## Lynn Scholastics Show Decrease

Lynn county's scholastic census just recently completed for 1965-1966 shows a drop of 301 students of school age from the previous year, evidently due to the drought, according to County Superintendent J. P. Hewlett.

The new census figure shows a total of 2,942 students, 2,660 of them white and 182 Negroes. Of the 301 loss, 290 are listed as white students and 11 as Negroes.

By comparison, in 1964-1965, the figures were 3,143 students, including 2,950 whites and 193 Negroes.

Tahoka district lost the most students in numbers, 116, while Wilson lost the most percentage-wise, 86. O'Donnell showed a loss of 98.

New Home has virtually the same as the year before, a loss of only one.

This year Tahoka enumerated 1135 students, 1044 white and 91 Negroes. Last year the figures were a 1251 total, 1154 whites and 97 Negroes.

O'Donnell this year has 736 of which 697 are white and 39 Negro. Last year it had 834 students, 790 white and 44 Negro.

### Response Good On Beauty Plan

Several phases of the Tahoka Beautification Program are already underway, and cooperation of citizens is now being asked by the city-wide planning committee.

Started last week was a project to beautify the War Memorial Triangle on the court house square, which will be landscaped. Commissioner Ode Brewer has cleared the lot, which had become a trash catcher.

Now, citizens and parents or next of kin of war dead are being given an opportunity to help financially on contributions to landscape the triangle by mailing such contributions to Beautification Committee, Box 1368, or leaving a check with The News.

"We believe citizens of our county would like to see this memorial to our war dead become a spot of beauty and to have a part in such a program," a member of the committee told The News.

A number of business firms and home owners have mailed in coupons printed in The News pledging cooperation in the town beautification move. Planter boxes of flowers in down town have been proposed.

### Mrs. Morris Writes Of Former Tahokans

(Mrs. Earl Morris of the pioneering Dyer family of Tahoka writes the following about a recent visit with other former Lynn county people.)

Mr. and Mrs. Earl Morris, long time Lynn county residents, returned to their home in Slaton Saturday after a two weeks visit with two daughters and families. Mr. and Mrs. Arden Maeker, Marilyn and Pam, in Richardson, and Mr. and Mrs. Walt Lyman, Marc and Leslie, in Dallas.

Earl D. Morris and Myrba of Austin and Mr. and Mrs. Jimmy Morris and Chris of Houston visited with their parents and sisters and families on Saturday. Also, two of Mrs. Morris' sisters, Mrs. Mozelle Guinn of San Angelo and Mrs. Willie White of Lubbock, who were visiting in Terrell with Mrs. White's daughter, Mrs. Mary A. Whit, all came over and visited with the Morris family.

Mary Anice, reared at Tahoka, told us she has a grandson three months old and she has neglected all this time to let her old Lynn county friends know about him. We can't imagine that! Sorry we don't know the young man's name. Mrs. White has also failed to let folks know she is a great grandmother—but she's proud of him, anyway.

One of Tahoka's former teachers, Mrs. Johnny Hamilton, who lives in Garland, where she is teaching, came over and visited with us and the Lymans. She says she is enjoying living in Garland but misses her West Texas friends.

Another Lynn county lady who lives in "Big D" is Mrs. Ed Busby, the former Lula Williams of Draw. I called and got acquainted over the telephone with Lula. We had quite a chat about mutual friends. She told us she always makes it up for Old Settlers Reunion. Our daughters attend the same church and found they were each born in Lynn county.

I'm forgetting to tell you we saw lots of rain and damp weather in that country. I heard them announce they have had over nine inches this year. I believe they got our share of rain. Old Jupiter Pluvius forgot to turn his horn around.

### WASHINGTON AND SMALL BUSINESS

By C. WILSON HARDER

One of the weird ideas promoted along the Potomac for meeting the crisis created by the unfavorable balance of trade against the U. S. is to restrict the overseas investments of American companies.

Some time before World War II Mussolini forced Italian capitalists who had foreign investments to liquidate these holdings and bring the money back to Italy. This was apparently quite helpful in financing the Ethiopian venture, and perhaps has furnished some inspiration for the geni of Foggy Bottom. However, what has escaped notice is that the late Duce was not also spending billions of lire on foreign give-away programs.

Thus, the nation comes full face to the silliness of the situation. Over \$100 billion thrown away overseas has brought the nation to the critical state. Yet, there are still proposals to throw out another \$3 1/2 billion in this direction, which added to money previously allocated for foreign give aways but not handed out as yet, means that at least another \$7 billion will disappear from these shores.

Thus, it is presumably all right to further impoverish the nation by giving away billions, but this downward trend should not be in any degree accelerated by any American investing abroad.

Thus, perhaps it all gets

© National Federation of Independent Business

down to a matter of perspective. It is perhaps logical with the crisis the political leadership of the nation has gotten into that private U. S. investments abroad should be curbed. But it is difficult to understand the wisdom of plugging one leak in the hull and letting another run full force.

For after all, money spent to buy extra wives for Kenya chiefs is not going to return any funds to the U.S.A. There is practically no market in this country for used African wives.

On the other hand, presumably private American capital is invested abroad to develop into profit making enterprise with the hope that sooner or later these profit earnings will come to America.

As a matter of fact, foreign aid dollars are actually used against the security of the U.S. This is borne out by the fact that Indonesia's Sukarno and Egypt's Nasser have built up tidy little combat facilities with American foreign give away dollars, and now tell this country to run up a creek, while they foment bloodshed against the U. S. Yet American officials continue to beg them to take some more dollars.

There is one aspect to private U.S. investments abroad.

That is that no nation gets a dollar spent in their land until there is a reasonable assurance that the investment is safe and a profitable one. Of course, some home grown messiahs along the Potomac cry that this is capitalism. But if capitalism is not good, why all the shooting?

### O'Donnell Farmers Hear Program On Nawapa Project

A film on the Nawapa project (North America Water and Power Alliance) was shown the O'Donnell Young Farmers Chapter at its meeting on April 1.

Speakers for the event were Donald Reddell, former student at O'Donnell, and Jerry Bailey of the High Plains Water District.

The new concept is to supply this area with adequate water for agriculture, industry, sports and recreational facilities from the high rainfall areas to the lower rainfall areas throughout the United States, Canada and Mexico by way of an intercanal system.

set up with the use of certain rivers and power pump stations. The water would be elevated by the pumps to higher elevation where necessary.

About 20 members and visitors attended the meeting.

The Chapter voted to enter Jack Minter for the area's outstanding Young Farmer contest to be held at the area convention in Brownfield, according to Harold Sanders, reporter.

Vicki Jacobs was dismissed from Tahoka Hospital Saturday as a medical patient. She was admitted March 30.

Mrs. L. B. Jones, a medical patient in Tahoka Hospital, was dismissed last Friday.

### Gordon News

(By Mrs. Edmund Wilke)

It is Sunday afternoon and the sand is blowing and it is so very dry and I was going to start my column with a gripe—BUT I looked out the window and saw a tiny little green and yellow bird perched on an evergreen and a portion from the Bible came to me: "Consider the birds in the air. They don't sow, nor reap, nor store into granaries. The Father in heaven feeds them. So it is with us—and much more." Well, all of a sudden things looked brighter and it is wonderful to be alive.

Saturday morning I had a very nice chat over the telephone with Mrs. Ed Denton. She and Mr. Denton has just returned home from a nice long stay at their cabin on Possum Kingdom Lake. She said they had very good luck fishing the first week that they were there and then the weather turned bad and the fish all hid under the rocks.

One of the Denton's daughters, Mrs. Chalon E. Carson, better known as Louise, is living in Anchorage, Alaska. Her husband is a Chief Master Sergeant with the Air Corps and they will be there until June, 1966. They have already spent three years in Alaska. Louise has three girls, two with them in Alaska and one married daughter that lives in Muleshoe. She also has two grandchildren, a little boy, Tommy Neal and a little girl, Tammy. Louise works in the warehouse at Sears, Roebuck and she fell and hurt her ankle and it is in a cast. Mrs. Denton said that Louise and her family love it in Alaska.

Mrs. Edith Wynn, who was in the Plainview Hospital for quite some time, is now at the home of her brother-in-law, Mr. Noble Wynn.

Mrs. J. F. Rackler fell last week and hurt herself and has been confined to her bed. She calls me every week and gives me her news and I missed talking to her last week. I love talking to these older people, seems like they have such a real zest for living. I talked to her daughter-in-law this afternoon and she said that Mrs. Rackler is doing better.

Rev. Jerry Burnaman and family of Slaton were Sunday dinner guests of Mr. and Mrs. J. B. Rackler.

Jerry Donahoo of Lubbock visited for two days with his grand parents, Mr. and Mrs. Wes Donahoo. He also visited with his aunt, Mrs. Edmund Wilke. Jerry is a student at Texas Tech and works at the Rainbow Bakery.

Mr. and Mrs. Edmund Wilke visited Mr. and Mrs. Robert Schneider, who lives close to Cooper, on Wednesday night and then went to the Methodist Hospital and visited Mrs. Leroy Zieschang, who had undergone hand surgery on Tuesday.

We are sorry to report that Mr. Clyde Haire suffered a heart attack on Friday. He has been a patient at Methodist Hospital for quite sometime.

Mr. Leo Stolle, Arthur Stolle, Roy Stolle and Walter Stolle have returned from LaGrange, where they attended the funeral of their uncle, Mr. Gerhard Stolle.

Mrs. Earl Morris of Slaton called me Sunday and gave me a very interesting item of news. Her son-in-law, Rev. J. L. Gary, is a Baptist minister at Lubbock and he has two sons, one is a Baptist minister of a church in the northern part of New Mexico, and one is a ministerial student at Wayland College at Plainview. Sunday morning each one of them

preached at different Baptist churches. Isn't that just wonderful? Three ministers in one family. I know that Mrs. Morris is a real proud mother and grandmother.

Mr. and Mrs. Earl Lancaster and Mr. and Mrs. Hub Taylor went to Claude to visit with a sister of Mrs. Lancaster, Mrs. Velma Smotherman. They spent Saturday and Sunday night in Claude. On Sunday, Mr. and Mrs. Lancaster went to Amarillo and spent the day with their son and his family, Mr. and Mrs. Jack Lancaster. Mr. and Mrs. Taylor went to Canyon and spent the day with their daughter, Sharla Taylor and Sammy Ellis.

I talked to Mrs. Ed Milliken this morning and was sorry to hear that she and Mr. Milliken both have been on the sick list for a couple of weeks, but am happy to say that they both are feeling much better. Mrs. Sam Martin and Mrs. Alpha Taylor visited them on Thursday. Sunday guests in the Milliken home were: George Baker, Mr. and Mrs. B. R. Shaw from Lubbock, Mr. and Mrs. Robert Milliken from Slaton, Mr. and Mrs. Ralph Milliken from Wolforth, and a great-grandson, Joe Bob Henderson, from New Deal. Mrs. J. H. Hatchett from Lubbock spent the week end with the Millikens.

Steve McNeese of Houston spent Monday with Jackie Dunn. Jackie and Steve are roommates at Tech.

Dayneen Dunn, daughter of Mr. and Mrs. Herbert Dunn, topped the list of winners in the Garza County 4-H Food Show held in the 4-H Club Building at Post. Dayneen was the blue ribbon winner of the Meat Division. She had the highest score in the overall show, so she represented Garza County in the District 2 4-H Food Show that was held Saturday, April 3, in the Home Demonstration Building at Texas Tech.

Other girls from Southland School that competed in the Food Show at Post were: Sue Bevers, daughter of Mr. and Mrs. Spencer Bevers, who won a blue ribbon in the fruit and vegetable group; Marla Shelton, daughter of Mr. and Mrs. James Shelton, who won a red ribbon in the fruit and vegetable group; Laura Bevers, daughter of Spencer Bevers, who also won a red ribbon in the fruit and vegetable group. We are proud of all these young ladies.

Kevin Thomas, a 2nd grader at Post, has broken his arm again. This is the third time in a year. It is his right arm this time.

### D. C. Hubbard Falls, Breaks Left Leg

D. C. Hubbard, distributor in Tahoka for the Lubbock Avalanche-Journal and owner of a shoe repair shop, fell in his home and broke his left leg Thursday of last week.

After receiving treatment in Tahoka Hospital, he was transferred to Methodist Hospital in Lubbock. Mrs. Hubbard says he is being kept under heavy sedation. Mr. Hubbard fell about 3:30 p. m. but was at home alone. Mrs. Hubbard found him when she came home at 5:00 p. m.

She and her daughters are continuing to deliver the Lubbock paper twice daily. However, she said that they are not positive they have the complete route and

Hodges (Carolyn Sue). Mr. and Mrs. John Abare of Slaton visited the Ed Millikens on Wednesday afternoon.

I'm sure there is a lot of news that I am missing, so why don't you give me a call at 998-2423? Thank you!

if anyone is missing their paper to please contact her.

Mr. and Mrs. J. W. Nelson of Brownfield visited in Tahoka Monday with a sister, Mrs. Luther Wood, and brother, Travis Inman.

## Junior High Athletic Banquet 300 Students, Parents Attend

About 300 boys and girls and their parents attended the annual Junior High Athletic Banquet held in the school cafeteria Thursday night of last week honoring all seventh and eighth grade students who have participated in sports this year.

Charles Johnson, former basketball coach and now elementary principal at Seagraves, was the principal speaker. The invocation was given by Cindy Carroll and the benediction by John Ayer.

Teams introduced were girls and boys seventh and eighth grade basketball and seventh and eighth football teams. Coaches also introduced were Miss Joy Rogers, C. L. Rogers, Don Rouse who succeeded Dave Easterday here, and Gilbert Hough. Jake Jacobs, athletic director, served as master of ceremonies.

Mr. Johnson told the boys and girls that there are many choices they will have to make in their lives. Habits, he said, are like the bobble on a fishing line. Good ones will carry you along the top of the water; but bad ones will weight you down and cause you to sink to the bottom.

He continued that education is another choice with which young people are faced. They have the last word in whether an education will be obtained or not.

Duties offer a challenge to youth of today because in spite of all other things, there are certain responsibilities that cannot be shirked or neglected. Boys and girls also face a choice of whether or not to be courteous, and Johnson said, perhaps courtesy is one of the most important phases in becoming a good citizen.

The choice to work was another on his list and Johnson pointed out that no person is a top-notch human being without the willingness to work, and work hard, for what he receives either on the team or in life.

The last choice was that between right and wrong. He strongly emphasized that boys and girls must be able to perceive the difference. The old phrase "everybody's doing it" does not make an action right. He challenged the boys and girls to be an individual, to stand above the crowd, and not to enter into anything just because "everybody's doing it."

Special guests recognized were Supt. Harold Reynolds, Principal Clifton Gardner, Band Director Vic Kyler, Mrs. Johnson and many others who have contributed in many ways to the success of junior high athletics. The meal, prepared by mothers of the students, was served cafeteria style. A committee of mothers also furnished the decorations and planned the event.

He and his wife, Billie Jo, have three sons, Joe 15, Greg 12, and Roger 9.

Two other former Lynn county girls are married to prominent Crosbyton businessmen who are also active in civic affairs there. B. Nowlins.

### Projects Discussed At Young Farmer Meeting Monday

A talk by Don Saverance of the ASCS office and a discussion of projects were on the program of Tahoka Young Farmers at their meeting in the Lyntegar board room Monday night.

The club discussed plans for putting down a fell at the new roadside park north of town. The club has run into some opposition and is having to get an OK from the Highway Department. A sizeable sum of money has been spent on the new park, but they don't care if a well is put down.

The club also discussed plans to continue seeking a signal light for the railroad crossing. The office at Austin has turned down the light already, but the club feels if enough pressure is put on the Department it can be successful.

The club was introduced to Charlotte Warren, daughter of Mr. and Mrs. Robert Warren, who is a candidate for Rodeo queen. The Young Farmers are sponsoring Miss Warren.

The program was presented by Don Saverance on the different programs of the ASCS office. He explained the cotton and maize programs and also some of the ACP programs.

The program next month will be on ester beans and soybeans. The meeting time has been changed to 8:00 p. m.

The First National Bank donated the door prize which was won by Donald Williams, club reporter.

The location will be at the County Courthouse, in the room at the east entrance. The next date will be on Thursday, April 15, between 2:00 and 4:00 p. m.

Tahoka's ZIP Code is 79733.

### in 18 Minutes—Blessed Freedom!

At 3:30 P.M. on April 21, 1836, General Sam Houston launched his attack. So sure was Mexican Army Commander Santa Anna of his troops' superiority that he did not even post sentries during the customary afternoon siesta.

The freedom-inflamed Texans, shouting "Remember the Alamo!", sprang upon the enemy. In the incredibly short space of 18 minutes Texas' freedom won.

Santa Anna was captured. Six hundred and thirty officers and men were killed; the rest taken prisoner. Texas lost only nine men killed or mortally wounded, with 30 less seriously wounded. When the captured Santa Anna ordered his troop commanders to leave Texas, the last threat to peace was removed. Texas was free!

### FREE MEN DEPEND ON US!

Tahoka Jaycees are selling "shaving permits" at \$1.00 each, and those entering the beard growing contest are requested to register now at one of the barber shops. Jaycees will also handle concessions at the rodeo.

This year's rodeo will have stock furnished by Western Rodeo Productions, Inc., of Hagerman, N. M., of which Bobby Dixon is president. This stock is expected to be very wild since this is the first rodeo they will be appearing in this season.

Saturday night preceding the rodeo, April 24, there will be a big Western music Jamboree in the Lynn County Livestock Exposition building with about 20 music groups expected. Admission will be free—if the visitor has an advance rodeo ticket. Coffee and doughnuts will be served free.

Rodeo officials say the local rodeo plant is now debt-free, and so far the shows have been self-supporting. The sponsors have not and will not seek donations from business men and others, except shaving permits.

Oran Short is president of the Rodeo Association, and directors are R. E. McElroy, Elwayne Crowell, and E. L. Short. The Association has about 30 members.

# "Sounds Of Patriotism" Is Presented At Rotary

"The Sounds of Patriotism," a story in word and song of our great land, was presented by Miss Jackie Burnett, Tahoka High senior, at the Rotary Club last Thursday noon. She was accompanied at the organ by Miss Jean Flippin.

The 30-minute program, one of the most unique, inspirational and touching of its kind, has been presented to several local groups. Miss Burnett told the story of America through patriotic songs from the days of first settlement down to the present time, with connecting words to emphasize the meaning of our way of life and the things for which our country has stood.

As an introduction, Jackie said she received the inspiration and help in developing the program from Mrs. Stephen Thompson, a local teacher.

She is the daughter of Mr. and Mrs. Al Burnett. Miss Jean Flippin, who accompanied the songs on the organ and also furnished background music, is the daughter of Mr. and Mrs. Welch Flippin.

Clifton Gardner, High School principal, in charge of the program, also pointed out the presentation was designed to help renew our devotion to country and bring about a deeper understanding of the American Way of Life.

Highest compliment was that of one Rotarian, who declared: "This would be great on television for the entire nation to see and hear."

President Wilton Payne urged all Rotarians possible to attend the Rotary District Conference in progress at Lubbock, and a number did. Club members signed a "get well" card to District Governor Hicks Allen of Snyder, in a Lubbock hospital following a heart attack.

Miss Pat Sarten, granddaughter of Mr. and Mrs. Clyde Allen, was introduced by E. L. Short as the club's entry in the Tahoka Rodeo queen contest.

Student guests Jim Wells and Terry Harvick, were introduced by Lynn Seales and Frank Hill, respectively.

## Tippit Appearing On Feature Show This Friday Night

Gerald Wayne Tippit has participated in an upcoming ABC Television Network program "Custer to the Little Big Horn" in a series entitled "The Saga of Western Man."

The show is scheduled to be shown today, April 9, on ABC-TV networks, but it was not known if it would be shown in this area.

The show is an hour-long semi-documentary color film and Tippit provides the voice of General Custer. Used in the show are photos, paintings, statues and location shots with hired Indians and troopers to recreate the story of Custer up to his massacre at the Little Big Horn.

According to a letter to the News from Tippit, the show is written and produced by John Secondari, who was a U. S. Cavalryman, news commentator and now author-narrator. Secondari has always admired Custer and wrote the show about him. The series won an Emmy last year as well as a Peabody Award.

Gerald Wayne continues, "A great deal of research went into the making of the show including all the scandal surrounding the legend of Custer. The researchers could never uncover a factual episode that would reflect in any negative way on Custer, except his monumental ego and the fact that he was a "gut" fighter. He fought by instinct and not necessarily by intelligence. He was a major general at the age of 23, the youngest in history."

## Will Humphries Dies Recently

Wm. F. Humphries, 82, pioneer of Lynn county, passed away on March 24 in a San Antonio hospital following a heart attack. The News was informed early this week.

Funeral services were at Riebe Chapel in that city with Dr. Buckner Fanning and Rev. R. S. Wide man officiating. Graveside services were under auspices of San Antonio Lodge No. 1079 A.F. & A.M.

Will Humphries came to Lynn county before the county was organized, settling southwest of the present town. He had a hand in the county's organization in the spring of 1903. His former wife was the daughter of the late Mr. and Mrs. W. C. Cowan, also among the pioneer settlers.

Mr. Humphries was a member of Masonic Lodge 242 of Llano, Ben Hur Shrine of Austin, Old Trail Drivers of Texas, Golden Age Club, Pioneers of Texas, Lancers, and First Baptist Church of Austin.

He had attended Lynn County Pioneer Reunion on several occasions.

Survivors include one son, G.

M. Humphries Sr., San Antonio; three daughters, Mrs. O. C. Johnson of Downers Grove, Illinois, Mrs. T. G. Sulton of Tampico, Mexico, and Mrs. G. J. Bowie of Galveston; a sister, Mrs. Ola Wells of Houston; a brother, Emery Humphries of Lufkin; four grandchildren and nine great grandchildren.

In this newspaper business, an editor who stands for anything gets a lot of brick bats and a few bouquets thrown his way.

Then, along comes that "Cap" Rowe story about the other side of the Selma, Alabama, situation—and the response is so terrific that you feel maybe a little country weekly away out on the Plains is doing a little good with its crusade.

That week, March 26, by mistake, our pressman ran 150 copies too many of the second section of The News carrying this column and the Selma story. All those papers are gone by special requests—and how some of these people heard about the story we'll never know—but they've gone, first, 10 to Brownfield, 30 to Lubbock, 10 to Littlefield, several each to Fort Worth, Dallas, and Amarillo, and others to Idalou, Lamesa, Houston, San Bernardino, Calif., and even to Selma, Alabama, and other places, all in addition to our regular subscribers and in addition to extra copies bought and mailed by Tahoka people.

United Press International phoned us for permission to base a wire story on The News' Selma story. Manhattan Heights Times, Lubbock Negro newspaper, asked permission to reprint the story. Amarillo Globe-News, was furnished a copy.

Incidentally, Roswell Falkenberg, editor and publisher of the Selma Daily Times-Journal, has confirmed the fact Rowe's story was basically correct.

A fellow-newsman, Troy Martin of the Canyon News, who talked with Falkenberg last week, was informed registration in Selma since January has been along procedures ordered by Judge Daniel Thomas of Mobile, which specified number of lines to be used, times for registering, and even the doors of the Dallas County court house through which the lines would move; and whites and Negroes have lined up in the same lines.

Falkenberg told Martin the press, especially Time Magazine, has distorted the news; the city greatly deplores the killing of Rev. Reed and Mrs. Luizzo; and there is no bitterness toward the FBI or Justice Department, and local cooperation has been given both.

The Selma editor told the Canyon editor Negro leaders, themselves, concede one reason for stepping up agitation is to make sure that funds keep flowing. It seems, the NAACP treasury was getting almost bare, and new strife had to be stirred up to get new contributions.

In the meantime, all the nation, not just Alabama, will suffer from the strife. The Negro has made some advances, but he has stirred up new hates. Decent Negroes will have some new problems gaining even the acceptance they deserve.

If we are to have mob rule and approve violation of legal processes, to right one wrong, or imagined wrong, where are we going next? Mr. Johnson has repeated the battlecry, "We shall overcome," and the minute he does not katow to Dr. Martin Luther King and his radicals he will be branded their enemy. There will be more mobs and more killings and more hate and more injustices.

We have a copy of the President's "Voting Rights Act of 1965," H.R. 6400 and S. 1564, and can attest the same is shocking. Talk about discrimination! "No state, country or city may use any kind of voting qualification based on ability to read, write or understand any matter—or on educational level or knowledge of any subject—or possession of good moral character—or on being vouched for by any person; (Sec. 3b), if on November 1, 1964, such qualification was in use and less than 50 percent of the voting-age population was registered or voted in the Johnson-Goldwater election." Only Federal Courts of District of Columbia will decide issues on any question during the past 10 years. The U. S. Attorney General alone will determine if any voting qualifications are being used to register any one; voting lists will be prepared by a Federal examiner; and any local official who attempts to uphold a state law on voting will be subject to five years in Federal prison and \$5,000 fine. Maybe, it's later than we think!

Ben Franklin said it: "We have given you a republic, if you can keep it." Doesn't look like we can much longer.

P. G. VanderLinden found this "poetry" in Reporter's Report: "In seventeen hundred and seventy-six . . . A group of American mavericks . . . Renounced a yoke of tyranny . . . The tax on stamps, the tax on tea . . . Our fathers felt that we were fit . . . To tax ourselves, and you'll admit . . . We have been very good at it."

Many people, especially of the Draw area, greatly miss Mrs. A. R. Hensley, recently taken by death unexpectedly. She was an unselfish soul who gave much of her time to caring for the ill and aged.

WELL, THAT'S THAT!

Thanks to Mrs. E. S. (Aunt Nettie) Davis for some very kind words about this column. Now, we really appreciate this—for Mrs. Davis is one of the grandest ladies we know.

And, we'd like to thank Melvin Wuensche, who is frequently giving us a boost among his friends in the north part of the county. He's been very concerned a long time about the trend of government. One thing he says he can't understand. Some of our local leaders were pointing out early in November what wonderful shape our country was in, and he wants to know what they think now.

Mrs. John Harding of Lubbock, the former Miss Lorene Childers, thinks Tahoka's native cedar Christmas decorations the past

two years have been outstanding—beautiful and fitting to the occasion. She thinks the gaudy tinsel and strings of colored lights used by some towns too artificial and inappropriate. She still loves her old home town.

But, Lorene took The News to task for an error in word usage. We ran a little advertisement using the word "sow" when "sow" was meant. Yep, we know better, Lorene, but we still make 'em all the time.

A writer in Melbourne (Ark.) Times says it's quite common for people to call things they don't know how to identify "do-dads," but "the things that bother me are how long is tolerable, how far is a right smart piece, and how much is a pinch or a nip."

Here's one making the rounds of newspapers entitled "Gimme": Something dangerous has happened to this country—spread of the cowardly idea that the world owes you and me a living just because we're here.

Socialists love to mouth the Declaration "Life, Liberty and Happiness"—but they omit the most important word—"Pursuit." Pursuit takes energy and intestinal fortitude which beatniks and rabble rousers and their rabble haven't got and haven't the courage to acquire.

"Automation took my job of carriage driver (or ice-man or whatever) so you owe me relief." Get out and drive YOURSELF, and if you haven't got a skill, be the best floor sweeper or day laborer in town—and you'll get along.

If you dropped out of school or won't go to night school because it's too hard, whose fault is it but yours, that you haven't got a job or a salable skill?

This once-great nation was built on self-respect not self-pity. "Gimme" can wreck it.

An Arkansas joke: "That feller ran 100 yards in four seconds." On being challenged by one of the boys, the spokesman modified the statement: "He took a short cut."

Greek war chariots held two men, the warrior who dismounted to fight, and the driver, who did not fight.

Mrs. Frank (Josie) Henderson and daughter, Mrs. Earl (Carolyn) Bartley, were here from Seminole Friday visiting relatives and friends. Earl, who was formerly with the Texas Highway Patrol, is now associated with Gaines County Farm Supply at Seminole and Loop.

Mrs. Henderson had just recently returned from Lake Arthur, La., where she visited Mr. and Mrs. Billy Ray (Peggy) Kelley and

son, now 14. Peggy is also her daughter.

On the trip she also visited two sisters, Mrs. Sina Huffman and Mrs. Nell Clemens, also Bairrington girls reared at Tahoka.

Plymouth sales in Texas prove it!

**TEXANS LOVE PLYMOUTH BELVEDERE**

One big reason for Plymouth's sales success in Texas is the '65 Plymouth Belvedere. It's the big buy in the intermediate class, and Texans know a good deal when they see it. Belvedere gives you dollar-saving economy with a look of quality. From the luxurious Belvedere Satellite to the Belvedere I two-door sedan, there's a model to suit your car needs perfectly. And every Plymouth has a 5-year/50,000-mile engine and drive train warranty.\*

**\*HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU:**

Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 3 years; and every 6 months furnish evidence of the required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

**PERCENTAGE OF ALL DEATHS FROM HEART AND BLOOD VESSEL DISEASES, BY STATES**

HEART AND BLOOD VESSEL DISEASE are the leading cause of death in each of the 50 states, as shown in map. In the nation as a whole they are responsible for 54 per cent of all deaths. Differences among states can be explained to some extent by such factors as age, sex and ethnic composition of their populations. The nationwide attack against these diseases is spearheaded by your Heart Association, supported by your contributions to the 1965 Heart Fund. The month-long campaign reaches its high point on the weekend of Heart Sunday, February 21, when more than 1,750,000 volunteers will visit their neighbors to distribute heart-guarding information and to receive Heart Fund contributions.

Good management of grasses and livestock is the key to profit and success with improved pasture programs, says Blake Lovelace, local Soil Conservationist.

Pasture proper use is necessary for continuous high production. Overgrazing may cut total production 50 percent or more and will gradually destroy a stand of grass. Removal of over 50 percent of the plant reduces its ability to reproduce additional top growth and stops root growth of the plant. The result is lower production and less vigorous plants that are unable to make the best use of

water and fertilizer applied. Also overgrazed grass under irrigation has a very high moisture content. Animals have to eat more to get their daily nutrient requirements and make gains.

Rotation grazing should be used to allow grass a period of rest to fully recover, and to allow for irrigation and fertilization while livestock are off the grass. Rotation grazing will normally result in high producing pastures and better livestock gains.

Fertilization is necessary for both high production and plant nutrients which will put gain on livestock. Approximately 32 lbs. of nitrogen and 8 lbs. of phosphate should be applied per ton of expected dry forage. Heavy nitrogen application should be split into 3 to 4 applications during the year. Phosphate may be put on with first nitrogen application just prior to growing season. At Iowa Park, unfertilized grass took 8 inches of water to produce one ton while fertilized grass took only 2.8 in. to produce a ton of dry forage.

Plan for every month's grazing and leave a little room in your plans for safety's sake. If you don't provide for an emergency

food supply in your program, you may be in trouble soon. You may want to buy sooner than planned; sell later on a better market; the irrigation well may break down; a hail storm may come; or you may make an error in judgment on the grazing potential of your pasture. A reserve feed supply can eliminate a lot of ifs, ands, buts, and profit losing situations in your program. It's that ounce of prevention, says Lovelace.

Personnel of the Soil Conservation Service, assisting The Lynn County Soil Conservation District, will be glad to give you any help they can in planning your grazing program.
