## Timely Rains Save Most Lynn Crops

Further rains last week end covered a major portion of Lynn county, including some of the drier areas, and as a result cotton crops and some milo prospects are much improved, ranging from fair to excellent.

Most of the heavy rain fell early Saturday between 3:00 and 7:00 a. m. Tahoka received .53 inch out on the west side, bringing the total within a week to 1.3 inch, but possibly more fell in east Tahoka.

North half of the county received an inch or more, New Home and Lakeview reporting 1.2 to 1.5 inches, Wilson one inch up and 1.7 a mile south of Wilson. However, rain was light in the Petty area.

Southeast of Tahoka rain was much heavier, Rufus Slover reporting 2.6 inches, several others two inches or more, and Fred McGinty reported 1.7 inches seven miles south of town. Most of the east part received good rains again, and Draw area had an inch or more, and other areas around O'Donnell which were becoming desperate received good rains. Most of the Wells, T-Bar, and Newmore sections received good rains, tapering off to .6 inch at the A. W. Snider place north of Newmore. Showers from there to Three Lakes and West Point have helped materially.

Still, there are spots all over the county that could stand more rain, and many farmers would welcome a good soaking rain soon.

Much early feed burned up earlier, some will produce fairly well, and some will be excellent, The News is informed.

The group will organize the first day and decide on a convenient time to rehearse the remainder of the week.

The band's first public performance this year will be during the half-time at the first football game in Lorenzo between the Hornets and the Bulldogs on Sept. 9. Their first local half-time show will be Sept. 16.

## Jake Leedy, 80, Rites On Friday

B. J. (Jake) Leedy, 80, well known pioneer Tahokan, who lived at 5105 41st Street, Lubbock, died Tuesday evening in West Texas Hospital, where he had been hospitalized the past week. He had been in ill health several months.

Funeral services will be conducted today, Friday, at 10:00 a. m. in White Funeral Home Chapel with Rev. Gordon Smith, Shallowater Baptist pastor, officiating. Burial will follow in Tahoka Cemetery.

Boise Jacob Leedy was born March 11, 1886, in Coleman county. He came to Tahoka with his parents in 1905, and resided here until about 20 years ago, and had lived in Lubbock the past 14 years. He was married to Miss Ruby Cowan, from another pioneer family, on June 14, 1912, in Lubbock.

Much of his adult life, he was in the restaurant business here, and for several years operated the Lubbock Airport restaurant.

He was widely known over West Texas and New Mexico as well as here. In addition to the cafe business, he engaged in many promotions as a cartoonist, scenic artist, concrete sculptury, etc. In the 1920's and '30's his comic cartoons posted in store windows depicting local and state candidates during the hot political campaigns were the talk of the area.

Survivors include his wife, Lubbock; four sisters, Mrs. Ruth Maxey of Plainview, Mrs. Don Bradley of Tahoka, Mrs. Virgil Johns of Electra, and Miss Grace Leedy of Prairie Village, Kansas; three nieces and one nephew.

## Two New Coaches Join Tahoka School Staff

ROBERT RYAN Is Tahoka's new head basketball and assistant football coach and teacher. He is a graduate of Hardin-Simmons, and comes to Tahoka from O'Donnell.

CECIL ROBINSON Is the new Junior High coach. He is helping with the Varsity, and will teach social studies. He is a graduate of McMurry College, Abilene.

## Football Workouts Are Started By Four Teams

Forty-three boys have been issued uniforms and are working out twice daily for the 1966 Tahoka Bulldogs football team under Head Coach Don Smith and Assistant Coach Jim Littlefield, beginning their second year here, and two new assistant coaches, Robert Ryan and Cecil Robinson.

Season opener is with Lorenzo there on Sept. 9, and first home game is with Crosbyton here Sept. 16.

The Bulldogs last year won six tied one, and lost three games.

Back this year are 11 lettermen from last year's team, but the squad will be very short on reserves unless some of the younger boys come through. Probably less than half of the squad is ready for varsity ball, the coaches say.

However, Coach Smith says most of the boys have good desire, most of the top boys reported for workout in good physical condition and with the right kind of attitude and effort the Bulldogs could be a District 5-A contender. Coach Smith is hoping some more boys will come out by school opening, as he has a full schedule of games for the B-team boys who can not advance to the A-team this year.

WILSON MUSTANGS Coach Bobby Davis reports 32 boys are out for the Wilson Mustangs this year, appear eager and enthusiastic, and hope to be a contender in District 3-B this year.

The Mustangs have 12 lettermen back, only three boys having been lost from graduation, and there are eight Freshmen out this year.

Davis will be coaching his second year at Wilson, and his assistant is John Alexander.

NEW HOME LEOPARDS Twenty-six boys reported this week for football workouts for the New Home Leopards 3-B team under a new set of coaches. David Verner is the new head (Continued on Back Page)

## Library Is In New Quarters

The 10,000 books of Lynn County Library were moved on Tuesday to the newly remodeled county building at the northwest corner of the square. The library will be open this Saturday, and each Wednesday and Saturday following.

The library now occupies the west third of the remodeled building, the remainder of which building is occupied by the Extension Service agents. Both exterior and interior was completely remodeled, all windows covered, ceilings lowered, new walls and partitions, central heating and air-conditioning and new lighting installed.

For a number of years, the library has been in the Boy Scout Hut, the old city hall, but quarters became so cramped there was no room for further expansion. This is the sixth time the library has been moved since it was started 40 years ago by Phebe K. Warner Club.

Mrs. G. M. Stewart has "mothered" the library since its beginning, with help from many sources, but the county has helped with finances for a number of years and in recent years City of Tahoka has paid utilities.

Last year, the board was reorganized by authority of the Commissioners' Court, and Steve Thompson became board chairman, followed by Garland Thornton, the present chairman. Board members now include Mrs. Stewart, Mrs. Gladys M. Stokes, Mrs.

### Football Ticket Prices Are Raised

Admission for the football games this season will not be the prices previously announced, states Supt. Harold Reynolds.

Because of the fact that District 5-A prices have changed, it became necessary that Tahoka raise its prices for the football games this fall.

All varsity games have been set at \$1.25 for adults for general admission instead of \$1.00, and reserved seat tickets for the season are \$7.50 for the five home games, or \$1.50 per game instead of the usual \$6.00. Student tickets will remain the same, 50 cents.

## Highway Patrol Reports Wrecks

The Texas Highway Patrol investigated six accidents on rural highways in Lynn County during the month of July, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

These crashes resulted in one person injured and an estimated property damage of \$2610.00.

The rural traffic accident summary for this county during the first seven months of 1966 shows a total of 54 accidents resulting in two persons killed, 19 persons injured, and an estimated property damage of \$26,785.00.

"School days" are almost here again. The familiar yellow school buses will soon be back on the highways. The Sergeant reminds all motorists of the State Law regulating traffic in regard to school buses. "The drivers of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding (10) miles per hour, and with due caution for the safety of such children."

## Army Worms In Grain Sorghum

Armyworms are reported to be attacking grain sorghum in several counties in the High Plains, according to Extension entomologist Don Rummel, of Lubbock.

Rummel says he has received reports of armyworm infestations in Bailey, Hale, Lubbock and Floyd Counties. In some cases armyworm populations are so large that they are completely stripping the leaves from the sorghum.

A number of insecticides are available to control the worms he said, but at this stage of the season it is important that producers select only those labeled for use shortly before harvest.

The entomologist says recommendations for armyworm control in grain sorghum are the same as those listed for sorghum webworm and corn earworm control in the Texas Guide for Controlling Insects on Grain and Forage Crops.

County agents have the Extension Service publication and can give further information on armyworm control, Rummel said.

## GRASSLAND NEWS

(By Mrs. O. H. Hoover)

We keep getting showers out here on the Plains—enough of them sure will help things. In fact, the showers have already helped a lot. Here's to more of them.

Mr. and Mrs. Roy LeMond returned last week from a trip to New York. They had gone there so that they could come back with their daughter, Mrs. Ted Pridmore, who had been there visiting her husband. While in New York they decided to see the sights, so they went to the Broadway shows, Radio City Music Hall, NBC Studios, and took a bus tour that included all of Manhattan Island.

Driving home they came by Pennsylvania, Illinois, and most of the midwestern states, but Texas sure did look good to them. Mrs. Pridmore will be staying with her parents while her husband, Dr. Pridmore, is at sea.

Mr. and Mrs. Johnny Kirkham of Arkadelphia, Ark., were here over the week end visiting old friends—the W. L. Rowes, the Walter Dubrees, the J. C. Baileys and the Gus Sherrills.

Mrs. Georgie Cook from Tahoka visited her sister, Mrs. Mattie Jackson Sunday afternoon.

Mrs. L. P. Brown and Mr. and Mrs. Walter Mathis visited in the J. E. Sherrill home Sunday.

Mr. and Mrs. Boyd Barnes and family have been vacationing in Cloudcroft, N. M. the past week.

Mr. and Mrs. Bobby Mac Furlow have just returned home from a vacation in Estes Park, N. M. and Colorado.

Mr. and Mrs. Gerald Aldridge have been visiting his parents, the T. O. Aldridges of Draw, they were on their way to Albany, New York, where Gerald will enter the university there.

Visitors with Mrs. C. C. Jones Wednesday morning were her two sisters of Post, Mrs. Mammie Cooper and Mrs. Ivy Young.

Thelma McGough of Abernathy and Wanda and Debbie Markham of Anton visited in the J. A. Propst home last Tuesday.

Mrs. Carrie Walls' daughter, Billie Jo Carroll of New Home drove by and got her mother and took her to Lubbock to visit her son, Leon and family one day last week. Billie Jo is moving into her new house in New Home.

Martha Adamson of Lubbock and Quida Murray were overnight guests of Mrs. J. F. Moore Saturday night.

Congratulations to Mr. and Mrs. Edd Hamm on the birth of a baby boy weighing 7 pounds. The mother is the former Pauline Riley and the couple live in Florida.

Mr. and Mrs. Larry Dillard and baby of Post attended services in the Church of the Nazarene in Grassland Sunday morning.

Jo Carol Patterson and her mother-in-law, Ruby Patterson were in the Slaton hospital last week. They are both at home now.

The Glen Norman family is moving to Post real soon. They bought the Bill Edwards property and are painting and renovating it. They want to get moved in before school starts.

Mr. and Mrs. Carl Greer and son, Alton, went to Hie, Texas to a church camp meeting over the week end. Mrs. Greer told me it made Mr. Greer real tired but he enjoyed the services so much and they came home Sunday tired but happy. When they got home they found some surprise guests, a niece and family, Mr. and Mrs. John Lonella of California. They are pulling a trailer and are going on an extended vacation.

Mr. and Mrs. H. E. Huffaker have two grandchildren, Dale and Eva Webb of Colorado Springs, visiting them. They plan to stay the rest of the summer.

Kenneth Huffaker had the misfortune of breaking both bones in his ankle. He was playing softball in Tahoka and coming in for a home run, breaking his ankle as he slid in at home plate. He made the score and won the ball game. Better luck next time, Kenneth.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. HOUSE JOINT RESOLUTION NO. 48 proposing an Amendment to Article IX of the Constitution of the State of Texas, providing the method and manner for dissolution of hospital districts created under Article IX of the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article IX of the Constitution of the State of Texas be amended to read as follows:

"Section 9. The Legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75c) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified property taxing electors thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxing voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

- (1) determining the desire of a majority of the qualified voters within the district to dissolve it;
- (2) disposing of or transferring the assets, if any, of the district; and
- (3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interest of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment providing the method and manner for dissolution of hospital districts."

"AGAINST the constitutional amendment providing the method and manner for dissolution of hospital districts."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

# Investigate Before You Invest

## Facts You Should Know Concerning Pre-Arrangement and Pre-Financing of Funerals

1. In the interval between full receipt of the purchase price and contract performance, the opportunities for fraud are great and risk of insolvency, with consequent inability to perform, apparent."

2. "Can the individual be completely certain that funeral service be conducted exactly in accordance with pre-arranged plans?"

3. If advance payments are involved under a contract which does not permit the individual to alter the pre-arrangements to meet changing circumstances, the possibilities cited can lead to serious problems.

4. Who are the Real Sponsors?

5. High pressure or unorthodox sales methods are a warning to you to investigate carefully before investing your money.

6. The installment payment plans on some contracts provide that, if you are more than 30 days late in making any payment, the seller has the right to declare your contract null and void and keep all payments you have made.

7. Promises vs. Performance: Before entrusting your savings to promoters, regardless of how alluring a particular offer may be presented, your own protection demands that you obtain valid answers to the basic questions.

8. The White Funeral Home of Tahoka, Texas, offers you a plan, if desired, which will guarantee you 100% on your investment (Not just 90% as promised by high pressure salesmen now operating in this area.) It also guarantees you all interest that your investment earns. We have no salesmen or commissions to pay! We invite your inquiries and questions, and then compare our plan with other plans being offered.

9. One final word of caution: Do not allow yourself to be high-pressured into making a hasty decision. Act only after due deliberation and with full knowledge of the available facts.

These annual Lyntegar meetings must please a lot of people judging from the number who keep turning out year after year. In this day when so many of us spend spare time with eyes glued on TV, people seem to welcome an opportunity to get out and visit in an old time picnic atmosphere.

VeePee Hubert Humphrey has come out against lawlessness and hoodlumism and violence in the streets, and says he is for law and order and recommends an end to rioting. Now, we're waiting for our President and our Attorney General to express themselves at least mildly on the subject.

Here's one reason some of us don't visit any more than we do. We come in from work, eat a bite, and the wife suggests we go over and see the John Does. "Okay," says the tired Old Man, so here we go. You ring the doorbell once, twice, three times, and finally John Doe comes to the door.

"Why, hello, we're sure glad you came over. We're not doing a thing—just sittin' here watching 'Batman.' Don't you like 'Batman'?" Well, good, we'll just leave it on and catch the drift while we visit. "Huh? Huh? What did you say?" Oh, yes, it's sorter far out—don't know why we watch it. "Huh? Whaddiyousay?" Yeah, we been pretty busy. "Hey, look at that! Ain't that somethin'?" That Batman!

Oh, no, don't go home, let's just sit here and visit. "Gilligan's Island" is coming up next. You like "Gilligan's Island" don't you? Well, come back to see us again some time and stay longer. "Enjoyed your visit." So we go home and believe it or not, watch "Gilligan's Island."

When The Printer was a kid he had a nickname, but like it or not he was known as "Humpty" Hill. First he was called "Bunker" Hill and then some kid began calling him "Humpty" and it stuck until we left the town. But, when we grew older we began to sorter like nicknames—at least for the other fellow.

We got to thinking about colorful nicknames the other day when we saw "Corona Joe" Warf, sometimes known also as "Rattlesnake Joe" because the Lynn county

land owner has a ranch at Corona, N. M., and catches rattlesnakes as a hobby.

Maurice Bray was known as "Mule" Bray when in SMU and in pro football. Then, there's "Booger" Redwine, probably acquired from "Booger Red", the famed early day toughie rodeo cowboy from San Angelo. "Hackberry Slim" Johnson, another early day rodeo promoter, got his name because when he lost a leg he made a peg-leg of a hackberry tree limb. "Skyjuice" Kellus, one-time editor of the O'Donnell Index, was always predicting the weather and called rain "skyjuice."

We liked the name "Polecat" Johnson, a Tahoka citizen of many years, but we don't know how he managed the handle. His grandson, though, was nicknamed "Seabiscuit" Carraway by Coach Leo Jackson after the racehorse of that name because of his loping run. Horace Watson was nicknamed "Horseface" by his Wilson Mustang teammates as a joke and it stuck for a long time.

But, some nicknames we don't like too well, like "Junior" and "Sonny." Take "Sonny" Roberts, for instance, whose nickname sounded fine when he was a kid; but now that he's a he-man, running a pretty good farming operation, president of the school board and has four sons of his own, we want to quit calling him "Sonny" but just can't quite get around to calling him James F. either.

Horace McQueen, farm editor on KLBK-TV, here for the Lyntegar meeting, claimed he likes to read this column and asked permission to quote us—which permission we gave, of course, for what it's worth. We get quoted a lot by old R. B. "Mack" McAllister, the

old Draw professor, on Radio KSEL but we are usually working and don't hear "Mack's" comments. Thanks, fellows, anything that advertises us advertises our county, good or bad.

Mrs. Dave McMillan of Wells sent The News a sack of the finest peaches one ever saw, raised in her back yard. There's nothing we like better and get less of. (Now, don't you English buffs tell us you can't end a sentence with a preposition—because we're seeing this violation nearly every day in some daily newspaper or book or magazine.)

**Worse Than None**  
Ernest Joiner, editor of Sebastopol (Calif.) Times tells us:

Again this year California farmers will rely on tomato picking machines instead of hand labor. When the government joined with union bosses to ban bracero labor in attempt to utilize and unionize domestic farm workers, farm operators turned to machines. Based on figures gathered during the 1965 tomato season, agriculture experts at the University of California estimate that the tomato picking machine can pick a ton of tomatoes for an average cost of \$9.84. It cost \$17 a ton to have them picked by hand. Upshot of the hassle over braceros vs. domestic labor is that it took both out of the tomato field and brought forth the machine. Instead of getting small wages, workers now get no wages. Hail The Great Society!

**Selective Obedience**  
Claude News:

There's a new term being used to describe the fad of "picking out the laws you want to obey" and ignoring the rest, "selective obedience" as a method of "protest" carries endorsements from surprisingly high places (although it is unlikely all of those people had

**Claude Donaldson Jr., Going To Snyder**

Claude Donaldson Jr., son of Mr. and Mrs. C. C. Donaldson of Tahoka, has resigned as manager of St. Clair's Department store in Denver City, and has accepted a position as distributive education coordinator in the Snyder Public Schools.

Donaldson, 38, was reared in Tahoka, graduated from high school here and received his bachelor of business administration degree from Texas Tech, was with J. C. Penney Co. in Fort Worth and Oklahoma City several years, and went to Denver City in 1957 as St. Clair's manager.

He has been active in civic and church affairs there, serving as vice president of the chamber of commerce, secretary of the Rotary Club, on the board of stewards and choir director of the Methodist Church.

Mrs. Donaldson has been teaching in the Denver City schools but does not plan to teach at Snyder. She has also been active in church and Sunday School work at Denver City.

The Donaldsons have three children, Ted, 14; C. Ann, 12; and John, 4.

**KIRKHAM'S HERE**

Mr. and Mrs. Johnny Kirkham of Arkadelphia, Ark. spent from Saturday until Tuesday morning with Mr. and Mrs. W. L. (Cap) Rowe. The Kirkhams said things at their home were real dry when they left, but they say lots of rain between there and Lynn county.

in mind what they are getting).

Some of us cling to the old-fashioned idea that laws are for obeying, as long as they are on the books. This means all laws, those we don't like as well as those we do. "Selective obedience" is another name for civil chaos.

**NEW HOME PASTOR IS HOLDING REVIVAL**

Rev. Royce Calhoun, pastor of New Home Baptist Church, is doing the preaching in a revival meeting at Bridge City, down in Southeast Texas near Beaumont.

Rev. Don Reavis of Odessa, Baptist student union director for the San Angelo-Odessa Junior College area; filled the New Home pulpit last Sunday in the pastor's absence.

**VISITING HOUSTON**

Mr. and Mrs. S. M. Clayton Sr. of O'Donnell have been visiting in Houston about two weeks with their son, Ted, and family. They flew down to the big city.

**SHELTON VISITORS**

Visiting Mrs. S. H. Shelton this week have been two nieces who formerly lived here, formerly Irene and Neta Ansley. They are Mrs. Wayne Terry, accompanied by her husband, from Richmond, Calif., and Mrs. Neta Warnke from Waco.

# Garza-Lynn Groups Plan Historical Program Here

Garza County Historical Survey committee members met Thursday morning with the Lynn county committee in the local court house in an effort to help people of this county get a more active program started to preserve local history, mark historic sites, promote tourism, and also promote better appreciation of our local heritage.

The visitors told how they have been promoting these things in Garza county, as a part of the state-wide move headed by John Ben Sheppard of Odessa.

Members of the Garza County Committee here were Mrs. A. C. Surman, chairman, County Judge J. E. Parker, George (Scotty) Samson, Mrs. Walter (Gwen) Boren, and Dr. Surman.

Lynn county committee members present were Mrs. Ben Moore of O'Donnell, chairman; Bill Griffin, W. M. Mathis, Mrs. Gladys Stokes, Mrs. Guy Bradley of O'Donnell, Frank Hill, Mrs. G. M. Stewart, George McCracken, and Mrs. Jack Fenton.

The Garza county group has received 10 markers for historic sites in that county, is gathering county history, is placing on display in the court house pictures of all former county officials that can be obtained, marking graves of Confederate veterans which markers may be obtained free. As a result of these and other activities, Mrs. Surman said, Garza county has been donated two markers from the state organization for a second place award on accomplishments and a third place for a scrapbook telling of activities.

Mrs. Surman made an enthusiastic report on how the committee was meeting success in the history program. Judge Parker said the county contributes \$300.00 a year to the work but that the main thing is to create interest of clubs and individuals to help.

"Scotty" Samson, who came to Post with C. W. Post in 1907, told how he helped get the historical survey finances going five years ago, and Mrs. Boren told how they keep the public informed through the newspaper and on radio, displays in the chamber of commerce office, handpainted pictures of historic sites, and a map published showing location of these sites.

Dr. Surman said development of the Historic Survey plan is very important from an economic standpoint since travelers are enticed to stop in Post, and it is estimated that the average tourist will spend \$1.00 an hour. He declares tourism is rapidly becoming Texas' latest big industry, and local communities need to do everything to advertise their attractions, one of which can be roadside markers and markers on historic sites, which markers tell the history and heritage of the area.

Lynn county's committee has been gathering material for some time, but only historic markers are the Centennial marker at the roadside park north of town and a medallion honoring T-Bar Ranch.

Members of pioneer families are asked to write, or have someone write, their family stories, especially since coming to the Plains, and turn such over to the committee for preservation in the county library.

Also, the committee is seeking pictures depicting pioneer Lynn county day scenes, or copies of these pictures, which will be framed and put on display in the new county library. Some pictures have already been received.

Volunteers are needed to work with the committee, and help from anyone will be welcomed.

Trees are a crop, according to the Texas Forestry Association.

# International Organization Honors Rotary Club; Forsythe Club Speaker

Tahoka Rotary Club was presented a banner as an "Ambassador Honor Roll" club by the Experiment in International Living organization at last Thursday's meeting in recognition for participation for 12 consecutive years in the student exchange program.

A letter accompanying the award stated Tahoka Rotary Club is one of 13 groups in the world that has had the program 10 or more years.

The Experiment is a non-profit organization which sponsors exchange of students, usually outstanding college graduates, on a summer visit to some other country as a contribution to better international understanding.

The banner was presented the club by Harold Green, local chairman of the program.

This was the first meeting here attended by this year's student guest from abroad, Miss Claudia Bardo, from Milano, Italy, who was introduced to the club by A. M. Bray.

L. A. Forsythe, local Boy Scout leader, was the principal speaker for the day and also presented the Post 721 charter to the Rotary Club, the post and Boy Scout troop sponsor.

Forsythe presented an informative talk on the "Eagle Scout Award," highest award in Scouting, a rank which is exceedingly difficult to reach but one that has been achieved by several Tahoka boys over the years.

On joining the Scouts, a boy may advance through work and study from Tenderfoot, to Second Class, First Class, Star, Life, and then Eagle Scout rank.

To become an Eagle Scout, a boy must pass 21 Merit Badge tests, 10 of which are required and 11 of which are optional from a number of tests. Among the required tests are Swimming, Life Saving, First Aid, Cooking, Camping, Citizenship in the Community, and Citizenship in the Nation, etc.

Taking one subject, Citizenship in the Community, L. A. told some of the many things a boy had to learn to pass this test. He declared the Eagle Scout emblem is the only non-military emblem any man in the U. S.

Army may wear. Also, he said, the Eagle Scout rank is recognized by the Army as the equivalent of two years in college.

Dr. K. R. Durham, who introduced the speaker, said Forsythe has been in Scout work in Tahoka 31 years, and E. B. Gaither, who was a guest, has been in Scout work 24 years.

Harold Reynolds, who presided in the absence of Harold Roberts, welcomed back L. C. Haney, charter member and past president of the club, who has been out because of illness several weeks.

Mr. and Mrs. Kenneth Rogers and two sons of McNeal, Arizona, came in Monday morning for a visit with relatives at New Home.

# Ed Hamilton Writes of Air Trip to Europe

Ed Hamilton, currently on a tour of the Holy Land, Europe and England, sent The News last week end detailed notes on his trip and some observations which are very interesting. The News is printing some of the highlights of interest from his notes.

"After several years of planning on the Holy Land trip, I am with a group of people from the Plains from Midland to Canadian and from Seminole to Abilene and Anton. The group includes six Methodist preachers . . . the trip organized by Rev. R. L. Kirk Jr. of Seminole and also includes Dr. R. L. Kirk Sr. and wife of Pampa, Dr. and Mrs. Ellis Todd of Wellington . . . and some of Frank Hill's kinfolk. Mrs. F. L. (Mary) Akers and husband of Anson, a retired oil man. . . .

"Leave Lubbock 6:40 a. m. Aug. 3, jet flight to Dallas 50 minutes, altitude 25,000 peak, speed 420 mph. Breakfast in air consists of hot cakes, sausage, roll and coffee. Very good and good service. . . . While in Dallas, my cousin and husband, Mr. and Mrs. J. L. Gambrell visited me.

"Leave Dallas 10 a. m. in 707 Boeing, altitude 37,000 speed 600 mph. Another breakfast, second today . . . flight so smooth not a ripple on coffee. . . . Arrive at Kennedy Airport, N. Y. 12:35 Lubbock time.

"I am sitting around lobby of International Air port just looking. Seems to me there are more people that look different from a Texan than I ever saw. Seems like everybody is trying to go somewhere. As we passed United Airlines station, we saw planes all over the ramp. They are on strike and the pickets are walking back and forth. Looks to me like a lot of wasted energy.

"Leave N. Y. 8:00 p. m. Lubbock time via Air France, 3600-mile flight to Paris, to arrive 2:30 a. m. Lubbock time; altitude, 57,000.

"Spent some 1:30 in Paris. While at Paris airport I met a

Mr. Kleinschmidt and wife from Dallas; his father a retired Tech professor.

"It is now 24 hours since I left home but seems much longer. We flew from N. Y. last night going east at 600 mph. and ran into daylight in two and a half hours—shortest night I have ever lived through. Another breakfast, it consisted of cold bread, butter, jelly served with some of the foulest coffee I ever tried to drink. The coffee even curled my hair, as short as it is. Looking down on Paris I have never seen as many houses with red roofs.

"Two hour flight to Rome, now flying over Geneva, Switzerland . . . for lunch we had half-done roast but it had been cooked some days ago. Water here on the plane comes from a small sealed can and is pure mountain water—very good and clear as crystal.

"Well, we got here (Rome) and settled in Reale Hotel. It must have been built 100 years or more ago, but is still in good state. Furniture very expensive. I have never seen a hotel furnished more luxuriously.

"I contacted several business men and all were very friendly. There are more small businesses per block than I have ever seen. A business will face the front and be only about 10 feet wide, with no back door. The front doors are made of iron and slide up to open. The merchant opens about 8 or 9, stays until noon, then goes home for two hours.

"In the morning, we visited mostly the Vatican and old church buildings. Old walls and buildings date back as far as 1,000 to 2,000 years B. C., maybe older.

"In the evening, we visited the Appian Roadway and the Catacombs which have quite a bloody history back of them.

"In the hotels, the work is all done by men and boys. The waiters start working early in life. By the time some of them are grown they are quite expert.

"The Amphitheatre was first used as a place to fight wild animals, later for men-gladiators-to-fight, later as an Army barracks. Half of it was destroyed by an earthquake, but was rebuilt years later, and is now only a tourist attraction.

"The lira is valued at 16 cents our money.

"They have cars by the thousands, but about 99 out of 100 are small. The drive like they are in a hurry all the time. They drive small cars for two reasons—roads too narrow and gas too high. The only stations are just pumps along the sidewalk and curb. I didn't see a wash rack in Rome.

"We took leave from the airport for Cairo, Egypt, on a UAAR plane, over Mediterranean at 20,000 feet, and landed in Cairo at 2:00 a. m. Cairo time, took two hours to get to hotel, up at 7 a. m. (short night). Aug. 6. People at airport very friendly. Our guide has on a dress and a long frock or coat and a little cap—something like I used to wear when a boy. We called it a skull cap; it shut out all the air from your head. Maybe that's the reason I am so short of hair today.

"Up at 7 a. m., looked out the window and found we had slept on the banks of the Nile River. Breakfast of toast, roll, watermelon preserves, and coffee that would float an iron wedge."

## WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

As any working newspaperman knows everybody knows more about how to run a newspaper, especially those who have never run one.

But so far newspapers have been fortunate in the fact that the doctrine of the freedom of the press has kept out of their hair the interference by bureau crats.

Thus, newspapermen, can by and large, feel some sympathy for the C. W. Harder broadcasting industry under the thumb of the government in the form of the Federal Communications Commission.

As everyone recognizes, television is mainly show-business. What one thinks of the current offerings is not so important, as no one is forced to look at a bad show. But the shows are designed to reach an audience, just as a movie or stage play is designed to attract people.

One of the severest critics of the TV industry has long been E. William Henry, retiring chairman of the FCC. He is a 36 year old law school graduate who spent some three years practicing law before hooking on with government.

Despite the fact that he has never written a show, produced a show, and perhaps not even acted in one, he has been quite voluble about what the content of TV shows should be. This is a strange manifestation of bureaucracy. A man can be appointed to a job like this, with absolutely no experience in the show business, and by vir-

tué of the appointment immediately becomes another George Bernard Shaw, Ibsen, Shakespeare and Cole Porter rolled into one. And judging by some of their utterances, it is doubtful even with effort that they would ever attain in show business understanding a level above Minsky.

In the youthful retiring FCC chairman's latest blast at the broadcasting industry, he fulminated quite extensively on cigarette advertising. Obviously some TV cigarette advertising is pretty stupid, but it is doubtful that it accomplishes much in undermining nation.

Of course, he refers to the current bit of governmental nonsense whereby it is now the law that all cigarette packages announce use of the product may be a health hazard.

Now this piece of information was perhaps not startling news to anybody. Every youngster in school is taught that cigarettes are bad. They are also taught that alcohol is harmful. This has been going on for years, yet the consumption of both keeps going upward.

And if the teachers in a person's youth, and his private physicians in his adulthood cannot sell him this viewpoint, how does any bureaucrat expect he can succeed.

This is a perfect example of bureaucracy running amok.

If the mere fact of holding a government job makes any one infallible and omnipotent, then it is perhaps fair to inquire how come that infallible wisdom was not employed to prevent a situation wherein boys are now killed in Vietnam.

## Gordon-Southland News

(By Mrs. Edmund Wilke)

Another week has passed and the good Lord once again blessed us with a nice rain. In fact, we have received several small rains here in Southland and believe you me, we are really thankful for them. Everything sure does look pretty and the weeds have grown a foot, ha!

Mr. and Mrs. David Johnson from Midland spent Wednesday visiting in the home of Mr. and Mrs. Leo Stolle and Beverly. Mrs. Johnson is the former Sue Pritchard.

The Southland Cheerleaders returned from the Cheerleading School that was held at Tech, with several honors. They won a first place and a third place in the "Yell" competition. Let's give these girls a great big congratulation. For just a little school, I think that is real good.

Wendel Giles, grandson of Mrs. G. D. Ellis, from Fort Worth played in the Little League games and playoffs that were held in Lubbock recently. Seems the young man is quite a baseball player and hopes to make a career of it. His mother, Mrs. Ruth Giles, accompanied the team from Fort Worth. They lost their first game but won their second one.

Mr. and Mrs. Bill Smith and Madalyn from Plano visited in our home overnight on Monday of last week. They had been to Denver, Colorado, and was on their way back to Plano.

Mrs. Henderson and Mrs. Williamson from Post were Saturday night dinner guests in the home of Mr. and Mrs. G. D. Ellis.

Coach and Mrs. Robert Dyess entertained the football boys in their home on Thursday evening with an ice cream supepr. Approximately 20 boys attended this social and enjoyed it very much. This is an annual event in the Dyess home.

Mr. and Mrs. Ben Vernon and Mr. and Mrs. Otto Carnes, both from Lubbock, were Sunday lunch guests in the home of Mr. and Mrs. G. D. Ellis. Mr. Vernon and Mrs. Ellis are sister and brother.

Mr. and Mrs. Leon Mansell from Duncan, Oklahoma, are visited with Mr. and Mrs. G. D. Ellis. Mrs. Mansell is the daughter of Mrs. Ellis.

Football practice started this morning (Monday) at 6:30 a. m. I think that there will be around 20 boys going out for football this year. I was up at the gym when they got through and from the looks of things, they really had a good workout, all the boys were literally dragging along after it was all over. Let's all help root these boys on to victory this fall and winter.

Mr. and Mrs. George Tiefel and children from Hereford will visit in our home for a short time on

## ROTUNDA, STATE CAPITOL Austin

When you visit the rotunda directly under the dome of the State Capitol in Austin you can see Texas in the past, present and future.

On the stone floor are the seals of Spain, Mexico, France, the Republic of Texas, the Confederacy and the United States. On the walls hang portraits of all Texas heads of state—presidents of the Republic and governors since 1846.

Then, looking some 300 feet straight up, one has an uninterrupted view inside the great dome. You can dream what the future has in store for Texas, as you lift your eyes.

Memories make Texans proud of their heritage. The present, too, is a challenge to continue Texas' great role in the affairs of our Nation. We all want our children to have a secure and safe future.

**U. S. SAVINGS BONDS STRENGTHEN AMERICA!**

One way we can all contribute to a safe and secure America is through the purchase of U. S. Savings Bonds. Bond purchases help our Nation to become stronger financially and economically.

This means added strength for all.
