WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Steel has traditionally held the paramount position among U.S. industries. So much so, that, "As steel goes, so goes the nation," has been a byword.

Since its inception in America, steel has also had the prestigious association of important money names: J. P. Morgan, Andrew Carnegie, Andrew Mellon, Eugene Grace, Charles Schwab, and others.

The glistering industrial image of steel has been somewhat tarnished lately, however, by several offenses.

Charges were recently leveled at the industry by two economists professors, Walter Adams of Michigan State and Joel Diram of Rhode Island University, in the quarterly "Journal of Economics," which article was used by the Wall St. Journal as a feature story.

The accusation was that U.S. Steel companies spent enormous sums in the 1950's for open hearth steelmaking when, as the Wall St. Journal put it, "... it should have been clear that oxygen furnaces would be cheaper to build and would produce large volumes of high quality steel at savings."

The two economists contend that if the industry had converted to BOF (basic-oxygen furnace) production by 1960, "its return on net worth would have soared to 11.5 per cent from the 7.4 per cent realized."

"With the exception of Jones & Laughlin, not a single major steel producer in the U.S. installed an oxygen furnace prior to 1962. Two of the Big Three—U.S. Steel and Bethlehem, had no oxygen capacity until 1964, Republic not until 1965."

This reluctance to convert to BOF's has uncovered still another spot of steel industry decay—continuous casting. "The oxygen furnace is much better suited than an open hearth to feed hot steel to a continuous casting facility, because a BOF provides batches of steel at shorter, more predictable intervals," states Prof. Adams. And, ironically, the colossus of the U.S. steel, lags well behind poorer nations in adapting to continuous casting.

As a result, lower-priced steel from abroad flooded the U.S., frightening American steel firms to their obligation of introducing the new improvement.

The fact is laid bare, that despite anti-trust laws, U.S. Steel companies have been guilty of monopolistic pricing.

It is plain as iron that the steel business has been operating above the mainstream of U.S. free enterprise in adjusting their own monopolistic prices, rather than improving their product to meet competition as most business must do.

Steel, until threatened, liked their prices high enough to insure profits while operating at only 50 per cent capacity. With this medieval mentality the American economy, a more appropriate byword is: "If steel is leading the way, what's going to happen to the rest of the country?" Steel obviously doesn't care.

Cotton Quality Meet Planned

Cotton producers throughout Lynn County are urged to attend a special meeting on principles of improving cotton quality to be Wednesday, Feb. 22 at the Koko Palace, at 50th and Ave. Q in Lubbock.

County agent W. B. Griffin says the session will include talks on such topics as cultural practices, ginning methods, cotton grading and block ginning.

Featured speaker at the cotton quality meeting will be Dr. Mack Horn, economist with the National Cotton Council. Dr. Horn is recognized as one of the top cotton economists in the United States, according to Griffin.

Horn will discuss the world cotton situation and cotton supply and demand in the U.S.

Other speakers and topics will include: Dr. Harold Loden of Paymaster seed farms on one variety and block ginning.

Dr. Lavon Ray of the Experiment Station on variety selection for improving quality.

Mr. B. L. Sidonskey, head of the Cotton Ginning Laboratory at Las Cruces, N. M., on ginning for quality preservation.

Dan Davis of Plains Co-op Cotton Marketing Association on use of instruments in cotton classing.

Don Johnson, executive vice president of Plains Cotton Growers, on the role of the producer organization in improving cotton quality.

Lee McElroy, Lubbock county agent, on production.

The agent said the meeting will begin at 9:30 a.m. and continue in the afternoon following a dutch luncheon.

The cotton quality meeting is open to the public.

Lynn County Soil Conservation District News

ELMER OWENS HAROLD PAYNE

JIGGS SWANN

Farmers throughout the District should begin their pre-season irrigation on improved pastures, says Don Reed of the local Soil Conservation Service office.

By building up the underground moisture the grass will be off to a good start once the growing season begins. Normally it is recommended that a double application of water be applied now depending upon the soil and moisture conditions.

A damp moist soil will not freeze as deep as dry soil and the grass roots will be in a healthier condition once spring gets here and the growing season begins.

The same management applies to the lawns around your homes. Lawns and flower beds should be watered now to get them into shape once the growing season begins.

Many members over the district

already have started watering and several more plan to start this week, Reed says.

Traffic accidents are the leading cause of death among persons from ages 5 to 31, the President's Committee for Traffic Safety reports.

"ALL I KNOW IS WHAT I READ IN THE PAPERS" America's best-loved humorist also was one of the best-informed persons in his time. Nothing, it seemed, escaped his notice. His comments on the passing scene were applauded and repeated by millions the world over. "All I know is what I read in the papers" became his trade-mark. Will Rogers recognized that newspapers, more than any other media, are the common source of information of all the people. The simple fact that everyone knew immediately what he was talking about provided an important basis for his fabulous popularity.

## PTA Re-elects Mrs. Abbe President, Hear Program of Music and History

New officers were elected and a program enjoyed by about fifty people at Tahoka Parent-Teacher Association meeting Thursday night in the school cafeteria.

Officers for the coming year elected by acclamation were: Mrs. Robert Abbe, president; Mrs. Ralph Beistle, first vice president; Mrs. Maurice Huffaker, second vice president; Mrs. Billy Jack Dunlap, third vice president; Mrs. Alton Kelley, secretary; and Blake Lovelace, treasurer.

The slate of officers was presented by a nominating committee composed of Robert Edwards, Mrs. Everton Nevill, Mrs. Ivan McWhirter, Mrs. Hugh Daniel and Mrs. Huffaker.

Mrs. Abbe announced plans have been made for a game night this Saturday, Feb. 18.

There will be no meeting in March, but PTA members will participate in the Texas Public Schools Week open house to be held in the local schools on March 7. School work displays will be placed in down town business houses.

Mrs. Jimmie Wyatt's room was announced as the room count winner.

Mrs. Abbe also called attention to the 12 \$400.00 scholarships being offered teachers by Texas Congress of Parents and Teachers, and announced at least one local teacher is an applicant for one of these scholarships.

Mrs. A. M. Bray, program chairman, in her introduction said a patriotic theme was being carried out as suggested by the state organization.

A chorus from Mrs. Jimmie Wyatt's fifth grade class directed by Mrs. Kathy Littlefield, public school music teacher, presented two songs, "Make America Proud of You" and "This Is My Country". Gary Lewis was announcer and Mrs. Littlefield accompanied at the piano.

Mrs. Bray next introduced Frank Hill, who gave a talk on the history of Lynn County.

The speaker declared he thinks our home county and area history is important, and that we should try to preserve the heritage of the pioneers who settled this country.

Most of his talk dealt with little known history of the area during

the Spanish exploration, Indian, buffalo hunter, and early ranch days, followed by a brief outline of times since the coming of the settlers in the early 1900's. He expressed the belief our local history should have some place in the course of study of our local schools, but admitted this could not be done properly until people like him, who has done much research on early history of the area, has put the information in book form.

He has promised local teachers to print his talk in The News some time soon.

The PTA meeting was opened with an invocation by Mrs. Ivan McWhirter, the pledge to the flag, reading of the minutes by Mrs. N. E. Wood and the treasurer's report by Robert Edwards.

Once nematodes get at your cotton, yields go down and so do profits. But with FUMAZONE® 86 soil fumigant applied at only 1 to 2 gallons over-all an acre, you can take care of root-knot, sting, meadow and other nematodes—those tiny soil pests that attack plant roots, suck away profits. FUMAZONE 86 soil fumigant increases yields up to \$200 an acre. Many High Plains ranchers just like yourself tell us that's exactly what happened to their yields after their soils were treated with FUMAZONE 86. It can be applied right from the drum. No mixing, no diluting, no nozzles clogged with foreign material. You can use the chisel method, the plowsole method or inject FUMAZONE 86 into your irrigation water. Could you ask for greater flexibility? Sure you could. So here it is. Apply FUMAZONE 86 before planting, at planting or after planting. It's the only type of soil fumigant that can be used on living plants. Ask your Dow Farm Chemicals supplier about it. ## Junior High Tournament Gets Underway In City

Annual Junior High Basketball Tournament composed of teams from Post, Slaton, O'Donnell, Frenship, and Tahoka got underway in the Tahoka gymnasium Thursday afternoon, and Seventh and Eighth Grade boys and girls games will continue through Saturday night.

Tahoka Seventh Grade boys have already wrapped up the district championship, but Tahoka Seventh Grade girls enter the tournament tied with Slaton girls for first place, and Tahoka Eighth Grade boys are tied with Frenship for first.

Play will not conflict with the Tahoka-Meadow boys game here this Friday night.

Trophies will be presented all first and second place teams and consolation winners, and all-tournament teams will be honored Saturday night following the games.

Play began Thursday at 2:00 p. m. with Frenship and Post Seventh Grade girls playing.

Tahoka Seventh Grade girls were meeting O'Donnell girls at 7:00 p. m., followed by the Eighth Grade boys at 8:15 p. m.

Slaton-O'Donnell and the Post-Frenship Eighth Grade boys were also playing Thursday afternoon, as were the Post-Frenship Eighth Grade Girls.

Play will resume Friday at 1:00 when the Tahoka and O'Donnell Grade girls meet, followed by Slaton-Post Eighth Grade boys, and Tahoka meeting the winner of

## Bulldogs Take Plains Cowboys

Tahoka Bulldogs ended their 5-A Conference season Friday night with a perfect 8-0 record by defeating the potent Plains Cowboys 74 to 58, and they will represent the district in the play-offs.

The first half was very close most of the way as the local boys had a bit of trouble finding range. Plains led 17-15 at the end of the first quarter, but at the half the Bulldogs had a five-point 53-27 lead and were out front to stay.

Opening the second half, Tahoka scored three quick field goals and was never again in danger. The Bulldogs led 50-36 at the three-quarter mark, and coasted in for the 74-58 win.

The Bulldogs had 26 field goals to 18 for Plains, and each team made good on 22 charity tosses. Also, each team drew 18 fouls.

Mitchell-Williams led scoring with 30 points, 12 in the first half, 18 in the second, several of the sensational variety. Lewis Hise came up with 17 points, some of his shots being from outside. Doyle Schneider had 13, Cliff Thomas and Mike Lankford, 7 each. Wayne Thurman and Gary Brooks also saw action.

For the Cowboys, Mike DeVries had 18 points, Dan Field 12, and Lynn Rollin 10.

Tahoka also won the B game as Charlie Brown hit for 17 points and Billy Curry, Jody Edwards, and Tim Walker each had 9 points.

## New Home 4-H Club Plans Stock Show

The New Home 4-H Club met Tuesday with Mr. Bill Griffin and discussed the coming County Stock Show. Entries must be in by March 2, as pig judging starts at 10 a.m. on March 3 and Lamb judging starts at 10 a.m. on the 4th. They also discussed projects and buying steers.—Patrick Fowler, reporter.

## EDDIE HATCHETT HERE

Eddie Hatchett, Galveston real estate dealer, was a visitor here Tuesday night and Wednesday while en route home from Colorado Springs. Member of the pioneer Hatchett and Ketner families, he left Tahoka 41 years ago but still has many old friends and relatives here. He spent the night with the Jess Gurleys.

Never wait until the hole has worn through to darn socks. Darn when the sock has begun to wear thin.

Tape adjoining legs of two or more card tables together for an improvised buffet table.

A few moth balls placed in the garbage can prevent insect larvae during the summer months.

# GRASSLAND NEWS

by Mrs. O. H. Hoover

How did you like the snow? I was in Post last Tuesday at a Past Matrons party and when we come out to go home, we could hardly find our cars, they were so covered with snow. It was beautiful and so was the snow Saturday. Flakes looked as large as a 50 cent piece. So, it can snow in Texas! We will get rain in time; don't lose faith. Good-  
old West Texas always come through!

Grannie Walker is back home again. She spent two weeks in Littlefield with her son, L. J. and family.

Mrs. Hoover visited Mrs. Era Aten Thursday afternoon. She had surgery on both feet not long ago and is in a wheel chair. However, she is doing fine and is in good spirits.

Miss Gladys Fox has moved from LaVoy's Nursing Home in Tahoka to Post Twin Cedars. Drop in to see here when you are in town.

Mr. and Mrs. Rusty Dean visited her parents, Mr. and Mrs. Lydia Odum in Post Sunday afternoon.

Bobby Dean was at home over the week end. He attends college at Canyon.

Visitors in the Carl Greer home Sunday were Mr. and Mrs. Jurd Young and Mr. and Mrs. E. S. Turner.

We extend our deepest sympathy to the family of Mrs. Gus Gatzki. She was a lovely lady. She lived in Graham community a long time. They moved to Grassland and lived here a number of years and then to Gordon and, to Wilson. She was a faithful member and worked in the Methodist Church wherever she lived. She was also a member of the Eastern Star. May God bless and keep her family in His care.

Louise and Laura Gerner spent the week end at home with their parents, the Amos Gerners.

Mrs. Amos Gerner visited Emma Mueller and Madeline and Grandma Mathis one afternoon.

Mrs. Gerner, Ruth Mathis, Ella Bruster, and Joyce Johnson visited Violet Stone one afternoon.

Louise and Laura Gerner visited their grandmother, Mrs. O. F. Haley, in Slaton hospital. Louise says she is quite a lot brighter and more cheerful.

Pastor Rawlings and the Evangelist had lunch with the Kelly Laws family Sunday.

Mr. and Mrs. Odie Campbell of Post had lunch with the J. F. Moores Sunday.

Mr. and Mrs. W. L. Gribble had lunch with the W. G. McCleskeys Sunday, then they all attended

singing in Slaton.  
The Carlos McCleskey's had lunch Sunday with Mr. and Mrs. Elmer Rash.

The James Murrays and Tom and Lavonia Crutchfield had lunch with their parents Sunday. Mrs. Grady LeMond and daughter Ottilie and John Garnett and Mrs. Baggett of Lovington, N.M. spent Tuesday of last week with Mrs. A. L. Sewell.

Mrs. Etha Mae Caswell from Albuquerque is here staying with her father, J. E. Sherill who is seriously ill in a Lamesa hospital. His son X. L. of Fort Worth is here also.

Mary and Linda Childress visited home folks over the weekend.

Mr. and Mrs. Lewis McKay are visiting their children in Kermit, Odessa, and Lamesa. Mrs. Jeff Crawford and daughter Thelma Waller of Welsh visited Mrs. A. Z. Sewell Wednesday.

Mr. and Mrs. Clyde Childress and sister and brother-in-law went to Ark. to visit the sister of the two ladies. They left Wednesday.

Mr. and Mrs. Wes Luttrell of Tahoka and Guy LeMond of Snyder had lunch Sunday. They visited Mr. Sherrill.

Mr. and Mrs. George Childress and children visited both sets of parents Sunday.

The Jim Norman family spent the weekend at Lake Buchanan. Mr. and Mrs. Norman were there all week. It was too cold to fish over the weekend.

Mrs. Hoover visited Lillian Stevens a while Monday afternoon.

Mrs. Betty Belbo is on the sick list. We wish for her a speedy recovery.

Mrs. Lucy Cunningham, Mrs. Maggie Murray and Mrs. Ollie Huffaker visited Mrs. G. H. Spears in LaVoy's Nursing Home in Tahoka Monday. They report she is doing real good.

H. C. and Rocky Gribble will be on the Al Hayes program again this Saturday at 1:30 p.m. Call in your news, please.

### CARD OF THANKS

We want to thank everyone who has been so thoughtful while I was in the hospital. The food, flowers, cards and thoughts were all so appreciated. Thank you again for being so kind.—Mr. and Mrs. Edward Bartley and family. 21-1c

# Gordon-Southland News

(By Mrs. Edmund Wilke) Mr. and Mrs. Clark Barton went to Balmorhea, recently to visit their son and family, Jack and Nell Roberts. They reported that some farmers down that way are still pulling and ginning cotton!

Lynn Stabeno from Wilson spent the night with Yours Truly recently.

Last Tuesday night our High School basketball teams traveled to Wilson to play the Mustangs. Our girls won and the Wilson boys won, keeping them both in first place in this school district. The District tournament will start on Wednesday of this week over at Ropesville, Good Luck, Kids!

The Freedom Gospel Singers will present a program on Sunday, at the Southland Jerusalem Baptist Church beginning at 3:00 p.m. Everyone is invited.

Darrell Wilke attended a "Sweetheart Banquet" at the Roosevelt Clubhouse on Saturday night, February 11.

Mike Mason spent from Friday evening until Sunday visiting in O'Donnell in the home of Gregg Reed.

Mr. and Mrs. Vernon Lively were Thursday evening supper guests in the home of Mr. and Mrs. James Mason.

Mrs. Lucille Myers, and Mr. and Mrs. Fred Myers went to Ft. Worth recently where they attended the Fat Stock Show.

Miss Kelly Myers flew to El Paso this past week-end to visit with her cousin, Bennie Hahn.

Mrs. Lucille Myers attended a bridal shower in Spur on Saturday honoring Miss Nora Jane Mock.

Mr. and Mrs. Ned Myers and Mr. and Mrs. Eddie Gravel spent the week-end in Crosbyton visiting in the home of Mr. and Mrs. Bonnie Ragland.

Mr. and Mrs. Marcus Wilke and Mr. and Mrs. Jake Mueller have gone to L.B.J. lake for a few days.

Mr. Pat Taylor has gone to Galveston to visit with his little nephew who is a patient at John Sealy Hospital, where he is undergoing some tests.

Rodney Callaway will be in Southland this week-end visiting his parents, Mr. and Mrs. F. W. Callaway.

Mr. and Mrs. Elmer Gindorf, Mr. E. C. Stabeno and Lynn, Mar-

tha and Larry Wilke, Edmund, Darrell, Sherri, and Yours Truly were Sunday dinner guests in the home of the mother and grandmother, Mrs. A. Wilke of Slaton.

Brother and Mrs. Hill and Darrell were Saturday supper guests of Mr. and Mrs. Delbert Abshire.

Later in the evening, Mr. and Mrs. Buster York and four girls, and Mr. and Mrs. Irvin Cross were guests in the Abshire home.

Ann Monk, daughter of Mr. and Mrs. Howard Monk, celebrated her sixth birthday on Saturday with a party. Her little guests were Debra Crawford, Cynthia Wheeler, Christi Allbright, and Brenda Belk. They played, opened gifts and enjoyed refreshments of Raspberry Punch and Birthday Cake.

Edmund and Yours Truly visited in the home of Mr. and Mrs. W. Gallaway on Sunday night.

Mumps!!! that seems to be the word for today. It sure is going around in school and quite a few students are out with them. Some of the students are: Mickey Mason, Marla Shelton, Kirk Wheeler, Gregg Basinger, Kelly and Katrina Chaffin, Bobby Flores and Todd Taylor. The word Mumps makes us all nervous, because there are several girls on the basketball team that haven't had them, and they have all been exposed to them, and with the District tournament coming up, need we say more?

Mr. and Mrs. H. C. Dunn and Dayneen went to Muleshoe on Sunday to visit with Mrs. Dunn's mother, Mrs. J. E. Day and with an aunt, Mrs. E. R. Wright. Dayneen visited in the home of Sherill Mason.

Carolyn and Dee Hodges have returned from a two week's stay in San Angelo, where Dee attended a special school for the new Push Button Telephone Service. They returned to Southland on Friday and spent the week-end in the home of Mrs. Nellie Mathis.

Also visiting with Mrs. Mathis on Sunday were Delroy and Marie Odum and little Dickey, and Mrs. Jeanette Ticer and children from Lubbock.

See you here next week.

### CHAMBER OF COMMERCE MEET IN SAN ANTONIO

The Tourist Committees of the four regional chambers of commerce will meet in San Antonio on Friday and Saturday, Feb. 17 and 18 to hear about HemisFair '68 and make plans for joint projects to further tourism in Texas. The joint meeting was proposed by John Ben Shepperd, president of the West Texas Chamber of Commerce. The mapping and charting of all old forts and missions in the state is one of the projects which will be discussed. Governor John B. Connally will meet with these leaders at a luncheon in Austin on Monday, Feb. 20. The purpose of this meeting is to discuss legislative matters of interest to all of the groups. ## ROTUNDA, STATE CAPITOL Austin

When you visit the rotunda directly under the dome of the State Capitol in Austin you can see Texas in the past, present and future.

On the stone floor are the seals of Spain, Mexico, France, the Republic of Texas, the Confederacy and the United States. On the walls hang portraits of all Texas heads of state—presidents of the Republic and governors since 1846.

Then, looking some 300 feet straight up, one has an uninterrupted view inside the great dome. You can dream what the future has in store for Texas, as you lift your eyes.

Memories make Texans proud of their heritage. The present, too, is a challenge to continue Texas' great role in the affairs of our Nation. We all want our children to have a secure and safe future.

## Marital Ties Stronger In Lynn County Vicinity

New York.—Lynn County is a marriage-minded community. The records show that local residents marry early and stay married longer than people in most parts of the country.

By the same token, the proportion of divorced men and women in the local population is below average.

According to the latest Department of Commerce figures, approximately 73 percent of the Lynn County residents over age 18 are married and living together in normal husband-wife relationship.

By way of comparison, 66 percent in other sections of the United States are in husband-wife households and 68 percent in Texas.

Why is it that marriage is on a sounder, longer-lasting foundation with some couples than with others? One explanation has to do with money. A University of Michigan study, covering some 900 families, reveals that financial problems affect more marriages than any other category of disagreement.

This is so, it appears, even though financial security is not the most sought-after aspect of marriage.

A most-valued one, from the wives' standpoint, is companionship in leisure-time activities.

They rate it above standard of living and most other benefits.

Although family breakdown is termed the number one social trouble in the United States by the Family Service Association of America, it is somewhat less so in Lynn County.

Locally, there are fewer divorced people, in proportion to population, than in most communities.

The figures show that 18 out of every 1,000 local residents above age 14 are divorced or separated. This does not include those who remarried after having been divorced.

The rate is better than in the rest of the United States, where it amounts to 42 per 1,000. In Texas it is 46 per 1,000.

The net result of marital breakups in the United States, whether caused by divorce, death or separation, is that 4.9 million families, or 1 out of every 10, are now husband-less and are headed by women.

Half of these women are widows. Another one-third are separated or divorced.

### Local Farmers At Co-op Gin Meeting Held In Austin

Attending the 15th joint annual convention of the Texas Federation of Cooperatives the first of this week in Austin included Mr. and Mrs. Robert Edwards, Mr. and Mrs. Othell W. Meeks, and Mr. and Mrs. C. W. Stevens, all of Tahoka.

Mr. and Mrs. Frank Timmons, Mr. and Mrs. A. C. Fillingim Jr., Robert Poer, E. R. Blakney, L. C. Unfred, and Wilmer Smith, all of New Home.

Mr. and Mrs. Oscar Furlow, Mr. and Mrs. Ben Gilliam, Mr. and Mrs. Earl Greenlee, Mr. and Mrs. J. Weldon Martin, Mr. and Mrs. W. T. Snellgrove, and Mr. and Mrs. Wayne Mott, of O'Donnell.

Mr. and Mrs. Clarence Church, Mr. and Mrs. A. J. Gickelhorn, Mr. and Mrs. Milton Wied, Mr. and Mrs. Bobby Smith, Erwin Sander, Weldon Bailey, Yates M. Key, and Floyd Wilson, all of Wilson.

During its 25 years as the conference body of agricultural cooperatives of all types, the Federation has grown to represent 78,000 families through various cooperative associations.

Outstanding national speakers including Congressman Graham Purcell of Wichita Falls will highlight the program.

### PRESTIGE PLATES

The name of HemisFair will be carried far and wide by Texas motorists, when time comes to adjust those 1968 Texas car tags on their autos. A flash from Austin reveals that the Texas Highway Commission has approved the line "HemisFair '68" to appear on all Texas passenger license plates for the next year. The color will be white on black, a nice contrast that will make HemisFair stand out like all get out.

## Bi-District . . .

(Continued from Front Page) come on strong the last few games, Lewis Hise is a smooth player and has hot scoring streaks and Doyle Schneider is a spark-plug hustling all the way and also scores consistently. Gary Brooks and Wayne Thurman see a lot of action and are very valuable to the team. John Tyler, another hustling ball handler, has been sidelined several weeks with a broken collar bone. At least two or three other boys will be brought up from the B team to help out, if needed.

The Bulldogs have won their last ten games in a row, eight of them 5-A conference games, and have an 18-9 season record.

Coach Ryans boys started slowly in early season, but began to jell as a potent team early in January, and started their 10-game winning streak against Frenship and since have taken two each from Coahoma, O'Donnell, Seagraves, and the preseason favorite, Plains, then Colorado City.

In earlier non-conference play, the Bulldogs lost three of their nine games to Stanton, and one each to Crosbyton, Klondike, Sands, Slaton, LCC High, and Denver City. They won from Frenship twice, Southland, Wilson, O'Donnell, Farwell, Forsan, Garden City, and Morton.

Coach Ryan feels that the Bulldogs can win over Aspermont if they can hold the big boy down to some extent, keep the scoring below 60 points, and then have a fair shooting percentage from three or four of the Bulldogs.

He says the boys are in fine spirits and eager to win.

### Students Selected For "Who's Who"

Students of Tahoka High School have been chosen this week to be featured in the Who's Who section of the Kennel, school yearbook. The names of students chosen are listed, but the title they won will not be revealed until the yearbook is published.

Members of Who's Who are chosen by the teachers from sophomore, junior and senior students who are passing all subjects with an eighty or above average. They are judged scholastically, on leadership ability, dependability, participation in school activities, attitude and service. Best All-Around students are those junior or senior students who receive most votes.

Chosen this year were: Maria Bray, Jill Edwards, Davaghn Evans, Lexi Adams, Bill Brock, Elva Jo Edwards, Arlene Stephens, Cliff Thomas, John Tyler, Richard White, Debbie Wright, and Bonnie Eder.

### O'Donnell Junior Play Is Tonight

The Junior class of O'Donnell High School will present the three act play, "Hobgoblin House" Friday night, Feb. 17 at 7:30 p.m. in the O'Donnell High School Auditorium. Admission prices will be Adults - \$1.00, Students - \$.50.

Members of the cast are: Bob by Caswell—the caretaker, Sharon Dempsey—the spinster aunt, Nancy Burleson—the niece, Jill, Kathy Woolam—the older sister, Marion, Wayne Clayton—Jill's boyfriend, Rickey Arnold—Marion's fiancé, Judy Hardin—English Housekeeper, Mary Ann Richardson—the cook, Donald Hobson—the gardener, Randy Jackson—escaped maniac, Jimmy Williams—the headless phantom, Asst. Director—Joe Raye, Stage Manager—Cleta Massey, House Manager—Kent Wood, Sponsor—Mrs. Jerry Don Brown.

### WEST TEXAS TEACHERS WILL MEET MARCH 2 - 3

Area teachers from sixteen South Plains counties will meet in Lubbock Thursday evening and Friday, March 2 and 3. "Texas—The Future Is Now" will be the theme of the program when the West Texas Teachers gather in the eighth annual conference of District XIII TSTA. A general session will be held in Lubbock Municipal Coliseum beginning at 9:30 Friday morning.

# Tahoka Livestock Show Winners Are Listed

Tahoka FFA Stock Show last Saturday was a big success, as 142 hogs and 15 steers were exhibited, and judging by L. M. Hargrave of Texas Tech was very close in several classes, Billy Davis of the sponsoring Young Farmers states.

Rex Hamilton showed the grand champion steer, a Hereford, and Jim Adams the reserve champion, an Angus.

John Tyler had both the grand champion and reserve grand in the barrow division, the first a Duroc, and the second a Hampshire. Max Bartley showed the grand champion gilt, a Duroc and John Tyler the reserve gilt, a Hampshire.

Myrna Bartley won the steer showmanship award, and Martin Warren was judged the best swine showman.

Walton Terry was general superintendent, Davis was swine division superintendent, and M. L. McGeehee was in charge of the steer division.

Young farmers paid out \$254.00 in prize money.

## Tahoka's Use of Electricity Increased Five Fold In 17 Years, Speaker Says

Interesting fact about electricity were related by Bill Harr, a sales manager of Southwestern Public Service Company at Tahoka Rotary Club Thursday noon.

Invention of the electric light bulb by Thomas A. Edison in 1879 was only one of Mr. Edison's discoveries in a series when he set out to invent something every six months. These things he did with his own money "and didn't even ask for a government aid program."

Then, the first generating station which was set up in 1889 produced only 100 kilowatts to serve 500 people within a range of 5,000 feet. The speaker declared one individual household now uses that much electricity.

When Eubcock granted his company a franchise in 1917, they were obligated to serve customers with electricity only from dusk until midnight, and strangely this regulation still remains in the franchise.

Then, along came the washing machine, and electricity was made available daytime on Mondays as wash day. Next came the electric iron, and Tuesday was added to daytime service so the ladies could iron. From there, service grew into a 24-hour availability of electricity.

He told how, today, 10 generating stations serve the area, and how computers are used to control automatically the flow of electricity to Tahoka and other towns.

Next in advancement may be nuclear power obtained from sea water to take the place of gas, oil or coal for generating electricity. Texas independent companies, do-

serve, Jim Adams.

## Two Rural Wrecks During January

The Texas Highway Patrol investigated two accidents on rural highways in Lynn County during the month of January, according to Sergeant A. E. Roberts, Highway patrol Supervisor of this area.

These crashes resulted in one person injured, and an estimated property damage of \$925.00.

April 15 is the deadline to have your motor vehicle inspected.

During the past five and one-half months 230,000 or 33 percent of the approximately 700,000 registered vehicles in this region have been inspected. This leaves 470,000 vehicles to be inspected between now and the April 15 deadline. If this number of un-inspected vehicles were divided evenly among the 700 official inspections in this region, each would have approximately 672 vehicles to inspect in about 40 working days, or about 17 vehicles per day. The inspection stations in heavily populated areas will have more than this average to inspect. In areas where there are only a few inspection stations, you may have many miles to travel to get your vehicle inspected.

The Sergeant urges motorists to have their vehicle inspected with out delay to avoid the inconvenience of waiting lines.

Remember—no extension of the safety inspection deadline, April 15, 1967.

ing research on this, are now getting close to solving this problem. If nuclear proves more economical, the companies will switch to it.

He displayed a chart to show increased use of electricity in Tahoka, this town's load growth has increased five fold in he 17 years since 1950. Projecting further growth, he said SWPS is right now ordering transformers for 1969.

"Our company is vitally interested in Tahoka, its growth and economic well-being," he said. "We have bet our future on Tahoka, for we want to grow with it."

The speaker was introduced by Maurice Small, who was in charge of the program.

Prior to the program, Leighton Knox, George McCracken, and Maurice Small were elected new directors.

Marla Bray, club sweetheart, introduced the student guests for the month, Dusty Walker and Wendell Medlin, high school seniors.

**HIGH TEENAGE DEATH TOLL**  
 Almost one-fourth of all traffic fatalities in Texas were youngsters under the age of 20, says "Texans for Traffic Safety". All motorists are urged to use extreme caution in operating a vehicle around children, or with a young passenger in the car.

We read a letter in the Star Telegram in the "Letters from Readers" column that made us feel a bit sorry for the poor fellow who wrote it. Obviously he was city born and bred and was almost contemptuous of people in small "hick" towns. In retaliation, we'd like to say we feel sorry for the poor devil who has to live in the city. We've cast our lot in the small town, where there's not so much rush and hustle and life is relatively free and easy; where your neighbor is your friend, even folks who live clear across the county, and will come to your aid in time of need; where the first to leave the coffee bar "cleans the counter" at the cash register; where everyone speaks to everyone else and you can call the banker, the preacher, the businessman, the farmer, or the day laborer or his wife or aged daddy by a first name; where you may even go to church or an informal party in your shirt sleeves; yes, even where everyone knows the small-talk and gossip; where there are no strikers, or civil rights strife, or marchers, or sit-inners, or traffic jams, or cold-blooded businessmen, or corrupt politicians. Yep, we're glad to be a small town "hick."

Some people are crying "the blues," but if you'll just stop and think, things are not so bad as some would have you believe. As long as there are people and land to farm, there is going to be business to be had. The farm program has cut down the acreage to be farmed, resulting in need for fewer laborers and less fuel and farming supplies. But, there's more money in the bank than ever, and it's going to rain some day. We could miss a crop, but we've missed a lot of them in the past and we survived. We've lost some business firms, but we've also gained a few. There are some vacant buildings, but there's been several new ones built the last two or three years.

Lubbock has a lot of vacant buildings, many down town, and two or three blocks of down town buildings will be cleaned out soon.

Manager of one of the largest businesses in Lubbock told: "The Printer recently their business was down nearly 20 percent in 1966 from the previous year, but they don't intend to close up shop. Brownfield is hurt, and even La Mesa, which had its best crop in years, has vacant buildings on the public square. This is a thing that is going on over the entire South Plains. We're in a period of adjustment and must accept the fact. But, we must continue to go after business, to compete, to try to give service and meet competition, and to make our own people feel we really want their trade. It's not all just selfishness when we say we think our merchants should use more advertising to sell their wares, for most of our products are the same that can be obtained in the city but are backed by a real guarantee and friendship and home love and loyalty. We sort of like our town, and we think we'll settle down right here."

Come to think of it, how much has the big city ever contributed to your church or school or charity?

a business she has been in for the past forty years. And because she is four score years doesn't mean she is ready to throw in the sponge and call it quits."

Mrs. Lawrence Harvick clipped the following "Crazy Cake" recipe from The News the first year she was married, 1936, and she has asked us to reprint it because this cake is both economical and so easy to make, almost as easy as a mix—and is delicious, too. We'll guarantee the latter.

**Crazy Cake**  
 1 cup sugar.  
 1 egg.  
 ½ cup cocoa.  
 ½ cup lard.  
 ½ teaspoon salt.  
 1 teaspoon baking powder.  
 ½ teaspoon soda.  
 1 teaspoon vanilla.  
 1½ cups flour (sifted).  
 ½ cup boiling water.

Place all of the ingredients in a bowl in the order given. Do not stir until boiling water is added. Then beat 3 minutes, using a rotary beater, or 2 minutes if an electric mixer is used. Place in greased 8-inch square pan and bake 35 to 40 minutes in a moderately hot oven (325 degrees).

The following was sent in by Margaret Renfro, Lynn County Special teacher. It was taken from a "State Curriculum Guide for Special Education."

Mrs. Renfro says she wants to share "Children Learn What They Live" with people who do not have access to it. This tentative working guide was written by administrators, teachers and consultants in the division of Special Education of Texas.

**CHILDREN LEARN WHAT THEY LIVE**  
 If a child lives with criticism, he learns to condemn.  
 If a child lives with hostility, he learns to fight.  
 If a child lives with fear, he learns to be apprehensive.  
 If a child lives with pity, he learns to feel sorry for himself.  
 If a child lives with jealousy, he learns to feel guilty.  
 If a child lives with encouragement, he learns to be confident.  
 If a child lives with tolerance, he learns to be patient.  
 If a child lives with praise, he learns to be appreciative.  
 If a child lives with acceptance, he learns to love.  
 If a child lives with approval, he learns to like himself.  
 If a child lives with recognition, he learns it is good to have a goal.  
 If a child lives with fairness, he learns what justice is.  
 If a child lives with honesty, he learns what truth is.  
 If a child lives with security, he learns to have faith in himself and those about him.  
 If a child lives with friendliness, he learns the world is a nice place in which to live.

Help keep our town clean!

The Lynn County News, Tahoka Texas, Friday, February 17, 1967

Mrs. Charles (Mary Preston) Schroder, Fort. Hancock, writes: "The News has been sent almost 26 years to Hudspeth county and has been read in our family over 40 years. Many news items are known about at once which is often appreciated."

John Quincy Adams declined nomination to the Supreme Court in 1811 before becoming the country's sixth President in 1825.

Help keep Tahoka clean!

Thanks for the bouquet from Martin Wuensche, 1325 N. Rogers, Irving: "We enjoy the home town paper, and Elwanda and I always struggle to get it first, even with the many-paged Dallas paper. On top of the list above home town news is the Printer's Inkings. I think you do a lot of good with it, and if we had more people thinking like you do, this would be a better world to live in. You are in a position to reach so many people, above the average person."

**THE OLDEST ANSWER TO PRICE OBJECTIONS**

Two little boys were selling lemonade. One had a sign reading "Ice Cold Lemonade, 5c a Glass." The other sign read, "Ice Cold Lemonade, 4c a Glass." Said a passing prospect, "Why is your lemonade a cent a glass higher than the other little boy's?" "The cat fell in his," was the surprising answer.

Without knowing it, this little boy hit on a sound principle in pricing. When a price is low, all too often there is something wrong. The buyer who wants to take no chances in buying lemonade in which a cat has fallen is not tempted by the seemingly lower price.

**ATTITUDE IMPORTANT**  
 Attitude, rather than skill, can be the determining factor in avoiding an accident, says "Texans for Traffic Safety." The driver with the proper attitude may not be as skillful as another driver, but he will more than often avoid getting into an "accident situation."

Mrs. W. M. Harris Sends Love To Old Friends

Many people will remember Mrs. W. M. (Clara) Harris, who with her husband owned Tahoka Telephone Co. many years, later, the funeral home and Harris Hardware. For several years she has been in Baptist Geriatric Hospital in San Angelo, and writes The News editor and wife:

"Dear Lynn County News Letter: I go thank you so much for letting me get my Lynn County paper so regular. It is like getting a letter from friends. Rev. Henly gives it to me at the Chapel every Sunday.

There are so many of my friends going until it makes me sad. But that is one thing we will all have to do sooner or later. I'm very happy I'm still living. I might live to be 90 yet. I'm doing just fine.

I left all my sadness and troubles in a little bundle and left them with the Lord when I left Tahoka. It was very hard to make up my mind to do what I did.

We went from Naples, Texas, to Tahoka in October 1916, arriving there on Thursday, went to the First Baptist Church on the first Sunday after arriving. We had our membership in that day, and of course it has been home to me ever since.

I love everybody in and around

## Do-It-Yourself PLASTER & PAINT

CRACKED WALLS—CEILINGS IN ONE OPERATION

Plastr-tone is so easy to use, that even if you never touched a paint brush before, you can get professional looking results with very little effort. Considering the results, Plastr-tone is the most economical coating on the market. This expensive looking texture finish is over 1/16 of an inch thick and would cost \$100 to \$150 to have done professionally. Having this done professionally would necessitate an additional purchase of paint to color the surface. Plastr-tone eliminates these expensive and time consuming steps at a fraction of the cost.

While you re-surfaces you re-color in any one of 10 popular fashionable tones, in the same operation. Use on: wallboard, cement, stucco, plywood, wallpaper, plaster, brick, wood, metal and concrete.

## Mix-Up Bowling League Results

The Old Folks and the Rollin' Stones split 2-2 in their games this week as Lil Todd led the way with her high game of 195, and Babe Evans with 498 series. Dave Airhart rolled 179 and 466 high for the Stones. The Sometimes did it this time with 3-1 games over the Liveoaks. Bill Smith totaled 192 and 529 for the Sometimes while A. C. Fillingim had high game of 176 and Virgil Haley had series of 451 for the Oaks.

The Fairlanes beat the Night Owls 3-1, when Wayne Price led the League with a 217 high game and 610 series. Helen Lee Peek scored high for the Owls with 189 and 509.

The Gutters and Guys totaled high in all four games against the Aces. The Halfords shined as Della took high game with 204 and Jodie took series with 504. Wayne Tekell led his team with 166 and 464.

Tahoka, and always loved you all as knew you were good friends.

I am very crippled, as you know but am living day by day. The Lord has been with me all the time. I get to go to Chapel twice a week. They roll me in my chair, Sunday School on Thursday morning, church on Sunday held by different denominations. There are so many Christian people here and so many different nationalities, some Indians, Mexicans, Negroes, and others.

The Lord is and has been good to me, having this lovely apartment. He answers all my prayers. I have lots of friends here now. Everybody is so lovely to me. I do thank the Lord He left me with my eyes, ears, and my memory. What could be better? When you see so much sadness and so many crippled, it makes you think if I could just do some things I used to be happy. Just a little pat on the shoulder or a kiss on the cheek really helps a shut-in that can't be bought with silver or gold. It shows LOVE.

With love,  
Mrs. Clara Harris.

## WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

What is the influence of corporate giants on U.S. foreign policy? It becomes increasingly evident that government officials frequently consult the giant corporations who have huge investments and business stakes in the particular foreign nation.

The oil companies, for example, have an interest in the Middle East that amounts to billions, and have significantly influenced U.S. foreign policy as well as bringing the country to the brink of involvement in war. One incident occurred after the Middle East crisis of 1956.

C. W. Harder, the Suez Canal was shut and European petroleum was cut off. 15 U.S. oil companies proceeded to combine, under government sanction and supervision, disregarding antitrust laws, and organized a European oil-conveyance system.

To further their opportunity, during the London Suez conference of 22 nations, Aug. 16, 1956, the oil executives conferred with Sec. of State Dulles, Under Sec. of State Herbert Hoover, Jr., advising them of the oil company's interest.

In Feb. 1957, Joseph O'Mahoney, chairman of the Senate Oil Investing Committee, subpoenaed documents of the meeting, including personal memoranda of oil executives. O'Mahoney's comment is revealing: "My interpretation of the memorandum is that it indicates the close alliance between the needs of the oil corporations

operating in the Middle East with the Department of State in the development of American foreign policy in that area."

"Our State Department has maintained the closest relationship with these oil companies and their officers. These are the facts which I hope is wrong—that the giant oil corporations have greater influence in directing our foreign policy than do members of Congress."

Another "crisis" occurred in 1958, when President Eisenhower assumed the "calculated risk" of dispatching 5,000 marines to Lebanon.

Commenting on the situation, the Wall St. Journal editorialized: "What are we fighting for? The most direct answer is that we are fighting for the oil fields of the Middle East."

A clue might be revealed in the statement by the vice president of Chase Manhattan Bank in charge of the bank's Far Eastern operations:

"In the past, foreign investors have been somewhat wary of the overall political prospect for the (Southeastern Asiatic) region. I must say, though, that the U.S. actions in Vietnam this year—which have demonstrated that the U.S. will continue to give effective protection to the free nations of the region—have considerably reassured both Asian and Western investors."

Are we fighting for national security and the preservation of our system, or merely sacrificing U.S. manpower to solidify a wedge into Southeast Asia to secure a financial empire for America's corporate giants?

## PLAIN'S BAPTIST ASSEMBLY

Plans are complete for construction of a new auditorium at Plains Baptist Assembly. This camp is located ten miles south of Floydada. It serves 180 Southern Baptist Churches and missions in the Lubbock and Caprock Plains areas.

The new structure will seat 1,000 people. It will make provision for year-round usage. The summer camping program alone attracts about 6,000 persons each season. In addition to this, conferences, seminars, church groups, area meetings, and many state meetings will be held there.

Each area church will conduct a fund-raising program to help with the costs, which are estimated at \$80,000.00. The facility will be ready for the camp season this summer.

Oceans cover 71 per cent of the earth's surface and produce 90 billion pounds of food a year.

## RIGHT OF WAY

Failure to yield right of way figured in 10 per cent of the fatal accidents on the rural highways of Texas last year, according to the Department of Public Safety. This being the case, "Texans for Traffic Safety" suggest you don't depend too heavily on other drivers doing what they are supposed to.

There are now about 2,000 cities in the world with over 100,000 population.
