Miss Marianne Pool, Frank Greathouse III Married In Ceremony at Perryton Church

Before an altar adorned with white chrysanthemums flanked by candelabra, Miss Marianne Pool and Frank Oscar Greathouse, III exchanged double ring wedding vows Saturday, Jan. 23, at 7:00 p. m. in the First Christian Church at Perryton.

Rev. Lael Smith read the marriage ceremony.

Parents of the couple are Mr. and Mrs. E. J. Pool of 1705 S. Grinnell, Perryton, and Mr. and Mrs. Frank Oscar Greathouse Jr. of Tahoka.

Given in marriage by her father, the bride wore a white three-piece suit with white reptile shoes. The bride's small veil fell from a headpiece of a ringlet of white flowers. She carried a bouquet of white chrysanthemums centered with a white orchid.

Mrs. T. J. Pool of Amarillo, matron of honor, wore a blue dress of raw silk with short cap sleeves, a blue matching headpiece and shoes. She carried a bouquet of white chrysanthemums.

T. J. Pool of Amarillo, brother of the bride, was best man and Richard Traylor of Perryton served as usher.

Misses Colleen Neeley and Virginia Bolerjack, both of Perryton, lighted the candles.

Mrs. Bob Urban, organist, provided traditional wedding music.

Following the ceremony a reception was held in the parlor of the church.

The bride is a graduate of Perryton High School and is a sophomore student at Texas Tech. Mr. Greathouse, a graduate of Tahoka High School, is a senior at Texas Tech and is employed at Bolinger and Segars, C.P.A. in Lubbock.

After a wedding trip in Amarillo, Mr. and Mrs. Greathouse are at home at 2902 3rd Place, Apt. E 22 in Lubbock.

Miss Cherri Norman Homemaker Award Winner For Year

Cherri Norman has been named Tahoka High School's 1965 Betty Crocker Homemaker of Tomorrow. She scored highest in a written homemaking examination taken by senior girls Dec. 1, and is now eligible for state and national honors.

She is the daughter of Mr. and Mrs. A. L. Norman, route 3, Post.

Test papers of all school Homemakers of Tomorrow in the state are currently being judged. The state's highest-ranking girl will receive a \$1,500 scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Search for the American Homemaker of Tomorrow, with the state runner-up to be awarded a \$500 educational grant. In addition, the school of the State Homemaker of Tomorrow will receive a complete set of the Encyclopaedia Britannica from Encyclopaedia Britannica, Inc.

Later this spring, the State Homemaker of Tomorrow, together with a school advisor, will join first-place winners and advisors from each of the 50 other states and the District of Columbia in a tour of Colonial Williamsburg, Va., Washington, D. C., and New York City. Climax of the week long tour will be the naming of the Betty Crocker — All-American Homemaker of Tomorrow. To be chosen on the basis of original test score and personal observation and interviews during the tour, she will receive an increase in her scholarship to \$5,000. Second, third and fourth-place winners in the nation will have their grants raised to \$4,000, \$3,000 and \$2,000, respectively.

Tahoka - Seagraves Battle Tonight For Lead In 5-A Basketball Race

Tonight's basketball clash at Seagraves could be the big one of the year since much hinges on the outcome of the Bulldog-Eagle game. "A" and "B" boys play two games beginning at 6:00 p.m.

Seagraves holds the district lead with a 6-1 record, their single loss received at Tahoka, while the Bulldogs are in second place with a 5-2, having lost to Stanton and Plains in the first round games.

If Tahoka wins tonight and likewise defeats Plains and Wink, the Bulldogs and Seagraves will tie for the district crown. If Seagraves wins the remainder of their games, the Eagles will be champions.

Since Tahoka handed the Eagles their only defeat, the leaders will be playing for keeps tonight, but the Bulldogs want a taste of the championship, too and will be playing just as hard.

On Thursday night, as the Seagraves went to press, the "A" and "B" girls were playing at Frenship at 6:00 p. m.

Tuesday night Plains comes to town for "A" and "B" boys games beginning at 5:30 p. m. and the varsity girls take on Post here following the Plains games at 8:30 p. m.

Only one more district clash will remain to be played after Tuesday night, and the Bulldogs journey to Wink for the last game on Friday, Feb. 12.

Tahoka And Idalou Juniors Split Games

Tahoka and Idalou split four junior basketball games here Monday night, Tahoka winning the eighth grade games and Idalou taking the seventh.

Idalou defeated the local seventh grade girls 20-14. For Tahoka, Sherry Schneider hit the basket for 12 points and Roxanne McCuiston made two.

The seventh grade boys lost to the visitors 26-15. Tim Walker took local scoring honors with six points.

Tahoka defeated the Idalou eighth grade girls 31-25 behind Robbie Biggerstaff's 21 points and Cindy Carroll's six.

Charley Brown and Billy Applewhite each made eight points as the eighth grade boys downed Idalou 25-21.

SPORTS

Tahoka Winner Over O'Donnell

It was a thrill a minute when the Tahoka Bulldogs downed the O'Donnell Eagles there Tuesday night 69-65, with the lead changing hands often in the first half and the Eagles breathing down the winners' necks the rest of the game.

Tahoka girls won their last district encounter 55-34 to come in second behind Stanton in District 5-A, and the "B" girls defeated O'Donnell 39-22.

In a fast-break ball game, the two Lynn county teams took leads of five points each, only to be tied up and passed five points several times.

O'Donnell led 16-15 at the end of the first stanza and halftime score stood at 35-26 with Tahoka in the lead.

Then the Bulldogs jumped ahead by 15 points but were caught and tied up before maintaining a 51-46 third period score. The game saw outstanding shooting on the part of both teams, and Tahoka's boys were making beautiful outside shots.

Mitchell Williams paced the winners with 25 points while Terry Harvik sank 20, Rett Patterson 10 and Jim Wells nine. Marvin Utech scored 29 for O'Donnell and Ellis Treadway 20.

The varsity girls took a 29-21 halftime lead and controlled the game from the beginning, until winning by a 21-point margin. Carla McNeely made 26 and Manuella Chapa 12 for the Tahoka team and Sherry White paced O'Donnell with 17.

In the "B" girls game the score was tied 10-10 at the half, but Tahoka pulled ahead to win comfortably. Quaydene Pool and Frances Chapa made 15 and 10, respectively, for the winners. O'Donnell's Vicki Cross made nine.

BASKETBALL RECEIPTS FOR GAMES LAST WEEK

Receipts from Tahoka basketball games the past week follow: Tahoka vs. Wink: Total receipts, \$57.50; expenses, \$36.20; net, \$21.30.

Tahoka vs. Stanton: Total receipts, \$148.75; expenses, \$41.20; net, \$107.55.

Tahoka vs. Idalou, junior games: Total receipts, \$63.00; expenses, \$12.00; net, \$51.00.

Bulldogs Take Stanton Team

The Tahoka Bulldogs gained a second place berth in district competition here Friday night when they downed the Stanton basketball team 53-43 in a fast moving ball game. The girls lost 48-41, falling from a comfortable first half lead.

The boys game was never on ice. Tahoka led 14-6 the first quarter, but Stanton was ahead 22-21 at the half. The Bulldogs came back strong in the third 39-30 but until the last two minutes of play it was anybody's game.

Terry Harvik sank 15 points and Mitchell Williams 13 for Tahoka. Dink Polson totaled 18 points and Harold Cain added 11 for the losers.

The Tahoka girls scored 31 points in the first half, but were "cold" the last half, being able to sink only 10. The local team led 15-13 and 31-26 the first two periods, and were able to hang onto a 37-35 third period margin. Then Stanton pulled ahead to win by a 48-41 score.

Carla McNeely scored 27 points, 25 of them in the first half and Andra Carroll made 11. Janelle Tate made 23 and Euvonne Welch 14 for the Stanton team. Stanton holds the lead in girls district competition with no losses.

Ayerway Cleaners In Bowling Victory

In Hot Shot Bowling last Friday, Ayerway Cleaners won four from Cannaday's Fiesta Grill as Deanie Bingham had a high game of 164 and Wanita Kelley had a high series of 430 for the Cleaners.

Tahoka Safety Lane took three points to one for McCord Motor. Joan Hamm had a high game of 184 and a series of 485 for the Safety Lane, and Jean Curry bowled the high game of 161 and series of 446 for McCord's.

Tahoka girls bowling a 400 series or better were: Wanita Kelley 430, Deanie Bingham 404, Bobbie Barham 401, Cecile Henry 450, Joan Hamm 485, Doris Stotts 406, and Jean Curry 446.

Mrs. Edgar Hammonds was a medical patient in Tahoka Hospital Sunday and Monday.

NEW HOME BOWLING LEAGUE RESULTS

Following are Wednesday's results of New Home Bowling league:

Pridmore Spraying 4 to 0 over Co-op No. 9. For the winners, Bea Follis had high game of 163 and high series of 437. For the losers, Anna Jean Corbell had 156 and 414 scores.

Farr Texaco won 4-0 from Bowers Butane on a forfeit when only one Bowers team member showed up. Charlene Farr had 202 and 203 games and a 581 series. Sis Blevins had a 204 game.

Co-op No. 1 took Mayfield Grocery 4 to 0, on Radene Turner's 191 and 499 scores, while Wanda Gill led the store with 167 and 432.

New Home Gin won 3 to 1 over New Home Butane as Foy Lowrey had a 181 game and Fernie Fillingim a 451 series. For Butane, Inez Smith had 182 game and Bobbye Blakney 462 series.

Evans and Clem edged out Petty Gin 3 to 1. Adrina Clem had high game of 188 and Barbara White series of 474 for the winners, while Lil Todd led the losers with 174 and 487.

Edwards Shop was a 3 to 1 victor over New Home Farm Store, as Nona Nieman had 171 and 461 scores for the winners and Mel Halford 149 and 425 for the losers.

Debbie Miller, 10 year old daughter of Mr. and Mrs. J. T. Miller, was a medical patient in Tahoka Hospital from Monday until Wednesday.

Duplicate Bridge Party Tuesday Will Honor Mrs. Leslie

Tuesday night the Duplicate Bridge Club at T-Bar Country Club will honor Mrs. Meldon Leslie, who received the Life Master award in duplicate bridge early in December.

She is the sixth member of the local club to earn the coveted award among bridge players.

A short program will be presented at 7:30 p. m., along with refreshments, and duplicate bridge will begin at 8:00 p. m. All of her friends and former bridge students are invited to attend.

Others who have received the award while playing with the Tahoka club are Mrs. D. W. Gagnat, Mrs. Charles Verner, Mrs. Winston Wharton, Mrs. A. N. Norman, Jr. and Mrs. Bill Lumsden.

Now's a good time to start using more cotton.

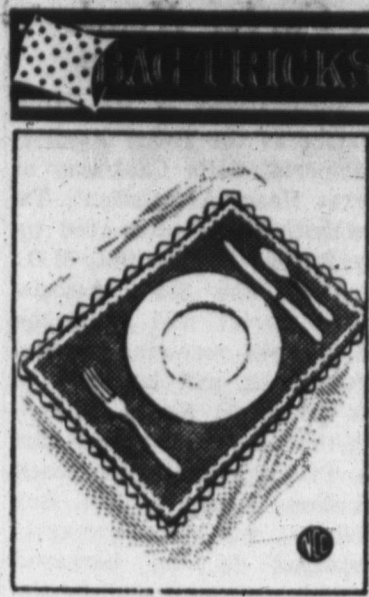

Miss Reece Plans March Wedding

Mr. and Mrs. J. B. Reece of Tahoka announce the approaching marriage of their daughter, Brooksie Gale, to Victor Richard Mahagan, son of Mr. and Mrs. H. W. Mahagan of Petersburg.

Wedding vows will be exchanged by the couple at 3:00 p. m. Saturday, March 6, in the First Baptist Church in Tahoka.

Miss Reece is a graduate of Tahoka High School and attended Wayland College. The prospective bridegroom graduated from Petersburg High School and attended Wayland College and South Plains College, Levelland. He is currently employed at Abernathy.

Mr. and Mrs. Harvel Phillips of New Deal visited Monday with Mr. and Mrs. Truman Baxley, Bud Baxley and Mr. and Mrs. C. W. Phillips in Wilson.

PLACEMATS—Cut 18"x13" pieces cotton bag fabric. Start rick rack on right side, several inches from corner and stitch through center and 1/4" from fabric edge. At corners, balance points evenly. Fold and press rick rack to wrong side at stitching line, allowing 1/2" of points to show at edge. Top stitch close to fabric fold for neat finish and sew baby rick rack 1/4" above fold at edges of mat.

Men of the Marine Corps Ceremonial Company were assigned to guard the famous portrait of the Mona Lisa when the painting was displayed in the United States.

The U. Marine Corps developed the concept of "Vehicle Envelopment" which is transporting of combat ready Marines over and behind enemy lines by helicopter.

On April 16, 1924, the Navy moved personnel and equipment into Mississippi Valley to assist in flood relief work. This continued through June 16 of that year.

BOY SCOUT PATRIOTIC SERVICE RECOGNIZED

All citizens of Tahoka were urged to recognize the patriotic service of members of the Boy Scouts of America in a proclamation signed by Mayor Meldon Leslie.

The proclamation calls for observance of Boy Scout Week, February 7 to 13, to celebrate the 55th anniversary of the Boy Scouts of America. It was signed in recognition of all Cub Scouts, Boy Scouts, Explorers, and volunteer leaders of the South Plains Council.

Mayor Leslie noted that the theme for Boy Scout Week is Strengthen America's Heritage, a program to preserve freedom through reverent, resolute, and responsible patriotism.

"I urge all of our citizens to recognize the patriotic service being performed for our community by volunteer Scout leaders and to express their appreciation to the religious, school, veteran, fraternal, service, and other community groups that sponsor our Cub Scout packs, Boy Scout troops, and Explorer posts over this area," Mayor Leslie stated.

The President of the United States should be addressed as Mr. President or Sir.

The Monroe Doctrine was published in 1823.

Missouri and Tennessee each are bordered by eight other states.

Michigan was the first state to ratify the amendment repealing prohibition.

The Statue of Liberty was designed and made by M. Bartholdi, a French architect and sculptor.

X-ray were first discovered in 1895 by Wilhelm Konrad Roentgen, a German physicist.

Fred Bucy of Brownfield was a visitor in Tahoka Thursday.

Linda Caswell, nine year old daughter of Mr. and Mrs. Noel Caswell of Draw, was a medical patient in Tahoka Hospital from Thursday until Tuesday.

J. R. Wyatt, 88, entered Tahoka Hospital Wednesday where he is under treatment as a medical patient.

GRASSLAND NEWS

(Mrs. O. H. Hoover)
Well, we really had a pretty day today—no dust, no wind—just clean, cold weather. But what are we griping about? It wouldn't be West Texas without wind and dust and after all, good crops most every year, good schools, good churches, and most of all, the best people in the world.

Mrs. C. C. Jones had an odd thing, or things, happen to her last week. Her electric cook stove went out, her gas heater stoves refused to burn, her car wouldn't run, the TV went out, and to cap it all, a bunch of hogs got in her beautiful flower garden—all in one day. Some trouble.

Rev. and Mrs. Campbell visited Mrs. Jones Friday afternoon. Mrs. Jim McGrew and Mrs. Doyle Rains, Robin and Terry, spent the day with Mrs. C. A. Walker Tuesday.

The Thursday Sewing Club met in the home of Mrs. Will Wright Jan. 21. Members attending were Mrs. J. A. Propst, Bill McMahon, W. A. Oden, F. A. Gilley, O. H. Hoover and one visitor, Mrs. Viva Davis.

Mrs. Wright served a delicious refreshment plate. Mrs. Sue Maxey and Mrs. C. C. Jones were unable to attend. The next meeting will be with Mrs. O. H. Hoover Feb. 4.

Mr. and Mrs. Odie Campbell and family have moved to a farm four miles north of Spur. We wish them much happiness in their new home. We will miss them.

J. W. Warrick has been hospitalized for some days but is at home again now and is reported to be some improved.

Mr. and Mrs. Gus Porterfield attended the funeral services for Mrs. Cargile at Draw Sunday afternoon.

Dian Wilson and Bonita Trammel of Tahoka were overnight guests of Karen Laws Friday night. Terry Laws spent the day Sunday with Tommy Rash.

Mr. and Mrs. Jim Hester of Lamesa and Alton Greer spent the day Sunday with the C. M. Greers. Afternoon visitors were Mr. and Mrs. Morris McClendon and Mr. and Mrs. J. B. Greer and Lori.

Mr. and Mrs. W. G. McCleskey and Mr. and Mrs. W. L. Gribble

attended a sing song in the Evangelical Methodist Church in Slaton Sunday afternoon.

Mrs. Anna Jones underwent an operation on her eye last Tuesday in West Texas Hospital. Mrs. W. G. McCleskey and Mrs. Tom Murray went up to be with her.

The Carlos McCleskey family spent Thursday evening with the I. V. J. Melton family at Slide. Mr. Melton of Grassland has been helping his son to put up his land to keep it from blowing.

Mrs. Grace Thomas and sister attended services at the Church of the Nazarene Sunday.

Mrs. Amos Gerner, Laura and Johnny Kuykendall went to Stamford Sunday and spent the day with the Al Smiths. Louise Gerner and Si Smith of Dallas were also visitors. In the afternoon they all attended a birthday party for Al Smith's mother, Mrs. Moritz. She was 90 years old.

Mrs. Gerner also visited her mother and her sister, Mrs. Fay Claborn, this week.

Mr. and Mrs. Alfred Cook and family of Odessa had lunch with Mr. and Mrs. Lewis McKay Sunday.

Mr. and Mrs. Clayton Robinson of Odessa attended the funeral services of Mrs. Cargile at Draw Sunday.

Mr. and Mrs. Roy LeMond spent the week end in Littlefield with the Huston Hoovers.

Mr. and Mrs. C. L. Cook of Lubbock had lunch and spent the afternoon with Mrs. Cook's mother, Mrs. A. Z. Sewell, Sunday.

Mrs. L. M. Schooler of San Angelo spent the week end with her mother, Mrs. Mattie Jackson, and other relatives at Draw.

Visitors in the L. A. Enloe home Monday through Wednesday were Mrs. Pat Baker and daughter, Belinda, and Mrs. Joan Bostick and daughter, Joy, of Carlsbad, N. M. They are Mrs. Enloe's sisters.

Tuesday they all attended the grocery auction at the Baker's Grocery Store in Meadow and spent the day Wednesday in Post with their parents, the C. L. Coopers and with their brother's family, the Ray Rinkers.

The Enloe twin boys, Leo and Leon spent part of last week in Slaton with their sister, Pauline Adams.

Danny Enloe and wife of Clovis spent the day Friday with his parents and Danny plowed to try to stop some of the sand. Sunday the Enloes visited the Pete Coopers and T. C. Barnes in Slaton. I believe this family likes to visit as well as I do. Well, it's fun.

Mr. and Mrs. L. S. Turner visited Sunday afternoon in Ropesville with Mr. and Mrs. Marshall Armstrong.

Mrs. E. A. Thomas spent the

Emergency Help For FHA Office

Additional personnel have been in Tahoka and will be for an undetermined length of time at the Farmers Home Administration during the Emergency Loan Program.

Bill Stewart, who heads the local office, has been assisted for two weeks by Bob Peterson and Mrs. Nina Longoria of Edinburg. However, they will return to their home office at the end of this week.

Mrs. Barbara J. Hurt of O'Donnell has been sent to the Tahoka office and Reese C. Barron of Lamesa will assist Mr. Stewart as an emergency loan supervisor.

week end in Andrews with her son, John Paul Lawson and family.

Mrs. G. H. Spears is steadily improving. It's slow but she is slowly gaining strength and can walk some in a walker. Her daughter, Naomi, will stay for quite some time yet, and her son, Gene, is still here. We wish for this lady steady improvement.

Miss Emily Waller has been moved to the LaVoy Nursing Home in Tahoka and is reported to be happy with the change and is improving. More power to her. Bless her.

Mr. and Mrs. Robert Craig and family visited the Jim Norman family Friday night.

Claudia and Carrol Crenshaw of Lubbock were week end guests of Theresa Dean.

Mr. and Mrs. Newton Crabtree and Don were week end guests of Mr. and Mrs. Gus Porterfield and Mrs. Jim Bob Porterfield. They also visited their aunts, Mrs. D. G. Cook and Mrs. Mary Kirkland of Tahoka and Mrs. Mattie Jackson of Draw.

Mrs. Roy LeMond and Mrs. E. M. Walker attended the district executive meeting of the W.S.C.S. in Brownfield Friday. The study on the Book of Genesis is going great. Come on over 9:30 a. m. each Monday. Mrs. Roy LeMond is teacher.

Polk Completes Tractor Course

Dennie Polk of J. K. Applewhite Co., Tahoka, has just completed a factory training school of three days at Amarillo, Texas. This was held at International Harvester Company and was conducted under the direct supervision of Mr. Dan E. Dunscomb, IH District Service Supervisor.

The course of instruction covered the subjects of hydraulics and diesel engine service, plus shop management.

The purpose of the school was to provide specialized education on farm tractor service so that tractor owners can secure the most efficient operation of their tractors.

Mr. Polk became acquainted with new servicing techniques on the new International Harvester tractors and took refresher training for service work on previous models. He also worked with new shop equipment so that he could quickly and efficiently diagnose engine troubles.

This training is a part of the annual program which is presented by International Harvester Company so that its field representatives, and dealers service men can maintain their education at a high level and provide the very best in tractor service to their customers.

CARD OF THANKS

Words can never express our deep appreciation for the many acts of kindness and sympathy shown us in the loss of our loved one. We appreciate the prayers, visits, cards, telegrams and food and flowers. These and all other assistance you so willingly gave will always be cherished.—The family of Price Thomas. Itc.

Mr. and Mrs. Wayland Walters and children of Snyder spent the week end in New Home with her parents, Mr. and Mrs. Winston Davies.

Mrs. Carter Heads Heart Association

The appointment of Mrs. Herbert Carter as the Heart Association Memorial Gifts Chairman of the Texas Heart Association's Tahoka activities was announced today by Robert H. Mitchell, M.D., President of the State Association. Mrs. Carter will serve the town of Tahoka receiving memorial gifts which will be used to support programs aimed at conquering this Nation's Number One Health Problem—Heart Diseases. Contributions mailed to her, Box 325, Tahoka, will be promptly acknowledged to the bereaved family and a receipt sent to the donor.

Mrs. Carter explained that more deaths result from heart diseases in Texas than from all other causes combined. Research has already developed much that is cutting this heavy toll. For instance, rheumatic fever is yielding to drug therapy, and we frequently read of heart operations that enable the patients to live normal healthy lives. Some of the most dramatic developments have been made in the heart research centers in Texas.

The Heart Fund, a large part of which is the income from Memorial gifts, is now in its 16th year. More than \$100,000,000 has been provided by the Heart Association for the conquest of diseases of the heart and blood vessels.

Mrs. Carter is anxious to let everyone know of the Heart Association's over-all program and expressed a willingness to provide interested readers with additional information on the Texas Heart Association and the Memorial Gifts Program which she is heading.

Tahoka's ZIP Code is 79373.

HILTON WOOD—Farmer of the Month

Tahoka Young Farmers Honor Hilton Wood, "Farmer Of Month"

Hilton Wood is being honored by Tahoka Young Farmers as the "Young Farmer of the Month" for February.

Hilton is the son of Mr. and Mrs. H. E. Wood of Route 5, Tahoka. He is a graduate of Tahoka High School, following which he attended Texas Tech. While attending Tech, he married Miss Gerald Deane Tippit, daughter of Mr. and Mrs. J. T. Tippit.

He and his wife are members of the First Baptist Church of Tahoka and both teach Sunday School classes. She is a member

of the Tahoka Young Homemakers.

Hilton started farming in 1959. He also went to work for Lyntegar and has done his farming after he gets off work in the evenings and on holidays. He rents 160 acres, of which 60 acres are in dryland cotton.

He plants skip-row cotton to help increase yields and to aid in building up the soil. The remainder of his land is planted in maize.

Because of the lack of moisture in the ground, he is not doing any breaking or chiseling but just listing to try to conserve as much moisture as possible.

He machine harvests his crops to help cut the cost of labor. He says that the money he saves by stripping is the bigger percent of his profit.

Hilton does his banking with the First National Bank in Tahoka, and does most of his other business in Tahoka.

Through his combined efforts of farming and working at Lyntegar, he has built a new home in Tahoka and is beginning to get a good start in farming.

Cotton is the life-blood of Lynn county economy. Why not use more of it?

Mrs. Balch Makes Trip To Hawaii

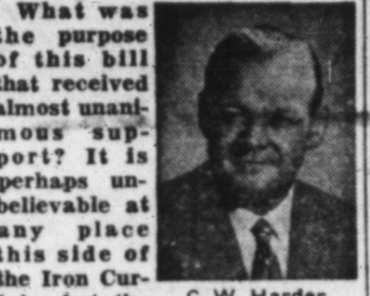

Mrs. Era Balch of New Home and her daughter, Mrs. June Davis of Houston, returned home Saturday from a 10-day trip to Hawaii where they visited Mrs. Balch's son, Russell, who is in the Navy stationed there. The ladies flew to and from the islands and while there toured all five of the Hawaiian Islands. For a few tours they joined a guided tour, then rented a car and did a great deal of touring on their own, including a drive around the entire main island. Mrs. Balch said the weather was perfect and that they were certainly sold on the newest state.

"SMALL BUSINESS"

By C. WILSON HARDER

Recently the nation's independent business proprietors, voting through the National Federation of Independent Business supported a bill introduced in the recent session of Congress by Rep. William Dorn, South Carolina, by a majority of 96-5.

C. W. Harder

What was the purpose of this bill that received almost unanimous support? It is perhaps unbelievable at any place this side of the Iron Curtain, but the purpose of the bill was to prohibit the National Labor Relations Board from forcing a company to stay in business. There have been many examples of the NLRB taking a position that nobody can close up shop and quit business unless the unions agree to this action. But perhaps the most ridiculous example of this bureaucratic insanity took place in Newark, New Jersey, recently.

A metal working plant located there was notified by the Newark Housing Authority that the plant was in an area to be re-developed. The company was given the choice of having the plant site taken by condemnation proceedings, or selling. Faced with this Hobson's choice, the company elected to sell, negotiating as a part of the deal permission to operate at the site up to a period of six additional months. Now when there is heavy machinery and equipment to be disposed of, it is not sound business to operate right up to the last day then dispose of these assets.

So the firm as it found buyers started selling off the machinery, and with machinery going out the back door, it listed the orders that could be taken by the front office with the result that the firm also started laying off workers, as there was no work for them to perform.

At the end of three months, the company had been able to dispose of the machinery, and so it forthwith closed its doors and went out of business.

But the metal polishers' union filed a complaint with the NLRB charging the company had refused to bargain on the question of selling and closing the plant.

Overlooking the fact entirely that the company had been given no choice by another governmental authority but to give up its plant, the NLRB ruled in favor of the union, ordering the company to pay former workers the full wages they would have received, if the company had operated the plant right up to the last day.

The NLRB held that if the company had bargained with the union on this matter, the union might have been able to arrive at a way to keep plant operating although in same breath saying this possibility does seem quite remote.

But one shouldn't be hasty in judging NLRB on this statement. As things go these days, perhaps the union could have abolished the bureau forcing the business to close down.

G. C. Watson went down to Hamilton last Friday and Saturday to visit a sister in the hospital there and also visited two other sisters over at DeLeon. Blue and Gold banquet to be held Feb. 25. Theme for the banquet is "Blue and Gold Birthdays."

Awards Given To Cub Scouts

Cub Scout Pack 782 met Tuesday night, Jan. 26, for a uniform inspection at the Community Center and for the regular pack meeting. Den 1 was awarded the "Honor Den" pennant for the highest score on uniform grading. Mrs. Billie Harvick is the Den mother. Cub Master Dub Gurley presided when 76 Cubs, parents and friends attended. Awards were presented the following: Bobcat pen, Bobby Hamm; wolf badges, David Henry, Randy Craig, Billy Marrett, Stephen Miller; bear badge, Walt Hagood; gold and silver arrow points, Walt Hagood, Gary Miller, Gary Lewis; two-year service stars, Bruce Spruiell, Mark Leverett; one-year service star, Terry McCord; Den Chief cord for Scout, Jimmy McCord; Denner badge, Stephen Miller; assistant Denner badge, Bill Marrett.

The Cub Scout charter has gone to the Scout Office and will be presented to the sponsoring institution, Downtown Bible Class, at a future date. Dan Curry will be Cub Master for the coming year and Joe Harvick will be the assistant Cub Master. At the presentation—18 adults and 42 boys will be recognized as registered in Pack 782. Civic Club Has Large Turn-Out

Sixty-three men, the largest number in many months, attended New Home Civic Club Monday night and heard an interesting program presented by Don V. Menchew, field manager of Ford Motor Co., through courtesy of Wayne Waters Ford Sales of Tahoka.

Minchew's talk, accompanied by two sound movies and two slide sequences, was not all commercial but featured the tremendous growth of the automobile industry, our growing economy, and the impact of youth of our present and future growth.

"People have more money to spend than ever before—and they're spending it," he said. Car sales totaled 8 million in 1964 for the first time in our nation's history. Americans this year are expected to have 30 billion dollars more disposable income than last year, and will probably spend 92 cents of every dollar. In this climate, business should probably be good, he declared.

He said 40 percent of the U. S. population in 1965 is under 20 years of age. Teen-agers spend about 11 billion dollars a year, and the figure is expected to reach 21 billion by 1970.

Importance of the automobile and transportation industry is emphasized, he said, by the fact that one out of seven working people are directly involved in the automobile and related work, from car dealer to highway patrolman, from manufacturer to service station attendant.

Ten Fords to drive one week were awarded as door prizes to the following: A. B. Norman Jr., Garland Peek, Luke Halford, Roger Blakney, Carl Armes, Joe M. Armontrout, James Farr, Dick Turner, L. K. Nelson, and Bob Poer.

A. B. Norman Jr. was in charge of the program, and the Home Demonstration Club served the dinner.

nation's agriculture is being threatened on all sides, we of Farm Bureau feel that an organized effort will be required to defend our way of life and the opportunity to make a decent living. We believe there is no better way to make our needs known than through your local Farm Bureau in forming policies for the good of agriculture.

"All of you know that our cotton program here on the Plains has been seriously threatened by the proposed new program suggested by the Secretary of Agriculture. It will take an all-out effort on the part of every cotton farmer to see that a sensible government program is passed in the upcoming month. It is difficult to imagine how a cotton farmer can pay from \$1.25 to \$2.50 per hour for labor, \$8,000 to \$10,000 for a tractor, sell cotton from 16 to 21 cents, feed, clothe and educate his children and stay in business.

Cotton can be made stretchable with a high twist of yarns.

Poverty Program Emergency Loans Explained By FHA Administrators

The first loan to help a Texas low-income rural family raise their income and attain a better standard of living under President Johnson's War on Poverty Program was explained today by Lester J. Cappleman, State Director for the Farmers Home Administration.

Mr. Cappleman gave details on a loan being made to a family who operates a small farm near Long Branch, Panola County, which Secretary of Agriculture Orville L. Freeman today announced as one of eleven such loans being made throughout the county.

The loan was made to a 57 year old farmer and his wife, parents of 8 children, living near Long Branch, Panola County, Texas; \$2,500 for 15 years to refinance a mortgage which is overdue against his small 25-acre farm, purchase a milk cow and a mule, carry out some land development work and pay operating expenses on his 1965 truck crop which will consist of 2 1/2 acres of tomatoes and cucumbers. The family of ten also will raise a large garden and some pigs to meet their family food needs. Improvements made with the loan will enable this family to make a 50 percent increase in their gross income which last year totaled \$1,540.

Cappleman said approximately 75 applications for economic opportunity loans have been received.

The loans are authorized by the Economic Opportunity Act of 1964, which includes a rural credit service involving \$35 million in Federal funds.

In addition, three other loans have been approved in Texas; one to a 51 year old farmer who lives in Harrison County near Marshall, Texas.

There are five children in this family. The total amount of the loan is \$2,500. The funds will be used to purchase 12 acres of land, and move and repair a house to be located on the 12 acres being purchased. This will provide a more adequate dwelling for the family.

The third loan made this week in Texas, according to Mr. Cappleman, was one made to a widow living near Hempstead in Waller County. A loan of \$820 is being used to assist this widow in purchasing livestock and drilling a well so that she and her family will have a sanitary water supply for domestic purposes.

The Farmers Home Administration County Supervisor for Washington and Waller Counties, Temple Evans, has developed a farming program on the small acreage which should result in an increased gross income of approximately \$400 per year.

The fourth loan was made to a couple living in Bell County who operate a small farm. The loan funds will be used to enable them to add an additional source of income through the construction and equipping of a small tractor and farm implement repair shop. With this additional source of income, the family will be able to raise their level of living from \$1,200 per year to approximately \$2,000 per year after the business is in operation. This will amount to a 50 percent increase in their gross income from all sources.

The State Director of the Farmers Home Administration in Texas stated that all personnel are enlisting the assistance of rural agricultural and business leaders, school teachers, ministers, welfare workers, charitable organizations and others to assist this agency in informing low-income rural families of the opportunities available to them in the Economic Opportunity Act of 1964.

According to Mr. Cappleman, "The 1960 Agricultural Census showed approximately 375,000 rural families, both farm and non-farm, living in the country and in communities of less than 2,500 population, receive a gross income of \$3,000 a year or less from all sources. This means we have a real challenge in Texas in providing opportunities for these families to improve their level of living."

All of the loans bear a 4 1/2% interest. Economic Opportunity Loans may be made in amounts up to \$2,500 to finance small family businesses, trades, services, and farming enterprises.

The rural families eligible for anti-poverty loans are confronted with such problems as limited resources; low incomes; indebtedness beyond their present ability to repay; lack of management skills, and an unsatisfactory level of living.

THS Stage Band Presents Program

Vic Kyler's 14-piece Tahoka High School stage band presented the program at the Rotary Club last Thursday noon, and the program brought rounds of applause and praise from those present.

Popular numbers played included Solitude, Sunny Side of the Street, Design for Autumn, Easy Side Up, and Little Brown Jug.

Members of the band are: John Huffaker, Carroll Curry, Ralph and Bill Brock, Marla Bray, Ronnie Hudgens, Paul Kenley, Susan Curry, Kathy Curry, Janice Renfro, Arlene Stephens, Joe Jaquess, Richard White and Leslie Jones.

Mr. Kyler, school band director, said these students represent the top musicians in the bands and are selected from the group by exacting competition.

Club President Wilton Payne praised the group and on behalf of the club thanked Mr. Kyler for the fine job he has done in rebuilding the Tahoka band into a top musical organization.

Student guests, Jack Edwards and Jim Crawford, were introduced by Dr. K. R. Durham and Leighton Knox, respectively.

Harley Henderson announced W. O. (Cap) Whorton had been presented for membership in the club, and he is to become a full-fledged member the next meeting.

Rev. James Efrid, editor of The Stemminder, club bulletin, announced in his publication that Tahoka was fourth in district attendance last month and had one 100 percent meeting. Only Ralls, Levelland, and Floydada had better attendance records for the month.

Young Farmers Planning For Show

Plans were mapped out for the annual Tahoka FFA and 4-H Club stock show to be held at the county show barn on Feb. 20 by the executive committee of the Young Farmers, sponsoring organization at a meeting last week.

The Young Farmers sponsor the show so that boys and girls can prepare for the larger shows coming up in the near future.

To provide prize money for the show, the Young Farmers will ask individuals for donations to help the boys and girls on their expenses.

A door prize, donated by John Witt Butane Co., will also be given sometime during the show, according to members of the Tahoka chapter.

1964 Bond Sales Near \$200,000

For the first time in many years the state of Texas achieved its goal during 1964 in sale of U. S. Savings Bonds, sales for the year reaching \$147,317,356 or 100.16 percent of the goal.

However, for the first time in many years, Lynn county failed to attain its goal, set at \$230,000. Lynn's sale of E and B series bonds reached a total of \$190,000, or 82.6 percent, according to F. B. Hegel, county chairman.

Stonewall county led the Lubbock district with 134.2 percent of its goal sold. Garza raised 104.4 percent of its \$110,000 goal. Crosby 100.6 percent of a \$220,000 goal, and Terry only 42.2 percent of its \$170,000 goal. Lubbock county, under chairmanship of A. C. Verner, formerly of Tahoka, came close to its goal of \$1,900,000, selling 92.3 percent.

F. O. BAGBY IN HOSPITAL FOLLOWING HEART ATTACK

Mr. and Mrs. R. E. Bagby left Saturday of last week for Bisbee, Arizona, to be at the bedside in the hospital there of his brother, F. O. Bagby of McNeal, who suffered a severe heart attack on Friday.

F. O. Bagby formerly lived in Garza county in the Hackberry community, near the Lynn county line.

We Americans, being human, see the rest of the world from a slightly prejudiced viewpoint. Our American history textbooks, our news media, and our political leaders don't always give us all the facts—just those which sound good to American ears.

The Printer got his first jar on such facts of life back about 1923 when, in a history course under Dr. L. F. Sheffy at West Texas State, we were assigned a subject for study, "Mexican-American Foreign Policy", which required quite a bit of research for our dissertation. We found, looking at the subject from the Mexican

viewpoint, the U. S. has had a lot of "dirty linen", by accepted standards of honesty and integrity and fair-dealing, in its relations with Mexico.

Recently, we have read some clippings from British newspapers sent us by one A. Goff of Witham, England, a friend of a friend, and also some clippings from a French newspaper published in English in England. We have been reading some Polish-American newspapers furnished us by Joe Kolodziejczyk of Wilson. The past 10 or 12 years, we have made a point of talking privately and confidentially with each of the European foreign students brought to Tahoka for a summer by the Rotary Club. Some of the things we learn from such sources, from the other side of the fence, don't look good.

For example, we wonder why the rest of the world is mad at us, losing respect for Americans—in spite of the foreign aid dollars we are pouring into these countries. We wonder why de Gaulle of France rises up in opposition to almost everything American, when we have twice saved France from German invasion and restored her to stability.

We forget that back in the days of World War II, our leaders went on the radio broadcasting to the world almost instantly when Germany or the Soviets over-ran some country that we would see that this country and that was set free. Whether we were able to do this or not is beside the point. Whether President Roosevelt sold Eastern Europe "down the river" in his conference with Stalin is beside the point. We have promised, not necessarily in order, freedom to Estonia, Latvia, Lithuania, Poland, Romania, Bulgaria, Czechoslovakia, Austria, Yugoslavia, North Korea, and Cuba and several others.

But, instead of seeking their

freedom, we began meddling in the affairs of other countries. We helped and encouraged the breakup of the British Empire, the defection of Egypt and India, for example. Our do-gooders helped stir up the Arab nations. Our emissaries promoted the liberation of African colonies under the flags of France, Belgium, Portugal, England, Spain, when these colonies were very obviously far from ready to govern themselves. Just turn this around to see how the shoe fits. If France, for example, would send do-gooders into Puerto Rico or England or Belgium into Alaska and cause an American colony to rebel and help get its freedom from us, wouldn't we get a wee bit peeved?

United States public relations with its so-called friends just isn't conducive to world harmony. But, in spite of all this, we find, most peoples of these countries still look to the United States as their only hope for freedom, democracy, decency in the future world. Even people behind the Iron Curtain are still hoping against hope some day, some how, we can help them be free again.

This is going to be a good crop year. Miss Phyllis Linnemann, a New York zoologist, says so, because this is the Year of the Crow. She declares the crow will bring global good luck, good crops, good marriages, good investments, good relations among all peoples—generally good times. Two crows seen by a wedding party, she says, mean long life to the bride and groom. . . . A crow seen flying on your right hand, good luck; three crows, health; four crows, wealth.

"Do Lynn county farmers really want paved roads by their places?" asks a reader. "Then, why do so many allow their hands to drive listers, breaking plows, etc., across farm-to-market roads, gouging out great gobs of asphalt?" This carelessness and negligence is causing a lot of roads to be destroyed or damaged. Some advocate a very stiff fine for any tractor driver so damaging roads—so stiff that his boss will see that such does not happen a second time.

We believe a rebuilding job on US 390 from Tahoka east is long past due. Several miles of this paving was put down on an experimental basis and has never been properly repaired. This is the roughest stretch of pavement on the South Plains. In fact, the entire stretch from West Point to Post needs improving and widening. We believe a concerted effort on the part of the Commissioners Court, City dads, Chamber of Commerce, and others interested might cause the Highway Department to make some improvements. Properly approached, District Engineer Oscar Crain might push the repairing job.

Young Farmers are seeking installation of a blinker light at the blind railroad crossing in East Tahoka where there have been so many car-train wrecks and a few deaths. All power to them!

The Moody Courier says: "This government of ours is truly a system of checks and balances. Not too many years ago there was a relief check; then came the allotment check; then the war bonus check; to say nothing of the social security check, the unemployment check and soon to become commonplace will be the Great Society Check. That takes care of the checks but we're darned if we know where the balances will be found."

The above was taken from the New Rockford (N.D.) Transcript and it is true. The government is a big giant dishing it out with little thought that pay day is coming. We can remember when the national debt was about two billion dollars and folks in that day thought it was terrible. Now with more than three hundred billion in the red, it is tragic, terrible and a catastrophe.

Some more Federal government boondoggle: Closing one Veterans hospital at McKinney, and two weeks later announcing plans for a new one at San Antonio.

We once hoped to retire at age 60. Now, we find most of Sir Winston Churchill's most important accomplishments came after he was away past that age.

JUNIORS EXPRESS THANKS

We wish to express our appreciation to the many people who made our chili supper a success, to Lyntegar Electric who made available to us the use of their fine facilities, to the many mothers of class members who worked especially hard on this project, to the "Mystics" who provided music, and to those who bought tickets, we say "thank you." Our wish is that you will be proud of us as a class in Tahoka High School, as we are proud to have parents and friends such as you.—The Junior Class, Tahoka High School.

Nary writes again this year of her great pleasure in keeping track of old friends through the columns of The News.

Mr. and Mrs. Homer St. Clair, 510 Love street, Weatherford, write: "Please keep our News coming; it's like a letter from home—sometimes a little sad because of the deaths of so many of our old friends there, but we like to keep up. What a blow it was to lose Wynne Collier—he was so much a part of the community."

The class was having a composition lesson. The teacher instructed: "Do not imitate what other people write. Simply be yourself and write what is in you." Little Tommy wrote this: "We should not imitate others. We should write what is in us. In me are my stomach, heart, liver, two apples, one piece of pie, a lemon drop and my lunch."

Pooling Law Would Benefit Landowner, Oil Executive Says

Citizens of Lynn County, producer of some \$1.7 million worth of oil and gas a year, have a special interest in the "pooling" bill now before the Texas Legislature. James L. Sewell, Dallas, president of Texas Mid-Continent Oil & Gas Association, reported this week.

"Although Lynn County has production, the oil men who operate here, as well as the landowners and governmental officials, are interested in securing maximum development," Sewell said. "A pooling law will encourage a more efficient and more equitable approach to development of our oil and gas resources."

A measure, supported by all segments of the Texas petroleum industry after two years of intra-industry conferences and study, was recently introduced as Senate Bill 2 by Senator Galloway Calhoun, Jr. of Tyler, and as House Bill 2 by Rep. Wayne Gibbons of Breckenridge. Sewell stressed that the measure does not affect normal leasing and voluntary pooling arrangements between landowners and operators, nor does it affect in any way reservoirs discovered and produced before March 8, 1961 (date of Supreme Court decision that wells on small tracts could not produce at rates disproportionately higher than adjoining tracts). "The pooling bill is designed to make it possible for mineral owners—regardless of the size tract of land they may have—to get

Practically everyone who has any interest at all in farming and farm programs has seen fit to comment on the farm section of Budget Director Kermit Gordon's article in the January 9 issue of the "Saturday Review," perhaps because that section of the article is so richly deserving of criticism.

Much of Director Gordon's discourse is given to a rather astute analysis of the difference between economy, parsimony, and profligacy, and since his thinking appears to parallel that of Merriam-Webster, no one seems to take offense. But in his discussion of farm programs he is on no such familiar ground.

In a nutshell, Mr. Gordon finds fault with current government farm programs because — since they largely operate by supporting the prices of various commod-

ities—80 percent of government assistance goes to farmers who produce 80 percent of the nation's food and fiber. Why this fact is so onerous to Mr. Gordon is explained by pointing out that only 1,000,000 (27 percent) of the 3,500,000 farmers now are producing 80 percent of our agricultural products. Enough, he says, to supply "all of the nation's farm needs, including our large commercial exports." Gordon bemoans the fact that 80 percent of government assistance goes to 1,000,000 farmers while the remaining 20 percent of assistance is spread thinly among the remaining 2,500,000, and that farm programs are therefore "not welfare programs."

It is our opinion that they were not meant to be welfare programs, but programs to prevent the collapse of the farm economy and the subsequent consequences to the nation in general. Without debating the advisability of welfare programs, we would submit to Mr. Gordon that welfare programs should in no way be connected with, nor charge to, agricultural programs.

Advocacy of government assistance to agriculture on a "per farm" basis instead of on a farms ability to produce is tantamount in our minds to advocating that the government extract "from each according to his ability," and lend aid "to each according to his need." Such a system penalizes and discourages the ability and the incentive to produce, and has many times in many nations proven disastrously unworthy.

There has been much speculation as to whether or not the Budget Director's article was published with the approval of the Administration, and some have even suggested the possibility it mirrors White House thinking on farm policy. We certainly hope this is not the case. If it is necessary that the government provide additional aid to those in agriculture whose production is not sufficient to meet their needs under commodity programs, well and good, but such aid should not come through farm programs that would undermine the entire agricultural economy.

PCG Mill Tour Sign-up
Over 40 people on the High Plains have already indicated to Plains Cotton Growers their intention of participating in the textile mill tour to be sponsored by the organization February 16, 17 and 18. There is still room on the tour for about 25 or 30 more people, and reservations should be made as soon as possible.

The group will tour textile plants in the Spartanburg, South Carolina area, leaving Lubbock at about 9:00 a. m. on February 16 and returning to Lubbock on February 18. Spartanburg County is one of the most progressive textile areas in the U. S. and offers an excellent opportunity for High Plains residents to get a first hand look at latest industry developments.

Travel will be by chartered plane at a cost to each tour member of around \$125, and with the exception of two breakfasts, all meals on the tour are furnished. J. D. Aldridge of Lamesa said on returning from the last such tour: "Every High Plains farmer should have made this trip or should make a similar one." Interested parties can make reservations and get additional details by contacting Plains Cotton Growers, 1720 Avenue M, Lubbock, Phone PO 2-0553.

Cotton Legislation
Groups of cotton producers, ginners, merchants, spinners and the National Cotton Council which encompasses all of these groups plus others, have been in session over the past few weeks to consider their position with regard to cotton legislation. The Agricultural Act of 1964 under which the cotton industry is now operating is due to expire July 31, 1966, and where to go from there is sure to be a leading subject for discussion during this session of Congress.

To date, only one thread of continuity runs through the resolutions passed by these various groups. Virtually all are in favor of a "one-price" system for cotton, but there is wide diversity of opinion as to how this should be achieved. Some have resolved to support the present program "with minor changes," but what one group considers "minor" is often considered by another as monstrous, so there is a long way to go before the cotton industry can present a united front to Congress.

As a start toward at least getting cotton producers seeing more closely eye to eye, the American Cotton Producers Associates, made up of some 17 cotton producer organizations across the cotton belt, is meeting during the first week of February and Plains Cotton Growers, Inc. will be represented at that meeting.

At the moment most are with holding opinions as to what Congress might or might not do with respect to cotton legislation pending delivery of the President's farm message to Congress expected early in February. Some sources within the industry have predicted that the President's message will call for a simple

Poverty Loans . . .

(Continued from Page One)

To help overcome these problems and assure success of the new businesses or farming enterprises, borrowers will be provided with intensive and continuing management aid by local county supervisors of the Farmers Home Administration.

To be eligible for the new rural credit program, an individual applicant must:

1. Live in a rural area which includes towns up to 2,500 population.
2. Have an income so low it does not cover basic family necessities.
3. Be unable to obtain credit from other sources, including the regular loan programs of the Farmers Home Administration, and
4. Show a reasonable promise of succeeding in the enterprise to be financed by the loan.

Any inquiries regarding the extension of the present law. Others predict a request for sweeping changes. Right now it's anyone's guess.

assistance available through the Farmers Home Administration or other provisions of the Economic Opportunity Act, should be directed to any one of the local Farmers Home Administration County Offices.

Cotton is the life-blood of Lynn county economy. Why not use more of it?

MINISTER VISITS HER E
Minister Russell Ingalls and wife of Pacific Beach Church of Christ, San Diego, Calif., visited here Monday night with his friends, Ralph Beistle, of the Tahoka Church of Christ, and family. They were here to attend the Ninth Annual Lubbock Christian College lectureship which ended on Thursday.

"Nervousness" Has Physical Origin

By Dr. H. W. McIlroy

Herman H. Rubin, M. D., in his book, *Eugenics*, states that psychoanalysts are so absorbed in the study of the mind, and in analyzing the free association of ideas and determining the psychology and hidden explanation of dreams that they often overlook the role of nerve irritation from spinal displacements as a cause of these conditions.

Dr. Rubin, a fellow of the American Assn. of the Advancement of Science, and author of "Mysterious Glands," etc., writes that: "... it may never occur to them (psychoanalysts) that the headaches, stomach trouble, neuritis, or nervous irritability they attempt to cure may be due to nothing more or less than a displaced vertebrae which any competent chiropractor can restore to normal position in ten seconds and which horses and all the king's men can not put back by mental means in ten years or ten thousand years."

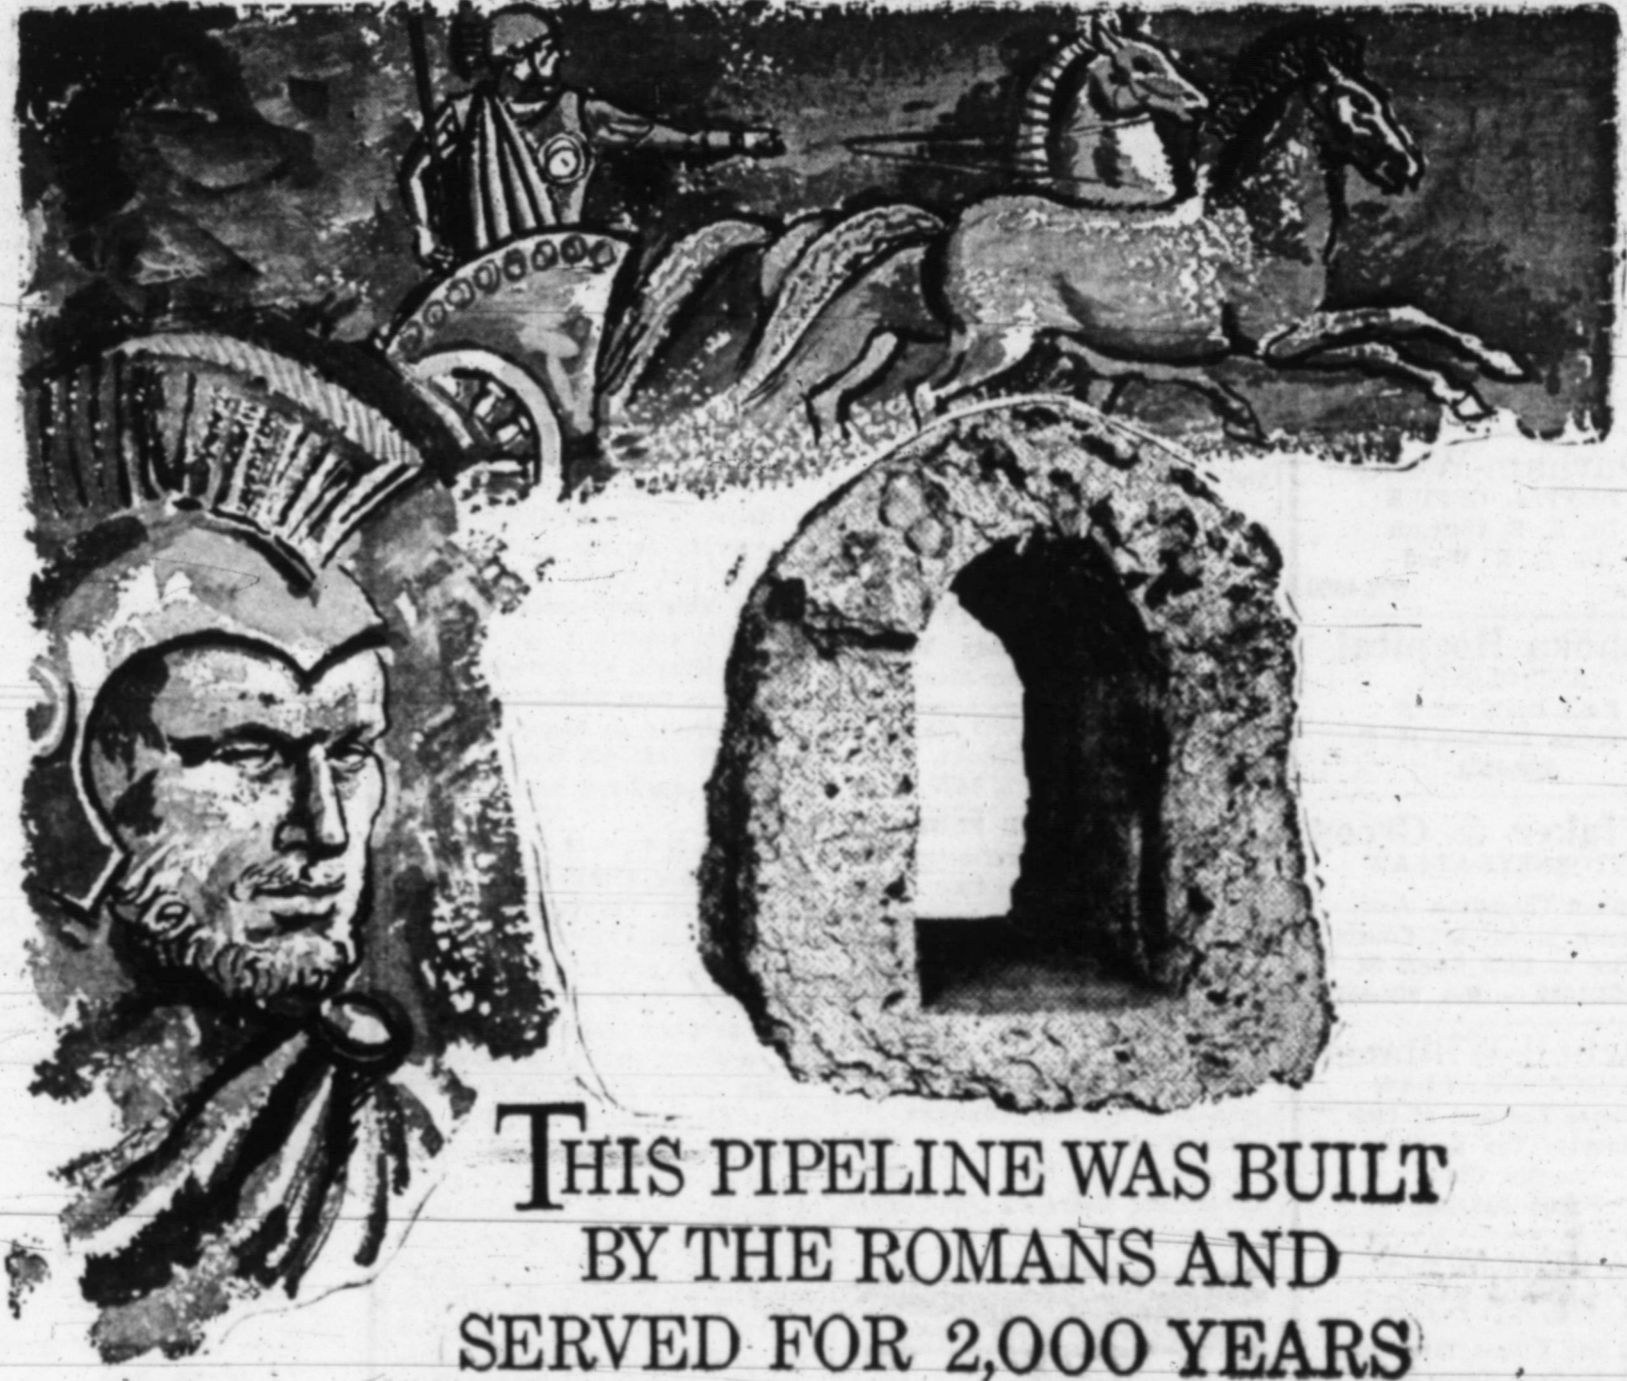

Those are strong words from this prominent medic, author, and Research Scientist, but like statements have been rolling out of Scientific Research Centers with increasing frequency the past few years.

year old mother was brought to Chiropractic in the depths of a nervous collapse. She had suffered intermittent seizures of "nervousness" and mental depression for over eight years. Her parents had been summoned from the West Texas area and after making the usual rounds of clinics, hospitals and specialists, they will had a very sick daughter. Discouraged they brought her to chiropractic in a note of desperation.

All the usual nervous symptoms, such as tight head, choking sensation, trembling shakes, dizziness, blackout spells, stomach cramps, nausea, diarrhea, despondency, fearfulness, phobias, etc. were present as well as history of female trouble and irregularity such as we so frequently find associated with so-called "mental sickness." That symptom alone should cause some thought about the physical side of this disorder.

Spinal examination and X-rays located the causative factors in the central nervous system and our corrective adjustments restored normal nerve function by removing the offending vertebral disturbances. She was released well and happy. She remains well over the years, and thanks chiropractic.

It's wonderful to feel good again, why not investigate. Who knows, health may be as near as your telephone. Try for it! 214 Tahoka Road, Brownfield, Texas. Telephone 637-3242. Adv.

THIS PIPELINE WAS BUILT BY THE ROMANS AND SERVED FOR 2,000 YEARS

This photo, from the Smithsonian Institute in Washington D. C., shows a section of the original aqueduct that served the water needs of the conquered city of Cologne, Germany. It was constructed in 80 A.D. by the engineers of Fabius Sabinus Titus, Emperor of Rome. The aqueduct extended 56 miles underground between Cologne, and Eiffel and served as the main artery for the Cologne water supply until the late 1920's.

THIS PIPELINE IS EVEN MORE DEPENDABLE !!

Because of modern materials and manufacturing techniques, Gifford-Hill-Western's LOCK-SEAL provides an even more dependable underground pipeline. The close tolerance design makes the pipe more suitable, and joint flexibility eliminates the effects of expansion and contraction due to soil conditions and temperatures. By combining a superior product with modern day design and installation know-how, you have an underground irrigation system that serves dependably year after year . . . generation after generation. LOCK-SEAL is the product. Gifford-Hill-Western is the Company . . . depend on them!
