School Opening Schedule Is Set, Full Faculty Is Secured

High School Will Register Wednesday

Final plans for opening of Tahoka schools on Monday, August 30, were being completed this week. The faculty is complete, all buildings are ready, two new buses will be in service, and Supt. Harold Reynolds thinks the opening should go off smoothly.

This Monday, August 23, at 8:30 a. m. all band students of grades 9 through 12 will meet in the band hall with Director Gary Hall to plan morning and night rehearsals (except Wednesday night) and sectional rehearsals during the day.

Wednesday, August 25, Principal Clifton Gardner requests all high school students to pick up schedules, books, and locker assignments. He asks students to report according to the following schedule:

Seniors: A-M, 8:00 to 9:00; N-Z, 9:00 to 10:00.

Juniors: A-M, 10:00 to 11:00; N-Z, 11:00 to 12:00.

Sophomores: A-M, 1:00 to 2:00; N-Z, 2:00 to 3:00.

Freshmen: A-M, 3:00 to 4:00; N-Z, 4:00 to 5:00.

Seventh and Eighth grade students will register Monday, Aug. 30.

Next Thursday, August 26, at 9:00 a. m. a new teacher orientation conference will be held in the High School library.

Friday, August 27, there will be a general faculty meeting at 8:30 a. m. in the school cafeteria. This will be followed with group meetings with school principals.

Opening day, Monday, August 30, buses will run their regular schedules and are due to arrive at the schools at 8:15 a. m. Teachers are to report for duty at the same time, 8:15 a. m. All students will be expected to be ready for a full schedule.

First grade students will register this first day, August 30, at 8:30 a. m., Principal J. B. Howell of South Elementary announces. The first three weeks of school, first grade students will be dismissed at 1:00 p. m. in order that the little ones will not have such a long day until they become adjusted to the school routine. Parents should pick up their first grade pupils at 1:00 p. m., but for those living in the country a bus room will be maintained for these children until time of the buses to run and will be supervised.

Eight school buses are being run again this year over the same routes as last year. Two new buses are going into service this year. Tahoka's eight buses travel a total of 578.6 miles per day, or 82 miles each per bus, to pick up children in the rural areas.

New Lights For Football Field

Work was begun last week end on installing a new lighting system at Kelley Field, Tahoka High School football stadium, with Seth Lewis Construction Co. doing the work on a cost-plus basis. Work must be completed before the opening game on September 3rd.

New 70-foot poles will replace the present 60-foot poles, and the light poles will be moved to the back of the stands. Old light reflectors usable are being repaired, and new ones added in an attempt to double the lighting capacity and give about twice the candle-light power per pole.

Tahoka School Board has plans in the making, as soon as the current football season ends, for moving the east stands 40 feet to the east, shifting the playing field 18 feet east, and installing a track around the playing field.

Help keep our town clean!

Another great time is promised here tonight at the Community Center when the monthly Hootenanny is held. A number of musical groups are expected to bring talent to the show, insuring good entertainment featuring country and Western music.

The regular third Friday night monthly meeting has been growing in popularity with each month. In fact, crowds have grown so much that City of Tahoka has installed some new chairs and more speakers to accommodate the people who turn out to enjoy the music, fun, and fellowship.

The show is all free, and the event this time is being sponsored by Cottonseed Delinters, Inc.

Due to the upcoming football season, a proposal will be considered to change the program to some other night, possibly Thursday or Saturday, to avoid conflict with ball games.

Up To Five Inches Fall Is Reported

Rains last week end which soaked most of Lynn county were truly worth a million dollars as they were a life-saver for thousands of acres of suffering dryland cotton and great benefit to irrigated cotton and some of the feed.

Up to five inches or more fell in places, and most of the rest of the county received two inches or more.

Only area not receiving all the rain needed was the southwest corner of Lynn, principally the Newmoore, Wells, that section west of O'Donnell, and part of the T-Bar community. However, some parts of these communities received up to an inch and even a half inch is reported to have helped some farmers. North of Wilson rain was lighter, also, but was of great benefit.

Tahoka officially measured 2.37 inches by the U. S. Weather Bureau gauge, and the .09 received on August 7 brought the month's total to 2.46 and the total for the year to 12.45 inches.

Heaviest rain in Tahoka started after midnight Saturday and by 7:30 a. m. Sunday rainfall was 1.92 inch. This was followed by another .45 inch shower after Sunday midnight.

Farmers report most cotton that had been suffering, even in the Grassland, Redwine and Draw areas, is responding remarkably well. All other cotton, both dryland and irrigated, will now make average or above production.

Where the heaviest rainfalls were received, irrigation farmers have shut off their wells and will not have to irrigate this crop any more.

A few hundred acres of cotton had already been plowed back by farmers who had signed up for maximum reduction under the Government program.

The first bale usually comes in late in August, and Tahoka Chamber of Commerce is offering a \$100 premium for the first bale raised and ginned in Lynn county that is unloaded on the First National Bank corner in Tahoka.

Jaycees Hear Talk On Taxes

Tahoka Jaycees had a regular meeting Thursday night in the Farm Bureau board room, according to Wendell Patterson, secretary of the organization.

McCracken also expressed his appreciation to the Jaycees for the work they are doing in the community.

Patterson stated that the guest speaker gave a very informative program and each Jaycee attending appreciated his talk.

New Chemical Phenomenon Ends Floor Waxing Forever

From the Research Laboratories of a pioneer chemical formulator for the Polaris Nuclear Submarines Missile and Space Industries comes a new discovery so unusual it's almost unbelievable.

Now, for the first time in history, you can take the drudgery out of floor waxing and polishing forever. Available now in this area is a new chemical phenomenon—a clear liquid plastic polyurethane coating—manufactured by PROTEX-A-COTE, INC., Newark 14, N. J., that can be safely and easily applied with a lamb's wool applicator or brush to wood and concrete floors.

The name of this back-saver is POLYTHANE; manufactured by the makers of protective coatings for the Polaris, Talos and Minuteman Missiles, Nuclear Submarines, missile bases, airports, and bridges; DuPont, General Motors, Union Carbide, Ford Motors, General Electric, IT & T, General Dynamics, Westinghouse, Republic and Grumman Aviation, Lehman Bros. Properties, Allied Chemical, National Lead, etc.

POLYTHANE imparts a high-gloss, mirror-like, non-slip, long-lasting finish that never, never has to be waxed or polished. An occasional swish of a damp mop keeps your floor sparkling clean without dulling or yellowing with aging.

Your floors will be water, pet and baby-proof, resistant to spilled juices, boiling water, acids, oils, greases, all types of soaps and detergents, dries dust-free in 60 minutes, and will not chip, peel, crack or blister.

There is virtually no limit to what you can coat with POLYTHANE, interior or exterior, on any of hundreds of other surfaces: basement walls, garages, patios, concrete driveways, swimming pools, brick stucco, tanks, boats, railings, machinery and all types of equipment, etc.

POLYTHANE provides film toughness and abrasion-resistance. Tests in independent laboratories, have proven its long durability with a life expectancy of five years. Available in "clear" and decorator colors with at least a 5 year expectancy.

Gordon-Southland News

(By Mrs. Edmund Wilke)

Hi there, anyone for water skiing? Our yard is full of water and does it ever look good! We had two inches of rain early Sunday morning, and we are so very thankful for it.

I would like to congratulate our three cheerleaders that attended the Cheerleader's School at Texas Tech recently. The girls that attended were Jettie Crawford, Marian Eckert and Karen Melcher. They won a second place, two third places, and an honorable mention.

Speaking of football, our Southland boys had their first workout this morning, mud and all! The boys going out for football this year are Dan Bryson, Dennis McGehee, Curtis and Jackie Ashbire, Joey Basinger, Curtis Lancaster, Larry Long, Sammy Wartes, Dan Eckert, Darrell Wilke, Jerry Bourne, Raul Salinas, Bill Beavers, and Daniel Cabellero. Their coach is Bob Dyess and they will play their first game on Sept. 10 with Bula. Good luck, Eagles!

Harold Wayne Donahoo will be graduating from Texas Tech on Saturday, August 21.

I just heard this past week that Victor Eckert is in Korea. He is serving with Uncle Sam's Regular Army in the 2nd Battalion and 9th Infantry Division. The duty of this battalion is to guard the South Korean border from the North Koreans. Victor has been over there for about three months and he will be there for about thirteen months. He graduated from Southland High in 1964. His mother told me that she had sent him some Slaton and Lubbock papers because he was so lonesome to hear some Texas news. Their paper over there has only World news and nothing about Texas. I know that Victor would love to receive a letter from you, so why don't you call Mrs. Eckert at 996-2541, get his address, and write him a letter?

Sherri Wilke entertained some of her friends with a slumber party on Thursday night. Those attending were Norma Eckert, Dayneen Dunn, Patsy and Joan Gindorf all of Southland, Judy Hitt from Earth, and Judy Eblen and Linda Johnson from Slaton. It was Sherri's 13th birthday.

Mrs. Alice Martin called me this morning and told me a few things about her trip to California. Seems like she had a wonderful time and saw so many beautiful and interesting places. She visited with her daughter and family, Mr. and Mrs. Roy Underwood at Richmond. While she was there she attended the wedding of her granddaughter. Mrs. Martin was gone for three weeks and I know from listening to her talk about it, that it must have been a wonderful three weeks.

Mr. and Mrs. Willie Becker went to LBJ Lake this past week and then on Sunday they went to Austin where they attended the Becker Reunion. Mr. and Mrs. Billy Hatcher from Iowa have been visiting the Beckers. Mr. Hatcher and Mrs. Willie Becker are brother and sister.

Mrs. J. F. Rackler visited with Mr. and Mrs. G. C. Rackler at Lubbock on Friday. She also visited with Mr. and Mrs. Tommy Stell and baby son, Mike.

Mrs. Claud Roper visited with her daughter, Mrs. Tommy Stell and family in Lubbock on Friday and also with Mr. and Mrs. G. C. Rackler.

Mr. and Mrs. Claud Roper and Nelda visited with Mrs. J. F. Rackler on Sunday. Also visiting were Mr. and Mrs. Tommy Stell and son Mike from Lubbock. They all ate dinner with Mrs. Rackler.

Mrs. Lee Fredrickson has been in the Reese Air Base Hospital for the past two weeks. Mrs. D. D. Pennell visits her every other day. Harvey Lewis Pennell and Miss Bennie Chandler of Lubbock visited his parents on Thursday night. Miss Chandler's father is in the Air Force and is stationed in Alaska.

Mr. and Mrs. D. D. Pennell visited in Post on Monday night with Mr. and Mrs. Arvil Ferguson. Mrs. Lynn Freeman, a sister of Donald Pennell, from Houston spent a week recently with the Pennells.

Mrs. Marilyn Locklear from California was a visitor at the Baptist Church yesterday. She is a visitor of the Kenneth Davies of Slaton.

Mrs. Selma Kiesel and Judy went to Crosbyton on Sunday to visit Mr. and Mrs. Leroy Voigt.

Kathy and Terry Bryson are at South Plains visiting their grandparents.

Coach and Mrs. Bob Dyess entertained the football boys on Friday night with an ice cream party.

Mickey Mason went to Ralls on Sunday where she joined Mr. and Mrs. Charles Austin and family for a trip to Six Flags. They will be there for a day and night and then they will go to Orange, where the Austins live. Mickey will visit with the Austins for a week before returning home.

Visiting with Mr. and Mrs. James Mason on Thursday night were Mrs. J. D. Holmes from DeLeon, Mrs. Annie Lou Lacey from Austin and Mrs. John Baker from Post. Mrs. Holmes and Mrs. Lacey are aunts of Mrs. Mason and Mrs. Baker is the mother of Mrs. Mason.

Bruno Michaelis from Seattle, Wash., has been visiting in the home of his sister, Mr. and Mrs. Otto Klaus. Also visiting the Klaus' were Mr. and Mrs. Leroy Michaelis and seven children from Sealy. Leroy is a nephew of Mrs. Klaus. They all visited in Wilson with Mr. and Mrs. Werner Klaus.

O'Donnell Host To Brazilians

The O'Donnell Young Farmers and Young Homemakers chapters were hosts last Saturday to 28 teachers, business men and professional people from Brazil.

The Brazilians were awarded the trip by the Coe Foundation and Abilene Christian College. They are on American Studies Scholarships and are taught in their native language.

Why did they come to this area of Texas?

The group came due to acquaintance with Howard Norton, A.C.C. history teacher who is a missionary in Sao Paulo, Brazil when not teaching at the college. Jack Minter, O'Donnell Young Farmer, arranged the farm tour.

The group arrived at the Oscar Telshek farm at 9:00 a. m. Saturday and were given the problems and information on dry land and limited irrigation farming. They were shown the different pieces of equipment necessary in farming, fairly well equipped farm shop necessary in the farm operation; a scrapbook available to show different stages of development of the cotton plant, the problems of insects, fertilizers, weed control and all the different types of land preparation. After the orientation of what to expect, they toured the Telshek farm situation, with both the irrigation and dry land operations.

Next, the group went to the J. O. Creighton farm to see his prize winning quarter horse. Creighton put the horse through the paces as though he were showing him in competition.

The next stop was at the Shorty Farmer farm where the visitors were shown Hampshire swine.

From there they went to the Jack Minter farm where the Brazilians were shown the different type equipment needed to farm with chemical and also 8-row equipment. It was requested from last year to be sure to show the women a storm and storage cellar and the Minters have just that. The Homer Hancock farm was the next stop where his Chester White and Duroc operation was shown.

By this time it was lunch time which was sponsored by the Young Homemakers.

The Young Farmers made arrangements for the meeting and the tour of the area, with the Young Homemakers preparing and serving the lunch. The O'Donnell Chamber of Commerce helped with the financing of the meal.

After eating the group introduced themselves and told about their professions, and then were questioned by the ones from O'Donnell. Minter and Mrs. Harold Hohn explained the Young Farmers organization as well as the Young Homemakers on their purposes, their requirements for membership, etc.

A good time was enjoyed by all and the organizations feel that a great deal of good was done by sponsoring this group. The Brazilians were very friendly and interested in work here as Americans, Texans, and Young Homemakers and Young Farmers.

Mr. and Mrs. Dan Russ and daughters, Sue and Pam, of Abilene visited with Mrs. Russ' sister and family, Mr. and Mrs. Cap Whorton and Babs, last week. The two families went to Ruidoso on Friday and returned home Sunday.

Mr. and Mrs. Donald Klaus and baby-in Slaton with Mr. and Mrs. Calvin Klaus. On Saturday they went to Palo Duro Canyon, and to Vega, where they visited with Miss Audrey Klaus and on to Cal Farley's Boys' Ranch.

Mr. and Mrs. Delmar Wilke and Angie returned home Monday morning from LBJ Lake where they had been visiting with Mr. and Mrs. Marcus Wilke. Mr. and Mrs. Pete Kellum and Tom from Banning, Calif., visited with Mrs. Nellie Mathis from Thursday until Sunday. They also visited with Mr. and Mrs. Walter Kellum of Slaton. The two Kellums and Mrs. Mathis are brothers and sister.

Mr. and Mrs. Herman Ravis have been visiting in that wonderful state of Colorado. They and their daughter and family, Mr. and Mrs. Jack Andrews from Brownfield, vacationed at Lake City for a week. They also visited Santa Fe and the Royal Gorge and other places of interest. Mrs. Ravis said that they "caught a few fish and that their whole trip was just wonderful. Then to top it all off, we got our good rain the night that they got home, so they really were happy. Mr. Ravis is the manager of the Basinger Gin, so he kinda watches these clouds too!

So long for today

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

Up until fairly recently, the taxing objective of the American government was to secure revenue. But now there has been grafted onto the taxing system the principle of using taxes to regulate the economy.

Recent experience shows that when government seeks to adjust economic conditions by tax policies, there is a constant conflict between common sense and political expediency. In the end, so far, political expediency has won.

According to the information being gathered all this year by a special field survey conducted by the National Federation of Independent Business, the 1964 income tax cut has not been considered very helpful by the nation's independent businessmen.

The independent business, as a matter of equity, voted through the Federation in favor of the removal of excise taxes, but there is still a great question how helpful this move will be.

Now there is a great deal of static being set up in Foggy Bottom about a tax measure that would relieve those considered in poverty income levels from paying any tax.

On the other hand, there seems little official concern over the fact that it does cost a family more than \$600 per year to raise a child. Rep. Walter Rogers of Texas realizes this fact and has introduced a bill to raise the personal exemption to \$1000. In a nationwide vote on this bill conducted by the Federation, 83% of the independent businessmen favor such a means as common sense, practical tax relief.

In addition, for several years, men such as Senator John Sparkman of Alabama, Rep. Charles Chamberlain of Michigan, Rep. Abraham Multer of New York have sought to get passed the so-called "plow-back" allowance.

Briefly, this would permit any business to plow back into the business tax free up to 20% of a year's profit, to a maximum of \$30,000 to expand.

Now it is recognized that a main cause of poverty is a sufficient lack of jobs, and this situation is being aggravated by the automation programs in huge industry which releases men to unemployment.

On the other hand, nationwide surveys being conducted by the Federation show clearly that independent business, given a chance, will expand, and create more jobs.

The best example of this fact is shown by the data gathered by this survey. Many independent business firms were able to utilize the small business tax reform act passed in 1958. In one year, some 32% expanded with the result that in 1965 there are over 3,500,000 more employees in small business than there were in 1964.

It is to be hoped that future tax cuts will be predicated on an awareness of the new jobs that will be created, not the votes that may be influenced.

Farmers organization as well as the Young Homemakers on their purposes, their requirements for membership, etc.

A good time was enjoyed by all and the organizations feel that a great deal of good was done by sponsoring this group. The Brazilians were very friendly and interested in work here as Americans, Texans, and Young Homemakers and Young Farmers.

Hans Irriger Is Returning Home From Chile School

Hans Irriger, native of Switzerland who was a foreign student guest of Tahoka Rotary Club a few years ago, writes from Santiago, Chile, that he expects to return to his home country next February.

Hans has been teaching in Colegio Suizo de Santiago, in Chile.

He proved to be one of the most popular visitors among the many foreign students the Rotary Club has brought to the U. S. for a summer's visit, and he made a number of friends while here with whom he corresponds.

His most recent letter was addressed to Ken Durham, Happy Smith, and The News editor.

Last year, Hans had an idea of transplanting West Texas horned toads to Chile to combat the ants which infest that country. However, government regulations and Chilean postal regulations prevented the shipment of horned toads from the U. S. to that country without so much red tape that the project was abandoned.

The word "democracy" is Greek in origin, means literally "rule of the people."

MRS. HERRING HOME
A. E. Herring of Lubbock brought his wife home Monday. Mrs. Herring having been a patient in the Baptist Memorial Hospital, San Angelo, the past five weeks. Mrs. Herring is reported doing very well and is showing wonderful improvement. While at the hospital, Mrs. Herring had a room near the one of Mrs. Clara Harris, who has made her residence there the past five years, and the two enjoyed their fellowship together greatly.

45 Boys Report For Football Season

Forty-five boys reported this week for the 1965 Bulldog football team and have been working out twice daily under an entirely new coaching staff for the season-opener here with Lorenzo on Friday, Sept. 3, at 8:00 p. m.

However, 16 boys were lost from last year's team, and anytime that many boys are lost from a Class A squad there are problems to be solved to even field a team capable of competing with other teams in the class.

Head Coach Don Smith says the squad as a whole reported for practice in pretty good physical condition, have an excellent attitude and desire to learn.

Biggest weakness seems to be shortage of depth in the line, whereas last year the Bulldogs had a pretty good defensive line. Then, too, many of the boys have not had too much or no experience under fire in varsity play.

There are ten returning lettermen, Rett Patterson, Milton Edwards, Tommy Kidwell, Mike Davis, Gary Tomlinson, Danny Coburn, Mitchell Williams, Stanley Renfro, Benny Limon, and Dean Hamilton.

Several other boys are looking good and some of the lettermen will have to work for a place on the starting line-up.

The coaches have 26 boys listed on the varsity squad and 19 on the B squad, but say this is not a static situation. Some boys can possibly move up to the A squad, and some of those on the A squad will be used in B squad games to gain playing experience.

Fans watching work-outs have been impressed by the desire of the squad as well as by the work of the new coaches.

Coach Don Smith played high school at Phillips, college ball at Texas A&M, and was assistant coach at Monterey of Lubbock five years. Assistant Jim Littlefield played high school ball at Ranger, is an AM graduate, and has four years junior high experience coaching at San Angelo and Corpus Christi. Assistant and Junior High Coach Jim Tollett played high school football at Brownfield, freshman ball at Tech, and was Tech team manager three years.

New Assistant Coaches Named

Two new assistant coaches, Jim Littlefield and Jim Tollett, this week joined new Head Football Coach Don Smith to work with the Tahoka Bulldogs and teach in the local school system.

Jim Littlefield played high school ball at Ranger, where he was a back, and is a graduate of Texas A&M. He coached in junior high two years at San Angelo and the past two years has been a junior high coach in Corpus Christi. In addition to coaching, he will teach history in high school.

His wife, Kathy, is a native of Dallas and a graduate of Austin College, Sherman. They are living in the "Butch" Ingle, formerly the W. B. Slaton residence.

Jim Tollett is the new junior high coach and also will teach social studies and assist with the Bulldog football team coaching. He was reared at Brownfield, where he was an outstanding end, and went to Texas Tech on a football scholarship. He played on the Freshman Team at Tech and the next three years was varsity team manager. This is his first year teaching and coaching.

Tollett's wife is the former Sue Hester of Brownfield. They have a son, Adam, age 15 months. They live at 2321 North Fourth, where Vic Kyler formerly lived.

He and wife and baby reside at 2012 North Third, the former home of H. B. McCord Jr.

Twenty-four boys, including 17 boys from last year's squad, are out for the team. Although the Leopards had a pretty dismal season last year, they will have much more experience this year and expect to win.

Brown is a New Home graduate, got his degree at Abilene Christian College, and coached junior high at Wilson last year. He is the up-and-at-'em type who does not like to lose, and his enthusiasm is expected to rub off on his boys.

Wedding Date Announced

The approaching marriage of Miss Carolyn Jean Bradshaw, bride-elect of Coy Douglas Rinne, has been announced with the wedding date set August 27th in the home of the bride-elect's parents, Mr. and Mrs. Juel Bradshaw, Route 1, Slaton. The bridegroom is the son of Mr. and Mrs. A. A. Rinne, Route 2, Wilson. The bride-elect is a 1965 graduate of Slaton High School and is employed at the Slaton Slatonite. Rinne is a 1964 graduate of Wilson High School and attended South Plains College in Levelland. He is presently employed by Moss-Gordon Gin Co. in Lubbock.

Bridal Shower

Friday night, August 13, a bridal shower was given honoring Miss Carolyn Jean Bradshaw, bride-elect of Coy Douglas Rinne, in the educational building of St. John's Lutheran Church, at 8:00 p. m.

Wilson and Starts Practice

Monday the Wilson band students turned out for their first practice under the direction of Mr. Coy Cook. They met at 6:00 p. m. Mr. Cook stated that it was good to be back with the students, after standing classes at Tech all summer. Meetings will be from 6:00 till 8:00 p. m. on Mondays, Tuesdays, Fridays, and from 8:30 till 7:30 on Thursdays until the beginning of school. There will be no Wednesday practice.

Kenneth Corley Attends Seminar

Wilson citizens are proud of Kenneth Corley, son of Mr. and Mrs. B. C. Corley, Rt. 1, Slaton, a junior in W.H.S. who was selected by the Lynn County Farm Bureau to attend a three day seminar in Huntsville this past week. Kenneth was one of three students selected from Lynn county on the basis of leadership and scholastic accomplishments. This meeting marked the third annual High School Students Citizenship Seminar, sponsored by Texas Farm Bureau.

Milton Edwards of Tahoka, Sidney Sealy of New Home, and Kenneth attended the meeting August 10-14 on the campus of Sam

Houston State Teachers College in Huntsville. The students were engaged in an intense study of their heritage of the threat of communism and socialism, with several well known lecturers and educators on the program. A capacity enrollment of 320 high school juniors and seniors from 144 counties participated. Parents of the three Lynn county students also attended.

Recent visitors in the home of Mrs. Selma Talkmitt were: Mr. and Mrs. John Melde III from Redonda, Calif.; Donna, Steven and Rhon Teinert of Kenedy; Lana Langenberg of Victoria; Mr. and Mrs. R. E. Behrend, Shirley, Sandra, twins Doris and Norris; Mr. and Mrs. C. A. Weid, Bobby and Jerene; Mr. and Mrs. Milton Weid, Kieth, David and Greg. Home-made ice-cream was enjoyed by the group.

A "thank you" to Mrs. Weid for mailing in the news. My telephone was out of order during part of the week, probably due to the terrific storm of lightning and rain, Saturday night. Wilson received two inches of rainfall Saturday.

Mr. and Mrs. John Ramby and family enjoyed a weeks vacation in Ruidoso and other parts of New Mexico, last week. Ronni Ramby stayed over in Raton for a visit with grandparents.

Mr. and Mrs. Sam Gatzki, Gini and Jan enjoyed vacationing in Ruidoso during this past week.

Mrs. Ted Melugin and Lynda visited Mrs. Johnny Harnett of Slaton last week. Mrs. Harnett had spent a few days in Mercy Hospital earlier, but is now improved. Monday Mrs. Ted Melugin, Lynda, Troy and Mrs. A. C. Melugin of Slaton visited in Lubbock with Mrs. Cecil Penny and new baby, Michael Warren.

Tuesday visitors with the Melugin's were Mrs. Dan Pugh, Mary Beth, Brenda, Kathy and David Paul of Slaton.

FHA Car Wash

This Friday at 8:00 a. m., the FHA girls will sponsor a car wash, behind the band hall. Girls are devoting time and energy and are scheduled to work at different hours. Please bring your cars to be washed.

Wilson Girls In Dress Revue

August 5th, the 4-H Club County Dress Revue was held in Tahoka. Nan Steen and Theresa Koenig of Wilson, seventh graders, completing Unit III, became eligible to represent Lynn County at district, Thursday, Aug 12, at 6:30 p. m. at Texas Tech in Lubbock. Nan is the daughter of Mr. and Mrs. Walter Ray Steen, and Theresa is the daughter of Mr. and Mrs. F. R. Koenig.

Other winners from Wilson were, Carla Wilke, Teri Steen, Gayle Neugebauer, and Kathy Koenig. Congratulations to these girls and others who entered the event.

Sympathy is extended to the Elbert Moore family. Services were held Wednesday in the First Baptist Church at Wilson with Rev. Jack Clack officiating, assisted by Rev. J. L. Cartwright of Slaton First Baptist Church. Burial was in Wilson cemetery.

Next week more local news will appear. Several families have returned home from vacations this past week. Call in your news and it will be entered gladly. Call 628-2956.

Avery Island, near New Iberia, Louisiana, has a salt mine underground and raises peppers above ground for Tabasco sauce—hence is called the "salt and pepper island."

VACATION AT RUIDOSO

Mr. and Mrs. Edd Akin and Dana left Monday for Ruidoso, where they were joined by their son, Eldon and wife and two older children, for a two weeks vacation fishing, resting, and enjoying the mountain air. In the meantime, the Eldon Akins' baby boy, Ricky, age two, is here visiting with his maternal grandparents, Mr. and Mrs. W. H. Eudy.

The first definite mention of grape wine is found in a Mesopotamian manuscript of 2100 B.C.

The rains were great! They came just in time to save a lot of dryland cotton and to benefit greatly a lot of irrigated cotton. Too bad they couldn't have come two weeks earlier to save some other cotton.

This column is usually a hodge-podge of various subjects—some editorial, some the "ravings" of one who believes in old fashioned Americanism, a little fun, a little borrowed philosophy, and some tales in which we think our readers will be interested. We returned last Friday from a week's vacation at Lake City, Colorado, altitude 8,600 feet, nestled among the 14,000-foot peaks of the western slope of the Rockies, where Jake and Pat Jacobs and three daughters operate for two summer months in the resort town a store specializing in shelf drugs and sundries, fishing tackle, gift items, antiques, art work, and other things that appeal to the tourists. Many readers expressed interest

in past tales of the quaint old mining town, now a resort, and we thought you might be interested in some other sidelights.

Once famed in the mining history of Colorado, Lake City had its start in 1874 with the rush to find gold and silver. It grew to possibly 10,000 population at one time, but with the decline of mining dwindled to 106 permanent population at the present time, and this includes the residents along about 24 miles of Lake Fork of the Gunison, a tributary of the mighty Colorado. But, the temporary summer and fall population is much, much greater. The quaint little village has 20 business firms, only a few of which remain open all winter. But, it has several hundred summer residents in about 50 private summer homes and 23 motels, lodges, resorts, and camps with 275 tourist units. The little town is now on a mild boom, with new homes, stores, and 47 new tourist units built this year.

Hinsdale county is mostly mountains, forests, streams, and lakes, and there are hundreds of miles of fishing streams in the county. There are dozens of abandoned mines, many containing rich deposits, and there are rich mineral deposits never discovered back in those mountains. A few mines are operating this summer, and others are due to be reopened due to increase in silver and lead prices but high cost of recovery makes most mining questionable. Rumors are a mill will be built there; if so, the mines will have a chance to show a profit. Beef cattle are finished out on the summer pastures, and sheep are hauled in during summer to graze the high country.

But, the tourist remains the principal source of income. The scenery is unsurpassed. The fishing is great for those who know how to catch the wily trout. Anyone who tries hard enough can catch some trout in Lake San Cristobal, a natural body of water, the 500 miles of streams, beaver ponds, or the remote lakes higher in the mountains of Hinsdale county. Even, The Printer caught the limit one day in less than an hour. Hunting is also said to be great, if you get a guide to help you find the game, which includes deer, elk, bear, bighorn sheep, wild turkey and grouse.

There's not much of the Ruidoso type resort at Lake City, as most people go to fish, hunt, just rest, or camp out in the many beautiful park areas. However, there are beautiful drives to the higher country, dances for teen-agers, bingo twice a week, a recreation hall, and twice a week The Silver-Dollar Players of Silverton present a melodrama at the colorful Elk Horn Hotel, operated by Jim and Teresa Ryan.

Elk Horn building was originally the Miners & Merchants Bank erected in 1877 by Frank Hough, who had struck it rich in mining high up Henson Creek near the top of Engineer mountain. He also built in 1880 another substantial brick office building across the street that still stands. Other interesting buildings we've told about before include the Presbyterian Church, first church on the Western slope, built in 1877, still holding services and using the original organ brought in over the mountains by mule team; the court house, erected in 1877, where the trial of Alfred Packer was held after he was charged with killing and eating his five prospector companions as all faced starvation in the cold winter of

1874. Incidentally, Pat Jacobs has published a little booklet on "Alfred Packer, Colorado Cannibal," which she sells in the drug store at 59 cents, or may be had at The News by anyone interested. We'll say this, the story is one of the most fantastic in American annals, and the Judge's charge to the jury is a classic in our legal history.

Especially fascinating to us is the drug store the Jacobs bought several years ago. The frame false-front building, which has modernized living quarters in the rear, was erected in 1876 by a gold prospector who worked on the side as a carpenter for "grub-stake" so he could keep on hunting the elusive big gold strike. The man, then a poor prospector, was Winfield Scott Stratton, famed in Colorado history for the big gold strike at Cripple Creek and later developments in Denver. Stratton walked into Cripple Creek in 1891 leading two burros loaded with his prospector's outfit. In 1899, after taking millions from the great Independence mine, he sold out for \$11 million. The drug store outside is exactly as pictures showed it 90 years ago. Inside are some of the original fixtures, plus a "new" marble fountain and other fixtures of the 1900-1910 era. Originally Hall & Felder Pharmacy, it has been Lake City Drug for about 85 years. The store attracts tourists and antique dealers to see ornate and antique fixtures. While we were there, A. F. Krause from Virginia, an antique dealer who specializes in restoring historic buildings, told that the fixtures were almost invaluable.

Another interesting building is the Armory, which in the early days housed the Pitkin Guards, sent to Lake City to keep the peace in the roudy mining town. There were plenty of toughs in the town and surrounding mining camps, and there were strikes and gang fights. There were crews of Italians, Irishmen, Swedes, and Chinamen, and sometimes there were racial troubles. Today the big brick Armory is the city hall, fire station, calaboose, gymnasium, and community center.

This year, we took another jeep trip high up a mountain to some abandoned mines. Two years ago, we took one to "the top of the world" 2,000 feet above timberline. One has to take one of these trips to the top to really appreciate the scenery, the incredible views, the wild country, the snow-fields. Many tourists hardly "see the forest for the trees," but the side trips, a brief study of past history, and talks with the old time natives help one appreciate the country.

Two of the good friends we have made at Lake City since we started going there seven years ago are A. P. (Brick) Griffiths, about 80, a native who worked in the mines and can tell fabulous stories of the past; and his nephew, "Toots" Griffiths, also a native, who also knows the past history, but now runs a cattle ranch away up Lake Fork near the ghost towns of Sherman and Carson City.

To appreciate the mountains and forests even more, one should camp out in the remote areas. We sort of envied Jimmy and Joy Bragg and family and Mrs. Cody Bragg of Tahoka who had camped out away up Henson above the ghost town of Capitol City; and H. L. McMillan and family of Plainview, formerly of Tahoka, who camped at Lake San Cristobal. Incidentally, we also saw Mr. and Mrs. D. F. Yandell of Hereford, formerly of here, fishing and taking a jeep trip to Engineer Mountain and Ouray; Miss Janice Parks of Abilene, a teacher here; Dave Easterday, a former teacher; Ida Botkin Hagler and family of Odessa, she being the daughter of Vic Botkin of Plainview; and other people known here.

We met Dean and Mrs. Miles of University of Oklahoma, she being manager of Cerebral Palsy Clinic there. She told us Carol Smith, daughter of Judge and Mrs. Truett Smith, is going to work at the clinic next month as a speech therapist. Carol has just received

A special kind of outfit for a special kind of man ...know him?
YOUR ARMY NATIONAL GUARD
You ought to...he's your neighbor. Or he's the fellow who lives up the street or who works for you five days a week. In his spare time he meets the challenge of today's National Guard. It is a challenge in every sense...to stay in training to take on trouble. But it takes training...with some dedication thrown in for good measure...to be successful in an outfit with important national and local responsibilities. The job the Guard has been given is far too vital for any task to be entrusted to men who can't make the grade. Make no mistake. He's meeting the challenge when he's in the Guard! 13 Is Lucky Number For Tankersleys

The figure 13 was a lucky number last week end in a series of events involving the Hubert Tankersley family.

Friday the 13th was the 13th birthday of their daughter, Sheila Kay. Patti and Leah Short honored her with a birthday swimming party that morning at 9:30 and 13 young people were present.

That afternoon, the Tankersleys and some guests went to their Ruidoso, N. M., cabin for a week-end party and when noses were counted there turned out to be 13 in the group. Then, returning home, they found rains had fallen over the area while they were away.

In the week-end trip to Ruidoso were Mr. and Mrs. Tankersley and Sheila Kay; Mrs. Ruth Walker, Lacey and Tim; Mr. and Mrs. Lee Roy Knight and Taylor; Patti and Leah Short, Patricia Fails, and Max Bartley.

Smith Family Is Home From Lake

Postmaster and Mrs. W. E. (Happy) Smith returned Wednesday from a week's fishing trip, during which they had a sort-of family reunion, down at Buchanan Lake.

Happy came home bragging about a 22 pounds catfish he caught, but Joyce was most happy to have had a visit from her newest grandson, just two weeks old. They had not seen the grandson until then.

He is Clay Ketter Frisby, son of Mr. and Mrs. Carey (Sue) Frisby of Fort Worth, who brought him down to the lake last week end along with their older child, Robin, age two.

Also, going to the lake with them were two other daughters and their children, Mrs. Gene (Jeannine) Jones and Byron of Tahoka, met there by Gene, and Mrs. Reuel (Patsy) Casey and two children, Kathy 5 and Todd 3, of Lubbock. Mrs. Peggy Beckum and two sons, Bruce and Todd, also went with the party and stayed until Sunday.

Mrs. Smith says they really had a great time. Every fish caught was a major event to the kids, she says.

same as last year in spite of the raise in teachers' salaries as voted by the state. Estimated receipts from all sources to apply on this operation totals \$509,025.00; but including unencumbered fund balances such as \$11,000 carry-over from the local maintenance fund and \$8,198 from Interest and Sinking Funds, total revenue would run to \$528,233.00. Revenue from local sources, included in the above is based on 96 percent tax collections, less than normal percentage the last few years.

The News will run a more complete break-down on the budget at a later date.

Rev. Efird . . .

(Continued from Front Page)

Columbus is a city of 750,000 people, and a half million or 70 percent of the people belong to no church at all. This is the challenge to him.

One reason for a quick move is the opening of school and Rev. and Mrs. Efird want to get their daughter, Carla, 14, into school. A son, Ronnie, 18, graduated from high school this spring. Another son, James, 21, is a corporal in the Army stationed in Honolulu.

The Efirds came here six years ago from El Paso, where he was pastor of a church four years and superintendent of missions three years. Prior to that, he was pastor at Harmony in Fort Worth six and a half years and nearby Hurst three years, and attended Southwestern Baptist Seminary in that city.

During his pastorate in Tahoka, he has taken in 332 church members, 131 by baptism, and Sunday School attendance the six years has averaged 310.

Permanent improvements made during the period include purchase of a camp building for the

church at Plains Baptist Assembly near Floydada, a new church building and parsonage for Latin American congregation of the Mission, a home for the music director, air-conditioning and other improvements to the main church plant.

The pastor has been active in

Tahoka Rotary Club and other civic work. The entire community will regret to see the Efirds leave but will wish them every success in their new field.

Blan Ramsey was released from Tahoka Hospital Thursday. He had been admitted Tuesday.

NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.
HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, the disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas as for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before it; defining misconduct for which said Judges may be removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions here by established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows: "Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent

him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, and those of class (iii) by appointment of the Governor with advice and consent of the Senate.

"(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceed-

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members. Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by the District Court proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the report and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the giving of papers with, and the giv-

ing of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process of law, as ordinarily available in proceedings whether or not messianism is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such Judges in cases of disability."

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such Judges in cases of disability."

Section 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.

Rural Accident Report Made

The Highway Patrol investigated five rural traffic accidents in Lynn county during the month of July, according to Sergeant A. E. Roberts, Patrol Supervisor of this area.

These wrecks accounted for one person injured and an estimated property damage of \$2,650.00.

The rural traffic accident summary in Lynn county for the first seven months of 1965 shows a total of 34 crashes resulting in two persons killed, 15 persons injured, and an estimated property damage of \$15,943.00.

"School days" are almost here again. Many of the schools in this area will be starting their classes before Labor Day. Many drivers have become accustomed to ignoring school zones and signs during the summer months with the

thought, "Why bother, school's out anyway." But now the time is rapidly approaching to start paying close attention to signs warning of school zones and school buses.

Many parents will attempt to make the Labor Day weekend their final vacation outing. The Sergeant stated, "Don't let this final outing be fatal." Thirty-nine lives were lost in traffic over the Labor Day week-end in 1964.

NATURE NOTES

Did you know the Prohorn Antelope of the United States, is not a true Antelope. Antelopes do not shed their horns, and deer shed their yearly. The Prohorn sheds only the outer covering of its horns, but not the entire horn or antler.

New Hunting And Fishing Licenses Due September 1

Austin—One and one-half million "passports to paradise"—that is hunting and fishing licenses—have been put in the mail for distribution to Texas sportsmen.

J. Weldon Watson, executive director of the Texas Parks and Wildlife Department, said that a custom first installed last year has been pursued "with substantial refinements."

This, he said, means that the licenses were mailed a full three weeks before the September 1 beginning of the new state fiscal year.

"It is now up to the mails and then to the 2,500 licensed dealers to serve the sportsmen in adequate time and to avoid delays that occurred in the past," said Watson.

The overall consignment included 775,000 fishing licenses and 736,000 hunting licenses. The present year licenses will be invalid September 1 when the new licenses become effective.

The fishing licenses cost \$2.15 to both residents and non-residents. Resident hunting licenses cost \$3.15. There is a special \$5 five-day non-resident license for hunting migratory birds, including waterfowl and doves.

Persons 17 years of age and under 65 years of age must have the licenses to hunt and fish with some exceptions, explained in the official hunting and fishing digests available shortly at licensed dealers, at Department local offices as well as with game wardens or other departmental personnel.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purpose specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for

not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas in order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the

moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes here provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division, shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of a holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency hereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold

shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds heretofore issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.
