Mission of Ysleta by E. M. Schwick

THE MISSION OF YSLETA

The Church that changed sides!

When the Indians revolted against Spanish rule in 1681-2 in the upper Rio Grande Valley in New Mexico, refugees sought safety at the mission at El Paso del Norte (now Juarez). One group settled on the Mexican river bank and named its community Ysleta del Sur (South). This settlement was established in 1681 and a mission was completed the following year on a small island in the Rio Grande.

The Rio Grande changed its course and the site is now in Texas. Ysleta and its mission are generally given the distinction of being the oldest permanent settlement in Texas . . . truly a church that changed sides!

CHOOSE THE SIDE OF FREEDOM...with U. S. Savings Bonds!

Thus, Ysleta del Sur, the refuge of the oppressed, became the earliest of settlements to identify itself with a brave, new land of freedom.

Today, millions of Americans choose the side of freedom and they do something about it — by purchasing U.S. Savings Bonds.

Every dollar you invest in Savings Bonds gives Uncle Sam exactly that much help in the vital task of safeguarding liberty for yourself and your family. Buy Savings Bonds at your bank or on the payroll savings plan where you work.

Gordon-Southland News

(By Mrs. Edmund Wilke)

"The Lord God is in His heavens and all's right with the world." That is just the way that I feel this morning. We got a shower of rain last night and everything looks and smells so fresh this morning that it makes me feel so good. I hope all you readers had rain last night or this past week and as I do, that even though things don't always look so bright, it could be a lot worse, so let's thank God for what we do have!

The Ed Dentons are back from the lake. Mrs. Denton called Saturday and we had a nice chat and she gave me all her latest news. Don't know how long they will be at home this time, it is too high here for Mr. Denton and he feels much better when they go to Possum Kingdom. They have had a lot of company since they have been at home. Mr. Denton's nephew and wife, Mr. and Mrs. Leonard Denton from Greenville visited with them on Saturday night. On Wednesday Mr. and Mrs. Mike Adams from Roswell and their daughter and family, Mr. and Mrs. Charles Greathouse and six children from Grand Rapids, Oregon, visited with the Dentons. Mrs. Adams is a niece of Mrs. Denton.

Mr. and Mrs. Noble Wynn visited their daughter and family. Mr. and Mrs. Steve Dearth and daughter Becky at Amarillo recently.

Mr. and Mrs. Arno Albrecht and son Warren from Corpus Christi have been visiting with Mr. and Mrs. Leo Stolle this past week.

Visiting with Yours Truly and family on Wednesday night, which happened to be my birthday, were Mr. and Mrs. Alvin Becker, Mr. and Mrs. James Riney and Cathy, Mr. and Mrs. R. M. McMinn and Mr. and Mrs. Wallace Becker.

Mrs. Ruth Hall and Mrs. Richard Lewis visited with Jean Hargrove on Saturday afternoon. Also visiting the Hargroves were Mr. and Mrs. Tom Buchanan from Shallowater. Tom and Ann are moving to Canyon where he has accepted a coaching position with the Canyon High School and Ann will be secretary for the superintendent at the school.

Well, I hate to report that we have lost two of our school teachers. Mr. and Mrs. Wayne Newton have accepted teaching positions elsewhere. Mr. Newton was our basketball coach and taught in Junior High, and Mrs. Newton was the girls basketball coach and taught mathematics in High School. We are all going to miss them.

Wednesday, Thursday and Friday of last week were busy days at the Southland Methodist Church. On Friday evening they all went to the river and had their supper, song service and worship service there.

Lynn Residents Will Save \$81,000 In Excise Taxes

(Special to The News)

New York — How much will the recently-enacted excise cuts amount to in Lynn county? How much will local residents save, on the average, per year?

Some idea of what the tax reductions will mean, in terms of the individual, is brought out in figures obtained from the Treasury Department and from other sources.

The amount that a person will save is directly related to the amount that he usually spends per year for goods and services. If his outlays are large, his savings will be proportionately large.

Families in Lynn county, on the basis of what they spent for consumer goods in 1964, shelled out some \$649,000 in Federal excise taxes, it is estimated.

They encountered such taxes every time they made a telephone call or went to the movies or bought electric light bulbs, leather goods, cigarettes, gasoline, refrigerators, beauty products, watches or a host of other items.

Throughout the State of Texas, excise taxes collected by the Government last year came to \$670,309,000, the Treasury Department reports.

The amount will be reduced

considerably from now on.

Lynn county residents' share of the immediate reductions, which will total \$1.75 billion nationally, will be approximately \$81,000.

And, beginning next January, they will share in an additional cut of \$1.7 billion.

Within four years, excise taxes in the United States will be \$4.6 billion lower than they are now. At that stage, local residents will be better off, thank to the cuts, by about \$214,000 a year, or \$77 per family.

That is the way it figures out on paper. It assumes that merchants and manufacturers will pass on to the consumer the full amount of the cuts.

If they do so they will be carrying out the intent of the legislation, which is to eliminate levies that are burdensome and often discriminatory and to stimulate the economy by increasing the disposable income of consumers.

However, indications of sluggishness in this direction, especially among manufacturers, are being reported in some cases.

As a result, the Bureau of Labor Statistics has undertaken a survey to determine the extent of this hold-back.

Lubbock, Aug. 6—According to Donald A. Johnson, Executive Vice President of Plains Cotton Growers and other PCG officials, there are too many farmers who view the "Cooley" cotton proposal as the only possibility for new cotton legislation.

"Statements by the Secretary of Agriculture notwithstanding," Johnson says, "this just 'ain't necessarily so'."

It is widely held among cotton industry leaders that the Administration has "ordered" passage of new cotton legislation. If this is true, defeat of the cotton program which now has the Secretary's blessing might well lead to his acceptance of a new plan.

This is the thinking behind the steadfast opposition to Mr. Cooley's proposal by cotton producer organizations from 14 states and their efforts to defeat it on the House floor. They call attention to the fact that the Senate Agriculture Committee has yet to take action on a cotton bill. Most think the Senate Committee will make recommendations considerably different from those in the House and more acceptable to producers. And, given defeat of the House draft, the Senate's version would have a much better chance of being finally enacted.

An outline of such a program has already been proffered by producer groups and has met with some favor. Briefly, the producer plan would (1) effectively maintain the 16 million acre minimum allotment, without a mandatory cutback, and temporarily reduce production through a truly voluntary acreage diversion process, and (2) retain the loan level at 29 cents and provide for flexible equalization payments (the amount to be determined by market).
