Methodists At New Home In Building Drive

New Home's new \$60,000 Methodist Church building superstructure is nearly complete except for laying of brick, which material has not yet arrived.

The new church will consist of a sanctuary seating 125, six classrooms, a kitchen, fellowship hall, office, storage and service rooms.

The building will be very modern and have many features similar to the new Tahoka Methodist Church, although not as large. Hugh Hunt of Lubbock is the architect, and Gordon Construction Co. is the builder, these being the same who designed and built the Tahoka church.

Location of the building is on the Slide road paving at the north outskirts of town and faces east.

The building committee is composed of Mrs. Orville Ray Phifer, chairman, Lit Moore Jr., E. R. Blakney, Eugene Roper, Leland White, Mrs. N. B. Hancock and Mrs. Wilmer Smith.

New pastor is Rev. Joe B. Allen Jr., a native of Sweetwater, who recently moved to New Home from Estelline. He is married and has a young son. Construction of the new building was started under the pastorate of Rev. Hardy Cole, who recently was moved to Oklahoma Lane.

New Home Methodist Church has a membership of 93.

New directors elected are Jiggs Swann, Earl Cummings, R. A. Lamb, Virgil Kimbrell, and George Williamson. Holdover directors are A. N. Crowson and J. J. Schneider.

Entertainment was presented by Lamesa's "Slumtown Symfunny" featuring Wilson's hometown comic, Jerry Bartley, on the bass violin. Jerry is a graduate of Wilson High, Texas Tech, and is Lamesa Junior High band director.

Miss Charlotte Mears, Wilson Lions Club queen, gave a report on her recent trip to Beaumont to compete in the State contest on June 13. She is the daughter of Mr. and Mrs. Loyd Mears, route 1, Wilson, and a 1963 school graduate. She told how much she enjoyed the trip accompanied by her dad. Winner of the contest was a Houston girl, one of the 16 contestants.

In addition to selection of officers, during the business session, the Lions voted to help finance the trip to Beaumont, contributed \$50.00 toward helping send the "Slumtown Symfunny" to Los Angeles in July, and in a meeting that morning voted to pay tuition for one Wilson volunteer fireman to the State Fireman's School at Texas A&M.

Crops Are Doing Great, More Rains Over Area

Crops never looked better at this stage, many farmers declare, but quickly add that there's a long way to go before harvest.

Heavy rain up to three or four inches and some hail Monday afternoon and night did some damage in New Lynn community and in a small area near Wilson.

Heaviest rainfall centered at New Lynn, where three or four inches fell filling lakes and covering some crops, and doing some washing damage. Hail damaged the crop of Horace Daniel and others in that area.

The heaviest rain seemed to extend from Six Miles station east to Storie gin in Garza, from Grassland up to east and southeast of Wilson.

Rainfall was light down to none over the rest of the county.

Tahoka received .52 inch, bringing the total to 2.43 this month, to 7.37 for May and June, and 9.08 inches for the year. All this rain but 1.71 inches has come in the last two months.

West and southwest of Tahoka, where much cotton was destroyed by heavy rain, hail, and wind, has been replanted and is up and doing fine.

All over the county farmers are still busy running cultivators, sandfighters, etc.

The area in front of the new high school building has been terraced and planted to grass. The football field turf has been aeried and fertilized, and the other campus grass has been fertilized. Low places are being filled in with sod also on campus bare spots.

New football field lights and parking lot paving are also badly needed, but no definite means for financing such projects is available at this time. The News is informed.

Pioneer Reunion Here On Saturday

Crop Measuring Gets Underway

Measuring cotton acreage got underway this week and will continue until finished, states Don Saverance, Lynn county ASCS office manager.

Since farmers will be permitted to measure their own crops next year under U. S. Department of Agriculture regulations, Mr. Saverance suggests that farmers may want to help the reporters with measuring this year to gain a knowledge of what is required.

Although the government, beginning next year, will permit farmers to do their own measuring, but producers will be spot checked on their measurements, Saverance has been informed. Actually, there is little change on the spot checking basis, since present employees are now spot checked.

Sixty boys and men attended the "cotton measuring school" held here last week, and 30 reporters were selected from the group. Of these 30, half have had previous experience. All were selected on basis of grades and training.

Farmers are also asked to cooperate with the reporters by pointing out blown-out and washed-out spots and other deviations from regular planting. This will save time and money both for the farmer and the ASCS workers.

Mrs. Hopkins, 87 Is Buried Here

Mrs. Elizabeth Hopkins, 87, mother of the late Ray Hopkins, died Monday at 4:00 a. m. in McMurry Convalescent Home in Lubbock, where she had resided for the past three years.

Funeral services were held Tuesday at 3:00 p. m. in First Baptist Church of Tahoka with the pastor, Rev. James Efrid, officiating. Burial followed in Tahoka Cemetery under direction of White Funeral Home.

Born August 29, 1877, at Tazewell, Tenn., she lived in Amarillo before moving to Floydada in 1945, and lived with her son and wife, the late Ray Hopkins and Wanda, all their married life. She moved to Tahoka with them in 1950, and had been in the convalescent home in Lubbock since before Ray's death June 3, 1963.

All her eight children are deceased, Ray being the last. Three died in their early years from diphtheria within a two week's period.

Her only surviving blood kin are four grandsons, Rex and Ray Cosby, both of Denver, Colo., and Ira Glenn Hopkins of Canyon and Donald Baxter Hopkins of Plainview; five great grandchildren and several nephews and nieces.

The four grandsons, and Mr. and Mrs. Charles Ray, of McKinney and Mr. and Mrs. Louis Bolton of Dallas were among relatives here for the funeral. Mrs. Ray is a niece and Mr. Bolton a nephew.

Palbearers were Ebb Walker, Dub Kenley, Winston Wharton, Ed Hamilton, B. R. Taylor, and A. M. Bray.

Mrs. W. A. Reddell was released from Tahoka Hospital last Thursday where she had been a patient three days.

On account of rising prices, \$1.50 per adult and \$1.00 per child will be charged for the meal and reunion expenses this year.

Maurice Small and Albert Curry head a committee raising funds to help on the reunion expense.

The meal and meeting place arrangements are being handled by committees headed by Norvell (Booger) Redwine, Elmer Spoles, Walthall Littlepage, Dan Curry, Cap Rowe, Kenneth Turner, and A. R. Milliken.

Old pictures and relics of the early days are being displayed in several down town show windows. H. B. Howell is chairman of this division.

The reunion was originated back in the early 1930's in honor of Mrs. J. S. Wells' birthday on June 24, and since then has been held either on this day or on the nearest Saturday to the day.

Many visitors from over the South Plains and from greater distance who once lived in the county are expected for the event.

ROAD DAYS

1903-1965

Saturday, June 26

We business people of Tahoka pause a moment to pay tribute to you pioneer families who launched a new life early in this century when you drove out onto these vast virgin Plains of Texas.

Our early settlers asked no aid, gave no quarter — they only wanted the opportunity to develop a home in this new land. They plodded long distances, first lived in tents, dugouts, and little box houses while breaking out the land.

They met the challenge of great distances to town, railroad and doctors. They weathered drouth, blizzard, sandstorm, prairie fire, coyotes, grasshoppers — all the hardships.

Today, we enjoy living in one of the most modern farming areas in the entire world, with all the conveniences possible, among the finest people one could ever hope to find.

We are proud of our county and our towns. We just want you to know we appreciate the people who paved the

way to make this such a desirable place in which to live and do business.

A hundred years ago buffalo, deer, antelope, wild mustangs, prairie dogs, etc. inhabited the Plains, along with the nomadic Comanche Indians, occasional explorers, and Mexican sheepherders.

Then, came the buffalo hunters, the U. S. Cavalry to chase out the Indians, followed by the first ranchers in the 1880's, the first settlers in 1901-03.

Lynn county was organized in 1903, Tahoka established as the county seat, the railroad came in 1910, farmers began coming in increasing numbers, and we have now our present land that still holds great promise for the future.

Yes, we're thankful for our great area and its people.

All men who wish to play are requested to sign up at the club house prior to this date or call Reble Thomas, Ray Adams or Walton Terry.

T-Bar Tourney For July 4th-5th

T-Bar Country Club will hold a low-ball partnership tournament for men and ladies open to all Lynn county players, whether club members or not, on the July 4th week end, Reble Thomas, tournament chairman, announces.

Anyone in the county is invited to get a partner and participate.

Players will qualify with 18 holes on Sunday, July 4, then play 27 holes on Monday, July 5th, which will be observed as a holiday. This will be a low ball tournament.

Merchandise prizes will be awarded in each flight.

Texas Tech plays seven home games this fall, the first time that many have been scheduled for Lubbock since 1938, when Tech went to the Cotton Bowl. Jones Stadium will be the site for games with Kansas, Texas A&M, Texas Christian, Oklahoma State, Rice, New Mexico State, and Baylor.

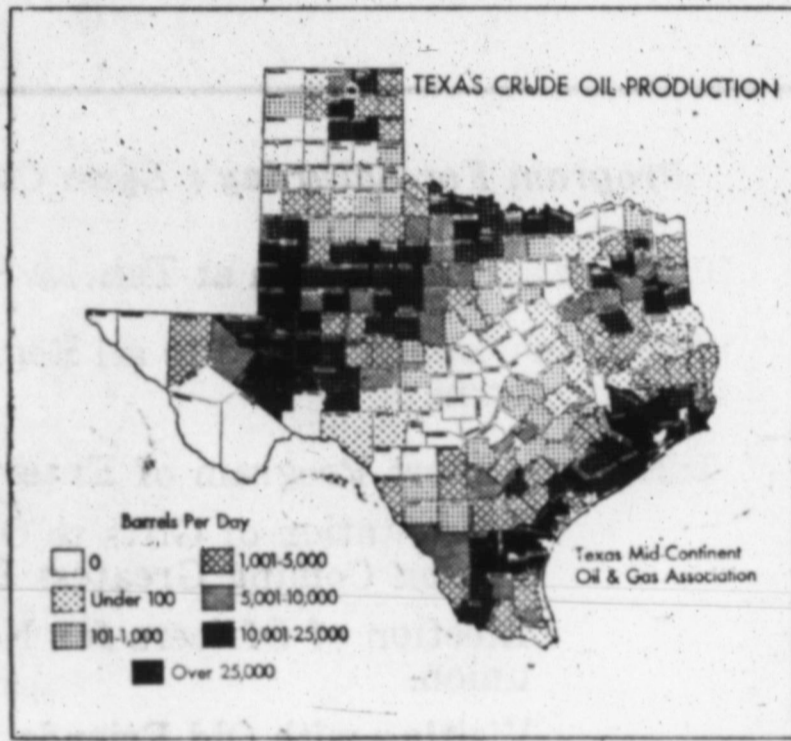

Texas Tech during the past year set attendance records in both football (226,100 in six home games, an average of 37,684) and basketball (104,690 in 12 home contests, an average of 8,724).

Dan Kamp Goes To Virginia Job

Dan Kamp, son-in-law of Mrs. Etta Lorene Reid, has announced his resignation as superintendent of parks for the City of Lubbock, effective July 9, to accept a position as assistant director of Fairfax County Park Department, Fairfax, Va.

Kamp, formerly employed with the Lynn County Soil Conservation District, has been with the Lubbock park department since April 1961, and has been park superintendent since August, 1962. He has been lauded for work accomplished during his tenure in Lubbock, and his new employment is cited as one of the better park positions in the nation.

He and his wife, the former Miss Marihelen Reid, have a daughter, Holly, three and a half years old.

Jack Mitchell, coach at the University of Kansas, Texas Tech's opening football opponent this fall, was Red Raider offensive backfield coach in 1951 and 1952. The Jayhawks play in Lubbock, Sept. 18.

District Clerk and Mrs. W. S. (Skip) Taylor returned home Tuesday from a week's vacation trip during which they visited relatives in Abilene, Stephenville and San Antonio.

From the Arizona Cotton Growers Association News Letter comes a disturbing comment with regard to exports:

"Charlie Youngker and Clyde Wilson were in Washington on May 18 and Clyde was there again on the 26th and 27th. It is their feeling that the U. S. State Department is working hard to kill any attempts to increase our cotton exports and that the Department of Agriculture is about ready to accept production for domestic consumption only as a fact of life."

The letter goes on to say that this is a very discouraging give-up attitude by the Department of Agriculture and one to "scare the daylight" out of Arizona cotton farmers. If the belief of these gentlemen is correct, the same scare would go double for the High Plains cotton farmer, whose sales are over 60% to foreign markets.

Too, this might indicate that the portion of Under Secretary of Agriculture, Murphy's recent testimony before the House Committee on Agriculture which dealt specifically with exports was something less than completely candid. He said:

"We emphasize that we do not think the Government should finance significantly larger exports of cotton at a high rate of subsidy. However, if in the judgement of the Congress, farmers are willing to sacrifice world markets in exchange for high price supports and market prices which encourage the use of foreign growths of cotton and man made fibers abroad, . . ."

Mrs. L. R. Blair of Canyon, formerly of Tahoka, was here last week visiting her daughter, Mrs. Carl Gene Spears, and family.

New Caparol
controls weeds in cotton at layby
without residue problems
in crops planted next spring.

You can spray new Caparol* at layby for control of most annual broadleaf weeds and grasses, without fear of a soil residue carryover to harm crops planted in the spring of 1966. Just apply Caparol after your cotton is up six inches or more and before weeds are two inches high.

Spraying Caparol at layby will give you control until your cotton is up high enough to shade out any weeds that may germinate late in the summer. You can even apply Caparol where other herbicides have already been used and you find weeds breaking through.

Caparol is easy to handle and apply. Just direct the spray at the base of the cotton plants. You'll get quick knockdown of the young weeds and grasses. Then the action of Caparol continues to control

weeds and grasses through the roots—as they germinate for the next several weeks.

With Caparol on the job, you won't have weeds to compete for moisture and plant food. And you won't have rank weeds to foul up harvesting . . . to stain and downgrade lint.

So plan now to use Caparol at layby. It's available through your local supplier.

\$6 Million Year Spent On Cars By Lynn Folks

(Special to The News)
New York—With many Lynn County families planning to take automobile trips to various parts of the country this summer, the question of cost gets top consideration.

The indications are that travel costs will be only slightly greater than they were last year.

The basic expenses—for food and for overnight lodging—will be about the same. On the other hand, highway tolls and charges

for gasoline and other items will run somewhat higher in certain areas.

The figures on travel costs come from the American Automobile Association and the Commerce Clearing House.

On the basis of their findings, Lynn County residents must count on a daily budget of \$31 to cover necessary expenditures for two people.

This assumes that they travel 300 miles a day and that they get 15 miles to the gallon of gas.

Included in the \$31 daily cost are \$11.00 for overnight accommodations, \$10.50 for meals and snacks, \$7.00 for oil and gas and \$2.50 for tips and miscellaneous needs.

It is pointed out that this does not make any provision for amusements, souvenirs or recreation.

In connection with its report on vacation costs, the AAA has issued new figures on the annual expenses involved in the ownership and operation of a car.

For the typical driver of a standard-size car in the popular-price range, driven the average amount of 10,000 miles a year, it comes to \$1,177, equivalent to 11.8 cents a mile. This compares with 11.6 cents last year.

For the number of passenger cars in Lynn County, the cost of car ownership, on this basis, amounts to a hefty \$5,779,000 a year.

Most of the \$1,177 is for fixed

White Sox, Eagles In Close Contest

In one of the best-played Lynn County Pony League games of the year, the Tahoka White Sox edged the New Home Eagles 6-5 Tuesday to close out the year's series between the two clubs. The Sox defeated the New Home team in three outings this year, each time in a "nip-and-tuck" game that was close all the way to the final pitch.

Tuesday, the Eagles had Ken Fillingim on third base as the tying run in the top of the last inning with none out, but Larry Durham came in to relieve Billy Curry and got the side out. Curry was the winning pitcher and Ronnie Farr was the loser. Larry Arnold, with two doubles and a home run, led the White Sox hitting.

The Eagles' Stanley Gill suffered an injury in the second inning which required 15 stitches in the lower lip. The injury resulted from a collision with team mate Guy Zant.

Claudia Ann Chapman, daughter of Mr. and Mrs. Claude Chapman of Plainview, returned home with Mr. and Mrs. Shorty McNeely and Tom. Claudia had been visiting her grandparents, Mr. and Mrs. Harley Henderson and an aunt, Mrs. L. B. Burk and family here.

John Guthrie was admitted to the hospital June 14 with back injuries and was dismissed Saturday.

costs, which have nothing to do with how much the car is used. They total \$807 a year, including \$626 for depreciation—the first year. The rest is for insurance and license fees.

The variable costs total \$370 for 10,000-mile use. The largest part of this, \$258, is for gas and oil.

The increase in the number of cars is reflected in the volume of business done by Lynn County's gas stations. In the past year it reached \$772,000.

Speakers At Rotary Tell Of Junior Livestock Show, Australia Farming

A guest speaker from Lubbock and a visitor from Australia furnished the program at Tahoka Rotary Club Thursday of last week.

Jerry Fletcher of Lubbock Chamber of Commerce brought a talk, accompanied by color slides on the annual South Plains Junior Livestock Show.

He said the area show is the largest junior livestock show in the Southwest, the largest junior hog show in the nation, produces many champions that win national awards, and each show represented \$100,000 worth of livestock shown by FFA and 4-H club members.

The show is fitting to this area since 85 percent of Lubbock's economy depends directly on agriculture, and many of these youths profit from the projects in

later years and help develop our area.

Grain sorghum is the No. 1 crop in Texas from standpoint of acres planted, and about half the Texas crop is raised on the Plains. Conversion of grain into livestock is, therefore, an important factor in our economy.

His pictures traced briefly the history of Lubbock but more especially activities at the annual show, including weighing-in, sifting, washing and grooming, showing and judging, and the auction. Just the weighing-in process is a big operation, he said, when you consider that 1,500 hogs must be weighed.

H. B. McCord Jr., in charge of the program, said the speaker was a native of Wilson, where his father was newspaper publisher. His father is Frank Fletcher, now of Colorado Springs, formerly of Southland, Wilson, and Ropesville.

Mr. and Mrs. Ronald Gordon of New South Wales, Australia, at Lubbock inspecting South Plains agriculture, were guests and he made a very interesting talk. He farms 20,000 acres of land in Australia, 4,000 of which is in cultivation, the rest grazed.

Mr. Gordon compared his area to this, declaring the altitude is about 500 feet, rainfall averages 18 inches a year on a range from seven to 50 inches, and is a marginal farming area where drought-resistant wheat is raised and marenne sheep grazed.

There is no underground water suitable for irrigation, but development of drought-resistant wheat is proving an aid. Modern practices enable one man to look after 5,000 head of sheep except for shearing and dipping operations, which are done by contractors. Land is valued at about \$25.00 per acre.

Hale Center's debt of gratitude can never be repaid. This was the conclusion of the Chamber of Commerce and Agriculture Board as they surveyed the list of those who came to our aid following the June 2 tornado disaster.

To the extent possible a register was maintained of the hundreds of cities, communities, business concerns, organizations and individuals that gave so much and worked so hard during those horrible days of havoc and ruin. By their many contributions of sharing what they possessed, giving of their time and ability and rendering their many services, our burdens and sorrow and suffering was made much lighter.

The Chamber of Commerce speaks for Hale Center in expressing to all our friends and neighbors, wherever they may live, our most sincere and deep

Bill Kopecky In Air Force Training

William J. Kopecky, 20, son of Mr. and Mrs. Clarence J. Kopecky, route 4, Tahoka, has enlisted in the United States Air Force, according to an announcement made by T-Sgt. Ralph E. Wall, local Air Force recruiter, whose office is located at 1006 13th St., Lubbock.

Kopecky is a 1962 graduate of New Home High School, where he was captain of the football, basketball and track teams during his senior year while also being selected on the all-district baseball team. Kopecky has been attending Tarleton State College in Stephenville, where he majored in pre-law.

Sgt. Wall stated that Kopecky is presently attending six weeks of basic training at Lackland AFB near San Antonio before being reassigned to an Air Force technical training school. As a result of an aptitude test taken prior to his enlistment, Bill will receive training that will prepare him to become a specialist in the electronics field.

Sgt. Wall urges all young men who do not plan to attend college to investigate the many fine opportunities offered to young men in the Air Force. These opportunities include technical training in fields that will prepare a person for a successful future while also permitting him to further his formal education by attending college with tuition assistance paid by the Air Force.

Persons desiring to learn more about the Air Force may see Sgt. Wall at the Tahoka Post office every Friday afternoon between 3:00 and 4:30 p. m. or may call him collect in Lubbock to arrange an appointment or gain additional information. The phone number in Lubbock is PO 2-3359.

appreciation and thanks. In spite of the tragic and sorrowful results it is extremely rewarding and gratifying to know that the concern of our fellowman is the spirit by which we live.

Although the list of those who helped us is numbered in the hundreds, it is by no means complete. We regret our inability to say a personal "thank you" to each community, organization, business and individual. But may we, by this method, let you know how we the people of Hale Center appreciate all that has been done.

May we also express our regrets that hundreds of you came in person, only to be turned back at points of entrance to the city. We sincerely hope you will understand the necessity for these precautions.

Through the efficient and untiring efforts of the Department of Public Safety, the State Highway Department, County and Local Commissions, County and Local Law Enforcement Agencies and Military organizations from throughout the area, looting and other depredations within our town was held to a very minimum. For this we are deeply indebted to those organizations.

Signed by the Board of Directors and Manager, Hale Center Chamber of Commerce and Agriculture Board — Bill Freeman, president; Gerald Lee, vice president; Walter Struve, treasurer; H. L. (Lee) Dent, Jr., manager; Johnny Feagan, Kit McDaniel, Tom Rambo, H. M. Bell, W. B. West, Kenneth Hodges, Gordon Russell, Leroy Wilkinson, directors.

Three Tahokans Win At Gail

Three Tahoka young people placed well with their horses in the annual Gail Horse Show held last week end.

Susan Griffing, 11, won the trophy as all-around girl showing in youth activities by placing sixth with her senior gelding, fourth in the Western pleasure event, and fourth in barrel racing. In the halter classes, Susan won third with her 1962 mare and third with her 1961 gelding.

Bill Griffing, 13, was placed second with his junior mare and third with his senior mare in youth activities.

Taylor Knight, Tech student, placed second with his two year old gelding quarterhorse, and fourth with his roping horse.

Mr. and Mrs. Carl Griffing are parents of Bill and Susan, and Mr. and Mrs. Lee Roy Knight are Taylor's parents.

Lee Roy Knight says the Gail show claims to be "the biggest horse show in the smallest town in the world."

Fort Hood, Tex., near Killeen, was opened in 1942 and named for Confederate General John Bell Hood, who commanded the famed "Texas Brigade."

Brother Of Local Ladies Is Buried

Mancil Reneau, 58, brother of Mrs. W. H. Eudy and Mrs. J. M. Uzzle, died early Thursday of last week after an illness of less than a week.

Mr. and Mrs. Eudy, Mr. Uzzle and Eldon Akin attended funeral services held in Winsboro Saturday. Mrs. Uzzle couldn't attend on account of illness.

Mr. Reneau had worked at North Texas State University about five years. He is survived by his wife, one son, three brothers, and the two sisters living here.

The Pioneer Reunion always brings back a lot of fond memories. Actually The Printer and wife are not real pioneers, but we have been here over 41 years and we have known most of the real pioneers and we enjoy this day visiting with the rapidly dwindling group of early settlers. In fact, most of them now attending are second and third generation pioneers.

The Printer first saw Tahoka in 1922. Our Dad bought this newspaper from R. B. (Bob) Haynes, now of Miami, on November 1, 1923. E. I. Jr. and Albert Curry helped here until The Printer and

Mae got out of college on May 31, got married the same day, and on June 2 rode the "Blue Weed Special" into "Ty-ho-kee," as the conductor called it.

Joe Heare was station agent, and Emmett Fleming was the freight clerk.

Uncle Jimmie Fleming met the train with his dray wagon.

Ben King was there with his carriage.

We got a two-room apartment at the home of Mr. and Mrs. S. N. McDaniel.

The first men we met were "Uncle Bud" Brewer, who wanted to know if we were a "Ku-Klucker"; Charlie Brown, who had to tell us one of his famed stories; and John Donaldson, another early settler just moved to town.

There was still enmity-between nesters and ranchers.

Politics was hot as a pistol, the Ku Klux Klan being a big issue.

In run-offs in August, "Ma" Ferguson was elected governor, C. H. Cain county judge, Marshall Simpson sheriff, and R. C. Wood public weigher. In the primary, Happy Smith had been re-elected county clerk, L. C. Heath county attorney, Jim Weatherford tax assessor, and Mrs. Zoe Lowrey treasurer. Uncle Ike Metcalf was the colorful justice of the peace.

Jno. R. Greenfield was Chamber of Commerce president, and Brown Bishop secretary.

Dr. J. R. Singleton was mayor and Chas. Tunnell soon was to succeed Jim Weatherford as city secretary. Walter Anglin, with help of Pat Hines, ran the city light, water and ice plant. There was no sewer system. The light plant operated until about midnight.

O'Donnell was just now installing its first electric light system.

Rev. J. T. Howell was Methodist pastor, and the new church was just being completed.

Rev. J. M. Dasher was Baptist preacher, and Rev. J. F. Curry was Brownfield district missionary.

Knight & Brashear handled everything from Rock Island farm machinery to ladies millinery, groceries, dry goods, coal, hardware, and notions.

G. W. Small ran the hardware and furniture store, and Borden Davis, who had just married Minnie Curry, worked for him but was gone on a honeymoon trip. J. W. Small had a dry goods store.

J. K. (Jack) Applewhite was George Small's store manager, later to become the owner, and his son Jimmy was a very young boy.

George Short had mules for sale. Zappe Land Company was selling off 20 sections of T-Bar lands at \$35.00 per acre.

Newmoore that week staged a big rabbit drive over the Slash-L country.

H. P. Caveness was school superintendent and Mrs. L. F. Craft first grade teacher. The only school was in south Tahoka, long since demolished.

Viola Gaignat's mother ran The McCormack Stores, and D. W. was soon to quit a job as drummer for Amarillo Hardware to marry Viola and help run the store.

Lum and Fred Haney, both bachelors then, were running Tahoka Drug, one of the newest stores. Ross Ketter had The Limit, and of course Thomas Bros. were in the drug business.

Tahoka doctors were C. B. Townes, E. E. Callaway, L. E. Turrentine, and J. H. McCoy; J. R. Singleton and L. D. Stephens, dentists. G. W. Williams was the "horse doctor."

Buster Fenton was in the insurance business, as was Gladys Stokes, and Hall Robinson had insurance and farm loans.

Marshall Swan and Don Bradley had Pioneer Abstract; and Skip Taylor had Lynn County Abstract. J. C. Welch and Jack Kelley operated meat markets.

J. S. Wells & Sons (Claude and Ruby) was at the southwest corner of the square, as was H. M. Larkin's. R. H. Turner and Son had a grocery store, J. A. Stroud had Tahoka Dairy, F. C. Hairston had St. Clair Hotel and Cafe.

Barber shops were run by George Smith and George Hart and sometimes Ira Doak and S. M. Clayton.

Grover Stewart managed Higginbotham-Bartlett, and we've forgotten who was at Cicero-Smith, but A. L. Timmons was manager at Wooldridge Bros.

The Wyatt and Jones-families each had feed, grain and coal businesses.

Billie Brandon had a wagon yard and service station, and T. J. Bovell and W. G. Torrance had service stations. We've forgotten what Belton Howell was doing but he was doing something. He had opened the first garage in Tahoka about 10 years before.

Among the real estate men were Zappe, J. R. Greenfield, Charlie Thompson, F. E. Redwine, Charlie Brown, and others.

Ches Connolly was advertising the new 1925 model T Ford for \$295 for the touring car f.o.b. Detroit, plus \$85.00 extra for demountable rims and starter (\$265 for the runabout, \$685 for the sedan). George Knight was the salesman.

Jack Reeves made a 160-acre farm the next fall selling ham-

40 YEARS AGO

Tahoka's school plant in south part of town, looked as shown in top picture. The smaller picture, taken early in the 1920's shows the old building before being remodeled. The new addition contained a large auditorium on the second floor, classrooms on the ground, or semi-basement.

The buildings were abandoned in 1935, and was later wrecked.

burgers and soda pop in a little frame building where Rutherford's now stands.

George Shumake, now of Seagraves, old-time cowboy who is home for most of these reunions, and "Hackberry Slim" Johnson, the rodeo promoter now of Austin, were staging a "Big Basket Picnic and Rodeo" June 13-14, 1924 in O'Donnell, with "buffalo riding, ball games, speaking, concessions of all kinds, calf roping, cow milking" etc.

During the show, "Hackberry Slim", who has a wooden leg, rode a steer, got thrown, and the leg came off. A lot of women wainted when they saw that wooden leg sail into the air.

Then there was Jake Leedy, who ran the Palace Cafe, or rather Mrs. Leedy did while Jake entertained the town with pranks, practical jokes, and political cartoons posted in store windows.

That brings to mind many a tale—and Kangaroo Kourt, held each time one of the gay young blades committed the "crime of matrimony."

Carl Griffing, young assistant to Coleman Wells at the Guaranty State Bank, had persuaded Rena Mae Evans to become his bride. That called for court action. July

22, 1924, "Judge" Bill Nevels called Kourt to order, prosecuting attorney Jake Leedy was unrelenting in pushing the case and Carl's defense attorney, Ray Weathers, turned against him. In fact, the defendant was deserted

by all friends, and a jury composed of Ance Lockwood, George Small, and J. H. Edwards sentenced him to a fine of \$5.00 in cigars and a ride around the square in an over-size baby buggy, following which he was chained to a tree at his home. Carl had about as much fun as anyone, but we still feel for Rena Mae.

Ovid Luallin, Happy Smith, Marshall Stewart and others were also tried as the occasion warranted, and almost the whole town turned out for the fun.

Then, there were snipe hunts, the badger "fights", and dog fights.

First National Bank advertised capital, surplus and profits of \$100,000. A. L. Lockwood was president, W. D. Nevels vice president, W. B. Slaton cashier, R. P. Weathers, Louie Weathers, and R. B. "Casey" Jones, Henry McDaniels and Fred Barker also worked in the bank.

Mr. and Mrs. W. M. Harris

owned the telephone exchange.

E. L. Howard ran the picture show, and people came from Post, Brownfield, and O'Donnell in Model T's to the show. Harley Sadler's tent show came in the fall.

There were 25 schools in Lynn county. Three Lakes had just issued \$7,000 in bonds for a new school, and Joe Bailey \$6,500.

C. B. Keltner was just starting brick work on Keltner Hotel.

We've hardly hit the high spots

and have missed a lot of those active then, we know, but we're about out of space.

Radio had just been invented, moving pictures were the silent kind, but, believe it or not, there was plenty of entertainment going on in Tahoka—and if there wasn't enough, Jake Leedy, Henry Calaway, Ruby Wells, Hap Smith, or Ray Weathers would come up with something.

There were SOME good things about "the good old days."

DEPRESSION OF THE 30's

William McChesney Martin, Jr. Chairman of the Federal Reserve Board, speaking at Columbia University in New York City on June 1, 1965, released some very interesting information with regard to "The Great Depression".

He pointed out that there is much disagreement as to the cause, but all economists and political scientists agreed on one point: "... the disastrous impact of the destruction of the international-payments system that followed the British decision to devalue sterling in September, 1931".

On the subject of similarity of present policy and the policy of 1931 and 1933, the speaker said: "In 1931 and 1933, an increase in the price of gold was recommended in order to raise commodity prices. Today, a gold-price increase is recommended as a means to provide the monetary

support for world price stability.

"In 1931 and 1933, an increase in the price of gold was recommended as a desperate cure for deflation; today, it is recommended in effect as a means to combat inflation."

"In 1931 and 1933, an increase in the price of gold was recommended as a desperate cure for national ills, regardless of its integrating effect on world commerce; today, it is recommended as a means to improve integration of international trade and finance. "Can there be worse confusion?" (U.S. News and World Report, June, 1965, page 84-85.)

Hot Rod
"On tight corners... will hold its own with anything on the road."

Sports Illustrated
"On test runs at GM's Michigan proving grounds the Corsa started and stopped with no dipping, and it cornered—even at

wild speeds—with smooth intent and no sign of sway."

Motor Trend
"Not counting the Corvette, Corvair has the closest thing to performance handling characteristics you'll find on this side of the ocean, with no sacrifice in ride qualities."

Car Life
"We'd feed the Corvair into the turn with increasing force on the steering wheel, applying as much power as was available, and come scorching out the other end of the curve without so much as a tailwig."

Sports Illustrated
"... a new American sports car that will be eminently acceptable at rallies but that can, in the American manner, double at church picnics."
