Rebuilding of U. S. 380 Highway from Tahoka 8.3 miles east from the Santa Fe railroad tracks will begin about November 1 and completion is expected by next May 15, J. O. Boswell of Boswell & Crafton Construction Co., contractor, told The News Tuesday morning following a pre-construction meeting held in the county court room presided over by A. W. Partain of Lamesa, resident engineer of Texas Highway Department.

Actually, the contractor has already begun building up a caliche supply, which is being taken from the O. D. Orr farm, about two and a half miles east and three miles south of Tahoka.

The \$254,000 project will be a high-type two lane road 26-foot wide, plus an 8-foot paved shoulder on each side, a total of 42 feet, the type previously used on major two lane highways.

Culverts will be rebuilt and lengthened, grade will be raised in lake areas, and paving reconstructed.

The contractor says construction will be in two-mile units, building one side of the road at a time and leaving one lane of the old paving open to traffic, except where fills are necessary. In these areas, traffic must be diverted on dirt to the barrow ditches. However, the contractor will attempt to make traffic conditions the best possible under the circumstances.

Traffic will be routed through the construction work and adequate barricades and warning signals will be prominently displayed. Motorists, however, should be extremely cautious in passing through the area as it will be heavily traveled by large highway construction equipment.

The construction area will be zoned for a maximum speed of 45 miles per hour for protection of motorists and workmen alike, and will be patrolled. Cooperation of the public is requested in obeying all traffic signals, warning signs, and speed zones.

Moving or destroying barricades and warning signs are now a criminal offense under Texas laws.

Mr. Partain said Pete Wright of Lamesa will be the inspector on the job. Marvin McDonald will be the general superintendent in charge for the contractor.

Louis Mueller Continues Trip Story On Alaska And Down Coast By Boat

(Editor's Note: Following is a continuation of the story of Louis Mueller's trip to Alaska and Canada. Last week, we left him in Anchorage.)

Anchorage is a "miracle of reconstruction" since the earthquake of March 27, 1964, now almost completely restored. The quake lasted six minutes, and those who survived say one could not walk, sit or stand when the earth was so tipsy.

They saw where 28 homes valued at \$100,000 plunged into the sea with 17 adults and two children, where a 4th Avenue building dropped into a huge crevice. The \$4 million McKinley building, 17 stories high rocked back and fourth 12 feet, and only the basement is now used. It will be torn down. Homes are being built at a cost of \$24 per square foot.

Anchorage has the second highest tide in the world, 36 feet, in the largest city in the state with 62,000 and 110,000 in surrounding area, is a trade and distribution center, seaport, International Airport, headquarters of Air Command and many oil companies, is accessible by ship, highway, rail, and air, and the home of Alaskan Methodist University. July has 19 hours daylight, an average temperature of 65 degrees, and rainfall of 15 inches, 9 in the growing season.

Leaving by bus for Valdez, on passing the airport they learned every sixth Alaskan has a pilot's license and one person in 12 owns a plane. Saw Guided Missile Station with huge radar to detect enemy planes.

They passed through famed Matanuska Valley, famed for vegetables and dairy farms, the river coming from Matanuska Glacier, a solid ice pack 5 miles wide and 27 miles long. Followed Richardson Trail, oldest highway in

Alaska, by Worthington Glacier, up to Thompson Pass, where there were 930 inches of snow in 1948-49 and winds have reached 100 miles per hour, dropped 2,000 feet to Key Stone Canyon, rich copper mines, and saw beautiful peaks and waterfalls.

Valdez, hard hit by earthquake, had 193-ft tidal wave in 1964, oldest settlement on Alaskan mainland, explored by Spanish in 1798, by Russian Raiders in 1865, British in 1878, and American goldseekers in 1898. Earthquake affected about 50,000 square miles, and much of area slipped into ocean.

Because of hard blow, Valdez will make an unprecedented move to a new location four miles away, and plans call for one main street around the outside instead of in center of town, with a mall and a grade school in the center so no child will have to cross a street. Board sidewalks. Everything antique and interesting.

On the return, they saw salmon in the river, as spawning was in full swing, a different species of salmon goes up different rivers to spawn. They were thrilled to see two bears trying their luck for salmon.

Headed for Haines, good view of snow-covered mountains, the swift and dangerous White River, many trees, larger mountains, numerous lakes, the Kluge Game Reserve, Mts. Logan, Kennedy and Steele, where the glaciers move fastest, two feet an hour.

Boarded Yukon Star for voyage to Skagway, 14 miles away, then on narrow gauge trains for ride up the "Trail of '98". Skagway is gateway to Yukon, ever since gold rush days of '97 and '98, once city of 15,000 stampereders, now only 750. Men of yesteryear had difficult time building this railroad in canyons and mountains.

At Inspiration Point, altitude 2400, there is a panoramic view of mountains and glaciers. Rails cross bridge 215 feet high. In 20 miles, climb is 3,000. At Lake Bennett, train riders served family style lunch; moose meat was served and it was delicious.

Back to Skagway, they boarded their S. S. Yukon Star that night and found sleeping in swaying beds much better than expected, sail this inland sea of a thousand miles, many deck sports aboard ship, five meals a day served. Cruise past many glaciers, ship glides through ice-filled channel slowly pushing its way through a constant field of varied shaped icebergs on beautiful deep shade of blue, and saw herd of seals sunning in the ice-floes. There are 115 passengers on boat, 15 from Texas.

There are fishing villages and lumber yards along the way, and the passengers sit in observation lounge by the hour watching beautiful scenery Cross Queen Charlotte Sound, and spend last gala evening on water between Vancouver Island and British Columbia mainland.

With Georgia Hotel as headquarters, they took the Sunset Tour of Vancouver, across Lion's Gate, Suspension bridge, viewed

harbor, mountainous North Shore and beautiful homes, gardens and lawns.

Next was a visit to the beautiful city of Victoria on the island 50 miles wide and 280 long with a population of 170,000, about 40 percent retired—ideal temperature, frost is rare, 4,000 acres in parks. Flower Garden, Japanese Hanging Gardens with tropical flowers, then visited London Wax Museum, famous Butchart gardens, plants from all over the world, and the natural marine exhibit in the Pacific Ocean.

Back to Vancouver, they took the Grand City Tour to places of interest including China Town, parks, Queen Elizabeth Arboretum, etc.

August 10, they started the tour over Canadian Highway through beautiful mountains, valleys, and fruit farms to Kamloop, then over Trans-Canadian and saw hops growing, on to Lake Emerald, then to Lake Louise and Banff, where 800 college students at hotel wore kilts and dress like Scots, by car to see Columbia Ice Field, Mt. Eisenhower's tip obscured by clouds, lunch at the base of Athabasca Glacier, a ride on a snow-mobile over the 2,500-year old glacier, 3,000 feet deep in some places.

Finally, August 14, the tour was to Calgary to board the airlines for home, with stops at Great Falls, Montana, then Billings, Denver, Dallas and San Antonio.

Mobile TB X-Ray Costs Increase

The higher cost of living hit home last night for the West Texas Tuberculosis Association, which operates the widely-used mobile x-ray unit.

Dr. John E. Selby, president of the WTTA, announced today that the Executive Committee of the Association's Board of Directors met last night (Wednesday, Sept. 18) in Lubbock and voted to urge those receiving x-rays at the unit to make voluntary contributions to help defray rising costs as well as upkeep and depreciation.

The actual cost of each x-ray, he said, amounts to about one dollar. The unit has been operating at a loss for several months, and the Committee decided to

"so good to be home, and thankful to God for a safe journey of 25 days" . . . and the writer closes with: "This we know, God is everywhere, in the quiet or turbulent water, in the spruce that points its spires skyward, and in grass, flowers, birds, wild animals and the ever-towering mountains."

(The News regrets space and time did not permit publication of the detailed account; only high points of the trip were covered in the above.)

urge voluntary contributions in order to continue the service—still to be given free to any who need it and cannot contribute to the cost.

The Committee, meeting at the WTTA offices at 916 Avenue H, also considered the problem of late requests from public schools for tuberculin skin testing supplies. The Committee agreed that requests will be accepted any time during the school year. They will be filled 60 days after receipt. The WTTA now has all supplies booked up to the Thanksgiving holiday period and can fill no orders until after November 28.

The Board of Directors meeting for the Association was set for November 5 in Lubbock.

## Central News

(Mrs. R. L. Craig)

Looks like this Tuesday morning we were going to have some bad weather. Friday was so cool—made us think winter was on its way.

Rev. Bill Smith from Lubbock preached at the Central Baptist Church Sunday. Be sure to attend Sunday School Sunday.

So nice of Mrs. Carl Greer—she sent a beautiful bouquet of flowers to Central Baptist Church by Mrs. J. T. Whitely Sunday. The flowers were raised in Mrs. Greer's flower garden.

Had a card from Mrs. Elmer Gray, who is in the M. D. Anderson Hospital in Houston. She writes her leg is lots better since she has been taking treatment. Mrs. Gray will be operated on Oct. 11. Mr. Gray is also at Houston going through the clinic. We hope they will soon be able to be back home again.

Johnny Ray from Post came Wednesday and took his mother, Mrs. J. B. Ray, home with him. Thursday Johnny and Mrs. Ray went to Quanah to visit her three Forester brothers and sister, Minnie Forester. Mrs. Ray also visited in Vernon with Zola Bradford.

Tom and Eva Mason went to Vernon Sunday and brought Mrs. Ray home. Minnie came home with her sister to spend a few days. Minnie will visit Lois Cowan in Lubbock Thursday before returning home.

Mrs. Creed Braddock of Odessa visited Sunday in the home of her sister and family, Mr. and Mrs. N. D. Braddock. She attended church at Central Sunday.

Rev. Bill Smith of Lubbock visited Sunday in the home of Mr. and Mrs. Ruel Smith.

Victor and Vera Lindsey from Jal. N. M., visited Saturday in the home of her sister and brother-in-law, Charlie and Vivian Craig.

Mr. and Mrs. H. M. Thornton visited recently in Levelland with his brother and family.

Mrs. Norse Workman and Tina, Christ, and Mrs. Randy Workman visited last Wednesday evening with Mrs. Craig.

Leona Pendleton and Mrs. Judy Davis and son, Mark, from Brownfield visited last Wednesday afternoon in Tahoka with Mrs. A. Pendleton.

Bill Ingle and family were Sunday dinner guests of Mr. and Mrs. Dean Lams and family.

Karen, Cindy and Sherry Craig from Tahoka spent the week end with their grandparents, the R. L. Craigs.

Bill and Margie Craig and Randy went to Stamford Leaks Friday

evening and attended the Edwards family reunion. Several of the group went fishing while there. Randy said he caught 25 fish—pretty good luck for a small boy. Editor Hill likes for people to bring back the evidence. When the boys go fishing they almost always bring Craig some fish.

Jim Bob Porterfield and Robert Craig are planning a fishing trip this week end.

Jurd and Artie Young visited a while Sunday morning with the R. L. Craigs.

Montie Huddleston went back to the Medical Arts Hospital in

Lamesa last Wednesday for a checkup. She is feeling lots better and is able to be up most of the time.

Carolyn Carroll, who is here from El Centro, Calif., visiting her sister, Artie Young, went to Post last week end and visited her sister and brother-in-law, Mr. and Mrs. Buck Thompson.

See you next week; still having phone trouble; maybe they will get them fixed.

A two-row mechanical cotton picker will harvest nearly a bale and a half an hour.

### Fire Prevention Week Oct. 9-15

Observance of National Fire Prevention Week, October 9-15, in Lynn County is being urged by both rural and city fire prevention leaders.

Tahoka Fire Chief Pat Patterson and L. C. Unfred, president of Lynn County Farm Bureau, urge citizens of Lynn County to pay special heed to the observance this year by taking steps to prevent costly fires. "We urge everyone to develop good fire safety habits which include such things as care with matches and smoking, good housekeeping to get rid of rubbish, proper use of electrical fuses, appliances, and extension cords, and a constant general awareness of the ways fires start and how to avoid them," the local fire chief said.

He added that fires killed about 12,000 people and the cost exceeded \$1.76 billion in the United States last year. The local Farm Bureau president said the Fall and Winter months are the most vulnerable times of the year for rural fires. "When fire occurs on farm or rural property, damage is 3 to 6 times greater than in the average city fire", Mr. Unfred said.

Farm Bureau has two programs designed to help curtail fire losses, stated Mr. Unfred. The local organization, in cooperation with the Texas Farm Bureau, sponsors the attendance of local volunteer firemen at the annual Firemen's Training School each July in College Station. Local fire-fighters sponsored this year was Bobby Hamm of Tahoka. The state and local Farm Bureau organizations also pay \$75 to local fire departments for each call made in rural areas involving fires of Farm Bureau insured property.

In addition to these programs, county Farm Bureaus sponsor a graphic 45-minute fire prevention demonstration presented over one hundred times a year before schools, civic clubs, and other groups by the TFB Safety Department. More than 10,000 dry chemical fire extinguishers have been sold to Farm Bureau members as a continuing program of rural fire protection.

### Lynn Bond Sales Lower Than Usual

Savings Bond sales in Lynn county are down considerably this year, \$77,950 in sales having been made through August, or about 60 percent of the quota of \$130,000, according to F. B. Hegl, chairman of the Lynn County Savings Bonds Committee.

Cottle county leads the district with 99 percent of its \$50,000 quota and Lamb county has 94 percent of its \$130,000 quota.

## WILSON NEWS

(By Mrs. Ted Melugin)

Lions Club President Alfred N. Crowson challenged young people in the Wilson area this week to enter a worldwide contest sponsored by Lions International.

An essay describing steps toward world peace may win a Wilson youth a \$25,000 prize, Crowson said. "Peace is Attainable" is the theme of the essay contest, and is open to boy and girls who will be at least 14 but less than 22 years of age January 15, 1967.

The Wilson Lions Club is sponsoring the contest here. The winning essay in the local contest will be submitted to the Lions District 272 contest. The top essay from each Lions Club district will be entered in eight division contests around the world.

Winners of the division contest will be awarded \$1,000 prizes and will receive expense paid trips to the Lions International 50th anniversary convention at Chicago next year, where the eight divisional essays will be judged in selection of the worldwide winner.

The essays should be typewritten and no longer than 5,000 words, Crowson said. "The purpose of the contest is to develop a formula for world peace because we feel peace is attainable," he said. "We want to alert our young people to the need for world peace and to focus attention on that important goal."

The deadline for entering the contest is December 10. Additional information about the contest may be obtained at Wilson High School or from any Lions Club member.

The above contest is a wonderful opportunity for American youth to voice their opinions toward world peace. This last week, three letters were received by the writer from different servicemen in Viet Nam, unselfishly and humbly written. One told of attending the biggest church, "Under the open sky, and before God", the positive viewpoint of his remaining months there, would be to try to get buddies to attend worship. Another told of how much joy he and his buddy had from singing out of a song book sent from home and how even though in the middle of nowhere, the Lord was with them in songs and prayers. Dear readers, won't you write a note of encouragement to a serviceman? God bless them and may peace be attained soon.

A3/C-Donald Holder, son of Mr. and Mrs. R. H. Holder has been home on a 15 day furlough from Amarillo Air Force base. He left Wednesday to be stationed at Perrin Air Force Base near Lake Texoma. Holder is a 1966 graduate of WHS.

For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. (By Mrs. O. H. Hoover)  
Well, it's fall weather again—that is, most of the time. It's been warm today, however, but boy wasn't it cold Saturday and Sunday mornings. Did you ever see cotton open so fast—its popping open like popcorn. Soon be harvest time. Hope the nice weather holds!

Jim Bob and Janet Porterfield, Don and Amy, had lunch Sunday with the Gus Porterfields.

Mr. and Mrs. N. O. Townsen had supper with the Carl Greers and stayed until bedtime Saturday. I was talking to Mrs. Greer just now and she said Carl was about the same. They are having central heating installed in their home. How nice for them!

Mr. and Mrs. Tom Murray and grandson, Dennis, had lunch with the W. G. McCleskeys. They brought some fish from Falcon Lake, and did they ever enjoy a fish fry.

Carla McCleskey spent the day Sunday with Janice McDonald. Quentin Murray had lunch with Kirk McCleskey and spent the afternoon Sunday.

Mr. and Mrs. W. G. McCleskey visited in Brownfield Tuesday with Mr. and Mrs. W. N. Dubose.

Mrs. H. E. Huffaker and Mrs. Bobby Huffaker and children drove out to Roswell Monday and visited Mrs. Huffaker's mother, Mrs. Hicks, while their husbands were fishing.

Talking about fish, the bunch that went fishing last week from Grassland caught over 1,000 catfish and crappie—are they strutting and crowing!

The H. E. Huffakers' grand-

daughter, Faira of Lamesa, visited them over the week end.  
Mr. and Mrs. W. L. Gribble and Mr. and Mrs. Roy Huffaker of Lamesa had a fish dinner at the Herman Huffakers Sunday.

Mr. and Mrs. Gus Porterfield attended the funeral services of Mrs. U. S. Sherrill in Abernathy Friday. They stopped on the way home and visited Herbert and Laura Watson.

Mrs. Tom Murray and Mrs. W. G. McCleskey went to Lubbock Wednesday. While they were there they visited in the J. W. Warrick home. We are sorry to report he is no better.

Mrs. Amos Gerner visited with her mother, Mrs. O. F. Haley, Saturday.

Miss Greda Garner of Los Angeles visited here all last week with her brothers and sisters and their families. She spent Thursday with the Amos Gerners.

Some of the farmers at Draw are putting acid on their cotton that was hailed out some time ago. The stalks have put on a lot of foliage that the men want to get rid of so they can harvest what is left of their crops.

C. O. McCleskey had an unfortunate accident Saturday morning. He was helping load some cattle when a yearling kicked him on his left arm, breaking the bone in his wrist. He didn't know it was broken until he had unloaded the cattle. We hope it doesn't put C. O. out too much—its cotton harvesting time. Sorry, Hooley.

# Screwworm Cases Showing Increase

W. B. Griffin, County Agent, has recently had word from the Screwworm Eradication officials that there has been a very noticeable increase in the number of confirmed screwworm cases in Texas. Griffin says that for the week of September 18 there were 48 confirmed cases reported in Texas from 22 different counties. This is more confirmed cases for a one-week period than has been reported since the last week in November, 1963.

All livestock producers are urged to be especially watchful of possible screwworm cases and collect specimen worm samples and mail to the Screwworm Eradication Laboratory in Mission, Texas.

Griffin says via's for submitting specimens to the Mission Laboratory can be obtained at his office.

Weather conditions over much of the State have been a contributing factor in the recent screwworm buildup.

(By Mrs. Edmund Wilke)  
Well, here it is the first week in October, six-weeks test time at school and the farmers in this community are still plowing and hoeing, when usually by this time the harvesting has already started. There is some grain being cut and Stonewall Jefferson has gotten out a bale of cotton, other than that, harvesting is going pretty slow.

According to the U. S. Bureau of Advertising, ADVERTISING ranks first with women, over all other newspaper content, for interest and readership! Women actually read ads in preference to anything else in the newspaper. (For that matter, ads rank third with men for readership!) And reading the newspaper is a favorite habit with American women.

So, if you have a product to sell—display it in an ad in your local newspaper. If it's for the home, write it to the housewife's point of view. For, more than anyone else, she'll read it. ## P-TA Plans Membership Drive, Projects Discussed, and New Programs Explained

The second regular meeting of the Tahoka Parent-Teacher Association was held in the school cafeteria at 7:30 p. m. Tuesday, October 4.

Mrs. Robert Abbe, president, called the meeting to order, and Rev. Hugh Daniel of the First Methodist Church, gave the invocation. Upon completion of the pledge to the flag, the minutes of the September meeting were read and approved and the treasurer's report given.

Mrs. Inez Jenkins presented the motion to change the election of officers from March to February.

On the order of new business, Mrs. Lionel Miller, membership chairman, will be starting a membership drive as soon as the necessary supplies arrive. Letters will be sent to all parents by children and if any parents desire membership in PTA, they should enclose fees in attached envelope and sign letter. This may be returned to school through children.

Students from the first through the seventh grades will be given TB test October 24 by Mrs. Jean Harvick, school nurse. Volunteers from PTA will assist Mrs. Harvick.

Members were reminded of the district workshop at Muleshoe October 13 and also of the state convention in Austin Nov. 15-18. Mrs. Abbe was elected to go to the convention.

Program chairman Mrs. A. M. Bray introduced Floyd Tubb, Mrs. Lester Adams and Mrs. Jessie Clinton, all of who had part on the program.

Principal Tubb, speaking on the remedial reading program, stated that reading is the basic tool of learning. The inability to read is the greatest single cause of failure in school. An estimated 40 to 50% of the children in Tahoka in the intermediate grades read below their grade level. Faculty members believe the reason why Tahoka has more children with reading difficulties than the national average is because of the large number of Latin Americans in our schools.

Most Latin Americans speak Spanish in their homes; consequently, many Latin children come to school unable to speak any English. By the time they have learned to communicate, their reading level has fallen below their grade level.

Reading is like a highway; some children speed down the road, while others have breakdowns and need repairs. No child is a remedial case because he wants to be. Some of the factors that cause reading difficulties are physical, intellectual, educational, psychological and environmental.

Remedial reading classes are for children who are not reading

up to their grade level. The advantages of a remedial reading class are that the class is small enough that the teacher can give each child much individual attention and each child can read and work on his own level. Mr. Tubb stated that if we can bring these children's reading level up to their grade level, we can greatly decrease our large number of drop-outs.

The five remedial teachers in the Tahoka schools are Mrs. Ruth Walker, Mrs. Ann Whorton, Mrs. Ann Adams, Mrs. Janet Owen and Mrs. Kay Shultz.

Mrs. Clinton told that new math is a way to find why things are done. New Math is a digest of numbers.

Mrs. Ann Adams of North Elementary, explained something of her program and demonstrated some of the equipment she uses.

Following the program, a large stuffed Bulldog was presented to Mrs. Elvira Smith of the first grade, who had the largest percentage of her enrollment of parents present. This room will keep the Bulldog until the next PTA meeting when another room count will be taken.

Next month's program will be "Are You a Drop-Out Parent?"

## WSCS Luncheon Is Held Monday

The W.S.C.S. met Monday afternoon for a luncheon and business session in fellowship hall of the Methodist Church.

Mrs. Margaret Carter, president, presided. Mrs. W. E. Cantrell gave the devotional on "Social Concern".

It will be greatly appreciated if each lady of the church will help by contributing something to be sold at the bazaar which will be held on Dec. 3.

Mrs. Hugh Daniel will review the book of Nehemiah from the Bible at the next meeting October 10 at 3:15 p. m. in the church.

## Dixie Club Meets With Mrs. Cooper

The Dixie Home Demonstration Club met with Mrs. E. J. Cooper Wednesday afternoon. Mrs. J. C. Bohannon, president, presided.

There were eleven members and five visitors present. Ed Hamilton showed slides of the trip to the Holy Land for the program.

Next meeting will be with Miss Virgie Cobb on October 19.

## Supper Benefit Of County Library

A salad and chili supper will be served this evening from 5:00 until 7:00 p. m. in the Lyntegar Board room, sponsored by the Phebe K. Warner Study Club.

Proceeds from the event, which precedes the Post-Tahoka football game, will be used to provide additional shelves for the Lynn County Library reading room. Tickets will be sold at the door and the public is invited to attend.

## YF Farm Sale At O'Donnell Saturday

O'Donnell Young Farmers are sponsoring a benefit farm equipment sale this Saturday beginning at 10:30 a. m. on the Farmers Co-op gin yard with Ken Bozeman as auctioneer.

Just about everything used on the farm, from tractors to hand tools, according to Harold Sanders and Tommy Gardenhire, who are in charge of the sale. Consignments are welcomed from anyone at regular commission.

Young Homemakers will operate a concessions stand at which drinks and sandwiches will be available.

Funds raised by the Young Farmers will be used to start a scholarship fund to help some outstanding agriculture student attend college.

## Early Day Cowboy Dies In Lubbock

165-pound senior, an excellent ball handler and passer who can run the option well; and some outstanding linemen like Milton Edwards, 215-pound senior who was All-South Plains last year; Tommy Kidwell, 183-pound senior, who should be considered for this honor this year; and others including Richard White, Jodie Edwards, Gary Brooks, Joel Inklebarger, Chris Roberts, Wayne Thurman, John Tyler, David Schuknecht, Mike Chandler, Jerry Jolly and Larry Arnold, all of whom see a lot of action.

Jerry Jolly has returned to the squad this week, and only player missing from the varsity squad is Willie Ewings, who needs to raise his grades.

Coach Glenn Gregg of Post boasts a well-rounded team with seven or eight top backfield boys headed by Quarterback Dick Altman, Fullback Paul Walker, utility man Dick Kennedy, and Center Jackie Huff, 210, a candidate for all-state honors, and a well-balanced line.

Coaches Don Smith and Jim Littlefield were disappointed, however, in the Bulldogs play at Slaton last Friday when the boys made too many mistakes and busted too many assignments.

Coach Robert Ryan, who scouted Post, says the Antelopes are primarily a running ball club, but can pass capably, and are very aggressive and quick to adjust. They can kill an opponent on the big play, though. Coach Ryan thinks the Tahoka lads have a fine chance of victory if they put out a strong team effort all the way and do not make too many mistakes.

The Antelopes have several good backs capable of moving the ball. Among the likely starters will be Duke Altman, 146, senior letterman, at quarterback; Paul Walker, 175, senior letterman, at fullback; Dennis Altman, 152, junior, wingback; and Davis Heaton, 175, senior letterman, halfback. Another outstanding ball carrier is Jimmy Bartlett, 155, a senior letterman.

Offensive starters in the line are likely to include Donnie Windham, 188, senior, and Dick Kennedy, 160, senior letterman, at ends, or possibly Roy Sappington, 146, senior. Kennedy has also seen service at quarterback, halfback, and linebacker.

At tackles will be Norman Tanner, 193, junior, and Dan Cooper, 193, junior, or Larry Johnson, 170, a senior.

Guards will be Clyde Cash, 160, senior letterman, and Ronnie Petty, 135, junior, small but capable. Joe Hudman, 165, senior letterman, is a likely starter but has been sidelined by illness.

The center is Jackie Huff, 210, senior letterman, who plays left tackle on defense, a very good athlete, big and strong, likes it tough, and is a candidate for all-state honors.

She has participated in the county dress revue 7 times with 7 blue ribbons; four blues and a red for 5 entries in the district revue and twice she has been in the state revue. In 1965 she was awarded the "Best All Cotton Award" in the state.

The new state champion has also served as a junior clothing leader for four years; senior leader for one year and has helped judge the county revue and served as mistress of ceremonies at one district revue.

Clothing has been only one of her many 4-H projects. Others have included money management, swine, field crops, electric, lambs, bedroom and home improvement, gardening, entomology, photography and public speaking and she still finds time to take an active part in church,

school and community affairs.

Her all-round achievements were responsible for her being named a Gold Star girl in 1964. She has won awards or recognition in each of the projects conducted.

Kent fed and exhibited his first prize-winning hog when he was nine and now at 15 is a veteran feeder and showman. He has exhibited at major swine shows over the state and has his share of ribbons, banners and other awards as proof of his abilities. His championships include one at the State Fair of Texas. His record totals show that he has fed 43 barrows and has handled 149 head of breeding swine in his very active 6-year 4-H career.

He is a member of the county livestock judging team and by no means has limited his projects to swine. Other projects have included milo which he feeds to his hogs, cotton, sheep, beef cattle, electric, safety, and others. He has served as an officer in the Lynn Countywide Club to which he belongs, including its presidency and has had district responsibilities at the district electric camp. He is now vice president of the county council and a junior leader for younger pig club members.

He is active in his church and in high school, plays football, is a member of the band; was an editor on his high school paper and was a member of the Little League All-Stars in 1962-63. His adult leader, Raymond Hancock, describes Kent as a good example of a working 4-H boy; always busy, but not too busy to help others.

The outstanding work of these 4-H members has been supervised by Lynn County Agent W. B. Griffin and the county home demonstration agents who have served in the county during recent years. Local Adult Leaders Mrs. Marshall Barton and Hancock have given assistance. The top winners give

## Two Local Boys In Tech Band

Two Freshman students from Tahoka, Carroll Curry and Ralph Brock, have made the 250-piece Texas Tech marching band. They made their first appearance in the Tech-Texas game and will get to make the trip this week end with the band to the TCU game in Fort Worth.

Ralph is the son of Mr. and Mrs. Charles Brock, and Carroll is the son of Mr. and Mrs. Rogers Curry. Both were outstanding Tahoka band members.

# Bulldogs Winners Over Slaton Tigers 20-14

SECTION TWO

## The Lynn County News

TAHOKA, TEXAS "Heart of the South Plains" FRIDAY, OCTOBER 7, 1966

Tahoka Bulldogs rolled on undefeated this year as they whipped the Tigers at Slaton Friday night 20 to 14 but not before they had been through a bruising battle, the toughest so far this season.

As usual, the Tigers were ready for the Bulldogs, who were "flat" the first half, and had to come from behind during the second half to win. Whereas things looked bleak for Tahoka much of the first half, the Bulldogs almost completely dominated play the second half, scored two touchdowns, held the Tigers to only 31 yards rushing and none passing, although a wild Tiger did run a Tahoka kickoff 82 yards to make the game a tight one.

The rugged game was marked by outstanding play by most Tahoka boys, as well as Slaton. Cliff Thomas ran for 165 yards on 32 carries and scored 12 points. Mitch Williams threw 9 of 17 passes complete for 87 yards, Doyle Schneider caught four for 50 yards and another for a 2-point conversion and intercepted one Slaton pass. Chris Roberts caught a pass for a TD and another to keep possession in the final minutes. Richard White and Mike Chandler covered a Slaton fumble that set up Tahoka's first score, Joel Inklebarger covered a fumble that stopped a Slaton drive, and John Tyler caught a pass to set up a TD. Tommy Kidwell, Milton Edwards, Gary Brooks, Jody Edwards, and Wayne Thurman were all outstanding in line play as each had his moments, and Larry Arnold was back on the job at fullback.

However, this was probably the poorest game the Bulldogs have played this season — mistakes, busted assignments, poor coordination and team play.

### First Quarter Scoreless

Tahoka won the toss, Tyler took the kick to the 29, and Tahoka moved up to the 45 before having to punt. Thomas punted 35, Tiger Chas. Fisher ran it to the 28, but Slaton couldn't move but 6 in three plays, and HB Doyle Ethridge's punt went only 12 yards to his own 46. Three plays and 5 yards, and Tahoka had to punt 36 yards to the 5, and a Tiger brought the ball to the 20, Fisher carried for 9, QB Jimmy Williams for 2, but Slaton again bogged down, but punted 30 yards this time to the Tahoka 38.

On the first play, M. Williams hit Schneider on a 13-yard pass, then Arnold made 3, Thomas 2, then Williams pitched out to Thomas who went 12, and Schneider hit the line for 4 to the Slaton 28 as the quarter ended.

### Slaton Leads In Second

Thomas was hit for no gain, then Williams passed to Schneider for 21 to the Slaton 7, but here a fumble lost 2. Thomas was stopped but then caught 2-yard pass, and a fourth down pass was incomplete.

Slaton moved from its own 7 to the 21 in three plays, but Chandler hit Fisher with a hard tackle, he fumbled, and White was right there to help Mike cover the ball.

Thomas made only one, two passes were incomplete, then Williams, back to pass, spotted Chris Roberts cutting across the middle and rifled him a perfect pass on the goal line and Chris was in the end zone for the first score, 6-0 Tahoka with 6:11 left in the quarter. Thomas' place kick was blocked.

The lead didn't last long. The Tigers came out mad, speedy Larry Pickens raced around his right end for 17, Fisher made 5, then 1, and J. Williams passed 15 yards to Ethridge, then 17 to Pickens on the Tahoka 20, while the Bulldogs watched the show.

From here, Ethridge hit left guard for 9, Fisher 2 and 2, then as Slaton's Williams faked, handed off to Pickens, and the latter raced untouched to the left coffin corner. Steve Harlan's place kick was perfect and Slaton led 7-6 with 1:46 left on the clock.

Tyler brought the kick-off from the 5 to the 25, Thomas made 2, then took a fine pass from M. Williams and was gone for a long gainer, but a Tahoka lineman was downfield and Tahoka drew a 13 yard penalty back to about the 13. Thomas' kick went 25 yards, and with 30 seconds left Slaton threatened again with a 12-yard pass to Edwards and a 13-yard pass to Claude Strickland on the Tahoka 13. But, time ran out as J. Williams back to pass couldn't find anyone open, and ran to the Tahoka 5.

### Bulldogs Take Charge

Now, it was the Bulldogs' time to get mad as the second half opened, and not wishing to look like "Ned in the Primer", came back to completely dominate the second half—almost.

Tahoka kicked-off, Slaton had to punt from its 28, and the ball died on Tahoka's 37. Here Thomas took off to the right, saw daylight, cut left upfield, and raced for 48 yards, with the help of some team-mate blocks to the Tiger 15.

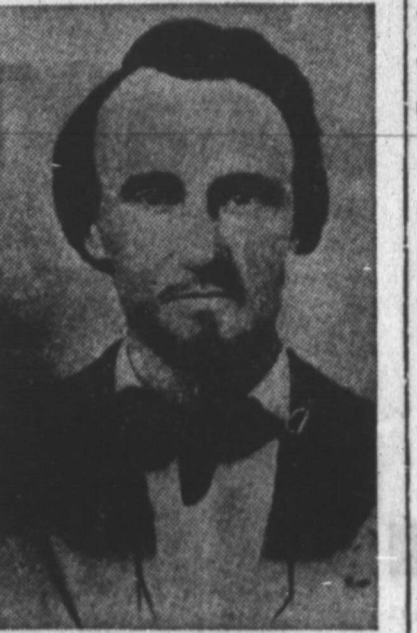

There was no stopping the ram-paging Bulldogs now. In spite of a 5-yard offside penalty, Thomas made 8, then Williams found John Tyler with an 8-yard pass on the 4, and from there Thomas bulldozed over right guard for Tahoka's second TD. Williams passed to Schneider for the conversion and Tahoka led 14-7 less than four minutes deep in the quarter.

Slaton's Fisher got away on the kick-off to his 40, but two plays later Inklebarger pounced on Ethridge's fumble on the Slaton 44. Here Thomas got away to about the 30, but Tahoka was charged with clipping, the ball moved back to the Tahoka 46, two plays netted 14, two passes were incomplete, and the ball went over on Slaton's 40. An exchange of punts and the quarter ended with Slaton in possession on its own 45.

### Interceptions Kill Slaton

Slaton touched the ball only 4 times in the fourth quarter, but once was good for a TD.

A Slaton pass was incomplete, then Schneider intercepted J. Williams' pass on the Tahoka 40 and ran to the Slaton 45, from which point the Bulldogs moved in for another score in 11 plays (Continued back page, Sec 2)

### Jal, N. M., Plays At O'Donnell

O'Donnell Eagles entertain a strong Jal, New Mexico, team tonight at 8:00 before opening the 1966 5-A conference season next week at Seagraves.

Jal lost to Tularosa last week 33 to 7, but previously had defeated Lovington 12 to 6 and Wink 33 to 0.

O'Donnell lost a heart breaker at Hermleigh last Friday 22 to 14, but still is having its best season in several years. After losing the opener to Meadow 14 to 6, the Eagles won over Ropesville 28-0 and Lorenzo 6-0.

Hermleigh scored first on a 26-yard pass and ran the conversion for an 8-0 lead, which was cut to 8-6 very quickly when O'Donnell's Joe Lopez broke through the middle and ran 92 yards to score.

O'Donnell tied the score 14-14 in the fourth quarter when Ronnie Barnes returned a punt 46 yards to the goal line and Joe Lopez ran the conversion. But, Hermleigh, on a last play desperation pass, scored the final TD and then passed for the two-point conversion to make the final score 22-14.

### New Home Wins Over Anton 8-0

New Home Leopards played their best game in taking their first victory 8 to 0 over the Anton Bulldogs, and go over to Ropesville this Friday in an attempt to make it 2-2 for the season.

New Home threatened twice in the scoreless first half against Anton.

Opening the second half, a short New Home kickoff resulted in Danny Nettles covering the ball. Then, FB Dennis McCullough broke through left guard and raced 25 yards to score. Wayne Fillingim ran the conversion, and that was the ball game.

On the kickoff following the TD, Anton fumbled on the first play and that seemed to break their back, Assistant Coach Don Macos said.

Nettles also intercepted two Anton passes. Others looking good in this game were Stanley Gill, Robbie Talley, Billy Rodriguez, and Ronnie Bruton.

Head Coach David Verner has a young and inexperienced squad which he hopes is beginning to find itself and can furnish the fans some exciting games in the future.

New Home lost its opener to New Deal 28 to 6, and held Whiteface 8 to 6.

Ropes lost to Plains 42 to 0, to O'Donnell 26 to 0, upset Meadow 6 to 0, then lost to Sundown 18 to 0 last Friday.

The first mill in the United States to use all Southern Yellow Pine pulpwood in the manufacture of newsprint was constructed at Lufkin in 1940.

### Bulldog Boosters Will Sell Cushions

Seventy people attended the weekly meeting of the Bulldog Boosters Monday night in Community Center, heard a scouting report on Post by Coach Robert Ryan, and viewed pictures of the Tahoka-Slaton game shown by Coach Don Smith.

Presided over by W. T. Kidwell, the group decided to sponsor sale of cushions, funds raised going for equipment for the teams.

Maurice Small, a rabid Tech fan, furnished a bit of comedy in an "apology" to Texas A&M fans.

### Wilson Meets Cooper Tonight

Wilson Mustangs are out to get back in the race tonight, 7:30 o'clock, at Wilson when the Cooper Pirates come to town.

Coach Bobby Davis' boys have had a week's rest, which could be good or bad, after losing their first Class B conference game to Sundown 8-0. Now, the Mustangs can only hope some other teams can knock off powerful Sundown.

Cooper has lost to Bovina 38 to 14, to Roosevelt 16 to 0, to Amherst 34 to 6, and to Whiteface 21 to 0.

In pre-conference play, Wilson won over Lazbuddie 27 to 0 and Jayton 27 to 0.

Tahoka's biggest need is a hospital. In fact, we think this is a must—first, because so many people need hospital service, a service close at hand and a hospital our people know they can get in to when they need medical attention; and second, because a hospital means much to the business life of the county. Every time a person has to go to a hospital in Lubbock, or Lamesa, or elsewhere, there are added expenditures for gasoline, meals, lodging, etc.

For several weeks, a committee has been gathering all the data possible on needs of a hospital, financial structure, operation, hospital districts, public funds available, in fact just about every phase of the problem. Before long, the committee may be able to present its findings and some recommendations to the public that would work for our area. We hope so.

A Dallas News writer says 45 Communist "dignitaries" from Russia and its captive nations attended the World Council of Churches convention in July, took an active part in proceedings, and Metropolitan Nikodim of Russia, a KGB (secret police) agent, and a delegate from Union Theological Seminary wrote the resolution adopted by the body censuring U. S. "aggression" in Viet Nam. Our World Council of Churches moguls spoke of "revolution, riots in the name of civil rights, UN development into a world state, encouragement of Red China, "racism" in Rhodesia and South Africa, as well as U. S. "invasion" of Viet Nam.

Isn't this a bit shocking in view of the fact that most major denominations in the U. S. donate to promotion of the National and World Councils of Churches? Just who are we for, anyway?

And taxes confiscated by our government from every citizen's pocket book go for foreign aide to England, France, Canada and many other nations who continue shipping ammunition and supplies into Communist North Viet Nam with which to kill American boys. We're helping kill our own sons! When will we demand a change of policy in Washington?

"My chest swelled with pride," declares a Tahoka fan, "when our football squad came into a Slaton restaurant Friday night following the victory over that town's Tigers. Neatly dressed in their blue blazers and white shirts and blue ties, the boys quietly and orderly entered the dining room, and their manners were gentlemanly and polite. There was no loud talk, no great show of elation or braggadocio. They made our party feel proud we were from Tahoka."

Football is a rough, tough game, but there is no place anymore in the game for ruffians and toughies. The game should be a part of our educational process, as well as a spectator sport, where boys may learn to think under pressure, work with others, acquire self-discipline, and find out that all life is not a bed of roses. Many times over the years we've followed Tahoka teams, we've had reason to be proud of our boys as expressed by the above note from a former Bulldog.

We were sincerely happy to see the Eagles win a couple of games and would be tickled to see them win all the rest—except one, of course. We feel all Tahoka people—almost, anyway—rejoice in seeing O'Donnell, Wilson, and New Home win games except when their loyalty lies with their own team.

While here last week following funeral rites for his mother, Mrs. Lela Mae Green, Roy W. USDA reports farm income this year up 8 percent over a year ago, farmer costs up only 5 percent, and therefore the farmer is better off overall. Might be a little hard to convince some of our local farmers of this.

George Dolan in the Star-Telegram says Little Johnny, on his first day at school, looked very forlorn as he sat with chin in hand looking out the window. "Are you homesick?" asked the teacher. "No, mam," said the boy. "Just here-sick."

"Cotton" Fanning of Plains Cotton Growers says while attending the all-cotton products at the fair last week, a small boy approached and timidly asked, "Could you tell me where the 'lost and found' is?" Not sure what the boy had in mind, Fanning asked if he had lost something. "I mean like somebody was lost," the boy explained. When he asked who was lost, the boy looked self-consciously at the floor and said "Me."

We clipped the following from The Claude News:

The kind of person you are:  
You tell what you are by the friends you seek . . . By the very manner in which you speak . . . By the way you employ your leisure time . . . By the use you make of dollar and dime . . . You tell what you are by the things you wear . . . By the spirit in which you your burdens bear . . . By the kind of things at which you laugh . . . By the records you play on the phonograph . . . You tell what you are by the way you talk . . . By the manner in which you bear defeat . . . By so simple a thing as how you eat . . . By the books you choose from the well-filled shelf . . . In these ways and many more . . . You tell on yourself . . . So there's really no particle of sense . . . In any effort at false pretense.

**Lt. Karl Prohl Is Army Instructor**

Lt. Karl Prohl, recently assigned to a special Army Officers' Training School at Indianapolis, Indiana, and originally slated to serve in Alaska, has a new assignment and will not go to Alaska, according to his mother, Mrs. Emil Prohl.

Karl has been re-assigned to teach Applied Journalism in the Officers' Training School. Karl is a graduate in journalism of North Texas State University, received a master's degree from Boston University in public relations, and was editor of a Southwestern Bell Telephone house organ when called to the service.

His wife, the former Miss Nelita Hewlett, daughter of Mr. and Mrs. H. H. Hewlett of Wilson, and a former teacher in the Abilene city schools, has been employed as a fifth grade teacher in the Indianapolis schools.

Cotton has been used since pre-historic times.

right guard, and then 10 yards at right end to the Slaton 9 as the final gun sounded.

Defensively, Slaton was the strongest team Tahoka has met—at least, it was Friday night, and in addition to some of those above found Tommy Donaldson, Roy Green, Tommy Davis and others very tough to move.

**Ed Hamilton Tells of Visit To Bible Land, New Israel Irrigation Projects**

(Ed Hamilton continues the story of his trip to Europe, Egypt and the Holy Land, the following being abbreviated from his notes.)

Up early Aug. 12, our trip today is by taxi, 4 or 5 to the cab. We hadn't gone far until I informed the driver we were not in as big a hurry as he seemed to think we were. Driving here are two kinds of people on the highway—the Quick and the Dead.

After a drive through Bethlehem, going south we were at Hebron, some 20 miles away. The country is very hilly with a few patches of farming where there is a spring or some kind of water. It seems each hill and valley between Jerusalem and Hebron has something historical about it.

We saw a number of bunches of goats and sheep. Seems one herder tends some 125 to 150, staying with them all day.

In Hebron, a city of several thousand, we visited Abraham's Oak, which is where God talked to Abraham. We visited the tombs of Abraham and his wife Sarah, of Isaac and Rebecca, and Jacob and Leah. This city, like most of the others, has some parts very modern.

Going back to Jerusalem, we visited the Church of the Nativity in Bethlehem, under which is located the manger, the birthplace of Christ. This was very interesting, as it is on or very near the spot Christ was born. I have a picture of the manger.

On leaving Bethlehem, we stopped on the north side to take pictures of the Shepherd hills, the hill over which the shepherds came to visit the Christ child in the manger. Greek and Catholic churches are built at this site.

Here we viewed Rachel's tomb, interesting. We stopped at the home of Mary, Martha and Lazarus, where Jesus spent the night with them on one of his journeys.

Between Jerusalem and Bethlehem are three concrete pools that are known as Solomon's Pools, used as reservoirs for catching and storing water during King Solomon's reign. They have been rebuilt, but are on the same spot as they were then. The water was carried to Jerusalem by a conduit that ran alongside each hill, down-grade all the way. Underneath the city of Jerusalem were located some large cisterns, the ruins of which remain today.

Going back from Jerusalem to Bethlehem, we had to take a round-about road because of the squabble between the Arabs and the Israelites. They are fussing now over water from the Sea of Galilee.

The Sea of Galilee is in the shape of a violin, about 5 or 6 miles wide and 10 or 12 miles long. It is fed by two rivers from the north, and the Jordan River flows out of it on the south to the Dead Sea 75 or 80 miles away. The Sea is normally a very quiet body of water, being popular for its fishing now as in the time of Christ. We rode a pleasure boat from Tiberias across the Sea some seven miles to Capernaum.

Near the middle of the Sea, we stopped for a short religious service, and while there the Syrians and Israelites had a battle in the air over our heads. One plane was shot down, killing the pilot. We felt much better when we docked at Capernaum.

While we were crossing the Sea, we could not keep from wonder-

ing just which part Christ walked on.

This to me was one of the high spots of the trip. There have been so many Biblical happenings around.

On the north side of the Sea is Capernaum, the old Synagogue ruins, the ruins of the mother-in-law of Peter's home, the Church of the Multiplication, which is where the rock that Christ stood on when He fed the 5,000 with five small barley loaves and two fish taken from a small boy that happened to be on the lake fishing that day; the Mountain of Beatitudes, and the home of Mary Magdalene.

We drove from the Sea to Haifa and up the coast to Televiv. We traveled through some of the finest farming land I have ever seen. They raise cotton, maize, wheat, corn, sugar beets, grapes, dates, oranges, apples, and I guess almost anything else they care to plant.

The people of Israel are nearer like our people than any other we have seen. Roads are paved and double roads are being built. This country has advanced farther and faster in the last 20 years than any I ever saw.

Some 20 years ago, with out help, a water system was installed to bring water from the Sea of

with Thomas, Arnold, Williams, and Tyler doing the ball totting, with a 4-yard pass to Schneider thrown in. Thomas went the last 4 yards on a kick-out from Williams. The kick was wide to the left, but Tahoka now led 20-7 with 6:06 left in the game.

Here came Slaton's sensational run. Pickens took the kick-off on the 18 and raced 82 yards for Slaton's second score, and the kick was good to make the score 20-14 with 5:52 left, and Slaton fans went wild.

The Bulldogs had other ideas. Although Thomas made 3, Tahoka lost two on a fumble Milton Edwards recovered, and Thomas took a pass for minus-3, and then had to punt. Slaton had the ball on its own 31.

Tiger Williams heaved a long pass, but Tyler intercepted and took off to about the Slaton 40, but Tahoka was charged with clipping on the Slaton 45 and moved back to the Tahoka 40.

With 3:30 left, Tahoka kept possession as Thomas and Arnold moved to midfield, Williams hit Schneider on a third down pass to the Slaton 41 and three plays later found Roberts at the sideline with a 10-yard pass. Thomas hit the line for 2, circled right end for 7 to the 20, made 1 at
