Mobile X-Ray Unit Will Be In Tahoka All Day Saturday

Lubbock-Hale County Tuberculosis Association will have its mobile chest X-ray unit in Tahoka this Saturday, September 25, on the west side of the square. The unit will be in operation from 9:00 a. m. until 6:00 p. m.

Members of the Tahoka Junior Chamber of Commerce will serve as volunteer clerks for the unit. There will be a minimum charge of 50 cents for a token payment of the X-ray. The Tahoka Jaycees are paying all other expenses. Contributions over 50 cents will be used to offset other expenses of getting the chest X-ray unit in Tahoka.

The X-ray unit was placed near the schools Friday, Sept. 17, and is coming here for a second time tomorrow.

All resident of Lynn County are urged to take advantage of this opportunity to have his chest X-rayed. These X-rays detect many of the abnormalities of the chest other than tuberculosis, such as cardio-vascular and other respiratory diseases.

Remember, tuberculosis is contagious. You could be a carrier without knowing. Symptoms usually do not occur until later stages of the disease. By that time, one could transmit the disease to his friends and family. **WHY NOT BE SURE?** Your life is not the only one involved.

This is another community service sponsored by the Junior Chamber of Commerce in the interest of the general health of this area, and it is hoped that a large number will avail themselves of this opportunity.

Lynn Pioneer Buried Tuesday

Ed N. Milliken, 77, pioneer Lynn county resident, passed away at about noon Monday in Mercy Hospital in Slaton, where he had been in ill health several years with a heart ailment.

Funeral services were held Tuesday at 2:30 p. m. in First Baptist Church of Slaton with Rev. Hank R. Scott, Seagraves Baptist pastor formerly of Wilson, and Rev. Max Browning, pastor of Wilson Methodist Church, officiating. Burial followed in Inglewood Cemetery at Slaton.

Mr. Milliken was born in Runnels county early in 1888. He came to Lynn county in 1906 with his parents, the late Robert Millikens, when they bought the old Kershner place southeast of Wilson in Old Lynn community. He was married on October 17, 1909, at Wilson to Miss Aubrey Shaw, member of another pioneer family of the old Morgan community.

Married 56 years this coming month, the couple lived in the county all their married life, their farm being east of Wilson and west of Southland.

Survivors include his wife; three sons, D. P. and Ralph, both of Lubbock, Rt. 4, and Byron (Shorby) of Tahoka, Rt. 4, New Home area; one brother, G. R. (Bud) Milliken of Tahoka; a sister, Mrs. Charley Logan of Christoval; seven grandchildren and eight great grandchildren.

ATTEND FUNERAL SERVICES

Among relatives from Tahoka attending funeral services for Ed Milliken of Wilson in Slaton Tuesday afternoon were his brother, G. R. (Bud) Milliken; nephew, A. R. Milliken, and wife; nieces, Mrs. Irvin Dunagan, Mrs. Garland Pennington, Mrs. Jack A. Robinson, Mrs. Olen Renfro, and husbands, and Miss Echo Milliken.

Mrs. Zaragoza Garcia underwent surgery in Tahoka Hospital Tuesday and was reported to be doing fine.

Help keep Tahoka clean!

Prestige Plates Available Here

Only six personalized, prestige auto license plates have been sold in Lynn county, according to George D. McCracken, tax assessor and collector.

The prestige plates can be secured on application, accompanied by a \$10.00 fee, through Lynn county tax office. The fee for the special privilege is in addition to normal auto registration charges. But, once a person has one of these plates approved he may maintain such permanently on an annual renewal basis.

Salad Supper For Benefit Of Seniors

Senior Mothers will sponsor a Salad Super "Plus" tonight, Friday, from 5:30 until 7:00 p. m. in the Lyntegar Building.

Tickets will be \$1.00 for adults, 75 cents for children under 12, and 50 cents for pre-school age children.

The menu will consist of cold cuts, salad, baked beans and dessert.

Advanced tickets may be obtained by calling 998-4733 or 998-4257 or contacting any senior student.

Jaycees Change Date For Meetings

Tahoka Jaycees voted at their regular meeting Tuesday night to change their meeting date to the second and fourth Thursday nights of the month. They have been meeting on the first and third Tuesday nights, but conflicts with other meetings have prevented some members from attending.

Minor Pounds of Lubbock, district director of the Junior Chamber of Commerce, was at this week's meeting and brought to the local club information about what is going on at district, state, and Jaycee, levels.

Binie White is the local president.

Sponsor Needed For Goodfellow Fund

There will be no Goodfellow Fund in Tahoka this year unless some organization or group of people wish to take the Christmas custom as a project.

At the present time the fund has \$70.00 on deposit, which is a larger balance than usual left from the previous year.

Several organizations have expressed a willingness to help with the project, but none has been willing to take the lead.

Any group wishing to sponsor the Goodfellow Fund may contact Mrs. Margaret Pinkston at 998-4707.

Palo Duro Show Met Big Response

Canyon—Final presentation of Palo Duro Canyon Amphitheater's "Thundering Sounds of the West" for this season climaxed an amazing first-run summer theater event.

Box office records show that 35,938 people enjoyed the light and sound production in Palo Duro Canyon State Park.

The seating arrangement planned originally for 1,000 had to be expanded by 300 early in the season and that still wasn't enough. The closing three performances saw crowds of approximately 1,500 each.

The cast drawing all this attention was made up entirely of local talent, observed W. M. "Mark" Gosdin, assistant director for the parks of the Texas Parks and Wildlife Department.

Tahoka's ZIP Code is 79373.

Homecoming Set For October 15th

Preparations are underway for the annual Homecoming of Tahoka High School ex-students and ex-teachers to be held on Friday, Oct. 15 when the Bulldogs meet the Plains Cowboys in conference football competition here.

Cards are being sent to ex-students whose addresses are known and relatives and friends are urged to inform anyone who lives away from the county.

This year the Class of 1945 will be honored and will observe its 20th anniversary, according to Mrs. Gerry Lankford, president of the Ex-Students Association.

The event will begin with a program at 2:00 p. m. in the high school auditorium.

A supper is being served that evening from 5:30 until 7:00 by the Senior Mothers in the school cafeteria and ex-students are invited to attend that event. Tickets will be \$1.50 and 75 cents. Those wishing advance tickets may obtain them from Mrs. Pat Park, route 4, Tahoka.

Following the football clash at Kelly Field, a visiting hour and coffee will be held in the Lyntegar building and all ex-students are especially urged to come by to visit their old friends.

Other officers of the Ex-Students include Sam Edwards, vice president; Pat Park, secretary; and Billy Tomlinson, reporter.

Field Day Set Next Tuesday

Field day at the Lubbock Experiment Station, now known as South Plains Research and Extension Center, was postponed from Tuesday of this week until next Tuesday, Sept. 28, beginning at 1:00 p. m. The center is seven and a half miles north of Lubbock on US 87 highway.

Rain floods last week end made necessary the postponement, states County Agent Bill Griffin.

He urges all farmers interested in cutting production costs and new developments in crops and agriculture in general to attend.

FOOTBALL FIELD CAR GATE WILL OPEN EARLY

The south car gate at Kelly Field will be open from 4:00 to 5:00 p. m. each Friday afternoon when there is a home football game, so that fans may park their cars inside, according to Principal Clifford Gardner.

The gate will be closed at 5:00 p. m. and opened again at 7:00 p. m.

Four rare metals are named for the Swedish town of Ytterby—erbium, terbium, ytterbium, and yttrium.

Child Welfare Office Opens

Since June 15, Lynn county has had its own office of the Dawson-Lynn Child Welfare Unit with Mrs. Jerry (Sandra) Cain the county worker of the Child Welfare Division of the State Department of Public Welfare.

Located in the basement of the court house in Tahoka, the office is open each Tuesday morning and Wednesday afternoon. Other hours of the week, Mrs. Cain may be found working in Lynn county with the people served by the Dawson-Lynn unit.

The unit has been in existence since March of 1964, but Mrs. Mildred Crump of Lamesa was loaded with working both counties, coming to Tahoka on designated days. The addition of Mrs.

Discount Offered On Tax Payments

Lynn county taxpayers may save three percent on state and county taxes by paying these taxes in October, states George McCracken, Lynn county tax assessor and collector.

The deduction will be reduced to two percent for November and to one percent for December. In January, the full price will be applicable, and after January 31, penalty and interest must be added according to state law.

Texas citizens still pay poll taxes to vote in state, county, city and school district elections. Citizens are reminded that poll taxes are not included in tax statements mailed out to property owners.

A person may vote in national elections by registering as a voter.

MEETING IN AUSTIN

Mrs. Bill W. Davis of O'Donnell is scheduled to attend the board meeting of the Texas Federation of Women's Clubs in Austin October 4-5. She is treasurer of the state organization.

Tahoka Bulldogs Playing Idalou Wildcats Tonight

Stung by defeat at the hands of the Slaton Tigers 8-0 last Friday, Tahoka Bulldogs could prove their metal tonight if they can put up an impressive game against the Idalou Wildcats of District 4-A. Game time is 8:00 p. m. on the Tahoka field.

The Bulldogs put up a fine fight against Slaton but lacked the offensive spark to overcome an early Slaton touchdown and conversion and several bad breaks in the game.

Although loser to strong Springlake 0 to 34 and to Kress 13 to 0 in a game the Tigers fumbled away.

Tahoka's boys took Lorenzo in the opener, then upset Crosbyton 19 to 13 in convincing fashion, before dropping last week's game to Slaton.

Coaches Don Smith, Jim Littlefield and Jim Tollett have been spending a lot of time with the boys this week working on methods of moving the ball against Idalou's strong seven-man line, and throwing up a defense to contain the fast Wildcat backs and quick dive plays and pitch-outs.

Rett Patterson, center and top Bulldog defensive man, is out for two or three weeks. He is the victim of a "haymaker right swing" thrown to the left jaw by a Slaton player on the last play of the game Friday night, clearly recorded on the game film.

Guard Tommy Kidwell is out with a broken finger, but Clarence Long is expected to be ready to bolster the line and Halfback-Linebacker Gary Tomlinson may be able to see a lot of service.

For Coach Bob Baker's Idalou Wildcats, QB Raymond Ater, 159-pound senior letterman, a fair passer, will direct the attack. At

left halfback will be either Larry Isom, 160, junior, or Ken Burford, 148, senior, both speedsters; and at right halfback will be Jody Chance, 170, sophomore. Fullback spot will probably be filled by Ray Cannon, 160 pound junior.

In the center spot will be another "toughy", Gene Culepper, 175 senior letterman; Mike Harris, 175, and Dale Layne, 190, both junior lettermen, will be the guards; Jimmy Taylor, 190, and Mike Hurst, 200, tackles; and Ronald DeBusk and Bryan Shadden, both 160 and juniors, ends.

Andy Bray Leaves For Africa Soon

Andy Bray, who has just completed three months training in the Peace Corps, will arrive home this week end for a four-day visit with his family. Part of his training took place this last month in the Virgin Islands.

After a short visit here, then with Mr. and Mrs. David Bray in College Park, Md., he will fly by jet plane on October 5 from New York City to Nigeria, Africa, to spend two years working with the Peace Corps. His work will be in the field of agriculture assisting a Yorubi tribe in a small village.

40 BOYS SIGNED UP IN PUNT, PASS, KICK CONTEST

Forty boys have signed up at Wayne Waters Ford for the Punt, Pass and Kick contest for boys 8 to 13 years of age. Deadline is October 8.

Boys from all over the county, especially from the Wilson and New Home school districts, are especially invited to enter for there are free prizes for all entrants and a chance for a free trip to the national contests.

Rains Delay Crop Maturity, Damage By Hail Is Slight

South Plains Fair Opening Monday

Tahoka schools will dismiss at 2:40 p. m. next Monday so students who desire may attend the Panhandle South Plains Fair in Lubbock which will run through the following Saturday. Classes will resume Tuesday morning.

Tahoka High band will not participate in the parade of bands this year at 10:00 a. m. Monday, local school authorities announce. Bands from Wilson and O'Donnell are entered in the parade, however.

County Agent Bill Griffin of Tahoka is again the general superintendent of the agricultural department.

Rotary Honors Local Teachers

Near 200 people were present for the annual Rotary Club banquet Tuesday night in the cafeteria honoring Tahoka school teachers and other personnel.

Using the subject, "You and I," Harold Green, local attorney and Rotarian, brought an address that was unique, informative and entertaining.

He emphasized the importance of "You and I" and "u" and "i" in successful living, for there would be no business, no agriculture, no education, and even no universe without "u" and "i".

Most of us are interested in building stepping stones and not stumbling blocks, the speaker said, and went on to list some of these stumbling blocks caused by "I" diseases such as egotism, piousness, praise seeking, and selfishness.

Green declared "You and I" are frequently looking for people named "They" who should do something about everyday problems, such as juvenile delinquency, taxes, etc., but he had found "They" never existed because there is no "u" and "i" in the word.

Dr. Emil Prohl, in charge of the program, introduced the speaker.

Preceding the principal address, he also introduced A. M. Bray, who, in turn, presented Miss Olga Aivazis from Athens, Greece, who has been here this summer as the foreign student guest of Tahoka Rotarians.

Miss Aivazis expressed deep appreciation for the trip and said, "When I go back I will tell the Greek people Americans are blessed and are the best people in the world." The club presented her a gift of luggage.

Other special guests included Phil Adams and Stanley Renfro, Rotary student guests for September a gift of luggage.

W. L. Green Gets University Job

M. L. Green has resigned as principal of Wilson High School and leaves this Friday for Oklahoma to become affiliated with the new Bethel Baptist University, being built between Atoka and Coalgate.

The new university will open on October 6 and expects a first year Freshman enrollment of 300.

Mr. Green has been a principal in the Wilson schools eight years, and Mrs. Green formerly taught in the second grade there. Mrs. Green is the daughter of Mrs. "Dock" Dewbree.

At the Oklahoma school, he will be the school registrar and teach two classes, while Mrs. Green will teach English.

OTHER STUDENTS GOING TO COLLEGES LISTED

Another Tahoka ex-student who is attending Texas Tech this fall is Jack Jaquess, Jr.

Miss Jackie Burnett is also attending Tech instead of West Texas State, as reported last week.

West Texas State: Betty Edler. The News is certain its list is very incomplete. Readers are asked to report others they know about.

Mrs. Pearl Holloway, who has been here several weeks visiting the Mitchell Williams family, expects to return Sunday to her home in Hope, Ark.

Phosphorus, an essential constituent of the human body, is a deadly poison in its pure form.

The roadrunner is a member of the cuckoo family.

Lynn county missed the big rains this past week which hit Lubbock and some other areas, but most farmers were wishing for dry, warm weather anyway to mature crops before possible early frost.

The rains were spotty over the county, but Tahoka received a total of 1.38 inches Thursday through Monday, bringing the total in town to 1.69 for the month and 15.07 inches for the year.

Hail was reported in three county areas Monday afternoon, but little damage was done if reports reaching The News were correct. Light hail fell in the New Lynn area, another in the Cleve Littlepage area south of town, and a third west of O'Donnell.

O'Donnell received 73 inch rain Monday, up to an inch west of town, and pea-size hail covering about 10 sections caused about 10 percent damage in the vicinity of the Mrs. Beatrice McLaurin, A. L. Allen and Scholer lands.

O. G. Smith of O'Donnell Index-Press says cotton looks the best in five years and late feed is above average, although early feed burned up. Some cotton pullers have arrived in O'Donnell area.

Cotton was beginning to open up when the rains started, and a few scattering bales had already been pulled. Most farmers will pass up hand pulling, even if labor is available, which is not too likely, and harvest their cotton by machine. Some are preparing to use defoliant to speed the opening of cotton.

Much dryland cotton this year is almost as good as irrigated, other cotton suffered too much from dry weather to respond properly after the August rains. The irrigated situation is similar; some of it very fine and some not so good because of inability to get water to the cotton in time.

M. P. Garner, 84, Dies At Roswell

M. P. Garner, 84, of Roswell, N. M., an uncle of R. H. (Hick) Gibson of Tahoka, passed away in Roswell Wednesday of last week.

Funeral services were conducted in Roswell Friday.

The Garners resided in Tahoka from 1950 to 1956, when Mr. Garner was employed by Gibson Motor Freight. Mr. Garner had been retired the last several years.

Attending the services were Mr. and Mrs. Gibson and daughter, Mrs. Homer Dan (Sunny Sue) Vaughn of Grand Prairie, Wilford Gage and Mrs. Jim Anderson, both of O'Donnell.

VISIT R. A. LAMBS

Mr. and Mrs. Richard (Doris) Clayton of Mesquite were home over the week end visiting her parents and sister, Mr. and Mrs. Robt. A. Lamb and Mrs. Carol Baker of Wayside. Richard works with Ling-Temco-Voight in Greenville. Carol is working in Lubbock while her husband is in service.

Also visitors in the Lamb home Sunday were Dan Lamb, wife and son, Gary, of Post.

Mrs. Rutha Tilley received overnight treatment in Tahoka Hospital after receiving three or four fractured ribs as a result of a fall at her home Saturday.

Tahoka Garden Club Opens New Season At Luncheon Meet

At the Tahoka Garden Club luncheon Tuesday, the first meeting of the season, Mrs. Jack Fenton and Mrs. Harley Henderson were hostesses. Much interest was shown in plans for the Annual Flower Show to be held Oct. 23 at 3:30 until 9:00 p. m. in the home of the president, Mrs. Hubert Tankersley.

The Flower Show theme, selected and rules were discussed by Mrs. Nat Park. A period of training in flower arranging was led by Mrs. E. R. Edwards.

Each member received a copy of the new year book and the program chairman, Mrs. J. Dudley Martin, called attention to the Calendar of Special Events, the Programs and Projects for 1965-66.

One guest was present, Mrs. H. P. Caviness, and six new members were received into the membership. Mrs. J. T. Bryce, G. B. Sherrod, Ed Stone, Billie Carr, A. C. Weaver and Robert Warren. Mrs. G. H. Hines' arrangement of flowers was judged first place.

It was suggested that now is the time to plant crocus and daffodil bulbs.

O'Donnell Ladies Observing Special Homemaker Week

Since the week of Sept. 19-25 has been proclaimed as Young Farmer-Young Homemaker Week in Texas by Gov. John Connally, the O'Donnell Young Homemakers organization has planned many activities for the occasion.

Throughout the week a display may be seen at the O'Donnell First National Bank of the awards won at the Area II meeting in Brownfield.

On Monday, Mrs. Harold Sanders, president, will talk to the PHA girls working on their degrees to encourage each of them to work for the Little Sister award.

Tuesday through Friday there will be a booth at the Dawson County Fair in Lamesa.

A Membership Tea will be held at 4:30 p. m. Wednesday at the Homemaking Building for all women between the ages of 18-35 who are interested in the work of the Young Homemakers.

At the recent O'Donnell Fair, the organization had a booth depicting "The Joys of Being a Woman." The group won first place ribbon and also a championship ribbon for the overall booth in the Educational division.

The O'Donnell organization plans an outstanding year. New officers include Mrs. Harold Sanders, president; Mrs. Buster Snellgrove, vice president; Mrs. Jearld Barton, secretary-treasurer; Mrs. Freddy James, reporter; and Mrs. Kenneth Williams, historian.

Gene Akin, Former Tahokan, Gets Honor

Lubbock, Sept. 23—Gene Akin, reared at Tahoka and a 1946 Tahoka High Graduate, has been awarded the coveted Chartered Life Underwriter designation at National Conferment exercises of American College of Life Underwriters in St. Louis, Mo., on Sept. 15.

The CLU designation is granted to persons in life and health insurance who pass a series of professional examinations and meet the stringent experience and ethical requirements of the College. The typical candidate has had special college or university training, and spends four to five years in this work.

Persons who obtain the Chartered Life Underwriter designation are privileged to use the term of its abbreviation (CLU) after their names, to wear the CLU key, and are eligible to become members of the American Society of Chartered Life Underwriters.

Akin has been in life insurance business for 10 years, is vice president of South Plains Association of Life Underwriters, and represented this organization as official delegate at the St. Louis convention.

He is the son of Mr. and Mrs. George Akin, formerly of Tahoka, now of Roswell, N. M.

Two Tahoka Ladies Prove Fishing Skill

Mrs. W. R. (Tiny) McNeely and Mrs. D. R. (Mary) Grayson don't wait for their husbands to go fishing, and they're probably the top fisherwomen in Tahoka.

Early this week Tiny brought The News a picture for evidence that they catch fish, their largest fish caught last Friday at Lake Stamford being a 19 pound catfish.

They run their own boat, set trotlines, bait the hooks, take off and dress their own fish. Tiny didn't say whether or not they let their husbands in on the eating.

The name arsenic comes from the Greek word for "bold," from its action on other metals.

O'Donnell Community Fair Winners Are Announced

A large number of entries was judged at the O'Donnell Community Fair which ended Saturday and General Superintendent Harold Hohn said a record number turned out to view the displays.

The flower division won the trophy for the nearest division. Mrs. A. F. Allen, O'Donnell Young Homemaker, and Mrs. J. C. Swinney were heads of that department.

Plans to improve the fair for next year are already underway, including more advance publicity; Friday designated as "fair day" for elementary grades; Saturday as "big day" with pie and watermelon eating contests; children's turtle race and bubble gum blowing contest.

Door prizes this year were won by Carey Line, presented by O'Donnell Electric; Monte Barton and J. D. Stuart, Texas Electric Service Co.; and Zane Harris, Lyntegar Electric Cooperative.

Young Homemakers won first and championship on its booth; Young Farmers, first; FHA, first; FFA III, first and championship; FFA I, second; and FFA II, third.

A New Boy Scout Handbook

New colorful cover for the seventh edition of the Boy Scout Handbook, out September 15, gives the flavor of Scouting which serves all boys. With this new edition the Boy Scout Handbook attains a total printing since 1910 of 21,175,000 copies. It is undoubtedly the single book with the largest circulation of any book produced for young people anywhere in the world.

The Boy Scout Handbook has introduced millions of boys to

their first knowledge of nature lore, first aid, proper respect for the flag of the United States, and a wide range of know-how supplementing school courses.

Bearing the subtitle of "a handbook of training for citizenship through Scouting," the Boy Scout Handbook is the "spokesman" of the Boy Scouts of America. It interests Scouting which, since 1910, has affected the lives of 40 million American boys and leaders.

Gordon-Southland News

(By Mrs. Edmund Wilke)

A soggy good morning to you! We surely have had some nice rain in the past few days. As a reader so properly stated—it is a little late for this year, but it will benefit next year's crop. We have a lot of open cotton and I kind of hate to see so much rain on it at this time, but we do have to take things as they come.

We would like to welcome Mrs. Marie Kiesel back to Southland and Slaton. She has been living at Bartlett, Texas, for several years, and now she has brought her home in Slaton on 15th Street. She had formerly lived in this community for a great many years and I know that all her friends and relatives are happy to see her back here.

The old D. G. Stolle farm home is being redone and when it is finished, Mr. and Mrs. Leo Stolle plan on moving into it. Mrs. Mary Stolle plans on making her home with Leo and Faye. The Leo Stollers are some of our closest neighbors and I am going to miss them.

Some of you may not know this, so I am going to brag a little. Southland has played two football games and have won both of them! Good work boys, and Coach Dyess.

Mrs. Willie Becker went to Tahoka on Thursday to attend a cosmetics meeting. She has taken over a route for this community.

Miss Carol Stolle has returned to Texas Lutheran College where she is classified as a senior.

Visitors in our home this past week were: Mr. and Mrs. James Riney and Cathy; Mr. and Mrs. Wallace Becker and Belva; Mr. and Mrs. R. M. McMinn; Mr. and Mrs. Alvin Becker; Mr. and Mrs. Ronnie Becker and Cindy; Mrs. Chris Gindorf Jr., Patsy and Joan; Mr. and Mrs. Chris Gindorf III, Cynthia and Cloressa; Mr. and Mrs. Milton Gindorf and Shelly; and Mrs. Libby Schneider.

Mr. Willie Becker and Mr. and Mrs. Junior Becker have gone to Ruidoso, N. M., where they will pick up a load of things belonging to Mr. and Mrs. Gilbert Becker and move them back here to Southland. Mr. and Mrs. Gilbert Becker are in Kansas City at the present.

Mr. and Mrs. Herman Dabbs, Brenda and David went to Dallas recently to attend the Texas Rural Electrification Administration Cooperative meeting. While they were there, Mrs. Dabbs was lucky enough to win one of the door prizes. She won an upright freezer. Isn't that wonderful? Congratulations Thelma! The meeting was held at the Sheraton Hotel.

We were so very sorry to hear that Mr. E. N. Milliken died Monday. He has been in the Mercy Hospital for several weeks. Our sincerest sympathies goes to his family.

Mr. and Mrs. Lee Mayberry and sons have recently returned from a trip to Ruidoso, N. M. They reported that they had a wonderful time. Before returning home they visited their families at Stamford and Hamlin.

Mrs. Lucille Myers spent this past week end in El Paso. Making the trip with her were two of her sisters, Mrs. Clifford Leddy from Abilene and Mrs. Alex Fry from Spur. They went to El Paso to visit Lucille's nephew who attends Texas Western College and plays on their football team. Texas Western was playing North Texas State on Saturday and Texas Western won the game and this thrilled Lucille very much. This is the first time that she has seen her nephew play football since he has been in college. His name is

Lutheran Meeting At Slaton Oct. 1-2

The meeting of the Northwest Conference, American Lutheran Church, will be held on October 1 and 2, 1965 at Grace Lutheran Church in Slaton.

Registration begins at 5:00 p. m. on Friday. The Communion Service will follow with Dr. Vernon A. Mohr, Southern District President, preaching and Rev. John W. Onda, pastor of St. John Lutheran Church, Wilson, conducting the liturgy. Rev. Robert Cordes, president of the Conference, will preside at the business meeting.

The emphasis on Saturday will be that of stewardship, with the

theme: "My Brother's Keeper." Rev. Edward V. Long from Austin, will be the guest speaker, along with other men from the Conference.

On September 29 and 30, the Conference pastors will have a camping retreat at Buffalo Springs Lake. Here they will have further study in the area of stewardship; the giving of one's time, talent, and treasure.

Odus Tew was admitted to Tahoka Hospital last Friday as a medical patient.

Temple Brashear is a medical patient in Tahoka Hospital, having been admitted Monday.

First Bale Of Cotton Ginned

Congratulations are in order for Lupe Arellano who brought in the first bale of cotton to be ginned Wednesday, Sept. 15 at the Co-op. It contained 1820 pounds of seed cotton and turned out 497 pounds of lint. The cotton was raised on the Louie Brosh farm, Route 1, Wilson, but belonged to Lupe

Arellano. The Co-op gin reports that he will receive a bonus prize. The bale of cotton is located on the sidewalk in front of the bank.

Band In Fair Parade

The Wilson Mustang Band has been invited as one of the area bands to participate in the Fair Parade on Sept. 27 in Lubbock. They have marched in the fair parade for several previous years. A good turn-out of band students has joined in the activities of the band for this school term, under the direction of Coy Cook.

Lions Club Report

Sept. 16, the regular Lions Club meeting was held and a report was given by David Peterson about the trip made to A&M College at Bryan. Also making the trip were Sam Crowson and Jackie Bishop. The trip was sponsored by the Lions Club.

Films were shown to the group at the meeting about the Fireman's School and things that were taught to the ones attending. The Lions Club members had donated \$10.00 each to the crippled children in Kerrville. At the directors meeting earlier, the Lions Club members discussed the advertising sales in order to print the football programs this year, as they sponsor the programs each year.

How to save money when the budget says no

Buying U. S. Savings Bonds on the Payroll Savings Plan won't eliminate your monthly bout with the budget. But it will guarantee that you won't spend all your money before you save some.

Guaranteed—because the money is saved before you ever see it. Your payroll department sets it aside, as much or as little as you say, and puts it into Savings Bonds for you. No memory tests. No temptation.

The minute your Bond is bought, it goes to work for your future. It pays back \$4 for every \$3 invested at maturity—and even more if you hold it longer. A nice way to make your security grow.

Another nice thing: while your savings are growing, the dollars are helping our nation and our government keep strong for freedom.

Call your payroll department and sign up for the Payroll Savings Plan before next payday. See if you don't feel just a little bit better at bill-paying time.

DID YOU KNOW THAT:

During the past 25 years Texas Forest Service tree nurseries have produced almost 400 million pine seedlings. Such a quantity is sufficient to plant a strip of land 100 feet wide, almost twice around the earth at the equator. Both pine and hardwood seedlings are sold to Texas landowners at a nominal cost each winter. They are made available only for reforestation and windbreaks.

GRASSLAND NEWS

(By Mrs. O. H. Hoover)

Wasn't the rain good? Rather late, but rain in West Texas is always good and I am so glad we didn't have hail and storm clouds. Count your blessings.

Mrs. Doyle Terry and Mrs. Inez McGrew and grandson, Terry Rains, of Lamesa spent the day Friday in the C. A. Walker home.

Mr. and Mrs. Burl Baker of Carlsbad were overnight guests of the L. A. Enloes. Kathy Cooper and Marilyn Gordon of Slaton were also overnight guests of the Enloes.

Correction: Last week I stated the Gene Coopers were guests of the Enloes. It was Mr. and Mrs. Gene Draper of Comanche, instead. Sorry folks.

The L. A. Enloes and the Burl Bakers had dinner Saturday night at McAdoo.

S. A. Benghe has improved a lot since he came home from the hospital. He still has trouble with his breathing, however.

Rev. and Mrs. Reed went home with their daughter Sunday. He will have a checkup and come home Wednesday.

Visitors in the Bob Norman home Sunday were Mr. and Mrs. Reagan Reed and children of Brownfield, Mr. and Mrs. Ruel Smith and Mr. and Mrs. Raymond Gerner and daughter of San Angelo. Incidentally, their son, Wade Gerner, is a paratrooper in the Saigon war zone. He says it's plenty rough there.

Terri Dean is on the sick list. She didn't go to school Monday.

The Amos Gerners visited Rufus Gerner Saturday. He had surgery last Tuesday but is home now and doing fine.

Mrs. Lorene Gerner visited her daughter, Laura, in Lubbock Saturday.

Visitors in the C. M. Greer home were his brother and wife, Mr. and Mrs. Aaron Greer of San Angelo and Alton spent the day with them Sunday. Mr. Greer is about as usual.

Mr. and Mrs. W. G. McCleskey visited the W. M. Dubose family in Brownfield last Wednesday.

Carlos and Janette McCleskey and children and Hoolie and Lavern McCleskey spent the day Sunday with the W. G. McCleskeys.

Mr. Phillip Murray and family have been spending a few days here with his parents and other relatives before leaving for Spain to spend three years. He is in the Air Force. They drove to New York and will fly from there. They have two children. The Murray clan met Saturday night in the home of their parents, the Tom Murveys, for a last get together before they left. Attending were the James Murray family, the Bert McDonald family, and the Hulan Murray family of Lamesa. We wish Phillip and his family good luck and best wishes all the way.

Brenda Furlough has been in the hospital with strep throat. She is at home now and doing fine, we are glad to say.

Mr. and Mrs. Lewis McKay attended a birthday dinner Sunday honoring their son-in-law, Kenneth Wilson, in Lamesa. His mother prepared the dinner.

Mr. and Mrs. S. A. Mensch have moved into the Hensley house they bought some time ago. They plan to operate a cafe in Draw.

Mr. and Mrs. Robert Joins of San Benito visited in the Hoolie McCleskey home Wednesday. Thursday Leonard and Bernice Gribble gave a luncheon for them in their home. Attending were Hoolie and Lavern, Mrs. Hillie Johns, who is visiting the J. C. Allens of Lubbock, H. C. Mickey and Kim Gribble, the Carlos McCleskeys and the Robert Joins.

Mr. and Mrs. W. G. McCleskey visited an old friend in Slaton, Mrs. Alice Stephenson, one day last week.

Kenneth Huffaker and Rev. Stahly drove to Snyder to hear Bro. Langford preach in a revival there.

Herman Huffaker is still in Colorado Springs at the home of his daughter. He is not doing so well. He had been told he could come home last week but the doctors changed their minds. We wish for him a speedy recovery.

SMALL BUSINESS

On many occasions, and for many years, the nation's independent business proprietors voting through the National Federation of Independent Business have opposed increasing encroachments of State Dept. into all phases of American activity, as well as interfering with other nations.

Without State Dept. American taxpayers would have saved many billions of dollars thrown away in so-called foreign aid. State Dept. interference destroyed Winston Churchill's top prestige, Anthony Eden and turned the near East over to Nasser.

A case in point is the cold war now being waged against the Republic of South Africa by the State Dept. This is perhaps the only African nation not taking U. S. foreign aid. It is returning 13 to 17 per cent on almost a half billion dollars in American investments. It is the largest gold producer in the free world and maintains small put-potential foreign exchange.

The Republic of South Africa is not only a militant opponent of communism, but what is perhaps more important, is an exponent of free enterprise.

They get not, neither do they ask, one cent of U. S. foreign aid. And it is indeed ironic when the U. S. so desperately needs South African gold that they cannot buy arms from the U. S. for cash. On the other hand, millions of foreign aid, plus arms is being handed out freely to jungle African nations, some ruled by communists, not to mention those where given opportunity, they eat American missionaries and emissaries.

But as the whites through hard work and free enterprise developed a prosperous land, negroes from the midlands called Bantus, moved down to share in the developing wealth.

The Bantus of land have been given to the Bantus, to develop their own communities. They have their own local government which is represented in the national government, three Bantu universities, almost 30,000 Bantu teachers. In 16 years among 11 million Bantus there are more college degrees than have been awarded to 70 million other native Africans in the past 59 years.

In addition, it is recognized they have the right to practice their own religious and customs. For example, in their religion, they believe in polygamy, so in their own towns and on their farms polygamy is recognized. More than 12,000 Bantus own businesses.

It is perhaps quite fruitless at this date in history to compare the freedom of Bantu immigrants into South Africa with the American treatment of either the native Indians, or the colonizing Mormons.

Young Farmers Seeking Members

Tahoka Chapter of Young Farmers now has a membership of 19 who meet on first Monday of each month to have an educational program on some new advancement in agriculture.

The organization is made up of young farmers and businessmen interested in farming, new developments in agriculture, and in receiving training for future leadership of the community, state and nation.

There are 225 active chapters in Texas with a membership of 4,500 operating under auspices of Vocational Agriculture departments of public schools.

Local officers are Joe Brooks, president; Guy Witt, vice president; Mike Orr, secretary; and Donald Williams, reporter. Jimmy Williams, a local member, was elected Area II vice president at the Sept. 11 meeting in Brownfield.

The local chapter would like to extend an invitation to anyone interested in joining the club or anyone interested in attending as a visitor.

If on Labor Day a Texas motorist were to start driving over the State-maintained highway system for 10 hours a day at an average speed of 60 miles an hour he wouldn't be home again until Christmas Eve.

History Group Plans Markers

Lynn County Historical Survey Committee in a meeting Saturday discussed the project securing of historical markers to be placed on highways in this county through cooperation with the Texas State Historical Survey Committee.

This county has received only one plaque under the program, that marking the T-Bar Ranch headquarters, one of the first ranches on the South Plains.

Others are planned to mark Grassland, the first postoffice; Tahoka Lake, watering place for travelers in the Indian days; Wilson pioneer store; and possibly others. Such markers would help promote tourism in Texas as well as help arouse pride of local people in the county's past history.

The committee voted to cooperate with relatives of any Civil War veterans buried in this county in obtaining plaques or grave markers if these relatives furnish the purchase price.

Lynn County Commissioners Court has voted \$100.00 toward the local historical marker program.

Mrs. Ben Moore of O'Donnell is county chairman, and Bill Griffin is secretary.

Small Percent Will Qualify Locally For Medicare Program

(Special to The News)
New York—What proportion of Lynn county's population will be affected by the recently-enacted medicare bill?

How many local residents will qualify for hospital care and for the financial and other benefits that it provides?

Approximately 1 person out of every 13 in the local population will come within its scope, according to government figures that show the number of people in each community in the over-65 ranks and the number of them who are now receiving pensions under social security.

The basic program of health insurance for the elderly will take care of some 830 men and women in Lynn county when it starts operating on July 1, 1966. Included in this total is practically every one who is 65 or older.

It will provide them with hospitalization, except for the first \$40 of costs, with free care in a nursing home for 20 days and with up to 100 visits at home by nurses or technicians within a one-year period.

Locally, an estimated 7.6 percent of the population will be entitled to these basic services. In each part of the country, due to variations in age distribution, the proportion is different. Nationally, the average is 9.2 percent.

As to what part of the costs of an illness medicare would absorb, figures are given for a typical case. It is of a man, over 65, who has cancer.

He is in the hospital for 49 days. During that time two operations are performed on him. Thereafter, he spends 30 days in a nursing home, where he receives radiation treatments. After he returns home he is seen daily by a

visiting-nurse.

The entire cost, including medical and surgical bills, comes to \$7,263. Of this, \$4,477 is paid by medicare, under the basic plan.

He had been enrolled, also, under the supplementary medical-insurance plan, which costs \$3 a month, an additional \$1,424 would have been absorbed.

Another provision of the medicare act will aid residents of Lynn county who are now on the social security rolls, receiving monthly retirement and disability checks.

They will get a special lump-sum increase of 7 percent, payable in September, covering the first 8 months of this year.

For the local residents who are affected, it represents a bonus of \$28,200.

District FFA Has New Home Meeting

A meeting of Mesa District Future Farmers of America was held at New Home Sept. 15 when District FFA President Dana Haywood of Brownfield called the meeting to order.

Roll call by Secretary John Whitmore of Gail was followed by a report on the Area II Leadership school presented by Darrell Franks, state FFA vice president from Brownfield. The leadership school is held during the summer for all Area II FFA officers and all District FFA presidents.

Following this report, the Mesa District program of work was presented and approved.

Electrification awards from the electric utilities in this area were presented by Hulan Harris, supervisor of Vocational Agriculture from Area II. These awards went to Eddie Moore, Greg Reed, Randy Allen and Allen Berry of the O'Donnell FFA chapter.

Following adjournment, an executive meeting was held to discuss plans for the Mesa District FFA banquet to be held at Tahoka in December.—Chas. Wallace, Post, Mesa Dist. FFA Reporter.

Bulldog Boosters Elect Directors

Bulldog Boosters Club now has 206 members. President Sam Edwards announced at the weekly meeting Monday night in Community Center, at which session organization was completed. There were 75 members present.

A set of by-laws was adopted, and directors were elected. The group voted to make the officers, and head football and basketball coaches directors, and then elected a seventh member, Garland Thornton. Besides Edwards, the vice president is James F. Roberts, Mrs. Pat Patterson is treasurer and Mrs. Albert Curry is secretary. Don Smith is football coach and Jake Jacobs is basketball coach. Wives or husbands serve jointly with officers.

Edwards announced \$1,030.00 had been raised in membership fees to be used in furnishing equipment to boys not furnished by the school athletic department. A whirlpool bath for treatment of sprains and bruises was installed last week at a cost of about \$465.00 installed.

Assistant Coach Jim Tollett, who scouted the Idalou Wildcats, gave a report on what to expect from that team here this Friday night. He said they like the quick dive plays and the quick pitch-out, and also run a reverse play from the straight-T. He thought the Wildcats will be tough, but may be vulnerable.

Coach Don Smith, while showing the film of the Slaton game, said the boys made one serious mistake and some smaller ones but he was proud of their effort and their tough defense. With encouragement, he thinks they are due to play some fine ball.

Edwards announced the following Bulldog Booster Committees: Finance: W. T. Kidwell, Garland Thornton, Jimmy Brazz, Othell Meeks, E. R. Edwards, Maurice Small, James Brookshire, and Martin White.

Historians: Ray Adams and Clifton Hamilton.
Projects: George Glenn, Hugh Jack Norwood, Robert Edwards, Gravel Ayer, Rufus Slover, Lester Adams, Charles Reid, Jarrell Thurman, and Frank Greathouse.

New Home Mix-Ups Are All Mixed Up

Saturday night was a bad night all the way around for New Home Mix-up Bowling League. Amid Tornado sirens and lots of confusion everybody's bowling suffered. Despite a few interruptions most of the games were completed, however.

The Deadwoods were just that as the storm didn't bother them. They took four games from the Arrows with A. C. Fillingim having a 179 game and a 481 series. Charlie McCullough led the losers with a 145 and 378 series.

The Bowl Weevils bored right through the Power House 4- for 3 1/2 games. Sis Blevins, not to be shook, had a 174-471 while Della Halford went down trying for her team with a 191 game and 471 series.

Ronnie Dulin paced the Morebells past the Tenderfeet with a 159-408 as his team took three games from them. Wayne Price had a 203-489 for the losers which was high game and series for the night.

The Tekell girls teamed up to take three games from the Crooked Walkers: Loretta had high game of 178 while Sue had high series of 438. For the losers Linda Crooks' 141 was high game but Jimmy Walker had high series, a 407.

The Night Owls went wild with the storm as Helen Peek had a 190 game and Garland Peek had high series of 482. The Handy

MISTAKE IN FOOTBALL AD.

In this week's football advertisement, some papers have an error under the picture of Milton Edwards, 205 pound senior tackle, son of Mr. and Mrs. Robert Edwards. In some papers, before The News caught the error, a misplaced linotype slug makes him "the son of Mr. and Mrs. Clifton Hamilton," which line obviously should have been under the picture of Dean Hamilton, 166 pound senior end.

services to the unmarried mother and helps her make plans for herself and her child.

Mrs. Cain points out that any citizen has the right and responsibility to report any incidence of abuse, neglect or exploitation of a child.

The greatest need at this time is more foster homes.

From the 1964 annual report come these astonishing figures that are completely composed of cases from the Dawson-Lynn unit:

A total of 423 children were served from 123 families; 325 dependent and neglected were served in their own homes; 18 pre-delinquent or behavior problems; 11 physically or mentally handicapped; 21 court referrals; 14 court hearings involving 45 children were placed in foster care; 10 adoption services; 33 counseling and supervision; 22 children served whose mothers (5) were mentally ill and receiving treatment in a state hospital; 16 abandoned from seven families; 24 out-of-town inquiries, foster home studies and unwed mothers.

Of 48 children placed in foster care, 25 were placed with relatives and 10 in children's homes, seven in state homes, five in state home for mentally retarded, and one in private institution. From these 48 children, 17 were returned to their own parents after conditions at home improved, nine placed with new parents, and five remain in foster care.

Mrs. Cain is the wife of Jerry Cain, local attorney. The former Miss Sandra Sample, she is a 1957 graduate of Litcher Stark High School in Orange; a 1961 graduate of Baylor University with a major in sociology and a minor in speech. She has previously been employed by Texas Baptist Children's Home at Round Rock, Buckner Baptist Children's Home in Dallas and the past three years worked with the Dallas County Juvenile Department. She spent the month of July in Austin training for the present Dawson-Lynn Child Welfare Unit.

For several reasons, however, many children are not helped enough—foster homes are too few, psychiatric treatment facilities are not always available, children are not referred to the Unit early enough, or minimum needs of food, clothing, health and shelter are not available. The addition of Mrs. Cain to the staff will help remedy one problem: many children did not receive enough attention last year because case workers were heavily loaded with more serious cases.

The Lamesa office is also open two days each week, Monday and Thursday. However, both are on a tentative schedule at this time.

BROTHER-IN-LAW OF LOCAL LADIES BURIED

Funeral services for J. N. Payne, 83, brother-in-law of Mrs. Harley Henderson and Mrs. Frank Hill, were held in Lubbock Monday afternoon, with Rev. Darrel Lewis, pastor of Chapel Hill Baptist Church officiating. He was known by a number of Lynn county people.

Mr. Payne married Lillian Howard at Estacado in 1908. He was an early day cow hand, school teacher, and farmed near Ralls many years before moving to Lubbock 18 years ago.

He is survived by his wife, two sons, Howard of Lubbock and formerly an insurance agent at Tahoka, and J. W. of Ralls; one daughter, Mrs. Leon Shradler of Midland; six grandchildren, five great grandchildren, two brothers and three sisters.

Tahoka's ZIP Code is 79373.

Bulldogs Lose 8-0 To Slaton Tigers

Slaton Tigers whipped the Tahoka Bulldogs 8 to 0 here Friday night in a bruising defensive ball game on one big play—but that play was all that was needed, for the Bulldogs could never get a scoring drive put over on the rugged visitors.

The score came on the sixth play after Slaton had received the kick-off. HB Gary Brush made one yard on two carries, QB Billy Gass, playing his first game of the year, was stopped cold but Tahoka was offside. Then HB Henry Johnson, the big Colored boy, took over, made 5, then 7, then 6 to his own 42. On the next play, there was a miscue in the Tahoka defense and that was all Mr. Johnson needed; he broke through the right side of his line and raced all the way. Brush skirted left end for the 2-point conversion, and that was all the scoring.

Slaton made four first downs in the first quarter, only one other in the ball game, ran for 93 yards in that period out of a total 164 in the game rushing and none passing. Johnson made 86 of those yards in the first quarter, 133 in the ball game.

Miscues Hurt Bulldogs

The Bulldogs made nine first downs and a total of 199 yards rushing and passing, but miscues and a tough Slaton defense prevented them from scoring.

After Slaton's score, Tahoka bounced back with Benny Limon running the kickoff from the 12 to the 34. HB Cliff Thomas made 17 yards on three plays, QB Mitchell Williams 2, and FB Danny Coburn 20. On two carries to the Slaton 27, but the Bulldogs then drew a costly 15 yard penalty, and after Thomas had made another 10, Williams' fourth down pass was intercepted by Slaton's Gass on the Slaton 9.

Slaton bogged down on its own 25, had to punt, and HB Stanley Renfro ran the punt from the Tahoka 42 to the Slaton 46. In six plays Tahoka moved to the Slaton 25 only to run out of gas.

Rest of the second quarter, neither team could make a first (Continued on Back Page)

B-Team Bulldogs Nose Out O'Donnell

Tahoka B-Team Bulldogs nosed out the O'Donnell B-team Eagles at O'Donnell Thursday night 16 to 12.

The Eagles scored first in the first period as Halfback Wayne Kieschnick took a 10-yard pass for the score. Conversion failed.

In the second quarter, Tahoka put together a successful scoring drive and FB Larry Arnold circled right end for the TD and then ran the conversion to make the score 8-6, Tahoka.

Opening the third quarter, Tahoka kicked off and End Buz Owens covered the fumbled kick off. A few plays later, Arnold circled left end for the second score and ran over the conversion. Score, 16-6.

But, O'Donnell defense stiffened and Tahoka barely managed to hold on the rest of the way after O'Donnell's Eugene McGruder took a Tahoka punt and raced 90 yards for the final score.

New Home Wins Over Lamesa B

New Home Leopards will meet Christ the King of Lubbock tonight at New Home, a team they beat 12 to 0 last year.

Thursday night, the Leopards won a hastily arranged game with Lamesa Tornado B 14 to 6 at New Home. New Home had been trying for some time to fill this open date, and that day made arrangements with Lamesa for the game that night.

New Home took an early lead when Halfback Kenneth McClung broke away in the first quarter for a 50-yard scoring run. Lamesa B tied it up in the third period when Bill Everhart passed 20 yards to Billy Williams for a touchdown. Both conversions failed.

Then, with time running out in the fourth period and only 20 seconds left on the clock, Linebacker Dennis McCullough intercepted a Lamesa pass on the Tornado 40 and ran the ball to the 20. On the next play, McClung got away for the 20-yard touchdown run, then passed to End Kenny Timmons for the conversion.

Coach Larry Brown's Leopards were playing without the services of regular quarterback Randy Unfred, but Stanley Gill, 110 pound freshman, filled his shoes in capable manner.

O'Donnell Plays Frenship Today

O'Donnell Eagles travel to Wolf-forth tonight to play the Frenship Tigers of Class AA after having dropped three games in a row but showing promise of improving.

At Spur Friday night, the Eagles looked much better than the 27-6 loss appeared on paper, as the Eagles held well on defense most of the way.

O'Donnell scored first in the opening period when HB Bud White scored from 13 yards out. In the second quarter, Spur FB Junior Hightower got away on a 47 yard scoring run, and Larry Powell kicked the conversion to make the score 7-6.

Spur's second touchdown, made after time ran out at halftime, even caused disagreement among officials. With a second or two remaining, the ball was snapped, the official's whistle blew, O'Donnell players relaxed, and Hightower ran 8 yards to the goal line. On checking with the timekeeper, officials ruled the play started before time ran out, and after the intermission the conversion kick failed.

In the third quarter, Hightower ran 51 yards for another score and later Halfback E. L. Patterson raced 55 yards for the fourth. Two conversion kicks made the score 27-6.

Wilson Meets Jayton Tonight

For the third week in a row, Wilson Mustangs play out of town, have an open date next week, then open home play with Whiteface. The Mustangs journey to Jayton for a game tonight.

The Mustangs dropped a 22-12 decision at Sundown Friday night to the former Class A Roughnecks, but made a very creditable showing against the larger school.

Wilson took a quick first quarter 12-point lead, but were never able again to get across the goal line. QB Johnny Scott opened scoring with a 40-yard pass play to HB Dennis Verkamp, and the next time Wilson got the ball Scott scored from 10 yards out.

But that was all for Wilson. The Roughnecks went to work in the second period as Dub Holly scored from six yards out. Later, Ronnie Popejoy hit from five yards away, and still later a pass Holly to Randy Carter was good for six points from five yards away. Popejoy and Jim Gran each ran conversions.

Gary Williamson, David Koslan and Kenneth Corley were outstanding on defense for the Mustangs.

During the last three years the Texas Highway Department has built more than 1,200 bridges, more than a bridge a day.

Well, well, well! Those congressmen who have been bellyaching about having to "help" the farmers have done it again! Last week, the House voted \$21 million of you know whose tax money "to give federal recognition to the arts and humanities through a program of grants to struggling artists, performers and scholars." Praise the Lord! Hats off to the great representatives of us pore yokels! We all gotta have help from Washington! Maybe we should compliment congressmen, however; they turned down a Republican's proposal to extend this financial aid to belly dancers, poker players, and baseball players.

Ain't we got fun! We're all gonna get a handout from Washington. We've granted steelworkers (some of whom make an "X" for a signature) a wage raise to \$4.60, or was it \$5.00 an hour; we've given pay raises to all armed forces personnel and to all government workers, and Congress has increased its own wages; we've got aid to education, science, college students, and project "head start"; we're aiding Japanese and Yugoslavian textile industries, and giving subsidies to airlines and shipping lines; old Uncle Sam helps cities build airports and sewer and water systems and public buildings and public housing and slum clearance and furnishes money for Urban Housing Projects and even builds subways for some cities and school buildings for others; old Santa Claus is spending money to build more dams to irrigate more farm land to grow more surplus crops so that good land already in cultivation for years can be bought up by him and turned back to pastures or parks and golf courses; Congress and LBJ have furnished us the Job Training Corps, the Youth Corps and the Peace Corps, which a youth may join and draw more pay than he would if he were in the Army fighting Communists over in Viet Nam; we've got billions in foreign aid to every questionable government in the world, almost, even to old Nassar; we've got Medicare and Social Security, and unemployment compensation for those who want to work just six months a year; we've even got rent subsidies for city dwellers; we've got aid to the aged, blind, crippled, orphans, indigent; we've got our Poverty Program in which Uncle Sam notified local authorities Lynn County has over 600 families that should qualify for aid; we've even got aid for unwed mothers, even those with 13 illegitimate children; and we've got Civil Rights and our Supreme Court and the UN and LBJ and Freeman. There are other benefits, we are sure, but we just can't think of all of them right now. Congress and FDR and Harry and Ike and JFK and LBJ have been wonderful to us! At least, we live in a Great Society and not in a Communist or Socialist state! Get down on your knees and bow to the Great Father in the East. Why should anybody worry?

Poetry, swiped:
"I had a little dog once,
A clever little pup,
We would stand upon his hind legs,
When e'er I held 'Him' up—by the ears."

All we know is what we read in the papers: Walter Jenkins (who was a mental patient a few weeks ago) is to take an executive position in a Central Texas city. Bobby Baker is making more money than ever and has been "white-washed" by the Senate. Rev. Dr. Rep. Adam Clayton Powell is still doing business and his wife, off on an Atlantic island, is still on Congress' payroll. Rev. Dr. Martin Luther King has become an expert on international affairs.

For something a little more pleasant, we'll follow up with some notes from a few of our readers known to many people here at home:

Every now and then we make mistakes that can hardly be explained. A few weeks ago, and once earlier we had a mix-up on giving Miss Ruth Link, Jourdan-ton, credit for paying her subscription, and, too, we got her

mixed up in the paper with her sister-in-law, Mrs. Jack Link. To cap it all off, we sent her a bill for a subscription she'd already paid. Sometimes the ball never bounces right. Sorry, Ruth, we're really not trying to pick on you!

Mrs. G. F. Childress, route 1, Levelland, writes they enjoy the paper, this column, hearing from old friends, and pass The News around to friends over there to read.

Mrs. S. A. (Loyce) Fleming, Cashion, Ariz., says the Sherrod families honored her father, Grover C. Shaffer, on his 80th birthday recently while they were here, and declares, "I still enjoy the home paper very much; read every article, even the ads."

Mrs. W. R. (Billy Ray) Kelley, the former Peggy Henderson, writes from Lake Arthur, La., they enjoy The News very much, but "it always makes us a little bit homesick when we read it."

Mrs. Charles A. (Mary Margaret Tunnell) Stewart, 1301 Cardinal Drive, West Columbia, S. C., writes: "How are you and the Jacobs? We think of you all and all our Tahoka friends so often. Charlie is still claims manager for South Carolina Farm Bureau. I'm teaching 9th grade English. Our boys are big 2nd graders and both are coming out for football; and, of course, our little 4-year-old Holly is the joy of our lives. We enjoy the paper so much. Best wishes to you all, Boggie."

Herbert (Horseface) Watson of route 1, Abernathy, writes: "Thanks for keeping the 'old' paper coming. Here is two years payment." He likes the nickname. It was pinned on him while playing football and basketball for Wilson High.

Mrs. Bessie Reeve, 1317 Hayes St., Richmond, Calif., writes: "Even though we have been away 23 years, it still seems like home. We enjoy keeping in touch with old friends, reading of the old settlers."

The fact that time plays tricks on one's memory has been brought to The Printer's attention. A couple of football fans raised a question—about that 90-plus yards punt out of bounds that we said, Oran Short made against Lamesa away back yonder. We were told we may have the wrong man. We first asked Oran about it and he didn't remember one quite that long. Then, we asked Jess Gurley and he hedged a little and then admitted he was the man. We still haven't checked back in The News files to authenticate this, but we know somebody did make such a fantastic punt—and, if it wasn't Oran, it had to be Jess. Our apologies to both! Old Jess was a great punter back in those days and so was Oran. In fact, either could kick the football more yards than most college punters today.

A Moody man was telling about a friend who caught a fish so big that it took five minutes for the hole left in the lake to fill up with water. Scales were so large he used them to shingle a five-room house. A listener called the story teller's hand. He said the hole in the lake filled up with water in three minutes, and the scales would barely cover a three-room cottage.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Dear Frank:
I just want you to know of my deep gratitude for the support which your outstanding newspaper gave to our recent Attorney General's Youth Conference on Crime.

As you know, more than 1,600 young people from all over Texas came to Austin to study the problem of juvenile crime in this State, and to recommend ways in which this alarming rise could be halted. Their behavior while in Austin was completely beyond reproach, and they rendered valuable service to their State in carrying out these important responsibilities.

Your local delegation played a large role in these proceedings, and it was a great honor to meet and become associated with them. I hope that all of your area citizens will continue to support these delegates as they begin to implement these ideas, gained at the State Conference, at the local level.

Again, my thanks to you for your help.
Yours very truly,

"From Slaton."
"Where's that?"
"That," said the mayor with a wink, "is between Southland and Posey, eight miles south of Acuff, 13 miles from Idalou, 23 miles from Lorenzo and just north of Tahoka."
"Oh."

Sgt. Vandiver At "Sac World Series"

Spokane, Wash.—Staff Sergeant Mack E. Vandiver, son of Mr. and Mrs. G. E. Arnold of Hale Center, is at Fairchild AFB, Wash., for the Strategic Air Command (SAC) "World Series" bombing and navigation competition.

Sergeant Vandiver is an autopilot repairman for a B-52 Stratofortress aircraft representing Walker AFB, N. M., during the Sept. 12-18 event.

The sergeant's aircraft will compete against 43 others being flown by the best of SAC's B-52 Hustler and B-47 Stratojet aircrews. The B-52 is the aircraft flown by SAC combat crews on missions over Viet Nam.

Accuracy of Sergeant Vandiver's bomber crew will be tested during two six-hour-plus missions on pin-point navigation and low altitude simulated bombing. SAC radar bomb scoring units along the 2,500-mile competition route will score the bombing runs.

The sergeant is a 1952 graduate of Hale Center High School.

His wife, Bobbie, is the daughter of Mr. and Mrs. Dave Polk of Tahoka.

Rural Accident Report Given

The Texas Highway Patrol investigated seven rural traffic accidents in Lynn county during the month of August, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

These wrecks accounted for one person injured and an estimated property damage of \$2,015.00.

The rural traffic accident summary in Lynn county for the first eight months of 1965 shows a total of 41 crashes resulting in two persons killed, 16 persons injured, and an estimated property damage of \$17,958.00.

September 1, 1965, marked the beginning of the new motor vehicle inspection period for all Texas motorists. "With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead," the Sergeant said.

The Patrol Supervisor called attention to the fact that since the beginning of the inspection program, vehicles having a defect that was a causative factor in fatal accidents decreased from 13% to 3%. "The purpose of the Motor Vehicle Inspection Program is to discover any maladjustment which might become a link in a cycle of events leading to an accident and, by removing the link, prevent the accident," he pointed out.

Guest Speaker At Rotary Club

"Who and What Makes Automobile Insurance Rates in Texas" was the subject of a talk at Rotary Club Thursday by R. S. (Dick) Thompson of the Texas Insurance Speakers Bureau.

"The more the losses the higher the rates will be," was the theme of his talk, and the motorist public holds the answer to rates. Rates are set by Texas Insurance Board and not by individual companies.

He pointed out the factors on which rates are based, principally the number and size of claims for damages in accidents. Other major factors include the fact that new and used cars are both priced higher than years ago, repair labor and parts are higher, hospital and doctor bills have increased in price, and claim frequency has risen. Also having a bearing on car insurance rates are court litigations, fraudulent claims, and the seeming inclination of juries "to soak the insurance company." Actually, what happens in the latter case is the citizen soaks himself and his neighbors.

Highest rates are to young unmarried males under 25 years of age because people in this category have the most accidents.

President Ross Smith requested committee chairmen to get in their written reports immediately in preparation for the district governor's visit on Oct. 6.

The club was not meeting this Thursday because of Tuesday night's annual Rotary Teacher banquet.

Student guests for the month are two THS seniors, Phil Adams and Stanley Renfro.

WANTED BY THE FBI

ALSON THOMAS WAHRLICH

Wahrlich, one of the FBI's "Ten Most Wanted Fugitives," is wanted for unlawful interstate flight to avoid prosecution for the crime of kidnapping. He allegedly abducted a 6-year-old Arizona girl in Tucson, Arizona, on April 16, 1964, and brutally beat, choked, and sexually molested her before leaving her abandoned in the same city. A Federal warrant was issued at Tucson on April 28, 1964, charging Wahrlich with unlawful interstate flight to avoid prosecution for this offense.

A white American, Wahrlich was born in Rensselaer County, New York, on February 4, 1936. He is 5' 2" tall, weighs 135 to 140 pounds, wears glasses, has blue eyes, brown hair, a medium build and a medium complexion. He has a scar on his left shoulder, a vaccination scar on his left arm, a scar on each side of his abdomen, and a tattoo of a heart and the name "Cindy" on his left arm.

Wahrlich has worked as a truck driver, ranch worker, dishwasher, house trailer repairman, hospital orderly, insurance salesman, and ice cream truck vendor. He is very interested in guns and strongly prefers traveling by personally owned car. Wahrlich reportedly has mental blackouts, has been previously imprisoned for aggravated assault, child molesting, and a crime against nature. He reportedly is armed with a pistol and is said to carry a surgical scalpel in his trouser's pocket. Consider him armed and extremely dangerous.

Should you receive any information concerning the whereabouts of Alson Thomas Wahrlich, you are requested to immediately notify the nearest office of the FBI, the telephone number of which may be located on the first page of local telephone directories.

Bulldogs Lose . . .

(Continued from Page 1, Sec. 2) down, Slaton had to punt three times; Tahoka had to punt once, had a pass intercepted once, and lost the ball on a fumble a few plays before halftime.

Tahoka Gets Chance
Third quarter was some more ill luck for the Bulldogs. Renfro ran the kickoff from the 13 to the 32, and the Bulldogs moved up to the 50 before Mike Davis had to punt to the Slaton 9. Slaton failed to make a first, punted, Chris Roberts ran it back from his 48 to the Slaton 47, and the Bulldogs were ready to threaten again.

Six plays carried to the Slaton 23, where Tahoka again lost the ball on a fumble.

But, after two plays, Slaton fumbled, and End Dean Hamilton pounced on the ball at the Slaton 23. Now, the Bulldogs had their chance. Coburn hit the middle twice but got only 5 yards. Williams tried a keeper around right end and got 2, then Thomas went over right guard for 2, short of a first down on the Slaton 13.

Early in the fourth, Slaton punted out of danger. Thomas went for 11, but the next play on a back-to-pass situation lost five for Williams, and on the next play Tahoka again lost the ball on a fumble.

Start Passing Attack
Two exchanges of the ball, and the Bulldogs had another chance. Although starting on its own 23, a long pass to Hamilton was barely past his fingertips, then Williams hit End Phil Adams on a 9-yard pass, then on a keeper went 12 yards, then found Hamilton on a fine 29-yard pass play, two were incomplete, then he hit Adams with another 15-yarder to the Slaton 12 yard line.

Fans were standing up in hopes of a last minute score, but there was a fumble on the first play, and three passes were incomplete, and Slaton took over on its own 13 and ran out the clock.

Center Rett Patterson, who was outstanding on defense, was knocked out on the last play of the game but his injury was not serious. Roy Isham, Tommy Kidwell, Milton Edwards, Mike Davis, Wayne Thurman, Jodie Edwards and Richard White all had their great moments, and others showing up were Clarence Long, who has been out with an injury, Gary Brooks and Bill Wright, and possibly others. Roberts and Renfro also looked good on defense, as did "Butch" Tomlinson, co-captain who has been handicapped by a hand injury.

John Tyler got in the game at quarterback for a few plays. Possibly others were in the game.

Gass Helps Slaton
For Slaton, QB Billy Gass deserved a lot of credit. Out with an injury until this game, he was quarterback on offense, line backer on defense and was in on most of the tackles. Also outstanding on defense were Doug Williams, Danny Scott, and Tommy Donaldson.

Luck just wasn't with the Bulldogs this night.

In spite of light rain falling all day, the evening was pleasant and the stands were almost filled.

Slaton's 100-piece Tiger band put on a fine show. Tahoka's

smaller varsity Bulldog band, cut to 40 pieces this year, made an excellent impression with their snappy tunes and drills and a special twirler routine. With 50 in the Junior High band and 25 in the Elementary band, prospects are fine for an even more impressive band in the future.

MRS. KIDD'S RECIPE FOR BAKED APPLE DONUTS

1 1/2 cup sifted all purpose flour	3/4 cup milk
1 1/4 tsp. baking powder	1 cup grated raw apple
1/2 tsp. salt	1/2 cup melted butter or margarine
1/2 tsp. ground nutmeg	1/2 cup sugar
1/2 cup sugar	1/2 cup sugar
1/2 cup shortening	1 tsp. cinnamon
1 egg, beaten	

Sift together flour, baking powder, salt, nutmeg and 1/2 cup sugar. Cut in shortening until mixture is fine. Mix together egg, milk and apple; add all at once to dry ingredients and mix quickly but thoroughly. Fill greased 2 1/2 x 1 1/4 inch muffin tins 3/4 full. Bake in 350 degree moderate oven 20 or 30 minutes or until golden brown. Remove from pans; immediately roll donuts in melted butter and then in cinnamon and sugar that have been mixed together. Serve warm.
