Doctors Announce Closing Of Tahoka Hospital July 1

Tahoka Hospital will close on July 1, Doctors Emil Prohl and C. Skiles Thomas, owners, announced this week. The Clinic and other medical services will remain in operation.

The one and only reason, both doctors declare is finances. Each told The News that the hospital end of the business is a losing proposition financially, and the point has been reached where the doctors must dig out of their pockets to make up losses for keeping and attending patients.

In the future, the two doctors will use neighboring hospitals for major surgery and patients requiring overnight or longer care. "We realize this is somewhat of a blow to the town's economy and will be an inconvenience to many of our local patients and friends," Dr. Prohl told The News, "But, contrary to the belief of many people, a hospital operation that just breaks even is a feat of superb management. Tahoka Hospital has been losing money a long time and we can't feasibly bear the loss longer."

By coincidence, notice had been received just this week that Tahoka Hospital had been approved for Medicare service.

Dr. Prohl came to Tahoka in 1937, opened the Tahoka Clinic building in December 1941, expanded it into a hospital and clinic in June 1948, the year that Dr. Thomas returned to his home town to become his partner.

Front half of the building will continue in use as the Clinic, laboratories, etc. The hospital portion is for sale cheap, the doctors say.

Street talk this week as citizens heard of the announcement indicated there is some interest in establishment of a city-county or district hospital such as at Post, Lamesa and Brownfield.

Grady Meeks, 54, Is Buried Friday

Grady Meeks, 54, formerly of New Lynn, passed away in Covina, California, Wednesday of last week from a heart ailment from which he had suffered about eight years. Mrs. Ed Stone and Claude Meeks from here attended their brother's rites.

Funeral services were held Friday in Oakdale Memorial Chapel at Glendora, Calif., with Dr. Lee Thomas, pastor of South Hills Baptist Church, officiating, and burial followed in Oakdale Memorial Park.

Mr. Meeks came from Taylor county to Lynn county in 1928 with his late parents, Mr. and Mrs. Ransom Meeks, and farmed until 1941, when he moved to California. His wife is the former Miss Inez Holcomb, also of New Lynn. He was a member of the Baptist Church.

Survivors include the wife, one son, and three daughters.

Also surviving are one sister, Mrs. Ed Stone of Tahoka, and four brothers, Perry Meeks of San Angelo, Dee Meeks of West Covina, Calif., C. W. Meeks of Tahoka, and John Meeks of Shallowater, all of whom attended the funeral services.

Farmers Oppose Acreage Transfer

Lynn county farmers rejected the proposal to allow transfer of cotton acreage out of the county in the recent vote on the issue conducted over the cotton belt, according to Wallace Dove, local ASCS office manager.

The vote was 363 against permitting transfer by sale or lease of acreage and 216 votes for.

Mrs. Ollie V. Bailey was dismissed from the hospital Saturday where she had been a patient since May 23.

ON WASHINGTON TRIP—Richard White and Maria Bray, winners of the annual Lyntegar speaking contest, left Wednesday on Government in Action Youth Tour to Washington, D. C.

Two Youths On Washington Trip

Richard White and Maria Bray left Wednesday for Washington, D. C., on a 12-day trip sponsored by Lyntegar Electric to attend the national Government in Action Youth Conference.

They were the winning orators in the second annual public speaking contest held here in March for high school students from the 10-county area served by Lyntegar.

Alternate winners in the contest were Cristi McCormick of Wilson and Ronnie Huie of Ropesville.

Richard and Maria joined in Dallas a group of other winners from over Texas for a chartered bus trip to and from the meeting in Washington.

Miss Bray is the daughter of Mr. and Mrs. A. M. Bray and will be a senior in Tahoka High School next year.

Richard will be a junior next year and is the son of Mr. and Mrs. Martin White.

Two Tahoka students won the contest last year, Paul Douglas Kenley and Jean Flippin.

Mr. and Mrs. A. M. Bray carried Maria and Richard to Dallas Wednesday. From there, the Brays will also proceed to Washington, where they will visit their son, David and wife. David is a graduate student in University of Maryland at College Park, just outside Washington, and he has also done some work in the State Department.

New Home Has New Teachers

New Home will have a new superintendent and new high school principal when school opens next fall. Supt. H. L. Miller is retiring effective July 1, and is moving to his ranch in Oklahoma.

He will be succeeded by W. S. Talley, who has been principal of the elementary school this year. Mr. Talley is from Baird, where he was junior high and elementary principal for four years. He holds B. A. and Master of Education degrees from Texas Tech, and is now working on his doctorate at Tech. He also formerly attended Hardin-Simmons University.

Don Macon will be the new high school principal and math teacher at New Home, coming from Bula. He holds a B. S. degree from Tech and is working on his master's.

Miss Jane Adams from Baird, a spring graduate of Tech, has also been employed to teach Spanish at New Home this coming year.

Larry Brown, New Home head coach, has resigned to accept a position as assistant football and head baseball coach at Hereford under Coach Jack Meredith. Mr. Talley announces.

For the coming year, Mr. Talley says, New Home will need a head coach who can teach science or social studies, a full time science teacher, a librarian, a junior high math teacher, and teachers in the first and second grades.

Summer School Program Starts

Tahoka's pre-school summer program opens today, Friday at 8:00 a. m. in South Elementary building and will continue through July 29, according to Melvin Burks, school counselor who will direct the program.

The program is for children who need further development to be ready to take their place in school, Mr. Burks says. It is not confined to children with language problems as children of all races are eligible to attend.

Classes will be from 8:00 to 1:00 p. m. Lunch will be served in the cafeteria at 11:00 a. m. A school bus will operate over town to pick up and deliver the children.

Teachers are Mrs. Frances Dunagan and Mrs. Louis Wyatt, both regular teachers in the local school system.

The program is financed with funds from Title I of the Elementary and Secondary Education Act, and there is no cost to parents for either books, supplies, meals, or transportation.

There had been 26 or 27 students enrolled up until Wednesday, and Mr. Burks said a few more could be accepted for the program this summer.

This program in Tahoka is similar to the so-called "Head Start" program being initiated in many schools, except this program is operated by Federal funds under direct supervision of Texas Education Agency, whereas the "Head Start" program is directly under Federal supervision.

Swimming Pool Opens Saturday

Tahoka swimming pool will open for the summer this Saturday at 1:30 p. m., Dennis Clem, pool operator announces.

The City has had the pool and dressing rooms cleaned, scrubbed, disinfected, and expects to have the pool filled with water before Saturday.

Prices this year will again be 40 cents for all people 12 years of age and over and 20 cents for those under 12.

Rotarians Attend Lamesa Meeting

Several local Rotarians attended a dinner meeting in Lamesa Tuesday night sponsored by the Lamesa club for Tahoka and O'Donnell club members paying honor to the O'Donnell Club.

About 12 or 14 O'Donnell men and 15 or 20 Lamesa men attended. Those present from Tahoka included Ross Smith, local club president, Fred McGinty, Binie White, and Harold Green.

Mrs. Claud Harper broke her left wrist in a fall at her home last Thursday and received treatment at Tahoka Hospital. She was dismissed Friday.

Masons Will Honor W. B. Bishop Tuesday

Masons over the area have a special invitation to attend the meeting of Tahoka Lodge 1041 next Tuesday night for the "Fifty Year Pin" presentation to W. Brown Bishop of San Angelo, a pioneer Lynn county teacher.

Harry L. Roddy, secretary, says the presentation will be just a few minutes after the 8:00 p. m. opening of the lodge in the new Masonic building.

The presentation is open to the public, and attendance of ladies will be appreciated, states Mr. Roddy.

Sixty-six absentee ballots out of 73 mailed out had been returned to the County Clerk's office this Thursday morning, or about 35 less than voted in the first primary election.

Although the ballot is brief, this Saturday's second or run-off Democratic Primary election is very important, and all good citizens are being urged to cast their vote.

County-wide, there are only two races, one state and one local, to be voted upon, but these are both important. In addition, there is a commissioner's race to be decided, and less important run-offs for Democratic precinct chairman in two precincts.

Candidates for Attorney General of Texas in the run-off are Crawford Martin of Hillsboro, a moderate endorsed by most of the lawyers of Texas as the best qualified man; and Franklin Spears of San Antonio, recognized as a liberal Democrat with the backing of the AFL-CIO.

The lone county-wide local race is for County Treasurer between Mrs. Jessie Jewel Stevens and Mrs. Teddie B. Kelley. Mrs. Ola B. Reid resigned the office a few weeks ago when she remarried and moved away, and Mrs. Mary Reed of O'Donnell, who is also secretary to the county attorney and county judge, is filing the office by appointment.

Mrs. Stevens, who led the ticket in a field of five candidates in the first primary, is a former local dry goods store manager who has been associated with local businesses for 35 years or more. Mrs. Kelley, formerly of O'Donnell, is a secretary and bookkeeper and has been working in the county superintendent's office a number of years.

In a run-off for Commissioner of Precinct 2 to succeed Woodrow (Ode) Brewer are Dorman L. Gandy, who has been employed by the precinct in road work, and Willis Pennington, a farmer and a former commissioner of the precinct. They were leaders from a field of four candidates in the first primary. Residents of voting boxes South Tahoka, Draw, and Grassland will vote in this contest.

The County Democratic Committee, Chairman Calloway Huffaker states, determined there must be a run-off for two voting precinct Democratic chairmen.

In Precinct 3, O'Donnell, Miss Odetta Saleh and Clyde Winans were the top candidates by write-in vote.

In Precinct 8, Gordon, the names of J. B. Jones and J. C. Gandy appear on the ballot, also because neither had a majority of write-in votes.

Election judges of the various precincts are urged to send or bring in the results as quickly as possible after the polls close at 7:00 p. m. so that a tabulation of returns may be completed as early as possible Saturday night.

Fishing Program At Civic Club Monday

"Better Fishing Ahead" is the title of a color-sound film which will be shown Monday night by Texas Parks & Wildlife Department at the meeting of New Home Civic Club, Stuart Rice announces. The meeting opens at 8:00 p. m., and the program will be preceded by the regular dinner served by the Home Demonstration Club ladies.

Rain, Hail, Sand Hurt Crops

Weather continues to harass farmers over a lot of Lynn county. What looked like a perfect start two weeks ago has turned into a problem for many.

Rain, hail, and wind Saturday afternoon destroyed a lot of crops and high winds since have blown out some more.

Saturday's rain amounted to only .38 inch in Tahoka, barely in the edge of the downfall, but north and east of town rainfall, accompanied by hail, ranged up to three, or four inches. Much of the area will be replanted.

Heaviest damage started about the Dan Carpenter place west of old Dixie school, extended east to New Lynn, Grassland and to the Caprock. A strip starting in the Dixie area, south of Carter's Store, on out to New Lynn and Six Mile Store and beyond was hulled out. Parts of Edith and

Redwine, all of Grassland, Gar-nolia and beyond were washed out or hulled out.

Many farmers in the area, however, were not too displeased as the added moisture soaked the ground.

Wind off the cloud wrecked havoc to some planted crops in

the southwest quarter of the county, and some farmers in the area report they may not have sufficient moisture to replant. Winds which continued through this Thursday were doing further damage.

Principal wind damage was south of West Point, part of the old Three Lakes, Wells and New-moore communities, and the area west of O'Donnell. Worst damage was to crops in rows running north and south.

Among those reporting cotton losses were Ted Rogers, Bill Singleton, Wayland Taylor, Dallas Vaughan, "Jude" Taylor, and Calloway Huffaker.

Tahoka received an additional .01 moisture Wednesday and .05 after midnight Wednesday, bringing total precipitation for the year to 5.91 inches.

New West Texas Tuberculosis Ass'n. Organization Completed At Meeting

People from 11 counties, including Lynn County, met in Lubbock Saturday, May 21, to work toward merging voluntary tuberculosis control efforts in a 23-county area. Local people attending were Mrs. Lillian McCord and Mrs. Dub Harvick.

S. M. Kennedy, Ph.D., led discussions as chairman of the group's steering committee. Dr. Kennedy is dean of the College of Arts and Sciences at Texas Technological University.

Representatives of 22 of the counties had met on May 14 in Lubbock and determined on a name for the association, the West Texas Area Association; headquarters at Lubbock in what is now the Lubbock-Hale Tuberculosis Association quarters, and an executive secretary, Mrs. Clifford Sharp, now of the Lubbock-Hale association.

Dr. John H. Selby, Lubbock physician and a director of the state TB association, was elected president of the area association.

Dr. Selby, in commenting upon the merger, stated that through the merging of small TB associations which are tied together by geography, economics, and similar health problems, the service of one specialized, professional staff would be provided to conduct better TB programs and offer better services, which individually none of the associations could afford. He also explained that decreased costs for fund-raising and administration would result "to provide better services to the public through better use of the Christmas Seal dollar."

"This represents," said Dr. Selby, "a grass roots approach to conducting a program to eradicate tuberculosis in West Texas."

Dr. Selby explained that 182 counties in Texas have had no local tuberculosis associations, and that only 29 counties had full-time executive secretaries in their local tuberculosis associations.

The group adopted by-laws Saturday as proposed by Dr. Kennedy's committee, and elected a partial board. Board membership, when completed, will have representatives from each county of the 23.

In addition to Dr. Selby, other officers are Reverend Andrew Jumper of Lubbock, president-elect; Dr. John Dupre of Littlefield, first vice president; Dr. Kennedy, second vice president; Mrs. L. M. Petty of Lamessa, secretary; Craig McDonald of Ralls, treasurer. The first board meeting of the West Texas Tuberculosis Association is planned for July.

Mrs. Tom (Lorene) Garrard of Seagraves, formerly of Tahoka, was here Monday having some dental work done.

Mr. and Mrs. Cody Bragg received a letter this week from George Heather, dean of the School of Business Administration concerning the record of their son, Jerry Lynn Bragg, that made them very happy.

"One cannot leave a better legacy to the world than a well educated family," the Dean wrote them in commenting on Jerry's work in his department.

4-H SWINE PROJECT TEACHES RESPONSIBILITY

Promises of a financial profit on a relatively small investment are leading many boys and girls into the 4-H Swine program. Over 105 thousand 4-H'ers who are now enrolled in the project find that day-by-day attention to chores teaches responsibility. The swine project, supervised by the Cooperative Extension Service, also stresses record-keeping which helps 4-H'ers to analyze their progress. The top swine member in each state will be a delegate to the National 4-H Club Congress in Chicago this fall—and maybe a winner of one of the scholarships given by the Moorman Manufacturing Company, sponsor of the swine program.

Cubs 1-0 Victors Over Giants

"Wow! What a ball game!" exclaimed a fan after the Cubs downed the Giants 1-0 in seven innings Monday night, which has to be the best Little League game played so far this year.

Jeff Atwell and Rayford Gage each pitched shut-out ball for six innings for their respective clubs. Then, Lewis Zedlitz took over for the Cubs in the seventh and became the winning pitcher. Antonio Guterrez, who pitched the seventh inning for the Giants, was the losing pitcher.

In the top of the seventh, they scored the lone run of the ball game on the combination of a walk, a fielder's choice, an error, and a single by Jeff Atwell.

The Giants mounted a serious threat in the bottom of the seventh inning, but a tremendous double play by the Cubs erased the threat and ended the ball game. With runners on second and third and no one out, it looked bad for the Cubs, but Zedlitz struck out one. The next batter hit back to the pitcher, who threw to first base for the second out and first baseman threw to the catcher to get the runner coming home from third.

Gage and Atwell had 12 strikeouts each in the six innings they pitched. The Cubs had 13 runners on base, the Giants four.

The same evening, the Cards defeated the Yanks 15 to 3. The Cards scored one in the first, one in the second, five in the fifth, and eight in the sixth inning for

SPORTS

White Sox To Meet Cooper

Revenge will be uppermost in the minds of the Tahoka White Sox tonight as they journey to Woodrow to tangle with the Cooper Colts in a Lynn County Pony League game at 8:00 p.m. In the only previous meeting between the two clubs back on May 16, Cooper slipped by the Tahokans 8-7 in a nip and tuck game that saw the White Sox get falling grades on a desperate last inning suicide squeeze, giving the game to the Colts.

The White Sox, whose four won two lost record puts them in second place in the league standings one game behind first place New Home, will also be trying to expand their current winning streak to four games. During the past week, they fought their way past O'Donnell 1-0 and defeated the Lyntegar Braves 8-1.

Joe Calvillo and Cliff Gardner combined to take the hero's role in the exciting victory over O'Donnell. The game was strictly a defensive battle with both teams continually turning in brilliant plays in the field and going into the bottom of the last inning, the game was a scoreless tie. Gardner led off the inning with a single, stole second base—the only steal of the night for Tahoka—and went to third when the ball got past the 2nd baseman. Then with two out, centerfielder Calvillo slapped a soft line drive just over the head of the shortstop to drive in Gardner with the winning run.

The win, while the Yanks scored one in the first and two in the fifth inning.

Gary McCord and Ricky Gandy pitched for the Yanks, while Tommy Martin went all the way for the Cards. The Cards had nine hits and the Yanks two.

Martin Warren who relieved Larry Durham after Durham had used up his pitching eligibility with six scoreless innings, was the winning pitcher.

Calvillo also played the key role in the 8-1 victory over the Braves. He collected three hits, scored four times, and was the winning pitcher. Warren started on the mound, but injured his arm in the 2nd inning and had to give way to Calvillo. The latter struck out 11 batters in the five innings he pitched. Robert Montemayor was the losing pitcher.

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

Under the laws of the land at present an illegitimate child is worth more than other children.

This somewhat whimsical situation was recently highlighted by an editorial appearing in the Union County Leader in New Mexico. The editor pointed out that under the Aid to Dependent Children, the government will pay out more than \$800 per year for the upkeep on an illegitimate child, but for a legitimate child, but for a C.W. Harder income tax purposes, only \$600 is allowed to a family for each legitimate child.

The New Mexico editor also pointed out that under the Cuban refugee program a minimum of \$1200 per year is paid for each refugee child's upkeep, but if the child is attending school an extra \$1000 per year is allowed.

In addition the editorial states that in the Federal Job Corp, the government spends \$7000 per year per child.

And according to government figures, the VISTA program, (Volunteer in Service in America) spent \$3.1 million in the last fiscal year to turn out only 202 trainees, indicating that in this government agency the cost of training one child runs to more than \$15,000 per year.

Thus, the editor asks "How

in the world do you expect parents to provide all these things plus clothes, recreation, books, medicine . . . for \$600 per year? With your own figures you admit it can't be done.

This editorial poses some very pertinent questions. The question is magnified when it is realized that the government costs per child cited at actual outlays, while the tax deduction granted for a child in a family is only \$600, which means that cash savings is only the sum arrived at by multiplying the \$600 by the tax rate. For example, the actual cash for a child on a 15% income tax bracket is \$90.

Recently in the Congress there was again defeated an amendment to the tax revision bill which would have permitted parents to take a small extra exemption for children attending college.

Purportedly, the present aim of the government is to encourage more education. But more education for whom?

For example, as cited by the New Mexico editor, a Cuban refugee child is given an extra \$1000 if attending school, but the American middle class family, which pays largely for Cuban students, gets absolutely no breaks of any kind.

It would almost appear the Great Society has a great aim.

That is to develop the non-demonstrating middle class into an illiterate class while increasing the erudition in the ranks of the pickets and demonstrators.

Oil Production Benefits Lynn County's Economy

As Texas celebrates its 100th anniversary as an oil-producing state, Lynn County shares in the development that made the Lone Star State the No. 1 energy source for a booming American civilization.

In 1966 Lyne T. Barret—a man most history books forgot—drilled the first Texas oil well near Nacogdoches at a depth of 106 feet. In the one hundred years that followed, the search for oil and gas spread to every county in Texas, and today Lynn County is one of 210 which produce oil or gas.

Barret and other pioneer Texas oil men left a legacy for Lynn County that can be measured at approximately \$1.7 million a year, based on statistics compiled by Texas Mid-Continent Oil & Gas Association.

During Texas' first century of oil production (29 billion barrels), Lynn County has contributed approximately 5.1 million barrels, its record dating from 1950.

The latest U. S. Bureau of Mines figures (1964) show Lynn County produced more than 562,000 barrels of crude oil valued at \$1.7 million; and 112 million cubic feet of natural gas worth about \$14,000. The 1965 output would be approximately the same, preliminary estimates indicate.

Lynn County ranks 450th among the Texas counties producing oil and gas.

Payrolls, distribution of royalty checks to local landowners, new drilling ventures and tax payments are some of the ways by which oil and gas revenues are injected into the Lynn County economy.

One of the most important "crops" harvested by Texas ranchers, farmers and other landowners is the royalty interest from oil and gas operations. These payments are at the rate of approximately \$210,000 a year in Lynn County. Many more thousands a year are paid in lease rentals and bonuses on acreage which operators hope will some day yield

New Home Students Get Poisoning While On Senior Trip

New Home graduates returned Thursday night of last week from their six-day senior trip to Houston, Galveston, and other points of interest on the Gulf Coast.

However, two of the group ran into a bit of misfortune. Misses Linda Burleson and Diane Corbell developed ptomaine poisoning after eating hamburgers and were forced to remain a few days in a Galveston hospital.

Mr. and Mrs. Leonard Wilson accompanied the group. Mrs. Wilson remained with the two sick girls, while Mr. Wilson returned with the class.

Mr. and Mrs. R. L. Dulin and Mrs. Lloyd Nunley, mother of Miss Burleson, went down Thursday, stayed with the ill girls, and returned them home Sunday night.

Miss Corbell is enrolling in Lubbock Christian College for the summer session.

Deany's Wood, 7-year-old daughter of Mr. and Mrs. Hilton Wood, had a tonsillectomy in Tahoka Hospital Tuesday and was dismissed Wednesday morning. She will be a first grade student when school begins for the fall semester.

Mr. and Mrs. Floyd Thomas of Fort Worth were here a few days visiting his brother, Mr. and Mrs. Kenneth Thomas and family.

Mrs. D. R. Grayson was admitted Tuesday to Tahoka Hospital as a medical patient.

Don't forget to vote in the election this Saturday!

oil or gas.

In addition to sharing the tax load for local schools and levels of government, oil and gas producers and royalty owners send some \$77,000 a year to the State Treasury in severance taxes. Oil taxes account for \$76,000; gas \$1,000.

Triggered by the first discovery in 1950, the search for oil in Lynn County is still under way. The Oil and Gas Journal reported one well was drilled — a "wildcat" seeking new fields or production from new strata. It was a dry hole. Cost \$69,000.

Maximo Castenado was treated for pneumonia in the local hospital Friday through Monday.

Please go to the polls Saturday and vote your choice for Commissioner of Precinct 2.

Having lived in our precinct most of my life, I believe I understand our precinct and county problems and have the experience and ability to attend to these affairs in a business-like and fair manner.

If elected, I promise just as fair attention to every part of the precinct as possible and I promise a conservative administration of county finances, which I think is of great importance to all taxpayers.

I have seen most of you personally, but know I have unintentionally missed some.

 Hi there! Since this is the season for planting gardens, let me give you a recipe for a garden that we can all plant.

Four rows of peas:
 Patience,
 Perseverance,
 Promise to win others,
 Prayer.

Three rows of lettuce:
 Let us be unselfish
 Let us love
 Let us tithe.

One row of squash:
 Squash indifference.

Four rows of turnips:
 Turn up for church.
 Turn up regularly.
 Turn up to help.

Turn up with determination.

College Honors Dr. Conrad Lam

Dr. Conrad Lam, world-famed heart surgeon of Detroit, Michigan, who was reared in Tahoka, was presented an honorary Doctor of Science degree by his alma mater, Hardin-Simmons University, in graduation exercises in Abilene Monday. He is chief thoracic surgeon at Henry Ford Hospital, Detroit.

Dr. Lam was the Tahoka homecoming speaker in the fall of 1964. His mother resides in Denver City.

He came to Tahoka in 1914 with his parents, his father being a ginner, and graduated from Tahoka High School in about 1923. While attending high school, in spite of a handicap he worked for Craft's Tailor Shop after school, nights, and Saturdays for \$3.00 a week and says "I considered that I was well paid."

While here, he was a member of the town band, carried this interest on to college, where he worked every penny of his way through Hardin-Simmons and then medical school. He was a member of the famed Cowboy band that toured Europe, and later a member of Yale University band while attending that institution.

In between, Conrad organized, sold instruments, and instructed the following new bands: Sudan Municipal Band, Amherst Fire Department Band, Littlefield Concert Band, Branford (Conn.) Junior Rotary Band, and Exxes (Conn.) Town Band.

All during his medical career, Dr. Lam has kept up his interest in bands, and finds time to direct the Franklin (Mich.) Village Band, which he founded in 1959, made up of other hobbyists, company presidents to housewives.

But, Dr. Lam's fame came in the field of heart surgery. He was the first surgeon to perform open heart surgery, pioneered techniques in such operations, substitution of arteries and valves, and has lectured on and demonstrated these advancements in Europe and America.

Many Tahoka friends who remember how hard Conrad worked to get an education rejoice in seeing him receive this honorary degree.

Peace Corps Test Set For June 11

Tahoka area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 9:00 a. m. on Saturday, June 11, at the Post Office building, Room 16A in Lubbock.

The Peace Corps uses the Placement Test to determine how an applicant can be utilized overseas. The Test measures general aptitude and the ability to learn a language, not education or achievement. (If Test scores indicate a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.) The Placement Test requires no

preparation and is non-competitive—an applicant can neither pass nor fail.

The application form, not the Placement Test, is the most important factor in the selection of Volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the Test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20525.

The Placement Test takes about an hour and a half.

Machinery, drowning, fire-arms and falls are the leading causes of accidental deaths on farmland and around farm buildings, reports the National Safety Council.

We read the other day that only half of Texas' eligible citizens qualified this year to vote. Only half of those, one-fourth of those in the age limit, actually voted in the Democratic and Republican primaries. This is a disgrace to Democracy. They tell us that when France has an election from 90 to 98 percent of the people vote. Go to the polls Saturday, vote your choice, if for no other reason than to help preserve the American brand of democracy.

Tahoka and Texas and the U.S.A. are bound to have gotten a lot of good publicity from the visit of Fred McGinty to a half dozen European countries. We can imagine the attention such a type person could create in a foreign land—and nothing but good will come from his visit. If you don't know, Fred is a talkative, happy, Irishman who never saw a stranger or was never at a loss for words, stands six-foot-four, weighs 230, never wears any hat but a big Western style Stetson, never owned any kind of footwear but cowboy boots.

A reader wants to know why we don't say something about President Johnson's future son-in-law being released from service to work for a radio station, and his other daughter's boy friend being draft-deferred since 1961 because his service in the Armed Forces would "work a hardship on his mother who is wealthy and lives in a 65 room house." Well, there it is!

Vote Saturday!

George Dolan of the Star-Telegram is one of our favorite columnists. Recently he told about a man calling attention to some unusual Texas newspaper names like Farris Wheel, Hart Beat and Mesquite Mesquiter. Then, he says the man suggested that newspapers in a lot of other Texas towns could have unusual, individualistic names like the Frost Bite, the Happy Days, Devine Guidance, Carbon Copy, Big Sandy Loam. Others could be Electra Light, Emory Board, Downing Out, Price Increase, Mason Jar, Memphis Blues, Munday Wash, Pharr Piece, Garland Wreath, Rankin File, Wheeler Dealer, Webster Dictionary, Wimmie Poo, Charco Stake, or the Alto Sax.

We guess we are a bit corny in our tastes, but we sure do miss old Dizzy Dean on TV baseball. Sometimes an old fogie gets fooled, though. We were commenting on some of this weird modern "music" to a granddaughter, and we were a little surprised when she replied, "Well, Pop, I think the old time religious songs are the best, too." We still like the Dixieland bands, the foot-patting fiddler, the Jews harp and the French harp music. By the way, whatever became of the latter two? For that matter, we now like better than ever cornbread, butter milk, and good old turnip greens, red beans and sowbelly, sourdough bread, butter and sweetmilk.

A Fable—Or Is It?
Once upon a time there was an ant who worked hard all day in the fields. It was summer and the ant was busy cutting grass and dragging it home. The ant had a grasshopper as a neighbor. The grasshopper lived on welfare and sat in his doorway singing all day. When winter came, the ant had a whole bale of grass. But the grasshopper violated the Federal Farm Law for over-harvesting grass. He was fined \$162.50 and the surplus was seized. The grasshopper received the surplus in exchange for his food stamps. — Southwestern Crop & Stock.

Art Linkletter said in his opinion the crying need in this hour for our youth was for parents—parents who would act like parents, giving leadership and discipline to their offspring. He thinks the children are starving for parents with courage, convictions and authority. For a long while now, the moderns have tried to tell the parents to be a pal to their children, hoping in this way to win their love and admiration. He thinks the young folks need this pal business about like they need more playmates or another hole in the head, and that they want strong, strict, courageous parents who can point them in the right direction and help them when in a rough spot.—Uncle Zeb in Southwestern Crop & Stock.

The Printer had a letter from old Martin (Junior) Wuensche, now a Dallas policeman but living at 1325 N. Rogers in Irving, who says he ran into Leo Jackson, former Tahoka coach who is now a highly successful executive of the First Federal Building & Loan

WASHINGTON AND "SMALL BUSINESS"
By C. WILSON HARDER

As every housewife knows, the cost of living, especially food prices, have been escalating rapidly, with all predictions they will soar still higher.

While there are several factors involved in this trend of ballooning food prices, a major one has been the interference in farming last season by Labor Secretary Willard Wirtz.

Because of his refusal to let growers, especially in California, have labor to harvest, the tomato crop was short. The Labor Department statistics on cost of living shows that between November 1965 and December 1965, the price paid by consumers for canned tomatoes shot up an astounding 1.4 per cent.

The late Rep. John Baldwin before he died compiled figures showing what the Wirtz policies did not only to the price of canned white asparagus, but also to the U.S. balance of trade problem.

The Congressman pointed out that the four year average, 1960 through 1964 of white asparagus was 2,058,150. In 1965, because it was impossible to harvest the crop, the pack dropped to 1,269,000 case, or a decrease of 37%.

Grocery stores prices in the product have thus skyrocketed, and at family dinner tables all over the country when it comes time to say grace there is perhaps lifted heavenward a fervent thanks that Wirtz has

Assn. of that city. Old Leo told Junior The Printer was a pretty good fellow, but Junior says he gave Leo the straight dope. In spite of Wuensche's remarks, we're gonna keep old Junior on our list. He's just gotta keep up with old Lynn friends.

And Mrs. G. W. Sharpe, 283 Utopia, San Antonio, the former Irene McCoy Gallagher of Tahoka, wrote in to get her subscription straightened out and says she can't do without The News. She works all the time, but hopes to come home for a visit in July. She had talked to Bess VanDyke the night before, and says Bess is homesick, missed her News the week before, and hadn't heard how the elections came out.

Horace McQueen, farm director of KLBK-TV in Lubbock, wrote in for a News subscription . . . claims he wants to read and quote our "Inklings" and keep up with Lynn agriculture. He writes: "Since I have been out of the Extension Service covering the South Plains for nearly two years now, I am beginning to realize that the weekly newspapers really kept me up to date on local happenings."

Joe D. Unfred, the New Home and Gifford-Hill-Western Press agent, has this bit of enlightening information printed on the back of his business cards: "I know you believe you understand what you think I said, but I'm not sure you realize that what you heard is not what I meant."

"The Printer" interviewed For Theme At Tech The Depression and Dust Bowl days, as related by The Printer of The News in an interview with Miss Cindy Faiks of Houston, was winner of an "A" for Miss Faiks in an Economics course under Prof. John Harding at Texas Tech recently.

Miss Faiks is a great grand daughter of Mrs. J. D. Donaldson, Sr., Tahoka pioneer, the granddaughter of Mrs. Aubrey (Lola) Thomas of McAllen, and the daughter of Mr. and Mrs. Carl Faiks of Houston.

The theme was her semester project in the Economics course, and the 12-page story includes a bit of history of Tahoka and Lynn county, a few tales of days past, one of the Tahoka brochures, and some clippings from "The Printer's Inklings" columns. The material is bound in a cover of wood, and the front bears Cindy's pin and ink sketch of The Printer.

Incidentally, Miss Faiks' teacher, John Harding, as most people here know, is married to the former Lorene Childers and operates on the side a part of the T-Bar Ranch here.

Community Beautification Program For 4-H Members Draws Interest

Widespread interest in the 4-H Community Beautification program has prompted a substantial increase in 1966 state and national awards, the National 4-H Service Committee has announced.

This year's Sears-Roebuck Foundation, the program sponsor, will provide six national \$500 scholarships in place of two given last year. Trips to the National 4-H Club Congress in Chicago will be increased from eight to 50, one per state.

The earnest 4-H program ties into the Youth for Natural Beauty program launched last year from Washington, D. C. in ceremonies presided over by Secretary of Agriculture Orville L. Freeman, and representatives of 4-H and other youth groups.

Among recent 4-H prize-winning projects was one that cleaned up, dressed up and lighted up a rural Oklahoma town of 194 residents. Another included tearing down unused farm buildings to make way for landscaping. Transforming an old farm house to a community showplace was also an award winner.

Additional projects suggested are: revise Arbor Day and remove dead or diseased trees; clear away trash and weeds; conduct home and community clean-up campaigns; repair and paint rural mail boxes, road signs, fences and outbuildings; help landscape school and church areas, fairgrounds.

Many jobs are undertaken by the club as a whole. However, the scope, time and money involved often enlists aid of the entire community. But 4-H boys and girls plan, campaign and carry out the work.

The Sears-Roebuck Foundation will offer a certificate to the 70 most outstanding clubs in the state, and a \$25 cash prize for the best beautification job done in a single county.

Besides state and national awards for club members, there will be handsome medals for county winners.

Enrollment last year in the community beautification program totaled 173,450 boys and girls in 50 states, and of this number 1,140 qualified for county medals, according to the National 4-H Service Committee which distributes the awards.

All winners are named by the Cooperative Extension Service.

Former Tabokan Honored At Paris

A former Lynn county school woman, Mrs. Ruth Jolly, now Mrs. Bruce E. Mason, was one of three Paris, Lamar county, teachers honored at the annual classroom teachers banquet in that city.

Mrs. Mason was selected as "Junior High teacher of the year" by a secret committee from the Paris Chamber of Commerce, and the honor was a complete surprise.

Known here as Ruth Jolly, she was county school superintendent of Lynn county when she resigned and married Mr. Mason, who is county superintendent of Lamar county.

She has been sixth grade English teacher in Crockett Junior High at Paris since 1963, prior to which she taught in Paris High School. She is president of the Paris unit of the Classroom Teachers Association.

Mrs. Mason, prior to going to Paris, also taught at Newmore, Grandview, Lamm, and O'Donnell. She has a B. S. and Master's degrees from Texas Tech.

DEPT BY SANDSTORM

Mrs. Ted Bagley of Newmore says a lot of crops in that area were blown out by the sandstorm late Saturday afternoon which followed the rain cloud. No rain fell in that area, and many farmers may have insufficient moisture to bring up cotton following replanting.

Mr. and Mrs. Johnny Wells and children visited in San Angelo last week end.

Tom Gill Retires After 45 Years Railroading

Tom L. Gill retired Tuesday as local Santa Fe agent after having been a railroader 45 years, 23 of them in Tahoka. A permanent agent will arrive about the middle of this month to succeed him.

He and Mrs. Gill, a teacher in the local schools, expect to do a bit of sight-seeing and "just taking it easy." They will continue to live in Tahoka, for the time-being at least.

Born in Ballinger April 7, 1901, Tom was a son of a railroader, the late D. I. Gill, who also was section foreman for Santa Fe here several years while the younger children were growing up.

Tom began work for the old Orient railroad at Hamlin as a telegraph operator Dec. 1, 1920, but soon moved to Sweetwater. When the Santa Fe bought the Orient in 1929, Tom went along to Santa Fe services.

He was chief clerk at San Angelo, agent at Big Lake, then went to Plainview in 1936 as ticket agent and operator.

The Gills moved to Tahoka in November, 1943, when the late Joe L. Heare retired as Santa Fe Station agent, and Tom has been agent ever since until retiring Tuesday.

Mrs. Gill, the former Miss Velma Monroe, was teaching in Sweetwater when the couple met,

followed by their marriage there in April, 1928. She has been teaching here for 20 years.

Their two daughters, O'Gene and Nancy, both graduated from high school here. O'Gene is now the wife of an attorney, Lewis Williams, lives in Dallas, and they have one son. Nancy is now Mrs. Ken Ramage of Spade, and she and husband have two sons.

Two of Tom Gill's brothers and one sister are Tahoka High graduates. Francis Gill is now a Santa Fe conductor headquartered at Slaton. Joe Earnest was killed in 1944 during World War II in an accident at South Plains Army Air Base. Mrs. Merle (Media) Bell lives at Fence Lake, N. M., where her husband is a rancher. Their mother, Mrs. D. I. Gill, lives in Albuquerque.

Tom has long been active in the local Rotary Club, of which he is a past president.

He says he has some pretty strong feelings about leaving his work, but railroading today does not carry the romance with it that it once did since the diesel replaced the old steam locomotive.

Mr. and Mrs. A. M. Cade returned Monday from their Brownwood Lake cabin, where they have been staying most of the time for a month.

Craig Leslie...

(Continued from Front Page) uate of Tahoka High School, where he was active in student leadership and lettered in football and basketball.

Mrs. Jess (Mable) Gurley accompanied him to Washington, where she will spend two weeks or more visiting her son, Ronny Gurley, wife and two children.

Ronny Gurley is another Tahoka young man making good in the nation's capitol, where he is chief guidance counselor in the Office of Economic Opportunity and working with Stuart Udall, secretary of the Department of Interior.

After graduation from Tahoka High, Ronny attended North Texas State, taught and coached basketball at Colorado City, entered juvenile work at Sweetwater, then moved to Austin as Chief probation officer of Travis County Juvenile Court, co-authored a book entitled "The Juvenile Offender and Texas Law," drew high praises from Attorney General Waggoner Carr and Hogg Foundation for Mental Health, following which he was called to Washington.

Sgt. Oscar Perez In Officer School

Staff Sergeant Oscar Perez, wife and daughter, arrived Monday from Okinawa, where he has served 30 months with the Special Forces. They will visit his parents, Mr. and Mrs. G. S. Perez, several days.

Oscar will enter Officer Training School at Fort Benning, Ga., on June 26. He is a career Army man, and has been in the service eight years.

While serving in Germany, he met and married his wife, Trudy, and the couple have one daughter, Carolina. Oscar will accompany his wife and daughter to New York City on June 24, when they will embark for Germany to visit her relatives while Oscar is in officer training.

Sgt. Perez attended Tahoka High School, left here in 1958 and received his diploma from another school.

He told The News his sister, Lydia, a Tahoka High graduate is now Mrs. Jesse Torres, lives in Eagle Pass, is a substitute teacher there and trying to complete her college education. She and husband have three daughters.

His sister, Tina, also a Tahoka High grad, is now Mrs. Leonel Galindo, has one daughter, and her husband is teaching in Texas Tech part time and attending college part time.

A brother, Carlos, is a radio announcer at Floydada, lives in Lubbock and has three sons.

New Home Plans New Math Course

A modern math short course will be held at New Home beginning next Tuesday night, June 8, at 8:00 p. m. in the high school math room. The course will have about five sessions and is open to any person interested, adult or student.

Lee Kinard of Smiley Wilson Junior High School, Lubbock, will teach the course, which is being sponsored by New Home Home-makers and Young Farmers.

At the first meeting, a time and place for following sessions will be agreed upon, states Mrs. R. L. Dulin. Cost of the course will be small, only \$1.00 per person tuition and \$1.50 per person or couple for the books.

Motor vehicle accidents are the leading cause of accidental death to farm residents, according to the National Safety Council.

Fred McGinty Tells Of Experiences In Europe

Fred McGinty told of his recent trip to Europe in a manner which kept his audience laughing at Tahoka Rotary Club last Thursday.

Mr. and Mrs. McGinty were gone 33 days in April and May, the mission being to see the countries and visit their daughter and family, Mr. and Mrs. Roy Long. Mr. Long is a Church of Christ missionary in Vienna, Austria, but was in Belfast, Northern Ireland, holding meetings.

Fred was careful to explain his wife Mable paid for the trip, a "honeymoon" vacation for which they had waited 34 years.

When he told his aged mother, Mrs. Marion McGinty of Plains, about the anticipated trip, she reminded him, "Son, all your life you've said you'd never fly in an airplane or ride a ship on the ocean." And Fred told her, "Yes, but in old age a fellow is liable to do foolish things."

He said they were an hour driving from Tahoka to Lubbock airport. 50 minutes flying from Lubbock to Dallas, two hours and 50 minutes to New York City, and eight hours to Glasgow, Scotland, and saw the sun rise at 1 a. m. The former Texas cowboy said that was pretty fast going compared to the way he traveled earlier in life.

They flew from Glasgow over to Belfast in a "puddle hopper", he said. The plane's little door was only about four feet high, Fred is 6-4, weighs 230, and looks bigger than that in a big Texas Stetson and cowboy boots. An Englishman on the plane was heard to remark, "He'll never make it" (out the plane door.)

They saw some rabbits and Fred declared, "I thought we left all the jackrabbits in Texas," Fred remarked, and the Englishman corrected him, "Those are hares." Most Europeans, especially the Irish, are smaller than Americans, and Fred attracted attention wherever he went, was the object of picture-takers, and everyone quickly labeled him "Tex."

McGinty, a big-hearted, friendly, talkative man who looks every bit the part of a cowboy or a Matt Dillon, but who never saw a stranger, was a bigger show to Europeans than Europe was to Fred, his wife Mable says. Mable says she had a lot of fun standing on the sidelines and listening to comments of the people about her husband, especially among the small Irish people. On one such occasion, she heard a bystander declare, "He's not a sheriff; he has no gun."

Fred said the people of Ireland are very warm, but their houses are cold. Almost every room is partially warmed by a very small fireplace. He told of how he blundered into the wrong house hunting his wife, but stayed so long with his new Irish friends he missed another appointment for dinner; how he missed a Rotary meeting because of Easter, then missed another appointment when he visited the club secretary who wouldn't let him leave.

After Ireland, accompanied by the Langs, they proceeded to the latter's home in Vienna, Austria. En route, they visited London, and a friend nearby with whom Mrs. McGinty had corresponded for 21 years.

Crossing the cold North Sea by ship, the McGinty's six-year-old grandson acted as interpreter for Fred as he talked with German passengers.

Everywhere he went, Fred presented Rotary clubs with a Tahoka club banner, and he brought back

a few from clubs over there. In addition to Belfast, he attended clubs in Rotterdam, The Hague, Vienna, and on the ship on which they returned home, the S.S. Rotterdam, a meeting of Rotarians being held on the ship on the Atlantic at which Fred was elected to preside.

Fred and daughter, Miss Montie, who also was present at the Rotary meeting, wore "laderhosen" which he bought in Vienna. Laderhosen in German means leather britches. He said these pants are remarkably warm, pliable, and serviceable.

H. B. McCord Jr. was in charge of the program. Visiting Rotarians were present from Lubbock, Post, Lamesa, Brownfield, and Slaton.

VISIT IN ARIZONA

Mr. and Mrs. J. T. Tippit and Mr. and Mrs. Norvel Redwine visited over the week end at Fort Huachuca, Arizona, with the Tippit's son, PFC James T. Tippit. Tim had just recently been promoted to Private First Class, and his parents received a letter last week stating that he was among the top 10 in his class. Tim is a graduate of Tahoka High School and attended West Texas State University before entering the service. His parents took Tim a new Corvair car.

Miss Echo Milliken accompanied Mrs. "Sug" (Dottie) Edwards of Wolfboro on a short vacation trip to Ruidoso last week end. They left on Thursday and returned Tuesday.
