400 Pioneers At Reunion Saturday

Lynn county pioneers 400 strong attended last Saturday's annual reunion, enjoyed visiting and re-creating old times, one of the most delicious noon-time meals the affair has had, laughed with Dr. K. R. Durham as he recounted humorous incidents of the past, elected new officers, and a large group kicked up their heels to old times at the dance which followed.

C. L. Moore and J. H. Kuykendall, both 87, tied for the oldest man prize, and Mrs. J. L. Hill, 84, got the oldest lady award. Mrs. Lola (Donaldson) Thomas of McAllen got the prize for coming the greatest distance. According to past policy, those who have received the prize before can not win again.

Johnny Wells presided at the program and business session in the afternoon.

Dr. Durham, dressed as an old lady, "Aunt Tabby Doe from Draw", was the only program number but he delighted the crowd with his humorous manner in presenting life in the early days, comical happenings, practical jokes, and awkward situations that help make life interesting.

George McCracken was elected the new president, succeeding John Curry; and his wife, Florene, was named secretary to succeed Mrs. Peggy Elliott. Milt Draper was elected the new vice president.

Although in all stages, farmers from over the county report crops doing well.

Can We Wave The Flag Too Much?

(When Dr. S. L. DeLove, Chicago, was told by a listener to his radio hour "Know Your History" that he waved the flag too much, the following was his answer.)

Is it possible to wave-the flag too much? Provided, of course, that you wave it with integrity? Is it possible to study Lincoln or Shakespeare too much? Is it possible to read the Bible too much?

The great, the good, the true, are inexhaustible for inspiration, example and strength. I believe that we are not waving our flag enough, not nearly enough.

It seems to me that we are developing a tendency to be timid or even apologetic about waving the stars and stripes. Walk up and down the streets on July 4th and count the flags. It is our nation's birthday, a sacred day in world history, the most important day of America. Why isn't the flag flying on every rooftop and from every home and building? This complacent attitude is strong evidence of cancerous patriotic decay. The flag is a symbol of our national unity. It is the spirit of our undying devotion to our country. It stands for the best that is in us . . . for loyalty, character, and faith in democracy.

Isn't our flag a synonym of the United States of America? Does it not represent man's greatest, noblest, most sublime dream? Is it not the zenith of achievement, the goal to which generations have aspired?

Ladies and gentlemen, I believe it is time for us . . . for the mad, rushing Twentieth Century American . . . to stop for a moment and think. Let us arrest our near reverential admiration of material success and return to the spiritual and ethical values. Let us imbue and rekindle in ourselves and our children the so-called old-fashioned way of patriotism, a burning devotion to the principles and ideals upon which our country was founded.

Should not every home own and proudly display the colors on holidays and other such occasions? Isn't the flag Patrick Henry, Jefferson, Franklin, Washington, Nathan Hale, Gettysburg and Valley Forge, Paul Revere, Jackson and other great men and women who have given us our heritage? When you look at the flag can't you see the Alamo, Corrigedor, Pearl Harbor, The Monitor, The Merrimack, Wake Island, and Korea? Lest we forget, isn't the flag Flanders Field, Bataan, Iwo Jima, Normandy, Babe Ruth and Davy Crockett? The great events of our past and present are wrapped up in our flag.

It is a symbol of this blessed nation, a giant in industry, education and commerce. Millions of fertile square miles, wheatlands, coal mines, steel plants. Our great republic, the chosen infant destined to be man's last and remaining hope for suffering humanity, a shining beacon of light, noble and glorious, the haven for the oppressed and persecuted and truly God's gift to mankind.

That is what the flag means to me. Can we wave it too much? I don't think so.

"BLOOD CANCER" RESEARCH—Two masked investigators make tests on a virus which transmits leukemia in chickens. This "blood cancer" is being studied by American Cancer Society supported researchers for leads to leukemia in humans. Farmers Should Consider Beans

When adverse weather severely damages seedling cotton, a farm management specialist says it will pay to do a little figuring to learn if it is most profitable to replant to cotton or to some other crop such as soybeans or castors. Government programs, available irrigation water, length of the growing season, and expected net returns from the cotton and the alternative crop all should be considered when deciding which crop to plant, says John Seibert, Extension farm management specialist, of Lubbock. To find the most profitable crop, Seibert says to estimate the returns above operating costs from cotton and from the replacement crop under consideration. Late planted cotton might bring 16-cents per pound if the quality is below normal, he said, so a bale per acre would bring only \$80. Soybeans yielding 28 bushels per acre and selling for \$2.50 per bushel would bring \$70 per acre. The management specialist says both crops would return \$40 above operating costs if it cost \$40 per acre to produce the replanted cotton and \$30 per acre to produce the soybeans. "There's no way to be sure of

Wilson Couple Give Praise To Deputy Sheriff O. D. Woody

The following letter of praise was sent to Deputy O. D. Woody of Wilson last week from Mr. and Mrs. Luke Coleman. Wilson, Texas June 23, 1966 Dear Mr. Woody, We want to try to express our appreciation to you for your friendship and guidance given to Mike and the other youth of our community. We know that whatever you do for law enforcement is done for the best interests of the youth. Mike loved and respected you. He always liked to stop and visit with you as he started home from any place he had been. It was such a help to us as parents to know that we had some one like you looking after our boys when they were not at home. Our hearts are broken at losing Mike, but we just hope that the other youth of our community will stop and remember what can happen to them as they drive their cars. Then, in remembering, may-be they will become more careful drivers. Thank you again for being such a good friend to our youth. Luke and Edna Pearl Coleman. yield, price or quality of a crop," Seibert says, "but a little figuring at different prices and yields can give some idea of the alternative that looks best in most situations." In studies at the South Plains Research and Extension Center, north of Lubbock, a four year average cotton yield of 488 pounds per acre has been produced from June 21 planting and 257 pounds per acre has been produced by June 29-30 planting. The average per acre yields for Hill soybeans planted at different dates at the Center are as follows: June 6—28.5 bushels; June 25—30.2 bushels, and July 16—22.4 bushels. Lee soybeans produced almost the same yields. Hinn soybeans produced slightly lower yields in all cases and Hinn's best yield of 24.5 bushels was produced by June 6 planting, according to scientists at the Center. Seibert says local conditions will alter these yields, but the data gives an indication of the yield trends to expect from late planting of cotton and soybeans.

Gordon-Southland News

(By Mrs. Edmund Wilke) Hello there! Not much doing in our fair little community besides the work that is going on in the fields. All the farmers are really busy and everything sure does look good. I've even enjoyed getting out in the field and doing a little hoeing. Of course I wouldn't want a steady diet of it, but a little is just fine. Mr. and Mrs. Jim Bryant and four children from Alamogordo, N. M., have been visiting Mr. and Mrs. Donald Pennell. The Bryants are cousins of Donald Pennell. While they were here they visited with Mrs. Lee Fredrickson who is in the hospital at Reese Air Force Base. On Sunday, the Pennells had a picnic in the park at Post. Those attending were: Mr. and Mrs. Bryant and four children, Mr. and Mrs. Donald Pennell, Mr. and Mrs. Don Harlan Pennell, Mr. and Mrs. W. A. Long, Mr. and Mrs. Pete Pennell and two sons, Mr. and Mrs. Bus Pennell and son, Mr. and Mrs. Kenneth Callaway and two children, Harvey Louis Pennell, Bennie Chandler and Rod Callaway. They had a wonderful picnic dinner and in the afternoon all the kids went in swimming along with Mrs. Kenneth Callaway and Mrs. Don Harlan Pennell. Mrs. Lee Fredrickson, who is in Reese Hospital, is very serious ill and has pneumonia at the present time. The doctor is still letting her have company and I am sure that she would welcome your visits. Mickey Mason spent a week recently with her aunt and uncle over in Brownfield. Mrs. Winston Lester and two children, Terri and Allan, have been visiting relatives and friends in this community and Lubbock for the past two weeks. Winston and Joyce are former residents of this community, but they are living at Commerce at the present time. I know that everyone has been glad to see Joyce and the two children, because we all have missed them. Mrs. Billy Lester and two sons, Gary and Gregg, went to Six Flags Over Texas over the week end. They went with a group from the Methodist Church at Graham Chapel. There were 18 that made the trip. Mrs. Lester and the boys enjoyed the trip very much. Mr. and Mrs. Willie Becker went to Lake Stamford over the week end. Joan Gindorf has her leg out of the cast now and is getting around on crutches. Little Cynthia and Cloressa Gindorf, daughters of Mr. and Mrs. Chris Gindorf of Lubbock, spent several days last week with their Grandad, and Joan and Patsy. We would like to extend our deepest sympathies to Mr. and Mrs. Carl Wartes, whose son, Butch, was shot and killed on game and 416 series. The Lane Raiders took three games from the Confederates but the Confederates remain in first place. Milton Evans paced the Raiders with a 207 game and 547 series. For the losers, Jimmie Kieth had a 197 game and 539 series. The Sometimes rolled four games over the Tanglewoods with Don Smith's 491 series and 180 game. Nell Blakney led the losers with a 186 game and 481 series. The Show Offs took four games from L&M with Stewart Rice's 465-167 being high for the winners. Barney Mayfield paced the losers with a 127-350.

Townsend Write Of Recent Trip To Western States

Mr. and Mrs. N. O. Townsend returned Saturday night from a family reunion in Yosemite National Park in California. On their way home they stayed three nights in their Pecos Canyon cabin near Santa Fe, N. M.

Following is an account of the couple's trip:

Our two sons who live in San Diego, Calif., made reservations for seven cabins the last week in October, 1965. Even then, we could only get cabins covered by tents with elevated floors. By March of this year all reservations were booked for the summer months.

Our reservations were for three days, starting June 16. Our cabins were right at the foot of the bluff where the fire is pushed off at 9:00 p. m. nightly and falls 4,000 feet.

This is a wonderful place but is too crowded. On Memorial night, 81,000 people spent the night there, and on the night of June 18, 72,000 spent the night in Yosemite.

We all certainly enjoyed this reunion. All our family was present, with the exception of two grandchildren.

We entered Yosemite at the south entrance. Here is one of the world's greatest scenes. We drove to the Sequoia big trees 35 miles from Yosemite Canyon and also took a 35 mile trip to the top of the bluff where fire is pushed off at night. In leaving, we came out on Tiago road to Tiago Pass, called the north entrance—a beautiful drive of 64 miles.

We were there in 1953. Headquarters then was housed in a great log building with 200 log cabins. All of these have been replaced with modern buildings and is almost like a city with heavy traffic.

In 1953 the bears came in the valley at dark but now the bears have retreated to higher ground. The canyon is 12 miles long and a mile wide. Five waterfalls can be seen in these 12 miles, with the highest fall being 2,425 feet.

Yes, go see Yosemite, but make reservations a year in advance.—Mr. and Mrs. N. O. Townsend.

Congratulations:

Mr. and Mrs. Doyce Graham (Buddy) Chestnut, 3304 44th St., Lubbock, on the birth of a son at 5:27 p. m. Tuesday in West Texas Hospital in that city. The little fellow weighed in at 7 pounds and has been named Cody Graham. He has a "big" sister, Cathy Jane, two years old. The father is employed by Kerr Construction Company. Mr. and Mrs. G. H. Chestnut of Tahoka are paternal grandparents, and Mr. and Mrs. Jimmy Kerr of Lubbock are maternal grandparents.

Help keep Tahoka clean!

Three To Attend Baylor Seminar

Donnie Todd of New Home, Carolyn Schneider of Wilson and Paula Beach of O'Donnell will attend the Student Citizenship Seminar to be held on Baylor University Campus in Waco August 9-13.

Lynn County Farm Bureau has sponsored three or four of Lynn county's outstanding students the past few years, and is repeating the opportunity for students to attend again this year. Students eligible are those in the 11th or 12th grades of school and among the top 30 per cent scholastically in their class. Young men and women attending need not be members of farm families, or even members of Farm Bureau in order to attend this seminar.

The ultimate goal of the seminar is to convey to the students a better understanding of the American way of life and system as visualized by the founders of our country, as opposed to the lives of people who live in countries governed by one of the "ism" systems. These students are, in turn, expected to pass this knowledge and insight along to others.

Every Lynn county student who has attended one of these seminars returned to report, with much enthusiasm, about the wonderful experience the seminar was for them.

Water Safety Is Subject of Study

The O'Donnell Young Homemakers have completed the first half of their water safety clinic. Mrs. Mary Brown, instructor for the group, divided the ladies into beginners and advance classes.

The monthly meeting of Young Homemakers will be July 5 at 8:00 p. m. in the homemaking department, instead of July 7 due to the O'Donnell Rodeo. Officers for the new year will be elected and a local pastor will bring a short program on "Tips for a Happy Home."

OUR BIG ANNUAL—

JULY CLEARANCE SALE

Starts Wednesday, July 6

At this Fourth of July season, we wonder what has happened to America and Americans the last few decades! What is happening today? Why the sudden turn-away from established American principles and ideals?

Obvious corruption in Duval county (hushed up) and a man becomes our U. S. Senator; a political trade-out and he becomes Vice President; a shot is fired by a known Communist nut, and this man becomes our President . . . a powerful man able, almost, to dictate to Congress by means of arm-twisting and near-blackmail.

Then, here comes Billy Sol and Bobby Baker and Walter Jenkins; and off-beat legislators like Fulbright and Morse and Adam Clayton Powell and others.

We have an Attorney General and Federal enforcement giving encouragement and armed protection to rioters operating in flagrant violation of local, state, and Federal laws—rights and even freedoms taken away from the majority to satisfy whims of a minority. Then, Martin Luther King, who has become one of the most powerful men in our nation.

And, we now have Labor bosses, City bosses, and powerful bureau heads exerting power, pressures and getting results far in excess

of law and justice and right and decency.

Our State Department and our policy in United Nations seems timid—fearful of alienating any Communist power or little pip-squeak nation, overlooking the Monroe Doctrine long ago, aiding irresponsible revolts in such areas as Africa, encouraging colonies of other nations to seek self-government when they know not what the word means, writing off Castro's Communist Cuba take-over, and acceding to demands of ungrateful De Gaulle after we've saved his country twice and then put it on its feet financially.

We've developed a tremendous Foreign Aid program that has not only made enemies but we are giving military and financial aid to nations who, in turn, give aid to the Viet Cong so they can kill American boys.

Our Supreme Court has become a powerful political bureau concerned with reshaping our system of government, writing its own laws by far-out interpretations, in effect almost denying the existence of God by prohibiting prayers in school and making use of His name not mandatory in oaths; and at the same time making law enforcement difficult and protecting Communists, rapists, murderers, and minority punks.

Then, we're adapting all these give-away programs at home to guarantee every person an income whether he wants to work or not, discouraging individual initiative and free enterprise and penalizing the person who wants to get ahead on his own.

Either by design or blundering accident, we've had farm policy after farm policy that has in 20 years put 20 more nations to raising cotton while showing little real interest in preserving our own agricultural economy other than by the hand-out method. Unionism marches ever onward, is granted higher and higher wages, and at the same time farm products decline in price.

We have stepped-up inflation, mounting taxes, a growing national debt—spend ourselves rich! Few of our representatives have the guts to try to stop the trend.

Where, oh where, are we trying to go?

We have faith that we will soon, or some day, may wake up as a nation. In the meantime, fly the flag high.

other European nations. But, he gives daughter Lynda Bird a vacation trip to Spain as a graduation present—mostly at You-Know-Who's expense, because she was accompanied by eight (count 'em, eight) secret service men.

Some Republicans, a lot of Democrats, beatniks, some college students, draft dodgers and others keep asking "Why are we in Vietnam?" Seems to us the answer is very, very simple: "To stop the Communists"—21 years late, 21 years after we started giving-in, compromising, apologizing, turning-tail, acting like Chamberlain or even Quisling of World War II notoriety.

Perle (Kellner) Foote, 356 Combs St., Napa, Calif., writes that her paper sometimes is two or three weeks late, sometimes she fails to get it at all, but she still enjoys it when it finally gets there. We just don't know, Perle, but this New Society postal service with its central distribution offices was supposed to be a great big improvement.

One thing we do know, under the old system The News could depend on getting a parcel post package out of Fort Worth overnight. Under the new system, we do not know whether it will take two days or ten to get such a package. However, when we request such a package be sent "special handling" (at-added cost, of course) we get the same quick service.

The Albuquerque Journal says airmail special delivery from that city to San Francisco required four days on a recent instance. Train time between the two points is 20 hours. Air time is three hours.

Bill Warren, a native of Pontotoc, Miss., brought us a copy of The Pontotoc Progress in which the editor, Bob Cook, gives some of the "other side" of the Meredith affair, chides the sensation-seeking national newspaper and television reports for unfair, one-sided reporting, points out the great harm being done race relations by radical outsiders stirring up trouble, and has this to say:

The Meredith fiasco is one of the most blundering and asinine experiences we know of. We've heard all sorts of comments—some ridiculous and some not so foolish, such as . . . who could call it a sniping with a shotgun as a weapon . . . a hardware salesman should certainly know that 16-gauge birdshot couldn't do much more than sting at the distance . . . could it have been a planned thing to rake money into the Meredith coffers under the guise of civil rights . . . Mississippi felt the full brunt of the bleeding heart ravings even though the man allegedly pulling the trigger was from Tennessee, the scene was barely in Mississippi, and there was an abundance of protection and publicists on hand . . . Why not soap box oratory from LBJ and Heartbreak Humphrey when a wayward negro in Washington or New York rapes a white woman or maims or murders a white man there . . . Why belabor all of the good people of Mississippi when a meddling pickaninnie ran out of publicity and civil rights blessings and then gets sprinkled with no more birdshot than many have received in a watermelon patch.

We don't condone the shooting of any man in a civilized situation, but this thing has been enlarged completely out of proportion.

One of our readers feels it is a shame Tahoka Girl Scouts are not participating this week in the Girl Scout Day Camp being held in Tahoka City Park by troops from O'Donnell and New Home. There are not enough mothers in Tahoka sufficiently interested to furnish the leadership for local Girl Scouts, she says.

The most expansive recognition event for 4-H youth is the National 4-H Club Congress held in Chicago the week following Thanksgiving.

Alexandria, La.—Staff Sergeant W. B. Riley, son of Mrs. Pearl M. Riley of 1529 Turner St., Borger, has been awarded the U. S. Air Force Commendation Medal at England AFB, La.

Sergeant Riley received the medal for meritorious achievement as a flight mechanic in the Dominican Republic. He was cited for his outstanding skill, knowledge and job proficiency.

He is now at England as a member of the Tactical Air Command which provides combat reconnaissance, aerial firepower and assault airlift for U. S. Army forces.

The sergeant served in the Asiatic and Pacific Theaters of Operations during World War II. A graduate of Quanah High School, he is married to the former Billie L. Drager, daughter of Mrs. E. W. Drager of 21 S. Second St., Tahoka.

Close Games In Little League

People not attending Little League games are missing some very close and interesting well-played baseball.

Monday night, the Yanks, winners of only one game before during the season, nipped the favored Cubs by a 4-2 score. Each team had five hits, but the Cubs could score only twice while the Yanks were putting four runners across home plate. Happy winning pitcher was Gary McCord, while Phil McClendon was the mound victim on the losing team.

Then, in the nightcap, the Cards, battling to keep their second half lead, defeated the Giants by a 4-3 score in seven innings. The score was tied 2-2 after the regulation six innings as Lee Green for the Cards and Rayford Gage of the Giants pitched tremendous ball. The two pitchers had a combined total of 28 strikeouts.

In the top half of the seventh, the Giants scored once to take the lead but it didn't stand up, as the lead-off batter for the Cards, Bruce Spruelli, singled, Dan Tilley walked, Larry Reynolds was hit by a pitch to load the bases. On a fine defensive play by John Thomas, Giant shortstop, Bruce was cut down at the plate for the first out, then Roger Lee struck out with the bases still loaded. But, "Satch" Burleson laced a hot single to center field, driving in two runs and the ball game was over.

Last Thursday night the Cards defeated the Yanks 6-1 when each team had three hits. Tommy Martin was the winning hurler, and Gary McCord was on the mound for the losers.

The Giants exploded for seven runs in the first inning and managed to hold off the Cubs for an 8-6 victory. The Cubs scored one in the second inning, two in the fourth, two in the fifth, and one in the sixth. Winning pitcher, Rayford Gage; losing pitcher, Jeff Atwell. Each team had six hits.

Minor League Will End Play Tonight

The Tahoka Minor League will end this year's schedule Friday at 6:00 p. m. at Little League Park when the league-leading Astros meet the second-place Dodgers. The other team of the league, the Pirates, finished its 10-game schedule Tuesday night when they met the Astros.

The Astros, coached by Leonard Dunn and Rudy Johnson, have an 8-won, 1-tie record going into the last game Friday.

The second-place Dodgers are coached by Gil Rivera and Jack Henry, and they support a 5-won, 3-lost and 1-tie record.

The Pirates, coached by Richard Brooks and Junior Montemayor, have won one and lost nine, but have played some real close ball-games.

The game Friday promises to be a fight to the finish as the Dodgers are out to avenge several close games lost to the Astros.

Golf Play Is Set For July Fourth

T-Bar Country Club has a "handicap handicap" tournament planned for this Monday, July 4th, which will be one of those "gag" deals with a lot of fun and golf mixed together, according to Walton Terry, tournament chairman.

All club members are invited. Play starts at 9:00 a. m., and lunch will be served at noon.

Also, this Sunday and Monday, July 3 and 4, local golfers will qualify for the Post challenge matches, with the 30 players with low scores eligible to play at Post in the first match on July 10. Tahoka is the defending champion.

Qualifying for the Junior Golf Tournament will be held on Friday, July 8. Matches will be played during the week beginning on this date and finals will be on Friday, July 15.

The Junior Tournament will have flights for boys of Little League age, Pony League age, and a third flight for boys 15 and 16 years old.

All boys in Lynn county are eligible to enter, whether members of the club or not. Terry says: In fact, all youths are encouraged to enter.

White Sox Struck Down By "Bolt" In Week's Games

For Napoleon, it happened at Waterloo in 1815; it happened to the stock market on Black Friday in 1929; Arnold Palmer experienced it on June 19 at the U. S. Open; and it suddenly struck the Tahoka White Sox of the Lynn County Pony League last week "It" is the frustrating plunge from the pinnacle of success to the depths of defeat. As play began last week, the Sox sported a 6 won, 3 lost record and were only 1½ games behind the first place New Home Eagles and were eagerly looking forward to a Friday night encounter with the Birds, especially since they had beaten the New Home crew rather easily in the last go-round. At the close of a busier than usual week last Saturday night, though, their dreams of a championship lay in ashes and the Sox were limping with a record of 7 wins and 7 defeats.

The disastrous week began on Tuesday night with the loss to Cooper that was reported in last week's paper. Then on Thursday, another number was added to the growing loss column, when the league protest committee refused to uphold a protest the Tahokans had filed during a losing game to O'Donnell. Friday night, New Home came to town and had little trouble in picking up a 6-2 victory. Saturday night, the tide seemed to be turning when the White Sox exploded for 13 runs while allowing the Wilson Red Sox only 1 run in the first game of a double-header. Wilson quickly put an end to the new-found optimism by taking the exciting nightcap 3-2.

Tonight, the White Sox complete their season against the O'Donnell Dodgers in an 8:00 p.m. contest that will be played here at Little League Park. The two teams are all even in their series this year as the Tahokans took a 1-0 victory in their first encounter with the Dodgers and the Dodgers came from behind to post a 5-3 win in the protested game.

Probable starting line-up for the hometowners will be Joe Calvillo cf, James Sayles ss, Robert Garza 1b, Larry Durham p, Danny Martinez 3b, Martin Warren 2b, Willie White lf, Jim McCord rf, and John Rodriguez c.

GRAYS IMPROVING

Mr. and Mrs. C. E. Gray, residents of the county since 1917, are reported by their daughter, Mrs. R. E. Sheard of Post, to be doing better now. Both have had intermittent hospital care for some time, but are at home and recovering. Mr. Gray went back to the hospital Monday for a check-up.

Research Indicates Time To Water Crops For Best Irrigation Results

Many years of irrigation have led to the development of a number of basic principles farmers can use to decide the time and amount of water to apply to cotton and grain sorghum on the High Plains, says Lynn County Agent Bill Griffin.

Scientists have found that cotton uses about one-tenth of an inch of water up to about the square stage. Then the plant's water consumption increases rapidly until it reaches a peak of from 25 to 4 inches per day at the peak bloom stage.

Irrigation should be based on this water-use information, says Griffin, but, of course will be influenced by rainfall and the watering capability of the irrigation system.

If only one irrigation will be made, the agent says it should ideally go on at early peak bloom.

Cotton to be irrigated twice or more during the summer has been found to produce more efficiently when the first irrigation is applied in the first white bloom period with the others following in the peak bloom period, Griffin said.

More than ten years of studies at the South Plains Research and Extension Center, near Lubbock, indicate that a pre-plant plus two summer irrigations will produce the maximum net returns in the long run, Griffin said.

Additional irrigations naturally increase per acre yields, but he says the yields do not increase proportionally with the amount of water added. Late irrigations are sometimes not paid for by the small increases in yield and they can lower the cotton's quality, the agent said.

Regardless of the number of irrigations following a pre-plant, the first application generally should not precede the first white bloom. Excessive moisture before bloom generally encourages excessive vegetative growth rather than fruiting.

In every row irrigation, the highest yield per acre-inch of water has been obtained with a pre-plant plus one summer irrigation.

"Even this efficiency may be increased along with increases in per acre yields with the same amount of water, by the use of alternate furrow irrigation," says Extension Irrigation Specialist Bill Lyle of Lubbock.

This permits more timely appli-

cations of limited water. Proper timing of irrigation is often more important than the total amount applied, Lyle says.

Grain sorghum irrigation is also important when planning the irrigation schedule on most area farms.

Grain sorghum uses less than one-tenth of an inch of water per day up to about the seven leaf stage and then the use rate increases rapidly. Griffin said the peak water use of more than 3 inches per day comes between the boot and bloom stage.

Research indicates the best grain sorghum yields are produced when available soil moisture is kept at or above about 45 percent of capacity from the pre-boot to the soft dough stage.

But Griffin said this watering schedule is seldom the most profitable and it results in extremely inefficient water use.

Two well-timed seasonal irrigations will generally give good yields and probably near maximum net returns on grain sorghum. The agent says these two irrigations ideally should be applied at pre-boot and at the late-bloom stage.

As with cotton, Griffin says research indicates one irrigation on grain sorghum gives the most efficient water use. If rainfall is short, the boot stage is the approximate time to apply the one irrigation.

Mr. and Mrs. Martin White were in Colorado this week on one of their rare vacation trips. Mrs. R. E. Bagby looked after things here while the Whites were away. Visiting here over the weekend with the White children and Mrs. Bagby were Mr. and Mrs. M. M. White of Sudan, the youngsters' grandparents.

Mr. and Mrs. Otis Hillhouse and Johnny, and Rev. and Mrs. Phillip Goodrum and Donnie of Ropesville left late Saturday for Lake City, Colo. Rev. Goodrum is a former pastor of Sweet Street Baptist Church.

Ernest Spruiell was a patient in Tahoka Hospital this week. He had undergone surgery for a ruptured appendix in a Lamesa hospital on June 18.

Mr. W. G. Lyons of Galveston will be a guest over the Fourth of July weekend in the home of his daughter and family, Dr. and Mrs. Skiles Thomas.

Pete Arellano was dismissed from Tahoka Hospital Saturday where he had been a patient since June 11. He had received an injury to his left foot and leg.

E. B. (Buddy) Jolly was released from the hospital June 22 after being a patient since June 16th.

Belton Howell was a medical patient in the hospital Monday through Thursday last week.

Owen Comer, teacher in the Wilson schools, was a patient in Tahoka Hospital this week.

Tom McNeely ... Rapist ...

(Continued from Front Page) could take Tom to the Plainview hospital, from which place he was transferred to Methodist Hospital. He suffered severe concussions and possible internal injuries and underwent surgery but his injuries were so critical that doctors could not save him. Death came early Saturday.

Mrs. Shewmake was still in shock Sunday in a Plainview Hospital, although not considered seriously injured.

Thomas Gary McNeely was born June 16, 1951, in a Lubbock hospital while his parents lived in Tahoka. They lived successively in Seagraves, Brownfield, and Plainview, the father being with Santa Fe.

He was a brilliant youngster with a promising future. He had been active in church and Boy Scout work, Little League, and varied other activities, and the crowd which packed Plainview's Methodist Church chapel was evidence of his popularity.

In Plainview High School, where he had just finished his freshman year, Tom was a member of the Honor Society, Science Club, and PHS Band. He had recently won a Wayland College Scholarship for placing first in a science contest and had also taken top honors in Plainview schools in a math contest. He won first place in Plainview and Lubbock industrial arts shows for craftsmanship in a desk he built, and he was the top man in the rifle marksmanship contest held in Lubbock last year by Lubbock Optimist Club.

He was well known in Tahoka for having visited here many times with his grandparents, and only a few days before the accident he had been here and gone fishing with his grandfather Harley Henderson.

Survivors include his parents, Mr. and Mrs. Billy (Shorty) McNeely, 1211 North 29th street, Plainview; grandparents, Mr. and Mrs. Harley Henderson and Mr. and Mrs. Bill McNeely, Tahoka; a great grandmother, Mrs. J. W. Harston, Tahoka; an aunt, Mrs. Claude Chapman of Plainview; and uncles, Leslie, Jerry and W. H. McNeely, all of Lynn county, and numerous cousins and other relatives.

Pioneers ...

(Continued from Page One)

Community Center completed the day's activities. Most of all, the crowd just enjoyed visiting with old friends, many from a distance.

For example, five of the Dyer "girls" were present, and Mrs. Hall (Ethel Cooke) Robinson, first child to live in the county permanently, was there.

Among some of the real old-timers from a distance were: Mrs. Mike Redwine, 1904, Abernathy; Mrs. Lola Thomas, 1902, McAllen; Mr. and Mrs. Finley Coughran, 1906, Abilene; Mrs. Van Bates, 1915, Levelland; Clem Swan, 1915, Portales, N. M.; N. D. Leavitt and Maurine Farries, 1908, Causey, New Mexico.

Rescola St Clair, 1902, and Homer, 1915, Weatherford; Byron Deaver of Hereford and George Deaver of Slaton, 1916; Gene Nieman, 1921, Vadito, N. M.; Roy Tunnell, 1911, Levelland; Doc and Mattie Bounds, 1921, Odessa; Barbara Wells Hauck, Albuquerque; Corlice, 1906, and Ruth Edwards, 1916, Seminole; Ethel Edwards, 1911, Waco; Sadie Sanders, 1903, San Angelo; Mr. and Mrs. J. H. Parker, 1907, Amarillo; and many others.

The reunion was started back in the early 1930's in honor of the birthday of the late Mrs. J. S. Wells, June 24, and since then has been held on the nearest Saturday to that date.

TALENT SHOW, CORONATION HERE SATURDAY NIGHT

The junior choir of Pleasant Grove Baptist Church is sponsoring a talent show and queen coronation Saturday, July 2, at 7:30 p. m. in the Community Center, states Mrs. Myrtle White.

The public is invited to attend the ceremony.

Five girls are in the queen contest. The queen's identity will not be revealed until Mayor Meldon Leslie places the crown upon the winner's head. Each contestant has been selling tickets for 25 cents each, all proceeds going into the building fund.

Musical numbers will be presented by the junior and senior choirs of the church. Mrs. White is president and director of the junior choir.

A new church is being planned by members of Pleasant Grove with construction to begin in August.

at Anson, the case was transferred here. But, Tuesday's action was from an insanity hearing, and the State made no contest. The jury was out only about 20 minutes before reaching a verdict.

Judge Smith told The News that in the event Knight may some day be declared sane, he will have to return to the penitentiary to serve out his previous life sentence.

At the hearing Wednesday, two witnesses testified to his insanity. They were Dr. Preston Harrison, psychiatrist and superintendent at Big Spring State Hospital, and Dr. Frankie Williams, physician and staff member of the same institution.

Huffaker & Green of Tahoka were the court-appointed counsel for the defendant. The State was represented by District Attorney Richard Price of 104th Judicial District, Abilene, local District Attorney George Hansard of Lamesa, and local County Attorney Jerry Cain of Tahoka.

to Houston Wednesday for a meeting of local managers of the Federal Land Bank.

Also installed were Harold Reynolds, as vice president; Robert Abbe, secretary; J. F. Hewlett, treasurer; Dayton Parker, Jerry Cain, Binie White, and Garland Thornton. Cain and White are new directors, and Thornton was re-elected.

Marla Bray will continue as club sweetheart; Fred McGinty, Dr. Emil Prohl and Dr. K. R. Durham as song directors; Lynn Seales and Wm. C. Tucker will serve as sergeant-at-arms; and Ralph Reistle and Dr. Pat Brecheen will edit the club bulletin.

Prior to the installation, a covered dish luncheon prepared by the ladies was served to about eighty people.

Mr. and Mrs. Harold Roberts and Mr. and Mrs. Charles Townes had just returned from the Rotary International Convention held in Denver and attended by 14,000 people. They declared the meeting was a very interesting affair and that they attended all meetings

possible.

Roberts says emphasis this year will be even more on "people to people understanding", and Rotary International has voted to spend \$3.5 million this next year on educational scholarships, fellowships, and technical training. New Rotary International president is Richard L. Evans of Salt Lake City, the voice that is heard reading on the Mormon Choir program. Luther Hodges of North

Carolina, former Secretary of Commerce, is the president-elect.

Next year's convention will be in Nice, France.

New governor of this district is Earl L. Billbur, a Dalhart banker.

Eddie Ray Cook, three years old, was dismissed from the local hospital last Thursday after receiving treatment of an injury which occurred when he fell into a cellar.
