Serving Tahoka and Lynn County Since 1903!

Farmers Are Busy Planting '65 Crop

Most farmers got busy this week planting cotton and maize following last week's rains which covered the county. Some places to the south land is still too wet for planting.

Small areas northwest of New Home and near Wilson, barely enough rain was received for planting. The News is informed.

Light showers fell again last Thursday and Sunday, measuring .19 and .05 inches respectively in Tahoka, bringing the total precipitation in town to 4.00 inches for the month of May and 5.71 inches for the year so far.

Over large areas, especially in the south half of the county, there were hard downpours, total rain has been up to eight or nine inches, and much of the water has run off. Some land erosion has been reported also.

However, seven damp or rainy days out of the last 10 have helped gain water penetration to the dry subsoil.

A few farmers began planting Monday, most were planting by Thursday, and a few will not start until Monday. The News is informed.

Most of Dawson county on the south and Lubbock county on the north are still looking for rain sufficient for dryland planting.

Churches Help In Cancer Drive

Since the Lynn County Cancer Society is unable to make the annual cancer drive for funds this year, a new system is being utilized, according to the county chairman, J. P. Hewlett.

Churches have been asked to accept citizens' contributions. Those wishing to do so may also make a bank deposit if they prefer to the Cancer Fund. Wilson community has used this method successfully in the past instead of the house-to-house campaign.

Tahoka people are urged to cooperate in the cancer campaign, as well as all Lynn county people. "Lynn county has had its share of this dreaded disease," Mr. Hewlett said, "so let us all give as liberally as possible to help the researchers stamp out cancer for all time."

Home owners in the area will receive some benefit in water and sewer, and insurance rates and will become eligible to vote in city elections.

Among the home owners in the area are Mr. McGinty, Hilton Wood, Mrs. A. L. Solsbery, Dr. Gerald Wood, J. F. Brandon Sr., H. O. Hargett, and L. F. Jacobs.

New Paving For O'Donnell Area

Four miles of new farm-to-market road paving has been authorized west of O'Donnell to be paid for out of Precinct 3 funds, County Judge W. M. Mathis states.

In fact, Mrs. Beatrice McLaurin, commissioner, has already had the road bed built, caliche is now being spread, and bids are being called for to hot-top the road.

The new paving begins at the junction of Loop 76 and U. S. Highway 87, just west of O'Donnell, and extends west four miles to connect with Farm Road 2053, which leads toward Welch and Seagraves.

Bids have been called for submission by June 14. Specifications call for paving four miles 20 feet wide, preparing caliche and applying prime coat and two courses of asphalt and rock.

Miss Swinson "Big Sister" At L.C.C.

Lubbock (Spl.)—Patsy Swinson is one of 23 young women chosen to serve as "Big Sisters" at Lubbock Christian College, Lubbock, for the 1965-66 school year.

The "Big Sisters," a service organization, was formed in 1962 to help orient freshmen girls to college life.

At the close of the spring semester, outstanding sophomore girls are chosen as "Big Sisters" and assigned the names of freshmen girls who are to enter LCC in the fall. They exchange pictures with their "little sisters" and correspond with them throughout the summer, telling them what to expect at college.

The "Big Sisters" are on campus a few days before the beginning of the fall semester to welcome the new girls, introduce them to their other classmates, acquaint them with the college campus and routines, and offer information and assistance in planning schedules and registering. Each "Big Sister" is also available to help her "little sister" with any problems she might have. She remembers having faced the same problems of adaptation the year before and is able to offer her year's experience in a manner that no paid counselor would be able to.

Mrs. Audean Baldwin, dormitory hostess and Dean of Women, states that she is very pleased with the way the system has worked during the past school year and that she anticipates the same cooperation and unselfish service from the new group of "Big Sisters." She was assisted in the selection of the new members by those who served as "Big Sisters" during the past school year.

Dedication For New Latin Church Building Sunday

Dedication ceremonies and open house at the new \$37,000 Latin church and \$11,000 parsonage, Mision Bautista Getsemani at South 5th and Ave. H, sponsored by First Baptist Church of Tahoka, will be held here Sunday beginning at 3:00 p. m.

The new church plant takes the place of the old church and parsonage east of the square on South East which had to be abandoned for the new US 82 four-lane highway. The old church was originally the First Baptist, later the Church of Christ, and more recently the Latin-American Baptist Mission.

Rev. John Pistone, native of Argentina, has been pastor of the mission for three and a half years. About \$30,000 of the cost has already been raised, and the remainder was borrowed from First National Bank on a ten year loan. Actually the building has cost \$36,378.20 and the parsonage \$10,713.00, a total of \$47,091.20, according to announcement of Rev. T. James Efrid, First Baptist pastor. About \$1,000 more will be spent for folding doors. But much material and labor has been donated on the project.

Dedication message Sunday afternoon will be brought by Rev. Melvin Rathel, moderator of Lubbock Baptist Association and formerly with the local church. Dr. W. M. Turner, superintendent of missions for Lubbock Baptist Association, will speak on "The Measure of Missions."

Rev. Efrid will preside at the program. James Hollars will direct the music, and choir of the Mission will present special music. The invocation will be by Dub Kenley, chairman of the board of deacons, and Rev. Robert Garcia of Templo Bautista de Lubbock will give the dedication prayer.

Rev. John Pistone will express appreciation for all who have had a part in providing these excellent facilities for worship by Latin American citizens of the community.

Many people have given time, energy, advice, money, and labor to the project.

Special recognition will go to Adam A. Bliss and J. W. Caldwell of Dallas, architects; Rev. E. O. Hartwell, pastor builder with the Baptist State Missions Commission; Baptist General Convention of Texas by services of Rev. Hartwell and a donation of \$1200 for furnishings;

To Higginbotham-Bartlett Co. for donation of two lots; Calloway

Huffaker, for donation of one lot; to First National Bank for the loan; and to the following committees:

Mission Committee: J. C. Womack, chairman, Garland Pennington, Lynn West, Truett Smith, Julian Gutierrez and Frank Lietti.

Plans Committee: Everton Nevill, chairman, Mauro Marez, Julian Gutierrez; J. C. Womack, Garland Pennington, John Pistone, T. James Efrid, and Walthal Littlepage.

Construction Committee: Walthal Littlepage, chairman, Garland Pennington, Mauro Marez, and J. T. Miller.

Battle Of Bands Set At O'Donnell

This Friday night, O'Donnell will be the scene of a big battle dance between Tahoka and Lamesa. The bands battling it out until midnight will be the Mystics of Tahoka and the Cheetahs of Lamesa.

The Mystics, a fine group of musicians, consists of Tommy Kidwell, lead; Mitch Williams, drums; David Rogers, bass; Jim Billman, organ; and John Huffaker, sax. The Cheetahs, a newly organized group, provided music for the O'Donnell Junior-Senior prom, at which they received many compliments.

The Cheetahs are made up of Earl Hatchett, lead and vocal; Charles Ball, guitar; Bill Crawley, drums; John Puckett, guitar; and Ken Flanagan, vocal and guitar. The band, being well experienced, has played at a number of proms and dances throughout the southwest.

Refreshments will be served free of charge. The bands will start playing at 8:00 p. m. Admission will be \$1.50 for couples and \$1.00 a person.

LAMBERT IMPROVING

J. R. Lambert continues to show improvement, according to his wife, but is expecting to undergo surgery in Baylor Hospital at Dallas on May 30. Following this surgery, the doctors think he will get back in good shape again.

Mrs. Dub Fulford of Brownfield underwent minor surgery Thursday of last week in Tahoka Hospital. She was released Monday.

Mrs. Frank Decker, a medical patient for the past week in Tahoka Hospital, was expecting to be released Thursday.

Tahoka Native Cooking Champ

Mrs. James J. Reego, the former Miss Mary Bland Wells, is one of two Florida women who will represent that state in the 1965 National Chicken Cooking Contest in Salisbury, Md. June 17-19.

According to the Largo, Fla. newspaper, Mrs. Reego, "whose first love is singing," will be a competitor in the senior division and will enter her original Chicken Cran Tan recipe, which won her second place in state competition.

Sponsored by the National Poultry and Egg Board, the winner of the national event will be awarded two tickets for a five-country tour of Europe by Pan American Airways.

Mary Bland said she received inspiration for the recipe while her husband, now a retired Army officer, was stationed in Japan for three years.

She holds a full time job with the Clearwater Credit Bureau in Largo, sings soprano at the Episcopal Church of the Good Samaritan and teaches voice. At Easter time this year she was the soprano soloist in the presentation of "The Seven Last Words of Christ" presented by a 150-voice choir. Mary Bland began singing at the age of 12, then a resident of Tahoka, the daughter of Mrs. Jewell Wells and the late Coleman Wells.

In addition, Mary Bland enjoys working with ceramics and has made several ceramic tile tables for her new home in Largo.

The Reegos moved there in 1963 following Mr. Reego's retirement from the Army. Mrs. Jewell Wells also makes her home in Largo. The Reegos have four children, Mrs. Mary Louise Cowan; Ann, who is 17 and a high school senior; James J. Reego, III, 15; and Jan Alice, 11. They also have a grandson, Richard.

Mary Bland's prize winning recipe includes the following: 2 1/2 pound chicken (broiler or fryer); one six-ounce thawed can frozen tangerine juice undiluted; one one-pound can cranberry sauce; one tablespoon brown sugar; one tablespoon prepared mustard; 1/4 pound softened or melted butter; one teaspoon salt; 1/2 teaspoon pepper; 1/2 teaspoon tenderizer.

The chicken should be placed on broiler rack or in bottom of baking pan with rack. Brush with one-half of melted butter and put under broiler 10 minutes. Turn and brush with other half butter and broil 10 more minutes.

Mix remaining ingredients, cover chicken with sauce and bake on rack one hour at 325 degrees. Spoon dip sauce over chicken immediately before serving.

Wilson Farmer Dies Wednesday

Granville Shankles, 47, of route 2, Wilson died at his home at 11:30 a. m. Wednesday. He had been a resident of Lynn county about 18 months.

Born May 3, 1918 at Chavies, Ala., he came to Lynn county from Lake Charles, La. and was employed by Edmund Maeker.

Mr. Shankles was married to Christine Freeman on Nov. 8, 1950 in Rossville, Ga.

A veteran of World War II, he saw a great deal of action during the war and received a number of decorations.

Funeral services were held at 3:00 p. m. Thursday in White Funeral Home Chapel with Rev. Jack Clark, pastor of Wilson Baptist Church officiating. Burial was in Green Memorial Park in Wilson.

Survivors include his wife; two daughters, Naomi Bridget and Melody Hope, both of the home; four sons, Kyle David, Steven Granville, Anthony Wade and Wesley Phillip, all of the home.

White Sox In Win Saturday

Tahoka White Sox rode a hitting attack and tight relief pitching of Larry Durham to come from behind to win 12-10 over the New Home Eagles Saturday night in Tahoka. The Sox trailed 8-2 at one point, but scored three runs in the third and four in the fourth to go out in front.

The highlight of the game came in the fourth inning with Tahoka trailing 8-7 and the bases loaded. The White Sox successfully executed three suicide squeeze plays on three straight pitches and scored Joe Cavillo, Larry Arnold and Durham to take a 10-8 lead.

Jim McCord led the Tahoka team hitters, driving in four runs with a triple and a single.

The scheduled game tonight between the White Sox and Wilson Red Sox has been postponed indefinitely because of the commencement exercises at Wilson, according to James Hollars.

Soil Stewardship Week May 23-30

"Challenges of Growth" is the theme for Soil Stewardship Week to be observed in Texas and throughout the Nation May 23-30.

"The primary purpose of Soil Stewardship Week," says E. R. Blakney, chairman of SCD board, "is to remind everyone—urban and rural, residents alike of his obligation unto God as a steward of the soil."

"Everyone depends on the soil for most of his food and clothing, and much of the material used to build his home," says Blakney.

The Soil Stewardship Week observance will include special sermons in the churches.

Local soil and water conservation districts sponsor the observance of Soil Stewardship Week in coordination with the National Association of Soil and Water Conservation Districts.

The National Association has sponsored this observance since 1954. The idea was started 19 years ago when the publishers of Farm And Ranch Magazine inspired religious leaders in several southern states to set aside one Sunday each year to remind their congregations of their responsibility as Stewards of the Soil. The observance was later expanded to one week each year.

"Booklets and other materials for use by clergymen of all faiths during the week's observance are provided by the National Association of Soil and Water Conservation Districts. Booklets and church programs have been passed out to all churches in Lynn County. In plans for the observance and in developing the material, the Association has the help of a Soil Stewardship Advisory Committee composed of representatives of the National Lutheran Council; the National Catholic Rural Life Conference; the Southern Baptist Conference; and the National Council of the Churches of Christ in the U.S.A." Blakney said.

McDONALDS TO STAMFORD
Mr. and Mrs. Frank A. McDonald this week have moved from Perryton to Stamford, where he is music and education director of the First Baptist Church. Mrs. McDonald is the former Miss Sylvia Edwards, daughter of Mr. and Mrs. J. B. Edwards of New Home.

ANTON AHRENS REPORTED SLIGHTLY IMPROVED

HOOTENANNY TONIGHT

Another popular Hootenanny program of music will be held tonight at Community Center beginning at 8:00 o'clock. Admission is free, and everyone who enjoys string bands and Western, folk, and popular music and singing is invited.

Mrs. Frankie Sargent was a medical patient in Tahoka Hospital from Saturday until Tuesday.

Gordon-Southland News

(By Mrs. Edmund Wilke)
I would like to join in with the rest of the residents of the Southland Community in congratulating the 1965 graduating seniors. Also our congratulations go to Dahlonna Winterrowd and Rodney Callaway on their scholastic achievements. Dahlonna is the valedictorian of the graduating class and Rod is the salutatorian. On Saturday morning the twelve seniors and their sponsor, Mr. F. W. Callaway, and Mrs. Robert Mock and Yours Truly will leave on the senior trip. Some of the places they will visit are: Six Flags Over Texas, Vicksburg, Baton Rouge, Galveston, Houston, Austin, San Antonio, and San Marcos. We will be gone nine or ten days.
We would also like to congratulate the eighth grade graduating class. They also will be graduating on Friday night. Congratulations to Darrell Wilke, the valedictorian and Dayneed Dunn, the salutatorian.
I would like to make one correction from last week. The guests in the Werner Klaus' home on Mother's Day should have read: Mr. and Mrs. Donald Klaus and Little Tonda of Wilson, Audrey Klaus of Vega, Calvin Klaus and Mrs. Elizabeth Nall of Slaton, and Mr. and Mrs. Otto Klaus of Southland.
We would like to extend our sympathies to several families of this community who have lost loved ones this past week. Mrs. W. M. Bruster, mother of Mrs. W. A. Basinger, died Sunday morning at Mercy Hospital. Mr. J. V. Bowman of Murfreesboro, Tennessee, father of Mrs. J. B. Rackler, died on Wednesday of last week. On Friday of last week, a nephew of Mrs. Paul Winterrowd was killed in a motorcycle and car accident. May the Lord be with each of these families in their time of sorrow.
Congratulations to Mr. and Mrs. Bobby Crews of Dennison on the birth of a baby boy on May 5, 1965. The big boy, named Robert Lee, weighed into this world at 9 pounds 2 oz. The proud mother is our own Linda Haliburton who was raised here at Southland and the proud grandparents are Mr. and Mrs. R. L. Haliburton. Mrs. Haliburton is down at Dennison taking care of Robert and his mother.
Mrs. Claud Roper and Nelda visited with Mrs. J. F. Rackler on Sunday. Rev. Cline Drake also visited with Mrs. Rackler on Sunday afternoon.
Recent visitors in the Claud Roper home were: Mr. and Mrs. Claud Roper Jr., Rene'e and Pamela from Lorenzo, Mr. and Mrs. Tommy Stell and Mike of Lubbock, Miss Nelda Roper of Lubbock, Mrs. George Roper and Orville and Mrs. J. F. Rackler.
Mrs. J. B. Rackler flew to Tennessee on Tuesday of last week and returned on Sunday. On the flight to Tennessee the plane couldn't land because of bad weather and had to fly on to Washington, D. C. causing Mrs. Rackler a nine hour delay. Her father was in critical condition and she just did get to see him before he passed away.
The seventh and eighth grades of Southland enjoyed a day of fun at the Mackenzie Park in Lubbock on Saturday. Mr. Ned Myres was bitten by a rattlesnake on Saturday morning. He reached down to pick something up and the snake bit him on the hand. He is doing alright, from what I understand. The same morning that Ned was bitten, a Mexican worker on another place was also bitten by a rattlesnake. Edmund killed a big one right out by our garage the other day, so be careful! We always have a lot of snakes around Southland in the summer!
I probably won't have a news column for the next two weeks, but when I get back from the senior trip give me a ring and give me your news. My number is 998-2423.
Mrs. Ed Denton just called and told me that she and Mr. Denton are home from the lake. Ed still isn't feeling too good, so Mrs. Denton took him to the doctor today and the doctor told him to take it quiet and easy for awhile. We hope that it won't be long until he will be as "fit as a fiddle" again.

COMMUNICATIONS Your Tool for Progress

This coin telephone benefits you in TWO ways

First of all, it becomes a "friend in need" when a quick call is necessary... puts a telephone where you are and makes it available 24 hours a day. It is profitable to communities, too, providing new income when we are permitted to locate them on public property. There is an added advantage in some states where it can lower fire insurance rates because of the availability of prompt alarms. So the next time you see a coin telephone, consider it an example of convenience in Communications—Your Tool for Progress. You are invited to call our Business Office for information about income-producing booth locations.

Local Girl's TV Program Is 'Hit'

"Sounds of Patriotism," featuring Miss Jackie Burnett and an all-Tahoka cast, was presented over KLBK-TV Monday night and has been entered in National competition to be shown over nationwide networks on July 4. The program was presented at 8:30 instead of 8:00 as had been advertised by the station.

The 30-minute program, sponsored by Paul Tullies of Lubbock in conjunction with the Johnson City Trail Riders, was written by Miss Burnett, a senior and daughter of Mr. and Mrs. Al Burnett. After being presented locally several times, the program was expanded into a production and televised.

The production will be in competition with shows from Dallas, San Antonio and other Texas cities. One of them will be shown nationally on July 4 at the end of the Johnson City Trail Ride.

The television show was directed by Mrs. Steve Thompson and Mrs. Harold Green. It featured Mrs. E. W. Patterson, pianist; Mrs. Clay Bennett, organist; Ronnie Hudgens, drums; Bill Brock, bugle; Paul Douglas Kenley as the World War I Doughboy; James Hollars, male soloist; and an ensemble composed of Mrs. Green, Mr. and Mrs. W. E. Cantrell, Mrs. Harold Reynolds, Mrs. Clint Walker, Miss Jean Flippin, Mrs. James Efrid, Mrs. Clayton Carter, Johnny Wells, Hollars, Kenley, Vic Kyler and Jack Jones.

The program, however, is virtually presented by Miss Burnett, soloist and narrator.

It is composed of the history of America, accompanied by suitable pictures and stirring songs of the times, such as "This Is My Country," "God Bless America," "The Star Spangled Banner," "Yankee Doodle," "Dixie," "The Battle Hymn of the Republic," "My Buddy," "Keep the Home Fires Burning," "Coming In On a Wing and a Prayer," and others.

Mr. and Mrs. Bill Ramsey, Mark and Sandra of Phoenix, Ariz., were here last week visiting his parents, Mr. and Mrs. Blain Ramsey. Bill is associated with De Kalb Seed Co. in Old Mexico and Arizona.

(Continued from Page One) dalism insurance on all buildings was approved. Also, the board agreed to use the same student insurance program as this year.

A summer driving training program was given approval, the course to be taught by Clifford Gardner, who will furnish his own liability insurance. Students 14 not later than July 1 may enroll on payment of \$25.00 tuition. The course requires 30 hours of classroom work, six hours observation driving, and six hours driving.

Junior High and Senior High programs were adopted, including the school calendar for next year. Salary schedules were set up for assistant coaches and the band director.

Other reports heard from Supt. Reynolds and Secretary Peggy Elliott were: Budget report, tax attorney's contract, current and delinquent tax receipts, cafeteria operation for April, and teacher vacancies.

Current tax collections have totaled 92.2 percent, but including delinquent payments the average runs to 98.4 percent of the current roll.

The board voted to return to one meeting a month, on the second Thursday, during the summer.

Canadian River Project Far Ahead of Schedule

Work on the Canadian River dam and aqueducts to furnish water to 13 Plains towns, including Tahoka, is a year ahead of schedule, water is already being impounded in the lake, and the cost will be far below original estimates. These were some of the facts told Tahoka Rotarians Thursday by J. Ray Dickey of Lubbock, a director of Canadian River Municipal Water Authority since 1953.

Study on the project was started in December, 1950, and there followed years of study, hassel between cities, consideration of financial plans, etc., before a plan was finally agreed on with Borger, Pampa, Amarillo, Plainview, Lubbock, Levelland, Brownfield, Slaton, Tahoka, O'Donnell, and Lamesa as the participating cities.

Finally, Dickey related, an agreement was reached whereby the money would be borrowed from the government, repayable from water revenues in 50 years at 2.623 percent interest. Each town will pay in proportion to water used. Actual construction began three years ago. The dam is now 96 percent complete. The pipeline and pumping stations are more than half complete, and all contracts have been let.

Mr. Dickey says the project will be completed at a cost of about \$80 million, although earlier estimates were \$96 to \$102 million. He said this saving was largely due to the fine contractors and development of new heavy machinery to do the work.

About \$790,000 has been spent in developing access roads to Meredith Lake and Sanford Dam,

which is located 40 miles north-east of Amarillo and nine miles west of Borger. Recently, the National Park Service has taken over the eight recreational areas being established around the lake and will spend \$3 to \$7 million on improvements for the public to use fishing, boating, camping, water skiing, etc.

Back in the early 1950's, far-sighted Plains cities began to worry about the dwindling underground water supply and saw a dam on the Canadian River as the only feasible means of supplementing this underground supply. He gave special credit to the late A. A. Meredith of Borger for developing the plan and said without his untiring efforts the project would never have been realized.

He also recognized Tahoka "city dads" and Canadian River board members as E. R. Edwards, Dr. K. B. Durham, Clint Walker, H. B. McCord Sr., and Mayor Meldon Leslie, who have all been leaders in the project. Clay Bennett was the first Tahoka representative.

Mr. Dickey also showed slide pictures of the dam construction work, a marvelous fete of engineering, the manufacture and laying of 96- and 72-inch pipe, and other construction work.

Treatment plant for all the South Plains cities will be built by City of Lubbock.

Charles Townes, program chairman, introduced the speaker.

During the dinner, cast of the high school Senior play presented a skit from the production, introduced by Jack Edwards.

Perry Flippin's Story Published

Perry Flippin, 21, who graduates next week with a journalism major from Abilene Christian College, has a featured story on "Nolan's Lost Expedition" in the current issue of "Baroid News Bulletin" a slick paper magazine published by Baroid Division of National Lead Company.

Flippin's well written story tells of the 1877 campaign against the Comanches on the Plains in which a detachment of the 10th U. S. Cavalry made up of Negro enlisted men, under the command of Capt. Nicholas Nolan and Lieut. Charles Cooper became lost and some of the men famished from thirst.

While at Double Lakes, northwest of present Tahoka, the "Forgotten Hope" band of cavalymen took up the Indian trail, became lost on the dry prairies to the west and northwest, and at least four enlisted men famished from thirst before finding their way back to the lakes.

The ill-fated expedition resulted in official Washington issuing orders to all frontier outposts to refrain from ever again sending scouting parties to the plains of Texas.

Flippin is a graduate of Tahoka High School, the son of Mr. and Mrs. Welch Flippin, and has attended both the University of Texas and Abilene Christian College. While at Austin, he had the privilege of covering the visit of President Johnson to LBJ ranch on one occasion.

Jean Flippin Gets Citation On Writing

Jean Flippin, 17, Tahoka senior, was recently presented a proficiency citation from the Inter-scholastic League Press Conference for sports writing in "The Growl," THS student publication.

In the letter accompanying the citation Director Max R. Haddick said Miss Flippin "has a rather rare skill. She imparts the spirit of the game without becoming lost in unnecessary details. This young lady has definite writing talent and I am delighted to be able to recognize her for superior achievement."

Pfc. Delmas Ussery Completes Course

Fort Belvoir, Va.—Pfc. Delmas W. Ussery, whose parents, Mr. and Mrs. James O. Ussery, live in Tahoka completed a six-week powerman course at the Army Engineer School, Fort Belvoir, Va., May 13.

During the course Ussery received instruction in the operation and maintenance of hand and power tools, gasoline and diesel engines and electric generators.

He entered the Army in September 1963, completed basic training at Fort Polk, La. and was last stationed at Fort Story, Va. The 23-year-old soldier attended Tahoka High School.

George Washington, only president of the U. S. who never lived in the White House, laid the cornerstone for the building on October 13, 1792.

Wilson Student Receives Honor

Miss Ruth Rucker, daughter of Rev. and Mrs. W. O. Rucker of Wilson, was recently awarded the State Future Homemakers of America Degree, while attending the state FHA convention in Dallas. This is the highest of the degrees of achievement.

Mrs. Elizabeth Smith, area consultant, states, "I feel that this is one of the highest honors a girl can achieve during her high school career." Ruth has an outstanding record as a homemaker, as she has been awarded the County 4-H Home Economics Award, and has been the outstanding homemaker student at Wilson for two years. She has held offices in FHA, and has been named the FHA Girl of the Year twice.

A junior at Wilson, Ruth has participated in band, pep squad, the annual staff, and the National Honor Society. She is also an active community and church worker, holding various positions. Ruth plans to attend college after her high school graduation and become a home economics major.

Holiday Traffic Warning Issued

There was one rural accident in Lynn County during the month of April, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

This crash resulted in an estimated property damage of \$775. The rural traffic accident summary for this county for the first four months of 1965 shows a total of 22 accidents resulting in three persons killed, 7 persons injured, and an estimated property damage of \$9,793.00.

School will soon be out. This will be the signal for summer vacations to begin, especially for the youngsters who will be popping out in all directions. They will be darting from behind parked cars, trees, or shrubs. Watch for children coasting down sloping driveways and streets. Many will be looking for a place to swim or fish, and others will be roaming around aimlessly.

Well, well, well! It's illegal for Civil Rights protesters to march in Washington, New York City and Boston—but our Government is spending millions to protect marchers with troops in the South.

The President says, and Congress concurs, there should be no literacy tests as a qualification for voting in certain Southern states, but it's perfectly all right for Northern States to retain literacy tests. Our great Democratic leaders stand for equal rights, justice and freedom! In a monkey's eye!

"LBJ all the way" may be more fitting than some of us thought. At least, he's fixing things up to where elections in the future may be just a matter of routine. And anyone who opposes our leaders, we suppose, is a "dam republican."

We suppose Jimmy Byrnes of South Carolina was about as good a Democrat as any. Democrat, we said, not Socialist—although he

was once thought to be a bit liberal. He served in the House, Senate, as "assistant president" to Franklin D. Roosevelt, U. S. secretary of state, and governor of his state. Following is a statement he made in an interview recently:

"The trend of the court which gives me most concern is the disposition of a majority of the court to legislate instead of interpret the laws of the Congress and the Constitution. In the 1954 decision in the school cases, the court went a long way. They first found they were unable to agree upon a decision of the five cases that were pending. They asked for a reargument, which showed there was serious disagreement among the members of the court. However, when rendered, the decision was unanimous. It was based not upon law precedent but upon the writings of several liberal thinkers, and was based upon physiological argument. I recall that there was a note, "See Myrdal." I read Myrdal's book, in which he was very critical of the U. S. government, and I regarded it as unfortunate that so important a decision could be based not upon legal precedent but upon the views of an extreme liberal in Sweden.

"Instead of interpreting the Constitution and laws if it is attempting to change the Constitution and change it, not as the Constitution provides it should be or could be changed, but changing it by judicial decision. Gradually, the power of the states to handle purely local problems is bound to disappear."

Mrs. Harvey (Dorothy) Pyburn has a good word for the men who work for the City Sanitation Department. She says they sometimes go beyond the call of duty, and recently have cleaned alleys and trash from a vacant lot near her home. "These men are doing a good job and we need to compliment them," Mrs. Pyburn told The News. Yes, and their's is a thankless job, a difficult and dirty task, but one which helps us all much more than we pay for the service. Why not make their task a little easier by putting our trash in approved cans and in a convenient place for them to pick up?

Mrs. Lon Light, 512 N. Ave. M., Lamesa, writes to renew and says she really misses The News as "I can't tell what you good people are doing or what is happening in good old Lynn county." Mrs. Light and her late husband lived in Southwest Lynn county a long time.

Former Citizen Writes
Editor, The News:

I enjoy reading your paper—your Printer's Inklings—but you shouldn't be so hard on the "has nots" and praise the "has."

It would be really interesting to get some of the facts about how many "has nots" were made by taking their means of making a living away from them and how much they collected from the government on the place after they got it.

"We know life goes on, after we pass on, and if a few of us grab up all the means of making a living, some of our children or grandchildren will be "has nots."

I made a living on 177 acres and I had a wonderful landlord. I knew that some of the fellows that thought the allotment to allot the other fellow out to add to their allotment couldn't get my place.

If it keeps on like it has been, your paper will be took over by some "has" and you will join the ranks of the "has nots."

There is nothing more disgusting to me than some fellow that has deprived several people of their means of making a living and caused them to have to almost give their equipment away, then act like he is smarter than the other people.

I have bought me a nice little home of 122 acres here. It doesn't seem like a few has grabbed everything up here, so I will have to patronize my home paper. I can't afford two; and you see, I am one of the "hasn't much" but am really thankful for what I have.

If I owe you anything, send me a bill.

Periodically, we will be running' essence of some of the items.

A speaker at a banquet down at Abilene told about a rooster so lazy that it waits for another rooster to crow, then nods. The speaker said a friend of his quit politics because of illness and fatigue—people were sick and tired of him.

Spray Propazine to control weeds and grasses in sorghum.

One spray of Propazine® 80W herbicide controls most annual broadleaf weeds and grasses in sorghum for the entire season.

This can reduce or even eliminate the need for cultivating because Propazine takes care of problem weeds for you. Propazine is particularly effective on carelessweed (pigweed) and annual morning glory.

Sprayed before weeds and sorghum are up and activated by moisture, Propazine gives your crop an entire season without weed competition for moisture and soil nutrients. The result? Higher yields and more profit for you.

Contact your local supplier now for Propazine.

The thing that makes our sales success so sweet this year

is watching a man who thought he couldn't afford a Chrysler drive one home.

Got the idea you can't afford a Chrysler? Listen: nearly half this year's models are actually priced just a few dollars a month more than the most popular smaller cars, comparably equipped. Now, another shock: V-8 engine, automatic transmission, power steering, power brakes, radio and heater are included. So, look friend—come in and see how easy it is to drive home a new Chrysler.
