County Bills Reported High For Month

Lynn County commissioners' regular meeting Monday concerned mostly routine matters, as the group paid bills, including some higher than anticipated from the district court level, and discussed some details of the plan to have the county tax appraisal district collect county taxes this year.

All commissioners, Judge Melvin Burks and judge-elect J.F. Brándon were present.

Lynn County is part of a four-county district and pays its share of district expenses. The county this week approved payment of its portion of salaries for the district judge, court reporter and the secretaries in the district office. Lynn pays 21.38 per cent of the costs, with Dawson paying 38 per cent, Garza 12 and Gaines about 27 per cent. The apportionment is based on population.

The court expressed appreciation to Calloway Huffaker for donation of some law books and storage cabinets in the courthouse.

Judge Melvin Burks told the group that in view of the heavy bills for September, \$50,000 had been taken out of certificates of deposit, leaving \$200,000 in CDs.

A trip to the state fair by agents Stanley Young and Brent Drennan were approved, as was purchase of a filing cabinet for the Lynn County extension office.

FLIPPED—This late model pickup stopped upside down at the intersection of the U.S. 87 west side access road and N. Main Friday night. A Seminole man in the one-vehicle accident was pinned in the wreckage and had to be freed by Tahoka volunteer firemen with the Jaws of Life. He was treated at Lynn County Hospital. A passenger was thrown free of the wreck and only slightly injured. (LYNN COUNTY NEWS PHOTO)

WOODWORK

by DALTON

SOMEBODY named Jack Skiles writes a column of "household facts" which includes alleged cures for common problems, sort of like the Hints from Heloise. The one I saw recently had a few pretty weird ones in it, so I wouldn't vouch for whether they would work. On the other hand, maybe they are worth trying.

For one thing, he says if you need some paste and there's none available, use the white of an egg... "it makes an excellent adhesive."

I knew that. I discovered it once when I went onstage to play my banjo and tell jokes.

He also says "to kill ants in yard or garden, save coffee grounds for a week. For each pound of grounds use one quart of hot water. Blend them and pour over the anthills or where the ants are located."

We generally drink instant, so coffee grounds are hard to come by at our house. But if this would work, it'd be great. What really happens is that the hot water and grounds make more coffee, which the ants drink in huge quantities. Then they die from lack of sleep.

Here are a couple more: "To get rid of that paint smell

in a room, plunge a handful of hay into a pail full of water and let it stand in the newly painted room." Before you know it, the paint smell will vanish, and the place will smell like a leaky barn.

"To clean chimneys and stovepipes, put a piece of zinc on the live coals in the stove." That's what he said. Here's a hint of my own: if you use your bare hands, it won't take you long to do it.

FROM THREE different sources in the last few weeks, we've read that Texas roads and bridges are wearing out and there's not enough money to keep them repaired.

The reason is all these politicians going all over the place trying to get votes on Nov. 2. If they'd all stay home, the roads might last longer.

Of course, a lot of other folks are doing a lot more traveling, too, and The Road Information Program (TRIP) and Texas Good Roads Assn. both say a lot more money needs to be budgeted to get the roads back into shape and keep them there.

The bridges are falling apart, too, but that's no big deal for

Officers Busy Giving Tickets

Tahoka Police Dept. issued a dozen tickets last week, and also investigated one two-car accident in which there were no injuries.

On Thursday afternoon at N. 3rd and Ave. L a 1974 Subaru driven by Becky Fay Cook of Tahoka and a 1977 Mercury driven by Sandra Kay Hester of Tahoka collided.

A resident of S. 3rd St. reported that a German Shepherd dog had tried to attack him and he wanted the dog picked up.

Citations issued during the week included four for no drivers license, two for failure to yield right-of-way, two each for illegal parking and no liability insurance, one for running a stop sign and one for exhibition of acceleration.

In jail during the week were four for public intoxication and one for driving while intoxicated.

Trade with merchants in Lynn County. Every dollar spent at home helps.

West Texans. We don't have any bridges, although we soon may need some to go across chugholes.

Part of the problem is that road work is largely funded by gasoline taxes, and fewer gallons of gas are being sold because cars get better mileage, the cars are smaller, but there's more traffic and everything is a mess.

Motorists may have to form a group of their own. Like Citizens Riding Under Duress (CRUD).

Clerks Meet Today

The County and District Clerk's Assn. Workshop is in session today at the Lyntegar Co-op meeting room. District Clerk Joy Laws and County Clerk C.W. Roberts are hosting this event which has never before been in Tahoka. Representation from 36 counties from Area II

Slagel, Montford To Visit Tahoka

Texas Democratic Party Chairman Bob Slagel, State Rep. Charles Finnell (Archer County) and John Gavin (Wichita County) kicked off the Democratic party's statewide caravan Tuesday, Oct. 12, in Wichita Falls to stump for the Democratic ticket.

"We are making a concentrated effort to take the Democratic party's message across the state and to garner support for the Democratic ticket," said Slagel. "I believe we've got the strongest ticket we've ever had," he added.

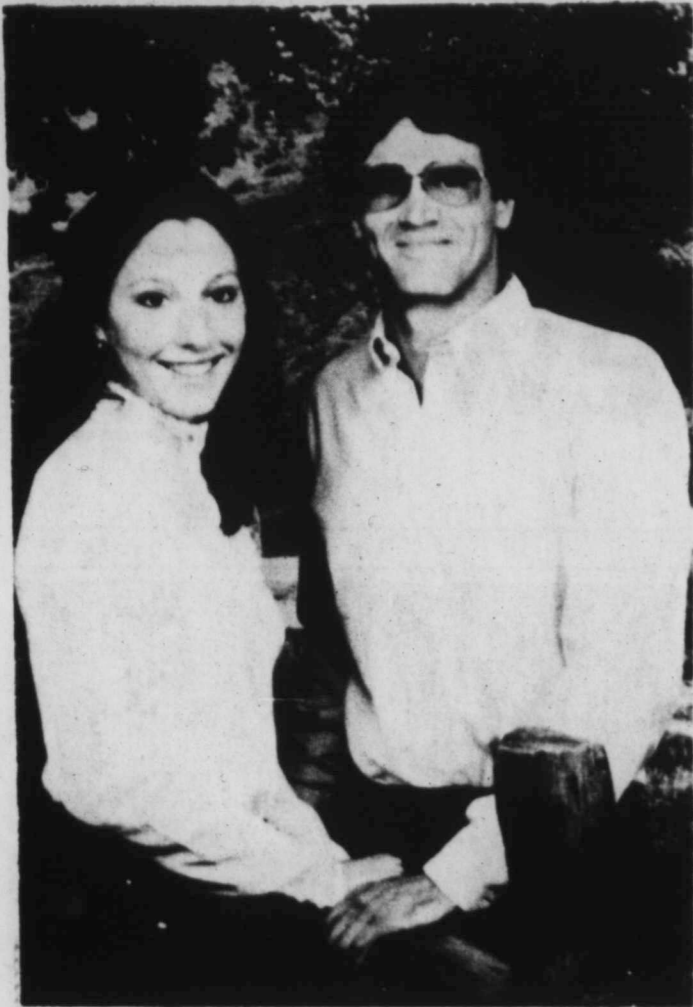

Chairman Slagel and 28th district senate nominee John Montford will be in Tahoka at Lynn County Courthouse for a rally Oct. 16, from 5 to 5:30 p.m. The Democratic caravan will span 75 counties across the state and include North Central, West Texas, East Texas and South Central communities.

YARD OF THE MONTH—The Tahoka Garden Club has chosen as the Yard of the Month for October the residence of L.D. Howell, located at 2416 N. 3rd.

CAROLYN COWAN - TOMMY BOTKIN

Carolyn Cowan-Tommy Botkin Announce Engagement

Mr. and Mrs. Don Cowan of San Benito and Mr. and Mrs. Finis Botkin of Tahoka wish to announce the engagement and approaching marriage of their children, Carolyn and Tommy.

Carolyn is employed by Southwestern Bell Telephone Company in Lubbock and Tommy is currently engaged in farming in Lynn County.

The couple plan to be married Dec. 31, 1982, at 2 p.m. in the First United Methodist Church in Tahoka.

Family Focus
By Harriett Pierce

Children love to snack and when they do, many reach for a food that is quick, easy and filling. Unfortunately those foods usually contain only calories and few of the essential nutrients.

A nutritious "super snack" for children, on the other hand, provides some protein, vitamins and minerals, and it's low in fat and sugar.

Sound impossible? It is possible -- and it can be fun.

First, let children help prepare the food. They can learn where food comes from and basic cooking skills.

Young children can increase motor skills when they help measure ingredients, mix batter, and pour liquids. Also, if children help in the preparation they are more likely to eat the food.

Also, remember that small children actually need to eat between meals because they cannot eat enough at mealtime.

A preschooler will probably do better with five or six "mini meals" rather than three big meals.

Nutritious "super snacks" for children should be planned and they should come from the familiar food groups.

Excellent snacks for children from the milk group are yogurt, pudding, chunks of cheese, and ice cream.

From the meat group a "good old friend," peanut butter is always great. Also consider a hard boiled egg, peanuts or a slice of meat.

From the fruit-vegetable group, juice is excellent and so is any raw fruit or vegetable. Cut fruit into small manageable pieces so the child won't have problems eating it.

From the bread and cereal group try rice pudding or cereal, graham crackers, or toast with honey.

Remember that snack foods alone cannot provide all the nutrients children need. But if you carefully select foods for snacks and ask the child to help with its preparation, "super snacking" can be fun and nutritious.

MR. AND MRS. H.E. HUFFAKER

Mr. and Mrs. H.E. Huffaker Celebrate 60th Anniversary

Mr. and Mrs. Herman E. Huffaker of Grassland were honored on their 60th wedding anniversary with a party at the Hereford Nazarene Church Family Center in Hereford Sunday, Sept. 18 with 86 in attendance. A special service was held at the church that morning for the couple and they were presented a corsage and boutonniere.

Huffaker and the former Ollie O. Hicks were married Sept. 18, 1922 at Grassland Nazarene Church with the Rev. Felix Graham officiating. They have eight children; Bernice Webb, Ruth Keese and Earlene Calvert, all of Colorado Springs, Colo.; Roy of Lamesa, Glen of Denver City, Rev. Bobby Huffaker of Hereford, Norma Lou Johnston of Ft. Collins, Colo. and Kenneth of Grassland; 26 grandchildren and 20 great-grandchildren.

Dinner was planned for Nov. 21 with Virginia House heading this project. A Christmas party was also discussed with details being taken care of by Ann Roberts.

Contact Lens Or Glasses?
If you've been wearing glasses, should you change to contact lenses? A lot depends on your personal preference. Both glasses and contact lenses do the job they're supposed to do: help you see better.

Contact lenses are most popular with young people who are nearsighted and older people who have had cataract surgery, although new developments in lenses make them desirable for most vision patients. Over 15 million Americans have been fitted with contact lenses. And another million-and-a-half put them on for the first time each year.

Contacts don't steam or fog when the temperature suddenly

changes. They tend to increase the peripheral vision, giving the wearer a wider view of what's around him. And it's almost impossible for another to tell when you're wearing them.

But they do require more care. More attention has to be paid to keeping them clean and germ-free. A lot depends on your needs. Your optometrist can help you decide what's best for you.

Pythian Sisters

Lynn Temple met Tuesday, Oct. 5, for a regular business meeting with balloting for a new member enacted.

Darlene Gurley gave a history of the founding of the order.

Joseph A. Hill, wanting a subordinate Temple to the Knights of Pythias, conceived the idea in 1889 and with the aid of a daughter, designed the rituals, capes, jewels and all other paraphernalia. The first Temple was instigated in 1896 and all rights were sold in 1906. The Texas Pythian Home for Children was opened in 1909 in Weatherford.

Hostesses for the evening were Helen Ellis and Helen Farr. 43 members were present. The Sisters still have pecans for sale.

When heat and air make the difference

A crowd gathered in the country square, curious to see the large, strange-looking contraption of paper and cloth. The on-lookers laughed at Joseph and Etienne Montgolfier as the two men ignited the pile of straw and rags beneath their invention.

The unbelieving crowd gasped as heated air began to fill out the paper and cloth of the world's first hot-air balloon as it climbed steadily to the then-astounding altitude of about six thousand feet.

As the inventive partners had managed the dynamics of heat and air to give flight to their idea, you and SPS and the High-Efficiency Add-On Heat Pump can make a difference with the everyday management of heat, air and electricity in your home.

When you install a High-Efficiency Add-On Heat Pump you increase the heating efficiency of your existing furnace, and add cooling efficiency next summer. You also qualify for a special electric rate from SPS for seven months of the year. Call us to see what your savings could be.

Ray Bethke, Superintendent of Wilson ISD, stated today that as students begin studying and learning in the upcoming school year, so will the teachers.

That's because the faculty will be participating on their own initiative in weekly effort to increase their professional skills, Bethke said. The program of professional teacher learning is designed to "improve teacher performance and increase effectiveness at virtually every level of individual and school activity," he said.

Every week of the school year, the entire faculty of Wilson ISD will be engaged in weekly study pertaining to professional attitudes, methods, and techniques to improve their teaching skills. During the first semester, teachers will study 18 specific areas required for teacher competence. These areas include

motivation, communication skills, grading, testing, counseling, professional ethics, teacher responsibility, discipline, classroom management, and lesson plans that teach respect.

The professional development program, called The Master Teacher, addresses professional attitudes and techniques each teacher should have to operate effectively and put student's needs first. It also offers practical suggestions concerning work as a classroom teacher and gives concrete recommendations for working with students, parents, and colleagues. The program's purpose is three-fold:

First, the program is designed to help teachers further develop and maintain positive and professional attitudes toward teaching and children. This includes remaining positive toward their individual work as classroom teachers as well as their contribution to the accomplishments of the entire school.

Second, The Master Teacher program gives teachers something new and practical each week that they can apply in their daily work with students."

Third, Bethke said, the program helps remind teachers of the things they already know but may forget to apply in working

with students and getting the work of the school accomplished.

Mustangs Slip By Whiteface 14-12

The Wilson Mustangs stayed in the thick of the district race with a close 14-12 victory over Whiteface last Friday, and aided by a forfeit from Sundown, which earlier had beaten the Mustangs, but had to forfeit the first five games of the year because of an ineligible player.

Wilson now is 5-1 for the season and 2-1 in district, with Smyer to be

the district foe this week away from home. Smyer is 2-4 and 2-1 in district after losing to Anton 20-7 last Friday.

All the scoring was in the first half at Whiteface. Ricky Jackson returned a punt 63 yards for a touchdown to put Wilson behind 6-0 early in the game. Keith Spears of Wilson retaliated with a 65-yard run for a TD, and Kendall Wilke ran for 2

big points to make it 8-6, Mustangs.

Jackson scored again for Whiteface in the second, with a 65-yard return of an interception, but again the points failed. Wilke scored in the second quarter to give Wilson the winning margin.

For the game, Spears gained 80 yards in 9 carries and Wilke had 61 yards in 20 trips. David Ehlers caught a 54-yard pass in the first half.

On defense, middle linebacker Matt Burch had 23 tackles and recovered a fumble, and lineman Bryan Bednarz had 12 tackles and recovered a fumble. Cornerback Bradley Wright had 8 tackles and also recovered a fumble.

Durham Recalls Fifty Years Of Dentistry

Dr. K.R. Durham, retired, in a talk at Rotary last Thursday noon recalled interesting events, many humorous, he had during 50 years of practicing dentistry in Tahoka.

Dr. Durham came to Tahoka in 1927, just fresh out of dental college, opened his office on the second floor of the old Shook building, now destroyed, over Kemp's Variety Store.

He related many experiences in the years that followed during the Great Depression, droughts, crop failures, four-to-ten-cent cotton years, many times taking farm produce in payment for work, then achieving success, and building of the dental clinic along with Dr. E. Prohl's hospital in 1941.

He didn't say so in his talk, but he became nationally recognized for new dental procedures he pioneered, and was a frequent speaker at state and national dental meetings.

In spite of all the new gadgets developed to help dentists, he declared that

basically dental work is the same as when he entered practice here—the dentist still must do his work mostly with his fingers working in the close quarters of the patient's mouth.

Since his retirement a few years ago, he said local practice of his profession has been left in the capable hands of two very fine dentists, Dr. David Midkiff and Dr. Richard White.

Since his retirement, he and his wife, Eloise, have remained very active in local church and civic affairs. He is the only charter member in Tahoka Rotary Club remaining since the club's organization in 1936.

Harold Green was in charge of the program, and introduced the speaker.

Obituaries

Martin Line

Services for Martin J. Line, 74, of Rockport were held at 10 a.m. Tuesday, Oct. 5, in the Brownfield Funeral Home Memorial Chapel with the Rev. Glenneth Harrington, pastor of First United Methodist Church of Brownfield, officiating.

Burial was in Terry County Memorial Cemetery. He died at 2:18 p.m. Saturday in his Rockport residence after an apparent heart attack. He was pronounced dead of natural causes at the scene by a Rockport Justice of the Peace.

He was born Nov. 8, 1907, in Spanish Fort and moved with his family to O'Donnell in 1916. He married Golda Simmons in Tahoka June 10, 1928, and the couple moved to Brownfield the same year.

He had been a lumber yard manager since 1956, when he became a construction foreman. He retired in 1979. Survivors include his wife; three sons, Jodie of Cleburne, Bobbie of Laguna Niguel, Calif., and Martin of El Granada, Calif.; four brothers, Roy and Ivan of O'Donnell, Gwyne of Lancaster, Calif.; and Bob of San Angelo; and 13 grandchildren.

Charlie B. Sanders

Services for Charlie B. Sanders were held Oct. 9 at 2:30 p.m. in the Pace-Stancil Funeral Home in Cleveland.

Burial was in Cleveland Cemetery. Sanders died Oct. 7. He was born Sept. 26,

1934 in Tahoka, attended Cleveland High School, Baylor University and University of Houston.

Survivors include his wife, Jerry; three daughters, Lynne Peterson, Sandy Baker and Tammy Tomasino; a son, Charlie B. Jr.; his father and mother, W.R. (Sam) and Marie Sanders; a sister, Donna Ruyle and four grandchildren.

Local relatives include J.E. Brown, nephew, and Jerry Lankford, cousin.

Heinrich To Serve On LP-Gas Board

Dear Mr. Wood:

If a store owner could at least have a store open 24 hours because some people at night need milk, Pampers for their babies and others need food. The store in Tahoka close too early and there should a store open 24 a day. A lot people need their checks cashed so they could buy food and other things they need at home.

I really appreciate if the store owners could do something about the stores' hours.

Sincerely,

Dear Mr. Wood:

I would like to focus on the fact that our school, Tahoka High School, lacks the amount of tax money that we need. I think that if we would petition for our school and the schools in our county, to be combined, a consolidated school of Lynn county would solve many of our problems. In combining them this would give us a chance for better teachers, more subjects offered, and more tax money. We would be at least a 5A school. I just wanted to express my concern for my school and the schools around.

Sincerely,
Niki Smith

Dogs Score First Time, But Lose Big

By DALTON WOOD

Maybe the Seminole Indians did beat the dog out of the Tahoka Bulls, but the Bulldogs got their attention for a brief time by scoring the first Tahoka touchdown of the long season and taking a 7-0 lead before being buried 68-7 in the district opener here Friday.

A light crowd of Bulldog supporters suddenly found something to cheer about as halfback Steve Pierce lunged 3 yards across the goal line at 7:24 of the first quarter to stun the talented visitors.

After Tahoka kicked off at the first of the game, freshman Doug Lawson pounced on a Seminole fumble at the Indian 36. Tahoka moved to two first downs on the running of Pierce and on a pass from Pierce to running back Gilbert Leal, and then with Otis Pendleton at quarterback for the first time this year, the Dogs rammed it across. For Pierce it was well-deserved touchdown, as he has been the main offensive weapon of the Bulldogs all season.

Pendleton kicked the extra point. He played quarterback in place of starter Tony Garcia, who watched from the sidelines because of an injury.

This week Tahoka goes to Denver City, where the Mustangs will be riled up over losing their first game

of the year last week to Frenship, 27-6.

After the Dogs scored, Seminole came back to score 48 points in 17 minutes. First was on a 3-yard run by Johnny Ramirez after a long downfield drive. On Seminole's second touchdown drive, Tahoka showed flashes of being like the Bulldogs of old as they played some good defense, only to falter on the big plays. When Seminole had a first down at the Tahoka 12, the Dogs stopped them for three plays, as freshman Trey Teaff knocked down a pass, and junior Robert Munoz and freshman Johnny Morin made great tackles on running plays.

But on fourth down Indian QB Herby Rios threw an easy scoring pass of 11 yards to running back Pete Augilera.

The next three scores were easy ones which followed three Tahoka fumbles. It was 48-7 at the half, although Seminole coach David Bornstein started subbing in the second quarter.

Indian running back Rudy Castro scored on runs of 36 and 48 yards in the third, and the final TD was scored early in the fourth quarter.

Lawson, Morin, Pierce and Munoz all turned in some good defensive plays during the game, but Tahoka just couldn't stop the long gainers. Offensively, Pierce was held to a

season low of 52 yards in 28 carries; Tahoka made only 59 total yards rushing.

Starnes Wins Golf Tourney

Rev. Newton Starnes, pastor of Wilson Methodist Church and former pastor of Tahoka First Methodist, won the top flight championship in the annual Northwest Texas Conference Methodist Ministers Golf Tournament which finished at Sweetwater Oct. 6.

Scoring was by counting the best two of three matches. Starnes' two top scores were 78 and 76. Loyd Hamilton, retired Methodist minister living near Wilson, had best rounds of 85 and 83. Rev. Gene Wisdom of Tahoka also finished in the top five.

At 12 noon an afternoon of continuous entertainment gets under way at the American Legion Memorial Amphitheatre in Coleman Park. Included in the activities will be an old fiddlers contest, crowning of the Harvest Festival Queen and prize drawings.

The Terry County Fair will be open to the public on Friday, Oct. 15 from 1 to 7 p.m. and on Saturday, Oct. 16, from 11 a.m. to 6 p.m.

Montford on Agriculture

Some politicians are always looking for a race. They will say or do anything to get elected. They would rather "bad mouth" their opponents, than talk about the issues.

Sometimes what they do not say reflects more on their sincerity and ability than what they do say when they are criticizing their opponent.

Take the Texas State Senate Race for instance—Here's what the Texas Senate Candidates for District 28 have to say about Agriculture:

JIM REESE

JOHN T. MONTFORD
District Attorney, Lubbock

Campaign Platform on Agriculture
"All of us are extremely affected by the health of the agricultural business community. West Texas depends to a large degree on an agricultural based economy. The farm dollar multiplies roughly eleven (11) times through our State's economy and roughly seven (7) times through our local economy. We must support our farmers. I will fight any efforts to repeal the gasahol tax exemption, one of the few pieces of legislation passed by the State to assist the farmer in gaining a fair market price for his product. I will take the lead in promoting our farm industry by studying and seeking to implement innovative marketing concepts being utilized by other states. The farmers need a strong voice, a fighting senator, that will not run from a vote or a debate, someone who will continuously be of support and counsel. This I will do."

Primary Campaign Brochure
"Commodities, such as cotton, sorghum and corn, have provided us with the dollars that have fueled our economy for years, but today, the farm community is facing a crisis forcing many farmers out of business. We must support our farmers, open new markets and assist in implementing new, orderly marketing concepts. I am committed to taking positive action now, for without strong action the farmers' demise could very well be our own."

General Campaign Brochure
"West Texas depends to a large degree on an agriculturally based economy. The farm dollar multiplies roughly eleven times throughout our local economy. . . I will take the lead in seeking and implementing new marketing concepts for our agricultural products. . ."

A Visit With Your County Agent

By Stanley Young

Hot dry weather during August and early September has contributed to early opening of cotton on the South Plains of Texas. As a result, many cotton fields in this area will be ready for harvest well in advance of the normal freeze date.

Much of the crop is opening prematurely because of the hot dry weather conditions. Premature opening tends to reduce the stormproof characteristics of most varieties and could result in significant field losses if adverse (rainy, windy) weather conditions develop.

Even if little or no cotton falls out of the bur, some weight and quality loss can be expected if open cotton is left in the field for an extended period. Studies conducted at the Texas A&M University Research and Extension Center at Lubbock show that simply exposing open cotton to the elements resulted in a nine percent loss in lint weight after four weeks and a one grade reduction in quality after five weeks. Seed quality is also adversely affected by weathering. During one year of the study, germination was reduced an average of 2.5% per week.

To avoid unnecessary yield and quality losses it may be profitable to use harvest aid chemicals to prepare the crop for early harvest. Basically two types of chemicals are available for this purpose: defoliant and desiccants. Defoliant are relatively mild materials that cause

leaf shedding. The defoliant currently cleared for use include: sodium chlorate (marketed under a number of trade names), DEF-6, Folex, Dropp, and Harvade. The latter two materials are relatively new additions to the list of defoliant.

These chemicals are normally used to prepare cotton for picker harvesting. Generally, defoliant do not provide adequate defoliation and plant drying for stripper harvesting and moduling.

The desiccants, on the other hand, kill plant tissue and cause rapid loss of moisture from leaves, stems and unopened bolls. Desiccated plants can usually be stripped and moduled within 5 to 10 days after treatment.

Desiccants approved for use in this area include: 1-1.5 quarts arsenic acid per acre; 1-2 pints Paraquat per acre (Paraquat is also being marketed under the trade name of Gramoxone); tank mix of 1-2 pints Paraquat plus 1-2 pints Accelerate per acre; and tank mix of 1.5 quarts arsenic acid plus 1-2 pints Accelerate per acre.

Tests conducted in this area with arsenic acid-Accelerate combination failed to adequately kill and/or control regrowth. Proper desiccation of newly developed leaves (regrowth) normally requires higher rates of arsenic acid or Paraquat. The percentage of open cotton is still the best criteria to use in determining when to apply desiccants.

At this time of the year, it is unlikely that immature bolls will produce additional fiber and it may be desirable to desiccate the cotton and get it harvested before bad weather develops.

Amendments Examined In TV Special

A one-hour special examining some of the less visible but most important and powerful offices in the state and the proposed amendments to the Texas constitution will be broadcast by KERA, Dallas/Fort Worth, Saturday, Oct. 30, at 8 p.m. The program, part of KERA's "Texas Campaign '82" series of five election specials, will be made available to all public television stations in the state for airing at that time or at a later date.

Appearing on the program will be railroad commissioner candidates Dick Bjornseth (Libertarian), John Thomas Henderson (Republican) and James E. (Jim) Nugent (Democrat); land office commissioner candidates Charles S. Fuller (L), Woody Galsscock Jr. (R) and Garry Mauro (D); agricultural commissioner candidates Jim Hightower (D), Stanley Keen (L) and Fred Thornberry (R); and comptroller candidates Bob Bullock (D), Mike Richards (R) and Janet Tlappek (L).

Senior producer Stan Matthews and correspondent Sylvia Komatsu will explain the duties of each office and then pose questions to each of the candidates in separate interviews shot on location.

The special report will also present a point-counterpoint discussion between Matthews and Komatsu of the six proposed constitutional amendments being put before Texas voters in the upcoming November election.

SHERIFF SALE OF LAND

Pursuant to the orders of the District Court of Dawson County, Texas, in a judgment dated September 17, 1982, in Cause No. 10,976, styled "LETA CLEO HARRISON, ET AL VS SANDRA MARTIN GALT, ET AL", I will sell, at public auction, to the highest bidder, under the terms and conditions hereinafter set out, lands and premises described as follows:

All of the South 303.5 acres of the North 573.5 acres, of Section 25, in Block "C-41", Public School Land, Dawson County, Texas.

This land is located approximately one-half mile East, and one-half mile North, (to the Southwest corner thereof) of the City of Welch, Dawson County, Texas. This is the Pearl Martin land. All of the minerals go with this sale, and said land is not leased for oil or gas. The sale will include said land, all minerals thereunder, the irrigation pumps, underground pipe, gathering system, valves and hand moved irrigation pipe located on said lands and premises. It does not include the rents for 1982, the irrigation motors, jack shafts and the traveling Circle Irrigation System. This irrigation system can probably be bought from Mr. Doyle Coor, or he will remove the same.

Said sale will be conducted by me, on the Southwest corner of said lands and premises at 11:00 o'clock A.M. on Tuesday, November 2, 1982.

The Purchaser will be required to make an escrow deposit of twenty percent (20%) of the purchase price at the time of sale, and will be expected to close said transaction by payment of the balance in cash on or before forty-five (45) days from the date of said sale. The Purchaser will be furnished a title insurance policy issued by Stewart Title Company, guaranteeing merchantable title.

The bids will be on a per-acre basis, and no bids will be accepted for less than \$750.00 per acre. TO ALL OF WHICH WITNESS MY HAND and seal of office, this the 17th day of September, 1982.

Better bindweed control with a Banvel herbicide Between Crops Application.

Want to end your bindweed problems once and for all? Start planning a Banvel® herbicide Between Crops Application now.
Banvel herbicide works right into your fallow/rotation program. Go in after crop harvest this fall with up to 2 quarts of Banvel herbicide per acre on fallow land.
The fall application kills bindweed that would otherwise have time to store up nutrients before the winter freeze. A follow-up application in the spring will catch seedlings and escapes.
In addition to cleaning out bindweed, a

Banvel herbicide Between Crops Application controls many other annual, biennial and perennial weeds, including blueweed, lakeweed, and silverleaf nightshade.
Make this season the last that you're wrapped up in bindweed. Ask your ag chem dealer for between crop weed control with Banvel herbicide.

New Home News

By Florence Davies — Call 924-7479

Mr. and Mrs. Bill Horner and children are new residents here coming from Midland. They reside in the Dennis Haley home north of town. The children are all enrolled in the New Home School. They are Kerri and Valerie, 14 year-old ninth graders, Kevin, 12 year-old seventh grader, Kelly, 10 year-old fifth grader and Krisha, 7 year-old second grader. Judy's mother, Mrs. Fannie Ballentine, also lives with the family. Mr. Horner is a contractor. We are happy to welcome this family to New Home.

Congratulations to Larry and Ginger Wells of Abilene on the birth of a son, Seth Stevenson, born Monday, Oct. 4, at 11:12 a.m. in Hendricks Hospital in Abilene. He weighed 6 lbs. 14 ozs. and was 18 inches long. He has one big brother, 4 year old Lucas John.

Grandparents are Mr. and Mrs. Shorty Henson of Abilene and Mr. and Mrs. Donald Wells of Oklahoma. Mary Bess Edwards went to Abilene

Sunday and returned home Tuesday.

Greg Bell of Lubbock spent the weekend here with his grandparent, Mr. and Mrs. Loyd Bell.

Ted White visited his friends in Los Angeles and Glendale Calif. Sept. 21 until Oct. 4.

Winston and I went to Snyder Sunday and visited with the Waltons. Our granddaughters and their families, Marta, Richard, Kathy and Richard Hanks, and Elizabeth, Alvin Zane and Wesley Neely visited with us there. We also visited with my brother, E.M. Inman in the Snyder Oaks Nursing Home.

Joe Wayne Roper and family of Seminole spent the weekend here with his mother, Mrs. Melba Roper.

The Sonshine choir and the Son Beam choir will present "Kids Praise" Sunday Oct. 17, at 7 p.m. in the New Home Baptist Church. The choir will in-

clude 40 children ages 4 to 14 years of age. A reception will follow in fellowship hall. Everyone is invited.

Mr. and Mrs. Boswell Edwards spent several days fishing at Lake Leon and visited with Carlos and Mineola and spent the weekend in Garland with Larry and family.

Lana and Ray Banks of Earth spent the weekend here with her parents, Mr. and Mrs. Freddie Kieth and family.

Mrs. Bobbie White visited in Lubbock Friday until Tuesday last week with Mr. and Mrs. J.P. Unfred. She also visited with Mrs. Frank Lisemby Sr.

D.B. Morris and his sister, Jewell Carter of Lubbock went to San Saba last Monday and stayed two days with Bernie and Gloella Finch, on Wednesday they went to San Antonio where Jewell had tests in the Air Base Hospital. After spending the night with their cousins, Ferrell and Jimmie Wallace in San Antonio, they went to visit the Sparkmans in Houston. Glenda and Shannon returned here

with them Monday.

Jewell got a good report on her tests.

Stacy Gill announces that the RAs will meet every Wednesday at 7 p.m. in the Baptist Church. All boys grades 1-6 and junior high and high school are urged to attend. They will learn about Christ through mission activities and there will be outdoor games, camping and crafts.

Minette Black and girls from Hale Center visited here last Saturday with her father Marlin Maloney and grandmother, Nan Fortenberry.

Larry and Kay Brown and Shon and Kristal of Amarillo spent the weekend here with her parents, Mr. and Mrs. Aubrey Smith. On Saturday evening, Ken, Nancy and girls of Lubbock met them at Furr's Cafeteria for dinner.

FIRST PLACE WINNERS--Misty Kelley, head twirler, left, and Cheryl Mason of Cooper show their first place trophy won in competition at the South Plains Fair. Misty also won a first place in division solo. She is the daughter of Jerry and Linda Kelly of Cooper and granddaughter of Veda Kelley of Tahoka.

New Home Loses To Sundown

Friday, Oct. 8, the New Home Leopards met the Sundown Roughnecks on Leopard field and lost 27-0.

After Sundown scored twice in the first quarter the game settled down and became a defensive game for the most part. Sundown scored again before the half to gain a 20-0 lead at halftime.

Most of the third and fourth quarters were played between the 30 yard lines. Sundown scored their last touchdown with four minutes left in the game, making the final score 27-0. The Leopards will play Anton Friday, Oct. 15, at Anton with game time at 7:30 p.m.

New Home FFA News

The New Home chapter of the Future Farmers of America met Tuesday, Oct. 5. Turkey, fruit and

sausage sales were discussed.

Livestock insurance program for members was also discussed and passed for members of the chapter. The Greenhand and chapter farmers degrees were awarded to Vo. Ag. I and II students.

A pocket calculator was given away as the door prize and after the closing ceremonies, refreshments were served. Six students attended the District meeting at Loop in Oct. 7, two of which are district officers. Lance McNeely is the treasurer and Jeff Wyatt is the sentinel.

Local Druggist To Give Program

Dayton Parker will present a program entitled "What You Should Know About Drugs" at 7:30 p.m. in the Lyntegar Co-op meeting room on Thursday, Oct. 21. This program is sponsored by the Lynn County Family Living Committee.

The public is invited to attend.

Grassland Hobby Club Meets

The Grassland Hobby Club met at the community center Oct. 5 with Laura Watson presiding.

Cordie Swann gave the devotion and Eva Childs and Fay Melton were hostesses showing hand-made ornaments for gifts or Christmas decorations.

13 members were present along with one visitor, Mrs. Wilma Gerner's mother, Mrs. Eva Smith of Tahoka.

Eagles Lose To Seagraves

The Seagraves Eagles, ranked in the top 10 in the state and unbeaten, stayed that way after beating O'Donnell 31-7 last weekend.

Anthony Olivan scored the only TD for the O'Donnell Eagles, running four yards in the final quarter. The Eagles, now 0-6 for the year, play at Plains Friday.

SPS helps our communities attract new industries and new businesses. We help by advising and working with teams of local leaders who are bent on recruiting the new employers. And we help even more by providing plentiful, economical, and reliable electrical service. That's extremely important to prospective industries. Because of increasing dependence on computers, precision electric tools, and automated machinery, a dependable supply of electricity is fast becoming the single most critical factor in the search for suitable industrial locations.

Jon Krebs, Manager Area Development, Amarillo.

About 8% of all the energy used in the United States goes into running electrical home appliances. So appliance use and selection can make a considerable difference in home utility costs. Buying an energy-efficient appliance may cost a bit more initially, but that expense is more than offset by reduced operating costs over the lifetime of the appliance. Call us. Our consumer services home economics representatives will gladly provide you with information about buying and using efficient appliances.

Connie Moyers, Consumer Services Representative, Home Economics, Clovis.

The logic is airtight. Weatherstripping around doors and windows, caulking in the cracks, extra insulation in the walls and ceilings, and use of space heaters for warmth, all lower heating bills and conserve energy. Contact Southwestern Public Service Company if you'd like help discovering ways to increase the energy efficiency of your home. Our trained energy auditors will be glad to make an inspection and recommend ways to conserve energy.

Lester Brown, Manager, Ralls.
