Wilson Protests Depot Closing

Wilson citizens are protesting a proposal by the Panhandle & Santa Fe Railway Co. to close the station in that town and dismantle the depot.

The railroad recently made application to the Texas Railroad Commission "for authority to discontinue its agency at Wilson; to establish Wilson as a non-agency pre-pay station and to retire and dismantle the depot building." If such permission were granted, shipping business for the town would have to be transacted through Slaton or Tahoka depots.

Thursday of last week, Railroad Examiner Bowlden held a hearing in the Lynn county court room at which testimony was presented for and against the proposal.

An attorney for the Santa Fe based his argument solely on claim that the station is a losing business venture for the railroad.

V. N. Townsen of Hale Center, district chairman of Railroad Telegraphers and formerly of Tahoka, presented conflicting argument seeking to prove the station is a profitable venture and also requesting the Railroad Commission to consider the public convenience and necessity of the station.

Among those from Wilson area appearing before the Commissioner to protest the station's closing were: Bill Klaitenhoff, T. B. Mason, Leroy Scott, Dan Cook, Clarence Church, Albert Clubb, Jack Clayton, David Peterson, John Ramby, Alfred Crowson, V. B. Kimbrell, Hubert Teinert, Elmer Blankenship, and Roy L. Kahlich.

Lynnetta Cain is a medical patient in Tahoka Hospital, having been admitted Tuesday.

Principals Get New Contracts

Three Tahoka school principals were given new two-year contracts running through June 30, 1967, by the school board at its regular meeting Thursday night of last week.

Clifton Gardner, now serving his sixth year here, was re-elected principal of high school and junior high, both now in the same building.

L. F. (Jake) Jacobs, who this spring will complete 18 years in the local system, was re-elected principal of North Elementary. He is also athletic director and coaches boys varsity basketball.

J. B. Howell was also elected for two more years as principal of South Elementary. Mr. Howell has been in the local system 13 years this spring.

Superintendent Harold C. Reynolds, serving his first year as head of Tahoka schools, had previously been given a new contract extended three years in advance, from July 1, 1965, to June 30, 1968. He had come here on a two year contract.

Public School Week Planned

Public School Week in Texas and Tahoka is March 1-5, next Monday through Friday, and patrons of the school district are invited to visit the local schools during that time. Several special events are being planned at schools here, including a program and open house Tuesday evening.

However, classes will not be in session on Friday since teachers will be attending the annual District XIII Teachers meeting in Lubbock.

Supt. Harold Reynolds says that although patrons are invited to visit their schools anytime, they have a special invitation during Public Schools Week.

On Tuesday, March 2, patrons are invited to eat lunch at the school cafeteria between 12:10 and 12:30 for 30 cents, plus one cent state tax. Those wishing to eat should call 998-4538 not later than Monday, March 1, so that preparations can be made. Menu for that day appears in the News elsewhere.

The Public Schools Week program will be held in the high school auditorium at 7:00 p. m. Tuesday, which will be followed (Continued on Back Page)

Stage Band Will Play In Lubbock

Tahoka High School Stage Band has been invited to play in the Lubbock Coliseum Saturday at 6:00 p. m. during the Lubbock Lions Club all-day pancake feast.

Various groups will, probably entertain, but Tahoka's band will have charge of musical entertainment during the 6:00 p. m. dinner hour.

The Stage Band has been invited to play for various functions this year. It is a group of band students who auditioned for the smaller band and is under direction of Vic Kyler.

Mr. Kyler said the band is available to functions wishing free entertainment.

A house-to-house campaign will be conducted this Sunday afternoon from 2:00 until 4:00 o'clock when residents of Tahoka will be asked to contribute to the Heart Fund. A board member of the Rainbows will accompany every two girls working on the drive.

The girls have put out containers in the business institutions of the town where they will remain for about a month. Persons wishing to contribute are asked to drop their donations into the containers.

The entire drive this year is being held by the Rainbow Girls and Mrs. Oliver says the effort will go on the chapter's service record as a part of their charity project.

Several local stores are offering some unusually low prices Monday, Washington's Birthday, to clear out certain items from their stocks.

The Washington's Birthday sale idea started in the East a few years ago when a large department store offered rare bargains on this date.

Mrs. Ella Kimbrell, 90 year old O'Donnell resident, is a medical patient in Tahoka Hospital. She was admitted Tuesday.

REV. H. F. SCOTT

Rev. H. F. Scott Leaving Wilson

Rev. H. F. (Hank) Scott, pastor of First Baptist Church of Wilson for nine years, announced Sunday he had accepted the call of the Seagraves church and he and his wife and son, Mark, age 11, will move there in March.

Entire Wilson community is heartbroken by the fact that the popular pastor is leaving, states Miss Gladys Kirtley, who says the church has had "nine marvelous years" under his pastorate.

Reared at Midland, the Scotts came to Wilson in January, 1956, from Riverside Baptist Church in Amarillo.

During his pastorate, the church built a \$22,000 educational building addition, a new \$23,000 brick parsonage, started the Latin American Mission and built a substantial building for the same, and more recently has sponsored Negro ministry in Wilson.

During 1963, Rev. and Mrs. Scott, accompanied by George Williamson and Mr. and Mrs. Charles Baker, participated in the Japan Crusade. Last September, he participated in the Latin American Crusade in San Antonio.

The church has advanced in many ways, Miss Kirtley says. Last October, the congregation observed the church's 50th anniversary, and Mrs. L. Lumsden, the only living charter member and R. T. Moore collaborated with Miss Kirtley in publishing a history of the church.

One highlight of recent years was the citation in 1958 of the Wilson Woman's Missionary Union as one of the three best in Texas and one of the 12 in the Southern Baptist Convention.

Rev. Scott will preach his last sermon at the church on Sunday, Feb. 28.

Religious Census Is Next Thursday

Members of the First Baptist Church will be ringing doorbells between 6:30 and 8:30 p. m. next Thursday evening, February 25, as they attempt to compile a complete and accurate religious census of Tahoka. The purpose of the census is to obtain a current list of the denominational preferences of Tahoka residents—especially those who have moved into the city since the last census was taken in October of 1963.

Information received in the census will be made available to the other churches in the city if they desire to have it.

SPRUIELLS IN HOSPITAL

Mr. and Mrs. S. P. Spruiell are both patients in Tahoka Hospital. Mrs. Spruiell entered Wednesday, Feb. 10, when she received bruises in a fall in the bath tub at her home. She is reported to be improving rapidly.

Mr. Spruiell entered the hospital Monday of this week as a medical patient.

Farmers, merchants, and all others who make their living directly or indirectly from farming, are urged to attend a "farm crisis" meeting Tuesday night, Feb. 23, at 7:30, in the Tahoka High School auditorium.

Purpose is to appeal to the President, congressmen and senators to reconsider the proposed cent and a half cut in cotton support prices and to restore the two and a half cent cut made in 1964.

Calloway Huffaker will serve as master of ceremonies. Discussion will be led by a panel composed of Clint Walker, Tahoka businessman; Cleve Littlepage, farmer; Dan Cook, Wilson banker; and possibly others.

Willard F. Williams, head of the Agricultural Economics department of Texas Tech, has been secured for a talk on the farm economic predicament.

A petition—probably be drawn for presentation to Washington authorities to let them know the serious crisis facing the farming country, and that there is a trouble spot developing here.

The meeting is not sponsored by any business group or political organization but by the farmers themselves, states Donald Williams, reporter for Tahoka Young Farmers. This organization has been asked to organize the meeting and secure speakers.

Marlin Hawthorne, president of Tahoka Young Farmers, has taken the lead in setting up the meeting "to help farmers and merchants realize the problems we are facing and the direction we are heading."

All people of the area, including ladies, are urged to attend this very important meeting of all people of the farming country.

Judging Team Places Second

Lynn county's Junior Livestock Judging team took second place among 43 entries in the Southwestern Livestock Show at El Paso last week, County Agent Bill Griffin reports.

The team is composed of James White, Harold Bessire and Larry Emerson of O'Donnell and Bobby Martin of Tahoka. White was third high individual in the contest. The team placed first in swine judging.

Mary Moore's reserve champion barrow, a lightweight Hampshire, brought \$2.50 per pound in the sale. Mary is the daughter of Mr. and Mrs. C. A. Moore of O'Donnell.

Larry Emerson of O'Donnell, route 3, showed the second place medium weight Hereford steer, and it brought 60 cents per pound in the sale.

Jim Adams, Tahoka 4-H member and son of Mr. and Mrs. Ray Adams, showed the seventh place light Angus and the 12th place heavyweight Angus.

Phil Adams and Miki Huffaker of Tahoka FFA placed five of 10 hogs entered.

Phil showed the first place and reserve champion Poland China, which brought \$1.30 a pound in the sale; third place Hampshire, which sold for 70 cents; and the seventh place Duroc.

Mike Huffaker's light Duroc placed third and sold for 80 cents, and he had a Hampshire which placed eighth.

Mrs. Maurice Small was a medical patient Monday and Tuesday in Tahoka Hospital.

WILSON NEWS

(By Mrs. Ted Melugin)

Basketball season ends for the Wilson Mustangs at the Roosevelt Tournament Thursday night, Feb. 11. Shallowater Mustangs won in both games against Wilson Mustangs, with the girls coming within eight points trailing, the boys came out with the score standing Shallowater 67-Wilson 39. High scorer for the girls was Loyce Baker. High scorer for the boys was Johnny Scott.

Wilsonites are extremely proud of their Mustang basketball team and Coach John Alexander. They have displayed great determination and zeal for their school.

Although, personally I didn't have the opportunity of attending the final game of the season, it was thoroughly enjoyed by listening to the radio broadcast early Friday morning. We are very proud of each player. Great going!

The Wilson Mustangs will take a great loss in this year's graduation, concerning the seniors who played on the team. Among those are Loyce and Royce Baker, Mike Gatzki, Mike Holder, Larry Hutcherson, Joe Mason, Charlotte Mears, Johnny Nava, Patsy Shaw, and basketball managers, Kathy Cummings and Janie Maekel.

Depot May Close

A meeting was held and six months was declared as waiting time for the final ruling on the decision of for or against the closing of the depot in Wilson.

Bulldogs Drop Final Game

Tahoka and Wink spilt two games played at Wink Friday night of last week, the Wink quintet winning the varsity game 71-67 to close out this year's season. Tahoka won the "B" game 72-59.

The Bulldogs finished the year with a 5-5 district record, but were in the race for the crown until losing to Seagraves in the second round.

It was a night of upsets over the district, however, with O'Donnell defeating the championship Seagraves Eagles and Stanton downing Plains.

Wink took a 19-9 first quarter lead and the Bulldogs narrowed the margin some in the second quarter, but Wink still held a 31-26 edge.

Rett Patterson hit the basket for 13 points for the local squad, while Glen Howard and David DeWitt made 21 and 16, respectively.

The "B" game saw Tahoka holding a four point halftime margin before winning by a comfortable 72-59 score.

Richard White was responsible for 14 Tahoka points and Bob Rowe paced the losers with 11.

O'Donnell Holds "B" Tournament

O'Donnell is host this week end to a "B" team basketball tournament and both Tahoka teams are entered in the event.

The girls "B" squad was playing the Frenship freshmen at 1:00 p. m. Thursday.

Tahoka "B" boys meet Loop at 1:00 p. m. Friday.

Entered in the boys division for the three-day tournament are two O'Donnell "B" teams and those from New Home, Loop, Tahoka, Ropesville, Stanton and Sands.

In the girls division are the Frenship Freshmen, Frenship "B", and "B" teams from Ropesville, New Home, Stanton, Loop, O'Donnell, and Tahoka.

Games will continue through the finals on Saturday.

Seagraves, who won the district with an 8-2 record after losing one game to Tahoka and the other to O'Donnell, will play Asperment for the bi-district title in Post Tuesday night, Feb. 23.

The Stanton girls will represent District 5-A in bi-district competition.

Youth Banquet Held Saturday

Seventy-eight young people and their adult leaders were present at the annual Youth Sweetheart Banquet sponsored by the First Baptist Church and held in the Community Center last Saturday evening to hear Mr. Bill McAllister, Baptist layman and manager of radio station KSEL, challenge the young people to live a life of dedication to Christ.

Mr. McAllister, who was the featured speaker for the banquet, entertained the group with a number of jokes before issuing his challenge-to dedication. He told the group that in living a Christian life it was important that a person find both a sense of direction and a sense of humor.

The theme of the banquet was "King Cupid's Court" and decorations and program carried out the idea of a formal royal court. Jimmy Billman was King Cupid and presided as master of ceremonies from his valentine decorated throne. Entertainment was provided by a couple of court jesters, Max Bartley and Martin Warren, and by the "traveling minstrels"—the Folkway Trio. A mock trial was also staged in which Mike Reid was convicted of being a notorious heartbreaker.

The banquet was planned by the church youth committee, which is composed of Robert Adams, Jimmy Billman, Max Bartley, Connie Gardner, Nancy Parker, Mary Ellen Wyatt, Mrs. Truett Smith, Mrs. N. E. Wood, Robert Edwards, Dub Harvick, Hilton Wood, and James Hollars.

Tahoka Church In Choir Festival

The Adult Choir of the First Baptist Church will be entered in the area choir festival at the First Baptist Church in Lubbock at 7:30 p. m. tonight. The festival is an annual event which gives Baptist choirs of the area an opportunity to compare their work with that of other choirs and, most important of all, to have their work evaluated by a panel of qualified judges. Children's and Young People's choirs from the Tahoka church usually enter the festival, but tonight will mark the first appearance ever made by the Adult Choir.

To qualify for the judging, choirs must sing two numbers from memory, including doing part of one selection a capella. The Tahoka choir will sing "Praise, My Soul, the King of Heaven", and an arrangement by Lydia Lovan of the well-known "Beneath the Cross of Jesus."

Choir members are: sopranos—Mrs. J. D. Adams, Mrs. Ray Adams, Mrs. Urban Brown, Miss Jackie Burnett, Mrs. Jerry Ford, Mrs. Dub Harvick, Mrs. George McCracken, Mrs. Ivan McWhirter, Mrs. Garland Pennington, Mrs.

Career Meeting Is Wednesday

The fourth annual Career Conference, sponsored and financed by the National Honor Society in Tahoka High School, will be held on Wednesday, Feb. 24, from 8:45 to 11:50 a. m.

The Conference is a series of sessions designed to acquaint the student body of the local high school with different vocations.

Seniors from O'Donnell, New Home and Wilson have also been invited to attend the event this year and are asked to join the Tahoka students in taking advantage of the sessions.

Actually, it is the fifth conference that has been planned by NHS, according to Mrs. Madeline Hegi, NHS sponsor, but the event was called off one year because of snow.

The National Honor Society finances the Career Conference as a way of serving its school.

Various members of the National Honor Society are in charge of the different careers to be discussed that morning. Both these, and the person to conduct each session follows:

Teaching, Betty Kuwaski, NHS chairman; Mrs. O. R. Short, counselor of Lubbock High School.

Lubbock Jaycees Honor Verner

A. Charles Verner, president of the First National Bank in Lubbock and former president of the Tahoka First National and still a director here, was named the recipient of the "Boss of the Year" award at the Lubbock Junior Chamber of Commerce annual Distinguished Service Award luncheon held in the Pioneer Hotel Monday.

He has lived in Lubbock less than a year, having moved there from Tahoka last spring as executive vice president of the bank. He was named president last July.

His wife is the former Miss Myrna Gagnat and the couple have three daughters, Paige, Dean and Kay.

Born in South Carolina, Verner graduated from Clemson College in 1938, served in World War II and was assistant to the president of a St. Louis wholesale dry goods firm before coming to West Texas.

After managing Gagnat Enterprises for several years, he became vice president of the First National Bank in Tahoka in 1956 and was later its president.

MRS. VERNER IS SPEAKER AT LUBBOCK MEETING

Mrs. A. Charles (Myrna) Verner, formerly of Tahoka, was to be the principal speaker this Thursday night at the annual Woman of the Year dinner in Lubbock, sponsored by the Altru-

sa Club. Mrs. Verner has spoken frequently on politics and government before many groups of the area. Currently, she is writing a novel based on modern-day West Texas.

A West Texas tradition says that a horned frog can live a hundred years without food or water.

Parents and anyone interested in attending any of the sessions are urged to do so, members of the sponsoring organization say.

Mrs. Ledbetter writes The News: "The doctors saved both his eyes," she writes. "He can see pretty well out of the left eye. Doctors say his sight will improve as it heals. He has only a blur in

the right eye. They had a doctor from Philadelphia and one from the Universal Lense Co. from Chicago twice." He was to undergo minor surgery on his nose Monday.

Mrs. Ledbetter says a friend has been sending them the Lynn County News each week, which they have enjoyed very much. She says they are looking forward to seeing all our friends again.

Honor Society Holds Program

The National Honor Society of Tahoka High School held its regular meeting Thursday night, Feb. 11, in the homemaking cottage when Carla McNeely was in charge of the program.

Three new members were welcomed, Jackie Burnett, Jack Edwards and Andra Sue Carroll. Honor roll students were guests.

Four members of NHS appeared on the program. John Huffaker spoke to the group on "Responsibilities of the NHS Member" as related to his school, himself and his chapter.

Ralph Brock discussed the "Values of NHS" and challenged members not to "cheat", and to keep the right kind of image before the students of the school.

"The Role of NHS Members in the Future" was presented by Dixie Ashcraft. She stated that the members are the leaders of tomorrow and they must be prepared to assume that role.

In presenting the "Individual to Form the Whole Society" Carla McNeely compared the older members of NHS to the motor of a car, the new members to the fuel, and the sponsors to the tires. She concluded, "It is easier to acquire knowledge than to hide ignorance."

Ralph Brock, Stella Howie and Karen Laws served refreshments.

Mrs. W. L. (Cap) Rowe is in West Texas Hospital in Lubbock where she underwent surgery Monday for the removal of a cataract from her eye. This is the second operation she has had. The first was successful and it is thought that the second will be successful also.

Doctor Tells Progress In Heart Disease Research

Heart diseases and progress made in treating them was the subject of a talk at Tahoka Rotary Club Thursday noon by Dr. Emil Prohl, followed by a film on the workings of this miracle organ and the blood circulation system of the human body, presented by Bill Renfro, regional director of the 23 county area of American Heart Association.

Dr. Prohl opened his talk with the statement that a greater part of the people in the meeting room would die from a heart ailment of some form.

But, he said, due largely to research started in the 1920s by American Heart Association, great strides have been made in treatment of heart diseases.

Why some people develop high blood pressure is not known, but drugs have been developed to control blood pressure and to save the lives of many. Vessels carrying blood from the heart become restricted, the heart has to work harder to pump the necessary amount of blood to various parts of the body, and one day the heart simply quits.

Diseased kidneys can cause heart disease to develop in certain individuals. But, why? This is another problem the Heart Association is working on.

A large percent of heart problems, however, are brought on through high blood pressures developed by the individual because of the constant drive, overwork, tension, worry and prolonged grief. All contribute to high blood pressure, then heart attacks, or strokes.

More people die of heart ailments in the cities, he said, due to the high pressure living. For this reason, fewer people in Tahoka will die of heart attack proportionately, than in Lubbock.

The disease is the most prevalent today, 964,800 having died of some form of heart disease in 1962, while only 277,000 died of cancer, the next most prevalent cause of death.

Dr. Prohl pointed out, however, that so much has been learned about the heart and treatment of heart diseases that many people, even after severe attacks, can live a long and useful life afterward taking proper care.

Dr. Prohl and also the picture shown by Mr. Renfro emphasized, however, that the person with a heart ailment must exercise restraint in his activities.

Both stated that contributions to the Heart Fund will help the continuing study, research, and treatment of the disease. Mrs. H. W. Carter is the Lynn county chairman of the Heart Association.

Pat Patterson of Midland, a past district governor of Rotary, was a guest and was introduced by George McCracken.

Glenn Riddle and Eddie Howard, student guests for the month, were introduced by Harold Roberts and H. B. McCord Jr.

Warren Embree introduced the new vice president and cashier at First National Bank, Garland Thornton Jr., reared at Littlefield, who has moved here from Richardson.

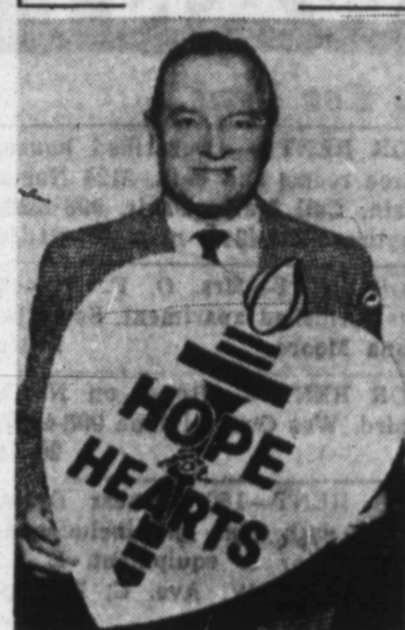

Special guests included Elmer Sprules, W. T. Kidwell, and Wayne Huffaker.

The meal was a little special event, a fish fry, the fish being furnished by Leighton Knox and Happy Smith, and Calloway Huffaker, E. L. Short, Wilton Payne, Fred McGinty, and others had helped clean and cook them.

Funeral services were held Monday at 10:00 a. m. in Ninth & Columbia Church of Christ in Plainview conducted by Jimmy Woods, minister, and burial followed in O'Donnell Cemetery.

Born in Runnels county, Mrs. Burk lived in O'Donnell from 1923 until 1960, when she moved to Plainview. She was a member of O'Donnell Church of Christ.

Survivors include two daughters, Mrs. S. F. Johnson of Plainview and Mrs. Naymon Everett of O'Donnell; one sister, Mrs. T. M. Wilson of Seagraves; three grandchildren and one great grandchild.

Burglars Wreck Retirement Plans For Lubbock Pair

Be careful about leaving your farm house unguarded.

Mrs. Lee M. Shockley of north Lynn county, Lubbock, route 8, has sent The News a news story of the tragic experience of a couple, clipped from a recent issue of The Muleshoe Journal.

Mr. and Mrs. Shirley Miller operate a little grocery store on 19th street in Lubbock. For years they have been planning for the day when they can retire to a little 160 acre farm they have put their savings into near Muleshoe.

They have built a nice little home on the farm, and have been furnishing it with the very nicest of furnishings, some antique. On occasion when they close their store at night, which they operate seven days a week, they run out 75 or 80 miles to their little Muleshoe farm home to spend the night.

One recent night they arrived at the home at about 2:00 a. m. Sunday, to find most of their furniture had been stolen, along with a television set, blankets, bedspreads, just about everything loose that might be saleable.

Now, the couple just don't know what to do—whether to go ahead building their retirement home and risk losing to burglars again, or just to give up the idea.

Congratulations—

Mr. and Mrs. Wiley Lee Curry on the birth of a girl Thursday, Feb. 11, at 5:35 p. m. in Highland Hospital in Lubbock. She weighed 7 pounds and 5 ounces at birth, has been named Wendi Kaye, and has a brother, Lee, age six. Mr. and Mrs. H. M. Thornton of Grassland and Mrs. Elnora Curry are grandparents. The daddy is a partner in Tahoka Blacksmith & Welding.

Mr. and Mrs. Sam Pridmore of New Home on the birth of a daughter, Paige Diane, on Wednesday, Feb. 10 in the Slaton Hospital. She weighed 8 pounds 12 ounces. The Pridmores have a son, Sammy Dan, age four. Mrs. Beulah Pridmore and Mr. and Mrs. Jack Adams are the grandparents.

Mr. and Mrs. Larry N. Monk on the birth of a daughter weighing 7 pounds 4 ounces at 12:45 a. m. Wednesday, Feb. 10, in West Texas Hospital. Name, Cara Ann. Grandparents are Mr. and Mrs. Herbert Watson and Mr. and Mrs. Marvin Monk, all of Abernathy, and Mr. and Mrs. G. C. Watson of Redwine are maternal great grandparents. Mr. Monk is with Pioneer Natural Gas Co. here.

Mr. and Mrs. Mike Spears of Kansas City, Kan., on the birth of a daughter on Friday, Feb. 5, at 9:29 a. m., weighing 6 pounds 14 ounces and named Leah Dawn. Grandparents are Mr. and Mrs. Ernest Grimes of Kansas City and Mr. and Mrs. T. W. Spears of Tahoka. This is the second granddaughter for the Spears in less than two months. Their daughter Pat and husband adopted a little girl in December.

Three Killed In January Wrecks

There were 11 rural accidents in Lynn county during the month of January, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

From these crashes resulted three deaths, five persons injured and an estimated property damage loss of \$5,233.00.

April 15 is the deadline to have your motor vehicle inspected. During the past five and one-half months only 1,800,000 or 40 percent of the 4,500,000 registered vehicles in Texas have been inspected. This leaves 2,700,000 vehicles to be inspected in approximately two months. If the number of uninspected vehicles were divided evenly among the 5,200 official inspection stations in Texas each would have approximately 520 vehicles to inspect in about 40 working days, or 13 vehicles per day. The stations in heavy populated areas will have

many more than this average number to inspect. In areas where there are only a few stations you may have many miles to travel.

The Sergeant urges motorists to have their vehicles inspected without delay to avoid the inconveniences of waiting lines.

Remember—no extension of the Safety Inspection deadline, April 15, 1965.

"NICK" NICHOLS MARRIED AND HAS A DAUGHTER

Last week in the write-up about Wharton's 25th anniversary in Tahoka, The News told about each man's family in the firm—all except one. The paper overlooked the fact that W. A. (Nick) Nichols, service manager nine years, is married and he and wife Lois have a daughter, Jo Carol, who is a senior in high school.

The omission was unintentional.

PRINTER'S INKLINGS

If you really believe in our cotton economy, in trying to show Washington the importance of agriculture, be sure to attend the farmer meeting next Tuesday night, Feb. 23, in the Tahoka school auditorium. Your very life depends on COTTON!

Old Lynn county friends were pleased to see Mayor M. B. (Bryan) Hood of Plainview named "Citizen of the Year" at that town's Chamber of Commerce banquet last week. Bryan's parents settled out east of town, across the road from Central Baptist Church, and after attending North Texas and West Texas State

Colleges, he taught in Tahoka High School and coached the first efforts at entering football competition in about 1922. He later managed Hogan's store. Two years ago he was the Tahoka High homecoming speaker. He's been in the automobile business in Plainview for many years, and has served several terms as mayor.

Tom H. Miller, an old newspaper man, was recently honored up at Claude as "Man of the Year." Tom is a very busy man. He writes a column and reports news for The Claude News. He receives calls for fire department and ambulance services, conducts a flower and leatherscraft business, has charge of Warner Community Center, and finds time for much community service. There's nothing especially unusual, or is there? Tom is a bedfast invalid. He neither whines or cries that the Federal or State government owes him anything. He can still make his own way flat of his back in bed.

Paul McDonald is mad at The News. He says that day after day the TV boys reported on the hour the progress of President Johnson's cold. Paul says he was in disposed with a cold for several days and "the old home paper" didn't even mention it.

We owe Congress an apology. We said here once that the Rayburn office building would cost about \$100 million. A news story the other day by one of those apologist left-wing columnists said the building would not cost much over \$86 million. That's only about \$500,000 for each Congressman who gets the privilege of having an office in this new government graft-monument. Each congressman's office costs more than Tahoka's new high school.

Claude News passes on this solution to all our problems: Each new-born child would receive from the government a 4% bond for \$20,000, payable in 20 years. The interest, \$66 per month, would be paid to the child's parents. Each year the government would pay \$1,000 into a sinking fund to retire the bond in 20 years. The child, upon reaching the age of 20, would be paid \$20,000.

A couple, marrying at age 20 would thus have a capital of \$40,000. Work would be forever unnecessary for if they elected to have four children they would receive \$66 per month for each or \$264 for the next 20 years. Then, too, the parents could invest their \$40,000 in government bonds at 4%, giving them a total of \$397 per month.

Where would the money come from? The government would furnish it! And where would the government get it? Better watch those kind of questions or people

will think you're not with it! You know what happened to Goldwater.

—(Nation's Agriculture)

Harold Green got a big kick out of kidding us for charging the nation's press with slanting the news and in the next breath admitting that we slanted the news a bit in bragging on our home town and county. Well, we've got a gross mis-statement on the front page of this week's issue, Harold. We say the Federal government aids the Tahoka schools \$43,633.00. We should say you taxpayers send about \$63,000 to Washington, the Federal government takes out about \$20,000, and then permits your school to have \$43,000 back—if you are a good little school district and do just what Uncle says you must do. Conversely, our Uncle Sam spends a big wad of our money on some Communist, near-Communist, or unstable foreign land with little or no strings attached—and without the permission of us taxpayers.

SAID THE kind old lady to the Internal Revenue clerk: "I do hope you'll give my money to some nice country."

The Printer had a telephone visit last week end with an old friend, Harold Edwards of Houston, raised up reading The News and a subscriber 30 or more years, who says he enjoys this column, agrees with it sometimes, is a dedicated editorial page reader, but thinks the country editors are more down to earth than the big city dailies. He also kidded us a bit about slanted news—for instance, playing down sandstorms—says his mother-in-law (Mrs. Kate Poer) is about the finest, but he has two things against her—one, she won't let him smoke in the room with her; and two, she had rather stay out here in West Texas with the sandstorms than come to Houston and live. We really enjoyed hearing old Harold talk—as we do almost any of the Edwards clan.

Commenting on last week's Socialism column, Horace Daniel says what aggravates him is the fact that he got what little he has through sweat of the brow and pinching, and now the government is trying to take it away in lower and lower allotments and prices while giving money away to every little pip-squeek nation and to people who won't work.

And "Cotton" Carter says we must have been looking into our crystal ball—the Socialistic state is just around the corner.

Thanks, also, to Mrs. J. B. Racker of Gordon and Mrs. Bert

so a "Texas Prospector's and Historian's Map" which locates Army forts, cattle trails, Spanish missions, historic sites, mineral and rock collector's information, etc. The book is \$5.00, the map \$2.00, plus sales tax. Harley has been commissioned to write a movie script this spring featuring Indians and buffalo hunters in West Texas early days.

Harley Smith draws on stories told him by his late grandfather, Brooks Smith. Incidentally, he writes that his parents, Mr. and Mrs. O. S. Smith, have bought a very beautiful old colonial home at Cottonwood and are completely restoring the house. O. S. has leases and runs stock near Cottonwood.

The janitor reported 10 minutes late for work and the manager asked: "What did they do in the Army when you were 10 minutes late in the morning?"

"Every time I came in late," the janitor said, "they all stood up, saluted, and said, 'Good morning Colonel!'"

Dorothy Larson wrote the Saturday Review that a young Indian left his reservation to study electricity. He later returned to his people and found that the large community bathroom had no electricity. He immediately installed lighting in it—thus becoming the first Indian to wire a head for a reservation.

"I am a reasonable man, and I won't let a thing like this spoil our happiness," said the husband when his wife confronted him with a new fur coat. "Take it back!"

The beauty shop operator started to work on a lady's bouffant hair-do and found this note tucked into the hair, evidently written by the customer's little daughter: "I can't fix my mother's hair at home when you fluff it up this way."

The first lifeboat station authorized by Congress was built in 1849 at Spermaceti Cove, Sandy Hook, N. J.

Lynn County Soil Conservation District News

The main aim of the Great Plains Conservation Program is to impress upon the farmers' minds the importance of true water conservation and soil conservation. Another very important facet of the Great Plains Conservation Program seeks to impress in maintaining the soil in good condition.

The part of the GPCP that is eye-catching to the farmers is the cost share benefits available under the program. Farmers going under GPCP have some structural practice that needs to be constructed to benefit their overall conservation plan. GPCP offers varying cost share rates on the various practices.

Conserving water for future plant use doesn't stop with the building of structural practices such as terraces on the land; although, this is a good start. The most important part then is to improve the soil itself so that the soil moisture and nutrients can be held in the root zone areas for plant use.

The main soil constituent important to holding moisture and nutrients is organic matter. Since the Great Plains Program is a complete conservation program for the farm, a conservation-Cropping system is included so that each year a certain amount of the land will have high residue crops to be returned to the soil adding the badly needed organic matter. Organic matter acts as a sponge to hold moisture and nutrients accessible to the crops. Soils low in organic matter are not apt to holding moisture as do organic soils.

Each farm is different and will require different protective measures and management practices

But after the structural practices are constructed, the overall productivity of the land will depend largely on the condition of the soil. As the water level continues to lower in the South Plains area the productivity will depend more and more on the amount of moisture that can be conserved in the soil when it falls. Terraces are good to hold water on the land to allow better penetration as well as prevent erosion. Yet if the soils become void of organic matter the soil will become more droughty due to the lack of organic matter in the soil.

Most farmers are aware of the value of organic matter to the soil, but are still hesitant to plant a significant part of their land to a high residue producing crop such as grain sorghum, small grains, or applying cottonburs. It is general knowledge that land planted to cotton on land previously planted to sorghum or a pasture grass such as blue panic will increase cotton production. The reason for the increase in cotton production is the additional organic matter holding moisture in the soil.

If you need terraces or other structural practices built on your farm, the Great Plains Conservation Program can help bear the cost. But whether you need structural practices or not the management of your soil's organic matter should warrant your consideration.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Dear Editor:
I am a very unhappy woman as I've missed the last two issues of the Lynn County News. We enjoy The News so much! I especially enjoy your Inklings.

We are enjoying living in the piney woods of East Texas. Our weather has been ideal and now we are getting some much needed rain, for which we are thankful.

We have a revival going on at our Baptist Church in Douglass, and the preaching is like we used to hear when we were young. They have put the altar back in the church, which should never have been taken out, and unless the altar goes back in all our churches I'm afraid of what will happen to our country.

We live 16 miles from Nacogdoches on Highway 21 and one mile west of Douglass, just in case any Lynn county people come this way they would be welcome to stop by.

Clara Jean and family live just west of us on the adjoining farm. Buddy and family are living with us—at present. He and his wife (Leona) are working at the State School for Retarded People at Lufkin.

Some of the inmates there can't speak a word—nor dress themselves. The ages range from 6 to 60. Not all are retarded; some are from broken homes. Buddy works with the worst group, the helpless ones. They don't have any beds cases yet but are enlarging the place to take these, too. Leona works with girls and women. My son-in-law (Clara Jean's husband) is supervisor in one of the kitchens.

When one sees these people they should get on their knees and thank God for health of body and mind.

I love all the Lynn county folks, and we will always call Tahoka "home."

NOTICE OF PLAN OF COMPLIANCE WITH TITLE VI OF CIVIL RIGHTS ACT OF 1964

The Board of Education, Tahoka Independent School District, Tahoka (Lynn County), Texas, realizing that the Tahoka Independent School District is not in full compliance with Title VI of the Civil Rights Act of 1964, hereby submits the following plan of compliance, along with background information, for said title of said act:

The Tahoka Schools have been officially and voluntarily integrated at the high school level since the beginning of the 1963-64 school year. At the present time colored students in grades 1-8 of the Tahoka Independent School District attend the Dunbar School on a segregated basis. As of January 22, 1965 there were 17 colored students attending Tahoka High School. As of this same date there were 71 students in grades 1-8 attending at the Dunbar School. As of January 22, 1965 the total enrollment of the Tahoka Independent School District was 1,118.

By action of the Board of Education of Tahoka Independent School District, taken at regular meeting on February 11, 1965, and recorded on pages 1 and 2, Book 3, of the official minutes of the Board, with the following members present and voting "yes": Cleve Littlepage, Clifton Hamilton, Wilton Payne, J. T. Miller, Martin White, Roy Stephens, and James Roberts—a schedule for total desegregation of grades 1-8 was adopted as follows:

Grades 7 & 8—September, 1965

Also, in actions taken by said Board of Education at afore said meeting, and recorded on pages 1 and 2, Book 3, of the official

Miss Audrey Klaus Now H. D. Agent

Miss Audrey Klaus has been home demonstration agent of Oldham and Hartley counties since last July, her mother, Mrs. Werner Klaus told The News last week on a visit to have the paper sent her.

She is living in Vega, county seat of Oldham county, but also serves Hartley county, of which

minutes, a plan was adopted whereby any student in the Tahoka Independent School District may, if he so desires, enroll in any school of the Tahoka Independent School District where his grade level is taught.

It is the belief of the said Board that appropriate preparatory steps have been initiated to prepare the staff and community for desegregation due to the fact that integration of the high school grades in September of 1963 has functioned smoothly and without incident. Further steps, it is believed, are being taken to prepare the community, colored citizens as well as white citizens, with the systematic timetable as set forth herein.

This plan was announced in the form of an official notice in the Lynn County News dated February 19, 1965. All students and teachers of the Tahoka Independent School District of Tahoka, Texas, and parents of the students, will receive notice of said plan in the form of a bulletin the beginning of the 1965-66 school year.

Signed this 11th day of February, 1965, by the following officers of the Board of Education of Tahoka Independent School District:

CLEVE LITTLEPAGE,
President
WILTON PAYNE,
Secretary.

Tahoka's ZIP Code is 79373.

Channing is the county seat.

Miss Klaus attended Wilson schools and graduated from Texas Tech with a major in Homemaking in January a year ago. Her parents, Mr. and Mrs. Werner Klaus, live at Wilson.
