## C. of C. Maps Plan For Year's Work

Plans for the year's work were made at a meeting of the new Tahoka Chamber of Commerce board Thursday night, presided over by the new president, Wayne Waters, who succeeds Johnny Wells.

Waters pledged a continuance of the program of community improvement, efforts to secure some industry, increase the membership, improve the town's image, and encourage more home patronage by the buying public.

Although the C. of C. has nearly 100 members, a survey revealed that there are 32 firms in Tahoka who do not pay dues to the organization which is trying to promote town and business improvement.

Appointed to a committee to seek new members were: Clint Walker, chairman; Harold Roberts, Charles Townes, E. L. Short, W. H. Renfro, Guy Witt, and Calloway Huffaker.

Praise was given the new city development committee set up last year under Garland Thornton to seek new industry. A prospectus has been prepared outlining the town and county's advantages, and with help from the City sites are being offered with railroad, water and utility facilities.

The committee is working with West Texas Chamber of Commerce, Texas Industrial Commission, and utility firms in the project.

On the new committee with Thornton are Mayor Meldon Leslie, Jerry Cain, Cap. Whorton, H. B. McCord Jr., and a farmer member, Clifton Hamilton.

## Juniors Present Play Tonight

"The Dead of Night," a mystery in three acts, will be presented by the Tahoka High School junior class at 7:30 p. m. tonight, Friday, in the high school auditorium.

The play is being directed by Mrs. William Frawley and Miss Cheryl Jones, junior class sponsors.

The scene for the mystery story is laid in the living room of a farmhouse in Vermont, near the Canadian border, between 10:00 p. m. and midnight, a night in January, following a small party.

Members of the cast are: Wayne Thurman portraying Jake Monroe; Martha Baldwin, Jake's sister; Maria Bray; Joey, her crippled son; Johnny Hillhouse; Allen Richards, her nephew; Lewis Hise; Sarah Watkins, the hired help; Sue Woodall; Donald Hill, Sarah's nephew; Tommy Kidwell; Ruth Nash, Donald's fiancée; Lacy Walker; David Caruthers, a family friend; Milton Edwards; Lela Chapman, the mystery woman; Leah Short; and Adam Glasel, the constable, Dusty Walker.

Announcer for the night will be Kay Lambert, and Joe Jaques and Wendell Medlin are the stage hands. Prompters are Carolyn Cox and Kay Warren, and in charge of the publicity are Karen Allred and Chlole Jan Huffaker.

The stage furniture is being furnished by Hamilton Furniture and Appliance.

The public is invited to attend the play. Admission is \$1.00 for adults and 75 cents for children under 12 years of age.

ERROR MADE BY NEWS IN LIVESTOCK RESULTS  
The News had an error in the results of the Lynn County Livestock Show in the front page story last week.

Ronnie Baker of Wilson FFA was winner of the reserve grand championship in the swine division with a Duroc barrow. Ronnie is the son of Mr. and Mrs. Kenneth Baker of Wilson.

## Hootenanny Is This Saturday

Tahoka's monthly third Saturday Hootenanny here tomorrow night is again expected to furnish some good entertainment.

Several out-of-county groups will be here to entertain, and local talent is encouraged to be present with some numbers, also.

Tatum Bros. of Tahoka will furnish the refreshments. Since the event has gained in popularity over the past year, last month the sponsors decided some officers to attend to necessary business. J. T. Miller was elected president and Mrs. Jack Miller treasurer.

## Free Registration Of Voters Light

Only 134 Lynn citizens had registered for a free vote up until Wednesday noon who had not paid a poll tax, according to George McCracken, county tax assessor and collector.

This Thursday was the deadline under the special period in Texas for free registration, and Mr. McCracken was keeping his office open until midnight to give everyone possible an opportunity to register.

Registration places had been set up in every community in Lynn county, announcements have been made of the opportunity to register in the newspapers, over the radio and television, and even in some church services and at civic club meetings—all in an effort to demonstrate to Federal authorities Texas is trying to comply with Washington orders to give everyone a free vote regardless of race, creed, color, or degree of literacy.

## Mrs. A. J. Barnes Rites Wednesday

Funeral services for Mrs. A. J. Barnes, 40, route 1, O'Donnell, were conducted Wednesday at 2:30 p. m. in the O'Donnell First Baptist Church.

Officiating were the Rev. Calvin Partain, pastor and the Rev. Ray Martin of Coleman. Burial was in the O'Donnell Cemetery.

Mrs. Barnes died at 7:00 p. m. Monday in Methodist Hospital, Lubbock, following a lengthy illness.

She was born at Garrison, Texas. She had lived in Dawson and Lynn counties most of her life. Mrs. Barnes was the former Miss Myrtle Frances Brown.

Survivors include the husband; two daughters, Mrs. Sheryl Telchik, Lubbock, and Lisa Barnes, of the home; a son, Billie Barnes, of the home; her parents, Mr. and Mrs. J. R. Brown, Olton; a sister, Mrs. Jeannie Jackson, O'Donnell; and one grandchild.

## Medicare Sign-Up Deadline March 31

Persons 65 or older on January 1, 1966, are being warned that deadline for buying medical insurance under the Medicare program if they sign up by March 31, 1966, to become effective July 1, 1966.

This is in addition to the hospital insurance, for which most people do not have to sign up to receive.

Such aged are advised not to cancel any hospital or medical insurance they may already have.

Mrs. Ivan Cathcart was a medical patient in Tahoka Hospital March 13-15.

## Tahoka Youths Win In Area Oratorical Contest

Two Tahoka High students, Maria Bray and Richard White, were winners of the eight-county Lyntegar oratorical contest held here Saturday afternoon in the cooperative directors room. The two winners get a free trip to Washington, D. C.

Alternate winners were Christi McCormick of Wilson and Ronnie Huie of Ropesville. The contest was initiated last year, and the winners were Paul Douglas Kenley and Jean Flippin, both also of Tahoka.

The two winners will get an all-expense paid 12-day trip to the nation's capitol as part of the "Government in Action Youth Tour," leaving Dallas by charter bus along with winners from other Texas electric cooperatives on June 2 and returning there on June 12. On returning home, they will have colored slides showing highlights of the trip in order to present programs to civic groups.

High School students 16 to 18 years of age in the territory served by Lyntegar were eligible for the contest here after having won elimination events in their respective schools. A boy and a girl can qualify from each school.

Speaking on the subject, "How Members Benefit from Ownership of The Electric Cooperatives," the students were judged on their knowledge of the subject, speaking ability, poise, personality, and appearance. Out of town judges from Post, Lubbock and (Continued on Back Page)

### Wilson Ladies Die In Wreck

Mrs. Emil (Elisa Elizabeth) Nieman, 68, of Wilson, and her daughter, Mrs. Vergie Nieman Brannan, 35, of 1206 48th street in Lubbock, were killed instantly in a crash of their car with a truck Tuesday at about 8:00 p. m. on US Hwy. 87 five miles south of O'Donnell.

The two ladies were returning from a trip to Austin at the time of the accident. Mrs. Brannan was driving northward and Mrs. Nieman was in the front seat beside her in their 1964 Buick.

Suddenly, an autocar truck and semi-trailer headed west off of FM 1210 came onto the east two lanes of US 87, and the ladies' car rammed the left side of the truck, carrying to the median stripe in the middle of the four-lane highway. Highway Patrolman Arvin Kilpatrick, who investigated the accident, reported. A gasoline tank on the side of the truck broke open but the gasoline failed to ignite.

G. D. O'Neal of Odessa, driver of the truck which belonged to Tom Brown Drilling Co. of Midland, was taken to a Lamesa hospital with possible broken ribs and bruises. A passenger with him was uninjured.

Double funeral services for Mrs. Nieman and Mrs. Brannan were held Thursday at 4:00 p. m. in St. John's Lutheran Church of Wilson with the pastor, Rev. John Onda, officiating. Burial followed in Englewood Cemetery at Slaton.

Mrs. Nieman is survived by her husband, four sisters and four brothers. Mrs. Brannan is survived by her father and one son.

### New Trailer Court Is Opening Here

Mr. and Mrs. W. R. McNeely this week opened a trailer court at 1929 South Third street, which will be known as McNeely Mobile Homes.

Several trailers belonging to construction workers for R. H. Fulton & Co. on the Canadian River water pipeline project are moving to the court.

Mrs. H. E. Meck, who was admitted to Tahoka Hospital March 7, is still a medical patient in the institution.

### Area Show Is Opening Monday

Lynn county 4-H and FFA members will enter about 250 head of hogs, lambs and calves in the annual South Plains Junior Livestock Show this week end for showing Monday, Tuesday and Wednesday of next week.

Entered in the Princess contest are Melanie Leverett of Tahoka FFA, daughter of Mr. and Mrs. Tommy Leverett; Libby Cook of the O'Donnell FFA, daughter of Mr. and Mrs. W. H. Cook; Linda Burleson of New Home FFA, daughter of Mr. and Mrs. Lloyd Nunley; Marilyn Wuensche of Wilson FFA, daughter of Mr. and Mrs. Wilbert Wuensche.

### School Census Shows Decline

Lynn county scholastics have dropped 50 from a year ago, this year's census showing a total of 2,792 as compared to 2,842 last year, according to County Superintendent J. P. Hewlett.

All the loss is due to a drop in Tahoka district from 1,135 in 1965 to 1,054 this year, a difference of 81. Each of the other three school districts showed a slight increase.

The census for 1966-67, by districts follows:

	White	Colored	Total
O'Donnell	699	45	744
Tahoka	978	76	1054
New Home	521	47	568
Wilson	415	11	426
Totals	2613	179	2792

For the census taken last year for the current year, 1965-66:

O'Donnell	697	39	736
Tahoka	1044	91	1135
New Home	514	39	553
Wilson	405	13	418
Totals	2660	182	2842

### New Home Junior Play This Friday

New Home Junior Class is presenting a three-act comedy mystery play, "Finders Creepers" tonight, Friday at 7:00 o'clock in the school cafeteria.

The public is invited and admission prices are \$1.00 for adults and 75 cents for students under 12.

Miss Garene Harris and Coach Larry Brown are sponsors.

Appearing in the cast will be: Steve Lisemby, Donald Gosdin, Ivah Kieth, Rhonda Gill, Susan Hancock, Faye Ann Morris, Pat Mouser, Sandy Newman, Donnie Todd, Wayne Fillingim, Nancy Unfried, Charles Dotson, Sidney Sealy, Duane Wyatt, and Dannie Nettles.

### Play Presentation Tuesday At School

A one-act play will be presented at 9:20 a. m. Tuesday morning, March 22, in Tahoka High School auditorium. The play, entitled "Tangled Web", was written by Charles G. Stevens, and will be presented in the Interscholastic League contests.

Mrs. Steve Thompson is director of the play.

The public is invited to the event to which a small admission will be charged.

### COMPUTER SERVICE SET FOR FARMERS

County Agent Bill Griffin again advises farmers he has application blanks in his office available to those who wish data processing on the effect of skip-row planting under the new farm program.

Purpose of the program is to aid farmers in making decisions on planting under the new Federal cotton program.

Tahoka school board Thursday night approved an application for \$43,875 from the Federal government on a proposed program for educationally deprived pupils of Tahoka school district under Title I of the Elementary-Secondary Education Act of 1965.

Purpose of the program is to give special help to "any child whose achievement is not up to grade level because of language barriers, reading difficulties, or physical or mental handicaps."

Tahoka schools have an allotment of 225 for this program, Supt. Reynolds says, and according to a survey made last fall there were then approximately 328 pupils in grades 1-8 who could qualify.

Based on 225 pupils, Tahoka qualifies for \$43,875 in funds to operate the program for the current year, from June 1 to July 31.

By schools, help under the program would be given 150 in South Elementary, 50 in North Elementary, and 25 in Junior High.

The staff for the two-month summer program would consist of five reading teachers, two preschool pupil teachers, one clerk for three months, and one counselor-coordinator for one and a half months at salaries totaling \$7,750.

Three portable class room units would be leased at a cost of \$2,000.

Special reading equipment and supplies including projectors, reading machines, file cabinets, furniture and supplies would total \$11,029.

Other items budgeted include \$3,218 for equipment for all personnel working with deprived children; \$5,227 in equipment for regular teachers of educationally deprived; \$1,290 for special supplies for teaching; \$1,320 for film strips and records; \$4,500 for library books and teaching supplies; \$5,265 for Panhandle Educational Services Organization; \$1,000 for transportation and administration; and \$1,021 for health services.

Services from Panhandle Educational Organization in Amarillo would include program development and supervision, staff development.

## Police Auxiliary Is Formed Here

Formation of an auxiliary Police Department coordinated with the Tahoka City Police Department and Civil Defense was completed Tuesday night at a meeting in Community Center.

Actually the Auxiliary Police unit was set up a year ago by Chief Jack Miller, but a better coordinated unit was deemed necessary to meet Civil Defense requirements.

Earl Burris was elected president; Leonard Dunn, vice president; Gerald Byrd, secretary; and Ronald Kellum, treasurer. There are 33 men divided into four squads.

Principal purpose of the organization is to help out in any emergency such as a tornado, but will stand ready to help in almost any other time of need. One member rides each night with the patrolman on duty. Also, they will be on duty at such times as Halloween to prevent destruction of property, as they were last Halloween when there was virtually no destruction.

Meetings will be held the second Tuesday night of each month. Anyone interested in becoming a member may file at the City Hall, and such person will be considered when a vacancy on the set-up occurs.

The four squads are made up of the following men:

No. 1, traffic control north of the Brownfield highway; Ronald

## Track Schedule Is Announced

Tahoka High track team will participate in the Hale Center meet this Saturday, and Coach Don Smith says he will take 12 or 13 boys to enter the competition.

Coach Smith says his relay teams are looking fairly good, but all the boys are getting some good training even if they don't win any meets.

In a recent meet at Idalou, Tahoka placed ninth among a large field of schools.  
Other meets are scheduled at Springlake on March 26, at Kress on April 2, and then comes the S-A District meet at Wink on Thursday, April 17.

Tahoka and O'Donnell are planning some dual meets for seventh, eighth, freshmen and varsity boys in the near future.

## Williams Named 5A All-District

Two Stanton, two Plains and one Tahoka boy, make up the 5A all-district basketball team for this year, announced last week end by coaches of the district.

Mitchell Williams, 6-foot junior, is the Tahoka boy making all-district.  
Dink Polson, 5-10 senior, and Buddy Shanks, 6-foot junior, are the Stanton boys voted to the team; and the Plains players are Dan Smith, 5-10 senior, and Ronnie Elmore, 6-2 senior.

On the second team, Ronnie Burns, 5-10 O'Donnell junior, was named. Stanton placed Allen Springer, 5-11 junior; Wink had Johnny Warren, 5-11 senior; and Seagraves placed two boys, Kenny Cullum and David Turrentine, each 5-9 and a senior.

## Tahoka Girls On All-District

Three Tahoka girls and three O'Donnell girls were named to the mythical 1966 5-A all-district basketball team, Coach Jim Littlefield announced last week end. Tahoka was the title winner and lost to Wylie of Abilene in a close play-off game there.

When Stanton was ruled ineligible, Tahoka and O'Donnell were the only teams left in district play.

Making the first team were: Linda Hale, Joy Thomas, and Sue Woodall, all of Tahoka; and Fran McLaurin, Katie Garrett, and Immie Gardenhire, all of O'Donnell. All are seniors except Sue Woodall, who is a junior.

On the second team are: Chloe Jan Huffaker, Teresa Mason and Brenda Foster, all of Tahoka; Linda Vestal, Linda Jones, and Janie Barnes, all of O'Donnell. Miss Foster is a sophomore, Miss Barnes a senior, and the other four are all juniors.

## Mix-Up Bowling League Results

James Walker came through with a fine 232 game and 546 series for the Crooked Walkers in Saturday night bowling competition. However, the Teapots took three games from them with Loreta Tekell's 203 game and Sue Tekell's 481 series.

Adrian Evans' 195-515 was high for the Old Folks as they took three games from the Maniacs. Jerry Harston's 145-417 was high for the Maniacs.

The Tenderfeet, led by some fine bowling by Wayne Price, won four games from the Morebells. Wayne's 206-569 was high for the winners, while Ronnie Dulin had a 167-444 for the losers.  
A. C. Filligim led his team, The Deadwoods, with a 180-512 as they took four games from the Arrows. L. F. Taylor's 134-374 was high for the Arrows.

The Night Owls' Helen Peek had high of 193-496 as they out-bowled the Handy Caps to take three games. Mern Lewis took honors for the Handy Caps with a 139-388.

The Bowl Weevils bowled over the Powerhouse 4 four games behind Sis Blevins' 172-496. Jodie Halford was high for the losers with a 185-474.

## New GI Bill In Effect On June 1

Veterans planning to go to school under the new GI Bill do not have to rush to meet a deadline, Jack Coker, Manager of the Veterans Administration Regional Office in Waco, said today.

Although most benefits under the new Bill are effective immediately, the education benefits will not begin until June 1, 1966, Coker said.

Late in April, the VA expects to have application blanks and full information available at all VA offices and at the admission offices in most approved schools. Veterans will have ample time to select courses and make application without losing either class time or payments from VA, Coker said.

A total of \$5,000 will be paid by the Texas Forestry Association in 1966 for information resulting in the felony conviction in District Court of any person or persons responsible for committing a felony by willfully starting a forest fire in East Texas.

Miss Deborah Dawn Scott and Carroll Don Webb exchanged double ring wedding vows at 7:00 p. m. Saturday in the First Methodist Church of Slaton. Rev. David Binkley, minister, officiated. Parents of the couple are Mr. and Mrs. Leland Scott of Slaton and Mr. and Mrs. B. E. Webb of Wilson. The bride, escorted by her father, wore a formal Italian lace gown with a straight skirt. The white pea de soie jacket featured a round neckline and long petal point sleeves. Seed pearls accented the neckline and sleeves. A tiara of lace with seed pearls held a waist-length veil of silk illusion. The bride carried an orchid surrounded by white roses atop a white Bible. Bridal attendants were Miss Carol Todd of Waco, maid of honor; and Miss Cindy Sides of Lubbock and Miss Nancy McSweeney, bridesmaids. They wore street-length dresses of sapphire blue satin pea de sole fashioned with fitted bodices, short sleeves and full skirts. Their headpieces were blue velvet bandeaus with blue veils. Each attendant carried a long-stem white rose. Larry Petty of Canyon was best man and John Young of Garland and Danny Scott of Slaton were groomsmen. Guests were seated by Kenneth Gryder of Wilson, Billy Gass and Danny Scott, Slaton. Candles were lighted by Vicki Roche and Jane Tefertiller. Wedding music was presented by Mrs. David Binkley, organist, and Miss Peggy Kirksey, soloist. A wedding reception was given in the Fellowship Hall. The bride chose for travel a green three-piece suit with brown lizard accessories. Mr. and Mrs. Webb will reside in Slaton. Mrs. Webb is a senior in Slaton High School. Webb is a graduate of Wilson High School and is employed by Lyntegar Electric Cooperative in Tahoka.

Mrs. Beulah Atkins was a medical patient in Tahoka Hospital March 11-15.

## Guest Speaker At Garden Club

Meeting in the home of Mrs. Maurice Huffaker Tuesday morning, 28 Tahoka Garden Club members were privileged to hear a talk on "Water Conservation" by Mr. Blake Lovelace, Work Unit Conservationist with the Soil Conservation Service.

He recommended the watering of plants, shrubs and trees now. In the spring of the year, eight inches of water should be used the first watering; later on, four inches of water to the square foot. He suggested watering trees, plants and shrubs which are deep rooted, by using a pipe, perforated near the bottom, stuck into the ground down to the roots as grass takes up the water and fertilizer which robs the roots of this food. Fertilizing lawns and beds and trees was discussed as well.

## St. John's Circle Visits Rest Home

(Mrs. Ted Melugin)  
The Mary Martha Circle of St. John's Lutheran Church met for their monthly meeting Wednesday, Mar. 9, 1:00 p. m., at the church. The Bible Study was given by Mrs. Leonard Brieger. Thirteen members were present with two new members, Mrs. Freddie Melcher and Mrs. Milton Ehlers. Later, several of the ladies visited LaVoy's Nursing Home in Tahoka, singing songs and serving refreshments of cookies. Those visiting the home were Mrs. John Onda, Mrs. Donald Klaus, Mrs. Victor Steinhauser, Mrs. Freddie Melcher, Mrs. Delmar Wilke, Mrs. Milton Ehlers, Mrs. Arlis Ehlers, Mrs. Herbert Ehlers, Mrs. Gilbert Steinhauser and Mrs. Edmund Maeker. Ladies babysitting for the afternoon were Mrs. Curtis Wilke and Mrs. Werner Klaus.—Reported by Mrs. Gilbert Steinhauser.

As many other pertinent subjects. Mrs. V. F. Jones, in a talk on "Alley Beautification" mentioned many different types of plants and flowers which might be used. Morning glories, castor beans, cannas, petunias, the Tahoka daisy and okra were some suggestions, as well as the fact that some may prefer grass or gravel beyond their back fence.

As Mrs. Roy Edwards has moved from the city and she had been elected to the office of first vice president and program chairman for the coming year, the club voted to elect Mrs. Emil Prohl to fill this important office.

The winning arrangement for the day was made by Mrs. Natt Park. Mrs. J. Dudley Martin assisted Mrs. Huffaker in entertaining the club.

Mrs. Wayne Huffaker was a medical patient in the hospital March 13-15.

Help keep our town clean!

## School News

(Davaughan Evans)  
Citizens for the month of February were Chloe Jan Huffaker and Wendell Medlin.

The Speech III class presented the play "Romeo and Juliet" on Tuesday, March 8. The cast of the play included Wendell Medlin, Vivian Short, Donna Riddle, Judy Reed, Glendia Morris, Dusty Walker, Zacki Oliver, Quaydene Pool, Mike Burk, and Donald Richey. The play was directed by Mrs. Steve Thompson.

The National Honor Society held a meeting on Monday night, March 7, at the homemaking cottage. "College Life—First Hand" was the program and a panel of college students consisting of Sarah Wells, Jerre Wyatt, Craig Leslie and Billy Clinton spoke on various phases of college life.

The annual FHA Area meeting will be held in Midland Saturday. Lexi Adams will be considered for an office and Stella Howle, current area parliamentarian, will appear on the program. Maria Bray, State third vice president, will also speak, bringing greetings from the State.

"Where's the Fire", a farce-comedy in three acts, was cast by the seniors Wednesday, March 9. It will be presented on April 15.

Receiving parts were: Nancy Parker, Grandma; Vivian Short, Sylvia; Charlotte Warren, Joan; Vonceil Grogan, Hazel; Paul Douglas Kenley, Herbert; John Huffaker, John; Carroll Curry, Bill; Harlan Curry, the electrician.

The Junior Class is presenting its play tonight. (See story elsewhere).

### CARD OF THANKS

I wish to thank our friends for the visits, flowers, cards, gifts, donations of blood and offers of blood, the doctors and nurses at the hospital, and others for the many kindnesses during my recent illness and stay at the hospital. God bless you all.—Mrs. W. C. Harvick Sr. 1tp.

## Hints Given On Herbicide Use

Chemical weed control in cotton and grain sorghum can lower production costs only when careful attention is given to selection and application of the herbicides. That is the comment of Texas A&M University Agronomist Dr. Allen Wiese, of the Southwestern Great Plains Research Center at Bushland.

He says most herbicides fulfill the manufacturer's claims. The trick is to select one best suited for a particular problem.

According to the researcher, pre-plant herbicides are most profitable on cotton land which has severe weed problems and high hoeing costs. With only average weed problems, pre-emergence herbicides applied in bands over the row will usually be more economical.

The cotton producer with relatively weed-free land will make more net returns if he does not use either pre-plant or pre-emergence herbicides, Wiese says.

"A little time fighting costs of chemicals, different kinds of cultivation, and hand hoeing will help determine the least-cost weed control system," Wiese says.

The five steps to satisfactory results with herbicides, according to Wiese, are as follows: (1) Careful sprayer calibration; (2) proper herbicide rate; (3) careful seedbed preparation and, if recommended, thorough incorporation of materials; (4) good planting methods; and (5) careful follow-up with mechanical or additional chemical weed control practices.

Most producers follow these

fairly well, but Wiese and county agents in the plains area noted several common mistakes in herbicide usage last year.

Some of the more serious errors were found with pre-plant herbicides on cotton. (Plains farmers are making this application now and will continue into April.)

There were several reports of careless broadcast applications, Wiese said. A few farmers overlapped their spraying and applied so much material it damaged their crop. Others drove at wider intervals than covered by the spray-boom and strips of weeds came up in the unsprayed areas.

Where farmers list and then bust out the middles when they plant, pre-plant applications were buried and gave poor weed control. Wiese rates this as the most common serious mistake made with treflan last year.

"You need to be careful not to list deeper than the pre-plant herbicides are incorporated or rows will become weedy," he said.

Wiese has worked closely with the ag-engineers at the South Plains Research and Extension Center near Lubbock in studying weed control with different planting methods.

On-the-bed planting consistently offers advantages in weed control, they have learned. Weeds can germinate easily when there is moisture at the bottom of the furrow; not as easily up on the drier bed.

Wiese suggests that those planning the use of herbicides contact their local county agent and reputable dealers to get further information.

"The chemicals will do a good job if they are suited for the weed problem and directions on the label are followed," Wiese said. "But they are not a cure-all. One man last year had more weeds where he used herbicides than where he didn't. He thought the herbicide would control all his weeds, so he didn't bother to cultivate until late in the season. By then it was too late."

### 1965 Crop Testing Reports Available

Results of the 1965 agricultural demonstrations are now available at the office of County Agent Bill Griffin.

Among the Lynn county demonstrations on which results are given are: Cotton variety, nematode control, early season insect control, seedling disease control, effect of fertilizers, and others.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

There is one thing that can be said for the American bureaucrat. Regardless of often times narrow lines of thinking, when he gets on a subject such as sex, he is capable of thinking very big. Of course, this is all predicated on other people's money.

So the newest wrinkle along the Potomac with some agency or agencies working on something called international cooperation is to spend \$100 million in U.S. tax dollars to teach people all over the world what causes babies.

The U.S. will now cooperate with any foreign government who wishes to train their people in birth control methods. The American taxpayer will foot the bill.

This is quite an astounding expansion of American foreign policy. It is doubtful when in his farewell address George Washington warned against foreign entanglements that he had in mind foreign mattresses.

If, as some claim, the growing world population is a problem in nation's lacking sufficient food, supplies, and furthermore, if birth control is the answer to those problems, it is very strange, indeed, that the governments concerned do not take steps, instead of depending on the U.S.

After all, any government should be able to determine whether or not there is sufficient food supplies to feed the

population of the nation, and if birth control is the legitimate answer to a problem, that government should be able to advise the population on procedures.

After all, procreation has always been considered somewhat of a local matter.

As a matter of fact, once a lot of people around the world get the idea that the U.S. government is involved with heavy financial expenditures teaching them about the birds and bees, they are quite likely to resent this foreign intrusion into what is customarily considered a private matter.

And there is also to be considered the thought that perhaps a lot of people in other lands know much more about the birds and bees than American bureaucrats do.

Some 20 years ago, so-called foreign aid was started to help war torn nations get back on their economic feet. Now, \$120 billion later, and after these former war torn nations are bursting with prosperity, there is a problem finding new ways to spend American taxes.

American bureaucrats became involved in foreign steel production, auto production, food production, and in fact all phases of economic activity until there is perhaps no more room to proceed.

So perhaps it is but a logical step for the bureaucrats to now become concerned with world wide sex. After all, what other human activity offers such promise of continued bureaucratic jobs, as sex will be in the world long after the American taxpayer is bankrupt.

### REDELLS VISIT OLD HOME AT BRIDGEPORT

Mr. and Mrs. W. A. Reddell have spent most of the past month down at Bridgeport, Paradise, and Chico, their old home.

They returned from their last trip there Monday after attending funeral rites Sunday for his cousin, Miss Mollie Reddell, who passed away Friday.

They attended a reunion and birthday dinner on February 25 at Paradise honoring Mr. E. R. Harms and Mrs. Reddell at Paradise.

This was the first time Mrs. Reddell and her twin brother had had a birthday dinner together in 47 years, or since their marriage. Mrs. Reddell was married in 1919 and Mr. Harms a few years later.

To add to the happy occasion, three nieces and a nephew unexpectedly dropped in for a visit. They were just passing through the town, inquired about the family, and looked them up.

Mrs. D. R. Grayson was dismissed from the hospital Tuesday, where she had been a medical patient since March 8.

### SPEAKS AT GAIL

Marla Bray a state Future Homemakers Association officer, was a guest speaker at Gail Tuesday at a school meeting attended by 150 students and adults.

Rett Patterson is a medical patient in the hospital where he was admitted Tuesday.

Mrs. Dille Cruse is a patient in the hospital where she was admitted Tuesday.

## Former Citizen Dies In Lubbock

A. J. Bell, 69, 3420 29th St., Lubbock, died at his residence at 8:05 p. m. Tuesday.

Bell, a former horse and mule trader for D. W. Gagnat, had been a Lubbock resident the past 25 years and was formerly of Shallowater, moving to Lubbock in 1933.

He was a real estate and mobile home dealer and farmer before retiring in 1964. He had been in ill health the past two weeks. He was a member of the Central Baptist Church.

Survivors include three sons, a daughter, two brothers, a sister, 10 grandchildren and five great-grandchildren.

The Texas Forestry Association, organized in 1914 at Temple, pioneered forestry in Texas.

## Warning Issued On Pesticides

The cotton program for 1966 as embodied in the Food and Agriculture Act of 1965 permits many skip-row patterns and the interplanting of certain crops, states County Agent Bill Griffin.

In determining what patterns to follow there are a number of factors to be considered. The net profit per acre is of prime importance; but, for interplanting of different crops the compatibility of production practices must also be considered.

**Pesticide Precautions**  
 Federal regulations restrict methods of application and uses of agricultural chemicals to specific crops. The regulations and manufacturing recommendations concerning the use of pesticides on crops which might be interplanted should be well understood by the grower.

When using chemicals, producers must exercise caution to avoid drift and residual effects on other crops. Prevention of such occurrences is more difficult where two crops are grown close together and is usually impossible on the adjacent rows or where interplanting is practiced, such as in the case of alternate rows of cotton and grain sorghum.

The contamination of a feed or a food crop with chemicals not registered for the crop or with residues above established tolerances set by the Food and Drug Administration can result in condemnation of the crop or livestock products.

Under some conditions certain

## Lynn Home Ownership Shows Steady Increase

(Special to The News)  
New York—In Lynn County, home ownership has been on the rise and is now at a comparatively high level.

A greater proportion of local families than ever before own the houses in which they live. The proportion is higher by about 2.9 percent than it was in 1950.

The findings are based on an updating of the latest Department of Commerce figures, in line with more recent surveys made by the University of Michigan and others.

As an indication of the change that has been taking place, back in 1950 the official Census of Housing showed that 45.1 percent of the local dwelling units were owner-occupied.

By 1960, the ratio had reached 47.0 percent. Now, in 1965, it is at an estimated 48.0 percent.

The figures for Lynn County compare favorably with those for many sections of the United States.

Much of the progress in this direction, locally and nationally, has taken place in the last ten years, aided by rising prosperity and by Government insurance of mortgages.

With incomes on the increase, more and more families have been achieving an economic position that has enabled them to acquire homes of their own.

Their way was eased, considerably, by the availability of mortgage money at more favorable rates than were offered in earlier years.

As a result, the proportion of homes with mortgages on them rose from 44 percent in 1950 to 57 percent by 1960.

Although there has been much trading-up in recent years—people selling their homes to buy larger and fancier ones—there has also been much money spent on remodeling, expanding and repairing the older dwellings.

is now being spent for such purposes, according to the University of Michigan survey.

Each year, it finds, four out of ten families make such outlays, averaging \$550. It amounts to \$220 per dwelling per year when the cost is spread out on an annual basis.

Applying this average expenditure to Lynn County and to the number of dwelling units locally, approximately \$688,000 is spent a year on such renovating.

C. of C. Secretary Maurice Small reported 33 rental units are available for the 85 or more workers moving here soon with R. H. Fulton & Co., pipeline contractors, and provisions are being arranged for 10 trailer houses which the crew will bring in.

Citizens are being urged to show these people a real old fashioned West Texas welcome and try to make them feel at home because, if for no other reason, they will represent a tremendous payroll and could be here a year to two years. The C. of C. will possibly plan some special event to welcome the crew to Tahoka.

A special programs committee, which also will arrange the annual banquet, is composed of Charles Townes, Warren Embree, Horace and Turner Rogers, Clifton Clark, and E. L. Short.

Secretary Small made a detailed financial report showing all expenditures. The statement shows the C. of C. in good financial condition in spite of having just paid all bills for the stock show.

New Citizen Says Tahoka Friendly  
T. V. Abney, who recently moved here, says he has met more people in Tahoka in two weeks than he knew in Lubbock in 10 years.

He says he has found people of this community very friendly and easy to meet and that one has to live in a city a while to really appreciate the friendliness of the rural areas.

Mr. and Mrs. Abney on March 1 moved from Lubbock to a house two miles east and two north of Tahoka, where he is engaged in part-time work looking after cattle for M. S. Craig.

The couple raised a large family and recently retired on Social Security. He wanted just such a job for some income and to keep active with something to do.

New Home Man Is Hurt In Accident  
C. L. Hansard of New Home, who was injured February 28, remains in Brownfield General Hospital, Room 9, but is reported to be showing improvement this week.

Mr. Hansard, who is employed by Bowers Liquefied Gas, in New Home, was injured when his stand gave way and let a diesel tank fall, striking him on the head.

CAIN ON BOARD  
Alton Cain, local hardware dealer, is a member of the board of directors of the Tri-State Hardware and Implement Association holding its annual meeting in Lubbock this week end.

# Freeway, Pipeline Progress Is Told

Progress of the US 87 freeway through Tahoka and the water pipeline of Canadian River Municipal Water Authority was discussed at the Rotary Club Thursday by Mayor Meldon Leslie, who presented many interesting facts on both projects.

Drawing of plans for the highway through Tahoka is about 60 percent complete, Leslie said he had been informed by State Highway Department Engineers, and the State hopes to let contract on the project by late summer.

Funds appropriated by the State and Federal Governments (about \$1,300,000) for the 4-mile project will probably be used elsewhere unless right-of-way is completed this year.

Right-of-way is complete in the

city, has been completed to the present four-lane paving south of town to the Slover place, and several parcels of land remain to be secured north of Tahoka.

Cost of the right-of-way through a mile and a half of the city has totaled almost exactly the figure originally estimated, \$200,000, of which the City voted \$30,000 in bonds to pay, the County paid \$50,000 and the State \$100,000. That outside the City is being shared 50-50 by County and State.

There will be four interchanges, over- or under-passes, plus access paving totaling eight lanes (with the access roads) through town.

There will be an overpass at the south city limits for the Cemetery Road and also exits to down town. This overpass has been of concern to the City for it was first believed a lift station would have to be installed to carry effluent of the City sewer system's 10-inch line to the disposal plant further south. However, engineers think they have a plan worked out to save the City this expense by moving the sewer main to the south and west so as to require only about 1,500 feet of additional line.

At the junction of US 87 and US 380, two blocks east of the present junction, US 87 will pass under US 380. Excavation will begin for the new four-lane paving about three blocks on either side. If necessary, automatic pumps will be installed to prevent flooding during heavy rains. Access roads on either side of 87 will permit interchange to 380, downtown, or to the gin district, from either direction.

At the north edge of town, there will be a third interchange, where access roads to downtown Tahoka will pass over the new US 87. This overpass will be located just north of the Star-Lite Drive-In.

Two miles north of Tahoka, where the new paving will connect with the present four-lane, there will be an overpass for Farm Road 400, the Wilson highway, and two turnbacks.

Most of the US 87 and access roads through Tahoka will be curbed and guttered.

Discussing the Canadian River project, now complete except for the distribution system, which is

## O'Donnell Entries Take Top Spots In Annual Dawson County Show

also nearly complete to Lubbock, Mayor Leslie said the CRMWA expects to put water to Tahoka by 1968.

The Authority is now constructing a slow-down reservoir at the northwest outskirts of Tahoka, at which point Tahoka will receive its water from the pipeline.

In addition, City of Tahoka will next year build a 150,000-gallon intake storage reservoir at the site for a cost of about \$40,000. The City already has funds on hand for this project.

Tahoka has contracted for 153 million gallons of water a year from CRMWA, which is just about the amount Tahoka is now pumping from wells. However, CRMWA does not expect to deliver more than about 60 percent of this until four years hence.

Meredith Dam on the Canadian 10 miles west of Borger now has 72-feet deep water at the dam, and is continuing to fill far ahead of expectation.

Tahoka, along with Levelland, Brownfield, O'Donnell and Lamesa, will receive its water already chlorinated and softened in the Lubbock plant, and should not have the lake-water taste.

City of O'Donnell has granted permission to farmers along the pipeline to take water where desired. Several farmers between Tahoka and O'Donnell have filed applications for tie-ins.

City of Tahoka has granted permission to Wilson and farmers between here and the Slaton connection to tie-in to the pipeline at actual cost.

Farmer tie-ins will have taps 1-inch maximum in size, and will be metered to farmers and Wilson at the same price in Tahoka since these will use a part of Tahoka's quota. However, each person tying in will have to pay cost of the tap and meter, which will be less than \$150. There have been 11 such applications north of Tahoka for tie-ins, mainly in the Wilson area.

R. H. Fulton & Co., pipeline builders, will move here from Levelland in the next few weeks with about 85 workers to remain a year or longer building the line from Lubbock to Lamesa. City of

Tahoka and the Chamber of Commerce are lining up living places for the people, and Fulton has leased the Seth Lewis building from "Shorty" Hester, new owner, for headquarters for offices and shop.

President Ross Smith announced Rotary International will meet in Denver, Colo., this year June 12-16, and appointed Harold Roberts chairman of an "on-to-Denver" committee.

Rotary student guests for the month are Ralph Brock, Carroll Curry and Ronnie Hudgens.

C. B. EARLEY MOVING TO LOWER ALTITUDE

Mr. and Mrs. C. B. Earley of Morton have had their News stopped temporarily while they look for a new location in a lower altitude in the hopes his heart condition will improve.

He sends greetings and best wishes to all their old friends. The Earleys formerly lived at Redwine.

Mr. and Mrs. Ed Crooks of Brownfield were visitors here Friday. Ed said his Terry county farm was hailed out in August and he had the poorest harvest he had had in at least 20 years.

## Six Accidents In February

The Texas Highway Patrol investigated six accidents on rural highways in Lynn County during the month of February, according to Sergeant Roberts, Highway Patrol Supervisor of this area.

These crashes resulted in an estimated property damage of \$8,720.00.

The rural traffic accident summary for this county for the first two months of 1966 shows a total of 19 accidents resulting in one person killed, eight persons injured, and an estimated property damage of \$8,720.00.

Only one month remains for some 2,340,000 vehicles registered in Texas to secure the 1966 safety inspection sticker. The period set by law for securing the 1966 sticker ends at midnight, April 15, and there can be no extension of that deadline.

The Sergeant stated, "Any motorist whose vehicle bearing Texas license plates that does not display the 1966 sticker after April 15 is subject to arrest by any Sheriff, Deputy Sheriff, City Policeman or any Officer of the Department of Public Safety and upon conviction will be subject to a fine not to exceed \$200.00."

## Mrs. Elnora Curry Visits Children

Mrs. Elnora Curry returned home Sunday from a weeks vacation with her children. She visited in Denton with Suzy Curry, student at Texas Woman's University, and while there her son-in-law and daughter, Mr. and Mrs. Bob Freeman and son from Mineral Wells visited with them.

Mrs. Curry also visited in Garland with a son, Mr. and Mrs. Wiley Curry and children, and in Dallas with Mr. and Mrs. Skinny Edwards and daughter. While in Wiley's home, she also had a visit with Mr. and Mrs. James Burkhalt, Mr. and Mrs. Bill Burkhalt, and Mrs. Juanita Carpenter.

## Lynn County Dominates Hog Show At Annual San Angelo Event

"Lynn County Dominates Hog Show" was the streamer headline in last Friday's San Angelo Standard-Times.

O'Donnell youths showed the champion, and reserve champion barrows and took the hog showmanship award of the Annual San Angelo Fat Stock Show. Five of six hogs entered qualified for the sale in the show and only 12 hogs of 240 were admitted to the sale.

Kent Wood, 15, son of Mr. and Mrs. Jack Wood, had the grand champion hog of the show, a Hampshire, shown by his brother, Billy Wood, 12, since Kent was showing hogs in the Dawson county show.

Steve Emerson, 12, son of Mr. and Mrs. W. W. Emerson, showed the reserve champion hog, a light weight Duroc.

Mary Moore, who exhibited Steve's hog, was winner of the top showmanship award of the show. Mary is 14 and the daughter of Mr. and Mrs. C. A. Moore, and also exhibited two hogs of her own winning third on her light weight Hampshire and seventh on another hog.

Dana Emerson had the second place lightweight Duroc.

Billy Wood showed the first place and reserve champion lightweight Hampshire.

The show was limited to 240 hogs. This was the first time in ten years the San Angelo Show has had a hog division, since it has featured calves and lambs.

But, L. M. Hargraves of Texas

Tech, the judge, said the barrow show was as good as any he has attended in the state.

Kent Wood's grand champion Hampshire was the same one which was grand champion of the recent Lynn County Show.

## Miss Pirtle Makes ACC Honor Roll

Abilene (Spl.)—Kathy Pirtle, daughter of Mr. and Mrs. Julian Pirtle, route 3, has been named to Abilene Christian College's Dean's Honor Roll for the Fall, 1965 semester.

Members of the Honor Roll must take a minimum of 12 hours and must have a 3.5 grade point average.

Miss Pirtle, a 1963 graduate of O'Donnell High School, is a senior English major. She is a member of the A Cappella Chorus, Kappa Chi women's social club, and the Melpomene Players.

Instead of a direct government handout for urban renewal, city housing projects, etc., we hear there's a new gimmick called the "Fanny May" program of the Federal Housing Authority that possibly has a sound basis. Under the program, we're told, low cost loans are available for housing for low income people to be built by individuals or corporations. Here may be an opportunity to help the people of southeast and northeast Tahoka improve their standard of living. We're advised that it may be well for the City, a lumber yard, contractor, or individual to investigate the "Fanny May" program.

What ever became of those fellows who were telling us there would be new prosperity for the farmer if we would just elect LBJ to a full term of his own? And what ever became of all those "LBJ All The Way" buttons? The Printer will pay \$1.00 cash to the first person who will bring him one of those pins for a souvenir.

We can't quite determine, it seems, whether our representatives in Congress are working for us taxpaying voters or for the "establishment" in Washington.

Although 90 years of age and unable to get out, N. W. Allphin says he has not retired. He still keeps busy at home much of the year filing income tax returns and doing book work for others.

Joe D. Unfred picked this up somewhere: A gentleman farmer is one who has time to read all the Government agricultural bulletins.

Accidentally met a fellow a few days ago named Ray Stewart, an oldtime cowboy who lives down on the edge of the old Slaughter Rattlesnake pasture in Dawson county. Thought his face looked familiar, and later found we had seen him about 50 years ago when The Printer was a kid and Stewart was rodeoing with "Hackberry Slim" and "Booger Red" and "Booger Red Junior" down in Coke and Nolan counties, and he knew a lot of people we knew then. He spent some years as a forest ranger in Arizona and knew the late Henry McDaniel well. Coke county was settled early, and Stewart's family pioneered there, but they were land owners and "rabbit twisters" and not among some of the lawless element that settled there.

Away back yonder a friend of The Printer's was down on the Colorado in Coke county hunting rabbits with a .22 rifle when he saw a javelina (wild hog) run in to a wild plum thicket. He got down on his hands and knees and crawled into the thicket to try and get a shot at the animal. Sure enough he did. There was the old boar not thirty feet away looking straight at him, his fangs bared and hair bristles standing on end. Johnny fired away, hit Mr. Hog between the eyes, but instead of falling dead the bleeding javelina started toward Johnny. Our hunter friend froze a moment, then forgot his gun and took off knocking down plum bushes like they weren't there, saw a tree and shinned up its trunk ten feet to the first limb so fast he burned the bark off both the tree and his shins—just barely before the boar got to him. Then, here came the old sow and four or five more javelinias, all fighting mad. He sooty-ed and yelled, but the shoats wouldn't leave, and finally his dad and some more fishermen camped a half mile away came and found him. But, they still had a hard time rescuing the boy because javelinias are a bit stubborn when they are mad.

Dr. C. M. Phillips, the doctor-banker, and son-in-law Jim Moore, lawyer-banker, came by to visit us the other day, and Dr. Phillips asked if we knew Cecil Bishop, an old Roscoe boy; said he roomed with Cecil while they were freshman basketball players at SMU and the next year went to the University of Texas together. We reckoned as how we did. W. H. Bishop was Baptist deacon, song leader, and druggist at old Roscoe, moved to Dallas and ac-

## STATEMENT REGARDING NEW GI BILL BENEFITS TO 19TH-DISTRICT VETERANS

(From George Mahon)  
Approximately 9,000 veterans in Texas' 19th Congressional District are potentially eligible for benefits and services under the new GI Bill just signed by President Johnson.

The new GI Bill provides education and training programs generally patterned after the highly successful GI Bills of World War II and the Korean Conflict.

In the first year alone, over 1,100 veterans are expected to take advantage of the educational benefits, according to statistics from the Veterans Administration. This educational provision is expected to provide the veterans in the District almost \$723,000 in direct benefits in that first year.

The educational provisions of the new bill go into effect June 1, 1966, giving the veteran ample time to plan his schooling program.

In addition to the educational benefits, the program is expected to provide VA guaranteed loans totaling \$1,282,000 to some 80 vet-

erans, and direct loans totaling \$64,000 to some 6 veterans in the first year.

The veterans covered under this bill are also eligible for hospital benefits, and 1,500 patient-days at a cost of \$39,000 are expected to be made available to applying veterans in the first year.

All veterans are eligible for educational and guaranteed-home loan benefits who were on-active duty more than 180 days after January 31, 1955, and honorably discharged, or who were discharged with less than 180 days service because of a service-incurred disability.

Under the education and training sections, monthly payments for full time training are: \$100 for veterans without dependents; \$125 for veterans with one dependent; \$150 for veterans with more than one dependent. Veterans eligible can receive up to 36 months of schooling or training on the basis of one month for each month spent in uniform. The veteran must complete his program of education within eight years after discharge.

The GI home loan provisions of the bill would increase activity in building and real estate activity throughout the country. The formula for eligibility of the veteran to participate in the GI home loan program is the same as that already in existence; that is, 10 years from the date of discharge, plus one year for each three months served. Entitlement shall not continue beyond 20 years, nor shall it expire before 10 years.

Guaranteed or insured loan ceilings remain at \$7,500 while the top for direct loans, made where no private financing is

readily available, has been increased from \$15,000 to \$17,500.

Medical and hospital care is available on the same basis as for wartime veterans. Other benefits include burial benefits, employment assistance, and veterans' preference in Federal employment.

Mr. and Mrs. C. C. Garvin of Fritch were visitors here over the week end with the McCrackens.

# Gordon-Southland News

(By Mrs. Edmund Wilke)  
Hello there. Did you know that the great dividing line between success and failure can be expressed in just six words: "I just don't have the time." I was reading an article the other day that said that if we would devote just one hour a day to a worthwhile and engrossing project, we would be giving it 365 hours a year, or the equivalent of more than 45 full working days of eight hours each. This is like adding one and a half months of productive living to every year of life. How about that?

The Southland Senior Class presented its senior play last Friday night at the High School auditorium. The name of the play was "The Stroke of Twelve" and the cast consisted of Jettie Crawford, Marion Eckert, Grant Outlaw, Larry Long, Judy Klesel and Daniel Caballero. Mrs. Irene Kuykendall is the senior's sponsor and she helped them with the play. "The Distortions" played several selections before the play began and also played between the second and third acts. The play was a murder mystery and very well presented.

"This is the time of the year when Emergency Tillage is most important," says Don Reed of the local Soil Conservation Service office. "Some land where blowing has been checked may need additional treatment. Other land may be too dry for tillage operations to be effective.  
The purpose of Emergency Tillage is to provide temporary protection to cropland against soil losses by wind erosion, and to supplement planned conservation measures on cropland when inadequate growing vegetative cover or residues are obtained. It should be practiced on cropland in immediate danger of damage by wind. This may be accomplished by chiseling, listing, or sandfiling or rotary hoe according to

texture of the soil and the percent of moisture available.  
For emergency tillage to be effective clod forming soil must be within reach of the equipment being used and sufficient moisture must be present to cause clods to form. Also tillage operations should if possible be at right angles to the prevailing winds except that on row crops it is better to till in the same direction or at an angle to the way the crop is planted," says Reed.

and Mrs. Troy Lester and family. On Sunday they went to Andrews and visited with Mr. and Mrs. Harry Lee Mason, an uncle and aunt of Mrs. Lester.

Guests in our home this past week were Mr. and Mrs. Burnell Mueller and Allen from Lubbock, Mr. and Mrs. Leroy Zieschang from near Lubbock, Mr. and Mrs. James Riney and Cathy, Mr. and Mrs. R. M. McMinn, Mr. and Mrs. Wallace and girls, Mr. and Mrs. Alvin Becker, Mrs. Libby Schneider, and Edmund's mother, Mrs. A. Wilke.

Miss Carol Stolle from TLC was home for the week end.

Mr. and Mrs. Elmer Belk were on the sick list this past week. They both had the flu and Mrs. Belk was bitten by a spider and it sure did make her sick. Also on the sick list were Mrs. Nellie Mathis and Mrs. Delbert Abshire. Mrs. Abshire has been sick for a week or more, but she was driving the bus this past Friday and we were happy to see her.

Mrs. Shirley Castner and two boys from Lubbock visited with yours truly one day last week. She is my niece.

Our track team went to Lazbuddie on Saturday and did pretty good. Dennis McGehee placed first in high jump and Joey Basinger came in second; Bill Bevers placed first in pole vault, Johnny Outlaw placed fifth in high hurdles and Dan Bryson sixth; Johnny Outlaw placed 4th in low hurdles; Jackie Abshire third in the 800 yard run; Southland won fifth place in the mile relay; Dennis McGehee fourth in the 100 yard dash, and David Dabbs fifth in the 100 yard dash.

## Some Postal Rates Increase

Increased rates on money orders, insurance, registered, certified and COD mail go into effect Saturday, March 26, the Post Office Department announces.

The Department says the new charges will reduce annual losses on the five special mail services from \$60 to \$36 million.

Domestic and international money order fees will be increased five cents.

Minimum insurance fee will be increased from 10 cents to 20 cents and the maximum will be raised from 40 to 60 cents.

The present 60 cent and 75 cent registry fee will be combined in a single fee of 75 cents; for values up to \$100.

Present 40 and 50 cent fee brackets for COD mail will be

combined in one fee of 60 cents for amounts up to \$10. There will be no change in the fees covering items valued at more than \$10.

The certified mail fee will rise from 20 cents per item to 30 cents.

It's a clear, nearly neutral phosphorus solution, containing nitrogen in the ammonical form and phosphate in both the polyphosphate and orthophosphate forms. The polyphosphates differ from orthophosphates in the chain length of the molecule. The increase in chain length of the molecule results in it having definite sequesterant properties... meaning it is more soluble than comparable products made with ordinary phosphoric acid.
