Farm Area Happy To See Sun Again

Farmers and others welcomed the return of sunshine Wednesday and sunshine and much warmer weather on Thursday.

Rains in August saved a lot of crops, but continued rain through September and into the week has done a lot of damage to both cotton and milo. Depending on date of the first frost, amount of damage will not be known until later.

Thursday morning, the U. S. Weather Bureau in Lubbock told The News fair and warmer weather is expected through the week end, at least.

ASCS Is Paying Out \$7.5 Million

Checks totaling \$7.5 million in 1966 payments on Government price support and acreage diversion are going out just as quickly as they can be prepared, states Wallace Dove of the local ASCS office.

Most checks will be mailed within the next few days except for those farms on which spot checks were made.

Working out details of the payments to avoid errors has been a long, tedious task, but most farmers have been patient and understanding, Mr. Dove says. Coming to the office or calling will not speed up payments, he says, but will cause further delay.

The ASCS advises farmers to clean up diverted acres of weeds as soon as possible and not take a chance on losing payments on account of failure to control weeds.

Cotton loan rate for Lynn county is 20.95 cents per pound for 1-inch middling cotton.

Lynn Group At Demo Meeting

Eleven Lynn county people attended the State Democratic Convention held in Austin this week.

Some of the group attended caucuses Monday, and all but one attended the \$25.00-a-plate dinner for Waggoner Carr, candidate for U. S. Senator, held Monday night.

In a caucus Monday, Claude Hearne of Seagraves, was named Democratic district committeeman and Mrs. A. B. Davis of Lubbock was elected district committeewoman.

Attending from here were Mr. and Mrs. Calloway Huffaker, Mr. and Mrs. Albert Curry, Mr. and Mrs. E. L. Short, and Mrs. Norma Thomas, all of Tahoka; E. R. Blakney and Robbie Gill of New Home, and Sam and John Saleh of O'Donnell.

Mr. and Mrs. Dan Martin of Gaines county, reared here, were among the others present.

Booster Club Has Over 200 Members

About sixty people attended the Bulldog Booster Club meeting Monday night when Coach Don Smith showed pictures of the Crosbyton game along with comments and Assistant Robert Ryan gave a scouting report on Idalou.

Robert Edwards reported membership in excess of 200. Sam Edwards reported the Bulldogs ties had all been sold.

W. T. Kidwell presided at the meeting.

Funds raised by the club go toward special equipment for the team.

Next meeting will be Monday at 7:30 p. m.

The New Home Civic Club elected new officers at its September meeting recently in the Community Center there.

Bulldogs At Idalou Tonight

With two victories under their belt, Tahoka Bulldogs journey to Idalou to take on the Wildcats, defending District 4-A champions of 1965, at 8:00 p. m. Scouting reports indicate Idalou probably will be much stronger defensively than Crosbyton and is capable of coming up with a powerful offense.

Tahoka defeated Lorenzo in the opener there two weeks ago 45 to 0, and took Crosbyton here last Friday night 26 to 13. (See story in front page, second section.)

Idalou opened the season with a 13-0 loss to potent Kress, then last week played a rugged 0-0 tie ball game with Slaton.

The Wildcats have a bit of added incentive this year in seeking to avenge an 8-7 defeat handed them here last year by the Bulldogs.

Tahoka will be handicapped a bit by reason of the fact four boys are not eligible to play this week on account of grades. Three of (Continued on Back Page)

Attend The Ballgame Friday!

Formation of a hospital district in part or all of Lynn county may be recommended by a committee of citizens studying the steps to be taken to secure a hospital in Tahoka.

Local doctors closed the privately-owned Tahoka Hospital several weeks ago and are now operating only as a clinic.

Garland Thornton was named chairman of the committee of about 15 men, and the body has been gathering information on public hospitals from every source available.

Tuesday night, Boone Powell of Abilene, representing Texas Hospital Association, met with the committee and told them Tahoka has been given high priority for assistance in establishing a hospital.

He told of the Hill-Burton aid program in which the government will match local funds dollar for dollar in hospital construction.

He also suggested some religious order might be interested in sponsoring operation of a hospital here, since this is now being done in some places.

Several different proposals are being considered by the committee for recommendation to the general public. One would be for enlarging the present hospital by adding a modernized wing, and using the present facilities as far as possible until it could be replaced.

Since Lubbock is considering forming a large hospital district that would cover surrounding counties on the South Plains, in order to help get a medical school at Texas Tech, some people feel the Tahoka area, or all Lynn county, should form its own hospital district if for no other reason than to keep from being drawn into the Lubbock district tax structure.

Of course, any hospital district plan would be up to a vote of the citizens of the area proposed.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The tremendous emigration to the large industrial Northern cities of some 12 millions from primarily Southern rural areas, has carried with it social, political, and economic problems.

The war-like bombings, burnings, and looting that have exploded in major civic areas for the past years, especially during humid summer months, may well foretell a national crisis with dimensions and proportions as divisive and disastrous as a second Civil War.

In every major Northern city, the movement of the more financially fortunate has been a race to suburbia: first, the upper-middle class, now the middle class, leaving behind them a city populated in the majority by poor, slum-dwellers. Cities have, in most cases, been allowed to deteriorate into ill-lit seamy streets adjacent to the old commercial areas, lined with delapidated housing, lacking proper sanitation, and adequate police supervision for growing populations afflicted with unemployment and poverty.

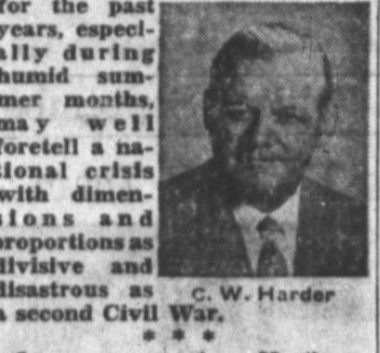

In an effort to analyze current economic needs, the NFIB tallied the first six months of a continuous year-long 1966 survey to which 4,522 independent business proprietors answered. Nationally, 26 per cent replied that there exists a supply of available skilled labor in their areas. Asked if they would be willing to train unskilled labor in their operations, nationally 30 per cent said yes. Among 37 per cent of businesses that reported expansion since last year, 72 per cent said they would be able and willing to train unskilled labor to meet their needs.

It is important to note, however, that around 85 per cent of these businesses are located outside the large cities, thus accounting for their labor shortages, inasmuch as the great mass of unskilled labor are city dwellers.

A long, hard look should be given to the future economic structure of the nation, with more emphasis stressed on development outside the crowded cities, which movement can be aided by proper tax incentives without spending tax money.

If the big cities continue to attract the vast hordes of unskilled workers for which there is no market, the eventual relief load on these large civic areas will become an unportable burden.

Another economical shock might be absorbed if the government now prepares for the cessation of the present wartime boom, becoming aware of problems of a normal peacetime economy, encouraging commerce and industry to locate in the less-developed areas of the nation, for the well-being of business as well as for the betterment of the economy. The consequences of continued uprisings, warfare, and destruction in the major U.S. cities will bring with it greater problems than the social and economic, as chaos and destruction destroy not only businesses and dwellings, but the values and ideals of a nation founded upon fair play and equal opportunity.

9 Rural Wrecks During August

The Texas Highway Patrol investigated nine accidents on rural highways in Lynn County during the month of August, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

These crashes resulted in five persons injured and an estimated property damage of \$4435.00.

The rural traffic accident summary for this county during the first eight months of 1966 shows a total of 63 accidents resulting in two persons killed, 24 persons injured, and an estimated property damage of \$31,220.00.

September first marked the beginning of the 1967 motor vehicle inspection period. As in previous years, the period will end on April 15, 1967. Motorists are urged to have their vehicles inspected in the routine visits to garages and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker.

The Sergeant stated, "With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead."

J. D. Martins Are Honored By Firm

J. Dudley and Olive Martin, 1803 Avenue Q, Tahoka, have been recognized as direct distributor by the Amway Corporation, Ada, Michigan. Such recognition was a result of reaching a high level of sales volume plus building a large distributor sales organization.

Amway is an international direct selling organization, manufacturing nearly 100 household cleaning and maintenance products for home, auto and personal care. Started as a two-man basement operation just six years ago, the fast-growing firm is now one of the leading direct-sales companies in the world, with over 80,000 independent distributors in the U. S. and Canada. Sales last year were over \$25 million.

As direct distributors, the Martins will assume leadership of their sales organization, holding sales and training meetings, maintaining local inventories of products to supply their distributors, publishing sales bulletins and recruiting new personnel.

Garden Club Has First Meeting Of New Year Tuesday

The Tahoka Garden Club met Tuesday, September 20, for the first meeting of the fiscal year in the Lyntegar meeting room.

Gordon-Southland News

(By Mrs. Edmund Wilke)

A fascinating thing happened to us Sunday afternoon. Mr. Herbert Dunn called and said he would like to bring someone over to interview us.

Well, it seems that two girls from the Peace Corps had spent the night in the Dunn home. They are in training in Lubbock and had been sent out to Southland community as part of their training to collect notes on things happening in a small rural community such as ours. The two young ladies were Miss Bennie Ferguson of Altadena, Calif., and Miss Kathleen Sugujama from Honolulu. Miss Ferguson is a graduate of University of Santa Clara, and Miss Sugujama is a graduate of University of Hawaii, both having business majors.

They will receive 11 weeks of training in Lubbock, then they will go to Puerto Rico for a month of training and then to Costa Rica for two years' service. They are among 63 volunteers receiving training in Lubbock, and this is their first trip to Texas. They are staying at Pioneer Hotel.

Larry Long, son of Mr. and Mrs. Robert Long, has enrolled in Lubbock Christian College, is living in Lubbock with his grandfather, J. H. Poindexter, and is working part time at the college.

Allen Lester, son of Mr. and Mrs. Winston Lester, had an appendectomy in a Dallas hospital recently. He is now home and doing well.

Mrs. Robert Mason of Post and Mrs. Ray McClellan of Graham visited Mr. and Mrs. Billy Lester last week.

Mrs. Abbe Davis of Grandview is visiting her sister, Mrs. W. P. Lester and husband.

Mr. and Mrs. Billy Earl Myers and sons of Clairmont spent Sunday with Mr. and Mrs. L. J. Myers.

Mr. and Mrs. Ned Meyers and Nedra spent this past week end at the home of Mr. and Mrs. Ronnie Ragland at Crosbyton.

Mr. and Mrs. Herman Havis and Mrs. Lucille Myers and Nedra attended the football game at Smyer Friday night and had supper in the home of their daughter, Mrs. Jessie Lane, and family.

Mr. and Mrs. Bill Giles of Ft. Worth visited with Mr. and Mrs. G. D. Ellis Monday. They were on their way to Lubbock to attend the funeral of Mr. James F. McCrary, uncle of Mrs. Giles. Bill is the son of Mrs. Ellis.

Friday, Sept. 16, was the 50th wedding anniversary of Mr. and Mrs. E. L. Anderson, and several neighbors went over in the afternoon and ate cake and drank coffee with them. Attending were Mrs. F. W. Callaway, Mrs. G. D. Ellis, Mrs. Payton Crawford, Mrs. Ed Lieske, Mrs. Willie Becker, Mrs. Eckert, daughter of the Andersons, and Yours Truly, Jettie Crawford and Marjorie Eckert were also there. The little visit was all a surprise for Mrs. Anderson and she seemed to enjoy it very much. She received several pretty gifts and cards.

Mr. and Mrs. Cecil Lee and daughter, Shirley, have just returned from a two weeks' visit in San Diego, Calif., with her sister, Mrs. Alfred (Joyce Kenley) McBeth, in Los Angeles with his brother, Loyd Lee, and family, Disneyland, Las Vegas, Grand Canyon and other points of interest.

Pleasant Valley H. D. Club met Thursday in the home of Mrs. B. L. Thomas. Mrs. J. W. Payton born in New Zealand, gave a program on that country, and Mrs. B. L. Thomas gave a demonstration on "Making Bound Button Holes." Present were Mmes. Edwin Lewis, Travis Lancaster, B. L. Thomas, Carl Payton, and J. W. Payton.

Well, our football boys did it again! They beat Smyer 36 to 0

Friday night, and were handicapped too because two of their main players were unable to play, David Dabbs and Sammy Wartes. Making touchdowns were Dennis McGehee, Bill Bevers and Jackie Abshire one each and Joe Basinger two. Making extra points were Habier Salinas, McGehee and Stanley Abshire. If you haven't been out to see a game, come on down to Southland this Friday night and watch our boys play Cotton Center.

My father, A. B. Dozier, from House, N. M., visited with us Friday.

Mrs. Nellie Mathis is retiring from her position at the postoffice on Sept. 30. Last week, James Mason received an appointment as acting postmaster effective on Sept. 30. The Masons have lived here a long time, and everyone knows Jim will make a good postmaster. I think that we all should say a great big Thank You to Mrs. Mathis for her fine work and patience all these years.

Mr. and Mrs. Monroe Rowden and three girls of Brownfield spent the week end with Mr. and Mrs. James Mason, Micky and Mike.

We have 189 students enrolled in Southland School, 40 of whom are in high school.

So long until next week!

September 18-24 Is YF And YH Week

Governor Connally has signed separate proclamations designating the period September 18-24 as Young Farmers Week and Young Homemaker Week in Texas.

The O'Donnell Chapter will hold special activities commemorating this week, as will many other Young Farmer and Young Homemaker chapters in Texas, but it is left to the individual initiative of the members of each chapter to plan appropriate activities. The Young Farmer Association of Texas boasts 226 local chapters with over 4600 members.

There are 10 area associations in Texas, and each area association plans and carries out annual programs which supplement and enriches the programs offered at local chapter levels.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

One of the illusions fostered by government is its generosity. It is common to hear that a president or congress has "given" to the American people this thing or that. If you don't believe it just listen to the breath-beating.

The American people would do better to thank themselves, for it is their own enterprise and productivity that has made possible these "give-aways."

The government shows continued willingness to spend—but they are spending money extracted from the people, not money they as a governing body generate. Anything the government "gives-away" to the people represents wealth derived from the people.

Another frightening fact: there is no constitutional limit to the amount of taxes government can collect — although there might be a limit to how much levying citizens will take!

Today, the Federal Government is skimming the rich cream of gross national production into the taxation trough, a situation that has in the past led to forms of socialism.

Treasury experts state that total taxes today amount to about 28 per cent of the gross national product. This GNP is the sum total value of all goods and services produced by the economy.

The Federal tax bite, about 19 per cent, is still the largest single levy, but state and local government taxes are garnering increasingly more of the money generated by the GNP.

The monumental costs of waging wars is well known. The burgeoning of bureaucracy is another expense: it is reported that during the past year, the Federal Government has increased the public payroll by 185,758 federal employees with salaries costing an additional \$1 billion annually.

In June, the President requested Congress to raise the legal debt limit to \$330 billion—an additional \$47 billion from the debt of 1960 when administrations changed.

The people pay \$966 million dollars a month in taxes just to cover the interest on the Federal debt already incurred.

No matter from what angle one views the spiral, it only points to inflation, with its never-ending skyward rocketing of wages and prices.

And no matter what the bureaucrats say, or what governmental programs are launched to give the illusion of stability and progress, the American public will continue to pick up the tab and pay its own way.

Brother of Tahokan Dies At Amarillo

T. B. Andrews, 63, brother of Mrs. Floyd Stanley of Tahoka, died suddenly of a heart attack Saturday at about 6:10 p. m. at his home in Amarillo.

Funeral services were held in that city at 10:00 a. m. Tuesday. Mr. Andrews operated an Army Surplus Store at 308 East Fourth in Amarillo. He had a number of Tahoka acquaintances since he came here many times in the fall to sell Army surplus goods.

He is survived by his wife, one daughter, two sons, and five sisters including Mrs. Stanley.

THOMAS HAS OPERATION

Gary Thomas, employee of The News part-time and a sophomore in Texas Tech, underwent surgery on his right knee in a Lubbock hospital Friday, but was already hobbling around on the limb by Tuesday of this week.

He suffered a recurrence of an old injury Thursday of last week when he jumped off the platform of the cylinder press in The News shop.

Cotton bias tape now comes in stylish prints, which include diagonal stripes, small checks, and tiny florals. Use the printed bias tape to trim dresses, toss pillows, place mats or guest towels.

An old floor trunk can be used as an extra low table or seat if you dress it up with a colorful cotton slip-cover. Trim the cover with ball fringe or cotton braid, stitched around the top and bottom edges.

For hot-weather driving, use cool, comfortable seat covers made of cotton terry cloth. Elasticized for perfect fit, covers are absorbent and easy to keep clean. Just remove and toss in washing machine.

Idalou Game ...

(Continued from Front Page)

them have seen action in both games on the A team.

Coach Bob Baker has eight offensive starters and seven defensive regulars returning, but so far has been unable to get a potent offensive going, although the competition may have had something to do with this.

Working in the backfield will be Durwood Vincint, 158, junior, at quarterback; Jody Chance, 180, junior letterman, fullback; and at halfback, Larry Isom, 165, senior letterman and also a quarterback, and Ronnie Rose, 140, senior letterman. Ray Cannon, 170, senior letterman, and Dickie Cox, 130, will also probably see action.

Starting linemen usually are: John Petree, 150, junior letterman, and Ronald DeBusk, 170, senior letterman, at ends; Jim Taylor, 205, junior letterman, and David Bullock, 205, senior letterman, at tackles; Dale Layne, 185, and Robert Harris, 180, both senior lettermen, at guards; and Jerry Franklin, 175, senior letterman, center.

Also seeing action will be linebackers Bruce Mitchell, 180, junior, and Ted Emory, 170, senior, both lettermen. Other lettermen include Polo Villarreal, 155, junior end; and Terry Schmidt, 170, senior guard.

Coach Don Smith was fairly well pleased with the Tahoka boys' performance last Friday, praised the offensive line and the pass defense effort, but thought the boys were not reacting quite quick enough on defense.

He will stay with virtually the same starting line, Gary Brooks at center, Milton Edwards and Randy White at guards, Tommy Kidwell and Jodie Edwards at tackles, and Wayne Thurman and Chris Roberts at ends.

In the backfield will be Mitchell Williams at quarterback, Doyle Schneider and Cliff Thomas at halfbacks, and possibly Mike Chandler at fullback, at least part of the time.

Larry Arnold, Jerry Jolly, David Schuknecht, and Willie Ewings have been sidelined, this week at least.

Many Tahoka fans, the band and pep squad will attend the game.

"The conservation revolution, now just beginning to flower, may be the most important and least understood revolution of all," Secretary of Agriculture Orville L. Freeman said at McKinney, Thursday, September 6, as he dedicated the 1,000th flood prevention dam in Texas.

Freeman said conservation meant stopping floods and soil erosion which would result in unpolluted streams and lakes. He also said it meant the development, protection, use and management of all our resources for the need and enjoyment of people.

Site 16, Sister Grove watershed, a tributary of the Trinity, was the dam dedicated. Freeman pointed out that the Sister Grove project would return \$2.35 in benefits for each \$1.00 of total cost.

Freeman also paid tribute to the leadership of soil and water conservation districts, the Soil Conservation Service, County Courts, and other local groups for progress made in Texas watershed projects.

H. N. Smith, State Conservationist, SCS, officially turned Site 16 over to John Wells, Chairman, Collin County Soil and Water Conservation District, for operation and maintenance. Wells promised that with the help of the

Collin County Commissioners Court, the dam would be well maintained.

Nearly one-fourth (3,012) of Texas oil wells in 1965 were "wildcat" wells which seek new fields. Only 16 percent found oil or gas.

Tahoka Is Winner Over Chiefs 26-13

Tahoka Bulldogs scalped the Crosbyton Chiefs 26 to 13 Friday night in the first home game before a fair-sized crowd and convinced fans they have the ability to go all the way in Conference 5-A competition.

Showing fine offensive power and a creditable defensive game, the rampaging Bulldogs were led by Cliff Thomas, 185-pound junior halfback, who scored three touchdowns, kicked two conversions, did the kick-off chores, and was in on many tackles on defense. His 20 points brought his scoring in two games to 29, the others having been scored at Lorenzo.

Mitchell Williams, running the team at quarterback, turned in a fine game, and also doing creditable jobs as ball-carriers were FB "Goober" Arnold, and Halfback Doyle Schneider, who scored the final TD from 25 yards out.

Of course, success of plays was due to fine offensive line play by Milton Edwards, Tommy Kidwell, Jody Edwards, Richard White, Gary Brooks, Wayne Thurman, Christ Roberts, and others.

Chris Roberts and John Tyler did great jobs in breaking up Chief passes.

Bulldogs Score Early

Tahoka won the toss, and Roberts brought the kick-off to the 33. From there Tahoka scored in 10 plays in marching 67 yards after Williams set the pace on a keeper around end for 8. Thomas ran for 7, then 21, and he and Arnold alternated in carrying to the Crosbyton six, from which point Thomas bulled over the left side of the line to score, then kicked the conversion. Score, 7-0.

Tahoka held the Chiefs, forced a punt, and John Tyler ran the ball to midfield. But, two plays later, Tahoka fumbled on the Crosbyton 37 and Tackle Charles McDougle covered.

HB Jim Flournoy, shifty speedster, and FB Robert Barrett, a tough, hard driver, chopped off yardage in a hurry in moving in to score on the first play of the second quarter. Three fine passes in the drive were broken up by Roberts on one and Tyler on two.

GAME STATISTICS		Tahoka	Crosbyton

Barrett bulled the last four yards. Then, Center Wynn Robinson kicked the conversion to tie the score 7-7.

Next Drive Falls

Tahoka's next drive failed when Tahoka moved to the Chief 31 and then bogged down trying to pass. Crosbyton moved out to their 48, got off a very short 14-yard punt, and Tahoka was in business again on its own 38.

This time, Tahoka moved in to score again, going 62 yards in seven plays featuring pitch-outs, Williams to Thomas. Thomas went the last 15 as he took a pitch-out to the left, saw congestion ahead, cut to the right and went over the goal line. Conversion failed, but with 26 seconds in the half left, Tahoka led 13-7.

Another Quick Score

Opening the second half, the Chiefs started operations on their own 13 when Mike Chandler, new recruit of the Bulldogs, nailed HB Larry McDowell after he had taken Cliff's kick-off on the 6. Bulldog defense was stiff here, and Robinson got off a 34-yard punt this time.

Tahoka required five plays to score as Thomas went for 6 and 33 yards, Arnold for 3, then Thomas for 6 and 1. An attempted pass for conversion failed. Tahoka, 19-7.

Crosbyton got another drive started, moved to its 43, and on fourth down faked a kick and Joe Buck ran six yards for a first. The Chiefs then moved to the Tahoka 23 and bogged down. There was an exchange of 15-yard penalties.

Then Tahoka began a 68-yard march for its final score as Arnold, Thomas, Williams, and Tyler

B Team Playing Plains Thursday

Unless weather interferes again, Tahoka B team was again scheduled to open its season this Thursday as The News went to press against the Plains B Cowboys.

Last Thursday, Tahoka and O'Donnell B teams were scheduled to meet at O'Donnell but at game time the Eagle gridiron was virtually under water and the game had to be postponed.

"We are trying to re-schedule the O'Donnell game if a suitable date can be arranged," Coach Don Smith said.

moved in 10 plays to the Chief 25. Here Williams did a nice bit of faking to Thomas, the Chief defense followed Thomas, but instead of left tackle 25 yards for the end zone corner standing up. This time, Thomas kicked and the score was 26-7.

Crosbyton Recovers

Crosbyton seemed to be maddened by the embarrassment, and against a bunch of Tahoka reserves immediately moved for another score in 10 plays with Flournoy turning in one fine 29-yard run. Barrett again bulled over from 4 yards out for the score. The conversion kick was no good, and the final score was 26-13.

Tahoka moved to midfield after the kick-off, but fumbled and Crosbyton was again trying desperation passes as time was running out. With seconds left, Schneider intercepted a pass from QB Lance Morris on about the Tahoka 30 and ran the ball to the 44. QB Charlie Brown ran out the clock on a keeper.

Defensive Play Adequate

A host of Bulldogs were in on defensive plays, including Richard White, Jodie Edwards, Milton Edwards, Tommy Kidwell, Mike Chandler, Wayne Thurman, Gary Brooks, David Schuknecht, Joel Inklebarger, and David Rogers.

Crosbyton was a bit tougher than the score indicated, as evidenced by the statistics. Winn Robinson was outstanding, as were Charles McDougle, Lionel Moreno, Barrett, and others. End Tommy Hawkes was a constant threat on passes from Morris, but Tahoka's pass defense proved all the fans could hope for.

Game Ceremonies

In pre-game ceremonies, Lexi Adams welcomed visitors on behalf of the Student Council, Wendell Medlin gave the invocation, and Boy Scouts raised Old Glory as the home band played "The Star Spangled Banner."

At half time, both the Crosbyton and Tahoka bands put on marching and playing exhibitions on the field.

Texas oil men drilled 12,741 wells in 1965, or 30.8 percent of U. S. drilling.

O'Donnell Breaks Long "Drouth" With Victory

O'Donnell Eagles have broken the ice by snapping a 24-game losing streak, the longest in current South Plains records. Even a group of Tahoka Bulldogs let out a yell for the Eagles when they heard of the victory.

The Eagles of O'Donnell whipped the Eagles from Ropesville 26 to 0 at Big O Friday night.

Tonight, Friday, O'Donnell will be playing the Lorenzo Hornets there and hope to put another game on the victory side. Lorenzo lost to strong Meadow Bronchos Friday night 31 to 0, a team that defeated O'Donnell in its opener only 14 to 6.

Coach Jerry Don Brown has a young but eager squad, and the boys have more spirit and desire than any team in the last several years, fans declare.

Friday night, O'Donnell scored four times in the first half and dominated play most of the way by way of 303 yards rushing and 30 yards passing to 145 yards rushing and 81 passing by Ropes.

On O'Donnell's first play from scrimmage in the opening quarter, QB Steve Gary passed to End Kenneth Vestal on a 30-yard play for the initial score, and Joe Lopez kicked the extra point.

In the second period, Big O scored thrice, on a 7-yard end sweep by Lopez, 18 yards off tackle by Lopez, and a one-yard

plunge by FB Gary Evans. Lopez kicked the conversion on the third touchdown. Lopez scored 14 of the points while rolling for 133 yards rushing, and Fullback Evans bulled his way for 92 yards in the game.

Ropes' passing attack was a threat early in the game, but O'Donnell was able to contain the visitors until the roof fell in.

Foy Todd Bowls 548 High Series

Foy Todd led the Old Folks to a four-game win over the Liveoaks in the New Home Mixups league Saturday night. Foy had a high game of 211 and high series of 548. Havah Haley had high game for the losers with a 189 while Virgil Haley collected high series of 489.

Gutters and Guys took four games from the Night Owls. Jodie Halford paced the winners with a 174 game and 460 series. Helen Lee Peek, who cracked her bowling ball at the beginning of Saturday night's play, was high bowler for the Night Owls with a 155 game and 434 series.

The Aces, led by Gaylon Tekell's 191 game and 510 series, won four games from the Fairlanes. Wayne Price was high for the Fairlanes with a 196 game and 532 series.

The Sometimes won three games and lost one to the Rollin' Stones. Dick Turner rolled high game for the Sometimes with a 197, while Bill Smith took high series honors with a 561. David Alrhard had high series of 445 for the Rollin' Stones, and he and L. F. Taylor tied for high game honors with a 155 in the third game.

"Wildcat" oil wells were drilled in 216 of Texas' 254 counties during 1965.

New Home Goes To Whiteface

With an open date last week end, New Home Leopards have renewed enthusiasm as they journey to Whiteface tonight for their District 2-B opening game. First New Home home game is with Anton next week.

New Home had a game scheduled last week with Roosevelt B team, which was cancelled.

Coach David Verner, who moved to New Home as head coach from Crosbyton, where he was assistant coach, has a bunch of young boys, most of who are inexperienced in varsity play. But, they are reportedly coming along fine and are due to give a good account of themselves in the future.

New Home lost its opener on Sept. 9 to New Deal 28 to 6 but gained some valuable playing experience.

Whiteface opened the season with an 8 to 0 victory over Roosevelt, but lost to Lazbuddie 14 to 0 last Friday. Wilson had defeated Lazbuddie 27 to 0 in its season opener.

Wilson Mustangs Meet Sundown

Wilson Mustangs are off to a great start this season as they racked up usually-strong Jayton 27 to 0 at Wilson Friday night for the second win of the new season, having defeated Lazbuddie by an identical score the week before.

But, the chips are down today at 7:30 p. m. as the Mustangs open the 2-B conference season by entertaining the tough Sundown Roughnecks, a game that could tell the story in the nine-team district.

Although Sundown was surprised 30 to 6 by Sudan in its opener, the Roughnecks staged a surprising upset defeat of the Plains Cowboys last Friday by the close score of 28 to 25.

Friday night against Jayton.

Halfback Dennis Verkamp again ran wild for the Horses to score three touchdowns and pad his record as the area's leading scorer with 38 points in two games.

Coach Bobby Davis' boys jumped into the lead early when Verkamp ran 37 yards for a first quarter score, FB Lupe Guzman went eight yards for another, and then Verkamp got loose on a 53-yard scoring run. Mike Ward kicked two conversions to make it 20-0 at halftime.

In the fourth, Verkamp went 10 yards for the final score, and Ward's place-kick was again good for the conversion. Final score, Wilson 27, Jayton 0.

LITTLE GIRL UNDERGOES SURGERY ON ELBOW

Little Julia Lovelace, daughter of Mr. and Mrs. Blake Lovelace, underwent surgery on her elbow in Methodist Hospital Monday for replacing a broken pin in the member.

She broke the knob off an elbow recently in a fall from a swing at the Lovelace home. Doctors think the knob will grow back, but new surgery became necessary when the pin holding the knob in place broke.

H. L. McMillan Jr. of Big Spring was here Saturday visiting his mother.

A lot of pioneers remember when the Tahoka Sandhills, about three miles northeast of town, were an outstanding Plains landmark. Before white man came, this was a favorite campsite of the Comanche Indians, as evidenced by the many burned places, bone fragments, flint chips, and arrowheads found in the vicinity. But, the sandhills, as noted here a year or two ago, are no more.

Garland Pennington, with help from his neighboring brother, Willis, has blown away and leveled off most of the enormous drift of sand, and only one lone oak tree remains to definitely pinpoint the landmark. Garland has planted about fifty acres of the site in grass, and it is now lush, green pasture land grazed by Black Angus cattle. Some more of it is growing fine irrigated cotton and feed. And, just think! Not long ago nobody wanted this land, no one thought this deep sand would grow crops, or no one wanted to take the trouble and initiative to put it in shape to produce food and fiber.

But, for that matter, this entire area was once called the Great American Desert, unfit for human habitation. The Printer can even remember when the Plains was so labeled in his first geography books.

Two weeks ago we had a story in this column about the fabulous Odus Mitchell, athlete, coach and man. Bank president F. B. Hegi adds a bit to the story. While at Petersburg, Odus lived on an adjoining farm to "Pete" Hegi's folks, and Odus, several years older, has ever been Mr. Hegi's ideal as an athlete and as a man. Pete says Odus and brother, Jay, could pick a bale of cotton a day. He was also a boxer and wrestler who won over all comers in friendly competition. He played basketball at Petersburg with Pete's brother, Dick, and was quite a star and hero.

Thereby hangs another tale of how the Petersburg Buffaloes got their name. A few years later, Odus was a star for West Texas State Buffaloes, and Pete had become an outstanding player on the Petersburg High School team. The subject of the school emblem and mascot came up. Yellowjackets and Steers and other names were proposed. Pete proposed the Buffaloes because he idolized Mitch and the team on which he was now starring. There was quite a hassle in school over the name, finally competition narrowed to Yellowjackets and Buffaloes, and just about the time Pete's cause seemed lost he made an impassioned speech in which he pointed out how much prettier a Buffalo emblem would look than a Yellowjacket—so, it's been the Petersburg Buffaloes ever since.

Our Uncle Joe writes his "amen" to our comments here about Odus and two of our old college professors. Incidentally, Dr. J. A. Hill, as he's known to many Lynn county people, will be 90 years of age Oct. 29, but is still quite active, alert, and writes a fine hand. He will be signally honored by West Texas State U. ex-students at Homecoming on Oct. 15.

We're not complaining, but after about ten years, the Avalanche-Journal sports department has again recognized Tahoka has a team—and they've just recognized Cliff Thomas. Now, we've got a lot to live up to. Maybe we're a little prejudiced, but it seems to us the AJ gets wrapped up in four or five teams at a time, like Floydada, Abernathy, Denver City, and the like, and stay with them to the bitter end. One thing had about making the big headlines—you've gotta live up to 'em! We hope our Bulldogs can.

By the way, if Tahoka can defeat Idalou this Friday, we ought to have the championship of District 4-A again. Last year, Tahoka beat Lorenzo 14-7, Crosbyton 19-13, and Idalou 8-7, and should have been champions of our neighboring district. But, the AJ never gave us much recognition for this feat. Our District 5-A was clearly the stronger district.

We have a request to print the following:

Do You Remember?
Do you remember:
When a farmer could plant what and as much as he wished?
When one could sell or rent his property to a person of his own choosing?
When you could hire a person of your own choice?
When a business man could pick his customers if he wished?
When legislators could work and vote freely for the "folks back home"?

When the Supreme Court interpreted the laws passed by Congress and the states?

When the U. S. Constitution was inviolate?

When our flag was respected all over the world?

When foreign dignitaries who visited in Washington were not asking for a handout?

When the President picked qualified men for important positions?

When the President acted in the capacity of an executive?

When the United States demanded that other countries fulfill their contracts?

When there were states rights?

When aged parents were cared for by their children?

When there was respect every where for law and order?

When a sentence of 99 years, or life, did not mean a parole in 10 or 15 years?

When patriotism was not scorned or belittled?

When the United States settled its foreign affairs without depending on a United Nations?

When we did not cater to the whims of a foreign adversary for fear of reprisal?

When we were, in reality, the land of the free? *

Gene Snyder says, in the Denver City Press: "If you see an editor that pleases everybody, there will be a glass plate over his face and he won't be standing up!"

When Ray Chapa was buried two weeks ago, several Anglo boys were pallbearers and many others paid respects to their friend and schoolmate. Ray was a promising young man and had the respect of all who knew him.

Roy Appling recently visited down in Milam county, Texas, telling us about driving down "Grape Lane", picking loads of mustang grapes and the wonderful jelly they made—but he didn't bring us any "evidence."

Thanks to Jim Looker of Ingram for some clippings we'll try to run one of these days soon.

A young man applying for a police job was asked what he'd do to break up a hostile crowd. "Take up a collection," he replied.

A young woman had just finished her first-aid course and upon leaving the instructional center spied a man face down over a flooded gutter. She ran to him, flipped him on his back, and began to apply mouth-to-mouth resuscitation.

The man suddenly sat up, pushed the woman away. "I don't know what you have in mind, lady," the man said, "but I'm supposed to be opening this drain."

EXPRESSION OF THANKS FROM THE CORBELLS

We wish to express our sincere thanks in the most humble way we know to our many friends and loved ones who have helped us in so many ways since our home burned. For the wonderful household shower, the contribution of money, lingerie showers for each of the girls, to the ladies who sewed and canned — for each thing done for us we are truly grateful. It's wonderful to know we have friends such as you. May each of you continue to be richly blessed. Dwight and Anna Jean, Diane, Danna and Greta Corbell.

Many Improvements In

Restyled 1967 Chevrolet Truck Line

Clean, trim practical styling that gives a low, fleet look to this Fleetside pickup is only one of many advances in the 1967 Chevrolet truck line. Vision, cab comfort, and corrosion-resistance are improved. Other new features in the line include longer bodies and more power for Chevy-Vans, a redesigned, lower four-wheel-drive series, and diesels in forward-control delivery vans. In some larger models, a new shorter cab and front sheet metal design give a shorter wheelbase for improved maneuverability with no loss in load space.

Hamilton Resumes Story of Visit To Holy Land, Other Places of Interest

(Editor's Note: After a two week's delay, this week Ed Hamilton continues his notes on his recent trip to Europe, Egypt, and the Holy Land.)

After three days at Beirut, Lebanon, we took leave for Jerusalem in a four-motor propeller plane, as the airstrip at Jerusalem is so short a jet cannot land. The airport is about five miles north of J. and has only a small place to land as the hills are so close together. We came in going down hill and stopped just before going up another. They plan, though to move one hill so jets can land.

After a wild ride to the hotel in north Jerusalem, went into our rooms, but took off soon to Gordon's Garden Tomb, located 50 to 75 yards north from the old walls of the city.

Garden tomb consists of a beautiful flower garden with a hill some 75 feet high and on top is supposed to be the place that Christ was crucified. On the face of the hill is a marking that is called The Skull. Off to the side some 50 yards is a rock cliff with an opening some 3x5 feet in size. Inside are two rooms, and one of them is the tomb of Christ.

The Garden Tomb was discovered or recognized about 1876 by a man named Garden. This place seems to be recognized more by the Christians. The other place, inside the walls, I will tell more about later.

Back to the hotel and a good lunch, we took off east of town in taxicabs. If I were going to be a taxi driver there, the first thing I would do is get me a loud horn. The driver that makes the loudest noise gets the right-of-way.

We drove by Mount of Olives, Gethsemani, and the old city. About ten miles east we stopped at the spot where the Good Samaritan story originated. We were on our road to Jericho and the Dead Sea.

Jericho is located some 10-12 miles east and three north of Jerusalem. The old walls of Jericho have been uncovered some 50 feet below the surface. About a half mile west of Jericho, upon the mountain, is located the Mount of Temptation. Just east of Jericho some 100 yards is Elisha's Fountain. It is still flowing just as in the time of Christ. I walked up to the fountain and snapped two pictures but was run off by the caretaker. The pictures were no good, so I was not so smart after all.

Our next stop was just north of the Dead Sea on the River Jordan. We stopped where Christ was baptised by John. I walked down the steps that led to the water, and there was a lady sitting there washing her feet. I asked if I might sit by her and wash mine. I introduced myself, and she turned out to be Sanna Dean Williams of Fort Worth, a reporter for the Star-Telegram. We had a big chat, and I saw her several more times on the trip.

The scene here on the river is the same or very similar to the painting on the baptistry at First Baptist Church. Next stop was the Dead Sea. It has been turned into a vacation spot, as there is a nice hotel or two. Looking east of the sea some 12-15 miles is Mount Nebo, where Moses first viewed the Promised Land. The south end of the Promised Land is around Jericho. Here they have soil that seems to grow anything that they plant. The farming here was very similar to the other places I had visited.

The Dead Sea is some 49 miles long and 8-10 miles wide. The water is 26 percent mineral, mostly salt. There are some salt mines located on the south end of the lake.

The cities of Sodom and Gomorrah were located near the

USS Independence, Sept. 13—Shipfitter Second Class John N. Freeman, USN, son of Mrs. J. O. Freeman of Sweet J, Tahoka, is serving aboard the attack aircraft carrier USS Independence with the Sixth Fleet in the Mediterranean.

south part of the lake. There is no definite location. But, there has been found a cemetery of some 20,000 graves near the south end, which is the nearest they have been located.

Also, Lott, his wife and daughters, were supposed to have been near the south end when Mrs. Lott turned into salt.

We traveled on a good highway down the Dead Sea which was built by U. S., so the story goes.

With few exceptions, around this hill and that one, the road is the same ground covered by Christ on his trip to the Sea.

We saw a number of Beduins camped on this trip. They are nomadic tribes of people who live in black tents on the dry hillsides with no furniture that I could see. They seem to make a living tending sheep or goats. There is no farming on the road down to Jericho. It seems most of the Beduins walk everywhere they go. Some of them own small burros valued at \$15.00.

Adventures in ADVERTISING

During the first great war the demand for Fairy Soap was so great that the manufacturers dropped their huge advertising program with an eye to making a bigger profit. They figured Fairy Soap was so well known it would carry itself. They were wrong. Other far sighted soap manufacturers stepped in with appealing advertising campaigns and took over the market. Fairy Soap was never able to come back and today lies in the graveyard alongside the Gold Dust Twins, Saint Jacobs Oil, Melon's Baby Food, Dolly Varden Chocolates, Omar cigarettes, Maxwell automobiles and many other products that died a natural economic death due to lack of advertising.

Newspaper Advertising is the Strongest Force in Business Today

TOMBSTONE TERRITORY

Before World War I Fairy Soap was the largest seller on the American market. Mother used it as a beauty aid. Junior used it in the bath tub. Sister used it to shampoo her hair. And father used it to wash that portion of his face which wasn't covered with mustache and mutton chops. In magazines, on bill boards and in newspapers, you would see advertisements of Fairy Soap.
