Fireworks, Wreck Bring Police Calls

Police answered several calls involving popping firecrackers inside the city limits and also answered a couple of prowler calls over the past week.

Police investigated a two-car accident last Thursday morning involving a 1980 Chevrolet Monza driven by Carole Danette Phillips of Tahoka and a 1977 Pontiac Grand Prix which was parked at 1700 Main belonging to Joe Jackson of O'Donnell. A passenger of the parked vehicle was taken to Lynn County Hospital for observation and was released.

On Friday, a Slaton man reported to Tahoka police that two boys were throwing rocks from the Highway 380 overpass down on Hwy. 87 and that his car had been damaged.

Police also answered a call on Sunday night from a woman complaining of loud music in the 2100 block of Ave. Q.

One ticket was issued for possession of alcohol by a minor.

A case of felony criminal mischief was being investigated by the sheriff's department, which was questioning a juvenile this week in regard to damage to a metal building a half mile south of Wilson, owned by Oscar Follis. Thirteen bullet holes were counted in the building, apparently from a .22. The incident occurred Sunday.

Deputies also answered three family disturbance calls. Three persons were in jail during the week for public intoxication.

WOODWORK

by DALTON

GETTING AROUND to some things I was going to get around to sometime and never did: Lying around on my desk, stuck under pads and in baskets and desk drawers and on spikes were several things I had put aside with the vague intention of writing something about them, plus several things people brought in for my consideration because they figured they were worthwhile, or because they figured I needed better topics.

I really do appreciate people bringing me things to consider for columns or comment. I use them frequently, as do all columnists.

First item I picked up was from the Castro County News, brought in by a reader who thought they had a good idea by printing a form to be taken to the sheriff's office listing where their cellars and storm shelters are located in town. It was pointed out that if a tornado should touch down, debris may cover openings to the cellars and trap people inside. With knowledge of the location of the shelters, those persons could be rescued. The list was for the use of the officials only and was not to be published or made public.

Sounds like a good idea, but we haven't discussed it with the sheriff's office in this county. Note to the sheriff: In case of a tornado here, I will be in Honolulu, if possible.

Another clipping I found was brought to me by some people angry over an article by someone named Peter McNabb in the Texas Tech University Daily. It was written back when Sen. E.L. Short was barely beaten in the Democratic Primary by John Montford. What made the people angry was the article's portrayal of Tahoka as a hick town with hick people, and the story came through as a look down the nose at small towns in general. It didn't bother me much, because there are lots of people around who don't realize that living in Tahoka, Wilson, New Home or Sudan or Amherst or anywhere else around the area is better for the most part than living in large cities. And there are people in the smaller towns with high school and even college educations, and most wear shoes to work.

There also was a clipping of a

poem called "Confused?" which is kind of clever, but since I don't know who wrote it or where it came from, I won't reprint it here. It has to do with forgetfulness. I have forgotten who brought it in.

There was a copy of a resolution which originated at the First Methodist Church in Amherst which was adopted by all the Methodists in this area at a meeting of the denomination in Amarillo recently. In it, the Methodists of the Northwest Texas Conference went on record as opposing any ordination of homosexuals by the national Methodist hierarchy. The local Methodist delegates supported the resolution which takes the view that homosexuality is a sin just like the Bible says it is, and that such persons need to be ministered to, but don't need to be in positions of leadership in the church.

We could add, "or anywhere else."

Finally there was a copy of a 1922 newspaper published as the official organ of the Farmers Union in Houston in 1922. Johnny Ray Ash, who lives near Grassland, was putting down some carpet in an older home and found the paper under some of the old floor covering.

Among other things, the paper tells what to do about prickly heat, says culling a flock of chickens is a necessary evil, and says that "some of our highways are paved with good intentions."

So now that we've cleared all that stuff off the desk, those who thought in these things may want to come by and get them. Hurry, because it doesn't take us long to lose things.

KNOTHOLES: Mrs. Don Sharp of New Home advises us that she is acquainted with one of the women in the story last week about three older ladies who went to New York and were frightened by the man with the Doberman in an elevator. So the story must be true... This has been a mighty wet year for this country. I wonder if it's too late to plant rice... Changing Times says "the weather generates its own moderating influences. Follow the television weather forecasts and notice how every cold front is preceded by large masses of hot air."

Rodeo Rated Success

About 1,000 persons attended the three nights of the Lynn County Rodeo performances June 24-26, and rodeo association officials were pleased with the results.

Gary White of Tahoka, president of the Lynn County Rodeo Assn., said "We are pleased with the turnout, the response and the number of top cowboys who came here to compete."

Marci Miller was queen of the rodeo, which began with a parade on Thursday afternoon, with riding groups and floats featured.

Rodeo officials expressed appreciation to the Chamber of Commerce for working entrances, to J.A. Pebworth and family and Oz and Jody Longoria for working concession stands. Also, to the Edward Bartley family, Whitaker Hardware, Rotary Club and Wade Implement for financial support and the Lynn County News for cooperation.

The group also thanked the following merchants for displaying rodeo banners:

Bartley-Weaver, Genny's, Bray Chevrolet, Ashcraft's House of Flowers, Bryant Seed, Curry Computer, Dan's Auto, Delia's Hairstyling, Dixie Dog, Farm Bureau, Federal Land Bank, Fenton Insurance, Flanigan's, Handi Hobby, Harvick Insurance, Higginbotham-Bartlett, Hochheim Insurance, Jennings, SPS, Spruiell Automotive, Summitt Venture, Tahoka Cafeteria, Tahoka Daisy, Tahoka Drug, Whitaker, Marrier's Furniture, Lyntegar and First National Bank of Tahoka.

Stenholm Optimistic On Disaster Program

Prospects are fairly good that the Secretary of Agriculture in Washington will approve disaster aid to area farmers now in desperate circumstances financially because of storm-destroyed crops.

This opinion was expressed by Congressman Charles Stenholm of

Stamford and the 35-county 17th Congressional District in a meeting with about 25 farmers and farm leaders in the District Court room here Monday at 8:30 a.m.

But, for a better agricultural economy, farm people at the "grass-roots" need to get involved more, Stenholm said. "Instead of us waiting for agricultural programs to come down from Washington, we need to initiate program proposals and make ourselves felt with the politicians, bureaus and bureaucrats in Washington."

Stenholm is a farmer himself, and is a member of the House Agriculture Committee in Congress.

At the meeting Monday, the Congressman pulled off his coat, seated himself on a table top, and freely discussed any farm-related problem brought up by individuals in the small crowd.

He feels the recent tour of the High Plains and Rolling Plains hail and rain affected areas has helped spotlight the importance of this farming area's importance to the nation's economy.

Stenholm also explained several alternative programs to help the cotton country that may be proposed in Congress.

The size of the crowd was limited by the meeting's being scheduled on a holiday, when most businesses were closed and many persons were away from home.

Landfill Hours Are Changed

Tahoka City Council heard a request Monday night to divert more of the federal grant funds to public works projects in the city, and also voted to change the hours of operation of the city sanitary landfill.

Three residents of the area of the city designated by the federal government for spending the funds allocated under the Community Development Block Grant program came to the council room for the second public hearing on the program. They asked that more funds be spent for sewer and water lines in certain parts of the city. Councilmen indicated they would see if the change in the program is acceptable by the federal government.

Changes in the hours when the landfill will be open for use by residents who wish to take trash and garbage to the landfill were approved. The landfill will now be open from 10 a.m. to 7 p.m. Monday through Friday and 10 a.m. to 5 p.m. on Saturday. It will be closed on Sundays and holidays. Residents of the county were asked to clip from this week's issue of the News the schedule listed on page 4 and keep it someplace where it can be referred to when needed.

There is no charge for use of the facility by any resident of Lynn County.

The couple plan to be married July 17 at 10:30 a.m. at Cross Lutheran Church in New Braunfels.

Janet is a graduate of New Home High School and Texas Tech. She is presently teaching in New Braunfels.

Water is the cheapest utility Americans enjoy. The average family of four uses about 90,000 gallons of water each and every year.

Water is a manufactured product. Hard to believe? The fact is, water is a most valuable and limited resource. According to the American Water Works Association, your water utility bill pays for the necessary processing of water—the gathering, treating, testing, pumping, storing, distributing and replacing that your water utility does for you, 24 hours a day. The result? Safe, pure water for you and your family.

GMAC LEASING BASED ON LOW

12.5%

JULY ONLY!

McCord Motor Co.

Offers

Direct Leasing

McCord Motor Co. has announced a new direct leasing plan that should encourage credit-worthy individuals and businesses that own or operate less than 20 vehicles to take a closer look at advantages of leasing, a closer look than they might have possibly given in the past.

This new GMAC Direct Leasing Plan incorporates the following features:

- (1) New General Motors passenger cars of any size and make, and light trucks up to 15,000 pounds gross vehicle weight, are available.
- (2) Credit-worthy individuals and businesses which own or operate less than 20 vehicles can be benefitted.
- (3) The open and closed-end leases involve terms not to exceed 48 months. Maintenance leases are not eligible.
- (4) Outside insurance may be obtained.
- (5) A 12.5 per cent interest rate is effective July 1—July 31, 1982 only. After July 31, 1982, a 15.5 per cent interest rate will apply.

Comparison Made

It is pointed out, for comparison purposes only, that it would be possible for a customer to save up to \$25 to \$30 per monthly payment during the month of July 1982, because of the special interest rate of 12.5 per cent which, it is emphasized, will be in effect during the month of July only.

Electricity - Know What It's Worth

Electricity - knowing what it's worth is worth knowing. One thing we've probably all learned is to have an appreciation of things that have worth and to know their value. Do you know the value of the electricity you use? This simple exercise is helpful to understand ones energy usage.

1. How much was your electric bill last month?
 2. Divide 30 into your answer for No. 1. This is the approximate cost of your electricity per day.
 3. How many people are in your family?
 4. Divide No. 3 into No. 2. This was the cost of your electricity per day per family member.
- What about the average cost per day per household for these electric appliances.
- Room air conditioner with wattage 660 and average time used per day 6 1/2 hours. Makes an average cost per day \$.37
 - Clothes dryer with average wattage 4,856 used 36 minutes per day averages an estimated cost \$.19.
 - Evaporative cooler (used June thru October) with 390 average wattage and 6 1/2 hours per day average \$.17 per day.
 - Freezer (15 cubic feet) average wattage 341,

average time used per day 9 1/4 hours averages \$.22.

- Hand iron with 1,008 average wattage, average time used 24 minutes per day averages \$.03.

-Range with oven, average wattage 12,200, time used per day 16 minutes, average \$.21 per day.

-Frostless refrigerator/freezer (14 cubic feet) with average wattage 615 and used 8 1/4 hours averages \$.33 per day.

Here are some energy efficient guidelines:

1. Insulation: Ceiling must be R-30. The R-Value indicates the installed resistance of the insulation to the flow of heat. It is not measured by thickness alone. There are other guidelines on insulation.
2. Check glass areas with double pane or storm windows.
3. Exterior doors- insulated core or storm doors.
4. Electric heating equipment.
5. Duct system- Is it furled down in a conditioned space as much as possible? Is there 4 inches of vinyl-backed insulation when outside of conditioned space?
6. Electric water heating - is there a heat trap on the water heater?

Here are some basic facts about the heat pump.

-Know the heat pump can be used with the existing central heating and cooling system in the home.

-What is a heat pump and how does it work? It transfers heat from one place to another. In winter heat exists in outside air even at temperatures below zero. The heat pump captures this heat to create comfort in the home. In summer this cycle is reversed and transferred from the inside of the house to the outside.

-Know the heat pump system is all electric. It heats and cools and requires outside air and electricity.

-Operating cost is surprisingly low. And the heat pump will not increase home construction

Southwestern Public Service Company works around the clock to provide you with a dependable supply of electricity. When storms or other problems occur, SPS crews are ready to repair damaged equipment quickly. During the recent tornadoes that swept through parts of the SPS service area, many of our employees worked through the night and well into the next day to restore power to customers whose service was interrupted.

Donald French, Line Supervisor, Lubbock.

Investor-owned utilities, like Southwestern Public Service Company, provide about 77% of our nation's electricity. The cost of producing this power has increased each year due to inflation, the high cost of fuel, and many other factors. Keep this in mind when you receive your next electric bill, then take a look around your home. Chances are that your air conditioner, range, and television all use electricity. Remember, our country's standard of living depends on the availability of electric power—let's not take that power for granted.

John Merchant, Electrical Engineer, Carlsbad.

SPS' bond rating is AA. This rating allows investors to judge our company's financial condition and its ability to repay borrowed money. Bond-rating firms consider the financial health of the company, the stability of our fuel supply, management goals, construction, and many other factors. Companies with the highest bond ratings pay the lowest interest rates when borrowing money. SPS' solid rating allows it to raise capital for construction at lower interest rates, which saves our customers money.

Mary Pullum, Assistant Secretary, Amarillo.

They wore gowns of white chiffon veiled over peau de soie, and carried a mix of blossoms with cascading foliage. Flower girl, Lauren McClung, cousin of the bride, wore a gown of white chiffon.

The bridegroom wore a black tuxedo. His brother, Jeff, served as best man, and groomsmen were Steven Thomas, uncle of Steven Thomas and Robert Thomas, uncles of the groom. Coffer Spreen and Bradley Light. Ushers were Clay Wilson and Von Burba, Jr.

Music was provided by Karen Crutchfield, organist, and Martha Campbell, pianist. Don Renfro, uncle of the bride, and Deanna

Garringer provided vocal selections including "The Lord's Prayer" and "Gift of Love."

The altar, adorned with the traditional bible and brass candlesticks, was flanked on each side by arrangements of flowers in shades of white, yellow, rose, lavender and blue.

A reception was held following the ceremony at the home of the bride's parents, with music provided by Jorge Valenzuela combo. Out of town guests included Mrs. Gussie Williams, Mr. and Mrs. Roddy Williams, Mrs. Britt Brooks, Mr. and Mrs. James Brookshire, Mr. and Mrs. Pat Hensley, Mr. and Mrs. Hensley, and Mr. and Mrs. Randy Hensley, all of Tahoka; Mr. and Mrs. Don Renfro and Dr. and Mrs. D.L. McClung of Houston; Mr. and Mrs. Monte Hamblin, and Dana Nipp of Midland; Alice Baber of Hobbs, N.M.; Mrs. Winford Carlisle of Lovington, N.M.; and W.C. Douthit of El Paso.

A rehearsal dinner was held at the home of the bridegroom. The bride is a graduate of Texas Tech with a degree in accounting. She is a member of Delta Delta Sorority. The bridegroom attends Texas Tech, majoring in finance, and is a member of Phi Delta Theta Fraternity.

Following a honeymoon in the Caribbean, the couple resides in Lubbock.

Cousines
A luncheon shower was given by Mrs. Fred Davis; a luncheon was given by Mrs. Ross Manganaro; a luncheon was given by Mrs. George Brantley; a cocktail supper was hosted by Mr. and Mrs. Les Dow; a cocktail buffet was hosted by Mr. and Mrs. W.W. McAdoo; a brunch was hosted by Mr. and Mrs. Robert Light; and a bridesmaid luncheon was given by Mrs. Don Renfro.

Weddings
**Cornelia Morton - Bryan Poer
Exchange Marriage Vows**

Cornelia Daniel Morton married Bryan Alan Poer in a 3 p.m. Saturday ceremony at Hudson Memorial Presbyterian Church in Raleigh. The Rev. A.D. Ellison officiated.

Mr. and Mrs. James E. Morton of Raleigh are parents of the bride. The bridegroom is the son of Mr. and Mrs. James E. Poer of Durham, N.C. and the grandson of the late Mr. and Mrs. Roy E. Poer of Tahoka.

The bride's mother made her gown of linen that was modeled after the bride's grandmother's wedding gown from 1911. She wore a veil of illusion held by a crocheted cap. She carried a bouquet of gardenias.

Bridal attendants were Terry Askew, Sherry Nechuatel, Becky Poer,

Martha Morton, Christine Dietsch and Becky Nance. The bridegroom's father was best man. Ushers were Mike Outen, Jim Poer, Douglas Bishop, Eddie Morton and Jason Morton.

A reception was held at the church. The bride attended Peace College and the University of North Carolina. She is merchandising manager at Revco Drug Stores in Carrboro.

The bridegroom attended Appalachian State University. He is a senior service technician at Village Cable in Chapel Hill.

The couple will reside in Chapel Hill.

Public Notice
Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.
It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.
A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.
Notice to El Paso Area Customers
Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.
Notice to Customers of Other Telephone Companies
The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

Aviso Público
Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.
Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.
Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.
Aviso a Clientes en la Región de El Paso
Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de esta unión se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.
Aviso a los Clientes de Otras Compañías de Teléfono
El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas también afectaría a los clientes de otras compañías de teléfono.

City-County Library News

By Lennie Cox
Are you having a birthday party or some other special occasion and need something for entertainment? If this is the case, then you might want to consider checking out a film or two or several filmstrips to show. We have the projectors for these that can also be checked out. We do not charge for this service unless they are kept overtime or broken in some way.

At the present time we have the following films for your consideration: "Child's Play and the Real World", "County Corners: The Tradition of the New England County Dance", "A Different Drum", "Green Eggs and Ham from Dr. Seuss on the Loose", "Help Is...", "Indian Culture", "Me and You, Kangaroo", "Morning Spider", "Norman Rockwell's World", "Paddington Goes Underground", "Pandas: A Gift from China", "Pastoral Switzerland", "Patrick", "Pigskin Capers", "The Red Balloon", "The Seven Wishes of Joanna Peabody", "Superjock", and "Yonder Come Day".
Incidentally, we have a few good records for sale during the month of July. They will be 75 cents each or 3 for \$2.00. If you are interested in buying any of these, just come by the library any day that we are open, and I will be happy to show them to you. Our regular hours are from 8 to 5 on Monday and Wednesday and from 1 to 5 on Thursday.

One vehicle is stolen every six minutes in Texas. The motives for these thefts vary from joyriding, stripping and reselling the vehicles, to a means of committing additional crimes.

Auto theft rings steal over 80,000 cars annually in our state. Last year alone, 350 million dollars worth of vehicles were reported stolen. Car thieves, like home burglars, generally have an easy time of it. Their thievery is made simple by car owners who obligingly leave doors unlocked, which occurs in four out of five cases of auto theft, or who leave keys in the ignition, which occurs in one out of five cases.

Vehicle theft is a serious crime that affects the entire community and results in higher insurance rates, property damage, injuries and loss of life from accidents. This crime has reached such serious proportions that it can no longer be controlled by law enforcement alone. Every citizen must exercise greater care over their property, thus preventing unnecessary crimes caused by carelessness.

For the month of July, 1982, the Crime Stoppers Advisory Council is focusing its statewide "Crime of the Month" on auto theft. Any citizen having information about auto theft rings is encouraged to call the anti-

crime hotline at 1-800-252-TIPS. Cash rewards are available for information leading to the arrest and indictment of these criminals.
Help meet this problem head on by locking your car and pocketing the key. This can greatly reduce your chances of losing your vehicle to these thieves. Call 1-800-252-TIPS today and put an end to this activity in Texas.

New Home News

By Florence Davies — Call 924-7479

News is scarce this week as so many were away for the 4th of July holidays. Call 924-7479 and give us news of your trips and visitors.

Dorothy Bruton went to Post last Tuesday after learning that her parent's home nine miles north of Post was damaged by fire. Mr. and Mrs. Welch awoke about 4 a.m. to find the house filled with smoke. The fire was caused by an electrical short.

Mr. and Mrs. W.C. (Lorraine) Roach of Ft. Worth and Mr. and Mrs.

Jack Patterson of Houghton, La. are here visiting their mother, Mrs. Myrtle Patterson.

Mr. and Mrs. Grady King of Muleshoe spent Sunday night here with us.

Loyd Caballero suffered severe burns on his face and right arm Sunday June 27th while burning tree limbs which were broken by the storms. Gasoline he had poured on the trash exploded causing the burns.

David McGuire had major surgery Friday July

2nd in Methodist Hospital.

Mrs. Don Cowan of San Benito and Brad and Chris Cowan of Conroe came to Lubbock Saturday to visit with Carolyn and Deanna and with Mary Ann's parents, Mr. and Mrs. V.F. Jones and other relatives in Tahoka as well as with us here. Brad, who has been assistant county agent of Montgomery County for three years, has been promoted to county agent of Montgomery County.

Mr. and Mrs. Sonny Hitt went to Tow last weekend to visit his parents, Mr. and Mrs. Elmer Hitt. They celebrated Mr. Hitt's 80th birthday Sunday. Other family members present were Mr. and Mrs. Wesley Scott and family and Mr. and Mrs. J.B. Robinson and family of Tow and Mr. and Mrs. Jerry Hitt of Dallas. The Hitt family are former residents of the Pleasant Valley Community.

Mrs. Lavada Williams, mother of Ellen Walker, was moved from Methodist Hospital to the Francis Nursing Home in Lubbock.

Mr. and Mrs. C.G. Kieth

returned home Monday, June 28th after visiting 10 days with their son Eugene Kieth and family in Dennison. They also visited with their grandson, Rick Schulenburg and his wife and son Doug in Sherman.

Mr. J.P. Unfred was in Methodist Hospital last week Thursday until Sunday for treatment of shingles.

Casey Walker, daughter of Mr. and Mrs. Frosty Walker of Austin, is visiting her grandparents, Mr. and Mrs. Garland Walker. She came by plane June 27th and will return home Aug. 1st.

Mrs. Laverne McAllister has been confined to her home the past two weeks.

Mr. and Mrs. Graham George, Mr. and Mrs. Jerry McNeely and Mr. and Mrs. John Edwards attended the Fourth of July Celebration in Post Saturday.

Mrs. Bob Poer was dismissed from Methodist Hospital and returned home Saturday.

Bill Ueckert is reported doing very well after

major heart surgery on Friday. He was moved from the ICU to the CC unit in Methodist Hospital Sunday.

Mrs. E.L. Cooley returned home after three weeks visiting with members of her family which included Joe Cooley and family in Arlington, Charles and Ruth at Mountain River, near Millsap, Lucille Walters in Abilene and Alice Lawler at Lake Hubbard.

Virgil Turner of Brownfield has been in the heart monitor room in Brownfield Hospital. Henry Turner of Hobbs, N.M. is a patient in Methodist Hospital. These men are the brothers of Woody and Dick Turner.

Mrs. Juanata Zant visited in Midland Sunday and Monday with her daughter, Vicki Zant and with her sister, Mrs. Ruby Ingram.

Take care of zippers on clothing to prolong their usefulness, says Alma Fonseca, clothing specialist with the Texas Agricultural Extension Service.

Always close zippers after use -- and before washing -- to prevent misalignment.

Obituaries

Myrtle Brown

Services for Myrtle Brown, 75, of Lubbock were held Wednesday, June 30, at First Baptist Church in O'Donnell with Rev. Jack Maddox of Woodrow and Rev. Don Blackmon, pastor, officiating.

Burial was in O'Donnell Cemetery under direction of White Funeral Home of Tahoka.

Mrs. Brown died Wednesday night at Highland Hospital in Lubbock after a brief illness. She was born in Garrison, Texas Jan. 11, 1907 and attended school in Garrison. She married Clarence A. Daniel Aug. 14, 1924, in New Boston, Texas. He died May 26, 1950. She married J.R. Brown March 30, 1953 in Carlsbad, N.M. She first came to Lynn County in 1924 from Annona. She and Mr. Brown had lived in Lubbock since 1969. She was a member of the Woodrow Baptist Church.

Survivors include her husband; a daughter, Jeannie Jackson of O'Donnell; three sisters, Bessie Weaver of Slaton, Effie Carney of Columbus, Ga., Essie Trumble of Wichita Kansas; five grandchildren and 8 great-grandchildren and several nieces and nephews. A daughter, Myrtle Barnes, preceded her mother in death 16 years ago and a son, Bobby Daniel died 48 years ago at the age of two years.

Palbearers were Randy Jackson, Bussy Barnes, Adolph Chapa, James Telchick, Alton Hurst and Bill Montgomery.

Beatrice W. Tucker

Graveside services for Beatrice W. Tucker, 72, of Tahoka were conducted Tuesday afternoon in Elmwood Memorial Park in Abilene with Dr. Ihsan Arduherumly, pastor of Grace United Methodist Church of Abilene, officiating.

Mrs. Tucker died at 3:35 a.m. Monday at Lubbock Methodist Hospital after an illness.

The Haskell County native married H.R. Tucker in 1938 in Lamesa. She moved to Abilene in 1953 and to Tahoka in 1980. She was a member of Grace United Methodist Church.

Survivors include three sisters, Lucille Preston of DeLeon, Ozelle Wheeler of Lubbock and Pauline Gipson of Tahoka; and a brother, Dennis Wheeler of Amarillo.

PUBLIC NOTICE OF INTENT TO CHANGE RATES

Notice is hereby given that LYNTGAR ELECTRIC COOPERATIVE, INC. (the "Utility") intends to change rates for electric utility service effective July 30, 1982 or as soon thereafter as permitted by law. The changes are applicable to all areas to which the Utility provides electric utility service. All classes of customers are affected by the proposed changes. The Utility expects that the proposed schedule of rates will furnish the Utility 11.53 per cent more in revenues than are furnished by the existing schedule of rates.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Utility and the classes and numbers of Utility consumers affected is on file with the Public Utility Commission of Texas, and the municipalities of Lamesa, Wilson, New Home, Meadow, Brownfield, Plains, Levelland and Sundown.

The Statement of Intent is available for public inspection at the general office of the Utility located at 1807 Main Street, Box 970, Tahoka, Texas 79373.

Plains Cotton Growers, Inc., Lubbock, learned July 1 that the 1982 base cotton loan rate at High Plains warehouse locations would be 57.20 cents per pound, basis Strict Low Middling 1-1/16th (41-34), 3.5 to 4.9 micronaire.

That's 12 points (.12 cents) above the national average 1982 loan rate of 57.08 cents announced earlier. When applicable discounts are applied the High Plains rate translates into a loan value of 47.40 cents per pound on the mid-range High Plains quality of Strict Low Middling Light Spot 31-32nds inch (42-31), 3.4 micronaire.

The loan rate at various U. S. warehouse locations is adjusted each year to reflect differences in freight

costs from different areas to mill sites and ports. Last year's High Plains rate of 52.50 cents was only four points above the U. S. average.

Premiums and discounts that will apply to cottons above and below the base quality all were announced by USDA in May and reported in this space May 28.

Almost all qualities of cotton stapling an inch or less and grading Low Middling Light Spot, Strict Low Middling Spot, Middling Spot or above will be discounted less this year than last.

However almost all cotton stapling 1-1/32nds inch or longer and grading below the Strict Low Middling base will show greater discounts, and qualities above the base grade will receive smaller premiums than in 1981.

Micronaire discounts in all groupings above and below 3.5 to 4.9 show an increase over last year, from 35 points on 3.3 and 3.4 to 65 points on 2.6 and below.

The chart below shows a comparison of cents-per-pound loan values on the most common qualities of High Plains cotton for the 1981 and 1982 crops at High Plains warehouses, plus a comparison of micronaire discounts.

A Visit With Your County Agent

By Stanley Young

May or June beetles are emerging from the soil and starting to swarm late in the evening. Females are laying eggs that hatch will soon be feeding on roots of bermudagrass and St. Augustinegrass in home lawns. Once grubs begin feeding, control measures should be taken.

Treatment time varies with the particular area of the state and ranges from early July in South Texas to mid-August in the Panhandle. Homeowners in Lynn County will need to treat between July 15 and August 1. Timing of application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of 4 inches. Examine at least one square foot of sod for 1,000 square feet of lawn area. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon of Dursban provide adequate control and

should be used at recommended rates given on the chemical container label. The granular form is easier to apply and to wash into the soil than liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to knock them down to the soil. Then apply enough water to soak the granules into the soil.

Apply diazinon sprays at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the insecticide into the soil. Wetting the lawn before spraying also helps. Always keep children and pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where grubs are feeding. Further information is provided in the publication, "White Grubs in Texas Turfgrass," available at the county Extension office.

Tax Relief For Two-Paycheck Families

If you and your spouse both bring home a paycheck, you may be able to deduct up to \$1500 on next year's tax return. Differing rate schedules for single and married taxpayers gave rise to the so-called "marriage tax penalty" when two wage earners of relatively equal income are married.

The Economic Tax Recovery Tax Act of 1981 will bring some relief to working couples who have been subject to the marriage tax penalty. The deduction from gross income is 5 per cent of the qualified earned income of the spouse with the lower qualified earned income, or \$1500, whichever is less.

For example, if you earn \$20,000 and your spouse earns \$8,000, you would be taxed on \$27,600 (\$8,000 x 5 percent subtracted from \$28,000) rather than the \$28,000 combined income.

Although this new provision should provide some relief for many two-earner families, you should continue to keep track of your withholding

to avoid owing additional taxes at tax time.

If you find that you are falling behind during the year, the two most common remedies for under-withholding are estimated tax payments or revised Forms W-4, "Employee's Withholding Allowance Certificate." Estimated taxes are paid directly to IRS in quarterly installments on vouchers that come with the Form 1040-ES, "Declaration of Estimated Tax for Individuals." The 1040-ES comes with instructions and a worksheet to help you determine how much additional tax you must pay to supplement the withholdings from your wages.

If you choose, instead, to give your employer a revised Form W-4, you can claim fewer or no allowances, request that your employers withhold at the higher single rate even though you're married or, if you're already at the single rate, request additional withholdings.

Besides the unpleasant surprise of a big tax bill, failing to have enough withheld can bring about an estimated tax penalty.

spiders, are probably the most difficult pests to control in vegetable gardens. With hot dry weather approaching, gardeners should be on the lookout for this pest by checking the underside of plant leaves.

Although spider mites will attack almost any plant, among their preferred hosts are beans, tomatoes, peas, eggplants and corn.

Actually, spider mites are not insects but are eight-legged relatives of ticks and spiders. Their small size, about 1/60 of an inch, makes them difficult to see without a magnifying lens. They range in color from red, green and yellow to white and brown. Spider mites deposit their eggs on the underside of leaves. These hatch in about five days. There may be 10 to 15 or more generations per year.

Lynn County Football In The 1920s Recalled

(EDITOR'S NOTE: John T. Williams of Fort Lauderdale, Fla., submitted the following bit of football history, noting that he lived in Wilson from 1917 to 1929, later moving to New York City and to Los Angeles before Florida.)

By JOHN WILLIAMS
Within the near future high schools within Texas will be getting ready for the 1982 football season. If my memory serves me, and it does, Lynn County schools had their first teams in 1922. The first game matched Tahoka and Slaton in a game played on the Wilson High field. That game was on Labor Day and was won

by Slaton, a team with prior years experience. Wilson High had already decided it too should compete in 1922. Talent was limited to less than 20 students, most of whom had never seen a game before the above mentioned Tahoka-Slaton match and only one had ever played a game of football. I was this single individual. In 1921 I was attending New Mexico Military Institute and was a member of that school's varsity football squad and participated in the full season of training making the trips to play New Mexico State in Las Cruces;

Texas School of Mines (UTEP) at El Paso; finally the University of Arizona at Tucson. My only game experience came in the Arizona encounter on Thanksgiving Day and ended in a score of 110 to 0. A game the newspapers in Tucson are wont to recall ever so often. NMMI, a junior college then and now, was hopelessly outclassed. However, in that game I learned a football axiom which I passed on to the Wilson High team as I gave them the formations and plays we were to use throughout that year and again in 1924.

Wilson's first two games were with teams from Slaton which we won. Lamesa High was next and we had our first loss, 14-0. Then a game at Post which they won 13-6. Tahoka High was next. By that time I remembered a play that Arizona used effectively against NMMI and we made it a part of our series of plays. In present day parlance it is called "mis-direction." It is a sequence of two plays with many variations. The fullback first carries into the center of the line and on the next appears to do the same again but while the opponents rush in to again hold him to a short gain the ball goes to a halfback who skirts the end and is away. This play was first used against

Tahoka and resulted in a touchdown run of more than half the distance of the field. Wilson won that game some 30 to 6 and lost no more games during that season.

It is fair to say we improved throughout the 1922 season winning 9 games and only the two losses to Post and Lamesa. However, our real triumphs of the year were return games at home against Post whom we beat 18 to 6 and against Lamesa on Thanksgiving Day when we ran up a score of 66 to 0. We ended our season in Lubbock against a team composed of Junior Varsity players and some first string players and we beat them 20 to 0 on the Fair Grounds field.

Looking back over the past 60 years I have had a sense of accomplishment with respect to that group of Wilson students who composed our team.

It was a tribute to team play since none of us possessed exceptional talent. Some five years ago there were five of us still living among three Deaver brothers, two Brown brothers, Lumsden, Tate, Dawson, Wolfarth, Richardson, West, Hamlet, et al., who made up the squad.

Tahoka's squad had four players we would have liked on our team. They were talented in several ways. I remember

Edwards, Larkin, Lockhart and Jackson and no doubt there were others.

After some of us spent a year in college during the 1923/24 school year we again grouped in 1924 as a sort of semi-pro team and played four games. One each with O'Donnell and Post and two with Brownfield. I have often wondered if Hoss Cartwright was on that O'Donnell team which we played and defeated. A most satisfying game was against Post who had as a coach that year a star back from North Texas State (Denton) who participated with Post and took his team home on the short end of a 30 to 6 score. A famous Slaton athlete (Alex DeLong) wagered on Wilson that day when he learned I was calling the plays. We won our games with Brownfield. The last was played on the field of the Tahoka ball park. The score was 10 to

Swindlers Are Active

Along with "hard times" and keen business competition, there's an increase in schemes by unscrupulous promoters to fleece both individuals and businesses. This was the theme of a talk at Rotary last Thursday by Alan Bligh of Better Business Bureau.

He warned of the many tricks being employed through telephone solicitation, insurance schemes, charity pleas, gift offers, mailing of fake invoices to businesses, sending out merchandise COD not ordered by the recipient, door-to-door salesmen, etc.

He warned the aged, especially, to be wary of schemes that sound good—too good to be true—from strangers, such as the many insurance deals being offered by mail, telephone, and visits by salesmen. "Your local insurance agent has a reliable plan," he advised.

Ladd Roberts was in charge of the program and introduced the speaker, a former Lamesa citizen now with Lubbock Better Business Bureau.

Joe Hays was presiding at his first meeting as the new Tahoka Rotary president, having succeeded Dr. Richard White.

Silk fashions need special cleaning techniques to preserve the longlasting, hard-wearing qualities.

Dry cleaning won't hurt any silk, but handwashing is better for some washable silk. Above all, read labels and follow instructions.

Handwashing 'Refreshes' Washables

Handwashing in warm water actually "refreshes" washable silk, rejuvenation a gum-like coating put on by the silk worm in the fiber stage.

Called "sericin," the coating is a natural sizing that dry cleaning does not destroy or refresh.

Care Precautions

In handwashing, take special-care steps.

Hand wash in lukewarm water with mild soap. Rinse the garment and gently press out excess water in a towel. Do not wring or twist.

Smooth and straighten seams and air dry fabrics out of direct sunlight until slightly damp. While damp, press on wrong side with steam.

Careful handwashing will not harm solid silks, such as broadcloth, pongee and crepe de chine, but do not wash iridescents.

Since silk cannot be made colorfast, do not wash prints or very bright colors. Dry clean them instead.

Remove water spots of surface shines on washables by dunking the garment in warm water and then letting it dry.

To keep white silks white occasionally put a drop or two of ammonia and hydrogen peroxide into warm sudsy water, and wash the garment in that.

To remove yellowing from a pale-color silk, add three tablespoons of white vinegar to cool water, and wash the garment in it.

To prevent unremovable perspiration and sticky deodorant stains, use dress shields.

Help out in water conservation—use every drop that comes out of your faucet, says Linda McCormack, a family resource management specialist.

While you're waiting for water to get hot, catch otherwise wasted water in a bucket for plants or to wash vegetables with, she advises.

Better Business Bureau

The selling of drugs by mail has become an increasingly important issue to consumers, the BBB, and the medical community. Your Bureau has heard all sorts of stories about these "look alike" drugs advertised through the mail and in newspapers.

To find out what was really going on, the BBB ordered some "New Diet Energy Pills" from a company called SAV-MART from Montgomery, Alabama. The newspaper ad stated that there was a new wonder drug called "blacks".

The Bureau received the order and discovered the following:

1. The same drug could be purchased locally for 1/2 the price charged by the mail order company.

2. The drugs consisted of nothing unusual and can be purchased locally over the counter from any pharmacy.

NOTE: Most consumers think they are getting a prescription drug without having to see a doctor.

3. The Department of Public Safety, which did the testing, informed us that many customers may think they are ordering "black mollies", which require a prescription.

The advertisement did call them "blacks" and the illustration showed the same black capsule associated with "black mollies". Many drug pushers use these mail order drug look alikes to swindle their clients.

We were advised by the medical community that the pills may be dangerous to those with heart conditions or high blood pressure and that the best thing to do before ordering many mail order drugs would be for the consumer to talk to their physicians or pharmacists. The Federal Government is working to have the sale of these look alike drugs banned.

★ CARD OF THANKS ★

We wish to thank everyone for the flowers, food and contributions in the loss of our loved one. Nancy DeLeon and family 27-1tp

Many thanks to our friends and neighbors who have shown their love and concern in so many ways for our sister, Beatrice Tucker, during her illness and at the time of her death. She lived here only two years but made many friends and we shall always treasure these memories. Polly and Hick Gibson 27-1t

I would like to thank each one who supported me while I was a candidate for Rodeo Queen. A special thanks goes to the Tahoka Fire Dept. for sponsoring me and all their help. I really appreciate each one for their part in helping me win Rodeo Queen. Marci Miller 27-1tc
