaty on experimental nuclear blasts. There is no radio active fallout from underground shots. There is little widespread damage from an air explosion. But, there is extensive danger from a ground level blast.

Radio active material has to have something to attach itself to. It may travel through the atmosphere until moisture or weather conditions are right for fall-out contamination.

Radio active dust falls straight down, will not enter a shelter through a concrete pipe, although rays will penetrate the pipe. The dust may be brushed from clothing, washed from hands or feet,

will settle to the bottom of a lake or a bucket of water in a short time. The dust may even be swept up from the floor.

Nuclear dust affects only living cells. Even an animal may be killed within 24 hours from the time it is affected by fall-out and eaten with no ill effects. But in a short time, as in humans, the animal will become nauseated and permanently affected by the dust. Nuclear dust may be washed from an apple, for example. Even water may soon become drinkable as the dust settles to the bottom.

But, humans must have protection. Thus, the necessity of fall-out shelters as certain survival from nuclear fall-out. Even then, the occupants may come out of shelters for graduated brief periods until the danger is over.

Weather Bureau and other agencies can calculate at all times degree of radio active materials in the atmosphere, and can predict possible approaching fall-out in time for the public to prepare for the emergency.

Short said City of Tahoka and Lynn County are cooperating in the Civil Defense set-up, the two additional fire sirens were recently installed by co-operation with Civil Defense, and some instruments will soon be available here for other phases of the work.

Meanwhile, an educational program is being carried out in schools, fire department, and at civic clubs on the program, dangers of fall-out, means of preparing, etc.

Short and John Ed Redwine recently attended a Civil Defense school in Lameson conducted by A&M College scientists, and Short is a qualified instructor in the work.

Warren Embree was in charge of the program.

Pres. Payne welcomed Gravel Ayer, injured in a car wreck, back to the club meetings, announced a \$25.00 contribution to the Christmas Lighting contest, and George McCracken introduced visiting Rotarians.

Jim Crawford, son of Mr. and Mrs. Leonard Crawford, was a medical patient in Tahoka Hospital Sunday and Monday.

"Trap" Bases Writes

Dear Editor:

The letter from James Minor speaks the sentiment of millions of Americans. Unfortunately, the memory of man is short. While James was shipping up through Italy during World War II, many of his own neighbors and other American citizens were getting wealthy off the world conflict.

Politicians of the 1930s sneaked a page from Julius Caesar and the American people fell for it—"Promise the people something for nothing and they will vote for you." FDR would have been removed from office had he been as arrogant and dictatorial and wild in his programs as are today's politicians.

Look around us today and see who is taking the lead in castigating those who would be bold enough to exercise their right of free speech and free criticism of socialist practices in government. Aren't they the people who have been chosen to the post barrel and who have gained the most financially? Aren't they the people who so successfully branded those 26 million Americans as "soreheads, extremists, and war mongers?"

Government by threats, intimidation and retaliation has never lasted over the long haul.

My answer to the questions posed by James Minor is a prayer that those 26 million will not falter and will not be intimidated; that other Americans will awaken to their responsibilities to help preserve this country as James Minor knew it before he went off to war; that they will join the 26 million in remembering Woodrow Wilson's statement one time when he said "I had rather lose in a cause that will one day win than to win in a cause that will one day fail."

Norman Jr., sister of Mrs. Leslie. Mrs. Leslie entered the National Tournament needing 12 red points for Life Master.

Playing with Mrs. Jess Gurley, she picked up 8% of these points in women's pairs session, and she also placed in other sessions in partnership with Mrs. Glenn Asmond and "Butch" Adams of Lubbock.

Mrs. Bill Lumsden of Wilson and Mrs. Esmond finished 10th overall in the national women's life master pairs competition.

Mrs. Wharton and Mrs. Gagnat won first overall in the first session of the Life Master consolation event.

In team of four open pairs competition, Mrs. Leslie, Mrs. Norman, Mrs. Gagnat, Mrs. Verner, and Mrs. Wharton tied 9-10-11 in one session.

Mrs. Wharton and Elbert Hall of Abilene placed fourth in a mixed pair session.

Consumer Debt In Lynn County, \$800 Per Family

(Special to The News) In Lynn County, the average New York—How big a debt load are residents of Lynn County carrying at the present time? What proportion of their income goes each month toward repayment of their installment debt? The rapid increase in the amount of consumer debt in the United States has been attracting more and more attention from economists and bankers. The great majority feel that the public has the situation well in hand. They point out that rising incomes justify bigger debt. A few express fears, however. They wonder what would happen if the current economic expansion were halted for an extended period. As of the beginning of this year, the average amount of installment debt in the United States—for cars, furniture, household equipment and the like—as \$905 per family.

This is based on studies made by the University of Michigan's Survey Research Center, by the Department of Commerce and others. In Lynn County, it came to an estimated \$900 per household, based on the findings at the national level and on average earnings locally. For the local population as a whole, installment debt added up to approximately \$2,400,000 last year. The amount of debt per family varies widely from area to area across the country. It depends on local buying habits, upon the age of the family head and upon his occupation and income. Among farmers, for example, only 14 percent have such debt as compared with 50 percent among factory workers.

Last year, throughout the nation, more than \$1 out of every \$8 of disposable income went for repayment of installment obligations.

O'Donnell Men Visit In Lubbock

The O'Donnell Young Farmers Chapter journeyed to Lubbock last week end and visited the Plains Cotton Marketing Co-Op Ass'n.

Mr. Bales of the association took the chapter on a tour of the marketing facilities. He explained the method of sorting the cotton by I.B.M. machine into categories for the most efficient selling of the cotton.

Other points of interest included how cotton was sold according to type. The last stop was the classing office where the association grades and tests the cotton.

Those attending were James Reed, Harold Hohn, Buddy Brumit, Jack Minter, Jim Burkett, Freddy James, Buster Snellgrove and Harold Sanders. The group had dinner before returning home.

Reti Patterson, son of Mr. and Mrs. E. W. (Pat) Patterson, underwent minor surgery in Tahoka Hospital Wednesday. He is reported to be doing fine.

Mrs. Roy Taylor of Seymour visited here with her mother, Mrs. C. T. Tankersley and other relatives this week.

Alaska's easternmost point is 900 miles west of San Francisco.

Young Farmers Meeting Monday

The Tahoka Young Farmers will meet Monday, Dec. 14, at 7:30 p.m. in Lynegar board room when Harold Douglas, public accountant of Lubbock, will present the program on income tax.

He will instruct those attending on how to figure the income tax, and explain those things that are deductible.

The Young Farmers invite the public to attend the meeting as it will be of benefit to everyone, especially farmers.

Alcohol Subject Of Youth Meeting

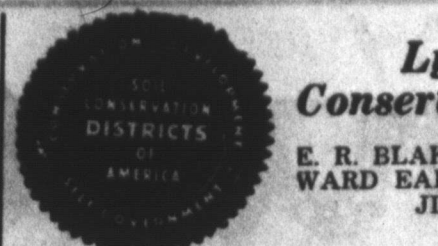

A Methodist minister will speak on the problems resulting from the use of beverage alcohol at the Youth Union meeting at the First Baptist Church at 7:00 o'clock Sunday evening. The minister Rev. R. N. Huckabee, visiting minister for The First Methodist Church in Lubbock and chaplain for the Texas Masonic Lodge, will speak to the group indirectly through a tape recording which is being distributed to church, school, lodge, and civic groups throughout the state.

The recording is entitled "Results of American Drinking Practices" and is being produced by Rev. Huckabee following years of extensive research in the subject. The information in the recording is based on established medical and sociological facts and has been adopted for classroom use by the Lubbock Public Schools.

Miss JoAnna Brice of Dallas spent last week end here visiting her grandparents, Mr. and Mrs. J. T. Brice.

C. N. Woods was a medical patient in Tahoka Hospital Tuesday and Wednesday.

Lynn County Soil Conservation District News

WARD EAKIN BOYD BARNES
JIGGS SWANN

The use of underground irrigation pipeline has proved to be very effective in the conservation of irrigation water. Combined with a conservation irrigation system design, underground pipe improves efficiency two important ways, and as an added bonus reduces labor costs.

First of all, it eliminates the need for open ditches. It has been estimated that an open ditch results in up to 30 percent loss of the water it carries. This figure will vary, of course, depending upon soil texture, but during an irrigation season an open ditch will account for the loss of many hundreds of gallons of water.

Another way underground pipe conserves water is by allowing shorter runs. When runs are too long, poor water distribution results. The crop near the water source is nearly drowned, while the crop at the far end lacks water. If the slope is too steep, the situation may be reversed, but poor distribution is still the result.

The proper length of your run is determined by two things: the amount of grade and the soil texture. They may vary in length from 400 to 1200 feet.

The installation of underground pipe is a wise investment in water conservation. A system properly planned will result not only in

a saving of water, but will save labor as well. Our underground supply of water is not endless and every means of conserving it should be taken.

Each month additional farmers are taking advantage of the opportunities offered them under the Great Plains Conservation Program, administered by the Soil Conservation Service. During the last two months there have been seven farmers to place their operating units under the GP program. Most of these contracts have been put in terraces, both level and parallel. During dry

years the terrace's ability to hold water on the land is more apparent.

Farmers who have already signed up to terrace or reterrace their farms, under the Great Plains Program, are H. C. Willis Properties, Carl Sanders, A. A. Rinne, H. B. Rinne, Minnie Rinne, J. Dudley Martin and Lanny Swanner.

Slaton Boys And Stanton Girls Take Tahoka And New Home In Finals

The Slaton Tigers successfully defended their title in the Tahoka Invitational Basketball tournament held last week end in Tahoka gymnasium by defeating the Bulldogs 61-37 in the championship finals.

The Stanton girls won their division by outscoring New Home 49-36.

Taking third place were the Stanton boys, who won over New Home 79-52, and the Tahoka girls, who defeated Frenship 58-52.

Consolation winners included the O'Donnell Eagles, taking that title over the Frenship boys 49-43, and the Slaton girls who defeated the O'Donnell team 57-25.

In ceremonies following the tournament Miss Manuella Chapa, senior student and daughter of Mr. and Mrs. Margrito Chapa, was crowned basketball queen by Carlis McNeely, last year's queen. She and other candidates, Joy Thomas, Chloe Jan Huffaker and Debbie Wright, presented trophies to the winning teams and Miss Chapa presented awards to the all-tournament teams.

On Friday night the Lynn county champions were named, the Tahoka Bulldogs and the New Home girls. Tahoka had defeated New Home 66-25 for the county crown and New Home girls had edged out Tahoka girls 43-41.

Named to the all-tournament boys team were Larry Smith, Slaton; David Burgamy, Frenship; Marvin Utecht, O'Donnell; Dennis Polson, Stanton; and Terry Har-

vick, Tahoka. On the mythical girls team were Elsie Henry, New Home; Charlotte Snowden, Frenship; Carla McNeely, Tahoka; Glenna Payne, Slaton; Linda Burleson, New Home; and Janell Tate, Stanton.

Finals

Slaton took an early 18-11 lead in the first quarter of the championship game, but the second stanza found the Bulldogs cold and Slaton pulled ahead 33-17 at halftime. Still unable to hit or to stop the Tigers' outside shots, Tahoka trailed 51-28 at the end of the third and were unable to rally before the game ended 61-37.

Dean Hatchett made 15 points and Larry Gamble 12 for the winners and Mitchell Williams scored 14 for the Bulldogs.

Stanton girls' scoring punch and tight defense were too much for the New Home fems with Stanton taking leads of 12-8, 22-19 and 32-24 at the end of the first three quarters. In the first half it was anyone's game, but Stanton pulled ahead in the third quarter and ended the game with a 49-36 margin.

Linda Franklin paced the winners with 25 points, while Janell Tate poured in 18 more. New Home's Elsie Henry made 29.

In the third place game Stanton was hot in their shots at the basket and controlled the game over New Home 19-5, 35-14, 54-20 and 75-32, the last the winning score.

Dennis Polson took game honors for the winners with 20 and Kenneth McClung from New Home

Tahoka's annual basketball tournament comes at a busy time of year, but we think more local business people should try to attend at least some of the games, not only for the games but just to mix and mingle with people from over the county. This is about the only time we ever see a lot of our old friends in this day of rush-rush and television. We believe there's a greater cross-section of people from over the county at the basketball tournament than there ever is at the junior stock show each spring, and this is no discredit to the stock show.

Friday night the gymnasium was packed to capacity, and there was almost a full house Saturday night. Thursday afternoon through Saturday there were several hundred out of county people here attending some one of the 22 games from Crosbyton, Slaton, Frenship, and Stanton, plus hundreds of local people from Wilson, New Home, and O'Donnell. Doubtless these people spent a pretty good sum of money with eating places and service stations.

Fortunately, Tahoka has one of the best gymnasiums, in our mind, we have seen anywhere. There's

a large lobby and plenty of convenient exits from the bleachers to the lobby. As a result, at game intermissions about half the crowd rushes to the lobby for refreshments and to visit with friends. Some people seem to get more pleasure from visiting than from watching the games.

We didn't know until the tournament, E. M. Rudd of New Home, who moved to the "goober" country near Rising Star, has come back home and bought some more land at New Home. One thing he learned down there was a little more respect for peanuts. He wishes he could get a goober allotment at New Home.

We learned from Ben Moore Jr. of O'Donnell that Johnny Johnson down at Gail, once of Lynn County, is enjoying reading The News, sent greetings to old friends here, and is now doing a bit of stock farming on the old home place. Come to see us, Johnny. You've still got a lot of friends up here.

F. M. Utecht from southeast of O'Donnell said his eldest son is in SMU on a track scholarship. F. M. is the daddy of Marvin Utecht, 17, senior and 6-foot 6-inch center for the Eagles, who also expects to attend SMU.

George Baker of Wilson said the recent marriage of Sammy Crowson, great Mustang football running back and 1964 Plains scoring champion, just about blew up Wilson's chances for winning in the tournament. We also enjoyed visits with Tom Harkey, son-in-law of Clarence Church, who moved from Olton to Wilson as elementary school principal. Larry Brown, assistant coach at Wilson, whose wife, the former Kaye Smith, daughter of the Aubrey Smiths, is now homemaking teacher at Wilson; Rev. "Hank" Scott, Baptist pastor; Supt. Leroy Scott, Lloyd Mears, Mrs. Sam Gatzki, and other Wilson friends.

We enjoyed one basketball session with Dave Hancock, Texas Tech freshman, who came down to see his sister, Susan Hancock, captain and forward, play with the New Home girls' team. Dave enrolled for a very difficult course of study his first year, and says he has little time for anything except study. Also enjoyed visiting his parents, Mr. and Mrs. Billy Hancock, with Mr. and Mrs. Claude Brown, parents of Larry and Terry, the latter a freshman in LCC; and many other New Home friends such as Rev. McClung, the Dick Turners, L. D. Halford, L. C. Unfred, Frank Liseby, Jerry McNeely, Heavy Nelson, Jim Bob Smith, Frank Timmons, E. R. Blakney, Mayor J. W. Edwards, Morris Renfro, and many others. Morris is selling his New Home half section farm and plans on moving to his Missouri stock farm soon.

We figure our time was well spent visiting friends at the tournament.

Al Smith has been cutting meat 37 years, 30 years with a power saw, and last week was the first time he ever stuck a finger in a saw. This time, he cut 'er off. He was trying to push Johnny Hillhouse's Arkansas razorback

through the saw, his hand slipped and away went the end of a finger. Customers may be assured none of his finger went into hamburger meat. But, Al had just as soon not cut up any more wild hogs from Arkansas.

Joe Kolodziejczyk of Wilson recently brought us a bundle of Polish-American newspapers which are very interesting and contain a batch of information one could hardly find elsewhere. Joe, we'd like to keep the papers a while longer and we'll comment on some of the articles therein later.

Maurice Small hates the Texas Aggies. Everything A&M does is all wrong. Everything Texas Tech does is all right. He even claims he has never seen the famed Texas Aggie band march at a football game. He leaves the stadium at half-time. "Sonny" Roberts, an Aggie, says he at least shows Texas Tech the courtesy of listening to their "Alma Mater," inferring that Maurice is pretty narrow-minded.

Earl Rudder of Brady, the new chancellor of the A&M system who has been president for several years, is a cousin of Mrs. V. F. Jones and a former high school student under V. F. when the latter was teaching vocational agriculture. Mr. and Mrs. Jones were guests of the Rudders Thanksgiving a year ago when Texas played at A&M. Incidentally, in the recent television program about the Normandy landing of World War II, narrated by Ex-President General Eisenhower, the General told of Col. Rudder's unusual part in that invasion which helped make the securing of a beach-head a success.

TIRED FEELING CAUSES BUSINESS FAILURE

By Dr. H. W. McIlroy

Every day many men fail to make a go living because they are not well.

Salesmen especially reap a jumbo-sized penalty when that "tired feeling" robs them of the vim, vitality and enthusiasm that is so very necessary to successful selling. A tired, "I don't care" attitude kills any hope of success and often drives an otherwise ambitious man to drink instead of searching for the cause of his trouble.

Men are too proud to admit illness. They stand with clenched teeth and brush off the suggestion of illness because they mistakenly associate illness with weakness. That's why apparently strong men collapse and die in their prime, that might otherwise have lived to enjoy the fruits of their labors.

It's much smarter to consider your body as a machine and as your most valuable money making machine—an electrically driven machine that needs an ignition system over-haul just like any other piece of electrical equipment.

Consider this case as a good example of what can happen to this body machine of ours.

A successful business man of

55 years came to Chiropractic complaining of awakening tired in the mornings and severe dizziness when he stood up. He related he was extremely nervous, constantly "keyed up," easily upset and irritated, his employees caught the effects too. He had "noises" in his ears, suffered a constant sinus drainage, often had a sick stomach, previously diagnosed as ulcers, previous jaundis, low blood pressure, difficult urination and under weight.

Our routine spinal analysis located defective nerves and X-rays revealed misaligned vertebrae causing nerve interference. Corrective adjustments, after a period of time, removed the offending vertebral nerve disturbances and he was amazed as symptom after symptom disappeared. He comes in for his periodic spinal check-up all smiles and enjoys the best of health.

Millions of successful case histories such as this one have made chiropractic the largest non-medical healing art in the world. Results speak for themselves. Because you have tried everything else is no reason to give up hope. There is a good chance that what chiropractic has done for others, it can do for you. But you must want to be helped! Investigate! What can you lose except your ill health? 214 Tahoka Road, Brownfield, Texas. Telephone 637-3242. Next article in next issue. Adv.

(Continued from Page 1, Sec. 2) In another switch of county champions, New Home girls took the county title away from Tahoka 43-41 after leading 15-11, 26-23 and 36-31 at the first three intermissions. Elsie Henry made 21 points for the winners with Susan Hancock making 12 more. Although cold on field goals, Carla McNeely made 27 points, 23 of them from the free throw line and missing only two attempts.

Slaton boys won the right to play in the finals by defeating Stanton 65-55 in second round of play, arriving by period scores of 20-14, 37-29 and 46-41. Larry Smith and Dean Hatchett each made 19 while Dennis Polson hit 14 for the losers.

Stanton feds gained their berth in the finals winning a close 36-37 game from Frenship after trailing most of the game. Stanton led 9-7 but Frenship was in front 19-16 and 32-28 the second and third stanzas. Three girls scored 12 each for Stanton, Evonne Welch, Janell Tate and Alma Marshburn. Charlotte Snowden made 21 for the losers.

O'Donnell outscored Wilson Mustangs 56-43 in second round play in the consolation bracket with the first period scores standing at 14-7, 34-14, 45-24 with the Eagles in front. Fen Taylor and Marvin Utecht made 19 and 17, respectively for O'Donnell while Johnny Nava and Royce Baker made 14 each.

Frenship took a 51-40 victory from Crosbyton emerging from a 12-12 first period score to go ahead 27-16 and 39-28 the second and third quarters. David Burgamy poured in 22 for the winners with Lance Morris making 19 for the Chiefs.

O'Donnell girls, behind Sherry White's 27 points, defeated Wilson 37-30. First period score was 11-4 but the half ended with O'Donnell ahead by one point, 10-17, before widening the margin to 26-24 at the end of the third. Loyce Baker made 13 for the Wilson team with Vicki Lane adding 11.

Slaton Tigerettes blasted Crosbyton 46-22, taking period leads of 15-9, 24-12 and 33-15. Peggy Kirksey made 15 and Sharon Williams 14 for the winners with Crosbyton's Miss Benton scoring nine.

Boys First Round Stanton took its first round victory from Crosbyton 53-42 after leading 24-19 at half time.

Dennis Polson paced his team with 24 points and Allen Springer made 10. Crosbyton's Lance Morris was high with 17.

New Home Leopards outscored Wilson 42-32 behind Kenneth McClung's 21 points. Johnny Nava made 11 for the Mustangs. New Home was in front at the end of each quarter, the half time score standing at 23-19.

In a low-scoring defensive game, Tahoka pulled ahead in the last quarter to win 35-27 over O'Donnell. The Eagles led 16-15 at half-time and the score was at a standstill of 26-24 in Tahoka's favor for several minutes. Terry Harvick made 17 for Tahoka while Marvin Utecht scored 10 for O'Donnell.

Slaton began its series of wins when the Tigers won 43-41 over Frenship with Larry Smith making 11 points for the winners. In the game that provided excitement from the opening whistle, David Burgamy scored 20 for Frenship.

Girls First Round Stanton advanced in the tournament by outscoring the Crosbyton girls 30-27 after coming from behind in the fourth quarter. Janell Tate paced the winners with 12 and Sylvia Curry duplicated with 12 for the losers.

New Home's Elsie Henry scored 30 points and Susan Hancock 12 to lead their team to a 48-20 victory over Wilson. Loyce Baker made 12 for the Wilson team. Halftime score saw New Home in front 30-12.

Tahoka's girls won 44-17 over O'Donnell after leading 25-7 at the half. Carla McNeely made 23 points and Manuella Chapa 10 for the local feds. O'Donnell's Sherry White scored seven.
