County Ginnings 105,000 Last Year

Lynn county had ginned 105,254 bales of 1964 cotton up to January 16, according to a report from the U. S. Bureau of Census received by The News. This is a drop of 50,000 bales from a report on the same date a year ago on the 1963 crop.

Final ginnings report will be issued in March or April, when cotton will be adjusted to 500 pound averages and to counties where produced. However, very little change is expected in Lynn's figures.

In the January 8 issue, The News estimated ginnings were past 100,000 and would possibly reach 105,000.

Lynn county dropped to eighth in Plains cotton production this past year, due largely to having less irrigated land than several other counties and therefore more seriously affected by the drought.

Following is production by counties:

	1964	1963
Lubbock	233,879	245,812
Hale	211,223	188,082
Lamb	178,820	165,133
Hockley	171,287	206,372
Crosby	130,018	138,578
Terry	121,164	125,926
Floyd	119,364	112,480
Lynn	105,254	155,245

Mrs. A. R. Hensley Buried Monday

Mrs. A. R. Hensley, 78 year old Lynn county pioneer teacher of the Draw community, died at 3:00 a. m. Sunday in Lamesa Hospital.

Funeral services were held at 3:00 p. m. Monday, in the Draw Methodist Church with Rev. Jesse Young of Sundown and Rev. Ray Forbes, pastor, officiating. Burial was in Draw Cemetery under direction of White Funeral Home.

Omega Millie Graham was born Sept. 19, 1886 in Milam county. She married Arthur Rufus Hensley March 21, 1908 in Milam and the couple came to Lynn county from that city in 1916.

Having lived in Draw for 49 years, Mrs. Hensley taught many Lynn county people. Mr. Hensley, who died in 1943, was also a teacher, had farming interests and at one time was in business there.

Mrs. Hensley was a member of the Eastern Star and the Methodist Church.

Survivors include three sons, Graham, Pat and Zan, all of Draw; one sister, Mrs. R. R. Ragan, of O'Donnell; two brothers, A. R. Graham of Milano and Owen B. Graham of Cameron; nine grandchildren and seven great grandchildren.

Pallbearers were grandsons and nephews, Roger Hensley, Robert Hensley, Kenny Hensley, Rusty Hensley, Marlin Hawthorne and John Shanks.

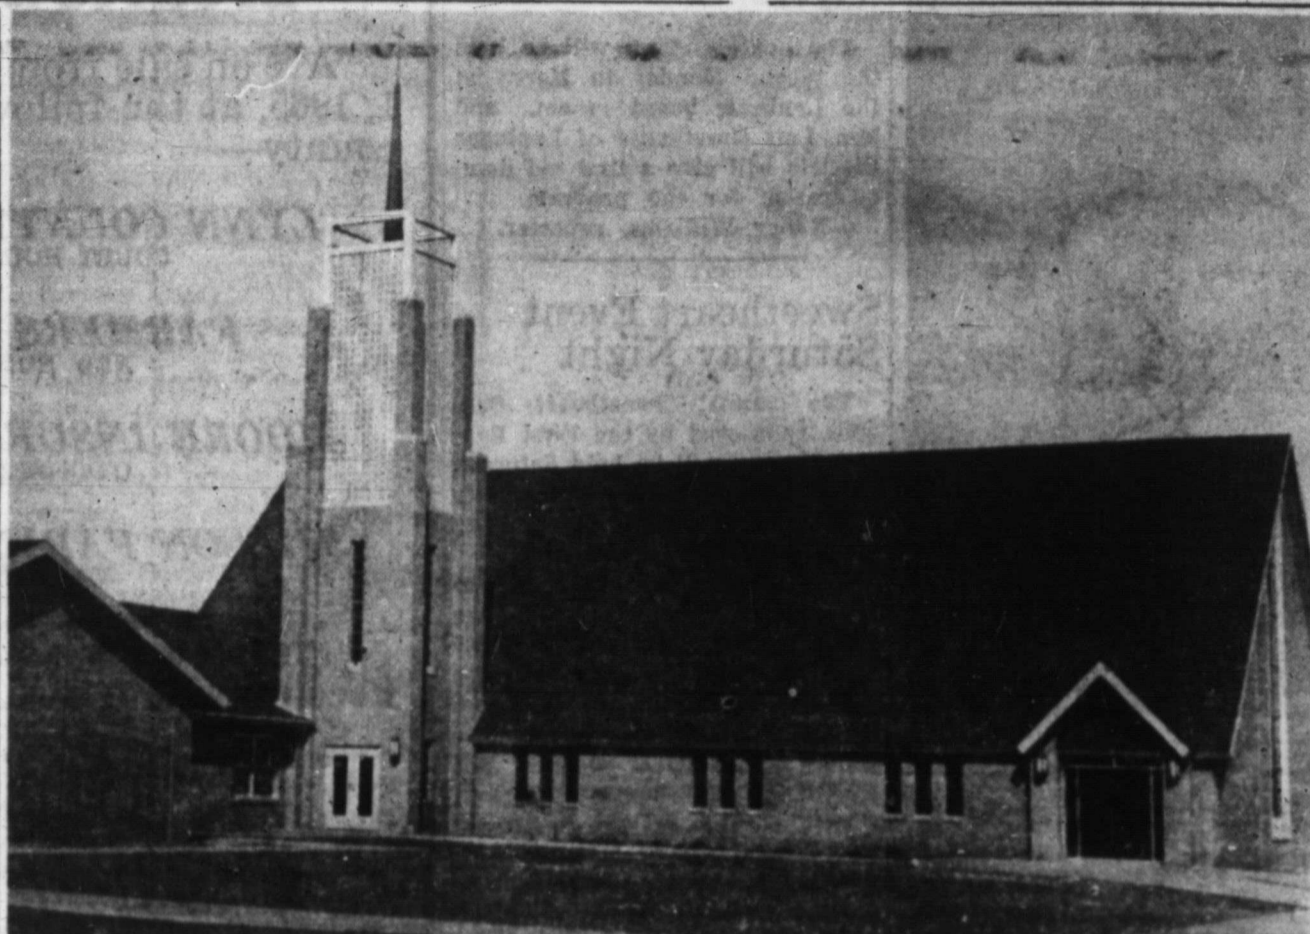

Frankie Jones Baby Is Buried Tuesday

Graveside services for the infant son of Rev. and Mrs. Frankie Jones of University Baptist Church in Lubbock were held Tuesday at 4:00 p. m. in Tahoka Cemetery with Rev. Ray Tatum of the same church officiating.

Named Randall Carey, the child died Monday 12 hours after birth in Methodist Hospital. The father has been visiting pastor at University Church the past four months. The parents have one surviving son, Rusty, age eight.

Frankie was reared in Tahoka the son of Mr. and Mrs. H. P. Jones, and his wife is the former Miss Barbara Roberts of Grassland, daughter of the late "Shorty" Roberts and Mrs. Orville Lamberson, who now lives in Lubbock.

Mrs. Auds V. Teaff of Post entered Tahoka Hospital Wednesday where she is a medical patient.

NEW METHODIST CHURCH, occupied last fall, is now entirely complete except for a few minor furnishings, erected at a cost of \$158,000 including furnishings. Picture above shows outside view of sanctuary and 76-foot tower and steeple, indirectly lighted at night. To left may be seen a part of the Education building which extends 217 feet across west side of half block, includes small chapel, parlor, offices, Fellowship hall seating 175, kitchen, and 13 classrooms.

SANCTUARY INTERIOR of new Methodist Church looking west toward pulpit, seats 400 people, and has indirect lighting. Appearance is enhanced by planter boxes, the altar inset with carving of Lord's supper, and the lighted cross. Not pictured in the rear is the nursery and the 26-foot high art glass window featuring Christ and his invitation, "Come unto me." (Photos by Rev. Aubrey White, pastor)

Mrs. Leland White On State Committee, Plans Meeting Here

Mrs. Leland (Barbara) White of New Home has been named a member of the state-wide recreation committee of the Texas Home Demonstration Association. Mrs. Wilmer Smith informs The News.

Mrs. White is currently busy planning the April 27 District THDA meeting which will be held in Tahoka, and will have full charge of all arrangements for the affair.

She is currently the THDA chairman for Lynn county, is former president of New Home Home Demonstration Club.

Incidentally, Mrs. Wilmer Smith, president of the Women of the Year organization of the South, presided at the meeting in Dallas sponsored by Progressive Farmer honoring outstanding Southern farm ladies. Mrs. Homer Green of Mississippi succeeds Mrs. Smith, who is also treasurer of the National Home Demonstration Association.

She leaves Sunday for Chicago where she will participate in meetings of the President's Committee on Traffic Safety.

L. C. Haney was released from Tahoka Hospital Wednesday. He had been a medical patient since last Saturday.

Mrs. Julian Pirtle of Draw has been a patient in the hospital at Lamesa the past week.

Local Farm Bureau Opposes Cotton Allotment Program In Present Form

In a regular monthly meeting of the board of directors of Lynn County Farm Bureau voted to go on record in opposition to Free-man domestic cotton allotment in its present form. The board members say they have talked to farmers all over the county, and in discussing the program, feel that the deadline for signing up of March 26th renders this program useless for farmers in this area.

This program differs from the 1964 program in that once a farmer is in, there is no way out. In 1964 several farmers in this county and adjoining counties, because of the severe drought, were benefited by being able to wait and see, then plow back to their domestic allotment. In several cases this money was the difference between staying in business and complete disaster for the farmers of this area.

This domestic allotment program, as originally written in 1964, was primarily designed for the small or 15 acre farmer. As people on the South Plains examined the original program in 1964, most farmers realized that although in a normal year they could make more money with their regular allotment, the domestic allotment provided excellent drought or disaster insurance.

None Filed For School Trustee

On Thursday morning no one had filed for trustee of the board of education of Tahoka Independent School District.

The terms of Cleve Littlepage, J. T. Miller and Wilton Payne expire and the board called an election last week for Saturday, April 2.

Candidates must file by Thursday, March 4, at the office of the secretary, Mrs. Peggy Elliott, in the Fenton building.

Holdover members of the board are Clifton Hamilton, Roy Stephens, James F. Roberts and Martin White.

Rodeo Association Re-elects O. Short

Members of Tahoka Rodeo Association elected officers at a meeting of the organization last week and named Oran Short to serve another term as president.

A. P. Stephens will succeed Jerry Church as vice president and Elwayne Crowell is a new director, succeeding Dock Dockery.

Holdover directors include E. L. Short and Ruben McElroy.

The Rodeo Association has a membership of about 30 Lynn county men.

Tahoka Post Office Receives UPI Nation-Wide Newspaper Coverage

Tahoka is on the map—thanks to the U. S. Post Office here and its postmaster, Happy Smith.

The story appearing in the Lynn County News last week of Tahoka's Zip Code used as a sample address in the back of the \$1.00 book of five cent stamps, was sent along to the Avalanche Journal.

There, after calling Assistant Postmaster Charles Townes, Tanner Lane used it in a front page two column "box." It then appeared in the Dallas Morning News as one from West Texas News Service.

This week, Happy Smith received a clipping from the Jersey Journal, Jersey City, N. J. of the story with a UPI tag (United Press International).

The whole thing started when the local post office began receiving letters addressed as the sample showed:

Mr. W. B. Jones
His Town, State 79373

The return address was:
James Doe
3800 Main Avenue
Your Town, State 20018

The Zip Code 79373 is that of the Tahoka post office. The return is that of Washington, D. C. "Hap" Smith thinks Seth Brewer, former Tahoka native now with the Postal Department in Washington, is the man who suggested the return address.

Clint Walker Buys Forrester Agency

Clint Walker this week announced the purchase of Forrester Insurance Agency, effective immediately, and he is combining this business with The Clint Walker Agency, which he established several years ago.

Forrester Insurance Agency is one of the town's older businesses, having been established in 1930, and before that Mr. and Mrs. Forrester were in the insurance business in Wilson. She has been in ill health several years, and her son-in-law and daughter, Mr. and Mrs. J. A. Biggerstaff, have been operating the business. Mrs. Forrester is a pioneer citizen of the county.

Walker is also a pioneer, having been born here. His dad, the late J. B. Walker, was Tahoka's second school superintendent. His mother now lives in Lubbock. After graduation from high school here, Clint attended and graduated from Texas Tech, served in World War II as a Navy officer-pilot. For several years following the war he was office manager of the Lynn County ASCS office, before establishing his insurance agency. Mrs. Walker is the daughter of the late Dr. C. B. Townes, pioneer physician, and Mrs. Townes, now of Lubbock.

Walter Bertsch Is Moved To Andrews

Donald Reed from Bartlett, graduate of Texas A. & M., will be the new conservationist at Lynn County Soil Conservation District office here. Since finishing college, he has served in the Army and recently has been stock farming. He is married, but has no children.

He succeeds Walter Bertsch, here four years, who is being transferred to Andrews. Walter says he hates to leave Tahoka because of the many friends made.

He says he will ever have a warm place in his heart for Tahoka, if for no other reason because three of his four children were born here.

Miller Re-elected At New Home

H. I. Miller, superintendent of schools at New Home the past six years, was unanimously re-elected for another year at a board meeting last week.

When he went to the school, the district was under probation by the State Department and threatened with losing accreditation. In less than five years, all requirements were met for a standard school.

During this time, the elementary school has been enlarged, a new homemaking cottage built, a new high school building erected, and the curriculum improved.

The board also is sending Mr. Miller to the annual meeting of the American Association of School Administrators in Atlantic City, N. J. He will leave Thursday morning by plane with a Lubbock delegation of about 25. They will spend two nights in New York City and return home on February 18 after spending a day as guest of Congressman George Mahon in Washington, D. C.

Supt. and Mrs. Charlie White of O'Donnell are also making the plane trip with the delegation.

Mary Moore's Pig Wins At El Paso

Reserve grand champion barrow hog in the El Paso Junior Livestock Show was shown by a Lynn county 4-H club member, Mary Moore, daughter of Mr. and Mrs. C. A. Moore of O'Donnell.

Her entry was a lightweight Hampshire, according to County Agent Bill Griffin.

Judging in the hog classes was on Monday, and steer judging was being held on Wednesday.

Banquet Tickets Now On Sale

All people of the county are welcome to attend the annual Farmer-Businessman banquet of Tahoka Chamber of Commerce on Monday, Feb. 22, at 7:00 p. m. in the school cafeteria. Ticket sales are limited to 325, however, at \$2.00 per plate, states Harold Roberts, C. of C. president.

Annually, this has proven to be a top entertainment event, and C. of C. officers promise this one will be no exception.

Feature of the program will be entertainment by "The Ramblers" from Wayland College, a group of students organized last spring but already in demand over a wide area for programs. The group includes a string band, folk singers and comedians whose range runs from harem-scarem hootenanny and hillbilly to popular and semi-classical.

Tickets may be obtained at the C. of C. office in the Federal Land Bank (Deen Nowlin) building or from any C. of C. officer or director, Secretary Retha Dunn, President Harold Roberts, The News, or Warren Embree at First National Bank.

Mrs. J. F. White Rites On Sunday

Funeral services for Mrs. J. F. White, Sr., 82 year old resident of O'Donnell, were held Sunday at 2:00 p. m. in the First Methodist Church, O'Donnell, with Rev. David Hamblin, pastor, and Bro. Jack Hackworth, minister of the Church of Christ, officiating.

Burial was in O'Donnell Cemetery under direction of White Funeral Home.

Mrs. White died at 7:15 p. m. Friday in a Brownfield hospital, where she had been a patient for about three weeks.

Myrtle May Patterson was born Feb. 26, 1882 in Parker county, Texas. She was married to J. F. White, Sr. Dec. 19, 1901 at Mill-sap and the couple came to Lynn county in 1928 from Stonewall. They moved to O'Donnell eight years later.

Mr. White died Dec. 8, 1964.

Mrs. White was a member of the Methodist Church.

Survivors include four daughters, Mrs. Bertha-May Kenley of O'Donnell, Mrs. Mary Lois Carmichael of Wellman, Miss Alta A. White of Lubbock and Mrs. Beatrice McLaurin of O'Donnell; five sons, Virgel E. Willie F. and J. F. Jr., all of O'Donnell, Parnell of Denver, Colo., and Edell of Snyder; one brother, Ed Patterson of Fort Worth; 21 grandchildren and 13 great grandchildren.

Mrs. S. P. Spruiell, 76, received bruises Wednesday when she fell in her bath tub. She is under treatment for the injuries in Tahoka Hospital.

Vicki Teaff, six months old daughter of Mr. and Mrs. Roy Teaff of Post, entered Tahoka Hospital Monday as a medical patient.

Wharton's Is Observing 25th Anniversary Here

Monday marks the 25th anniversary of Winston C. Wharton's embarking into the business world in Tahoka, and his business has grown from a modest little service station to a large automotive business employing ten people regularly.

When he bought the service station on February 15, 1940, at South Second and Avenue J (Sweet Street) and became agent for Continental Oil Company, the station's stock invoiced about \$125.00.

Outgrowing this location in two years, he moved to the old Howell garage building uptown, also on Sweet Street. In the meantime, he had in 1941 become franchise dealer for Oldsmobile.

Still expanding his business, in 1944 he built the present building on Main Street, and twice since has enlarged the building until it now appears as shown in the picture in the advertisement on this page, has 90 foot frontage and extends 130 feet in depth.

He added GMC trucks and pickups in 1946, but in 1949 sold the Conoco part of the business. He is also distributor for Armstrong and Star tires and many other automobile accessories.

The business was incorporated a few years ago as Wharton Motor, Inc., with Winston as president; Mrs. Winston C. Wharton, vice president; and their daughter, Mrs. James C. (Anne) House, director.

Just recently, Winston's brother, W. O. (Cap) Whorton from Albany, who has spent most of his adult life in the automotive business, has joined the firm as secretary and manager. Cap is married and he and his wife have one daughter, Barbara. All have been active in church, school, and civic affairs at Albany. Mrs. Whorton is not entirely a stranger to Lynn county as she once taught two years in O'Donnell High School.

"Although we lay emphasis on selling, Mr. Whorton says, 'What little success we have had we attribute to backing up our products with service and to the fine personnel we have had in our organization. Our mechanics today actually are technicians, factory-trained for repair and service of modern automobiles, particularly the Olds and GMC lines.'

Wharton's has a modern, well-equipped service department, plus a full stock of parts and accessories. In addition to standard repairs, adjustments, overhauls, and lubrication, the shop features front end alignment by John Bean Visualiner and wheel balancing.

W. W. (Woody) Brazil, sales manager, has been with the firm 10 years. He and his wife have three children.

Service manager, W. A. (Nick) Nichols, has been with Wharton's nine years and has attended various GM technician training schools.

Ragan Reed, mechanic, has been with the firm six years, but has been working with automobiles since about 14 years of age and also has special GM training. He and Veda have one son.

Gil Rivera joined the firm a year ago, also is trained in the field of automotive mechanics, is married and has two children.

James Scott, in charge of lubrication service, has been with Wharton's six years, is married and has five children.

Managing the parts department is Dewayne Ginn, with the local firm for two years and with seven years previous parts experience. He and his wife have two children.

Ronald Kellum joined the firm four months ago as assistant parts manager. He and his wife have no children—yet.

Mrs. Royce (Joyce) Bevers, bookkeeper, has been with the firm six months. She and her husband, who is with Puka-Lambro here, have two children. Wharton was reared at Albany.

where his parents were early day settlers, attended University of Texas, and was married to Miss Louise Morrel, daughter of Doug Morrel and his late wife of Post, who were early settlers to Garza county. She also attended the University, and taught school before her marriage. Their only daughter, Anne, was reared here and is married to a young Lubbock attorney.

Mr. Whorton has long been active in local civic affairs, has served on the school board, city council, president of Tahoka Rotary Club, president of Chamber of Commerce and has been in many other activities. He and his wife are members of the Methodist Church. His hobby is farming, and Mrs. Whorton's is bridge, in which she has achieved Life Master, highest ranking in American Contract Bridge League.

"We deeply appreciate Lynn county and its people, the finest anywhere," Winston says, "And on this 25th anniversary we just want to say thank you one and all. We hope to live here as long as the Good Lord will permit."

Book Is Reviewed At Garden Club

"So Laugh a Little" by Molly Picon was reviewed by Mrs. Madeline Hegl, homemaking teacher in Tahoka High School, at a meeting of the Tahoka Garden Club this week in the home of Mrs. Garland Pennington.

The Valentine motif was carried out in table decorations and refreshments. Mrs. Natt Park was co-hostess.

In a business session two money-raising projects were adopted to help in the beautification program at the new high school building. Mrs. Hubert Tankersley, president, presided.

Prize for the best arrangement was awarded to Mrs. Oscar Roberts.

A ceremony of dedication to all past presidents of the Garden Club was conducted by Mrs. Emil Frohl, who spoke in honor of those who served so faithfully in the past, presenting each with a red rose bud. Included in the group were Meses. Bob Rutledge, John Witt, Ivan Cathcart, Clifton Hamilton, Garland Pennington and Clarence Williams. Two past presidents were unable to attend, Mrs. L. C. Haney and Mrs. Calloway Huffaker.

Guests attending were Meses. H. B. Howell, Dennie Polk, Harold Reynolds, W. O. (Cap) Whorton, Guy Witt and Ivan Cathcart.

Shower Is Given For Miss Bednarz

Miss Shirley Bednarz, bride-elect of Mike Moerbe, was honored with a bridal shower Sunday afternoon in the home of Mrs. Melvin Wuensche, route 1, Wilson.

Guests included grandmothers of the couple, Mrs. Bednarz and Mrs. Muerer of Slaton and Mrs. Symmank of Thorndale, and their mothers, Mrs. Alvin Bednarz and Mrs. Howard Moerbe.

The serving table was covered with an off-white cloth interwoven with lace ecru thread and centered with an arrangement of red roses and white doves and a white heart topped with a miniature wedding bell.

Miss Margie Talkmitt presided at the bride's book and Misses Sandra Behrend, Betty Wuensche and Wanda Wuensche presided at the serving table.

Assisting with hostess duties were Mrs. Cecil Wied, Mrs. Herman Wuensche, Mrs. August Patsche, Mrs. Byron Talkmitt, Mrs. A. J. Glickhorn and Mrs. Alvin Kaatz. About 60 guests registered.

The couple will exchange wedding vows Saturday, Feb. 13, at 5:00 p. m. in St. Joseph's Catholic Church in Slaton.

Mrs. Bert Stevens was released from Tahoka Hospital Thursday of last week as a medical patient.

Pictured here are members of Girl Scout Troop 401 at their recent rededication ceremony. Front row, left to right, are Vicki Owens, Paula Payne, Cindy Gibson, Connie Miller, Betty Makovy, Betty Owen; back row, Pam Rainld, Judy Gattis, Debby Curry, Joan Connolly, JaJean Jaquess and Sue Glenn.

Local Girl Scouts Hold Rededication

With parents as guests, Girl Scout Troop 401 planned and participated in a rededication ceremony in Fellowship Hall of the First Methodist Church Thursday, Jan. 28.

Following the program refreshments of punch and cookies were served by the girls. The Troop expresses its appreciation to the officials of the church for the privilege of meeting there.

The following girls are members of the Troop, Connie Miller, Judy Gattis, Debby Curry, Betty Makovy, Joan Connolly, Cindy Gibson, Betty Owen, Pam Rainld, Vicki Owens, Sue Glenn, JaJean Jaquess, Paula Payne.

Embroidery Party At Mrs. Wilson's

Mrs. Floyd Wilson was hostess to an embroidery party in her home Tuesday afternoon.

Miss Garene Harris Member VHTAT

Irma Garene Harris, Homemaking teacher for the New Home High School, is an active member of the new organization, Vocational Homemaking Teachers Association of TEXAS (VHTAT). VHTAT was founded at the State In-Service Education Conference in Dallas, August, 1963. Membership has grown from 364 during the first year to almost 600 at the present time.

The organization is affiliated with the American Vocational Association, Texas Vocational Association, and has petitioned for affiliation with the Texas State Teachers Association. It was recently voted by the Board of Directors to affiliate during the next membership year with the National Association of Vocational Homemaking Teachers.

Miss Rachel Marley of Mart, Texas, is serving her second year as the first president. There are fourteen directors on the Board, and each director represents a portion of the state in all business and organizational matters.

Headquarters for the association office are in Austin, where Mrs. Edna Ann Gray is the Secretary-Treasurer.

Some of the purposes of the organization are to promote the interests of active teachers of vocational homemaking education, to encourage higher standards of teaching, to promote harmony and solidarity of group action within the membership, to cooperate with other agencies associated with the homemaking program of work, to recognize outstanding contributions made to vocational home-

Star-spangled way to help your baby's future

Suppose somebody had started off your future with a U.S. Savings Bond. And kept adding more Bonds as your birthdays added up.

You would have had a nice send-off when you set out to conquer the world! It's still a great idea. And if you have any new boys or girls in the family you can put it into action now.

The cost is small. Only \$37.50 for each \$50 Bond—or less than 11¢ a day to buy one every birthday. U.S. Savings Bonds will save more than money for your baby's future, too. They'll help Uncle Sam safeguard his future freedom.

Ask about buying Bonds where you work or bank. You don't have to wait for a birthday, either.

Keep freedom in your future with U.S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this publication for their patriotic support.

After six great years like this what could Pontiac possibly come up with next?

The 1965 Pontiac: Car of the Year! That's what!

We had to reach a climax somewhere along the line. And what better climax for a car than to win Motor Trend's Car of the Year Award for 1965? Nothing could please us more, except maybe the way people are buying our cars. And they are. Drive one and find out why.

Letter Jackets Presented To Football Boys In Assembly Program Here

Football letter jackets, "B" jackets and freshman sweaters were presented Tahoka High School athletes in an assembly of students last week by Coach Gib Hough.

A total of 28 lettermen received jackets and "B" jackets were presented to four boys. Nine boys earned freshman sweaters, and jackets were awarded two managers. In addition a blanket was presented to this year's football queen, Carla McNeely.

Coach Dave Easterday was presented a plaque by the "T" Club and Athletic Department and he received a standing ovation by the student body. Coach Hough likewise was given an ovation by the students.

Those presented letter jackets included Adolph Chapa, Dennis Clem, Jim Crawford, Mike Curry, Jack Edwards, Frankie Farrara, Terry Harvick, Eddie Howard, Jack Jaquess, Jesse Limon, Stanley Price, Mike Reid, Jim Wells, Glenn Riddle, manager, all seniors; Robert Adams, Mike Davis, Dean Hamilton, Larry Jolly, Benny Limon, Rett Patterson, Freddie Pierce, Stanley Renfro, Gary Tom-

linson, juniors; Danny Coburn, Milton Edwards, Tommy Kidwell, James Moffitt, Mitchell Williams, Bill Thomas, manager, sophomores; and Cliff Thomas, freshman.

Receiving "B" jackets were Phil Adams, Johnny Hillhouse, S. R. Pena and Wayne Thurman.

Freshman sweaters were presented to Gary Brooks, Thomas Marruquin, John Owens, Chris Roberts, Doyle Schneider, Lusiano Soliz, John Tyler, Dickie VanHoose and Randy Wood.

The name of "Old Glory" was given to the American flag on August 10, 1891 by William Driver of the merchant ship Charles Daggert.

Larry Kizzlar was a medical patient in Tahoka Hospital Thursday and Friday of last week.

Seagraves Wins Over Bulldogs

The local basketball quintet "took a licking" Friday night from the Seagraves Eagles 73-39, one of the few games played this year when the score ended with more than a few points difference. The Seagraves "B" team eked out a 51-49 win.

The victory put the Eagles into undisputed first place in District 5-A with a 7-1 record. Tahoka, who is tied for second with 5-3, handed Seagraves their single conference defeat earlier in the season.

The Eagles jumped ahead 17-8 in the first quarter and still held a 39-27 halftime lead, although the Bulldogs at that time were still in the game. The second half was another story, the Bulldogs turning to ice while the Eagles burned up the nets.

Seagraves led 54-36 at the end of the third after the Bulldogs sank nine points in that quarter of the 12 they were able to make in the second half. The Eagles made 19 points to Tahoka's three in the last quarter of play.

Jim Wells, Terry Harvick and Mitchell Williams each made eight points for Tahoka. Scott Johnson took the winners' honors with 26.

The host team also won the "B" game, leading Tahoka 16-10, 26-23, 39-32 and 51-49 at the end of the four periods. Cliff Thomas sank 17 and Mike Lankford and Chris Roberts six each for the Tahoka team.

Plains Noses Out Bulldogs 56-55

Tahoka lost three basketball games here Tuesday night, two to the Plains Cowboys and one to the Post girls varsity team.

Plains defeated the Bulldogs 56-55 to take second place in the district race behind the champion Seagraves team. The local "B" team also lost a close one, 54-53 Post Does outscored the girls varsity 49-39, coming from behind in the second half.

The Bulldog and "B" squads travel to Wink tonight to close out their basketball season. Games are scheduled to begin at 6:00 p. m.

The Bulldogs held a 13-12 lead at the end of the first quarter but Plains took a 29-28 halftime margin. Then Plains pulled away to lead 47-39 at the end of the third and the fourth was a catch-up quarter for the Bulldogs, who came within one point in the fading minutes.

Eddie Howard scored 18 points for Tahoka and Freddie Pierce made 13. Dan Smith and Joe Cook each made 12 for the Cowboys.

In the "B" battle, Tahoka led 16-14 and 38-30 at the end of the first two periods. As the third ended the score was tied 45-45 before Plains eked out a one-point victory.

Gary Brooks hit the basket for 13 points and Charles Sayles added 11. Ashburn was high for the winners with 17.

The varsity girls took a 16-11 first quarter lead and held a 24-23 halftime margin. Post pulled ahead 38-33 at the end of the third and won by 10 points, 49-39.

Carla McNeely scored 24 points while Andra Carroll made 13 High point for Post was Marilyn Jones' 28 and Edith Johnson's 16.

Safety Lane Is Bowling Winner

Tahoka Safety Lane took a 3-1 win over Ken's Paint Service in the Hot Shot Bowling League Friday night when Cecile Henry

had a high game of 158 and series of 395 for the winners. Ayer-Way Cleaners also won three points from Cannaday's Fiesta Grill with Wanita Kelley's high game of 153 and 404 series. McCord Motor Co. split two

points with Penny's Used-Cars as Marilyn Cope bowled 188 game and 428 series. McCord remains in first place, Tahoka Safety Lane is second and Ayer-Way is fifth.

Eddie Jo Halford Is Award Winner

Eddie Jo Halford has been named New Home High School's 1965 Betty Crocker-Homemaker of Tomorrow. She scored highest in a written homemaking examination taken by senior girls Dec. 1, and is now eligible for state and national honors.

Test papers of all school Home-makers of Tomorrow in the state are currently being judged. The state's highest-ranking girl will receive a \$1,500 scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Search for the American Homemaker of Tomorrow, with the state runner-up to be awarded a \$500 educational grant. In addition, the school of the State Homemaker of Tomorrow will receive a complete set of the Encyclopaedia Britannica from Encyclopaedia Britannica, Inc.

Later this spring, the State Homemaker of Tomorrow, together with a school advisor, will join first-place winners and advisors from each of the 50 other states and the District of Columbia in a tour of Colonial Williamsburg, Va., Washington, D. C., and New York City. Climax of the week-long tour will be the naming of the Betty Crocker All-American Homemaker of Tomorrow. To be chosen on the basis of original test score and personal observation and interviews during the tour, she will receive an increase in her scholarship to \$5,000. Second, third and fourth-place winners in the nation will have their grants raised to \$4,000, \$3,000 and \$2,000, respectively.

The Betty Crocker Search for the American Homemaker of Tomorrow was initiated by General Mills in 1954 to emphasize the importance of homemaking as a career. Including this year's record enrollment of more than half

CARD OF THANKS

I would like to take this privilege to thank everyone for kindness shown me after I had my accident, for all the visits, cards and all the other things that have been done for me. I don't see how

we would get along without our friends. I also want to thank Dr. Prohl and the nurses who were so good and kind to me. Words cannot express my thanks to everyone.—Mrs. E. J. Cooper and children. Itc.

'65 Corvair Monza Sport Sedan

Corvair by Chevrolet

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure—with no nosediving.

Come on down to our showroom and discover the difference.

Young Farmers Plan For Show

Tahoka Chapter of Young Farmers met Monday night at Lyntegar board room with the Young Home-makers.

The two clubs heard an address by Dr. Mina Lamb, head of the Foods Nutrition Department at Texas Tech. Dr. Lamb spoke on the importance of foods nutrition for the family.

After the program, the Young Farmers had a business session.

A committee was selected to meet with the Chamber of Commerce to obtain information needed to present the Highway Department to secure a signal light at the railroad crossing in East Tahoka.

The club elected officers for the Tahoka Stock Show for the FFA

and 4-H boys. These officers are: Walton Terry, general superintendent; Hilton Wood, steer superintendent; and Bland Draper, swine superintendent.

A committee was also appointed to raise funds for the prize money for the boys. The boys will be asking for donations from individuals only. The money will be given to winners to help pay some of their expense.

The show will be held Feb. 20 in Tahoka.

A case of Champlin oil donated by John Witt Butane was given as a door prize to Robert Draper.

GRASSLAND NEWS

(Mrs. O. H. Hoover)

I really believe the man at the North Pole forgot to close the door last night. B-r-r-r—it surely has been cold today.

Mrs. C. C. Jones spent the night Friday with her two sisters in Post at the home of Mrs. C. L. Cooper. Their sister, Mrs. Ivy Young, was an overnight guest, also.

Mr. and Mrs. Roy LeMond spent the week end in Grand Prairie with their daughter, Jerri, and son-in-law, Ted Pridmore.

Mrs. A. R. Hensley passed away in Medical Arts Hospital in Lamesa Sunday morning at 2:00 and funeral services were held Monday in Draw Methodist Church.

She, with her family, had lived in the Draw community for many years. She was active in church and civic work as long as her health permitted. She will be greatly missed. We extend our sincere sympathy to her friends and loved ones.

Mr. and Mrs. Douglas Jones of Ropesville were Sunday afternoon visitors of the Kelley Laws family.

Those attending the youth banquet in Denver City Friday night from the local Nazarene Church were Kenneth Huffaker, Darlene and Elmer Rash, Mrs. Joy Laws and Miss Karen Laws.

Delbert McCleskey has gone with the group of FFA boys of Tahoka to El Paso to the swine show and sale. They plan to be gone about 10 days.

Mrs. L. S. Turner has had her grandchildren over the week end. Their mother, Mrs. Kenneth Turner, went with her father, Buster Fenton, to Dallas. He planned to have surgery on his ear.

Mr. and Mrs. W. G. McCleskey visited with her sister and brother-in-law, the W. N. Duboses, in Brownfield Friday.

Mr. and Mrs. H. D. Gartman picked up their new home last Wednesday and moved near Spur. We wish them much happiness and good luck in their new home. We will sure miss them.

Mr. and Mrs. Charlie Campbell of Wilson attended morning services at the Church of the Nazarene Sunday and spent the day with the H. E. Huffakers. Other guests were Rev. and Mrs. Ira Campbell.

Mr. and Mrs. Hoolie McCleskey visited in the M. C. Richey home Sunday afternoon.

Mr. and Mrs. W. L. Gribble had for luncheon guests Sunday the H. C. Gribble and Kenneth Huffaker families.

Mr. and Mrs. T. J. Murray also had company for lunch Sunday. Mr. and Mrs. James Murray and children and Mr. and Mrs. Bert McDonald and children.

Visiting in the Jim Patterson home Sunday afternoon were the Perry Pattersons of Lubbock and the W. G. McCleskeys.

After services Sunday night, Mr. and Mrs. T. J. Murray showed a film strip taken in Africa by their daughter and husband, Kenneth Rogers, who are missionaries there. Everyone enjoyed it, especially Grandma and Grandpa Murray.

Mrs. L. A. Enloe visited her sister, Mrs. June Rinker, in Post, also her mother, and dad, Mr. and Mrs. C. L. Cooper.

Mrs. Terrell Brown was a visitor in Mrs. O. F. Haley's home one day last week.

Mrs. Amos Gerner and Laura attended the wedding of Bruce Ledbetter and Miss Joyce Corley in Post at the Calvary Baptist Church Friday night.

Mrs. Fay Claborn and Mrs. O. F. Haley visited in the Amos Gerner home Sunday afternoon.

Mrs. E. A. Thomas and Miss Gladys Fox are sick with the flu. Mrs. Thomas is some better but Miss Gladys is still feeling rough.

Mr. and Mrs. Doyle Terry and children were supper guests of the C. A. Walkers Saturday night.

Mr. and Mrs. W. T. Luttrell and Mrs. A. Z. Sewell attended funeral services for Mrs. J. W. White Sr. in O'Donnell Sunday.

Mrs. Eunice Thomas spent the week end in Kermit with her son and family.

Farm Bureau . . .

(Continued from Front Page)

has seen fit to make the date of signing, March 26, the absolute deadline on this program. In regard to the 1965 domestic allotment program, South Plains farmers must make their decision a full six weeks before planting time. If they decide to go into this program gambling on another dry year or other adverse weather conditions and then the rain comes and there is a bumper crop, they have lost money. On the other hand if a farmer stays with his regular allotment and there is another dry year, again he has lost money.

The following is the statement issued by the board in regard to this program, and sent to the following men: Secretary of Agriculture, Orville Freeman, Congressman George Mahon, Senators Ellender, Tower and Yarborough.

"We the Board of Directors of Lynn County Farm Bureau feel that the domestic allotment program for 1965 is of no value in any way to the farmers of Lynn County with its present deadline date of March 26th.

"It is the opinion of this board that with a sign-up date of March 26th and a final date of August 15th this program could be put to good use by Lynn County farmers. We strongly oppose this

Mr. and Mrs. Leon Wall of Lubbock were overnight guests of his mother, Mrs. Carrie Wall.

Rev. and Mrs. Jesse Young attended the funeral services of Mrs. A. R. Hensley Monday. Rev. Young is a former pastor of the Draw Church.

Mrs. C. A. Walker visited her aunt, Mrs. Hoover, late Thursday afternoon and visited Mrs. Billie Inklebarger Thursday morning.

Correction: I stated last week Mr. Melton helped his son, I. V. J. Melton, at Slide put up his farm land. That was a mistake. He has his land all put up and ready for a crop.

Bernice Propst visited Mrs. Hoover Tuesday morning.

The Thursday Club met in the home of Mrs. Hoover Feb. 4. We spent the evening visiting. The valentine motif was carried out in the refreshments and congealed salad, wafers with cheese and olives, angel cake, spiced tea, chocolate mint hearts, and printed candy hearts. Members present were Mmes J. A. Propst, C. C. Jones, Quannah Maxey, Bill McMahon, F. A. Gilley, Will Wright, W. A. Oden and O. H. Hoover. Next meeting will be with Mrs. Bill McMahon Feb. 18.

Mr. and Mrs. J. H. Stalcup have gone to Fort Worth to visit their new grandson.

Zip Code . . .

(Continued from Front Page) ington, had something to do with his old home town's Zip Code being used on the sample.

Since the stories have appeared over the country, letters have continued to arrive here. Some people are getting so enthused about Zip Code, one fellow from Galesburg, Ill. used the Zip Code filler for a stamp and the letter came through the mail without a hitch. Another arriving was a folder from Las Vegas, Nev. addressed to W. E. Smith, 103 Trenton Place, Tahoka, Texas, and the Zip Code in a giant-sized scrawl.

To say the least, the situation has created a great deal of publicity for Tahoka and West Texas.

J. R. Wyatt was dismissed Sunday from Tahoka Hospital as a medical patient. He had been admitted on Feb. 3.

program in its present form and urge you to do everything in your power to remedy this situation before the final deadline of March 26th."

Mr. and Mrs. Claude Thomas of Denver City were Tahoka visitors Tuesday.

Tahoka's ZIP Code is 79373.

Rutherford's

County's Finances Are Explained By Church

Lynn County may be able to reduce taxes in the near future, stated Clarence Church, commissioner of Precinct 1, in a talk before Tahoka Rotary Club in which he outlined the court's duties and the county's finances. Harold Green followed up with a talk on the work of the county attorney's office.

In outlining duties of the Commissioners' Court, Mr. Church said the county judge presides at meetings and votes in case of ties, and the County Clerk acts as secretary, although he has no vote.

The Court approves bonds of elected officials, approves appointment of all deputies, determines pay basis (fee or salary), sets salaries, sets tax rates, serves as an equalization board, sets up the county budget, approves tax roll of tax assessor, approves bills, acts as purchasing agent, secures right-of-way for roads and highways, and is the governing body of the county with certain limitations.

Commissioners' Court meets each second and fourth Mondays, and is subject to call at any time necessary. The first meeting is devoted mostly to bill paying, the second to other business.

By law, Church said, major county officials' salaries are allowed a maximum of \$6,750 in counties of less than 20,000 population, and the minimum of \$5,100. This year, salaries of local officers were raised from \$5,100 to \$5,400. Officers' salaries are paid strictly from fees of office in Lynn county.

Present State and County tax rate is \$2.32 per \$100 valuation. Of this amount, 42 cents is the State tax and \$1.90 county tax. Of the latter, 80 cents goes into operating funds (50 cents to gen-

eral fund, 15 cents to Road and Bridge Fund, 10 cents to Permanent Improvements fund, and 5 cents to the jury fund.)

The remaining \$1.10 tax goes into Interest and Sinking funds to pay off bond issues.

The General Fund is the only fund from which money may be legally transferred out, a fact many citizens do not understand. Commissioners' precincts operate primarily on vehicle license money. In 1963, for example, 12,287 vehicles were registered in Lynn county. From this fund, the county keeps all of the first \$50,000 from vehicle license plates. From \$50,000 up to \$175,000 the county keeps half of the receipts from licenses. The precincts also receive from the State about \$33,000 from the gasoline tax fund for lateral road work.

Number of miles of dirt road varies in the precincts, but he said he had over 200 miles of dirt roads in precinct 1. Each precinct is responsible for its own bills. Any equipment costing \$2,000 or more must be advertised before buying.

The 1946 road bond issue of \$850,000 will be retired next year. In fact, the last installment plus interest amounts to about \$102,500, but there is now in the 1946 Interest & Sinking fund \$98,238.33.

The 1956 and 1957 issues are also nearing retirement, there being \$36,000 remaining in these issues to be paid, and there is about \$14,000 in the Interest and Sinking funds.

L. K. (Heavy) Nelson, commissioner of Precinct 4, was also present. He said he has about 250 miles of dirt-road in his precinct. (Continued back page, Sec 2)

HEADING THE LIST FOR '65

Rodney C. Maeker Makes Dean's List

Seguin (Spl.) — Rodney C. Maeker of Wilson, a senior majoring in sociology, is among the 60 students named to the dean's honor list this past semester at Texas Lutheran College.

To be eligible for the Dean's Honor List, a student must be a full-time student and maintain a 3.5 (B plus) average in five or more courses. Students carrying only four courses must make a 3.7 average.

Rodney is the son of Mr. and Mrs. Edmund Maeker, route 2, Wilson.

O'Donnell Soldier Is Now In Korea

7th Inf. Div., Korea—Army Pvt. Reynaldo Casares, son of Mr. and Mrs. Pablo Casares, O'Donnell, Tex., was assigned to the 7th Infantry Division in Korea, Jan. 16. Casares, a stenographer in Headquarters Company of the division's 7th Supply and Transport Battalion, entered the Army in June 1964 and completed basic training at Fort Polk, La.

The 18-year-old soldier was graduated from O'Donnell High School in 1964.

President Roosevelt invoked the Export Control Act to prohibit export, without license, of aviation gasoline, iron and steel scrap to Japan, on July 26, 1940.

Terry Bryan Gets Advance In Rank

Castle AFB, Calif. — Terry L. Bryan, formerly of Tahoka, has been promoted to the rank of Airman 2nd Class. He is assigned to the 93rd Supply Squadron, stationed at Castle AFB, Merced, Calif.

Terry is a 1959 graduate of Tahoka High School and is the son of Mrs. Vivian Bryan of Siloam Springs, Ark.

HAVE NEW GRANDSON

Mr. and Mrs. Tom Gill are announcing the arrival of a new grandson named John Norwood Williams. His parents are Mr. and Mrs. Lewis L. Williams of Dallas. Mrs. Williams is the former O'Gene Gill. The paternal grandparents are Mr. and Mrs. J. W. Williams, Jr. of Marlin.

Social Security Man Here Monday

"You don't have to retire completely to get social security benefits," Mance King, social security representative, said today.

"If you earn \$1200 or less in a year, you are considered to be completely retired and would be entitled to all your social security benefits," he said.

If you earn over \$1200, there is a gradual decline in the amount of retirement benefits you may receive in your taxable year, which normally is a calendar year.

Your social security representative will set up office in the court house in Tahoka Monday, February 15, to help you apply for benefits or discuss any question you may have about social security.

Area Youths Will Meet In Lamesa

Dawson County Youth Council will be host for a nine-county meeting on February 27, beginning at 9:00 a. m. in Forrest Park Community Center in Lamesa, according to L. Louis Birdwell of O'Donnell, route 1.

Principal speaker will be Sonny Davis of Austin, assistant Attorney General of Texas.

All school representatives, county judges and sheriffs, and all others interested in Juvenile work are invited to attend and participate.

Those interested in Tahoka may contact John Huffaker, Judge W. M. Mathis, Harold Green, or Sheriff Carl Spears.

ON HONOR ROLL

Levelland—Miss Lema Jo Scott of Tahoka is one of 74 students making the Dean's Honor List during the fall semester of South Plains College.

Charles McClellan and son, Cem, were here Sunday from Ruidoso visiting Charles' mother, Mrs. C. E. McClellan, and other relatives.

Archery Magazine Is Published Here

Publication of the Texas Field Archery Magazine has been transferred to Tahoka since John Ed Redwine, District II field governor of the Texas Field Archery Association, Inc., has become the new editor.

First issue of the four year old 24-page monthly magazine published by the new editor went into the mails from Tahoka Saturday of last week.

The magazine has state-wide circulation among bow and arrow fans and club members, and is filled with articles dealing with bow hunting and activities of archery clubs.

One of the feature stories in Ed's first issue is about Richard Montgomery of Lubbock and

LynnCo Bowmen of Tahoka and his family of bow and arrow hunters.

Richard keeps a record of his hunts, and has killed with bow and arrow 6 deer (3 whitetail and 3 mule), 22 javelins, 441 cottontails, 180 jackrabbits, 31 skunks, 54 armadillos, 5 badgers, 2 bobcats, 6 coons, 3 opossum, and 160 carp to say nothing of some rattlesnakes.

In his opening editorial, Ed gives a lot of credit to his wife, Donna, for her help in getting this first issue in publication.

Larry Spruell, also a Tahokan and now working in Lubbock, printed the issue on his offset press, and he and Ed used The News mailing equipment to complete the work.

We don't suppose anyone knows what the new farm program proposals will be. But, one thing is certain, the future of farming looks dismal. "Wait until President Johnson gets a full term of his own," we were told by local LBJ-all-the-way Democrats, "And we'll get a better farm program."

Now, President Johnson says we don't need over one million farmers to produce all the food and fibre we need. That means, we need less than one-third the number of farmers we now have. He further proposes to take 50 to 80 million acres of cropland out of production, and turn this land into grass, parks, playgrounds, and what-nots. He even proposes that the Federal government start buying up this farm land. The Federal government already owns more than 60 percent of the land in 12 Western states. Furthermore, he is committed to higher minimum wages. The bracero program is already gone. The Unions want to unionize farm labor, and workers serving farmers. Tractor parts are reportedly already up 11 percent over last year. The President says we've got to cut the cost of the farm program.

In one breath he advocates economy in government, and emphasizes this fact by cutting out lights in the White House. In the next breath, he calls for great new spending programs; for example, more than \$1 billion to the Appalachian region to help coal miners who priced themselves out of business, then refused to move to South Carolina to take \$125 per month farm labor jobs with house and utilities furnished. He wants socialized medicine. He wants the Federal government's foot in local school affairs—and already has it there. He demands "equal rights" for some at the expense of equal rights for others. Our drive now is for a Great Society.

Most Great Society programs lead directly toward the socialistic state. What is the difference in Socialism, Fascism and Communism? It makes little difference if the all-powerful central government is in complete charge.

A local citizen says, "A little more socialism in our government might be a good thing." Well, if a little socialism is a good thing, why isn't a lot of socialism a lot better?

If a little socialism is good, let's completely socialize medicine. Doctors make too much money, anyway. Medical care could be made "free." Do away with the commercial drug stores and establish state apothecaries as in Sweden. Maybe government operated dental clinics and funeral homes would work better.

Lawyers also make too much and sometimes bleed an estate dry. Therefore, why not have public attorneys, public defenders, expanding on the idea used in California in some cases and set a price ceiling on their fees?

With our Great Society working properly, there will be no need for life and health insurance, and we can extend this to property, if individuals have any property left. We can save a lot of money this way. We already have state and federal programs to take care of the unemployed, the blind, crippled, aged, veterans, orphans, mentally retarded, insane, and even criminals and crop and hail.

The Cooperative seems to be working well in the fields of cotton ginning, wheat storage, rural electricity and telephones. Why not a central cooperative ginning system such as proposed for Lubbock and do away with the private gins scattered over the country?

There's too much inefficient farming. Why not expand this cooperative idea to farming, supervised by our better farmers with our unprofitable farmers doing the work? They say the system works with some measure of success in Sweden and even in Soviet Russia.

Then, too, our government is obligated to get Japan, Indonesia and Yugoslavia in the textile industry.

There's too much lost motion having six or eight automobile dealers in a town. Why not just one automobile agency, government supervised, using the know-how of the most successful dealer in town and utilizing the others as workmen or salesmen?

The same could be applied to mercantile stores. We had one man tell us a few years ago how wonderful a big cooperative store was up in Minnesota that he had visited—look the place of six little inefficient stores and service stations.

Instead of building private homes and business buildings, we could do away with commercial contractors and building material men and make all our living places Federal housing projects as in Czechoslovakia or Russia or Cuba.

Turn the schools and city and county governments over to the Federal government, and then we wouldn't have all this bickering about board members, policies, who to hire and fire, how much the tax rate should be, whether to integrate or segregate.

Lastly, why not have the Federal government operate the newspaper? Then, the Federal government could get all its publicity blurbs published. If this were done, The News would be about ten times as big as it is now. There would be no need for advertising because there would be no competition. Since the Government also owns the postoffice, it could mail the papers "free", and could even furnish the people "free" subscriptions. Then, too, you wouldn't have to listen to the ravings of some free enterprise fanatic like The Printer.

Washington has the know-how. We peons shouldn't have much voice, anyway. We're too provincial, too narrow, can't see the broad scope of things—like sending more money to old Nassar, who spits in our face and says we're a bunch of dumb clucks. Let's get rid of all these worries. Let's let our Great White Father attend to the details. A little more socialism may be a good thing.

All the above sounds a bit silly, but is it?

Mrs. John Dennis and daughter, Marianna, were up Saturday from the 49 Ranch in Borden county getting some pictures made at Finney's. A native of Pennsylvania, she married a Texan from San Angelo, and settled out in the ranch country. For a while she was a bit touchy about things we Southwesterners said about Yankees, she told The Printer. One day she was in a Snyder store in line at a checking counter. She heard a man behind her say something about "a fresh northerner." She was highly incensed because she thought he was talking about her—a "fresh Northerner."

On the inside front cover of the February Rotarian Magazine, which has a half million subscribers around the world, is a full page advertisement of the Holland-American Line promoting steamship vacation trips to Europe. Feature picture on the page is of a young lady on ship deck taking putting lessons and the wording underneath: "Miss Dawn Gagnat, Lubbock, Texas—receiving golf tip from the social director—I never dreamed there was so much to do aboard the ship. We've been having a ball from morning to night. And part of that fun has been the friendliness of the people." Dawn is the granddaughter of Mr. and Mrs. D. W. Gagnat, daughter of the late Charles Gagnat, U. S. Airforce pilot shot down over France in World War II, and Mrs. Patricia Leverton of Lubbock.

Eldon Carroll thinks some of the words used in sports page headlines are entirely unnecessary. Why not, he says, just simply say "New Home Wins Over Meadow," or "Wilson Defeats Cooper." He's a bit nettled with all these substitute words appearing in one issue of the Avalanche Journal: Trims, Tips, Rips, Raps, Rattles, Pops, Bops, Drops, Stops, Bites, Blasts, Bombards, Slymies, Surprises, Swats, Stomps, Edges, Nudges, Flogs, Mangles, Crushes, Waxes, Downs, and also Noses Out, Runs Past, Hops On, Roars By, and Rambles Past. Oh, well, diversity is the spice of life!

An old maid said: "When I die I want all women pallbearers. If the men can't take me out while I'm alive, I don't want them taking me out when I'm dead."

Mrs. Irene (McCoy) Sharpe, 283 Utopia, San Antonio, writes "We look forward to our weekly visit with home folks by reading our News."

SAD BUT TRUE—These are the facts of life to which I'm at last resigned: It's harder to get ahead than it is to get behind; it's harder to win than lose, to get out of than into a mess; and if you should succeed, nothing recedes like success. — Richard Armour.

Sir Winston Churchill described socialism as "the philosophy of failure and the gospel of envy."

A Texas rancher had some boots made and they turned out to be too tight. The bootmaker wanted to stretch them. "Not on your life," said the rancher. "Those boots are going to stay too tight. Every morning I find cattle busted out of the fences and I have to mend the fences all day. The dust is blowing around the ranch. If I turn on the radio, the price of cattle is down and the cost of feed is up. All the while my wife is nagging me to move to the city. Man, when I get ready for bed and pull off these tight boots, that's the only pleasure I have all day."

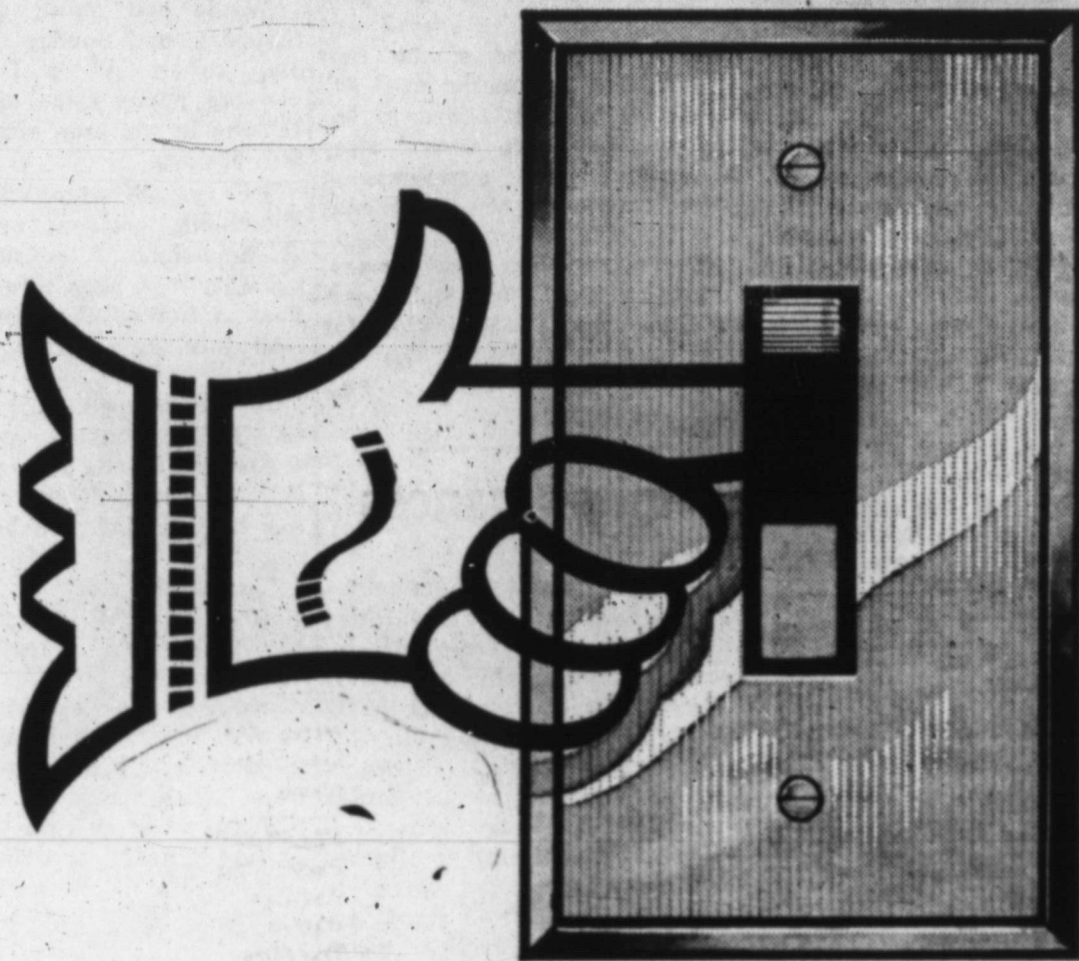

A news man gets a lot of invitations to affairs he would like to attend but can not on account of having to make a living, meet deadlines, file income tax and other government reports, etc.

Topping the list here at The News of the past month have been the Presidential inauguration, the Governor's inauguration, a couple of dinner meetings in Lubbock, one in Lamesa, one in Odessa, press tickets for opening of the huge domed stadium in Houston, press tickets for Six Flags, press tickets for Fort Worth Fat Stock Show and Houston Stock Show, and this week an invitation from George Ball, under secretary of the Department of State, to the Regional Foreign Policy Conference at SMU in Dallas. This all sounds very good and very imposing, but most of these invitations seek free publicity and good will. Man, it would be nice to make enough money in the newspaper business to be able to hire somebody in your place so you could spend your time taking advantage

of the free (?) entertainment available.

The first action for Marine ground forces in Korea was on August 7, 1950 at the Pusan perimeter. That date was also the eighth anniversary of landings at Guadalcanal.

Electricity powers PROGRESS

This is National Electrical Week, marking the 118th anniversary of the birth of Thomas Alva Edison. It was Edison's invention of the first practical incandescent lamp that gave birth to an industry that now employs more than three million men and women, or 1 out of every 20 American workers. Almost every industry owes its progress to the power produced by electricity for, truly, electricity powers progress.

See us. We deliver: the one big car that's all big car.

Every Chrysler we sell is big. Full size. One size. The right size. With no half-pint editions to dilute your investment. Every Chrysler we sell is a mover. Even our lowest priced models have a 383 cu. in. V-8 — that runs on regular gas.

And note this point. Almost half of the 1965 Chryslers are priced only a few dollars a month more than the most popular smaller cars comparably equipped. That figure includes power steering, power brakes, automatic transmission,

radio and heater. Want to make a lot of car sense? Move up to Chrysler. It's easy.

Family Savings In Lynn Show Healthy Increase

(Special To The News)
New York—Residents of Lynn county are apparently living well within their means.
Despite the fact that they have been spending their money at a faster clip than usual, they have been able to set aside a record amount of rainy-day cash.
On the average, local families saved approximately \$6.10 out of every \$100 of net income last year.

Evidence of their financial stability is to be seen in the favorable gap that exists between family income and family expenditures and in the growth of bank deposits and savings and loan accounts.
Also considered as savings, under Department of Commerce definition, are stock investments, the cash value of life insurance policies and reserves accumulated in pension funds.

The savings sizeup, locally, is based upon national data gathered by the Federal Home Loan Bank Board and by other Federal agencies and upon income figures for each area of the country.

They show that the amount a family saves depends primarily on how much it has left after paying its bills for the necessities.

Those with after-tax incomes of

\$2,800 or less were not able to save anything. Those with \$4,500 put aside 4.2 percent of it, on average. Savings rates rose rapidly beyond that level.

In Lynn county, where net, after-tax income averaged \$8,254 per family in the past fiscal year, savings were at the estimated rate of 6.1 percent. It amounted to approximately \$380 per family. Assumed is that the rate of saving locally, at each income stage, corresponds to that in the nation generally.

Taking into account the entire local population, the overall savings in the course of the year were in the neighborhood of \$1,224,000. This sum, added to the amounts that were stowed away in previous years, represents a huge reservoir of purchasing power.

The reports show that personal savings in the United States, during 1964 topped \$30 billion for the first time in history. The one-year increase was close to \$2.5 billion.

County Finances

(Continued from Page 1, Sec. 2)

The next speaker, County Attorney Harold Green, outlined some of the functions of his office and also some of the misconceptions, one of the latter being that he does not serve in civil matters for any but as representing the county. He prosecutes criminal cases, not civil cases.

He said misdemeanor offenses go to the county court where the fine would be \$200 or more, less than that to the Justice court. Felony cases are filed in Justice court, then go to the grand jury for possible indictment.

He said Lynn county is fortunate in having little juvenile crime, only four or five hearings a year. He said he and the county judge usually try to talk with juveniles and their parents and "work things out." "Gatesville is the last place we want to send a boy," he said.

Green said check law violations are the biggest work of his office. The County Attorney also told some of the oddities of the law.

Leighton Knox arranged the program and introduced the speakers.

W. O. (Cap) Wharton was introduced by President Wilton Payne as a new club member.

E. L. Short presented the student guest for the month, Glenn Riddle.

WARD EAKIN BOYD BARNES
JIGGS SWANN

A long, dusty spring has begun for people living in the sprawling plains of Texas and states to the east and northeast.

A major wind storm, coming out of the north and west on January 27, a month ahead of the normal blow season, blew topsoil from a quarter of a million acres. The howling storm swept dust high into the air. It darkened the sun as it spread across Texas, Oklahoma, and Louisiana. A day later it hovered over Pennsylvania and West Virginia. Texas dust cut visibility to 1/4 miles at Evanston, Illinois.

Winds had blown on Friday, Saturday, and Sunday to dry out and "soften up" the land before the big punch came on Monday. No one in the area escaped without damage.

Two people were killed in an automobile accident near Lovell at the height of the storm when visibility was near zero. Blinding dust multiplied the frequency of road accidents throughout the area.

Traffic stopped. Airports were closed. Many unpaved roads were choked with sand or weed drifts, or were gutted with "potholes" dug by the wind, and became impassable.

Wind-blown sand and pebbles blasted the paint and chrome on automobiles and scarred and pitted windshields. Insurance claims mounted in the wake of the blow. Many cars couldn't be started until dust and sand were washed from engine parts.

House paint and windows were damaged. Roofs were lifted from many buildings. Neon signs were destroyed and others were damaged.

People took shelter to wait out the blow. Streets were abandoned. There were no customers in

stores. A day's business was lost. Store keepers watched helplessly as plate glass windows were blown in and fine sand sifted into merchandise on the counters.

Lights came on in homes and on the streets, but sand blew into switch boxes, caused short circuits and interrupted service. During this period a Big Spring hospital had to put its emergency power unit into operation.

Patients with dust-aggravated bronchial infections took all available beds in many hospitals, and overflowed into the halls and even the maternity rooms. Many had to be turned away. The county health board at Big Spring reported that the dust aggravated sinus conditions, colds, allergies and other health problems for many people who made no report.

Wind-blown soil poured into many ponds and reservoirs, reducing their capacity. Filtration costs for municipal water supplies will be higher as long as the sediment remains in suspension.

The cost of cleaning out all buildings, public and private, is high. Housewives say you just can't keep the gritty dust out.

Damage to the land was moderate to severe, with the greatest damage done on cultivated fields not protected by stubble, crop residues, or cover crops.

In spite of the fact that range grasses produced less than one-fourth their normal growth last year because of dry weather, there was little blowing on grass land," said State Conservationist H. N. Smith of the Soil Conservation Service in Texas. "Good range management made the difference."

The greatest damage occurred in a triangular area with corners roughly at Odessa, Abilene, and Tulla. Snow on the ground in the

Texas panhandle reduced blowing in that area.

The Avalanche-Journal at Lubbock editorially called for wider acceptance of conservation practices to control "blowing topsoil, that stuff that city people insist on calling dust." The editor concluded that "Every dust storm should serve as a reminder that wind erosion can be held down."

"A storm as severe as this, so early in the season is a warning of damages that may yet be expected," Smith said. "The winds, which ranged far from the limited area of the most severe damage, has tended to dry out the soil and 'soften' it for wind storms sure to come this spring."

"The choking dust recalls vividly the big blows of the 1930's," Smith continued. "It was on such a day in 1935, when dust from the Plains darkened the sky in Washington, that Congress created the Soil Conservation Service without a dissenting vote. Since that time,

changes in land use, grass planting and conservation practices promoted by the Soil Conservation Service have tied down millions of acres that won't blow this year."

But because of the conservation

work done by farmers and ranchers throughout the Great Plains Smith thinks it unlikely that there will be storms this year of the magnitude of those that came during the great depression of the 1930's.
