## City May File Suits On Right-of-Way For US 87

Condemnation proceedings have been started by the City Attorney, Mitchell Williams, on four pieces of property lying along the proposed new US 87 four-lane divided highway through Tahoka. The News is informed.

Condemnation suits are also being planned by Lynn county outside the Tahoka city limits along the new US 87 right-of-way. The News is informed.

Settlement on these tracts will almost complete the right-of-way through town, City Administrator J. M. Uzzle states.

At the regular City Council meeting Monday night, repairs were authorized on a hanger door at Tahoka Airport.

Fifty more chairs were ordered for use in Community Center. The City has also just completed erection of a fence around the west and north sides of the Center, and grass will be planted in the rear enclosure. An attractive new sign was recently erected at the Center.

One application from a farmer, Oran Short, was approved for tying on to the Canadian River Municipal Water Authority pipeline north of Tahoka.

Mayor Meldon Leslie says policy in regard to farmers tying on to the line is briefly: Where the trunk pipeline crosses a farmer's property and the farmer does not have an adequate supply of potable water, the city located to the immediate south may grant such farmer to tie into the lines on a per 1,000-gallon basis of water usage. However, such water usage would not be practical for irrigation.

Thus, Tahoka may grant permission to anyone living between Tahoka and the Slaton tie-in. O'Donnell may grant tie-in by individual farmers anywhere on the line between O'Donnell and Tahoka, if it desires.

Wilson was recently granted permission by Lamesa to tie-in to the system and use Canadian River water, but water Wilson uses will come out of Lamesa's contracted quota. In this case, City of Tahoka felt that it had not originally contracted for more water than it will likely use in the near future and therefore could not release sufficient water to supply Wilson's possible needs.

## Land Bank To Pay Dividend

The Federal Land Bank Association of Tahoka will pay its members a dividend on capital stock in the amount of almost \$14,000 this month, states Ross Smith, manager. The board of directors has declared a 5% dividend to all stockholders as of July 31.

The Tahoka Association serves Lynn and Garza counties and a portion of Borden county. Directors of this association are Fred McGinty of Tahoka, L. A. Forsythe of Tahoka, Vernon Willhoit of Tahoka, Avery Moore Jr. of Post, and J. D. McCampbell of Post.

Plans are now being made for the annual meeting to be held in Tahoka at the Community Center on Saturday, September 4.

This Association, owned by 474 members, is one of the 73 farmer-rancher owned associations in Texas served by the Federal Land Bank of Houston.

## County Eligible For Drouth Aid

Lynn county has been re-designated a drouth area and eligible for emergency loans from the Farmers Home Administration.

Such designation was announced this week in telegrams to The News and to Billy H. Stewart, local county supervisor, Farmers Home Administrator.

Effect of the move, approved by Secretary of Agriculture Orville Freeman, is to make credit available to farmers for continued normal farming operations where such credit cannot be obtained through ordinary commercial banks, cooperative lending institutions, or other responsible sources.

The designation came as the result of recommendations from local agricultural leaders, groups and agencies under the provision that the Secretary may declare an emergency in an area of serious agricultural losses as the result of drouths, floods, storms and other calamities.

Any established farmer or rancher in the designated area is eligible if he is a citizen of the United States, is unable to obtain from other lenders the credit required to continue his normal operations, has reasonable prospects for success with the assistance of the Federal Government.

Further information and application forms may be secured at the Farmers Home Administration office, 1656 Ave. J, Tahoka, from Mr. Stewart.

## H. Burkhalter, Electrical Engineer In Nuclear Work, Is Visitor In Tahoka

Henry Burkhalter, reared at Grassland, a Tahoka school graduate, and now a successful New York City electrical engineer in the nuclear power field, returned for a brief visit with a few old friends.

He was accompanied by his wife, formerly of Austin, a daughter who is in her second year at Dallas Bible College, and 16-year-old son. Another daughter was married only recently and lives in Idaho Falls, Idaho.

The Burkhalters have lived in Idaho Falls the past two and a half years while he worked on a nuclear project and they were returning to their New York home

Young Henry grew up on the farm during the horse and mule days, knew hard work, and even then had an interest in things scientific. He attended Tahoka High School, where he graduated in 1928, got his B.S. degree in engineering at Texas Tech in 1932 and an M.S. degree in physics at the same institution in 1934. ### John Bulman Dies Saturday

John H. Bulman, 74, former well known Lynn county citizen, died of a heart attack Saturday about noon at the hospital in Hico. He had entered the hospital on Thursday, but was doing fine and was about to be released to go home when he was suddenly stricken by the fatal attack and died within minutes.

He was a brother of Mrs. C. T. Tankersley and Mrs. Lou Rusk, both of Tahoka.

### Community Center Not Available For Public Dances

City policy regarding use of Tahoka Community Center for dances has been misinterpreted by some people, state Mayor Meldon Leslie and City Administrator J. M. Uzzle.

The Community Center was not built or designed as a public dance hall, although the building may be rented by recognized organizations for club, society, class, or organization dances.

The City will not knowingly rent the Center to an individual, band, or group for commercial type dances. This has been the established policy for a long time.

Mr. Uzzle says, however, the City has been misinformed recently, on at least one occasion in renting the building for a commercial public dance. He hopes this will not occur again.

MISS GRAIN SORGHUM of Lynn county for 1965 is Miss Treva Kieth, 19, daughter of Mr. and Mrs. C. G. Kieth, New Home. She was winner in the recent Jaycee Contest and will compete in Dimmitt Saturday for the title "Miss Grain Sorghum of USA." (Photo by Finney)

Most of all, the people who come from nine counties served by Lyntegar enjoy the old time picnic atmosphere visiting with friends. These people come from the counties served—Lynn, Garza, Terry, Dawson, Borden, Gaines, and parts of Yoakum, Martin, and Hockley counties.

# Hamiltons Tell Of Hawaii Visit

For a couple of Plains "kids" the trip to Hawaii made recently by Mr. and Mrs. Ed Hamilton was quite an experience.

Ed had won the expense-paid trip for top sales in television sets in a town of Tahoka's size, and 24 couples left Lubbock at 8:00 a. m. July 21 and returned July 28th.

From Lubbock, they flew to Midland, then by Jet to El Paso and Los Angeles, and from there in four and a half hours to Honolulu, arriving there at 3:40 p. m. the same day (7:40 p. m. Tahoka time).

As customary, they were met at the plane by Hawaiian greeting lasses, got their first "aloha", a lei around the neck, and a kiss on the cheek. "Aloha" is the greeting and means hello, good morning, good night, goodbye, etc., all rolled into one.

They spent six days at Princess Kiulani Hotel, attended a luau, which is a feast of roast pig and many Hawaiian dishes, visiting native Hawaiian dances, etc., as well as other banquets and dinners.

Landing in Hawaii, one is impressed that he has entered one big "flowery park. Ed says, "and the flowers and trees and shrubs are indescribable. Finest buildings are the hotels, set in park-like atmosphere with the ocean spread out before them. There has never been a frost in Hawaii."

They spent much time touring Oahu, on which Honolulu is located, including Waikiki beach, Pearl Harbor, Hickam Field, Wheeler AFB, a Buddhist temple, and many other famed places. Some scars of the Jap attack were still visible.

They were impressed by the "Punch Bowl" crater of a volcano which erupted 75,000 years ago, now a cemetery where war dead are buried, including Ernie Pyle and a Henderson boy from Post whom Mr. and Mrs. Marvin Hudson, traveling with Ed and Opal, had known.

Their tour took them all over the island, unique in that in one place rainfall totals as much as 350 inches a year, while only 15 miles away as little as 12 inches a year falls. While most of the island is tropical, the extreme northwest corner looks somewhat like Arizona with its desert climate and large cacti.

Biggest crop is pineapple, and much of the country is owned by Dole, and another big crop is sugar cane. Bananas are also a large crop. Orchids are a major sale item, and cattle help out the economy. These and the Armed Forces bases and tourists account for most of the island's economy.

While there, the Hamiltons spent one day at Scofield Barracks visiting Ed's nephew, Lieut. Lynn Waitis, who hails from Falls county.

With the Hudmans, they also flew down to Hawaii, largest island in the state, and visited Marvin's nephew who works for the government and lives there. They took a quick trip over a part of this large island, passing through one of the largest ranches in the world, said to cover three million acres.

They took many movie and still pictures to help remember one of the most interesting trips they have ever made.

Pat and Terry Jester of Floydada visited Thursday until Sunday with their grandparents, Mr. and Mrs. G. B. Tomlinson.

Alfalfa native to Asia, did not reach this country until 1850.

# National Guard Recruiting Team Here This Week

Lubbock's National Guard unit will have available in the afternoon of August 7 and 8 at the City Hall of Tahoka a recruiting advisory team, according to Capt. Rodney J. Young.

If you are a young man between the ages of 17-26 years without prior military service you are invited to stop by and discuss your own personal military obligation with this team. It is possible to complete your military obligation with just six months of active duty instead of two years active.

Fulfilling your obligation to your country with a hometown type of unit is a good way to fulfill your military service and keep your civilian occupation at the same time. Many men attend college while fulfilling this obligation.

Lubbock's Guard unit has openings for only a limited number of new men according to Captain Young, Unit Commander. If you

think that you are good enough to meet the exacting standards and qualifications of the National Guard, don't fail to stop by.

Miss Brenda Kay Parker became the bride of Sidney Hart in a double ring ceremony read at 7:30 p. m. Thursday in the home of the bride's parents, John D. Gibson, minister of the Church of Christ in Lamesa, officiated.

Given in marriage by her father, the bride wore a floor-length dress of dotted Swiss, which was designed and made by her mother. The fitted bodice featured a traditional neckline and pointed sleeves. Mr. and Mrs. Dean Evans of 512 South Avenue H, Lamesa, announce the engagement and approaching marriage of their daughter, Deloris, to Gene Brannen, son of Mr. and Mrs. C. S. Branner of Tahoka.

### Plan Kindergarten Program For Latin Children At Church

For over two years now, the First Baptist Church has been working together with its mission, the Mision Bautista Getsemani, toward an establishment of a kindergarten program for the Latin American children of this community.

When the new mission's sanctuary was built at South Fifth and Avenue H considerations were taken toward a provision of adequate space for this kind of program.

Both congregations have called Mrs. Elizabeth K. Pistone to serve as the director and registrar. The Women's Missionary Union of the First Baptist Church has made it a project to provide from their group an adequate number of ladies who will serve as helpers. These congregations also decided to begin the kindergarten August 30.

School days will be the same as those of our local Public School system. Classes are scheduled only in the mornings, from 8:30 until 11:30 a. m. Children of all faiths and religions, but who are only five years of age can enroll. The school will have a maximum of 25 students, and children will be enrolled on a first-come basis.

A registration fee of \$4.00 (which will cover the student's first month dues), and all vaccinations required by the Public Schools here for first graders, are the requirements for admittance. The \$4.00 monthly fee, which will be due the first day of each month, will go toward the payment of the student's refreshments and supplies.

An invitation has been made to all Latin-American parents who have five year olds to go to the Mision Bautista Getsemani for further information and registration.

Registration will begin Tuesday, August 10, at 8:30 a. m. and will continue every Tuesday and Thursday from 8:30 until 11:30 a. m. until August 26.

This kindergarten will emphasize the study of the English language to prepare Latin American students for public schools. It will also include games, songs, stories, painting, health care and other handicrafts.

Rev. John Pistone, pastor of the mission, will be the kindergarten supervisor.

### Miss Calva An Edwards, Kenneth Ledbetter Take Marriage Vows At First Baptist

Miss Calva An Edwards and Lewis Kenneth Ledbetter repeated marriage vows Saturday at 8:00 p. m. in the First Baptist Church before an altar centered with an arch of candles, large white mums and candelabra. Rev. T. James Efrid officiated the double ring ceremony.

The bride is the granddaughter of Mr. and Mrs. Carroll Edwards. The bridegroom is the son of W. A. Ledbetter.

Given in marriage by her grandfather, the bride wore an original white floor length gown designed in a controlled silhouette of white imported Brussels lace forming the bodice and front panel of skirt over bombazine. The gown featured a scalloped yoke and petal-point sleeves. From the body forming skirt flowed a chapel train of bombazine. Her elbow length veil descended from a crown of rhinestones. The bride carried an arrangement of white, phalaenopsis orchids and Frenched carnations atop a white Bible.

Miss Elva Jo Edwards, sister of the bride, was maid of honor and Miss Patricia Falls served as bridesmaid. They wore dresses of blue silk featuring round necks, short sleeves and fitted skirts. They carried blue carnations atop white Bibles.

Carl Ingle of Brownfield served as best man. Groomsman was Jerry Kelley. Guests were seated by Robert Edwards, uncle of the bride, Billy Ledbetter of Lamesa, Hulen Ledbetter of Carlsbad, N. M., both brothers of the bridegroom, and Milton Edwards, cousin of the bride. Robert and Rayford Gage, cousins of the bride, acted as junior ushers.

Candlelighters were Mary Nell DeBusk of Hobbs and Donna Jean Edwards, cousins of the bride. Debbie Wylie, niece of the bridegroom from Meadow, was flower girl. Jamie Lyn Gage, cousin of the bride, was ring bearer.

Mrs. Clay Bennett, organist, accompanied James Hollars, soloist.

A reception followed the ceremony in Fellowship Hall of the church. The serving table was laid with a white linen cloth and the centerpiece was of blue carnations and white pom pom mums.

Assisting in the houseparty were Misses Karen Laws, Judy Connolly, Donna Ledbetter and Mrs. Bobby Patterson. Miss Bonita Trammell registered guests.

Following the reception, the couple left on a wedding trip to Colorado Springs, Colo. For travel.

ing the bride chose a blue silk suit with white accessories.

Mrs. Ledbetter is a 1965 graduate of Tahoka High School. Her husband is a graduate of O'Donnell High School and is an electrical lineman for Reynolds Electric Co.

The couple will make their home in Hale Center.

## Gordon-Southland News

(By Mrs. Edmund Wilke)

### 1945-1946 Class Reunion

The 1945-1946 Southland Graduating Class had a reunion here at the school cafeteria on Saturday, July 31. They had a very good attendance with 40 adults and children there.

Those attending were: Mr. and Mrs. Mack Fields and two sons, David and Stephen from Dalhart; Mr. and Mrs. Paul Winterrowd (Cookie Lightfoot) and Jerry from Southland; Mr. and Mrs. B. H. Thomas and three daughters, Pamela, Nancy and Barbara, from Shallowater; Mr. and Mrs. Jack Lancaster from Amarillo; Mrs. Bobby Hoffman (Bobby Mining) from Pittsburg, Calif.; Mr. and Mrs. Lehman Barkley (Ruby Ruth Becker) and two boys, Gaylon and Randy, from Slaton; Mr. and Mrs. Bob Turney (Laverne Dye) and three boys, Randy, Ronald and Robert, from Midland; Mrs. Bruce Blair (Mary Lou Punkoney) from Slaton; Mr. and Mrs. Jack Kuykendall (Mary Francis Everage) and five children, Cheryl, Carolyn, Leland, Dwight and Mark from Slaton; Mr. and Mrs. Max Jackson (Mary Jane Hampton) and son, Don Wayne from Slaton.

Also attending were two of the teachers that were teaching here at the time, Mr. J. P. Hewlett from Wilson, and Mr. Sam Ellis of Southland and Mrs. Ellis, Mr. and Mrs. Harley Martin from Slaton were also guests at the reunion.

Farmers in this community are all smiles, because we received from 1 1/2 to 4 inches of rain last Wednesday afternoon. It sure looked good to see all that water from one end of the cotton rows to the other. I just wish that everyone could have gotten some, and maybe they will before too long.

I'm a little at loose ends this week. Sherri is at Dimmitt visiting her cousin Delores Wilke and Larry has moved to Lubbock, and now I know how a mother hen feels with only one chick in the nest! Lonesome!

I'm not the only lonesome mother in this neighborhood. Mrs. Paul Winterrowd called and told me that her two daughters are off visiting and she just has her son Jerry at home. Dahlonna is at Lake Whitney visiting with her aunt, and Breonne is in Ft. Worth visiting with her grandmother.

Mr. John Fleming, a former resident of this community, was in Slaton and Southland visiting with friends on Tuesday of last week. Mr. Fleming lives near Phoenix, Ariz., and is the manager of a gin there, and he and wife were visiting in Tahoka.

We received word this past week that Mrs. Marcus Wilke fell and broke her arm. They are down at Granite Shoals, pardon me—LBJ Lake, and they were out catching frogs when she slipped and fell, breaking her arm. Now she will have it in a cast for six weeks.

Mr. and Mrs. Leo Stolle attended a family reunion at Seminole on Sunday.

Mrs. J. F. Rackler visited from Monday until Wednesday with Mr. and Mrs. Claud Roper. On Wednesday Mrs. Rackler and Mrs. Roper visited with Mrs. Ona Raymond at Wilson.

Mr. and Mrs. J. B. Rackler and children have returned from their trip to Tennessee. They were gone ten days.

Mrs. Ora Mining from Slaton and Mrs. Bobby Hoffman from Pittsburg, Calif. visited with Mrs. J. F. Rackler and the J. B. Rackler family on Thursday. They also visited the Claud Ropers.

Mrs. J. F. Rackler and Mr. and Mrs. J. B. Rackler visited in the A. J. Warren home on Sunday. Also visiting was Mrs. Ora Mining and Mrs. Bobby Hoffman.

Miss Nell Maxey from Ballinger visited with Mrs. Georgie Roper of the Gordon community recently.

Mr. and Mrs. F. W. Callaway are vacationing in the Colorado

mountains. With them are Mr. and Mrs. Lester Callaway from Walnut Springs and Mrs. I. W. Thornton from Fairfield. They will probably be gone for a week or ten days.

Jay Lynn Basinger, daughter of Mr. and Mrs. J. Martin Basinger, had surgery on one of her arms last week, but she is at home now and recuperating very nicely. She spent from Wednesday until Sunday in the hospital.

You have heard of things happening in pairs? Well it did at the Donald Basinger home because last Thursday two of their children had tonsillectomies. Everything went fine and they are at home now.

We had another terrible thing to happen in Southland Sunday night. The Southland Hardware was robbed. I hope that it won't be long until they find out who did it and catch them.

Sounds like Mr. and Mrs. W. P. Lester had a lot of visiting going on at their home this past week end. Visiting them were Mrs. G. E. Davis and Mrs. Lenora Ingle from Grandview, Mrs. Wilma Davis and Dore from Ft. Worth, Phil and Mike Tetta from Harlingen.

(These boys are great nephews of Mrs. Lester); Mr. and Mrs. I. J. Duff and children from Levelland, Mr. and Mrs. Lee T. Lester and two children from Midland, Mr. and Mrs. Billy Lester and two boys and Mr. and Mrs. Winston Lester and children from the Gordon community.

Mrs. Bobby Hoffman left Monday morning for her home in Pittsburg, Calif.

Mrs. Joe Blyth and son Johnny are visiting with Mr. and Mrs. Willie Becker. Mrs. Blyth is the former Doris Becker. Also visiting in the Becker home on Sunday was Mr. and Mrs. Gilbert Becker from Ruidoso, N. M., Mr. and Mrs. Robert Becker and children from Brownfield, Mr. and Mrs. Floyd Forrester and children from Lubbock and Mr. and Mrs. Junio Becker and boys of Southland, Mrs. Blyth and son plan to be here about a week. They live in Kansas City, Mo.

See you next week, until then my telephone number is still 998-2423.

### MRS. DEWBRE ELECTED DIMMITT TEACHER

Mrs. Thelma (Dock) Dewbre expects to move to Dimmitt the middle of this month to teach in the fourth grade there under Weldon Skinner, principal, former O'Donnell superintendent. She says Dimmitt now has 90 teachers and 1700 students.

She says The News was in error a few weeks ago in stating that she was retiring. She said she was released by the local school after having lost time due to illness and death of her husband on September 15, followed by her own illness. She taught 10 years in Tahoka and three at O'Donnell.

### MRS. HUDDLESTON ILL

Mrs. J. V. Huddleston, 87 years of age and a pioneer resident of the Grassland community, was reported by her physicians at West Texas Hospital to be some better Wednesday afternoon, states her son, J. H. Huddleston. Mrs. Huddleston has been in very serious condition and underwent surgery Saturday morning in the Lubbock hospital. She has been living in the Grassland area since Jan. 5, 1916.

### BIRTHDAY PARTY

Lane Tekell was honored Wednesday morning on his sixth birthday with a party given by his mother, Mrs. Wayne Tekell.

Cake, ice cream and punch were served to Bryan, Mickey and Murray Kieth, Todd and Lana Brown, Tommy and Kevin Spears, David Austin, Math Bartley, Barry and Allen Nettles, and Sam Louder.

Also attending were Mmes Jimmy Kieth, Jerry Brown, Harold Nettles and Charles Louder.

## VanderLinden Plans Retirement Soon

Mr. and Mrs. P. G. VanderLinden left Thursday on a two weeks' vacation trip.

Mr. VanderLinden, who is court reporter for 106th Judicial District presided over by District Judge Truett Smith, is preparing to retire on September 1, and he and wife will move to Dallas, where they have a home and where their daughters live. He has been court reporter of this district fourteen and a half years, and has lived in Tahoka since February, 1959.

The VanderLindens have been very active in their church, the Methodist, where he has taught a Sunday School class and delivered frequent lay talks.

## 4-H Members In State Horse Show

Susan and Bill Griffing, children of Mr. and Mrs. Carl Griffing, and Diane Armes, daughter of Mr. and Mrs. C. W. Armes of New Home, leave August 11 for the State 4-H Club Horse Show to be held August 12 and 13 at the State Fair grounds in Dallas.

Susan and Bill will participate in reining, western pleasure, pole bending and barrel racing. Diane will compete in pole bending and barrel racing.

The three 4-H Club members will be accompanied to Dallas by their parents and County Agent Bill Griffin.

Mrs. F. E. Redwine Jr. was a patient in the local hospital Sunday through Tuesday.

## Harvicks To Attend Reunion Sunday

Mr. and Mrs. Lawrence Harvick, Mr. and Mrs. Roy Harvick and two sons, Curtis and Terry are to attend the seventeenth annual reunion Saturday and Sunday in Abilene of a group of men who were in the service together and stationed at San Marcos during World War II.

The event is to take place in the home of Mr. and Mrs. Robert Drennon, he being a former resident of Tahoka. Robert's father was a former minister of the local Church of Christ.

People attend the yearly events from as far away as Helena, Montana. The ex-servicemen's families attend the reunions and each event has been greatly enjoyed.

Lawrence and Ruby Harvick is the only couple in the group who has never missed any of the annual reunions, this being the group's seventeenth celebration.

More than two-thirds of today's cotton crop is mechanized.

We are hearing a lot about rights. What ever happened to the old-fogy idea of an individual's responsibilities?

We are hearing a lot about what the government can do for us? What ever happened to the good old pioneer American who only asked for the health to dig out his own success?

Two farmers and one business-man complained last Friday that our discussion of the cotton problem didn't go far enough. Well, in one little newspaper, published once a week, we can't cover all the facets, if we were able, of such a big problem.

General composite theme of the three, though, was something like this. Too many Democrats have grown too narrow to admit the success of a Republican program, and vice versa. Last year of the Republican administration, under Sec'y. Benson's cotton program, we had very gradually lowered cotton price and were successful in exporting about 7 million bales of cotton. Cotton was in excellent position. But, when Freeman took over the price was raised three cents a pound, the export program "went to pot," and we lost custo-

mers we will never gain back. Too many of us are more interested in party than in salvation.

Does anybody have a recipe for jackrabbit stew, just in case?

Wendell Tooley of Floydada Hesperian last week came up with a recipe for mesquite bean jelly, contributed by Mrs. Omer Parrish of that city and Mrs. Jay Westbrook of Hobbs. In view of a big mesquite bean crop this year, thought this of interest, to say the least.

Here 'tis: When mesquite bean pods turn red, gather a half bushel basket, break up and boil until they are "all to pieces." Strain the light pink juice off the pulp and add a cup of plum juice for deeper color. Add seven cups of sugar to five cups of mesquite-plum mixture, then two or three packages of pectin to the whole kettle. Boil mixture about half an hour and pour into glasses. (Note to Mrs. Billie Carr: We're not guaranteeing this recipe.)

Not having had service in the Armed Forces or an education in a war college, we just don't know about the war in Southeast Asia. Neither do we know anything about the Asiatic mind or thinking. But, we would feel a little bit safer if those people who do know Asiatic thinking and who have studied war all their lives were in charge. We sort of doubt whether or not President Johnson, Rusk and McNamara have had the proper training to call most of the shots, either.

Government spending for highway, air and water transportation will amount to a record-breaking \$16.2 billion this year. This spending will push total outlays for such transportation facilities by federal, state, and local governments in all years of record to \$243 billion, a study by the Association of American Railroads reveals. — Lockney Beacon.

Granville Bradshaw in Charley Curry's Chillicothe Valley News says you're too old to be worried about the draft board if you can remember when, during dry weather, we drove our wagons and buggies into the creek to stand overnight to swell the wooden spokes and felloe; or rim, so that they would not squeak or come apart at the joints. Says away

back yonder his dad gave him a lot of good advice that turned out to be sound, although then he thought his dad was mistaken. For one thing, he says his dad told him grease was cheaper than machinery, and a well-greased wagon was easier on the team. The same applies not only to wagons but to life today.

Sixty years ago parents told their kids what to do, and if they disobeyed it meant a visit to the woodshed. Nowadays, the kids tell their parents where to head in, or else. The world changes but little, but the inhabitants do.—Moody Courier.

We note a few of the Tech professors and some of the students are wearing beatnik beards and hair-dos, and a few of our local boys have blossomed out with bangs. Times do change. When we were a kid, if we'd appeared in public with some of these hair-dos the boys now wear, we'd have been branded a sissy, got beat to a pulp by some he-man boy, and then gotten the buggy whip when we got home.

Texas Spur editor Joe Harrison had these wise remarks in a recent column he probably swiped somewhere like we do sometimes: A fool and his money are soon invited places. . . . By the time a man can afford to lose a golf ball, he has lost his ability to knock it that far. . . . The fellow who blows his horn the loudest is usually in the biggest fog. . . . What this country needs is someone who knows what this country needs.

Mrs. Pearl (Ketter) Foote of Napa, Calif., in sending in her subscription renewal says the weather has been cool out there and she enjoys it. She had missed a few copies of The News.

Bill Warren took us up to see the fine brick home he and son Robert are building on North Fifth for Robert's family. Give us a sack of Elberta peaches "strictly for Mae" that he raised out on the farm, and declared we had him all wrong in the paper recently—he is going to continue living on the farm for the time, at least. Thanks, W. R.

B. L. Davis of O'Donnell brought The Printer's wife a quart of that super-delicious white brush honey manufactured by bees down about Marathon. We'll testify there's no better honey. If we had enough friends like B. L., we could make it until we get the crop gathered.

An Arkansas poem: They sat exchanging yearn for yearn—their glances mutely quizen; he slipped his hand in hers, and she slipped hers in his'n.

The younger daughter was 13 when her older sister married. The day after the wedding she was relaxing, reading the accounts of the ceremony in the newspapers. Suddenly, she flung one paper down and said, "My goodness! This one doesn't mention my name, not even as one of the survivors."

"You got off one thing during your speech last night that I liked very much." "What was that?" "The stage."

A North Carolina farmer was watching his daughter's teen-age party and was fascinated by the twist. He scratched his head and remarked to his wife: "Well, if that don't bring on rain, nothin' will!"

## WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER.

While at various times certain factions seem to advocate some sort of dire actions against the U.S. Supreme Court, such recourses do not seem quite befitting or proper.

But it would seem more and more that the public is looking for some explanation as to how the Supreme Court can render some of their decisions, as they seem to be totally devoid of rhyme or reason.

A most recent one involved the ballot stuffing by National Labor Relations Board.

In view of the Supreme Court decision on state legislative reapportionment in voting, it is most difficult to understand this most mystifying of decisions.

Under the labor laws, when a union shows some evidence that a substantial number of employees of any firm wish to be represented by the union, and when some other union also claims the same support, the NLRB conducts an election. The NLRB also has the authority to devise the ballots.

The case the Supreme Court ruled over involved a certain part of the employees of United Airlines. The question was whether they wanted to join one union, or a competing union, or to join no union at all. The ballot was designed to name both unions, but no provision was made for those who

wished not to join either union.

Instead of the ballot being printed with a space for voting for Union A or Union B with a space for no union, only the unions were identified on the ballot. There was also a blank line on the ballot.

NLRB argued the blank line was provided for those who wanted to join no union, and they could do so by writing on this blank line "no union."

Through some truly monumental legal legerdemain, the Supreme Court came up with a majority decision that this was quite satisfactory, and that the workers, although no explanation was given them, should have realized the purpose of blank line.

Of course it was argued that it appeared from this ballot that government was telling its employees that they had no choice except between two unions, even though some of them did not want to join a union at all. But Supreme Court upheld NLRB reasoning.

With this same reasoning it could be successfully argued that in Nazi Germany and even today in Russia there are free elections. Even though the name of only one candidate is listed, there is room for the voter to write in the name of another candidate. NLRB is now legally in a position to mislead the workers into believing they must belong to one union or another with no clear understanding they can vote against joining any union.

Tammney Hall should have had it as good in its heyday.

The season for planting improved irrigated pasture grasses is almost over, says Don Reed, Soil Conservation Service Technician. August 15th is considered the last date to plant grasses and expect them to grow to a good stand.

Grasses planted after this date may not have time to develop a root system that is capable of storing sufficient food to carry the grass through the winter until next spring. Also they will not have time to grow to sufficient height to protect the soil from blowing. Dryland grasses should not be planted now and be expected to develop a stand that will survive the winter.

People establishing lawns in town can run into the same dangers, says Reed. Lawns planted after August 15th stand a chance

of winter damage. Persons wishing to establish grass next year should begin to make plans now so they will be ready to plant next spring. Cotton burs, sorghum residues, and other organic material on the land help keep land in condition to plant early. Grass should be planted on a firm seedbed whenever possible.

Holdover directors are Mr. Harris and W. H. Moore, both of Dawson county, G. Q. Hensley of Lynn county, and Kenneth Purcell of Terry county.  
Garland Pennington is the manager and first man employed by the cooperative when it was set up back in 1938. The cooperative now employs about 75 people in Tahoka, the largest payroll in town.  
Vann's Catering Service has the big job of serving the 4,000 to 5,000 people and getting them through the food lines within a period of about 30 minutes.  
In addition to the dinner, music will be furnished by "The Mystics", and about 60 door prizes will be given away.  
Last year a crowd of 4,633 people attended the annual meeting.

### Burkhalter . . .

(Continued from Front Page)  
All these were during "depression" years, and he experienced all the difficulties imaginable working his way through high school and college.  
He taught school one year at Gruver, two years in Fort Worth, worked for Texas Electric Service there a year, joined the Lower Colorado River Authority, something new at that time in REA and the "baby" of a man named Lyndon B. Johnson. After three and a half years with LCRA, he became employed by Evasco Services, Inc. in 1942 and has been with them ever since.  
Although he didn't say so, The News gathered that he is now pretty high in his company, which, along with electric power companies and the U. S. government, is developing entirely new concepts in use of nuclear power in generating electricity.

### MEXICO'S CHAPULTEPEC PARK IS CITY PLANNER'S IDEAL

Many cities, large and small, take pride in their parks. Chapultepec Park, pride of Mexico City, combines many features to bring city planners from all over the world to study its wide diversity of attractions and carefully enhanced natural beauty.  
A pleasure and cultural center catering to the tastes of everyone including millions of delighted U.S. tourists, Chapultepec is a blend of old-world charm and dazzling modernity. There is the historic Castle where the ill-fated Emperor Maximilian and his Empress Carlota lived. Part of the Castle houses the National History Museum. Beside it, high above the lake, where fountains play and botanists splash, are the three-dimensional displays in the Museum of Independence.  
Among the features of the Park are the Poet's Walk, the zoo, which has a continuous history from the time of the royal gardens of Montezuma, botanical gardens, a house of mirrors, bridge paths where Mexico's "charro" horsemen parade and perform, the Rancho La Tapatia where bullfights and rodeo events take place, a miniature railroad, the National Auditorium seating 18,000, a school of art, school of dance, and three legitimate theaters, as well as the polo grounds.  
The park also has one of Mexico's finest restaurants, an architectural masterpiece of modern design, as well as a popular-priced restaurant also of fascinating and harmonious design.  
The park's reservoir and water treatment plant is one of the many sightseeing spectacles of Mexico City with under-water murals by Mexico's famed artist Diego de Rivera. Nearby in the park is the official home of Mexico's Presidents, Los Pinos.  
A small but unique amusement park, including a roller coaster, has structures decorated with mosaics that make it appear like a fun house in a fairy story. Three new museums have recently been added, including the magnificent National Museum of Anthropology and Archaeology, which was moved from downtown Mexico City.

### Firemen Attend A&M School

Lynn county was represented with seven firemen at the 36th annual Texas Fireman Training School held at Texas A&M University at College Station July 25-30.  
At the school there were 2123 firemen and instructors enrolled with 31 states, seven foreign countries and 16 military institutions (11 from Texas) represented.  
Attending from Tahoka were Fire Chief Pat Patterson, Billy Jack Dunlap, and Bobby Hamm.  
Wilson was represented by Chief Sam Crowson, Jackie Bishop and David Peterson.  
Leroy Mensch represented the O'Donnell Fire Department.  
Tahoka received a five percent credit on the key rate on fire insurance for citizens of the City due to the fact that three local firemen attended the school.

### Phil Adams Attends Leadership School

Phil Adams, member of the Tahoka FFA Chapter and vice-president of Area II, attended the area officers leadership-training school held at Prude Guest Ranch near Ft. Davis July 27-29.  
The training school was held for the area officers and district presidents. The boys received supervision in leadership improvement.

# Coach Gives Outline Of Football Training Plans

Don Smith, new Tahoka football head coach, outlined his intended program with the boys this coming fall at the Rotary Club Thursday.

He said most of the boys have been carrying on a weight lifting program this summer which helps build and strengthen muscles. Running exercises were being started by the boys this week. All this program is to build bodies and to get youths in condition to put out top effort in the football program. He explained how these exercises and others that will be introduced later are important to the growing youth. Football work-out can not start until August 16.

Noting that Tahoka has not had a winning team in nearly ten years, he declared he would be satisfied with nothing less than a winner and 110 percent effort from his boys.

He said statistics have shown that conditioned men, plus top effort on every play, will win the close games.

Analyzing the game of football, he said a team has ball possession an average of 11 times a game, and a winning team runs 60 to 65 plays to about 50 plays on defense, and each play lasts about 10 seconds of actual action.

Therefore, a boy playing all the way on offense and defense is actually in action 18 minutes in a 48-minute high school game. An offensive or defensive specialist, thereby, would be in action only about nine minutes. If the boy can relax properly in the intervening moments, he should be able to put out great effort for the 9 or 18 minutes of actual play.

But, even then, the boys must be in top physical condition for 75 to 90 percent of games are won on condition.

He said his team will be running the winged-T formation with a split end, and explained the formation briefly and the duties of each player in this formation.

Garland Thornton, in introducing the speaker, reviewed some of Coach Smith's background as a player at Phillips and Texas A&M and as assistant coach at Monterey.

Rev. John Pistone was introduced by President Ross Smith as a new member of the club. A native of Argentina, he is pastor of the Gethsemani Baptist Mission here.

Col. L. A. Smith of Portsmouth, New Hampshire, was one of the visiting Rotarians, and presented the Tahoka Club a banner as a courtesy of his home club.

Other guests included Homer L. Miller, New Home school superintendent, and Tom Peabody of Lamesa, Boy Scout executive of Quannah Parker district.

**Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions here by established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows: "Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent

him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a residence within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. The members of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate. (iii) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceed-

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge. Any question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giv-

ing of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the proceeding before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the Judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misconduct is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.

Magna Carta Hall is one of several halls at the Douglas MacArthur Academy of Freedom depicting the history of freedom from 4,000 B.C. to the present time. It was designed specifically to establish the Northern European and English tradition in the development of America. Osborne Robinson, one of England's outstanding designers and authorities on historical fashion has been commissioned by the Academy to paint a mural in the hall. Robinson began the work in early July after completing some eight months of research on the project. The Academy of Freedom is an honors program operating under the Department of Social Sciences at Howard Payne College in Brownwood, Texas. Non-political and non-sectarian, its basic philosophy is to make freedom meaningful and real to those who follow its course of study.

**PUBLIC NOTICE  
Proposed CONSTITUTIONAL AMENDMENT  
NUMBER TWO ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

**HOUSE JOINT RESOLUTION NO. 5** proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of such lands, or rights therein, the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the

moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes here provided, shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been set aside for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1965, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold
