Voting Light In Election Here

Lynn county voters approved six of the ten proposed Texas constitutional amendments in Tuesday's election, but only 610 voters, or less than a fifth of the county's strength, went to the polls.

Election returns from over the state Thursday morning showed that the following five were approved: 1, financing of college buildings; 3, changes in the laws for the needy; 5, changes in teacher retirement system; 6, loan fund for students; and 8, mandatory retirement for judges and disciplinary procedures.

Lynn voters approved these same amendments plus No. 2, authorizing more bonds to continue veterans' land fund.

Following is the Lynn county vote on each amendment proposal:

1. College building program, 430 for, 150 against.
2. Veterans' land program, 293 for, 284 against.
3. Aid for needy, 411 for, 159 against.
4. Four year terms for state officials, 242 for, 346 against.
5. Teachers' retirement program, 383 for, 193 against.
6. Loan fund for students, 393 for, 181 against.
7. Tax exemption for hospital, 224 for, 341 against.
8. Retirement for judges, 377 for, 199 against.
9. Permitting legislature to set salaries for presiding officers, 252 for, 321 against.
10. Four year term for state representatives, 168 for, 382 against.

Tahoka Bulldogs Meet Stanton There Tonight

Tahoka Bulldogs and the Stanton Buffaloes tangled tonight at Stanton at 7:30 o'clock in a 5-A Conference game. The Bulldogs wind up the 1965 football season Friday of next week at Seagraves.

Each team has won one and lost two games in conference play. Stanton defeated O'Donnell 42 to 18, then lost to Seagraves 8 to 6 and to Wink 26 to 20. Tahoka lost to Plains 35 to 12, to Wink 13 to 12, and then won over O'Donnell 35 to 0.

Coach Don Smith's Bulldogs will not be at full strength again this week, but still are capable of playing better football than they have in some games. With top effort by all boys both blocking and tackling, the coaches think the Bulldogs can win their last two games.

Several boys have been ill again this week with some kind of "bug", but most of them will be ready to play today.

Coach Jim Tollett, who has scouted Stanton, says the Buffaloes are a little lighter than the Bulldogs, but are very quick. They run the straight-T with a lot of dive plays.

Probably the best boy is Quarterback Buddy Shanks, 175 pound junior, who has good speed, is an excellent passer, and is very dangerous on the roll-out pass. Dink Polson, 160 pound senior halfback, is the "bread and butter" ground gainer and runs hard. Mike Hall, 160, senior, and Larry White, 145, junior, also run at halfback; and the fullback is Roy Powell, 185, senior.

Center will be Randy Huckaby, 165, or Freddy Newman, 170, both sophomores; guards are Phillip Payne, 170, junior, and Glen Lawson, 130, sophomore; and tackles are Bert Becker, 185, Karl Herzog, 160, or Terry Carr, 160, all sophomores; the ends will be David Hicks, 140, senior, Bobby Holland, 150, senior, or Ricky Corbell, 130, sophomore.

The Stanton boys will "get after you", and their opponents have to be on their toes, scouts say, or they never would have been able to hold Seagraves 8-6. At Wink, the Buffaloes got off to an unlucky start as Wink scored early and quickly, once as result of a Stanton fumble, and the Stanton team could never quite catch up.

The band, pep squad, and a large number of fans will follow the team to Stanton.

Homecoming At New Home Set

Following the game, a reception for all ex-students will be held in the school cafeteria.

New Pastor For Tahoka Church

Rev. Jim Turner, presently pastor of the First Baptist Church of Loraine, has accepted the unanimous call of the First Baptist Church of Tahoka to be its new pastor, and plans to move here this coming Tuesday.

He succeeds T. James Efrid, who was pastor here six years before moving to a pastorate in Columbus, Ohio, the first of September.

Rev. Turner, a native of Rising Star, is 32 years old, married, and has three children, David, age 11; Stacy, age 7; and Patti Kay, age 6. His wife, Sammie, is also from Rising Star.

Before entering the ministry, Rev. Turner worked four years for Pure Oil Company. He returned to school upon accepting the call to preach, and graduated from Hardin-Simmons University in 1959. Three years ago he received his degree from Southwest Baptist Theological Seminary. He has served as pastor for churches in Anson and in Carbon prior to pastoring the church at Loraine.

He will be in charge of his first prayer service for the Tahoka church Wednesday night at 8:00 o'clock, and his first Sunday as pastor here will be November 14.

Members of the pulpit committee who recommended Rev. Turner were Dub Kenley, Robert Edwards, Mrs. Garland Pennington, Mrs. Truett Smith, and Stephen Thompson.

Burtis Hollis will preach his last sermons as interim pastor of the church this Sunday. Rev. Hollis, who is from Lubbock, has served the church while it sought a new pastor.

CROP Collection Sunday Total \$325

Young people of Wilson collected \$325.00 for CROP there Halloween night, according to Rev. Robert Kamrath, county chairman of the program.

The volunteer workers represented four or five of the Wilson churches.

However, because of Halloween falling on Sunday night, other communities did not "trick or treat" for CROP this year, but pastors of the various churches are accepting contributions.

Those wishing to donate either money, a bale of cotton, or grain may contact their pastors.

Rev. Kamrath said an announcement will be made when churches have door offerings for CROP.

He said he wished to thank the pastors, adults and young people of Wilson who helped with the "trick or treats" for the CROP drive.

REMAINS IN HOSPITAL

Mrs. Hall Robinson was taken to Lubbock on Wednesday for examination by a neurosurgeon. She was injured in an automobile accident several weeks ago and has since been a patient in Tahoka Hospital. Mrs. Robinson was returned to Tahoka Hospital Wednesday afternoon.

REV. PHILLIP GOODRUM

Rev. Goodrum Moving To Ropes

Rev. Phillip Goodrum, pastor of Sweet Street Baptist Church, has resigned to accept the call as pastor of the First Baptist Church of Ropesville. He will preach his last sermons at the Tahoka church this Sunday.

Rev. Goodrum and family came here in April, 1964, from Lakeview, where he was pastor three and a half years. Before that, he was pastor at Highlands Home Church in Roian for five years. He is a graduate of Hardin-Simmons University.

Rev. and Mrs. Goodrum have two children, Donnie, 17 and a junior in high school, and Elaine, 15, a freshman.

The Ropesville church has about 200 average Sunday School attendance. The congregation has a relatively new church plant valued well over \$200,000, the auditorium of which is somewhat similar to the First Methodist building here.

Rev. Goodrum told The News he has thoroughly enjoyed his stay here, but the Ropesville field is a greater challenge and offers more opportunity.

New Dentist Opens Practice In Tahoka

Dr. Pat W. Brecheen of Snyder opened his practice here Monday morning in association with Dr. K. R. Durham.

The new Tahoka dentist is the husband of the former Miss Mary Draper, daughter of Mr. and Mrs. Howard Draper, who grew up in Tahoka.

Although Dr. Brecheen has opened his office here, he has not yet moved his family to Tahoka. The couple have three children, Cole, age 7; Jo Ellen, 5; and John, 2.

Dr. Brecheen attended Abilene Christian College, received his D.D.S. degree from Baylor University College of Dentistry in Dallas in 1957. Mrs. Brecheen graduated from ACC in 1949. They are members of the Church of Christ.

Jaycees Are Opening Membership Drive

Tahoka Jaycees will kick-off a drive for new members at a meeting next Thursday night, November 11 at 8:00 p. m.

Letters have been mailed to a number of prospective members, and these and anyone else interested in the fellowship of young men has a cordial invitation to attend the meeting.

There will be a program and coffee and cookies will be served.

Lynn county cotton ginnings totaled about 17,000 Thursday morning when damp weather halted all harvest operations.

At that time, Tahoka's gins had turned out a total of 3,657 bales.

Thursday dawned with light mist falling, but the U. S. Weather Bureau did not think there would be any appreciable amount of moisture.

Farmers now wish for clear, dry weather and some light frosts preceding the hard freeze that may be expected any time. Average killing frost date in Tahoka is November 12. Last year, the first freeze came on November 20.

Some farmers have defoliated cotton, but most of them are waiting for frost to kill the leaves, stop growth and open bolls. Some farmers have even stripped defoliated cotton already.

Much of the cotton that has been coming in has been hard pulled. But, since there is such a shortage of hands, this will add up to only a small percentage of the total crop.

Many farmers report they are getting even better production than they had anticipated.

Local "experts" are still guessing the crop total to run anywhere from 135,000 to 160,000 bales.

Milo is also still coming in to the elevators in a steady stream, and production of much of the late maize is also turning out better than expected. However, milo production will run short of normal.

New Home Opens Church Sunday

Open house at the brand new New Home Methodist Church will be held this Sunday afternoon from 2:00 until 5:00 o'clock, according to the pastor Rev. Joe B. Allen.

The public is invited to attend and go through the new church building. Refreshments will be served.

A consecration service was held on Oct. 10 in the new \$55,000 edifice by the pastor and the district superintendent, Rev. Dewitt Seago of Brownfield.

The new building has a sanctuary seating 120 people, a fellowship hall, six class rooms, pastor's study, rest rooms, storage and utility rooms.

Architect is Hugh Hunt, town and country executive secretary of the Northwest Texas Conference. Gordon Construction Co. was the builder.

Miss Dolores Evans, Gene Brannen Take Vows At Lamesa

Miss Dolores Ann Evans and Allison Eugene Brannen were married in a double ring ceremony recently in the Bryan Street Baptist Church in Lamesa with Rev. Jimmy Hardy, the pastor, officiating.

The bride is the daughter of Mr. and Mrs. Dean Evans, 512 S. Ave. H, Lamesa, and the bridegroom's parents are Mr. and Mrs. Claude Brannen of Tahoka.

Vows were taken before an arch entwined with white stock and greenery with blue bows placed at intervals. The arch was flanked by branched candelabras and baskets of white gladiolas and stock.

The bride, given in marriage by her father, wore a formal gown of rose point lace. The basque bodice had a square neck line outlined by seed pearls and featured long petal point sleeves. The bouffant skirt featured alternating tiers of scallops, ending in a peacock train. Her elbow-length veil of English illusion fell from a pearl crown.

She carried a bouquet of white gardenias and for something old she wore her grandmother's gold bracelet. The traditional garter was something blue.

Matron of honor was the bride's sister, Doris Crawford. Bridesmaids were Sharon Coats of Carnegie, Okla., Krystal Ann Tidmore of Oklahoma City, both cousins of the bride, and Penny Brannen of Tahoka, sister of the groom.

Attendants wore identical floor length dresses of blue taffeta brocade and carnations with long blue streamers, headpieces of white veils attached to white velvet bows, and accessories were white gloves and blue satin shoes.

Flower girl was Tammy McKibben, who wore a blue chiffon dress and a white velvet bow in her hair.

Johnny Long, Tahoka, served as best man. Serving as ushers and candlelighters were Roger Brannen, Don Lee Stevens and Claudie Hinkle, all of Tahoka. Tommy Kirk Crawford was ringbearer.

Nancy Mensch, accompanied by Joan Jackson, sang the "Wedding Prayer."

Following the ceremony, a reception was held in Fellowship Hall. In the receiving line with the couple were Mr. and Mrs. Dean Evans, Mr. and Mrs. Claude Brannen, Mrs. Bob Lee, Mrs. Edw. Geherring, Mrs. Pat McKibben, and Mrs. Ben Coats.

Out of town guests included Mrs. Belle Evans of Carnegie, Okla., grandmother of the bride; Mrs. Jeff Brannen of Paducah, grandmother of the groom; Mrs. Joyce Tidmore and children of Oklahoma City, aunt of the bride, and a number of people from Tahoka.

Mrs. W. O. (Rob) Thomas returned home Sunday from Oklahoma City, where she visited about ten days with a sister and nieces.

SAN JACINTO... in 18 Minutes—Blessed Freedom!

At 3:30 P.M. on April 21, 1836, General Sam Houston launched his attack. So sure was Mexican Army Commander Santa Anna of his troops' superiority that he did not even post sentries during the customary afternoon siesta.

The freedom-inflamed Texans, shouting "Remember the Alamo!", sprang upon the enemy. In the incredibly short space of 18 minutes Texas' freedom was won.

Santa Anna was captured. Six hundred and thirty officers and men were killed; the rest taken prisoner. Texas lost only nine men killed or mortally wounded, with 30 less seriously wounded. When the captured Santa Anna ordered his troop commanders to leave Texas, the last threat to peace was removed. Texas was free!

FREE MEN DEPEND ON US!

Today, we cannot—with one decisive stroke—wipe out the threats to freedom that are all around us. Instead, we must join together for an almost unending task of holding at bay those who would destroy the liberty we hold so dear.

Our dollars, banded together in U.S. Savings Bonds, help keep our defenses strong—making sure that no enemy will smash through to victory over freedom.

You can be an active partner in defending freedom by buying U.S. Savings Bonds at your bank or on the payroll savings plan where you work.

"Spooks" Wreck New Home Signs

"Spooks" in the New Home area Sunday night caused quite a bit of damage to signs on the two farm roads going through town, according to some citizens of that community.

Several highway signs were pulled up and some hauled away, and those that could not be pulled up were hit by vehicles breaking the posts.

Citizens there say greatest danger is that which comes from having no signs at locations which present a hazard to motorists. The lack of signs at various points could lead to fatal or injurious automobile accidents, especially to strangers who might be passing through the area.

Signs damaged or pulled up around New Home were on FM 211 and FM 173.

Eugene Munsell of the Texas Highway Department in Tahoka says that each year he must uti-

Church Of Christ Plans Migration To New Jersey

An unusual plan for migration of 100 Church of Christ families from this area to Somerset County, New Jersey, was presented at the Tahoka Church of Christ Sunday night by Larry Roberts of Midland, minister sponsoring the movement.

Somerset County is experiencing a population explosion at this time, Roberts says, and existing churches there are not expanding and meeting the need of the population growth. There is not now a Church of Christ in the county.

The plan is for 100 families from this immediate area to move to Somerset County, engage in their chosen vocations, act as "vocational missionaries," and form the nucleus of a new Church of Christ there.

He said 47 families are already making arrangements for the move. The move is planned for August, 1966.

Mr. and Mrs. J. W. Edwards were called to Post Saturday because of the illness of Mrs. Edwards' mother, Mrs. Fannie Jenkins. She is in the hospital there but is reported to be improving.

ize all 10 men working here to go over every highway and farm-to-market road in the county to check signs and replace those destroyed by Hallowe'en pranks.

This adds up to considerable expense to the taxpayer, since the job involves cost of signs, posts, but mostly from mileage and man hours. The work, of course, is in addition to that put out by the various cities in replacing signs within City limits that are not on state or federal highways.

Mrs. L. Lumsden Writes Of Early Days In County

(The News requested Mrs. L. Lumsden, Wilson area pioneer, to write something of her family's early day experiences here, and she graciously responded with the story which follows. The News is asking other pioneer families to help preserve the county and family history with similar stories.)

MRS. LONNIE LUMSDEN

MEMORIES OF EARLY DAYS IN LYNN COUNTY

(By Mrs. Lonnie Lumsden)
We moved from Floyd County to Lynn County in May, 1907. Our furniture, packed in a wagon, was driven by my brother. My young son and I were in the buggy which was piled high with clothes, bedding, suitcases, etc. tied on the top.

My husband and two other men drove the three-hundred head of cattle and horses, and we settled on the Wilson County School Land Ranch situated in the northeastern part of Lynn County which Mr. Lumsden and his partner, Mr. Wm. Green had leased. The ranch included four leagues of land, four windmills, and a small house which became our home.

During these times the mail was carried by horseback from Tahoka to Southland twice a week; our mail was left at the Millican home three miles away. The "Dallas Semi-Weekly News" was always a welcome visitor and I was usually waiting to meet the mailman who might be bringing a letter from home or perhaps a mail order catalogue.

Though our house was on the road from Lubbock to Colorado City, we seldom saw travelers. It was one day when I sat by the window looking for someone who might be coming by when I saw a coyote wolf trotting down the road. I raised the window, grabbed the shot gun, and shot the wolf when he got close enough. Then I hung him on a fence post and proudly presented him to my husband who later came in from greasing the windmills.

Though I was kept busy with housework, cooking for three men, and caring for a child, it was a lonesome life, for neighbors were few. There was a one-room school house six miles away in the Lynn community. Here a Sunday School met each Sunday, and preaching was occasionally heard. Services were conducted by Rev. H. Hatchet, an early Lynn County Baptist preacher and very much appreciated by the few of us living in this area.

My grandmother was a music teacher, the first one in Floyd County. Before I married and moved to Lynn County, she gave music lessons to me. As soon as we were able, my husband bought a piano for me; it was a great joy and pleasure. I taught a small music class in my home long before we had a school there. Only one of these pupils, now Mrs. Buford Powers, lives in Lynn County.

Some Unpleasant Memories
We had a small chicken house with only one door. One day I missed my little boy, and found him standing in the back of that chicken house. A large rattlesnake was curled up in the doorway. A long-handled hoe helped me get rid of the snake and rescue the child. I asked if the snake was in the house when he went in and he replied, "No, he just came in."

One Fall after rejoicing over rains which made fine grass for the cattle to winter on, a prairie fire with a strong wind behind it blew in from the north. Our grass was destroyed. By this time the railroad was built into Slaton, so our cattle were shipped to Kansas to fatten and to be sold. We drove there in the buggy and stayed in a small town near Wichita, Kansas. After the cattle were sold we started the long trip home in the buggy. All went well until we reached Lubbock. There one of the horses got sick, and we had to spend the night there. After noon the following day Mr. Lumsden thought the horses would be able to make the 25 miles home, but when we reached the windmill in our pasture 3 miles from home, the horse died. The remaining distance we managed by hitching the one horse to the end of the buggy tongue. At last we

Magazine Salesmen "Take" Local People, Warning Is Given

Local people are again being warned by local officials to be aware of salesmen or ladies unknown locally soliciting magazine subscriptions for those taking orders for other products.

Several citizens have been "fleece" recently either by out right fraud, misrepresentation, or other means on the magazine subscription racket.

Two weeks ago, a sales crew hit the Colored section, and signed up orders for magazines taking checks which they promised the givers to hold until notified. Instead, the solicitors immediately cashed some of these checks, tried to cash others, at local stores. Several came back marked "insufficient funds," which the giver had to make good. Some of these checks ran up to as much as \$17.00.

Whether or not the customer will ever receive his magazines is doubtful, local officers state.

Tahoka Chamber of Commerce has warned often against strangers making unauthorized campaigns, and has a committee set up to approve or turn down all solicitors referred them for investigation.

Also, City of Tahoka has an ordinance required peddlers to have a permit, but too many people fail to ask to see this permit before buying and many times get "stung." Officers say the law is hard to enforce without cooperation of the citizens.

One recent group of girls making solicitations for magazine subscriptions claimed to be "working their way through college," when it was obvious they could not be going to college while out touring the country town to town.

Best policy, says City Administrator J. M. Uzzle, is for citizens to refuse to buy from strangers making door-to-door calls.

Dr. and Mrs. A. B. Gattis and sons Steve and Marshall of Frederick, Okla., were here last week end to attend the Texas Tech homecoming and the boys stayed with their grandmother, Mrs. I. I. Gattis, while their parents attended the Tech events.

Mrs. L. J. Wood is in Methodist Hospital in Lubbock undergoing therapy and traction.

arrived at the ranch house at dusk only to find that a window had been left open in the kitchen and the chickens had moved in. With only one horse we could not go farther. I put my child to bed and my husband and I spent most of that night cleaning the house. That night we could not think of this house as "Home Sweet Home" but this spot has been our home these 58 years.

Pleasant Memories
Once each month we carried a basket lunch to the Lynn school house for "dinner on the ground" after Sunday School and preaching services were held. Visitors came from Tahoka and other communities. How we did enjoy this! After the railroad was built through the ranch which Green and Lumsden had improved, a townsite was surveyed, a school district established, and part of the ranch cut into farms and sold to families whose children still live in the community.

Even with drouth, war, depression, and the proximity of other enterprising towns, "King cotton" and irrigation have paid off for all who struggled to build the town of Wilson. Today it is a town with a good school system, growing churches, industrious business and gins, and nice homes—a fine community.

Tahoka Wins 35-0 Over 'Big O' Eagles

Tahoka Bulldogs took a 35-0 decision over the O'Donnell Eagles here Friday night in the annual clash between the two old rivals. The win gives the Bulldogs a 4-3-1 record for the season so far, while the game but hapless Eagles are winless this year. This Friday Tahoka goes to Stanton, and O'Donnell entertains Seagraves.

Although the local boys clearly had the upper hand, the Eagles put up a great fight, and were battling the Bulldogs right down to the final whistle. Contrary to some games in the past, there was little "rough stuff" from either side.

Bulldogs Score Early

Tahoka received, Benny Limon ran the kickoff from the 15 to the 29, and the Bulldogs marched 71 yards from there to score in nine plays. HB Cliff Thomas made 7, then 6, Gary Tomlinson got away around right end for 16, then lost 4 at the other end. Thomas went off right tackle for 17, then QB Stanley Renfro's 20-yard pass to End Phil Adams set

up the touchdown on the O'Donnell 9. The Eagles were offside on the next play. FB Danny Coburn hit the middle twice but gained only 3 yards to the O'Donnell 1 against the tough O'Donnell middle, and then Cliff Thomas dived through right tackle for the TD. Thomas place-kicked the conversion. Score 7-0.

The Eagles' Gary Evans ran the kickoff to the 25, and from there the visitors made their most serious scoring threat of the game in moving to the Tahoka 22.

"Bud" White, the Eagles' key man, and QB Steve Gary moved to a first down in three plays, then QB Vestal went in and hit Evans with a 16-yard pass. On a tricky handoff to White and a pitch-out to Evans, the play carried 23 yards around left end to the Tahoka 29, but four plays later the Eagles bogged down on the Tahoka 22.

Eagles Stop Drive
The Eagles stopped the next drive, after Tahoka moved to midfield on six plays, and Mike Davis got off a short 22-yard punt. O'Donnell couldn't move either, White punted 40 yards, Tahoka moved up to the 41, and here Davis got off a 51-yard punt to the Eagle 8.

Tahoka took White's punt at the O'Donnell 47, a pass Renfro to Thomas was good for 18, two were incomplete, Renfro ran for 8, Coburn went for 11 to the O'Donnell 10, then Renfro made 5, lost 3, then passed to Thomas for 6 and he was nailed on the O'Donnell 2. It was fourth down, Renfro tried a keeper at the middle and failed to score by a yard.

Harold Bessire and White moved the ball out to the 8, and White punted 37 yards to the 45, but Renfro almost got away on a runback to the Eagle 31 with 1:16 left on the clock until half-time.

Tahoka Scores Again
With 50 second left, a pass to Tomlinson was good for 27 yards to the Eagle 4, Thomas made 3, and then Coburn went over left guard for Tahoka's second TD. Thomas' place-kick was good, and

Wilson Continues Winning Streak

Wilson Mustangs made Homecoming a joyous occasion at Wilson Friday night by trouncing their Lynn county District 3-B cousins, the New Home Leopards, by a score of 36 to 6.

The Mustangs now journey to Meadow tonight for their second conference game against the Bronchos, who staged a mild upset last Friday by defeating the Cooper Pirates 14-12. New Home has an open date this week before entertaining Meadow Friday of next week.

In winning five of seven games, Wilson has now scored 173 points to their opposition's 70. The two losses have been to two Class B powerhouses, Sundown 22 to 12 and Jayton 22 to 8.

The score in Friday's game was a bit of surprise, as Coach Larry Brown has come up with one of New Home's better teams this year.

The first quarter was scoreless, but in the second the Mustangs' Junior fullback, Kenneth Corley punched over Wilson's first touchdown, and Sophomore quarterback Johnny Scott ran the conversion for an 8-point lead. In the same period, Dennis Verkamp, junior halfback, passed 20 yards to Jimmy Koenig, junior end for the Mustangs second score.

New Home's Dickie Turner bucked over in the third period to make it only 14-6 as the Leopards were still in the ball game.

But, then Wilson broke the game wide open as Verkamp raced 30 yards to score, Scott ran the conversion; Scott went 15 yards on a keeper for another and passed to Verkamp for conversion; then Jessie Velasquez wound up the Wilson scoring with a 40-yard touchdown scamper.

The New Home Junior Bowlers on Saturday night saw the Mustangs win 4-0 from the Sugarfoots with Sonya Armontrout starting the winners off with a 190 game and 500 series while Tanya Armontrout bowled a 148 game for the losers.

The Giants took 4-0 from the Tenderfoots with Jimmy Fillingim rolling a 174-426.

The Rink Dinks won 3-1 over the Gutters behind Sandy Blevins high series of 328, according to Carol Taylor and Sonya Armontrout, reporters.

"Southwestern Conference Football Highlights of 1964", a color film by Humble and narrated by Kern Tips featured the program at Tahoka Rotary Club Thursday noon of last week, presented through courtesy of Bill Chancy, local Humble agent.

Local football coaches and several fans were guests of members.

Wilton Payne was in charge of the program, and Vice President Harold Roberts presided in the absence of Ross Smith, club president.

Delayed Ginning For Better Fiber

College Station—Delayed, or deferred, ginning of cotton means higher quality fiber to mills, according to research data compiled by James M. Ward and James W. Graves, assistant professors, Department of Agricultural Economics and Sociology at Texas A&M University.

Moisture levels in machine picked cotton vary within each load due to moisture differences in seed, fiber, trash content and the maturity of the cotton. This variation causes some fibers to be overheated and overdried during ginning. The result is lower fiber values to mills due to greater fiber breakage and higher fiber length variation.

With this problem in mind, Texas A&M University scientists initiated a study of the effect of different harvest periods and ginning treatments on moisture content and selected fiber properties of machine-picked cotton. Morning and afternoon harvested cotton, followed by either immediate ginning, was studied over a three-year period.

No significant differences were noted between the fiber quality of cotton picked in the morning and that picked in the afternoon.

However, deferred ginning, or storing seed cotton for one day prior to ginning definitely had a favorable effect on fiber quality. The moisture level of the deferred-ginned cotton was more uniform due to a moisture transfer from the seed and trash to the fiber during the storage period. This increased uniformity allowed the cotton to be ginned with less drying and, as a result, less fiber damage. Fewer fibers shorter than 1/4 inch, less variation in fiber length, and less waste and delay in spinning operations all resulted from deferred ginning. The treatment had no ill effects on fiber color or nonlint content.

The true worth of cotton to mills is the value of their finished products less manufacturing cost. If significantly higher quality lint cotton with improved spinability can be obtained from deferred ginning, mills could well afford to pay premiums for such cotton. Deferred ginning may possibly strengthen the market for cotton in the future.

George Mahon Is Back At Home

Congressman George Mahon returned to the District early this week following "a rugged and historic session of Congress which set a modern record of 383 roll call votes in the House and the passage of 85 pieces of major legislation." Mahon, who was present for all of the roll call votes, said "The impact of the legislation enacted in this Congress will be felt for generations. I opposed some of it; I supported some."

Mahon, who played a key role during the session of Congress as Chairman of the House Appropriations Committee, which provides legislation for funds for all government programs, says he feels that the country needs to pause and undertake to digest the huge amount of legislation which has been passed. "We need to avoid legislative indigestion, as one who eats too much too fast, and I am anticipating a shorter session next year, with a less amount of legislation. It is going to take some time to evaluate the legislation we have passed this year. Refinement and modification will be in order."

Mahon pointed out that the ultimate success or failure of much of the legislation, including the Farm bill, will depend on how well the programs are administered by the Executive Branch.

The Congressman expressed pleasure at being home again and indicated his intention to spend as

much time as possible between now and the next session of Congress out among the people of the 20-county District. His staff will be in charge of his Lubbock and Washington offices pending the reconvening of Congress in January. The Lubbock office is in the Post Office Building.

Mahon will be in Washington early next week to join Texas Tech officials in conferences with federal officials.

Up at Hereford, they're building a plant to manufacture lettuce cigarettes. Back when The Printer was a kid, he tried 'em all but lettuce. We crunched up dried cotton leaves and rolled the result into cigarettes. We sometimes hid out in the buggy shed and smoked cedar bark. We even tried a little section of buggy whip as a cigar imitation.

ular, like Brown Mule, Star, Levi Garrett, Cubes, Day's Work, etc., but we'll soon have a new one when Hereford's lettuce cigarette hit the store counters—Bravo.

Looking back now, it seems that as a boy of 8 or 10 we were afraid to smoke real Bull Durham. For we'd been told of the awful horrors that resulted from these "coffin nails". We'll never forget how sick we got from our first cigar. We even tried a "lip" of snuff—no good! But, oh my, that chawin' terbaccer. We'll never forget that—our first and our last.

Don Bradley brought us a "cluster" of those giant climbing vine tomatoes, and we can testify they are every bit as good as Don said they were.

This was on a hot summer afternoon, and a bunch of kids (maybe 8 to 12 years of age) were shooting the breeze as we reclined in the shade of a peach tree. Ben Turk hauled a plug of tobacco out of his pocket, bit off a chew, and offered, "Any of you MEN want a chew?" The plug got around to The Printer, and never one to be "chicken" in the presence of MEN, he bit off a hunk, chewed a while, got a mouth full of juice, and through inexperience knew no better than to swallow the first excess that developed. We remember turning faint, falling over on the ground, the others loading us up in a little red wagon. Then next we remember, we looked up from the bed into the face of Mama and Dr. J. W. Young, who had pumped out our stomach. Mama never said a word, but we suspect she knew we had already received enough punishment. Why anyone will smoke, chew or dip is one of the mysteries of life.

Several readers have asked why we didn't give a little more complete analysis of the 10 constitutional amendments voted on last Tuesday. We're sorry; we should have. But, there were so many, and so much space would have been required, we just let the brief statements on each stand. Anyway, every daily newspaper had carried detailed discussions, or series of articles, on them and we just thought most everyone would have read these.

We're still trying to figure out that cotton program Congress OKed for Mr. Freeman. One thing seems certain. This will encourage, or force, bigger farms, more tenants thrown off, resulting in the use of more big machinery, fewer jobs, and fewer people for small town merchants in the farming country to serve.

While Congressman George Mahon is in this area, we'd suggest you might talk to him about the trend of government—if you don't like it. In fact, we'd better get to talking to him if we want to keep our present system of government.

Football is a crazy game. Texas beats Texas Tech 33 to 7. Rice whips Texas 20 to 17, and Tech slams Rice 27 to 0.

Remember those Burma Shave signs along the highways in days of yore? They were all taken down in 1963, a set given to Smithsonian Institution, others to antique shops, others destroyed when the company changed hands and went "high hat". Anyway, there's a book out on "Verse By the Side of the Road" and here are a few of the old signs: "The chariot raced at 80-per; they hauled away what had Ben Hur—Burma Shave." She kissed the hairbrush by mistake; she thought it was her husband Jake. . . . When you drive, if caution ceases, you are apt to rest in pieces, from bar to car to gates ajar. . . . Pedro walked back home, by golly; his bristly chin was hot-to-Molly. . . . and Man's misery often is cast by what he missed living too fast.

Mrs. Hub Jones, 3212 25th, Lubbock, got a big laugh out of the following which she gave us to pass on to our readers:

The man had just informed the Pullman agent that he wanted a Pullman berth. "Upper or lower?" asked the agent. "What's the difference?" asked the man. "A difference of fifty cents in this case," replied the agent. "The lower is higher than the upper. The higher price is for the lower. If you want it lower, you'll have to go higher. We sell the upper lower than the lower. In other words, the higher, the lower. Most people don't like the upper, although it is lower on account of being higher. When you occupy an upper, you have to get up to go to bed, and you get down when you get up. You can have the lower if you pay the higher. The upper is lower than the lower because it is higher. If you are willing to go higher, it will be lower." But the poor man had fainted.

We've been eating home-grown turnips this week, thanks to our good friend Roy Nettles of Lakeview. There's nothing we like better and get less uv than good ole turnips.

O'Donnell Game

(Continued from Page 1, Sec. 2.) Tahoka led 14-0 with 22 seconds on the clock.

The Eagles went into their spread formation with White at tailback, a pass was incomplete, and Tomlinson intercepted his first pass on the next, and two plays ran out the clock.

O'Donnell Hard Luck
Just about every kind of hard luck plagued the Eagles the second half when they seemed to have something going.

Ronny Barnes ran Tahoka's kickoff from the 5 to the 47, two plays lost 2, then End Joe Lopez took a 25-yard pass to the Tahoka 30. White got away on a run to the Tahoka 7, but the Eagles drew a 5-yard motion penalty and the ball was called back. Then Bessire took a pass that would have been for a first down, but an ineligible O'Donnell receiver was ruled down field, and that set the Eagles back another 15 yards to the 50. On the next play, Clarence Long and Mike Davis trapped White for an 8 yard loss. A screen pass was incomplete, then Butch Tomlinson intercepted a long O'Donnell pass on the Tahoka 35 and ran it all the way to the O'Donnell 22, fighting off a half dozen tacklers before being stopped. Doubtless the Eagles wondered how much hard luck a team can have on one series of downs.

Bog Down, But Score Again
Tahoka moved to the O'Donnell 8 but bogged down. O'Donnell moved out to their own 26, White punted 40 yards to the Tahoka 34. Here, Tahoka broke the game open. Tomlinson made 2, then Cliff Thomas went off left tackle and raced 57 yards before being

overhauled on the O'Donnell 7. On the next play, he went over the middle to score. Conversion kick failed. Score, 20-0, with 1:20 left in the quarter.

White ran the kickoff to the 41, but on the second play, Thomas made the third interception of an O'Donnell pass on the Tahoka 44 to set up another Tahoka score early in the fourth period.

One play lost 4, Tomlinson took a pitch-out for 9, then Tahoka drew a 15-yard holding penalty. Renfro dropped back to pass, heaved a long one to Adams about the Eagle 40, and Adams hauled in the pigskin and loped in to the goal line to score on a 66-yard play. Thomas' kick was good, and Tahoka led 27-0.

Score Again Quickly
Following the kickoff, O'Donnell couldn't move, the punt was partially blocked and went only 14 yards, and Tahoka was in business on the Eagle 44.

Coach Smith was now sending in the reserves, and HB Britt Robinson, who has had a knee injury most of his high school days, ran for 8 yards. Then Coburn ran for 35 to the Eagle 1. On the next play QB John Tyler handed off to Coburn for the TD, and "Little John" personally ran off to the right and over for the 2-point conversion.

Hectic Last Quarter
With 8:25 left, there were all sorts of happenstances. Taking the kickoff on its own 15, the Eagles moved for a first on a 4-yard run, and then a pass to Tom Ed Vestal for 16. Bessire took a screen pass to the Tahoka 38, but a motion penalty nullified the gain. On the next play, B Team QB Charley Brown intercepted the O'Donnell pass on Tahoka's 47.

Tahoka drew a 15 yard penalty, three passes were incomplete, Davis punted to the O'Donnell 35, but the Eagles bogged down after making another first down when a fourth down pass was incomplete. With Brown at quarterback, Britt ran for 7, and then Brown's long pass was intercepted by Bud White. He completed one to Bessire for 11, then Chris Roberts intercepted an Eagle pass on the Tahoka 25, Robinson made 5, O'Donnell drew a 15-yard penalty, pass interference was ruled against O'Donnell on a Brown pass to Chris Roberts for 12, the Eagles

draw another 5-yard setback, and the clock ran out with Robinson carrying.

All Get In Game
All the Tahoka boys in uniform got in the game except regular QB Mitchell Williams, who had been ill two weeks. These included regulars Milton Edwards, Tommy Kidwell, Roy Isham, Jody Edwards, Luciano Soliz, Dean Hamilton, Richard White, Buz Owens, Doyle Schneider, Larry Arnold, Gary Brooks, Joel Inklebarger, and possibly others. Wayne Thurman is still out with a knee injury.

O'Donnell Boys Shine
Outstanding on offense and defense for the Eagles was "Bud" White, who did everything but carry the water bucket; Jerry Haire and Eddie Joe Moore, tough on defense, and Center Randy Jackson before receiving an injury; and others not mentioned above who saw action included Bobby Ewing, Richard Mansell, Bobby Brown, Dwight Crawford, and others.

Bands Perform
O'Donnell's 53-piece Band, "the pride of Big O", directed by W. J. Buchanan and led by Drum Major Martin Bellow, put on a fine halftime performance.

Director Gary Hall for the first time presented the combined Tahoka Varsity and Junior High bands of 93 pieces, which drew high acclaim from local fans, and paid tribute to drum majors majorettes, and the senior members, John Huffaker, Paul Douglas Kenley, Carroll Curry, Ann Stone, Ralph Brock and Ronnie Hudgens.

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

If a patient is dying from a moderate dose of arsenic, then he should be given a massive dose of the same poison.

He also feels that the Federal Communications Commission should be abolished and the control exercised at present by that agency over the use of the nation's airways by radio and TV stations turned over to his union.

He said that radio and TV would then enjoy the same unfettered status now enjoyed by newspapers. This is probably akin to the same "unfettered" status that tied up American flag shipping on the East Coast for many weeks. And perhaps is the same unfettered status enjoyed by the nation's railroads, or by the nation's trucking lines under that real time expert at unfettering, Jimmy Hoffa.

While much can be said of some of the bureaucratic ham handedness in the operation of the FTC, it is difficult to understand how the situation would be bettered by turning over control of all avenues of communications in the nation to the labor leaders.

But this is Mr. Brown's solution to the problem of automation that is decreasing employment in printing.

Somehow, another solution seems to escape him entirely.

That is the fact that if his union exercised the proper intelligence, it is possible that publishers would not turn to automation to survive. It would seem that by rejecting a common sense approach to the problem of diminishing employment Mr. Brown has cast up shrdlu.

This is an interesting thesis. So far, the mechanical unions in the printing trades have solved many problems, usually by running costs of publishing up to ever high levels.

Thus, in New York, these costs solved the problem of the employees of a big mass circulation daily who may have wanted more leisure. The paper was forced to close down, with the results that hundreds of employees achieved permanent leisure. The employees of two daily newspapers in Los Angeles and one in San Francisco not to mention some papers in other cities have all had their leisure problems solved by the increased demands of the printing unions, and it is rumored even, more problems of this nature will be solved by the printing unions.

He said this would solve all problems.

He stated that all employees of the printing, publishing, newspaper, broadcasting, C. W. Harder and advertising industries should be in one big union, with that union being the ITU.

CHALLENGING CAREERS FOR YOUNG WOMEN

Cytotechnologists - specialists in the study of human body cells - are in growing demand today, as more and more doctors make the "Pap smear" a routine part of their examination of women patients. This detection aid is a major factor in conquering uterine cancer, the second greatest cancer killer among women.

The cytotechnologist is the good right hand of the pathologist. To her trained eye, the microscope reveals the very secrets of life. Her judgment and alertness can mean the difference between life and death to women.

Security, pleasant colleagues and the satisfaction of being part of an all-out attack on the most dreaded of diseases are some of the satisfactions in this rewarding new profession.

Chemistry or biology students who have completed two years of college (or the equivalent) can qualify for this new career field.

The winless Eagles, as Tahoka fans will testify, are a game bunch in the face of so many losses and are not expected to take it on the chin without a battle. Seagraves was overpowered by Plains last Friday 35 to 0, but has won over Wink and Stanton in conference play.
