MY NOMINATION for the most entertaining bit of free reading that has crossed my desk in quite some time is the Neiman-Marcus Christmas Book 1967.

Now, I don't make a practice of giving stores especially out-of-town stores plugs in my column, but this "Christmas Book" or catalogue to us plain folks, is just too much.

In fact, it reads like a fairy tale instead of like the common, ordinary "wish book."

For example, if you're in a particularly generous mood this season, why not give that favorite lady a wig for Christmas? N-M has one that I'm sure she'd be pleased with... it's only \$35.00 (this is not a misprint!)

Of course, it is spun out of 24 karat gold and it's a "one-of-a-kind" creation, so you'd better hurry up and place your order before someone beats you to it.

By the way, it might not be a bad idea to hire the cavalry to protect whoever winds up with the hairpiece... someone's Indian blood might just urge them to take a scalp!

If the wig is a little rich for your blood, they do have cheaper items. Like "His and Her camels" for people who have been promising themselves to slow down, this also is not a misprint. The matched pair of desert plutocrats sells for a nominal \$4.125!

Or, how about an umbrella handle for \$1.800... a clock for \$8.500... a cigarette case for \$12.000... or an oval chalcodony box for \$5.500. By the way, someone would have to tell me what a "chalcodony box" is before I'd buy it!

If you're a butterfly collector, N-M has them in prices ranging from \$110 to \$19,500 in the form of jeweled pins!

And, if you ate too much after Thanksgiving, N-M has one of their "escape routes" to put you back in trim for only \$650 plus 15 percent "service fee in lieu of all gratuities," this means tips, I think!

The escape route includes a one week stay in N-M's "Greenhouse" particularly effective if you happen to be "potted."

Seriously, The Greenhouse according to N-M, is "an island of serenity... a place to diet delectably on low-calorie banquets supervised by our fabled Director of Restaurants... where experts see to it that skin is silked, waistlines are supple, legs limber, hair gleams. The payoff in perked-up psyches is priceless."

## Salvation Army Drive Scheduled

A fund raising drive for the Salvation Army will be conducted in Tahoka beginning December 12. It has been announced.

## Open House Is Saturday

The House of Flowers, Tahoka, is planning a "feeling" open house for Saturday, December 2. Mrs. Anita Billman has announced.

## Early Christmas Mailing Asked By Postmaster

Faced with the certainty that Christmas 1967 will set an all time record for mailing of Christmas cards and gifts, Postmaster Charles Townes today requested your cooperation in his annual "Mail Early for Christmas" campaign.

The postmaster stated that here are the things to watch to be sure that every Christmas card and gift package will be delivered before Christmas Eve.

First, check your Christmas card and gift list very carefully—be certain each address is complete with full name, street and number, city, state and ZIP Code number.

Second, stock up soon on sturdy packing materials for your gift packages, including heavy wrapping paper, corrugated cartons, strong cord and paper adhesive tape.

Gift boxes should be packed tightly to prevent slipping or rattling and should contain sufficient cushioning material (excelsior, wadded-up papers, cotton, batting or similar material) to prevent damage to the contents if the parcel is accidentally dropped or a heavier parcel falls on it.

Complete return addresses as well as complete address of the recipient should be included. Address on one side of package only. An extra address label containing the complete return as well as recipient's address should be packed in.

I've seen the N-M Christmas Book for the past several years and they never fail to be entertaining. If not slightly absurd, at least in terms of my pocketbook!

One year, their big item was His and Her submarines. I forget the price and last year their big promotion was "How to Spend a Million Dollars at N-M."

Perhaps that's the secret of their success... they think BIG! Regardless of whether or not anyone actually does spend a million there in one chunk, the idea of being rich is priceless in terms of promotion.

Let's see, for \$1,000,000 the Lynn County News would see WILLIAM PG. 10

# Lynn Bale Count Near 35,000

BRR! IT'S COLD!--Mrs. Stanley (Zack) Price, an employee of the Lynn County News, represents just one of many Tahoka residents who had an ice scraping job Tuesday after drizzling rain and below freezing temperatures Monday night. In all, the moisture amounted to less than an inch, with slides clearing Wednesday afternoon. (News Photo)

Lynn County ginnings stood at more than 30,000 bales according to an unofficial poll conducted Saturday of county gins by the Lynn County News.

Total count of the survey was 33,849 with estimates of actual number of Lynn County bales used in relation to gins which are located in the county, but near the border of another county.

Most gins seemed to be at or near their peak of activity for the year, but moisture Monday morning brought a halt to the harvest in parts of the county and caused a general slow down throughout the area.

The 33,849 figure represents a little more than one-fourth of the 100,000 bale yield for the county.

According to Saturday's survey, Tahoka gins had received 5,678 bales; Wilson and Way-

side nearly 5,000; New Home, Lakeview, and Petty, 12,446; and Grassland nearly 1,500.

This year's harvest is almost a reverse of last year's trend, with production in the northern half of the county ahead of the southern half.

O'Donnell reported 3,441 with Wells, New Moore and Draw swelling that figure to over 5,000 bales. West Point ginnings were over the 2,000

mark.

Ginnings in the Gordon-Central-Hackberry area are estimated at around 1,500 Lynn County bales.

According to the official Department of Commerce reports, 2,535 bales had been ginned in the county through October 31 this year compared to 5,881 in 1966, indicating that this year's harvest may be somewhat later overall than last season.

## ALMOST 1,000 ACRES Lynn Cotton Allotment Boosted

Lynn County's 1968 base cotton allotment will be almost 1,000 acres greater according to figures released recently by the state office of the Agricultural Stabilization and Conservation Service at College Station.

Allotment for 1968 is 181,001 acres compared to 180,023 in 1967. Projected per acre yield remains at 459 pounds.

In 1967, however, Lynn County gained a net total of more

than 5,000 (5,058) acres through selling, leasing and transferring of allotments from other areas of the state, boosting total county acreage. This trend is expected to continue again in 1968.

The 23 High Plains member of Plains Cotton Growers, Inc. have been assigned a total

cotton allotment of 2,178,558 acres for 1968, up 12,686 acres from the allotment this year.

The weighted average projected yield for the 23 counties is set at 529 pounds, down 13 pounds from this year's 542-pound average.

## Notices Mailed, Meeting Slated

There will be a meeting on Monday, December 4, at 7:30 p.m. at the Lynegar Electric Building to explain the 1968 cotton and feed program.

Wallace Dove, ASCS Office Manager for Lynn County, will be in charge of the meeting.

Dove noted that 1968 cotton allotments and yields were mailed on November 27, to Lynn farmers. Persons having any questions about their yield or allotment should contact the ASCS office before 5 p.m. on December 12, 1967.

## WILSON HAS TO WITHDRAW Tahoka Tourney Action Gets Underway Tonight

The annual Tahoka Invitational Basketball Tournament gets underway today (Thursday) and continues through Saturday, but with one less team than was announced last week.

Wilson, one of the four Lynn County competitors, has been forced to withdraw both girls and boys teams from the tourney due to conflicts with the Mustang's bid Friday night for a regional football championship.

Even though Wilson will not be able to compete this year, the yearly Lynn County Championship will be decided from among the three remaining teams and the special trophies will be awarded.

Due to Wilson's withdrawal, Tahoka teams will draw byes in first round action Thursday and tournament play will not get underway until 3:15 p.m. on the first two days instead of the originally scheduled 2:15 hour. Tahoka was to meet Wilson in both boys and girls tilts on Thursday.

## FOR REGION CROWN Wilson Vs. Bronte In Snyder Friday

Wilson's Mustangs will face their second Longhorn herd in as many weeks Friday night, meeting the Bronte variety to settle the Class B Regional championship.

Site for the tilt is the Snyder High School grid iron with a 7:30 p.m. kickoff time. Fresh from a 41-0 slaughter of the Vega Longhorns in bi-district action on Thanksgiving, the Mustangs of Coach Bobby Davis are seeking their first regional championship in the school's history and bring a 9-2 record in to the fray, compared to an unblemished record for Bronte.

BULLETINI A pep rally for the Wilson Mustangs will be held Thursday (tonight) at 7 p.m. in the Wilson High School Gym. Everyone is invited to attend.

The Longhorns, champions of District 3-B, posted a 48-0 SEE WILSON PG. 4

## Marla Bray Is SMU 'Royalty'

Marla Bray, daughter of Mrs. A. M. Bray, Tahoka, is one of ten SMU coeds recently selected as "Royalty" in competition to name the school's Cotton Bowl Princess.

Approximately 50 SMU coeds were entered in the competition with the Princess selected from among the top ten chosen, the remaining 9 to serve as "Royalty". The SMU Princess will compete against representatives from other SWC school for the Cotton Bowl Queen title.

Miss Bray, a 1967 honor graduate of Tahoka High School, was the only freshman named to the top ten in the contest. She was entered in the competition as the Snider Hall representative.

She also serves as president of the freshman dormitory.

## ATTENDANCE URGED Scout Drive Starts With Breakfast

A fund drive which is very important to the more than 100 Tahoka Boy Scouts, Cubs and Explorers will get underway Friday (December 1) with a 6:30 a.m. kickoff breakfast at Tahoka Cafeteria.

According to Jack Jaquess, Tahoka scout finance chairman, all workers who have been notified and other persons who would like to help with the drive are urged to be at the breakfast, promptly at 6:30 a.m. so that the meeting can be completed by 7:30 a.m. Breakfast will be served free to the workers attending and Jaquess is expecting a turnout of about 50 persons.

At the meeting, each worker will receive a list of persons to contact in regards to the fund drive.

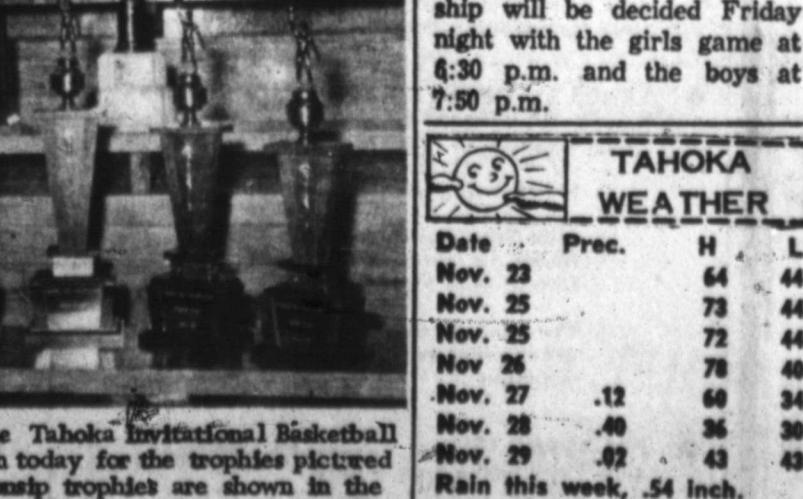

Tahoka's quota of the \$150, 911 which is budgeted for the

South Plains Council is \$1,500. The Council, of which Tahoka is a member, serves a 37-town area with the majority of the revenue coming from United Funds in the larger cities.

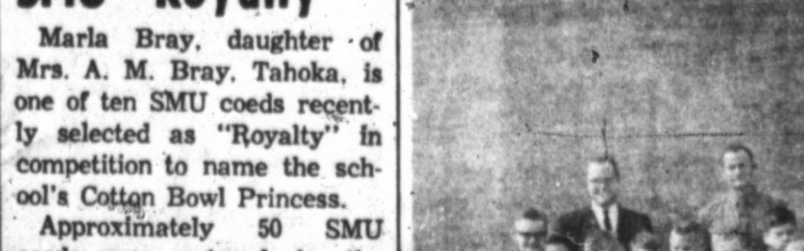

Approximately \$15 per year is required for each Scout, Cub and Explorer.

Jaquess pointed out that the local Scouts now have been provided a "nice meeting hall by the city, but they still need funds to maintain their participation in national programs which are the basis of Scouting."

Jaquess hopes to complete the drive in a very short period of time and hopes that "everyone will consider the many worthwhile benefits Scouting provides for our local youth and be generous in their contributions."

## Harvest Reaches Peak... Classing Offices Busy

The South Plains cotton harvest reached a peak last week and the USDA Cotton Classing Offices at Lubbock, Brownfield and Lamesa received samples from approximately 265,000 bales during the week ending Friday, November 24th, according to W. K. Palmer, in charge of the USDA Classing Office in Lubbock.

The three offices classed 18,000 samples during the same period, bringing the total classed to 332,000. At this time last year 664,000 samples of the 1966 crop had been classed. The Lubbock Office began operating on a two-shift basis last Wednesday and had sixty-fourth classers on duty last Saturday. The Lamesa Office had four classers on duty and the Brownfield Office nine classers, Palmer indicated that twenty-three more classers will be on duty Monday and that all three offices have adequate personnel to remain current with the cotton received.

Estimates indicate that approximately one-half of the season's crop is now out of the fields.

Middling was the predominant grade at Lubbock last week with 34 per cent of all cotton classed. Strict Low Middling made up 32 per cent, Middling Light Spotted 28 per cent and Strict Low Middling Light Spotted 5 per cent.

Staple length continued to average between 31/32 and 1-Inch. Forty-four per cent of the cotton classed at the Lubbock Office last week was 1-Inch and longer. Twenty-four per cent stapled 15/16, 28 per cent 31/32, 21 per cent 1-Inch, 13 per cent 1-1/32 and 10 per cent stapled 1-1/16 and longer.

2.7 through 2.9 and 3 per cent 2.6 and below.

Trading continued to increase on the Lubbock market and prices were generally \$2.50 to \$10.00 per bale higher.

Prices have advanced weekly since the harvest began and in some cases have advanced daily.

Average prices paid for the

most predominant qualities in the 3.5 to 4.9 micronaire range were: Middling 15/16-20.95, Middling 31/32-24.05, Middling 1-Inch-26.60, Strict Low Middling 15/16-19.95, Strict Low Middling 31/32-22.35, Strict Low Middling 1-Inch-24.60, Middling Light Spotted 15/16-20.10, Middling Light Spotted 31/32-22.60 and Middling

Light Spotted 1-Inch-24.65. In the long staple varieties Middling 1-5/32 was bringing an average of 40 cents per pound and Strict Low Middling 1-5/32 was averaging 37.75¢ per pound.

Cottonseed prices also advanced and ranged from \$52 to \$70 per ton at the gins. Average price was \$57 per ton.

### GORDON-SOUTHLAND NEWS

Mrs. Edmund Wilke

Hi there, we have certainly had a weather change, haven't we? Turkey - day has come and gone. Hope each of you had a wonderful Thanksgiving holiday! My goodness, most of us have so much to be thankful for, don't we? Really, we should make every single day a thanksgiving day, by giving thanks to God for what we have, or do! My blessings are so great that it is a job to name them!

The girls in this community have been running night and day this past week or two. Before we know it, the harvest will be over for another year. There are just 20 more shopping days-until Christmas! How about that?

Mrs. J. F. Rackler has a new great-grandson she is very proud of. This young man's name is Paul and he is the son of Mr. and Mrs. Tommy Stell.

The maternal grandparents are Mr. and Mrs. Claude Roper and the paternal grandparents are Mr. and Mrs. David Stell. Congratulations to one and all.

Mr. and Mrs. J. B. Rackler and Mrs. J. F. Rackler were Sunday dinner guests recently in the home of Miss Ora Minton in Slaton.

**HAS DENNER**  
Mrs. Alice Martin had Thanksgiving dinner in her home on Sunday 19th and those attending were Mr. and Mrs. Herman Dabbs and David; Mr. and Mrs. Harley Martin, Tyra, Paul Ray and Candice; Mrs. Edgar Mosley, and Mrs. W. E. Kidd and Teddy.

August Lieske was involved in a car wreck in Lubbock recently and was confined in Methodist Hospital for a while, but he is out now and at home recuperating. Hope all goes well

with you, August.

Mrs. Alice Martin, Mrs. G. N. Smallwood and Mrs. W. Donahoo spent an afternoon in Slaton recently. Mrs. Martin and Mrs. Smallwood visited in the Slaton Rest Home and Mrs. Donahoo visited with Mrs. Sampson Gilliland and her daughter, Sandra. The Gillilands are former residents of this community.

**AT RETREAT**  
Darrell and Sherri Wilke spent Friday, Saturday, and Sunday at a Luther League Retreat held at Camp Butman down close to Merkel. Around fifty young people attended this retreat.

Dick Day, brother of Mrs. Herbert Dunn, suffered a heart attack last week and is at present in the hospital, but he is doing real fine and may get to go home soon. His home is in Boston, Mass.

**HURTS FOOT**  
Darrell Wilke hurt his foot several weeks ago in football and then again last week in a basketball game, and the doctor found that he has two fractured bones and one bone that had been fractured but had mended. The doctor says "no more basketball for one month!"

Mr. and Mrs. Herbert Dunn and Daylene went to Muleshoe Thanksgiving Day and visited with Dahlene's mother, Mrs. J. E. Day.

**IN HOSPITAL**  
B. D. (Blondie) Ellis and Hawton Haire, who are both patients at Mercy Hospital in Slaton, are both getting along real good. Hope everything keeps going well for them and they get to come home before too much longer.

Congratulations to Mr. and Mrs. Howard Monk on the birth of a new baby daughter who was born Nov. 25. This makes the Monk's two daughters and three sons.

Mr. and Mrs. Billy Lester, Gary and Gregg, went to Commerce during the Thanksgiving holidays where they visited with Mr. and Mrs. Winston Lester, Allen and Terry. The Lesters reported that the crops down that way sure aren't very much this year. They were gone from Wednesday noon until Sunday night.

The High School boys and girls basketball teams each lost a game to Meadow last week. They will be playing in a tournament at Tahoka Nov. 30, Dec. 1-2. Let's all go over there and help support these boys and girls.

Mrs. Spow Moore, mother of Mrs. F. W. Callaway, has returned to Southland from California and will be spending some time with the Callaways.

Beverly Stolle from Lubbock spent Friday visiting with Mr. and Mrs. F. W. Callaway and Red.

Thanksgiving Day visitors in the home of Mrs. J. F. Rackler were Mr. and Mrs. Tommy Stell, Michael and baby, Paul, Miss Nelda Roper, Mr. and Mrs. Claude Roper and Mr. and Mrs. J. B. Rackler.

Early Friday morning, Mr. and Mrs. J. B. Rackler and Beverly went to Waco where they visited with Mr. and Mrs. J. B. Rackler Jr. and baby. They returned home Sunday night.

Mrs. J. F. Rackler spent Friday and Saturday with Mr. and Mrs. Claude Roper. On Saturday, Mrs. Roper and Mrs. Rackler went to Lubbock and visited with Mrs. Tommy Stell and children. After leaving Lubbock they went back to the Roper home where they visited with Mr. and Mrs. Claude Roper Jr. and two little girls, Ren'e and Pamela.

Our Thanksgiving Day guests were Martha and Larry Wilke and Wallace Saage. That night we attended Thanksgiving services at Grace Lutheran in Slaton and later visited with Mr. and Mrs. R. M. McMinn.

Sister Lydia Becker from San Antonio visited with Mr. and Mrs. Willie Becker and other relatives in Slaton and Wilson during the Thanksgiving holidays.

Mr. and Mrs. Robert Becker and children from Brownfield spent the week end with their parents, Mr. and Mrs. Willie Becker.

Patsy Dunn from Texas Tech spent the holidays with her parents, Mr. and Mrs. M. A. Dunn.

Chris Gindorf, Patsy and Jean spent the holidays visiting in Ft. Worth with Mr. and Mrs. Milton Gindorf and Shelly.

Judy Kiesel and Beatrice McInturff spent the holidays here with their mother, Mrs. Selma Kiesel.

Kelly Jo Myers from Lubbock spent Thanksgiving with her parents, Mr. and Mrs. Jack Myers.

Karen Hagens, daughter of Mr. and Mrs. Loyd Hagens, was honored recently with a party on her 11th birthday. Girls attending were Brenda and Jean Kitten, Mandy Lee, Charmene Mears, Cynthia Eakin, Cynthia Hagens, Diana Wilke, Carolyn Richardson and Cathy, Debbie and Shari Hagens. Games were played and cake and ice cream were served. A color scheme of pink and white were carried out.

**AT 4-H MEET**  
Karen Hagens, Cynthia Eakin, Mandy Lee and Charmene Mears recently attended a 4-H meeting where plans were discussed for the bake shows. One will be held in Wilson Sat., Dec. 2 and one in Tahoka Sat. Dec. 9. Mrs. Onita Hagens and Mrs. Janice Lee are the 4-H leaders for these girls.

Mr. and Mrs. Loyd Hagens and girls spent Thanksgiving Day with Mr. and Mrs. Allen Hagens and children in the Woodrow community.

Mrs. Carl Cedarhold, Mrs. Vera Rolander, Mrs. A. A. Ferguson, Mrs. D. D. Pennell and Stacy Calloway went to Plainview Monday and visited with Mr. and Mrs. Harvey Lewis Pennell and Heath and Mr. and Mrs. Mitchell Malout and family.

Mr. and Mrs. Jerry Pennell and Kim from Lubbock and Mr. and Mrs. Kenneth Calloway and children from Post spent Thanksgiving Day with Mr. and Mrs. Donald Pennell. See you next week, God willing. How about giving me a call at 996-2651 or 996-2423?

Mrs. Don Clary of the Hackberry community underwent surgery on the 7th and surgery again on the 17th. She is in the Methodist Hospital at Lubbock.

### Phone Company Announces New Western Area

In a move designed to improve its administrative and supervisory functions, general Telephone Company of the Southwest has announced the establishment of a new Western Area, with headquarters in Brownfield.

W. A. (Dub) Leigon has been named manager of the Western Area, a three-state operation which stretches from western Oklahoma through the Texas panhandle-south plains to southeastern New Mexico. Included in the new area are 88 communities in which General serves over 122,000 telephones. The new alignment is to be placed in effect on January 1, 1968.

E. H. Danner of San Angelo, president of the phone firm, announced the new arrangement which "will permit improved administration of field functions and will increase supervisory strength through the new area's operations."

"Rearrangements and re-assignments of functions will be minimal," Danner said, "except for the establishment of a staff to handle responsibilities of the area."

The new area alignment in effect consolidates the functions of what now are two General Telephone divisions - the western division which is presently located in Brownfield, and the northern division which has headquarters in Memphis, Texas.

Melvin Jennings of Memphis, who presently serves as manager of the northern division, also was named to a key position as operations manager in the new area headquarters, C. C. Scott of Brownfield, now western division manager, will move to the Dallas area as operations manager for another newly established area in that section of Texas.

Within the new area, two former General Telephone districts - the Brownfield and Memphis districts - will be redesignated as divisions. S. T. Lee of Memphis will head the division office in that city, and J. J. Parrish, presently a member of the public relations staff in General's San Angelo headquarters offices, will become manager of the Brownfield division.

will crown their basketball queen for the season. Finals in overall tourney play are Saturday night with the girls game beginning at 7 p.m. and the boys at 8:30 p.m. Consolation games will be

at 3:55 p.m. and 5:30 p.m. respectively, also on Saturday. First, second and consolation trophies will be awarded in both brackets. Stanton won both brackets of the overall play last year,

but will not be present to defend their titles this year. Admission for the tourney is 50c for adults and 25c for children. A complete tourney bracket is printed below:

**LOSE TO CHIEFS, 58-48**  
**Bulldogs Edge Klondike To Open Season, 56-55**

Tahoka's Bulldogs opened their 1967-68 basketball season with a slim 56-55 decision over Klondike there on Monday night, the varsity girls dropping their tilts, 30-62. After trailing by five points (14-19) at the end of the first quarter, the Bulldogs pulled ahead 34-32 at halftime and extended that margin to 50-45 at the third stanza. The game tightened up in the final minutes of play with Tahoka putting a stall to good advantage in containing the Klondike team which held a definite height advantage with three players over six-foot tall. Three Bulldogs tallied in double figures, paced by Doyle Schneider with 18 points, John Tyler with 14 and Cliff Thomas with 12. Billy Ray Hemphill led the losers with 16 points and got off a mid-court shot just after the final buzzer sounded which would have won the game for Klondike. Thomas led the Bulldogs in rebounds with 11, followed by Jody Edwards with eight. Edwards turned in a good defensive job in the tilt after taking over when starter Buz Owens got in foul trouble. For the game, Coach Dean Andrews' Bulldogs shot a creditable 48 per cent and lost only one player due to fouls. In the girls game, Sherry Schneider led local scorers with 17 points. Margy Miller tallied 29 for Klondike. A girls B-Team game which had been scheduled was cancelled.

In games played Tuesday night, Tahoka dropped three decisions at Crosbyton with the Bulldogs losing 58-48, the varsity girls 53-48, and the B-Team boys 42-36. In a game which was much closer than the final score indicated, the Bulldogs fell behind in the fourth quarter after losing three starters due to fouls. The game was decided to a great degree at the foul line, Crosbyton taking a 17-10 advantage in free throws. The Chiefs, behind the torrid shooting of Lance Morris pumped in 38 points, took an 18-10 lead at the end of the first quarter and led 31-26 at the half. Third quarter final was 44-37. Crosbyton held a marked height advantage in the tilt with three starters at 6'3" and another of the five over six-feet tall. Cliff Thomas led local scorer with a total of 19 points. In the girls game, Tahoka made their "best showing of the year" according to Coach Dean Andrews. Crosbyton led 18-13 and 30-23 at the end of the first two quarters, but held only a three-point advantage, 40-37, at the close of the third stanza. Pacing the local attack was Sherry Schneider with 23 points followed by Cindy Carroll with 13. Linda Brown led Crosbyton with 23. Cited for good performance at guard were Nellene Chandler, Brenda Foster and Alta Hale. The B-Bulldogs were tied with Crosbyton going into

wipeout of Ft. Hancock on Saturday for their 11th straight victory against no losses. Bronte is led by Douglas McCutchen, the South Plains overall scoring leader for the season who tallied all seven of the school's touchdowns Saturday. Wilson will go into the regional tilt again with the role of visiting team after losing the toss Saturday in Monahan when coaches of both teams met to decide the play-off site. Wilson will have the east stands at the stadium which is located in the southwest part of Snyder. The Mustangs will wear all-white uniforms while Bronte is to wear maroon jerseys and white pants. Admission for the game is \$1.50 for adults and \$1.00 for students. Mr. and Mrs. Harold Edwards of Houston were here last week visiting over the Thanksgiving holidays with her mother, Mrs. Roy Poer, and other relatives and friends.

Information on the program has been mailed to local churches and notices will be sent through the lower grades in the Tahoka schools. Other area towns are publicizing the program and are also sending their volunteers to aid in the paper work. Tahoka participation in the program includes the purchase of syringes, alcohol and cotton and a volunteer staff to compile the necessary records, and is under the auspices of the Tahoka Parent Teacher Association.

About eight strippers and 15 neighbors came to the aid of their friend, Curtis Overman of Rt. 1, Wilson last Friday. They went to work on his quarter section of cotton about noon Friday and finished the harvesting around 5 p.m.

Why? Because Overman was in Dallas with his son who is recovering from a 7 1/2 hour operation, Randy, 12, who was operated on Thursday in Children's Hospital for a defective esophagus valve going into the stomach, is reportedly going to be okay.

The cotton was delivered to the New Home Gin, J. B. Edwards, gin manager, estimated the amount of cotton harvested at 40 bales.

The gusty winds that blew on Thanksgiving Day didn't stop the Mustangs winning streak. They won the bi-district game in Plainview against the Vega Longhorns 41-0. They will try for the regional title tomorrow (Friday) in Snyder against the Bronco Longhorns who won over Fort Hancock 48-0. The game begins at 7:30 p.m.

A large number of Wilson fans were present for last Thursday's game in Plainview to cheer their team on to victory. The Mustang Band and the Vega Band gave fine performances during half-time.

The Mustang team and coaches were presented a large gold football trophy following the game for their bi-district win. Later, they enjoyed eating out at Wayne's Restaurant in Plainview.

Counting the bi-district game, the Mustangs have played 11 games this season. In seven of these games, their opponent has not scored. This adds up to a lot of zeros. "Congratulations" to the team and coaches. The fans are extremely proud of your accomplishments and wish you the best of luck in Snyder when you try for regional championship.

A pep rally was held prior to school dismissal last Wednesday. Coaches Bobby Davis, Al Mitts and Mickey Rundell gave pep talks to the team and expressed pleasure with the team's record. School was dismissed at 2:30 Wednesday, and classes resumed Monday morning.

Students received their second six weeks report cards just prior to dismissal for the holidays.

**IMPROVED**  
W. F. McLaughlin is improving at home following dismissal from Slaton's Mercy Hospital several days ago. Mr. and Mrs. Jiggs Swann, Tommy and Karen, enjoyed Thanksgiving dinner with Mr. and Mrs. McLaughlin. George Williams from Arizona was a recent visitor in the McLaughlin home.

**SYMPATHY**  
Sympathy is extended to Mrs. Vernon Reynolds and family on the passing of her husband, Vernon Reynolds, whose funeral was held in the Second Baptist Church of Lubbock last Monday. He passed away Nov. 19 following a lengthy illness. He owned and operated Reynolds Super Market in Wilson.

Darrell and Elaine Bishop of Dallas visited their parents, Mr. and Mrs. Jack Bishop and Mr. and Mrs. Loyd Christopher last weekend. They hope to return again for the Christmas holidays.

Darrell is a serviceman for Berry Bros. Case Machinery, and Elaine is employed as a bookkeeper for Central Dallas Holiday Inn.

Charlie Lichey was dismissed Friday from Lubbock's Methodist Hospital after a 12-day stay following surgery.

Mr. and Mrs. Ted Melugin and Troy visited with Mr. and Mrs. Cecil Penny and Michael in Lubbock last Sunday night.

**JR. HIGH WINS**  
The Junior High boys and girls won in their basketball games here Monday night against the teams from St. Joseph's School in Slaton.

**IN ALASKA**

## Soil Conservation Plan Urged By SCS

It is not too early for co-operators to begin thinking about applying a conservation system on their farms next year, says Don Reed of the local Soil Conservation Office.

A cropping system should improve or maintain the soil in good physical condition, protect it during critical erosion periods, and provide economic returns.

Since there will be a large percentage of land in diverted acres, this presents an excellent opportunity for co-operators to grow some high residue crops such as sweet sorghum to put organic mater-

ial back into the land and protect it from erosion, Reed added.

Where the land is to be left diverted in blocks, it should be planted to some sort of forage sorghum, then the residue left on the surface all winter to protect the soil from blowing, he noted.

Regardless of what method is decided upon a person must do something to maintain and protect his soil, says Reed.

Mr. and Mrs. Billy Wallace Magdalena, N. M., visited his parents, Mr. and Mrs. Clyde Wallace, over the weekend.

## Lynn County 4-H Club

Lynn County 4-H Bake Show will take place December 9, 1967 at 2:00 p. m. at Lyntegar meeting room. All 4-H girls may enter. Girls not in 4-H who want to enter contacting County Agents Office.

There are three divisions this year: Elementary 4-5 grades; Junior 6-7 grades; and Senior 8-12 grades; and girl may enter 1 to 3 products and choose her recipe for candy, cookies, cake, and/or sweet bread.

A plaque will be awarded to the girl in each division accumulating the highest total score.

Misses Vivian and Leah Short, students in West Texas State University, were home for the Thanksgiving holidays visiting their parents, Mr. and Mrs. E. L. Short.

**PHILOSOPHER**

## No, Thanks

Editor's note: The Sandhills Philosopher on his Johnson grass farm takes a look at the national political scene this week. We don't know what he sees.

Dear editor:

Although political writers don't seem to have much better luck predicting elections than sports writers predicting football games, neither group ever gives up and right now, according to all the newspapers I've found out here in the past few weeks, the speculation is centering on who's going to run for President next year.

I won't go into all the names, politicians are like honorees at a wedding, if you leave one out of the paper you're in trouble, but one of the men being speculated on by the writers, Gov. Rockefeller of New York, when asked if he was considering running, said he didn't want to be President.

This seemed to shock the political writers, but not me. I know exactly how he feels. We might as well face up to it, being President of the United States is not all it's cracked up to be. The salary isn't bad, but that basketball player, Wilt Chamberlain, makes over twice as much and has never been picked.

Sure, the President gets to fly in an airplane, but millions of Americans fly every week and nobody writes editorials about them.

It's one thing to be able to walk out of your office and go to your ranch when you want to, but you're not getting away from your job because if you're a President it follows you wherever you go.

The average man has enough to do handling his job, his health, his family, his in-laws and his neighbors, but a President has all those plus Congress and 200 squabbling nations on earth, not to mention university professors, the Gallup poll, and 200 million American tax payers.

In fact, when you stack it all up, you begin to have a strong feeling for the position of the man who doesn't want to be President, but this doesn't seem to make any difference and I doubt if the office will ever go vacant. Right now there are men all over the country clamoring for the job, but not being a political writer I won't predict who's going to get it.

Yours faithfully,  
J. A.

**PUBLIC NOTICE OF THE REQUIREMENT FOR RECORDATION AND LIMITATION OF CERTAIN CLAIMS OF WATER RIGHTS.**

Notice is here given as required by Section 4 of the Water Rights Adjudication Act of 1967 (Article 7542a, Vernon's Civil Statutes) that all claims of riparian water rights, all claims under Article 7500a, Revised Civil Statutes of Texas, 1925, to impound, divert or use public waters for other than domestic and livestock purposes for which no permit has been issued, all claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, and all other claims of water rights other than claims under permits and certified filings, must be recorded with the Texas Water Rights Commission. Section 4 does not apply to use of water for domestic and livestock purposes as the same is defined by Commission Rules.

On or before September 3, 1969, every person claiming any water right to which Section 4 applies shall file with the Commission a sworn statement setting forth the nature of the claim of water right. Claims to which the Section applies shall be recognized only if valid under existing law and only to the extent of actual application of water to beneficial use without waste during any calendar year from 1963 to 1967, inclusive. However, in any case where a claimant of a riparian right has prior to August 28, 1967, commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, such right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1968 to 1970, inclusive; provided an additional sworn statement is filed on or before July 1, 1971. Failure to file the sworn statement or statements in substantial compliance with Section 4 shall extinguish and bar any claim of water right to which the Section applies.

Instructions and forms for recording claims may be obtained without cost from the Texas Water Rights Commission, P. O. Box 12396, Capitol Station, Austin, Texas 78711.

## Eight Accidents Listed In Lynn During October

The Texas Highway patrol investigated eight accidents on rural highways in Lynn.

### NEW HOME LADIES BOWLING

New Home Co-op Gin took three games from the Mayfield Grocery. Helen Peak had high game for the Co-op with a 202 and 552. Wanda Gill had high for the Mayfield Grocery with 176 and 483.

Petty Gin took three from the New Home Gin. Bab Evans had high game with 208 and Sis Blevins had high series with 475.

For the New Home Gin Billy Rudd had high game and series of 154 and 414. Wilson State Bank split 2 with the Red Barn Chemical. Billy Curby had high game with 172 and high series with 472. Betsy Pridmore had high game and series for the Red Barn Chemical.

Mary Ellans Beauty Shop took 4 from the Wilson Co-op. Faye Armontrout had a 186 and 531. Geneva Crowson had a 386 series.

Bab Evans had the highest game of 208 and Helen Peak had high series of 552.

The New Home Gin had the highest total of pins, 2,076.

County during the month of October, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of the area.

The crashes resulted in 10 persons killed, eight persons injured and an estimated property damage of \$8,305.00.

The rural accident summary for this county during the first ten months of 1967 shows a total of 55 accidents resulting in no persons killed, 62 persons injured, and an estimated property damage of \$77,073.00.

The last two days of October have proved that winter is here. Your vehicle needs winterizing. Get the jump on bad weather by having your vehicle safety inspected by an authorized garage to help assure safe mechanical performance in the months ahead. Then check to see that antifreeze has been installed in your radiator; also, snow tires or tire chains and ice scrapers are handy. "Today's inspection is tomorrow's protection."

The Sergeant suggested ways to "winterize your driving" during icy and slippery conditions.

- (1) Slow down and leave more space between cars.
- (2) Keep windows clear, turn on lights to help others.
- (3) Drive extra slow on turns, intersections, and crest of hills.
- (4) When braking, pump to avoid locking wheels in skid.

### Bill Griffin, County Agent, Says....

The Beauty of a fire in the fireplace during the upcoming Holiday Season, can be made even prettier with the addition of multi-colored flames, says County Agent Bill Griffin.

Chemical treatment of the material to be burned can result in green, red, blue, orange or purple flames instead of the usual yellow flame from wood.

Griffin explains that calcium chloride can be used to produce orange colored flames copper chloride--blue potassium nitrate--red, lithium chloride--carmine, and copper sulfate--emerald green. Dry pine cones, small chips or blocks of wood can be soaked in these chemicals for multi-colored flames. Most of the chemicals can be purchased from chemical suppliers or drugstores.

To treat the cones of wood, a plastic pail and an onion sack are needed. The cones or chips are placed in the sack and immersed in a solution containing one pound of chemical dissolved thoroughly in one gallon of water. The bag must be weighed so that all of the material is completely covered and the cones and wood should soak for at least 10 minutes.

After soaking, place the material on newspapers to dry and then they will be ready to brighten the holiday fireplace.

The county agent adds that with the rising cost of wood, newspapers can be turned into "logs" which will burn with a rainbow of color. Simply tie the loosely rolled newspapers with heavy twine and soak them in a solution of four lbs. of copper sulfate and three pounds of rock salt dissolved in a gallon of water. After allowing these "logs" several days to dry, they may be burned just as wood.

### CHURCH NEWS

Rev. Sidney Pistone, pastor of Getsemani Baptist Mission, Tahoka, was elected second vice moderator of the Lubbock Baptist Association.

Visitors attending services at the Church of Christ last Sunday, were Mr. and Mrs. Billy R. Wallace, Magdalena, N. M., Mr. and Mrs. Robert Perry, Hamlin, Jack Berkeley, Slaton, Mrs. Peggy McCellen and family, Ruidoso, N. M., and Mr. and Mrs. Kenneth Owens and family, Irran.

Visitors attending services at the First Baptist Church, last Sunday were Gary Gardner, Lubbock, Dub Bowless and Barry, Lubbock, Mrs. W. L. Bowless, Baird, and Mr. and Mrs. F. C. Williamson, Carlsbad, N. M.

The W.S.C.S. met Monday in the parlor of the Methodist Church for their regular business meeting. Mrs. R. M. Stewart, vice-president, presided.

Plans were made for a bazaar to be held in Mackies Knit Shop, Saturday, Dec. 2, from 9 to 4.

Mrs. W. E. Cantrell gave the devotional.

The next meeting will be held December 11 and a Christmas luncheon will be held in Fellowship Hall of the Methodist Church and Mrs. Carl Griffin Jr. will tell a Christmas story, and later the ladies will have visitation.

### Personals

Mr. and Mrs. Dewayne Ginn and family, Cleburne, visited Mr. and Mrs. Harold Rowe and family, last weekend. They are former residents of Tahoka.

Mrs. Mary Knight visited her son, daughter in law, and grandchildren, Mr. and Mrs. Robert Knight and family, Lubbock, Thanksgiving Day.

Mr. and Mrs. Tommy McKibben and Lisa, Houston, visited relatives and friends over the Thanksgiving holidays.

### Ann Davis, CHDA Says:

**CONSUMER EAT MORE OR LESS**

Total food expenditures for 1967 are increasing but, at the same time, consumers are spending less of their income to stock the family pantry.

Ann Davis reports that the money spent for food in the first quarter of 1967 averaged 17.5 percent of the consumers' take home pay.

The U. S. Department of Agriculture reports that share of income for food for all of 1967 will likely average around 17.5 of the family's disposable income as compared with 18 percent in 1966.

While consumers are spending less of their income percentage-wise, total food expenditures nationwide are expected to exceed the 1966 level by about 4 percent. However, this 4 percent increase amounts to only about two-thirds of the increase expected for disposable income.

Part of the 1967 increase in total food expenditures will likely be because of price increases, the specialist reports. However, about one-half of the expenditure gain is attributable to a one percent increase in per capita food consumption and a similar population increase. The balance will probably be caused by shifts to higher-priced items in the food budget, Mrs. Clyatt says.

If trends continue, the U. S. public will eat more and better, while spending a smaller percentage of its income after taxes for food.

Although merchandise costs often vary from store to store, whether or not you can save by price-shopping several stores depends on your family. Quite often, time is more limited for some families than are other resources, such as money.

If you work away from home, your time budget may not permit extensive comparison shopping. Other families, however, may have the time and be able to save dollars by scouting prices at two or three stores.

When several department stores are located in the same general area, it may be easy to price-shop. Driving long distances between stores, on the other hand, may cost more in gasoline, car maintenance and time is saved on purchases.

Whether you shop one store or several, buying decisions based on consideration of all the facts relating to quality and usefulness of items will probably put your family dollars ahead in the long run.

Today 70 percent of our people live on one percent of the land, the majority of them stacked up in congested cities and sprawling suburbs. We expect population increase of at least 100 million by the year 2000. Where will these new Americans go?

### THE CHURCH FOR ALL

**ALL FOR THE CHURCH**  
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Every fall when the leaves turn red, I pay a visit to New York City. There's magic there for me. A pulse of excitement rides the autumn air and no matter what I'm doing, riding the bus on the avenue or browsing in a bookstore, I'm invigorated.

I see exciting plays, visit art galleries and indulge in my love for museums. Shopping in large department stores intrigues my woman's heart. Each year I save some time to sit on a bench and watch the people go by.

I return home refreshed for another year--determined to work harder at my typewriter and improve my work. I am inspired to perfect my craft.

Church-going does the same thing for my inner life. An hour of meditation and worship sends me home with a fresh outlook and a firm resolve to reflect God's love more clearly in the coming week. I am inspired to perfect my life.

Your church is the key to a full life.

USDA News Release Number 3611-67, issued November 9 from Washington, advised the cotton world that "Carrying charges will be added each month to the minimum sales price for middling 1-inch cotton, beginning in January and continuing through July 1968, at the rate of 15 points per pound."

According to USDA the action was taken to "assist the movement of the current crop in the open market without undue competition from Government stocks," and also to permit CCC's resale prices to reflect the "normal upward movement of cotton prices relating to the cost of carrying cotton after harvest."

Officials of Plains Cotton Growers, Inc. are commending the Department for these stated objectives, but have pointed out that the November 9 action will not accomplish them for all cottons alike. In a letter to Horace Godfrey, Administrative of US-

DA's Agricultural Stabilization and Conservation Service, PCG Executive Vice President Donald Johnson said "Adding the 15 points per month carrying charges to the middling-increase base price will have no effect at all on the resale of price of many cottons in the shorter staples for several months after January."

He referred to the fact that Amendment 7 to Announcement No-C-31, under which almost all of the Government upland cotton is sold, pegs the minimum resale price of this cotton at 120 points above the loan rate, regardless of the middling-increase resale price.

Amendment 7 was adopted by the Department at the insistence of PCG and others in September as a means to prevent undue market competition from CCC cotton stapling less than an inch. It insured at least 120 points of "headroom" between CCC's minimum resale price and the loan rate available to producers.

So far it has served its purpose well as virtually all 1967-crop cotton has entered the channels of trade at prices well above loan levels.

But, unless corrective action is forthcoming from the

Department, the failure to add carrying charges to this headroom will erode it away, beginning in January, at the rate of 16 points per pound per month.

"It was our understanding in September that carrying charges would be in addition to the 120-point spread between loan prices and CCC resale prices," Johnson said. "But the Department now seems to feel this is not necessary."

And with the strong market situation now on the scene it does not in fact appear that the addition of carrying charges to either short or long staple cotton in CCC stocks will be necessary to "assist the movement of current crop into the open-market . . . ."

"It is our hope that this market strength prevails right on to the end of the marketing year on August 1, 1968 and beyond. If it does we will suffer no ill effects from CCC sales, whether or not carrying charges are taken into account," Johnson said.

ected yield figures were obtained by PCG from the state office of the Agricultural Stabilization and Conservation Service at College Station.

Both price support and acreage diversion payments under the Agriculture Act of 1965 are based on projected yields. Average projected yield for Texas in 1968 is 400 pounds, up from 396 pounds in 1967.

State and county yields are figured on average production for the previous five years. Then County ASCS Committees assign projected yields for individual farms based on the previous three-year production.

For 1967, county yields were figured on the years 1961-65, inclusive. The first of these, 1961, was dropped from the 1968 calculations and 1966 was included.

The area's average per-acre production in 1961 was 467 pounds, but only 449 pounds in 1966 as a direct result of an early freeze across most of the Plains, and this fact accounts for the lower projected yields in 1968.

Growers next year will have the option of diverting only five per cent of their allotments or diverting up to 35 per cent. On the five per cent, which is mandatory for "cooperators" in the program, they will receive a payment of 10.76 cents per pound times their projected yield.

The additional 30 per cent, if voluntarily left out, will be eligible for a payment of six cents per pound times projected yield.

The price support payment in 1968, made only on each farmer's domestic allotment cents times projected yield, (85 per cent), will be 12.42. Consequently the level at which the ASCS sets projector yields has a direct, dollar-and-cents effect on producer income across the cotton belt.

In total pounds the reduction in the Plains for 1968 comes to almost 22 million. And Donald Johnson, PCG Executive Vice President, calculates the area's loss in gov-

ernment payments will come to somewhere between \$1.8 and \$2.2 million, depending on the acreage diverted next year.

Johnson is quick to point out however that this comparatively small loss of income to the area should be more than replaced by increased production and a continued strong market situation in 1968.

As of now the dates set for producers to declare their 1968 planting intentions are from February 5 through March 15.

But PCG has filed a request at both the state and national

### THE AMAZING AMERICAN

"The amazing American whips enemy nations, then gives them the shirt off his back. He yells for speed laws that will stop fast driving, but won't buy a car if it won't do a hundred."

The amazing American gets scared half to death if we vote a billion dollars for education, but he's cool as the center seed of a cucumber about spending three billion dollars a year for smoking death - dealing tobacco.

He will complain about his wife's cooking, yet, on a camping trip, he will eat half-fried potatoes, burnt fish, and coffee made with gritty creek water in a rusty bucket and think it's wonderful.

He knows every major baseball and football team in the leagues, but doesn't know half the words in the Star Spangled Banner.

The amazing American will work hard on a farm so he can move to town to make more money so he can move back to the farm.

In his office he likes to talk about baseball, football or fishing, but on the creek bank or at the game he talks business. He is the only guy in the world who will

pay \$1 to park his car while he eats a 50-cent sandwich.

An American likes to cuss his government, but he'll fight any foreigner who does. He will spend half a day looking for vitamin pills to make him live longer, then drive 90 miles an hour on slick pavement to make up for the time he lost.

He irrigates desert to make farmland, then puts the extra acres in a soil bank. He spends 280 million dollars this year on tranquilizers and an equal sum on pep pills.

He tosses cans out the car window, drops gum wrappers in the gutter, plants auto graveyards along the highways, hides a meadow or a mountain with a billboard, then stands up at his civic meeting, and with a lump in his throat, sings "America the Beautiful."

Yet, for all that, the amazing American is still a pretty nice guy. Despite all that he is not - and because of all that he is - calling anybody "a real American" is still the highest compliment you can pay.

WOULD YOU like to know how much government costs? According to President Johnson, the estimated cost of operating the government for fiscal 1968 will be a whopping \$143.5 billion.

That's \$383 million a day, \$16 million an hour, \$273,000 a minute and \$4,550 a second! The total Federal taxes of 28 average families is needed to pay the interest on the national debt for just one minute.

Sounds like the government is trying to compete with Neiman-Marcus prices.

IN CASE you tried to work the riddle in my column last week, I have reliable information that Smith was the Engineer!

THE FOLLOWING article was in one of the many papers which crosses my desk each week. The text provides somewhat of an unusual slant on being an "American," so I thought I'd pass it on to our readers.

Wilson's Mighty Mustangs put the axe to Vega's bidistrict hopes on Thanksgiving day, chopping down the defending regional champions, 41-0, in a game played at Plainview.

Scoring six touchdowns spread over all four quarters, the Wilson team of Coach Bobby Davis breezed past the

Longhorns to set up a Regional clash between the Mustangs and Bronte, another Longhorn herd, on Friday at 7:30 p.m. in Snyder.

Pacing the Turkey Day win over Vega was Senior Quarterback Johnny Scott who passed for two touchdowns and two conversions and ran for another TD in the process of rushing for 60 yards and hitting on seven of 11 aerials for 113 yards.

After kicking off to the Longhorns to open the tilt, the Mustangs slammed the door on Vega at the Wilson 38, taking over to score on their first possession with a 62-yard drive in nine plays.

Cliraxing the first trip was a 13-yard rollout around left end with 4:48 left in the first quarter after faking a kicking attempt.

Two possessions later, Wilson took over at their own 13 and, aided by 46-yards from Scott, including a 30-yard run to the Vega two, went the dis-

tance in nine plays and five first downs.

Delton Moore, Mustang fullback, dived over for the remaining steps with 7:01 showing in the second period. A pass for the extra points fell incomplete.

Following the kickoff, Vega retained possession for only two plays before Gary Crews intercepted, but Wilson fumbled the ball back to Vega.

Two plays later, Scott intercepted another Vega aerial, returning the ball 34-yards to set up the third Mustang touchdown. After a 10-yard loss while trying to pass, Scott hit Gary Moore in the end zone, with an 18-yard strike, Moore making a beautiful, leaping grab between two defenders.

Keith Wied booted the extra point to give Wilson a 21-0 bulge with a little more than four minutes left before halftime.

Wilson marched 54-yards after the second half kick-

off for their fourth touchdown. Crews, punching over from less than two-yards out after Scott had rambled to the three to set up the score, a half-the-distance penalty added when the Longhorns hit late.

Wied's kick for the extra point was blocked, leaving the tally at 27-0 with 9:11 left in the third quarter.

After two Vega drives which ran out of gas before crossing Wilson's 20-yard marker, the Mustangs tacked on their fifth touchdown, a 73-yard Scott to Crews pass combination early in the fourth quarter. On the play, Crews sneaked past the Vega secondary, taking the pass over his right shoulder and then winning a footrace down the sidelines.

Gary Moore added the extra points by hauling in a pass from Scott to advance the scoreboard to 35-0 with 10:31 left to play.

The Wilsons reserves took over for the final tally of the

game, coming in after Vega fumbled away the ball at their own 18.

Reserve Quarterback David Wied fired with only 10 seconds left in the game. A pass for the extra point failed.

Wilson defenders allowed Vega runners inside their 20-yard line only once in the tilt, the Longhorns never getting nearer than the 25 in the first half.

Pacing the Mustangs running attack was Fullback Del-

ton Moore with 89 yards on 10 carries, followed by Gary Crews with 59 yards on 12 tows and Scott with 60 on 8.

Perry Kirkland, the Longhorn's leading rusher all season, ran for 115 yards on 18 carries, but was able to break loose only once in the game.

On the punting situation, Kirkland took a second hand-off and headed for the left sidelines, sprinting all the way. But, a teammate clipped at the 10-yard line, the Long-

horns having to start over at the Wilson 25 and were unable to push father than the 18 for their only penetration.

The loss dropped Vega to a final 6-4-1 mark while advancing Wilson to 9-2.

### Second Session Of Shortcourse Set December 1

About 20 farmers, fertilizer dealers and businessmen from surrounding counties heard discussions on nitrogen and phosphorus at the first session of the Soil Fertility Shortcourse at Lamesa last week, reports Bill Griffin, county agricultural agent.

Lead-off speaker was Dr. Eugene Coleman, associate professor of agronomy at Texas Tech, who discussed "Nitrogen's Role in Crop Production."

Large amounts of nitrogen are removed from the soil when crops are produced, said Coleman, and its deficit must be replenished. He added that 6,000 pounds of grain sorghum produced on an acre of land will take with it 100 pounds of nitrogen. Furthermore, it takes about 200 available zinc joined with the phosphorus to form insoluble zinc phosphate.

The two speakers stressed the use of soil tests for a better fertility program, particularly to determine the need for phosphorus. Few responses have been obtained from potassium and none from sulfur. Also, the solubility of the phosphorus compound is an important factor and the element's renewal rate in a particular type of soil must be taken into consideration.

Onken also discussed fertility tests conducted in loose, sandy soils in which the addition of phosphorus resulted in a zinc deficiency. This occurred through a chemical reaction in the soil in which the phosphorus of the nutrient to produce the 6,000-pound yield. Thus, large amounts of nitrogen are required to keep a soil in a high state of fertility.

Coleman also discussed the process of nitrification which involves the ranges that occur to nitrogen compounds when they are applied to the soil so as to become available for plant use. Nitrates are the available forms of nitrogen compounds and their formation is affected by soil temperatures, aeration, Ph level and moisture.

Nitrification best occurs when the soil temperature is above the 5 degrees F., pointed out Coleman. Also, the soil should be fairly loose for good aeration and contain adequate moisture. The Ph range should be between 6.5 and 8, he added.

In discussing the application of nitrogen, Coleman went on to say that on sandy soils, the element should be applied just prior to planting or by sidedressing. On clay or tight soils, however, time of application is not significant.

Coleman concluded by saying that fertilizer is not a cure-all by any means. It is important for top production, he added, but should be used only with an overall program of good management.

Also speaking at the first session of the shortcourse was Dr. Arthur Onken, assistant professor of soils and fertilizer at the South Plains Research and Extension Center. His presentation concerned "Phosphorus Response and the Reactions of Phosphate Materials in West Texas Soils."

Phosphorus deficiencies do not always show up as visual symptoms (discolorations) in plants, pointed out Onken. However, he added that often significant responses can be obtained from crops by the application of phosphorus. Onken contended that applying phosphorus preplant by either banding or broadcasting is best for top results.

In discussing phosphorus availability, he pointed out that the species of plant as well as its root activity plays an important role in the amount of phosphorus used.

The final session of the shortcourse will include a discussion on soil-plant-water relationship as they affect production and fertilizer response and a presentation on diagnosing nutrient deficiencies and secondary and micronutrient situation.

This meeting will begin at 8:30 p.m. on December 1 and Community Center, Lamesa, says Griffin.
