Many Exes Back For **Tahoka Homecoming**

A highly successful Homecoming Day was celebrated here Friday when a large number of exstudents returned to their Alma Mater for a program, football game and get-together.

Miss Joy Thomas, a senior and daughter of Mr. and Mrs. R. M. Thomas, was crowned football queen in pre-game ceremonies' at Kelley Field by Co-Captains Gary. Tomlinson and Rett Patterson.

Rev. Boyce Evans, 1941 graduate, was the featured speaker at the afternoon program when the Class of 1945 was honored on its 20th anniversary. John Wells, president of the honored class, gave a humorous history of the group, which incidentally had 60 members and is the largest graduating class Tahoka has had.

Officers of the Ex-Students Association were elected at the coffee and include Larry Hagood, president, succeeding Mrs. Gerry Miss Wood Wins Connolly Lankford; Joe Harvick, vice president, succeeding Sam Edwards; Mrs. Robert Warren, secretary, replacing Mrs. Natt Park; and Mrs. JoAnn McNeil, reporter, replacing Billy Tomlin-

bales, New Home and Wilson approximately 500 each.

Virtually all of the cotton brought in so far has been hand pulled. Only a very small portion in the east and south parts where cotton had burned early has been machine harvested.

Only a few farmers so far have used chemical defoliants, others expect to soon unless there is a killing frost, but many others will await the frost. .

Very light frost was reported in low spots on October 1, and again this Thursday morning very light frost "smell" was reported.

Low temperature so far was on October 1, when the official reading was 41 degrees. However, U. S. Government weather thermometers are kept in a shaded and ventilated shelter about four and a half feet off the ground. Temperatures are usually a bit lower on the ground and still lower in low spots, air currents cause a few degrees fluctuation in various spots, all of which can account for frost when the Weather Bureau instruments record higher LaNita Wood, 15 year old temperatures.

Boy Scout Man Rotary Speaker

"Scouting is big business," Tom Peabody of Lamesa, Quanah Parker District Boy Scout executive, told Tahoka Rotarians in a talk at the club Thursday.

He said there are five million Scouts in the United States and nine and a half million in the world-wide organization.

The Boy Scouts is the only organization in America originally formed to serve all boys 8 to 17 years of age, he declared. In the rest of the world, the Boy Scouts are for those boys who can afford to belong.

The organization reaches around the world, even the U.S. has 3,500 Boy Scouts outside the nation active in Scouting at U. S. consulates and military bases overseas. Boy Scouts of America are approved by Congress and recognized in every state in the union as an educational institution.

Scouting teaches a boy to become a good citizen, molds character, and helps teach the importance of building a strong physical body.

He commended Rotary for sponsoring the Scout Troop and Explorer Post and Methodist Men for sponsoring Cub Scouts.

Unfortunately, however, he told the group, because of integration of schools, two Tahoka Scout units no longer have a sponsor. He is asking the town to provide a sponsor for these Cub and Boy Scouts.

for ball carriers and timing or play execution, Coach Don Smith thinks the Tahoka boys can move on the Wink team. Then, if tight defense can be maintained. the Bulldogs can win.

The coaches apparently have had a hard time getting their boys to play every down to win and to get top effort in blocking and tackling. They have a good attitude but are still having trouble putting forth an all-out team effort.

Fans are backing the boys as they have never backed a team before. If past games are any indication. Tahoka may have as many fans at the game tonight, 132 miles away as does the host town.

Only One Rural Wreck In Month

The Texas Highway Patrol investigated one accident on rural highways in Lynn County during the month of September, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

These wrecks accounted for an estimated property damage of \$500.00.

The rural traffic accident summary for this county from Janu ary through September of 1965 shows a total of 42 crashes. As a result of these crashes there were two persons killed and 16 persons injured. The estimated property damage amounted to New Supervisor \$18,458.00.
