SCS Election Is Set For October 5

Zone 2 residents of the State's 183 soil conservation districts will elect a supervisor for that sub division on October 5. Bill Griffin, County Agricultural Agent, says the election is very important and he urges all eligible voters to cast their ballot.

Zone 2 voters in the Lynn County Soil Conservation District will elect a farmer or rancher who will serve as their supervisor and representative on the Soil Conservation District Board for the next five years. Time and place for the October 5 balloting is 8:00 a. m. at the Farmers Co-Op Gin office, Tahoka.

Griffin states a qualified voter is a Zone 2 landowner who is over 21 years of age or older. Wives of eligible landowners can vote and should do so since they have an interest in their soil conservation district.

The agent points out that Soil Conservation Districts are political subdivisions of the State of Texas and by law are charged with the responsibility of carrying out a soil and water conservation program in their district. Through them such items as technical service, equipment, leadership in small watershed projects and many other services are provided in cooperating landowners.

If you are a qualified voter it is your obligation to support the work of the districts and elect supervisors who direct their programs to you. It is for this reason that Agent Griffin urges all elig-

Bisbee Newspaper Tells Of Wallace White Trip In 1916

Wallace H. White, route 4, represents one of the county's first families, the Jack Whites, who came here in 1902, settled north west of New Home, sold out to J. K. Milwee in 1908 and went to Presidio county. They stayed there only about 18 months, however, and returned to Lynn to buy out George Shumake at Petty.

Recently Wallace and wife and son Glenn took a little trip out to Bisbee, Arizona, and then went on up to Phoenix, Grand Canyon, Glen, Bryce, and Zion Canyons, and on up to the Yellowstone.

But, while in Bisbee visiting relatives, the newspaper in that town wrote the following story, headed "Arrives In Bisbee Easy Way This Time":

Wallace White arrived in Bisbee about 30 days faster this time than when he came here in 1916.

White, who lives in Tahoka, Tex., just south of Lubbock, left that city in early September of 1916. After stopping in Deming New Mexico for about a month to work, he arrived in Bisbee shortly before Christmas of that same year.

The reason for the lengthy lag in time? He traveled the distance by horseback. Mr. White said that the distance today is about 600 miles using the modern highways, but it was slightly longer the way he had to come in 1916.

White spent Christmas working on the Wagon Rode Ranch on the San Pedro River, at Hereford. He left there at the end of January, 1917 and again by horseback, went to Tucson, Globe and Pleasant Valley in the Tonto Basin region of northern Arizona.

After working in the northern part of the state he returned to Texas where he started his own farm. He returned to Bisbee for a short time in 1928, but soon returned to Texas.

This is the first trip to Bisbee since 1928. He made the trip by car this time, covering the distance in one day. He and his family is staying with the A. S. Ham family, 501A Tombstone Canyon. Mr. White is Mrs. Ham's uncle.

Mrs. Samie Norwood returned Monday from Monday after spending a week with her sisters and families, Mrs. A. M. Searcy and son Richard, Mr. and Mrs. Claude Hill and Mr. and Mrs. Jim Proffitt.

First Baptist Sunday School Banquet Will Be Held Thursday Of Next Week

Rev. James McGinlay, pastor of the College Avenue Baptist Church in Lubbock, will be the guest speaker for the annual Sunday School Workers Banquet at the First Baptist Church next Thursday at 7:30 p. m. The banquet traditionally is a time for the church workers to come together for a period of fellowship and inspiration in preparation for the new Sunday School year which begins the first Sunday in October.

The College Avenue church of which Rev. McGinlay is pastor, is one of the key churches in Lubbock as it is located across the street from the Texas Tech campus with its thousands of students to be ministered to. McGinlay has been pastor of the church about one year. He is a native of Canada, but was reared in Brooklyn and in California. In 1955, before entering the ministry, he played professional baseball for the New York Yankees.

Plans and goals for the new year will be discussed at the banquet by superintendent George McCracken and Minister of Music

and Education, James Hollars. Several innovations have been adopted by the school as it strives both to improve its quality of work and to reach more people during the 1965-66 term. The school has been reorganized with departments and classes divided according to school grade for students, and age as of September 1 for all others. Also, a teacher training department, with Mrs. Harold Reynolds serving as teacher, has been organized for the purpose of thoroughly preparing new teachers before they begin working in the Sunday School. The class will meet during Sunday School and for an hour on Wednesday evening each week for six months. The curriculum includes a cover-to-cover survey of the Bible, an intensive study of the doctrines of the Bible, and a study of teaching methods and principles. Also scheduled for the new year is an increased emphasis on the adult classes of the Sunday School with class officers being enlisted to direct a stepped-up adult visitation and enlistment campaign.

Safety Urged On Passing Of Buses

School is underway over Texas and Supt. Harold Reynolds is reminding drivers to observe caution on the highways.

Last year 7,998 school buses traveled 84 million miles transporting 450,000 pupils to the Texas public schools at an annual cost of \$19 million.

During the year school buses were either in collision or were involved in accidents in which seven persons were killed, four of them students. A total of 222 were injured including 108 students and nine bus drivers.

The following statement has been issued concerning safe driving:

With the coming of September the movement of thousands of pupils starts to and from Texas public schools. About one out of five of these children ride a school bus. The safety of these pupils is of the utmost importance and each motorist has a responsible part to play.

The motorist traveling Texas highways is reminded that upon meeting or overtaking from either direction any school bus which is stopped for receiving or discharging children, he shall stop his vehicle. He may then proceed past the bus at a prudent speed not to exceed 10 miles per hour.

Drivers of motor vehicles are urged to exercise due caution each time they approach one of the well-marked buses painted the familiar "school bus yellow." Cooperation of motorists with bus drivers and local school officials may help save the lives of one of the 450,000 pupils that will likely be riding Texas school buses during 1965-66.

At Tahoka City Hall

This Friday, Sept. 17

All dogs must have a 1965 license tag and be vaccinated for rabies, or will be picked up, put in City Pound, and destroyed if not called for within three days.

This is for your protection and for the protection of other citizens of our town.

Cutting Costs Will Be Feature Open House At Plains Experiment Station

Cutting costs of crop production will take the spotlight at 1:00 p. m. Tuesday, Sept. 21, as scientists at the South Plains Research and Extension Center hold their annual field day to show area farmers some of their latest findings that hold promise for increasing crop profits, according to County Agent Bill Griffin.

Included on the program will be a field tour and discussion of six areas of research at the center, a machinery display and a chance to see educational plant displays in air conditioned greenhouses. Guides at the field day will also tell about numerous other research projects as the tour-trailers travel through the center.

Griffin said he will be at the event, along with the other county agents from the South Plains, to work with the 31 professional staff members at the center putting on the field day.

County agents attended a planning session in July to help the scientists pick the research projects that would be of particular interest to area farmers this year, Griffin said.

Special emphasis is being placed on agricultural chemicals,

on cotton diseases and on water use and conservation, the agent said. Other areas included in the reports will be sorghum and cotton breeding, soil fertility, mechanization, and timing of field operations.

Displays in the greenhouses will show the characteristics of plants with certain diseases, fertilizer deficiencies and chemical damage. Researchers will tell a number of ways to reduce the loss from verticillium wilt, a disease believed to be cutting area yields about five percent.

Grain sorghum breeders will talk about a new hybrid, RS 671, which was developed at the center and recently released to breeders. It is a headsmut resistant, medium-late maturity variety that can be harvested earlier than later maturing varieties and should be able to get by with one less irrigation.

Another important part of the field day will be reports on water conservation and profitable water usage. Researchers will tell the benefits of various land forming practices and how limited irrigation water can be stretched to give maximum yields and prolong limited underground supplies.

The South Plains Research and Extension Center field day is open to anyone. Although of greatest benefit to farmers, business and professional men will find it an excellent opportunity to keep up with the progressive agriculture of the area, Griffin said.

The center is located 7 and one-half miles north of Lubbock on U. S. 87.

Bob Collier Is Rotary Speaker

Bob Collier of Post, druggist and Rotarian, was speaker at Tahoka Rotary Club Thursday on the subject, "Rotary and My Vocation," not his individual vocation but the vocations of all members.

"Each of us has allotted time on earth," the speaker declared. "We spend a third of our life sleeping, but what should we do with our wakeful hours?"

He thought we should spend a third of our time with our family, but unfortunately few do, and a third of our time working, striving to be good at our task and enjoying it. Some time should be spent preparing for this work and then continually studying and working to improve ourselves in our vocation; seeking respect, and having respect for fellow workers and customers.

But, "man doesn't live by bread alone," and must find more than just living daily lives with our families and our work. This is where service comes in, trying to live the principles of Christ, being of service to fellow-man without selfishness, supporting the church and Christian life.

He thought Rotary's "service above self" aim is the carrying out of Christ's principles, and therefore deserves a portion of man's time on earth.

"Nobody deserves to be loved for what he is; an individual deserves to be loved for what he is willing to do for others, for the tiny sacrifices he is willing to make to promote the comfort and happiness of somebody else. When respect and love for a neighbor have developed, faith in God has increased."

Having been in close touch with the Tahoka Rotary Club for many years, he paid the club high compliments for its work.

Steve Thompson presided in the absence of the president, Ross Smith. Dr. Emil Prohl introduced the speaker.

A number of members were absent attending the High Plains Research Foundation field day at Halfway.

Gordon-Southland News

(By Mrs. Edmund Wilke)

Well, it's back to the old grind. We were gone fishing for a week at Possum Kingdom and caught a lot of fish, something over 300, and had a lot of fun, so now I am ready to start doing a little work around home.

Mrs. Alice Martin recently returned home from a vacation. She went with her son, Blanton Martin and family to Six Flags and then on to Galveston for several days. When they were on their way home, they stopped in Snyder and attended the funeral of Mrs. Martin's sister-in-law, Mrs. M. C. Herod.

I am a little late with this, but I would like to congratulate Mr. and Mrs. Milton Gindorf on the birth of their little daughter, Shelley ReNee. She weighed into this world at 6 lbs. 6 ozs. Milton and Elaine live in Lubbock.

On Wednesday night, Brother Jerry Burnamen and wife and baby from Slaton and Brother Jack Courtney from Port Acres, Texas, and Mr. and Mrs. J. B. Rackler and family had supper with Mrs. J. F. Rackler.

On Sunday Brother and Mrs. Burnamen and baby, Brother Jack Courtney and family and Mrs. J. E. Rackler had dinner in the J. B. Rackler home. Brother Jack Courtney has been the Evangelist at the 21st Street Baptist Church and he is a former pastor of the New Lynn Baptist Church. He is a former Missionary to Portugal.

Mrs. Birdie Rackler underwent surgery recently and is doing real well at present. She lives in Portales, New Mexico.

Mr. and Mrs. Leo Stolle have returned from a trip recently to Boulder Dam; Las Vegas, Nevada; the Grand Canyon; Santa Fe, New Mexico; Gallup; Juarez and El Paso, and Albuquerque, New Mexico.

Mrs. D. G. Stolle is in the Mercy Hospital at Slaton.

Mrs. E. N. Milliken is in the Mercy Hospital at Slaton. On Sunday, Mr. and Mrs. Joe Woosley from Seminole visited Mr. Milliken at the hospital. Mr. Woosley also visited with Mr. and Mrs. Leo Stolle and Roy Stolle.

Mr. and Mrs. Slater Moore from Cleveland, Ohio, visited recently with Mr. and Mrs. P. W. Crawford. Also visiting the Crawfords was Mrs. Cleon Hamaker from Wolfthorpe.

Donald Wayne Crawford has graduated from Ft. Jackson, South Carolina and has received his orders to go to the Panama Canal Zone for the next thirteen months.

We were so sorry to hear that Mrs. T. L. Barnes died from a heart attack and was buried while we were gone. I know that this was a shock to everyone and we would like to extend our sympathies to her family.

Kenneth and Karen Gail Calloway and Jerry and Betty Pennell have been to Red River and Raton, New Mexico. They were gone over the week end, and while they were gone, their children stayed with their grandparents, the D. D. Pennells and the F. W. Calloways.

Mrs. Alice Martin and Mrs. Ed Denton were by to visit with Mrs. Lee Fredrickson this past week.

We now have a new Methodist pastor and family here at Southland. They are Pastor Tommy Wilson and wife and daughter, Tommie Jean. We are happy to have them and welcome them to our community. They come to us from Brownfield.

Mr. Bill Winterrowd spent the night with Mr. and Mrs. Paul Winterrowd recently. Bill is from Amarillo.

Mr. and Mrs. Jessie Paulk and three daughters visited recently with Mr. and Mrs. Paul Winterrowd. The Paulks are former Southland residents.

The college bells are beginning to ring and quite a few of our Southland young men and women will be entering the different schools. Those going to Texas Tech are: Larry Wilke, Don Altman, Troy Lewis, Joe Hall, Jackie Dunn, Harvey Lewis Pennell, Kelly Jo Myers, and Brenda Dabbs. Those going to West Texas State at Canyon will be Connie Wartes, Sharla Taylor and Sammie Ellis. Jim Williams Named Vice President At Area Young Farmers Convention

Young Farmers and Young Homemakers from Area II chapters attended the annual convention held at Brownfield Saturday and two men from Lynn county chapters were named to area offices.

Jimmy Williams of the Tahoka chapter is the new vice president and R. L. Dulin of the New Home chapter is reporter. President this year is Stanley White of Klondyke; secretary, James Beaver of Fluvanna; and treasurer, Don Walker of Stamford.

The O'Donnell Young Farmers received two awards following the banquet that night attended by 300 young farmers and young homemakers, second for outstanding publicity and second for attendance, which was 99 percent at the convention.

Wilmer Smith of New Home was the speaker at the afternoon program for Young Farmers and talked of the future of cotton and future of the young farmer in the cotton belt. He told the men that farmers should place more emphasis on the quality of cotton they grew rather than on the quantity. About 200 men heard Mr. Smith's speech.

The "Morton Symphonies" provided entertainment at the banquet before awards were presented. Recipients of the awards and those giving the awards follow:

Outstanding new chapter, Fisher county, Goodpasture Grain and Milling Co.

Outstanding chapter, Fluvanna;

second, Terry county, Pioneer Gas Company of Brownfield.

Publicity, Terry county; second, O'Donnell, Lyntegar Electric Co. operative.

Outstanding Young Farmer, Weldon Mason of Terry county; second, Ray Herring of Fluvanna, Texas Electric Service Co.

Most Attendance, Fluvanna (100 percent); second, O'Donnell (99 percent); Ezell T. Grain Co.

The Lynn county Young Farmer chapters had about 30 members and guests attending the event.

In addition to the awards, O'Donnell Chapter of Young Farmers ranked third in chapter accomplishments, and Jack Minter was recognized as a top contender for the outstanding young farmer of Area II, according to Harold Hohn.

Plans are being made by the chapters to attend the State convention in Austin in January, 1966.

Young Farmers Hold Banquet

Dr. Gerald Thomas, dean of agriculture at Texas Tech, was the speaker at the Tahoka Young Farmer banquet held on Saturday, Sept. 4.

He spoke to the group on the importance of the farmer and the farmer's position in the economy of the United States and the world.

The Tahoka Young Homemakers were guests, as well as Tahoka merchants who had given the chapter support during the past year.

Miss Stella Howle was presented the Little Sister Award by the Tahoka Young Homemakers.

Jimmy Williams, president of the Tahoka Chapter, was presented a plaque, furnished by Lynn County Farm Bureau, for Outstanding Young Farmer of the Year. Table decorations were furnished by Plains Cooperative Oil Mill and pencils by Baldrige Bread.

About 40 persons attended the event. The meal was catered by Al Smith.

Sixty Men Visit Research Farm

Nearly sixty Lynn county people, 39 of them aboard a chartered bus courtesy of First National Bank, attended the ninth annual field day at High Plains Research Foundation Thursday of last week at Halfway, west of Plainview.

Following trips over the farm, laboratories, greenhouses, and farm equipment lots, 5,000 visitors were fed a barbecue dinner, which was followed by a program.

High Plains Research Foundation is a private enterprise supported by farmers, business and industry to carry out technical experiments with various crops in an effort to better adapt them to Plains farming.

Visitors were taken over the 320-acre farm and shown hundreds of test plots leading toward development of many new concepts in Plains farming, including new cash crops, new water conservation methods, new fertilizer and tillage ideas.

For example, a number of experiments are being carried on in production of more and high grade cotton with less water. Several break-throughs are possible in cotton farming, the Foundation scientists think.

Other major experiments include those on grain sorghum production; production of soybeans, castorbeans, sesame, under various conditions; interplanting and skip-row farming; soil and water conservation, recharge wells, and use of lake water; bench leveling, contouring, and terracing; use of chemicals, fertilizers, etc.; topping rank cotton to speed maturity and increase production; tests on scores of crop varieties, and many other factors to improve Plains agriculture.

Although only nine years in experimentation, the Foundation is already producing a number of new varieties suited especially to the Plains but has already contributed much to farming economies.

The Foundation has recently purchased a dryland farm and will now begin experiments on many of the same crops in this field.

Visitors also saw much new farm equipment being shown by implement dealers, some of which is entirely new and somewhat revolutionary.

The 5,000 people were transported over the farm by truck-trailers, about 120 in a group on three trucks, and experts explained at various stops.

"Pete" Hezi, Warren Embree, and Garland Thornton of First National Bank were hosts on the bus trip from Tahoka. Several others went by car from here. O'Donnell, and Wilson.

New Cotton Variety Tests Are Planned

Dr. G. N. Stroman, developer of 1517 Acala cotton varieties, has joined the farmer-owned Growers Seed Association of Lubbock to carry out an extensive cotton research program for the Plains, Rolling Plains and Southwestern Oklahoma, according to George Babcock, manager.

He will strive to incorporate some of the Acala varieties' good fiber qualities and added length into cotton varieties that can be grown successfully by Plains area farmers.

Dr. Stroman is world renowned for his cotton breeding research. He is a graduate of Texas A&M; received his doctorate from U. of Wisconsin, is a former professor of agronomy at New Mexico State U., carried out cotton breeding research in Peru, and has since continued his research program at Las Cruces, N. M.

His goal is to produce varieties to produce a fiber with a staple length of 31-32 to 1 1-32 inch adaptable to Plains harvesting methods and having a Pressley strength test of at least 90,000 pounds per square inch and a micronaire range of 3.7 to 4.4.

Bulldogs Surprise Crosbyton 19-13

Tahoka Bulldogs surprised a lot of people Friday night by upsetting the highly rated Crosbyton Chiefs 19 to 13 in the Chiefs' newly enlarged and improved stadium before a capacity crowd.

In the process, the rejuvenated 1965 Bulldogs served notice they have a varied and powerful offense and a well-rounded defense that could carry them to greater heights as the season progresses. Whether or not this is true can be answered partially tonight as they meet the Slaton Tigers here at 8:00 p. m.

Although the offense was fine, it was defensive play that paved the way for the Bulldog victory against the powerful running attack of Coach Deane Wright's Chiefs. The defense kept speedy

broken-field runner Jim Flournoy in check, except for one long punt return for a TD, and it rose up in crucial moments by tough line play to stop drives.

First Period Scoreless

Tahoka received the kick-off, and Benny Limon ran the ball from the 10 to the 26, two plays and an incomplete pass netted only five yards, then Tackle Mike Davis got off a booming 50-yard punt, which QB Jim Blagg brought from his 20 to the 30.

The Chiefs were in business, and ran up two first downs in moving to the Tahoka 36 with the attack featuring big Fullback Gaylon Wheelers, who carried the ball 28 times for 119 yards in the ball game to lead all ball carriers. But here, Blagg's completed pass to Flournoy lost two yards and with fourth and six to go, the Chiefs punted over the goal line.

The Bulldogs seemed to decide, "Well, let's get going," and Sophomore Halfback Cliff Thomas, who averaged six yards a carry in the ball game on 17 tries for 105 yards, went for 7, Fullback Danny Coburn bulled in for 4 and a first. QB Mitchell Williams, who called a fine game and mixed up his plays well, ran for 5, but the Tahokans were stopped on the 40 and Davis' punt went only 25 yards this time.

Tahoka put the "whamo" to the Chiefs now, and on third down Blagg tried a pass which tough and alert defensive player Sophomore Chris Roberts intercepted on the Tahoka 45. Right there was possibly another turning point in the ball game.

Bulldogs Score Quickly

The Bulldogs came to win, and they now wasted little time and scored early in the second quarter on seven plays.

On the first Williams tried a pass to End Phil Adams, which missed, but on the next play, Tahoka's secret bomb, Cliff Thomas, (Continued back page, Sec 2)

"B" Team Boys Whip Plains B

Tahoka Bulldogs "B" team, coached by Jim Littlefield, defeated Plains Cowboys "B" 18 to 8 in a game played here Thursday night of last week.

The Bulldogs "B" were in O'Donnell this Thursday night to play the Eagle "B", and next Thursday night Tahoka "B" team will play at Crosbyton.

Tahoka's reserves shocked Plains here last Thursday by taking a first quarter 8-0 lead on a 45-yard march down field with Halfback Doyle Schneider bucking over for the touchdown, and Quarterback Charley Brown ran the conversion.

Plains came back in the second quarter to score on a long run, a 65-yard reverse and added the conversion to tie the score 8-8.

But, on the last play of the half, Plains was backed up to its own goal line, and Charley Brown and Steve Chancy tackled the Cowboy ball carrier in the end zone for a safety. Score Tahoka 10, Plains 8.

Only score in the second half was by Tahoka on a sustained drive down field with Schneider again carrying over for the TD and also running the conversion. Final score, Tahoka 18, Plains 8.

Outstanding on defense were Larry Arnold, Steve Roberts and Schneider.

Among others on the B squad are: Doug Taylor, Randy White, Bill Curry, Dusty Bailey, Mario Arambula, Buz Owens, and Larry McClendon. Missing the game because of injuries or illness were Michael Glenn, John Ayer, Jim Adams, and Jack Collier.

Wilson Battles Sundown Today

Fresh from a 12-0 opening victory over Lazbuddie, Wilson Mustangs journey to Sundown tonight for their second battle. The Mustangs will not have a home game until October 8.

But, Friday night new coach Bobby Davis' boys got off to a good start by whipping the Longhorns. Fullback Kenneth Corley scored one Wilson touchdown in the second quarter on a two-yard plunge to climax a sustained drive.

With nine seconds left on the clock before game's end, Quarterback Dennis Verkamp intercepted a Longhorn pass and ran back 60 yards to score. Both conversion attempts failed.

Wilson ran for 205 yards from scrimmage and passed for 30, and held Lazbuddie to 149 on the ground and none passing.

Both the running and passing games were dulled somewhat by soggy turf caused by an afternoon rain.

This Friday, the Mustangs will try to get revenge on the Sundown Roughnecks for the 30-32 loss last year.

Leopards Drop Opening Game

New Home Leopards lost their opening game at Amherst 27 to 14 last Friday night, but fans feel the Lynn county boys may develop into a contender this year.

Coaches Larry Brown and John Turner were looking for a game for this Friday to fill out the schedule. The Leopards meet Christ the King next week.

Amherst Bulldogs exploded for three TD's in the first half. Eddie Hedges went 13 yards for the first Bulldog score, Leon Hardwick 13 and 8 for the other two. Dickie Turner, fullback, lumbered 67 yards for New Home's first half score, and QB Randy Unfred ran the conversion. New Home threatened two other times in the first half but failed to get across the goal line in each drive.

The second half saw the Leopards outplaying the Bulldogs, although each team scored once. New Home's tally came in the last second of the game when Unfred went over from one yard out.

The Bulldogs kept the speedy broken field runner Kenneth McClung bottled up pretty well, and Unfred and Turner carried the principal offensive threat. Kenny Timmons, Turner, Unfred, linebackers, and Guard Ricky Haley were outstanding on defense.

Because Texas failed to approve the proposed amendment increasing the size of the senate, Senator "Doc" Blanchard thinks the big city bloc can now have control of this body of the legislature. Re-adjustment of district lines will increase the power of Houston, Dallas, Fort Worth, San Antonio, Galveston and Jefferson county, where city interests and AFL-CIO are the strongest. He predicts, as a result, Texas will soon have open saloons, horse racing, a state income tax, and possibly a corporate income tax, and legislation of interest to the farmer can be given the old cold shoulder.

Mrs. Lloyd Nunley of New Home thinks Cheri Norman of Grassland, area Farm Bureau queen, is one of the sweetest and prettiest girls one could find and should go all the way in the State contest. She also thinks the Lynn county contests were keener than the area contests. Incidentally, her daughter, Linda Burleson, was area Talent Find winner, and David Unfred was area Discussion Meet winner—a grand slam win for old Lynn.

As we've said many times, Tahoka has reason to be proud of most of its young people, particularly the young gentlemen and young ladies who represent the school in athletics for the impression they frequently leave when on trips to represent the town.

Following the Crosbyton game Friday night, The Printer was among a group of local fans in a Ralls restaurant when our football squad came in to eat its after-game meal. Dressed neatly in white shirts and black ties, the group of boys filed into the dining room in as decorous and dignified a manner as they would entering a church—no loud talk, no loud laughter—and sat at the tables calmly until served, displayed exacting manners until the meal was finished, and most of them went by to thank the management and waitresses for a fine meal and service. Complete strangers in the restaurant, as well as the proprietors, were heard to declare they never saw better manners and more gentlemanly conduct from a gang of athletes. One would never have suspected they had just staged an upset victory. That group of boys was a fine bit of advertising for Tahoka in Ralls that night. Such action has been a policy of Tahoka teams for years and almost always draws favorable comment from folks in other towns when our teams are away from home.

We really get embarrassed sometimes not being able to put names with faces. Ran into a young man on the street one day recently who greeted us with a firm handshake. We knew we knew him, but for the life of us we couldn't place him. Finally, he told us he was Bill Rash and we could have crawled under a chip. Why, Bill Rash should be just a fresh young kid out of high school. Hard to believe, he's married; has a boy in the sixth grade, has been in the Airforce 14 years, and is an Airman First Class. He finished school in 1950.

Up at Halfway we ran into Cecil Curry, a successful farmer near Plainview whom we have known since he was in a diaper, and we went stone dumb and couldn't call his name a-tall. Then, Friday we saw W. W. Emerson of O'Donnell

and couldn't recall his name until he walked away . . . but that happens every day. It's not age, folks, just got too many things on our mind. But, such forgetfulness is plumb humiliating at times.

Mrs. J. H. Kuykendall called to find out when her paper would be out. "I've been reading The News for 45 years and I can't stop now," she declared. She and her husband came here in March, 1920.

Thanks to Clyde Allen for a little pat on the back. He doesn't agree with us all the time—but most of the time—and says he appreciates our "speaking out" in opposition to slanted news in the national press.

Joe D. Unfred gets so much razzing when he makes a mis-step, he sent The News a picture to prove he was actually laid up when he had his recent operation on his heel.

Advertising pays! Last week we called for a few subscribers to bring in a copy of the Sept. 3 News. We were deluged with about fifty copies. We not only appreciate the papers, which we need for our files, but we appreciate the fact that many readers keep The News around the house for several weeks and read and read and responded to the little ten line request for help.

DO YOU REMEMBER—

When automobiles had two-wheel brakes?

When ice cream was sold in summertime only?

When you brought your own gallon bucket to get syrup?

And when you carried your lunch to school in a syrup bucket?

When housewives thought they had a modern home after a water pump was installed on the back porch?

When button shoes were the latest fashion for men? And celluloid collars? And silk shirts?

Clipped gems: It's funny how the man who isn't good enough to marry your daughter can give you the smartest grandchildren in the world. . . . A brat is a child who acts like your own but belongs to a neighbor. . . . Nonchalance is the ability to look like an owl when you acted like a jackass. . . . WHERE DANGER LIES!

Dr. Ben Lehmborg quoted the following in a sermon: "I am more deadly than a screaming shell from a Howitzer; I ruin without killing; I break hearts and wreck lives. I have not respect for truth or justice, no mercy for the defenseless. You will find me in the pews of the pious and the haunts of the unholy. I am wily and cunning and malicious—and I gather strength with age. I make my way where greed, distrust and dishonor are unknown. I feed on good and bad alike. My victims are as numerous as the sands of the sea and often as innocent. I never forgive and seldom forget. I haunt clubs, cocktail parties and bull fests. My name is GOSSIP and my alias is RUMOR." —Methodist Bulletin.

Wayne Waters On Board Of TADA

Appointment of Area Directors throughout the state to serve in conjunction with the Board of Directors of the Texas Automobile Dealers Association was announced this week by TADA President Jack Rieger of San Antonio.

From Tahoka, Wayne Waters of Wayne Waters Ford was named to the post. His particular responsibilities will be to work with other TADA officials and to specialize in research that will aid the motor vehicle buying public and the automotive industry.

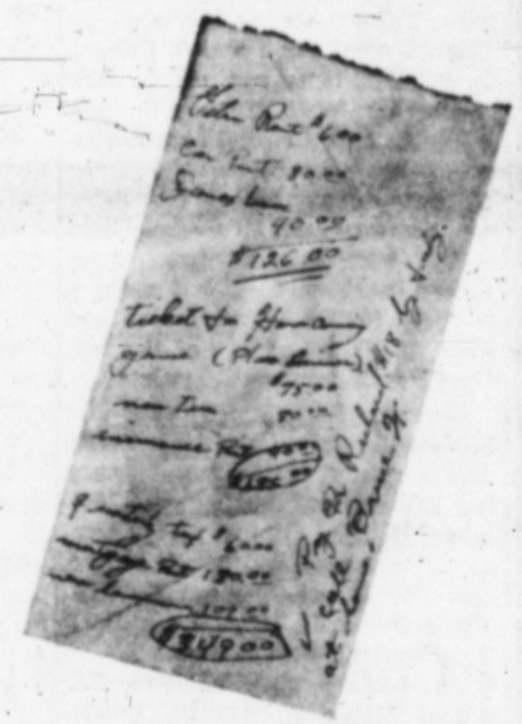

"The automobile long ago ceased to be a luxury," Rieger pointed out. "It is a necessity in our modern world, and franchised new-car dealers are sincerely concerned with making driving safer, more convenient, and more economical for our customers.

"Highway safety is a particularly important area for us," he explained. "We are especially proud of the number of automobiles loaned to schools for Driver Education by our members dealers. Legislation also is a vital matter for dealers and the public alike. Automobile dealers throughout the country are proud of the success of their efforts in reducing the excise tax on new cars. It is on matters of this type, at the grassroots throughout Texas, that our area directors work, and their help is of inestimable value to our association and to everyone who travels Texas highways," Rieger concluded.

Tahoka's ZIP Code is 79373.

How to save money when the budget says no

Buying U. S. Savings Bonds on the Payroll Savings Plan won't eliminate your monthly bout with the budget. But it will guarantee that you won't spend all your money before you save some.

Guaranteed—because the money is saved before you ever see it. Your payroll department sets it aside, as much or as little as you say, and puts it into Savings Bonds for you. No memory tests. No temptation.

The minute your Bond is bought, it goes to work for your future. It pays back \$4 for every \$3 invested at maturity—and even more if you hold it longer. A nice way to make your security grow.

Another nice thing: while your savings are growing, the dollars are helping our nation and our government keep strong for freedom.

Call your payroll department and sign up for the Payroll Savings Plan before next payday. See if you don't feel just a little bit better at bill-paying time.

Bulldogs Win...

(Continued from Page 1, Sec. 2)

got away running like a freight train for 24 yards to the Chief 31. Coburn made 4, Thomas 1, then Williams hit "Sticky-Fingers" Adams with an 18-yard pass on the Chief 8. From there, Mitch Williams on a keeper behind fine blocking went off right tackle for the score. Thomas kicked, and the score was Tahoka 7, Crosbyton 0.

Crosbyton quickly moved the ball out to mid-field, moved to the Tahoka 47, then tried another pass. Now, it was Tahoka's halfback and defensive linebacker Stanley Renfro who intercepted on Tahoka's 27 and ran the ball past mid-field to the Chief 48.

Tahoka Rolls Again

On the first play, Thomas rambled for 20 yards, then Renfro hit for 5, Coburn 4 and 1, Thomas 4, and Renfro carried 9 yards to the Chief 5. Now, Thomas went around left end the last 5 yards to score with still 4:34 left in the quarter. His kick was no good, but Tahoka now led 13 to 0.

After the kick-off, Crosbyton came up with an offensive that moved down field, but running plays were eating up the time. Lance Morris went in for Blagg at quarterback and completed a 14-yard pass to End Ronnie Wheelers on the Tahoka 21. Last year, Crosbyton had hurt the Bulldogs on the screen pass, so they tried one now and the Bulldogs were waiting for it and stopped Wheelers for no gain as the half ended.

Chiefs Get On Scoreboard

In the second half, the Chiefs received, moved down to the Tahoka 39, and three plays later

had to punt after Coburn, Davis and others had smothered the Chief quarterback for a nine yard loss trying to pass. Renfro ran the punt from the 10 to the 20.

Williams and Thomas moved to the 31, Adams caught a 10-yard pass, and five plays later Tahoka stalled on the Chief 48, and the rugged Chief line prevented Coburn from making a first on fourth and a half yard to go.

Now, moving up the middle, Chiefs went to the Tahoka 34 in six plays, then Tahoka drew a 15-yard penalty for piling on Blagg at the 38. With the ball on the Tahoka 23, Wheelers hit right guard for one, then hit the middle and went 22 yards for Crosbyton's first touchdown as the third quarter ended. The kick was blocked, and the score was Tahoka 13-6.

Hamilton on Long Run

On the kick-off, End Dean Hamilton took the pigskin and ran all the way from the Tahoka 25 to the Chief 31, where the Chiefs were assessed a 15-yard penalty and Tahoka had the ball on the Chief 16.

Thomas went around left end for 8, Williams kept and went to the right for 2, then Thomas went over right guard the remaining 6 yards to score. His attempted kick for conversion was blocked, but Tahoka now had the game tied away 19-6.

Crosbyton still wouldn't give up, though, and moved to the Tahoka 31, the longest gain coming on a 16-yard run by the quarterback. Here, Morris passed to HB Rob Barrett for 4 yards, and then they moved on to the Tahoka 18, where Tahoka held them on downs.

Crosbyton Scores Again

Thomas made 5, lost a yard, then Williams passed 5 yards to End Hamilton, but on fourth down Tahoka needed a yard. Davis went back to kick, got off an apparent safe one for 38 yards to the Crosbyton 35.

But, the Chiefs now pulled a rabbit out of the hat on the old criss-cross hand-off, and Flournoy showed the fans some fancy running for which he has become famous in his home town. His mates formed a wall up the west sideline, Flournoy cut in behind it, evaded two or three would-be Bulldog tacklers, and raced all 65-yards for another score. The kick was good, and Tahoka's lead was cut to 19-13, but there was less than three minutes to play in the game.

However, Tahoka drew a 15-yard penalty for roughing the kicker on the conversion, and the Chiefs kicked from the Tahoka 45. Coburn took the short kick on the 15 and ran to the 27. From here, Tahoka ate up the clock as Thomas went for 5 and 9, Coburn 2, and Williams ran right, back to the left for 5, Coburn 3, then Williams took two deliberate losses as time ran out.

It was a great victory for Tahoka, the first time in several years it has won its first two season games in succession; and quite a set back for Crosbyton, which had been publicized as one of the better Class A teams this year.

Coaches Don Smith and Jim Littlefield, while Coach Jim Tolley was scouting Slaton, used every boy in uniform, starting with Williams, Renfro, Coburn and Thomas in the backfield; Rett Patterson, Roy Isham, Tommy Kidwell, Milton Edwards, Mike Davis, Dean Hamilton and Phil Adams.

On defense were Kidwell, Edwards, Patterson, Coburn, Hamilton, Wayne Thurman, Thomas Patterson, Renfro, Chris Roberts and "Butch" Tomlinson.

Others seeing action were John Tyler, Buz Owens, Benny Limon, Gary Brooks, Richard White, Joel Inklebarger, Jody Edwards, and Lusiano Soliz.

Gary Tomlinson, ace halfback and co-captain played only on defense because of an injured thumb received in the Lorenzo game, and Clarence Long was out with an injury.

Go-Getter Bowling League Starts Play

The New Home Go Getters Bowling League began league competition Wednesday, Sept. 8, with most teams either winning or losing four points.

Freddie Kieth of the Confederates showed the Mac Farris how pleased he was on becoming the father of a big boy only a few hours earlier when he rolled a 201 game and 503 series, to help win four points for his team. Kent McClintock had high game of 155 and series of 381 for the losers.

The Armors, a new team in the league, won four from the Wagon Wheels. Willis Landers was high for the victors with his 154 and 412. The Wheels did not roll as well as usual with Joe Armontrout having high game of 159 and Don Sharp high series of 440.

The Squares showed what real go getters they were by rolling two, 500 series and taking four from the Tanglewoods. Bob Clem's 529 series was also high for the league and his 183 high game for his team. Babe Evans had a 515 series for the Squares, which was high for the women. The Tanglewood's E. R. Blakney rolled 154 for their high game and Nell Blakney rolled a 405 series.

Petty (in sent the Ad-Libs through the presses by taking four points. Bobby Norman and O. R. Phifer bowled like pros with their 195 game and 491 series. Frank Liseby was high with his game of 168 and Roger Blakney had high series of 450 for the Ad-Libs.

The Purty Bad team did not do so badly since they won 3-1 over the Pin Pickers. Frances Holder tried to beat her husband, A. L., and did for high game of 170, but he came out with the top series of 465. The Pin Pickers must have done just that with the exception of Jerry Brown who rolled a 194 game and 465 series.

Gayland James and Nick Ford rolled 185 and 463 respectively to show they were no Lane Loafers, as their name might indicate, when they took three to the Foul-ups one. Charlie Louder could not be accused of fouling up with a nice 182 game and 489 series—Bobbye Blakney, reporter.

Others seeing action were John Tyler, Buz Owens, Benny Limon, Gary Brooks, Richard White, Joel Inklebarger, Jody Edwards, and Lusiano Soliz.

Gary Tomlinson, ace halfback and co-captain played only on defense because of an injured thumb received in the Lorenzo game, and Clarence Long was out with an injury.
