THS Homecoming Events Here Today

Homecoming 1966 is being observed at Tahoka High School today with activities for ex-students beginning at 2:00 p. m. in the auditorium featuring an address by J. Fred Bucy.

Scheduled on the program are: Pledge of Allegiance, led by Cliff Thomas; welcome, Milton Edwards; recognition of classes and guests, Larry Hagood; entertainment, "The Dreamers," local high school girls group; introduction of speaker, Hagood; address, Bucy; presentation of special awards; and concluding with a pep rally.

A reception honoring Mr. Bucy will be held in the home of Mr. and Mrs. Larry Hagood following the program, at which time all friends of the guest are invited. The reception will conclude at 5:00 p. m. at which time Bucy must leave to fly to Europe.

A delegation from Tahoka will meet Bucy today at noon when he flies in to Lubbock airport from New York City.

Following the football game tonight, Senior Parents are sponsoring a supper from 5:00 to 7:00 o'clock in Lyntegar building, \$1.25 for adults and 75 cents for children under 12.

Following the game, Tahoka ex-students will meet at the Lyntegar board room for coffee and the election of next year's officers.

Also, after the game, the class of 1956 will have a reunion in Fellowship Hall of the First Baptist Church.

J. Fred Bucy, 38, is a 1946 graduate of Tahoka High School and a 1951 physics graduate from Texas Tech. He is vice president of Texas Instruments and general manager of the company's Apparatus division.

Besides being the world's leading producer of semiconductor devices, TI is also one of the nation's prime suppliers of military (Continued on Back Page)

School Students Here Total 1,114

Members of the Tahoka School board met in a regular monthly meeting Thursday night of last week.

Upon approving monthly bills, the board gave approval of engaging a tax attorney to aid in collecting of delinquent taxes. The men also gave approval for the school tax office to join with the county tax office in a joint endeavor for assessing during the coming year.

The following persons were approved for employment: Mrs. Harold (Connie) Reynolds, high school girls' P.E., one-third teaching load; and Mrs. Wanda Stewart, a first grade teacher.

A substitute teachers' list for 1966-67 was also approved, as well as the curriculum improvement program for the coming year, as presented by Supt. Harold Reynolds.

The seven-member board accepted the following reports: budget, financial statements of all funds, cafeteria operations for September, enrollment and football game receipts.

Total enrollment for Tahoka schools was reported to be 1,114 last Thursday, 393 in South Elementary, 321 in North Elementary and 400 in Junior and senior high.

Local board members are James F. Roberts, president; Elmer Owens, vice president; J. T. Miller, secretary; Roy Stephens, Clifton Hamilton, Edward Bartley and Martin White.

MRS. HILL VISITS HERE

Mrs. Jim Hill of Macomb, Okla., was here last week visiting her daughter, Mrs. A. A. McNeely, and son, Leslie Paris, and others, leaving Friday for home. She said Jim is doing fairly well but did not feel like coming down.

City Lets Award On Moving Lines

City of Tahoka on Monday let contracts totaling \$14,605.05 to Plains Utility Construction of Lubbock for moving water and sewer lines to make way for the four-lane US 87 through Tahoka. State of Texas will participate in the cost. There were eight bidders on the work.

Water lines at the north outskirts of town from the water field and connection with the Canadian River line will cost \$7,662.75 of the low bid, states City Administrator J. M. Uzzie.

Moving the main sewer line south of town will cost \$6,942.30, Uzzie said. This line will be changed from its present location to follow the highway southwest some distance then cross over to the east and connect again with the present line.

Bids Sought For New Reservoir

City of Tahoka is advertising for bids on the 150,000-gallon take-point reservoir, pump and chlorinator building, equipment, and pipe lines necessary for tying in to the Canadian River Municipal Water Authority pipe line at the northwest outskirts of town. Bids will be received not later than 3:00 p. m. Nov. 18 at City Hall here.

This reservoir and equipment is in addition to the present CRMWA reservoir now being built in northwest Tahoka by the Authority, as the present one is a regulating reservoir to control flow from here to O'Donnell and Lamasa as well as an outlet to Tahoka.

The City's project will include a 150,000 gallon concrete reservoir, pump and chlorinator building, three pumps, one chlorinator, controls, and approximately 3,900 linear feet of 8-inch water lines to connect with the City's overhead reservoirs.

Water in the CRMWA trunk pipeline reached Plainview Wednesday, and will reach the Lubbock treatment plant in about a month.

City of Tahoka has been building up a surplus fund for several years to cover the cost of the local reservoir and connections.

Library Board Elects Officers

Wes Owen of Tahoka was elected president of the Lynn County Library board in a meeting Tuesday night of last week at which time 14 people from the 17-member board were present.

Binie White, also of Tahoka, will serve as vice president; Mrs. Roger Blakney, New Home, secretary; Mrs. Fred B. Hegi, Tahoka, treasurer.

Mrs. A. J. Kaddatz is librarian, a position she has filled for a number of years.

The library board feels that much progress has been made and is enthused over the re-newed interest of the county organization. Bookshelves will be built soon on the east wall of the reading room, and 100 children's books have been ordered on loan from the State Library in Austin, according to Mrs. G. M. Stewart, a long-time leader of the local library.

Mrs. Kaddatz will have the library open on Wednesdays and Saturdays from 12:30 to 5:00 p.m., giving the citizens an extra 30 minutes to get books in and out of the library.

Garland Thornton is the outgoing president of the board.

First Freeze Does Some Damage

Light frost and ice in spots Saturday, followed by another freeze on Wednesday morning, nipped tender plants and resulted in damage to late cotton and maize.

Tahoka registered an official low of 30 degrees on Saturday morning and the same 30 degree low again on Wednesday morning.

However, the frost was killing only in spotted areas over the county last Saturday, farmers report.

Late planted cotton and cotton with a "top crop" has been damaged, The News is informed, but on the other hand many farmers welcomed the light freeze to defoliate plants for earlier harvest. Late maize was damaged. Extent of damage remains to be seen.

The freeze was the earliest, or one of the earliest ever recorded on the South Plains.

Flower Show Is Next Thursday

The Tahoka Garden Club will have its annual flower show Thursday, October 27, at the home of Mr. and Mrs. O. C. Roberts, 2416 North Second Street.

The flower show this year will have the theme, "The Sound of Music and Scent of Flowers." All members will make an arrangement.

One item of interest is the horticulture show. Citizens of the area are invited to enter this division. All specimens entered in horticulture should be brought in bottles and labeled and bearing exhibitors name. Larger specimens should be in quart bottles or equivalent; smaller ones in soft drink bottles.

As in past shows, there will be a division for men and one for children. All men and children who are interested are invited to come by the Roberts' home to see the flower show. You might be surprised at the talent among this group who are your friends and neighbors.

Mr. and Mrs. Roberts' home will be open to the public from 4:00 to 8:30 p. m.

New Home Plans Homecoming Oct. 28

The New Home homecoming banquet will be held Friday, October 28, at 6:00 p. m. in the grade school cafeteria. Classes of 1935 through 1938 are to be honored.

New Home Leopards will host the Wilson Mustangs Friday night and the queen will be crowned at halftime.

Members of classes 1935-1938 are to get in touch with Mary Bess Edwards, secretary, Box 294, New Home, Texas 79883. Other officers include Bernice Clem, president, and B. L. Ernst, vice president.

Tahoka Opens Conference Play With Coahoma Today

Tahoka Bulldogs open their '66 District 5-A conference play here tonight at 7:30 o'clock, and many homecoming ex-students are expected to be on hand. Opponents are another brand of Bulldogs from Coahoma, playing their first year in this district.

Tahoka is undefeated in six non-conference games, and Coahoma, which went to regional play last year, lost its conference opener at Plains last week.

The local boys nosed-out the previously undefeated Kress Kangaroos 8 to 6 here last Friday, but in doing so they lost their ace halfback, Cliff Thomas, 185-pound junior, who received a broken collar bone in the first quarter

Lumber Company Has Open House

Higginbotham-Bartlett Co., established 56 years ago as one of the pioneer firms of Tahoka, is holding open house today and Saturday in its all-new quarters on East Lockwood (Post highway) and Ave. H, a block east of the highway intersection.

In conjunction with the open house, the firm is holding a sale on many items and also is giving away a number of door prizes.

An entirely new plant at the new location was made necessary when right-of-way for the new US 87 highway was acquired through Tahoka.

While making the move, Higginbotham-Bartlett decided to go all-out in building a modern store warehouses, and lumber yards. Many new lines are being added, and a much larger stock carried in lines the firm has always carried. As a result, this will become one of the largest of its kind in the area.

The firm came to Tahoka in (Cont'd. on Back Page)

Tax Payments Are Coming In

Total payments on 1966 state and county taxes reached \$66,464.09 through Wednesday, about the same as last year, states Geo. McCracken, county tax assessor and collector.

Those paying state and county taxes during October will receive a three percent discount, and on November 1 the discount reduces to two percent.

Only 128 have registered to vote under the new law as compared to 119 last year under the poll tax law.

Mr. McCracken says many taxpayers are mailing in tax monies. He reminds these people they must also register to be eligible to vote.

SURMANS VISIT HERE

Dr. and Mrs. A. C. Surman of Post were Tahoka visitors Wednesday. He came over to pay some taxes and she came to collect a little historical data, her hobby.

Cotton Production Increase Can Mean Much To County

Miss Marla Bray Selected Candidate In Miss Teenage America Pageant

Miss Marla Bray, 17, Tahoka High senior, has been selected as one of the eight at-large among 65 finalists in the sixth annual Miss Teenage America contests which come to a climax with the CBS nationally televised pageant Saturday, Nov. 5, 9:00 to 10:30 p. m. in Dallas.

She has won an all-expense paid trip to Dallas for herself and her mother, Mrs. A. M. Bray, who will serve as her chaperon, October 29 through Nov. 3, when there will be a round of appearances, contests, and then the final big pageant.

Fifty-seven teenage girls have qualified in as many cities where local contests were held.

At-large entries were submitted by girls from areas other than the 57 cities holding local affiliated Miss Teenage America Pageants to send representatives to the week-long festivities in Dallas. There were several hundred of these applicants, which judges narrowed to 120, then to 25, and finally to eight. These eight will compete along with the 57, a total of 65.

Miss Bray was nominated by Dallas friends, following which she received an entry request. These at-large entries were judged on the candidate's appearance as determined from a photograph, and by scholastic records, activities, and indications of leadership.

Unlike the Miss America contest, there is no bathing suit competition, and more emphasis is placed on poise, graciousness, talent, as well as good looks. In the contest, Marla will pre- (Continued on Back Page)

Ayer Is Remodeling South Side Building

Gravel Ayer, who bought the Jaquess building on the south side of the square and moved to the new location recently, says he is just about through remodeling the building.

He is also making substantial improvements in his cleaning plant, and expects to have open house shortly to show it off.

Homecoming Dance After Game Tonight

A homecoming dance is being sponsored tonight after the football game by Senior parents in Community Center, according to Mrs. H. W. Edwards Jr.

"The Velvetens", who have just signed a four year contract with RCA, will furnish the music. Admission is \$1.00 per person.

C. of C. Will Back Marla Bray In Miss Teenage Pageant

Chamber of Commerce directors in a meeting Wednesday night heard a report on progress from a committee appointed to study means of securing a hospital for Lynn county and Tahoka. The information gathering committee is headed by Garland Thornton, and the information gathered will be presented the public shortly.

The board voted to sponsor Miss Marla Bray in the Miss Teenage America Pageant in Dallas, she having been selected as one of the eight at-large candidates to compete along with other nominees from over the nation.

The C. of C. voted \$130.00 to Lynn County Library for use in building book shelves in the reading room. Phebe K. Warner Club had recently raised \$90.00 for the project.

The Christmas decorations program and other projects were also taken up and action taken on several.

President Wayne Waters presided and Manager Maurice Small presented the financial report, which showed a healthy balance.

School Annual Award Winner

The 1966 edition of Tahoka High School's annual yearbook, The Kennel, received an honor rating Saturday at Texas Tech during the annual J-Day activities.

The honor rating is the highest rating awarded, and it is the first received by a Tahoka staff.

Stella Howle Howard edited last year's annual and her staff was composed of Mary Elyan Wyatt, Charlotte Warren, Nancy Parker, Paul Kenley, Brenda Riddle Cooper, Davaughn Evans, Karen Allred, Chloie Jan Huffaker, Jill Edwards and Vonceil Grogan.

Ten members of the 1967 yearbook staff attended the J-Day activities: Chloie Jan Huffaker, editor, Jill Edwards, Diane Wilson, Barbara Brown, Bill Brock, Brenda Foster, Lexi Adams, Mary Beth Kiser, Arlene Stephens, and Elva Jo Edwards.

They were accompanied by Mrs. N. E. Wood, who is now in her tenth year as sponsor of The Kennel.

Another Oil Well Finaled At Wilson

Wilson's second Glorieta oil well at the north outskirts of town, the W. Ridley Wheeler No. 3 Miriam Green, has been completed at 4,854-66 feet with a potential to pump 140.69 barrels of 36.8 gravity oil plus 80 barrels of water per day, following treatment with 500 gallons of acid.

Location is 660 feet from south and 1667 feet from east lines of Subdivision 4, League 4, Wilson County School Land survey.

Ex-Student Supper This Friday Eve

The annual Homecoming supper will be held tonight, Friday, from 5:00 to 7:00 p. m. in the Lyntegar building, states Mrs. Maurice Huffaker.

Tickets to the event are \$1.25 for adults and 75 cents for children 12 years and under.

This year's supper is being sponsored by the Tahoka Senior Parents.

Texas produced 9 percent of the world oil in 1965, 12 percent in 1960, 22 percent in 1960.

Lynn county farmers stand a chance to gain up to \$2 million cotton income in 1967 more than this year—1966—because of an increase in projected per acre yield from 402 to 459 pounds per acre, plus an increase of about 4,000 acres in cotton allotments.

Yield per acre is determined mostly by average production for the previous three years. This will mean an increase of about \$1 million in Government payments for farmers of Lynn county, plus another possible \$1 million on increased production.

Lynn County ASCS had called for individual cotton histories, and ASCS Office Manager Wallace Dove says figuring all this out in order to secure a county-wide production increase placed a tremendous work load on the Lynn county office.

"With a \$2 million increase in one year, this office is of the opinion a delay in check writing of two weeks is more than justified," Dove says. "This will help all of Lynn county, not just a few people."

Also, Lynn county's cotton acreage allotment is being raised from 176,171 acres in 1966 to 180,081 for next year. Part of this is from acres purchased from other parts of the state by Plains producers.

Dove says, however, almost all farmers in the county can expect a slight increase in their cotton allotment.

About 70 percent of the checks to farmers on final payments on cotton and feed grain payments have been mailed out, Dove says. In five days last week, checks totaling \$1,698,859.73 were mailed.

Dove says the local office regrets the delay, but hopes most farmers will understand the tremendous work load involved to start with, plus further delay made necessary by having to stop to figure allotments and yields for next year. These notices are being mailed this week.

Homecoming At O'Donnell Is Set

The ex-students of O'Donnell High School have declared a homecoming day set for Friday, October 28.

Activities will begin with a pep rally at the school gym at 3:15 p. m. A banquet for all ex-students and teachers will begin at 5:30 in the cafeteria honoring the class of 1941. The speaker is to be former coach and principal of O'Donnell High, "Red" Conger, of Vandaville, Texas.

At 7:30 o'clock Friday night, the O'Donnell Eagles will host the Plains Cowboys in a conference game at Johnson's Field.

Special events for the honor class will include a social hour at Maggie's at 3:45 p. m., and a coffee after the game in the home of Mr. and Mrs. C. R. Burleson. All ex-students are invited to attend the coffee following the game to be held in the Community Center in O'Donnell.

Wayne Clayton is president of the ex-students, Ralph Gary is vice president, and Mrs. Jack Minter is secretary-treasurer.

Wilson Church Is Site For Edwards-Mears Ceremony

First Baptist Church in Wilson was the scene for the double ring ceremony at 8:00 p. m. Thursday read for Miss Charlotte Janet Mears and Scott Allen Edwards. Rev. Mack Greenway officiated.

The bride is the daughter of Mr. and Mrs. Lloyd Mears, route 1, Wilson. Mr. and Mrs. Harmon Edwards, 5222 26th St., Lubbock, are parents of the bridegroom.

As the bride was given in marriage by her father, she wore a floor-length gown of white velvet, featuring a scoop neckline and petal point sleeves. A band of Alencon lace accented the empire bodice, which extended into a soft A-line skirt. The chapel-length train was attached at the waistline by two self-fabric bows.

The floor-length veil of imported silk illusion was attached to a crown of velvet loops and leaves accented by pearl sprays. She carried a white rose surrounded by feathered mums and accented by velvet loops tied in love knots atop a white prayer book.

Mrs. Larry Mears, sister-in-law of the bride, was matron of honor. Bridesmaids were Miss Mary Crick, Dallas, Mrs. Claudia Stoker and Miss Lynda Mears.

The attendants wore floor-length dresses featuring empire bodices of raspberry velvet over straight skirts of pale pink crepe. The bodices were designed with scoop necklines and long tapered sleeves. The empire effect, which was accented in front by small velvet bows, dipped to the waistlines in back. On their heads they wore raspberry Dior bows with short circular veils and carried pink roses.

Jeffrey Edwards of Cincinnati, Ohio, served his brother as best man. Groomsman were Troy Hurley and Charlie Mac Reasoner, both of Lubbock, and Larry Mears.

Ushers were Barry Davis and Sully Thomas Schramper, both of Lubbock, and Rodney Mears. Candelighters were Rodney Mears and Sully Schramper.

Mrs. G. L. Nelson provided organ music, and John Mason of Lubbock was soloist.

A reception was given in the church following the ceremony. The couple will reside at 2902 3rd Pl., Apartment A-10, Lubbock.

Mrs. Edwards is a graduate of Wilson High School and attended Texas Tech. She is employed by Latham's Department Store. Her husband is a graduate of Smyer High School and is a senior speech major at Tech. He is employed by Harrod Music Co.

Garden Club Has Meeting Tuesday

Tahoka Garden Club met in a meeting Tuesday at 11:00 a. m. in the Lyntegar board room when a short business meeting was conducted followed by a covered dish luncheon.

Mrs. Guy Witt introduced Mrs. Frank Greathouse who presented colored slides of the outside home Christmas decorations in Tahoka last year. She showed other slides to give Garden Club members new ideas on holiday decorating using flood lights and other all electric devices.

Mrs. K. R. Durham gave an interesting report of a trip made to Ruidoso by several club members last week.

Twenty-four members and two guests were present for Tuesday's meeting.

Judy Connolly Is Sorority Pledge

Miss Judy Connolly, daughter of Mr. and Mrs. Bob Connolly, is a pledge of Alpha Delta Pi at West Texas State University.

Judy is a sophomore at the university and is a 1965 graduate of Tahoka High School.

LEMON HAS BIRTHDAY

W. I. Lemon says he was 81 years "young" last Friday, and still spends much of his time working at Norwood's Laundry. When Mrs. Lemon passed away four years ago, they had been married 54 years.

EASTERN STAR MEETING

Tahoka Chapter No. 743, Order of the Eastern Star, will have its regular meeting Monday night, October 24, at 7:30 o'clock in the Masonic Hall. All officers are urged to be present. Members and visitors are welcome.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

A blistering attack on big business was recently written in the New York Times Magazine by Andrew Hacker, Professor of Political Science at Cornell University.

Hacker feels that big business has brain washed and badgered the American consumer, wielding gargantuan power with little control or regulation.

Corporate decisions, believes Hacker, even though ethical, C. W. Harder, and despotic, are absolute rule that must be obeyed. If the company products are not currently needed or in vogue, the public will be made to accept and buy them anyway.

Hacker explains: "The argument that the consumer has 'free will' deciding what he will and will not buy can be taken just so far. . . . The general rule, with fewer exceptions than we would like to think is that if they make it we will buy it. . . . The American consumer is not notable for his imagination and does not know what he wants. Thus he waits for corporate America to develop new products and on hearing of them discovers a long-felt need he never knew he had. . . . Thus we air-condition our bedrooms, watch color television in our living rooms . . . and cook at eye-level in the kitchen."

Regarding labor, Hacker states: "The large corporations govern the character and quality of the Nation's labor market."

Millions of Americans are told in so many words what skills they will have to possess if they are to fulfill the jobs that are available."

Hacker further asserts that whatever production methods are utilized, the worker must adapt himself to them and produce. The workers "not to reason why . . ."

Hacker cites additional restrictions of individual freedom by the corporate giant:

"Our large firms both have and exercise the power to decide where they will build new factories."

This corporate decision presumably affects the economy of the country when some areas are selected and thus enriched, and other locations are deprived of the wealth generated by the presence of the plant.

Hacker concludes his charges by stating: "The modern corporation is not and cannot be expected to be a responsible institution in our society." His reasons infer that as big business is motivated by power, domination and greed, anti-public actions will continue.

If the above statements and conclusions appear extreme, prejudicial, or merely ivory-tower, Professor Hacker's article in the widely circulated Times will be read both here and abroad.

"The public be damned" philosophy of William Vanderbilt may still be a greater part of much of the psychology of big business than is recognized, anti-trust laws notwithstanding.

CENTRAL NEWS

(By Mrs. R. L. Craig)

Our fourth Sunday singing will be held at Central Baptist Church this Sunday afternoon from 2:30 until 4:00 p. m. Everyone is invited to attend. Jim Jackson from Post will be the song leader, and Bro. Raymond Walker will also be present.

Rev. Joe Serratt from Lubbock has been called as pastor for Central Baptist Church. We had good attendance at Sunday School Sunday morning. We would like for all members to be present this Sunday morning for church services—a goal of 70 will be attempted. Harvest time is here—let us be thankful for what God has given us.

Oran and Maude Ramsey from Tahoka visited with Mr. and Mrs. S. B. Mathis and Grandmother Mathis Sunday afternoon.

Mr. and Mrs. V. L. Melton were supper guests Tuesday night in the home of Mr. and Mrs. Dick King and helped Mildred celebrate her birthday.

Pearl Herman, Wanda, Linda, and Carla from Lubbock visited and ate lunch Saturday with her parents, the R. L. Craigs. They went by Tahoka on their way home and visited her brother and sister-in-law, Mr. and Mrs. Harvey Craig, Karen and Cindy.

Artie Young spent Friday with her sister, Thresa Thompson at Post who lives on the Old Two Draw Lake site while Buck and Jurd went fishing.

Cordie Laws of Tahoka visited Wednesday evening with Mrs. Craig. The ladies made Christmas gifts.

Glynn and Ruth Mathis, Mr. and Mrs. S. H. Mathis and Mrs. S. B. Mathis attended church in Station Sunday night.

Jurd and Artie Young spent last Thursday night in Lubbock with their son and wife, William and Ruth Young. While in Lubbock the Youngs visited the Homer Harrison family. Sue Harrison gave them some fish to bring home. The Buck Thompsons came Wednesday night for a visit and the four enjoyed a fish fry.

Homer Harrison taught school at Garnolia in 1942.

William and Ruth Young of Lubbock attended the fiftieth wedding anniversary of Mr. and Mrs. Lewis Scott at Adamsville October 9.

Robert Craig and Jim Bob Porterfield have returned home from Falcon Lake where they had been fishing. Saturday evening Robert brought his parents, the R. L. Craigs, some fish. Thanks, boys—how nice of you.

Had a letter from Mrs. H. D. Gartman. Her husband Howard is able to be at home again after spending three months in Crosbyton and Spur hospitals and is reported to have gained 22 pounds since his release. People have been so nice to visit, send cards and letters (from four different states). They want their Lynn

county friends and neighbors as well as those in Fisher, Jones Crosbyton and Dickens counties to know how thankful they are of their kindness, helping her with her work as well as with Howard while he was so sick.

Dean Laws was honored with a birthday dinner Sunday in the home of Mr. and Mrs. Bill Ingle and family. Those present were Gene and Becky Ingle of Tahoka, Mary Lee Laws, Clifford and Cindy. Birthday cake and a nice dinner were served.

Monday night, October 10, Mrs. Whitley gave her daughter, Jo Ella Witcher, a surprise birthday party. Rocky and H. C. and Leo brought their guitar and entertained with music. Refreshments of birthday cake, punch and coffee were served. Those present were Allen and Lavene White and children, Rayburn, Hazel and Donnie Fitts, H. C. and Mickey Gribble and children, Olen and Marie Long and children.

Mutt Huddleston and G. W. Grogan went to Lake Stamford last Wednesday to fish. The wind was so high they had no luck at the sport.

Ray Ramsey underwent surgery in Highland Hospital in Lubbock last Tuesday morning. Mary Lee and Cordie Laws and Mary Craig visited with her Wednesday morning. Fay will be able to come home some time this week. We wish her a speedy recovery.

Story Roberts' daughter, Thelma Thomas, reports that her father was operated on in West Texas Hospital in Lubbock Wednesday for gallbladder trouble. Doctors had placed a pin in Roberts' hip last week after he fractured it in a fall.

Laverne McCleskey visited with Mrs. Craig last Thursday afternoon.

Craig talked to Uncle Mack Ritchey recently and he told me the Grassland Nazarene Church is planning a homecoming on October 30. He is looking forward to leading the song service and visiting with his longtime friends. Mrs. Ritchey is not feeling too well since she is ill with a virus. We are hoping she will be feeling better soon.

Mrs. J. B. Ray spent the week end in Post with her son and family, Johnny, Opal and children. Mrs. Ray had her house painted.

A Sale with a Reason...and Not Just an Excuse...

IT'S A BITTER PILL TO SWALLOW! But Here's the Low-Down. It nearly breaks our hearts to see our huge stocks of Quality Merchandise GO ON SALE at the ridiculously low prices you see advertised here!... But there's not much we can do about it for we have a serious inventory problem. WE'RE OVERSTOCKED with far too much merchandise for a store our size. We're NOT having financial difficulties — NOT TRYING TO RAISE cash — NOR are we in distress. We simply must dump HUGE Surplus Stocks at any cost to adjust our inventory. We have altogether too much of everything with a serious overstocked condition that is not healthy for any business. We're an aggressive firm, maintaining an enviable reputation and selling only the top brand name lines. But — like all well-rated firms there comes a time when mistakes occur and adjustments are in order. That's why profit is not the object of this sale. DUMPING STOCKS — REDUCING INVENTORY and stimulating business is OUR ONLY REASON for this sudden and drastic move. We consider it good business to take our losses now — swallow our pride and admit our mistakes. Nothing wrong in that — is there? That's why we have ripped, cut and slashed prices in every department — why you can save 20%, 30% — yes, even 50%. So — come shed a tear with us while we bury our mistakes and take our losses.

Soil Fertility Course Planned

Basic information on soil fertility and fertilizers will be presented in two intensive night meetings scheduled for October and November in Brownfield and Muleshoe. Extension Soil Chemist Jim Valentine says fertilizer dealers, agency personnel, and County Program - Building Committee members are invited to attend.

Sponsored by the Texas Agricultural Extension Service and the Texas Plant Food Educational Society these meetings will include presentations on fertilizer needs for the area and pertinent fertilizer research findings. Functions of nitrogen, phosphorus, potassium, and micronutrients in plant growth and their behavior in the soil will be discussed.

Meeting places and dates are as follows: Brownfield on Monday, October 31, and Wednesday, November 2, Party House in the City Park; Muleshoe on Tuesday, November 1, and Thursday, November 3, Fellowship Hall, First Methodist Church, 507 W. 2nd Street.

FD Club Holding Special Order Sale

Members of the Tahoka Home Demonstration Club are reminding Tahoka and area citizens that they may place orders in their "special order" bake sale anytime until October 31.

The local club will prepare cakes, cookies, pies, bread, candy - anything requested. Orders may be called to Mrs. Billy Jack Dunlap, 998-4370, or by calling 998-4650. Orders prepared for citizens of the town will be delivered. Cake prices start at \$1.50, and pies begin selling at \$1.00.

TOURING NORTHEAST

Mr. and Mrs. W. L. (Cap) Rowe write from Vermont that the fall foliage in the Northeast is quite spectacular. They were headed further east and on into Canada on Saturday on their tour.

Santa Fe Pays \$11,709 In Taxes

Current annual taxes paid to the various government agencies in Lynn County totaled \$11,709, it is announced by the Texas Railroad Association.

That amount was the county's share of the nearly \$10,000,000 the railroads paid in Texas on their own right of way and other property.

The biggest railroad contribution was to the school systems throughout the state. Large sums were also distributed to city, village and county governments and for road and bridge funds.

In addition, of course, was the large total in taxes the railroads' nearly 35,000 Texas employees contributed on their own property. The vast majority of rail workers, many of whom live in Lynn County, own their own homes.

Cottonseed meal is rich in nitrogen, phosphorus, and potash.

Gordon - Southland

(By Mrs. Edmund Wilke)
Jack Roberts spent last Wednesday night with his parents, Mr. and Mrs. Clark Barton. Jack has been taking flying lessons and he flew down here for this short visit.

Mr. and Mrs. Jim Hamaker and Mr. and Mrs. Payton Crawford and Debra went to Liberal, Kansas during the week end to visit with their brother and family, Mr. and Mrs. Frank Moore. Frank has been in ill health for quite a long time and had just been released from the hospital right before his mother, Mrs. Beatrice Moore, passed away and he didn't get to attend her funeral.

Webster Crawford, son of Mr. and Mrs. Payton Crawford, who is stationed in Viet Nam, will go to Hawaii this coming Friday for a five day rest.

The Crawfords received a letter from Donald Wayne who is stationed in the Panama Canal Zone and he has just received a promotion to sergeant.

Mr. and Mrs. G. D. Ellis visited in the Church of Christ in Idalou on Sunday. Mrs. Ellis' cousin, Bro. Vernon Simpson, is the minister of this church and they hadn't seen each other for 43 years.

Mr. and Mrs. Donald Pennell were dinner guests on Sunday of Mr. and Mrs. Kenneth Callaway and children of Post. In the afternoon, Mr. and Mrs. Pennell and their grandson Jay went down to Lake Thomas.

Mr. and Mrs. Kenneth Callaway and Stacy visited with Mr. and Mrs. Jack Hargrove on Sunday.

Mrs. Opal Pennell went to Slaton on Monday to visit Mrs. Elmer Howard.

Mr. and Mrs. Cecil Stolle moved into the Pennell house on Saturday. Mrs. Stolle's mother, Mrs. Bredemier, from Sweetwater spent the week end with the Stollers.

Little Brenda Belk, daughter of Mr. and Mrs. Elmer Belk, is having a birthday party today (Monday). The young lady is six years old.

Well, once again Southland came out the victors at the football game last Friday night. We played Loop and beat them 42 to 18. This Friday night the boys will be playing Dawson. It will be Southland's Homecoming. The activities will begin in the gym at 6:00 p. m. with a barbecue dinner followed by a business meeting and the crowning of the Ex-student Queen. The football game will start at 7:30 p. m. and the football boys will crown their football sweetheart at the half.

After the ballgame, donuts and coffee will be served in the gym. Edmund and Yours Truly attended a birthday party on Sunday for little Angie Wilke, daughter of Mr. and Mrs. Delmar Wilke. Angie was two years old. Others attending were Mr. and Mrs. Max Arrants and Beverly, Mr. and Mrs. Leroy Poer Christi and Max, and Mr. and Mrs. Jake Mueller. Mr. and Mrs. Arrants are Angie's grandparents and Mr. and Mrs. Mueller are her great grandparents.

Mr. and Mrs. Marcus Wilke have gone to LBJ Lake for a few days. We would like to extend our deepest sympathies to Mr. and Mrs. Billy Lester and boys. Mrs. Lester's uncle, Grover Mason, passed away and was buried last week.

Mrs. Robert Mason and Brenda visited the Billy Lesters on Friday and attended the Southland football game.

Rodney Callaway visited his parents over the week end. Rodney Callaway visited his parents over the week end.

Mr. and Mrs. Leo Stolle, Mrs. Mary Stolle and Roy and Mrs. Arno Albrecht, mother of Mrs. Leo Stolle, of Corpus Christi, made a trip to Georgia to visit Tom Wheatley, brother of Mrs. Leo Stolle, who is stationed there with Uncle Sam's army.

Several men from this community have gone to Lake Falcon fishing so I imagine there will be some tall fish stories going around when they return!

Mr. and Mrs. Jack Hargrove are leaving on Wednesday to go to Mesquite where Jean will spend some time with her mother, Mrs. Docia Copeland.

GRASSLAND NEWS

(By Mrs. O. H. Hoover)
It's pretty Indian summer again after our short cold spell. You can say one thing for good ole Texas, a high variety of weather.

Mrs. W. A. Oden had as a house guest last week her sister-in-law, Mrs. Blanche Gray of Clarendon. They visited Mrs. Hoover till bedtime Tuesday night.

Mrs. Hoover's grandson, Joe Hoover, wife and little daughter of Chattanooga, Tenn., visited in the Hoover home last Thursday. Joe's mother, Laura, came with them.

The fishing Huffaker bunch got home okay this time but their catch wasn't nearly so large.

Saturday, Oct. 15, was Mrs. W. G. McCleskey's birthday. Her son, Hoolie and wife, surprised her with a Mexican dinner at noon. A Mexican lady prepared the hot tamales. Attending were the Carlos McCleskey family and the W. L. Gribbles.

Mrs. Letha Porterfield visited a while with Mrs. Hoover Wednesday afternoon.

Mrs. Ada Oden and Mrs. Hoover attended the harvest festival at Graham Saturday afternoon and stayed for supper. Mrs. Oden was an overnight guest in the Hoover home.

The W. G. McCleskeys and Rev. and Mrs. Rawlings had lunch Sunday with the W. L. Gribbles.

The James Murray family and the Bert McDonald family had lunch Sunday with their parents, the Tom Murrays.

Mr. and Mrs. Rusty Dean visited with Mr. and Mrs. Willie Daniels in Post Sunday afternoon.

Mr. and Mrs. C. A. Walker visited their daughter and family in Seagraves. Kathy had been ill and hospitalized with strep throat but is much better now.

Mr. and Mrs. Roy LeMond, Jerri Pridmore, Mrs. H. W. Edwards and Mrs. Hoover spent the day Sunday with the Huston Hoovers in Littlefield.

Jim Bob Porterfield, Donald Basinger, and Robert Craig spent last week on Falcon Lake fishing. They caught about 50 pounds of fish and had barrels of fun. They caught their fish with rods and reels - the hard way (or was it).

The Dr. D. G. Porterfield family of Abilene were house guests of his parents, the Gus Porterfields Saturday and Sunday. They attended church services at the Grassland Methodist Sunday morning. D. G. grew up in this community.

Mr. and Mrs. Gerald Norman and family spent the day Sunday in Brownfield with Mrs. Norman's mother.

Congratulations to the Graham Methodist Church on their harvest festival. They collected \$1,500.00 (ain't that something for a small church).

The Robert Browns and W. J. Shook of O'Donnell were luncheon guests of the Gus Sherrills Sunday.

Mr. and Mrs. Frankie Bailey and family of Seminole visited in the Nowel Gaswell home Sunday. They brought their new twin sons. Kathy is missing some school this week because of illness.

Mr. and Mrs. C. L. Cook of Lubbock and her mother, Mrs. A. Z. Sewell visited in the home of Rev. and Mrs. Claude LeMond and family in Roscoe Sunday.

Mr. and Mrs. J. E. Sherrill visited in O'Donnell Saturday evening.

Guy LeMond of Snyder had lunch with his sister, Mrs. A. Z. Sewell Tuesday of last week. He has lots to tell of his trip - we are glad he is back.

Mr. and Mrs. M. L. Thomas have been on a trip to Kansas. Carolyn and family, Mr. and Mrs. John Haskell who live in Nebraska met them there. The Thomases were accompanied by Jimmie Lou and family of Petersburg.

Mrs. Sara Whitley had a Stanley party Saturday afternoon with 10 present.

Mr. and Mrs. L. S. Turner have been in Houston to attend the wedding of their niece. They also spent some time with their daughter, Jane and family.

Mrs. Amos Gerner drove down to Dallas over the week end to visit her daughter, Louise and an uncle who lives there. She came home Monday.

Amos Gerner has gone fishing, but I didn't find out where or who went with him.

Martins Attend Michigan Meeting

J. Dudley and Olive Martin, Tahoka, were among the 62 Direct Distributors attending a special two day Seminar at the home office of Amway Corporation based in Ada, Michigan, October 4-5. The Martins have been distributors of nearly 100 home and personal care products manufactured by Amway Corporation in the Tahoka area for three months.

The title of Direct Distributor is awarded by the fast-growing direct selling firm in recognition of the attainment of a high level of sales volume. The purpose of the Seminar is to give the new Direct Distributors an opportunity to see the Amway offices and plant and to learn new techniques which will help in the operation of the Direct Distributorship.

Becky Roberts, 15, daughter of Mr. and Mrs. Harold Roberts, underwent an appendectomy Sunday night in Medical Arts Hospital in Lamesa. She will probably come home the latter part of this week.

Billy Graham Film Will Be Shown At Sweet Street

Evangelist Billy Graham's feature-length dramatic film, "Shadow of the Boomerang," will have its Tahoka showing Thursday, October 27, at 7:30 p. m. at Sweet Street Baptist Church.

Staring vivacious Georgia Lee and television's Buffalo Bill, Jr., Dick Jones, "Shadow of the Boomerang" is an outdoor action picture with all the excitement and breath-taking scope of the land, "Down Under." Setting for the screen drama is Australia's "Outback," the continent's vast interior region where some of the world's largest cattle stations are located.

The two young Americans head an All-Australian supporting cast, playing brother and sister roles in a turbulent story of homestead life. Their arrival in Australia to manage newly acquired family holdings, plunges the couple into strange surroundings and situations with which they find it difficult to cope. The brother is immature and impetuous, slow to accept Australian ways. His sister is much more dramatic, readily accepted by her new friends with whom she joins in an attempt to instill understanding and tolerance in her brother.

Shot against the backdrop of the Billy Graham Australian Crusades, "Shadow of the Boomerang" seeks to underline the Godly reaction to human crises and conflicts. Spokesman for the Christian position is Billy Graham, seen in dramatic Crusade footage photographed at the site of the Evangelist's record-breaking crowds in Melbourne and Sydney. An authentic landline relay meeting which shared the big city Crusades with the stockmen of the "Outback," is used as an effective dramatic device in the story climax.

Bulldog Boosters Hear Scout Report

Coach Don Smith urged parents and fans to lend the Bulldogs encouragement and declared with a little more effort and team play the boys can still win district in spite of the loss of Halfback Cliff Thomas.

Mitchell Williams presided in absence of W. T. Kidwell, and announced all but 38 of the 230 cushions had been sold and that the club has \$1159.50 in the treasury to supply team equipment.

Mrs. Cecil Robinson read the minutes for Mrs. Becky Thurman, and announced blue travel bags had been ordered for both boys and girls basketball teams.

Coach Robinson gave the scouting report on Coahoma Bulldogs, and Coach Smith narrated the film of the Tahoka-Kress game.

Pilot Dies In Freak Mishap

A Reese AFB instructor pilot, Capt. Harry D. Logan, 34, was killed at 6:50 a. m. Thursday of last week in a freak accident in the Tahoka vicinity when a sand-hill crane crashed through the canopy (windshield) of the T-37 trainer jet he was piloting.

Another instructor, Lt. John D. Peterson, was uninjured, took over the plane controls and landed it safely at Reese AFB.

Officials at Reese said the plane was flying at 1,500 altitude at about 250 mph when the sand-hill crane crashed through the plane canopy and into Capt. Logan, killing him instantly. The crane had a wingspread of about six feet. Possibly the crane was from the Mound Lake northwest of West Point.

Capt. Logan's home town was St. Petersburg, Florida.

Mrs. Ed. Bartley's Sister Is Buried

Funeral services for Mrs. Elbert (Mona) Terry, 44, a lifetime Motley county resident, were held at 2:00 p. m. Tuesday in the First Baptist Church at Matador.

She was a sister of Mrs. Edward (Dean) Bartley of Tahoka, and died Sunday in Crosbyton Hospital following a lengthy illness.

Mr. and Mrs. Leon Davis and two children of San Antonio visited in Tahoka from Tuesday until Saturday with their parents, Mr. and Mrs. H. L. Duckett and A. C. Davis, and other relatives and friends, and attended the Herrin-Bryan wedding Friday night.

County's Market Rating Is High

(Special To The News)

New York—Lynn County gets a high rating as a market based upon its figures for the past year.

According to a national study of business activity, significant gains were registered in the local area as consumers, armed with better incomes, indulged in large-scale buying of goods and services.

The findings are presented in a copyrighted report, called Survey of Buying Power, prepared and released by Sales Management. It gives data on income and spending for communities in every part of the country.

In Lynn County, it shows, the amount of disposable cash in the hands of local residents was above average.

Total net income, locally, after payment of personal taxes, came to \$21,564,000.

What it boiled down to, on a family basis, was determined by dividing the income figure by the number of households in the area. Per household, it amounted to \$6,535. In 1964 it was \$6,179.

It is being used to buy bigger and fancier cars, better homes, hi-fi sets, air conditioners, travel and the host of other things that are wants rather than requirements.

During the first half of this year, according to various reports, the free-spending pace has continued in most parts of the country.

However, a decline in consumer spending and with all signs pointing to a continuation of the boom, local residents were more expansive than usual in their shopping.

As a result, they made the year a good one for retail merchants in Lynn County. The sales volume reached a total of \$14,101,000, bettering the previous year's \$12,914,000.

The rise, 9.2 percent, compares with a 8.5 percent rise in the United States and with 8.8 percent in the West South Central States.

The figures show that people are not only spending much more than in other years but that they are spending it in different ways. Their tastes and wants have changed.

With a smaller share of the pay-check earmarked for the basic necessities — food, clothing and optimism has been noted by some economists. They attribute it to inflation, the stock market slump, higher interest rates and the possibility of a tax hike.

Congratulations:

Mr. and Mrs. John King, 2339 Colgate, Dallas, on the birth of a son, their first-born, weighing 7½ pounds, on October 13 in Baylor Hospital in Dallas. Name, David Marshall. Grandparents are Mr. and Mrs. Elbert E. King of Tahoka and Mr. and Mrs. Felix McKnight of Dallas.

Mr. and Mrs. Billy Nance on birth of a daughter, their first child, at 10:35 p. m. Tuesday in the Lamesa Medical Arts Hospital. She weighed 6 pounds 5 ounces and has been named Tracey Lynette. The father is a farmer and a student at Texas Tech. Grandparents are Mr. and Mrs. James Trammell and Mr. and Mrs. J. E. Nance, all of Tahoka. Great grandparents are Mr. and Mrs. L. H. Bain of Tahoka and Mrs. T. E. Trammell of Lubbock.

electronic systems, industrial equipment and consumer control products. Bucey has headed this equipment and systems portion of the company since August, 1963.

Upon his graduation from Tech, Bucey worked as an associate research physicist in the Defense Research Laboratories of the University of Texas where he later received a masters degree in physics.

Following his studies at the university, Bucey joined Texas Instruments and was assigned to the Central Research Laboratories with responsibility for development of geophysical instrumentation, used by TI's Geophysical Service Incorporated companies in search of oil deposits. It was while he was in the research labs that Bucey invented a data processor, known as the SeisMAC, used by domestic and worldwide oil exploration companies to assist in discovery of oil deposits around the world.

Bucey has installed such systems in Dallas and Midland, Texas; Calgary, Alberta; Caracas, Venezuela; and Paris, France.

Following more years of research and development of different devices, Bucey became manager of Petroleum Instrumentation, then in 1961 General Manager of the Industrial Products Group of Apparatus division with responsibility for seismic systems, control devices, special-purpose data processing equipment, chart recorders, semiconductor test equipment, and digital data acquisition and processing systems.

He was promoted to vice president of Texas Instruments and General Manager of the Apparatus Division, which includes the Houston based Industrial Products Group plus the larger Dallas Government Products portion. Radar, infrared, sonar, missile and space systems and instrumentation are major produce lines of the Dallas-based division with customers being the three military services, National Aeronautics and Space Administration (NASA), and the Federal Aviation Agency.

In July of this year Bucey was given additional responsibilities with the addition of the Texas Instruments' Control Products to the Apparatus division, which has plants in Massachusetts, Kentucky, Canada, Michigan, Mexico, Brazil, Argentina, Holland, England and Italy. Products of the Controls group are Klaxon therostats, electric motor protectors, toggle switches, washing machine and dryer controls, and the major customers are electric motor manufacturers, the appliance industry, and the aerospace industry.

The division which Bucey now heads employs about 11,000 of TI's 40,000 employees.

Tahoka Wins 8-6 Over Kress Here

Tahoka Bulldogs remain undefeated as they nosed-out 8 to 6 the Kress Kangaroos, undefeated but tied once, in another close game here last Friday night.

This was the second week in a row Tahoka had upset an undefeated team, having taken Post the week before 6-3. This was the second week in a row the Bulldogs had pulled the game out of the fire with the big play, a pass from QB Mitchell Williams to End Chris Roberts, this one going for 71 yards for a TD with 4:41 left in the third quarter after an 0-0 first half. A pass Williams to Halfback Doyle Schneider for the conversion proved to be the deciding margin of victory. Kress scored in the fading seconds of the game, but Bulldog defense stopped a run for conversion.

Kress won the game on statistics, but not on the scoreboard, after Tahoka's star halfback, Cliff Thomas, 185-pound junior, went out of the game with a broken collar bone in the first quarter after having carried the ball only three times. He may be lost for the season, at least until the final game.

Game for Defense

Actually, this was a game for the Bulldog defense, always rugged this year, and in this game making the big plays when they really counted. Great credit has to go to defensive plays by Richard White and Sophomore Randy White, who covered two Kress fumbles, Gary Brooks, Tommy Kidwell, and Milton Edwards, who also covered a fumble; Mike Chandler, who had several rugged tackles, Jodie Edwards, Wayne Thurman, John Tyler, Chris Roberts, Schneider, Sophomore Billy

Curry, Sophomore Joel Inklebarger, and even Freshman David Rogers, who got a key tackle.

Kress was so tough on defense, Tahoka made only one first down in the second half, this the touchdown play. Rugged on defense were James Jackson, tackle on defense, Tommy Curry, Phil Bohner, Tommy Armstrong, and others.

Thomas Sets Up Threat

Kress received the opening kickoff, moved for 16 yards to the 40, had to punt, and Phil Boyd's punt went only 14 yards. Thomas made 3 and 2, a pass was incomplete, and Thomas punted 37 yards to the Kress 18.

Jackson, fullback on offense, made 12 at left end, but the Bulldogs stopped Kress on the 33, and Boyd punted 27 yards to the Tahoka 40.

On the first play, Williams pitched out to Thomas, and Cliff skirtd left end, raced 34 yards downfield, made a last desperate dive to stay in bounds and get as much yardage as possible as Bohner closed in on him and broke his collar bone.

Undismayed, the Bulldogs kept fighting and their tenacity paid off. Williams, who ran another great game under pressure, made Tahoka was on the Kress 15-yard

TAHOKA, TEXAS "Heart of the South Plains" FRIDAY, OCTOBER 21, 1966

EARLY RIG—Based on historians' reports, this is an artist's interpretation of the type of steam-powered device that Tol Barret used to drill the first Texas oil well in 1866. It reportedly employed the principle of today's rotary rig which bores a hole in the earth. In contrast, the cable tool, commonly used in many early wells, drilled a hole with the up-and-down motion of a bit suspended on a cable or rope.

New Home Will Meet Sundown

New Home Leopards will be out trying again this Friday night when they journey over to tackle the tough Sundown Roughnecks at 7:30 p. m.

Coach David Verner's young Leopards were overwhelmed last Friday at New Home by the rampaging Amherst Bulldogs 42 to 6. New Home's score came in the third quarter when HB Wayne Fillingim hit paydirt.

For the Bulldogs, Leon Hardwick scored thrice, David Lighter two times, Len Mixon and McAdams once each.

Lubbock Speaker At Rotary Club

"The Four Way Test" of Rotary was the subject of a talk at the local Rotary club Thursday noon by A. B. Watkins, Lubbock club member and assistant manager of Hemphill-Wells.

"The Four Way Test", a plaque usually seen in offices of Rotary Club members and also utilized by many other business and professional men over the country as an idealistic creed to follow, carries this wording:

"Is it the truth?"

"Is it fair to all concerned?"

"Will it build good will and better friendship?"

"Will it be beneficial to all concerned?"

The speaker told the story of how the creed originated. Back in 1932, Henry J. Taylor took over management of an aluminum firm on the verge of bankruptcy. In casting about for some means of pulling the company up, regaining its business, image, and respect, he came up with the "Four Way Test" policy, which idea he sold to employees, officers, and finally the public, which resulted in a great financial success for the firm.

Rotary adopted the creed later, and since it has spread to many business institutions over the world, who try to live by its four tests of ethics and fair-dealing with the public.

Binie White also made a brief talk on "What Tahoka Means to Lyntegar and What Lyntegar Means to Tahoka." He said Tahoka offers Lyntegar people a good, clean town in which to live, adequate labor force, fine associations, good churches, schools, and city services such as parks, recreation, 15 miles of paved streets, etc.

Lyntegar gives Tahoka a substantial payroll, for example, about \$40,000 in August to about 70 employees. 36 cooperative vehicles which traveled 70,000 miles that month and used about 8,000 gallons of gasoline, plus about 100 cars individually owned. Many employees own their own homes, are leaders in various activities, and the cooperative itself is the third largest taxpayer. There are 13,520 meters serviced in ten counties, including Lynn.

President Harold Roberts announced the Lubbock Inter-City meeting will be held on Thursday, Nov. 10.

E. L. Short introduced Miss Karen Elliott, who told of her Rainbow charity project and asked cooperation of Rotarians at the breakfast for men Saturday morning.

Student guests for October introduced by Ross Smith and Pete Hegl were Wayne Thurman and Tommy Kidwell, seniors and among the top Bulldog football players.

O'Donnell Meets Sudan Tonight

O'Donnell Eagles run up against another tough one this Friday when they journey to Sudan to meet the Hornets in a non-conference go. Sudan is undefeated and has beaten both Plains and Seagraves of District 5-A.

The Lynn County Eagles lost to the Gaines County Eagles at Seagraves 36 to 6 in their District 5-A opener.

Seagraves' Fullback Mike Bagley ran 11 yards to score in the first quarter, HB Terry Cummings went one yard in the second, and the half ended 12-0. In the third, Cummings ran 8 yards to score, Dennis McKinzie ran the extra points. O'Donnell's score came in the same period as QB Steve Gary went one yard on a keeper.

In the final quarter, End Tim Blair scored on a 22 yard pass, and FB Mike Swearingen on a one-yard buck, and Melvin Fran-

cis ran the extra points twice. O'Donnell had one potential touchdown nullified when an official ruled the runner stepped on the sideline upfield.

One-fourth of the gasoline tax is used for public education, the balance for roads.

THE B. R. TAYLORS

Rawlings Daughter Foreign Missionary

Rev. E. A. Rawlings, pastor of Grassland Church of the Nazarene, and wife have two grown children who are in key church positions.

Their daughter, Miss Ruth Rawlings, is a mission teacher for the church in Japan. Born and reared in Oklahoma, she is a graduate of Bethany Nazarene College and has her Master of Education degree from University of Oklahoma.

Their son, Elden Rawlings, is managing editor of Herald of Holiness, international publication of the Church of the Nazarene published in Kansas City, Mo. Elden is a graduate of Eastern New Mexico University at Portales in journalism, and holds a masters degree from Oklahoma U.

LINDA BURLESON IS COLLEGE CHEERLEADER

Miss Linda Burleson of New Home has been elected a cheerleader at Hardin-Simmons University in Abilene. She is a graduate of New Home High School and is the daughter of Mr. and Mrs. L. L. Nunley, route 1, Meadow.

farm income as a percentage of per capita non-farm income has increased 58 to 65 per cent.

"Farm prosperity, and the 'multiplier effect' of farm dollars spent on Main street, is making itself felt throughout the economy," Freeman said.

Mrs. Ellen Terry brought a persimmon to the office Friday. The fruit came from a tree raised by Mrs. Lou Rusk. Mrs. Terry said she first brought persimmon seed here from Ada, Oklahoma, about 1920. Years later, Mrs. Rusk planted a seed, which grew into a tree and produces delicious fruit. The Will Montgomeries raised persimmons for many years on the farm northwest of town.

Roy Nettles brought us a "mess" of turnips and some of the finest tomatoes one ever saw anywhere. There's nothing we like better and git less uv than turnips and tomatoes.

Mrs. W. H. Fulkerson, 1050 E. Mossman Rd., Tucson, Ariz., was greatly disturbed when she missed her News from Tahoka one week recently. She passes on some nice words about the old home town sheet and says she enjoys hearing, through the paper, about many old time friends. She and W. H. are both doing fine, but sound a little homesick.

The Printer would like to promote a little project, if some one would help us finance it, to gather all these old pictures possible, have copies made and framed and hung in the Lynn County Library or some other public place. We think it important to preserve the history of our county, the first families, and the development of this area from open prairie to a farming section. In fact, Tahoka could have a wonderful museum if there were sufficient interest, that would be a tourist attraction. There are historical sites that should be marked like Tahoka Lake, old Grassland, old Lynn, Double Lakes and T-Bar headquarters, Singleton Ranch, old Pride, Wilson Mercantile building, and many other spots have possibilities. But, so far, the Lynn County Historical Survey Committee has not been able to arouse too much interest in financing such projects.

How many of you farmers and businessmen believe this "hand-out" to the press from Washington last week:

A statement delivered to the news conference (by secy. Freeman) said net farm income—the amount left after costs—has increased 28 per cent under Freeman. It also said gross farm income has gone up 24 per cent, realized net income per farm has increased 49 per cent, per person income of farm people has gone up 43 per cent, and the per person

Dear Editor:

Congratulations on your new City building! And how wonderful to be able to use it for the collection of items in connection with the county history. I am so glad that I have been able to contribute a small part of that history, and trust the future will uncover more as I research my family histories.

I wonder if, due to your modesty, the people in your county realize your two BIG projects, re: at least one article or picture sometime in your paper telling of each early-day family in the county; and having all copies of your paper put on micro-film to be kept for posterity.

I wonder, too, if the people there know that the first presses, etc. from your office are in the Museum at West Texas State College at Canyon, Texas?

Help with research of my families would be greatly appreciated from those who knew them there. Names are McDANIEL, COUGHRAN, ATKINSON, KETNER, WILL DUNCAN, PROPS (one a foreman of the T-Bar about 1907-08), FLEMING, CHALK, and perhaps others. Aid in these will eventually add to your files, for I plan to put a copy in your records when they are completed. Please call on me if you think I have data that will aid your County Historical Survey committee.

We are in process of compiling our Crosby Co. H.S. Committee Scrapbook. . . . We were very pleased to have your editorial about Rev. Carmack's scrapbook. These early-day counties had much

J. E. LeMond Writes About Plane Trip Around World

J. E. (Guy) LeMond of Snyder, pioneer of Lynn county, has written The News some notes on his recent trip around the world, leaving Lubbock Sept. 15, and getting home last week.

Flew to Los Angeles, then to Tokyo some 7,000 miles by way of Honolulu and Wake Island, where he joined tour Travelworld. Rained most of time in Japan. Toured Tokyo's most famous places including Emperor's palace. Emperor just a figurehead now. Lots of Communists, but was told they hold very few seats in their Congress, similar to ours. Religion is Shintoism, takes care of you in this world and Buddhism takes care of you after death. People bow over backward to please.

Japan is very beautiful, pretty parks, farms. Some of country tropical, some very cold. Toured some of mountain country by railroad, then flew to Osaka, around 6,000,000, I was told, on up to Nara, then Kyoto.

We then flew from Osaka to Taiwan, Formosa, Taipei. Rains a lot in all these countries (100 inches). It was typhoon season and we got out in time. Had a few days sunshine after Formosa. People have lots of guts there, but our Sixth Fleet is near deterrent to anyone who might want to start something. I'm afraid we are strung out too much. Looks like they are self-sufficient, only a few things imported, like beef from Australia.

Flew to Hong Kong, Queen of the Middle East, most cosmopolitan place in world, or has that name. Still Buddhist. City on island, have to ferry over best up-to-date part, but we saw some of the worst conditions in part of the harbor. Largest part on China mainland, and they get water from Red China. Saw a lot of poverty; people looked like they were starving beggars. They think all Americans rich. We went up to where we could see Red China line, a fence electrified, on water part is guarded.

After three days, we flew over South Viet Nam at 28,000 feet,

cloudy under, to Bangkok, Thailand, a very large city. Flew over Mekong river, flooded a lot of country. Many thousand live in boats on rivers and canals; under all circumstances they are clean, and most wear Western clothes, at least middle class still on Buddhism. They are our friends. U.S. has 25,000 men in Airforce there; a lot of Foreign aid, besides everywhere we went except West Germany, and maybe some to Japan. Both a lot better off financially than US. I talked to quite a few in charge of a lot of construction in all places. I asked how do they do this, answer "Foreign aid."

We then flew to Calcutta, 6 million people, largest city in India. Then flew to Banaras, most sacred place for Indians. Ganges river sacred; also cows are sacred to them. India is Hindu, some Moslems. All people are cremated after death, brought to Ganges river, if possible. We saw three bodies lying on ground covered, being prepared for cremation with wood fire, takes two hours, a lot of ceremony, ashes strewn on Ganges, which takes them to Heaven.

England did not lose anything in losing India. English is spoken by a lot, and schools are British pattern, have three classes a day—not enough schools and majority never go. Some 490 million estimated now in India.

Foreign aid is scattered all over India and most all countries—Japan and Germany (west) came back on our aid; doubtful if any repaid. They have sense enough not to go in red and not to pay any back to "sucker" Uncle Sam—while giving aid to 112 countries and not receiving any back. Our Socialist leaders majority, with aid from Communist brothers who help engineer this aid, send a lot even to Communist countries—Communist influence in State Department, and our Supreme Court is the best friend the Communists and criminals have. Our U. S. is coddling Communists and slackers and sending our best blood to fight and die in Viet Nam. U. S. is the only country left which can prevent Communist take-over in the world—unless we wake up and let Americans do something about these give-aways and keep us from folding up inside, as Russia has said we are going to do. Wake up, Americans, before it is too late!

We saw a lot of famous places in India, Taj Mahal, Gandhi's tomb. New Delhi part is more modern, capitol.

We flew to Tehran, Iran, over Bagdad, Damascus, to Beirut, Lebanon, then to Cairo, Queen City of the Nile. Ninety percent of people in Egypt live along the Nile. Having seen Egypt, Lebanon, Jordan, and Israeli, Holy Land, Turkey and Greece, I quit tour and flew non-stop to Frankfurt, Germany, over the Alps mountains of Italy and Austria. Mountains look ominous, felt good that high (35,000 feet) over them, and had some snow.

West Germany is very progressive and a going place. Made a tour of East Berlin—a blot of bombed out places like they were in 1945—comparison, darkness to light—saw some of the famous landmarks. We flew "suicide alley", Berlin to Frankfurt—Russian jets patrol lines designated.

If you tell all, it would be much too long. I told some if I got back OK, I would not cuss for at least

Kress Game...

(Continued from Page 1, Sec. 2) line. Schneider made 2, Williams 5, and Chandler 2, almost to the 5-yard line, but on fourth down Williams was stopped right there and Kress took over.

Second Quarter Stand-Off
Kress moved out to their 16, and this time Boyd got off a 39-yard punt to the Tahoka 45. A Williams pass to Schneider was incomplete, and the next was intercepted by Ron Lockridge on the Kress 40 and he was downed on his 46. Three plays lost 9 yards with Thurman, Jodie Edwards nailing QB Dickie Jones for an 8-yard loss on a pass attempt, and Brooks stopping him on another.

Boyd punted 38 yards, and Tahoka was in business on its 27. Here John Tyler went 33 yards around left end to the Kress 40, but Tahoka had to punt. Joel Inklebarger, punting for injured Cliff Thomas, did a fine job under pressure, kicked to the 21. Jackson and Jones moved the ball up to midfield, bogged down, punted 30 yards to Tyler on the 20 and he brought it to the 24. Williams now hit Schneider with passes of 12 and 6 yards, two were incomplete, and Joel kicked as time ran out for the half.

Kress Stopped
Opening the second half, Inklebarger's kickoff was brought all the way to the 44 by Bohner, and Jones, Jackson and HB Charles Carden moved the ball to the Tahoka 30, then on a keeper Jones circled left end for 23 yards to the Tahoka 7, and it looked as if school was out for the Bulldogs.

But, Jackson was stopped for only one, and Tahoka benefitted when Kress drew a motion penalty back to the 11. On the next play, Jones was back to pass and Chandler chased him down, nailed Jones back on the 21. Kress came up with the old end around play next and End Armstrong went 7 yards to the Tahoka 14.

Fourth down, and Boyd now attempted a field goal from about 30 yards away but it was no good to the left.

Tahoka Scores Quickly
Tahoka took over on its own 20, and on the first play Schneider went up the middle 9 yards to the 29. Then, came the bomb. Williams faded to pass, saw Chris Roberts away down field, behind the defenders, and heaved a long, long one. Chris hauled it in about the Kress 45 and took off goalward with three defenders in pursuit, but as the Tahoka crowd went wild an official got in the way and Chris used him as a shield, either accidentally or on purpose, evaded would be tacklers and dashed into the end zone, a 71-yard play.

Williams, the slick ball handler, then mixed up the defenders and passed to Schneider for the conversion to make the score 8-0.

On the kick-off, Billy Curry nailed the ball carrier on the Kress 21, but the Kangaroos with

three weeks' time. Even if you went into their religious life, economics, educational facilities, no one would care to read it.

We still have the best country to live in, and all still have the right to vote as they choose. We are in Socialism now, and if the brakes are not applied the Communists will have an easy take-over. They are in United Churches, UN, most all colleges—under guise of "freedom of expression." Let's not sell America out!

4:41 left in the quarter now began taking out big chunks of yardage as they moved to the Tahoka 16 in seven plays.

But on the last, a 13 yard run at right end by Jackson, he was hit hard, and Randy White pounced on the fumbled ball. Tyler lost two, and a pass to Schneider was good for six, but Tahoka had to punt and Inklebarger now got off a 34-yarder.

Fourth Quarter Hectic
Now fighting desperately to hold on and Kress just as desperately to get back in the game, Kress had fourth down on the Tahoka 47, needed two yards for a first, but Jackson, the Colored power runner was stopped short by Thurman.

However, on its first play, Tahoka fumbled and Boyd recovered for Kress. Jones lost 2, then Carden went 10 yards to the Tahoka 36, and Tahoka was penalized for grabbing the face mask 15 yards

down to the Tahoka 21. On the next play, Kress fumbled and it was Randy White again who covered for Tahoka on the 22.

Tyler went for about 8 yards at left end as motion was ruled and Tahoka was set back to the 17. Williams made 10, but two plays later offensive pass interference was ruled on Tahoka back to the Tahoka 12.

Inklebarger punted out to the 44, then End David Hart caught a 14-yard pass, Jones made 7, Carden 5, Armstrong 6 on an end around, and Jones went around left end for 9 yards to the Tahoka 3. On the next play Milton Edwards saved the day, at least for this drive, when he covered Jackson's fumble on the Tahoka 3.

Tahoka couldn't move out, though, and Inklebarger's rushed punt into the wind went only 16 yards to the 19. Carden made 4, and Jones 2, and then Jones gave to Boyd and Boyd passed to Arm-

strong, downed on the Tahoka one yard line.

Jones was stopped at the line, and then Jackson went over right guard to score. Trying to tie the game, Jones went toward left end on a keeper, but was nailed short of the goal line by Richard White of the goal line by Mike Chandler, Mitchell Williams and Richard White. With the score 8-6 in Tahoka's favor, there was just time for the kickoff and one play. Roberts brought the kick from the 22 to the 39, and Williams killed the ball to run out the clock.
