Journal's Weather Forecaster Sees A Scorching Summer

By VERN FOLTZ
The Journal's huffy forecaster of the past few weeks feels a bit red faced after being slapped by Ma Nature.

We got our cool front Sunday and the cooler temperatures which were called for by scattered showers developed instead of the general rains as seen in the crystal ball.

To this point no one is upset over the weather's outcome. In fact we enjoyed the mild and beautiful

Jean Green Gets Her Nurse's Cap

Jean Green, who is attending the Methodist Hospital School of Nursing, Lubbock, received her cap Wednesday night in a candle-lighting service.

Held in the sanctuary of the St. John's Methodist Church, Lubbock, this ceremony marked Jean's advancement from freshman class.

She was one of 20 students participating in the capping service, symbolic of professional achievement. Following the capping, the class took the Nightingale pledge which is similar in purpose to the physician's Hippocratic oath.

At the close of the ceremony, the hospital Auxiliary honored the class with a reception in the church parlor.

Attending the ceremony were Dr. and Mrs. L. T. Green, Jr., (Jean's parents), Marilyn, Laurence and L. T., in addition to other members of the student body, faculty members, hospital trustees, administrative personnel and members of the medical staff.

The same air which brought our cool temperatures early in the week is responsible for the thermometer-busting reading Tuesday (96) and Wednesday (99). By presstime Thursday the temperatures were cool again as a new front moved through town around midnight Wednesday.

The clear sky of the dry air masses allows the sun to build higher temperatures each day. The sizzling point is often reached before a new air mass can displace the heated air.

We are looking for average temperatures next week.

atmosphere of Sunday, Monday, and Tuesday, and even the ripening-warm temperatures of Wednesday.

Our rainfall for the period just past as measured by R. J. Klump, U. S. Weather observer for Muleshoe, was 64 of an inch. This gives us 2.80 for June, 15 above our normal June precipitation with only half the month in the history column.

West Texas' chances for more rainfall suffered a setback due to high pressure from the northwest. Such setbacks usually last about two weeks.

We may sneak in a couple of rainy days—say like over the weekend. Then our humid and cloudy conditions should return around June 22 and remain with us into July.

Cool-air bearing resort-like temperatures charged across the West Texas plains Sunday. The cool air pushed away ahead of it the soggy air which for two weeks had plagued the high plains with downpours, hail, tornadoes and gusty winds.

The dry air came none too soon for dryland wheat growers. Their grain was ripe in the fields when the rains came on May 29. These rains were so persistent that wheat harvesting was delayed to the extent that the grain began to deteriorate in the wet fields.

Each breath of dry air that breathes over Bailey County now is a bountiful harbinger to grain harvesters. This is especially true since the combines are now moving into the irrigated wheat which matures a few weeks later than the dryland variety.

The same air which brought our cool temperatures early in the week is responsible for the thermometer-busting reading Tuesday (96) and Wednesday (99). By presstime Thursday the temperatures were cool again as a new front moved through town around midnight Wednesday.

The clear sky of the dry air masses allows the sun to build higher temperatures each day. The sizzling point is often reached before a new air mass can displace the heated air.

We are looking for average temperatures next week.

The Journal's climate observer that Texas will be invaded less by cool air masses as summer intensifies. Beginning in late July, conditions will begin to dry considerably. By August a real scorching, dry spell will develop which will embrace each summer week into late September.

THE HAWAII-BOUND White family is shown here getting in the mood—and correct attire—for their trip to our fiftieth state. The clothes were courtesy of the Charles Lenas, who lent them to the Whites for their trip.

TWO WEEKS TRIP

Whites Depart For Hawaiian Splendor

Mr. and Mrs. T. R. White and Clifford have been pretty excited these days and with plenty good reason. They left Wednesday for two weeks in Hawaii.

Having recently received their itinerary, the Whites arrive in Honolulu Thursday where they will stay at the Moana, an ocean-front hotel.

Besides sunning, boating, and swimming, the Whites will take trips around the island.

Here are some of the scenic highlights they will enjoy: "... a drive up tropical Mount Tantalus with an awe-inspiring panorama of Honolulu from Diamond Head to Pearl Harbor... University of Hawaii; Waialeale Tea Room... a Buddhist Temple... Coconut Island... and House of Coral..."

They will also take a short cruise around Pearl Harbor. They plan to return to Amarillo Tuesday, June 28. The Whites are going in place of Mrs. Billy Crouch

who won a free trip Saturday, June 4, given by the merchants of Muleshoe.

Mr. White is owner of Cashway Grocery and has lived in Muleshoe for the past 15 years. Clifford, 17, is looking forward to the most to swimming and fun at the beach.

Mrs. White, a past president of the Muleshoe Study Club, plans to visit the Federated Women's Club in Hawaii.

He will be chairman of the 61 member delegation. Congressman George Mahon was unanimously elected a delegate for the 19th Texas Congressional District.

Bailey County's three delegates were S. E. Goucher, R. D. Precure, and Bill Mil-
len.

The latter could not attend, so his place was taken by Farris Heathington, an alternate. Other alternates were Herb Griffiths and Clyde Bray. Bailey's delegates voted for Mr. Johnson.

Attending from this county were Mr. Goucher, Mr. and Mrs. Precure, Mr. and Mrs. Griffiths, Mr. and Mrs. Heathington, and Mr. and Mrs. Bobo.

Mrs. Bobo is a member of the State Democratic executive committee for this senatorial district.

Students Make WT Honor Roll

Jake Tunnell and Elaine Moore Muleshoe sophomores, have been named to the dean's honor roll for the 1960 spring term. Dr. Walter H. Juniper, dean of West Texas State College, has announced.

Tunnell, son of Mr. and Mrs. A. S. Tunnell of Muleshoe, is a history major and a 1958 graduate of Muleshoe High School.

Daughter of Mr. and Mrs. John W. Moore, Miss Moore is an art major. The transfer from Texas Tech is a member of Buffalo Gals, WT campus service organization for women.

MULESHOE'S CATHOLIC CHURCH has recently dedicated its parsonage. The Immaculate Conception Church is located east of the Lonau addition in Muleshoe.

JEAN GREEN

Catholic Church's New Parsonage Was Dedicated

A dedication ceremony celebrating the new parsonage of the Immaculate Conception Catholic Church was held recently.

Father Cochran, pastor, was assisted in his official duties by the Bishop. His Excellence, the Most Reverend John L. Markovsky. About 12 members attended the service followed by a reception.

The parsonage contains 2 bedrooms, reception room, bath, and kitchen. Members of the building committee were Frank Swint, Ken Duncan, Jesse E. Ybarra, George Cabrera, M. E. Foster, and Fred Determan. The local contractor was Albert Hamilton.

Services are held each Sunday at 8:30 a.m. and daily at 8 a.m. Father Cochran came to Muleshoe in February from St. Joseph's in Amarillo.

Head smut disease of grain sorghums occurs in all areas

Mosquito Hunt Is Underway By Health Officers

Health officials on the South Plains are on the lookout for mosquitoes.

The reason: the female mosquito of a particular type is a carrier of encephalitis—sleeping sickness—and the Plains in which we live is one of two hot spots for the disease in the nation.

Particular watchfulness is being exercised this year because of the possibility of a four-year cycle of the disease's reaching major proportions. And 1960 is a fourth year.

In 1952 there was a sharp increase in the usual number of cases, and four years later, 1956, more than 300 cases were reported in our area. Thirteen of those struck down that year died.

And now, 1960, the possibility of a four-year cycle is being watched for.

The bulk of those afflicted in '56 lived in Hale, Lubbock, Lamb, and Floyd Counties.

So far this year, no cases have been reported to the Bailey County health unit, according to Dr. B. O. McDaniel, county health officer.

"But we usually have some cases each year," Dr. McDaniel added.

The disease-carrying mosquito, the female Culex tarsalis, breeds, as do all mosquitoes, around moisture. You can help prevent spread of these insects by checking your yard for such things as dripping outside faucets that leave a puddle of water on the ground, discarded tin cans that have become filled with water, or runoff from evaporative air conditioners.

Moisture control is the key to control of sleeping sickness as well as to control the spread of all mosquitoes.

A Lubbock health official has said that if such moisture control could be exercised to a sufficient extent sleeping sickness, and mosquito annoyance would be at an end.

Usually, August and September are the worst months for the disease. The most active time of day for the mosquitoes is in the late afternoon and early night.

If you have to be out at this time, for picnics and the like, use a good insect repellent. Screens on the windows and doors of your home are another good protection.

Biggs Manager Hospital-Clinic

Richard Biggs has been appointed administrator of the West Plains Hospital-Clinic, the owners announced this week. He took over new duties Monday.

Mr. Biggs graduated in May from Texas Tech with a degree in industrial management, his courses including studies of hospital management. He was raised at Cybil, Okla. He served in the Navy 1944 to 1946 and has completed his reserve requirements.

Mrs. Biggs is teaching in Lubbock schools this summer, but will not teach after this assignment is completed. The couple will move to Muleshoe as soon as housing is secured.

Williams To Attend Dallas CPA Meeting

DALLAS—The largest attendance in its history is expected at the 45th annual meeting of the Texas Society of Certified Public Accountants to be held in Dallas June 19-21.

Nationally known leaders in the field of accounting, finance and industry will address the technical sessions. Theme of the meeting will be "The Accountant In The Jet Age."

Local residents who have made reservations for the meeting include Mr. and Mrs. Alex H. Williams.

TROUBLOUS TIMES FOR OUR COTTON

NORMAL YIELD PREDICTED

Harvesting Time's Here

Bailey County's wheat and barley harvest should hit full swing by the last part of the week and the first of next.

Given a break with the weather, area farmers are expected to enjoy a good crop, if expectations are fulfilled.

A normal to perhaps above-average yield is anticipated.

Some test cutting has started, though rains had made the ground too wet for working the early part of the week.

The Texas Employment Commission says it expects the harvesting to peak Monday.

"The only thing that will stop harvesting now is more rain," as one grain elevator operator puts it.

Over the state, harvest operations are proceeding rapidly, hampered occasionally by the rains. Only scattered hail damage has been reported, and crops are reported good.

The harvest is largely complete around Brownwood, Fort Worth, Eastland, Mineral Wells, Breckenridge, Graham, Wichita Falls, Henrietta, Archer City, San Angelo, Haskell, Munday and Seymour.

Average wheat yields reported include: Brownwood, 15 bushels per acre; Eastland, 25; Dickens and Jayton, 8 to 25.

Other yields reported range from average at Waxahachie to above average around such places as Abilene, San Angelo and Crosbyton.

Some farmers around Fort Worth have reported the highest yields in history. Weather has been so good in that area that harvesting has moved at a record-breaking clip.

Heavy rains completely stopped harvesting at Crowell, Quanah and Vernon. Yields thus far, however have been good. A large number of migrant crews have left that area, and a shortage was anticipated when combining begins again.

Around Plainview it's much the same story. Heavy rains have held up work in the area, though the wheat remains in good condition. Many fields are ready to combine as soon as machinery can be moved. Yields

are running above average, especially on irrigated acreage.

Farther north in the Panhandle, around Amarillo and Pampa, the crop on rain-softened ground, is awaiting the combines. Some crop damage is reported from the rains, though generally the grain is in good shape.

However, around Dalhart and Deas, the crop is considered from poor to good condition.

Rains have been too late to be of benefit to the crop of the area, especially at Dalhart, Channing and Stratford.

More fortunate conditions exist at Spearman and Perryton where the wheat is in good condition, benefiting from the recent rains there.

Thrip, Seedling Disease Cause Most Worry

Difficult times have come upon Bailey County's cotton farmers.

This is the word from County Agent J. K. Adams, who lays most of the troubles at the doorstep of planting too early, before the ground warmed sufficiently from the winter's cold.

This, combined with the fairly extensive rainfall of late, has presented county farmers with some serious problems.

Thrip, the damaging, microscopic insect that likes to bore in cotton plants, has been very widespread this year, Adams reports.

"From what I've seen," he says, "thrip more and more is causing increasing damage each year."

Thrip won't be such a problem when the cotton blooms, but until that time county farmers will be keeping their eye on the pesky bugs.

Thrip, Seedling Disease Cause Most Worry

Difficult times have come upon Bailey County's cotton farmers.

This is the word from County Agent J. K. Adams, who lays most of the troubles at the doorstep of planting too early, before the ground warmed sufficiently from the winter's cold.

This, combined with the fairly extensive rainfall of late, has presented county farmers with some serious problems.

Thrip, the damaging, microscopic insect that likes to bore in cotton plants, has been very widespread this year, Adams reports.

"From what I've seen," he says, "thrip more and more is causing increasing damage each year."

Thrip won't be such a problem when the cotton blooms, but until that time county farmers will be keeping their eye on the pesky bugs.

Recent rainfall washed the cotton plants clean of the insect, but Monday morning, the problem was back in the laps of local farmers.

A later bit of bad news has developed with the discovery of seedling rot attacking the cotton shoots. The cold and damp ground have encouraged seedborne and soil-inhabiting fungi and bacteria to attack the cotton plants.

One farmer last Thursday had a fine field of cotton going, but awoke Sunday to find his crop badly infested with the seedling disease, also called damping off, sore shin, and seedling blight.

Adams says he has contacted an authority on the trouble and hopes to have some help on this newest problem.

On the brighter side, hail damage this year has been relatively slight, causing less replanting than usual. However, it may be too early to say finally about this. Last year, July 11, a hailstorm caused severe crop damage.

Extensive weed growth in vegetable fields of the county is reported by Adams, who visited many farms Monday. The rain caused the weeds to accelerate in growth and at the same time prevents farmers from being able to handle problem.

The results of 1959's cotton crop have just been released by the Texas Crop and Livestock Reporting Service. It shows Bailey County planted 109,000 acres of cotton, harvested 105,000 for an average yield of 392 pounds per acre harvested. The county produced 86,000 bales in 1959.

This year's cotton acreage is 106,500, 80,000 of which is irrigated.

Other leading cotton counties in the area include, with their 1959 bales: Lubbock, 209,000; Lamb, 182,000; Hale, 178,000; Hockley, 158,000; Terry, 143,000; Dawson, 139,000; Floyd, 131,000; Lynn, 109,000; and Crosby, 106,000.

Our county was tenth among 28 Plains counties.

Floyd and Hale Counties each produced better than a 500-lb. bale per acre. Floyd had a whopping 608 pounds per acre; Hale, 534.

Meanwhile, weatherwise, the Texas Agricultural Extension Service at College Station has reported that the rains in the Panhandle have provided adequate subsoil moisture. Short surface moisture is causing dryland wheat to mature rapidly there.

Goar and other Wayland musicians as individuals and in groups are in constant demand to provide music for banquets, concerts, churches, radio and television programs. As a member of the Choir this year he took part in productions of "Elijah," "Messiah," and "God's Trombones."

Together with other choir members he will report to Wayland September 5 for a week-long rehearsal series for the Convocation program, September 14. Registration begins September 12.

Randall Goar Of Muleshoe Wins A Scholarship

Randall Goar, Muleshoe, has been awarded a Music Scholarship for 1960-61 at Wayland Baptist College, according to an announcement by Donnie J. Adams, director of the International A Capella Choir.

Goar is a member of the International Choir. He is the son of Mr. and Mrs. T. W. Goar, 312 W. Seventh, and a graduate of Muleshoe High School.

Some farmers around Fort Worth have reported the highest yields in history. Weather has been so good in that area that harvesting has moved at a record-breaking clip.

Heavy rains completely stopped harvesting at Crowell, Quanah and Vernon. Yields thus far, however have been good. A large number of migrant crews have left that area, and a shortage was anticipated when combining begins again.

Around Plainview it's much the same story. Heavy rains have held up work in the area, though the wheat remains in good condition. Many fields are ready to combine as soon as machinery can be moved. Yields

are running above average, especially on irrigated acreage.

Farther north in the Panhandle, around Amarillo and Pampa, the crop on rain-softened ground, is awaiting the combines. Some crop damage is reported from the rains, though generally the grain is in good shape.

MRS. BILLY CROUCH, winner of the Muleshoe Merchants' drawing for a trip to Hawaii is shown here in front of the Chamber of Commerce office in a suitable setting. Shown here with her are Robert Alford, left, and H. E. Schuster. Mrs. Crouch decided to pass up the trip, letting the White family go in her place. That story is at the top of this page.

Emilie Jacobs And Eugene Pickard Exchange Wedding Vows June 8th

Beatrice Emilie Jacobs and Raymond Eugene Pickard pledged wedding vows last Wednesday, June 8 in a double ring ceremony at the Church of the Nazarene.

The Rev. Jess Rains officiated. The bride was given in marriage by her father, Mr. W. L. Jacobs.

White bows designated the pews in the sanctuary. The couple stood in front of an archway centered with wedding bells and flanked by baskets of white gladiolus.

The bride's dress was made of embroidered, polished cotton, in ice blue, sheath styled with a scooped neckline and short sleeves. Her short face veil was held in place by a blue velvet headpiece. She carried a white carnation bouquet centered with an orchid on top of a white Bible.

A penny the year of the bride's birth was "something old"; her dress was "something new"; the white Bible, from Renee Dyer, was "something

borrowed"; and a garter was "something blue."

The maid of honor, Lathol Story wore a blue nylon over taffeta dress with scooped neckline, puffed sleeves and gathered skirt with blue accessories and white carnation corsage.

Mrs. George Wilton provided wedding music. Dorothy and Virginia Hickman sang "Forever and Ever."

A reception followed in the dining room of the church. Faye Nell Simpson registered guests. Dorothy and Virginia Hickman and Janie Shakhkes served.

A three-tiered wedding cake in blue and white gaced the table laid with a white lace over blue cloth. Blue punch accentuated the color scheme.

Out-of-town guests included Earlene Glover, Mr. and Mrs. Alfred Glover, and Brenda Pickard from Clovis, N.M.

The bride is the daughter of Mr. and the late Mrs. W. L. Jacobs of Muleshoe. The groom is the son of Mr. and Mrs. J. E. Pickard of Clovis, N.M.

After a wedding trip to Lubbock, the groom will report back to Dugsway, Utah where he is stationed in the Army. The bride will remain in Muleshoe until his discharge in August.

MRS. EUGENE PICKARD

Alpha Circle Met, Began New Year

Tuesday, June 14, in the home of Mrs. Edwin Kirklen at 1918 West American Boulevard, the Alpha Circle of the First Methodist Church met to begin a new year.

At the meeting Mrs. Hilbert Wisian, chairman, presided and a business meeting was held. Mrs. Robert Hooten, member of the Esther Circle conducted a study, the third lesson in a series of four on Luke.

The officers for the coming year are: chairman, Mrs. Herbert Wisian; vice-chairman, Mrs. Jimmy Hall; secretary-treasurer, Mrs. Edwin Kirklen; baby sitting committee, Mrs. Kirklen and Mrs. George Chambers.

Refreshments of iced tea, Danish rolls, and iced fruits were served to Mmes. Hilbert Wisian, Edwin Kirklen, Douglas Lowe, Don Sumrow, Jimmy Hall, Joe Roark, and guest, Mrs. Hooten.

The next meeting will be the home of Mrs. George Chambers June 28.

More Women's News On Pages 4, 5, 6, 7

25 Attend Ivey Baby Shower

Mrs. Chuck Ivey of Lamesa was feted with a pink and blue shower Wednesday morning at the home of Mrs. M. E. Little.

Hostesses were Mmes. Little, H. E. Wimberly, W. F. Barley, Clyde Holt, Ett Evans, Morris Childers, Wiley Bowers and Lewis Scoggins.

Pink and blue corsages were presented to Mrs. Ivey her mother Mrs. J. W. Roberts, and her mother-in-law Mrs. Ivey.

The table was laid with a white lace cloth and boasted a stork trimmed with flowers, pink and blue napkins, and crystal appointments. Coffee and Danish rolls were served to about 25 guests.

Mrs. Maddox Is HD Club Hostess

Mrs. T. F. Maddox was hostess for the meeting of the Muleshoe Home Demonstration Club which was held Wednesday June 8.

Members attending were Mmes. M. L. Oswalt, C. L. Briscoe, S. L. Robinson, W. W. Smith, Jewell Griffith, Bessie Purdy, C. H. Gillis, S. C. Caldwell, Mrs. Jewell Strong.

Visitors were Mrs. Gene Caldwell and daughter.

Local Rebekahs Plan Memorial

Muleshoe's Rebekah Lodge recently made plans for a memorial service to be conducted next Tuesday night. Presiding over the meeting was Grace Morgan, Vice Grand. Thirteen were present.

It was announced that the state president of the Rebekah Assembly, Sadie Patterson, will visit Morton Lodge No. 39 June 24. All members were urged to attend this meeting.

Three members of the Muleshoe Lodge attended a meeting at the Friendship Rebekah Lodge No. 21 of Clovis. They were Evelyn Calder, Lena Hawkins and Ona Berry. The New Mexico lodge initiated one new member for Fort Sumner's lodge at that meeting.

Engagement Is Announced

PRISCILLA INMAN

Mr. and Mrs. John Inman of Muleshoe announce the engagement and approaching marriage of their daughter, Priscilla Ann, to Gary Ray Hicks, son of Mr. and Mrs. Edward Hicks of Friona.

The marriage will be August 20 at 8 p.m. in the First Baptist Church with the Rev. E. K. Shepherd performing the ceremony. Miss Inman and Mr. Hicks are graduates of Muleshoe High School.

CARD OF THANKS
It is with deep appreciation that the family of Mrs. J. A. Dotson of Clarendon thanks those who were so kind in our time of distress. The many cards, flowers, telephone calls, and visits, and all the other thoughtful favors meant a great deal to us. Please accept our heartfelt thanks.
Mrs. Tom Morgan Ite

HOLTS HAVE GUESTS
Mr. and Mrs. Robert Holt of Tulla were in Muleshoe Sunday visiting the Horace Holts and Dr. and Mrs. W. F. Birdsong.

Kirks Honored At Farewell Supper

Mr. and Mrs. Jerry Kirk were honored with a farewell supper Friday evening June 10, hosted by the 1946 graduating class of Muleshoe.

Mr. Kirk is the former superintendent of the Muleshoe school. Mrs. Kirk, who has taught in the Muleshoe High School, was the senior class sponsor in 1946. The Kirks are moving to Oklahoma.

Barbecued chicken and ham, potato salad, cake, and ice cream were served at the home of Mr. and Mrs. Jack Young. The group presented the couple with a silver vegetable dish.

Those enjoying the sociable evening were Mr. and Mrs. Percy Parsons of Olton, Mr. and Mrs. Perry Lynskey of Maple, Mr. and Mrs. Pesky Winn of Sudan, Mr. and Mrs. Doyle Trapp, Mr. and Mrs. Don Bryant, Mr. and Mrs. Dick Ellis, Mr. and Mrs. Bob Harvey.

Also Mr. and Mrs. Victor Foss, Mr. and Mrs. Bill Bickel, Mr. and Mrs. James Phipps, Mr. and Mrs. Tye Young, and Mr. and Mrs. Jack Young, all of Muleshoe. Mrs. Tye Young was the room mother for the 1946 class.

BIRDSONGS HAVE GUESTS
Mrs. L. A. Daniel was a guest in the Birdsong residence Monday. Mrs. Daniel is from Edmonson.

Sherman Presley Is 3 Years Old

Sherman Weldon Presley was honored on his third birthday with a party given at the home of his grandmother, Mrs. Sherman Sweetmon, and assisted by his mother, Mrs. Jim Presley.

The garage decorated in Western style in pink, brown, and white was the scene for fun for the eleven children and their mothers who attended.

After playing games and enjoying musical balloons, the children watched Sherman open his presents and then enjoyed birthday cake and fruit punch. The sheet cake followed the Western decorations and featured a corral with horses and cows. Happy Birthday cloths covered the tables.

Children attending were Jimmy Don Wislon, Robert Davis Stovall, Rusty Whit, Eddie, Mitty and Sammy Mardis, Marilyn Black, Ronda and Sandra Mardis, and Lisa Santos.

Mothers were Mmes. Ray Whit, Clifford Mardis, Cecil Mardis, David Stovall, H. L. Wislon, Eugene Black and Ray Santos.

MATTHEWS RETURNS

Mr. and Mrs. C. C. Matthews just returned from a month's vacation where they fished at Lake Buchanan. They really enjoyed themselves.

Piggly Wiggly

It is Time to roll out the red carpet for Dad, and heed the Royal Command.

Serve a juicy FAMILY STEAK—a tender 2" thick cut, weighing 2-4 lbs. Serves 3 to 6 people, Broil or Barbecue and serve to the whole family. Cut the steak in thin diagonal slices at about a 30 degree angle.

A regal treat for Dad and the whole family.

Epsilon Chi Holds Its Pledge Service

Members of Epsilon Chi met in the home of their sponsor, Mrs. Fred Johnson, for their annual formal pledge service for their new members.

Colors of blue and gold jonquils the sorority flower, were used on the service table. Blue carnation corsages were given each new pledge.

The new members taking their vows were Chubby Douglas, Laura Bartlett, Shorty White, and Helen Krebs.

The new officers for 1960-61 were also recognized. They are Johanna Wrinkle, president; Lavetta Small, vice president; Gwen Moore, secretary; Ann Alford, treasurer; and Mrs. Fred Johnson, educational director.

The final social event of the year was a salad supper for the members, their mothers, and friends at the Muleshoe Country Club May 17.

Mrs. A. T. Fowler was speaker for the evening giving a most interesting book review entitled "The Last Surrender."

Members and guests present were Melba Bouldin, Cookie Bamert, Betty Glaze, Anna Copeland, Shorty White, Anne Alford, Laura Bartlett, Lanetta Small, Marjorie Precure, Johanna Wrinkle, Helen Krebs, Mildred Davis, Viola Hadaway, Vada Bartlett, Nell Givens, Ethel Carroll, Ruth Fowler, Mrs. Otto Schuster, Mrs. Keith Marjole, Mrs. R. D. Precure, and Mrs. K. K. Krebs.

NICK NABOURS IN CITY
Nick Nabours was in Muleshoe last weekend to see all his friends. He made the Birdsong home his headquarters while visiting everyone.

Donna Jane Shepherd, Ricky Lindsey Wed In The Maple Baptist Church

MRS. WILLIAM LINDSEY

Durretts Tell Of Coming Wedding Of Their Daughter To Marlin Mills

Mr. and Mrs. Paul Durrett of Abernathy wish to announce the engagement and approaching marriage of their daughter, Barbara, to Marlin Mills, son of Mr. and Mrs. Leslie Mills of Muleshoe.

The Rev. Randall will conduct the ceremony July 10 in the Muleshoe Church of Christ at 3 p. m. The couple would like to extend an invitation to all their friends and relatives.

Barbara and Marlin are both graduates of Muleshoe High School. Barbara has attended Draughn's Business School in Lubbock and Marlin has completed his freshman year at West Texas State College in Canyon.

The Maple Baptist Church was the setting for the marriage of Miss Donna Jane Shepherd to Airman 2/C William E. (Ricky) Lindsey Saturday, June 4.

The Rev. Mayo Carpenter conducted the double ring service. The bride was given in marriage by her father.

The couple exchanged vows before a white arch entwined with pink roses and white tapers and white baskets of pink gladiolus. Seven-tiered silver candelabra with white tapers flanked the archway.

Mrs. Nan Johnson played wedding selections and accompanied the Rev. Bryan Hardgrove as he sang "Because," "Whither Thou Goest," and "Lord's Prayer."

The bride wore an original gown of lace and tulle over bridal satin. The portrait neckline was trimmed in iridescent sequins and pearls.

The permanent-pleated tulle skirt was covered with

imported French lace that swept to a chapel train. Her waist-length illusion veil flowed from a headpiece of appliqued lace and seed pearls. She carried pink roses and stephanotis on a white sible.

The Bible from Mrs. Freddie borrowed. "Something blue" was a garter, a gift to the bride from the maid of honor. The penny in her shoe was "something old," and her dress was "something new."

The maid of honor, Phyllis Gardner of Morton, wore a pink organza dress and carried white carnations. The maids of honor, Charlotte and Janice Shepard, sisters of the bride, wore identical dresses of pink organza with fitted bodices and bouffant skirts and matching headpieces.

The best man was James Shepard, brother of the bride; ushers were Jerry Hulton and Bobby Kindie. Mrs. Freddie Parkman reg-

istered guests in the church.

A reception at the home of the bride's parents in Maple followed the ceremony.

Crystal candelabra entwined with white tapers and roses decorated the table laid with a pink satin cloth overlaid with pink net. A four-tiered pink and white wedding cake centered the table. Other appointments were a cut glass punch bowl and cups.

Mrs. Bobby Foley served cake and Yevonda Taylor poured.

Out-of-town guests were Mr. and Mrs. Roland Shepard from Hart, Mr. and Mrs. Myrtle Fry from Levelland, Mr. and Mrs. John Prather Jr. from Lubbock, Mr. and Mrs. Vinille from Levelland, Miss Gwen Kelly from Amarillo, Mr. and Mrs. Bobby Foley from Sudan, Mr. and Mrs. Roby Gardner from Lehman, Gary Blakeley and Robert Vinille from Levelland and Mrs. Jerry Dameron and Sandra from Need-

more. The bride is the daughter of Mr. and Mrs. John Shepard of Maple and the groom is the son of Mr. and Mrs. Ceell E. Lindsey, also of Maple.

For her traveling costume, the bride chose a pink sheath dress with matching jacket lined with pink stripes and wore a pink rosebud corsage. After a wedding trip to New Mexico the couple will be at home in Lubbock where Airman Lindsey is stationed at Reese Air Force Base.

The bride was a graduate of Threeway High School and a member of FHA and the Pep Club, and fall festival queen. She is at present a student nurse in Methodist Hospital in Lubbock.

The groom attended elementary school in Morton and high school in Crpus Christi. He was a member of the football team, FFA, and was president of his senior class.

Ruth Circle Met In Harris Home

The Ruth Circle of the First Methodist Church in Muleshoe met Tuesday night, June 14 in the home of Mrs. Earl Harris.

Mrs. Troy Wilkerson gave a study on Africa to the eight members and two visitors present. Mrs. H. W. Hendon presided over the business meeting.

Members attending were Mrs. Harold Allison, Horace Edwards, H. W. Hendon, D. B. Lancaster, R. L. Roubinek, Troy Wilkerson, Tootie Middlebrook, and Earl Harris. Visitors were Mrs. Lorena Evans and Mrs. Harold Hurd.

The next meeting will be at the home of Mrs. Hendon at 618 Ave. E.

WESTS TAKE TRIP

Mr. and Mrs. John West and Kathryn made a business trip to Rotan Monday.

MISS BARBARA DURRETT

Today, the car you own has a new life expectancy!

A tremendous forward step in engine protection. New Trop-Artic All-Season Motor Oil preserves and prolongs the smooth performance of your engine. Meets or surpasses the most severe tests for automobile oils.

Beginning today your car can perform far better... for a longer time... thanks to new Trop-Artic All-Season Motor Oil from Phillips 66.

New Trop-Artic drastically reduces the harmful deposits and corrosive wear that rob you of your driving pleasure. With new Trop-Artic your car can run smoother... quieter... with lower fuel costs... fewer repairs. Piston ring wear is actually reduced as much as 35% compared to many leading oils.

In hundreds of thousands of miles of testing, typical car

owners reported these important benefits from new Trop-Artic Motor Oil:

- Less oil consumption
- Less engine knocking
- Less mis-firing
- More miles per gallon of gasoline
- Cleaner oil filters

Change to new Trop-Artic Motor Oil at your Phillips 66 Dealers and see if you don't notice these same improvements in the performance of your car!

*A trademark

Enjoy the Sweetest Rhythm on the Road! Fill up with new Flite-Fuel, perfectly matched to the rhythm of your motor. It's super powerful... super smooth!

Whalin-Provence Vows Are Recited In Sunday Ceremony In Muleshoe

MRS. PHILLIP PROVENCE

In a traditional gown of chantilly lace, Laura Ella Whalin became the bride of Phillip Daie Provence in an afternoon ceremony Sunday June 12.

The Rev. E. K. Shepherd conducted the double-ring ceremony at the First Baptist Church in Muleshoe. The bride was given in marriage by her parents, Mr. and Mrs. C. W. Whalin.

The bride's dress was designed with a portrait neckline, edged in satin with bracelet-length sleeves complemented by gloves. A band of satin began at the side of the fitted bodice and swept into a full, low-cut, flowing streamer in the back.

Unpressed pleats at the waistline accented the fullness of the scalloped, walk-length skirt. A pill box of tustrous satin with lace trimmings held her shoulder-length veil of silk illusion. She carried a bouquet of orchids and stephanotis and a lace handkerchief that belonged to her grandmother.

She wore a strand of pearls, a gift from the groom, and

pearl earrings broved from Mrs. Bill Whalin, sister of the groom. A garter was "something blue" and a penny minted the year of her birth completed the age-old custom.

The altar was aglow with four candelabras burning blue candles. White gladiolas and roses and blue carnations made a beautiful setting for the service.

Charles W. Lenau of Lubbock was best man. Rudy Jesko of Muleshoe was groomsman. Odell Logan of Muleshoe and Travis Clements of Clovis were ushers. Miss Neoma Jackson registered guests.

Miss LaVon Copley played traditional wedding selections and Mrs. Jake Tunnell sang "Because" and "I Love You Truly."

Maid of honor, Gladys Whalin and matron of honor, Billie Logan, wore identical dresses of silk organza over taffeta featuring fitted bodices and very full skirts and carried long stemmed white roses.

The mother of the bride chose a dress of light beige

MYF Formally Installs Leaders

The Methodist Youth Fellowship met Sunday evening at 6:00 in the Youth Chapel of the First Methodist Church.

Approximately 20 persons attended, including Nick Nabours, a former Youth Director, and Max Harrington, the newly elected Youth Director for this summer.

Max directed the music for Youth Activity Week here last summer. His home is at Anton and he will be a senior student at Texas Tech this fall.

The program on the plans and purposes was presented by Marka Brooks and was followed by a very impressive pledge service. Nonie Taylor was elected M. Y. F. fund treasurer.

The new M.Y.F. officers for the ensuing year were formally installed by the Rev. Horace Brooks at the 7:00 o'clock worship hour.

Those installed were: President, Magam Lamb; Vice President, Don Gardner; Secretary, Barbara Evans; Treasurer, Mary Ann Greene; M. Y. Fund Treasurer, Nonie Taylor; Publicity, Anna Marie Elrod and Davy Jean Anderson; Faith, Danny Gunstream.

Witness, Kenneth Evans; Outreach, Gary Albertson; Citizenship, Juanita Burket; Fellowship, Lynn Lenau and Sandra Harris; Historian, Ann Brooks.

Counselors installed were Leon and Beth Blair, Calvin and Lona Embry and assistant counselors were Jan and Polly Wampler and youth counselor Lavon Copley.

lace over taffeta with bone accessories and pink carnation corsage. The mother of the groom wore a frost white lace dress accented by bone accessories and pink carnation corsage.

A reception at the bride's parents' home followed the ceremony. Guests were from Lubbock, Sudan, Amarillo and included Mrs. Bill Whalin and daughters, Terina and Terri, from Edwards, California.

As she left for a wedding trip to Santa Fe, Cowles and other points of interest in New Mexico, the bride wore a two-piece brown suit of imported silk, floral tapestry shoes, matching hand bag, and a corsage of white orchids.

The bride is a graduate of Muleshoe High School and has attended West Texas State College in Canyon. The groom is the son of Mr. and Mrs. graduate of Muleshoe High School. He is presently employed by his father at the Needmore Blacksmith and Welding Shop.

Kaye Nowell And John Howard Are Married In Double Ring Ceremony

The wedding vows of Kaye Jaqueta Nowell and John Lee Howard were solemnized in the West Camp Baptist Church Sunday.

The bride was given in marriage by her father and the Rev. Stayton Jones from Glendive, Montana, conducted the double-ring ceremony.

An arch of candelabra entwined with greenery and rose-colored ribbon graced the altar. Baskets of white gladiolus flanked the arch. The table, attended by Mrs. Robert Wells, where guests registered, was covered with a beautiful hand-made cloth which belonged to the bride's great-grandmother.

Billy Field played wedding music and accompanied Joyce Patterson from Anton as she sang "Whither Thou Goest," and Cindy Phillips from Muleshoe as she sang "I Love You Truly."

The bride chose a waltz-length gown featuring a chantilly lace bodice with scalloped neckline and elbow-length sleeves. The taffeta skirt was overlaid with silk organza, and the elbow-length veil was held by a white headband.

Her white carnation bouquet was carried over a white Bible presented to the bride in a White Bible ceremony by the West Camp Baptist Church.

A locket belonging to the bride's mother was "something old"; a pearl necklace, a gift from the groom, was "something new"; a handkerchief from an aunt was "something borrowed"; a garter made by the maid of honor was "something blue"; and a lucky penny contributed by the bride's great aunt, Hazel Nowell, completed the array.

The maid of honor, Karen Stephen of Muleshoe, and bridesmaid, Patricia Plumlee of Hobbs, New Mexico, wore matching rose dresses made of cotton satin and silk organza fashioned after the bride's gown and carried long stem red roses.

The mother of the bride wore a pink linen sheath dress with white accessories and white carnation corsage. The mother of the groom complemented her blue eyelet dress with beige accessories and a white carnation corsage.

Bill Howard, brother of the groom from Muleshoe, was best man; Davie Joyce of Greenwood, Arkansas, groomsman; and cousins of the groom, Page and Charlie Howard of Lubbock, were ushers.

Durell Nowell, the bride's brother, and Regena Nowell, cousin of the bride, lighted candles; flower girls were Myeta and Veda Kaye Nowell, cousins of the bride from Anton; ring bearers were Mike and Dixie Carter, cousins of the groom from Littlefield.

A reception followed the service in the home of the bride's parents in West Camp Community. Members of the house party included Mmes. Elbert Nowell, Leidon Phillips, and A. W. Bates.

A white linen cut work cloth was centered with an attractive arrangement of red carnations and complemented by a four-tiered wedding cake and rose-colored fruit punch. The bride left for her wedding trip to Red River, N.M., wearing a navy suit with white accessories and white carnation corsage. The couple's new home will be at Needmore Community.

The bride is the daughter of Mr. and Mrs. Virgil Nowell of Muleshoe, and the groom is the son of Mr. and Mrs. Lester Howard, also of Muleshoe.

Both are graduates of Muleshoe High School and will continue attending Eastern New Mexico University in Portales, N.M.

VISITS CARTERS

Mr. and Mrs. C. C. Matthews spent Sunday afternoon in the home of Mr. and Mrs. Rufus Carter.

To Show Cancer Film Monday Nite

Statistics show that one of every four people now living will some day have cancer and that two out of three of those who do have cancer will die with it.

But, one third of those who will die with cancer could be saved if they would go to the doctor for a checkup treatment before the cancer is too far advanced.

In an effort to educate the people and impress these and other important truths upon them there will be a cancer film showing in the District Courtroom in the Courthouse Monday evening June 20 at 8:00 p.m.

The film to be shown at that time, "Time and Two Women" is for women only, but all women are invited and encouraged to attend. Doctor Santos will be present. There will be no charge.

There will be other films shown later for both men and women and the dates will be announced.

Progress MYF Sets Breakfast

The Progress Methodist Youth Fellowship will have a breakfast Friday, June 24, on the lawn of the church in Progress.

The event will be from 8 to 8 that morning. No admission will be charged, though free-will donations will be accepted for the benefit of the church's MYF program. The whole family is invited for the good time.

Lazbuddie News Letter

by Penny Grusendorf

Eugene Houston went to Hart and visited with Mrs. Houston's brother, Mr. and Mrs. Dave Bastick. Eugene really enjoyed himself—he rode his scooter.

Mrs. A. E. Redwine and Donna went to Canyon last Saturday, where Donna took her entrance exams for West Texas, where she will attend college next year. Donna already had her room.

Mrs. Lena Menefee's granddaughter and husband, the Rev. N. O. Wright of Plainview, spent Saturday and Sunday with Mrs. Menefee. The Rev. Wright preached Sunday morning and evening in place of Bill Curry in the Baptist Church.

Mr. and Mrs. Sam Long of Hereford spent yesterday in the home of Mrs. Lena Menefee. Becky and Ronald remained a few days with Mrs. Menefee.

Mr. and Mrs. Juel Treldor ate Sunday in the home of Mrs. Lena Menefee, along with the Sam Longs and N. O. Wrights.

Mrs. A. M. Bradley's two cousins, Jettie and Lila Crouse of Mineral Wells visited this week with the Bradleys. The Crouse sisters have a brother, T. V. Crouse of Canyon, who is the Social Science teacher.

Mrs. Dee Brown's sister and husband, Mr. and Mrs. T. L. Carmichael and father, W. T. Harris of Hereford visited Sunday in the home of Mr. and Mrs. Dee Brown.

Roberta Gaston of Earth spent last week in the home of Mr. and Mrs. E. A. Parham.

Mrs. F. W. Greene just returned from an extended visit with her son and wife Dr. John Jones and family of Campbell, Calif.

Here And There

Dr. and Mrs. W. B. McSpadden left for Seattle, Washington, early this week where Dr. McSpadden will take a complete post graduate course in Hypnosis.

Practical diagnostic and therapeutic technique will be emphasized. Professors, widely known and experienced in the use of clinical hypnosis, will be William J. Bryan Jr., M.D., University of Paris; Arden R. Hedge, M.D., University of California; John A. Ray, M.D., president of American Institute of Hypnosis; and others. Diplomas will be awarded at the graduation ceremony.

The McSpaddens will also arrive Monday, June 6 for a visit in the Jack Speck home where Mr. and Mrs. Paul Hester and children, Ann and Sonny of Fort Worth, Mrs. Speck and Mrs. Hester are sisters. Visit with friends in Tacoma and will return to Muleshoe June 30.

The Rev. and Mrs. Horace Brooks, Earl Harris, and Jack Morris from Muleshoe attended the first district meeting of the Methodist conference year at Plainview Tuesday, June 14. Plans were set up for the coming year. The group met at the Trinity Methodist Church.

The Rev. and Mrs. Brooks welcomed his brother and wife, Mr. and Mrs. S. E. Brooks from Houston Wednesday, June 15.

Mr. and Mrs. C. A. Horsley traveled to Springfield, Colo., Monday where they met their son and family, Mr. and Mrs. Bruce Horsley from Denver. Grandsons Ron, Van and Lee returned to Muleshoe with the Horsleys to spend three weeks.

Mr. and Mrs. Wilton White and daughter, Christie, from Orange are visiting in the home of Mrs. White's parents in Muleshoe. Mr. and Mrs. Morris Douglas, The folks spent last weekend in Reynosa.

Dr. and Mrs. W. F. Birdsong and son George, attended a band concert at ENMU in Portales Saturday night. Their daughter, Susan, is attending a band camp at the University along with several other Muleshoe students.

Bobby Cheek, band director at Muleshoe High School, is teaching at the camp. Also at the concert were Mr. and Mrs. Robert Sanders and Mr. and Mrs. C. E. Moore.

Mr. and Mrs. L. B. Edwards and family from California and Mrs. I. M. Prather from Hobbs, N.M., visited with the C. A. Horsleys and Mr. J. F. Prather Friday.

Helen Stovall, daughter of Mr. and Mrs. A. S. Stovall, has received a Jesse Jones scholarship given by the College of Education at the University of Texas. She is attending the University this summer. The credits she receives will be applied on a master's degree.

She received a degree in education at the University in 1958 and taught at Fannin Junior High School in Amarillo last year. She will teach in San Bernardino, California, this fall.

Mr. and Mrs. George Provence were hosts at a rehearsal dinner Saturday night honoring Miss Laura Whalin, daughter of Mr. and Mrs. C. W. Whalin, and the Provence's son, Phillip. The chicken dinner was held at Legion's.

Those attending were Mr. and Mrs. C. W. Whalin, Mr. and Mrs. Odell Logan and Jana Beth, Mrs. Jake Tun-

nell, Mrs. Bob Glass and Tommy, Miss Gladys Whalin, Mr. Rudy Jesko, Mr. and Mrs. Charles Lencu of Lubbock, Mr. Billy Joe Whalin and Terri and Terina of Edwards, Calif., Miss Laura Whalin, Phillip Provence, and Mr. and Mrs. Fovence. The organist, Miss LaVon Copley, was unable to attend.

The couple, was married Sunday, June 12.

Dr. G. A. Pittman returned home this week after attending the 45th annual convention of the Texas State Chiropractic Association in Houston, June 9-11.

One of the highlights of the convention, attended by more than 500 chiropractors from all parts of the state, was a refresher and post-graduate course that enabled practitioners to learn the latest developments that research has produced in the field of healing.

Jane Garvin, daughter of Mr. and Mrs. Wayland Garvin of Maple, enrolled Monday at Draughton's Business College in Lubbock. Jane is a 1960 graduate of Three Way.

What made Old Rip famous? This little horned frog slept for 31 years in a dehydrated state in a little tin box in the cornerstone of the courthouse in Eastland, Texas. You can see him today in his plush casket at the Eastland Courthouse and read his fabulous story again.

ANYWHERE ANY PROBLEM

Mrs. F. W. Greene's son and wife, Mr. and Mrs. Forrest Greene of Pleasant Valley spent Sunday in the home of Mr. F. W. Greene.

Jack Smith, O. D. Spillers and Frank Spiller went fishing at Conchas and had very good luck.

The Bill Sherleys were visiting here last week with their daughter, Rosemond. The Bill Currys are on their vacation.

The W.M.U. of the Lazbuddie Baptist Church met Monday at the church for an all-day meeting where they had a program on youth. They studied and finished a book entitled "Education Youth in Missions." Artis Ivy brought the program.

They ate at the church. Those attending were Mmes. Lena Menefee, Elaine Burgess, Ira Wimberly, Artis Ivy, Frances Treldor, F. W. Greene, Carrie Withrow, L. B. Hambricht, E. E. Mason, A. M. Bradley, Luther Ham, Maudine Barnes, Irene Stehoback, and Wesley Barnes.

Mr. Walter Broadhurst, Jimmy, and Charles Wayne went to Conchas fishing this past week for awhile. Charles Wayne Broadhurst, along with wife and child, Leslie, live in Lockney, where Charles is the pastor of the First Baptist Church.

The Church of Christ vacation Bible School closed last week with a reported attendance average of 65. Everyone thoroughly enjoyed it this summer.

The Methodist Church of Lazbuddie had a covered dish supper Wednesday night, celebrating the birthdays for May and June. There will also be a reception for the new preacher and family, the A. N. Motes.

The Allen Grusendorfs went to Farwell Sunday to visit Mrs. Grusendorf's parents, Mr. and Mrs. J. E. Cullen who recently moved there from Raymondsville, Texas.

All kinds of Art Supplies in Stock at The Journal.

Local Woman Is In TWU Course

Mrs. Harriette K. Jackson of Muleshoe is among those enrolled in a concentrated course management being taught at Texas Woman's University June 8-July 1.

The course is taught by Dr. Barbara Reagan of the TWU College of Household Arts and Sciences. It is being attended by home economics teachers and home demonstration agents from throughout Texas.

Mrs. Jackson, who lives at 1512 Avenue B, is home demonstration agent in Bailey County.

HERE AND THERE

Terry and Shere Dalton from Fort Worth arrived in Muleshoe Sunday to visit with their grandparents, Mr. and Mrs. B. A. Dalton and Mr. and Mrs. W. R. Bowers, for two weeks.

Mr. and Mrs. J. R. Miller of Bentonville, Ark., visited a few days last week with Mr. and Mrs. Ashby Askew. The Millers were on their way to San Jose, Calif., to visit relatives.

Nick who has been teaching English in the Sweetwater High School, is on his way to Denver to complete post-graduate work. He was the Muleshoe Methodist youth director at one time.

Ellis Leaves For California Job

Billy Ellis returned from a two-week trip to California this week to report that he had accepted a position on the sports staff of a daily newspaper in the San Francisco area. The San Mateo Times.

Billy returned to Muleshoe Monday, completed his process of moving in Lubbock Tuesday, and was due to leave Muleshoe Wednesday evening for the return trip to California. Accompanying him on his return and helping with the moving job was Billy's younger brother, Darrell.

Billy reports that his immediate responsibilities will center on high school athletics in San Mateo County.

Billy returned to Muleshoe to find a good number of his booklets, "Muleshoe on Parade," in the hands of area sports fans. He expressed satisfaction at the volume of sales, especially in light of the time of year it was published.

Billy wishes to thank all who helped him at all with the booklet, especially the three Muleshoe drug stores and Leigon's Cafe, who are distributing the booklets at no profit to themselves to allow Billy to make a profit on the enterprise.

Billy and his wife Carol will be at home at 305 North Ellsworth in San Mateo, and they invite all of their friends to remember them if they are in the San Francisco area at any time.

Mr. and Mrs. Guy Gattis visited in Morton Saturday with their daughter and family, Mr. and Mrs. Alton Lamb and David.

Joy Eubanks and Sandra Simpson both have the mumps this week. 1/4

Latest Sewing Developments Are Taught At Bass Appliance School

The recently completed Harvey Bass Appliance Necchi school at the Bass' store in Muleshoe drew some 29 sewing students.

Among them were, first row, left to right, Marsha McAllister, Rhonda Wagnon, Mrs. C. C. Anders, Sammie Sumrow, Mrs. Dale Krebs, Mrs. Roy Clark and Mrs. Watt Underdown.

Second row, Mrs. Price Hamilton, Roxana Hart, Mrs. Betty Wislan, Vina Bass, Mr. Bass, Annette Stevenson, Mrs. Marie Parker, Mrs. Ethel Fry and Mrs. Marie Bass.

Others in the class, not pictured, include Mrs. Clois B. Baker, Lorane Hatch, Mrs. Luther Ham, Mrs. D. M. McGuire, Mrs. Douglas R. Lowe, Mrs. Pat Johnson.

Also Mrs. E. A. Parham, Sharon Parham, Mrs. Marie Robinson, Loretta Sharon Underdown, Effie Childress, Zeffie Childress, Mrs. J. R. Lee, Mrs. Delbert Black, Maudine Barnes, Wynell Barnes, and Mrs. Wesley Barnes.

Those attending were taught the different stitches and capabilities of the Necchi sewing machine, which can do over 200,000 different types of stitches.

The school is held once a year for two weeks. Harvey and Marie Bass do the teaching, which they've done for

11 years. The Besses have expressed thanks to each who attended for their interest.

Frionan Finishes German Exercise

Army Pvt. Paul D. Coker, 23, whose wife Margaret lives in Friona, recently participated with other personnel from the 8th Division's 26th Infantry in Operation Bayonet Blue in Germany.

The field training exercise conducted under realistic combat conditions, was designed to determine the effectiveness of units of the 8th Infantry Division, a major element of the NATO shield of defense in Europe.

Coker, who arrived overseas in April of this year on this tour of duty, is assigned to the infantry's Combat Support Company in Baumholder.

The former Friona High School student worked at the White Auto Store before entering the Army in November 1950. His parents, Mr. and Mrs. James R. Coker, live on Route 3.

When figuring how much paint you'll need for a job, don't deduct the window area unless an opening is more than 100 square feet in size.

Cotton Classing Is Available; No Cost

Cotton farmers who have not already filed applications to receive free classing and market information for their 1960 crop have until August 1 to apply for these services.

Applications should be filed with W. K. Palmer, 610 23rd St., Lubbock. Mr. Palmer is in charge of the Agricultural Marketing Service's area cotton office which includes 37 Panhandle counties and the New Mexico counties of Quay and Roosevelt.

Procedure for preparing and filing applications has been considerably shortened and simplified this season. "However, promptness in filing is necessary, as time is needed for each group to arrange for submitting samples to the classing office," Mr. Palmer said.

Applications and instructions for applying may be obtained from Mr. Palmer's office or from your county agricultural agent.

Under the free classing service, organized growers learn the grade and staple of each bale of cotton they produce. Through market news they learn what cotton is selling for. These two services put them in better bargaining position when they sell their cotton.

More than 13.7 million bales of cotton, about 95 percent of the 1959 crop, were classed under the Smith-Doxey program last year. This is the largest proportion classed for any crop since the service became available in 1938.

BOX YOUR PAINT
Good painters are also boxers. No, this has nothing to do with pugilism. Boxing is the term used to describe pouring paint after it is stirred from one bucket to another to assure uniform consistency and smoothness.

Russell R. Brown

Minister Who Rescued A Boy: Driver Of Year

A young Texas truck driver-minister who rescued a drowning six-year-old boy has been named national Driver of the Year by the American Trucking Associations.

One of the highest awards offered to professional truck drivers in the United States went to Russell R. Brown, 31, of Mount Pleasant, an ordained Baptist minister who drives a tank truck.

Mr. Brown's rescue deed came last July. While delivering a cargo of gasoline in Alvin, near Galveston, he saw three small boys screaming and running into a house nearby.

They emerged with an elderly man and soon disappeared from view. Mr. Brown soon heard the man's cry for help and upon investigation found him bending over the side of a concrete pit or tank, filled with about seven feet of muddy water. He was told a boy had fallen into the water.

Without hesitation, Mr. Brown dove into the water and searched vainly for the boy's body. Rising to the surface breathless, Mr. Brown dove again, and finally came up with the boy, Charles Ray Schedule, who apparently had drowned.

With the help of the elderly man and the small boys, the youngster was lifted to the side of the pit where Mr. Brown immediately started artificial respiration. Before long, little Charles Ray drew a feeble breath. He was taken to John Sealy Hospital in Galveston, where he recovered.

Mr. Brown has driven close to 900,000 miles without a chargeable accident. In addition he has been an ordained minister of the Baptist Church since 1953 when he was 24 and has been pastor of three churches in Texas.

He later was pastor of the Corinth Baptist Church in Timpson, Texas, and the Fellowship Baptist Church in suburban Houston. Medical and family expenses forced him to return to full time truck driving.

Mr. Brown, and his wife, Robbie Louise, have four children: Gary, 5; Mary Lynn, 7; Ronnie, 8; and Jimmie, 10.

One way of keeping a paint can neat and easy to close properly after the job is done is to punch several holes in the groove into which the lid fits.

Baptists Honor Retired Judge T. M. Kennerly

Retired Federal Judge T. M. Kennerly of Houston received the second Texas Baptist elder statesman award at Independence, Texas Sunday in a special services at the old Independence Baptist Church.

The 86-year-old Baptist has authored a Sunday school lesson commentary for the Houston Post since 1936 and taught a men's Bible class for 27 years before illness forced his retirement from active service two years ago.

The elder statesman award is jointly sponsored by the Independence Homecoming Association and the 1 1/2 million member Baptist General Convention of Texas. It is designed "to recognize individuals who have recorded long years of devoted service to the Texas Baptist program."

The first award was presented last year to Dr. J. M. Dawson of Austin, retired Baptist pastor, editor, and historian.

Judge Kennerly, born in Lee County in 1874, began law practice in 1893 after attending the Giddings public schools and studying in a private law office. He was named judge of the Southern District in 1931. He became a Baptist in 1892 under the influence of a Sunday school teacher.

He helped establish the Baptist Temple Church of Houston, but joined the Second Baptist Church shortly after it was organized. He helped found the Memorial Baptist Hospital in Houston and has served as a board member for 63 years.

Judge Kennerly served as vice-president of the Baptist General Convention of Texas for two terms.

His son, Thomas Everton Kennerly, was named a U. S. District judge last Monday in the Southern District, replacing the late James V. Allred.

PAINT THE FENCE

Previously unpainted fences should be given a coat of metal primer.

Death Took But One Holiday Last Year

Fifteen of every one-thousand Texans were injured in traffic accidents during 1959, the Texas Department of Public Safety has reported in the release of its annual statistical report booklet on motor vehicle accidents.

In presenting the 1959 "fact book" Col. Homer Garrison, Jr., DPS director, said that 2,453 persons died in traffic collisions in Texas during the year 1959.

He said death took a holiday only one day, with Dec. 2 being the state's only motor-vehicle free day.

The state's worst tragedy of the year he said was a two-car head-on collision in Hidalgo County February 15 killing 10 persons which occurred not far from Alamo where the most disastrous traffic accident ever recorded took the lives of 29 persons in 1940.

The statistical report was prepared by department Statistician N. K. Woerner who kept records on more than 340,000 accidents during the year. The traffic accidents occurred at the rate of one every 92 seconds; a person was injured every four minutes, and a person was killed every 3 hours and 34 minutes.

Bula Teacher Is At Tech Class

Gerald Leon Thompson of Bula is among biology teachers from high schools throughout the United States learning new ways to teach that important subject.

They are attending a special summer institute currently underway at Texas Tech.

Dr. Earl D. Camp, Tech biology department head and director of the institute for high school biology teachers, announced 62 teachers are enrolled in the program sponsored by the National Science Foundation.

The institute is designed to help high school science teachers do a better job of teaching the biological sciences and stimulate interest in science. Some will receive graduate credit toward master of science degrees.

Directing their studies are six Tech biology and zoology faculty members with Ph.D. degrees in their respective fields.

OUT WHERE THE COUNTRY CAN TEAR A TRUCK TO PIECES—

Chevy middleweights get 1/3 more work done in a day!

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride paving every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sideway on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

WORTH MORE BECAUSE THEY WORK MORE! CHEVROLET STURDI-BILT TRUCKS

THE SANDHILLS PHILOSOPHER

Up In Arms Over Suggestion Of Time Clocks Put On Tractors

Editor's note: The Sandhills Philosopher on his Johnson grass farm is alarmed over a new proposal, which somebody apparently was kidding him about.

Dear editor:

According to an article I read in a newspaper which fell out of a teenager's car as he rounded a corner out here near my farm yesterday, Congress is working on a new minimum-wage law, but I couldn't find a word about a minimum wage for farmers.

I was talking about this with a neighbor this morning and he said he had been giving some thought to this problem too and had concluded the way to solve the farm problem is to pay a farmer a guaranteed wage.

"Yeah, but how you gonna figure out how many hours he works," I asked him.

"Easy," he said. "I already figured it out. Just put a time clock on his tractor, one on his barn door, one on his pasture gate, etc., and at the end of the year he'll have an accurate record of how many hours he worked. Then the government could decide how much an hour he could have to hold his own with steel workers, T.V. repairmen, auto repairmen, etc., figure up how much he got for his crops, and send him a check for the difference."

Now I have no objections to getting checks from the government, they're handy, they're neat looking, you can cash them anywhere, but I would like to say right now I have absolutely no use for time-clocks. I just don't want any accurate record of how many hours I spend on a tractor. It's un-American. It's none of the government's business.

Farming is sort of like editing a newspaper. How would you like to have to punch a time-clock every time you sat down to your typewriter? With the clock running only while you were actually typing?

Farming is the same way. If you're entitled to sit and stare at your typewriter, why don't I have the same right to sit and stare at my tractor? Or my gubbing hoe, or my ax, or anything else? You don't pay yourself by the number of sheets you

CROP Donations Are Being Sought

Farm families, elevator managers, ministers, bankers and others of the Texas Panhandle are working together for CROP during the 1960 wheat harvest.

As the wheat comes into the local grain elevators, many producers have a share of it put aside for the Christian Rural Overseas Program. Following the harvest local CROP officers will check these elevators and arrange for the movement of the grain to those in need overseas.

Many refugees from behind the iron or bamboo curtain are kept alive by bread from wheat contributed thru CROP. Children born in refugee camps have no ration cards.

Were it not for CROP and similar organizations, these children would have little or no food except that given them by adults from their meager rations.

Those wishing to contribute wheat can do so at any grain elevator in their area. Elevator managers not now supplied with transfer blanks and receipts can receive them by contacting H. M. Nichols, Assistant Texas CROP Director, Box 518, Panhandle, Texas.

TRAVEL THE HOSPITALITY ROUTE COAST 70 COAST

run through your typewriter, do you? No. And I don't want to be paid by the number of trips I make up one row and down another. Editing and farming both ought to be kept on a high intellectual level.

Yours faithfully, J. A.

Not only is there more to see in Texas, but there are more private roads than any state in the Union. Today there are 1,591 miles of superb divided highways.

The total will reach 2,700 by 1975. Truly, there's more to see in Texas and you can see it better.

Stone houses over 500 years old in Texas? Yep, in our Texas panhandle. Nope, they don't build 'em like they used to any more. These were built by the Pueblo Indians and discovered in 1907. You can see them today just 18 miles southeast of Pecos.

A life-sized statue of Poppe the sailorman of newspaper cartoon fame, stands at Crystal City, south of Uvalde, in Southwest Texas. Why is it there? You guessed it. Crystal City is the spinach capital of the world.

Remember reading about the Texas Revolution and the final battle where General Sam Houston and his valiant Texas Army, thundering "Remember the Alamo," defeated the Mexican Army of Santa Anna? Today this San Jacinto Battleground, just east of Houston, is a beautiful sight to behold.

On this "Battleground of Victory" these now stand the world's tallest stone monument. You can take an elevator up the 570-foot massive, air-conditioned, giant edifice and survey the entire battlefield.

A huge 35-foot, 220-ton "Star of Texas" rests atop the monument. It is as impressive as the majestic state it represents.

Scenic, quaint, metropolitan, recreational capital, year round weather—these words, true as they are, just don't describe San Antonio adequately.

The historic city has a little of everything. It's the home of the Alamo and has many old and famous missions.

It's America's Venice, too. You can glide down the San Antonio River that meanders through the city. Your gondola or cycleboat will take you along the same river banks where a quiet Indian village once stood. You'll see beautiful semi-tropical plants and flowers. You can stop off at a sidewalk cafe for an adventure in exotic foods, too.

Better plan a long stay in San Antonio. There's so much to see that you'll never want to leave.

Parmer County Farm Bureau News

by Raymond Euler

We would almost bet that all the dogs in Rhea Community got vaccinated last Wednesday afternoon at the Rhea Grain Elevator.

20 Years Ago Today - By - CHERRY HOYBOOK

Mighty Nimrods Bring In The Game

That there are modern Nimrods as skilled in the use of firearms as the ancient ones were in the use of the bow and arrow was demonstrated last Sunday afternoon when H. A. "Lefty" McWilliams, H. A. Robb, and Ewitt Waldrup, armed with '22 rifles, only one of which was automatic, rambled out into the adjoining prairie and made a general slaughter of ravaging creatures.

In four hours time this quartet of hunters killed 81 rabbits, some owls, and some prairie dogs.

1940

Mrs. Dyer Hostess to Needlecrafts Mrs. E. E. Dyer was hostess to the Needlecraft Club at her home Thursday afternoon of last week. Fancy sewing and embroidery work was performed by members, during a pleasant afternoon of visiting.

Refreshments of cookies and candies were served to the following: Mrs. H. A. Robb, Bea Dammert, Lema Cook, Virginia McPherson, Irene McPherson, Alene Dyer and W. E. Renfro.

1940

Mr. and Mrs. Houston Hart visited in Littlefield Sunday.

ly do things in a grand and complete way.

And if anyone has noticed many grasshoppers, they are probably doomed, because Wednesday night they got together to make plans to get rid of them on a cooperative basis. Carl Schlenker was the one who notified us to notify all the Rhea people.

This is no joke: A county Farm Bureau leader participating in one of the District VIII study committee meetings said that a cotton farmer in his county was forced by government officials to improve his farm house used to house Mexican Nationals to the point that it was in better condition than the house in which the farmer lived.

Your Farm Bureau hopes to remedy situations like this by passage of H. R. 12176 which the House of Representatives will soon vote on. Have you written your representative about this bill?

Human Events, dated April 21, 1960, reports that a California judge has signed an order upholding the right of a union to expel members who descend publicly from union policy.

The judge said such men are disloyal and the union may properly protect itself by expelling them.

Tax the rich? According to the Foundation of Economic Education Inc., federal income revenue collections would be reduced only about one per cent if a limit of fifty percent were placed on income taxing.

Do you know what your child is being taught in history, civics, and economics classes? You should know. We believe that this area is still free of subversive textbooks and teachers, and we certainly hope so. This is not so in some schools in America.

Let's know what our children are being taught when they are away from home.

CONSIDER THIS: The king that faithfully judgeth the poor, his throne shall be established forever. Proverbs 29:14.

SURVIVAL PREPARATION

Babson Discusses Fallout And Real Estate Mortgages

Babson Park, Mass., June 16 —If World War III should come suddenly and your community be hit by A-bomb or H-bomb attack, it would be demolished; probably no preparation on your part could save your life.

The chances are, however, that your city will not be bombed—that you would only have fallout to worry about. This fallout is the radioactive dust thrown into the air when a bomb explodes.

If Detroit, for instance, should be bombed, most of the people there would be killed. Then a cloud of radioactive dust would travel with the prevailing wind. Probably everyone within 50 miles would be subject to burns.

Therefore, everyone within a radius of 50 miles from a bomb explosion should go to a "shelter" and be prepared to remain there for three or four days.

This shelter should have a supply of good water, a stock of rice and canned goods, some reading matter, and a

Scientists are not yet agreed on potatoes, carrots, etc., which are underground but have foliage above ground. It is rumored that a neutron bomb will be brought out that has no fallout, but I will not comment on this until additional details are available. However, am carefully following this new development.

After a bomb drops anywhere in this country, we should drink no milk until the government permits us to do so. Cows eating grass which has been contaminated by "fallout" give radioactive milk.

This raises the question whether we should eat butter and cheese. Unless the grass has been thoroughly washed off by recent rains, the beef of the cattle may also be contaminated. The same could be true of sheep, hogs, and other livestock. Listen to CONELRAD for advice.

Ground fish, such as cod and haddock, should be safe to eat; also possibly lobsters. But fish such as mackerel, which swim near the surface, could easily become radioactive.

Drinking water is very important. Fortunately are those families which have a covered well from which pure water can be pulled up by hand, a well not dependent upon electricity. People who get their water from uncovered reser-

Atomic Evolution Topic This Sunday

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon to be read at Christian Science Services this Sunday.

John's account of the healing by Christ Jesus of the man who "was blind from his birth" (ch. 9) will be included in the Bible readings.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (539:27-30): "The divine origin of Jesus gave him more than human power to expound the fact of creation, and demonstrate the one Mind which makes and governs man and the universe."

The Golden Text is from Nehemiah (9:6): "Thou, even thou, art Lord alone; thou hast made heaven, the heaven of heavens with all their host, the earth, and all things that are therein, the seas, and all that is therein, and thou preservest them all; and the host of heaven worshippeth thee."

FOR ALL WE HOLD SACRED... ATTEND CHURCH!

Diligently Pray For The Work Of Your Church

THERE IS STRENGTH IN PRAYER

Warring Against Evil

Read Romans 7:17-25
Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. (Ephesians 6:11.)

Centuries ago a young man, son of a rich merchant in Assisi, met a leper on the road. The care-free young man's first impulse was to turn away. Instead, with sudden great love, he held out his money to the leper, then kissed the hand that accepted it. Young Francesco, later known as St. Francis of Assisi, had triumphed in a war with his baser self. His victory continues today in the inspiring example of his life.

We constantly move in situations which demand that we choose between good and evil. A warfare goes on in our hearts between these two forces. When we feel an urge to choose the good, we should act at once on such a signal from God. This is necessary in the warfare against evil. If we do not delay, we give our best interests an advantage that makes it possible for good to triumph over evil.

PRAYER

Heavenly Father, help us to fight the good fight. Guide us in our choices between good and evil. When our hearts are moved toward love and generosity, may we act speedily on such promptings. Help us to stand steadfastly for Thee at all times. In our Redeemer's name. Amen.

THOUGHT FOR THE DAY

God is our highest authority in the conflict between good and evil.

Florence Pedico Jansson
Virginia
World-wide Bible Reading —
Amos 6:1-14.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Galatians	5	1
Monday	Psalms	119	44-48
Tuesday	1 Peter	2	13-20
Wednesday	Romans	8	31-39
Thursday	Romans	12	1-9
Friday	Romans	12	10-21
Saturday	Romans	15	1-7

Our future presidents and prime ministers — from what spiritual heritage shall they arise?

The ultimate giants of science and industry — what faith will they profess?

The fathers and mothers of our grandchildren and great-grandchildren — what convictions will be taught in their homes?

All this we are deciding today... in our churches... in our families.

For one generation can bequeath only to the next that which it, itself, possesses.

Our own religious life, our own determination to provide our children with thorough spiritual training, our own faithfulness in filling our churches with families — these positive purposes, expressed Sunday after Sunday, will mold TOMORROW'S LEADERS.

BULA NEWS BRIEFS

by Mrs. John Blackman

Those attending the wedding the morning of June 4 in the St. Elizabeth's Catholic Church in Lubbock for Miss Sammie Kay Hubbard and Gerald Calvin Larson were Mr. and Mrs. John Hubbard and daughters, Wanda and Mrs. Barney Oldfield of Grants, N.M., Mr. and Mrs. A. C. Archer, Norvill Roberts, and Phillips Fred.

Mrs. Oldfield and Miss Wanda Hubbard assisted in the house party at the wedding.

Visiting this week in the A. G. Aaron home were Mr. Aaron's sister, Mr. and Mrs. J. G. Ingram from Richmond, California. Also last weekend guests with the Aarons were their son and his wife and Leiby, Mr. and Mrs. Alton Aaron of Corsabad, Nancy Aaron returning home with them for an extended visit.

Mr. and Mrs. Martin Maxwell and Mr. and Mrs. Edd Ray were dinner guests Tuesday evening June 7 in the Alvin Ray home near Morton.

The Rev. and Mrs. L. W. Baker of Halfway were Sunday afternoon guests June 5 in the D. T. Johnson home.

Mr. and Mrs. Cecil Jones visited over a recent weekend with his parents at Quail, Tex., Mr. and Mrs. W. R. Jones.

Mrs. Leo Holt and son L. D. spent Saturday night and Sunday in Seagraves with her sister, Mr. and Mrs. W. L. Schroeder.

Guests recently in the J. W. Richardson home were Mr. and Mrs. J. T. Coody of Cache, Oklahoma.

Mr. and Mrs. Allen Williams were Sunday guests with her mother Mrs. Iva Williams of Morton.

Ann Maxwell was a guest at the girls' dormitory at Lubbock Christian College last week and attended the youth lectureship.

Mr. and Mrs. Jimmy Eubanks of Levelland spent Friday night and Saturday in the T. L. Harper home.

Don Tarbett was the visiting preacher for the Church of Christ Sunday evening. Bro. Bud Hammons is preaching for the Sundown congregation.

Mr. and Mrs. Norman Chisholm and children of Littlefield were Sunday guests of the Olin Powell's.

Mr. and Mrs. C. W. Parkman spent Sunday June 5 as a guest of their son and family, John Henry Parkman in Littlefield.

Mr. and Mrs. J. L. Middlebrooks visited Friday afternoon with Mrs. R. A. Scifers in Littlefield.

Mr. and Mrs. E. W. Black enjoyed having several of their children come over the weekend. Coming Thursday was their daughter and family, Dr. and Mrs. W. H. Zedlitz and daughter, Karen from Dallas. Dr. Zedlitz graduated the 29th of May from Southwestern Medical School in Dallas, graduating with honors, one of the two honor men of the class. He is now doing interne work at Parkland hospital in Dallas.

A family dinner was enjoyed Saturday evening in the Black home. Children attending besides the Zedlitz's were Mr. and Mrs. Richard Black and children of Stanton, Mr. and Mrs. Houston Black and family, and Mr. and Mrs. Skeeter Black and family, all of the Bula Community.

Mr. and Mrs. James Bowlin of Littlefield spent Saturday night in the Cecil Jones home. Rev. William McQueen left Monday morning for Dallas where he will attend a five-week school for pastors to be held at Southern Methodist University. Mrs. McQueen will visit her parents in California during this time. Rev. McQueen will return home on the weekends to fill his Sunday appointments with the church here and at Pettit.

Mr. and Mrs. Martin Maxwell and granddaughter Sheri Lynn spent Sunday afternoon in Sudan visiting in the John Tucker home.

Mr. and Mrs. H. B. Teaff of Rochester spent the weekend here with their children and families Mr. and Mrs. C. W. Parkman and Mr. and Mrs. Royce Teaff. All enjoyed Sunday lunch in the Royce Teaff home, along with other guests Mr. and Mrs. Earl Livergood of Lubbock and Mrs. J. W. Hargrove of Cors, Texas.

Mr. and Mrs. Marvin Drake were lunch guests Sunday, June 5 of her sister and family near Amherst, Mr. and Mrs. Tommy Seymore.

Mr. and Mrs. J. L. Latham and Mrs. W. L. Clawson attended a funeral Sunday afternoon in Seymour for a nephew of Mr. Latham's and Mrs. Clawson's, Mr. Ole Vincent of Los Angeles, California. Mr. Vincent was fatally injured in a car accident on Wednesday of last week. He was 28 years old at the time of his death and leaves a wife and two children.

Lunch guests Friday, June 3 in the Eugene Bryan home were Mrs. Bryan's aunts and uncles, Mr. and Mrs. C. A. Baker of Cisco and Mr. and Mrs. E. E. Nichols of Littlefield.

Mr. and Mrs. George Autry were honored with a miscellaneous wedding shower Friday evening in the school lunchroom. Games of "42" were enjoyed by all. Mrs. Dale Nichols and Mrs. Quinton Nichols attended the serving table

Lubbock Musical Tickets For Sale

The box office in the lobby of the Lubbock Auditorium opened Monday for the over-the-counter sales to "Songs For A Summer Evening" which will be presented at the Lubbock Auditorium at 8 p.m. on Saturday, June 25th.

Appearing in the delightful evening of music from musical comedy, opera and operetta will be handsome baritone star of the Jack Paar show—Earl Wrightson—and lovely musical comedy and recording soprano — Lois Hunt.

Tickets for the one-night engagement are \$3, \$2.50, \$2 and \$1.50. Students of Texas Tech, the high schools piano and voice will be admitted to the show for \$1.

The auditorium box office will be open daily from 9 to 5, which was laid with lace over white and centered with a bouquet of garden flowers. Green punch and white cake squares and nuts were served. Mrs. Autry was presented a lovely corsage made of kitchen gadgets and flowers.

Parents of the couple are Mr. and Mrs. Edd Autry and Mr. and Mrs. Glenn Thompson. They assisted the couple in opening the packages, which included a pressure cooker as gift of the hostess.

Mr. and Mrs. Gordon Overstreet visited Saturday night, June 4, with friends in Littlefield, Mr. and Mrs. Kenneth Cary.

Weekend company in the C. A. Williams home were their daughter and family, Mr. and Mrs. C. C. Young and Donnie of Denver City.

Mr. and Mrs. Eugene Bryan were in Lubbock Monday, June 6 to visit an aunt, Mrs. J. R. Willard, a patient in St. Mary's Hospital and also for a visit in the home of Mr. Bryan's sister, Mrs. A. A. Alexander.

The Rev. and Mrs. W. E. McQueen moved into the Methodist parsonage Thursday, June 2. He comes here from the Liberty Methodist Church, five miles north of Plainview. He and his wife, Geneva say they are happy to be a part of the Bula Community and are anxious to get acquainted.

At the meeting of the board of trustees for the Bula school district on May 26, six former teachers were rehired and the resignation of Coach Meevin Howard was accepted. At the present time three teachers are lacking to make the staff complete.

Those hired were Mrs. Hugh Cook, first and second grades; Mrs. Zoy Risinger, fifth and sixth grades; Mrs. Ruby Reid, commercial and social studies; Don Hendricks, science; Freddie Dierison, vocational agriculture; Mrs. Elwanda Duke, vocational home making; Supt. Joe Turner will teach high school math.

Senior Fireman Search Continues

The Allstate Insurance companies, who this year celebrate the fifth anniversary of the writing of fire insurance in the state, are continuing their search for the active fireman in Texas with the longest period of continuous service.

F. P. Mims, Dallas regional manager, re-emphasized his firm's wish to pay tribute to the individual fireman with the longest period of service to the Lone Star State.

"This individual will receive a free, all expense paid weekend at an area resort, and his department will also receive a gift. Allstate feels that this search will give the company and the people of Texas an opportunity to recognize those public spirited firemen with long and devoted service to their community," Mims stated.

From the list of entries will come the name of the fireman to be honored.

In addition, each Senior Fireman will be awarded a certificate for public service. Fire departments desiring to enter a fireman should notify F. P. Mims at 8001 Stemmons Freeway, Dallas 7. Fire chiefs and assistant fire chiefs will not be eligible.

Today's Meditation

Read Luke 19:1-10
When Jesus beheld him, he said, Thou art Simon the son of Jona; thou shalt be called Cephas, which is by interpretation, A stone. (John 1:42)

Tommy's school report was disappointing. In most subjects the mark was average, and in others below average. But the teacher had added a word of encouragement — "Tommy works hard and shows much promise."

Jesus Christ was a master in the art of encouragement. He cast no doubt upon a Galilean fisherman's readiness for discipleship. The Master indicated that Peter would prove to be a dependable disciple. The failure to succeed in the past would yield, through Christ's encouragement, to a triumphant future. "Thou art... thou shalt be."

Jesus did not use a dinner engagement with tax-collector Zacchaeus as an opportunity to question His host's business methods. Jesus used it to applaud and quicken Zacchaeus' search for truth.

Jesus Christ still speaks the word of encouragement and power.

PRAYER: O God, we thank Thee that Thou dost not look so much upon our failures and shortcomings as upon our promise of Christian growth and service. Help us this day to press toward the mark for the prize of Thy high calling. In Christ's name we pray. Amen.

Football Schedule Lists AAA Games

Muleshoe High's football schedule for this fall includes two AAA teams, Hereford and Littlefield. Only one of the five district games will be played in Muleshoe.

Two letterman return for the 1960 season, bolstered by 14 B-team award winners.

The schedule, with district games denoted by asterisks, Sept. 2—Clovis
Sept. 9—Littlefield
Sept. 23—Hereford
Sept. 30—at Dimmitt
Oct. 7—at Friona
Oct. 14—Olton*
Oct. 21—at Floydada*
Oct. 28—at Morton*
Nov. 4—at Lockney*
Nov. 11—at Abernathy*

Local Soldier Finishes Chemical War School

Army Recruit Rosario C. Martinez of Muleshoe completed the eight-week chemical warfare basic course June 3 at The Chemical Corps School, Fort McClellan, Alabama.

He received training in chemical, biological and radiological warfare, which included study in radioactive decontamination and the offensive and defensive use of chemical agents.

The 23-year-old soldier entered the Army in January 1960 and was last stationed at Fort Carson, Colorado.

CARD OF THANKS

We wish to express our sincere appreciation for the kindness shown by everyone during the illness and death of our loved one, Mrs. Mable Hunke. It was a great help to us in our sorrow.

Mr. and Mrs. Tom Hunke
Mr. and Mrs. Lloyd Hunke, Barstow, California
Mr. and Mrs. Luther Vinson ltc

GAY DOUGLAS

Gay Douglas who will graduate from West Texas State this August was a visitor at the Journal office Saturday. She plans to teach English in fall.

This Auto Check List Could Save Trouble

Although the number of passenger cars in the United States has more than doubled 70 million—only 16 states and the District of Columbia require vehicle inspections at least once a year, according to Changing Times, the Kiplinger Magazine.

Results of last year's National Community Vehicle Safety Check, reported in the current issue of the magazine, indicate that every fifth car a motorist meets on the highway is a potential menace. In fact, the motorist may himself be driving the one in every five cars that failed to pass the mechanical check-up.

Anticipating the increased traffic ahead during the vacation season, the editors of the magazine recommend the following list be checked the next time the car is lubricated and again at least every six months.

Lights. Front, parking, rear, license plate, backing, stop—all should be checked. Check all bulbs, whether headlights work on both high and low beam, headlight focus, whether turn signals are operating.

Brakes. Is there at least a 2-inch clearance between pedal and floor board when they are fully applied? Does the brake pedal sink under constant pressure? Do brakes fade or grab in a quick stop

Tires. Are treads wearing thin? Do treads and sidewalls have any cracks or cuts? Are there any patches or "boots"—they are not safe at highway speeds.

Steering. Are there more than 2 or 3 inches of play when the steering wheel is

turned? Are front tires worn unevenly? Does the car shimmy at any speed?

Exhaust system. Are there any cracks or holes in the muffler or exhaust pipe?

Windshield wipers. Is the rubber deteriorated or dried out?

Glass. Are there cracks or discoloration in the window glass, especially the windshield? Is the rear view mirror cloudy or cracked?

Checking the whole list takes about fifteen minutes, the article notes, and it holds at least one key to highway safety.

Friona Man Graduates From Naval Training

Huey T. Dement, son of Mr. and Mrs. Ervin T. Dement of Friona, graduated from recruit training June 3 at the Naval Training Center, San Diego, California.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials an civilian dignitaries.

In nine weeks of instruction the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

The easiest way to paint a wire fence is with a long-nap roller that "embraces" the wire and makes it possible to coat all surfaces in one pass.

"She's right here on the patio with me!"

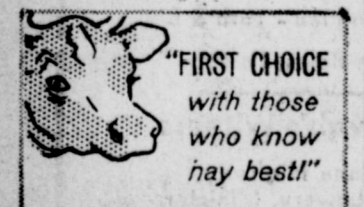

No more bothersome running in and out to catch the phone—not when you've got a portable phone or an extension on the patio. The last word in outdoor living—it costs so little. This year, get an outside extension in a color to match your summer furniture.

Seedling Disease Prevention Research Program Underway

An in-furrow fungicide test to determine the efficiency of 12 different chemicals used in the prevention of seedling diseases on cotton is underway at the High Plains Research Foundation.

Each of the 12 chemicals has been applied in four row lots, 300 feet long. A 13th plot has been planted with no chemicals applied to be used as a check plot for comparison.

This test is being conducted by Dr. Harry Lane of the Lubbock Experiment Station and Delbert R. Langford of the Foundation Staff.

A comparative date of planting test on cotton is in process a Halfway to secure further information desired by area farmers so they can achieve higher quality yields.

Cotton was planted April 20 and May 20 and will be planted June 20 and 30.

A climatology test on cotton is included with the date of planting research program. This test consists of cotton planted on (1) dryland, (2) irrigated land with no fertilizer, and (3) irrigated land with various rates and combinations of fertilizer.

Air temperature, relative humidity, and solar energy are to be recorded throughout the growing season to determine the effect of these factors on the cotton yields. These tests are being conducted by Dr. J. D. Bilbro, ARS, Lubbock, and Delbert Langford of the Foundation.

These projects are being conducted at the High Plains Research Foundation in cooperation with the Texas Agriculture Experiment Station, Lubbock, and the Agricultural Research Service of the U.S. Dept. of Agriculture.

PAINT OR ENAMEL ON ALUMINUM SIDING WILL NOT LAST FOREVER—AND NEITHER WILL ALUMINUM

Claims that the paint or special pigmented finish on aluminum siding will "last forever" and that the siding "never needs painting" have been deplored by the very people who make these paints, enamels and lacquers. They point out that no such claims are ever made for automobile finishes, which are better protected from the weather by garaging and waxing than aluminum siding. It is true that the finishes used for these sidings will give long service; however, "forever" is a long, long time.

CAULK, THEN PAINT

Get to use a caulking compound this summer, don't forget to use a caulking compound first to fill the gaps around doors and windows, roof joints, joints between masonry blocks, and any points where two different materials meet. Caulking keeps out moisture and drafts, thus protecting your home against rot and making it easier to heat in the winter and cool in the summer.

OUTDOORS IN TEXAS

Virtues Of Texas' Mesquite Tree Shouldn't Be Forgotten

by Vern Sanford

As an outdoorsman you should learn all you can regarding mother nature—especially how she provides for you, as well as for the game you love.

I enjoy our modern frozen foods and mechanical gadgets just as much as the next fellow. But I think it is good to know how the Indians and the early pioneers survived without these conveniences.

Having nothing but what mother nature provided, our predecessors survived, because of their knowledge and ingenuity in using what they had.

Each animal, plant, shrub, bird, tree, grass, or what-have-you, had its own place in nature. But most of them can be put to some extra use, to serve man—if he knows, or can discover how to use it.

Generally this discovery

comes about as a matter of necessity. However, the factor of necessity seldom arises in our modern day world. Nevertheless, it's still good to retain part of this knowledge, even today.

Many camping families, boy scout groups, the Armed Forces, etc., attempt to learn what they can about survival, dependent upon mother nature. I have yet to hear anyone who studied it say that he had been wasting his time.

Let's just look at one, often abused and criticized product of mother nature, that abounds throughout Texas. Let's see what she has performed in the way of survival for man.

The small misshapen, scrawny little mesquite tree has been scoffed at by tourists in Texas for many years. Yet Texas owes a great deal to this determined and useful projection of love from Mother

Nature.

In the early days of Texas, when its population was composed of Indians, Mexicans and early white settlers the mesquite tree was like the present suburban shopping center.

This little sprig of life provided so much for the existence of these people that I am surprised that Texas has not erected a mesquite tree statue in undying admiration for this so often abused creation of nature.

The mesquite tree was perhaps the prime heat supply of our early-day people, as it provided kindling for both heating and cooking.

The oft-eaten barbecue of today started with meat prepared over the wood from mesquite trees. This wood imparts a flavor to the meat that is relished by many barbecue experts of today.

The delicate leaves of the mesquite were, and sometimes still are, placed in men's hats—to help keep the head cooler in hot weather.

Mesquite tree leaves often were used as poultices, as were the leaves of many other plants and trees.

Household bleaches of today may be better, but the earlier Texas inhabitants were quite pleased with the results of boiling mesquite tree leaves with the clothes, to make the apparel white.

The mesquite bean, that hangs in long slender pods from the tree, also found many uses. The beans were ground between stones. The results—Ole—was flour.

This was a potent and variously used flour. It made a tasty and energy-providing bread, even now enjoyed by was the beginning of the now famous tortillas and tamales.

If you mixed this mesquite bean flour with water you could have the choice of two useful products—a stomach medicine or a potent liquor. Could be that the old-timers needed both at the same time.

Lastly, we come down to the root of the tree itself. Roots were boiled into a stomach and bowel medicine (undoubtedly never patented) and an excellent dressing for wounds.

You could forecast your plan-in asd-ti etaoin hrdju planting by this tree, too. It never freezes after the buds appear and I hear tell that a cold winter is always fore-

Vice President Nixon Will Speak Before Texas Press Association

Topics ranging from World Affairs to news coverage and column writing on the home-town newspaper will be spotlighted during the 81st Annual Convention of the Texas Press Association.

Returning to Houston, where the organization was founded in 1880, Texas newspapermen will gather for the convention at the Rice Hotel on June 16-18.

Bringing the world to Texas' doorstep will be the Vice President of the United States. Nixon will address the convention at a banquet Saturday night, climaxing the three-day convention.

Other speakers from out-of-state taking part in the program are Bill Pleuthner of the Batten, Barton Durstine and Osborn advertising agency in New York, and Ray Kimball, publisher of the DeQueen (Ark.) Bee.

Among the Texans taking part in the program are June Benefield Hinkle, Houston Chronicle columnist; James Roberts, editor of the Andrews County News in Andrews; C. L. Kay, vice president of Lubbock Christian College; Gen. A. D. Bruce, chancellor of the University of Houston; R. W. Barlow of the Texas Parks Board in Austin; former governor Allan Shivers, now with Western Pipeline Company in Austin; and Garland Roark of Nacogdoches, author of the best seller, "Wake of the Red Witch."

Early arrivals at the convention will attend a Get-Acquainted Party on Thursday evening when they will have a chance to visit with movie stars Jayne Mansfield and Guy (Zorro) Williams.

Friday noon TPAers go to the University of Houston for luncheon and a ceremony dedicating the university's new journalism building.

From there, a trip down the coast by an extra large crop of mesquite beans.

Now, don't you agree that we've abused this tree? That we've treated it unfairly?

True, it's not a thing of beauty. But after all—beauty is only skin deep.

Houston Ship Channel by boat takes the publishers and their guests to San Jacinto Battleground where they will visit the museum and the Battleship Texas. Dinner that evening is to be at San Jacinto Inn, one of Texas' most famous seafood houses.

Awards in the Texas Newspaper Contests will be presented on Saturday morning following an early-bird breakfast. At the noon luncheon Saturday, entertainment will be provided by Theatre Inc., presenting a "Sizzling Sixties Review" which will include excerpts from the Pulitzer Prize Production, "Street Scene," and will star personalities from Houston stage, radio, and television productions.

Past presidents of the association will hold their annual breakfast on Saturday morning.

New officers and directors will be elected at the annual business session following Saturday morning's program. Committees also are to report at that time and the convention city for 1961 will be selected.

A special party for the ladies of the press has been scheduled for Saturday afternoon, when they will learn about cooking with wine. Al Moulin of the Wine Advisory Board in New Orleans will be the "instructor."

Saturday night's banquet, when Vice President Nixon speaks, will conclude the convention.

Program chairman for the meeting is Franz Zeiske, publisher of the Bellville Times.

Son of Friona Woman Assigned to Germany

Army Specialist Four Bobby J. White, whose wife, Myrtle, lives in Carrizozo, New Mexico, recently was assigned to the 50th Ordnance Company in Germany.

Specialist White, a heavy equipment operator in the company in Kaiserslautern, entered the Army in June 1955. He attended Berger High School. His mother, Mrs. Nellie White, lives on the Star Route, Friona.

Increases in maize yields up to 2000 lbs. per acre

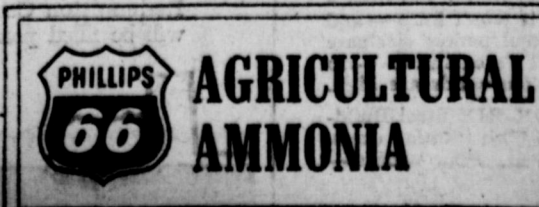

Well-known West Texas farmers like W.C. LACY and SON side dress 90 to 100 lbs. ammonia on maize

W. C. Lacy of Hart, who farms 575 acres with his son, Bill Lacy, reports: "Side dressing Phillips 66 Ammonia on our maize crops has given us yield increases of 1500 to 2000 pounds per acre. We apply 90 to 100 pounds of ammonia per acre on maize land. Last year I didn't apply ammonia on 3 rows of maize. When this maize was about knee high it started firing at the bottom. We went back and put ammonia down on the rows, and they greened up right away. Believe me, ammonia makes a

big difference on crops around here." Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) produces more high grade lint (2) increases maize yields (3) boosts wheat and small grain yields (4) stimulates forage production.

See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

The Sign of Better Ammonia Service

Three Way News

by Mrs. Frank Griffith

A candle pledge service was observed recently at the Three Way Methodist Church for members of the W.S.C.S.

Mrs. Cecil Cole vice president, was in charge. The program began with an opening prayer by the president, Mrs. Leon Reeves. Each woman lighted a colored candle and made a pledge for service in the organization.

Present for the program were Mmes. Cole, Reeves, Tommy Galt, John Tyson, Garvin Long, Doss Terrell, and Smelser.

Mrs. W. D. Taylor, daughter of Mr. and Mrs. L. D. Sanderson, came from Roswell Saturday to get her daughter, Jackie, who had been visiting several days with the Sandersons.

The home of Mrs. Buck Ragsdale was the scene of the Goodland Bible Study Club meeting Tuesday, June 7. The study of Genesis was continued.

Coffee, punch and cake were served to Mmes. Tommy Galt, Pete Tarlton, Leon Reeves, Baker Johnson, Lewis Henderson, Horace Hutton, L. D. Sanderson, Frank Griffith and the hostess Mrs. Ragsdale.

The next meeting is June 21 in the home of Mrs. Reeves.

A pink and blue shower honoring Mrs. Freddie Parkman was given Thursday June 9 from 2:30 to 5 p.m. in the home of Mrs. Jack Lowe.

Co-hostesses were Mmes. Kenneth Corbett, Jack Hutcherson, C. J. Feagley, E. B. Julian, Adolph Wittner, Wayland Altman, and Pete Tarlton.

Refreshments were served to those attending.

Mr. and Mrs. Horace Hutton and children were called to the funeral of his aunt, Mrs. Margaret McGuire of Shallowater. The funeral was at the Laurence St. Church of Christ in Anton. Mr. and Mrs. Freddie Parkman and Mr. and Mrs. Frank Griffith attended the funeral.

A pre-nuptial shower honoring Jo Ann Hodge, bride elect of Jack Reeves was Sunday from 2:30 to 5:30 in the home of Mrs. Tommy Galt.

Miss Hodge and the mothers of the couple were presented carnation corsages. Miss Bonnie Bateas registered gifts in the bride's book. About 60 brought or sent gifts.

Refreshments of punch and cake were served from a table laid with a lace cloth. The center piece was a Marine base, complete with the American flag. A miniature American flag, a miniature marine and his bride stood in the center of the arrangement.

Small flags mounted on marshmallows surrounded the "base" and were used as plate favors.

Mrs. James Holly poured the punch. All appointments were crystal.

Hostesses were Mmes. Cass Stegall, Cecil Cole, Earl Bowers, Albert Lowe, Horace Hutton, L. W. Chapman, Tommy Taylor, Ed Latimer, Frank Knox, Doyle Davis, Bill Eubanks and Galt.

WANTED BY THE FBI

JOSEPH CORBETT, JR.

Corbett, one of the FBI's "Ten Most Wanted Fugitives," is wanted for escape from the California Institution for Men, Chino, Calif., where he was serving a 5 year term for life sentence for murdering an Air Force sergeant. A Federal warrant was issued for Los Angeles, Calif., on March 21, 1960, charging him with unlawful interstate flight to avoid confinement for murder.

A white American, born on October 25, 1928, of Seattle, Wash., Corbett is 5 feet 1 inch to 5 feet 2 inches tall and weighs 160 to 170 pounds. He has light brown hair, hazel eyes, a fair complexion, a medium build, and has worked as a clerk-typist, laborer, warehouseman, laboratory technician, and glycol-resin cooker for a paint manufacturer. His two upper front teeth slant inward and he wears glasses, reportedly being extremely nearsighted and capable of seeing only close objects without them. He has a mole under his chin and a C-shaped scar on his right thumb.

Corbett, once a premedical student, is interested in scientific matters, avidly reads technical and travel books, and is intensely interested in firearms and target practice. He reportedly has a superior general intelligence and generally lives quietly and neatly but becomes erratic when drinking alcoholic beverages. Convicted of second degree murder, he is considered armed and dangerous. Anyone having information concerning him should immediately notify the nearest office of the FBI, the telephone number of which can be found on the first page of local telephone directories. WFO 501200-2

Miss Hodge and Reeves plan a June wedding at the Methodist Church in Morton.

Allan Davis was honored with a party on his seventh birthday in the home of his parents, the T. D. Davises. Games were played and refreshments of ice cream and cake were served to seven guests.

Mrs. Rickey Lindsey, nee Donna Shepard, was honored with a miscellaneous wedding shower Monday afternoon from 2:30 to 6 in the home of Mrs. Horace Hutton.

Miss Jeanie Tyson registered the gifts in the bride's book and Miss Nan Johnson served punch from a table covered with pink satin and net. A round mirror centered the table and a miniature bride and groom sat on the mirror. Pink roses were arranged around the mirror. Sheet cakes decorated with pink rose buds, nuts and mints were served.

Hostesses were Mmes. Weldon Avery, Adolph Wittner, Neal Smith, D. L. Tucker, Jim Emmerson, Fred Kelly, Gene Pierce, R. L. Davis, R. R. Kindle, John Tyson, George Tyson, also Mmes. Kenneth Corbett, Charles Abbe, Baker Johnson, Gene Kinley, Jay Boyce, E. E. Wells, Bill Mann, A. G. Taylor, Horace Brashear, T. D. Davis and Horace Hutton.

Jean Caster, daughter of Mr. and Mrs. W. P. Caster of Irving, became the bride of A. J. Ellis of Dallas, son of Mr. and Mrs. Albert Ellis of Tatum.

Lions Announce Committeemen For Next Year

Committee appointments for the Muleshoe Lions Club for 1960-61 were announced this week by club president J. E. McVicker.

Under the general chairmanship of the first vice president, Jack Morris, the following committees were named:

Attendance—Pat Bobo, Guy Kendall, Wilbur LeVeque; **Finance**—M. D. Gunstream and Bobby Althart; **Membership**—Ernest Kerr, Frank Ellis, and Tye Young; **Program**—Gil Lamb, Woody McDermitt, and Melvin McCoy; **Constitution and By Laws**—Owen Jones, W. D. Moore, and Charles Lenau.

With Jeff Peeler, second vice president, as general chairman, these committees were listed: **Lions Information**—W. D. Moore, Roger Albertson, and Tye Young; **Convention**—Wilbur LeVeque, W. Q. Casey, and Owen Jones; **Sight Conservation**—B. R. Putman and R. O. Gregory; **Boys and Girls**—Irvin St. Clair, Herb Griffiths and Frank Scott; **Citizenship**—Red Glasscock, N. L. Johnson, and Truman Lindsey; **Agriculture and Greeters**—Roland McCormick, Rufus Gilbreath and Bill Wimberly.

Horace Edwards, third vice president, has the following committees under his chairmanship: **Public relations and bulletin**—James Dow and Carroll Pouncey; **Civic improvements**—Sam Fox, Cecil Tate, and T. M. Slemmons; **Community betterment**—Lee Pool, Lindal Murray, and A. J. Gardner; **Education**—Jack Young, George Chambers, and James Jennings; **Health and welfare**—W. F. Birdsong and Sam Damron; **Safety and United Nations**—Dee Clements, J. W. Moore, and Rufus Gilbreath.

N. M. formerly of Maple. Vows were exchanged at the Dallas. Her ballerina length gown was of white chantilly lace over a blue sateen. The veil of illusion fell from a crown of seed pearls.

The sister of the bride was her only attendant. She wore a blue alicia dress over blue sateen. H. C. Brashear, a former classmate of the groom, was best man.

For her daughter's wedding the mother of the bride chose a beige lace dress. Mrs. Ellis, mother of the groom, wore beige eyelet embroidery. Both wore white carnation corsages.

A. J. is a 1956 graduate of Three Way High School and is now employed at Chance-Vought.

Besides his parents, others from this area attending the wedding were Mrs. Louise mother to the groom, and Mike Slated of Lubbock, nephew of the groom.

Eloise Kinley and Gayle McColvey left Sunday by bus from Portales for Las Cruces to attend the Junior Engineers and Scientists Summer Institute. They will be gone 2 weeks.

Mrs. Odeal Terrell and Eloise of Amherst visited in the Frank Griffith home Sunday.

On Main Muleshoe Ph. 4090

The safest place in a lightning storm is your LOK-RIB Building

You enjoy peace of mind in stormy weather when you own a LOK-RIB Steel Building. It's all steel—it won't burn—and if lightning strikes, the easily grounded steel panels dissipate the charge. The extra strength of LOK-RIB's exclusive V-rib design gives you that same safe feeling when winds are high.

The factory-engineered, mass-produced LOK-RIB Steel Building goes up easier and faster. There are no high framing costs. Every part is pre-punched and matched to fit. Four widths—24, 32, 40, and 48 feet.

Call us for an estimate today.
