Reward Fund Is Started Aid Bray Killing Inquiry

Local citizens this week started an "A. M. Bray Reward Fund," as a possible help to officers in solving the murder of Mr. Bray at his automobile agency here during the night of December 7.

Tuesday and Wednesday a total of \$1,000 was contributed to the fund and deposited in First National Bank.

Members of the reward fund are W. E. (Happy) Smith, W. A. Reddell, Frank P. Hill, and Huffaker & Green law firm. No definite goal has been set for the reward fund.

Interested citizens wishing to contribute to the fund may leave their checks at First National Bank, Piggly Wiggly Stores, or with any committee member.

Purpose of the fund is to encourage anyone having any possible evidence or leads to report the same to officers, and the reward fund will be paid to "the person, or persons providing information to the arrest and conviction of the person, or persons, found to have committed the murder."

"Operating Rules" formulated by Attorneys Huffaker and Green provide the committee shall "determine who shall be entitled to receive said reward, and in case of more than one claimant therefore, they shall decide how said reward shall be apportioned and divided. Their decision thereon shall be final."

If the reward is not claimed by Feb. 1, 1968, all monies will be returned to respective donors upon demand. No part of the fund will be used for any other purpose.

There are other minor provisions which The News will publish later.

"We feel law enforcement officers investigating the case have worked diligently in gathering leads, but none of these leads seem sufficient to warrant an arrest," reads a statement made by the committee. "Maybe a reward will encourage some one who knows something of value to report the same to the officers. Furthermore, we feel that in the name of law and order, decency, and in the good name of our town and county this is our obligation to try to protect the reputation we have as a law-abiding community. If this crime goes unsolved, who knows what person may be the next victim?"

Police Chief Jack Miller, who has been in the lead on the investigation from the start, along with the Sheriff's officers and the Texas Rangers, reports there has been nothing new turned up lately but that he is working on the case constantly.

Tom McNeely, son of Mr. and Mrs. "Shorty" McNeely of Plainview, who died last June 23 from injuries received in a traffic accident, was honored by Plainview High School at an assembly program there last Friday at 10:30 a.m.

During the impressive memorial program, Tony Bagwell, told of his association with and the accomplishments of Tom McNeely, 16, his late classmate. He then presented the principle a bronze plaque to be hung in the halls of Plainview High in memory of Tom.

Johnny Bennett, a sophomore classmate and president of the Student Council, gave the opening prayer and introduced the student speaker.

Attending the ceremonies were his parents, both of whom were reared in Tahoka; Mr. and Mrs. Harley Henderson, his maternal grandparents, of Tahoka; and an aunt, Mrs. JoAnn Chapman of Plainview.

Bulldogs Getting Close To 5-A Championship

Tahoka Bulldogs are in a commanding position to take the District 5-A basketball title, since they now stand 5-0, have a two game lead, and have only three games to play.

If they can win two of the three they will meet Aspermont in bi-district play.

Tahoka plays at O'Donnell tonight, Friday. Seagraves comes here next Tuesday, and the Plains come here Friday of next week winds up District 5-A Conference competition.

Coahoma upset Plains last Friday night, and Tahoka came into the driver's seat this Tuesday as they nosed-out Coahoma there 63-61, however Coach Robert Ryan's boys ran into foul trouble early and had trouble.

In play at Coahoma, Coahoma led 18-16 at the first quarter, but Tahoka jumped to a 37-27 lead by halftime and increased this lead to 50-35 at the end of the third quarter. In the fourth, desperate pressing by Coahoma, with several Tahoka boys in foul trouble, almost paid off as Coahoma scored 26 points to Tahoka's 13.

For Tahoka Mitch Williams scored 25 points, Lewis Hise 13, Mike Lankford 10, Cliff Thomas 6, Wayne Thurman 5, Doyle Schneider 4, Bill Bennett led Coahoma scoring with 19.

Tahoka lost the girl's game 50 to 41. Tresa Mason scored 21 points and Sue Woodall 17, while Kay Williams was high for Coahoma with 19. The victory gave Coahoma the 5-A girls title. Coahoma also won the B-team boys' game 40 to 37. For Tahoka, Tim Walker had 9 points, Jodie Edwards 8, Jim Adams 7, Charley Brown 7, and Billy Curry, 6.

Wilson Mustangs Leading District

Wilson Mustangs, undefeated in seven Class B conference games, play at Ropesville tonight and entertain Southland Tuesday, but then must also win the district tournament at Ropes Feb. 14, 16 and 17.

The district has the peculiar set-up whereby an undefeated team still is not champion unless it can turn back all comers in the district tournament.

The Mustangs seem to have been getting stronger as the season advances, David Peterson told The News Wednesday. Tuesday night, the Mustangs turned on the steam to defeat Cooper 78 to 38.

McAllister Builds Big Hot House To Raise Tomatoes

B. B. McAllister, who farms out southwest of Petty, is launching a new venture as an adjunct to his farming—raising tomatoes in a hot house.

He recently completed construction of a large hot house covering about one-seventh of an acre, or 6,000 square feet to be exact.

His tomatoes are already pretty well along and he expects to gather his first ripe ones in two or three weeks. He also has a small area planted to radishes.

McAllister hopes to market his tomatoes through food stores in this immediate area. He declares he expects to go a little "low on the project because he realizes he has a lot to learn about raising hot house tomatoes, culling, packing and marketing, but he believes there is an opportunity to pick up a tidy income from year-round production.

But, he has already found that a heck of a lot of tomatoes can be raised in 6,000 square feet, and it takes a lot of work and money.

E. L. Short, finance chairman, is seeking help from interested individuals and organizations. So far most of the work and funds have been furnished by the members and Lynn County through interest of W. M. Mathis.

Mrs. Birdwell expressed her interest and asked cooperation of people of the county in the worthwhile projects "because I think it is very important that we preserve our history now."

Miss Bray Wins Contest Place

Miss Marla Bray took first place in talent and fourth place in overall competition and a total of \$325.00 in U.S. Savings Bonds in the statewide Texas Junior Miss contest at New Braunfels last week end, sponsored by Jaycees. Miss Bray was entered in the contest by the Tahoka Rotary Club.

Miss Barbara Specht of New Braunfels was named Texas Junior Miss in the final pageant Saturday night, and will represent Texas in the national event at Mobile, Ala., in March. Miss Kathleen McCarty of Beeville was second.

Marla won a \$200 Savings Bond for fourth place, a \$100 bond for first in the talent contest, and another \$25 bond from the Jaycees for competition.

Mrs. A. M. Bray, who along with Mrs. Maurice Huffaker, accompanied Marla to the contests, said she was "highly impressed with the character of the event. There was a sincere effort to help the girls and the contest was a sincere effort to find the top one."

With bank deposits the highest in history, about the best thing that could happen to loosen up the economy and brighten up things would be a good soaking rain. Our's is still the greatest country in the world with the finest people.

As long as there are people in Tahoka and Lynn county, there will be a need for business and service institutions. Of course, if we sit on the cracker barrel and whine, a lot of that business is going somewhere else.

We wish Ronald and Jane Roberts success on their venture operating the theatre. They are doing their utmost to get the best family type pictures and furnish a fine place of entertainment. A show is an asset to the town and area. Let's back them up with attendance.

Some of our Latin-American friends are doing a lot of good work here in Tahoka trying to raise the standards of their race, break down prejudices, and encourage the Spanish speaking kids to get all the education they can and make a place for themselves.

One of these fellows is Junior Montemayor, who brought us an interesting and informative article the other day by one Carlos Conde from the San Diego Union, which starts out: "When I was growing up in a small Texas town on the Mexican Border, my teacher whipped me in school for speaking Spanish and my friends whipped me after school for speaking English. The first was to remind me I was living in the United States. The second was to not let me forget I was a Mexican."

The writer goes on in impressive manner to point out the problems of his race, the fact that "Latin", "Spanish" or "Mexican-Americans" are Americans, too, fighting for our country, trying to improve their lot in life, should not allow themselves to be ostracized, and should take part in community affairs as good citizens. At the same time, he urges his "compadres" of Mexican or Spanish extraction to retain their heritage while seeking respect and position among the Anglos.

Mr. Johnson is calling for economy on the local level. Maybe he could set a little better example by starting in Washington.

The Moody Courier says the Democrat party now stands for more power in Washington, while the Republicans have become the party advocating states rights.

As government becomes more and more centralized, the less the individual has to say in its operation. Government has become so involved in our time that bureaus are making laws, regulations are becoming law through publication in the Federal Registry, the President has great power to initiate new ideas, provisions and even laws, and our Supreme Court is twisting the Constitution to fit its off-beat thinking. Congress has just about been pre-empted by the Administrative and Judicial branches. However, there is some hope. Some Congressmen were recently jarred by the elections, and also had a chance to hear what the people back home were thinking about their liberal free-wheel spending spree on far-out domestic programs.

If all our subscribers who complain to us about the trend of the times would just write their lawmakers, we're sure there would be some changes in some votes.

Happy Smith brought in about a dozen and a half pioneer Lynn county pictures to add to the collection of historical pictures, and about fifty are now on hand to be framed and hung in some public place.

GRASSLAND NEWS

by Mrs. O. H. Hoover

These days are something for January! No fire at all except early morning and late at night. I believe if there was enough moisture things would grow. No rain in sight, the weather man says. Let's hope he doesn't really know.

This is youth week at Church of the Nazarene in Grassland. Sunday the youth of the church had charge of the services. James Murray served as general director of the entire program, Kenneth Huffaker was Sunday Superintendent and various youth taught the different classes. Deane Rash served as secretary and Delbert McCleskey as greeter. The worship hour was led by the youth as they furnished the music. A feature was a short play, entitled "Orchids for Doris," which contained a lesson on stewardship and was directed by Joy Laws.

Mr. and Mrs. W. G. McCleskey visited her sister, Mrs. W. M. Durose in Brownfield on Monday.

Mr. and Mrs. Gus Sherill and Paula and Mrs. Walter brought lunch and enjoyed a visit with their parents, the J. E. Sherills, on Sunday.

Mr. and Mrs. Vernon Cook of O'Donnell visited in the home of Mr. and Mrs. Clyde Childress Sunday evening.

Mr. and Mrs. C. L. Cook of Lubbock came to Draw Sunday for church services and spent the day with her mother, Mrs. A. L. Sewell.

The twin sons of Mr. and Mrs. Frank Bailey have been quite ill but are improving. The boys are the grandsons of Mr. and Mrs. J. C. Bailey.

Attending the youth program at O'Donnell Methodist Church Sunday night were Mr. and Mrs. Noel Casswell and family, and Mr. and Mrs. Gus Sherill. The young people had a very nice and inspiring program.

Mr. Era Aten had surgery last week. She is doing very well but can't walk as she has both feet operated on. She should be home in a few days. We wish for her a speedy recovery.

Visitors in the C. A. Walker home Wednesday were Eddie Allen and Mr. and Mrs. L. B. Burk of Tahoka.

Cleety and Lucille and Mrs. Lucian Walker were supper guests of Mrs. Hoover Thursday night.

Congratulations to Mr. and Mrs. Kenneth Gerber of Houston on the birth of a son, January 25 at 10 a.m. The little man weighed 8 lbs. His name is Scott Wilson. Everyone is doing fine except Grandpa Amos. He has taken to using a cane.

Mrs. Doyle Terry, Robin Rains, Tammie and Sherrie McGrew of Lamesa spent the day-Friday with the C. A. Walkers.

Rev. and Mrs. Rawlings visited a while with me Friday evening. Mrs. C. C. Jones spent one day with her sister, Mrs. Ivy Young in Post, last week. Mrs. Jones has a new car. Let's all go over and get her to take us for a ride.

Vince Gribble and Delbert McCleskey had lunch Sunday with Kelly Laws.

Lucy Cunningham ate lunch Sunday with the W. L. Gribbles, Hoolie, Lavern, Janette McCleskey and children had lunch Sunday with the W. G. McCleskeys. Quentin Murray was also a guest.

Mr. and Mrs. McCleskey visited Mr. Gartman in the Twin Cedars rest home in Post. Mrs. Gartman has rented a house close by and works in the home so she can be close to her husband. He seems to be doing very well.

Mrs. O. F. Haley seems to be improving a little. Visiting her last week were Jewel White, Mrs. Victor Kuykendall, Ruth Haley, Havah Haley, Laura Gerner, Carol Stolle, Amos Gerner and pastor Roy Calhoun.

Laura and Larene Gerner attended the funeral services of John W. Wells in Post Friday. They also visited Mrs. Kuykendall Tuesday afternoon.

Once nematodes get at your cotton, yields go down and so do profits. But with FUMAZONE 86 soil fumigant applied at only 1 to 2 gallons over-all an acre, you can take care of root-knot, sting, meadow and other nematodes—those tiny soil pests that attack plant roots, suck away profits. FUMAZONE 86 soil fumigant increases yields up to \$200 an acre. Many High Plains ranchers just like yourself tell us that's exactly what happened to their yields after their soils were treated with FUMAZONE 86. It can be applied right from the drum. No

mixing, no diluting, no nozzles clogged with foreign material. You can use the chisel method, the plowsole method or inject FUMAZONE 86 into your irrigation water. Could you ask for greater flexibility? Sure you could. So here it is. Apply FUMAZONE 86 before planting, at planting or after planting. It's the only type of soil fumigant that can be used on living plants. Ask your Dow Farm Chemicals supplier about it. FB Membership Drive Underway

County Judge, V. F. Jones, has designated the week of Feb. 6-10 as official "Farm Bureau Membership Week" in Lynn County. The local county Farm Bureau organization will have a special enrollment drive under way as part of a statewide effort to push Farm Bureau membership in Texas over the 100,926 figure achieved in 1966.

The Lynn County Farm Bureau ended its 1966 membership year with 934 families.

The official proclamation called for citizens "to give due recognition to this observance honoring the Lynn County Farm Bureau." Earlier, Gov. John Connally proclaimed the same period as "Farm Bureau Membership Week in Texas." The statewide drive is to be launched with big area rallies Jan. 30 in Lubbock and Dallas and Jan. 31 in San Antonio.

Howard Moore of Wells is chairman of the local county Farm Bureau Membership Committee. Mr. Moore said every farmer and rancher in the county is needed "as a member and leader" by the Farm Bureau.

"Each of us in agriculture has too great an outlay in our business not to do all that we can to protect our investment in capital, time, and labor," he declared.

Following is the text of the proclamation:

"WHEREAS, agriculture is essential to the economy of Lynn County, our State and Nation; and WHEREAS, the productive efficiency of our farmers and ranchers have helped stabilize food prices and the cost of living for all our citizens; and

"WHEREAS, this record of achievement has resulted from educational and technological advancement in agriculture under a free choice system; and

"WHEREAS, farmers and ranchers have recognized the value of joining together in organized effort to promote and protect their interests; and

"WHEREAS, three out of four farm and ranch families in this nation belonging to a general farm organization are members of the Farm Bureau; and

"WHEREAS, Farm Bureau is a free, independent, non-governmental, voluntary organization of farm and ranch families united for the purpose of analyzing their problems and formulating action to achieve educational, improvement, economic opportunity, and social advancement, thereby promoting the national welfare;

"NOW, THEREFORE, I, V. F. Jones, County Judge of Lynn County, do hereby designate February 6-10 at Farm Bureau Week in Lynn County, and urge our citizens to give due recognition to this observance honoring the Lynn County Farm Bureau. "In official recognition whereof, I hereby affix my signature this 31 day of Jan. 1967. (Signed) V. F. Jones, County Judge."

One Variety Certified Lint Program Planned For Wilson, New Lynn Area

A one-variety "certified lint program" is being launched this year by some farmers in the Wilson-New Lynn area in an effort to meet mill specifications and to get a better price.

The program is being sponsored by Paymaster and Sam C. Gatzki and Roy L. Kahlich of Gatzki Gin Co. and New Lynn Gin Co., who are seeking blocks of Paymaster III certified cotton.

Mr. Gatzki says those entering the program will be guaranteed 50 points above loan price. Where the program was carried out last year, he says farmers realized \$10 to \$15 per bale above the loan price.

All farmers interested are invited to a meeting next Thursday, Feb. 9, at 7:30 p.m. in the Wilson School lunchroom, when a Paymaster representative will be present to explain the program and answer questions.

Spinners don't like Plains cotton because of lack of uniformity, and this program is designed to furnish them what they want. The program is not new, but has already been tried in several Plains communities with success with a cotton that produces well, has character and uniformity.

"Certified" seeds are furnished the farmer by the breeder from his foundation stock, and grown in controlled blocks to prevent gin mixture.

The farmers' cotton will be gin-

Mr. Gatzki says he believes this is a type of program Plains farming has got to come to for best price available. Several farmers have already expressed interest and some are already signing up for the program.

Local Co-op People Make Missouri Trip

Farmers Chemical Company of Joplin, Missouri, was host on Tuesday, Jan. 24, to a group of 37 Texas farmers from a six county area near Lubbock. This was the first group tour in 1967.

The Texas visitors were members and patrons of six local co-operatives including the Farmers Co-op. Association of Tahoka.

Members from here were Curtis Stevens, manager; Othell Meeks, vice president; Robert Warren, secretary; Robert Edwards, director; and J. T. Miller, producer.

Traveling by chartered bus, the group had toured complexes in Enid, Okla., and Coffeyville, Kan., before touring the Joplin plant.

After this visit, they departed for Kansas City, Kan., where they visited the research center, then on the return trip home, they toured the Cooperative Farm Chemical Association, a huge nitrogen complex at Lawrence, Kansas.

Plastratone is so easy to use, that even if you never touched a paint brush before, you can get professional looking results with very little effort. Considering the results, Plastratone is the most economical coating on the market. This expensive looking texture finish is over 1/16 of an inch thick and would cost \$100 to \$150 to have done professionally. Having this done professionally would necessitate an additional purchase of paint to color the surface. Plastratone eliminates these expensive and time consuming steps at a fraction of the cost.

While you re-surface you re-color in any one of 10 popular fashionable tones. In the same operation, use on: wallboard, cement, stucco, plywood, plaster, brick, wood, metal and concrete.

Local Rotarians Talk At Meeting

Three new Tahoka Rotarians provided the club program Thursday noon when each gave a bit of his life history before coming here.

Cleatus Phelan, new county attorney, who came here from Plains, has had a varied career for a young man. Born and reared at Levelland, he graduated from high school there, worked as a Wyoming cowboy, spent two years in the Armed Forces, attended and graduated from Sul Ross State College in geology, spent three years in Alaska at Cardova, Kodiak, Seward, and Anchorage with the Department of Commerce in road survey work. He went back to school at University of Texas and received his law degree in 1963, and practiced at Plains two and a half years.

Mr. Phelan is married to a Levelland girl, and they have two daughters, ages 17 months and one month.

Rev. Hugh Daniel, said he was born in Plainview, lived on a farm at Muleshoe a couple of years, and his dad started preaching and they've lived a lot of places since. His dad's first charge was at Vigo Park. He graduated from high school at Lefors, attending McMurry College, and got his B.B. D. degree at Southwestern Seminary.

He then came to New Home as Methodist pastor, next was at Overton Church in Lubbock, and came to Tahoka last year after being at Idalou six years.

He and his wife, Joy, who is from Panhandle originally, have two children, Dawn 6, and Dane, 21 months.

O. B. Russell, a Senior Active Rotarian from Panhandle, came here from that town as an agricultural engineer with the Soil Conservation Service. He was in Rotary there 11 years, has attended four Rotary International conventions and one Conference in San Juan, Puerto Rico.

Born on the Missouri River in Kansas, he came with his parents here for an infant, was reared on the farm, and said he never had a lot of formal schooling, but through night courses and correspondent courses became an agricultural engineer. He spent 16 years with the SCS at Hereford and 13 with headquarters at Panhandle before coming here.

He and his wife, who passed away in 1961, have five children. Their only daughter works with Lawrence Rockefeller in New York City, who is interested in parks, and she meets interesting people such as President Johnson and his wife, Lady Byrd.

Ross Smith arranged the program and introduced the speakers. Harold Reynolds presided in absence of Harold Roberts, president.

"Bill of Rights" For Postal Customers

Postmaster General Lawrence F. O'Brien today called attention of Lynn County mailers to the new "Postal Customer's Bill of Rights" to help meet President Johnson's government-wide goal of improving the quality of federal services to the public.

Directed at post office window services, the Postmaster General has ordered the "Bill of Rights" implemented by two immediate steps at all post offices in the U.S. Instructions for fulfilling this have been distributed to all window personnel. Mr. O'Brien stated in connection with the new postal service improvement effort:

"President Johnson insisted that every federal employee give added attention to providing the American people with the very best service possible. Since your daily duties bring you in direct and continuing contact with our customers, I would like to tell you what I consider the type of service the American people have a right to expect when dealing with the largest business operation in the world."

1. A neat clean counter on which to transact business.
2. Service by well-groomed, neat window employees.
3. A friendly greeting, expressing a desire to assist.
4. Well informed personnel to help with postal needs.
5. Competent and correct information on inquiries.
6. Attitude of helpfulness, patience and congeniality.
7. The courtesy and tact that would be expected from a friend.
8. Polite referral when necessary, to give the appropriate service.
9. A feeling, upon leaving, that the post office is glad to serve and help at all times.

Certified Lint Program

Uniformity.

This is what we believe must be the goal of the cotton producers on the High Plains of Texas if we are to obtain our objective in producing cotton that the mills can and will use.

First, it is the responsibility of the cotton breeder to develop and maintain a cotton variety that produces well, has good character and, above all, has uniformity. The breeder then offers pure "Certified" seed to the producer which will in turn produce uniform lint.

We believe pure, uniform lint can be produced only by planting "Certified" seed. These "Certified" seeds are from the breeder, produced from his foundation stock, grown in controlled blocks to prevent gin mixture, and processed and stored in a carefully controlled manner by the breeder.

With all the aforementioned in mind, Paymaster Seeds has instituted a "Certified Lint Program" with Paymaster III cotton. This cotton will be ginned at selected gin points on the High Plains. It will be ginned in blocks at each gin point to prevent varietal mixture, and each bale will have a special tag attached to the bale at the time of ginning.

Paymaster Seeds will maintain a record of each bale produced under this program.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

While visiting historic Philadelphia recently, Terrence O'Flaherty, TV critic for the San Francisco Chronicle experienced a resurgence of patriotism, and noted in his column:

"... TV has never managed to breathe life into the once-lively Revolutionary period of America's past."

The West-tern U.S. has been photographed from every possible angle, and herds of cattle from the Texas panhandle to the Pacific coast have been photographed at great length. And needless to say, so have the cowboys—from the singing casual cowpoke of the 30's, to the moody maverick of the 60's, stretching the legend to the edge of credulity.

The Civil War was adequately covered since early film days, in such epics as "Birth of a Nation," and later, "Gone with the Wind."

Studios sprayed enough bullets into dummies, and burned a sufficient number of stogies and fires to satisfy the most ardent fan of the Prohibition and gangland era.

But the real birth of our nation, The Revolutionary War period, has barely been touched, although it was a time of great heroism, patriotism, and valor. A review of the American heritage is especially important today, in a time of corporate giants and governmental sprawl. It is easy to forget our start as a unified nucleus of states comprised of farmers and small businessmen.

A truly dramatic larger-than-life hero was Gen. George Washington, who valiantly led his bold little army to a David vs. Goliath victory. Also active were eloquent spokesmen for democracy like Patrick Henry and the Thomases, Jefferson, and Paine, courageous martyrs such as Nathan Hale, and the baffling traitor, Benedict Arnold, who possessed traits envied by other men, yet cowardly crossed to the other side.

All the elements for good drama are present in our Revolutionary history, yet have been ignored by TV and movie producers who prefer instead to monopolize the public's franchise with repetitive pap and mediocrity.

But maybe monumental figures like Washington would not be credible to present-day audiences, under the narcosis of the phony James Bond and similar Playboy magazine-type heroes, the destructive cowboy, "Hud," and the endless parade of sick, slovenly, or effeminate "heroes." Surely, none of the performers portraying the above mentioned types would be convincing as Washington, unless we could stomach George in a torn T-shirt, mumbling in his braids and patting his too-too platinum pompadour.

But perhaps the producers are wrong. The public might be more fed-up with these unwholesome anti-heroes than realized. Audience appreciation and increased attendance might be forthcoming with a cinematic reverse to authentic American history and heroes: virtuous, brave (but not super-) men, achieving noble and ideal goals. Rebels, yes—but rebels with a cause.

Meeting

moving to Los Angeles, he found his interests lay more in preaching full time. He began by accepting the assignment offered with the Northside church in Riverside, Calif. in November 1958. In 1960 Young went to the Central church in Bakersfield and in September 1963 moved to Lubbock, serving as associate minister with the Broadway congregation.

In June of 1966, Young accepted the full-time ministry open at Mancos, Colo., under the sponsorship of the Tahoka congregation. This challenging work is less than 10 years old and is considered missionary in many aspects. Located in the Southwest corner of Colorado, Mancos is ideally situated to be of encouraging service to the "Four Corners," a point where the corner of four states converge. Within this radius there are many small churches to be assisted.

Young also serves on the editorial staff of "Power for Today" and is a contributor to the "20th Century Christian Magazine."

Services for this series of meetings are scheduled for 10:00 a. m. and 7:30 p. m., Sunday through Friday. The public is cordially invited to attend any or all of these services.

O'DONNELL STEW SUPPER

The Sophomore Class of O'Donnell High School is sponsoring a Stew Supper from 5 until 7 p. m., Friday, Feb. 3, in the O'Donnell School Cafeteria.
