Absentee Voting Starts On Constitution Changes

Absentee voting is now possible in the November 2 election on 10 proposed amendments to the Texas Constitution authorized by the recent 59th Legislature.

Actually, absentee voting became possible on Wednesday of this week. Ballots should be applied for at the office of County Clerk C. W. Roberts. Absentee ballots may be cast through October 28.

The 59th Legislature authorized a vote on 27 proposed amendments to be voted on during 1965 and 1966, the greatest number by any legislature since the present Constitution was adopted in 1876.

The first, voted on Sept. 7, was rejected by Texas voters. This would have increased the size of the Texas Senate from 31 to 39 members.

Sixteen are to be voted on next year, but the 10 up for consideration now in the Nov. 2 voting, are briefly:

1. Increasing state ad valorem tax by five cents on the \$100 valuation for building construction for state institutions of higher learning.

2. Authorizing an increase of \$200 million in bonds for loans to veterans to buy land and extending program for eight years.

3. Granting authority to Legislature to enact legislation to continue co-operation with Federal Government in providing assistance and medical care to certain aged, needy and handicapped persons; expanding age categories of those eligible for blind assistance and of needy children; and extending eligibility of program for aged to citizens and non-citizens who have resided in the U. S. 25 years.

4. Authorizing four-year terms of office for Governor, Secretary of State, and other state officials elected in state-wide elections.

5. Clarifying investment authority for the Board of Trustees of the Teacher Retirement System.

6. Authorizing Legislature to provide for issuance of bonds to be used in creating Texas Opportunity Plan Fund as loan fund for Texas students attending public and private colleges in state.

7. Exempting certain hospitals expending at least \$1.5 million for free care for indigent from the payment of ad valorem taxes levied by any taxing entity except the state itself.

8. Providing for automatic retirement of District and Appellate Judges for old age, creating a State Judicial Qualifications Commission, and providing for removal of such judges for misconduct and retirement in cases of disability.

9. Authorizing Legislature to set salaries of Lieutenant Governor and Speaker of the House, and increasing per diem pay of members of Legislature from \$12 for 120 days to \$20 for 140 days during regular session and 30 days each special session.

10. Providing 4-year terms for member of Texas House of Representatives.

4-H Club Members Enter State Fair

Ten Lynn county 4-H club members will take 18 head of hogs to the Junior Livestock Show of the State Fair of Texas next week, according to County Agent Bill Griffin.

The hogs will be taken down Sunday, judging will be on Wednesday and Thursday, and the sale will follow on Saturday.

Curt Terry, two year old son of Mr. and Mrs. Walton Terry, was a medical patient Monday and Tuesday in Tahoka Hospital.

Denver is a mile above sea level.

Welding Course Is Planned Here

A farm welding short course in Tahoka for adult farmers has been announced for Nov. 1 through 4 in the school vocational agriculture department under sponsorship of Tahoka Young Farmers.

The class will be taught by Joel R. Barton, welding assistant with the Vocational Agriculture Division of Texas Education Agency and Texas A&M. Barton is a West Texan raised on a ranch in Glasscock county.

While here for the four class sessions, he will also be available to assist farmers with individual problems and to provide on-the-farm instruction.

Both farmers and their farm employees are invited to avail themselves of this opportunity. An entry fee of \$5.00 will be charged each person, and on completion of the course a certificate will be presented each enrollee who attends all sessions.

Farmers interested are requested to write or call Superintendent of Schools Harold Reynolds or Vocational Agriculture teacher Lester Adams, both of the Tahoka schools.

Tony Chapa Is Shot To Death

Funeral services for Tony Chapa, nearly 25, were held here Sunday at 3:00 p. m. in Gethsemani Baptist Mission with the pastor, Rev. John Pistone, and Rev. Leo Sullivan of Albuquerque officiating. Burial followed in Tahoka Cemetery under direction of White Funeral Home.

Chapa was killed Thursday at about 4:15 p. m. in Albuquerque, where he has been living nearly three years, when shot in the back of the head with a pistol in the hand of his assailant. The accused man is in custody in Albuquerque.

Tony was born in Williamson county on October 25, 1940, and came here as an infant with his parents, Mr. and Mrs. Manuel Chapa. He attended the local schools and was married to Miss Irma Marez in 1959. A butcher by trade, he moved to Albuquerque nearly three years ago. His parents had just recently moved there also.

He is survived by his wife Irma of 3516 Camino Alameda SW, Albuquerque; three sons, Tony Jr., Ricky, and Tino, and two daughters, Leandra and Rita, all of the home; his parents, Mr. and Mrs. Manuel Chapa, 1916 N. 4th, Albuquerque; his grandparents, Mr. and Mrs. John Prado, Tahoka; two brothers, two sisters, and a number of other relatives.

There are, too, purple people. We saw some on color TV.

New Board Is Planning Airport Improvements

Tahoka Airport improvements have been authorized by Tahoka City Council and an airport board set up to initiate a move for further help from Texas Aeronautical Commission.

The new board held its first meeting Monday and is made up of A. E. (Bob) Haney, chairman, Larry Hagood, J. E. Nance, Dayton Parker, and W. G. Thornton Jr.

Greatest present need is in the fall for crop dusters and sprayers serving farmers over the county, but also for private flyers and people wishing to fly in here at various times.

Contract has already been let for repairing the T-hanger, weeds along the runways are being cleaned off, and a guide stripe will be painted down the middle of the east-west paved runway.

Application is being made by the board to the Texas Aeronautical Commission for funds to pave the north-south runway, now a caliche strip, install landing lights, and make other improvements. Caliche will also be put on a parking area.

Tahoka Homecoming, First Conference Game Tonight

Bulldogs Will Play Plains Cowboys In District 5-A Game

Plains Cowboys, rated one of the top Class A teams of the area, are the Bulldogs opponents tonight at 7:30 o'clock in the first District 5-A game for each team, and a capacity Homecoming crowd is expected.

For the first time since opening the season, Coach Don Smith had expected to have all his regular starters available, but this week Quarterback Mitchell Williams turned up with flu and on Thursday morning was a doubtful starter.

Local fans feel the rejuvenated Bulldogs are a capable crew, a fact they displayed earlier this year against another top team, Crosbyton, and short periods in other games.

Although young and inexperienced as a whole and short on reserves, this year's team has already turned in a fair record in defeating Lorenzo 14 to 0, Crosbyton 19 to 13, and Idalou 8 to 7, tying Freshup 6-6, and losing to Slaton 0 to 8.

Back in the lineup tonight for the Bulldogs will be co-captain, center, and defensive specialist Rett Patterson, 190, who has been out since the Slaton game with a head injury; Tommy Kidwell, 155, guard, also out three games with a broken hand; and Mike Davis, 190, tackle and punter, who missed the Freshup game because of some trouble with mathematics. Other boys with less serious troubles are expected to be ready.

Plains has been a rugged ball club all along, was picked early (Continued on Back Page)

Fund Drive Will Start Tuesday

Tahoka's United Fund drive will be kicked-off with a coffee meeting of workers next Tuesday at 9:00 a. m. at Tahoka Cafeteria, announces Harold Roberts, fund drive chairman.

Quota for this year's drive, which combines four drives in one, is \$5,800 to support Boy Scouts, Girl Scouts, Salvation Army, and Red Cross.

All division chairmen and workers are requested to attend the meeting next Tuesday, and citizens are asked to give their cooperation to these workers who are giving their services for the community good.

Library Board Receives Gift

Lynn County Library board in a meeting Tuesday accepted the gift of 150 children's books from Robert E. Abbe, whose donation was made in the name of Tahoka Rotary Club.

Steve Thompson, Library board chairman, stated the books are very fine ones and are greatly appreciated.

The board was recently reorganized on a county-wide basis. At Tuesday's meeting, Elvin Ray Moore of O'Donnell was elected board secretary.

Because of crowded conditions in the present quarters, the Boy Scout Hut, the board is considering moving the library to larger quarters if such can be found.

Famed Athlete To Preach Here

Mike Brumley, catcher for the Washington Senators baseball team, will preach in a four day series of revival services beginning Sunday, October 24, and continuing through Wednesday evening, October 27, at the First Baptist Church. Brumley is a layman who spends his summers playing professional baseball, and his winters preaching in revivals.

He is a former Oklahoma high school football star and attended the University of Oklahoma briefly on a football scholarship before signing to play baseball with the Los Angeles Dodgers. He spent several years in the minor leagues, and was named to the all-star team in every league in which he played. Prior to the 1964 season, he was traded to the Senators, and immediately stepped into the starting line-up. At the close of that season, he was named as the catcher on the rookie all-star team.

Brumley became a Christian only about two years ago, but in that short span, he has won hundreds to Christ through personal contact and through preaching.

A pep rally will immediately follow the program.

A banquet will not be held this year by the Ex-Students Association, but Mrs. Grady Lankford, president, says all exes are invited to attend the Senior Mothers supper in the school cafeteria from 5:30 until 7:00 p. m. Tickets are \$1.50 and 75 cents.

All Ex-Students are urged to attend the get-together after the game in the Lyntegar building where they may visit with old friends and school mates. This year the Class of 1945 is observing its 20th anniversary and members of that class are especially urged to be there.

Mrs. Sanders Tells About Europe In Talk At O'Donnell

The O'Donnell Chapter of Young Homemakers met Thursday night in the Homemaking Department. Mrs. Harold Sanders presided at a business session. Two new members, Mrs. Bobby Cox and Mrs. Kenneth Pearson, were welcomed into the organization.

Future plans of the chapter were discussed. Members accepted a plan of helping needy or underprivileged high school girls in an effort to lessen the chance that they might be future "drop-outs". Members were also willing to help any interested group organize into a Young Homemaker Chapter. Mrs. Warren Smith, advisor, outlined for the group a fund raising plan. The Chapter will sell bubble bath as a fund raising project.

After the business meeting, Mrs. Harold Sanders presented a program entitled "My year in Europe". While in service, the Sanders were stationed in Germany. On weekends and on an occasional furlow they would board a scenic tour bus which would take them to the popular tourist shops of Europe. Obermergau, Germany, was high on the list of places to go for Mrs. Sanders. This is the village where the world famous Passion Play is presented each tenth year.

Paris, Rome, Milan, Venice, Austria, and Switzerland all became real places as members viewed the slides and listened to the narration.

Gordon-Southland News

(By Mrs. Edmund Wilke)

The best way that I know to start this column this week is with a great big THANK YOU to the Lynn County News and its staff for the good coverage that we get on our news every week. I think it is just wonderful that the different newspapers around Southland will take and print our local news each week and without any cost to us. I know that so many of you are like I am, when I receive my copy of the different papers in the mail, I read them word for word, even before I read the Lubbock Avalanche Journal. So let us say that we do appreciate having our hometown news in this paper and the next time you're in town, come into the newspaper office and tell them in person how much you appreciate them!

I've done it again! Last week I made another mistake in the news. Some Mondays I'm all thumbs and last week put an "s" on Mr. making Mrs. and that was wrong. I said that Mrs. Harley Martin was elected president of the Southland Ex-Students and it should have read Mr. Harley Martin was elected president of the Southland Ex-Students. Sorry!

Webster Crawford left last Thursday morning, October 7, for the Army. He is stationed at Ft. Polk, La. The Crawfords now have two sons serving in Uncle Sam's army. Donald Wayne is stationed in the Panama Canal Zone.

Chris Gindorf Jr., Victor Kuykendoll, and Wendell Saunders went to Lake Buchanan last week fishing and reported that they had a good time and caught a few fish. They stayed at Paradise Point and said it was a good place to stay.

Mr. and Mrs. Paul Winterrowd and children went to Slaton on Sunday to visit with their parents. Mr. and Mrs. Bill Winterrowd, who live in Amarillo and were visiting in the home of a daughter, Mr. and Mrs. B. C. Johnston. Also visiting were Mr. and Mrs. Clay Johnston.

going surgery. They also visited with the mother of Mrs. J. B. Vickery, Grandma Cox, who is a resident at the Colonial Homes. Mrs. Rackler spent the night on Thursday with Mrs. Roper at Wilson. On Friday Mrs. Rackler and Mrs. Roper visited with Mrs. Ona Raymond at Wilson, and with Mrs. E. N. Milliken and Mrs. Grover Brewster of the Gordon community.

Mr. and Mrs. J. B. Rackler and Beverly went to Lubbock on Saturday afternoon where they attended a birthday party honoring Mr. G. C. Rackler who is 88 years young.

Sunday dinner guests in the home of Mrs. J. F. Rackler were Mr. and Mrs. Claud Roper and Nelda, Mr. and Mrs. Tommy Stell and Mike from Lubbock, and Mr. and Mrs. J. B. Rackler and family. In the afternoon, Mr. and Mrs. Donald Wayne Rackler and daughter from Lubbock visited in the Rackler home.

Mr. and Mrs. Walter Stolle and Cecil, Mr. Roy Stolle, Mr. and Mrs. Leo Stolle, Mr. and Mrs. Arthur Stolle and Mr. and Mrs. Jerry Melcher and Karen went to Columbus, Texas, this past week end to attend a family reunion.

Mrs. Willie Becker and Yours Truly attended a tea on Sunday in the home of Mrs. George Klattenhoff. Mrs. Klattenhoff was introducing Miss Linda Hill, bride-elect of Joe Klattenhoff. Joe is the son of Mrs. Klattenhoff and he and Linda have planned a December wedding.

Mr. and Mrs. Ben Brieger and house guests, Mr. and Mrs. Leonard Fosberg from Taylor visited on Sunday with Mrs. A. Wilke of Slaton.

We have two winners in the community. Darrell Hill won first place in the 13 year old division of the Punt, Pass, and Kick Club and J. Ray Basinger won first place in the 9 year old group. Good going boys!

The Sunday School attendance at the Baptist church was very good yesterday. They had 54 there and I must say that is very good!

Brother and Mrs. Hill enjoyed a visit from their daughter and family last week. They were Mr. and Mrs. Robert Thibeau and daughter, Starla from Pasadena, Calif. They were on their way to New York and they stopped by Southland to visit their parents.

Mr. and Mrs. C. J. Miller attended the annual K. C. Bar-B-Que at Slaton on Sunday. This is an annual affair for the wives and families of the K. C. members and I understand that they had a very good turnout.

Mr. and Mrs. Jack Hargrove were in Canyon over the week end visiting with Mr. and Mrs. Tom Buchanan. They attended the football games while they were there.

Mr. and Mrs. F. W. Callaway went to Cisco over the week end to visit their son, Rod, and while they were there they attended the homecoming of the Cisco Junior College.

"Bub" Norman Has 251 Bowling Game

When the New Home Go-Gets Bowling League met this week, Petty Gin maintained the lead by winning 3-1 from the Tanglewoods. Both teams bowled well with Bubby Norman of the gin taking top game in the league with 251 and led the team with a 558 series. Robbie Gill rolled 222 534 for the losers.

Purdy Bad stayed in second place and split 2-2 with the Back Fires. Frances Holder had high of 186-498 for her team, while Kent McClintock, with 180-464, was high for the Back Fires.

The Pin Pickers' Wilkie Wilkinson rolled 181 and Jerry Brown 474 to win 3-1 from the Wagon Wheels, although Don Sharp had a 213 game and 512 series.

Bobby Clem and wife, Drina, had 194 and 511, respectively, in helping the Squares win 4-0 from the Lane Loafers, whose Nick Ford bowled 147-408.

The Foul-Ups think their name is a jinx since they again lost 3-1 to the Ad-Libs with Charles Londer having a nice 166-449. Roger Blakney had 186-495 for the winners.

The Armors' and Confederates split 2-2. Willie Landers bowled 174-437 for the former, while Freddie Kieth had high game of 172 and Ken Smith high series of 476 for the latter.

NOTICE TO ADVERTISERS ON CLASSIFIED PAGE

A weekly newspaper, unlike a daily, is not all printed on one day. The News prints its first four pages on Tuesday afternoon. For mechanical reasons, we almost have to print the classified page on this first run. Therefore, new ads, changes and "kill" information must be in the hands of the printers by Tuesday noon. However, late ads, turned in up to early Thursday morning will be printed in the "Too Late to Classify" column.—The Publishers.

GRASSLAND NEWS

(Mrs. O. H. Hoover)

This is really fall weather—cool nights and hot afternoons, fire in the morning and air-conditioning turned on in the afternoon. The ghosts and the goblins will soon be out, and Thanksgiving is just around the corner. So, count your blessings!

Karen Laws and Delbert McCleskey, two of our young people who attend college at Bethany, Okla., were home over the week end, had some trouble with the car, but made it OK. One of the Huffaker grandsons came with them, a Larry Keese of Colorado Springs, Colo. The Hoolie McCleskeys had a family dinner Saturday for Delbert and the Kelly Laws had a luncheon Sunday for Karen. They are liking school fine.

The Jim Patterson children honored them Sunday with a surprise dinner in the home of their daughter, Mrs. Ollie J. Stanley, in Grassland. The occasion was their 37th wedding anniversary. All their children and grandchildren were there. They are Joyce Bevers and boys of Tahoka, Mr. and Mrs. I. V. J. Melton and children of Slide, Mr. and Mrs. Joe Patterson of Tahoka, Mr. and Mrs. Bob Patterson of Grassland.

Tommy Cooper and Brenda Riddle of Tahoka visited in the Kelly Laws home Sunday afternoon.

Mr. Odis Tew is in West Texas Hospital in Lubbock. He is suffering with phlebitis in his left leg. His sister reports he is some better.

Norma Lou Johnston of Colorado Springs, Colo., has been visiting with her parents, the H. Huffakers, for some time. Her husband, Jay, and nephew, Rodney, came for her and spent the week end here.

Bobby Huffaker and family have moved to Petersburg. He will pastor the Church of the Nazarene there. Some of his folk went up there to assist in the moving.

Mr. and Mrs. Albert Odum visited in the Rusty Dean home Sunday afternoon.

Visiting all last week with the L. A. Enloes were his brother and wife, Mr. and Mrs. James Enloe of Chillicothe, Ill.

Wednesday Mr. and Mrs. Pete Cooper and the James Enloes had dinner at the Acuff steak house.

Thursday the group visited the Ray Rinkers and C. L. Coopers in Post. Friday night they all attended the football game at Post. Saturday Mr. and Mrs. Danny Enloe of Clovis, N. M., came over and spent the week end. Sunday,

they were at the L. A. Enloes again.

Monday a bunch met in the L. J. Murray home and had a fish fry, and while they were there shelled bushels of peas for the Murrays to freeze. Aren't these folks wonderful to help one another!

Mr. and Mrs. W. G. McCleskey visited Wednesday with her sister, Mrs. W. M. Dubose, in Brownfield. Mrs. Dubose is convalescing from major surgery. Tuesday evening the McCleskeys visited with Hoolie and Lavern.

Billy Guinn Jones and family are moving to Winchester, Va. He has accepted a job there as bank examiner. He has already gone and his family will go later. Mrs. Jones is a teacher in the Post schools.

Mrs. C. C. Jones and Mrs. Carl Jones spent Thursday in Lovington, N. M., visiting "Son" Jones and family. Mrs. Jones was an overnight guest Thursday in the home of Mr. and Mrs. Carl Jones in Post, and Friday she visited her two sisters there, Mrs. Calvin Cooper and Mrs. Ivy Young.

Mrs. C. B. King and Mr. and Mrs. Marshall Dubree are visiting in and near Fort Worth with Mrs. Jones' sisters.

Mrs. Carlos McCleskey has had the flu. Mrs. W. G. McCleskey took care of the children Friday while she went to see a doctor in Lubbock.

The W. G. McCleskeys, Mrs. Lucy Cunningham, and the W. L. Gribbles and Rocky and Talama Gribble attended a singing in Slaton Sunday.

Mr. and Mrs. J. E. Sherrill visited Friday with Mrs. A. Z. Sewell.

Mr. and Mrs. Roy LeMond had quite a trip recently. They drove to Portsmouth, Virginia, to visit their daughter and husband, Dr. and Mrs. Ted Pridmore. On the way, they stayed overnight with their nephew, Bob Hoover and family, in Johnston City, Tenn., and with Hoe Hoover and family in Chattanooga, Tenn., and with her sister and family, Rev. and Mrs. John Sewell, in Louisiana. Quite a trip! They enjoyed it greatly.

L. J. Walker of Littlefield came down Saturday and took his mother, Mrs. Lucian Walker, to Coleman for an extended visit.

Louise Gerner of Dallas and Laura Gerner of Lubbock spent the week end with their parents, the Amos Gerners. Saturday, Mrs. Gerner and daughters went to Lubbock shopping.

Mrs. Amos Gerner visited Mrs. Fay Clayborn Friday afternoon and went to the ball game in Post.

KNOW YOUR NAVY

JOHN A. DAHLGREN

OFTEN CALLED THE "FATHER OF MODERN GUNNERY", JOHN DAHLGREN REVOLUTIONIZED NAVAL ORDNANCE IN THE 1850'S WITH HIS INVENTION OF A STRANGE-LOOKING, PRESSURE CURVE SHELL GUN, APLY CALLED THE "SODA BOTTLE." FIRING A 9-INCH SHELL, MADE POSSIBLE BY HIS FOOL-PROOF BREACH LOCK, THE "SODA BOTTLE" BECAME THE FIRST MAJOR WEAPON CHANGE IN NAVAL GUNNERY IN SEVERAL HUNDRED YEARS... THE FORERUNNER OF TODAY'S MODERN GUNS.

Mr. and Mrs. Leman Mathis, whose house burned recently, are repairing it and plan to continue to live there. They have to put the whole inside in new.

This is what Mrs. Drucilla Kizer told me about her two little girls—some little girls, aren't they?

Connie Gale, 10, of Draw community has won several ribbons the past summer at the District 1 play day riding her horse. At the District 1 finals in September, she won first place trophies in the keyhole flag, potato, and pole races, third rosette in the ring race, second place rosette for overall high points. October 2, Connie went to Altus, Okla., to national play day, where the third top riders from each district compete. There were around 1,700 riders in Connie's age group. There were 35 contestants at national. Connie won second place rosette in the flag and third in polls and potato, and fourth in the barrels.

Her little sister, age six, won several ribbons in the District 1 play day this summer, and at District 1 finals she won second rosette. Atta' girls—keep going.

Your reporter attended the Golden Wedding anniversary Sunday in the Methodist Church at Draw honoring Mr. and Mrs. W. T. Luttrell. It was given by their daughter's family, the Jay Holloways of Olney. There were 150 registered guests and many beautiful gifts. Out of town guests were the Holloways, a sister, Mrs. Earl Youngblood of Jefferson and her two daughters, Mrs. Alvin Starkey and Mrs. Mel Lumus; another sister, Mrs. Drura Suster Chumley of Eunice, N. M. and her daughter, Mrs. Chester Woodfine and son Jimmy; Mr. and Mrs. J. H. Chumley of Seagraves and two nieces; Mrs. Ben Moore and Mr. and Mrs. Warren Smith of O'Donnell; Mr. and Mrs. Lonnie King of Plainview. Congratulations to Mr. and Mrs. Luttrell.

We were glad to learn J. W. Inklebarger was not too seriously injured Saturday night. He had the misfortune of driving into a parked car on the highway southeast of Post on the Snyder road. J. W.'s car was demolished. There was no one in the other car and no lights on the parked station wagon, which was not damaged too extensively. Inklebarger is in Tahoka Hospital and doing very well.

Visitors in the Gus Porterfield home Friday night were his nephew, Mr. and Mrs. T. A. Sewell of Odessa.

Mrs. S. A. Bengie is spending some time with her son, Stanley, and family in Friona.

Mr. and Mrs. Lec Wall of Clairmont visited his mother, Mrs. Carrie Wall, Saturday.

Wilson Lions Seek Members

(Mrs. Ted Melugin)

The Wilson Lions Club is looking for civic minded individuals who would like to have a part in the development of the Wilson community.

The organization meets the first and third Thursday of each month for a meal and varied informative programs, and the Lions invite each man of the area to attend. Ladies night held throughout the year enable members to take their wives.

According to Carl Bielefeldt, the Lions Club is a service organization. Part of the membership dues, broom sales, pancake suppers, volleyball tournaments, football programs, etc. are sources of income for supporting its projects.

Some of these projects include the purchase of speed zone blinker lights at the Wilson Public School; the purchase of glasses for needy children; and \$10 per member for the crippled children's camp at Kerrville.

The current programs for the football games are available through the compliments of the Lions Club. Everyone is asked to make it a point to thank and accommodate the merchants listed, who purchased space in the programs to promote some of the civic endeavors.

The annual fund raising broom sale will be held on Saturday, Nov. 6.

The next meeting of the Wilson Lions will be held on Oct. 21.

Mr. and Mrs. F. O. Bagby returned early this week to their home in McNeal, Arizona after spending a week here visiting his brother and wife, Mr. and Mrs. R. E. Bagby.

Tahoka's ZIP Code is 79373.

The Lynn County News, Tahoka, Texas Friday, October 15, 1965

The group invites everyone, members and non-members, to attend and enjoy a fine meal for \$1.25 and to enjoy a program of special interest.

The National Cancer Research Institute is at Bethesda, Md.

Farmers Should Improve Cotton

Plains farmers must grow a longer and stronger staple cotton to remain in the market, was the theme of a talk made recently at the annual meeting of Plains Cotton Growers by Wilmer Smith.

The talk has aroused interest in a new program for Plains cotton growing, or rather a new concept which farmers must follow, and is being quoted in cotton circles over the south.

Smith is a former president of the Plains Cotton Growers and advisor to Congressional committees and to the U. S. Department of Agriculture.

Admittedly, the High Plains produces too much "junk" cotton, cotton of too short a staple and of weak fibre, and a lot of this cotton has no place to go but into government storage, where some of it may stay for many years.

As a result, the South Plains is the most vulnerable spot in the cotton belt so far as markets are concerned.

Smith says one-third of the Commodity Credit Corporation's cotton stocks are bales of less than one inch staple length and have undesirable spinning qualities.

American textile mills, as a rule, are refusing High Plains cotton shorter than one inch staple at present prices. This shorter staple and immature cotton breaks in the spinning operation.

Smith hinted strongly that the new cotton program may put a stranglehold on High Plains farmers, especially those whose cotton goes into the government loan program and stays there.

"The direct subsidy program may be administered in such a way that the farmer will not get the full payment unless and until he relinquishes full title to the cotton."

But, all is not pessimism with Smith, who hastens to explain there is plenty of technical know-how to have the Plains farmer, which includes varieties which produce adequate yields of a longer staple, more emphasis on quality than quantity, and better production, harvest, and processing methods.

Immature cotton is a big factor in Plains troubles. This also includes too early defoliation. Local cotton men declare farmers must exercise very good judgment in not defoliating too early, for such catches too many immature bolls and results in poor quality and strength that the mills can not use.

ED McMANUS RAISES FINE PERSIMMONS

Ed McManus, pioneer settler living between New Home and Lakeview, brought The News some fine persimmons raised at his farm. He says his two trees, about ten years old, are literally breaking down under the weight of the fruit.

The persimmons had never produced very well until this year. He started a little experiment of watering them heavily during the spring and summer and the result has been amazing. He says he also has some peach trees that were also loaded down with fruit.

His boys won their opener over Sudan 35 to 0, lost to Friona 7 to 21, and since then have won over Farwell 25 to 0, Post 41 to 20, and Sundown 37 to 12.

The Cowboys attack is built around a big, quick-moving full-back, Joe Dan Cooke, 175-pound senior, and two speedy break-away halfbacks, Ronnie Elmore and Dennis Crutcher, each listed at 168 pounds, both seniors. The starting quarterback is Bobby Taylor, 158, a junior.

Outstanding in the line are: Butch Gayle, 175, senior center; Eddie Tingle, 156, senior, and Jerry Lowrey, 175, junior, guards; Danny Smith, 190, and N. C. Clahan, 217, both seniors, tackles; and the ends are Alvie Faulkenberry, 174, and Harold Swann, 174, both seniors.

Wilson Mustangs Take Whiteface 26-0, Will Play New Deal Lions Tonight

Wilson Mustangs entertain the tough New Deal Lions this Friday night. The game should give Coach Bobby Davis an indication of just how strong his team might be in its 3-B Conference bid.

New Deal nosed-out the Cooper Pirates 8-6 last Friday night, and two weeks ago took a close 28-20 decision over the New Home Leopards.

Last Friday, Wilson opened its home season with a 26-0 victory over the Whiteface Antelopes as top "horse" Dennis Verkamp, 145-pound junior halfback ran wild to score three TD's and a 2-point conversion.

In blanking the Whitefaces, Verkamp went five yards to score in the first quarter and the score remained 6-0 at halftime. In the third, the flying Mustang raced 72 yards to make the score 12-0. Then later in the period, little 130-pound sophomore quarterback Johnny Scott went around end on a keep-er 50 yards to pay dirt and then

passed to Verkamp for the conversion to make it 20-0.

In the fourth, a drive was climaxed by Verkamp's one-yard dive.

Outstanding on defense for Wilson were David Koslan and Gary Williamson.

Wilson has defeated Lazbuddie 12 to 0, lost to Sundown 12 to 22 and Jayton 8 to 22.

New Home Plays Anton Tonight

After a week's rest with an open date, New Home Leopards return to the grid wars tonight in a non-conference game at Anton, then will open the District 3-B season against the Pirates at Cooper on October 22.

New Home fans feel Coach Larry Brown has the best team to represent the school since 11-man football was inaugurated here.

The Leopards have won two games and lost two, but the two losses were to strong teams, Amherst winning 27 to 14 and New Deal 28 to 20. They have won over Lamesa B 14 to 6 and Christ the King 40 to 6.

Valton Maeker, Wilson, Awarded American Farmer Degree In FFA

Seguin—A Texas Lutheran College sophomore student from Wilson, Valton Maeker, has been named recipient of the top Future Farmers of America award for 1965.

The Wilson youth will receive the American Farmer Degree at the national FFA convention in Kansas City Oct. 11-16. He received the coveted honor for maintaining an outstanding farming program for five years.

The American Farmer Degree is given to 500 youths each year and Maeker is one of several Texas youths receiving the national award. It is the highest degree obtainable in the FFA program.

Maeker, now 19, has been actively doing farm work since a child on his father's 420 acre irrigated farm three miles southeast of Wilson in Lynn county.

Most of the TLC student's work has involved swine, sheep, cotton production and active participa-

tion in exhibitions throughout the state. He has won every Swine Showmanship Award at shows in Fort Worth, Dallas, El Paso, Lubbock and Lynn county in recent years.

While in high school Maeker was the 1962 Star Chapter Farmer of Texas. Other awards include: State Fair Honors (twice), hundreds of ribbons and trophies for showings in the state, outstanding agricultural student at Wilson High School, Lone Star Farmer of West Texas, and a 1963 Texas representative on the "People to People Farm Tour of Europe."

The Wilson youth is the son of Mr. and Mrs. Edmund Maeker. An older brother was also active in the FFA program. The elder Maeker has received the Honorary State Degree.

Young Maeker praised the assistance of Mr. Bobby Lee, vocational-agriculture teacher at Wilson High School.

Two great pieces of thinking have come out of Washington the past couple of weeks from the U. S. Department of Agriculture, said bright thoughts having to do with the improvement of farm economy. The "thinkers", in the first news story suggested that farmers could set up roadside stands and sell their products directly to consumers in order to improve their economic situation. Now, wouldn't it be just ducky, 1200 Lynn county farmers on highways and back roads, with roadside stands selling cotton, maize, beef cows, or even water-melons and garden truck, if they could raise the latter. The second bright thought emanating from the banks of the Potomac is that 40 million acres be taken out of production of field crops and turned to hunting preserves, etc. Based on comparative figures, how does this sound: We could take nearly half of Lynn's farming acreage, say 250,000 acres valued at \$200 to \$500 per acre, out of cultivation and turn it into game preserves for quail, deer, antelope, and Bengal tiger hunters. This would cost the government only about \$100 million, peanuts to Washington politicians, we would have the crops surplus situation solved, lots of good hunting, and about 500 farm families could get in the Poverty Program, or some other government boondoggle. When our bright "planners" seem to solve one problem, there are two more that bob up.

Our Supreme Court has ruled school students can not read the Bible or have prayer in the classroom. We read in an exchange that in the penitentiary, inmates are required to hear the Bible read and to listen to prayer. We might add, regular chapel exercises are held in Texas' penitentiary, and we presume inmates are forced to attend.

Following is an excerpt from an editorial in The Plainsman Press, student newspaper at South Plains College, Levelland:

"A woman of splendid character and integrity is the crowning achievement of creation on earth. . . . A woman does not owe a man one thing because he invited her out for a date and spent some money. If the young man has been a gentleman, the girl then only owes him a courteous "thank you."

"A piece of grass is lovely on a lawn. That same grass becomes dirt when it is misplaced on a white carpet. So it is with sex."

Here's something we need to remember when we go to vote for a U. S. Senator next time. Congressman James Wright, who expects to be a candidate, voted for repeal of Section 14(b) of the Taft-Hartley Act, which would mean compulsory union membership for Texas workers and further depression of farm economy. We've got one senator, Hon. Ralph Yarborough, voting against farm interests. This is something to think about before we elect another.

Thanks to Judy Connolly, freshman student at West Texas State University, for a very nice personal letter to The News. We really appreciate the fine young people like Judy that go out from Tahoka and our county to the colleges of the nation.

George and Marge Strachan, who own Circle-S Camp down at Tow, on Lake Buchanan, never lived in Lynn county but they have been subscribers to this newspaper several years. But, a lot of Lynn county people stay at their camp on fishing trips, and they say they like this sheet. Anyway, Marge writes: "What a beautiful time of the year here—and the fish are biting. Ask Luther and Claude Thomas what they caught. Even the white bass are biting. We enjoyed the Thomas brothers so much." There may be better camps on Buchanan, but there is no better place to stay than with the friendly Strachans.

O. G. Smith says that accident Hall and Ethel Robinson had at the north outskirts of O'Donnell could easily happen to anyone. He says there is a spot at the traffic interchange where a person looking to the southwest down the east lane can hardly see cars of a certain color approaching against the grey-black highway background.

Thanks to Hollis Brice, 2509 Princeton, Midland, for sending us a copy of the Baroid News Bulletin containing Perry Flippin's prize winning feature article on "Nolan's Lost Expedition," the fantastic story of the 10th Cavalry ill-fated Indian hunt which started at Double Lakes, Lynn county, in 1877, that resulted in several soldiers starving to death.

Perry is now working for the Booneville (Ark.) Democrat and evidently doing a good job.

Lockney Beacon: We see a ray of hope in the action of the House of Representatives in turning down the Administration's home rule bill for the District of Columbia. Maybe our Representatives and Senators have decided that they don't have to follow Mr. Johnson's bidding on everything. We need an independent Congress in the worst way. Rubber-stamp congressmen are not much good to their constituents or their country.

Shortly Before his untimely death in London, Adlai Stevenson said: "Aggression begets aggression. Retreat begets retreat. We either stand, as we discovered in Europe, and hold the line at appropriate places or we don't. And if we don't and aggression succeeds, they knock on door after door and find that they open. Ultimately they come to the ultimate door where resistance becomes imperative. Then you have a holocaust. You have a major war. This is what we are trying desperately to avoid in South Viet Nam."

Sunshine Magazine says: Any man can spoil himself. He can allow himself to grow so sensitive that he lives in constant pain. He can nurse his grudges until they are an intolerable burden.

He can think himself insulted until he is apt to be. He can believe the world's against him until it is. He can imagine troubles until they are real.

He can hold so many under suspicion that no one believes in him. He can insult his friends until they are no longer friends. He can think himself so important that no one else does!

Groom News: A big city school boy describes a cow something like this: A cow is a completely automatic milk manufacturing machine. It is encased in untanned leather and is mounted on four vertical movable supports, one on each corner.

The front end contains the cutting and grinding mechanism, as well as the headlights, air inlet and exhaust, a bumper and a foghorn. At the rear is the dispensing apparatus and an automatic fly swatter.

The central portion houses a hydro-chemical conversion plant. This consists of four fermentation and storage tanks connected in series by an intricate network of flexible plumbing. This section also contains the heating plant, complete with automatic temperature controls, pumping station and main ventilating system. The waste disposal apparatus is located at the rear of this central section.

In brief, the external visible features are: two lookers, two hookers, two stand-uppers, four hanger-downers, and a swishy-wishy.

Jimmy Willson Rotary Speaker

"We have learned to fly in the air, swim under the waters and move in outer space, but we haven't learned to live on earth as men," District Governor J. M. (Jimmy) Willson of Floydada, Rotary District 573, told Tahoka club members in an address here last Thursday noon.

He urged Rotarians as individuals and as a group to continue the war on fear, hate, hunger, disease, ignorance and the war on war.

Reviewing Rotary and its principles, he pointed out the "service above self" motto, the founding of the organization in Chicago by a lonesome man in a big city on a friendship and fellowship basis. He said Rotary was first to help each other among others, then evolved the idea of helping others, and finally a goal of helping others to learn to help themselves.

The influence has been great, but because of apathy of citizens we find ourselves in troubles, and he pointed out one reason for these troubles is the fact that only 10 percent of the people of Texas voted in the recent amendment election.

Dr. Emil Prohl, who introduced the speaker, said Jimmy grew up in Rotary as his father was once a District Governor, and Jimmy had himself once before held this honor.

The night before, Willson had met with Tahoka Club officers and committee chairmen, recommended some project in honor of the founder of Rotary, Paul Harris, and praised the local club for its long and fine performance in community service.

Thursday night, 15 or 20 local club members headed by President Ross Smith attended the annual Lubbock Intercity meeting at which U. S. Senator Frank Moss of Utah spoke on the proposed \$100 billion NAWAPA water plan for bringing water from Alaska and Canada to the Great Lakes, Midwest and Western States of the U. S.

Archery Hunting Season Opens

Austin—The second phase of the fall archery season, which opened in many counties in October for buck deer only, begins October 14 in eight Edwards Plateau counties for deer, including antlerless deer, and turkey gobblers.

P. B. Uzzell, wildlife coordinator for the Texas Parks and Wildlife Department, said a ninth county in that area—Kendall County—will open its archery season on deer, including antlerless deer, and turkey gobblers three days later on October 17.

The eight counties opening October 14 are Blanco, Burnet, Gillespie, Llano, Mason, McCulloch, San Saba and Travis. All nine counties will close their archery seasons before the regular gun harvest.

In these nine counties only, antlerless deer may be taken by special permit available from landowners. Also, buck deer in the nine counties are defined as those having a hardened antler protruding through the skin. Buck deer in the counties with an October 1 opening date must have pronged antlers.

Opening October 1 and extending through October 31, buck deer with pronged antlers may be taken in Anderson, Andrews, Bastrop (part of county closed), Brazos, Brooks, Brown, Cameron, Cherokee, Clay, Coleman, Collin, Concho, Crane, Dawson, Denton, Eastland, Falls, Gaines, Harris, Henderson, Hidalgo, Hockley, Jefferson, Jim Hogg, Kaufman, Kerr, Kimble, Lee, Liberty, Limestone, Loving, Lubbock, Lynn, Madison, Milam, McLennan, Navarro, Orange, Parker, Refugio, Robertson, Runnels, San Patricio, Starr, Tarrant, Terry, Upton, Van Zandt, Victoria, Ward, Webb, Wharton, Willacy, Williamson, Winkler, Wise, Yoakum and Zapata.

Other dates: Blanco, Oct. 14-Nov. 12; Burnet, Oct. 14-Nov. 12; Culberson, Oct. 1-15; El Paso, Oct. 1-15; Gillespie, Oct. 14-Nov. 12; Gray, Oct. 1-16; Hudspeth, Oct. 1-15; Jack, Oct. 1-23; Jeff Davis, Oct. 1-15; Kendall, Oct. 17-Nov. 15; Llano, Oct. 14-Nov. 12; Mason, Oct. 14-Nov. 12; Montague, Oct. 1-23; McCulloch, Oct. 14-Nov. 12; Palo Pinto, Oct. 1-23; Pecos, Oct. 1-15; Potter, Oct. 1-16; Presidio, Oct. 1-15; Randall, Oct. 1-16; Reeves, Oct. 1-15; San Saba, Oct. 14-Nov. 12; Stephens, Oct. 1-23; Travis, Oct. 14-Nov. 12; Wheeler, Oct. 1-16; and Young, Oct. 1-23.

Palo Duro Sheep Shoot Scheduled

San Angelo—Approximately 50 aoudad sheep hunting permits will be issued to landowners in the Palo Duro Canyon for the December 10, 11 and 12 season, according to Richard DeArment, Panhandle wildlife biologist for the Texas Parks and Wildlife Department.

So much interest has been shown by the hunters during past aoudad hunts that permits will be difficult to obtain.

Sportsmen were advised to contact landowners in the Palo Duro Canyon well in advance of the December season.

Biologists plan to gather additional breeding habit information from animals taken during this year's hunt. Therefore, all animals must be checked at Texas Parks and Wildlife Department check stations at strategic locations around the Palo Duro Canyon hunting area.

In 1964, 13 aoudad sheep were killed. The largest weight recorded was over 270 pounds.

Odell Jones Visits Old Friends Here

Odell Jones of Kermit was here last Saturday and visited a few old friends he had 25 years ago when he worked several years at Tahoka Bakery for T. J. and W. T. Bovell and later for Frank George. After serving in the Armed Forces during World War II, he married and has lived elsewhere.

They have two sons, age 16 and 12. The older son plays football for Kermit, got two front teeth knocked out, and he was up here to have Dr. Durham fix him up. Mr. Jones has been in business at Kermit, but recently sold out and is marking time right now until something turns up.

WASHINGTON AND "SMALL BUSINESS" BY G. WILSON HARDER

Much has been written and said about the Los Angeles riot. Largely overlooked or ignored, is what might be called the new Forgotten Man.

He is the small or independent businessman wiped out in Los Angeles, in Rochester, in New York, in Philadelphia and in many other places where mob violence has erupted. Often the victim has been a negro.

There should not be a blanket indictment of all negroes. Like all peoples, they vary on the social scale. And like all peoples at the lower end of the scale, there is a sub-social element that can be inflamed into an instant rabble.

All through history, starting from the market-places of Athens and Rome, demagogues have played on the rabble. Unfortunately all politicians are not statesmen. Equally unfortunate is the fine dividing line between politics and demagoguery. While a statesman understands that the correction of social abuses are not solved by inflaming the rabble, politicians often do not know when to stop.

Thus, they sew the wind and reap the whirlwind, either through ignorance, or through malevolent cupidity for votes.

Perhaps the current drive for better education should start with elevating the IQ level of politicians. For example, when the California governor finally ordered out the National Guard he proclaimed a state of insurrection.

Now any reasonably intelligent person knows that insurance claims resulting from insurrection are void.

It is to the credit of some of the nation's most reputable insurance firms that they immediately announced they would not seek any evasion of liability by the legal loophole afforded them by official stupidity.

Neither is this statesmanlike move by private business of any solace to those not adequately protected by insurance who had their entire resources destroyed by their business. A new class of poverty has now been created—poverty through political perfidy.

For after all, the most illuminating comment reported was that made when a slightly wounded looter was arrested when he said "If this is civil rights, I would rather be a second class citizen."

Every politician should ponder these words, and despite his hunger for votes, temper his utterances accordingly.

For it is obvious that in the sub-normal minds of those negroes who become the rabble, as well as in their counterparts in all other peoples, comprehension is dim. Rights means the right to do anything, with no limits of responsibility.

Thus, those politicians who have encouraged or condoned defiance of law and order by illegal demonstrations, have on their hands the blood of the Los Angeles slain. While it is too late to save hundreds of ruined small businessmen, both white and black, it is to be hoped statesmanship will replace political expediency.

The mint makes dimes at a rate of 100 to 120 a minute.
