Bailey Cotton Acres Reduced By 4,000 For 1960 Crop Year

The Agricultural Stabilization and Conservation committee has reduced Bailey County's cotton allotment for 1960 by about 4,000 acres.

Hunt Families Gathered Here At Thanksgiving

Members of the Hunt families gathered again in Muleshoe at Thanksgiving from far distant points for a reunion that has been their annual custom for many years.

Meeting here Thursday morning were: Mr. and Mrs. Harry Boscamp and sons, Ronnie and Garland, of Mission, Texas; Mr. and Mrs. Harold Hunt, of Bennett, Neb.; Mr. and Mrs. Clifton Hunt, Panama, Neb.; Mr. and Mrs. Ernest Hunt and son, Larry, of Bennett; Mr. and Mrs. R. C. Hunt, of Douglas, Neb. They all had Thanksgiving dinner at a local cafe.

Twenty-Three For Lunch

Then Friday the visitors and some local people gathered at the cafe for luncheon. The Hunts' Muleshoe guests were Mr. and Mrs. Virgil Nowell and children, Mr. and Mrs. Leldon Phillips and children, Mr. and Mrs. Pat Bobo. Twenty-three sat down together for the Friday meal.

Mrs. Boscamp is the sister of the Hunt men. Mr. Nowell and Mr. Phillips farm the Hunt one section farm west of Muleshoe and Mr. Bobo has attended to their legal needs for many years. Their land here has been owned by the family since 1922.

During their meeting here each year they are able not only to visit with each other but to see after their business affairs for the current year and make plans for the coming year. The Nebraska men told The Journal editor that their crops here this year were very good, just fair in their home state.

THANKSGIVING GUESTS

Mr. and Mrs. W. A. Bishop had the following guests for Thanksgiving dinner: Mr. and Mrs. Oran Sims, Mr. and Mrs. W. C. Bishop, Judy and Jim, Mr. and Mrs. L. R. Sims, Mr. and Mrs. C. J. James of Clenden, Mr. and Mrs. Robert Bridges and girls of Littlefield, Mr. and Mrs. Garland Kenney of Amarillo.

Jesse Osborn For Reelection As Legislator

REP. OSBORN

Jesse M. Osborn, of Muleshoe, has authorized The Journal to announce that he is a candidate for reelection to the Legislature. His statement to the voters follows:

I wish to announce that I am a candidate for re-election as State Representative for the 96th Legislative District composed of Lamb, Castro, Deaf Smith, Farmer and Bailey Counties.

I appreciate the support I have received from the people of the district in the past and will appreciate your help and support for the democratic nomination in primary election to be held in May 1960.

I expect to work for the best interests of this District, the State and the Nation as I see it, and will try to represent all the people of the district and not any special interests.

I hope to see each of you and discuss some of our problems with you before the election. Above all we must work for the improvement of our educational system in our Public Schools and Higher education.

I earnestly solicit your help and vote.

Yours very truly,

Jesse M. Osborn

Dale D. Westbrook Expert Rifle Man

HEILBRONN, Germany — Army Specialist Four Dale R. Westbrook, son of Mr. and Mrs. West Westbrook, Route 2, Friona, Tex., recently qualified as expert in firing the M-1 rifle while serving with the 4th Armored Division in Germany. Specialist Westbrook, a driver in Company D of the division's 54th Infantry in Heilbronn, entered the Army in December 1958 and received basic training at Fort Hood, Tex.

The 23-year-old soldier attended Friona High School.

WESTERN DRUG HARD HIT

Three Burglaries Investigated By Officers: Clues Are Scant

Western Drug Company was burglarized Thanksgiving night and valuables to the tune of more than \$3,000 were taken.

Harry Waddle, proprietor, reported that some \$1800 in money and checks was taken. In addition six watches, and eight wedding ring sets valued at \$1,700 were missing. The break in was noticed when the personnel went to work Friday morning after the Thanksgiving Day holiday.

Sheriff Dee Clements said that casts of three different fingerprints found in the rear of the store would be made, and that some fingerprints were developed in the store, but those weren't known.

That's about all the officers had to go on when they set out to try to trace the burglars. The intruders gained access to the store through a rear window opening into a storage room.

Williams & Merriman Adding To Building

An addition to the building of Williams & Merriman, the accounting firm, will soon be completed. The addition will have two offices, and is 16 by 25 feet in dimensions.

The Ray Daniel Insurance Agency will occupy the new part of the building, and the accounting firm will take over the room the agency has used in the building.

The addition conforms to the rest of the building in construction and exterior and may be heated and air conditioned with the plant already installed.

Hutton Heads Farm Bureau

Horace Hutton was elected president of the Bailey County Farm Bureau when the board of directors met here Tuesday night. He succeeds Joe Sooter, who resigned as president because he no longer is a farmer.

Mr. Hutton is a farmer of the Maple community. He was elevated from the post of vice-president, and has served the organization as a director for several years. Headquarters of the Bureau is maintained in Muleshoe.

The board heard a report from Bill Millen on the Mexican labor situation, characterized by a local spokesman as a "very complicated matter". Mr. Millen recently attended a meeting in Washington, D. C., of representatives of the Mexican government, the U. S. Labor Department and various farmer's organizations.

The directors also reviewed resolutions of the State Farm Bureau and compared them with resolutions of the Bailey County unit had adopted.

Work Begins On Machine Shop's New Building

Construction on a new home for Mills Machine Shop, Inc., was begun in Muleshoe this week and by Monday night foundations had been run. The new building is going up on ground along the Friona highway, at the corner of Village and Elm streets.

Les Mills, manager of the business, said the building will be 48 feet wide by 100 feet long, with a wing of 20 feet by 24 feet. The building is expected to be ready for use in January and the company's machine shops will be moved to the new location. The building is just south of the Brown Supply Co. plant.

George Mays, of Higginbotham-Bartlett Co., is superintendent.

Cox Funeral Services Held Friday In Canyon

D. E. Cox, a former agent for the Santa Fe Railway here, died last Thursday, Nov. 26, in Moore County Memorial Hospital in Dumas following a week's illness. He was the father of Howard Cox, of Muleshoe. A native of Illinois, Mr. Cox was 79.

Mr. Cox came here as Santa Fe agent in 1921, a position he held until 1927, when he moved to Lockney, and served as agent there until his retirement in 1951 after 30 years of service to the road. At the time of his retirement he was serving as mayor of Lockney. He had been active in civic affairs and was a member of the Methodist church. He had lived in Dumas the last six years.

He is survived by his wife, Mrs. D. E. Cox, Dumas; one son, Howard Cox of Muleshoe; and a daughter, Mrs. R. L. Althouse, of Springfield, Ill.

Funeral services were held in Warren LaGrone Funeral Chapel, Canyon, Texas, Friday, Nov. 27. Burial was in Plainview Memorial Park, Plainview. Ministers officiating were Rev. O. B. Herring, Memphis; Rev. Clifford Trotter, Dumas; and Rev. E. K. Shepherd, Muleshoe.

Palbearers were Levi Cole, Canyon; M. D. Nichols, Happy; Ray Griffiths, Muleshoe; J. B. Waide, Dumas; John Smith, Muleshoe; and R. D. Wheeler, Canyon.

Case Dealers Qualified For Fabulous Trip

Morris Douglass and H. A. Douglass, of the Morris Douglass Implement Company of Muleshoe, local Case Dealership, will leave tomorrow, December 4, for Bal Harbour, Florida, to attend the 1960 Case World Premiere and Sales Conference. Mrs. Nona Blake Douglass and Mrs. H. A. Douglass will accompany them on the trip.

At the 1960 World Premiere, these local Case dealership representatives will get a preview of the 1960 Case line of farm tractors and implements, and the Company's sales plans for the coming year.

The 1960 Case World Premiere will be staged at the Americana Hotel in Bal Harbour, Miami Beach, and will be attended by thousands of Case Dealers from all sections of the U. S., from Canada, and many foreign countries.

Morris Douglass and H. A. Douglass are attending the World Premiere as guests of the Case Company, as a reward for outstanding sales achievement.

Like other Case dealers from all over the nation who will be attending the World Premiere, the two couples will fly to Florida and return aboard special chartered airline flights in the largest civilian airliner ever arranged by a manufacturer.

Babyland Nursery Is Opened Here

Babyland Nursery has been opened here by Lola and Melba Copley, the two ladies announced today. Their place is located at 809 First Street.

RETURNS TO DALLAS

Miss Elizabeth Farley left by plane from Lubbock for Dallas Sunday evening. She spent Thanksgiving with her parents Mr. and Mrs. John Farley. The amusing thing is that before Mr. and Mrs. Farley got home from Lubbock Elizabeth was home in her apartment in Dallas.

SANTA CLAUS IS COMING TO TOWN

St. Nick's Arrival and Colorful Christmas Parade Set Dec. 12

Santa Claus is coming to Muleshoe in the biggest, most colorful parade ever held here, at 2 p.m. on Saturday, December 12.

Santa will be riding on a miniature Santa Fe train, pictured here. The train is one of 27 separate entries in the big Christmas parade sponsored by the Muleshoe Chamber of Commerce.

IN CHRISTMAS PARADE—Santa Fe Railway's miniature freight train has been a favorite in parades or civic celebrations in on-line communities for 30 years. Modernized a number of times during that period, the six-car freight train is 92 feet long, weighs nearly 14,000 pounds and stands six feet and seven inches high. It is headquartered at Topeka, Kans. Santa Claus will ride this train during the Christmas parade in Muleshoe December 12, at 2 p.m.

Firemen Saved Bamerts' House

The Carl Bamert family has reason to "Count Their Blessings", for although they had a bad fire at their country home Thanksgiving morning, no one was hurt and the house itself was saved, and most damage was from smoke.

Mr. Bamert told The Journal that they give credit to Muleshoe Volunteer Fire Department for saving the house. He said the family feels very grateful to the firemen, to the Muleshoe peace officers and police, and to their neighbors for the help and manifestations of friendship.

Mr. and Mrs. Bamert and children were on their way to the home of a sister's family, Mr. and Mrs. Lester Dawson in Lovington for a Thanksgiving dinner and reunion. They learned of the fire upon arrival. They met his parents, Mr. and Mrs. F. S. Bamert, of Las Cruces, and a brother and the family, Mr. and Mrs. F. S. Bamert, Jr., from Socorro, in Lovington. The entire group was back here by 11 o'clock.

The fire was discovered and reported by Jack Lane, the foreman on the Bamert farms, and the fire department men and equipment were there in a hurry. The blaze started in the utility room, its cause not known. It was a new house, built of brick, and finished in July, 1957 on the Bamert farm about six miles north and east of Muleshoe.

All the sheetrock in the house will have to be torn out, all the carpets are ruined and the furniture will be replaced. The Bamerts moved into a rented house in Muleshoe, and friends and neighbors loaned them enough furniture, appliances, etc., to manage until their home is again ready to go.

The Journal man talked to Carl on the barn office phone; phone instruments in the house were melted down by the intense heat.

Reconstruction FM 298 In Bailey County Is Projected

Reconstruction of a Bailey County farm to market paved road will be included in the first step of a program of improving such roads in Texas set up for 1959-60.

The road FM 298, extending from a point 0.5 mile west of Baileyboro and east to Circleback, a distance of approximately 10.5 miles. Reconstruction of grading, structures, and surfacing will cost an approximate \$137,500. The Texas Highway Department stated.

The Bailey County work was announced by O. L. Crain, district engineer of the Department at Lubbock.

It was announced that work will begin on the project as soon as final planning is completed and right of way secured. The senior resident engineer, Rhea Bradley, will be in charge of the work in this area.

HOME FROM TEXAS U. Tommy Hicks was home from Texas University at Austin for the holiday. He is the son of Mr. and Mrs. T. B. Hicks.

VISITED PARENTS Mr. and Mrs. Bill Bradshaw and Greg of Abilene were visiting her parents Rev. and Mrs. J. E. Moore. While here they went with Mrs. Bradshaw's sister, Mrs. Mary B. Obenhaus, to Plainview to the Wayland homecoming.

Twenty floats, depicting the parade theme, "Christmas Around The World", have been entered in the parade, and these will be competing for \$50 in cash prizes.

27 Entries

Competing entries are those of: Methodist Youth Fellowship, Ministerial Alliance, Methodist Church, Rainbow Girls, Girl Scout Troop 69, Girl Scouts of Muleshoe, WSCS, Band Boosters, Lazbuddie P-TA, Baptist Brotherhood, MHS Student Council, Boy Scouts, Bala P-TA, Pleasant Valley 4-H Club, Muleshoe Study Club, Muleshoe P-TA, FFA Boys, Junior High Girls Chorus, Shriners, and Trinity Baptist Church.

The parade will lead off with a color guard from the Marine Reserve Corps, and be followed by the floats, the Junior High Band, and the Santa Claus train.

The parade will form at the First Methodist Church, march north along the Morton Highway to Highway 70-84, one block east to Main, thence south on Main to the Boy Scout lot on South Main, Rev. Don Boles is parade marshal, and Rev. Edwin Hall is general chairman of the parade committee.

James Glaze and Bill Paizer are in charge of entries, and Owens Jones is arranging the arrival of Santa Claus.

After the parade, Santa Claus will return to the R.B.H. Supers parking lot where he will greet children from a raised platform. Each child will have an ample opportunity to meet Santa, and each will receive a bag of Christmas treats.

The arrangements this year will give each child a chance to talk to Santa, without confusion or danger of being trampled. Access to the platform where Santa will be, will be controlled by roped aisles and a stairway. Parents may meet their children at a similarly arranged exit on the other side of the platform.

Boy Scouts will pass out bubble gum to children along the parade route.

Mrs. Stephens Died Early Today

Mrs. C. C. Stephens, 74, pioneer woman of the Muleshoe area, died at 1:30 o'clock this morning in West Plains Hospital and Clinic here.

Mrs. Stephens and her late husband, C. C. "Pop" Stephens, moved here from Arkansas in March of 1930. She was born Oct. 5, 1875, in Polk County, Texas.

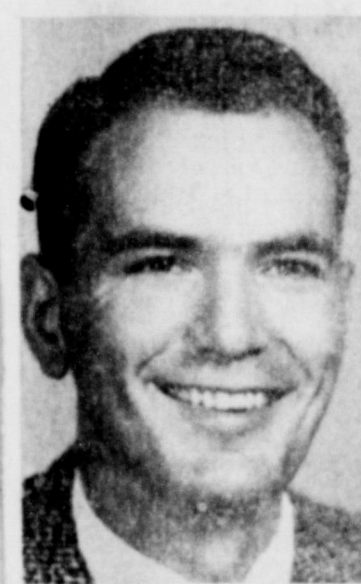

She is survived by a daughter, Miss Evelyn Stephens, of the home; a son, Loyd Stephens of West Camp community; a brother, J. M. Taylor of Mena, Ark.; four grandchildren, and several nephews and nieces.

Mrs. Stephens was a member of the First Baptist Church of Muleshoe, and she was a charter member of West Camp Baptist Church.

Funeral plans were not complete at the time of going to press with this paper. The body is at Singleton Funeral Home.

WILTS HAD GUESTS Mrs. Edith Wilt and Todd had as their Thanksgiving guests Mr. and Mrs. George Neely of Littlefield, Mr. and Mrs. Raymond Bryant, Mr. and Mrs. Jack Julian, and their son Eddie Wilt from Panhandle A&M College in Woodrow, Okla.

First National Names Two Officers

ROBERT ALFORD

Robert G. Alford has been promoted to the position of vice-president and cashier by the First National Bank of Muleshoe, bank officials announced today.

Mr. Alford has been with the First National since Sept. 1, 1957, coming here from Littlefield, where he was associated with a bank. Mr. and Mrs. Alford have been active in work of the Methodist church, and with other civic and club work where they have previously lived. They have two children, Judy Ann, age 11, and John Freeman, age nine.

HARMON ELLIOTT

First National Bank of Muleshoe has announced the election of Harmon Elliott as vice-president. Mr. Elliott comes here from Tulla, where he was manager of the local office of Plainview Production Credit Association.

Previously he had served as manager of the Littlefield office of PCA for five years, and before that had been secretary-treasurer of the Memphis PCA.

The Elliotts are Baptists and have taken an active interest in church, club, and civic groups since coming here. They have two children, Rob, three years, and Lydia, who is two.

Fort Worth's Annual Livestock Exposition Entries Pouring In

Entries in all divisions of Fort Worth's 64th Annual Livestock Exposition are pouring in according to W. R. Watt, president-manager.

The 1960 Southwestern Exposition and Fat Stock Show, January 29 through February 7, is expected to be the largest ever with premiums totaling approximately \$200,000 and the largest number of entries in the history of the show, Watt stated.

Closing dates for various entries are approaching fast and prospective exhibitors are encouraged to get their entries to the Stock Show, December 15, 1959 is the closing date for cattle, sheep and swine. Deadline for horses is January 1, 1960. And for poultry, rabbits and pigeons, January 10.

New classes in the 1960 show include the addition of carlot feeder steers and Apalosa horses.

The 1960 premium list gives arrival and departure times as well as other necessary information. A copy may be obtained by writing the Southwestern Exposition and Fat Stock Show, P. O. Box 150, Fort Worth, Texas.

WEEK OF PRAYER IS PLANNED BY LADIES

The week of prayer will be climaxed with a breakfast Friday morning at 6:30 p.m. Rev. J. E. Moore will be the speaker.

The ladies of the First Baptist Church have been meeting all this week with an average attendance of 25. Friday the ladies will begin prayer meeting at 8:00 a.m. and will continue until 5:00 p.m.

FIREARMS SAFETY
Carrying, possession and the sale of firearms is, for the most part, governed by law. But it is difficult to legislate against carelessness, yet it is carelessness that is responsible for the most firearms injuries and fatalities.

Almost half of all fatal firearms accidents occur in the home. These generally happen when preparing to clean guns or pistols, in dropping a gun or knocking it off a support, in showing the "unloaded" gun, or in actual horseplay.

Mr. and Mrs. R. C. Clines ate Thanksgiving dinner with Mr. and Mrs. J. C. Simmons of Lubbock. Upon returning to Muleshoe their son, Mr. and Mrs. Ray Cline, were here.

Mrs. La Nell Simmons and boys of Lubbock spent Wednesday night with her parents, Mr. and Mrs. R. C. Clines.

GWE SUPPORT OUR GIRL SCOUTS
"Girl Scouts learn to be self-reliant, to think for themselves, to make decisions, to respect another's point of view, to get along with people... in short, through Girl Scouting, they begin to develop maturity."

Buck Massey of Ardmore, Okla., was in Muleshoe this week visiting his mother, Mrs. Massey, and his sister, Mr. and Mrs. Bob McClanahan, and Robert.

Mr. and Mrs. Horace McAdams and children spent the Thanksgiving Holiday visiting their parents, Mr. and Mrs. Clyde Bray and Mr. and Mrs. W. B. McAdams. They are from Odessa.

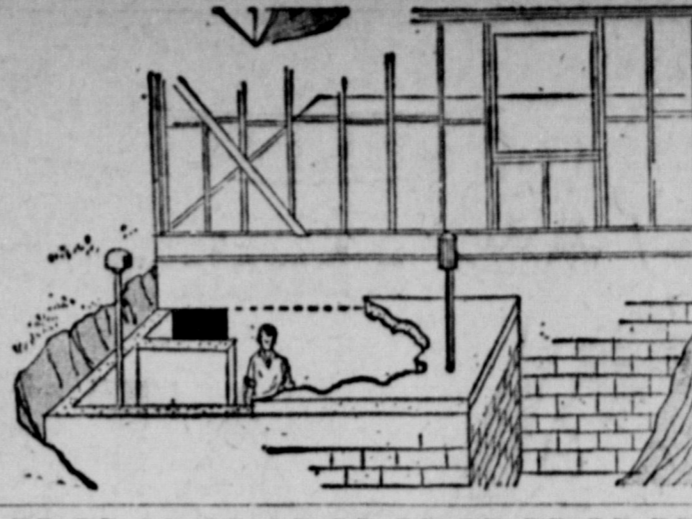

T. L. Glasscock made a business trip to Big Spring this week.

Mr. and Mrs. W. Q. Casey spent Thanksgiving and the weekend with Mr. and Mrs. D. S. Higgs of Portales.

FALLOUT SHELTER FOR A NEW HOME

For Family Protection in Nuclear War

ANOTHER type of shelter which gives excellent fallout protection can be built as an added room to the basement of a home under construction. It would add about \$500 to the total cost of the home. The shelter illustrated here is based on such a room built into a new home in the Washington, D. C., area in the Spring of 1959. Important considerations for each type of shelter are: arrangement of the entrance, ventilation, radio reception and lighting. "The Family Fallout Shelter," an OGDW publication, contains plans for five basic fallout shelters. Copies may be obtained by writing: Box Home Shelter, Battle Creek, Mich.

Millen Reports On Labor Meet

W. T. (Bill) Millen of Muleshoe represented the Plains Cotton Growers and H. L. (Hub) King of Brownfield, State Farm Bureau Director, represented the West Texas Agricultural Employers Group at the National Farm Labor Meeting at Washington, D. C., November 23rd-24th. Also he attended the Mexican Sub-committee Meeting at the Labor Department, where it was disclosed that on Friday, November 20, Secretary James P. Mitchell had announced that based upon proposals he made last August 12, he was amending the regulations under which the public employment office supplies migrant workers to farmers.

The amendments which became effective in 30 days are those on which public hearings were held last September 10th and 11th with some small changes made on the basis of evidence brought forth in the hearings.

Some of the most objectionable regulations were watered down, but the foot is in the door, so we may expect a gradual expanding of these regula-

tions. For example, to be eligible for bracero labor, or recruitment of domestic labor by T.E.C. Offices, the state agency has ascertained that the employer has offered to provide or pay for transportation for domestic agricultural workers;

(1) at terms not less favorable to the workers than those prevailing among the domestic agricultural workers in the area of employment; or (2) in the absence of such prevailing practice in the area of employment, at terms not less favorable to the workers than those which prevail among the domestic agricultural workers recruited by out-of-State employers who recruit domestic agricultural workers from the area of supply, as determined by the state agency in the state requested to supply the workers.

In my way of thinking there is much dynamite in the few amendments. Also, we will have to have housing available for domestics which conforms to the many requirements of the states or Federal Governments, housing and sanitary codes, and etc.

It has also revealed that last May, Secretary Mitchell appointed four men to a committee to study the effect of the importation of foreign workers on the welfare of our American workers. The results of their findings are called the Consultants Report.

The committee noted that United States workers lack the protections afforded Mexicans who are brought into this country. Under an agreement with the Mexican Government the imported workers are given guaranteed employment and free transportation, housing, and occupational insurance. The committee made these specific recommendations.

The law should clearly confine the use of Mexicans to necessary crops in temporary labor shortage situations to unskilled non-machine jobs, no specials or year around braceros, no tractor drivers or irrigators.

The Labor Secretary should be authorized to establish wage rates for Mexicans at prevailing levels and at no less than is necessary to avoid adverse effect on United States workers. He should be authorized to insure active competition among employers for the available supply of United States workers by being empowered to refuse to certify employment of Mexicans unless:

1. Employers have first made positive and direct recruitment efforts to obtain United States workers, on his own in addition to the efforts of the public employment offices.
2. Employment conditions offered are equal to those provided by other employers in the area who successfully recruit and retain United States workers.
3. United States workers are provided benefits equivalent to those given Mexican Nationals, and,
4. Employers of Mexicans offer and pay United States workers wages which are not less than those paid to Mexicans.

The Secretary should be empowered to set up standards for judging adverse effects resulting from employing Mexicans.

A tripartite advisory group composed of members from management, labor and the public should be established to advise the Secretary on the Mexican farm labor program. (To minimize the effect of the advice of the Mexican Advisory Sub-committee).

LYNDON B. JOHNSON BIOGRAPHICAL SKETCH

Senate Majority Leader Lyndon B. Johnson is a man of many talents. And some of the abilities he uses daily as the senior U. S. Senator from Texas are the harvest of varied jobs held as a youth.

While other Hill Country farm boys were playing baseball, Johnson was learning the sweat and toil that goes into the process of earning a buck. Lessons learned early — lessons of thrift and toil — were never forgotten.

At nine years of age, the rangy youth who was to become Majority Leader of the United States Senate was shining shoes in his hometown barber shop at Johnson City.

He finished high school at 15 — in a graduating class of six. The immediate need for money came ahead of the long-range advantages of further education. For almost two years, the future U. S. Senator from Texas worked on a road-building gang, starting at \$1.00 a day. This stint was interspersed with a hitch-hiking trip to the West Coast where he worked as an elevator operator, in a cafe, and washing cars.

Then, his face tanned, muscles hardened and hands calloused, Johnson decided there must be more to earning a living than driving a truck

and shoveling gravel. "By then it became increasingly apparent to me that there was something to this idea of higher education," he says. Johnson packed his clothes and hitch-hiked to Southwest State Teachers College at San Marcos.

He enrolled in school, and promptly got a job as janitor — sweeping the halls at night — during the day. There were other jobs, including door-to-door selling of hosiery and working as secretary to the college president.

"One year-I borrowed \$200," he recently recalled. But there still weren't enough jobs — and enough money — available to continue in college. So for almost a year, Johnson taught school in a small South Texas town attended by underprivileged Latin-American children. Despite his own need for money, he used his first month's check to buy athletic equipment for his students.

Study and work paid off. In 1930, at the age of 22, he received his Bachelor of Science degree from college. This meant that in three and one-half years — including time out in which he taught — Johnson had completed three months of college preparatory studies and four full years of college work.

The fast pace he set has never slackened since then. Johnson was born August 27, 1908, in a farm house near Stonewall, a few miles west of

the town that bears his family name. His early education was in the Johnson City public schools.

After graduation from college, he joined the faculty of a Houston high school where he taught public speaking and debate.

Then came an opportunity to enter public life as secretary to Congressman Richard M. Kieberg. Johnson went to Washington. While serving with Kieberg, he also found time to attend Georgetown University law school at night.

In August, 1935, President Franklin D. Roosevelt appointed the hard-working Congressional secretary as state administrator of the National Youth Administration in Texas.

Two years later, after receiving official recognition as one of the most effective NYA administrators in the nation he resigned to enter a special election to fill the Central Texas seat made vacant by the death of Congressman James P. Buchanan of Brenham. Johnson won over a field of nine other candidates.

Then, in 1948, following reelection to five successive terms in the House, Johnson became a successful candidate for the Senate. Honors and responsibilities came fast.

His Democratic colleagues unanimously named him Majority Whip in the 82nd Congress, Minority Leader in the 83rd, and Majority in the 84th,

85th, and 86th Congresses. He was the youngest man in Senate history to be elected to leadership office.

Throughout his successful career, he has followed the same political philosophy. To legislative proposals, he applies the single-standard yardstick of what is best for the nation as a whole.

"I am a free man, an American, a United States Senator, and a Democrat — in that order," he once wrote.

Johnson has been a firm advocate of military preparedness and a foe of extravagance and waste — of resources as well as taxpayers' dollars.

Mrs. Johnson is the former Lady Bird Taylor of Marshall, Texas. They were married November 17, 1934, and have two daughters — Lynda Bird, born March 19, 1944, and Lucy Baines, born July 2, 1947.

Truman Lorange Rites Were Held Friday, Nov. 27

Funeral services for Truman Lorange, 24, were held at 3 p.m. Friday at the First Assembly of God Church with the Rev. R. V. Luna, officiating. Burial was in Bailey County Memorial Cemetery under direction of Singleton Funeral Home.

Lorange died at 3:20 a.m. Wednesday in Roswell as result of an accident in August. He was injured when a caterpillar turned over on him. A heavy machinery operator for

Thompson Construction Company, Tinnie, N.M., he was born Aug. 9, 1935, in Cook County. He had lived at Tinnie for six months, moving there from Denver City. He lived at Muleshoe prior to his Denver City residence.

Survivors include his wife; two daughters, Debra and Dolores; his father, James, Muleshoe; his mother, Mrs. A. K. Robinson, Muleshoe; two brothers, Troy, Irving; C. F. Irving, and two sisters, Mrs. Ed Parker, Grand Prairie; Mrs. James Blair, Los Angeles.

GUESTS OF DUNNS

Guests in the Glenn Dunn home at Thanksgiving were Mr. and Mrs. Casvee Dunn and sons Harris and Tinker of Friona.

LONE STAR AGRICULTURE

TEXAS HOG PRODUCTION

Texas, which produces far less pork than it consumes, had an estimated hog population of 1,226,000 at the beginning of this year with an average value of \$25.10 and a total farm value of \$30,773,000. However, as the year progressed, this estimated value went down as the hog market dropped.

The hog population in Texas has fluctuated widely through the years. Back in 1870, there were as many as 1,004,000 hogs on Texas farms, with an average value then of \$1.67 and a total farm value of \$2,681,000. The all-time high in Texas hog production was in 1944, when 3,106,000 head were counted carrying a total farm value of \$36,535,000.

The current condition of the market offers little incentive, but it is figured that Texas now raises sufficient grain sorghum and corn to produce as many as 4,000,000 hogs a year. Texas now has about 46 per cent of the grain sorghum acreage in the nation, and in a normal year can be counted on for about 270,000,000 bushels.

A continuing increase in corn production also can be anticipated. The nation's hogs consume about 40 per cent of the feed grains produced, and by applying this percentage to Texas and using average feeding rates and slaughter weights it can be seen that the 4,000,000 head production rate could easily be achieved.

As for the present market situation and the outlook for the immediate future, Marvin L. McLain, Assistant Secretary of Agriculture, told the National Swine Industry Conference in Iowa the other day that prospects are not as bleak as might be expected.

"Price-wise," he said, "developments of the past few months have been about what would be expected when hog production goes up materially. Hogs got a little below \$13 in October. For 1959 as a whole, the average is expected to be about \$14.50 a hundredweight."

"Summing up the overall situation, as far as prices are concerned we are obviously in the low phase of a hog cycle. However, there are good indications that producers are working out from under the current situation — as they always do if given a chance. The whole situation is much better than some pessimists were expecting a little while ago."

GUESTS HAMILTONS

Mr. and Mrs. Elbert Hamilton and children had Mr. and Mrs. A. N. Nelson and Mike of Sudan and Mr. and Mrs. Sonny Kirklen for dinner guests on Thanksgiving Day.

Whiteaker Rites Held Sunday

Alvin Taylor Whiteaker, 64, a Lamb County resident for the past 31 years, died about 8 a.m. Saturday in his home about eight miles south of Sudan.

Funeral services were held at 2:30 p.m. Sunday in the Sudan First Methodist Church. The Rev. J. E. Moore, Muleshoe, officiated. He was assisted by the Rev. Jesse C. Leverett, Sudan.

Burial was in Sudan Cemetery under the direction of Hammons Funeral Home of Littlefield. Masonic graveside services were held at the cemetery.

A farmer, Whiteaker was born in Missouri. Survivors include the wife, Vena; a son, Wayne, Sudan; four brothers, A. B., and Perry, both of Fort Worth; and Jesse and Andy, both of Waco; a sister, Mrs. Bessie Jones, Lubbock; and three grandchildren.

Oakie Alexander Is Freshman Letterman

Don "Oakie" Alexander of Muleshoe has been awarded a letter in freshman football at Eastern New Mexico University, Portales, it was announced.

Don was an end on the freshman team this year. He was a star performer during the years he played at this position for Muleshoe high school.

OWENS HAD GUESTS

The home of Mr. and Mrs. Glen Owens had as its Thanksgiving guests Mr. and Mrs. David McReynolds, Mr. and Mrs. Y. T. McReynolds, of Vernon and Mr. and Mrs. Jim Tidmore of Odessa.

FROM LUBBOCK

Mr. and Mrs. Cucky Ivey of Lubbock had Thanksgiving dinner with his grandmother, Mrs. E. H. Ivey. After dinner they spent the evening with her parents, Mr. and Mrs. J. W. Roberts.

NOTICE TO ALL MEMBERS

OF MULESHOE STUDY CLUB
All members of the Muleshoe Study Club must meet Monday afternoon 2:00 at the J. G. Arn Farm barn, 2 miles north on the Friona highway.

Wear your working clothes, bring your hammer, wire cutters, and ideas. Anyone having a trailer we can use, please call Mrs. White at 3700. We will work on the float for the Christmas parade.

It is very important that as many as can come will be there.

Christian Science Services

The beauty of holiness will be a theme dealt with at Christian Science services Sunday in the Lesson-Sermon entitled "God the Only Cause and Creator."

Scriptural selections will include this verse (1 Chronicles 16:29): "Give unto the Lord the glory due unto his name: bring an offering, and come before him: worship the Lord in the beauty of holiness."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (246:13, 23): "As the physical and material, the transient sense of beauty fades, the radiance of Spirit should dawn upon the enraptured sense with bright and imperishable glories. . . . Man, governed by immortal Mind, is always beautiful and grand. Each succeeding year unfolds wisdom, beauty, and holiness."

BABSON DISCUSSES

Every Reader's Land Is Underlaid With Valuable Metals

BABSON PARK, Mass.—This week I want to write on the most exciting piece of news which I learned while visiting Moscow, Russia. It should interest every reader in every state wherever he may live.

What Russian Scientists Are Doing Today

While Mr. K has been feeding us with news about "flying to the moon," his scientists have been at work breaking open the crust of the earth and finding out what is under it. In fact, whenever Mr. K tells us what he is doing, it is not important. The things which are important Mr. K does not tell us about.

What About The Crust?

The crust of the earth consists mostly of granite of various thicknesses, varying in depth below the surface of the ground. In New England the crust comes to the surface, while in Florida one must drill through an overlay of sand, etc. more than 10,000 feet before coming to the crust. There still may be valuable ore under the crust in Florida; but the process of getting it out would be very expensive under present known methods of extraction. The Russians are said to be pumping this metal to the surface. The crust is supposed to be the thinnest in Central America on lands owned or leased by the United Fruit Company. Let me, however, emphasize that wherever you live your land or farm may be underlain by most valuable metals.

A Lesson In Geology

Originally the earth was a form of gas which, through millions of years, gradually turned into a solid mass. What is inside this mass is now one of the problems of the Gravity Research Foundation of New Boston, New Hampshire. It is supposedly molten metals of various kinds. All we really know is that the core of the earth is covered with a shell of granite or other material. The oil that we use to heat our homes and the gasoline with which we operate our cars have been collecting on the outside of this crust. No one has known what was under the crust until the Russians recently cracked it 4,000 feet deep in the Ukraine. Hearing of this work, the St. Joseph Lead Company and the Bethlehem Steel Company made a study of what was

under the crust in this country. So far they have found that the crust is the thinnest about 26 miles from Salem, Missouri, where they broke through the shell which was about 16,000 feet thick. In accordance with borings previously made, they found a great bed of iron ore with copper, uranium, and even traces of silver and gold. Here I come to the exciting piece of news that I spoke of above.

Editor's Note: The Sand Hills Philosopher

One of my favorite schemes to restore self-confidence in the world has been a plan to send American diplomats abroad to try to get some foreign aid for the United States. This wouldn't result in any foreign aid for us, but it might get over the idea to all the countries we're helping that eventually the well may run dry and they'd better start digging themselves. It doesn't hurt to get rocked back on your heels once in a while.

The major metal which underlies your land is probably iron ore, but it may be uranium or even gold. If your state or county has not already made proper geophysical surveys, you should insist that it do so at once. In short, my "exciting news" is that you may be living on a most valuable body of ore. Hence you should not sell your land without an aeromagnetic survey which will tell you: (1) the distance from your doorstep to the top of the crust, (2) the thickness of the crust, and (3) what is under it.

What This All Means To You

I have often advised my readers to be slow in selling raw land—especially near the seacoast, navigable rivers, or other chief outlets to markets. Since my trip to Russia I feel more strongly about this than

ever. Houses can be improved or rebuilt, but only God can make more land and put great wealth under it. Let me repeat that such wealth is already under the land where you live. Its value depends upon the distance down to the crust and the thickness of the crust at your place of residence, together with the outlets to the nearest market. Advertise or be forgotten.

Sand Hills Philosopher

To Accept Foreign Aid Just To Get Used To Idea . . . Just In Case

Editor's Note: The Sand Hills Philosopher on his Johnson grass farm may be ahead of the times this week, which is a switch from normally being behind the times.

Dear editor:

One of my favorite schemes to restore self-confidence in the world has been a plan to send American diplomats abroad to try to get some foreign aid for the United States. This wouldn't result in any foreign aid for us, but it might get over the idea to all the countries we're helping that eventually the well may run dry and they'd better start digging themselves. It doesn't hurt to get rocked back on your heels once in a while.

If we do try such a plan, I hope the foreign countries sending aid to me will be far-sighted enough to use the latest plan we've adopted for them.

A NEWSPAPER IS MORE THAN A FISH WRAPPER

One of the moving scenes in Jack Webb's latest film, "30-30," a newspaper yarn, occurs when he explains what a newspaper is. We'd like to call Webb's words to your attention: "Do you know what people use newspapers for? They roll them up and swat their puppies for wetting on the rug. They spread them on the floor when they're painting the walls. They wrap fish in them, shred them up and pack their two-bit china in them when they move, or else they pile up in the garage until an inspector declares them a fire hazard—but—"

The newspaper also happens to be a couple of more things. Its got print on it that tells stories that hundreds of good men all over the world have broken their backs to get. It gives a lot of information to a lot of people who wouldn't have known about these things if we hadn't taken the trouble to tell them. It's the sum total of the work of a lot of guys who don't quit. It's a newspaper, that's all. And it only costs a few cents, that's all. But if you only read the comic section or the want ads—it's still the best buy for your money in the world." (You said it, sport!)

Kup's Column Chicago Sun-Times

We don't know where we should search to find out the cause for the shameful practices of the TV show producers and the TV contestants in the manner of hoodwinking the public and the advertisers, but we do know that something should and shall be done to eliminate this type of thing from the air waves. Crookedness in a few programs has cast doubt upon all the programs of the type. Barnum said there's a fool born every minute and the side shows of the circus prospered. We do not believe, however, that the advertisers are fools enough to go for any more rigged programs. Maybe the public would still "buy" them—but surely the advertisers who foot the TV bill directly won't tread the same path twice.

Army Recruiter Here Each Friday

SFC John G. Matmiller, your local Army recruiter wishes to announce a change in his itinerary for Muleshoe and vicinity, effective December 1, 1959.

Euel D. Tew Wins Army Promotion

WILDFLECKEN, Germany—Euel D. Tew, 24, son of Mr. and Mrs. Leamon Tew, Route 1, Muleshoe, Tex., recently was promoted to specialist four in Germany, where he is a member of the 50th Infantry.

Specialist Tew, an automatic rifleman in the infantry's Company A in Wildflecken, entered the Army in March 1958, completed basic training at Fort Carson, Colo., and arrived overseas the following September.

He was a farmer before entering the Army.

Parmer County Farm Bureau News

We hope you will remember, when the 1960 March of Dimes Campaign begins, that this is another of the demonstrations by the American people indicating that the citizenship can conduct most programs on a self-help basis more economically and effectively than government agencies can.

The reason the program remains on the independent system of financing and administration is that it has been successful for over 20 years on this basis of operation, and no other program has been suggested that has been quite so successful in its objectives.

Carey Joe Magnus of Farwell is Chapter Chairman, and will be giving of his time in January to help the workers carry out these objectives of helping physically handicapped juveniles. All he and other workers will ask of you, is that you give, if you wish, as much or as little as you wish, and that your family understand that all care provided under the program is freely available to you, whether you are a contributor or not.

A correction: A couple of weeks ago, we stated that there were more than a thousand voting delegates at the TFB Convention in San Antonio this year. The correct figure is something over seven hundred and twenty. There were more than fifteen hundred people in attendance.

You are invited to attend the directors meeting Monday night in the Friona Office, where reports on the conven-

tion will be heard. Other items of interest to you will be discussed, too. Come in about eight o'clock, or a little before.

Farm Bureau opposed, unsuccessfully, imposition of the new farm labor regulations that became effective December 20th. Some modifications were made, but the regulations will still cause plenty of inconvenience and expense to farm employers.

We still have a few almanac type calendars, free for the asking.

In Texas, for a nine month period, minors were fined \$23.54.95 for buying liquor from dealers who sold it to them at a cost in fines of \$4,598.81.

CONSIDER THIS: An unjust man is an abomination to the just; and he that is upright in the way is abomination to the wicked. Prov.: 29:27

Today's Meditation

God's Redemptive Plan
Read John 1:11-14

As many as received him, to them gave he power to become the sons of God, even to them that believe on his name. (John 1:12.)

It was nearly midnight when my plane circled over Phoenix, a city spread out like a vast checkerboard of light in the darkness. I thought of the thousands of people unconcerned about my coming. Then I rejoiced that there was one family expecting me and waiting for me with a warm welcome.

It was the Christmas season. While I was looking out over the city, I thought also of God's giving His only begotten Son to a world that paid so little attention to His coming.

In this generation, Christ is looking for homes where He will be welcomed. He longs to enter our hearts that He may forgive our sins and change our darkness into light. We must make the choice. We may either crowd Him out or open the door.

"Where meek souls will receive Him still."

PRAYER: Our heavenly Father, we praise Thee that Thou hast come to abide in our hearts. Through faith in Thy Son Jesus Christ, keep us ever

in fellowship with Thee. Help others to make room for Christ that they may know His peace. We pray in the name of Thy Son, our Redeemer, Amen.

THOUGHT FOR THE DAY: I will keep my heart's door open to Jesus.
Laura S. Emerson (Indiana) World-wide Bible Reading, Romans 12:1-21.

Tech Center Named As "All America"

LUBBOCK — Selection of center E. J. Holub to the Football Writers Association All-America is being hailed as proof that sports' highest honors are now open to Texas Tech athletes.

Holub, earlier named to the NEA service first team All-America and the Football News All-America, was listed in the current issue of Look Magazine, which annually announces the FWA All-America. While lauding Holub as "the finest lineman I ever coached," DeWitt Weaver, Tech athletic director and head coach, emphasized that the selection proved that outstanding Texas Tech athletes in the future needn't fear being overlooked.

Holub is the first Red Raider ever to be picked on a major All-America first team. Previous highest honors were won by tackle Jerrell Price, selected to the Associated Press' second defensive team in 1951, and by halfback Bobby Cavazos, picked on the AP second team in 1953.

STUDY CLUB MEMBERS WILL HOST HUSBANDS

Muleshoe Study Club will meet next Thursday night, Dec. 10, in the home of Mrs. W. T. Andrews. Husbands of members will be guests.

TAX-MAN SAM SEZ:

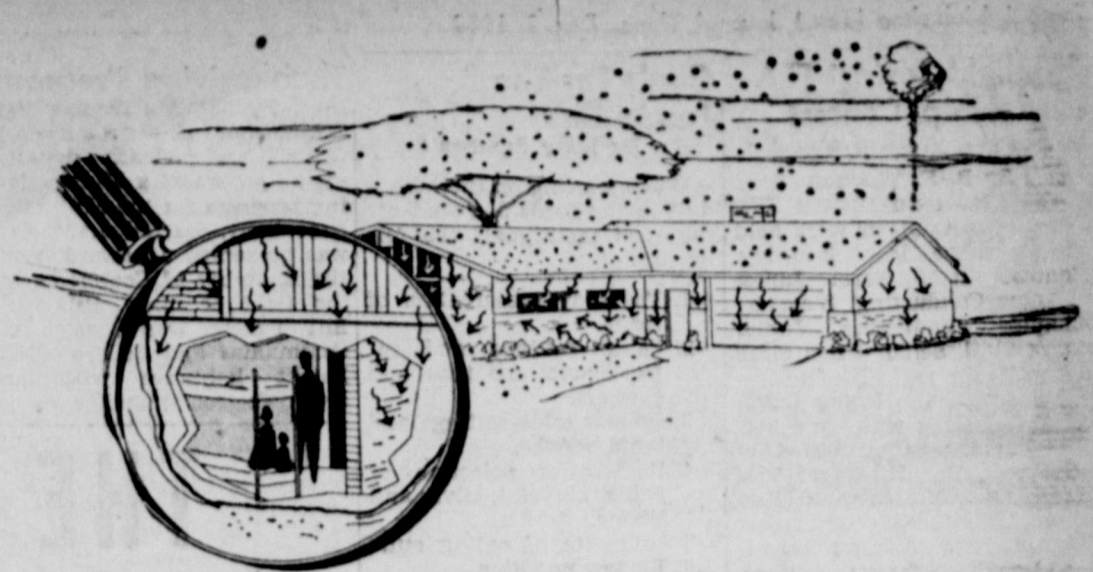

The other day I asked a tax man, "What is the best advice I can give a taxpayer?" He came right back — "Tell them to read their instructions."

This tax business is probably the most important part of our business. It's not just the millionaires who have tax problems. Most wage earners and salaried employees have to pay \$20 or more out of every hundred for taxes. It does pay to read your tax instructions. It will also pay you to keep records. Paying your bills by check makes a good record for most taxpayers.

BALLOTS MAILED FOR DIRECTORS ELECTION

Members of Muleshoe Chamber of Commerce have received ballots for voting on four directors to be elected by the body. Names of eight nominees are on the ballots, the member to vote for four.

The four receiving the greatest number of votes will be declared elected. All ballots must be in the C of C office by December 26.

HOW FALLOUT shelters would protect occupants after nuclear attack is shown in this drawing of a modern American home. Fallout—mostly tiny particles of matter charged with radioactivity—is carried downwind from a nuclear blast, and settles on the roof and grounds. From these fallout particles, radiation rays (arrow-like figures) shoot out which can penetrate most substances. Enough rays can cause radiation sickness to people without their realizing it, since radiation cannot be detected by the senses. But the materials of a fallout shelter are dense enough to absorb most radiation and prevent it from reaching the occupants. The Office of Civil and Defense Mobilization has declared December 7 as National Civil Defense Day to remind Americans that millions might be saved after a nuclear attack by such relatively simple precautions. A booklet on building fallout shelters is available through civil defense offices, or from Box Shelter, OCDD, Battle Creek, Michigan.

Student Council News

By Laquanna Stone
The MHS Student Council met Tuesday, November 24, to order jackets.

The meeting was called to order by Robert Robinson, president. The council voted to order only jackets rather than both jackets and sweaters.

The jackets are to be solid black with white trim. The members will be able to order a school patch and a SPASC patch if they desire.

The following ordered jackets: Mr. Bill Parker, Derrell Oliver, Max King, Robert Robinson, Robert Garlington, Lyndal Black, Jimmy Bishop, Sue Logan, Magann Lamb, Sandra Darsey, Ruby Kay Simmons, Virginia Hickman, Pat Barrett, Judy Autry, Kay Wilson, Mary Sanders, Nicki Sooter, Kay Carlton, Martha Elmore, Sharon Evans, and Don Etheridge. The meeting was closed in due form by Robert Robinson, president.

Goals For The Foods Unit

By Mary Sanders
When starting on their foods unit in the foods 3-A students chose as their goals the following:
1. To study preservation of foods.
2. Table settings and refreshments for teas and showers.
3. Review table settings and table service.
4. Review of selection of china, crystal, silver and linens.
5. Etiquette of eating out.
6. Review nutrition.
7. Food preparation:
A. Study of meats.
B. Fancy yeast breads.
C. Fancy gelatin salads and desserts.
D. Vegetable cookery.
E. Mexican food.
F. Pastry.
G. Sponge cakes.
H. Baked Alaska.
I. Brownies.
K. Candies and cookies.
Many of these goals will be achieved by seeing films. Others will be achieved by actual food preparation.

To start achieving these goals, a study of nutrition was started. In this study we learned what foods should be eaten each day and what part each vitamin played in each person's life and the deficiency caused from the lack of each.

Next a study of meats was taken up. In this we learned what to consider in the selection of meat, and how to cook it in such a way to make it attractive, and a pleasure to eat.

As many of you know, some vegetables are tasteless when eaten. In the study of vegetables we learned how to preserve the nutrient value, the key point of cooking green vegetables correctly, how to prevent strong flavor, which are all important in keeping the vegetables from being tasteless.

To make every meal complete, a salad is needed. A salad may be used to begin the meal, as an accompaniment, or as a main dish. So there is a place for every type of salad that can be thought of, whether it be simple or fancy.

Although many times forgotten, foreign breads are, when made right, delicious. In class this was proven true when Greek Yeast Bread from Greece, Kulich from Russia, Viennese Strose, from European countries, Danish Coffee Twist and Guglhupf from Vienna were made. These breads were graded as to shape, color, crust, crumb, and flavor.

As a contrast to the foreign breads, next, the class prepared more commonly used recipes. Some of them included: Kolichie, Swedish Tea Ring, Pineapple Bubble Coffee cake, and Cinnamon Buns. These were graded under three major headings, the external characteristics, internal characteristics and the flavor.

Thanksgiving and will reopen November 30. Christmas holidays are from December 18 through January 4, 1960.

Thanksgiving Program

By Magann Lamb
Muleshoe High School Choral and Speech departments presented a Thanksgiving program for the MHS student body. Darrell Lancaster was presented an award from the Chamber of Commerce in the field of math. Principal Bill Parker was Master of Ceremonies and he presented Robert Robinson with an award for social studies.

Carolyn Burge gave the invocation. Poems were read by Janie Sanders and Joy Autry. Robert Robinson, MHS Student Council president, spoke on the things we have to be grateful for in our country. MHS Choir sang musical numbers throughout the program. Mr. Logan Moon accompanied the choir. Annamary Elrod played the flute as the group sang "America The Beautiful."
Two trios composed of Jean

Gray, Linda Blair, Darrene Nowlin, Ann Phipps, Louise Stinson, and Junita St. Clair sang two numbers. They were accompanied by Mrs. George Laing and Julia Hollis. Mrs. Laing, choral instructor, played several selections on the piano.
Jean Gray, student director, directed the choir as they sang "This Is My Country." The program was concluded with "The Star Spangled Banner."

THE MULES' TALE

Weekly Publication of Muleshoe Schools

Junior High Seventh

By Nancy Julian
The students in Junior High wish to thank Charles King for letting them display his flag in the show case along with a letter from George Mahon. This flag with 49 stars on it was flown over the Capitol in Washington, D. C., October 12, Columbus Day. Charles' brother, Joe, worked in Mr. Mahon's office this summer. This was an honor, Charles, and thanks for letting the school share the honor with you.

Presidents of the different classes are Scott Oliver, 7A; Stanley Black, 7B; Mike Fite, 7C; Loretta Underdown, 7D; and Baltazor Acevedo, 7E.

Monday, November 2, the Junior High band had try-outs. Linda Scott is first clarinet, Jan McVicker, first flute, Charles King, first saxophone, and Mike Fite, first trombone. Donna Hall, Kathy Moore and Charlene Lindsey were chosen as Junior High Cadet Majorettes. Judges were Logan Moon and Bob Cheek.

The eighth and seventh grade cheerleaders are Mona Rucktashel, head cheerleader, Dianne Chappell and Rhonda Wagon, eighth grade cheerleaders, and Wilma Puckett and Judy Putman seventh grade cheerleaders.

New seventh grade teachers this year are Mrs. McSpadden, Mr. Minnes Jackson, and Mr. Harold Hurd.

Mrs. McSpadden taught language arts for six years in Dallas. This is her first year in Muleshoe. Her husband is one of the new doctors at West Plains Hospital.

Mr. Jackson taught language arts in Crawford, Oklahoma, for four years. He has three children and Mrs. Jackson teaches in the second grade at Richland Hills.

Another new teacher in the seventh grade is Harold Hurd. He teaches science. To all the new teachers we say "Welcome" and hope you like Muleshoe.

Junior High enrollment is at a high this year. There are 73 boys and 78 girls in the seventh grade. The girls outnumber the boys in the eighth grade. There are 48 boys and 77 girls. This brings the enrollment to 276.

Miss and Mr. Personality were Betty Davenport and Mike Miller. Congratulations! Class favorites are Scott Oliver and Linda DeMent.

The Christmas holidays are quickly approaching. Schools will be dismissed November 25 for

Attend Clinic

By Mary Gross
Four Muleshoe basketball teams journey to Plainview Saturday for the Annual Flying Queen's Basketball Clinic. The clinic was specifically designed this year to interest both coaches and players.

The morning session featured lectures on offense and defense. Pete Wilson from Abernathy lectured on offensive fundamentals and F. G. Crofford of Claude discussed defensive fundamentals. Following the lectures the Bula High School team, coached by Curly Risinger, demonstrated offensive maneuvers. The Flying Queens performed an exhibition on the correct way to dribble, pass, and shoot.

The most interesting part of the day for all the girls was the scrimmage between the Flying Queens and the Queen Bees. Giving the Queen Bees 10 points before the scrimmage began the Queens came through to take the game.

The lunch hour was filled with interest and entertainment. The Flying Queens presented a very enjoyable program with several groups around the Wayland campus performing. Before returning to the afternoon session the Flying Queens conducted a panel discussion with the group participating.

The clinic was climaxed with four games being played by eight well known South Plains teams. The games were well matched and provided many thrilling moments for the spectators.

Eighth Grade News

By Magann Lamb
Larry Allison and Mona Rucktashel have been elected "Mr. and Miss MJH." Their pictures will be featured in the Junior High section of the 1960 Muletale. Newly elected eighth grade favorites are Rhonda Wagon and Ronnie Johnson.

Tuesday, November 17, the first edition of the Feed Bag Information, the Muleshoe Junior High paper, came out. Every three weeks one of the five eighth grade sections will be responsible for the paper. SA was in charge of the first edition and Mike Miller is editor.

Others on the SA paper staff are: Wayne Gregory, assistant editor; girl's sports editors, Rhonda Wagon and Linda Monroe; boy's sports editors, Donald Williams, Sammy Gonzales, and Ronnie Heard; sports art editor, Ronnie Heard; business managers, Alva Stone, Mike Leigon, Lola Harrell, and Klane Chappell; and exchange editor, Peggy Lewis.

Mona Rucktashel is the art editor and she did a very good job on the cover of the Thanksgiving edition. Each student in 8A had an assignment made by the editor and assistant editor. Mrs. John Watson is the SA sponsor.

The F. B. I. sponsored a locker clean up campaign. Prizes were given to Dianne Chappell, Linda Monroe, and Anita Watrous for the three cleanest lockers. Students were fined one cent for each book the inspector found uncovered, five cents for messy lockers, and 10 cents when anything fell out of a locker in the inspector's face.

The only new eighth grade teacher this year at MJH is Mr. Melvin Mackey. He moved to Muleshoe from Beaver, Oklahoma, where he taught history and coached basketball for three years. He also teaches history here. Mr. Mackey has two children, 16 months old and 27 days old. Mr. and Mrs. Mackey live at 318 West 6th St.

Mrs. Ed Johnson, Junior High librarian, has received some new books for the library. Two of the books are "Gay Design" and "Double Date."

The eighth grade students had their annual skating party last week. Out of the 276 students attending MJH 125 of them are eighth graders. There are 77 girls and 48 boys in the eighth grade class.

Stage Band Try-Outs

By Coralyynn Hicks
Tuesday night, Mr. Cheek, band director, met with several high school students to form a stage band. The students had to compete against each other for the instrument and part they wanted to play. Mr. Cheek was the judge.

The people chosen are as follows: 1st alto saxophone, Jeanne Gray; 1st tenor saxophone, Lynn Leneau; 2nd tenor saxophone, Sandra Darsey; baritone saxophone, Dolores Wagon; 1st trombone, Don Finn; 2nd trombone, Jim Thomson; 3rd trombone, George Murrow; 1st cornets, Jack Roubineck, Zona Millen, Kenneth Evins; pianist, Coralyynn Hicks; and string bass, Jackie Bruce.

There is still competition going on between Kay Brown and Bennie McDaniel as to who will fill the percussion section.

Stage band services will be available for banquets and dinners without charge.

Did You Know . . . ?

By Susan Birdsong
Seven-C really had fun on their skating party which was held on the 24th of November in Clovis. There were 110 7th grade students there, so the rink was a little crowded. We all had fun anyway. Poor Sherry Billingsley had so many blisters on her feet that she had to stay home from school the next day.

We all probably stuffed ourselves either at our house or the house of relatives during Thanksgiving. Some of us had company and others went out of town to Grandma's.

Mrs. McSpadden is having all of her students make themes on the biography of some great person. Some of us are very enthusiastic over the idea. We are going to put the finished theme in folders and decorate them. We are planning to put them on display during Public School Week.

Good Afternoon Ma'am

By Lee Raney
Bobby Eason, a Senior, won local fame as a student salesman a few weeks ago. In order to raise additional funds to help finance the Senior Trip the class sold subscriptions for magazines for the Educational Reader Service Incorporated.

Every student salesman selling \$25 in subscriptions was awarded a Citation for unusual sales ability and as a reward for above average accomplishment in the interest of the class.

Not being content with only the Citation, Bobby went on to achieve the \$100 Club Pin—the badge of a successful salesman. This was awarded for selling \$100 or more subscriptions.

A sleepy dog was awarded for selling six subscriptions of Look. Bobby also received a penguin, the reward for high salesman the first day.

The reward for selling the most subscriptions during the campaign, a transistor radio, was earned by his selling \$310 in subscriptions.

Atom Crackers

By Lee Raney
Mr. D. B. Lancaster, advisor of the Atom Crackers, met with the club Friday. These meetings are held bi-monthly. The meeting was the first chance the club had to meet Mr. Lancaster.

The talk turned mostly to what the club should accomplish. The slide rule was discussed. The rule is almost a necessity when one majors in Engineering. The club hopes to have at least one member skillful enough to compete in the Slide Rule Contest next spring.

Plans to raise funds were kicked around also. Any project worth while really costs. Several projects were discussed. Some of the members want individual projects along with a club project.

M.Y.F. Has Supper

By Pat Barrett
The Methodist Youth Fellowship had their monthly supper Sunday night in the Fellowship Hall. They had a Thanksgiving supper with all the trimmings.

Immediately after the supper they had a business meeting. They discussed the plans for their float for the Christmas parade, a thank you note from James Towns was read. Those attending were Don Gardner, Bob White, Kenneth Evins, Magann Lamb, Sandra Darsey, Mary Ann Green, Pat Barrett, Nancy Julian, Barbara Evins, Davy Jean Anderson, Pam Leneau, Lynn Leneau, Gerald White, and David Douglas, Beth and Leon Blair, Phyllis Blair and Sheryl Blair and Rev. Edwin Hall.

After completing the business meeting the MYF went into the Youth Chapel and had their program. A Thanksgiving program was held.

Nancy Julian pantomimed the words to Kum-by-ya. Then Pat Barrett read the history and meaning of Thanksgiving and she read a poem "Howdy Thanksgiving". Magann read a Thanksgiving prayer, then we had prayer time.

Everyone came to the front of the Youth Chapel and the MYF president, Magann Lamb, lead us in the MYF benediction.

Sunday morning in Sunday School the MYF elected a pianist and song leader. The pianist is Pat Barrett and the alternatives are Barbara Evins and Davy Jean Anderson. The song leader is Sandra Harris and the alternate song leaders are Dolores Wagon and Lynn Leneau.

The MYF is planning a Christmas party on Sunday, December 20. After church the MYF will go Christmas caroling for a while then they will go to someone's house for refreshments.

Band and Choir All-State Tryouts

By Jeanne Gray
Tryouts for all-state choir were held Saturday, November 21, at the Music Building on the Texas Tech Campus in Lubbock. Attending from Muleshoe was Jeanne Gray, who was accompanied by Mr. and Mrs. George Laing. Mrs. Laing is the choir director at Muleshoe High School.

All-state tryouts are interesting, exciting events. Many people do not know exactly what takes place. Here is the procedure for tryouts. The contestants are registered in the choral room in the music building. They are placed in their respective sections and taken to individual classrooms. From there, they go one by one into a smaller room and perform for a panel of two judges.

All contestants sing, "Drink To Me Only With Thine Eyes," in a key suitable for their own voice ranges. The judges choose two all state members and two alternates from each section. Those chosen to sing in the all-state choir will go to Austin this year. The contestants who win all-state are to pay a \$5.00 fee.

All-state band tryouts are held in much the same way. They will be on December 12 at the Tech Music Building. The students perform designated exercises in advanced material. They must know the 12 major scales, and how to use them in sight reading.

There will also be sight reading material as part of the tryout. Three people from Muleshoe are trying out this year. They are: Jack Roubineck, senior, who plays the trumpet; Jacky Bruce, senior, who plays the tuba, and Jeanne Gray, Junior, who plays the clarinet. Also trying out will be Zona Millen, Junior, who plays the cornet, and Don Finn, freshman, who plays the trombone.

Although the MHS Band did not place they enjoyed the trip. Those bands placing were Class B: Whiteface High School Band; first place; O'Donnell High School Band, second.

Class A: Sudan High School Band, first; Sundown High School Band, second.

Class AA: Olton High School Band, first; Slaton High School Band, second.

Class AAA: Brownfield High School Band, first; Andrews High School Band, second.

The bands will meet again on December 5, at Brownfield, for the Interscholastic League Contest.

Band Attends Marching Contest

By Sue Logan
"You can't always win," stated the MHS Band students on returning from Seagraves. It was a pleasure to watch the spectacular bands of the South Plains at the invitational contest held November 23.

Although the MHS Band did not place they enjoyed the trip. Those bands placing were Class B: Whiteface High School Band; first place; O'Donnell High School Band, second.

Class A: Sudan High School Band, first; Sundown High School Band, second.

Class AA: Olton High School Band, first; Slaton High School Band, second.

Class AAA: Brownfield High School Band, first; Andrews High School Band, second.

The bands will meet again on December 5, at Brownfield, for the Interscholastic League Contest.

Season Opens

By Mary Gross
The Muleshoe Basketball season officially opened Saturday night with the Mules and Mulettes taking two games from their rivals, the Sudan Hornets. The Mulettes "B" team dropped their game to the Sudan "B" team.

The Mulettes "B" team lost an exciting, hard fought battle to the Sudan team. The final score was Muleshoe 40 and Sudan 43.

Battle Border

Little known facts about Texas boundaries.

PART VIII

(Editor's Note: This is the eighth in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up little known facts which shaped the Texas of today.) After the Supreme Court set the south bank of the Red River as the boundary a tremendous argument developed over the exact location of the south bank.

In the ensuing fray, Texas stood to lose the most. Down through the years, the U.S. and Oklahoma had been content to let Texas exercise all acts of sovereignty over the area. That is, until oil was discovered.

Attorney General Will Wilson points out that the discovery of oil in the Gulf of Mexico also brought on the tidelands case in which he is fighting the federal government before the U.S. Supreme Court.

The first claim of Oklahoma on any land on the Texas side of the Red River came in 1918. T. P. Roberts owned and had lived 33 years on a farm located in Texas near the Red River.

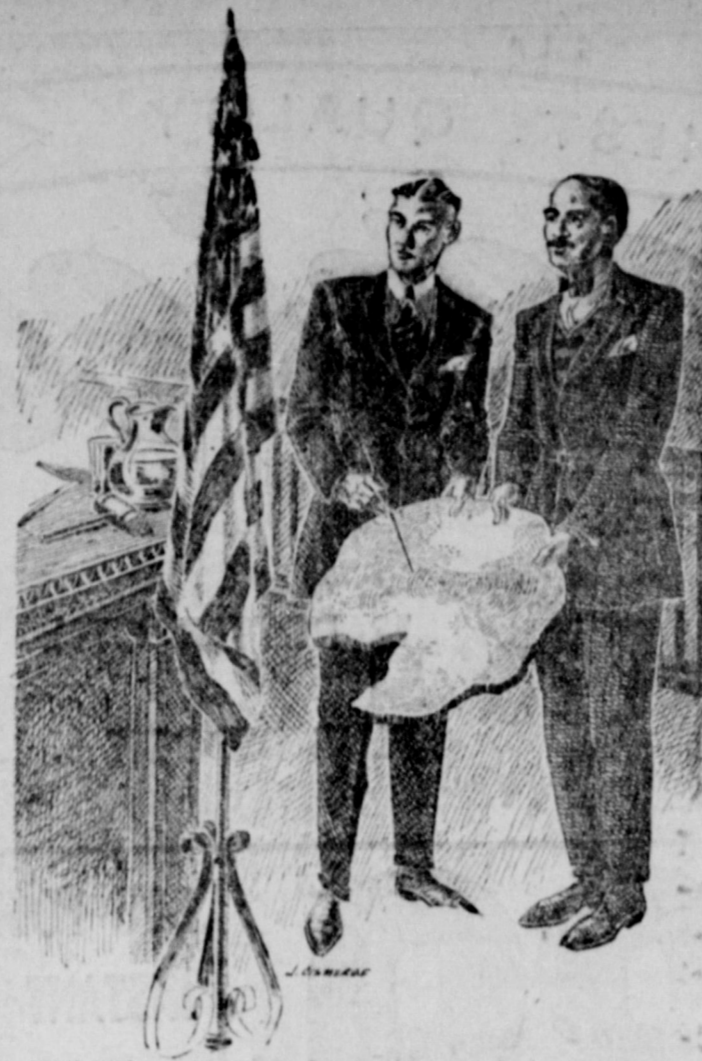

"Mr. Roberts was working

his pasture early one morning," Wilson recalls. "When to his amazement, he discovered a posted notice: 'This is Tillman County, Oklahoma Line.' "If the boundary was fixed at the foot of the Texas bluffs as the United States and Oklahoma contended, Texas would lose more than 500,000 acres of land. This land was populated by Texans, their homes, churches, schools, Odd Fellows and Woodmen Lodges, cemeteries and — oil wells," Wilson observes.

The solution lay in finding what was intended in the 1819 treaty. A cattle truck full of evidence was spread out before the court. Texas introduced six albums of photographic study of the Red River from the Panhandle to the east side of Wichita County.

The Red River got in the mood of the controversy. She staged a flood in 1920 that filled the oil wells with sand, tore derricks from their moorings. They disappeared downstream with their owners' dreams.

In January, 1923, the U.S. Supreme Court declared the southern bank to be a cut-bank at the average level. The United States took a strip of

Will Wilson points out that in the 1923 Red River dispute with Oklahoma cross sections of century old timbers were shown the court as proof that the river had not been there in 1819.

land between the cut-bank and the stream's normal stage and also got Burke Bet and Goat Islands.

The nearest was the cut-bank. The U.S. Supreme Court appointed Engineers Arthur D. Kidder and Arthur L. Stiles to locate and mark this boundary line. They worked hard and reported in 1924:

"We have marked the boundary line by wooden posts called 'witness posts' set along the bank at varying short distances from the boundary and from each other. Permanent reference monuments are located on the Texas and Oklahoma bluff overlooking the river valley." Weary of the many surveys, old Red River again blew her top and flooded. Downstream witnesses observed strange black posts with white caps rushing past in the flood waters. It was

"The court was impressed," Wilson points out. "It marvelled at one in particular, a 170 year old Pecan tree. The stump of this mute witness should be located and dedicated."

"It clearly did more than any man to win the battle for Texas."

The judgment of the court was swayed by a peculiarity of the Red River. The judges remembered well witnesses' testimony of the old Red River's vagabond nature.

Friends of the river reported finding the flowing channel near one side of the river in the morning and in the middle or near the other side in the evening.

"Certainly the haunting vision of an oil well located in Texas in the morning and in Oklahoma in the evening

those "permanent" witness posts. As a result of the work done by Kidder and Stiles, Oklahoma got 18 oil wells to 38 for Texas.

STENOGRAPHERS ARE CONTINUALLY NEEDED

A continuous program of recruitment for the positions of Stenographer and Typist is being carried on by the Board of U. S. Civil Service Examiners at Reese Air Force Base, according to Mrs. Sinia Harris, Executive Secretary of the Board. Mrs. Harris said that many of the positions are at the Air Force Base. Some are with other Federal agencies in Lubbock.

Examinations for Stenographer and Typist are scheduled regularly at Lubbock in order to meet a recruiting deficit. Salaries for these positions range from \$62 to \$72 per week.

Mrs. Harris urged candidates to obtain Application Form

5000AB at most first and second-class post offices and to send them to the Board of U. S. Civil Service Examiners, Reese Air Force Base, Texas. The applicant will then be informed of the time and place to report for the examination.
