2,157 Poll Taxes Paid By Lynn County Citizens

Due to a last minute rush, 2,157 people have paid poll taxes in Lynn county, 47 under-age exemptions have been issued, and five have registered "poll tax not paid", according to George McCracken, county tax assessor and collector.

In Lynn county, citizens over age of 60 years are not required to register as a qualification for voting. There are several hundred of these.

Mr. McCracken reports there was quite a rush Monday, the deadline, and the last receipt was written at 11:00 p. m. that day.

Two years ago, a presidential election year, 2,755 paid poll taxes, and four years ago 2,340 paid their poll taxes.

Since there are a number of state and local contests in prospect, plus 16 constitutional amendments to be voted on next fall, some people may regret later that they failed to secure poll tax receipts.

Monday, Feb. 7, is the last day for candidates to file with the county Democratic chairman, Calloway Huffaker, for a place on the primary ballot.

Mrs. Harris died at her home on South Fifth St. in Tahoka Monday. She was found dead in bed in her nightclothes early Monday morning by her daughter, Mrs. A. B. Henry, when she went to check on her mother. Mrs. Harris had been in good health considering her age.

She was born Oct. 27, 1880, in Marble Hill, Mo., and was married to W. A. Harris on Jan. 10, 1904, at Clarksville, Texas. The couple moved to Lynn county in 1924, settling in Grassland community. Mr. Harris passed away Oct. 24, 1946, and she moved in to Tahoka two years ago.

Gauchos Place Third Nationally

O'Donnell Junior Gauchos received their trophy Monday night for having placed third in the nation among junior-riding groups. The awards were announced back in December at the national convention of American Association of Sheriff Poses and Riding Clubs in Little Rock, Ark., according to W. H. (Punk) Cook, president of the Gauchos.

They received the 21-inch silver trophy at the district meeting in Lubbock Monday night.

Mr. Cook says this West Texas district made almost a clean sweep of junior awards in the national judging in junior events. Lubbock Rangers was first, Hart Riding Club second, O'Donnell third, and a Brownfield girl was named national junior "queen" among 151 districts in the nation.

O'Donnell Gauchos participated in eight events last year. Judges fill in score sheets which are sent to the District organization, which in turn are sent to the National organization, where they are graded.

The Gauchos take members from any age up to 21, from "the time a child is able to handle a horse". There are about 30 members now, but new members are being sought, and Mr. Cook says they would like to have some more riders from Tahoka.

In addition to Cook, Boyd Barnes is vice president, and Mrs. Cecil Kizer is secretary. The club meets each third Monday night at 7:00 o'clock at Jackson's Cafe north of O'Donnell.

"I shall give the duties of the office my very best, as it will be my living. I will appreciate your consideration and vote. I shall try to see as many of the voters as possible before election."

Mrs. Kelley came to O'Donnell in 1954 and lived there until 1958, when she and her late husband moved to Tahoka. She went to work in September 1954 in the County Superintendent's office under Mrs. Lenore Tunnell, and has worked there since, and has also been working with Lynn-Co Federal Credit Union ever since it was organized.

Stewart Rice, vice president of the club, says an outstanding program is expected to be presented following the meal. The program, "The War in Viet Nam", will be brought by Capt. Joseph A. Breen of Reese Air Force Base, Lubbock.

In addition to a medal in oak leaf clusters, the Captain holds the "Distinguished Flying Cross", one of the nation's highest awards for heroism. The "Distinguished Flying Cross" is awarded for heroism that must be evidenced by voluntary action in the face of great danger and beyond the line of duty while participating in aerial flight.

Capt. Breen, who was a first lieutenant at the time of the award, was awarded the DFC for a March 19, 1964 mission during which he provided air cover for the Viet Cong who were intent on capturing a Vietnamese special forces patrol. Despite the attempt of Vietnamese at camouflage and the danger of hostile ground fire, he continuously flew his aircraft at extremely low altitude over the hostile gun emplacement, forcing the Viet Cong to cease fire on the friendly forces and concentrate their fire on his aircraft.

Capt. Breen was an F-100 pilot at Homestead AFB, Fla. when he volunteered duty for Viet Nam. He is from Tampa, Fla. where he graduated from Jesuit High School. He formerly attended Holy Cross College in Worcester, Mass. before entering the Air Force in August, 1959. Capt. Lynn County Soil Conservation District News

E. R. BLAKNEY
ELMER OWENS
JIGGS SWANN

Several members of the district have completed parallel terrace systems, says Donald Reed of the local Soil Conservation Office. With the installation of parallel terraces point rows are reduced or eliminated and farm operations are faster and more efficient. Parallel terraces are laid out so that they can be farmed with 4, 6, or 8 row farm equipment.

Kenneth Eaker, who farms eight miles south of Tahoka, has just completed about 47,000 ft. of parallel terraces. He had some built from both sides and some built from the back side only. Eaker says he is better satisfied with the terraces built from one side. Donald Reed, local Soil Conservation Technician says terraces built from one side provides better water distribution. This reduces the chances of crops being drowned in the channel next to the terrace and spreads the water out over several more rows. W. A. Jordan has completed 50,000 feet of parallel terraces built from one side. J. W. Pirtle, who farms Mrs. Ora Miles farm, has also just completed a half section of terraces both Mr. Jordan and Mr. Pirtle's farms are located in the Wells area. Many other farmers are in the process of installing parallel terraces.

Assistance is available through the Great Plains Conservation Program and through the ACP Program of the ASCS office. For more information or technical assistance to help you plan your parallel terrace system contact any member of the local Soil Conservation Service or any member of the Board of Supervisors of the Lynn County Soil & Water Conservation District.

WSCS Is Starting New Bible Study

The Woman's Society of Christian Service of the First Methodist Church met Saturday afternoon in the church parlor.

During the business session presided over by the president, Mrs. H. W. Carter, the members voted to join the Wesleyan Service Guild in the Bible study, "Acts; Then and Now" by Harvey H. Potthoff. Nuclear Power Film Is Shown

Research projects in the development of means to harness nuclear power for peaceful purposes were told in a sound-color film shown at Tahoka Rotary Club Thursday noon by Harold Roberts, local manager of Southwestern Public Service Co.

SWPC and nine other power companies in Texas are conducting the largest research project in this field in the entire world, and the film depicted some of the work being done in Texas universities and other expensive laboratories financed by these companies.

Started in 1957, there are still many questions to be answered, but scientists are moving steadily toward a breakthrough that may provide cheap atomic power.

There are now 13 fission power plants in the U. S. and five under construction, but where available use of gas in generating electricity is still the cheapest in the Southwest.

Ralph Beistle was in charge of the program.

Junior Rotarians for the past month have been John Huffaker and Paul Douglas Kenley.

Congratulations:

Mr. and Mrs. W. G. Tijerina, Tahoka, on birth of a son, Noel Perez Tijerina, in Tahoka Hospital at 9:44 a. m. Wednesday, Jan. 28. He weighed 5 pounds 2 ounces.

Mrs. Claude Harper was dismissed from the hospital last Friday where she had been a medical patient several days.

Driving Hints For Icy Roads

Safe driving on icy and snowy streets and highways demands greater care and effort than driving under normal road conditions. The following are some tips on how to drive safely and help to avoid accidents on ice and snow laden streets and highways.

1. If your car has a conventional, or "old-fashioned" shift, start in second gear and engage the clutch very gently with little gas. With an automatic transmission, feed gas very gently to start, holding the accelerator steady as soon as the car moves. Increase gas only if it can be done without spinning the wheels.

2. Drive well under dry road speed. Speed limits set for normal driving conditions are not realistic on slick streets and highways.

3. Keep the car pulling steadily. You need moderate power not speed. To falter or hesitate is, often, to stall or go into a skid. Rolling friction is substantially greater than sliding friction.

4. Make no sudden changes in speed, gear ratio, or direction. Any of these can cause a serious skid. Make these changes, if necessary, most cautiously.

5. To stop or slow down on icy streets, lightly pump the brake pedal in rapid succession. This action permits the front wheels to steer when they roll and gives greater traction on the ice for stopping as the wheels are not locked. The intervals of steering will keep the vehicle from skidding off a crowned road into a ditch.

When the car actually is in a skid, steer in the direction in which the rear end is skidding to recover. When the car begins to straighten out, then also straighten out the front wheels.

6. Keep windshield, back windows, outside rear-view mirrors, and all lights clear of dirt, snow, frost, sleet, and mud.

7. Keep yourself under control. How can you control a car helpless against the forces of nature, if you cannot control yourself. You need all your capacities to think fast and act accordingly.

Man Found Dead Near Grassland

E. L. Dunkins, Negro man probably in his 60's, was found dead by a friend just outside the home in which he was living near Grassland Thursday at about 3:30 p. m.

Sheriff Carl Spears, who was called to the scene, said Dunkins had been dead possibly two days. Justice of the Peace H. L. Roddy following an inquest ruled death from natural causes. Whether he died instantly or was stricken and died from exposure in the extreme cold is not known.

Dunkins, a farm laborer, who formerly worked for S. A. Benge and had lived in the area 15 or 20 years, had just recently moved to the home on the H. A. Roberts farm, where he lived alone. Thursday afternoon, Van Ollison, a friend who works for one of the Normans, went to visit Dunkins and found him. Ollison called Sheriff Spears.

Graveside services were conducted Friday at 3:30 p. m. in Tahoka Cemetery by Eddie Scott and burial was under direction of White Funeral Home.

Dunkins had no known relatives, and efforts to find any of his kin have been to no avail so far.

Gordon-Southland News

(By Mrs. Edmund Wilke)
Say, how about the weather today (Monday)? There is snow on the ground and sand in the air! About the middle of the morning it began to get kinda dark and I thought that perhaps we were fixing to get a rain cloud, so I went to the window and looked out, and what do I see—sand in the air! I could hardly believe it, because we still have quite a bit of snow on the ground here at Southland. But as the old saying goes about the "West Texas" weather, "If you don't like the kind of weather we are having—wait a minute!"

Mrs. Alice Martin has been sticking pretty close to home during this bad weather that we have been having, so as not to slip and fall on the ice. Well, lo and behold, last Wednesday she slipped and fell right in her own house and broke her right wrist. Now she has it in a cast and will have it there for six weeks. She says that it sure is hard doing things for herself with just one hand, and since she is right handed, it is doubly hard getting used to using her left hand. She says that she has had so many cards and telephone calls from friends, neighbors and relatives and she appreciates each one of them. Her son, Blanton Martin, from Littlefield has called and also a daughter, Mrs. Roy B. Underwood, from Richmond, Calif. We certainly hope that everything goes well with Mrs. Martin and that these next six weeks go rapidly for her.

Mr. and Mrs. Billy Lester attended the funeral of Mr. Clint Howell in Brownfield last Thursday. He was the father of Mrs. Leota Clary. Mr. and Mrs. Howell and Leota used to live in this community and Leota went to Southland school. Mr. Howell died rather suddenly from a heart attack. We extend our sympathies to this family.

Mr. and Mrs. W. P. Lester received word on Sunday that Mr. Loyd Ingle had died very suddenly from a heart attack. Mr. Ingle is the brother of Mrs. Lester, and lived at Cleburne. This was a great shock to Mrs. Lester, because it hasn't been but a short time since her sister died in the same way. The funeral will be on Wednesday and several from here

will be going. Our deepest sympathies goes to this family.

Mrs. Pauline Siewert will be getting the cast off her arm this week and she is so happy about it. She has trouble walking anyway, and with that big cast all the way from her hand to her shoulder, it has been harder than usual.

Mrs. Arthur Stolle, who had major surgery several weeks ago, is up and around and doing real good. She is staying with Mr. and Mrs. Bob Camden at the present but may be coming home before too much longer.

Our Junior High basketball teams lost their games at Shallowater last week and they will play their first game with Cooper in the District Tournament tonight at New Deal. High School lost both their games at Shallowater last Tuesday and on Friday the boys lost their game at Wilson by one point, but the girls won their game. They will play Cooper here this Friday night.

Mrs. Jerry Harlan and little daughter from Slaton visited Edmund and me one day last week. She is the former Nancy Mueller and a niece of Edmund.

I called Mrs. J. F. Rackler this morning and was so sorry to hear that she hasn't been feeling too good lately, but she said that she feels pretty good today. She spent two days last week with Mr. and Mrs. Claud Roper. She went to the doctor one day at Lubbock and after seeing the doctor, she visited with Mr. and Mrs. G. C. Rackler and Mrs. Roper visited with Mr. and Mrs. Tommy Stell.

We would like to extend our sincere sympathies to the family of Mr. Spencer Brewer who died last week quite suddenly from a heart attack. Mr. Brewer had farmed in the community for a great many years and lived here before moving to Slaton. They used to be members of the Methodist church here in Southland.

Mr. and Mrs. Clarence Miller have returned home after spending several weeks at Houston.

Mrs. Evelyn Hill entertained a group of ladies last Friday with a Stanley Party at her home.

Visitors in the home of Mr. and Mrs. D. D. Pennell were Mrs. Arvil Ferguson and Mrs. Emma Ferguson from Post, who visited with them this morning. Sunday visitors were Mrs. Dorothy Dugger, Mrs. Olive King, Miss Bennie Chindler, Harvey Louis Pennell, and Mr. and Mrs. Jerry Pennell, all from Lubbock.

Mr. and Mrs. Kenneth Calloway went to Abernathy on Friday to attend to some business. On their way back, they stopped in Lubbock and visited with Mr. and Mrs. Harold Wayne Donahoo, Mark Wayne and new baby daughter.

We would like to say "congratulations" to Mr. and Mrs. Billy Ray Mitchell on the birth of a son on January 23. The little fella weighed in at 8 pounds 4 1/2 ounces and has been named Benjamin Carl. Mrs. Mitchell is the former Connie Wartes.

JOHN LOVELADY

County Teachers Meeting Monday

A representative of the Texas State Teachers Association, Mr. John H. Lovelady, is scheduled to speak to the Lynn County Unit of TSTA on Monday, February 6, at 7:00 p. m. in the Wilson High School auditorium, according to Harold Reynolds, Tahoka superintendent.

Mr. Lovelady's subject will be "Future TSTA Legislation and the Committee of Fifteen."

A former classroom teacher, coach, principal, and assistant superintendent before becoming a member of the headquarters staff of TSTA, Lovelady is well versed in the various phases of public school education and challenges facing our school today. He is Director of TSTA's Professional and College Relations and is the staff consultant for the State Teacher Education and Professional Standards Committee. He has appeared before teachers organizations, parent-teacher associations, and other interested groups throughout the state of Texas.

Mr. Lovelady is a graduate of the University of Texas and received a Masters Degree from Texas Western College in 1948.

The Pleasant Valley Home Demonstration Club met in the home of Mrs. Elmer Hitt on January 27. Mrs. Hitt gave a ten minute demonstration on "Broiler Meals." Mrs. Carl Payton gave a program on "T.H.D.A. Family Life Programs." Plans were made by the club to visit the "Doty Dan" factory at Lamesa. There were 10 ladies present: Mrs. Spencer Beavers, Mrs. Travis Lancaster, Mrs. Edwin Lewis, Mrs. Robert Mock, Mrs. James Overman, Mrs. Carl Payton, Mrs. Vernon Scott, Mrs. B. L. Thomas, the hostess, Mrs. Elmer Hitt and one visitor, Mrs. Joyce Odom.

Edmund, yours truly, Sherri, Darrell and Larry ate dinner on Sunday with Mr. and Mrs. James Riney and Cathy at Slaton.

I would like to thank all of you that called me this week. My phone wasn't working too well and I didn't get in touch with many. See you next week, God willing.

Mix-Up Bowling For Two Weeks

The Old Folks took the Night Owls three games to one Saturday, Jan. 22, in the New Home Mix-up Bowling league. High bowler on the Old Folks team was Foy Todd with a 185-504 while Helen Peek's 182-475 was high for the Night Owls.

Ronnie Dulin's 212-517 was all the Morebells needed to take the Handy Caps for three games. David Airhart took honors for the Handy Caps with a 133-382.

In a real battle the Powerhouse 4 finally ended up with three and one-half games from the Teapots Della Halford's 199-501 was the best the Powerhouse bunch could do while Wayne Tekell came through with a 212 game but Sue

Tekell bested him on series with a 502.

Betty Fillingim's 182-473 was high for the Deadwoods as they won three games from the Tenderfeet. Wayne Price's, 180-474 was high for the losers.

The Arrows and the Maniacs did some close bowling with the Arrows coming out on top two and one-half games to one and one-half. Charlie McCullough led the Arrows with a 158-420 while Vera Harston's 159-444 was high for the Maniacs.

Congratulations to Wayne Price who won bowler of the week at Oakwood Lanes. He took this honor with a 644 scratch.

Saturday, Jan. 29

Anna Jean Cosbell had high game of 181 and series of 450 as the Morebells beat the Maniacs three games. For the Maniacs Jerry Harston was high with a 154-496.

Still more new cars and diesels, too, for Santa Fe.

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2 1/2 times; many haul double the tonnage of cars they replace.

Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 3,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight

power is in new high-horsepower units—and more keep coming to move our trains on fast, dependable schedules.

How can we help you? Just call your local Santa Fe Agent.

The railroad that is always on the move toward a better way.

As we write this paragraph on Monday, there have been 20 successive days in which the low temperature has been below freezing, 30 out of 32, and there were only six days in January when the high temperature was above freezing. There was snow on the ground for 14 days, another record for recent years.

We have another very interesting story about early days in Lynn written by Mrs. W. H. May of Lubbock which we will be printing soon. Look for it in the next week or two.

One of our Spanish friends told us a few days ago many of his race would rather be called Spanish or Spanish-American than Latin or Latin-American, or Mexican.

He declared he had no deep objection, personally, to the term

Mexican except that the designation as Mexican or "mescan" is usually used by we "gringos" in a derogatory manner and has been used too generally as somewhat of a slur—or at least that's the way his race takes it. Most of our local Spanish people never lived in Mexico, although most of their ancestors did come from that country. But, their ancestors came from Spain, and the Spanish language has been handed down among the race just as the English language has been brought down by Anglo-Americans. Unless used in derision, any of the above terms should be acceptable.

Actually, the Spanish are probably more American than we Anglos. Most of them have only two nationality blood lines, Spanish and Indian, while most of us so-called Anglos have a conglomerated mixture of a lot of nationalities. Personally, we don't think our Spanish friends should take offense at any of these designations.

Up at Pueblo, Colorado, last summer we chanced to read several copies of the Pueblo Chieftain daily newspaper. There was quite an argument going on in "Letters to the Editor" from Spanish speaking people as to what they should be called, Spanish, Latin, or Mexican, and we were a bit surprised that several of the letters from people with names of Spanish derivation indicated that many up there wanted to be called simply Mexicans.

We once knew a man named Juan Garcia, a big land owner in the Fort Sumner-Santa Rosa area of New Mexico, and he told us the reason he didn't like to be called Mexican was that his ancestors came from Spain 250 years ago when they acquired a land grant from the Queen of Spain. "You can call me New Mexican or Spanish but never Mexican," he told us.

A. R. Milliken looked into the bed of his pickup Monday morning and was surprised to see some apparent corn sprouts shooting up out of a pile of sand. Since the pickup had been standing outside in all that cold weather, he could hardly believe his eyes. Others saw the "believe it or not" and marveled. He drove the pickup by for The Printer to see. We didn't disturb the sprouted corn, but we did mash a grain of the soft corn protruding from the sand. Then, Reble Thomas came along and ruined a good news story by pulling from the sand a small branch from an evergreen. The leaf tips protruding from the sand had fooled several.

We felt about like that would be bank robber did that slipped the note to the teller which read "Put the money in the bag, sucker, and don't make a move"; and the teller replied, "Straighten your tie, stupid, they're taking your picture."

WHERE ARE GOD'S PEOPLE?

To whom it may concern:
I would like to say in part some of the things that I feel the Lord has laid on my heart to say to the people who claim to be Christian people.

First of all, I will say that I do not come to you with a lot of fancy words of mumbo jumbo for if I were to place a title at the beginning it would be this: "Where Are God's People?"

I speak now to God's people, I hope, for I do not expect either Socialist or Communist to understand or believe what I have to say, for they do not believe in God; neither do they believe that

Utopia Road, San Antonio, sends greetings to her many friends. Mrs. Sharpe is a member of the pioneering Wells family, daughter of Mrs. Zilla McCoy now living in a Post nursing home and the late Dr. J. H. McCoy.

Gene Lawson of Chesapeake, Virginia, writes he enjoys this column and declares: "Still think that the constitutional form of democracy that we enjoy can be further preserved by amendments, state and federal; these amendments to limit the term of office of any elected or appointed official of the city, county, state or federal who administer!"

Local Methodists may be interested to know that a former local pastor, Rev. John E. Eldridge, now 84, lives in Vernon, is retired but still active in the local church, Rotary Club, and civic work. Mrs. Eldridge is also living and is writing a book on their experiences. He says, "I can't understand a fellow working his life away just to make money, especially nowadays when he can't keep it."

ARE WE REALLY PROUD TO BE AMERICANS?

We ALL claim we are PROUD to be AMERICANS.
But we turn around and . . .
FAIL to take an active interest in the running of our government by not even voting. . . .
FAIL to take advantage of the freedom of religion by not going to church. . . .
FAIL to use our right of free speech by not voicing our opinions on important issues. . . .
FAIL to appropriately honor those who have died throughout the years protecting our claim to freedom. . . .
FAIL to teach our children that pride in our flag and country is of vital importance. . . .
FAIL to abide by God's law of conduct and almost completely ignore the many laws of man. . . .
FAIL to maintain a family unit which is so vital to any way of life. . . .
FAIL to participate in many of the projects which make our children grow into better men and women. . . .
FAIL to fully support our schools so that our future generations can be better educated. . . .
FAIL to be tolerant of the other fellow's beliefs, religion, race or color. . . .
FAIL to assume the responsibility of leadership in our churches, communities, state and nation. . . .
FAIL to honor our ancestors who have made this country the great nation it is. . . .
FAIL utterly to follow through on our own claims that . . .
We are PROUD to be AMERICANS.

Someone says we are not getting enough to pay rent on the houses like our neighbors live in! So he is now going not only to pay their rent in a large part, but feed and clothe and educate the whole world! Our lawmakers it seems, will also pass the bills, too, if they continue on the course that they have taken from the start of this administration.

Now some of you have already said "Well you don't believe in helping your neighbor." But, friend, who did Christ say was his neighbors? The ones we come in contact with and desire to help, the same is our neighbor, and not by force of the Government! Also, He says, "If there be any among you that seems not to work, neither shall he eat." Now does that force you to love your neighbor? No! Neither does He force you to except Him or His ways as the Socialist or Communist would have you believe. For this is their way—not His. This is the way narrow minded and Socialist minded Doctors and Lawyers will sell us out to the Communist—through laws of taxation and high medical care. When they get the people to believe that they can't stand on their own two feet, and that they have to lean on the Federal government or the State government for a means of support.

How many funerals, friend, have you gone to of those in this land who have starved to death? Who does God say that is responsible for his own house hold? I can answer that if you have forgotten! You! Now I ask you, how many neighbors, before the Federal government started meddling with the private lives and affairs of the people, have you known to have starved to death or die for the lack of medical care? Did that person even try to help himself? Our eyes have been turned across the ocean too completely for our own good. We can't see what is happening to our own country—or else we have come to the place that because of the lust of money, we will turn to any form of living. The latter I can hardly believe, yet.

I, somehow, still believe it must be through plain ignorance or plain negligence on the part of a people that call themselves Christians to let a once free nation come to the point of destruction that we now stand in. When a

brother or neighbor will lie or cheat another in a group of so-called Christians then something is very wrong!

Friends, maybe you would be quick to say that you yourself are a Christian. Then I ask you how many ways or times have you voted for Socialism? Or how many times have you failed to speak out against it? If you fail in either way, you have failed as a Christian.

There is a Heaven or Hell. Friends, maybe you would be quick to say that you yourself are a Christian. Then I ask you how many ways or times have you voted for Socialism? Or how many times have you failed to speak out against it? If you fail in either way, you have failed as a Christian.

This thing we the farming people have called "farm program" for so long, and have voted for, and took part in is Socialism in one form! At the beginning we had a freedom of choice under all the administrations before Mr. Johnson and Mr. Freeman. You do today, too! One is to go along with their Socialist ways or quit farming!

Now maybe you are one of these that say, "Well I pay for it, why not get my share?" Pay for it you do, but not in the way you are speaking. Remember this: that everyone's tax money is up there in Washington to be spent by the men that are supposed to be representing the taxpayer; and this means everyone, not just a few of any one group. This is what causes a howl to start by other groups, and rightly so for there are a lot of other taxpayers besides agriculture. Yes, we know that there are free riders and always will be if we are to be a free people.

This "I'll get mine, while the getting's good" attitude is what starts Socialism, for when this kind of thinking completes its circle around the nation then you have Socialism. This is what started the Social Security that was first put upon the employer to pay in part to his hands which was wrong from the beginning for this was helping someone through force, and so the evil ball started bouncing. Now where are we? You say, well I did not vote for that; but, my friend, by a margin of about 4 or 5 to 1 someone did. Here in the state someone voted and is voting for more welfare every time one of these evil-minded politicians or smart lawyers brings such a bill before the people to be voted on.

Yes, Mr. Johnson played it up big about taking care of our aged, and our law makers fell for it hook, line and sinker and made it a law and tacked it on the taxpayer through Social Security to pay their doctor bills because the check that they were getting was not enough. Well, here the ball started bouncing again, for we have people that were not covered by this bill, so he started his so-called poverty programs and made sure they were passed.

Someone says we are not getting enough to pay rent on the houses like our neighbors live in! So he is now going not only to pay their rent in a large part, but feed and clothe and educate the whole world! Our lawmakers it seems, will also pass the bills, too, if they continue on the course that they have taken from the start of this administration.

Now some of you have already said "Well you don't believe in helping your neighbor." But, friend, who did Christ say was his neighbors? Neither does He force you to except Him or His ways as the Socialist or Communist would have you believe. For this is their way—not His. This is the way narrow minded and Socialist minded Doctors and Lawyers will sell us out to the Communist—through laws of taxation and high medical care. When they get the people to believe that they can't stand on their own two feet, and that they have to lean on the Federal government or the State government for a means of support.

How many funerals, friend, have you gone to of those in this land who have starved to death? Who does God say that is responsible for his own house hold? I can answer that if you have forgotten! You! Now I ask you, how many neighbors, before the Federal government started meddling with the private lives and affairs of the people, have you known to have starved to death or die for the lack of medical care? Did that person even try to help himself? Our eyes have been turned across the ocean too completely for our own good. We can't see what is happening to our own country—or else we have come to the place that because of the lust of money, we will turn to any form of living. The latter I can hardly believe, yet.

I, somehow, still believe it must be through plain ignorance or plain negligence on the part of a people that call themselves Christians to let a once free nation come to the point of destruction that we now stand in. When a

brother or neighbor will lie or cheat another in a group of so-called Christians then something is very wrong!

How many times, friend, have you noticed how quickly our government will ban Christian practices in public places where they have the authority to do so? And how many Christians stand up and protest? Let us take one for an example: The case of the atheist woman who claimed that her son was forced to listen to prayer. Why did not our Attorney General try these people and if they were guilty then punish them according to law? I'll answer that for you, friends. It was because the Supreme Court wanted to get rid of the Christ-like things! So they made a new law that banned prayer in schools! This happened in our free land called America!

Why did our forefathers come to this place we call America in the first place? So that you and I, my friend, might worship God according to the dictates of our conscience. This act of the Supreme Court was far from those intentions, it seems to me!

Take what has happened in the last two elections for changes in our state laws. The people voted for more hand outs from the government—State-wide—and to give more pensions, wage increases and insurance to different State officials and County officials for retirement. Now I would ask you—where in the Bible can you find where any man, Christian or other wise, is supposed to retire or quit working?

We should be able to see why God said that the lust of money is the root of all evil. Christian friend, is this where you intend to spend eternity? We can see it on every hand men and women alike preparing themselves for this world as though they intended to spend eternity here. They are not, according to the scriptures, preparing themselves nor their children for that New Heaven that God is preparing for those that love Him.

Remember that God said that if we as Christians did not keep His teachings that He would take away that part that we had and give it to another nation.

God also said that in the last days there would come a great falling away of so-called Christians then the end would come. Consider where this world stands today! It stands in greed for power and in the lust of money,

even "blood money". Consider also this thing called Social Security and compare it with what was said in the Scriptures about the mark of the beast. And how you are now changing your name for a number—a system the Labor unions started. What a great form of Communist doctrine this is! Our government is being led by the Unions today.

In closing I would like to say that I stand ready to be corrected if wrong and God forgive me if I am. I have only said in part what I feel that God has laid on my heart to say. And though you may see fit to cast me into the darkest prison this world can afford, I am not ashamed nor am I afraid to speak up for my God and my country—my God first for He made All. Which will you choose, my friend? God or Mammon? The time is short in which to make a choice, I believe!

May God have mercy on this people.
Thank you,
E. L. Autry

Farm Bureau Membership Week Is Set February 7-12 For Annual Drive

Several membership workers and leaders of the Lynn County Farm Bureau attended an area-wide membership rally February 2 at the Holiday Inn in Lubbock, according to Howard Moore, membership chairman for the local farm organization. The area membership rally was one of the three held over the state by the Texas Farm Bureau to launch its 1966 new member drive.

Governor John Connally has signed a proclamation designating the week of February 7-12 as "Farm Bureau Membership Week" in Texas. Most of the 200 organized county Farm Bureaus in Texas are planning membership drives to coincide with the observance.

Lynn County Farm Bureau has scheduled its county-wide drive to start February 7, with a kick-off meeting at 11:00 a. m. at the Farm Bureau office. Mr. Warren K. Dulin of Lubbock will be present at this meeting to talk to the membership workers.

Mr. Dulin was born and grew up on a livestock and tobacco farm in southwestern Kentucky. He was graduated from the Uni-

versity of Kentucky in 1953, with a major in General Agriculture and minors in Agronomy and Soil Science. He was associated with Kentucky Farm Bureau for several years in youth and organization work, and worked as assistant to the Director of Field Service, American Farm Bureau Federation from 1956 to 1959. Mr. Dulin moved to Lubbock in 1959, and in January, 1964, he started Dulin and Co. as owner and manager, selling seed processing equipment and chemicals.

Workers who will be active in this membership drive are: L. C. Unfred, R. L. Dulin, George Sealy, Earl Cummings, Elmer Blankenship, Loyd McCormick, Hubert Teinert, Robert Mock, B. R. McDonald, T. B. Mason, Lois Smelser, Robert Warren, A. L. Norman, James Murray, Ward Eakin, Robert Draper, Arlys Askew, Howard Moore and A. L. White.

Lynn County Farm Bureau had 900 members in 1965, and they have a goal of 950 members by the end of 1966.

Local officers are: L. C. Unfred, president; Howard Moore, vice president, and Arlys Askew,

Lynnco Bowmen Elect Officers

Lynn county archers met last week and re-organized the county's only archery club, The Lynnco Bowmen. The club is actually three years old but was inactive during 1965.

Officers were elected for 1966 and future plans and activities were discussed.

Heading the club for 1966 will be: president, Ed Redwine, Tahoka; vice president, Jack Roseberry, Tahoka; and secretary, Dan Cook, Wilson.

The club's present plans call for moving the present range site seven miles south of town to a location north of U. S. Highway 380. This will be done in order to make the range more accessible to area archers, who in the past have joined the local club in large numbers.

At present the club members are on lookout for a suitable range site on North U. S. 380. The club would need approximately 20 acres of rough, brush land or pasture land, with the intentions of leasing such land to rebuild the new range.

The club held 14 tournaments including one invitational tournament during 1964 when club membership was at a peak of 33.

Anyone interested in finding out more about the sport may contact Ed Redwine, Dan Cook, Gale Hartman, Jack Sollars or J. W. Inklebarger for more information.

Tahoka Victor Over O'Donnell

Tahoka won three games from O'Donnell here Tuesday night, the A team boys winning 82 to 53, the A team girls 56 to 30, and the B team girls 56 to 17.

By reason of the victory by the girls, Tahoka is the District 5-A champion and will go into bi-district play with the winner of District 4-A. Stanton girls, also in this district, were ruled ineligible early in the season.

In the boys' game, Tahoka led all the way, 17-4 at end of the first quarter, 36-19 at the half, 59-31 at the three-quarter mark. Mitch Williams kept up his average with 30 points for high scoring honors, Cliff Thomas had 16, Mike Lankford 9, and Rett Patterson 8.

Ronnie Barnes turned in 24 points for the Eagles, hitting 16 of 18 free throws. Bessire had nine points. In fact, the Eagles missed only four free throws in the game, but were very cold at field shots.

Coach Jim Littlefield used all his boys in uniform, John Tyler, Doyle Schneider, Wayne Thurman, Gary Brooks, Richard White, Charley Brown, Jodie Edwards, and Buz Owens.

A team girls had an easy time over the O'Donnell girls, even more inexperienced than the Tahoka girls, and Coach Littlefield also used his entire squad in the 56-30 victory. Tahoka led 20-5 the first quarter, 28-15 at the half, 40-20 at end of the third. Sue Woodall led Tahoka scoring with 23 points, while Fran McLaurin had 11 and Linda Jones 9 for O'Donnell.

Tahoka won the B team girls game by an even wider margin 56 to 17, as Debby Thornton scored 28 points and Connie Gardner 25, while Paula Beach led O'Donnell scoring with nine points.

Seagraves Eagles Are Here Tonight

Seagraves Eagles come here tonight for 5-A conference games with the B-team boys game starting at 6:00 o'clock, followed by the A-team boys.

Next Tuesday night, A and B boys journey to Plains to meet the tough Cowboys, the first game at 6:00; while the Tahoka girls will be playing a non-conference game at Post beginning at 8:30 p. m.

Wink boys come here Feb. 11 to end the season for the boys, but A team girls, district champions will soon go into bi-district play.

B team will play in the O'Donnell tournament Feb. 17-18-19.

Tahoka Loses Two At Stanton

Playing at Stanton last Friday night, the Tahoka boys lost 86 to 56 and the girls 49 to 26, but Coach Jim Littlefield was highly pleased with the two teams progress in spite of the loss-sided losses to top teams.

In the 5-A conference boys game, Stanton led all the way, 22-14 at end of the first period, 43-38 at the half, but then the Buffaloes went away out front in the third 67-44 to win going away in the fourth.

Mitchell Williams again led Tahoka scoring with 31 points, Cliff Thomas had 9, and Mike Lankford 8, but the Coach says all the boys showed a lot of hustle and determination. They just got whipped by a fine ball club.

Although losing 49 to 26, the girls also looked much better. Two weeks before Stanton girls had defeated the young Tahoka team 67 to 17 and used substitutes liberally. This time, the Tahoka girls looked much better and Coach Littlefield says they really got after the Stanton girls.

Sue Woodall led Tahoka scoring with 13 points. Joy Thomas moved to forward most of the game and Robbie Biggerstaff and Tressa Mason also moved better at the position although not scoring much. Guards seeing action were Brenda Foster, Linda Hale, Chloe Huffaker, and Leah Short.

For Stanton, Welch scored 17 points and Tate 13.

A. L. Holder Bows 210 Game, 563 Series

The Squares won three games from the Pin Pickers last Wednesday night in the New Home Go-Getters bowling league competition. For the Squares Babe Evans had a 180-460, while Sandra Brown had a 168 game and Wilkie Wilkerson a 445 series for the losers.

Petty Gin won 4 games from the Back Fires behind the bowling of Beth Phifer who had a 192 game and Bobby Norman's 541 series. James Farr led the losers with a 210 game and 505 series.

The Armors also won four games from the Foul-Ups. Willis Landers had a 182-524 for the winners, while Charlie Louder had a 163-401 for the Foul-Ups.

Wagon Wheels and Lane Loafers split two games each. Don Sharp was high bowler for the Wagon Wheels with a 190-524. Nick Ford paced the Lane Loafers with a 201 game and 507 series.

Purdy Bad won three games from the Tanglewoods and was led by A. L. Holder who had a fine 210-563. Robbie Gill led the losers with a 179-474.

Ad-libs took three games from the Confederates. Roger Blakney had a 165 game and Dottie Dailey a 448 series for the winners. Ken Smith had a 180 game and Freddie Keith a 534 series for the Confederates.

Bowlers of the week were A. L. Holder and Willis Landers with James Farr, alternate for the men, and Beth Phifer and Mary Norman with Sandra Brown, alternate for the women.

John Deere Day Saturday Features "Power Train '66," Demonstration

"John Deere Power Train '66 is right on schedule," reports Jack Jaquess. "Plans for our John Deere Day are now complete and we believe this will be the most exciting farm show we've ever held." You're invited to see for yourself, Saturday, February 5, at Tahoka Community Center.

"What's new in the Long Green Line for 1966" will be introduced in a full-color motion picture, dramatically showing new equipment on board a 48 car Power Train and at work in the field. New models of John Deere machinery include four tractor models, tillage equipment, planters, cultivators, forage tools, harvesting equipment, and many others.

Tahoka Implement, Inc. will hold a field demonstration of John Deere tractors and equipment on the J. E. Nance farm north of Tahoka across from the roadside park following lunch and program at the Community Center.

"I sincerely hope every farmer in the area will plan to attend and bring his wife and children," says Mr. Jaquess. "Lunch and refreshments are free. You're all invited to come in and enjoy yourselves while you learn 'what's new in the Long Green Line from John Deere for 1966.'"

Rayford Smith was dismissed from Tahoka Hospital Thursday of last week after undergoing minor surgery on a hand.

Blanchard . . .

(Continued from Page One) and Vice in Port Arthur and Jefferson County.

Senator Blanchard was elected to the Senate in 1962 and was thereafter the first freshman Senator to be appointed Chairman of a major Senate Committee. He was also appointed to 13 major committees, the largest number in history for a freshman Senator. Re-elected in 1964, Blanchard served as Chairman of the powerful Insurance Committee and served on Finance, Jurisprudence, Oil and Gas, Transportation and Labor.

Senator Blanchard was chief proponent of numerous major pieces of legislation, including:

- (a) A school for the mentally retarded in West Texas.
- (b) Tuberculosis Eradication Act.
- (c) Law School at Texas Tech.
- (d) Medical School at Texas Tech.
- (e) New District Court in Lubbock.
- (f) A hospital district for Terry County.

Blanchard was active in securing funds for all colleges and universities, teacher's salaries, public employees, cotton research, boll weevil control and the construction of the new school for mentally retarded.

Senator Blanchard and his wife, Mary, have one daughter and four sons, and live at 4905 W. 17th Place in Lubbock. He is active in several civic and fraternal organizations. He is a graduate of Texas Tech and SMU and is a practicing lawyer in Lubbock.

In announcing for re-election, Blanchard made the following statement:

"I have been privileged to serve the people of the 28th Senatorial District for the past four years, and have enjoyed working with the fine people in our area to solve some of your problems. Reapportionment has given me the additional responsibility and privilege of also serving the people of Ward and Winkler Counties. This adds strength to our district because I have found these counties to be very progressive and full of fine people who are willing to work with the other counties to improve all of West Texas.

During the past four years, I have attempted to represent you in a manner that would bring credit to our district and our State. I have tried to vigorously represent our area and yet be mindful of the needs of other areas of our State.

I shall continue to represent West Texas and to make decisions in a manner that I feel you would make if you were called upon to make them. I sincerely hope that those decisions made in the past on matters of importance meet with your approval. I turn often to the people for advice and guidance when a decision is far reaching and important, and the people have been generous with their advice and wise in their counsel, and for this, I am grateful.

I shall continue to be available to work with anyone in this district on matters which affect West Texas and its people. I shall be grateful for your continued support and for your vote on May 7, 1966."
