

New Pack Of Dogs Set For Opener

THE TAHOKA BULLDOGS, 1982 — Shown here is the entire Tahoka Bulldog football squad, including freshmen. The varsity players will open the season Friday night against the Stanton Buffaloes at Stanton. (LYNN COUNTY NEWS PHOTO)

By DALTON WOOD

A lot of people who played major roles in leading the Tahoka Bulldogs to the district championship last season and into the first round of the playoffs are gone the way of all graduates, but Coach A.D. Shaver will send out a new bunch of troops as the Bulldogs open their season Friday night at Stanton.

Because Shaver's teams generally come along slowly before getting super-tough by district time, the Bulldogs always have troubles in the opener with Stanton.

Last year Tahoka came from behind late in the game to win 14-10 on a 71-yard pass play from Mark Hudlin to Danny Thompson, neither of whom is around this season.

The Dogs scrimmaged a rugged Littlefield Wildcat team here Friday, and the visitors scored once, to no score for Tahoka. There were, as usual, a few bright spots and several rough ones for the blue and white in the scrimmage.

One of the running backs the Bulldogs are counting on this season should be halfback Steve Pierce, who played as a defensive regular last season. Pierce, a 165-pound junior, also will be back at one of the outside linebacking spots, along with Curtis Ferguson on the other side and David Garcia, a 215-pound junior, in the middle.

On offense, Ferguson likely will start at fullback. The other starting backs should be Quarterback Tony Garcia, who stepped into the job last year as a junior after Hudlin was injured, and Rudy Sosa, 160-pound halfback.

should be Todd Lockaby at end, Robert Munoz (220, junior) at tackle and Gilbert Gonzales (215, junior) at guard. John Curry, 190-pound senior will snap the ball, and along the right side offensively will be guard Shi Dotson, (170, senior), tackle Leonard Flores (165, junior) and end Michael Rivas (170, senior).

Stanton returns nine starters from last year's very good team, headed by 235-pound Scott Church, all-district tackle who plays tight end on offense. On defense, eight of the players who started last year are back.

The game will start at 8 p.m. and it really is Friday, although one schedule posted in town lists the game as Sept. 4.

Hill Formally Honored By Weather Service

FRANK HILL HONORED — Frank Hill, center, was honored by an award from the National Weather Service at last Thursday's Rotary Club meeting in Tahoka. Flanking Hill are Charles Megee, left, and Andy Anderson, both of the NWS. (LYNN COUNTY NEWS PHOTO)

Frank Hill, longtime weather observer for the National Weather Service, last Thursday was presented the John Campanius Holm award for more than 29 years of "continuous and exceptional public service" in the community.

The award was presented by Chuck Megee, NWS supervisor of 196 cooperative observer stations in about 75 West Texas and Oklahoma counties.

In ceremonies at the Tahoka Rotary Club meeting at noon Thursday in Tahoka Cafeteria, Megee presented a gift to Hill, a corsage to Mae Hill, and revealed that this is the first time in recent years a West Texan has won the award, one of 20 issued each year.

The plaque was presented by Andy Anderson, chief meteorologist and Lubbock Division manager. Also from the Lubbock division were Art Walkowiak, meteorologist for 33 years, now retired; Carlo Minssen, Lubbock division secretary; and wives of Megee, Anderson and Hill.

Hill told the club that he has always used the NWS official rain gauge, which has been proved accurate, but "everybody in town with a glass gauge which shows more rain has accused me of having a hole in my gauge...but I'll tell you something--the weather service is going to take my figures, and not yours!"

H.B. McCord was program chairman.

Prior to the program on the weather service, which included slides, Scout Executive Jackie Harris made a presentation of the Boy Scout Charter to Dr. Richard White and commended him and the club for

Booster Club Turnout Hit

Tahoka Booster Club had its first meeting of the year Tuesday night, but a scheduled election of new officers for the year was delayed a week by outgoing president Bill Chancy, who noted that only a handful of players' parents was present.

"With the kind of record Tahoka football teams have had in recent years, we ought to have much better support from parents and other adults," he said. He added that a few years ago the booster organization had around 150 members and last year there were only about 50. "We should have 500 members," Chancy said.

The election was delayed until next week's meeting, which will be at 7:30 p.m. in the school cafeteria. Films of the Stanton game will be shown.

Seated from left are Vicki Randolph, treasurer; Wendi Curry, historian; and Marci Miller, parliamentarian. Other members are Angie Brooks, Tracy Draper, Traci Green, Tami Pebsworth, Lola Faye Rogers and Denna Stanley. Sponsor of the OEA is Barbara Jaques. (LYNN COUNTY NEWS PHOTO)

Theft Of Ring Investigated

Tahoka police investigated the theft of a diamond ring over the past week, and a Tahoka police officer was assaulted while arresting a man for public intoxication.

Hazel Johnson Stevens of 1810 N. 6th reported to police on Aug. 19 that a 7-diamond cluster yellow and gold ring with a thin band had been stolen from her residence sometime between 8:30 a.m. and 4:30 p.m. on Tuesday, Aug. 17. Value of the ring is \$1600.

Tahoka police officer Kenneth Cogburn arrested a Tahoka man for public intoxication and disorderly conduct on Saturday at 3:25 a.m. While making the arrest, the man allegedly attacked Cogburn and was charged with aggravated assault on a peace officer.

On Aug. 26, Shirley Stice of Snyder reported that someone broke into a residence at 1621 Ave. K and had taken a saw. A window was broken on the west side of the house.

MOST READERS of this newspaper live in congressional districts served by either Kent Hance of Lubbock or Charles Stenholm of Stamford. Both are conservative members of congress who do what they think is best for their constituents and the nation. Naturally what they do and how they vote doesn't always please the people in their home districts, but at least I think both are sincerely trying.

Hance voted for and Stenholm against the recently-passed tax bill. Personally, I liked Stenholm's vote and his reasoning better on that particular issue. If you believe in people working for a living, and in the fact that small businesses are crucial to the survival of the country, you have to like Charlie's comments in a letter released Aug. 20 telling why he voted against the bill. Here's what he said:

I voted against the tax bill today primarily because the first prerequisite for my consideration for an increase -- adequate budget cuts -- has not been met. In my mind, you just can't have one without the other. I supported the first budget resolution that called for \$20 billion in new revenues for one year, coupled with substantial budget cuts. Now we have seen that revenue figure hit \$99 billion over three years and have yet to see the budget cuts.

Economic goals set last year centered around savings and investment incentives and the provisions of this bill that would require withholding taxes on interest and dividends are ludicrous in light of those goals. They penalize the very activities we tried to encourage last year.

I just cannot go against the time-honored economic rule that you don't raise taxes during a recession. When you add the fact that Congress ducked the cost of living adjustments (COLAs) and entitlements -- one more time, put even more tax burden on one of the segments hit hardest by this recession -- small businesses -- by increasing the federal unemployment tax; and impacted our competitive edge in high technological development necessary for the next decade, the arguments against this bill become even stronger.

When I told the President of my decision, I warned him that the current depression in agriculture was one example of the danger of trying to solve all of our problems through economic policy and ignoring underlying causes of the problem. It's like trying to cure cancer with a bandaid. Our farm program, for instance, is a continuation of agricultural policy that in 5 1/2 years has dropped agricultural profits to a level lower than during the Depression of the '30s.

Deep policy changes are needed in agriculture and other areas, not bandaids. More jobs are needed across the country, not more burdens on the businesses needed to provide those jobs. More real spending cuts -- not paper cuts -- are needed before our economic program is truly a realistic one.

Charlie is on the side of the small businessman and the farmer. He is opposed to increasing welfare and jobless payments and giveaway programs so popular with many Democrats and a few Republicans. On a recent visit to Tahoka, he made one of the best comments I ever heard in regard to people insisting on more welfare payments: "Where did these people ever get the idea in the first place that the government owes them a living?" He obviously was referring to the many recipients who refuse to work, rather than those who actually can't.

I really didn't intend to be all this heavy on the subject. What brought it on was reading a story the other day about a school in Minot, N.D., banning Newsweek because it was too liberal. Newsweek denied this and said it does a good job of impartial reporting. But that's a bunch of hoey. They are about as impartial as Edward Kennedy.

More Historical Items On Display At Museum

By FRANK HILL
About two dozen items of historical interest have been put on display at Tahoka Pioneer Museum recently.

Mrs. Ruth Nevels Sparks, Lubbock, has donated three items, one a framed picture of her dad, W.D. (Bill) Nevels, who came to Lynn County along with his parents, brother and sister in 1901, first settling on land they bought from the MK (Dixie) Ranch on the Lynn-Lubbock County line, now known as the Martin place. Mr. Bill later acquired the West Point ranch.

In 1906, he helped organize First State Bank of Tahoka, converted to First National in 1907, was its first cashier, later vice-president and a director until his death in 1938. He married Annie Moore in 1907, and both became leaders and among the most highly respected individuals in the county.

Mrs. Sparks also donated a cedar churn, bought by her grandmother in Mississippi, brought to Borden County in 1891, and to Lynn County in 1901 and an old time adding machine preserved by her sister, Mrs. Willie Lois Hoffman, recently deceased.

Mrs. J.W. (Frankie Wells) Fenton has given for display several items from her parents, the late Mr. and Mrs. J.S. Wells, who came in 1903, bought out the first store that same year, and also were leading citizens until their deaths.

These items include: Minutes 1908-1916, of Primitive Baptist Church with list of members and elders; list of 170 donors in 1923 to construct their church building, now Tahoka Senior Citizens Center; list of 106 marriage licenses issued here, 1903-1910; J.S. Wells' personal day book; his certificate of election as a County Commissioner; 1923 City of Tahoka paving certificate; picture of an early day street scene; and picture and names of Tahoka school students in about 1907.

Mrs. Joann Edwards Alexander, Levelland, a Wells granddaughter, has loaned the Museum for display the dress worn by her mother, Nettie Wells Edwards at Tahoka High's first graduation exercises in 1913 and an English textbook used by her mother; a picture of children Wells Edwards, Homan Edwards, and Dude McCoy Holland; a book of poetry written by

pen and quill during the Civil War by an ancestor of Mrs. James S. Wells. J.B. Hoskins of Lubbock, a Dunlaps' stores executive, whose parents settled at old Garlyn, north of Grassland, in 1916, has donated a butter mold such as used in nearly every household in the early days when every farmer and many townspeople kept and milked cows.

Some other recent items of pioneer vintage will be listed later.

Adult Education Begins Sept. 7

Tahoka's Adult Night School begins Sept. 7 at Tahoka High School. Anyone 17 years or older who has not finished high school is eligible. The school is free and prepares one to take the GED exam for a high school diploma.

The school meets from 7 to 9 p.m. Tuesdays and Thursdays in the computer room of Tahoka High School. The students will use computers and will be provided books free of charge.

For more information call Barbara Foster at 998-5303 after 4 p.m. or come to the high school at 7 p.m. Tuesday, Sept. 7.

Lynn County Group To Go To Convention

More than 900 members of the Texas Extension Homemakers Assn. from throughout Texas are expected to assemble in El Paso for the annual state convention of the association, Sept. 14-16. Representing Lynn County will be Mrs. Pauline Stephens, Mrs. Erna Lambright and Mrs. Clifford Tankersley.

"This will be the 56th annual meeting of the homemakers organization, and a blue ribbon program has been prepared," announced Mrs. Billie H. McCraw, president of the 22,680-member group. She is from Raymondville. Conference sessions will be at the Convention Center.

Registration will begin at 1 p.m. Sept. 14 and continue through that evening. Special activities for that afternoon and again the afternoon of Sept. 16 will be bus tours of Mexico, with emphasis on several historic cathedrals and a visit to a federally-sponsored shopping center in Juarez.

Among key speakers will be the Rev. Donald Anderson of San Antonio, who will discuss "A Total View of a Healthy American Family," and Kathryn Blissard, a Houston television personality, whose subject will be "How Important Are You?"

Workshops are planned in the areas of health and safety, cultural arts and international understanding, leadership and membership, family life education and family resources, citizenship and legislative affairs, and young homemakers.

THE 1982 O'DONNELL EAGLES

Eagles Hoping To Fly Higher

With six regulars back from a 3-7 season last year, the O'Donnell Eagles and new head coach Jackie Bullion are hoping the Eagles can fly a little higher this season, starting with the opening game at home against the Wilson Mustangs Friday night.

"We have good quickness and a good attitude, but I just won't know a lot about our strongest points until we have played a game," said Coach Bullion, who took over the head coaching job after being in the O'Donnell system five years, although he was not an assistant coach last year.

Bullion, a Howard Payne graduate, was head football coach for four years at Hico before coming to O'Donnell.

Fullback Ralph Santos, a 162-pound senior, looked good in a scrimmage against Cross Plains, which the Eagles won 2-1, and Bullion is counting on Santos and halfback Tony Modisette. 139-pound senior, to do much of the ball-carrying for O'Donnell. As with most Class AA teams, depth is a big problem for the Eagles.

"If we get past our first bunch, we could be hurting."

Probable starting offensive lineup Friday night will include the two backs mentioned, quarterback Wayne Barton and halfback Tony Zamarripas, with the team running out of a straight T.

Up front on offense likely will be Paul Follis and Jimmy Cano at ends, Tim Casarez and Johnny Berumen at tackles, guards

Mike Santos and Mario Bernal and center Jerry Miller. Tackles may be strong, since Berumen is an experienced performer, and Casarez comes in at 231 pounds. Both are seniors.

Assistant coaches are Ronald Bradshaw, Arnold Parker and Ramie Quintana.

INSIGHT INTO EYESIGHT

J. DAVIS ARMISTEAD, O.D.

OPTOMETRIST

CONTACTS AND THE NATURAL LOOK

Millions of people wear contact lenses today. Contact lenses correct vision problems, in most cases better than glasses do. But they have the advantage of giving your face a "natural" look. Unless you tell them, others would never know you're wearing corrective lenses.

They do require more care than glasses. And, like glasses, they should be prescribed and fitted by a professional. Because they float on the tears over the eye, however, extra care must be taken in keeping them clean and germ-free.

Your eye specialist will show you how contact lenses should be applied and removed. This

must be done carefully and hygienically. Both your eyes and your contact lenses should be checked periodically by your optometrist.

If you follow these rules, contact lenses will serve your corrective vision needs even better than glasses. Contact lenses give more natural vision (especially peripheral) because they are closer to the eye (in fact, in "contact" with the cornea) while glasses must be worn about a half inch away from it.

Mustangs Lack Depth

A few proven players, some others with promise, but very short on depth describe the Wilson Mustangs this season as new head coach Mike Wilson sends his team into action at O'Donnell Friday night to start the 1982 season. After that one, the Mustangs will play Spur and Amherst in non-conference games at home before launching a seven-game district schedule. Wilson, in District 2-A South, finds some new opponents in district this year, plus a few they are accustomed to playing.

Coach Wilson, an assistant at Wilson last year, expects the backfield to be the Mustangs' strongest point, headed by 170-pound senior tailback Kendall Wilke, a three-year letterman who gained more than 1,100 yards rushing as a junior. Wilke was all-district last year,

as was Quarterback Keith Spears, a good runner and director of the slot-1 offense. Spears is just a junior. Halfback Bradley Wright and fullback Matt Burtch round out the backfield. Mark Wuensche, a tackle last season, has moved to tight end, where Burtch played in 1981. "We have excellent people at the skill positions," Wilson said, but noted a lack of depth in the interior line. The coach, assisted by Mike Carroll and Sid Wright, expects the district to be tough, with some good teams vying for the top spot. Ropes and Anton generally are the top choices, but Coach Wilson also looks for Sundown to have a good team.

FmHA To Reorganize Offices

The Farmers Home Administration (FmHA) in Texas has announced a reorganization of its District and County Offices. In the reorganization there will be a realignment of the counties served by the District Office in Lubbock. Donald R. Perry, District Director, in Lubbock said that the following FmHA County Offices will now be under his administration: Plains, Brownfield, Tahoka, Crosbyton, Lubbock, Levelland and Morton. Spur will be served out of the Vernon District Office. Perry said that the realignment of District lines will more equally distribute the workload of the employees in the state. In announcing the reorganization, J. Lynn Futch, State Director, said that the aim of FmHA is to provide a sound credit program to rural people who are unable to obtain credit elsewhere, and to provide the servicing activities needed to insure that the loans are repaid. Futch also said that because of recent budget reductions and lower staff ceilings, the reorganization is necessary to reduce the number of FmHA offices in the state. The reorganization will be effective Sept. 5, 1982.

1982 NEW HOME LEOPARD FOOTBALL TEAM — Front row left to right — Chris Laranca, Albert Villarreal, Mike Rodriguez, Tom Foster, Jay Warwick, Harvey Silva, Danny Ibarra. Middle left to right — Clay Jacobs, Albert Solorzano, Lance McNeely, Sammy Ibarra, Kyle James, Chad Ford, Tommy McBrayer, Eloy Estrada. Back row — Coach Richard Byers, Lance Kieth, Robert Poer, Johnny Vickers, Robert Griffin, Jeff Wyatt, J.T. Hayes, Joe Deleon, Scott Smith, Asst. Coach Lynn Johnston, and Lance Swinson, manager.

NEW HOME STANDOUTS — for 1982, according to Coach Richard Byers include (left to right) Robert Griffin-running back, Lance Kieth-end, Johnny Vickers-tackle, Jeff Wyatt-quarterback, Joe Deleon-running back, and Kyle James-quarterback.

Leopards Are Optimistic For 1982 Season

The New Home Leopards, with a new coach and new hope for a better season than last year, will open their 1982 season Friday night at Sands, a team which was 1-7-2 last year.

The best New Home could do last season was tying two games, and Coach Richard Byers is optimistic that things will be better this year than the 0-8-2 mark.

"I really feel like we will have a better year this season," Byers explained after a recent practice. "The kids are a year farther along in their development and they came out ready to play some football this fall. I know that the kids don't want to go through another year like last year. They've been fired up so far and I'm looking forward to this season because of that."

The New Home mentor describes his team as "young, but quick in spots." The Leopards return 12 lettermen, 10 of which held down starting spots a year ago. Five seniors are returning from last year.

When the firepower arrives, it will feature a solid one-two backfield punch in fullback Joe Deleon and tailback Robert Griffin.

Both possess some size for a Class 1A backfield. Deleon checks in at 6-0, 187 pounds while Griffin is 6-3, 175 pounds.

Sophomore Kyle James will direct the Leopard offense and Byers says he will be a good one.

"I consider him and Robert Vickers as all-state possibilities," the coach said.

The 6-1, 172-pound Vickers is an outstanding tackle and agile enough to serve as a backup tailback.

James and Vickers are also defensive leaders.

For 20 years, Southwestern Public Service Company has sponsored Future Farmers of America (FFA) electricity workshops. This year, 82 FFA boys and one FFA girl participated (She was Kathy Karber of Booker, Texas, the first girl ever to attend the workshop). The students learned how to wire buildings, how to install and use electric controls, or how to build electric motors. The five top students won SPS-sponsored trips to the National FFA Convention in Kansas City, Mo., in November.

Glenn Bickel, Agricultural Engineer, Plainview.

Anytime you see a downed electric power line, report it to SPS. Don't touch it. Let professional linemen — SPS employees — handle the problem. Sometimes a downed line will appear to be safe. Someone who doesn't know what he's doing may touch it or pick it up.

Ray Juarez, Lineman Journeyman, Artesia.

There is no guaranteed profit for regulated electric utilities. Investor-owned companies like Southwestern Public Service Company are allowed to seek a fair and reasonable profit, but there are no guarantees. Last year, for instance, SPS was authorized by the Public Utility Commission of Texas to earn an average 10.76% return on equity. The actual return was 8.35%. What we were able to earn for our shareholders was retained because we work hard to keep all our expenses down.

TG&Y

From The ACEA's Desk

By Brent Drennan

Each year, beginning in September, more than 100,000 Texas boys and girls aged 9 to 19 join millions of others throughout the country in the world's largest youth organization—4-H.

What is it and why do they do it?

A brief look into the nature of the 4-H program and what it has to offer youth and their families can provide the answers to these questions, says Brent Drennan, county 4-H program coordinator with the Texas Agricultural Extension Service.

First of all, 4-H is fun. 4-H'ers take part in a wide variety of enjoyable activities — club meetings, recreation, camps, learning laboratories and project work. Meanwhile, their families have the joy of working together on projects, participating in fun days, and enjoying a host of other opportunities.

Secondly, 4-H offers educational experiences. Youngsters learn that learning can be fun. 4-H learning takes place in small group work, in individual work on projects, and in conjunction with adult volunteers and family members. They learn at fairs and project shows of various sorts and in a variety of other 'non-classroom' environments.

In a sense, 4-H education involves youngsters in a 'learn to do by doing' atmosphere where useful and practical skills and facts are learned, says Drennan.

Finally, 4-H is for everyone — young or old, rural or city, male or

female, regardless of race or ethnic group. Furthermore, 4-H requires no membership fee or dues. It is sponsored by the Texas Agricultural Extension Service which is a part of Texas A&M University and by local, state and national donors.

Find out all about 4-H by contacting the county Extension Office.

CHANGING INCOME TAX LAWS?

Have you got down the principal provisions of the Economic Recovery Tax Act (ERTA) of 1981 that affect your farming or ranching business? Since income tax management requires year-round attention, a review of some of the ERTA provisions follows.

One of the more significant income tax provisions of ERTA was the implementation of a fast depreciation scheme, labeled the Accelerated Cost Recovery System (ACRS), points out Stanley Young, county agent with the Texas Agricultural Extension Service.

ACRS applies to most new and used tangible depreciable property placed in service after 1980.

ACRS provides for depreciation or cost recovery over these periods:

*3-year property, such as autos, light trucks and swine.

*5-year property, such as equipment, beef and dairy cattle and single-purpose agricultural facilities.

*10-year property, such as mobile homes.

*15-year real property, such as farm buildings.

ACRS deduction is determined by multiplying the unadjusted basis by a percentage value which is obtained from the appropriate ACRS table.

A full year's deduction is available under ACRS, irrespective of when the 3, 5, or 10 year property is placed in service. The ACRS deduction for 15-year real property is calculated to the nearest month it is placed in service.

No salvage value is subtracted when computing the ACRS deduction.

If the ACRS is not chosen, the Alternate Accelerated Cost Recovery Method is the straight line (SL) method of depreciation as follows:

Time Period—SL Recovery
3 yr. property 3.5, 12 yrs.
5 yr. " 5, 12, 25 yrs.
10 yr. " 10, 25, 35 yrs.
15 yr. " 15, 35, 45 yrs.

If the alternate ACRS method is chosen, the first year's depreciation is one-half the amount that would be allowed for a full year, irrespective of when property was placed into service during the year.

For 3, 5, and 10 year property, the same method and recovery period must be used for all property in the same class placed in service during that tax year. This restriction does not apply to 15-year real property.

When the alternate ACRS method is chosen for real property, the first year's deduction and the deduction in the year of disposition must be prorated for the number of months used.

In general, ERTA provisions, including ACRS, should mean income tax

savings for Texas farmers, which should help the cash flow situation and increase the average net worth of most farms over the next few years.

However, several tax law changes are already proposed by the Senate Finance Committee which would tighten deductions and could lead to greater tax laws that may result so that they can plan income tax strategies for maximum benefits.

In evaluating the tax consequences of major decisions Young suggests consulting a tax advisor about ERTA provisions as well as proposed changes in the income tax law.

COTTON TODAY

EXPORT SALES JUMP: Net new sales for the 1982-83 marketing year increased by 301,500 running bales for the week ended Aug. 19 to bring the new season's total commitments to 2,238,100. It was the largest sales week of the season. The major buyer was South Korea with 208,500 bales.

COTTON USE EDGES UP: The seasonally adjusted annual rate of cotton use by U.S. textile mills reached 5.3 million 480-lb. bale equivalents in July, up 6.7 percent from June but 16.1 percent below the year-ago level, according to the National Cotton Council.

Cotton's share of total fiber use reached 25.8 percent, compared with 25 percent the previous month and 23.4 percent in July, 1981. Mill use of man-made fibers rose 1.5 percent above the June rate but dropped 23.4 percent from July last year.

For the marketing year which ended July 31, domestic cotton use equaled approximately 5.3 million bale equivalents, down 10.2 percent from the 1980-81 total of 5.9 million.

Phillips Elected VATA Officer

Two area instructors have been elected officers in the Vocational Agriculture Teachers Assn. of Texas.

Chris Kountz of Lubbock Monterey was elected vice president and Terry Phillips of Seagraves was elected secretary-treasurer.

Phillips has 13 years of experience. He taught in Roswell, N.M. before coming to Seagraves. He graduated from O'Donnell High School and Texas Tech University. He is the son of Mr. and Mrs. K.W. Phillips of Tahoka.

NEWS DEADLINE TUESDAY 2 P.M.

Field Day Is Scheduled At Halfway

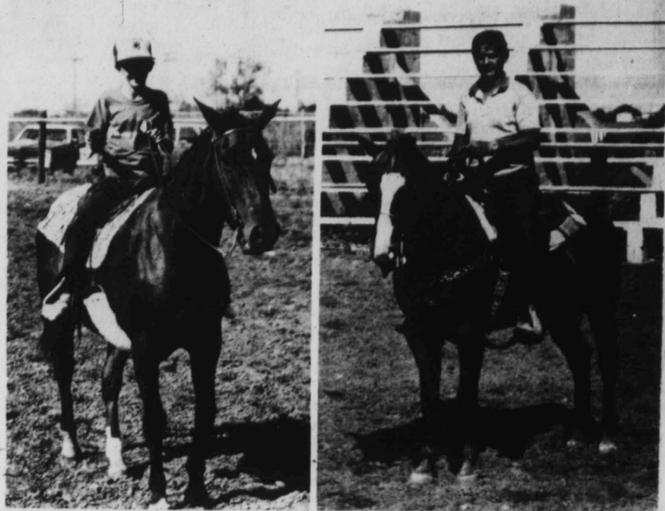

Research aimed at helping High Plains farmers make better management decisions about their crops will be demonstrated Sept. 14 at the 73rd annual field day of the Texas Agricultural Experiment Station (TAES) at Lubbock and Halfway.

The Texas A&M University High Plains Research Facility at Halfway, 14 miles west of Plainview on U.S. Hwy. 70 is the host this year, said Dr. Bill Ott, resident director of research for the Lubbock-Halfway centers. The annual program alternates between the two facilities, in cooperation with the High Plains Research Foundation.

Five major displays are planned on the tours of the research sites at Halfway, said James Bordovsky, field day chairman. These stops will focus on weed research, cotton breeding and variety testing, and cotton bollworm control; explain work on new management strategies, including on-farm computer application; and display a new multi-function irrigation system which will apply both water and chemicals through a dual nozzle system.

Also featured on the tour will be research on sorghum improvement, mite control, soil fertility, grain sorghum performance, and soybean evaluation. Farm machinery, irrigation equipment and other farm implements will be on display by area manufacturers and suppliers.

Tours will begin at 1 p.m. and end at 5 p.m.

HORSE SHOW WINNERS — Recent horse show winners from Lynn County 4-H Club included Jody Woodard, above left, high point intermediate; and Cody Stice, right, high point senior. Other winners, below, are Tabatha Miller, high point Peewee, and J.P. Stice, high point junior.

CPR and First Aid Training To Be Conducted Sept. 7

The Lynn County Extension Homemakers are sponsoring a training on CPR and First Aid. Jerry Ford and Jannis Chandler will be conducting the training.

The training will be held Tuesday, Sept. 7, at 8 p.m. at the Lyntegar Meeting Room. The public is invited to attend.

Educational programs conducted by the Texas Agricultural Extension Service is open to all people regardless of socio-economic level, race, color, creed, sex, religion or national origin.

Junior High Cheerleaders Make Plans

This year, the junior high cheerleading squad will be led by Sharla Miller, daughter of Mr. and Mrs. Billy Miller. Sharla, an eighth grader, also enjoys riding and showing horses and swimming.

Also an eighth grader is Katie Hays, daughter of Mr. and Mrs. Joe Hays. Katie says band and reading are among her hobbies.

The seventh grade cheerleaders are Cassie Ashcraft, daughter of Mr. and Mrs. Sam Ashcraft, and Johnna Phillips, daughter of Mr. and Mrs. J.W. Phillips. Both girls enjoy basketball and swimming and Cassie takes to horseback riding while Johnna likes to skate and read.

These girls have been preparing for football season by practicing and planning activities for the football players. They would like to encourage everyone to come to the junior high football games on Thursday nights beginning at 5 p.m.

TWIRLERS-- Jennifer Ehlers, left, and Niki Smith are twirlers for the Tahoka Bulldog Band this year. They attended a Texas Tech Band Camp for two weeks in July, learning a variety of dance, march and military routines. They competed in the annual contest at Tech and captured one of the three places given as an Outstanding Line. Jennifer is the daughter of Mr. and Mrs. Milton Ehlers and Niki's parents are Mr. and Mrs. Roger Miller. The girls earned a 1 rating overall.

NEWS DEADLINE

TUESDAY 2 P.M.

CARD OF THANKS

We would like to take this opportunity to thank all of our wonderful friends for being so kind to us during the illness and loss of our loved one. Thanks for the food, flowers, cards, memorials, words of kindness and especially the prayers.

A special thanks to Brother Gene Wisdom and Brother Newton Starnes for the visits to the hospital and the wonderful service. Thanks Maxine Paris, Lonetta Hudgens and Gilda Taylor for the beautiful music.

All of our Friends are very special to us and may God bless each of you.

Love,
The Dave Hubbard Family

We take this opportunity to thank everyone for the kindness shown us on the loss of our loved one for the beautiful flowers, cards, food and prayers and the comforting message so well rendered by Rev. Bob Fagan.

May God abide with each of you.

The Families and kin of
Fannie T. McGlauin
35-1tc

We wish to thank all who have shown us their love and concern in so many ways during Raymond's stay in Tahoka hospital and during his stay and surgery in Houston, and since we have been home.

May God bless each of you.
Raymond and Dottie Ashbrook
35-1tp

We would like to take this opportunity to express how very much we appreciate each one of you. You have stood by steadfast, all these years with your prayers and concern for Betty and we believe you have been a part of the triumphant life she led, and do know that all your prayers were answered victoriously.

We appreciate all the cards, flowers, and the beautiful meal you served our family Wednesday night.

Bro. Jarrell Rial, pastor of New Home Baptist Church, and Bro. Oscar Newell, pastor of Lakeview Baptist Church, have been a great source of strength to all the family.

A special thanks to White's Funeral Home for being so kind and for taking care of everything in such a perfect way!

Everyone has been so kind and loving. We can only thank God for friends who are so precious. May the Lord bless you in a very special way.

Family Focus

By Harriett Pierce

Snacks are a part of the day's total intake of nutrients and calories so plan them with totals in mind and you can actually snack pounds off. Snacks are an excellent time to include nutritious fruits and vegetables and dairy products. Of course, foods from all food groups including meat, fish and poultry and breads and cereals can be nutritious snacks.

The key is to choose a balance of nutritious foods from each group. Make sure they include a variety of necessary nutrients and that they meet calorie needs.

Snack Extra Pounds Off Calories can be a problem if the snacks selected cause us to eat more calories than our bodies can burn. Excess calories are stored in the body as fat leading to overweight.

Texas Agricultural Extension Service survey findings showed that 66 percent of all participants were overweight to some degree.

Weight watchers should consider calorie-conscious snacks like fresh fruits and vegetables, low-fat milks and cheese, breads without added fats and sugars and lean meats.

Don't Snack Teeth Away Dental cavities are another problem related to what and when we eat. Sweet, sticky foods eaten between meals promote tooth decay and provide little in the way of good nutrition and lots of "empty" calories.
