I KNOW THIS goes against all the principles of right-thinking citizens, good ole boys, the Moral Majority and those who believe in working for a living, but right now, I think the Internal Revenue Service is a pretty good bunch of folks.

This is in direct opposition to something I wrote three or four weeks ago, when I told about how they slapped a ridiculous \$46 penalty on me for making a \$3 mistake. I bad-mouthed them plenty, but now I have to apologize.

Good old IRS notified me I had made an error on my annual return and they sent me some money back. And they included more than \$40 interest on the money I overpaid. I fell over and told my wife, "It's the big one..." but like Sanford, it really wasn't.

I felt so good about getting some unexpected refund that I decided to go ahead and mail them the \$46 penalty they still had me charged up with. Since they had sent some money back on another deal, I decided I wouldn't fight the machine on the penalty matter.

Several days later, they refund-

ed my penalty. I don't know why, and I don't know what's got into IRS. They are ruining their image.

Of course, they may send me another letter next week wanting it all back. But until they do, I feel a little better about them than I did. After all, I've got my price.

Teacher Raises Voted

It took awhile, but the Tahoka Independent School Board had its regular monthly meeting last Thursday, winding up at 1:45 a.m. Friday, after taking action on several items of major importance and several routine matters.

Among the major matters were approval of \$500 bonus increases for classroom teachers, hearing the request of a group of teachers that continuing education requirements be lowered, voting a change in policies for determining honor students, hiring of a kindergarten teacher, accepting four resignations and hiring six persons with some other shifting of assignments for teachers and coaches.

School counselor Paulette Brownfield reported on the results of the Texas Assessment of Basic Skills

Storm Wipes Out Lynn Cotton

A widespread vicious hailstorm with high winds and heavy rain battered all of Lynn County Friday night and early Saturday, bringing what one observer termed "the worst disaster in the history of Lynn County agriculture, considering the plight

of farmers already hurt so badly by last year's crop situation."

Damage to crops and property was estimated to total \$43 million.

Hail not only stripped stalks of young cotton all over the county, but also knocked down the stalks, giving

some fields the appearance of not having been planted at all.

On Monday, with fields too wet to get into, many farmers were still trying to decide what to do. The date is too late for replanting, although some were planning to replant

anyway, hoping for a late freeze this fall. Some were considering planting some other type of crop.

Loss Estimated

A Lynn County Emergency Board headed by Jimmy Woodard, manager of the ASCS office in Tahoka, toured the county by air and ground Monday and after conferring with county commissioners and Judge Melvin Burks came up with the \$43 million loss estimate. Of this amount, \$38 million was crop loss; the rest was to homes and property, mostly in the north part of the county, in the New Home and Wilson areas and out in the county. In the city of Tahoka there was not too much damage to cars and roofs of homes, but in the north portions there was considerable loss.

"We estimated that 95 per cent of all the crops in the county received some damage, with 50 to 60 per cent totally lost," Woodard said. He said a small area (the remaining 5 per cent) in the southwest corner of the county apparently had little or no damage.

Some observers said farmers without hail insurance were in the worst shape, with some possibly being dealt the final blow.

Seek Designation

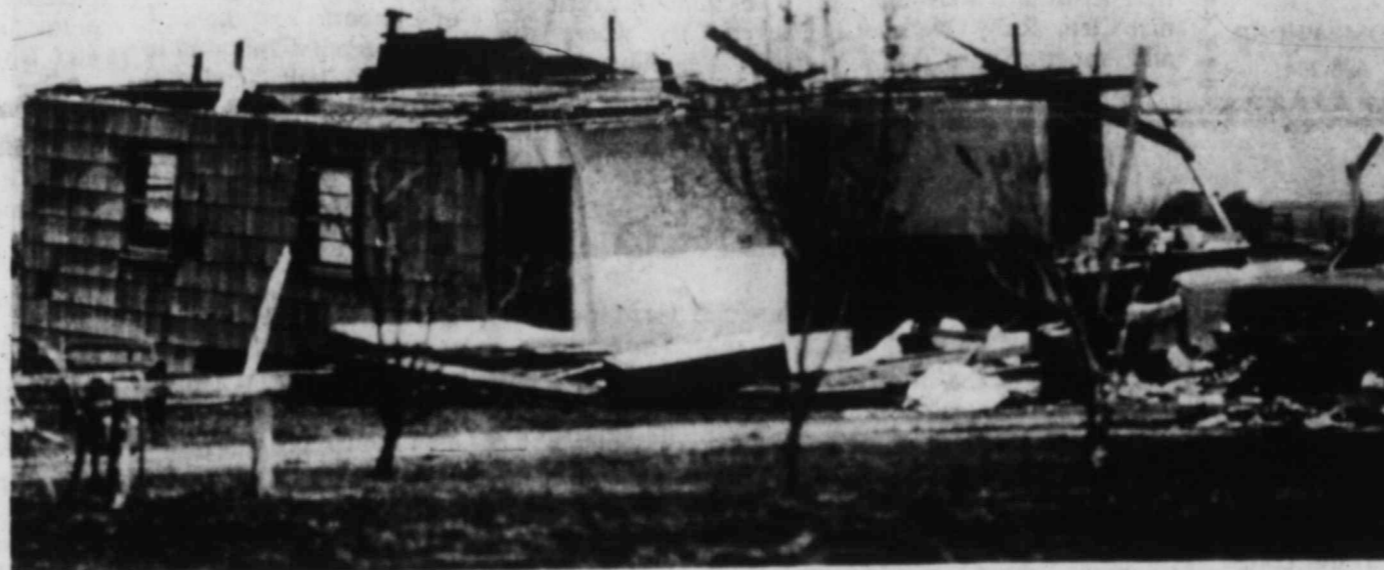

Judge Burks has made a request to state officials for designation of the county as a disaster area for crops and if possible, for property damage also. If the state decides it is warranted, they will in turn make a request to the federal government for a disaster area designation, Woodard said, which would mean lower-interest loans for those qualifying.

Woodard noted that the ASCS no longer processes and makes federal disaster payments. That program ended with the 1981 crop and the only thing farmers may qualify for now through that office would be deficiency payments on cotton price this year.

The deficiency payments would not be made until next year, and the maximum amount possible would be 13.92 cents per pound, Woodard said.

At the northern edge of the county along U.S. 87 what residents there are convinced was a tornado destroyed one home and put a Texas Tech English professor in the hospital, and heavily damaged several other homes.

Mrs. Mary Lang was still in West Texas Hospital Monday for injuries See STORM..Page 4

Pioneer Reunion, Rodeo Set

A full weekend of fun activities for oldtimers and rodeo fans is on tap in Tahoka, starting with the three-day rodeo Thursday and winding up Saturday with the Pioneer Reunion and the final rodeo performance.

A parade at 4 p.m. today (Thursday) kicks off the rodeo, with entries from individuals, businesses and groups scheduled. The rodeo will have performances at 8 p.m. each of the three nights. Admission is \$3.50 for adults and \$2 for children. Cassie Ashcraft is this year's princess, and queen candidates who are selling tickets are Jane Horwood, Marci Miller and Mistie Cook. The queen is to be announced at the first rodeo performance tonight.

Performances will be at the rodeo arena on the south side of town.

Texas Tech's masked rider, Perry Joe Church of Friona, will ride in the parade, it was reported this week. Church won the title of Red Raider by competing in both horsemanship and interview sessions. He said he began riding when he was about three years old and later was involved with the Martin County Sheriff's Posse.

The 48th annual Pioneer Roundup will be Saturday at the Tahoka School Cafeteria, with about 400 expected. Registration begins at 10 a.m., followed by a barbecue luncheon at noon, with tickets priced at

\$2.50 per plate.

After lunch, the oldest woman and man present and the pioneer traveling the greatest distance to the reunion will be recognized. Awards are limited to persons who have not previously received the honor.

Awards also will be presented to the best decorated show windows downtown.

Tahoka Museum will be open from 10 a.m. to 5 p.m. with refreshments and an art show.

Jim Wells is chairman of the reunion this year, and about 65 persons are on committees helping stage the event. John Ed Redwine is to be master of ceremonies for the program in the cafeteria Saturday.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

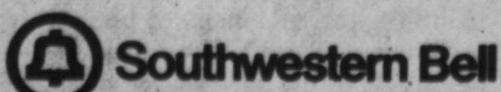

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

**Notice to Customers of
Other Telephone Companies**

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

**YOUR
TELEPHONE
SERVICE -
A REAL BARGAIN**

All things considered, talking is a real bargain. The chart below shows how your telephone costs compare against other goods and services you use daily.

(Figures based on data gathered from U.S. Bureau of Labor Statistics from October 1976 to October 1981)

* Away from home
** Basic local service in GTSW's Texas exchanges

Frequently, the convenience of the telephone is taken for granted.

For instance, a few things you use your phone for:

1. Shop ahead, save gas.
2. Make appointments (doctor, sales calls, lawyer, preacher)
3. Emergencies (police, fire, ambulance)
4. Talking with loved ones in other towns
5. Conducting business via long distance, save on travel cost
6. Calling scout troop, civic club, little league team, etc.
7. Visit with a friend across town.

Talk is cheap and also a real bargain. For a true picture, divide your basic local service rate by the days in the month. For just pennies a day, excluding long distance and special services, you have your town at your fingertips.

If you're on a sodium-restricted diet, read processed food labels for sodium compounds and salt content, advises Mary K. Sweeten, a food and nutrition specialist.

Pickled products, such as pickles or relishes, are high in sodium. Spices, such as garlic and celery salt have salt added, she notes.

MRS. PETER ELSWORTH nee Savannah Walker

Walker - Elsworth Exchange Wedding Vows

Savannah Waring Walker, daughter of Ambassador to Upper Volta and Mrs. Julius W. Walker Jr., was married on May 29 to Peter Charles Tyndale Elsworth, son of Commander (ret.) and Mrs. Robert Elsworth of Suxex, England, and Malta.

The ceremony was in the Bethlehem Chapel of the Washington National Cathedral with the Right Reverend H.L. Whittemore Jr., Dean of the Cathedral in Bethlehem, Penn., cousin of the groom, officiating. The reception was held at the Congressional Club in Washington.

The bride is the daughter of Savannah Tunnell Walker, who was reared in Tahoka and graduated from Tahoka High School. Her grandmother, Mrs. Lenore M. Tunnell, was Lynn County Superintendent of Schools from 1936-1954. Great-grandparents of the bride were Mr. and Mrs. W.L. Tunnell, pioneer settlers of Lynn County.

The bride, given in marriage by her father, wore an antique satin gown belonging to her cousin, Mrs. C.S. Thomas of Tahoka, and fashioned with cathedral train and trimmed with seed pearls on the bodice. Her veil of silk illusion was the gift of her grandmother, Mrs. J.W. Walker of Plainview. The bride's bouquet was of calla lilies.

Attendants to the bride wore silk taffeta dresses of dusky rose, ruffled over one shoulder. The maid of honor, LuLen Walker, sister of the bride, wore the same style dress in hot pink. Bridesmaids were Mrs. Mary Katherine Lee Padden of New York City; Miss Julie Siff of Philadelphia, and Vermont; Sarah Elsworth, sister of the groom, of Barbados.

Best man was Robert Moss of New York City. Groomsmen were Stewart

Walker, brother of the bride; Christopher Elsworth of London, England, brother of the groom; and Tom Wallin of New York. The groomsmen wore formal cutaway attire.

The bride graduated from Bethesda-Chevy Chase High School and received her B.A. degree from Wellesley College, where she was a Wellesley scholar. She is Departments Editor of Channels Magazine in New York.

An alumnus of schools in England, Mr. Elsworth received his B.A. degree from State University of New York at Binghamton and a Masters Degree from McGill in Canada. He is employed by McGraw Hill on the staff of Platt's Oil Daily.

The couple met at Columbia School of Journalism, where they both received Masters Degrees in 1980. They will reside in New York.

The Lynn County 4-H Fashion Show will be held June 30, at the Lyntegar meeting room at 8 p.m. These 4-H'ers will be demonstrating what they have learned as a result of the 4-H clothing project that is underway. They will be exhibiting skill in clothing construction, fashion interpretation, good grooming and modeling.

A county-wide program on couponing will be conducted by Mary Beth McKibben and Billie Parker, Tahoka's couponing experts, on Tuesday, June 29, at 11 a.m. in the Lyntegar meeting room. This program is being sponsored by the Lynn County Extension Homemakers Council, who will be providing refreshments.

Door prizes will be awarded at the end of the program, which have been donated by Summitt Venture Food Store, Dayton Parker Pharmacy and Ball canning jar coupons.

Our thanks to the children, pastor and ladies who helped from the United Methodist Church for a most enjoyable program Friday. About 60 people were here for it and enjoyed the musical play "Kids Praise."

There will be no blood pressure check day in July. Thelma will be on vacation. Next blood pressure check will be the first Tuesday in August.

The July singing is also cancelled as we will be closed July 5.

Our new kitchen is moving along nicely. We hope to be in it in two more weeks. Come by to see it.

STORM --

Cont. from Page 1

sustained when the roof was ripped off her frame home on the east side of U.S. 87 about 15 miles north of Tahoka.

Mrs. Lang said she and her husband, Paul, were inside watching television shortly after 10:30 p.m. when the full fury of the storm hit.

Banging sounds on the home got both outside to check on what was happening. The storm picked up, and she went back inside to seek safety in a shower stall, only to have a tornado hit and literally remove her from the home.

"It was your typical freight train sound," she said of the storm. "The next thing I knew I was swept up in the air." She said she was carried five to 10 feet and was pinned to a wall.

Mrs. Lang was admitted to the hospital with frostbite injuries from the hail, injuries from the hail, injuries to her left hand and several bruises. Several large pieces of hail

struck her in the head, and she said one report had the hail accumulating to a foot deep in her residence, which was extensively damaged by the storm.

The Tahoka volunteer fire department came to her rescue, and an ambulance took her to the hospital.

In the home of Mr. and Mrs. Gene Babbitt and their son, Sidney, who live just south of the Lang residence, also was heavily damaged, with one room collapsed and a small guest house at the back destroyed. Some trees were broken and the bark was stripped off by the force of the storm.

Mrs. Babbitt said their pet dog was killed by the storm and a calf was injured. She expressed appreciation to the Tahoka Volunteer Firemen who came to their assistance.

She said they went into a closet on two different occasions as the storm struck, passed and then another one hit.

Western Art On Display At Museum This Saturday

Along with the annual Pioneer Reunion this Saturday, Tahoka Pioneer Museum is sponsoring a display of pictures and sculpture by three outstanding western artists.

Works of art on display and for sale are from Rodney Watson of Plainview, Bob Chennault of Lubbock, and Bill Craig of Tahoka, all of whom have attracted considerable attention in Western art circles.

Watson, reared in the area ranch and farm atmosphere, has been drawing from life since his childhood, and his paintings and sculptured objects in bronze usually include a flavor of humor.

Chennault, also a West Texan, is one of the rising young artists who tries to capture life and beauty of the

rural scene in oils, water colors and pen and ink cowboys working cattle, still-life, and the southwestern landscape.

Craig's oils and sculpture, like these two artists, has come into great demand over the southwest. A Lynn County native, Craig also has in Tahoka a foundry where he and other West Texas artists may have their sculptural works cast in bronze.

The art display at the Museum will be Saturday from 10 a.m. to 5 p.m. Admission is free, and 20 per cent of all sales will go to Tahoka Pioneer Museum.

Whether interested in buying works of art or not, everyone is invited to view the exhibit and also the Museum itself. Coffee and lemonade will be served to visitors.

Tahoka Man Robbed; Suspect Is Jailed

A 71-year-old Tahoka man was tied up and robbed of about \$400 cash Monday, and a suspect in the robbery was arrested a few hours later in San Angelo as he was driving south.

In Lynn County jail charged with aggravated robbery was Joe Sanchez Tijerina, 23, who was accused of robbing Braulio Najjar Casteneda, 71, at Casteneda's residence in Tahoka. The victim suffered some injury in the assault.

Jake Dunlap, east of Tahoka on U.S. 380, reported a 20-foot flatbed trailer missing since about June 9.

Leslie (Pug) Paris, Rt. 4, reported a 1975 Ford pickup was stolen from his residence Friday and driven a short distance

away. Missing from the pickup were a battery and a Remington 870 shotgun. Carl Griffin, Rt. 4, reported the battery stolen from a car at his residence Friday.

E.T. Cloe told Tahoka Police someone had taken a wheelbarrow from his residence. Police also answered calls related to dog problems and one regarding a gas meter on fire.

In jail during the week were two persons for attempted murder, and one each for public intoxication and disorderly conduct, driving while intoxicated and aggravated robbery.

When the first escalator was installed in Harrod's department store in London, brandy was served to passengers who felt faint.

TEACHERS --

(TABS) given to students in grades 9, 5 and 3, noting that scores in all the tested categories were high for Tahoka students.

Parents on Hand
Seven parents of kindergarten age children were present as the board approved the recommendation of Supt. Jim Coulston that kindergarten be continued with all day classes and that a third kindergarten teacher be hired. The board also voted to hire a fourth teacher for all-day kindergarten as soon as the need arises.

Bonuses for teachers, which have been \$800 above state-mandated salaries, were raised \$500 to \$1300, which puts the school more in line with other area schools, although some are still considerably higher.

Resignations were accepted from science teacher and coach Tommy Boyd, who has accepted a position as assistant principal at Slaton High School; Ron Boggs, junior high math teacher who is moving to Dallas; Diane Lueckemeyer, girls basketball coach, who is returning to Central Texas; and Marilyn Haynes, fifth grade teacher.

Blair To Coach Girls

Ben Blair, who has been varsity boys basketball coach, was hired to coach the girls basketball team and teach history and physical education.

Hired were: Pam Vaughn, junior high science; Rubeth Griffing, science; Vivian McAfee, part time aide in music program at Tubb; Elaine Thomas, 6th grade; Gary

Penson, history and coach.

Bonus for secondary math and science teachers was set at \$2,000 above base.

The board also voted to implement a gifted and talented program next year, and to begin Old Testament and New Testament elective courses with credit given toward graduation requirements.

Personnel changes included switching Beth Askew to kindergarten from Title I, Delores Webb to junior high language arts and reading, Suetta Martin from migrant to junior high math, Laura Cooper from sixth to third grade.

Coulston also reported that consideration should be given to either the purchase of a van or renovation of a bus, purchase a hearing audiometer and closing in the southwest corner of the agriculture building. Cost of these items has been included in the proposed budget for next year, he noted.

A motion to retain a firm of attorneys on a continuing basis was defeated.

The superintendent presented a request from the Texas Assn. of School Administrators that Tahoka ISD go on record as opposing tuition tax credits for parents of students in private elementary and high schools and urge Congress to defeat any such bills. The board voted, however, to instruct the TASA that Tahoka ISD supports such credits. Members J.E. Nance, Joe Hays, Jim Wells and Bob Haney voted for the measure and

Robert Smith, Joe Brooks and Betty Green opposed.

The board plans to meet for a budget work session in about two weeks.

Post 75th Birthday To Include Buffalo Meat, Music, History

Visitors to Post for the "Fiesta del Llano Estacado" -- the town's 75th anniversary celebration-- will receive a small taste of buffalo meat and a generous portion of history.

The three-days of festivities get underway Friday night, July 2, and continue through Sunday night, Independence Day.

In between will be a drama of West Texas history from the buffalo roaming free to humorous skits, a parade through downtown Post, gowns from yesteryear, beard growing contest, Sunday morning worship service,

TUESDAY NIGHT BRIDGE WINNERS

The Club Championship game was played at Tuesday night bridge and the winners were: first, Mrs. Olan Remfro and Mrs. Meldon Leslie; tying for second and third were Mr. and Mrs. Frank Hill, and Mrs. Clint Walker and Auda Norman; placing fourth were Mrs. Sam Edwards and Mrs. Arlys Askew.

Charles Hardin, chairman of Post's 75th anniversary festivities, and his co-workers are extending a welcome for residents of neighboring towns to join "home folks" for the fun.

Highlighting the gala will be twin performances of the historic pageant at 7 p.m. Saturday, July 3, and 8:30 p.m. Sunday, July 4. Both shows are to be given at the rodeo arena.

Garza County rancher Riley Miller, producer of the show, promises that stock roaming his Justiceburg ranch - buffalo, longhorns, mustangs, and oxen - will make up a big part of the

Hearn Named Operations Manager

O.D. Hearn, Brownfield Division manager for General Telephone, has been named operations manager of the newly formed Brownfield Operations Center, according to William J. (Jerry) Crowley, newly named general manager - Western Division Operations, which is headquartered in Hobbs, N.M.

The appointment is effective July 4. In his new position, Hearn will report to Crowley and will be responsible for directing the combined operating functions in the Brownfield Operations Center's service area.

The operations center in Brownfield will include all exchanges now served by the Brownfield Division office. The change in title in no way diminishes the operating role or the economic impact of General Telephone operations in Brownfield, according to Crowley.

The operations centers were developed to provide for those service areas which are a substantial distance from the division operations headquarters or which have very heavy customer concentration. They will provide another vehicle through which service-affecting decisions will be brought nearer to the company's customers.

Hearn joined General Telephone in 1956 as a lineman. He advanced through several positions with the company's operations in Texas prior to being named Brownfield Division manager in 1977.

pageant will be Byron Price, curator of history at the Panhandle Plains Historical Museum at Canyon.

Unveiled for pageant onlookers will be the land as it was and the arrival of Spanish explorers setting the pageantry for Indians, comancheros, buffalo hunters, cavalry, ranchers and settlers.

Civilization really will arrive with the appearance of cereal king C.W. Post and the later discovery of oil. Post called the town he founded the "Gateway to the Plains."

Following the Saturday night pageant, a western dance is to feature music by Weldon Reed and Solid Country.

The three-day diamond jubilee celebration is to be launched with a spaghetti supper in the Community Center from 5 to 6:30 p.m. Friday, July 2. Following at 7 p.m. will be "Come to the Cabaret," directed by Boo Olson. Skits are to include a male beauty contest and humorous commercials.

The Maines Brothers will play for a 9 p.m. dance. This will be at the rodeo grounds provided weather permits.

Saturday, July 3, is to be launched by registration and a reception at the First National Bank.

Then comes the "grand parade" through downtown Post.

Monetary prizes are being offered.

Judging of Jubilee Belles' gowns and beard growing contestants will be Saturday afternoon in City Park, along with a washer pitching contest. A best ball golf tournament is on tap at the Caprock Golf Course.

Attention shifts to the rodeo arena at 5 p.m. for the barbecue and the pageant's initial performance at 7 p.m.

The third day of Post's diamond anniversary --which parallels the nation's 206th birthday --kicks off at 8 a.m. Sunday with a morning worship service in Post City

Park. Washer pitching contests and other activities are planned that afternoon prior to the 5 p.m. barbecue in city park.

Following Sunday evening worship services, the second performance of the pageant gets underway at 8:30 at the rodeo grounds.

An "extra" for Garza County residents and former residents will be Post historic souvenir booklets. Copies will be available for \$5 each prior to the celebration from the Chamber of Commerce office or from Hardin and again will be offered during the three-day festival.

Anyone who wishes one of

the 92 pages of historical stories and pictures mailed to them should send \$6 to the Chamber of Commerce, Post, Tx. 79356.

Younger celebration visitors are to receive a balloon which bears the wording "Happy 75th Birthday, Post." The Montgomery family has purchased 2,500 balloons to be given to children.

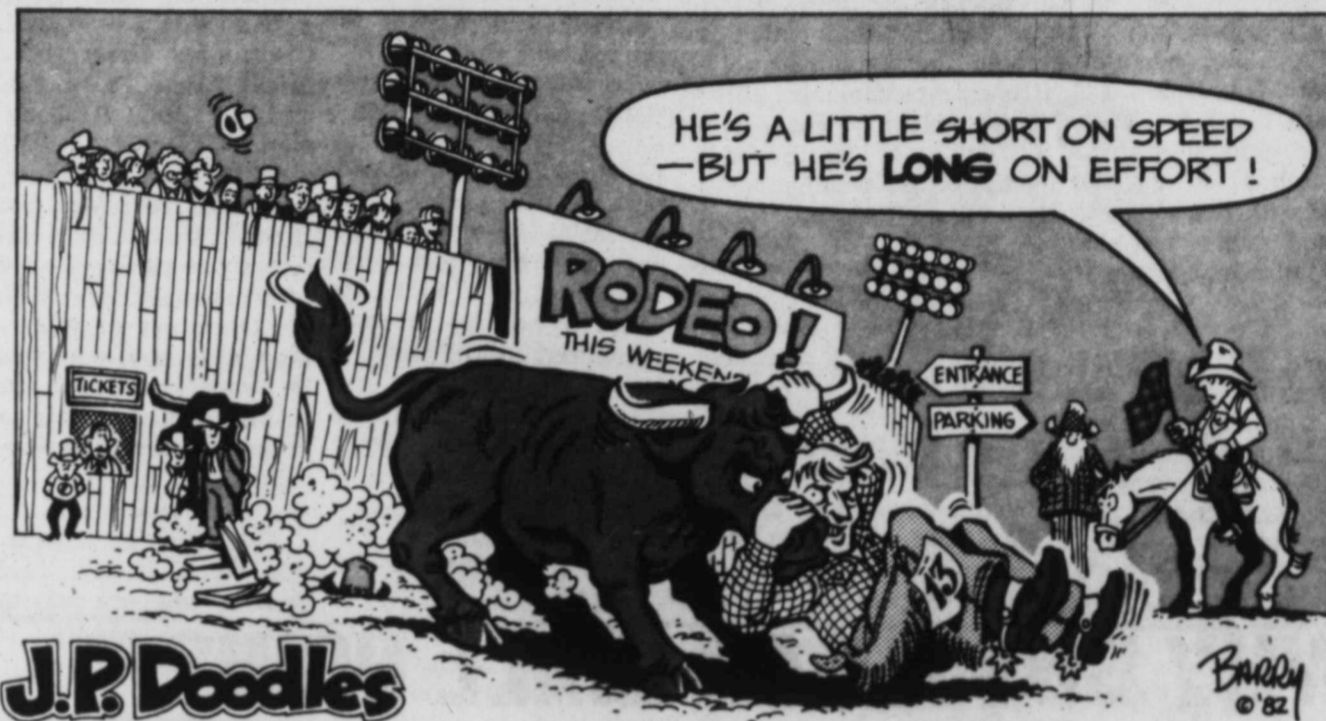

Post-Montgomery Ranch is helping to defray cost of beef for the barbecue.

As a prelude to the celebration, Post area residents will be treated to a fish fry and musical entertainment at 6 p.m. June 22 in Post Communi-

ty Center.

Chairman Hardin points out that a discount packet containing tickets for all celebration functions will be available at Post Chamber of Commerce and First National Bank in Post for \$25. This represents a "value of over \$60 if separate tickets for each event were purchased."

If ordered before June 22, the packets would contain tickets for four meals -- fish fry, spaghetti supper and two barbecues -- two dance and two pageants. Packets ordered after that date would include tickets for all functions except the fish fry.

CATARACT SYMPTOMS
Trouble with lights is one of the symptoms of cataract. So are spots or ghost images. Or you may notice a milky spot in the pupil of your eye, which is normally black.

A cataract is a clouding of the lens of the eye that interferes with the passage of light. This causes blurred vision. A cataract can come on so slowly that you're not aware of it for a long time.

It is most common in your older years. It will gradually get worse and so will your vision. Surgery will then be necessary to remove the clouded lens. This is usually a simple procedure. Most patients have on-

ly a short stay in the hospital. The missing lens has to be replaced for you to be able to see again. Fortunately that is not a problem. Your optometrist will prescribe cataract eyeglasses or contact lenses. Then you can see as good as new again.

If you're having trouble with lights or notice any other symptoms that suggest you may have a cataract, you should have an eye examination.

New Home News

By Florence Davies — Call 924-7479

The three bedroom home of Mr. and Mrs. Paul Lang was completely demolished when it was struck by an apparent tornado Friday night. Mary is in West Texas Hospital with injuries.

The C.E. Babbitt home was also badly damaged as well as many others on highway 87.

Crystal Smith of Amarillo spent a week here with her grandparents, Mr. and Mrs. Aubrey Smith, while her parents were attending a Realtors convention in Fort Worth.

Mrs. Marjorie Orcutt of Denver, Colo. and Mr. and Mrs. Don B. Rudd of Bedford came for Tracy Smith's graduation from high school. They also visited with Russell Swinson and family and with Joy Mathis and family in Lubbock.

Von and Britt McClung of Austin visited here several days with Mr. and Mrs. Leroy Nettles. They took them to Brownwood to meet Kenneth and spent the weekend.

Mr. and Mrs. Michael

L. Paterno of Hollywood, Florida are here for a week with their daughter and son-in-law, Mr. and Mrs. Don Zadrozna.

We went to Amarillo with Billie Jo and Charles Freeman Sunday afternoon to visit Carlton and Joyce and Kenna Jo. Kenna was dismissed from St. Anthony's Hospital Saturday and is recuperating at her parents' home. She was taken by ambulance from the hospital in Big Spring on Tuesday to the Amarillo Hospital. Her leg was set and put into a cast.

Because of the severe weather here Friday afternoon the Bible School Commencement in the New Home Baptist Church was postponed until Sunday evening.

Mrs. Bob Blocker returned to M.D. Anderson Hospital in Houston Sunday. Bob accompanied her.

Mr. and Mrs. Frank Laxon of Amarillo came Wednesday to stay a few days with her brother and sister-in-law, Mr. and Mrs. Barney Mayfield.

Mrs. Mayfield was dismissed from the Lynn County Hospital and returned home Saturday.

Mr. and Mrs. Raymond (Amy Herron) Cudd of Corpus Christi and Mr. and Mrs. Cecil Cudd of Lake Mathis visited here Saturday until Monday last week with Mr. and Mrs. Waymon Smith.

Bruce Ray of Ennis spent the weekend here with his father, James Ray, and family. James was honored with a Father's Day dinner in the home of Mr. and Mrs. Wendell Morrow and Brad. Others attending were the Gerry Smiths and Jean and Ray.

Mr. and Mrs. Boswell Edwards returned home Tuesday after a week at Lake Leon. They spent the weekend in Garland with Larry and family.

Vicki Zant of Midland spent Father's Day weekend here with her parents, Mr. and Mrs. Cates Zant. Vicki is employed by Henry Engineers in Midland.

Kyle James is confined at home with mononucleosis.

Jim Lane is in Methodist Hospital for tests.

It would take entirely too much space to name all the ones who lost their crops in the hail storms that struck Friday afternoon and early Saturday morning. High winds and rain added to the damage which was widespread. Many homes had broken windows and doors and extensive roof damage. Although no tornado warnings were issued, it is evident from the damage done to many homes and trees broken and cypress trees uprooted, that tornado winds accompanied the clouds.

Five inches of rain was measured here in New Home with little amount of hail. More rain fell in parts of the community this Sunday night.

Mrs. Bessie Strain announces the birth of a great-grandson, Christopher Grant, born Friday, June 18, to Dr. and Mrs. John R. Chapman of Skokie, Ill. He weighed 9 lbs. The father, son of Mr. and Mrs. Pat (Ruth) Chapman, was recently awarded a Doctor of Philosophy degree at the University of Arkansas and is now employed by Searle and Co. in the Immunopharmacology Research and Development Division.

There will be a reception for Bob and Vada Parker, who are moving

Letters to the Editor

Letters to the editor do not necessarily express the views of this newspaper. All correspondence must be signed, and in good taste before it will be published, and the name of the writer must be published also. Letters to the editor may not be more than two double-spaced typewritten pages.

I would like to clear it up for once and all time about when the Old Settlers Reunion started in Lynn County.

My dad, J. S. Wells, passed away Oct. 12, 1933 and in December of that year we sold our home and moved to San Angelo where we spent Christmas.

Everyone gave us three months or a year to get back to Tahoka in. We were back in a little over three months. We had to stay at my mother's, Mrs. J.S. Wells, until the people moved out of the house we had taken in on the deal for our home.

So while we were at my mother's home she said after reading the newspaper, "I see where all the other counties around us have Old Settlers Reunions. I wish Lynn County would organize one."

to Lubbock, and Dennis and Carolyn Haley, who are moving to Hondo, in the First Baptist Church Sunday, June 27, beginning at 8 p.m. after the evening services. All friends are invited to attend.

"I believe I will do something about it."

She asked for the use of the American Legion Hall around the first of May, and got on the telephone with a list of people she knew had lived in Lynn County 30 years or longer to come to the American Legion Hall and bring their suppers. She wanted them to organize an Old Settlers Reunion.

Quite a crowd was there. Charley Doak and family was from O'Donnell. He was elected president, he had been Lynn County's first sheriff. His daughter, Bertie was selected secretary. Jim Elliott was elected vice-president. When it came time to set a date for the reunion, no one could agree when would be the best time to have it.

So my mother, Mrs. J.S. Wells, rose up out of her seat and said, "I think the 24th of June would be an ideal time of year to have it as the sandstorms are over and the crops planted, and besides that is my birthday."

Well, they seemed to like the date and voted to have it on that day. So, June 24, 1934 the first reunion was held out at the George Small farm on the Post Highway where the Tippit boys lives.

We started it off by having a parade and a program and barbecue lunch was served.

I know this to be true because I have a scrap book of clippings from the Lynn County News from the time the very first issue was printed and I want this remembered for history's sake and I have never missed a reunion since it was organized.

Levelland, Texas

Dear Mr. Wood:

Here I am with another wedding story for the Lynn County News. I felt that our many family friends of years gone by would be interested in this

marriage, as my sister, Savannah Walker, and I lived in Tahoka until we moved away as young adults. Savannah will be remembered as assistant to former Congressman George Mahon for a number of years. The Walkers are enroute to Upper Volta in Africa where Ambassador Walker will resume his duties in Ouagadougou. Thanks for your help in using any or all of the story.

Sincerely,
Mary Margaret Stewart

Dear Editor,

We wish to thank you for the nice way that you published the story of "The Davis Reunion" in last week's Lynn County News.

Thank you for the way you edited and printed it. I enjoy the Lynn County News.

Dear Editor:

The descendants of the late G.W. and Laura Hickerson had a family reunion at the River Inn at Hunt, Texas, June 11-13. Five of the six living children attended. They were: Thelma Ellis of Ker-ville; Florence Ellis of Bandera; G.W. and Myrtle of Tyler; Oran and Faye Hickerson of Troup; Rae and Dorothy Hickerson of Dallas; and most of their children and grandchildren.

Rotary Installs New Officials

Tahoka Rotary Club is holding its annual installation meeting for new officers tonight (Thursday) at 7:30 p.m. on the back lawn of out-going President Richard White and wife at 2407 North First.

The new president, Joe Hays, and other new officers will be installed by Dr. John Selby, Lubbock, incoming 573rd District Governor of Rotary International.

Wives of Rotarians also will attend.

At last Thursday's meeting, C. Edmund Finney, local photographer, was the speaker. The self-admitted "unusual man," was born on a mountain top in Arizona and spent many years in Los Angeles in a wide variety of endeavors.

He entertained his audience with some of his home-spun philosophy, took a few cracks at our way of life, the government, and took a few good humored pot-shots at some individual Rotarians. Also, he decried the decline of family life, pointing out that the family unit is still paramount in our society, and added some comments on the value of prayer.

COTTON TODAY

Banker Views Farm Credit Situation: A senior vice president of Crocker National Bank, San Francisco, told participants at the recent National Cotton Outlook Conference the federal government's financing in agriculture is likely to be scaled down while steady deregulation of the banking industry could permit increased credit for the farm sector.

Wayne E. Loucks stated, "While deregulation of banking may result in higher cost of funds at any point in the business and credit cycle, at least it will allow banks to obtain money even under the tightest conditions and make that available to borrowers."

"To get real interest rates down," he added, "will require a steadier monetary policy. A sizable reduction in the federal deficit is most important."

The conference was sponsored by the Cotton Foundation in cooperation with the National Cotton Council.

Loucks also noted that farm credit over the past two years has been reduced. He said that when farm credit was growing steadily at the end of the

last decade banks and federal agencies equally shared the market. In 1981, banks and other private sector lenders accounted for only 21 percent of the market.

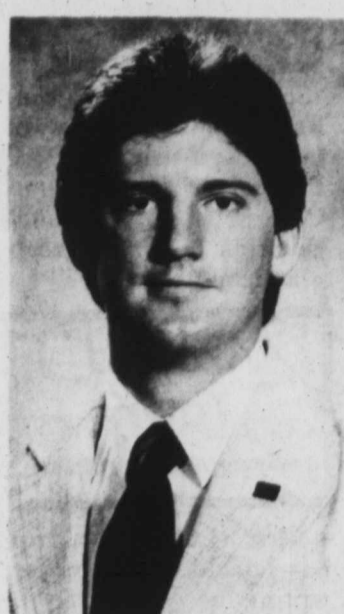

Loucks expects a recovery in interest rates in the second half of the year, based mainly on improvement in the consumer sector. He cautioned that, even under the best circumstances, the decline in interest rates would be slow and irregular to a probable 14 percent by the end of summer, but then rise to around 15 or 15½ percent by year-end.

The high cost of clothing doesn't always ensure quality, warns Alma Fonseca, a clothing specialist.

Price of the garment more or less depends on:

- *quality of fabric,
- *quality of workmanship,
- *number of design and construction details,
- *amount and quality of trim used,
- *brand name or designer label, and
- *prestige of store selling the garment.

How can you tell if the water in your club soda is impure? It will bubble furiously when opened—but for a short time only. Then it is flat.

CURT WHEELER
Wheeler Joins Cotton Board

Curt Wheeler of Lubbock, recently joined the Cotton Board as a West Texas field representative. Wheeler is primarily responsible for program education activities for the Cotton Board, which administers the research and promotion program funded by cotton producers and conducted by Cotton Incorporated.

A native of Southland, Texas, Wheeler graduated from Texas Tech University in Dec. 1981, receiving a Bachelor of Science Degree in Agronomy, with special emphasis in Crops.

Wheeler will continue to live in Lubbock with his wife, the former Debbie Reynolds.

Petty Okays Construction Of Road

Residents of the Petty area voiced their opinion of "let's go ahead" and "it is a much needed road", as officials of the State Department of Highways and Public Transportation conducted a public meeting on June 14, at 2 p.m. in the cafe at the gin at Petty. The meeting was for the purpose of discussing the construction of FM 1328 from FM 1317 at Petty, South a distance of approximately 8.0 miles in Lynn County.

The proposed improvement will consist of construction of a farm to market type pavement consistent with other farm to market highways in the area. Proposed right of way will be donated by adjacent property owners. Right of way instruments will be furnished to the County in about six weeks, according to Gary Bernethy, Right of Way Supervisor.

Resident Engineer Jack Moore said that the project is scheduled to be let to contract in September of this year.

Maps and other drawings showing the proposed locations and geometric design were displayed at the public meeting, together with environmental studies. All this information and any other available information about the project is on file and available for inspection and copying at the Resident Engineer's Office, 601 Slaton Highway, Lubbock. Telephone number 806-745-4411.

Parents, know more about accident-prevention to protect your children from mishaps, advises Diane Welch, a family life education specialist. Be aware of-- and alert for -- factors that may cause accidents, such as improper storage of matches and lighters. Aware and alert parents are a major force in preventing child injuries due to accidents, she says.

enough people to stop all traffic violations. We need the voluntary compliance by the motoring public, in obeying the traffic laws, in order to be successful in reducing accidents," Major Bell stated.

June Sales Tax Rebate Listed

State Comptroller Bob Bullock sent checks totaling \$35.5 million to 966 Texas cities as their share of the one-percent city sales tax for June.

"These monthly rebates are keeping ahead of last year's payments," Bullock said. "With 1982 half over, they are nearly 14 percent higher than the amount we had paid by this time last year."

The city and MTA sales taxes are collected along with the state sales tax by merchants and rebated monthly to the cities in which they are collected by the Comptroller.

Tahoka's net payment this period- \$2,113.70. 1982 payments to date-\$29,103.60.

O'Donnell net payments this period-\$548.67. 1982 payments to date \$7,805.31.

News From Lynn County Hospital

Lynn County Hospital has acquired the following equipment during the past year. Most of the equipment purchased was made possible by the work of the Ladies Auxiliary of the hospital and the generosity of the public in participating in the two fun festivals sponsored by the Ladies Auxiliary.

Heart monitor equipment has been installed in two patient rooms with controls at the nurses station for constant monitoring. Pediatric Mist Tent, Portable Whirlpool for bath tub, to be used for sore muscles and stiff joints. Lounge chairs for private rooms and recliner chairs with tray and foot rest for semi-private rooms. Digital blood pressure cuff for ambulance and patient lift to help move and lift patients that cannot help themselves.

In addition to the above the hospital has acquired a new copy machine for the office. Our x-ray department has been updated

Grasshopper Control
Now is the time for all crop producers and ranchers to check for the development of grasshopper populations. Reports of heavy infestation have been received from several surrounding areas. Most species present in the area are still immature and wingless. If grasshopper control is going to be implemented, now is the time to do so. Grasshoppers are much easier to control when they are young, but become increasingly difficult to control as they reach maturity. This is due to decreased susceptibility to insecticide and increased migration by winged adult hoppers. You may still be able to treat only small hatching areas and avoid having to make widespread treatments to prevent economic damage. These hatching areas may be determined by walking through areas suspected of having high populations of hoppers and estimating the number present per square yard. In areas around fields 11 or more adult hoppers per square yard is considered moderate to heavy populations which are capable of causing economic damage. Three young wingless hoppers are counted as 1 adult. In cultivated fields, 3 or more hoppers per square yard are considered moderate to heavy. Additional information can be obtained from your County Extension office.

Gross Sales In Texas Reported

State Comptroller Bob Bullock reported Tuesday that gross sales in Texas for the fourth quarter of 1981—October, November and December—totaled almost \$190 billion.

Fourth quarter sales in 1981 passed 1980 fourth quarter sales by \$18 billion, Bullock said, a 19.9 percent increase.

Bullock's report details gross sales—all sales made by Texas businesses—as well as those subject to sales and use tax.

The Comptroller said the sales tax analysis for October, November and December of 1981 shows 375,699 outlets reporting, compared with 341,539 reporting in 1980. Out-of-state taxpayers numbered 6,815 compared with 6,096 a year earlier.

Total gross sales for 1981 came to \$337 billion with newer and better equipment. We have a working agreement with West Texas Pulmonary Service of Lubbock to give treatments to patients that have respiratory problems. One of their employees is on duty at the hospital and is on call after hours.

We recently had an inspection by the State Engineering and Occupational Safety Department of the Texas Department of Health on May 27, 1982 and the following is quoted from their report.

"We are pleased to report that at this time we did not note any violations of the OSHA standards. You are to be congratulated for providing a safe and healthful workplace."

The public is invited to come out and visit the hospital at any time. It is your hospital and needs your support. Use it when you need to be hospitalized.

The fourth quarter 1981 total reflected sales of \$86.3 billion in gross sales in the state's 26 Standard Metropolitan Statistical Areas (SMSAs), \$10.7 billion in non-metropolitan areas and \$11.8 billion in sales by out-of-state taxpayers.

"Operation Motorcide" Slated

Major C.W. Bell, Regional Commander of the Texas Department of Public Safety said, "The two most dangerous things the driver of a motor vehicle can do is speed or drink and drive. Those two violations will account for most of the traffic deaths during the July 4 holiday."

The Department will be conducting "Operation Motorcide" during the weekend, trying to make everyone aware of the traffic problem. Every available trooper will be working, trying to help cut down on the needless traffic death but will need the help and cooperation of the entire motoring public to be effective in reducing accidents. At Southwestern Public Service Company, we keep our customers in mind when selecting the type of fuel to use in our electric generating stations. That is why we chose coal as the fuel for our newest power plants. Coal meets the tests of availability, technical and economical feasibility, reliability, environmental standards, and is in line with national energy policies.

Morris Rantz, Fuel Administration Manager, Amarillo.

The economy affects utility companies just as it does all of us. Despite their regulated status, utilities still face the problems of inflation, high interest rates, and soaring fuel costs. And regulation does not guarantee that a company will make a profit. Instead, regulators establish a "ceiling" or maximum amount of profit which a utility may make, a profit level which few utilities are able to reach because of the expenses involved in providing reliable electric service.

Jo Barnes, Chief Clerk, Levelland.

Using major electric appliances during "off-peak" hours can help keep down the cost of electric service. Certain times of day, usually between 5 p.m. and 7 p.m., are "peak" hours, when SPS' full generating capacity must be used to meet customer demands. Using your appliances during "off-peak" hours can help balance the load on these facilities and allow SPS to deliver your electricity in the most economical way.

Obituaries

Gary Valentine

Services for Gary Valentine, 46, of Route 1, Lubbock were held at 2 p.m. Monday, June 21, at W.W. Rix Chapel with Dr. Fred E. Meeks, pastor of First Baptist Church of Plainview, officiating.

Burial was in Peaceful Gardens Memorial Park. Valentine died at 9:50 a.m. Friday at Methodist Hospital after a lengthy illness.

He was born in New Home and grew up in Terry County. He married Janice Perkins June 7, 1959 in Lubbock. He was a member of Woodmen of the World and Odd-fellows.

He was a graduate of Meadow High School and attended Wayland Baptist University and South Plains College. He had worked with several area auto dealerships and was service manager at West Texas Chevrolet in Levelland.

He was a Baptist. Survivors include his wife; two sons, Scott and Randy, both of Lubbock;

his parents, Mr. and Mrs. O.O. Valentine of Lorenzo; a sister, Charlotte Gibbs of Lorenzo; three brothers, John of Tahoka, Ronald O. of Ropesville and Joe of Amarillo; and two grandsons.

Maximo Castaneda

Graveside services for Maximo Castaneda, 86, of Tahoka were held at 4 p.m. Tuesday at Peaceful Gardens with the Rev. Rodney Howell, pastor of St. Jude Catholic Church of Tahoka, officiating.

Burial was in Peaceful Gardens under direction of White Funeral Home. Castaneda died about 7:30 p.m. Saturday at his home. Justice of Peace Ed Hamilton ruled the death was of natural causes.

Born July 15, 1895 in Delago, he had been a resident of Lynn County since 1959, moving here from Beeville. He married Romana Prieto in Cone City. He was a veteran of World War I and a retired farm laborer.

Survivors include five daughters, 'Aurora Mayo

and Santos Castaneda, both of Tahoka, Cruz Castillo of Crosbyton, Rosita Lopez of Levelland and Candy Avarado of Shallowater; three sons, Juanito of Lamesa, Max Jr. of Tahoka and Pedro of O'Donnell; and 30 grandchildren.

Byron Cabbiness

Services for Byron G. Cabbiness, 68, of Brownfield were held at 11 a.m. June 21 at First Baptist Church in Brownfield with the Rev. E.K. Shepherd officiating.

Burial was in Terry County Memorial Park. Cabbiness died at 1:28 a.m. Saturday at Brownfield Regional Medical Center after a lengthy illness.

He was born in Anadarko, Okla., and moved to Lynn County in 1920. He married Esta Lee Brandon in Lamesa Dec. 7, 1931. He moved to Terry County in 1944. He farmed before retiring in 1960. He was a member of the Masonic Lodge, the Scottish Rite and the Amarillo Shrine. He was a member of the First Baptist Church.

Survivors include his

wife; two sons, Charles of Hereford and John of Hobbs, N.M.; a sister, Ethel Frazier of Shreveport, La.; seven grandchildren and a great-grandchild.

Willie Lois Hoffman

Willie Lois (Nevels) Hoffman of Lubbock, a Tahoka native and member of the pioneer W.D. Nevels family, died at 6:21 a.m. Friday in Lubbock General Hospital following a brief illness.

Funeral services were at 3 p.m. Saturday in Tahoka Cemetery, with Rev. Gene Wisdom, pastor of Tahoka First Methodist Church officiating.

Burial followed in the Nevels family plot, where her paternal grandparents, Mr. and Mrs. R.F. Nevels; her parents, Mr. and Mrs. W.D. Nevels; and an infant brother, W.D. Jr.

Following graduation from high school, Willie Lois attended Baylor, later married C.C. Hoffman and lived in Slaton, but has lived in Lubbock since 1946 and formerly operated the Little Import Shop there.

The Nevels came from

Borden County to Lynn County in 1901, when they bought part of the old Dixie Ranch up on the Lynn-Lubbock county line. Later W.D. Nevels bought ranch land northeast of West Point. In 1906, he became the first cashier of First National Bank, with which institution he was an officer, director and/or stockholder until up in the 1930s.

Willie Lois' only survivor is one sister, Mrs. Ruth N. Sparks, 3301 46th in Lubbock.

Memorials were suggested to American Diabetes Assn. or to a favorite charity.

Betty Oglesby

Services for Betty Oglesby, 79, of Westbrook will be at 2 p.m. today (Thursday) in the First United Methodist Church of Westbrook with the Rev. J. Edmond Kirby officiating.

Burial will follow in the Westbrook Cemetery.

Mrs. Oglesby died Tuesday morning in the Lubbock Colonial Care Center. She was born Jan. 2, 1903, in Bedias and married Frank B. Oglesby on July 23, 1923, in Colorado

City. Her husband died Nov. 5, 1957.

She is survived by a son, Rev. Frank Oglesby of Lubbock; a sister, Bernice Bracheen of Gypsum, Colo.; three grandchildren; and two great-grandchildren.

Watch Clouds, Citizens Urged

Lynn County Residents this week were cautioned to do their own watching of threatening clouds as much as possible, since county law enforcement officials and volunteer firemen may not spot dangerous clouds in time to sound an alarm.

Sheriff Stanley Krause and Tahoka Fire Chief J.T. Miller urged Tahoka residents to make their own judgements when they can as to when to take cover. They said their men are always out in force watching clouds and will sound an alert when needed, but that sometimes one small cloud will boil up between others that are being watched and strike before they're spotted.

Also, they warned residents not to rely too much on TV reports of cloud movements, since these frequently are not listed in time to do any good, and since the weather radar observes sometimes wrongly list the direction a cloud is traveling.

Shondy Gardenhire Headlines Opry

Shondy Gardenhire headlined performances of Joe Stephenson and his band "Texas" at the Hayloft Opry House in Lubbock recently. She played selections on both the fiddle and banjo. Joe was with the Johnny Rodriguez band for seven years, and has played for such artists as Willie Nelson, Waylon Jennings, Roger Miller, Jerry Lee Lewis and many others.

Shondy, who is the twelve-year-old daughter of Mr. and Mrs. Ronnie Gardenhire of O'Donnell, will join "Texas" as a regular throughout the summer. She began her musical career at the age of five when she became interested in guitar. She has since advanced to banjo, fiddle and mandolin.

She played fiddle on stage with Johnny Gimble as a guest performer during his appearance in Lubbock recently. Johnny was formerly with Bob Wills and The Texas Playboys, and is now a regular on Austin City Limits, Channel 5 TV. She was a featured performer at the Memorial Civic Center for "The Night of 1900 Stars," the 24th annual awards dinner for about 700 employees of Lubbock's Methodist Hospital.

Shondy has played in various Bluegrass festivals and is a regular in musicals at Meadow,

Olton, Lubbock, and Petersburg. She has performed for Senior Citizen Organizations and a variety of fund raising projects. She and her accompanist, Tim Sinclair of Lubbock, helped establish the Petersburg Jamboree, which is held the third Saturday of each month. They were honored with an appreciation dinner June 18 for their effort in this project.

Shondy will be appearing in area festivals and musicals throughout the summer. She will be appearing on stage this Friday and Saturday, June 25 and 26 at the Hayloft, and will be playing selections on both banjo and fiddle.

Pythian Sisters

Lynn Temple No. 45 met Tuesday, June 15, with MEC Emma Halamicsek presiding.

Memorial service was performed since the Most Excellent Chief has been absent due to surgery in May.

The sisters honored their Temple Mother, Laura Mae Gaither, and presented her with a gift. Birthdays ladies were acknowledged.

Thirteen members were present at the meeting with hostesses Emma Halamicsek and Jewel Smith.

C.E. (Gene) and Clem Babbitt

Our hearts overflow with gratitude to; friends, neighbors, and family who took time to show concern when John T. suffered his heart attack and during the several days of my confinement.

We appreciate all visits, phone calls, cards, and the delicious food prepared by caring hands. Most important were the prayers in our behalf.

We commend Dr. Wright and everyone connected with Lynn County Hospital.

What more could we say, but "Thank you, Thank you, and Thank You" again.

You wouldn't "think" of putting "tap" water in your "steam" iron but, you "will" drink and "cook" with it. Happiness is "knowing" your drinking and cooking water is "pure" and "Clean" free of all "impurities." Our home water distillers makes it that way.
