MRS. TOM LEE

Korean Native To Speak Here At Methodist Event

Mrs. Tom (Wonhi) Lee, native of North Korea and wife of the director of music and education at the Central Methodist Church in Dalhart, will be the principal speaker Monday for the World Day of Prayer held that day in the Tahoka Methodist Church.

The morning session will begin at 10:30 a. m. and a covered dish luncheon will be held at noon in Fellowship Hall. The afternoon session, during which time Mrs. Lee will speak, will begin at 1:00 p. m.

Everyone, regardless of church affiliation, is invited to attend and those not wishing to attend the entire day may come for the afternoon program.

Accompanying Mrs. Lee here will be Mrs. Keith (Betty) Green of Dalhart, daughter of Mr. and Mrs. W. E. Cantrell. The two ladies will present a duet during the afternoon program and Mrs. Lee will sing a solo in the morning session.

Mrs. Cantrell has arranged the program and those participating in the World Day of Prayer will be Mrs. E. W. Patterson, Mrs. V. F. Jones, Mrs. R. M. Stewart, Mrs. G. M. Stewart, Mrs. Georgia Cook, Rev. Aubrey White, and Mrs. Johnny Williams.

Mrs. Lee has been in the United States a very short time. She and her son, Kwon, four, joined Mr. Lee in Dalhart in August of last year. He had come to the U. S. three years previously to attend S.M.U.

The guest speaker was born in North Korea, City of Pyongyang, moving at the age of 13 with her family to South Korea after Korea was freed from the Japanese government.

She attended Ewha Methodist Mission High School and went on to finish her education at Seoul National University, College of Music. In her senior year she was selected as a soloist with the Korean Government Goodwill Mission, which toured many countries.

She has also been a soloist in the Zion Choir, conducted by her husband, who entertained American soldiers in Korea with good music, sang in American army chapels, and service clubs.

TWO COUPLES MAKING TRIP TO OLD SOUTH

Mr. and Mrs. W. A. (Bill) Warren and Mr. and Mrs. Wallace White left last Friday on a two or three week trip to the Old South, and expect to go to Florida and return.

Robert Warren says they went from here to Houston, where they attended the fat stock show and rodeo, then to Gulfport, Miss., and they expect to return by way of Mississippi to visit some relatives.

Ladies Hear Talk On Landscaping

The New Home Young Homemakers met Monday, February 22, at 9:30 the Tahoka Garden Club at 7:00 p. m. at the Homemaking Cottage. Those present were Mmes. Gene Eades, Don Balch, Stewart Rice, Ronnie Dulin, Brent Gregg and Miss Garene Harris.

Gordon Bullard of Tom's Tree Place presented the program on landscaping and gardening. He showed slides of different landscapes.

Mrs. Bades, vice president, presided at the business meeting. It was decided that we would go to the Hemphill-Wells style show March 8. Also, planned for the next meet, a supper for the Young Farmers, after which a program will be presented on "Food and the Dollar." A date has not been set for this meeting.

Garden Club Has Community Party

A large group of local people attended the Garden Club "42" and bridge party held Monday night in the Community Center for the purpose of raising money to landscape the new high-school building.

Mrs. Hubert Tankersley, president, said that over \$120.00 was taken in during the evening, but expenses have not yet been deducted.

On Wednesday the club held a Hat Bazaar in Mrs. H. W. Carter's knitting shop, also for the purpose of raising funds.

CARD OF THANKS

I would like to say thanks to everyone who has been so nice to me while I was in the hospital and since I have been home—for the flowers, gifts and especially for the prayers that were said for me. I say "thank you" from the bottom of my heart—Mrs. Luther Wood. Itc

Garden Club Will Meet On Tuesday

On March 9, Tuesday morning, at 9:30 the Tahoka Garden Club will meet in the country home of Mrs. W. T. Kidwell which is three miles west of Carter Groves north of town. Mrs. Bob Rutledge is co-hostess for the meeting. Everyone is to meet in front of the Methodist Church at 9:00 o'clock and go together to the meeting.

Roll call will be a song with birds or flowers mentioned in the title. Those to make arrangements are: Mrs. Mitchell Williams, Mrs. Weldon Martin and Mrs. Skip Taylor.

The program will be films on "Flower Boxes" and "Wild Flowers" and a talk on "Beauty of Birds and Legends of Wild Flowers."

All members are urged to be present.

STAIN REPELLANT FINISH

The latest household cottons with stain and water repellent finishes are mattress pads and pillow covers. Both zippered mattress covers and fitted pads are available with the protective finishes, and the treated pillow covers also come in zippered cottons, says Lynn Parks, A&M Extension consumer education specialist.

Sundown Girls Win Bi-District

In a bi-district Class B girls basketball game played in Tahoka gymnasium Monday night, the Sundown team defeated Shallowater 44-39 before a large crowd of fans.

The District 7-B winners gained a place in the regional tournament to be held in Canyon after coming from behind in the fourth period.

Sundown led 15-9 when the first quarter was over, and held a 27-25 halftime margin. Shallowater, coached by Dalton Morrison, formerly of O'Donnell, pulled up and went ahead 36-33 at the end of the third.

The Shallowater team couldn't hit in the fourth and Sundown caught up and pulled ahead to win by five points.

Jolene Dean paced the winners with 23 points while team mates Nancy Haggerton and Nanette Harrington made 11 and 10, respectively.

Shallowater's Mary McCreary tossed in 16 points, Shari Smith 12 and Mary K. Fowler 11.

THE NEWS

A boy from Switzerland and a girl from Montana find reality amid the glitter and excitement of the New York World's Fair

Encounter

Show At Church Next Wednesday

"WORLD'S FAIR ENCOUNTER" is based on the story of two young people who actually visited the Fair during the first session of its operation. Pamela Baird, a Walt Disney national talent contest winner, whose career has included feature roles in a number of major studio productions and numerous top-ranking television productions, plays the role of a graduate nurse from Montana. Jean Luc Ray, making his acting debut, portrays a Swiss-French exchange student who is enrolled as an architect major at a New York University. The encounter of these two young people and their growing friendship during a day at the Fair, is the vehicle through which film viewers are at once entertained, informed and inspired.

The culture and heritage of many of the world's communities are emphasized by visits to a number of the colorful international pavilions and exhibition areas. Particularly noteworthy is a sequence filmed in the Belgian Village, one of the more recently completed Fair areas which preserves the charm and "old world" atmosphere of the European Continent. Another unusual sequence was filmed in the Spanish Pavilion where the Ballet Lorca from Barcelona staged a special routine for the World Wide Pictures' cameras.

The United States Pavilion with its Hall of Challenges and the Illinois Pavilion's treatment of the life and times of Abraham Lincoln are featured settings in the development of the contrasting backgrounds of Dorothy, the American girl from Custer, Montana, and Eric, the Swiss student from Geneva.

The story climax takes place in the Billy Graham Pavilion where the wide-screen motion picture, "Man In the 5th Dimension", makes its impact on the film's principals. This is the Todd-AO and Technicolor subject which has been playing to capacity audiences that visit the Pavilion throughout the day. The young couple's impressions of the unusual cinema presentation become a symbol of the actual response by thousands who have found spiritual meaning and purpose to life amid the glitter and excitement of the New York World's Fair.

"World's Fair Encounter" will be shown at First Baptist Church in Tahoka on March 10 at 7:45 p. m.

Mr. and Mrs. Charles Verner of Lubbock were visitors in Tahoka Monday with her parents and old friends.

Wilson Baptists Honor Rev. Scott

On Sunday morning, Feb. 28, the auditorium of the First Baptist Church in Wilson was filled to capacity with members and friends to honor their pastor, Rev. H. F. Scott, and family for their services the past nine years.

Rev. Scott has accepted the pastorate of First Baptist Church in Seagraves, effective March 1.

Following the morning worship service, George Williamson, Sunday School superintendent, gave a brief report pertaining to Rev. Scott's ministry at Wilson.

There were 194 additions to the church by baptism and 218 by letter. He performed 41 marriage ceremonies and conducted 45 funerals. More than \$80,000 has been invested in new buildings, new parsonage, educational building and Latin mission building.

The church then presented the pastor and family with a silver service. Their son, Mark, was presented a gift of books from the church.

A noon meal was served in the educational building.

On Sunday night, the pastor of the Methodist Church, Rev. W. O. Rucker, Jr. and his congregation attended the services.

The following statement has been issued by members of the Wilson church:

"The emotions of Wilson community are mixed over the loss of the popular and dedicated pastor of the First Baptist Church. We are sad and heart-sick because he is no longer available to share our sorrows and joys, our heartaches and good fortunes, but we are glad and rejoicing over the fact that he has shared nine wonderful years of his ministry with us, and over the fact that he will be serving in a greater, perhaps even more challenging field of service. We know, too, that he is doing as the Lord has guided him to do. His good influence here will linger on and multiply for years to come. This is one way God has of honoring those who are faithful to Him."

Charles Barham, five year old son of Mr. and Mrs. N. M. Barham, Jr., was a medical patient in Tahoka Hospital from Monday until Wednesday.

Max Blakney On Tech Honor Roll

Max Blakney of New Home, freshman in Texas Tech School of Business, made the Dean's Honor List this past semester with a grade point average of 3.82.

He has pledged Sigma Alpha Epsilon fraternity.

Max was an honor graduate at New Home High School and is the son of Mr. and Mrs. E. R. Blakney.

A&M'S PUBLICATIONS IN WIDE DEMAND

Almost 3 1/2 million copies dealing with subjects in agriculture and home economics were distributed in 1964 by Texas A&M University's Department of Agricultural Information.

A majority of the publications were written by specialists of the Agricultural Extension Service or staff members of the Agricultural Experiment Station, according to Hal R. Taylor, editor and head, Department Agricultural Information.

He reminds Texans that copies of the publications are free and are available through county Extension offices or from the Department at Texas A&M University, College Station.

LOT OF BEEF CAME FROM TEXAS FEEDLOTS

During the past year of 1964, 969,000 head of cattle and calves were marketed from Texas feedlots. Ed Uvacek, Extension livestock marketing specialist and assistant professor at Texas A&M University, said this is a 27 percent increase over the number marketed in 1958.

Lynn's Business Census Released

Lynn County's 118 retail establishments had \$12.7 million in sales in 1963; an increase of 5 percent from 1958, the U. S. Bureau of the Census has just reported after tabulating data gathered from all firms in the 1963 census of business. The last previous business census conducted by the Census Bureau, an agency of the U. S. Department of Commerce, was in 1958.

Retail trade in the county meant jobs (exclusive of proprietors) for 324 men and women and a yearly payroll of \$694 thousand.

In volume of business the county's food stores had sales of \$2.9 million, an increase of 4 percent from 1958. In other retail business, the county's eating and drinking places had sales of \$341 thousand, and gasoline service stations had sales of \$686 thousand.

For the state as a whole, the Census Bureau reported 96,406 retail establishments with sales of \$12,715.4 million, up 18 percent from 1958.

Census reports to be issued during the next few months will give state and county figures on whole sale and service trades, manufacturing and mineral industries.

Penny Thompson, three year old daughter of Mr. and Mrs. C. B. Thompson of Brownfield, was a medical patient Friday and Saturday in Tahoka Hospital.

TWO EDUCATION EXHIBITS IN TAHOKA SHOW WINDOWS

Two down-town show windows have Public School Week displays of special interest — Robinson's Ready-to-Wear and Rutherford's Department Store.

Highways to Success is the title of the display at Robinson's placed by Mrs. Peggy Atwell and Mrs. Anna Jo Carter of North Elementary.

Scope of the curriculum is emphasized in a display of books used in school from Grades 1 to 12 in Rutherford's window. Entitled Climbing the Ladder to Success, the display was arranged by High School.

Mrs. Ella Kimbrell of O'Donnell was released Friday from Tahoka Hospital where she was a medical patient for 10 days.

Roger Bell was released from Tahoka Hospital Monday after undergoing surgery there on Thursday of last week.

Mrs. John Garner was a medical patient in Tahoka Hospital from Thursday of last week until Saturday.

Lynnetta Cain was a medical patient in Tahoka Hospital from Friday until being released Wednesday.

Monument at San Jacinto Battleground by E. M. Schwetz

SAN JACINTO . . .

in 18 Minutes—Blessed Freedom!

At 3:30 P.M. on April 21, 1836, General Sam Houston launched his attack. So sure was Mexican Army Commander Santa Anna of his troops' superiority that he did not even post sentries during the customary afternoon siesta.

The freedom-inflamed Texans, shouting "Remember the Alamo!", sprang upon the enemy. In the incredibly short space of 18 minutes Texas' freedom was won.

Santa Anna was captured. Six hundred and thirty officers and men were killed; the rest taken prisoner. Texas lost only nine men killed or mortally wounded, with 30 less seriously wounded. When the captured Santa Anna ordered his troop commanders to leave Texas, the last threat to peace was removed. Texas was free!

FREE MEN DEPEND ON US!

Today, we cannot—with one decisive stroke—wipe out the threats to freedom that are all around us. Instead, we must join together for an almost unending task of holding at bay those who would destroy the liberty we hold so dear.

Our dollars, banded together in U.S. Savings Bonds, help keep our defenses strong—making sure that no enemy will smash through to victory over freedom.

You can be an active partner in defending freedom by buying U.S. Savings Bonds at your bank or on the payroll savings plan where you work.

ORVILLE FREEMAN, Secretary of Agriculture, is pictured above signing a revised and updated memorandum of understanding between the Department of Agriculture and the Lynn County Soil Conservation District on January 28, 1965. Don Williams, administrator of the Soil Conservation Service, is looking on.

The Lynn County Soil Conservation District revised its long range program and plan this past year to cover the broadened scope in Conservation and Conservation programs that have come into being since the district was formed in 1942.

The revised program and plan of work was sent to the Secretary

of Agriculture to serve as a basis for signing a modernized working agreement between the District and the Department of Agriculture.

Don Williams, Administrator of the Soil Conservation Service forwarded the following message to the Lynn County Soil Conservation District, "I should like to convey my compliments to members of the district governing body for their foresight and vision in broadening the concepts of conservation and rural areas development in their District. I commend them for recognizing the new challenges and opportunities which lie ahead in this field. I pledge to them the full cooperation of the Soil Conservation Service in meeting these new challenges."

Members of the board are E. R. Blakney, chairman, Ward Eakin, Harold Payne, Boyd Barnes, and Jiggs Swann.

ARE YOU GUILTY?

Needless to say, we all are! The crime is littering and perhaps because there seems to be no real punishment we continue to litter our streets and highways. But wait—even though we're not caught, you still will be punished. America is a beautiful place to live, and just as we are proud of our homes and try to keep them clean, so too must be venture to keep America clean.

A lake outlined with residue that destroys her invitation to swim, a court house with papers cluttering its lawn, and a sign prohibiting littering on our state highways surrounded by trash: all add up to neglect on our parts. Let's wake-up and care! Do your part to make America clean and an even more beautiful place to live.

Jacque Burnett

Dear Editor:

Hello out there! I wonder if West Texas is "digging out" as we are here (Muncie, Indiana). We had a little snow—just 12 inches, but guess we are lucky as cities north of us had 15 inches of the brilliant white stuff. Fifty miles an hour winds blew drifts to 16 feet in, depth around our city. All county and city schools, banks and stores in downtown area have been closed the past two days.

This was the worst blizzard Muncie has had since 1910. We had to shovel our way out the doors and make a path to the street so the mail man could deliver our best paper, "The Lynn County News."

I would like to say "Congratulations" to all the people in New Home (my home town) for all the improvements you are making in progress of a real city.

Just a few weeks ago we actually had some of that good West Texas soil flying overhead. A black cloud came from the West and the sky was filled with sand, but instead we got a big clap of thunder and a pour-down of rain. To show how much Texan I am, I still have the habit of looking to the West to see if the sand is going to blow everytime I hang clothes on the line.

Just a word to say our address has been changed to 2719 South Vine Street, Muncie, Indiana. We don't want to miss our home town news—Mrs. C. L. Estep (formerly Leona Lewis). P.S. My husband has been in the heat treating business here for the past seven years. We have two children, Phyllis Ann, age 9, and Wayland Lee, age 5.

Dear Sir,

May I introduce myself before making known my purpose in penning this letter. I am Mrs. C. R. Owen, formerly daughter of Monroe R. and Annie Belle Stice. Also may I express my enjoyment of your paper of which I try to get a copy each week end on my weekly visit to Tahoka. But having missed a few issues I want to subscribe to it.

There are some pieces I want to clip for my scrap book (in back issues) which I missed, such as

YOUNG TEXAN OF THE YEAR
Donald Ray Gibbs, 19, ICU freshman, was named Young Texan of the Year-1965 at the Sixth Annual Troy Post Awards Banquet held in Austin last week. Gibbs is the son of Mr. and Mrs. Clyde M. Gibbs of Tyler. With the title of the state's most outstanding young citizen, Gibbs received the Troy Post Foundation Trophy and a \$2,000 college scholarship. The Young Texan Program is co-sponsored by the Troy Post Foundation—established by the Dallas banker, airline and insurance executive—and the more than 200 Optimist Clubs of Texas.

pieces concerning my brother, Freddie, when he was injured last year, and a human interest story some years ago about my father killing a bear with a .22 rifle.

I enjoy reading stories of the Old West as in the Avalanche Journal and especially the one of Mr. Norfleet which I enjoyed tremendously since there is a copy of the book "Norfleet" in possession of my family.

In conclusion let me say that you have a fine weekly paper.—Mrs. C. R. Owen, 617 Miller, Spur, Texas.

GRASSLAND NEWS

(Mrs. O. H. Hoover)

It's been trying to snow all day. Hope it makes it tonight. One of the biggest and wettest snows we have ever had came the sixth of March several years ago.

Mr. and Mrs. Carl Greer and Mr. and Mrs. N. O. Townsen spent the day Sunday in their vacation cabin on Colorado City lake.

Jerry Hoover of Lubbock spent most of Saturday helping his mother do some chores around the house and it sure was appreciated. Things can sure pile up.

Our sympathy goes out to the Bryan Maxey family today. They had a great loss in their son, Simeon. He was buried Monday. May God comfort them in their sorrow.

The Nazarene College in Bethany, Okla. had a motorcade for the juniors and seniors of the

surrounding high schools. Going from here are Karen Laws and Delbert McCleskey. Hoolie and Lavern are taking them. They leave March 4.

Queda Murray spent the day Sunday with Lillie Wilke. The Bert McDonalds had lunch and spent the day Sunday with the James Murray family.

Mr. and Mrs. W. G. McCleskey had lunch Sunday with the H. E. Huffakers. Other guests were the W. L. Gribbles.

Pauline Riley has been ill for two weeks with the flu. Quite a lot of folks have it. Mrs. Lucille Walker, Roy LeMond, the T. A. Stone children seem pretty severe too.

The Kelley Laws family had lunch Sunday with the C. O. McCleskeys.

The Thursday Club is postponed

until the third Thursday in March (which will be March 18) on account of the death of Simeon Maxey. Next meeting will be with Sue Maxey.

Mr. and Mrs. Pete Cooper and Carl Edwards of Slaton, Mr. and Mrs. Ray Rinker and Mrs. Roy Gary of Post visited in the L. A. Enloe home Thursday.

Mrs. William Adams and sons visited the Enloes Friday.

The Danny Enloes have moved from Clovis, N. M. to Slaton and visited his parents Saturday morning.

C. L. Cooper of Post gave Danny Enloe a surprise birthday party in Danny's home the 22nd. Forty five guests took the party to him and was he surprised!

When Mrs. Amos Gerner gave me her news she laughingly told me she didn't live at home last week—she just used it for a filling station.

Mrs. Fay Clayborn and Mrs. Amos Gerner surprised their

mother, Mrs. O. F. Haley, with a dinner on her 81st birthday Feb. 24, and later on in the evening visited Mr. and Mrs. John Brown in the Twin Cedar Nursing Home.

Mrs. Gerner visited Mr. and Mrs. S. B. Mathis and Grandmother Mathis Thursday, then picked up her mother, Mrs. Haley, and visited her sister, Mrs. Perrill, and with her brother and family, the R. W. Hales on Friday.

Mrs. Amos Gerner and Laura visited Mrs. Robert Craig Monday evening.

Mr. and Mrs. V. P. Haley of New Home visited their mother last Sunday.

Mrs. Bob Norman visited Mrs. Amos Gerner Saturday evening.

Jerry Hoover stopped by and visited a while Saturday with an old school friend, Mrs. Evelyn Enloe.

Miss Louise Gerner of Dallas surprised her parents by coming home to spend the week end. Mrs.

Gerner, Louise and Laura had lunch in Post Saturday then went to Lubbock to visit Edna and Lonnie Mason. Edna has had her feet operated on and is doing fine—able to walk a little on her heels.

Sunday Mrs. Gerner and Laura visited Mrs. J. B. Jones and Jay in Slaton. Mrs. Jones has been hospitalized for ear trouble. Sunday evening they visited Mrs. Fay Clayborn, Forest and Peggy and then had supper in Post with Johnny Kuykendall.

Amos Gerner and Robert Craig are catching fish down at Falcon Lake. More power to them. My what a hectic week for the Gerners. Rather a fast pace.

Mr. and Mrs. W. T. Luttrell attended funeral services for Mrs. John Evans in Tahoka last week. Mrs. Martha is visiting relatives in Odessa this week.

Rev. and Mrs. Ray Forbes attended singing at Berry Flats Sunday afternoon.

Million Packs Cigarettes Smoked By Lynn People

(Special to The News)
New York—Just how much effect the campaign against cigarette smoking had on residents of Lynn County in the past year is now a matter of record.

Figures on cigarette sales in the local area show that the Surgeon General's report on the health hazards of smoking, released one year ago, caused few people to "kick the habit."

Temporarily, there was a drop in cigarette consumption. Millions of people, alarmed at the linking of smoking with lung cancer and heart disease, suddenly gave up cigarettes or cut down on them drastically.

It didn't last long, however. Within a few months they were puffing away at their usual rate and cigarette sales were back to normal.

Figures compiled by the Treasury Department and by the tobacco industry give the rate of consumption in each section of the industry.

In Lynn County, an estimated 1,240,000 packs of cigarettes were smoked last year, according to a breakdown of these figures.

Related to the local population over age 18, this was equivalent to 175 packs a year per person. It compares with 179 packs the year before.

In other parts of the United States, the average was 207 packs per person for those over 18. The average was 173 packs in the West South Central States.

A new report by Surgeon General Luther L. Terry, issued last month, claims some success for the anti-smoking campaign. It states that 7 percent of the na-

tion's adult males and 3 percent of the females have given up cigarettes since 1962.

Dr. Terry admits that it is difficult for people who have smoked for many years to discontinue overnight. It might take ten years or so to change America's smoking habits, he declared.

Meanwhile, he said, we will have to focus on the youngsters and keep them away from cigarettes. Such a drive is now taking form.

As to the cost of smoking, the 70 million smokers in the United States paid some \$6.5 billion for cigarettes in 1964.

Residents of Lynn County spent \$396,000, or approximately \$52 per smoker.

Girl Scout Cookie Time Here Again

From March 4 through March 18 the Brownie and Junior Girl Scouts will be selling cookies. The Cadette Girl Scouts will be selling nuts.

The success of the Cookie and Nut Sale is vital to the Scout camping program. The sale provides funds to continue the improvement and maintenance of the Girl Scout Camps.

Troop profits are used for troop registration, cook-outs, service projects, and other troop activities.

The local Girl Scouts thank you in advance for your patronage.

ONE-ARMED STAR

Harlem Stars Here Tonight

Tonight, the Harlem Stars and the Tahoka Jaycees will meet in the Tahoka Gymnasium at 7:30 p. m. and the basketball game promises fans a top-notch exhibition, packed with hilarity.

Tickets are \$1.50 for adults, \$1.00 for students and 50 cents for students under 12.

The Harlem Stars, made up of outstanding Negro athletes from over the nation, are currently on tour of about 40 states and several foreign countries.

They are unique in the fact "they never try to run up a huge score against opponents. It is their policy to keep the game close, devoting much time to comedy."

The motto of the Harlem Stars is "The World is our Audience—Send Them Home Laughing."

The team is made up of Boid Buie, owner-manager, Big Daddy Batiste, Joe Hill, Handa Johnson, Young Blood Williams, Loud Mouth Billingsley and Jr. Scorza. They range in height from about 6' to 6'5".

The local Jaycees team is made up of members of the organization and a few other "helpers."

Everyone is urged to attend as proceeds will go to the Jaycee project at the Tahoka Special School.

CARD OF THANKS

We would like to thank our many friends for your kindness, cards, flowers and sympathy at a time when it was deeply appreciated.—Margaret and Elda Cruce, etc.

Cub Banquet Held Thursday

Cub Scout Pack 782 held its annual Blue and Gold Banquet Thursday night, Feb. 25, in the Community Center when 180 persons attended.

The theme of the banquet was "Blue and Gold Birthdays." The tables were decorated with cherry trees and gold bust statues of Washington and Lincoln. The favor cups, menus and programs were made by the boys. Rev. Aubrey White gave the invocation before the buffet-style meal, cooked by the mothers, was served to families of the Cubs.

Den Chiefs Jimmy McCord, Barry Jaquess and Calvin Adamson, Scouts of Troop 721, led the Pledge of Allegiance and a song, "L. A. Forsythe, member-at-large for the Boy Scouts of America, presented the charter for Pack 782 to Charles Brock, institutional representative for the Downtown Bible Class, who is the sponsoring institution. The following adults were recognized and sworn in for the new year: Dan Curry, Cubmaster; Joe Harvick, Assistant Cubmaster; James F. Roberts, committee chairman; H. B. McCord, Jr., Othell Meeks and J. T. Miller, committeemen.

Den mothers and assistants registered for this year are Mrs. Billie Harvick, Mrs. W. W. Gurley, Mrs. Maxine Paris, Mrs. Billie Carr, Mrs. Macky Turner, Mrs. Dol Roberts, Mrs. Pearl Miller, Mrs. Junior Marrett, Mrs. Margie Craig, Mrs. LaQuita Leverett, and Mrs. Turner Rogers.

One of the highlights of the program was the presentation of a gold plaque to W. W. Gurley, expressing thanks for his service to Pack 782 as Cubmaster for 1964. Dan Curry made the presentation.

Awards presented the Cub Scouts follow: Bobcat pens, Dennis Johnson, Trent Leverett, and David Brookshire; Wolf badges, Kent Payne, Jeff Roberts, Mike Warren, James Marrett, and Stephen Hyatt; Bear badges, Carlton Harvick, Wesley Boone, Dean Rogers, Terry McCord and Stan Lovelace; Lion badges, Robin Harvick, Mark Leverett and Gary McCord; Gold and Silver Arrow Points, Randell Gurley, Todd Beckum, Leslie Paris, David Henry, Jim Thomas, Weldon Warren, Mark Leverett, Terry McCord, Gary McCord, Dean Rogers, and Gary Lewis; One-year pens, Weldon Warren and Stan Lovelace.

E. B. Gaither, Explorer Scout leader, presented a Webelos badge to Clyde Curry. Clyde also received a banner, with all of his awards received in his cubbing career, tied on an arrow. Charlie Jaquess, Scoutmaster, assisted by Scouts of Troop 721, held a ceremony to receive Clyde into the Troop. Scouts lit 12 candles in the darkened room, naming the 12 Scout laws.

The banquet closed when Dan Curry asked everyone to join hands around the tables and expressed Cubbing takes parents and sons working together. "A chain is no stronger than its weakest link!"

Next pack meeting will be March 25, at the Community Center, and the theme is "South of the Border".

Judges declared this to be one of the best county shows, especially in swine classes, that will be found anywhere.

Prof. L. M. Hargrave of Texas Tech judged beef calves, Paul Gross of Seminole the hogs, and Ed Garnett of Lubbock the lambs. Prize money ranged from \$10.00 for first down to \$2.00 for sixth to tenth in calf classes, and for hogs and lambs, \$6.50 for first down to \$1.00 for fifth. Prize money and show expenses were furnished by Tahoka Chamber of Commerce and Tahoka Rotary Club. Trophies were also awarded grand and reserve champions by Lynn County Farm Bureau.

In lieu of a sale, Lynn county merchants and individuals gave a bonus fund totaling \$1,400.00 in order that each entry may get something for effort. Each calf entry drew \$10.00 from this fund and each hog and lamb \$3.00.

Many individuals and organizations helped County Agent Bill Griffin and the Vocational Agriculture teachers stage the show. Home Demonstration Club ladies operated the concessions booth.

O'Donnell boys and girls will also show their animals in the Dawson County show this week end, and New Home and Wilson entries will be shown in the Wilson New Home Show in the County Livestock Exhibition building here this Saturday, March 6.

Mr. Griffin says 4-H boys and girls have entered 21 steers, 34 lambs and 100 pigs in the area show at Lubbock. No figures were available on the number of FFA entries from the four county schools, but there will be many.

BROTHER OF GEORGE SEALY WAS BURIED LAST WEEK

G. C. (Buck) Sealy, 53, Lubbock, brother of George Sealy of Route 5, Tahoka, died Wednesday of last week. A retired farmer, he had lived in Lubbock since 1920, and had been in a convalescent home the past year.

Tahoka's ZIP Code is 79373.

Washington, D. C. — Concern over the one-cent per pound cut in the cotton support price for 1965 brought a committee of 10 farmers and businessmen from the South Plains to Washington last week for meetings. The main purpose of the committee's trip was to urge that the one-cent-per-pound cut be restored. The Department of Agriculture has announced the drop of cotton supports from 30 cents a pound, middling-one-inch, in 1964 to 29 cents a pound in 1965.

Congressman George Mahon arranged for the group to have extensive discussions with Vice President Humphrey, Secretary of Agriculture Orville Freeman, Under Secretary of Agriculture Charles Murphy, Representative Bob Poage, vice chairman of the House Committee on Agriculture, Representative Jamie Whitten, chairman of the subcommittee on Agricultural Appropriations, and other officials.

"I think I have never seen a group from our District receive

a better reception from government officials, nor have I ever seen a group do a better job in stating its case," Mahon said after participating in the meetings with the committee. Officials explained to the group that to eliminate the one-cent cut would cost the government 75 million dollars which had not been included in the President's budget. It was also pointed out by key members of Congress that it would be most difficult to secure approval in the House of an additional 75 million dollars for cotton, especially without a request from the Department of Agriculture and the Bureau of the Budget.

Last year's cotton support program required government expenditures in excess of 850 million dollars. Congressman Mahon pointed out that there probably was not a 50-50 chance to get the additional 75 million dollars required for the restoration of the 30-cent support price, but he

and he owes UN \$374,000 in dues, not counting what he owes the U. S.

Our government doesn't have the money to support cotton, but this year it plans to spend more than \$2 billion on programs which "clearly provide benefits to consumers," including \$244 million of "emergency famine relief to friendly people"; \$762 million on food distribution, including school lunch programs; \$602 on REA and FHA loans; \$1 billion on long range programs such as Forest Service, research, soil conservation, Extension Service, marketing, FHA, etc.; and many others not related to direct benefits to farmers, which total up to the \$6.7 billion Department of Agriculture budget.

Most economists and even we yokels down here in old Lynn recognize cotton has to be competitive to go into world markets, but with rising prices in cost of production the farmer simply has to have some kind of support or more acreage if he is to survive and prosper through any transition period that is necessary to restore cotton markets.

But, as we see it, if there is a road back it is a long, hard pull. Our government has spent 20 to 30 years putting other countries around the world into competition with our home farmers. During the days of high supports, synthetics have made a big inroad into domestic cotton markets. The Administration is not sympathetic to the needs of cotton. The farmer is going to have to fight as he never fought before for his rightful place in the sun. As farming goes, so goes the rest of our Plains economy.

George Meany of AFL-CIO says the unions must now put the pressure on President Johnson for support of Labor demands for \$2.00 per hour minimum wages and a 35-hour work week. Steel wants an increase in price. Here we go again!

With our Administration committed to the people who have the most votes, the "have-nots," the Unions, the city dwellers, and the Negroes and other minority groups—the door is being slammed in the face of the farmer. Walter Reuther and Martin Luther King are calling the shots.

Bosom buddies of President Johnson and Senator Yarborough now have an opportunity to use their influence on them for the benefit of our cotton economy. And, it won't hurt anything for everyone interested in cotton to write Congressman Mahon.

MEANWHILE —

A citizen who has not had sufficient interest to learn to read and write can't possibly have sufficient information to cast an intelligent vote. The Liberals want and will get their votes.

Mrs. J. E. Hill writes to have her address changed from Wewoka to Macomb, Okla., route 2, and says, "Sure wish Lynn county could get some of the good rains we get down here."

Mrs. Tom Garrard, whose first husband was Dr. S. H. Windham, pioneer Tahoka physician, and Mrs. S. L. Shelton were in The News office the other day. The former came to Lynn county in 1905 and has lived here ever since. Mrs. Shelton, who came in 1916, recalled the 1918 blizzard, one of the worst in Plains history, and said she and her husband were up on the North Plains at

the time staying in a tent temporarily and fared reasonably well. Many cattle froze to death that spell.

We don't have as many of the "blue northers" and blizzards we used to have, it seems. Also, 40, 50 and 60 years ago it was not uncommon for this country to have snowstorms in November and December. However, weather records fall to bear out the fact that there was very much difference in normal temperature and precipitation, although there were exceptional years. But, in West Texas, the weather is always exceptional, it seems.

Charles Didwad in Post Dispatch says:

Just about every town has: A liar; a bluffer; a sponger; a bulldozer; a smart alec; it's rich man; some pretty girls; a girl that

giggles; a weather prophet; a neighborhood feud; two or three lunatics; a woman that tattles; a man who knows it all; more loafers than it needs; men who see every dog fight; a boy who cuts up in church; some men that make remarks about women; a grown man who laughs at everything he says; and only one man who doesn't know how to run a newspaper—the editor.

Jerry Bragg, who recently received his Army discharge after serving in Europe and who has returned to his studies at Texas Tech, handed us this pertinent essay from the pen of one Dean Alfange:

I do not choose to be a common man. It is my right to be uncommon, if I can. I seek opportunity, not security. I do not wish to be a kept citizen, humbled and dulled by having the State look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of Utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and to act for myself; to enjoy the benefits of my creations and to face the world boldly and say, "This I have done." All this is what it means to be an American! To which, we say "Amen!"

A drunk was walking along the street with one foot on the sidewalk and the other in the gutter when a policeman stopped him and said, "You're drunk." And the man replied, "Thank heaven, thought I was crippled."

BUYS ANGUS BULL

R. L. Warren of Tahoka recently purchased an Aberdeen-Angus bull from Ed H. Foreman of Lubbock, according to American Angus Association.

Greenville Paper Editorializes On Tahoka Zip Code

J. R. Woodall recently received a clipping from his brother, Dale Woodall of Greenville, taken from the latter's home town paper entitled "ZIP!"

The clipping, an editorial, said a small outlet for their (Americans) fears and frustrations have been provided by courtesy of the U. S. Post Office Department. It then told how Tahoka's zip code

number, appearing on a sample address in the back of the books of stamps, had caused letters to be sent to "unhappy Happy Smith."

Another report came from Roy Riddle, stationed in Germany for nearly two years, to his parents, Mr. and Mrs. T. R. Riddle. Roy said he (like his relatives stationed in France) had read of Tahoka's fame in the Stars and Stripes.

Local Science Students Give Rotary Program

Three Tahoka High science students of Mrs. Gordon Lee staged demonstrations of some of their projects Thursday at the Rotary Club meeting, but most of their explanations of how the devices worked were "all Greek" to Rotarians who went to school before the space age.

"Dusty" Walker exhibited and explained a small rocket, built at a cost of about \$1.00, capable of firing 750 above the earth and retrieved by parachute. He explained the workings of a rocket, how height of flight is measured "very simply" by measurement of angles and trigonometry tables, and speed of his rocket is figured by aero-dynamics. Rockets are used to take aerial photos, measure gravity, temperature, wind velocity, moisture, etc.

He got a laugh when he declared he put his rocket in the air for \$1.00 and some of the government's rockets cost billions and fail to get off the launching pad.

Ralph Brock demonstrated an electronic device he had built from discarded equipment for the measuring of speed of sound waves. His explanations of measuring sound waves was even more mystifying.

Bill Brock demonstrated an instrument he made for measuring intensity of light from the pri-

mary colors. He said the instrument was useful in matching paint colors. By computation of paint on a wall, for instance, he could take the instrument to a paint store and match the shade of paint by measuring light intensity.

Mrs. Lee stated she had a number of very talented science students who are carrying on similar projects in various fields of science. She said the new high school science facilities are "beautiful."

Leighton Knox, in charge of the program, said these students were brought to the club to show advancements in modern science in our local school and what these kids are doing in this nuclear age.

President Wilton Payne presented a tape recorded talk by Chas. W. Pettengill, president of Rotary International, before the Chicago Club, the first Rotary Club, on February 23, 60th anniversary of the founding of Rotary.

Harold Reynolds called attention to Public School Week and invited all people to visit the schools at this time.

For the first time, in many months, Tahoka Club was out of the "High 10" among the 45 clubs of District 573 in attendance during January. Local club attendance dropped to a "low" of 91.5 percent, 20th in the district.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

It is interesting to note the ridicule often heaped on General Charles DeGaulle, of course, the apparent necessary histrionics to appeal to the Gallic temperaments have a flavor foreign to Americans.

In Washington the French President is not so funny since he announced that France is starting to redeem American dollars held by them for American gold. This has created a drive to seek legislation removing the legally required gold backing of U. S. currency. If this is not done, it is feared that foreigners cashing in their dollars for gold will put the nation into bankruptcy.

There is no definite way of ascertaining what goes on in the DeGaulle mind. But it does seem more than significant that pressure was not put by France on dollar until after British and American elections.

It is very possible DeGaulle does not feel comfortable with a socialistic form of government in England, and thus by attacking the dollar he knows that the British pound, and hence British influence, will be weakened.

It may be that the French leader reflects on the fact that succession of prewar Socialistic governments in France headed by Leon Blum and others so demoralized the nation that it was a sitting duck for con-

quest in 1940. He objected to the acceptance by the Western powers during the war that all was sweetness and light with Russia's Stalin, and at the liberation of Paris, despite obstacles thrown into his path, stopped French communists from taking over nation.

In short, DeGaulle has been an unremitting, uncompromising foe of communism. He has also given indications he is somewhat of a realist.

France is potentially a very economically prosperous nation. Not only does it have resources and industry, but its farm productivity puts it in a position of being one of the few nations in the world that can adequately feed its own population.

Yet despite the potential wealth of France when he totted up the balance sheet and saw that it was costing France more to stay in Algeria and Vietnam than the country could take out, or even hope to make a profit in the future, he pulled out and concentrated on developing the French economy at home.

This position can perhaps be criticized as displaying an indifference toward the fate of the world.

But there is also the possibility that DeGaulle, after witnessing the fall of France undetermined by years of socialism, also believes if the world goes more and more socialistic, there will be an inevitable collapse. Hence, he takes every measure he can to keep France from once again being mired down by socialism.

Soil Conservation Essay Winner Is Miss Behrend

Miss Doris Behrend, 15, daughter of Mr. and Mrs. Rudolph Behrend, route 1, Wilson, and a student in Wilson High School was winner of first place in the annual essay contest, entitled "Conservation, Our Insurance," of Lynn County Soil Conservation District, and her essay along with other Lynn county student essays have been entered in the Fort Worth Press "Save the Soil and Save Texas" state contest.

Marilyn Wuensche, also of Wilson—placed second in the Lynn contest, and Luciano Soliz of Tahoka placed third.

Following is Miss Behrend's essay which she read at the recent Farmer-Businessman banquet:

"And the Lord God took the man, and put him into the Garden of Eden to dress it and to keep it." Genesis 2:15. These words, which were written many centuries ago, still carry a very important message for us. In these troubled times of threatening nuclear war we have many worries, but our biggest worry should be the conserving of our natural resources.

When the first colonists settled in America they found a nation of great natural wealth. They did not realize that the good farmlands, forests, and animals that they saw before them would one time become scarce. These natural resources were being continually wasted and still are. Laws were passed which helped to prevent further deterioration of our resources.

Conservation is our best and only insurance for the future. There are many kinds of insurance, such as life insurance, fire insurance, accident insurance, etc. These types of insurance protect us, our families, our homes and property. Most people own some form of insurance, but many people forget the most important insurance of them all, namely the conservation insurance.

How may we obtain this insurance and be sure our future is safe? It is simple. We must be stingy with our resources and work to conserve them.

How can we conserve these resources and secure our future and make us policy holders in the conservation plan? To answer the first part of the question, we must understand the meaning of conservation. Webster defines it as meaning "the protection and wise

use of our natural resources, and the safeguarding of our 'human resources.'

By each individual's efforts to help keep America a land of unlimited natural resources, he contributes time, energy, and money to a never-ending process. As each individual does his share to promote this important drive, he will receive a rewarding dividend from this policy.

As God told our first father, Adam, "to dress" and "keep" the garden, so we too must heed God's advice and conserve our natural resources. When our days on earth are over and we have played our role in the great conservation drive, we can rest assured knowing our children will inherit one of our most valuable possessions and the backbone of our country and nation—our natural resources.

Mahon . . .

(Continued from Page 1, Sec. 2) pledged to continue to do everything he could be of assistance, realizing that the impact of the reduction in the support price last year, plus an additional reduction this year, would make it difficult and in some cases impossible, for farmers to conduct a successful cotton farming operation in 1965.

Mahon stated that there was full agreement on the point that one of the major difficulties confronting cotton farmers is the fact that while the support price on cotton is going down, the cost of production is going up, and the farm labor situation is getting more difficult every year.

While the group came to Washington for the purpose of discussing the one-cent price drop, much time was devoted to discussions of what should be done at this session of Congress about new cotton legislation. Such legislation is required, as the present law expires at the end of this year.

Mahon said that he felt the group did an exceptionally good job in impressing on officials in Washington the urgent necessity for the maintenance of a healthy condition among commercial farmers who produce the great bulk of the food and fiber required by the nation. He pointed out that it is estimated that more than 90 per cent of South Plains farmers would be classified as commercial farmers.

'65 CHEVROLET

These great performers are the lowest priced models at our One-Stop Shopping Center

Top to bottom: Chevy II 109, Corvair 500, Chevelle 300, Chevrolet Biscayne. All 2-door models.

Each of these beauties is the lowest priced in its line. But the ride doesn't show it. Or the interior. Or the performance.

That luxurious Biscayne is as roomy as many expensive cars, has color-keyed interiors, plush vinyls, fine fabrics, full deep-twist carpeting.

Chevelle, America's favorite intermediate-size car, has clean new styling, wide doors, roomy, tasteful interiors and Chevrolet easy-care features.

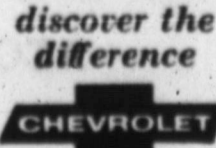

Chevy II got a lot smarter for '65—but stayed sensible! Still family-size, easy to handle, economical, and the lowest priced Chevrolet you can buy.

Or get a sporty rear-engine hardtop in a Corvair Sport Coupe or Sport Sedan for fun in the months ahead.

Chevrolet, Chevelle and Chevy II are available with the Turbo-Thrift Six for fuel economy, quick warmups, quiet idling. It's light, efficient, smooth and spirited.

Corvair's air-cooled rear-mounted Turbo-Air Six delivers the best balance and traction for this size car.

So be practical. Only you will know. Because it sure won't show!
